

The Return 171

Chapter 171

"They're just kids..."

Bruce raised his eyebrows. His tone was sour and sharp. "They're already four years old. How can you see them as kids still? The son and mother should be parted once the son gets old enough. Don't you know such common sense?"

Joanna was so angry that she almost spat out a mouthful of blood. She rolled her eyes. "They're only four years old. What's the big deal?"

"They're already four years old. They're already old enough! Kids nowadays mature very early!"

Bruce just didn't want the children to be too dependent on Joanna.

These two little fellows were actually not close to him at all. As their father, he was very unhappy.

He felt that all Joanna cared about were the children and didn't care about him at all.

"Alright, alright. I can't be bothered to argue with you!"

Bruce snorted and turned to look at the servant. "Lilian, take the children to take a shower!"

"Yes, sir," replied Lilian.

She quickly brought the two maids forward and said fawningly, "Davian, Irvin, let's go take a shower!"

Lilian was a top nutritionist and a professional nurse. She was also the team leader in charge of the Everett family's maids.

Lilian was basically in charge of taking care of the two little children's food and daily needs for the past two weeks.

"Mommy, we want to bathe with you!"

Bruce's expression turned fierce. "Hurry up and go. You're all big children. How can you shower with your mother?"

Joanna squatted down and looked at the two little guys gently. "Go with Lilian."

"Okay..." The two little guys glanced at Bruce's sullen face and did not dare to say anymore. They could only follow Lilian.

Joanna suddenly stood up and glared at him in dissatisfaction. "Bruce, can you not be so fierce to the children?"

Bruce raised his eyebrows and asked, "Am I very fierce?"

"Don't you know?"

Bruce furrowed his brows again.

He was very gentle to his daughter and was very careful everywhere. He looked like a loving father!

He really did not have much patience for the two brats. No wonder the little fellows were unwilling to get close to him!

“We’re all boys. There’s no need to speak gently.”

“Even if they’re boys, they’re still children!

“They’ll be scared if you yell at them like that.”

Bruce was 6.2 feet tall and had muscles all over his body. He exuded a murderous aura and dignity.

When he wasn’t smiling, he was indeed very scary. The air pressure around him was already cold to begin with, and when he frowned, he looked even more terrifying than the Grim Reaper.

However, he didn’t think so. He was just a little jealous.

It was already one o'clock in the morning when they finished supper.

After the children finished eating, they were so sleepy that they could not open their eyes and kept rubbing them.

"So sleepy!"

"It's already one o'clock. Go to bed. We still have to go to the hospital tomorrow."

Joanna stood up. "I'll sleep with the children!"

"They're all grown up now. How can they sleep with their mother?"

"Bruce, can't you stop being so domineering? They're only four years old and need their mother's company!"

"Ah, alright, alright! Do as you please!" Bruce did not want to argue with Joanna anymore.

"Let's go back to our room!"

"Okay!"

The two little guys led the way, but Joanna followed behind them to the children's room!

After entering the room, although this was a children's room, it was very spacious and the bed was big enough!

In order to prevent Bruce from coming in again, Joanna locked the door from the inside. Then, she used a chair to block the door and hung a glass on it.

If he came in, he would definitely make a sound and she would know immediately.

Davian and Irvin had already changed into their pajamas!

The bed was huge.

The bed was 2m x 2m and had no problem sleeping three people.

Davian jumped onto the bed and hugged Joanna's arm. "I want to sleep next to Mommy!"

Irvin hugged Joanna's other arm. "I want to sleep next to Mommy too!"

“Go to sleep! You have to wake up early tomorrow! If you sleep too late, you won’t be able to get up tomorrow!”

“Okay!” The two little guys responded obediently by closed their eyes!

Joanna slept in the middle. Davian and Irvin slept on her left and right!

The two little guys were already sleepy. After lying down for less than ten minutes, they fell asleep!

It was probably because she was too tired, Joanna actually fell asleep not long after lying down as well.

Half an hour later!

The small door of the room opened gently.

Bruce opened the small door on the balcony and walked in!

There was a table lamp in the room, the light was very weak.

Joanna slept in the middle, and the children slept on both sides.

Bruce's face darkened. "It's only seven o'clock"

Joanna insisted on getting out of bed "It's not early anymore. It's already seven o'clock: Pack up. It'll be past eight o'clock when we reach the hospital

When Bruce heard this, he could not say anything else.

Davian yawned and mumbled in confusion, "Huh? Why are we sleeping on this bed?"

Irvin stretched and got up. "That's right. We clearly slept with Mommy yesterday!"

"Why are we on this bed now? Mommy, what's going on?"

"Urgh... Get up and change your clothes!"

Joanna could not explain anything. She quickly carried the two little guys up to change and wash up
Irvin glanced at Bruce and asked quietly, "Mommy, why is he here? Last night, you guys..."

Joanna's face burned as she pinched Irvin's nose. "Don't be so nosy at such a young age!"

"Okay..."

Joanna brought the two little guys to the washroom to freshen up.

Bruce also returned to his room to change.

20 minutes later.

After the family washed up, they had breakfast.

Bruce drove the three of them to the hospital.

In the hospital ward.

The two little guys got out of the car and ran happily towards the ward.

"Lilia, we're here to see you!"

Lilia lay on the hospital bed. Her grape-like big eyes instantly lit up. "Mommy, Daddy, Davian, Irvin, you're here!"

"Yes, Lilia. Look, we brought you flowers!"

Davian and Irvin handed a bouquet of sunflowers to Lilia.

"Thank you, Davian and Irvin!" Lilia took the flowers and smiled happily!

"Feeling better today?"

"Yup!"

Davian looked worried as he blinked at his sister. "Lilia, are you feeling unwell? Does your body still hurt?"

"It doesn't hurt anymore!"

"Davian, Irvin, where have you been these past few days?"

Irvin was a cunning person. "We went to Daddy's house. Wow, Lilia, do you know? Daddy's house is like a castle.

"There's nothing wrong with going to a kindergarten in Venturas..."
Bruce's expression darkened. He then said impatiently, "You don't have to worry about the

"But Venturas..."
"You can just drop out of school there. You're only in kindergarten now. You can just go to one in
Greyport!"
Greyport was much bigger than Venturas!
There were also several noble kindergartens!

When Joanna heard this, she could not help but frown!

It seemed that Bruce really planned to interfere in the children's matters.

However, the situation was so serious now. She could only endure it!

"Alright, send the children back now!"

"Lilia, Mommy! We don't want to go back..." Davian and Irvin hid behind Joanna.

They really did not want to be separated from their mommy anymore.

"Bruce, why don't we let them stay here!"

"This is a hospital. It's not convenient for them to stay here!"

"Hurry up and go back."

Helpless, Joanna could only squat down and coax the two little guys. "Let's go back first. Mommy will definitely pick you up another day."

"When is that?"

"Mommy will definitely pick you up on the day Lilia's discharged."

"You also know that Mommy has to take care of your sister now and can't take care of the two of you. Be good and listen to Mommy, okay?"

The two little guys pouted and said aggrievedly, "Alright then!"

"Then we'll come and see you another day!"

Lilia also looked at her brother reluctantly. "Okay, goodbye, Davian and Irvin!"

"Kody, send the children back!"

"Yes, Mr. Everett!"/

"Davian, Irvin, let's head back!"

"Goodbye, Mommy Goodbye, Lilia!"

"Goodbye, baby!" Joanna squatted down and kissed Davian and Irvin on the cheeks!

The two little guys walked away, looking back countless number of times.

"The patient is recovering very well. We can carry out the second surgery tomorrow!"

"Sorry to trouble you, doctor!"

"You're welcome. This is what our job."

The next day.

After everything was ready, the second surgery began.

“Why are you here?” Bruce frowned.

At that moment, he did not really want to see Roxanne!

Roxanne placed the thermos box on the bed and looked at Bruce tenderly. “Bruce, you’ve undergone two surgeries, but I haven’t been by your side to accompany you!

“Now that the surgery is over, as your fiancée, I definitely have to come and take care of you!”

When Bruce heard this, his frown deepened. “I already told you that there’s no need!”

Roxanne opened the thermos box and took another bowl. He filled a bowl with the soup and eagerly handed it to Bruce.

“Bruce, you just had surgery. You must nourish yourself.

“Have some soup!”

“No need!” “How could Bruce still be in the mood to drink soup?

“Bruce, I’ve been cooking this soup for more than 10 hours! You must drink some.”

Bruce replied impatiently, “Leave it there for now! I’ll drink it later!”

“Okay...” Roxanne pouted and placed the soup on the bed.

Bruce leaned against the hospital bed with a cold expression.

Roxanne looked at him carefully. “Bruce, why are you keeping such a distance from me?”

“Roxy...” When Bruce heard this, he looked up at her and hesitated.

Before he could finish, Roxanne interrupted him and smiled gently at him. “Bruce, I know what you want to say!”

Bruce raised his eyes.

Roxanne snuggled up to him like a little bird and said obediently, "It's really okay. I see your children as my own!"

"Besides, they're your children from before we were together. Why would I be angry?"

"Let's postpone the wedding! Nothing is more important than the child's illness!"

"It won't be too late for us to hold a wedding after the child recovers!"

Hearing her words, Bruce furrowed his brows tightly.

The path of breaking up was completely blocked by Roxanne.

It seemed that he would have to spend the rest of his life with her.

He no longer had any feelings for Roxanne!

However, he did not dare to mention breaking up so easily. He knew that as long as he mentioned breaking up, Roxanne would definitely commit suicide again!

Moreover, she was not just saying that. If not for the timely rescue of the previous suicide, Roxanne would have really died on the operating table!

Especially after Roxanne was bullied by bad guys, he did not dare to break up so easily again.

A while later.

Bruce swallowed his words and said insincerely. "Roxy, it's really hard for you to think that way!"

Roxanne returned home in a huff

As soon as she entered the house, she took off her high heels and threw her bag on the sofa!

"Daddy, mommy, I'm back!"

Ingrid was stunned and quickly responded, "Why are you back so early?"

"Didn't I tell you? I told you to stay in the hospital and spend more time with Bruce!

"Aren't you creating a chance for them to be alone now that you're not in the hospital?"

Roxanne gritted her teeth. She was so angry that her eyes were burning in rage. "Don't mention it. That slut Joanna is openly seducing Bruce now!"

"I want to stay, but Bruce won't let me stay at all!"

"What happened? Tell me."

Roxanne said angrily, "What else can it be? Bruce only cares about that slut Joanna now. He doesn't care about me anymore!"

Roxanne couldn't help but cry.

Seeing this, Shaun quickly persuaded, "In my opinion, since he is not interested in you, there won't be a good outcome if you continue to force him!"

Ingrid interrupted him fiercely. "Heh! That's easy for you to say!"

"Separate Roxy and Mr. Everett. We are just giving that bitch Joanna a chance!"

When Shaun heard this, he was even more furious. "Your words are always so unpleasant to hear!"

"Isn't that so? Go away and stop making useless remarks here!"

After saying that, he quickly comforted his daughter. "Roxy, don't be anxious. You have to calm down!"

"At this critical moment, we have to compromise!"

"Mom, I really can't help but feel wronged!"

Ingrid pulled a long face and shouted angrily, "Even if you can't bear it, you have to bear with it! You'll mess up the big plan if you can't bear it!"

"Now that you're angry and jealous, Bruce can use this as an excuse to break up!"

"You've waited for so many years. You've sacrificed your youth, but it's all for naught!"

"You think you're okay with that?"

"I can't accept this!"

"That's right!"

"Since you're unwilling to accept losing him, think of a way to turn the table!"

"If you can't even endure this minor setback now, how are you going to deal with those beautiful sluts in the future?"

"Think about who Mr. Everett is. Think about how many women have racked their brains to get close to him.

Margaret pondered for a moment before suppressing her anger and continuing to persuade Joanna with patience.

"Joann, you can't take care of three children alone as a single parent.

"Why don't you let the children stay in the Everett family and receive the best education and resources since they were young? This is the best arrangement for them!"

Joanna took a deep breath and looked at Margaret calmly. "Grandma, I will educate my children well. Grandma, you don't have to worry about their education!"

Margaret changed her tone from persuading to insisting. "What must we do to make you agree to let the children acknowledge their father and be a part of the Everett family?"

“If you want to see the children, I can bring the children to see you anytime!

“But I don’t agree with changing the children’s last name to Everett!”

When Margaret heard this, her cloudy eyes turned cold.

Joanna looked at Margaret with the same gaze!

These were her children. In order to give birth to these three children, she almost died in the operation theater.

In the past four years, she sacrificed all her energy and effort to raise her children. She had endured the most difficult days.

What right did the Everett family have to snatch her children away now?

No matter what, she would not let anyone snatch her children away!

Bruce’s expression was gloomy and cold. He could not help but scold, “Do you have to be so stubborn?”

“I’m not being stubborn. It’s a principle!”

Then, Joanna looked at Margaret again. “Grandma, I don’t think I’ll get married again in the future.

“I probably won’t have any more children. I only have these three children. So, it’s impossible to give up the custody of the children!

“Mr. Everett is a man, and he is at the best age of his life. He still has a lot of chances to have his own children..

“Grandma also said just now that as long as he asks, there will be a lot of women willing to give birth to his children!

“He’s about to marry Roxanne. After they get married, they’ll have their children soon! Grandma, you don’t have to worry about being unable to have a great–grandchild.”

Although Joanna’s words were reasonable, it was impossible for Margaret to listen.

It was not easy for her to have two adorable great–grandsons. They were as precious as gems to her. How could she give up?

“That’s different. As long as it’s a descendant of the Everett family, our Everett family will definitely take responsibility to the end!”

Margaret was even more stubborn.

Joanna was also tired of convincing her, so she could only give in a little. “You can acknowledge the children as a part of the Everett family, but you can’t change their last names.

“I’m the guardian of the children. They want to live with me! I’m concerned and don’t want my children to stay in the Everett family forever!”

Margaret lifted her head and said solemnly, “Don’t worry. The children will stay by my side. I will take care of them personally!

Chapter 178

Joanna walked out of the Everett mansion. Anger had burst through her that her face had flushed red!
She knew that it was useless to call the police now!
The Everett family and the Greyport Governor had a close relationship. Even if the police came, they
would side with the Everett family!
There was no way she could take the children away!

After Joanna returned to the car, she cried out loud!

”

Meanwhile, after the two little ones were forcefully brought back to their rooms, they kept crying and making a fuss.

“Mommy! We want Mommy! We want to go home with Mommy!”

“Young sir, this is your home!”

“This isn’t our home, you bad guys!”

“You’re not allowed to bully my Mommy. If any of you dare to bully my Mommy, I won’t let you off!”

“Boohoo... Mommy! I want my Mommy...”

The two little boys were crying and making a fuss. The servants could not coax them no matter how hard they tried!

A few minutes had passed.

After the servants reported to Margaret, Margaret sat in a wheelchair and personally came to coax the two little guys.

“Hey, kiddos, why are you crying?”

Davian got up from the ground. “We want to find Mommy. We want to go home with Mommy!”

Being grandma and grandson might not be close enough!

Fine! There were two generations between them.

Facing the two little ones, Margaret had no temper at all. She kept coaxing the children. “Boys, come over to me.

“From now on, this will be your home. You are the descendants of the Everett family!

“I’ve given you a new name. Davian will be called Charlie Everett, and Irvin will be called Luke Everett.”

“I’m not Charlie Everett. I’m Irvin Haynes!”

“We don’t want to change our names. We want to go home with Mommy!”

When Margaret heard this, her smile froze. “Your Mommy won’t take you back for the time being!”

When Irvin heard this, he immediately burst into tears. “Boohoo... I don’t want to stay here. I want to go home with Mommy!”

“You are a bad old lady. You can’t separate us from Mommy! You old witch. I don’t like you at all...”

When Bruce heard this, his face darkened. He said sternly to the two little guys, “Shut up. Don’t be so rude to your great-grandma!”

Ever since he was young, he had never dared to be so rude to his grandmother.

How dare these two brats be so arrogant!

“Bruce, don’t scare them! The children are still young. They will be fine after a while!”

“Go invite Mr. Jameson over and ask him to prepare for the lawsuit!”

When Bruce heard this, he subconsciously frowned. “Grandma...”

Margaret knew what he was going to say and said coldly, “No matter how much we have to sacrifice, we have to fight for the custody of the children!”

Bruce took a deep breath. “Yes, grandma!”

It was soon the following day.

“Bruce...”
Roxanne buried her head in his chest shyly with a satisfied expression.
Bruce frowned and subconsciously pushed Roxanne away. He lifted the blanket and got out of bed!
He walked straight to the bathroom.
His head felt a little dizzy. He had to take a cold shower to wake himself up.
After entering the bathroom, he was still very dizzy!
Bruce turned on the shower and took a cold shower.
When he took a shower, he felt his body was sticky, as if he had done something last night.
However, he really couldn’t remember what had happened last night.
His physique was very good. This was the first time he had experienced something like last night.

It seemed that there was something wrong with the food last night. Roxanne must have drugged the food. Otherwise, he wouldn't have slept so soundly!

So, Bruce took a quick shower!

Then, Bruce walked out wrapped in a towel.

"Bruce, I'm going to take a shower." Roxanne smiled shyly at him and went into the bathroom.

That expression of hers was clearly reminding him that they really did it last night.

Bruce changed his clothes and felt that something was wrong.

Then, he called his trusted bodyguard, Darcy, over.

"Mr. Everett, please give your orders!" Darcy was the bodyguard who had been by Bruce's side for the longest time. He was also the best and most loyal bodyguard.

"Take yesterday's dinner to the lab!"

"Yes!"

"Go quietly. Don't let anyone know."

"Alright, Mr. Everett," Darcy replied and immediately went to carry out the order.

Bruce lit a cigarette, squinted his eyes, and took a deep puff. His eyes revealed a vicious glint.

He hated being/schemed against the most!

If Roxanne really drugged the food, then this woman was really scheming!

He definitely could not keep such a woman by his side.

"Bruce, I'm done showering!"

When Roxanne came out of the bathroom, his hair was wet. She was wrapped in a towel and sat on Bruce's lap, hugging his neck.

Once a woman and a man broke through that step, they would be much more casual with each other.

She used her actions to hint to Bruce that they did it last night.

Bruce was a little disgusted and pushed Roxanne away from his lap.

"Lilia will be discharged today. I am going to visit Lilia!"

"I'll go with you!"

"No need!" After saying that, Bruce had already taken his coat and left the room.

Roxanne smiled smugly as she watched Bruce leave,

From now on, she wanted to tie her fate to his. She would not let him get rid of her easily.

Meanwhile, Joanna was in the hospital.

Joanna had already completed the discharge procedures, and Tracy had also packed up everything!

"Sweetheart, you can be discharged today!" Joanna smiled gently at Lilia.

After changing, Lilia looked at the door in disappointment. "Mommy, isn't Daddy coming to pick me up?"

"Daddy told me that he would pick me up personally when I was discharged from the hospital."

"Mommy told you that Daddy is very busy. If Daddy is busy with work, we might not see Daddy much in the future!"

"Oh..." Lilia nodded obediently. Her eyes filled with unconcealable disappointment.

"What about my brothers? Aren't they coming to pick me up?"

Joanna was at a loss for words, not knowing how to explain.

Davian and Irvin were now detained in the Everett mansion. Even she could not see them, let alone Lilia!

However, she did not want to tell her daughter about these things between adults.

"Let's go!" Joanna carried Lilia into the pram and pushed her out of the ward.

They had just taken a few steps!

Bruce, dressed in a suit and leather shoes, was rushing over.

Lilia had sharp eyes and saw Bruce first. "Mommy, it's Daddy. Look, Daddy is here!" As Lilia spoke, she raised her little hand excitedly and pointed at Bruce.

Joanna looked up and saw that Bruce had already arrived.

He was still wearing a black suit today.

His hair was casually combed on the top of his head. It was messy and stylish, exuding a casual handsomeness.

"Lilia!"

"Daddy, I thought you wouldn't pick me up."

"How could that be? Daddy promised to pick you up. How could I forget?" Bruce carried his daughter out of the pram and kissed her little face!

Joanna looked at Bruce in a daze. A Tears began to shimmer in her eyes as her rage shot through her!

"Bruce, put my daughter down!" As Joanna spoke, she had already stepped forward and was about to snatch Lilia from his arms.

She was afraid that Bruce would snatch Lilia away too!

Bruce was tall. He hugged Lilia and turned around, easily dodging Joanna's snatch.

"Do you hear me? Give me my baby."

When Bruce heard this, he glared at Joanna angrily.

"Mommy, don't be angry!"

Bruce said coldly, "It's best not to be so fierce in front of our daughter!"

"Lilia, Daddy will play with you today, okay?"

"Okay!"

"Where do you want to go?"

"Yes, I want to go to Daddy's house to play!"

"Okay, Daddy will bring you there now!"

When Joanna heard this, she was even more terrified. She immediately stood in front of Bruce and said coldly, "No, Lilia, hurry up and go home with Mommy.

"You've just recovered. You can't go anywhere!"

"Mommy!" Lilia muttered softly.

"Don't you hear me? You're not allowed to go anywhere!" Joanna's face darkened. This was the first time she had spoken to her daughter in such a harsh tone!

Lilia was so scared that her face turned pale. "Oh, okay!"

Bruce was even more furious when he saw Joanna shouting at her daughter like this. "Joanna, what do you mean by doing this?"

"Bruce, what do you mean by doing this? Don't you think you're despicable?"

"I'm the father of the children. Shouldn't I be bringing them home?"

Joanna cursed, "You said you wouldn't take my child away. What you're doing now is no different from a bandit!"

Bruce took a deep breath and tried to convince Joanna, "I've told you before I won't snatch your child away. If you want to see the child, you can visit the Everett family anytime!"

"Of course, if you agree, you can stay with the Everett family!"

"Bruce, you're being unreasonable. You know that this is impossible!"

"Why not?" Bruce asked angrily.

When Joanna heard this, her anger grew!

He and Roxanne were getting married. Would it not be ridiculous for her to stay in the Everett family's house?

She knew what Bruce was thinking!

He wanted her to be his mistress!

Even if they forced her, she would never agree to his dirty request, let alone serve the same husband as Roxanne!

"Give me my daughter!" Joanna was so angry that she wanted to carry her daughter back.

"Joanna, can you not be like this? Can you leave a good impression of me in front of my daughter?"

"Mommy." Lilia was also trembling in fear..

Bruce quickly comforted Lilia. "Good baby, don't be afraid. Daddy will send you home, okay?"

"Okay!" Although Lilia was young, she knew her daddy and mommy quarreled. Moreover, they quarreled fiercely!

"Daddy, Mommy, can you two not quarrel?"

Chapter 180

She would rather never participate in this love game!

"Lilia, come. Mommy will carry you!"

Seeing this, Bruce took a step forward!

How could he be in the mood to kiss Roxanne? He couldn't wait to see her fall!

However, Roxanne's motive was to make Joanna mad. His response was no longer important!

Regardless of whether he kissed her, as long as she could piss Joanna off, she had achieved her goal!

While Bruce was in a daze, Joanna had already taken Lilia from his arms.

"Joanna!"

With a cold expression, Joanna walked forward without looking back.

Bruce subconsciously took a few steps forward. "I'll send you..."

Joanna carried Lilia and quickly walked ahead!

"You really don't have to send us back. Let go!"

Bruce choked. He didn't know what to say, nor did he know what to do!

In this love entanglement, he was wrong.

He was the one who had caused Joanna so much damage! Now, he wanted to snatch the child away from her even more!

It was only right that she hated him!

A few seconds later, Bruce weakly let go of Joanna's arm!

Joanna left without looking back.

Soon, Joanna had left!

Bruce finally couldn't help but get angry at Roxanne!

"You did that on purpose, didn't you?"

Roxanne pretended to look aggrieved and looked at Bruce pitifully. "Bruce, don't be angry!"

Bruce said with annoyance, "Why are you doing this?"

"Bruce, I'm your fiancée. I'm your girlfriend!"

"I can't see you and my sister getting so close. You're already divorced. You can't pester her like this anymore!"

"Why do you care what I want to do?" Bruce gritted his teeth and walked towards the door.

"Bruce, where are you going?"

"I'm going to work. You can go back!"

After saying that, Bruce left without looking back!

He couldn't stand Roxanne anymore!
