

Chapter 6: Treasure

UNKNOWN POV

' Sir I've followed the girl to her house, she is currently sleepingaid my beta Croix. This information made me smile. She's always sleeping, I guess she needs her beauty sleep. Boy is she beautiful I thought. She's the most desirable thing I've come across. And she will be mine.

I've been watching her for sometime now. The alpha and his son are complete idiots, such beauty and power right under their noses!! It's almost comical. Today I watched her through her so called training and got a glimpse of her power. The sight made me hard for her. Soon she will be unstoppable and I will be by her side as king 🏰. As stated in the prophecy. Every new millennia a new goddess is born, she is unlike any creature to walk the earth. A sacred treasure and it will be MINE!! My wolf growled in agreement.

Soon.....
