CHAPTER 24.

Jane's point of view..

"What? What did you just say? The alpha king is on his way here? I ask, dropping the clothes in my hand on the floor.

"I'm so sorry, Jane," Ella whispered. Raymond tells the alpha where you are staying.

I can't call him a betrayer. I am not his friend. I know that sooner or later he is going to tell him since he is his alpha.

"I'm not angry. I know it's going to happen. I never knew it was going to happen so fast.

"I don't think we should worry ourselves too much," Amira says. "My father is going to protect you. We are all going to protect you because you are our family.

"Meeting him is something I want so badly. I can have my revenge on him, but I never wanted it like this. I met him just because I killed an alpha who tried to molest me.

"Here, Jane, your phone is ringing." Amira passes my phone to me.

I am not in the mood to talk to anyone.

"Pick up your calls," Ella said.

I check to see who the caller is, only to find out it's my father. I guess my mother must have told him everything.

"Hello, dad," I picked up, only for my father to scream at me over the phone.

"You bastard child. You never make me happy, but at least you didn't bring trouble to me when you had no wolf. Now I am in a hot situation because of your mannerless behavior. You even dare to kill an alpha? "What the hell is wrong with your brain, bitch? He screams over the phone.

I stay silent without uttering a word. My father keeps insulting me.

"Are you not a bitch? "Why did you leave the pack for the club? He yells. Now you are causing trouble and intend to drag me and my mate into your mess. Your mother has been helpless and crying her soul out just because of you. "Don't think you can dare drag me into your shitty mess. You won't succeed. My advice for you is to beg that mate of yours to accept you or else carry your cross by yourself. "Did I make myself clear? Do you understand me?

After what felt like an hour of raining insults on me, he finally cut the call. Wow! Is this how I should be treated by my biological father? Did I do anything wrong to him in any way? Why the hate? Why do you hate me so much?

"I can't believe what I just heard from your father," Amira mumbles. Jane, are you sure he is your real father?

"How can he be so heartless? "He did not deserve to be a father," Ella let out. I could never believe your father could say this to you. I am sorry you have a worthless father like him. He didn't deserve a wonderful daughter like you.

I keep staring at my phone. Why? Why am I being treated like this? Why, father? I have never wanted an explanation as badly as I want it right now. I want to ask my father what I did wrong to deserve all this ill treatment from him.

"He did not deserve a drop of tears from you," Amira said. Do not shed a tear for him. I don't think he is your father.

I sigh before letting out, "He's my dad. The one I have known my entire life. I am sure he is my biological father. My mother never introduced me to another father.

"We should stop talking about him," Ella said. Let's focus on the issue we are about to face. "Is the alpha king coming here to arrest you himself? Did he hate you so much that he wanted you dead? What a horrible king. He doesn't deserve to be the werewolf king.

I smile bitterly, thinking about my father's words. Am I really dragging my loved ones to the pit of hell together with me? I care so much about them, and I don't want to see them get hurt all because of me. It's not right. I have to do something fast.

"He is going to meet me here. I am not a coward to run away "I utter. "Don't be scared. I won't allow him to hurt you guys. I can't bear to see any of you hurt.

"Let's watch each other back. "We won't allow him to hurt you as well," they both said.

I smile and pull them into a hug. "Thank you, girls.

I could not concentrate on the gist of what they were saying. My mind is far from where I was sitting. What a life. I was planning on accepting his rejection and getting my revenge. Now there is another issue to be treated. The sun is going down.

We hear a knock on the door.

"Princess Amira, Jane's attention is needed," the strange voice at the door muttered. "The alpha king is already here. Her present is needed right now.

It's here. He is here at last. The mate I have never seen since the day he publicly rejected me. I am finally meeting him. He must still hate my guts.

"Okay. "We are on our way," I replied.

The guard led us to the pack hall. The first thing that hit my nose was his alluring scent. That scent makes me drool. I saw him well seated like a king on the alpha seat. The scent kept pulling me to where he was seated. Despite being rejected, the mate bond is still stronger. I try to stop myself from looking straight into his face. I saw the alpha and luna, including his beta. His friend, Raymond, is also standing near the king.

"Alpha, you call me," I say. I was told you needed my present.

The alpha king stood up from where he was seated and rushed towards me. His presence was terrifying. What he did next shocked me. I thought he was coming here to arrest me. Who could have thought it was something else.

"What a beautiful mate I have got," he said. "You are so beautiful, my darling.

What did I just hear from my rejected mate? Is he not here to arrest me? Or did he hit his head on a wall?

"What did you just say? I ask, venom lacing my voice. "Did you just call me your mate?

"Yes I did." He smiles, trying his best to be gentle. "Are you not my mate any longer?"

"Yes, I am not. I remember someone rejecting me. "I howl. Amber is begging me to let her come out to kill this disgusting creature in front of her. "I am not your mate, alpha king."

"Are you playing hard to get now? He asked. He is no longer pretending again. "Did someone hit your head, or is your brain so weak that you forgot to have me as your fated and chosen mate. "Anyway, I am here to accept you as my mate. Be quick to accept me as your Alpha.

I was speechless. I tried to utter a word, but his shamelessness would not allow me. How can a person be so foolish and stupid. I thought he was a king. I thought he was a wise king, but this seems to be different. This king in front of me isn't wise, but a foolish man.

I thanked you for accepting me, alpha king, but I, Jane Biller, accepted your rejection. I spit in rage. "I don't want to have anything to do with a foolish man like you.

He howls angrily. Everyone fell on their knees. It affects them, but not me. Who does he think he is?

"Oh, I guess my howl did not affect you. "I can see you have some tricks with you," he howls. "No wonder you have the guts to accept my rejection." Who do you think you are to reject me? "Accept me or die."

I keep looking at the fool in front of me. He is so full of himself. What a king! I am up for a fight if he thinks he can threaten me.

"Die? Uh? "You are so full of yourself," I growled. This time around, Amber is with me. She hates him as well.

"Are you trying to fight your Alpha? He smirks. "Just you?

I don't reply to him before launching my attack on him.

He gave out a war cry, "How dare you, little mate."

My hand turned into my claw. He was about to grab my neck, but I easily dodged it before attacking him with my claws, giving him an eternal mark on his face. He cries out in pain. I can hear the gasps from them. He moved back and held his eye. It was bloody. He screams and howls. I was amazed by his fast healing. He was healed. I was disappointed. He did not feel the pain I wished he was going to feel.

"You... He pointed at me. "How dare you hurt your alpha?

"You are not my alpha," Amber howls. I fucking hate you.

"You are asking for death." "Do you have a death wish?" he asked. "I will be glad to give you.

I stated, "You will be the one to be death's alpha king." "I am stronger than you think."

"I am only here to accept you. "Who could have known you were possessed by an evil being?" he utters. I even plan to pardon you for killing an alpha if you accept me as your mate and king, and now you dare to attack your king. You ruined my appearance. I will never forgive you for this. "Never"

"Let's end this," Amber growls before attacking him again. My wolf is blind with revenge. She wants to finish him once and for all.

"Stop" alpha Tommy growls. Stop this, Jane. He is the king, you can't kill him. You will be hunted by all the werewolf races.

"How dare you?" Amber felt hostile toward my uncle. "How dare you tell this goddess what to do. I have never seen her like this. Amber has never been like this. She even calls herself a goddess.

Uncle Tommy was shocked by the power oozing from her body. Her growl is more intimidating than the so-called alpha king.

"Who are you?" Alpha Tommy asks. "You are not my Jane."

She did not reply him. She focuses again on killing the alpha king.

"You are digging your own grave and that of your loved one," he shamelessly threatened. "After I kill you, I will kill everyone here, including your family, as a warning to others."

"Try it," she groaned. "Let's see who is going to die first. She attacks him once more. She bit down on his neck.

"What the hell?" he screamed. "Raymond, are you just going to stand there and watch as this crazy woman kills your alpha?"

She is about to finish him off in a go when Raymond attacks her.

She smirks. "Another enemy spotted." I can kill you easily.

Amber was about to attack him when my best friend Ella cried out.

"Please, don't hurt him, Amber. Don't kill him. He is my mate. You can kill the alpha king, he won't disturb you. She recognized her. She immediately stopped her attack.

"Look here," the alpha king whispers softly. I can feel his weak breath.

Amber turns around only to see him strongly struggling Amira's neck.

"Please don't kill my daughter," my aunt cries. Please, don't hurt her.

I take control back from her. Amira was trying to free herself, but that bastard held it tightly. He wants to kill her. If he kills her, I will never be able to forgive myself.

"Please, I am begging you. Don't kill her, I beg him.

"Oh, bitch. I don't know you can beg me. Are you not trying to kill me? So you can ask for my favor not to kill her?

"Don't kill her." "She is my best friend," I uttered.

He gives out an evil laugh. The more she struggles. The more he tightened his grip.

"Is that how you beg, bitch?" he howls angrily. "On your knees, bitch. Crawl and lick my feet.

For her, Amira. I did as I was told. I crawled to where he was.

"Don't play smart," he said. Don't try to outsmart yourself. One wrong move from you, she dies.

He threatened and warned me. I crawl and lick his feet.

"Tell me, bitch. Who is your king? He sneered.

I bear everything. Amber is begging me to let her out. I won't. I know the implication. He will kill her. I can never repay their kindness with evil. If I let my wolf out, she could never submit herself to him.

"You. "You are the king." I force myself to say it.

For destroying my face and attempting to kill me," he said before hurling Amira to the ground, where she wailed in pain. My heart hurts. I caused her pain. Amira was coughing seriously and holding her neck. That bastard hurt my friend. I was about to attack him when he spoke.

"I told you, one wrong move from your side and she is gone."

"Your punishment will be doubled."

1. You will be punished for trying to kill me.

2. You will be punished for ruining my face and accepting my rejection.

3. You will be punished for killing an alpha.

4. You will be thrown into the cell until further notice.

"Alpha king, you can't take her away," the alpha spoke. She is never wrong for killing the alpha. He tries to molest her.

"Really. Did the alpha come to your pack to molest her? He asks. Were you there when she was molested?

"No, my king, but friends can testify to it," he explained, trying to make him understand.

He turns to Ella and asks her. "Is that true? Is she really molested? And where was Jane when he molested her?

"Yes, alpha, alpha Jason tried to molest Jane at the club," she innocently responded.

"Mmmm" at the club! I knew it. You are a bitch. You went to the club behind my back. You must have worn clothes that expose your body. You intentionally seduce the innocent Alpha. That sexy dress should have been worn only for me to see, but you went ahead and showed everyone what was mine. You went so far as to seduce him and murder him. I am sure you kill him because he never agrees to the price you bill him for a night.

How dare he? He really thinks of me as a bitch. I was so furious. I could only watch him speak badly of me. If I dare to attack him, I will endanger Amira's life. She is still laying beside him.

You seduced him, bitch. He dragged my hair. How dare you cheat on me?

5. For seducing and cheating on me, your punishment will be beyond your imagination.

"Ahhhh!!!!" screamed everyone in the hall.
