

## The Savior 181

Chapter 181: She is the Lord of heaven and earth (1)

“What’s going on? Old master, what’s going on?” Her heart trembled, and she immediately knelt on the ground and kowtowed.

Old master Li swallowed his saliva.

He raised his head and looked at the sky.

At some point in time, dark clouds had covered the sky above the Li family’s residence, and even the moon could not be seen.

It was as if the entire world had darkened.

For some reason, he felt the fear of an impending storm.

“Lord Messenger of death, Lord Messenger of yang, heaven and earth have changed color. Could it be that some evil spirit has come into being?” Master Li looked around. At this moment, the servant girls and servants were all kneeling on the ground.

He didn’t realize at all that this matter was only targeted at the Li family.

In his mind, the Li family had merely arranged a marriage for his son who had died young.

The Ming marriage was shocking, but it wasn’t as if it had never happened.

Rich and powerful families would find children from poor families to marry, and many evil families would even want to bury them alive. His Li family was kind enough to spare the child’s life, so how could he cause the world to change?

Moreover, even though old master Li didn’t like this matter.

However, in his eyes, Jiang huailu was still too far-fetched for him to tell his son.

Once the Li family returned to the capital, the favor the Jiang family would receive would be incalculable. Chu Liang laughed sarcastically in a low voice, “”Evil?”

“Humans are much worse than evil.”

“Do you know why we are here?” Chu Liang looked at Master Li with a gloomy face.

“Who the hell are you? Do you really think that the Li family is some son of destiny that is worth our visit? You’re really delusional!” Chu Liang didn’t give him any face at all.

Zhu Yan’s toes were off the ground. She was dressed in the messenger of death’s uniform, but her expression was much gentler.

“From life to death, the two of us will only serve our master. In this world, no one was worthy except her! That damn thing actually dared to touch her? How dare you think that we are here for him?” Zhu Yan coldly curled her lips.

Old master Li's heart shook and started to beat wildly.

He looked at yin-yang difference with a frightened expression. What's so valuable about the Li family that you two have to make a trip?" Old master Li saw that the two of them didn't seem to have a good impression of the Li family, and his heart was in his mouth.

Even if they couldn't befriend him, they couldn't make enemies!

Unexpectedly, they all stood up together.

He saw Chu Liang, who always had his eyes on the top of his head and everything in his eyes. With a respectful expression, he obediently walked to the front of the hall.

The messenger of death also had a solemn expression and walked side by side with the messenger of yang. The two of them walked forward until they reached the front of the hall.

He stopped three steps away from the short man.

The entire Li family looked at this scene in a daze.

Old lady Jiang stood in a corner, dazed.

"Messenger of death greets master."

"Yang's Messenger greets master." The two messengers of death, who were famous throughout the world and whom everyone wanted to curry favor with, knelt in front of the youngest person in the hall.

His knees hit the ground, his back was bent, and his head hit the ground.

He gave a deep kowtow.

Jiang huailu's back was facing the crowd. He turned around leisurely with an indifferent expression.

The prayer beads in old lady Jiang's hands broke one by one, falling to the ground and scattering in all directions.

Old lady Jiang's body went limp, and she collapsed to the ground.

He looked at the front of the hall in shock.

How could this be? how could this be? What was he shouting? What was she calling? The old lady was dumbfounded and her heart almost jumped out of her chest.

However, his burning heart immediately turned cold.

The corners of Jiang huailu's lips curved up slightly. He raised his hand and the two messengers of death stood up.

The Li family felt like they had fallen into an ice cellar.

Old master Li's body turned cold.

Master, they called her master.

Call that child, master!

The person who had caused a change in huangdu and the world was actually that child!

## Chapter 182: Repentance (1)

The two messengers of death were standing three steps away from her.

The Li family was completely silent.

He could only hear the wind whistling and the roaring Thunder.

The heavens were punishing him.

“What did you call her? What did you call her?” Old lady Jiang was almost scared out of her mind. She trembled as she tried to stand up, but her body was so weak that she couldn’t muster any strength.

He had no choice but to stumble over, almost going crazy.

What did the Jiang family’s children that she had abandoned call her?

Old lady Jiang was on the verge of a mental breakdown, and one could hear the fear and disbelief in her voice.

Consort Chu was even more frightened, “what did you call her?” Why do you call her master? She’s only here to bring my son’s soul to him. Why do you call her master? If the Savior knew about this, I’m afraid he’d punish us.”

Chu Shi still couldn’t believe it. Her son was already kneeling on the ground in a daze.

you’re the messengers of yin and yang, the ones who get rid of evil. Don’t call me the wrong person. Consort Chu murmured.

Chu Liang lowered his head and didn’t dare to look at Jiang huailu.

On the other hand, Messenger of death Zhu Yan chuckled.

“The difference of yin and yang doesn’t have the heart to care for the world, and I also don’t have any benevolence or great love. I’m still an evil spirit, not harming others is already the greatest mercy I can show.”

“We are getting rid of the evil because she wants to.” Chu Liang looked at Jiang huailu and said in a low voice.

“She is the master of the hall of salvation. He was the master of heaven and earth. The world would be clear because of her, and evil would be cleared because of her. What’s the point of fawning over me?”

Chu Liang looked at the Li family members as if they were dead. They had all fallen into her hands and no one in the world could save them.

“The Savior is actually a child. She’s just a child ...” The master was stunned. He suddenly thought of her bow just now, and the difference of yin and yang had watched her bow.

This was asking the Li family to make a huge mistake!

“Please forgive me, Savior. I’ve committed a grave mistake, and I’m willing to serve you for the rest of my life. I beg you to forgive me, I beg you ...”

Grandmaster immediately kowtowed until his forehead was full of blood.

The fear in his heart was indescribable.

The child who had the fate of a Phoenix was actually the Savior.

Not only did he save the world, but he was also the Savior of His Highness Lu huaijiang.

Grandmaster’s face was pale, and he was drenched in sweat as if he had just been fished out of the water.

“There are thousands and thousands of people who want to follow her! Are you even worthy?” Chu Liang’s face was filled with hostility. you have a skill that no one can reach. Yet, you didn’t use it to expel the evil. Instead, you used it to do such evil things. The heavens will not forgive you!”

The master kept kowtowing, “I didn’t want to either, it was the Li family who forced me.” It was all the Li family’s doing. It’s the Li family’s idea to get married to a child of this age.”

Concubines had long been scared out of her wits. She got up and rushed madly at the master, hitting and scratching him.

“You’re talking nonsense, you’re talking nonsense.” His expression was one of madness.

why is Savior a child? why is he a child ... How could it be ... Where is she?” Old lady Jiang mumbled. How could it be her?

However, when they thought about it carefully, people said that the Path of

Exile was fraught with danger, but none of them had been killed by the evil.

Even that day, when she sacrificed Jiang huailu to the evil spirits, the evil spirits retreated in an instant.

that day in the misty forest, the evil suddenly retreated ... The old lady’s throat was dry, and she spat out the words one by one.

“I’m the nemesis of evil.” Jiang huailu said softly.

The old lady suddenly sat on the ground and burst into tears..

Chapter 183: She knows about the matters of heaven and earth (1)

“No wonder, no wonder the hall of salvation suddenly took effect. The salvation Hall of the barren capital has been around for many years, but it only came into play

when you arrived. The rise and fall of the world was actually tied to one ... The child.” Old master Li’s face was filled with bitterness.

“The Savior of the world is actually a child.”

“Who in the world can guess that?”

Old lady Jiang stared at her as if she had just met her.

He opened his mouth, but under her indifferent eyes, he couldn’t say a single word of flattery.

“You, as a heavenly master, are loved and supported by the people. You don’t seek justice for the people and help the evildoers. You deserve to die.” Jiang huailu pointed at the master.

He ignored the master’s wailing and moved his hand to the side.

The person she pointed at cowered, and consort Chu’s face was filled with horror.

“As a mother, you love your son. He should never hurt her in the name of love. He was born and raised by his parents, who is taller than who?” Jiang huailu’s expression showed a rare bit of anger.

Madam Chu begged for mercy, but Jiang huailu didn’t listen. “I shouldn’t have hurt you, I shouldn’t have insulted you,” she cried.

Jiang huailu shook his head slightly but didn’t say anything.

The messenger of death spoke on her behalf, “it doesn’t matter if it’s her or not.” In her eyes, your son is of the same status as a beggar on the street. Even if you hurt a child beggar on the street today, the end result will still be the same.”

Madam Chu bit her lower lip until it bled.

There was obvious disbelief in his eyes.

“Fame and fortune are fleeting to her. Do you think she really cares about money? Do you really think that the Savior is so high and mighty, just like the rest of the world?” Chu Liang sneered.

Jiang huailu’s throat was slightly itchy, and he coughed lightly.

It’s too much, isn’t it? Isn’t that too much? Actually, she was not that otherworldly.

She ... Didn’t she still have a bunch of assets ..

Jiang huailu felt guilty for some reason.

Jiang huailu raised her hand and pointed at old master Li. Old master Li took in a deep breath and said with a solemn expression, “This little one knows nothing about this. It was this foolish woman who acted on her own initiative and acted recklessly. It’s this one who didn’t manage his wife and child well and caused a big disaster.”

No wonder he was an official and a politician, putting himself in the position of a victim the moment he opened his mouth.

On the contrary, it was consort Chu who gave him a deep look.

The Li residence seemed to be isolated from the outside world. There was no sound at all. No one came to knock on the door despite such a big movement.

“You have a good life.” Jiang huailu glanced at him and shook his head.

“The Li family had a stroke of good fortune a hundred years ago, and their lives turned white for generations. However, due to an opportunity, they became officials from white. If Lulu’s guess is right, the Li family has been giving out porridge to disaster victims since ancient times, or they’ve been doing good things without asking for anything in return, right?”

Old master Li nodded, “the Li family rules are as such.” I’ve never dared to forget.” Old master Li’s forehead was covered in sweat.

His father was old and muddled now. He no longer cared about matters.

But now, he would say something from time to time, telling him not to forget to do good at all times.

This was the foundation of the Li family.

He didn’t believe it.

Ever since he took over the Li family, he had cut off the provision of porridge and the Li family’s way of doing good.

It had been broken for twenty years.

“The Li family seized a chance a hundred years ago and climbed to their current position. He only had one career, but because of the Li family’s hundred years of good deeds, he continued all this. Actually ...” Jiang huailu smiled slyly and winked at old master Li..

Chapter 184: The Savior is not kind (1)

“Actually, old master Li, you didn’t do anything. In the end, I’ll still be able to return to the capital.”

“The Li family has been doing good for generations. Even if you don’t do good in your life, it’s just that your descendants don’t have the opportunity to be officials. But yours is still here.”

“Even if you don’t do anything in huangdu, you’ll still come back to the capital One day.”

Jiang huailu's words seemed to have injected energy into old master Li. His entire body trembled and his eyes instantly lit up.

Even consort Chu couldn't help but cry tears of joy as she happily congratulated old master Li.

Jiang huailu waited for him to calm down before saying, "I'm talking about the situation where you don't do anything. But now ... You've done it. "

Old master Li's face instantly drooped down and he looked really nervous.

"What do you mean by that?" old master Li asked anxiously, his breathing becoming unstable.

"If you do nothing, you will return to the capital sooner or later. But you shouldn't have known that your wife and son were scheming against others, especially me. "

"I alone am enough to offset all the Li family's achievements."

"That kneel just now, the Li family's hundred years of hard work was all for nothing. "

Jiang huailu didn't care about his mental breakdown and looked at the chubby young master called Chen 'er.

"What about you? you're paying off your past life's debt by dying early. But you've made a great mistake in this life, and you'll never have the chance to reincarnate. I'll grant you the right to disappear from the world." Jiang huailu didn't have any sympathy for the alien race. He raised his little hand, and the dark soul hiding behind the GUI family let out a miserable scream before turning into Starlight and disappearing.

"My son!" Madam nie wailed mournfully.

He tried to move forward to retain some of the Starlight, but little by little, it slipped through his fingers, leaving nothing behind.

"You're so cruel, so cruel, aren't you the Savior of the world? Don't you want to save people from suffering? don't you have a compassionate heart? Why are you so cruel? You're not dead, so why did you hurt my son?"

Lying on the ground, she spoke incoherently due to her grief and anger. Jiang huailu's expression was indifferent, "mercy is only for the kind, and only for the innocent." Those who deserve to be killed must be killed."

She wasn't a simple-minded person.

Her godmother had raised a bunch of chickens, ducks, and geese up there, and it was inevitable that a few of them would be unsightly.

Her godmother had said that people loved to kidnap the gods 'morals.

As long as you had no morals, the other party would not be able to kidnap you!

Godmother was right.

Jiang huailu looked at the old lady, who was looking at her in a daze. At this moment, the old lady had no tears to shed. Endless regret had eroded her.

How she wished that all of this was just a dream. When she woke up, this granddaughter of hers was not a Savior, but a girl who was engaged.

Or .

She had never offended her, and she was still a young lady of the Jiang family, the Savior of the Jiang family that only belonged to the Jiang family.

Jiang huailu seemed to sigh.

“Is the Jiang family’s ancestor’s surname fan?” Jiang huailu asked casually.

“Yes,” old lady Jiang replied after a pause. The ancestor’s surname was fan, and ancestor fan married an ancestor of the Jiang clan, which gave birth to the Jiang clan.”

Jiang huailu nodded, “that’s it.” “Fan is the surname of the country. The ancestor of the fan family had some disputes with my elder, so I was allowed to reincarnate into the Jiang family.” I’ve already repaid the Jiang family’s kindness.”

The old lady’s eyes lit up.

“But, big brother is also a descendant of the Jiang family. I only need to be responsible for my brother.” Jiang huailu shook his head.

“For the sake of our short grandfather-grandson relationship, I can tell you this in a friendly manner. The Jiang family’s days were numbered, and they had even provoked a weasel because of Jiang huaijin. A weasel asking for a debt is destined to have no peace in his life.” Jiang huailu stood up after he finished.

Of course, Jiang huailu wouldn’t say that he was a person who would repay kindness and revenge. She couldn’t return good for evil.

She had told old lady Jiang everything on purpose so that she would live in regret for the rest of her life!

Chapter 185: burning heavenly fire 1

Behind him, an old man staggered out.

“Do good, accumulate virtue and do good. Only then can the Li family last.”

“Son, have you given out the porridge? Was he doing good? Is my Li family’s kindness Hall still around?”

“The family rules can’t be forgotten, can’t be forgotten.” The old man seemed to be muddleheaded and abnormal. He stumbled and limped a little when he walked. He had injured his leg during his exile.

Old master Li suddenly hugged his old father and cried.

“It’s all my fault, all my fault. Your son has harmed the Li family. Your son has let down the Li family’s ancestors.” Old master Li lowered his head and stomped his feet. He wanted to see that the Savior was still young and had a trace of compassion.

However, he did not dare to place his hopes on the Savior.

He always felt that this girl had learned from the experiences of her predecessors and was very guarded against the world.

Old master Li looked at the Jiang family, at least they were in a worse state.

Jiang huailu walked out of the door. Although she was young, no one dared to underestimate her.

Old master Li even thought that even if she was exposed to the public, no one in this world would be able to control her. “What is the punishment for privately betraying you to a spirit?”

Chu Liang followed behind her and asked softly.

“He deserves to be executed.” Jiang huailu did not even turn his head. After he finished speaking, he stood by the door and looked at the people coldly.

Everyone’s heart tightened when they heard her emotionless words.

“Lulu, I’m your grandmother. I’m your grandmother. Even if you don’t owe me anything, I’m still your grandmother. Lulu, grandmother knows her mistake ...” The old lady cried and shouted, almost fainting on the ground.

The sky above the Li family was covered with dark clouds.

The people of the barren capital watched from a distance. They felt that the Li family was shrouded in it.

The two neighbors had already moved out of their houses in fear, and someone even knocked on the Li family’s door out of kindness.

However, the Li family did not make any noise.

They only thought that the Li family had already moved away, so no one thought much about it.

He only dared to turn back after he had walked far away.

“There’s still lightning and thunder up there. The Li family hasn’t sent anyone out yet. I wonder if he has gone out?” A neighbor nagged, but after a few words, he didn’t go back. His life was more important.

At the Jiang family’s old residence.

“Where is Lulu? You were the one who said that Lulu was your daughter and that you shouldn’t create a barrier between you and her, so I sent her back for half a day. Half a day later, Lulu was nowhere to be found. How are you going to give me an explanation?”

“Jiang yubai, are you even human?”

“Even though I shed countless tears when I married you, I’ve never blamed you. You truly admired me back then, so I don’t regret this marriage. But Lulu is your daughter, do you even have a heart? During her exile, she had wanted to abandon her deer several times and sacrifice them to the evil. When she came to the barren capital, Lulu’s disappearance was even more of an excuse. She was Lulu’s grandmother, and she had countless children and grandchildren.

But Lulu is your child!”

“Where do you think Lulu is? You promised me that you would take good care of the child!”

go and find her! Find her! The Xia clan broke down, and they looked at Jiang yubai with eyes full of hatred.

Now, there was no longer any face left.

“What’s that over there? What’s falling from the sky?” Jiang huaijin stared at the sky in a daze. A ray of light suddenly streaked across the silent and dark night sky.

It illuminated the entire night sky of the barren capital.

It also left a deep impression in everyone’s hearts.

“It’s fire, it’s fire, it’s heavenly fire!” A shrill cry broke the silence of the barren capital..

Chapter 186: The heavenly fire burns \_1

Following the scream, everyone looked up at the distant night sky.

The night in the barren capital was always quiet.

But at this moment, it exploded.

“What’s that?” what’s falling from the sky? is it coming toward huangdu? ”

“Run! It’s heavenly fire, heavenly fire! The heavenly fire is coming toward huangdu! It’s the heavenly fire!” A shrill cry rang out, waking up the entire barren capital.

Lights were lit up all around, and the dark Long Street was instantly lit up like a long Dragon.

“Have you noticed that there are no messengers of death patrolling tonight?

Where did the messengers of death go?”

The people of Huangdu, who had finally gotten some peace, knelt on the ground when they saw that there was no Messenger of Death on the long Street and the sky was full of fire.

“This is a city of exiles. We’ve made a great mistake, and we deserve to die. I beg the heavens to spare the child, spare the innocent child.”

“I can feel the heat. The heavenly fire is getting closer.”

There were screams everywhere, and the people in the outer city fled out of the city in a panic.

The soldiers guarding the city gate looked tense. That day, the fire was spreading towards the Huangdu city like a hot knife through butter. Now that they were close, they could feel the heat of the heavenly fire. The soldiers held their weapons tightly and looked at the refugees with fear.

“Retreat! Everyone, retreat!”

“The city of exiles, without a special pardon, you are not allowed to leave!” The soldiers pulled out their sabers and pointed the tip of their sabers at the sky.

“Everyone, back off! Don’t get close! Take one step out of the city gate and kill without mercy!”

The soldiers drew their knives in unison.

The people in the outer city were panicking. The old and young dragged their families to kneel on the ground at the city gate.

“General, please show mercy, please show mercy. We don’t have the intention to escape, the heavenly fire is going to burn the city!” The people were terrified. There were countless people at the city gate, densely packed with human heads.

The heavens want to kill us exiled sinners who have committed great mistakes. The heavens want to kill us!

Even the soldiers guarding the city were terrified. Who wouldn’t respect the wrath of the heavens?

However, if they let the exiles take one step out today, their heads would fall to the ground another day.

The two sides were in a stalemate. The people had been in exile for many years. However, there was no Hall of Salvation in the past. It was the soldiers who patrolled every day to maintain law and order and to fight against evil at the same time.

The two sides were in a deadlock. At this moment, a commoner suddenly pointed at the flowing fire in the sky with wide eyes.

“Look, the heaven flame has jumped over the outer city and landed in the inner city.”

“The heavenly fire has descended into the inner city!” The people in the outer city pointed at the inner city in shock.

The moment the heavenly fire fell to the ground, it ignited into a raging fire that seemed to be able to burn everything.

The flames soared to the sky.

“Immediately send people to put out the fire.” The general frowned. Why did all the heavenly flames land on the same spot?

A group of soldiers left in a hurry, and there happened to be people from the Fang family among them.

The people in the outer city were slightly relieved.

At this moment, the inner city was panicking. However, most of the people in the inner city were from the Imperial court. After all, he had been through a lot and did not escape in a hurry.

He had only secretly mixed his descendants with the people in the outer city.

City Lord yang didn't even have time to eat dinner before he was called out by everyone.

“City Lord, something's not right. The heavenly fire is actually heading toward the Li family on the second Street of the inner city. All the heavenly fire fell on the Li family!”

City Lord yang led his men to the Li family.

At this moment, Jiang huaijin's face turned pale when he saw the place where the heavenly fire had fallen..

Chapter 187: Announcement to everyone (1)

“Where is Lulu? Where is my Lulu? Lulu went out with you and mother, so where are they?” Xia Shi stumbled and grabbed Jiang huaijin's shoulder.

“If I can't find my Lulu, no one will live. Don't let anyone live!” Xia Shi clenched her fingers, and her strength made Jiang huaijin feel pain.

you've made things difficult for Lulu time and time again! Xia Shi's face was full of determination. you're all Lulu's family!

Jiang huaijin's shoulder hurt, and his eyes were filled with tears.”First aunt, Xuxu's shoulder hurts. Uncle ...” Jiang huaijin's tears fell, and Jiang yubai hurriedly stepped forward.

Before Jiang yubai could speak, Madam Xia had already freed up a hand and slapped him.

Xia Shi turned her eyes, her eyes red, without any of her previous weakness.

His eyes were cold.

“Jiang yubai, if anything happens to Lulu, I'll definitely make you pay with your life! You said that you're Lulu's father, and that you didn't want her to be separated from her father. That's why I agreed to let her come to the Jiang family. I only agreed to it because of you!” The summer clan almost roared out.

Yuan-Shi and Jiang Yuqing, who were carrying their children, stood on the side, avoiding Xia-Shi's eyes.

Although old lady Jiang had never told them, they had a rough idea of what was going on.

“The heavenly fire has landed on the Li family, in the inner city. Everyone, quickly put out the fire.” Someone on the street shouted at the top of his lungs. Jiang huaiye gasped.

He couldn't believe it.

It was indeed the Li family!

Madam Xia saw that she had lost her composure and heard the words ‘Li family’ and ‘heavenly fire’. Madam Xia stepped back weakly.

“It's the Li family, the Li family.” Mrs. Xia murmured, turned around and ran away like she was crazy.

Jiang Huaian had already rushed out when Jiang huaijin's expression changed.

The two of them left in a hurry. Jiang yubai suddenly looked at Jiang huaijin and asked, “Lulu and mother are really at the Li family?”

Jiang huaijin's heart was in a mess. Heavenly fire had descended. Where did the heavenly fire come from?

There was no such thing as heavenly fire in his previous life.

Jiang huaijin had already revealed some fear.

Why was it so different from his previous life? From the time Jiang huailu was exiled and failed to offer sacrifices to the evil, it was completely different. Jiang huaijin didn't dare to say anything more and just ran away.

The group of people actually headed towards the Li family.

Since everyone was in the inner city, it didn't take much effort to rush to the Li family. However, the scene was chaotic at the moment, and the guards were constantly watering the plants with buckets.

this fire is really strange. Only the Li family is missing. Not a single brick or tile next door has been burned!

that's not all. The water can't put it out at all. In fact, with every bucket of water poured on it, the fire can be seen to rise a little.

The guards were all shocked.

At this moment, many nobles in the inner city had sent people to inquire about the news, and it was noisy with people coming and going.

Old Mrs. Wen was already lying on the ground unconscious, her face pale. “It's a sin, a sin. This is a punishment from the heavens.” A woman spat at the fire.

“I'm a laundry maid hired by the Li family next door. The Li family is not a good thing. The Li family was originally married to the Wen family, and they had some power in

the Imperial court. He didn't have a good reputation in the capital. I didn't expect that even after falling into the barren capital, he still hasn't changed. "

"The Li family lost their seven-year-old son, and that consort was making a fuss about arranging a marriage for her son, and she also wanted to find a girl who was excellent in all aspects. I didn't think that there would be such a vicious woman."

"In the evening, an old lady came. The old lady was still putting on airs, holding the hand of a little girl who was as fair as Jade. Aiyo, that girl is the one who looks good. If it was the granddaughter of an old woman, she would have taken good care of her precious. But that old lady sent her granddaughter in and never came out.."

Chapter 188: I've returned the favor of giving birth and raising you (1)

"You guys didn't see it, but the Li family originally had a white banner hanging on it. Today is the seventh day of the Li family's young master's death. The red silk hanging on the White silk is for the wedding."

"They're all heartless things."

the Li family has no conscience. The old lady who sent her child to marry her is not a good person either.

"I only pity that little girl and kept calling her grandmother. I came to get the protective talisman. Her mother and brother were still waiting for Lulu to come back. Oh my, how pitiful."

"When it's dark, the gongs and drums will be sounded. Old master Li also went in. To hold a Ming marriage for a dead person, and to marry a living girl at that, it was really scary. That child doesn't know anything yet."

"I'm afraid that the heavens can't bear to see such an eyesore, and specially sent down heavenly fire to burn everything. I don't know if that little girl has come out or not, she is really pitiful." The woman sighed.

When Mrs. Xia heard this, her body went soft and she fell straight to the ground.

His eyes were dazed, and when he saw the flames in the sky, he almost went crazy.

Jiang Huai 'an clenched his fists tightly. His eyes were red, and his chest heaved. His shoulders trembled.

He turned around and clenched his fist at the middle-aged man who just arrived.

"Ah!" Jiang yubai clutched his face as he was smashed to the ground.

A trace of blood seeped out from the corner of his mouth.

Jiang Huaian's gaze was like that of a wolf cub that didn't recognize its own family. The last trace of warmth he had when he looked at Jiang yubai had also disappeared tonight.

Jiang Huai 'an didn't say a word. He only went forward to help the weak Xia Shi up.

"It's my fault. I shouldn't have believed him. I'm the one who harmed Lulu. I'm the one who harmed Lulu." The Xia family pushed Jiang Huai 'an away, stumbling as they rushed into the sea of fire.

Jiang Huai 'an held her hand tightly. The fire was burning, and the heat was scorching.

Everyone avoided him.

Only Jiang Huai 'an managed to knock his mother unconscious with his bare hands.

Since the Fang family was present, young master Fang walked forward, and Jiang Huai 'an handed the Xia Corporation to him.

Jiang Huai 'an's expression was calm as he glanced at the sea of fire. "Brother Fang, you have the one hundred taels of silver that I've temporarily saved. If I don't come back, you will hand it over to her. Let's say that Huai 'an felt guilty towards her and had no way to repay her in this life. I can only return it in my next life. If I return, there's no need to say more."

Young master Fang paused, as if he wanted to persuade her.

Jiang Huai 'an knew what he was thinking. He laughed bitterly."My mother's entire life was because she trusted the wrong person and loved the wrong person. To put it in a Renegade way, the wrong path she took was her own choice, and she could not blame others. "But Lulu was born innocent, and she suffered because of all her mistakes. If I don't help her, no one can. Regardless of whether I can find her or not, she is my younger sister in this life, so I should take this risk for her. " Jiang Huaian's tone was calm.

Young master Fang's throat was stuck. In the past, he had only thought that a group of scholars from the Jiang family would not be able to advance in the barren city.

Unexpectedly, Jiang Huaian was a man of blood.

It was a pity that the Jiang family had eyes but failed to see. He was actually willing to throw away the only unpolished Jade, leaving behind a pile of ugly melons.

Jiang Huaian turned around and looked at the helpless man on the ground. "Lulu suffered because of you. You're the father of Lulu and I, and there's no solution for this." After saying that, he stopped and the man on the ground seemed to look better.

Jiang Huaian continued, "the grace of giving birth and raising you is greater than the heavens. We're unable to repay you. But today, I'm willing to give up my life to save Lulu. No matter if we were to die in the sea of fire or if we were lucky enough to survive, we have repaid your kindness."

Everything that had happened today was because of him. Whether he lived or died, he was no longer a son of the Jiang family.

After Jiang Huaian finished speaking, he jumped into the raging fire without hesitation.

Behind him, Jiang yubai's eyes were about to pop out, "no!" No! I don't agree!" Jiang Huaian stepped into the sea of fire with his desperate roar..

Chapter 189: Buried in the sea of fire? \_1

"I don't agree. You're my son when you're alive and you'll be my son when you die. This is a bloodline that can't be cut off, a bloodline that can't be cut off!"

Jiang yubai's heart ached when he heard that Jiang huailu zang was brought to the Li family by his grandmother to get married.

Even when he knew that Jiang huailu had probably died in the sea of fire, he was in so much pain that he wished he was dead.

But Jiang Huaian had his life in his hands.

He had cut off the debt of raising the Jiang family and had no more ties with them.

He was Jiang yubai's eldest son, the eldest grandson that the Jiang clan had spent all their efforts to nurture. If he left the Jiang clan, it would be a heavy blow to the Jiang clan.

Any man would not be able to tolerate a bloodline rupture.

Jiang Huaian's act of severing ties with his family had instantly left Jiang yubai all alone.

To him, this was even more unacceptable than Jiang huailu's death.

The crowd looked at Jiang yubai with disdain. Young master Fang shook his head. Jiang yubai didn't have much wisdom in the Imperial court.

He was relying on the connections left behind by master Jiang.

Old master Jiang was old and muddle-headed. If he had the foresight, he would have given up on his eldest son and raised his eldest grandson. The eldest grandson's talent and perseverance were far above the eldest son's. If the Jiang family had any hope of returning to the capital, then everything would be tied to Jiang Huaian.

Jiang Huai 'an stepped into the sea of fire and felt the intense and scorching tongues of fire.

It was nibbling away at his skin bit by bit.

He could feel his skin being burned by the fire. He could feel the pain penetrating into his bones. He could clearly feel the skin all over his body exploding.

His Lulu was also suffering the same pain.

Jiang Huaian almost cried.

He felt sorry for his sister and cried.

"Lulu. Lulu. Big brother is here to find you."

Lulu! Jiang Huaian's voice was hoarse. The fire was blinding. Jiang Huaian ran around to avoid the collapsed beams.

“Big brother is here to take you home.” Jiang Huai ‘an rushed into the fire and saw a Man on Fire rolling on the ground. Jiang Huai’ an glanced at him. It wasn’t his sister, so he didn’t stop.

“Qianqian, help, help ...”

The sea of fire was filled with wails, but they seemed to be unable to find an exit as they scurried around in the fire.

“Save me, I am. I’m, the clan ... An old woman covered in sparks grabbed Jiang Huai ‘an’s ankle with difficulty. Jiang Huai’ an lowered his head and took a look.

The moment their eyes met, both of them recognized each other.

“I am ...” The old lady was delighted. As soon as she finished speaking, Jiang Huaian turned around coldly and stepped on the old woman’s burnt palm. He called out to Lulu and left.

The fire seemed to want to burn everything and devour everything without restraint. Everywhere it went, it turned into ashes, but it only burned the Li family, which was really terrifying and surprising.

Jiang Huai ‘an endured the pain and cried as he walked. “Lulu, big brother’s Lulu.”

His voice was mournful, and he was trying to hold back the pain that was about to overflow from his throat.

Jiang Huai ‘an’s vision blurred, and the fever made him dizzy. He only felt that his body was in even more pain. His figure was staggering, like a man on Fire, aimlessly searching the mansion.

He staggered and fell to the ground, his skin turning black.

Her skin was dry and dark.

Jiang Huai ‘an’s palm leaned forward and he called out in a daze, “”Lulu ... Big brother will bring you home. Let’s go home, home. Don’t be afraid, big brother is here to save you.”

Her eyes could no longer see clearly, but she did not forget to call out for her sister even as she fell to the ground.

In the fire, he seemed to see a small figure walking out of the fire. x

Her eyes hurt, and she couldn’t see clearly.

In a daze, he felt all the heat instantly dissipate.

His burnt body was cold, comfortable and pleasant..

Chapter 190: What a good scolding (1)

It hurt. His entire body hurt.

Jiang Huaian lay in the fire, barely breathing. His eyes were dazed, as if he was hallucinating.

His sister, who he had been searching for, had arrived in the sky. She stepped on the scorching fire, and the fire around her opened a path for her.

She walked in the middle, fair and tender, her eyes pure like a child's.

Jiang Huai 'an thought that he had probably gone crazy trying to save his sister.

Lulu was so young, how could the fire avoid her?

Jiang Huai 'an's mind felt heavy, and he couldn't hold back his exhaustion. His eyes drooped a little. The moment he closed his eyes, he felt that the burning aura in his body seemed to turn cold, and a chill dispelled his pain.

It was as if he was in the water.

When Jiang Huai 'an closed his eyes, Jiang huailu gently grabbed her brother's hand. The young man who had been burnt all over just now had skin as white as snow in an instant, and it was even more tender than before.

Chu Liang took a look and opened his mouth, but he didn't say a word.

Damn, you're too eye-catching. Those who don't know might think that he came to the fire field for a beauty.

"Protect my brother." Jiang huailu's heart was soft. Even if she could save the world, she was willing to be his weak and helpless sister.

Chu Liang was a man and a stranger, so he immediately carried him out.

Zhu Yan bowed and said in a low voice, "master, I'm sorry." After he finished speaking, he carried Jiang huailu with both arms. The two Yin Yang differences each carried a person and flew out.

The raging fire did not stop for a long time. When the yin Yang mistake sent the people out, the two children, one big and one small, were unscathed.

Mrs. Xia, who had woken up, broke down and ran forward, crying and laughing while holding the two children.

Buddha, please bless us. Savior, please bless us. Madam Xia knelt on the ground and hurriedly kowtowed a few times. Young master Fang hurried forward to help carry the two back to the carriage.

He didn't even look at the Jiang family from the beginning to the end.

"Where's mother? mother has not come out yet. Our mother has yet to come out." Jiang Yuqing was screaming and shouting outside the fire.

There were many officials standing behind city Lord yang, and at this moment, they were all secretly looking at yin-yang difference, who was holding the soul suppressing rod and the soul binding chain.

Jiang Yuqing shook his big brother and said, "big brother, quickly go and beg master yin-yang Messenger." They had even saved two children, not to mention their elderly mother. How could mother hold on?"

Only mother was most biased towards the second branch. If mother left, Jiang Yuqing would not have any good days.

Jiang yubai didn't think too much about it. He turned around and walked toward the two Lords who had indifferent expressions and seemed to be isolated from the rest of the world.

City Lord Yang's brow furrowed. So this was the man who had separated his wife and child.

But thinking of yin-yang difference's good attitude towards Jiang huailu, he didn't stop him. Perhaps he would give Jiang yubai some face.

"I beg the two Daren to save the old mother in the fire? The old mother had given birth to the son of the residence and had done a lot of hard work. It is the grandmother of the two children just now. I beg the two adults to save the old lady for the sake of the children." Jiang yubai had yet to kneel when he heard the messenger of yang speak.

"Are you referring to the old lady with white hair and a silver hairpin on her head?" Chu Liang asked casually. He held the soul-subduing cudgel with one hand and leaned against the wall.

There were clearly people all around him, but the area within three meters of the yin Yang difference was a vacuum.

Jiang yubai's expression brightened. yes, yes. Has Your Excellency seen it? "

Chu Liang replied with an "Oh."

Her eyes were lowered, and her expression could not be seen.

"I saw it." His voice was faint..
