

The Return 201

Chapter 201

“Get in the car. Let’s get back to Greyport as soon as possible!”

Joanna looked at her watch. It was already past four in the afternoon!

If there were no traffic, it would probably be past six o’clock when they returned to Porash.

She had not returned home for two days. She had to go home tonight.

“Wait. I need to go to the bathroom!”

“Okay!”

“I’ll go with you!”

With that. Joanna and Cora walked to the bathroom.

Cora was faster. After going to the toilet, she was the first to come out.

Joanna had been thinking about something, so she was slower!

She was done with the toilet and was ready to go out!

Unexpectedly, something happened as soon as she opened the toilet door!

A man wearing a cap and a mask stood outside the toilet!

Before Joanna could react, the man in the cap held a dagger and stabbed it into her chest.

Joanna was shocked. She quickly raised the bag in her hand to block!

Splash!

The foot-long dagger pierced through the crocodile skin leather bag. It was obvious how much strength he had used.

If this blade pierced her heart, she would definitely die from it.

“Ah!

“Help!”

Seeing that he did not stab Joanna, the man suddenly pulled out his dagger and stabbed her again!

This time, Joanna had time to react. She suddenly reached out and grabbed the man’s wrist!

The blade was sawing before their eyes!

“Help! Someone help!” Joanna shouted in fear!

After all, she was a woman and did not have enough strength!

The man in the cap broke free from Joanna’s hand and stabbed her a few more times.

Although Joanna had learned female self-defense, the cramped space was insufficient for her to use them.

Especially since the other party was holding a murder weapon.

Joanna's arm was cut while they entangled. Blood instantly seeped through her shirt.

Joanna raised the bag and threw it at the man frantically!

"Ah!"

The man panicked when he failed to hit a vital spot after stabbing a few times!

Cora heard the screams from outside and rushed in to take a look!

"Miss Haynes, what's wrong?"

Cora was also shocked when she entered. She quickly picked up the mop beside her and hit the man's head hard.

"Joanna, stop right there! Explain yourself?"

I told you, it's none of your business" Joanna said and ran a few more steps forward!

She didn't want to see him for even a second.

She could only escape back to her room like an ostrich and recuperate alone!

Bruce chased after her and pressed her against the wall!

Joanna, what would make you listen to me?"

Bruce stared into her eyes.

Her eyes were watery, and there was a hint of confusion and exhaustion in them. Her delicate little face was pale and sickly.

His heart couldn't help but clench when he saw it.

A few seconds later...

Bruce could no longer control himself. He lowered his head and kissed her lips deeply.

This time, his kiss was not very intense. He only gently held her in his arms.

"Bruce... Hmm... Joanna resisted fiercely.

Bruce kissed her even more deeply!

This damn woman was unmoved by force or persuasion, stubborn and sharp.

He had never realized that she had such a strong personality.

Only by conquering her body could he temporarily conquer her!

"Ugh! Bruce, let go of me... Don't touch me... Joanna desperately wanted to hit him!

Unfortunately, she was covered in injuries. Even if it was just a light punch, she did not have the strength.

Bruce kissed for a while. Joanna's entire body went limp, and she was powerless to struggle!

Bruce stopped and gently lifted her chin.

He still couldn't bear to force himself on her!

"Do you have to make me so angry? Do you have to worry me so much for you to be happy?"

Bruce's voice was hoarse and deep!

It was like a poison that had been soaked in honey!

Joanna didn't want to talk. She looked at Bruce in exhaustion!

Between her and Bruce, true love was entangled and tiring!

She really wanted to be free!

"Joanna, let me ask you one question. Do you still love me?"

*1... don't love you!" Joanna looked at him blankly! Her eyes were filled with deep resistance.

How could she dare to love him again?

Joanna would rather not have love. She would rather be single for the rest of her life than love him again.

It was a little painful!

Bruce carefully treated her wound and carefully bandaged it.

"Don't touch the water. Remember to change your dressing every day!"

Joanna did not reply. Her thoughts were brought back to four years ago.

Everything here was still the same. Even the half-used skincare products on the dressing table were still
in their original positions.

Everything seemed like it had happened yesterday.

Seeing that Joanna was silent, Bruce added in a muffled voice, "I'm talking to you. Do you hear me?"

Joanna held her breath. "I hear you!"

"Alright! Rest early!" Bruce reached out and touched the top of her head.

This action was like petting his beloved pet.

He doted on her but was also as high and mighty as a master.

Joanna was a little disgusted. She slapped his hand away with a cold expression. "You asked me to come
over just to bandage my wound?"

Bruce's lips curled into a cold sneer. "What else can I do?"

"Of course! If you want to do something else, I can accompany you!" After saying that, Bruce stepped forward and reached out to hook her chin!

Seeing this, Bruce was instantly furious.

"Joanna, I think you really need to be taught a lesson..."

Bruce blocked her way as he spoke and forced her back to the bed.

"I don't want to be angry with you. Why do you always have to challenge my bottom line?"

Joanna subconsciously took a step back. Bruce covered her in his shadow. "What do you want to do? Get up!"

Bruce's expression was gloomy. He pushed her shoulders and pushed her onto the bed!

This damn woman. She would really be disobedient if he didn't teach her a lesson!

"What are you doing?" Joanna lost her balance and sank into the soft mattress. There was a hint of fear in her eyes.

Bruce stepped onto the bed with a dark expression and casually undid his tie.

Joanna panicked and subconsciously moved to the side. "Bruce, don't touch me! You said that you wouldn't force me in the future!"

Yeah! I did! But only if you don't piss me off!"

"I'm already furious now. You should know what the consequences are!" Bruce said and heavily pressed his body on hers.

"Ah... Don't do this..." Joanna struggled in fear.

Unfortunately, her entire body was in pain, and he restrained her. She was powerless to resist....

Bruce had already tolerated her for too long. He did not want to tolerate it anymore.

He didn't give her much chance to resist and directly...

"Ah!" Joanna gasped and broke out in a cold sweat.

As always!

He liked to see her submit! Therefore, he showed no mercy.

Soon, the family doctor asked the nurse to give Joanna a fever-subsidizing injection! He also passed a fever-subsidizing patch

on her.

“Mr. Everett, I’ve injured the patient. The patient’s immunity is too weak. It’s best for her to rest in bed for a few days!”

“Tomorrow and the day after. She has to take two more shots.”

“Alright, got it!”

The family doctor left after giving a few more instructions.

The injection was taken early in the morning.

It was soon past ten o’clock!

Joanna woke up in a daze. Because of the fever injection, her mouth was extremely dry.

“Cough! Cough!”

“Joann, you’re awake!” Bruce said as he personally brought a glass of water to the bed!

Joanna’s mouth was dry. She took the cup and took a few sips!

“Drink slowly. Don’t choke!” Bruce thoughtfully patted her back to ease her cough.

Joanna finally felt a little better after drinking the water.

She looked around and was shocked.

“What time is it?”

There you go again. Can't you rest in peace for a few days?"

Joanna struggled to sit up straight. There was work waiting for her at the company!

How could she rest?

"Hurry up and lie down..."

"Bruce, you bastard! Cough! Don't touch me!" Joanna angrily blocked Bruce's hand. Her beautiful face looked mad.

"You're running a high fever. The doctor wants you to rest in bed!"

Joanna's emotions rose. "Go away. Don't touch me!"

"If you do this again, I'll punish you again!"

"Bruce, do you know that you're committing a crime? I can sue you..."

Bruce smiled teasingly. "Alright! When you're better, sue me! It's best if you send me to jail!"

"Do you think I don't dare?" Joanna was so angry that she lost control of her emotions. Her chest heaved violently.

"Alright, alright. Don't be so agitated!"

"Here's the phone. Call the police!" Bruce said and threw the phone at Joanna.

Joanna was so angry that tears welled up in her eyes. She did not dare to call the police!

She was already the "influential figure of Greypoint. If these things were to be exposed again, her popularity would skyrocket.

Margaret was in the garden.

She sat gloomily in her wheelchair. She was enraged.

Bruce hurried out to welcome her. However, when he saw that ominous look on Margaret’s face, he became uneasy. “Grandma, why are you here?”

Margaret took a deep breath and said sternly. “You bastard, are you trying to drive me to my grave?”

Margaret got agitated, and she started coughing and clutching her chest.

The worried Roxanne quickly patted Margaret’s back and tried to calm her down “Grandma, you need to calm down! Be careful of your health”.

Bruce rushed to Margaret’s side as well. ‘Grandma, take it dowlly. Don’t get so agitated”

Margaret tried to catch her breath. She raised her hand and pointed her trembling fingers at Bruce’s face and reprimanded, “Bastard, do you know how difficult it was for the Everett family to get to where we are today!”

“Your grandfather and father sloughed their life off to build our family business!”

“But you. You don’t even cherish what you have today at all! Sooner or later, you will destroy the Everett family’s accomplishments

Margaret rebuked Bruce harshly

“Grandma, don’t be angry” Bruce wanted to explain, but no words came out of his mouth.

He knew he had gone overboard. That was the first time he walked out on the company’s management.

“You’re so irresponsible. You are a ne’er–do–well”

“Grandma. I’m wrong! I promise it won’t happen again”

Despite Bruce’s repeated apologies and promises, Margaret remained infuriated.

Margaret's expression changed. "No need. I'll go there and see her personally!"

The butler pushed Margaret's wheelchair and walked towards the room aggressively!

Bruce had no choice but to run back to his room. He had to reach there before Margaret.

He could not persuade his grandmother, so his only chance now was Joanna.

Bruce hurried to his room!

Joanna, Grandma is here!"

Joanna looked at Bruce with a sullen expression. "I missed the part where that's my problem?"

"Grandma has a heart condition and cannot be agitated. But she might say something nasty when she sees you later."

"So?" Joanna narrowed her eyes.

Bruce frowned and said, "You know what Grandma's temper is like. No matter what Grandma says to you later, please don't be impertinent and talk back to her."

“Grandma is old. You just need to listen to her!”

“Hmph!” Joanna rolled her eyes impudently.

Some people loved to exploit their seniority and advocate their morals on the youngsters.

Bruce let out another deep sigh. “Did you hear what I said?”

Joanna turned her head away, ignoring him.

And no matter how much Joanna tried to clarify, they would not believe her.

Alright then!

She might as well admit it!

Not only was Joanna not repentant, but she was still so full of herself and even dared to retort her. Margaret was trembling with anger. "You, you, you're really shameless!"

"Bruce, go, go and slap her face!"

Bruce scowled even more when he heard Margaret's unreasonable demand. "Grandma!"

"Hurry up and do it!" Margaret was so furious that her lips would not stop shaking. She held her chest and panted.

"Joanna!" Bruce looked at Joanna helplessly. He was searching for her permission with his gaze.

He wanted to give her a light slap to appease his grandmother.

But Joanna looked back at him coldly without any signs of giving in.

"What did I just say to you? I told you not to talk back to Grandma!"

A dumbfounded Joanna snorted and rebuked Bruce, "Bruce, I'm not the Everett family's punching bag. Nor am I obligated to listen to your instructions!"

Margaret urged again, "Slap her! Slap and throw this shameless woman out of the Everett family!"

“We cannot tolerate such a shameless woman in our house!”

“Who cares about staying in your family?”

“If your grandson had not forcibly brought me here, I would not even step into your house!”

“You, get lost!”

“Don’t worry, I’ll get lost!”

Bruce’s eyes darkened as he looked at Joanna gloomily. “Joanna, can’t you keep quiet?”

He then turned and looked at Margaret. “Grandma, calm down first! Don’t get so angry over this!”

“Joanna, I’ll send you back now!”

Joanna looked at them with hostility. “All of you, leave my room! At least let me change my clothes!”

When Margaret heard that, she almost exploded. “Someone! Quick! Throw this vixen out!”

Lilian and Emma quickly came forward and tried to pull Joanna out of bed.

It was almost the end of the year now. Joanna needed a sum of money for the employees’ salaries.

Moreover, she was about to compete with the Everett family for custody of the children. A good lawyer would require a lot of money, too.

Therefore, she urgently needed money now!

They traveled in a car.

Along the way, Joanna kept coughing.

Cora quickly handed her a bottle of water. “Miss Haynes, can you handle this? You look terrible!”

Joanna took the water and took two sips weakly. “I’m fine. I’ll be better after resting.”

After saying that, Joanna leaned against the back seat and shut her eyes to rest.

She took four antipyretic pills just now, and the effects of the medicine were kicking in. She felt weak and sleepy now.

Her heart was beating fast, and her right eyelid was twitching non-stop. She had an ominous feeling that something bad was about to happen!

Nonetheless, she had been down on her luck recently that she no longer had the energy to worry about it.

They arrived at Greene Town shortly.

At eleven o’clock in the afternoon, Joanna and the others finally arrived at Greene Town.

Since it was Brother Trumpet who initiated that meet-up, the group was able to meet up with him smoothly and with no obstacles.

The meet-up was held at a café.

Brother Trumpet was wearing casual clothes, and he was still wearing the cap from the last time.

“Hello, sorry to keep you waiting!” Joanna greeted Brother Trumpet politely when she arrived at the meeting place,

"Me?" Joanna was dumbfounded.

"That's right! I'll introduce your products on my live stream, but you know your company's goods best.

"You can also interact with your fans in the live stream. This will help with selling the products!"

"I don't think that is a good idea!" Joanna was in a dilemma.

She did not even dare to look at her online scandals.

If she appeared in the live stream, the traffic on the live stream would probably hit the roof!

Brother Trumpet looked at Joanna calmly. "It's fine. You can give it a try. Perhaps there will be unexpected gains!"

Joanna hesitated for a few seconds. In the end, she bit the bullet and agreed. "Alright then!"

"We have to be prepared. It's best to find employees familiar with the e-commerce delivery procedure!"

Brother Trumpet could also tell that Joanna was unfamiliar with the e-commerce industry, so he gently reminded her.

"Okay, okay!"

Brother Trumpet smiled again and stood up. "That's it, then. See you next Saturday!"

"However, it's best if you can come to Greene City a day in advance and familiarize yourself with the process!"

Joanna nodded. "Okay!"

"Goodbye!" Brother Trumpet extended his right hand politely.

Joanna shook his hand again. "Goodbye. I hope this will be a successful collaboration!"

Brother Trumpet did not say anything else and left the private room.
