

The Savior 221

Chapter 221: She was face to face with the thief (1)

“Hmph, I’ve caught you!” The little girl gritted her teeth.

He had an extremely fierce look.

The man touched the hilt of his sword, as if the air was filled with a murderous intent.

The handle of the knife revealed a cold glint.

The little girl stomped her way up to him, “I knew it! I knew you guys were eating meat behind my back! Mother clearly said that we’ve eaten at the Zhou family’s house last night and that we won’t be having dinner! She also made some roast mutton and roast beef, and you guys can eat them secretly!”

“You guys actually ate meat behind my back and were caught red-handed by me!” The little boy gritted his milky white teeth and spoke in a childish voice.

He was so angry that he bared his fangs and brandished his claws. He quickly climbed up the chair, grabbed a piece of mutton with his white and chubby hand, and threw it into his mouth.

The man suddenly heaved a sigh of relief.

Damn it, he almost pulled out his forty-meter long saber.

The tension in the air instantly dispersed, and the killing intent floating in front of Jiang huailu dissipated.

The man picked up the silver chopsticks again and saw that the baby’s face was full of food. He raised his eyebrows.

It had to be said that the reason why he was here tonight was because he listened to the little girl opposite him.

“Do you have any sisters?” Thinking of the words he had said in the courtyard, he was very suspicious that this little girl had seen him.

Little Huai Lu looked at him innocently. “I only have one big brother. My mother didn’t give birth to my sister. I don’t want a sister. I don’t want a bad sister like Jiang huaijin.” He even pouted after saying that.

“Have you seen me before?” The man looked at her with an inexplicable expression. He was clearly smiling, but there was no smile in his eyes.

It was as if the air had become bone-chilling with these words.

“Of course I’ve seen you.” Little Huai Lu rolled her eyes at him.

“Aren’t you just sitting here? I’m not blind.” The little girl raised her oily hand and grabbed a handful of hair stuck to her face. His chubby cheeks were covered in oil.

The man suddenly laughed in a low voice.

That was true.

He was being too whimsical.

When he went to capture Jiang huaijie, he accidentally found out that Jiang huaijie had a grudge against this girl and that they were not on good terms. At that moment, he actually had the thought that the girl was using him as a tool.

That was why he took the risk of being discovered and returned to the Jiang family.

The man clenched his fist and coughed.

As he coughed, his face turned slightly red.

The man looked at Jiang huailu deeply, then stood up and walked out of the door.

Jiang huailu was almost done eating when there was a sudden bang outside the door.

He was pushed away.

“Mother!” Jiang Huaian rushed back to the Jiang family’s house with red eyes.

The guards followed behind him, and the entire Jiang family’s house was brightly lit.

Madam Xia hurriedly came out of the backyard and saw Jiang Huai ‘an’s rare look of panic.

“Mother, it’s good that you’re fine. Where’s Lulu? Where’s Lulu? Why isn’t Lulu in the room?”

Jiang Huaian’s voice was trembling.

The thief had disguised himself as a member of the Royal guards and had escaped long ago.

When he reacted, he felt cold all over.

“Lulu isn’t in the room, he’s probably in the dining hall. I’m having a meal with your brother. Your brother’s arm is seriously injured. I’m looking for gauze for him.” Seeing her son’s expression, Mrs. Xia’s heart suddenly thumped.

“Mother, mother! It wasn’t him who had his arm injured by the thief. It was his son. It was his son who had stabbed the thief. It just happened to be on my arm!” Jiang Huai ‘an shuddered violently. At this moment, only his sister and the thief were in the central room.

Jiang Huai ‘an’s legs felt weak as he walked toward the main hall.

This short path seemed extremely long..

Chapter 222: The Savior doesn’t lie (1)

Jiang Huai ‘an almost scrambled into the central room.

He pushed open the door to the central room.

This group of thieves was extremely ruthless. Anyone who resisted along the way was brutally tortured to death.

In just one month, the barren capital had lost 20 to 30 young girls.

Those who were killed were all killed in extremely ruthless ways.

It could not be said not to be vicious.

Everyone thought they were going to face this tragedy, and many people were already half supporting the Xia family. The Xia family was so scared that their faces turned pale.

A clang ...

A loud noise came from inside the house, like the sound of a plate being overturned.

Everyone pushed the door open.

However, the scene in the room was too tragic to look at.

The table was overturned, and the floor was covered with broken pieces. The teacups were broken into pieces, and the soup on the table was overflowing.

“Lulu,” Mrs. Xia cried and rushed forward to hold her daughter in her arms, trembling with fear.

Jiang huailu secretly burped and used her mother’s sleeve to wipe her mouth.

He grinned like an idiot.

Jiang Huai ‘an carefully examined his sister and heaved a sigh of relief when he didn’t find any injuries.

“Lulu, where’s the man in the room?” There was still the smell of blood in the room. He must have guessed that he had brought people back to capture him, so he ran away in a hurry.

Jiang Huai ‘an cursed in his heart.

His eyes flashed with a hint of ruthlessness.

“Him,” Lulu paused and looked around at the sorry state of the room.

Just now, she had forgotten her shape as she ate. She was lying on the table and eating so much that she had overturned the table.

“Uh, I see. He left after the meal, and Lulu did not know why he was making a scene as he ate. You even flipped the table.” The little girl looked very honest.

“He might not like the food.” The little Lulu hiccuped again.

The little boy blushed and covered his mouth, his eyes rolling around.

Young master Fang was also among the Royal guards, “it’s a good thing you’re fine, girl.” Otherwise, your brother won’t be able to live in peace for the rest of his life.”

“That thief was discovered by your brother. She was also injured by your brother, and I’m afraid she hates your brother. Although I don’t know why I let you off, but you can’t leave anyone by your side in the future.” Everyone had done their research

behind their backs. That group of people was narrow-minded and had a purpose and plan in catching people.

Jiang Huai 'an had attracted a lot of hatred this time, so he had to be careful of the other party's revenge.

Jiang Huai 'an looked at his sister suspiciously, 'Lulu, are you telling the truth? Nothing else?' Jiang Huai 'an knew Lulu too well. This little girl was covering her mouth and her eyes were darting around. Wasn't that a sign of her guilty conscience?

The two small horns on Jiang huailu's head were wagging. "No, Lulu never lies."

The moment she lied, she called ... Niobalu deer.

"Did you secretly eat it?" Jiang Huaian looked at her suspiciously.

Little Huai Lu waved her hands and shook her head. "Lulu didn't eat, not even a bite." After he finished speaking, he covered his mouth tightly and secretly burped.

Her face was red.

"Tonight's dinner was at the Zhou family's house, she didn't eat it after she came back." Mother can be a witness to this."

Jiang huailu nodded with a serious face.

The group saw that there was no trace to be found, and it was almost dawn, so they took the lead to leave. Jiang Huai 'an happened to be changing shifts.

As for the Jiang family's request for him to save Jiang huaijin, it was his duty to save people, but he would not risk his own life.

After everyone had left, Jiang Huaian suddenly said, "'Lulu, isn't tonight's lamb a little too fat and salty?"

Jiang huailu didn't even turn his head and replied reflexively, "'It's not salty, not salty, soft and delicious, fat and thin, not salty nor light, just right."

After he finished .

She covered her mouth and ran away in fear.

Sigh, her brother had changed too..

Chapter 223: Sister Huai 'an (1)

The barren capital was suddenly under martial law.

All the manors had sent more manpower, but the outer city could not control it.

Jiang Huai 'an stopped school for a few days and was on duty every day. He often came back in the middle of the night, both physically and mentally exhausted.

The sky was getting dark, and the cold air was getting colder.

Jiang Huai 'an entered the house, his body covered in cold air. Fortunately, the earth Dragon was set on fire in the house, dispelling some of the cold.

“Bring in a bowl of ginger soup. It'll warm you up.” Xia Shi was sitting in the room with Jiang huailu in her arms, her eyes tired.

“Mother, don't wait for me. You can sleep with Lulu first, those things have not come out these few days.” Jiang Huai 'an drank the ginger soup and ate some food. He wiped his mouth and saw that his sister was already fast asleep.

“Any news? Have you found any traces of those girls? Huangdu is only so big, where else can he hide?” Xia Shi was very worried. Ever since the last incident, she didn't dare to let Jiang huailu sleep alone.

Jiang Huaian's expression darkened.

“I'm afraid they're from the outside. Two days ago, he caught one, and he only managed to get a few words out before he committed suicide by consuming poison. It seems that they want to take people as sacrifices, and now they are still capturing people, I'm afraid there are not enough people.”

the age of the people who have been arrested recently has been declining. Yesterday, the youngest one was already six years old. Jiang Huaian's expression was heavy, and Madam Xia suddenly hugged Jiang huailu tightly.

Most of the people who had gone missing were boys and girls between the ages of ten and fourteen. They were not of marriageable age and could be considered virgins.

Now that the city's management was strict, the other party's age would probably decline.

“What should we do now? mother was thinking that this is our first New Year in the barren capital. We're going to celebrate and welcome the new. Last year, he was locked up in prison, waiting to be beheaded after autumn. The family cried every day and didn't celebrate. This year's days are better, but we encountered such an incident again.”

It was close to the new year, and it was a rare occasion for the despairing people of the barren capital to celebrate.

Recently, however, he had closed his door and rarely went out.

Even the Jiang family had added many guards, but everyone was still jittery.

Jiang Huai 'an lowered his eyes and said, “that's not a problem.” Now, the inner city had an idea to find a few young girls as bait, but they had to be flexible and smart. He's currently looking for her.”

Xia Shi hugged Jiang huailu and didn't speak.

Her Lulu was very intelligent and was well known in the entire Academy.

“Because of the city Lord’s generosity, there are many people who send young lady in. But if his mental state isn’t good enough, I’m afraid he’ll be exposed.” If he was exposed, it would be even more fatal.

This required cooperation from the inside and outside, and one’s heart, courage, and insight had to be outstanding.

Madam Xia was silent and did not speak. She lowered her eyes and did not say a word, but her hands tightened around Lulu.

Jiang huailu woke up and looked at her mother and brother in a daze.

It seemed that the atmosphere at home was not right.

“You mean ... Should Lulu go? Lulu is only four years old.” After a long time, Madam Xia’s eyes were red and her voice was trembling. She looked like she was struggling, but she still held Lulu firmly.

“I don’t have any thoughts of saving people in distress, and I don’t expect my child to have a great heart of love. Be it selfish or evil, I’m just a mother who wants to protect her child.” Xia Shi bit her lip and took a light breath.

Jiang Huai ‘an’s expression was dark, and his face was twisted from the conflict.

“Mother, do you think I’ll look good in women’s clothes?” Jiang Huai ‘an tried to raise his orchid-shaped finger.

Her orchid-shaped fingers were perky and straight, and her fingers were long and white. She was really slimmer than many girls..

Chapter 224: Bait (1)

Even if the Xia family was mentally prepared, at this moment, they were choked by their saliva and coughed repeatedly.

Her eldest son had always been a calm and serious-looking son.

At this moment, she was holding up her orchid fingers and the corners of her mouth curled up into a faint smile. ‘Mother, do you think I’m pretty?’

In the night, the Xia family was almost angered to death.

hahahahaha ... Jiang huailu chuckled and woke up from her sleep. She covered her face with her chubby hands and laughed. sister Huai ‘an, sister Huai’ an, I have a biological sister.

Jiang Huaian’s face turned red from her smile, and he secretly glanced at Jiang huailu.

You brat, you came out to steal supper at night and even caught a rat to leave footprints. Let’s see if I’ll still cover for you next time!

Seeing her brother’s unfriendly gaze, little Huai Lu opened her hands and silently covered her mouth.

Sigh, it's all this greedy mouth's fault.

Why wasn't her future husband here to pick her up yet?

If she got married, no one would take care of her, and her mother would not have to worry about her.

Her mother had said that if she was too fat, she was afraid that she would not be able to get married. Then she should get engaged earlier and go out earlier so that she could eat without worry.

Anyway, she was married and she couldn't return the goods. Even if she gained weight, it was her husband's care and she couldn't blame others.

She was really smart.

Little huailu's eyes were filled with resentment, but Madam Xia put her down on the ground and walked quickly to Jiang Huai 'an. "Son, who gave you this stupid idea?"

Jiang Huai 'an couldn't help but hold his forehead and smile bitterly. "Mother, if we really rely on a group of little girls, I'm afraid that we'll be like sheep entering a Tiger's mouth. In the entire team, only your son is good-looking. At least he looks like a human in women's clothes."

"I also picked one, and that was big brother Fang."

"There's also the Wen family, the richest family. Although the Wen family's young lady is weak and a weak woman, she has the heart to eliminate the strong and help the weak. Now that we are looking for another one, I am afraid that it is about time."

In fact, they had lost some virgins before, but now that the whole city was on high alert, the other party did not dare to capture the men, for fear that they would be sneaked in.

He could only change into women's clothing.

Xia Shi's lips moved, and after a long while, she sighed, as if she had compromised.

"Huai 'an, you and Lulu are both pieces of flesh that fell from mother's body. Mother has never favored one over the other. Mother knows that you have ambitions and dreams. You have also paid hardships that ordinary people can't imagine to be able to gain a foothold in huangdu. This time, mother won't stop you. I only hope that you think about it. This lamp in the house has always been left for you. Until you come home."

No matter how far you go, mother will be waiting for you.

"Yes." Jiang Huaian's eyes reddened.

She looked at Lulu, her eyes gentle yet determined.

Huai 'an also wanted to give his mother and Lulu some peace.

In huangdu, he could not rely on the heavens, the earth, or his father. He could only fight for his future with his life.

The next morning, Jiang Huai 'an was picked up by someone in a small sedan and brought to the Wen family.

Hence, he became the heiress of the Wen family.

“Lulu, the Wen family is celebrating their eldest daughter’s birthday today. They’ve invited some of their younger sisters to join in the celebration. The young master of the Yang family will come to pick you up later. You’re not allowed to follow brother and miss Wen, understand?” Mrs. Xia kept reminding her before she went out, and she hated that she couldn’t hold the child in her hand all the time.

“Mother, I know. Big brother, you’re not allowed to call me big brother today. You have to call me big sister.” Little Huai Lu’s eyes were filled with anticipation. She really wanted to see her brother in a female outfit.

In fact, the Xia family was not very willing to go to this banquet at hongmen.

However, the news of Lulu’s close relationship with miss Wen had spread.

In order to prevent the other party from being suspicious and not taking the bait, the Xia family could only brace themselves and bring their children to the banquet.

However, little Huai Lu was a little suspicious..

Chapter 225: Girlish (1)

“Miss, don’t scratch it.”

“You don’t want me to scratch it? Was this something a human could do? Even if the heavens were to come, they’d still have to scratch an itch!” In front of the Wen family’s main gate stood a pair of beautiful girls with graceful figures.

One of them had a dignified and elegant posture, like a proud White Swan. The other person was acting coquettishly, and then leaned back in a crooked manner.

“Young lady, scratching an itch is one thing, but in public ... You can’t put your hands under your clothes.” The maidservant was so anxious that she was about to cry.

The girl was driven crazy.

She didn’t follow any rules and etiquette, and instead acted recklessly. Even old master Wen didn’t dare to discipline her.

“Young lady, you can not shake your legs. You have to stand properly with your legs together and your hands naturally hanging in front of your body, just like Biao young lady.” The servant girl gently pulled ah Yin. Ah Yin impatiently lifted his bra with both hands and pulled it up.

The servant girl almost fainted.

On the other hand, Jiang Huai 'an's eyelids trembled. He didn't dare to look in ah Yin's direction.

The two of them stood in front of the door. Everyone who saw Jiang Huai 'an took a second look at him and praised miss Wen for her exquisite and beautiful appearance.

Biao young lady's body was curvaceous and was even more voluptuous than ah Yin, who was two years younger.

The gentle smile on her face was more like a girl than ah Yin's.

"Sister ... Big sister, you're so beautiful." When little Huai Lu came with Mrs. Xia with an infatuated look, Mrs. Xia didn't know whether to laugh or cry. Was this really her son?

Standing in front of miss Wen, she looked more like a girl than miss Wen. A dignified and virtuous woman simply fulfilled all the fantasies she had for her daughter.

"Madam Xia, please come in. This must be sister Lulu, right? Little

Smarty-pants, there are already snacks prepared in the room, quickly go in." Jiang Huai 'an gently nudged his sister, acting intimate yet distant.

On the other hand, miss Wen, who was beside him, had her hands on her hips, revealing her 18 teeth. She was laughing so hard that her gums were bulging.

He picked Jiang huailu up with one hand and walked into the mansion.

It wasn't until the two left the door that Madam Xia sighed faintly. "Before I came, I was only worried that you would expose yourself. Now that I think about it, I'm afraid that even if you were caught, the one suspected of being examined would definitely not be you." In comparison, the real miss Wen next to her looked more like a fake.

The smile on Jiang Huai 'an's face was a little stiff. He had been planning to ask miss Wen to give him some advice this morning.

In the end, that big-ass look was even worse than his own.

They entered the Wen family's main gate and were greeted by decorations and laughter.

The Wen family was also heavily guarded.

"Where's your stepmother?" Little Huai Lu was in ah Yin's arms, and she hooked her arms around ah Yin's neck as she asked him affectionately.

"Today is my and Zhu Zhu's birthday. It's not good to mention that inauspicious thing." Ah Yin's expression was soaring. He wasn't a soft-hearted person like his sister.

A dark glint flashed across ah Yin's eyes.

The only loophole in today's tight security was his stepmother.

When it came to hammering people, one had to hammer them to death in order to make them feel at ease.

Whether she chose life or death, it was up to her.

The Wen family courtyard was filled with joy. The Wen family was extremely famous in the inner city, and many families had sent young Masters and young ladies over to celebrate.

Jiang Huai 'an's original edges were reduced with makeup, and he looked much gentler.

The maidservant behind him was half a head taller than him, and her figure was shriveled and meatless. She stood out among the group of girls.

Although they could not see his original appearance, those familiar with him could recognize that this person was young master Fang.

Now, the Xia group believed that their son was really the best in women's clothing.

Young master Fang's appearance ...

It was really difficult for the other party to take the risk and take him away.

No wonder!

Chapter 226: The sudden appearance of the fog (1)

Miss Fang touched the Begonia in her hair.

"Little Huai Lu, are you staring at big sister Fang like this because you are shocked by big sister Fang's beauty?" Young master Fang still had lipstick on. At this moment, he looked at Jiang huailu with a slight smile, feeling the smell of makeup on his face.

Jiang huailu covered his mouth and hiccuped, the kind that made him feel nauseated.

The little girl crossed her arms and walked straight to the side.

This was too f * cking ugly.

Ah Yin smiled as he walked up and grabbed Jiang Huai 'an's arm. He shook it and muttered, "cousin, my bra is so tight. I'm wearing so much in winter, so you can't tell if I'm wearing it or not. Come with me to take it off." Ah Yin felt uneasy and pulled Jiang Huai 'an to the backyard.

The front yard was decorated with lanterns and streamers. There was even a bonfire, and the snow was swept clean. It was a little chilly in the backyard.

This was their original plan, with the three of them as bait.

There was originally one more person, but he had yet to arrive.

Jiang Huai 'an's ears were red, and his eyes were dazed.

"Cousin, you're just too serious. What's there to be embarrassed about, it's not like you don't have it." After she finished speaking, she even glanced at Jiang Huai 'an's chest, then covered her face and laughed secretly.

When little Huai Lu saw the three of them talking and laughing as they walked to the backyard, she knew that they were going to lead the other party into the cage.

Xia Shi held Jiang huailu's hand tightly, afraid that they would be separated.

The fingers on the hand that was holding Lulu's hand were turning white.

The banquet lasted from noon to evening. As the sun set, old Mr. Wen's face darkened.

The other party was not willing to enter the game.

During dinner, the Wen family even lit up the fireworks that they had shipped back from overseas at a great cost.

The smoke and fire soared into the sky, and everyone's fear was dispelled, and they slowly relaxed.

The banquet was about to end and colorful lights were lit everywhere. The Wen residence was filled with joy.

Jiang huailu suddenly sat up straight and looked outside the door.

"What's wrong, Lulu? We'll be going home soon, there's no rush." Miss Wen and the other two had been left alone several times, but nothing unexpected had happened. It was likely that the other party was afraid and did not dare to act.

Xia Shi was also a little anxious.

At this moment, the Wen family had already started to prepare their gifts and send the guests off. Everyone was a little discouraged. Little Huai Lu, however, was looking straight out the door.

Old Mr. Wen's eyelids twitched.

Since ancient times, officials and merchants had been one family, and he had a good relationship with city Lord yang. He also knew that this girl was somewhat evil.

"Something dirty is coming." Jiang huailu stood up suddenly.

The Wen family was located in the center of the inner city, within the protection of the yin Yang difference.

As soon as he finished speaking, the familiar mist swept over and in an instant, the entire Wen family was shrouded in white mist.

"It's the fog of the fog sect's Lin. Is there an evil spirit coming in?" The moment the fog covered the area, screams pierced the sky.

Jiang huailu, however, was not affected by the fog. She could see that Xia Shi was holding her nervously, not daring to move an inch.

"Lulu, don't be afraid. Mother will protect you. Lulu, don't be afraid." Xia Shi's voice trembled.

Jiang huailu looked up and saw the gray thing surrounding ah Yin and his brother.

The gray ball enveloped the three of them, and in an instant, ah Yin and Jiang Huaian disappeared.

Little Huai Lu's breathing became heavier.

If it was a stranger, no matter how vicious and evil they were, her brother would have a way to deal with them. But if it was an evil ...

"Mother, Lulu has the protection of the Savior. Wait for my return. I'll bring my brother back. He can't do without me." Yes, a backer would fall, a father would run, but a sister was still reliable!

Mrs. Xia's pupils shrank. She wanted to say something, but she felt the hands that were tightly clenched suddenly disappear..

Chapter 227: The Savior has also been taken away (1)

Xia Shi held her breath and bit her lower lip.

He didn't dare to make a sound.

Her children!

Xia Shi took a deep breath, her eyes slightly red, as if she had not heard Lulu's call. He rubbed his hands around in panic, "Lulu, Lulu ..." Lulu, where are you?"

This was the normal reaction of a mother who had lost her child.

A man in black stood silently in front of Jiang huailu. At this moment, they were surrounded by fog and were being cast by an expert, so no one could see them.

"It's time to go." A hoarse voice came from the thick fog.

The man looked at the panicked Jiang huailu in the fog and smiled. He wiped her eyes and the little girl fell to the ground.

It just so happened that there was a flight of stairs to the side, and the little girl's fall was also very clever, falling straight on top of the man.

"You're lucky. If he fell down the steps, blood would be seen. It was not good to see blood. Clang!" The voice coming from the thick fog made people feel uncomfortable.

The Man in Black held Jiang huailu in one hand and looked up, "Retreat. The messenger of Yin Yang is about to arrive. Retreat quickly."

This voice belonged to the man who had been eating at the same table with Jiang huailu a few days ago.

The Wen family was in chaos. The moment the fog appeared, the guards fell to the ground unconscious.

When the difference of yin and yang arrived, the fog was also dispersed.

Many young ladies were crying as people from various manors came to search for their young ladies.

Old master Wen's heart skipped a beat. He looked around with an ashen face and indeed, his ah Yin was gone.

"Lulu, Lulu's gone." Xia Shi's face was covered in tears, and everyone almost couldn't help her.

However, Xia Shi didn't dare to say that Lulu had gone to save her brother.

In fact, the Xia family had a vague guess.

Lulu was probably different.

It was different.

"Master, cousin young lady and eldest young miss have disappeared." The servant girl's face was pale and her body was trembling. There was a tall servant girl standing behind her.

The tall maidservant was confused, "why did you leave me behind?" Why am I the only one left? He'd rather take a four-year-old child with him than me?"

The damage wasn't great, but it was extremely insulting!

Young master Fang felt insulted.

They had planned to use three people as bait, so why did they leave him to suffer the humiliation alone?

Mrs. Xia's lips moved, but at such a sad moment, she really couldn't say the words, "because of the truth of your ugliness.

Everyone looked at each other. By the time city Lord yang and his men arrived, the Wen family had already evacuated the frightened people.

Old Mr. Wen's expression did not look too good, "you guys said that you were going to be bait and that there would be people following us. Why are the evils following us?" Was it a ghost? Can they even survive if they go up against the evils?" Old master Wen almost roared out.

"If you didn't say that you could guarantee my safety, I wouldn't have used her as bait," It was also because of that sentence that if he made a contribution, he would report it to the Imperial court for a reward.

What else could the exiles do when they were rewarded based on merit? their only hope was that they would no longer be guilty.

However, he had to keep his life.

City Lord Yang's heart turned cold. However, he was startled when he saw Chu Liang and the messenger of death arrive personally.

"This was done by a Magus, and I'm afraid he's doing something against the heavens. It's the hall of salvation's unshirkable responsibility to uphold justice." Chu Liang clenched his soul-subduing rod tightly.

Only then did everyone's hearts relax.

"As long as my daughter can be saved, I am willing to serve the hall of salvation!" Old master Wen gritted his teeth and knelt on the ground with a plop..

Chapter 228: You I re not a girl, are you?

City Lord yang could be considered half a member of the Imperial court, so he bowed slightly.

I vaguely remember that the hall of salvation only controls the area within a hundred miles of the hall of salvation. This ... The hall of salvation had always followed the rules within a hundred miles, so no evil dared to come close.

Even the whole of huangdu became a little clearer.

Zhu Yan, who had a cold and gloomy aura, laughed in a low voice, he usually only cares about the area within a hundred miles. Who asked him to abduct someone ... It's not ordinary ..."

Hehehehe ...

Of all people, he had captured the only true God in the hall of salvation.

Even if you were to kidnap her to the ends of the earth, the hall of salvation would still find her.

The barren capital was brightly lit and under martial law everywhere. Fortunately, with the addition of the hall of salvation, the crowd felt less pressured.

Mrs. Xia couldn't help but shiver, her lips were white, and her hands and feet were cold.

Mrs. Zheng came over and held her hand, and Mrs. Xia couldn't help but cry.

It wasn't until this moment that the feeling of danger disappeared from the Xia family.

And at this moment ...

When Jiang huailu and the others opened their eyes, they were already in a fog. The carriage creaked as it moved. It was quiet outside, without any light.

Jiang Huai 'an was already hugging his knees. His eyes were red, and he covered his face as he sobbed softly.

Yes, he had acted as a surprised lady very well.

This also caused ah Yin, who had woken up sprawled out, yawning, and stretching, to look even less like a girl.

"I beg you to let us go back. If you want money or things, the Wen family can get it. They definitely won't report it to the authorities." Jiang Huai 'an clenched his handkerchief and shed tears.

The man whose arm had been cut by him looked at him and seemed to find him familiar, but the way he was crying made him give up the idea.

“That miss Wen must be careful not to be cheated, drag her down for a test. I’m afraid he’s a Lackey of the Imperial court!” The hoarse man in the black robe said.

Jiang huilu was cowering in a corner. That person had an evil aura all over him.

There seemed to be the aura of the undead.

It was witchcraft.

‘Wen ruzhu’ was dragged away.

The Wen family’s cousin was so frightened that she started crying. When she was being dragged away, she even exploded, “Don’t touch me.

It was even more suspicious.

Half an hour later.

The carriage stopped.

Wen ruzhu had also been sent back.

“If I’m not a girl, are you? What are you looking at? Although my chest is small, it’s real! Prove your identity, bah!” Ah Yin spat. Damn it, take off her clothes to see if she was a girl.

Jiang Huai ‘an’s face was slightly red, and his fingers were trembling.

Jiang huailu pursed her lips and snickered. Her brother was supposed to be a fake, and she was convinced.

On the other hand, the real miss Wen was identified.

“We’ve arrived. By the way, you said that there’s something wrong with this little girl, so I stopped by the Wen family to observe for a while. There’s nothing wrong, I’m afraid you’re overthinking it.” The hoarse black-robed man glanced at Jiang huailu.

The man from before responded in a low voice.

The three of them alighted from the carriage and realized that there were a few girls behind them. They had probably been hidden outside the city.

“You can still walk?” The man looked at Jiang huailu. The child who was so weird that day seemed to be frightened today, and he didn’t say a word.

Hearing this, Jiang huailu opened his hands.

The black-robed man looked at Jiang huailu again.

It was no wonder that this group of girls were all wiping their tears and crying. Yet, she was so calm that she even wanted a hug?

However, looking at the strange person behind her, who had his hands on his waist and was walking like a man, he seemed normal again. There was something wrong with this batch of goods..

Chapter 229: Fried loquat with noodles (1)

Jiang huailu was lying on the man's back.

There was no fear or panic in his expression, which was surprising.

They fumbled forward in the dark. They didn't know how far they had walked, but they felt that they were getting further and further away from the barren capital.

The cries of the dark spirit became more and more ear-piercing, and the girls were so scared that they couldn't move.

"Hurry up and go. If you miss the time, you'll have a good time."

"What's the use of crying? even if I leave you here, you'll only be torn to pieces by the dark spirits." The man's expression was indifferent, and his tone was bloodthirsty.

The girls were scared and panicked, and they followed him up the mountain.

Until they arrived in front of a Dark Mountain, surrounded by dancing spirits and cold winds, the girls hugged each other and kept wiping their tears.

The black-robed man stepped forward and formed a seal with his hands. He shouted sternly, "'Open!"

The fog in front of them dispersed, and a cave was revealed.

The inside of the cave was extremely humid, and water was still dripping. Everyone stumbled into the cave and found that there was another world inside.

The man put Jiang huailu on the ground and looked at the time. He let out a sigh of relief.

Jiang Huai 'an and the others were locked in the cave.

At a glance, there were already more than twenty people in the cave.

All the missing people in the city were in the cave.

Only those few youths had not shown their faces. "Have you all been tested?" A figure appeared in the dark.

"We've done the test, they're all women."

The man reported.

"The seven boys have already been sacrificed to the heavens, only the girls are left. They're all chaste." The man continued.

The black-robed man's eyes swept across the room, 'clangclang ...' We must not let the hall of salvation find us. We must complete our mission as soon as possible and return to the capital!"

"Yes, Lord wizard." The man bowed respectfully.

Jiang Huai 'an and the other two cowered in the corner. The girls behind them were already in a daze and had become much more dull. He seemed to have lost his will to live.

Jiang Huaian looked at ah Yin and sighed deeply.

“You’re a little like a girl. Learn from me, holding the PIPA and covering half of your face. What a woman wants is dignity, what she wants is shyness. It’s a beautiful picture whether you’re sitting or standing. You’re so carefree that people always doubt your gender ...”

“What are you guys talking about?” Suddenly, a shout came from inside the cave.

Everyone turned to look at him.

Everyone looked at Jiang Huai ‘an and the other two.

Jiang Huai ‘an clenched his fists tightly and lowered his eyes as if he had been frightened. He looked up with a pair of panicked eyes, and there were tears in them.

Little Huai Lu was shocked.

The black-robed man was always covered in a black robe. If the black robe on his head was lifted, everyone would take a step back.

His entire face was burnt black and his skin was exposed, leaving only his eyes intact.

“You, you tell me. What were you guys talking about just now? If you don’t behave, I will kill one of them! If you say something wrong, I’ll kill one!” The black-robed man pointed at the youngest child in the audience.

Jiang huailu.

Jiang huailu’s body swayed as he looked at him with eager eyes.

Jiang Huai ‘an’s lips were tightly pursed, and a hint of struggle flashed in his eyes.

No matter how intelligent his younger sister was, she was still a four-year-old child.

Jiang Huai ‘an clenched the corner of his shirt, and there was a thin layer of sweat on his forehead.

Jiang huailu looked at the black-robed man carefully, “”She said she wanted to eat flower rolls ...” Did he mean the flower roll?

“He also said to fry loquats in oil and eat them with noodles. I ... I also want to eat ...” As he spoke, he even sucked his saliva.

Jiang Huai ‘an choked on his saliva and coughed. His pitiful look made him even more lovable..

Chapter 230: Refining Lu huaijiang (1)

The black-robed man glanced at Jiang huailu. A four-year-old child, she wouldn’t dare to lie.

“Look after this group of people. At midnight, he would use the blood of young boys and girls to scatter on the ground. I guarantee that he, Lu huaijiang, will never wake up in this life!”

“It doesn’t matter if he’s wandering outside as a lonely ghost or unconscious. As long as he activated the array, his soul would leave his body. They would be reduced to evil

forever! Forever a lonely soul, unable to reincarnate." The black-robed man laughed sinisterly.

He looked indifferently at the group of flowers that were about to bloom.

In a moment, they would all die.

Jiang huailu suddenly opened her eyes.

Jiang Huaian clenched his fists.

Before he came, he had guessed that it was a wizard who had done evil, but now that he thought about it, it was probably related to the Imperial court.

The Crown Prince's unconscious and woken-up incident had probably affected the interests of some people.

Jiang Huai 'an's heart sank. They had traveled thousands of miles to the barren capital to carry out this plan. It was probably to avoid the eyes and ears left by the Crown Prince. How could the huangdu resist it with its ability?

The cave was strictly guarded, and all the girls were holding their knees and waiting for something with blank expressions.

"What kind of ceremony are they going to perform?" Ah Yin looked around.

This cave was extremely large, and there was actually a large terrace at the top. At this moment, the bottom of the terrace was painted with ancient patterns, and there were ravines that were filled with blood.

"What a strong smell of blood." Ah Yin raised his hand to cover his nose, his brows furrowed in worry.

It was a good thing that his sister had not returned.

His younger sister had a mental illness because of her childhood. If she saw this scene, she was afraid that it would be even more difficult to suffer.

"It's the blood of those young men." Jiang Huai 'an's voice was low and his expression was heavy. It was likely that huangdu wouldn't be able to handle it.

"It's a formation, " Little Huai Lu looked at the altar.

"It's a combination of the spirit locking array and the seven grievances array."

"The soul capturing formation can strip away the soul of a living person and turn them into Yin souls. If it was more vicious, it could even refine a Yin spirit and turn it into an evil spirit that killed people without spilling blood. As for the formation of seven grievances, seven boys were sacrificed to the heavens.

Three was great, one begets two, two begets three, three begets all things. Among the twenty-one virgin girls and seven Virgin boys, the resentment was the greatest.

At midnight, we'll offer a blood sacrifice to the heavens and cover the heavenly Dao's eyes with a thick resentment.'

"By placing the blame on the living soul that was stripped away and nourishing the soul with blood, not only can it block the prying of the heavenly Dao, but it can also nurture the dark soul into a bloodthirsty and heartless state."

"The Virgin boy has been killed. I'm afraid that the dark spirit has already reacted."

When the little girl spoke of this matter, she had an unusual expression. Jiang Huai 'an took a deep breath and kept telling himself that his sister was a God of cooking and that she should know these things.

"Then the person whose Yin soul was extracted is considered dead?" Ah Yin said carefully.

Little Huai Lu shook her head, a trace of pity flashing in her eyes.

"No, I don't,"

his soul is trapped, but his actual lifespan has not ended. If he can break free, he will still wake up.

"Then there's still a chance to wake up? What will happen when you wake up?" Jiang Huaian asked in a serious tone.

"It will become extremely murderous, and only constant killing can stop the violent aura. His soul was trapped and refined into a killing monster. He was originally a half-human, half-ghost existence."

Jiang Huaian admitted that he didn't have a good impression of the Crown Prince, but he still couldn't accept it at this moment.

This was a disaster for the common people, a disaster for the world.

How could they dare to do such a thing with the Crown Prince? if Lu huaijiang woke up one day, there would be no life in the world!
