

The Rejected Luna

Chapter 33

THE REJECTED LUNA.

THE GIRL WITHOUT A WOLF.

Chapter 33.

Jane's stance.

A nasty thought furnished my mind. I can't wait to have him in a special place around the lodge. I'm not different from my wolf, Amber. We are both horny and thirsty to have a taste of our mate.

"What are you thinking about, mate? He appealed. He smelled the air. I can sniff your strong arousal. You smell nice, sweetheart.

I'm red like a tomato. I blush. Can he smell that? "It's your fault, Amber. He will think of me as a horny bitch!!" I mind linked my wolf.

"Are you not? She scowled. "Stop bluffing. Both of us were very horny for him.

"Vishal", I murmured. I'm in love with you already. I admit it to my mate. Since I know what he feels for me. I knew he loved me. I don't mind telling him about my feelings as well.

"I love you more," he blurted out. "I have always loved you from the first day I set my eyes on you.

We chatted for some time. I never knew this is what it felt like to have someone that loved you. He's my best friend. He's also my mate.

"June, Vishal is going," I hollered. He announces his leave and I walk him down the street.

"I have to go now, mate," he uttered. I will call you if I find a hotel to lodge at.

"Okay, make sure you call me," I said.

"I am going to miss you, baby," he grumbles, before tugging me closer to his chest. I never wished to leave his side. His warm hug. Everything feels alright.

"Me too. I'm going to miss you, darling. We kissed each other, refusing to let each other go.

"I don't want to leave your side!" he buzzed. My wolf wants to claim you. I keep pushing him to the back of my mind.

I blurted out, "Amber never wants to leave your side." "She wants to be with her mate.

I was able to bid goodbye to Vishal after a long time. This is a whole new thing. This is me. The new me in love. My first time falling in love. He accepted me without feeling disgusted about me having a mate before. I'll cherish this mate of mine.

"Congratulations, Jane," June said. "You finally find your mate. I'm so happy for you.

"Thank you, June." I can't believe it either that Vishal will turn out to be my second chance mate. He's my male best friend back in my aunt's hubby pack. He knows I once had a mate that rejected me. He stays with me when I've got no one by my side.

"Wow! He's such a great guy. "He accepts you when he knows he's your second chance, mate," she said. "I can't wait to see your pups."

Pups? I didn't think about that. Carrying Vishal pups is something I can't wait to do.

"Thank you, June," I said. "I hope you find your mate soon."

After talking to her, I went into my room to call my mother.

"Hello!! I utter when she picks up the call.

"Who are you? I hear my father ask. He's with my mum's phone.

I stay silent. I wish to hear my mom's voice.

"Hello, I need to talk to my mum," I let out.

"And who are you? He asked. "Why do you want to speak with my mate?"

I've always suspected he despises me. He denied me, even when staring into my eyes. He isn't my dad any longer. I won't let him get the best of me.

"I need to talk to my mum. Can you please give her phone back to her? " I whisper.

"Who are you to tell me what to do or not? "You piece of trash," he roars over the phone.

"I'm not trash, beta." I can remember who the phone belongs to. It belongs to my mom. Please, give the phone back to the owner, I growled.

I don't care about him. I don't want to be the daughter of a man who abhors his daughter. He thought I was a useless wolf who brought disgrace to my family.

He stayed silent. "Are you there? Can you give her the phone? I need to talk to her.

"Okay," he said, before giving my mum the phone. .

"Is that you, Jane? I heard my mother's voice for the first time in two years.

"Mom," I whisper. "This is Jane. I miss you a lot, mom.

I heard her cry. She cries bitterly over the phone.

I assured her, "Mom, I'm alright." "Can you stop crying, please?

"I miss you so much, baby," she mutters. "Why did you leave? Why did you leave me behind without telling me? Why don't you call me Jane?

I don't know how to answer her question at the same time. She must have missed me a lot. Her voice is weak. My mother is sick.

"Mom, I'm sorry for leaving and not informing you." "Please, forgive me," I let out. I escape from the Alpha King's palace to start a new life. I'm sorry for causing you a lot of trouble.

"No, it's not your fault. I'm to be blamed. "I'm sorry, baby, for not protecting you from your monster mate," she sobs. I'm a coward of a mother.

Hearing her blaming herself is not what I wish for. I never blamed her. I know my father must have locked her up or threatened her.

"Mom, I never blame you. It's not your fault," I stated. "How have you been? Are you okay?

"Oh, yes, I'm alright now. "I feel alive when I hear your voice," she said. "Where are you?

"I'm in the human realm, mom," I said. I'm okay. You need to take care of yourself.

"I'll take good care of myself," I promised.

I end the call and promise to always call her. Her voice has changed. My mother's once happy, sweet voice is now something I can no longer recognize on the phone. She must have worried herself over me. I understand her. I'm her only daughter, and her best friend. I caused her to be sick.

"Buzz! Buzz! My phone rings.

I picked it up to see who the caller was. It was Vishal's calling. I smile. Happiness filled my heart. Without wasting any time. I picked up the call.

"Hello, Love," he mutters. I'm in my room at the hotel.

"Hello! 'Good. Have you eaten? I asked.

"Not yet, but I'm going to order my food when I'm done talking to you," he responded. I am missing you already.

I keep falling over heels. Hearing his sweet voice makes me blush.

"Are you there? Vishal asks.

"Yes, I'm here," I said. "You should eat." I miss you too.

"Have you called your mom?" he asked.

"Yes, I've already done that. We talk a lot, "I stated. I'm worried about her. Her voice doesn't sound like she is okay.

"She will be fine now that you called her," he said. "Always call her anytime you are free, okay?

I never want to end the call, but I must. My belly is ringing. I'm super hungry.

"I need to go," I announced. I need to find something to eat.

"All right," he replied. "I will call you later, darling."

After ending the call, I dropped my phone on my bed. I walked out of my room and walked to June's room.

"Hey, are you asleep? I asked.

"No, I am chatting with someone," she replied.

"Who?" I asked. I'm curious to know who she is talking to.

"A guy,". "He asked me out. He said he wanted to date me.

"A werewolf? I asked. "Is he a werewolf?

"No, I don't think he is a werewolf," she replied. "He's a human.

"Wow!" I'm speechless. A human wants to date a she-wolf? Is that possible? I thought werewolves would marry each other.

"I have never dated anyone," she let out. "I'm waiting for my true mate.

"Then we have to go back to the werewolf world," I said. "Finding your mate in the human realm will be hard. Your mate must be waiting for you, June.

"I know, but what if he is like your former mate?" she said. "What if he doesn't like me because I am an omega? What should I do? I'm scared.

I look at her. We have been living together for all these years. I never knew she was thinking this way. Can every wolf be like that bastard?

"Will you stop thinking like this, June? ' I yell. Do you think every male wolf will be like your stupid, arrogant alpha? You are wrong. No guy will have the heart to reject a sweet angel like you. You are beautiful and kind. Trust me, your mate won't turn out to be like him. He's going to love and cherish you.

"Thank you! She smiles. My heart becomes lighter. I've been thinking about this all these years. Thank you for your kind words, Jane.

"You are beautiful. He will definitely love you. "You will meet your mate soon," I said. I will be here for you always.

"I love you, Jane," she said as she pulled me into a hug. Thank you for being my friend. I'll cherish our memories together.

"Okay! Okay, let's go eat. I am damn hungry, you know, "I said, rubbing my hungry belly. What should we eat for dinner?

"Leave that to me," June said. Let's go make something to fill our bellies.
