

The Rejected Luna

Chapter 20

THE REJECTED LUNA.

The girl without a wolf.

KILL AN ALPHA.

Chapter 20.

Jane's stance.

Seeing the person who knows me in the club is something I never imagined.

I don't know who the guy is, but he knows who I am. He must have been at the celebration party where I got humiliated and then got rejected.

"Oh yes. I'm Jane. Who are you? I asked the stranger.

"Oh my bad! I'm sorry for uttering that out. " I'm Raymond, Richard's best friend and also the beta of the alpha king pack, your ex-mate," he announces.

Oh! Another piece of trash. He's that bastard beta. Birds with the same plumage. What did he want from me?

"Oh." I raise my eyebrows in disappointment and give off a deadly aura. "What do you need from me? "What can I do for you? I hate my mate and anything that has to do with him.

"Easy, love," I'm no enemy of yours, "he muttered. "

I'm on your side.

"You are on my side?" I asked. I don't even know who you are, and yet you say you are on my side.

"Like i told you. I would like to be your friend. "I don't want to make an enemy out of you, Jane," he utters.

I stare at the stranger in front of me. He gave me a peaceful vibe. He's no enemy of mine, but I don't want to befriend anyone close to him.

"Thank you, but I'm not interested in being your friend," I announce.

"Ok, let's do as you say," he accepted easily. I don't want to force you. Thank you for taking your time to talk to me, but remember this: I'm no enemy of yours.

I began drinking again after the stranger left. I have to be careful. I can never be friends with anyone that knows him.

"Darling, who is that hot dude? Ella asked, walking towards me.

"Which guy are you talking about, Ella? I ask.

"The guy you were talking to just now?" "That hot dude." "He's my type," she utters. He's so hot.

I stare at the blushing Ella. This is the first time I've seen her take an interest in a guy.

"I don't know him." He is just an unimportant person, I reply. Don't stress yourself over something that is unworthy.

"I like him already," she said, blushing. I should go talk to him.

"So fast!" "Are you for real, Ella? I ask Ella, who is about to leave.

She's going after him. I don't want him to hurt her. He's no different from his alpha friend. He has the power to hurt my friend. I stood up and went after her.

"Hey, Ella, wait up," I howl.

Wow. She's so eager to meet him. What has come over her? This is the first time I've seen her like this. I saw her talking to Raymond before I could reach her. He was holding her hand.

"Let go of her," I growl. I thought he was bullying her. "How dare you hurt my friend?" Before he could utter a statement, I attacked him.

"Wait Jane, I think he's my mate," Ella cried out. "He's my mate."

"What! You mean this thing here is your mate? I ask. "Are you sure you are not mistaken?

"Yes, I'm sure. I can feel the bond between us. "The pull is real," she responded.

I'm scared and worried. I'm scared of him rejecting her because I know how it feels to be rejected, especially when you have a wolf. I won't forgive him if he rejects her.

"So, how is it going to be? "What are you still waiting for, or are you thinking of rejecting my sweet, Ella? " I roar, giving out the most dangerous aura. "Reject her and die."

"Wow! Jane, you think I'm also a bad guy? You think I'm going to reject my fated mate?" "The mate I have been waiting for all these years," he said. "I'm not a bad guy.

"Really? I still don't trust you. If you dare hurt her, I'm going to hunt you down and drag your ass to hell "I threaten. "Do you understand me.

"Yes, yes I do!! "You are so overprotective of her. I promise I won't hurt even a tiny part of her hair," he said. I will love and cherish her forever.

"Okay! I'm leaving now, Ella! I will see you in the pack. I announced my leave.

I leave the lovers alone and I walk back into the club where I met Amira sitting at the bar and drinking.

"Where have you been, Jane? "I could not find you even with your scent, she said.

"Oh about that, I'm with Ella and her mate," I replied.

"Ella mates: She met her mate already," she screamed. "Where are they? Take me there quickly. I need to see her mate.

"Well, allow her to introduce him to you herself." Count me out! I'm not taking you anywhere.

"Okay, I agree, but you have to gist me. Do you know who he is? Tell me fast.

Amira and Gist are 5 and 6. She gossips a lot, and I like her for that.

"Well, I slipped the drink I ordered again before speaking." I know who he is. He is my ex-mate's beta. His name is Raymond. I met him just now before I got to know that he was Ellas's mate.

"What! "He is a friend of your mate," she yells. "Won't he treat her badly. I don't trust anyone who is friends with that jerk. Ella should never accept him.

"He's her mate and we should be happy she's got a mate of hers. I have already threatened him that if he dares to hurt her, I'm going to hunt him down. Relax. Let's give him a chance. We should never judge him because of that piece of trash.

"Okay. I hope he is different from him," she said. I want him to prove us wrong that he is different from him.

After finishing my drink, I hit the dance floor.

I began to twist my ass to the beat of the music. I dance so sexily. Soon, a lot of guys started dancing with me. I was so high that I could not see clearly. I started dancing with one particular hot guy.

He grabbed my ass and we started dancing with each other.

"You look so hot, my princess," he whispered, biting slightly on my ear. My body instantly got heated. Who the hell is this guy? I can't see his eyes clearly. I could only feel his manly body.

"Thank you! I responded to the stranger.

"I'm Jason!" "Mind telling me your name, princess!"

"Jane! I'm Jane! " I mutter.

"Jane," Can we take this to another interesting place? He asked.

Did he think I was here to fuck? Did he think of me as a call girl?

"No, I'm here with a friend and to have fun, not to get laid by a stranger."

"Mmm," he groans. I could not take my eyes off of you when I saw you at the bar drinking. You are so beautiful and sexy, princess, and I don't mind knowing you more than this. I promise to go easy on you. You are going to enjoy the fuck. I will treat you right. I won't be selfish and enjoy the pleasure alone.

"I'm sorry! I'm not interested, I let out.

I hate having a conversation like this. I hate guys, and I especially hate the word "Mate". He is starting to irritate me.

"I'm out of here," I said. "I'm no longer dancing." I know your type, flirt.

I was about to leave the dance floor when I felt his hold on my hair. He dragged my hair. "Where do you think you are going, bitch? He growls.

I can feel he is an alpha by the way he growls at me. I smirk. Did he think I'm the girl that fears trash like him? I fear no one. He's asking for death.

without warning, I turn around and throw my fist. It landed straight on his face. He looked surprised.

"Disrespect." How dare you, bitch? He growled, attracting so much attention to us. Everyone trembles and bows. He growled with an authority that no wolf could resist, but unfortunately for him, it had no effect on me. He dashed towards me, aiming to grab my neck.

"He's a threat, Jane," Amber said. He is trying to kill us. He's giving off a death aura.

Before he could grab my neck, I grabbed his. I grabbed his neck tight.

"You wanna kill this queen, uh! You made the biggest mistake of your life by attempting to kill me. You met the queen of doom and I'm going to send you to hell for aiming for my life.

I can see the fear in his eyes. He's begging me to pardon him. The number one werewolf rule: you must never let a wolf who aims for your life live. No mercy for your enemies.

"You think I'm going to pardon a beast like you? I'm sure it's not your first time preying on a weak girl, but unfortunately for you, you met the real evil, "I smirk. Without talking much, I rip his head away.

Everywhere was bloody. I can hear the scream. Everyone ran out of the club.

"Run. She's dangerous! I can hear them say.

"Jane, I hear Amira's voice. She ran towards me and held my hand.

"Ahhh!" she screamed, covering her mouth.

"What happened between you and Alpha Jason? She asked. "Don't tell me he is trying to force you to go with him?

"It's exactly what you say. He's trying to force me to leave with him. I refused, and he attacked me, "I explain."

"He deserves it. He preys on his pack she-wolves. She explains: "He forces them to do all kinds of dirty things, and if they refuse, he kills them." He forced all the females in his pack to mate, including the mated one. I suppose there is no one available for him to sleep with in his pack, which is why he comes after you, thinking you are an easy target.

I had no idea he had a bad reputation. Thank God I killed him. He got what he deserved. I got justice for the dead she-wolf he killed.

"Let's get out of here before his pack members arrive." I'm sure the news must have reached his pack by now," Amira said.

She dragged my hand as we exited the club.

"We need to go get Ella," she said.

"I'm here already," Ella said. We see her with her mate. They were holding their hands.

Ella seems scared. Did he hurt her?

"What is wrong? Did he hurt you? I ask, eyeing him.

"No, he didn't," she responded.

"Did he threaten you? Don't be scared, I'm here. Now tell me, did he hurt you?

"No, I saw you. I saw the way you cruelly killed him, "she whispered."

Oh, I scared her, thinking he did. Ella is a weak girl. She is loved and cherished by her family. She never lacks anything. I'm sure this is her first time seeing someone killed.

"I'm sorry about that. It's my fault for scaring you, "I mumble." I held her hand. I'm still me. I won't hurt you.

I'm still talking to Ella when her mate interrupts me.

"I'm sorry for asking you this. I thought you had no wolf. "How are you this strong to be able to kill an alpha? He asked.

"And who told you I have no wolf? I ask.

"Yourself? "You told Richard you had no wolf in front of everyone," he replied.

"Oh that! I smirk. "I'm sorry to disappoint you. I have a wolf. She is Amber.

"Whattt?" "You have what? He screams.
