

The Rejected Luna

Chapter 27

THE REJECTED LUNA.

THE GIRL WITHOUT A WOLF.

Chapter 27.

"How dare you bite me because I only wanted to know how you taste! He roared. "How dare you, Jane?

I have no fear. I fear no one. Injecting me every day with wolf bane just to weaken me and my wolf. He tortures me every day. Now he wants to molest me.

"What right do you have to touch me? I smirk.. "Who are you to touch me, monster?

"Have you forgotten something?" "It appears you have, little mate," he said. "Don't you know who's standing in front of you, darling?" Have you forgotten that you are my mate? I'm your mate, and I have the right to touch what is mine. You are mine, little mate, and soon I'm going to make you moan under me. I'm going to have you in every possible way. I don't care if you accept me or not. I'm going to have my way with you, darling. You are only here to be taught how you should behave and talk to me, your Alpha King.

Listening to the disgusting words that come out of his mouth. It's so disgusting. If there is another way to describe it, I'll. He's so full of himself and thinks no one's life matters to him.

"I won't allow you to have your way with me, over my dead body. I'd rather die than have you force yourself on me, you bastard, "I spilt out angrily. You are an evil being.

"I am evil! I know. You don't need to tell me. You forced me to torture you. Now you are blaming me as if I intentionally hurt you. "You made me do that, little mate." Why put up a fight you can never win? Why destroy my face? Why did I accept my rejection? Why destroy the mate bond between us? Why, tell me? " He howled. I will never allow anyone to have you, if I can't. You can only belong to me, little mate. No one else. If I can't have you, then I'm ready to destroy you.

He's mad, and I can't argue with a madman. I watched him rant. He's not stopping any time soon.

"Guards!" put her back into her cell, he said. I'll be back later in the day. I want you to behave well with me, or else you are going to regret my next step.

He left after threatening me. What else can he do again, other than this. I will never bow my head to my enemy.

"Here!!" The guard threw me harshly into the cell.

"Ahhhh!!!" I cried out. Pain shoots throughout my body. It's so painful.

"You deserve this! The guard said. "We have been torturing you day and night, yet you refuse to obey your king. What else should I do for you to understand that the king controls both your life and death? He is your king. Your alpha and the biggest one is that he is your mate. "Why do you enjoy torturing and inflicting pain when you can rule alongside him? "Why can't you enjoy the goddess of life with him? "You are his mate, and you should accept that fact rather than display your stubbornness.

He is trying to manipulate me into accepting his king. I gave him an evil glare.

"Evil", I groan. I'll never be part of your evil pack. So, don't try to manipulate me. Let me be. I'd rather suffer and rot here than be his queen.

"You are so stubborn. I have never met a she-wolf that is more stubborn than you," he whispers. You choose suffering over wealth and honor. I won't force you to accept our king as your mate. I know you're going to do that now or later. You will be bowing soon to the king. 'Rot here, my soon-to-be luna.

My ears finally stopped listening to him. He left me alone in my cell. I whimper, "Amber," I say. "Amber, are you there? She didn't reply. I could only feel her weak state. My wolf is still here, but she is very weak. I've never felt this way before. I was stronger before I met my wolf. Why am I so weak now? What did he do to me? I keep asking myself

"Jane! "I'm here," my wolf whispered.

"Amber, I'm sorry I wiped. I caused this.

"It's not your fault," she groaned. It's our mate's fault. Parker has been healing me. I'm sorry , it's my fault that Parker can't help you because he's busy healing me. I'm getting better now with his help.

I let her rest since she was so weak. My body is still in pain from the civil torture he did earlier. My stomach mumbles. I'm hungry.

I wake up at the sound of my cell opening. I fell asleep due to the hunger I was feeling. It is already evening. I look up to find him staring at me down at me.

"Hello, mate." "I'm back," he grins. "I can see you are sleeping peacefully in your cell. I guess you like it here.

I didn't mutter a single word. I just stared at him.

"Are you ready to behave now and come to my side? He inquired. Be mine. I promise never to maltreat you badly. Trust me, love.

"No, I don't love you. I don't want to be your mate and queen, I replied. I can never be yours, my dear ex-rejected mate.

"Okay, since you said that," he sighs. You can't blame me for doing what I'm about to do to you. "Get up and follow me now!!!!"

"Where are we going? I asked. "Where are you taking me too?

"Don't question me," he roared. Just follow me and don't question me.

I slowly follow him. The more I walk, the more pain I feel.

"Walk faster." he yells. "Don't make me drag you.

We walked past the king's palace. He led me to an unknown place.

An elderly woman bows and greets him, "Alpha King." She's an elderly woman, but so beautiful.

"Kira," the king called her name. This is Jane, the new maid. I want you to keep an eye on her . I want you to give her all the necessary work to do.

He faced me with an evil smile pasted on his lips. "Jane, this is Kira, the head maid," he said. "You can give her her work now, Kira. I have to go now.

Maid? He turned me into his maid.

"Come with me," the elderly woman blurted out. I follow her. He knows I am too weak and hungry to work, yet he still asks her to find me some work to do immediately.

"Walk faster," she said. I walked as fast as I could, following her.

"Here!!!" "This is what you are going to do," she said, showing me a large pile of clothes. "Wash this.

"Whattt!!!" I cried out. You mean I should wash these clothes alone? By myself?

She raised her eyebrows! She's angry.

"Here, my words are the law. Don't you know what you signed up for before coming here? You don't tell me your options because it doesn't count. "Wash this cloth, or no dinner for you.

After yelling at me. She left. I look at the clothes she asks me to wash. How can I wash this alone? How is it possible? She even said I wouldn't have dinner if I didn't finish washing the clothes. I took my seat and began washing the clothes. I was getting tired and weak.

"Hey, are you new here? A girl with blonde hair asked. "Who are you?

"I'm new here," I replied weakly.

"I'm June," she smiled. "Did Kira give you all these clothes to wash?

"Yes, she did. Today is my first day, I stated.

"Oh, you don't know Kira well. She always bullied the new and old maids" she said. Everyone hates her here. She is a bully. What is your name?

"I'm Jane," I uttered.

"Jane? "Nice meeting you, Jane," she said as she took her seat beside me. What is she doing?

"Let me help you with this. ""Let's wash it together because you won't be able to finish this and Kira won't give you dinner." Let's be friends, Jane.

I was speechless. I met her just now, and she's offering to help me. She wants to be my friend.

"Of course, we can be friends," I mutter. "Thank you , June, for helping me. She began to tell me about the palace. She talks about how kind the king is and how she wishes he could find his Luna soon. I listen to her without telling her I'm the king's ex-rejected mate. We talked for a long time, and I didn't realize we had already finished washing the clothes.

"We are done," June said. It's time for dinner. We must hurry fast before they finish the food.

Before following her to where the food was served, I stood up and packed the seat and bucket in one side. We met Kira on our way.

"Where do you think you are going? She asked. "Have you finished washing the clothes I asked you to wash?

"Yes, ma'am," I replied. Not wanting any trouble. I'm too hungry to yell.

She eyed me before uttering, "Are you sure?

"Yes , ma'am," I muttered. "The clothes are washed and hung. I'm telling the truth, ma'am.

She faced June, "Did you help her with her duties? She asked.

"No, ma'am, I didn't help her. I met her on my way here. I don't know who she was.

"Good! She whispers. I thought you helped her wash the clothes. "You know my rules here and I'm sure you won't dare cross them. "You can join the others at the table.

June and I walk to the dinner. We took our seats . I could see so many girls that were already seated. Our food is served. I began to dig in, rushing to fill my empty belly . after we finished our dinner. I was given a room by Kira. I was asked to share the room with June. I am so happy.

"I'm sorry for telling her I don't know you." June apologizes when we reach our room. I didn't mean to deny knowing you. We both won't have dinner and we will be given a lot of work to do if I admit knowing you. I am only scared. I didn't mean to. I am sorry, Jane. Can we still be friends?

"I understand you, June. i know you are trying to protect us both" i whisper before hugging my friend.
