

Chapter 4:

Serenity's POV

1 week later (bedroom)

You ever get the feeling you're being watched? For the past week I've been getting this strange sensation that someone is watching. Hmmp. Maybe it's just my imagination. '**Listen to your instincts, stupid girl**' kolfi insisted. ' you do realize that by calling me stupid you're calling yourself stupid right?'said to her '**Will you just shut up and listen !**' I close my eyes and begin to listen to my surroundings. I've been catch on to the sound of leaves crumbling beneath big heavy paws. I turned to look out my window, that's when I saw it. A big black dirty wolf with the red gleaming eyes, staring right at me!

I ducked to the floor, immediately feeling fear eating at my heart. 'What the fuck?' what should I do, that thing is outside of my window! I take a deep breath to steady my breathing. I gather up all my courage and pick myself up to look out the window again. ' It's gone!' '**Dear human I fear that hard times are among us, we must prepare**' my wolf said with much distress. I felt it. I wasn't the only one freaked out about this. 'Should I tell Ash about this?' 'Nah he would probably blame me for this and call me a weakling' but what do I do? I was having a battle with that myself. I didn't know what to do. I'm lost.

Ashton's POV

Me and Jordan were running the perimeter, when I smelled something awful. '**Rogue**' my wolf exclaimed. I mind link some of our pack Warriors to help me follow the stench. While following the smell. We were ambushed by a small group of rouges! They had glowing yellow eyes and razor-sharp teeth. They smelled awful and looked dirty. I growled loudly letting my presence be known. The biggest one of the group whom I'm assuming is the leader stepped forward and shifted back to his human form. "Future Alpha, I would say it's a pleasure to meet you but then I would be lying" said what's his face. "State your business here" I growled. He looked at me unimpressed. "rumor has it that there is a treasure located on your land. I want it and I will have it" he said. "You are mistaken there is no treasure here, I would know" I replied. He simply shook his head at me and said "treasures come in all shapes and forms. This particular treasure is unlike any other, unimaginable power and magic". He swooned. I growled in frustration. "I said there is no treasure here, now leave before I have your heads!" I said. He laughed at me! This asshole laughed! At me! "You really are stupid as you look, it's right under your nose and you have no clue? I will take my leave but I'll be back for my treasure, don't doubt that!" He snarled. Then him and his gang of rouges ran off near the border. My pack chase them off of my land. '**I have a bad feeling about this**' my wolf said. ' Me too, what treasure could he be talking about?' I wondered. "they are gone Alpha" Jordan informed me. I nodded my head. "let's head back to the back house and inform my father of what just happened". I said

Taking in our location I noticed that we are five minutes away from the Hampton house. ' Could the treasure that the rouges mentioned being near the Hampton house? I thought. Smh I don't know what's going on.

15 minutes later (pack house)

After filling in my dad on what had occurred, he gave me a confused look. "Son I have no knowledge of a treasure on our land" he said "me neither, the rouges have been hanging around the Hampton household more than anywhere else" I said.

"That's interesting, maybe we should ask them if they know anything about this treasure" my dad said.

I shook my head in agreement.

"I'll meet with them personally tomorrow night" my dad declared.

After our chat I decided that I needed to get laid. It's been a while, with all this rouge business I haven't been able to get a good lay. I wonder what what's her face is up to?.....thought with a smirk on my face.
