

The Savior 191

Chapter 191: Don't touch me (1)

“But why should I save her? As an elder, she didn't set an example, but instead committed crimes like thieves and prostitutes. She even ruthlessly sent her thoughts to her own granddaughter. The heavens had sent down punishment, and she was the one who was punished. Why should I save such a vicious woman?”

“You really think you're a piece of cake? Who Do You Think You Are? how dare you ask me to save that evil woman!” Chu Liang laughed sarcastically.

Jiang yubai's face turned purple as he muttered, “Daren, isn't saving the world your duty? My mother is old and muddled. I hope you will give her a chance. As a child, I will definitely ..

“What do you mean? It's up to you whether you want to save us or not. Who told you that we're taking the world on our shoulders?” Zhu yanqiao said with a smile. Even your own daughter, the Savior of the world, didn't plan to take on the world as her own.

You're dreaming.

“I saved those two children because they were blessed and had a precious life. You're even protected by the heavens. Do you really think anyone is worth our time? But don't be anxious, your old lady can still be alive.” After Chu Liang finished speaking, he exchanged a look with Zhu Yan and disappeared into the darkness.

Jiang yubai's expression turned unsightly after being ridiculed so much. Being rejected by the messenger of yin and yang in public, he probably wouldn't have many good days in Huangdu.

At least the city didn't give up and kept putting out fires.

It was just that everyone was a little further away from the Jiang family.

At this juncture, who wouldn't want to curry favor with the yin-yang difference?

On the other hand, the Jiang family was blind. Their two children were clearly valued by the adults, but in the end, they were expelled from the family.

The heavenly fire was only extinguished when the sky was about to turn bright.

However, the Li family's house had been burned to the ground, and not even half of the bricks and tiles were left.

The crowd carried out one black skeleton after another, and they couldn't help but feel terrified.

there's still a living person here. Come and identify whose Fire Stick it is ... Bah, whose family are you from?” A guard shouted. At this moment, he pulled out a person who looked like a stick of firewood from the fire. His entire body was pitch black, with only a few traces of color left in his eyes. He was on his last breath.

Yang Cha said it in one breath, and indeed it was just one breath.

Everyone gathered around and gasped when they saw the tragic scene. There was not a single piece of flesh on his body that was in good condition. It was burnt everywhere. His head was even bald, and the charred flesh could be vaguely seen.

“I’d rather die. Living a life worse than death, I’m afraid that I can only lie on the bed for the rest of my life.” The surrounding commoners muttered. When the Jiang family came in, they didn’t recognize their old lady who had worked hard for them for a long time.

In the end, it was the silver hairpin on her head that made Jiang huaijin pounce on her.

“Grandmother, you’ve suffered.” The moment Jiang huaijin pounced on her, the old lady made a gurgling sound. Jiang huaijin’s heart ached so much that he kept wiping away his tears.

“Grandmother, what are you saying? What do you want to say?” Jiang huaijin grabbed the old lady’s dry hand and couldn’t stop crying.

Drops of tears fell on the old lady’s body. The old lady was so excited that her entire body was trembling.

Everyone couldn’t help but be speechless at this grandfather-grandson relationship.

“The old lady’s throat has been burned. I’m afraid she won’t be able to speak for the rest of her life.” Ah Yin, who was gnawing on the chicken feet, shouted.

The man was dressed like a young master and looked like a pretty young man.

Jiang huaijin lowered his eyes. Although he looked two years younger than him, he was well-dressed and was probably a rich man’s son.

“I don’t know what grandmother is talking about. Grandmother has always been close to Qianqian and most likely wants to talk to Qianqian.” Jiang huaijin wiped his tears and leaned closer to the old lady’s ear..

Chapter 192: no problem (1)

Everyone thought that they were deeply in love with each other. Although the old lady was vicious, her granddaughter was a good person.

Ah Yin spat and spat out some bone fragments.

“If I’m not wrong, I’m afraid that old lady said to get lost! Don’t you dare touch me!” Ah Yin rolled his eyes.

“The old lady’s body was burned until her skin and flesh were split open. Her naked flesh and blood were exposed. Is this marinating meat with salt? He would die from the pain. Look, you’re trembling from the pain.”

“This hand, ah, it’s so burnt that I can smell the fragrance of meat. You, grandfather and grandson, clenched your hands with such deep love that you even grabbed a handful of old lady’s flesh.” Ah Yin shook his head, completely ignoring Jiang huaijin’s pale expression.

He didn’t have the ability to show tender feelings for women.

He was a man in his bones, a man!

Jiang yubai hurriedly pulled Jiang huaijin away. As expected, he loosened his grip and tore off a piece of meat.

Jiang huaijin’s heart was filled with fear and uneasiness.

In fact, from the moment she held it, she realized that something was wrong.

Grandmother’s flesh was soft, as if it could be torn off with a gentle pinch.

Ah Yin gnawed on his chicken feet in a carefree manner as he walked toward the Jiang family’s residence with his legs crossed.

The maidservant behind him couldn’t bear to look at her, “you can’t just walk away like that, and you can’t lie.” This ...”

“Please take smaller steps, smaller steps.” The maidservant corrected him as she walked.

The young man pouted and rolled his eyes helplessly.

“Can I tie up this thing in front of me? It’s too much of a hindrance.” Ah Yin said casually.

“What is it?” the maidservant was stunned.

The young man pointed at his slightly developed chest. Those who didn’t know would think that he had developed pecs.

The maidservant’s face darkened, “don’t think about it!” Master, don’t torment this servant anymore. This servant girl has been sold by the old master. If you continue to torment her, this servant won’t be able to work for long.”

Ah Yin then disdainfully curled his lips and didn’t say anything more.

These few days, Zhu Zhu had not taken over her body, so ah Yin waited and decided to walk around the whole of huangdu.

He took this opportunity to remove all the people that little consort Li had left by Wen ruzhu’s side. The current maidservants were all newly bought.

You’re not allowed to call her miss Zhu Zhu, you have to call her master.

When ah Yin arrived at the Jiang residence, Madam Zheng had already invited many doctors over. The carriage at the entrance was carrying quite a number of medicinal herbs. Ah Yin jumped down from the carriage.

“It’s nothing serious. It’s really a miracle. More than sixty people died in that fire and an old lady was disabled. The only two survivors are the two children, right?” The old doctor stroked his beard and diagnosed.

Mrs. Zheng had brought Yang Feng to the Jiang family’s residence early in the morning to wait.

“Sister Xia, don’t worry. Physician Lin was brought here from the capital. He was quite talented. The two children are blessed by the heavens. After today’s suffering, it will be sweet in the future.” Mrs. Zheng comforted her in a hurry, and Mrs. Xia couldn’t help but cry.

“Alright, since we’ve already separated, then we’ll just cut off our relationship. What he was most afraid of was that it would not be clean and that it would cause more trouble. Do we, Lulu and Huai ‘an, have to be afraid of not being loved? You’re lucky to have these two children. Look at your two children, and then look at my little brat ...”

Mrs. Zheng couldn’t help but sigh.

“Mother, didn’t you agree not to mention me? In the future, your son will definitely be filial to you. If I go back on my word, I’ll be a son of a b * tch.” Yang pinfeng mumbled, but as soon as he finished speaking, his mother gave him a slap.

Yang pinfeng felt dizzy and hated himself for being beaten up for no reason.

That’s right, he didn’t even know why he was beaten up.

However, there was no injustice.

He had never been wronged when he was beaten..

Chapter 193: Is it a dream (1)

Last time, his father said that old Lin next door had died, and more than thirty tables were set up.

Looking at his father’s envious face, he said, “when you die, I’ll set up fifty tables for you.” He was beaten up again.

He was in a difficult position.

He was really in a difficult position. She had clearly told him to sit at 20 more tables, but he still had to be beaten up.

He knew that ever since he had Jiang huailu, his family had never liked him.

At this moment, he didn’t make a sound even after being slapped. He just silently covered his face and retreated to the side.

Anyway, he was used to being slapped, so two more slaps or two fewer slaps didn’t matter.

When ah Yin entered, Jiang Huai ‘an was just waking up.

As soon as he woke up, he saw the young girl sitting on the chair opposite him. She was dressed in men's clothes and her legs were spread out on the chair. He spread out his hands and placed them on the back of the chair on both sides. His legs were open, revealing the light pink inner clothes inside, which made him blush immediately.

"Doctor, Doctor, what's wrong with my son? Why is your face so red and hot when you just opened your eyes? is there some hidden injury?" Mrs. Xia had just helped her son up when she saw Jiang Huai 'an's hot and red face. Immediately, he sent people to carry the old doctor back.

"Mother, I'm fine. I'm really fine." Jiang Huai 'an hurriedly waved his hand, but when he raised it, he realized that there was not a single wound on him.

Her skin was fair and tender.

The old doctor sat down and took her pulse again, 'her heart is racing, and her palms are sweating ...' It's not an illness, it's probably the lingering fear from before."

The old doctor prescribed some calming herbs before leaving again.

Jiang Huai 'an glanced at the other side again. It seemed like the little servant girl behind her was pulling her legs together tightly.

Her sitting posture was like that of a Mountain King.

"Huai 'an, you silly child. You're all in trouble. How do you want me to live in the future? Are you trying to make mother regret it for the rest of her life?" Xia Shi's eyes were red and she couldn't help but wipe her tears.

Jiang Huai 'an lowered his head and looked at his sister lying beside him. Lulu's face was fair and clean, and she was snoring like a little pig.

Such an innocent and weak person, how could it be like the domineering aura he saw when he was unconscious?

Jiang Huai 'an rubbed the space between his brows. He must have been seeing things.

His younger sister was delicate and was still a child.

"Mother, if Huai 'an isn't going, who else can we count on? She only has big brother." Jiang Huai 'an's voice was low. Was he counting on that man?

Mrs. Xia's heart skipped a beat, and she didn't say anything more. She only held Jiang Huai 'an's hand tightly, not daring to let go.

"Mother is content with having you two children in this life."

Madam Xia wiped her tears and stood up in a hurry. "You haven't eaten yet after a busy night, right? Mother has boiled some soup for you, so I'll give you some." Xia Shi wiped her tears and hurried out of the door.

Mrs. Zheng had a good relationship with the Xia family now, so she followed them.

Yang pingfeng sneaked a glance at Jiang huailu and saw that her stomach was growling. She was probably hungry.

He quickly sent someone to the East of the city to buy her some braised pork shoulder.

The little maidservant gently nudged ah Yin, and ah Yin slowly walked forward.

“Ah Yin, do you know who saved me and Lulu?” Jiang Huaian asked casually.

Ah Yin nodded. The last time he came, he had told him his name, but he didn't expect him to remember it.

“It's the difference between yin and yang. The noble people in the inner city all saw that the yin-yang difference carried you out. That stupid father of yours still wants to beg Daren to save that vicious woman. It's a pity that Daren has criticized me. ’

“You guys are really lucky. The whole city is now saying that the Li family has no conscience and used a living person to get married. They have been punished by the heavens.”

“By the way, the Li family's son's grave was destroyed by lightning.” Ah Yin's tone was filled with gloating.

Seeing her bright smile, Jiang Huai 'an couldn't help but smile as well.

This girl was far too different from the first time they met..

Chapter 194: Zhu Zhu is unwilling to wake up (1)

“Yes, they deserve it.” Jiang Huaian saw the smile in her eyes and couldn't help but comment.

Ah Yin's eyes curved.

Outside the door, Madam Xia came in with a bowl of chicken soup.

There seemed to be the faint voices of the Yamen runners.

“Big brother an, I didn't find Lulu yesterday, so I reported to the government in a hurry. Now, the government has come to question us ...” Madam Xia handed the chicken soup to ah Yin. Ah Yin was stunned for a moment before he hurriedly took it.

Jiang Huai 'an's eyes darkened. mother, you don't have to worry about me. Just say what you need to say.

Madam Xia responded, and the old lady sent Jiang huailu to Ming for the wedding without permission. As a mother, she did not know that even a biological grandmother would be punished.

Jiang Huai 'an only chuckled after Madam Xia left.

If that man stood up and said that he was an insider and that he, the father, had agreed to it, the old lady would probably be able to escape from prison.

Jiang Huai 'an leaned against the headboard. He had been worried and scared last night. After a long night of work, he was hungry.

When he smelled the thick soup in the air, Jiang Huaian felt a little nauseous.

Jiang Huai 'an looked at her with wide eyes. Ah Yin picked up the spoon and blew on it.

Jiang Huai 'an's ears turned red. Why did his mother ask a little girl to feed him?

Jiang Huai 'an rarely looked at girls, even in the school, there were always girls who blushed and stole glances at him. He didn't look at her, and even ignored her coldly.

However, at this moment, it seemed as if the surrounding air had become hotter.

Jiang Huaian raised the spoon and opened his mouth.

He opened his mouth ...

Only then did he realize that the girl was directly feeding him.

"Your mother is really polite. I just came to visit you, but she actually made me chicken soup. But your mother's cooking skills are really good." Ah Yin let out a comfortable sigh. After drinking a mouthful, his entire person felt comfortable.

Jiang Huaian?

I'm actually speechless!

He watched as she drank the chicken soup in front of him, finished the chicken leg, and burped.

Jiang Huaian was even hungrier.

Yang pinfeng couldn't explain it in a few words. He saw that ah Yin was full and ready to go back. Only then did she hurriedly catch up to him. brother Huai 'an, when Lulu wakes up, tell her that I've been here. After he finished speaking, he rushed out of the door.

Ah Yin, who had caught up to him, looked from behind. If it wasn't for his figure, he could vaguely tell that he was a girl.

Those who didn't know would have thought that he was some young master.

"When is Zhu Zhu coming back?" Yang pinfeng asked in a low voice.

Ah Yin glanced at him and said in a low voice, "These few days, zhuzhu did not make any sound. I returned the initiative of the body, but zhuzhu did not come back. I'll think of another way."

He had gained three pounds over the past few days, but that girl did not even make a sound.

Ah Yin was a little uneasy.

In fact, all these years, he had been watching his sister go into self-isolation. She was getting more and more tired of this world, tired of the deception and deception in this world.

Sometimes, when she didn't eat for a few days, he would secretly take the initiative of her body at night and sneak out to eat.

Now that she was silent, ah Yin felt very uneasy.

His sister had been suffering from a serious mental illness all these years. If it wasn't for his help from time to time, she probably wouldn't have been able to hold on until now.

As the people outside the house walked away, Jiang huailu slowly woke up.

It was as if nothing had happened, but the Jiang family had undergone a tremendous change because of this.

At this moment, the news that Lu huaijiang had regained consciousness had also been sent back to the barren capital.

For a moment, it was as if the barren capital had lost its parents.

Everyone's hope of returning to the capital was shattered once again.

The Jiang family was even more depressed. For the sake of the Jiang family's return to the capital, the old lady sent her granddaughter to the Li family for marriage.

In the end, His Highness woke up

Chapter 195: Lu xunlu (1)

When the news was sent back to the barren capital.

Lu huaijiang had been awake for more than half a month.

Because of his sobriety, the atmosphere in huangdu had been depressed for several months.

When the Xia family came back in the evening, her eyes were slightly red, but there were no traces of tears.

The son and daughter sat at the table. Under the light, Madam Xia served Jiang Huai 'an a bowl of rice, which was still steaming hot.' In the afternoon, the bailiffs will go to capture the old taitai. Your father said that he knew about this and that it wasn't considered kidnapping. The matter was over just like that.

It'S Just that ..."

Xia Shi looked up at her son and daughter.

"I asked him to remove Lulu from the family register. From now on, Lulu has nothing to do with the Jiang family. The lordmaster doesn't want your name." The old master almost knelt down in front of her.

Jiang Huaian's expression was calm. As for Jiang huailu, she didn't care whose family genealogy she was on.

"I will be willing in the future." Since he had already decided to remarry, would his wife be willing to take over the position of Yi zhangsun?

Even if he was not willing now, he would be in the future.

"Lulu, Where were you when I came in to look for you? Older brother searched half the residence but could not find you." Jiang Huaian asked.

Lulu's mouth was covered in oil. He raised his head with a look of uncertainty."I don't know. Grandmother had changed Lulu into a set of red clothes and wanted her to perform the wedding ceremony, but Lulu refused. I don't know what happened after that."

Jiang Huai'an pondered for a moment and nodded. He had indeed been seeing things.

Tonight, Jiang huailu and the Xia family slept together. It was probably because she had lost her and found her, and the Xia family no longer dared to let the Jiang family contact her.

He always brought it with him.

"Mother, why are so many people crying?"

In the silent Night, there were cries coming from every corner of the barren capital.

"His Highness Lu huaijiang has awakened. Many people here offended His Highness and were exiled. Now that he's awake, everyone's dreams are shattered." Madam Xia's tone was calm. When she went to the Jiang family today, the old lady had fainted from anger when she found out.

Planning everything was just a joke.

Jiang huailu made an "Oh" sound. He had woken up.

"I heard that when His Highness woke up, he completely eradicated the first Prince's dangyu who were dancing happily. After a while, there will probably be more people coming to the barren capital."

Jiang huailu let out a deep sigh. Sigh, it was a long way to go to kill the evil.

He didn't know if brother Lu Jiang would keep his word, but it would be great if he could help.

At night, Jiang huailu fell asleep in Xia Shi's arms.

But Mrs. Xia held her daughter and didn't sleep all night.

At this moment, the capital city was also brightly lit.

When His Highness Lu huaijiang woke up, he immediately grabbed the first Prince's henchmen who were hiding behind the scenes. Tonight, the entire city was brightly lit, and the commoners all shut their doors and windows tightly, cowering in fear and not daring to stick their heads out.

The officials and families were all trembling in fear.

His Highness had been in a coma for three months. When he woke up, he was still the one who controlled the life and death of tens of thousands of people and was feared by everyone.

"Your Highness, we've investigated for half a month, and we've found more than a hundred River deer throughout the great Zhou, but none of them are as Your Highness described. They found more than 30 world saving halls all over the great Zhou. There are also consecrators outside the great Zhou." The guard reported as he followed the teenager silently.

“There are very few people who use the word” deer “as their name, and there are very few three or four-year-old girls who are smart and have exquisite looks.”

The frosty young man frowned.

The subordinate behind him concealed his fear. His Highness, who had been in a coma for three months, had woken up and actually asked him to find a three or four-year-old girl.

No one would believe him even if he told the world..

Chapter 196: sacrifice to the heavens (1)

His Highness Lu huaijiang was cruel and merciless.

On the day he woke up, everyone thought he was going to wash the capital with blood.

The first Prince’s henchmen did not even sleep well for several days.

Noble consort Lin, who fawned over the Emperor every day, was so scared that she didn’t dare to leave the palace.

Who knew that the first thing His Highness did when he woke up was not to kill or purge the first Prince’s henchmen?

He was actually looking for someone.

“I’ve found over a hundred River deer, but not a single one of them has an eidetic memory, and not a single one of them is intelligent.” The subordinate reported.

Lu huaijiang gently raised his hand and the guard silently disappeared into the darkness.

“It’s actually Zha Wu?” Lu huaijiang chuckled and a chill could be seen on his face.

Could it be that I am outside of the great Zhou?

He had always been trapped in the hall of salvation and had little contact with the outside world. The one he had the most contact with was that girl.

Lu huaijiang slightly pressed his eyebrows. He seemed to have forgotten something important.

It was extremely important ...

“Your Highness, the Empress has invited you.” The palace servants behind him hurried over with their heads lowered, not daring to look at him.

Lu huaijiang walked towards the Empress’s Palace with a black cloak on.

When they arrived, dinner had already been laid out in the palace.

The Empress was dressed in casual clothes, and there was a smile on her face, as if she had lost some of her fear.

“Your son greets mother.” Lu huaijiang saluted with a straight face, and the Empress nodded with a smile.

“Mother has ordered people to prepare dinner, you should at least have some. It’s been three months, and my son’s body is getting thinner.” The Empress looked at the young man. It was as if her son had grown up in the blink of an eye.

By the time she gave birth to the child, noble consort Lin had already stabilized, and she had never dreamed of ascending to this position.

However, she had never thought that this child would push her up to a high position step by step. This child had been born in the color of blood.

When the child was just one year old, he was taken away by the Emperor to be personally raised.

The Empress had watched him use bloody methods to suppress the world until he was seven or eight years old. Even she, the Empress, was afraid of him.

At that time, he had bathed Feng Yi Palace in blood.

Lu huaijiang was well-mannered and his every move was filled with nobility.

The Empress watched him until the meal was over.

He felt that his son was a little different from three months ago.

The Empress hesitated for a moment. Yi ‘an, ” she said. have you been looking for someone recently? ” The Empress had also heard of it, but she did not think much about it. Her son had no empathy and would not have any pity.

On the contrary, she was worried that the little girl had provoked the Crown Prince.

“Yes, I am. Who dares to come and gossip in front of mother?” With a sweep of his gaze, the servants in the Empress’s Palace were so frightened that they knelt all over the ground.

“What are you scaring them for? you’ve already made a big fuss about finding people, are you still afraid of mother finding out? My son has survived that disaster and will be safe and sound in the future.”

The Empress was still worried about his unconsciousness, but the Imperial physicians could not find the root of the illness and still had no solution.

Lu huaijiang didn’t mention to anyone what he had experienced during this period of time.

“Mother need not worry. Even if bengong does not wake up, it is not his turn to sit in this world.” Lu huaijiang snorted. His people only listened to him.

“PEI, PEI, PEI, don’t talk nonsense.” The Empress was very afraid.

“Tomorrow, your Imperial father is going to worship the heavens. You are the appointed Crown Prince, so tomorrow will definitely be busier. Hurry up and rest. Don’t let your body suffer.” The Empress rarely interacted with him. This time, she felt that the Crown Prince was a little different.

Lu huaijiang nodded and stepped out.

After he left, the people of Feng Yi Palace gasped for breath.

Even the Empress's body relaxed.

His Highness's power was still there..

Chapter 197: Running wild on top of his head (1)

When His Highness was six years old, he washed Feng Yi Palace with blood and cleaned up the entire place.

At that time, everyone in fengyi Palace was noble consort Lin's people, and her mother's family was weak and could not stand up. In the palace, noble consort Lin had controlled the eldest Prince. On the night the eldest Prince was 'escorted' by his son to the extremely cold place, the entire Feng Yi Palace was almost soaked in blood.

Her eyes were covered by the palace servants, and she could only hear sharp pleas, cries, and the sounds of fighting.

When he came out of fengyi Palace, his son had red lips and white teeth. He was wearing a black coat with a snow-white collar, which covered his delicate little face. Mingming was born with an icy and cute appearance, but in front of her, he had beaten all the palace servants to death.

The spies of the various palaces and the innocent were all killed.

Most of the people left behind in Feng Yi Palace were people he could trust. There were also new palace maids.

She was one of the few people who survived the old lady.

"Your Highness should be twelve years old after the new year, right? At this age, noble consort Lin has already picked a few maidservants from the Lin family to be placed by the Prince's side. After raising them for two years, they can be promoted to Tongfang maidservants." The mammy said in a low voice after his Highness had walked away.

"Your Highness seems to have become colder these years and there are often impeachments by the censors in the palace, saying that Your Highness is not understanding of human feelings and has no common sense. If there was someone who could understand hot and cold, I wonder if it would be better."

The old nanny gently pressed against the Empress's shoulder and neck, and the Empress sighed in comfort.

No one knew that she was more nervous facing her son than the Emperor.

"Besides, at this age, he can also have two maidservants to raise in front of him." The imperial family had always married early, and it was extremely common for the Crown Prince to get married at the age of fifteen.

“Your Highness is the Crown Prince. I’m afraid that in two years, you will be engaged.”

The Empress sighed and shook her head, not saying anything.

This son of hers was not someone who would show tenderness to women.

She didn’t even dare to think that the Crown Prince would tolerate his love and act wildly on his head in the future.

I’m afraid it’ll never be possible.

“Let’s wait a little longer. If it’s too early, we might hurt our bodies.” In the end, the Empress did not dare to say it. She did not dare to stuff people into her son’s room. She even dared to be the Emperor, but she didn’t dare to be the son. Furthermore, the Crown Prince was still young, so she was not in a hurry.

Only then did the old lady stop talking.

The capital city was brightly lit tonight.

The Crown Prince had used this opportunity to clean up the great Prince’s faction, but the great prince had to act like nothing had happened in court. He was really furious.

“Why is he awake again? What was wrong with him? Why did he suddenly fall unconscious and wake up for no reason?”

“Damned thing!” The first Prince was so angry that he flipped the teacup on the ground.

Everyone looked down and didn’t say a word.

“He killed so many people and got rid of those who don’t belong to him. He’s only 11 or 12, yet he’s already coveting the throne and is dominating it all by himself. Father has never been angry?” The great Prince’s eyes were red as he looked at Imperial concubine Lin.

Imperial concubine Lin sat on the side with a wooden face.

“Your Imperial father? Last year, the Fang family, which was only loyal to the throne and his Majesty, had offended the Crown Prince. He was sent to the barren capital by His Highness! The Fang family ordered the old lady to personally enter the palace to plead for mercy, kneeling in front of the Emperor with tears streaming down her face. He described the hardships he had gone through when he fought alongside the previous Emperor. The Emperor cried as he listened, but he was unable to save the Fang family.

What do you think His Majesty can do?” Imperial concubine Lin’s face was cold.

Even when Lu huaijiang was in a coma for half a month, the Emperor did not dare to come out to court.

It was only after the old Minister begged to come out and preside over the overall situation that he reluctantly took over.

“Preposterous, preposterous!” The first Prince gritted his teeth.

“It would be great if I could faint again, just one more.” The first Prince’s eyes flashed with ruthlessness..

Chapter 198: Assassination (1)

No one knew why His Highness Lu huaijiang had fainted.

And why did he wake up?

The entire Imperial Academy of Medicine could not find the reason.

The great prince had even privately sought out several Imperial physicians who had treated His Highness. No matter if he had been threatened or bribed, the Imperial physician had always insisted that the Crown Prince had fallen unconscious for no reason and had woken up for no reason.

There were even people who came to the Grandmaster of the National temple to ask for help.

“Everything is up to the will of heaven.” The master put his hands together.

No matter what, Lu huaijiang’s awakening proved that a disaster would last for a thousand years.

Especially those who took advantage of his unconsciousness to jump around. They were all very unlucky.

Early the next morning, the bright yellow Curtain set off from the palace gates.

The commoners knelt on both sides in fear and trepidation, not daring to raise their heads.

The Emperor and Empress’s carriage was at the front, followed by the Crown Prince, and then the first Prince.

The mighty royal guards guarded the scene with all their might.

Lu huaijiang was riding a tall horse with a white cloak draped over his body. His hair was standing up high, and his sword-like eyebrows were slightly knitted.

Anyone who saw this young man would have to praise him for being a good man.

However, the power of life and death in his hands could control the world, and no one dared to covet it.

Suddenly, an unforeseen event occurred.

A few cold lights suddenly flashed out from the kneeling crowd. Cold light flashed, and countless assassins appeared from all directions.

“Assassin, assassin! There’s an assassin, quickly protect the Emperor!” The head eunuch in front of the emperor’s carriage shrieked and blocked the Emperor with the dust, his face full of panic.

Even the emperor's face was slightly pale. He tightly grabbed the similarly pale-faced Empress beside him.

The Royal guards stood in front of Her Majesty to protect her.

"How dare you!" The Emperor looked at the tip of the sword, which was shining with a cold light, and shouted sternly.

He only saw ...

The assassin with the long blade actually leaped over the Emperor and stabbed at Lu huaijiang who was on the horse.

The Emperor ...

you're already so vicious at such a young age. You're not worthy of being a monarch, you're not worthy of being an Emperor!

you don't care about the world or the people. You don't deserve to be the Crown Prince!

"The heavens have no eyes, why did you wake up, why did you wake up!"

The assassins, whose eyes were red from killing, rushed towards Lu huaijiang. Lu huaijiang sat on his horse, his eyebrows not moving at all. The young man in snow-white clothes had a pair of picturesque eyebrows and calm eyes. There was no fluctuation on his face.

The moment the assassin got close to him, countless arrows were shot out from the surroundings. whoosh, whoosh, whoosh ...

The assassins fell one by one in front of him.

She fell under his horse-

With a clang, the tip of the knife fell to the ground, and the Assassin's body was riddled with holes.

The people fled in panic, but they were all guarded by the Royal guards.

In just a moment, the ground was covered with the corpses of assassins.

The assassin who fell at Lu huaijiang's feet spat out large mouthfuls of blood. An arrow had pierced through his back to his chest. He even tried to pick up the hilt of his sword that had fallen to the ground. "You ... You must die a good death. You will get your retribution ..."

His Majesty is blind and has the wrong faith ... A demon."

Lu huaijiang looked at the assassin from above, the corners of his lips slightly curved.

"Someone, investigate thoroughly. Kill all nine generations of your family, and Leave No Trace of your bloodline." His tone was indifferent, as if he was just killing a cat or dog.

Silently, a hidden guard came out of nowhere and took the assassin away.

When the first Prince saw this group of people, he lowered his eyes.

There was a team in front of the Crown Prince called heaven's end.

Kill until heaven's end.

No one had ever come out alive from their hands. They carried out all the shady missions for the Crown Prince and only listened to the Crown Prince.

“Bengong has been assassinated countless times in a year. I've made a fool of myself in front of Imperial brother.” The Crown Prince nodded slightly at the great prince. Hearing the words “countless assassinations”, the great Prince's eyes twitched.

He did not know how many of them were his men..

Chapter 199: Master yixu (1)

The ground outside the palace gate was covered in blood.

However, after being washed by the water, it seemed as if nothing had happened.

Someone tried to assassinate His Highness Lu huaijiang but failed.

His Highness rode on the street as if nothing had happened.

The first Prince saw his indifference and felt a chill in his heart. This younger brother, this younger brother shouldn't exist.

He could only blame himself for not being ruthless enough back then.

At that time, he was the only candidate to be the Crown Prince. He had a very high reputation in the court. He disdained to do such a thing, and he also disdained to put him in his eyes before he was born.

If he had another chance, he would definitely not let him be born.

At this moment, he was walking beside the first Prince. The first Prince had to do his best to control his thoughts of pushing him down.

If he grew up, what would he look like?

Now, he was not even twelve.

“Yi 'an, you have to be more careful in the future. This assassin doesn't look like he'll let this matter rest. Do you know why they wanted to assassinate Your Highness?”

The first Prince had a gentle look on his face, and his eyes were filled with concern.

That's right, he had left the capital when he was conferred the title of Prince Xian.

Noble consort Lin had knelt all night to beg for the word 'Xian King'.

At that time, the seven-year-old Prince had joked, “King Xian, King Xian.”

If the word “leisure” was true, the great prince would have no hope of that Supreme position in his life.

Noble consort Lin knelt for a whole night before begging the Emperor to bestow the virtuous Prince.

Lu huaijiang's brows raised. they are unfilial children. I am the king. Why should I know what they are thinking? ”

“Those who are against my heart shall be killed.”

Lu huaijiang's brows raised slightly, as if he was deliberately provoking her.

The first Prince coughed and said, “you're still talking nonsense.” The Saints had once said that whoever won the hearts of the people would win the World. You see, His Highness has been in a coma for three months. If he had won the hearts of the people, His Highness would not have been so meddlesome.” In other words, the moment you fell unconscious, all the officials in the court began to plot.

He was mocking him for being unpopular.

Lu huaijiang wasn't angry at all. He even looked at the first Prince with a smile. “Actually, whether bengong awakens or not, the outcome will not change.”

“Do you think that bengong has to stand here to suppress the little rascal?

Then you're underestimating bengong.” Lu huaijiang laughed in a low voice.

“You should be glad, glad that bengong woke up in time.” Lu huaijiang lowered his voice and pulled the reins. The horse leaned towards the first Prince.

“You, Lord Lin and ...” Lu huaijiang read out a string of names, and with each name, the first Prince's face turned uglier.

“Do you really think that you can take advantage of bengong's unconscious state? What a joke.”

“If this Prince is still unconscious for one more day, you will be killed on the spot if you dare to act rashly! Unless bengong abandons it, bengong's things will be destroyed. No one can have it!” Lu huaijiang rode his horse and left quietly.

The first Prince's face was ashen. His expression changed a few times as he looked around cautiously.

She gritted her teeth in hatred and looked at the figure walking away with dark eyes.

It was noon when the group arrived at the Temple of Heaven.

The abbot of the National Guard temple had been waiting there for a long time. When he saw the arrival of the Royal guards of honor, he put his hands together and bowed.

master yixu, please get up quickly. You have not bothered with worldly affairs for many years. It is my fault that you are able to host this heaven-worshipping ceremony for me. The Emperor knew about master yixu, so he was very polite to him.

Master yixu bowed and said, ” Amitabha.

Instead, he looked at the Crown Prince.

The Crown Prince also happened to look at him..

Chapter 200: Capturing jianglu (1)

Celestial Emperor and Empress would first comfort the heavens.

Master yixu stood beside the Crown Prince. The Crown Prince's face was cold.

"I saw that Your Highness's expression was unusual. Did Your Highness see your destined person?" Master yixu put his hands together and said with certainty.

His Highness Lu huaijiang had already guessed Jiang Lu's identity, and he was probably the one Yi Xu was talking about.

"You said that she has betrayed bengong several times?" Lu huaijiang sneered. He's so short and fat, how can he be a burden to me?

"Shi Shi died for her." Master yixu's eyes were smiling.

Lu huaijiang's expression became even worse, "then this Queen's vision in the previous life was not good."

Master yixu smiled but didn't say anything. 'You have the final say.'

Lu huaijiang's face was dark and unsightly, "so, I fainted because of her?" What do you mean by this?"

Master yixu put his hands together and said in an even more leisurely tone.

dote on her, love her, protect her, and have her in my heart. She would be able to solve everything.

Lu huaijiang scoffed at this and could not help but roll his eyes.

He sneered in disdain. He even pampered and loved her. Did he want her to behave atrociously on his head?

He, Lu huaijiang, would never have that day!

"Your Highness, if you don't believe me, you can try. Whenever she needs Your Highness, Your Highness will appear in front of her. No matter when, no matter where. Your Highness, just give it a try." Master yixu's expression was still calm, but Lu huaijiang's face was dark and he glared at him fiercely.

He was only thinking about how to find her behind her back. As long as he got rid of her, everything would be over.

It just so happened that it was the Crown Prince's turn to recite the prayers to the heavens, so Lu huaijiang walked up to the high platform.

The Crown Prince's daughter was a peerless beauty. If she wasn't bloodthirsty and bloodthirsty, she would definitely be an extremely attractive existence.

As he stood on the high platform and recited the incantation, countless people secretly looked at him.

The blazing sun above his head was so glaring.

Master yixu put his hands together and said in a low voice, " monks don't lie. They live for her, die for her, and bang their heads against walls for her.

After he finished speaking, he left the crowd.

At this moment, the Crown Prince, who was reading the funeral oration, suddenly thought of the yin Yang mishap.

There were countless River deer in this world.

There were also countless saviors.

However, there was only one difference between yin and yang!

There was only one place!

She was in the barren capital, she was in the barren capital!

She was in the forgotten and lost land, the city of exile, the barren capital!

Lu huaijiang's eyes widened and he tightened his grip on the incantation. He had actually forgotten such an important matter.

Lu huaijiang's lips curved into a devilish smile. You're so short, don't blame me for finding you first!

When bengong was a Yin spirit, bengong couldn't do anything to you. But now, it's not up to you.

After he finished reading the funeral oration, Lu huaijiang threw the prayer documents away and hurriedly went down the platform.

"Jiang Lu, let's see where you're going to run this time!"

His Highness, who had always been calm and unmoved by External Affairs, was actually a little hurried.

Just as she turned around, she seemed to hear the voice from the horizon again.

brother Lu Jiang, come back quickly ... A low mumble sounded in his ear, as if he was mumbling something. His tone was arrogant and innocent.

Lu huaijiang's alarm went off, and the long-lost tearing came again.

Lu huaijiang's alarm went off, and the long-lost tearing came again. A powerful force was tearing his soul apart, trying to separate him from his body.

Lu huaijiang gritted his teeth in hatred, his eyes red. F * ck, you dwarfish, this Prince will not spare you!

Everyone watched as His Highness Lu huaijiang stood in the same place, his ears red. Not long after, his body went soft and he fell straight to the ground.

When he opened his eyes, he was standing in front of the hall of salvation again.

Just as he had guessed that Jiang Lu was about to catch her, he fell into her hands again.

Your mother!
