

## Chapter 4 : english ?

At some point there will be an exchange between Tony and Y/N with Nat's help. I won't always put Nat's line when she translates, consider she did.

The russians' lines are still in bold.

### AVENGERS' POV

All the avengers (Clint, Tony, Cap, Nat and Bruce) are in a meeting room.

"So what do we do about the kid ?" asked Tony

"I honestly have no idea. She doesn't understand english, only russian. Only you Nat can talk to her. Plus she doesn't seem to be a big threat." responded Steve

"You're kidding right?" asked Nat dumbfounded

All the avengers looked at her with confused faces, that made Nat sigh.

"She can take o cu s easily, she seems to know how to fight, she is strong. There is definitely something wrong with her. And she was at a Hydra base." explained Nat

"Nat is right guys. We have to keep going on with the interrogation. You should go Nat, you're the only one here who can talk to her. You'll do the translation if you don't want to be the one doing the talking."

said Clint

"Alright my turn." responded Tony

"It is not an attraction Tony." Steve retorted

"Yeah whatever. Let's go." said Tony while nudging Nat and leaving to get you food.

Steve sighs then says "Good luck but please don't ..." to Nat. He didn't get the chance to finish that Nat cut him o .

"Yeah I know. I am going"

### Y/N's POV

Well it's been days? weeks ? I don't really know. But I'm getting really bored. They're not coming every day but I get a meal every day. Three per day but I'm not a big eater so I don't eat it. I'm tired, exhausted. My head hurt like hell. I haven't seen the day light for weeks. It's driving me crazy, even if I feel somehow used to it. I still don't remember a thing about me, I don't know who they are either. I should ask them next time. If there is a next time. There will be. ... Right?

The door opens and three guards come to me and handcuff me. Then they drag me out of the cell to another room a few meters away. They sat me in a chair beside a table, tied my legs up and one hand to the table and le . Then the door opens again, and a man enters, followed by a woman. The man took the chair on the other side of the table while the redhead stood by his side.

The man has brown hair, a funny beard, blue glasses and he's in a suit. While the girl is... wow am I dead? Is that heaven ? Shit she is beautiful

"Hello to you kid, I am Tony Stark, aka Iron Man, I'm a Genius, Billionaire, Playboy, Philanthropist." said the man. Obviously I didn't understand a word. "Here is some food, eat, that's an order. While you do, I am gonna ask you some questions. Deal ?" he continued

**"He is Tony Stark, he gave you food. He wants you to eat while he asks questions. Understand ?"** translated the girl. Fu\*\* Her voice is as sexy as her. WAIT !! That was her the entire time ?? Crap, focus Y/N.

I simply nod in response

"You think I'm stupid ? You didn't say everything that I did Romano ." said Tony in an angry way. Romano ?

Romano rolled her eyes and turned to face him. "That was useless, I preferred to go straight to the point. I don't want to waste my time here."

Tony groaned and continued to argue with her.

**"Can we begin ? I have questions that I want to ask you too."** I said, making both of them turn to face me.

God her eyes .. I mean. I think I just forgot how to breathe. I'm gonna drown into those beautiful stunning gorgeous dazzling glowing piercing emerald eyes. Wow Y/N that's a lot of adjectives.

### NAT's POV

"Is she dead?" asked Tony

I turn to face him with the " Are you serious ? look and sigh with annoyance. Is he stupid? She just fazed. I could watch her the entire day without speaking though. I wouldn't mind. WHAT? Nat come on, you're not a psycho ! What's wrong with you? Snap out of my thoughts and go to the girl. I crouch down beside her.

**"Are you listening?"** I ask. But nothing, so I snap my fingers in front of her face and she jumps up in her chair and looks me straight in the eye. Then a er a few seconds she looks away. Is she blushing ?

**"I-I.. um.. Yes. N-no no. I don't know. What were you saying already ?"**

Did she just stutter? Gosh that was cute! found myself smiling and I slapped myself mentally for that.

**"We already asked for your name once. Do you know it ?"** I asked while taking a few step backwards

**"I- erm I think it's Y/N"** she thinks?

**"You're not sure ?"**

**"I don't remember anything, I just can't? Even if I try."** she told us, looking emotionless. Her answer takes me by surprise. I wasn't expecting that.

I tell Tony.

"Well nice to meet you Y/N. We are the avengers. And we found you in the base of one of our enemies. Hydra. We want to know what you know about them." Tony said to the girl in front of him. I translated it.

**"I never heard anything about the avengers. And I'm not sure to know what hydra is but that sounds particularly familiar."** she told Tony then turned to look at me.

**"And who are you? I know Steve and Tony. I don't know the other two men from the first day nor you."** She asked me. How on earth does she know about Clint and Bruce ? furrowed my eyebrows and turned to translate that to Tony.

### Y/N's POV

Eheh I can see the confusion on their faces. They must wanna know how I know about the others. Wait. I can't answer the question either. Now I'm the one with confusion on my face.

**"How do you know that there are two more people ?"** asked Romano

I just used my sense! guess. But I'm not gonna say that, am I. Let's play.

**"I didn't!"** I said with a smirk and continued **"But that's not gonna give me your name..... Romano "** AHAH got you I gulp. If looks could kill I would be soooooo dead by now. She is so scary that it becomes hot.

**"You don't need to know it. Besides, you already know my last name. What's more than enough. If you have nothing else to tell us we will be leaving."** She said, while they both turn to leave. No no no no no ! I don't want to be le alone again, come on

"WAIT !" I yelled. They both turn with shocked faces. Why ? I'm confused, I just.... OH. MY. GOD. Did I just talk another language without knowing I was ?

...

That is so cool !

"You speak english ?" asked Tony Oh...Of course I didn't understand, what was I expecting for? That I was gonna know how to speak a new language like that without even knowing which one it is. So I just furrowed my eyebrows at him and looked at Romano who was looking at me as if she was looking at someone plucking a strawberry. I mean, why would they do that? But then she put her impassive face back on and said :

**"You just spoke english so we want to know if you can speak it."**

**"Oh ... I um no I can't. I don't really know how or why or even what. I just know when. But that's not helping. You know "when" too obviously that's not helpful AT ALL. Anyway I..."** I started rambling but Romano cut me o .

**"Stop talking. I got it. We will see you in a few."** ouch

"Good bye" Tony said, smiling at me. I tried to smile back but I didn't have the heart to. So i just nod.

Why am I disappointed ? What is happening to me ? Am I losing my mind ?

### NAT's POV

She looked almost... hurt ? disappointed ? Sad ? I can't tell. But why would she be ? Not that I care, I don't. Of course. But still, I can't get her out of my mind.
