### Chapter 241 - 241: You 're the light (1)

Translator: 549690339

Lu huaijiang saw her standing in front of him, feeling wronged.

With a sobbing tone, she opened her arms and asked for a hug.

Lulu wanted a hug.

That one sentence instantly squeezed out the killing thoughts that he couldn't get rid of in his mind.

All she could think about was, "Lulu wants a hug, Lulu wants a hug."

He loosened his grip, and the sword in his hand fell to the ground.

The wizard's hand was covered in blood from the Bell's explosion. "How is this possible? how is this possible? You were supposed to live a lonely life, how is that possible!" The wizard was so shocked that he shivered.

Back then, he had taken a fancy to this young man with just one glance.

It wasn't just because he had great power, but also because he was emotionless.

People were born with emotions. Even if there was no family love, no friendship, no love between men and women, they would still love a certain beauty in the world.

However, he was different. He should be lonely until he died.

He had no feelings for this world.

If he was given a chance, a sword, he could kill everyone in the world.

No one could pull him back from the abyss.

This was simply an opportunity given to him by the heavens. He had such a powerful ability, but he had no emotions. He was a natural killing machine.

In that instant, he had an idea.

If Prince Lu huaijiang could sacrifice him, he would definitely turn him into the most powerful killing weapon.

If such a puppet was refined, it would be a monster, even many Yin souls would be afraid of it. Not to mention a living person?

He was so close, so close to success.

But now, he had even lost the killing weapon that he had spent all his efforts to cultivate.

With a clang, it was thrown to the ground like scrap metal.

It had lost its luster.

The killer was half-kneeling in front of the little girl, covered in blood. He bent over and looked at her.

That pair of eyes that were dead silent and without any ripples slowly lit up with light. It was a dazzling and brilliant light.

“What do you want?” The young man’s voice was cold, as if he had not spoken for a long time. His throat was a little dry.

His eyes were fixed on the child. He had always been in the dark.

He was conscious when he killed.

But he never resisted.

The overwhelming darkness, the killing intent to slaughter everything, wasn’t this what he wanted to do the most?

He admitted that he was born heartless and emotionless. He had no feelings for the world.

He was like a person abandoned by the world, living in the abyss and never seeing the light.

Until the strong light shone on him without any hesitation, calling him word by word.

She wanted him to hug her. She wanted him to wake up. She wanted a huz.

Feeling wronged, she opened her arms and asked for a hug.

Lu huaijiang couldn’t describe what he felt at that moment. It was as if a silent heart that had never beat before had exploded at that moment.

His four limbs and hundreds of bones were spreading out fine and dense numbness.

He, who had always been cold, actually felt a slight warmth surrounding him, making him unable to break free.

At this moment, he was half-squatting with one knee on the ground and looking straight at her.

The young man's figure was like an unsheathed sword, no longer able to hide the bright cold light around him.

But in front of her, he retracted his cold aura and became gentle and calm.

The little girl's tears were still on her face, and she looked pitifully at him.

Her mind was still clear of the sentence that the young man had asked her. What do you want?

"I want brother Jiang, I want a hug." She was already feeling wronged, and when she was asked, she wailed even more and burst into tears..G

Chapter 242: He has feelings (1)

She felt wronged.

She felt extremely wronged.

Even when Jiang yubai abandoned her and the old granny wanted to sacrifice her to an evil spirit, she wasn't this sad.

Originally, Lu huaijiang had lost his mind and pointed his sword at her. She was still a little sad.

However, when Lu huaijiang really woke up, she felt really wronged.

It was as if she knew that someone would be heartbroken and that someone would become her support, so she suddenly burst into tears.

The teenager, who still reeked of blood and had a cold aura, sighed softly.

"I really can't do anything about you," he muttered. Her voice was soft and gentle, and it disappeared when the wind blew, as if she had never said it.

However, his tone was filled with a doting love that he didn't even notice.

The teenager helplessly wrapped the short fellow in his arms and hugged him.

The corners of his mouth unconsciously curled up a little.

The hostility in the young man's body instantly dispersed and became gentle.

There seemed to be some warmth between his brows, a warmth that only existed for her.

Lulu, you're my only light, the only light that can shine on me.

"Lulu, you're the one who chose me," If you let go, I won't let you.

Lu huaijiang admitted that he yearned for the light.

The sun would shine on the earth and benefit all living beings, but Lulu could only shine on him.

To save him.

Little Huai Lu didn't pay attention, and even if she did, she wouldn't care. How would she know? She was still too young, too young.

She was so young that Lu huaijiang even felt that her growth was far away.

However, the Milky fragrance from Lulu's body had dispelled the stench from his body, and he calmed down.

Lu huaijiang could sense that there was something wrong with the little girl.

He had already accepted her in his heart, and his feelings prevailed over his rationality, so he accepted her existence first.

Although he did not develop any romantic feelings for her, she was the only person he had accepted in his life.

He was afraid that as she grew up, she would lose control even more.

Lu huaijiang thought to himself, but he did not reject it.

Lu huaijiang had never thought about what kind of existence she was in his heart.

He had only tolerated her and allowed her to truly appear in his world.

"I thought you didn't remember me and didn't recognize me, but you still pointed your sword at me."

"You still want to kill me."

"Look, look, you fell and injured this place."

"You stabbed me here. It hurts, it hurts. It's all your doing." Little Huai Lu pointed at the bruise on her forehead, then spread her fingers, looking aggrieved.

Lu huaijiang looked down. Her palm had been cut open by a sharp sword, and her blood and flesh were churning.

It made his brows tighten.

"How could you ruin my good thing, how could you ruin my good thing! You're an evil, you should be a natural evil." The wizard's eyes were red with hatred. The Man in Black had already seen that the summoning had failed and was ready to retreat.

If he was caught, the first Prince would be implicated and would not be able to escape.

"Wizard, run!" Yuan Jing was about to retreat with his men.

The wizard, on the other hand, was a little crazy. His killing weapon, his killing weapon.

He looked at Yuan Jing madly. let's go. That's a killing weapon I've refined with all my might. How can he recover his mind? "How is that possible?" what's the big deal about the first Prince? if I had a killing weapon, I would be the one in charge of everything in the world of yin and yang. Everything would be mine!

“It’s all your fault, all your fault, you stinky girl! You’re the one who ruined my plan. I’m going to turn you into a doll. I’m going to make you wish you were dead. If I want you to live, you’d be better off ...” Before he could finish his sentence, the calm-looking teenager carried Lulu with one hand and walked into the distance with the other.

The Magus actually flew right in front of him.

His neck was broken.

The corners of the young man’s clothes fluttered in the wind. He raised his hand and held Lulu in his arms, who was trying to peek.

[ PS: chuanchuan will be on the show at 12 p.m. Tonight. Please vote for chuanchuan. ] “Xoxo, recommendation votes are needed before it’s on the shelf, and monthly votes are needed after it’s on the shelf, don’t remember wrong.” I’m also begging everyone to support the original subscription. Chuanchuan wants to eat, I want to drink milk tea, wuwuwu ....

Chapter 243:

Jiang huailu was firmly held in the young man’s arms as her skirt fluttered.

He was clearly a ghost, but his aura was so intimidating that anyone who looked at him would be intimidated.

The young man’s features were like a painting, but there was an ineradicable hostility between his brows.

It was only when he saw the little girl in front of him that he became gentler.

“Lulu, Lulu ...”

In the fog, there was the sound of footsteps.

It was the Xia clan.

The Xia clan had come with the yin-yang difference.

Jiang huailu, who was lying in the young man’s arms, peeked out and took a peek.

The young man had been holding her from the beginning to the end, standing quietly in the center of the array, watching the group of people retreat, not even looking at them from the corner of his eyes.

“Huai ‘an, Huai’ an ...” Jiang Huai ‘an was lying on the ground, his life or death unknown.

Breaking through the fog, Madam Xia hugged Jiang Huai ‘an and cried out loud.

city Lord, I’ve found her. I’ve found her.

“Quick, it’s all here.”

Yin-yang Messenger slightly bowed to Jiang huailu in the center.

Sigh, our God.

The divine power was strong and could resist evil.

But in reality, he was only four years old. She could summon lightning to kill the wizard, but she couldn't use the same trick again.

He still had to grow up as soon as possible.

The messenger of Yin Yang directly led people into the fog to eliminate the evil spirits, and city Lord yang hurriedly had the girls on the ground brought back.

The thick smell of blood made people frown.

"Too impudent, too impudent. Do they think that they can bully us and come to huangdu to find a scapegoat?" When city Lord yang saw this scene, he knew that it was the work of an evil sorcerer.

"City Lord, we've searched everywhere. The missing girls were all here, but there was no trace of the seven youths. But ... However, he found seven thin white bones in the cave. Their throats were pierced by a sword, and their bones seemed to have undergone some kind of sacrificial ritual, leaving only white bones."

The guard who made the report felt a chill in his heart.

In just a few days, the living child had become a skeleton.

Moreover, those people always had a sense of superiority when facing the people of the huangdu. It was easy to guess that they were from the outside world.

"Let's clean up the bones first, and let people come back to recognize them when we return to the city." City Lord Yang's face was cold.

He only had one son, and if he experienced the pain of losing his son, he was afraid that he would not be able to live on.

During this period of time, he had always let his son sleep in the same room as him.

The scene was chaotic, and from time to time, shrill howls could be heard from the forest of the fog sect.

"Fortunately, there's the yin-yang difference. Otherwise, I'm afraid we wouldn't even be able to enter the forest of the fog sect. It's said that huangdu is a world of evil, but who would have known that we'd be able to avoid the evil spirit riot by relying on the salvation Hall?" City Lord yang couldn't help but sigh, and the others around him nodded in agreement.

Madam Xia asked someone to carry Jiang Huai 'an on their back, and she looked around.

His expression changed.

"Where's Lulu? where's my Lulu?" Xia Shi was so scared that her voice broke. she was taken away by the evil. She was taken away by the young man who killed without

spilling a drop of blood. A girl said with a pale face. Just now, everyone had fainted from blood loss, but she had woken up early and happened to see that scene.

When Xia Shi heard this, her eyes rolled back and she fainted.

Why was her Lulu's life so hard?

Everyone was in a hurry to help Madam Xia. After a night of running, the red hairpin on Madam Xia's head had fallen off.

"We'll be in charge of bringing her back. You guys go back to the city first." Chu Liang had already returned.

don't worry, Madam Xia. Lady Lulu is blessed by the heavens. Even the heavens will protect her. Zhu Yan said.

Seeing Yin Yang's attitude, the people of the barren capital couldn't help but raise the status of the little girl even higher.

It seemed that the people in the hall of salvation really favored her.

Madam Xia was pinched several times before she woke up. Hearing the words of the messenger of yin and yang, she sobbed softly..

Chapter 244: Lu huaijiang's physical form (1)

City Lord yang led his men out of the misty sect's forest with a dark expression.

In less than an hour, the city Lord's mansion was filled with people with real power in the barren capital.

The barren capital belonged to the great Zhou, but it was also excluded by the great Zhou.

After all was said and done, there were only a few people who could be sent to the barren capital.

They were all people who had been abandoned by the world.

Here, some people's ancestors were exiled, and they could not leave for generations. Even if he had already recovered his good citizen's body.

Some people stood on the wrong side, some killed people, and some committed great crimes, but none of them were worthy of death.

This place was known as the land of the fallen.

They were already in a difficult situation, but the outside world still refused to let them go.

The influential people coming and going in the barren capital closed their doors and gathered for an entire day. Only when the moon was high in the sky did Mrs. Zheng send them off one by one.

No one knew what they were discussing.

All of this had nothing to do with Jiang huailu.

At this moment, she spread out her hands, which were covered with hemostatic and ointment, and placed them on Lu huaijiang's knees.

“Huff, Huff, Huff, it hurts.”

you’re the one who injured me. You have to take responsibility ... Little Huai Lu sniffled. The young man beside her had a murderous look on his face, but he gave in and blew on her.

A cool breeze blew past, smoothing out the stinging pain on the little girl’s fingertips.

“I’m disfigured, so I can’t get married?”

“My mother said that a woman’s hand is her second face. But changchang will become an adult

Little Huai Lu looked at him and said faintly.

“Now that my face has been disfigured by you. You have to take responsibility.”

“You see, you’re penniless now. You don’t have a house, a car, or a field. You don’t even have a place to stay. Lulu, let me tell you a secret. The house at the foot of the mountain and the top of the mountain are all mine.” The little girl nagged for a while.

Lu huaijiang only felt happy, but he couldn’t help but pamper her.

“So?” His voice was cold, and his hand unconsciously became gentler as he wiped the wound on her forehead.

“That’s why I’m rich. You won’t starve if you follow me. ‘ Jiang huailu chuckled and got up from the soft couch.

“Then when will you come to my house to propose marriage?”

Lu huaijiang started coughing violently.

The young man had always been calm and indifferent. Even if the world changed, he would not be able to make him look sideways. At this moment, his face was red from coughing and he pointed at Jiang huailu with a trembling hand.

Marriage proposal?

Did this girl know what a marriage proposal was?

“Do you know what a marriage proposal means?” Lu huaijiang gasped and bit the tip of his tongue.

Yet, she felt that she was too bold and reckless to let the Crown Prince come to her house to propose marriage?

Jiang huailu put her hands on her hips and stuck out her belly, “Of course I know. I’m going to marry you. Then I’ll marry you, and you’ll have to support me. No matter how much I eat, you can’t despise me. No matter how fat I am, you have to marry me. We are engaged!”

“If my mother doesn’t let me eat pork shoulder in the future, I can refute her that I have a wife!” The little girl read out a long list in one breath.

She was really smart.

Then she would've set herself up long ago and wouldn't have to worry about not being able to get married in the future.

She actually wanted to sell herself for some pork shoulder.

To be sold to the Crown Prince, who would make anyone tremble in fear, who would have the Jiang family confiscate their property, and who would have the Jiang family exile!

Lu huaijiang was so angry that he almost laughed.

"If there were other people who let you eat pig trotters, would you also let them marry you?" Thinking of this, he felt inexplicably unhappy and reached out to pinch Jiang huailu's cheek.

This soft and smooth tender meat pinched the little girl's face until it was out of shape..

Chapter 245: You can see him? 1

"A nest of mud."

Jiang huailu bared her teeth and her eyes widened.

A trace of crystal clear saliva flowed down from the corner of her mouth, and she was so angry that she became more and more aggressive.

After struggling free, Lu huaijiang asked again, so, if someone is willing to support you, you're willing to marry someone else? " He didn't know why, but he felt bitter in his heart.

"Oh, do you think everyone is worthy of marrying me?" little Huai Lu rolled her eyes.

After he finished speaking, he snorted and turned around.

At the very least, she was not willing to marry yang pinfeng.

If she married yang pinfeng, not to mention pork trotters, she could only pinch the juice on the ribs. She could eat even more than her.

These words pleased Lu huaijiang and made him laugh in a low voice.

A cold face could freeze everything, but when he smiled, it was warm and pleasant, like a spring breeze.

He couldn't help but laugh. He was even happier than when he had ascended to the throne of the eastern Palace.

He squinted his eyes slightly, with an unknown light in them.

"Hey, will you be old when I grow up?" The little girl pouted and mumbled to herself.

Hearing this, Lu huaijiang exploded in anger.

"Bengong ... I'm peerless and my age is just right! You're the one who's old, you're the one who's old, your whole family is old. Your husband might be a bad old man in the future!" With that, he snorted and prepared to pass through the door.

At this moment, he was in the attic at the top of the hall of salvation. He could travel back and forth with Jiang huailu's permission.

The ghost didn't need to open the door.

At this moment, he was so angry that he turned around and headed straight for the gate.

Jiang huailu pouted. Hmph, disappearing without a word, so what if you're a ghost?

But ...

Thump!

There was a loud bang.

It was as if something had hit the door.

Jiang huailu rolled down from the soft couch.

It was round like a little ball.

The arrogant young man who claimed that he was number one in the world and number two in the world.

She clutched her forehead and sat on the ground in a daze, staring at the door.

"I actually didn't penetrate it?" Her voice was still a little blurred, as if she had not come back to her senses.

Jiang huailu didn't even put on his shoes. He jumped off the bed and strode over to him.

"Eh ... Your forehead is red from the impact." Jiang huailu's eyes widened.

Just then, grandma Zhu came up with a wooden plate with a few small white porcelain bowls on it, all of which were Jiang huailu's favorite meat dishes.

Grandma Zhu pushed the door open and entered.

"Master, please have some dinner ..." Just as he finished speaking, he hesitated for a moment.

"Young master, do you want me to get you some fitting clothes?" Grandma Zhu stepped aside respectfully and asked Lu huaijiang in a low voice.

However, the two of them turned to look at grandma Zhu.

"You can see him?"

"You can see me?"

The two of them said in unison.

Granny Zhu paused for a moment before continuing, "although I'm old and my isn't that good, I'm still very good." But such a big person ... This old woman can't be blind, right?"

“Moreover, he’s dressed in red. When he’s lying on the ground, he’ll look like a human. He’s so conspicuous.” Grandma Zhu pointed to the ground.

Jiang huailu and Lu huaijiang looked at each other and saw the seriousness in each other’s eyes.

“Grandma Zhu, can you help me prepare some clothes for a teenager? Navy blue or white is fine.” Little Huai Lu said softly.

When granny Zhu saw that the two of them had strange expressions, she bowed deeply and left. The door closed.

Lu huaijiang immediately jumped up..

Chapter 246: Guiding His Highness Lu (1)

“How can she see me?”

“She has never seen me when I’m around her?”

This was the first time Lu huaijiang couldn’t hold it in and asked a few questions in a row.

Jiang huailu touched her chin and walked around him.

His expression was filled with contemplation.

“Did you find anything wrong these days?” Little Huai Lu asked carefully.

Lu huaijiang couldn’t help but pace back and forth. Could it be that the wizard who stole his body had actually brought him back to life?

But he was still able to use his spell when he brought Lulu back to the hall of salvation.

The young man suddenly thought of something and his expression turned cold.

His entire body was covered in frost.

His thick and angular eyebrows seemed to be filled with a cold killing intent.

It’s a wizard. He refined my living soul. Lu huaijiang’s lips moved. At this moment, he had a rough guess.

When the wizard sacrificed the flesh and blood of seven children to the heavens, his power had increased greatly, so he didn’t notice anything else.

Only now did he realize that something was wrong.

He was no longer afraid of light and was no longer trapped by the hall of salvation. He could even move freely.

Lu huaijiang even guessed that the children’s blood essence had all been transferred to him.

The little deer poked his arm, cheek, and chest. It had human form but no human body temperature.

“Am I still a human?” Lu huaijiang’s eyes drooped as he touched his heart.

He didn’t tell Jiang huailu that he was extremely bloodthirsty.

He was brutal, bloodthirsty, and brutal.

Lu huaijiang laughed in a low voice, somewhat mockingly.

“Of course you’re a human. You’re only a living soul now. Your soul took physical form because of the sudden increase in your body’s strength, and because of someone’s blood essence and secret techniques. It won’t be long before it returns to normal.”

“But ...” Lulu paused.

“Your body is still that of a mortal, and your soul is too powerful. When he returned in the future, he was afraid that his soul would be a little out of place, and there would probably be some residual effects. However, I don’t think it’s a big deal.” Little Huai Lu tilted her head and guessed.

The young man muttered to himself for a moment. He was not afraid of any aftereffects.

He nodded slightly.

Little Huai Lu leaned forward and sniffed his body with her delicate nose. it’s so smelly, so smelly ... Her little face was wrinkled and full of disdain.

“It’s not that you dislike my stinky smell, you just don’t have a place to wipe your snot.” Lu huaijiang glared at her fiercely.

You’re the first one who dared to use His Highness the Crown Prince’s robe to wipe his nose!

Little Huai Lu grinned.

Granny Zhu had never asked much about her master’s matters, and it didn’t take long for her to send over two sets of moon-white robes. Although the material was simple, it made Lu huaijiang’s figure look handsome, making little huailu stunned.

“There are a few clothing shops at the foot of the mountain of the hall of salvation, but the clothes have to be tailored to fit the body. This old woman has barely found a few suitable ones. In a few days, this old woman will find some good cloth and personally make a few.” Granny Zhu said in a low voice.

Jiang huailu was quite satisfied. The simple white clothes on Lu Jiang’s body made the clothes look extraordinary.

“I’ll have to trouble granny Zhu. These few sets of clothes are good, you just need to find some cloth, brother Jiang knows how to make clothes.” Little Huai Lu said with a smile. Then, she said with a smile, “ find a few more nice-looking clothes. I want brother Jiang to make them for me too.

Lu huaijiang put on a fake smile. Bengong’s killing hand will thread a needle for you.

You’re really imaginative.

However, under the little deer’s watery eyes, he kept his mouth shut.

This little ancestor can't be provoked. If she cries, won't it be bengong coaxing her?

It is not that bengong is afraid of her, bengong just does not want to waste energy to coax her..

Chapter 247: You want to be my stepfather (1)

brother Jiang, brother Jiang, come quickly ...

brother Jiang, do you want to try this? ”

“Have you not eaten for a long time?” Little huailu held onto Lu huaijiang and skipped out of the hall of salvation. The little girl's hands were still wrapped in white gauze and she was as happy as a little bird at the moment.

His brows were full of joy.

Walking in this world of Ice and snow, dressed in red.

There was a little girl with a circle of fluffy hair around her neck. Her face was like a painting, and it was brilliant for the entire winter.

“Brother Lu Jiang, you can send me home later. Mother must have been worried sick, so I told her that you saved me. ” Little Huai Lu was overjoyed. She had always been embarrassed. Other people's friends were all human, but hers was a ghost.

Lu huaijiang nodded. Thinking of the weak woman from the Xia family, he couldn't help but frown.

“Is there anything your mother likes or is there anything she can't do?”

“It's my first time visiting, I can't make Madam unhappy.” Lu huaijiang coughed dryly and looked at Lulu uneasily.

He, Lu huaijiang, had never asked about the taboo even when he met the Emperor. He had not even considered so much about his mother.

Lu huaijiang muttered in his heart, he was afraid that she would cry, so he endured it for the time being.

This little girl was delicate and could not be provoked.

Little Huai Lu's face was red from running, and in the White snow, there was a touch of thick and bright colors.

Even under her chubby little round face, her delicate facial features and moving eyebrows could not be hidden.

The little girl's Red lips curled up slightly, and a white mist rose from her

“My mother has a good temper and a gentle personality. She likes Lulu the most, and she's the happiest when you saved her. ” The little deer was jumping around.

“If it’s taboo, you just have to not mention the two of them. One is my father ... It was inauspicious to mention it too much. Father doesn’t like Lulu, probably because Lulu isn’t likable.” Little Huai Lu sighed.

Her little head drooped. She didn’t have a father in the sky, and she didn’t expect that she still didn’t have a father when she came down.

Fortunately, her brother and mother doted on her.

Lu huaijiang saw her disappointment and couldn’t help but touch her cheek, pinching it slightly.

“Actually ... You’re actually quite likable, just a little annoying sometimes.” Lu huaijiang’s lips curled up slightly. After leaving the capital, everything seemed to have calmed down.

although you don’t have a father, brother Lu Jiang can take his place. Brother Lu huaijiang will do his best to make it up to you for the love your father didn’t give you.

Lu huaijiang didn’t know what state he was in, but he knew that he didn’t reject Jiang huailu.

In fact, staying by her side could even stop his anger.

However, the little girl stopped in her tracks and turned around. She looked at him with a blank expression.”You actually still want to be my father? I treat you like a big brother, but you want to be my stepfather?” The little girl took a step back in shock and looked at him with an accusing face.

Her small face looked like she was injured.

He had finally opened his heart to her, and that silly girl actually thought that he wanted to be her father?

Lu huaijiang was so angry that his heart hurt.

She was tongue-tied and unable to say anything for a long time.

The young man held his head. He wasn’t even this depressed when he was impeached by the officials in court. On the contrary, when he came to huangdu, he was angered by a four-year-old child until he vomited blood from time to time.

If those old fogeys in the Imperial court saw this, their jaws would probably drop.

Fortunately, this girl was far away.

The teenager was a little scared.

“Who wants to be your father!” The young man’s face was black. He was already seven years older than her, and now he was even more senior than her. The more Lu huaijiang thought about it, the angrier he got.

It wasn’t until they arrived at the Jiang family’s main gate that the youth’s expression eased a little..

Chapter 248: The Jiang family that I’ve ransacked (1)

“Oh right, there’s a taboo about my mother. You can’t mention it.” “But I can’t bring it up that way.” Little Huai Lu shook her head.

“However, if I bring it up, you’ll start cursing. Go along with her words and give that person a good scolding. The kind that is as vicious as you can be.” Little Huai Lu didn’t take it to heart at all. These were the only two enemies her mother had.

Lu huaiianz’s interest was piqued.

“What kind of taboo is that? Could it be that he was your mother’s enemy? The kind that you hate to the bone but can’t even mention?” Lu huaijiang remembered that the woman had a gentle temperament and did not seem to be such an extreme person.

He had seen her several times, and she always had a gentle smile on her face. She was probably a dignified and virtuous woman in the capital.

“It’s almost the same if you put it this way.”

Little Huai Lu stood at the door and didn’t knock.

He turned to look at Lu huaijiang and said, “did you know that my family was exiled from huangdu?” Originally, the family was living a harmonious life. Uh, although it can’t be considered harmonious, at least their performance was harmonious.”

“The lordmaster is a first-rank official and the emperor’s teacher. Although my douchebag father doesn’t have much talent, he has an official position in the court of judicial review.”

Although little huailu was muddleheaded back in the capital, she still had some memories.

Lu huaijiang walked to the door and his steps froze.

Why did this experience sound so familiar?

He felt like he had seen her somewhere before.

“Actually, before I was exiled, my family’s life was quite good. Sigh, it’s all because I provoked that evil person, Hmph!”

“Originally, my entire family was going to be executed, but later, probably because of my conscience, my family was pushed to the execution stage. My mother even forced me to drink a bowl of wine, making me dizzy.”

“Hmph, that evil person really reined in at the edge of the cliff and changed the execution of my entire family to exile my entire family.”

“My mother is also stupid. She could have left the Jiang family and returned to the Xia family if she had divorced my father. She wanted to share the joys and sorrows, but who knew that her douchebag father would also be so troublesome.” Little Huai Lu

muttered. by the way, Lulu lied to you, " she added. hehe, brother Lu Jiang, don't be angry.

"Lulu, not Jiang Lu. Lulu's name was Jiang huailu. Jiang huailu ... My brother's name is Jiang Huaian." The little girl was all smiles.

However, brother Lu Jiang suddenly took a step back as if he was frightened.

"Jiang, Jiang huailu? Jiang Huaian?"

Lu huaijiang's heart trembled. It wasn't the Jiang he was thinking of, right?

Lu huaijiang's eyelids twitched as he watched the little boy knock on the door.

The door opened.

The one who was impeached by the court, the Imperial censorate who hit the throne room with his head, His Highness Lu huaijiang who didn't retreat even when blood splattered in the throne room. For the first time, he wanted to run away.

it's really the young miss. The young miss has really returned.

"This servant thought that his eyes were playing tricks on him. Just now, he saw a little child standing at the door. I never thought that it would really be young lady who has returned ..." The gatekeeper shouted, and the maidservants of the mansion hurriedly helped Madam Xia out.

From a distance, Madam Xia saw a little girl wearing a red robe with a few white plum flowers embroidered on it.

The round one with a sweet smile on her face was her Lulu.

"Lulu, Lulu ..." Xia Shi wailed and rushed over like a madman, almost knocking Lulu over. It was Lu huaijiang who pushed her from behind and supported her.

He held his daughter in his arms.

"It's good that young lady has returned. Since Furen returned, she did not eat a single grain of rice and was not willing to sleep, so she only stood guard at the door." The maidservant wiped the corners of her eyes and laughed while crying..

Chapter 249: Extremely guilty (1)

"Mother, I'm back."

"Look, Lulu isn't injured at all."

"Mother, don't cry. Lulu isn't injured. It's all Lulu's fault for making mother worry." A hint of guilt flashed in little Huai Lu's eyes.

From the Xia Corporation, she received the long-lost maternal love.

However, if she did not follow, no one would be able to stop Lu Jiang.

Little Huai Lu's eyes drooped slightly.

Lu Jiang was actually a very dangerous person. From the perspective of the world, she should not have allowed Lu Jiang to grow.

However, Lu Jiang and little Huai Lu were somehow soft-hearted towards him.

"Yes, yes, yes, it is already a good thing that young lady has returned safely. Furen, please do not cry. You see, these two days young lady did not eat well and her little face has become sharp." The servant girl said, her heart aching.

Lu huaijiang looked at them with a dark expression.

Don't mess around. She had eaten half a salt-baked chicken and a lot of snacks before she came back.

"Mother, it was brother Lu Jiang who saved me. He's the good friend Lulu used to talk about. His parents are dead, and his family is miserable." Little Huai Lu pulled on Xia Shi's sleeve.

Only then did Xia Shi wipe her tears, but she was still holding Lulu's little hand tightly.

She didn't sleep last night, and it was clean, dry, and red. Xia Shi squinted her eyes and looked carefully.

A young man in white stood in front of her.

He had a slender figure and a handsome face that was extremely exquisite. But this kind of exquisiteness, one could tell at a glance that he was a handsome young man, without the slightest sense of beauty.

Her appearance was exquisite, and there was a slight smile in her eyes, but she still looked familiar to Madam Xia.

He seemed to have seen it somewhere before.

Although this young man was tall and slender, he exuded a unique aura of youth. She was probably only 12 or 13, a little younger than Huai 'an.

His entire bearing did not seem like an orphan.

Madam Xia didn't think much about it. Lulu was her life, and she immediately bowed to Lu huaijiang.

Lu huaijiang frowned and quickly dodged to the side.

thank you, young master Lu, for saving us. The Jiang family will never forget your kindness.

"No need to be so polite, Madam Xia is too polite. Lulu is a good friend of mine, how could I not help him?" This little girl's eyes were almost swollen from crying, so he didn't dare to mess around.

“Young master Lu, please come in. My daughter must have caused you a lot of trouble, right?” Madam Xia wiped her tears, turned around, and ordered people to set up a banquet.

Jiang Huai ‘an was still lying on the bed, injured, and only Madam Xia was in charge of the residence.

“It’s no trouble at all. Lulu is an intelligent child.” Lu huaijiang had the appearance of an elegant young master.

The little deer looked at him suspiciously, then at him again and again.

She felt that he was being too polite.

In the past, his mouth was vicious and cold, but now he was much more polite.

Lu huaijiang’s mouth held a slight smile. It had to be said that he was so approachable at the moment that even the Emperor would not think much about it.

He usually wore the Crown Prince’s Python robe and did not speak or smile.

Now z.

Lu huaijiang chuckled, at most only a little like before.

Moreover, the Xia family did not die and had few opportunities to enter the palace. The only time she had seen them was before the execution. He probably didn’t remember it when he was panicking.

Thinking about it carefully, only the Fang and Jiang families had been sent to the barren capital recently.

The only people who had seen him were probably the old master of the Jiang family and the old master of the Fang family. As for the officials he had sent over a few years ago, he had not yet grown up at that time.

It was not enough to be feared.

The anxiety in Lu huaijiang’s eyes lessened.

“Pa pa. Pa pa ...”

Before they could leave the door, they heard someone knocking on the door impatiently. He knocked on the door..

Chapter 250: You recognize Lu huaijiang?

The Jiang family was currently living in the inner city.

Most of the people he made friends with were people from the inner city. Usually, those who came would either be invitations or servants asking to see him.

It was rare to encounter such a vulgar and rude person.

“Who is it? The door is almost broken, don’t you know any manners?” The gatekeeper could not help but shout.

He opened the door.

Jiang Yuqing pulled his big brother into the door and saw Jiang huailu standing at the door. He said happily, “Lulu is back, I’m really back. Big brother, quickly ask why huaijie didn’t return.”

“Sister-in-law, today I .

“Who is your sister-in-law? Your family’s sister-in-law is still in charge of the Jiang family, what kind of relative are you randomly calling.” Xia Shi glanced at it unhappily, only feeling that she had been blind in the past, and her heart had been trampled.

Jiang Yuqing’s expression was slightly startled, and he looked at her in disbelief.

“If you have anything to say, just say it. We have an important guest here today, so we don’t have time to entertain you.” The Xia family didn’t even let them in, and two guards blocked the door.

Jiang yubai’s face instantly turned ugly.

In the past, she could even abandon her maternal family for her.

Her heart and soul were only for him, for the Jiang family.

She was clearly the Jiang family’s matriarch, and had never left his matters in the hands of others. Everything he did was arranged by the Xia family. No matter It was sprmg, summer, autumn, or winter, whenever ne went to court, no matter how early he got up, the Xia family would accompany him to eat.

Jiang yubai’s throat was dry. The fu Corporation had never been like this.

He woke up early, but Fu enterprise was asleep and did not move at all.

The old lady was paralyzed, unable to speak or move, and had to be fed three meals a day.

The yuan family had to take care of the child, so they had to rely on the fu family for all three meals a day.

Fu Corporation, she ...

He never made breakfast, and the old man often sighed and looked at him with an indescribable gaze. He went to Fu enterprise, but Fu enterprise said, “before I married into your family, didn’t your family eat?”

Fortunately, the fu family could make lunch and dinner when they woke up, but they only had a few bites for breakfast.

Recently, for some reason, whenever he came home, his mother would hold his hand with tears on her face and not let him go.

But Fu enterprise said that they had taken good care of it.

Ever since she left the Xia family, her family had been a mess.

“Big ... Madam Xia, I’m not here for anything else. I just wanted to ask Lulu if she saw her sister huaijie. They were taken away together, so why didn’t huaijie come back?”

“When Lulu was taken away by the evil, was it the work of yin and yang that saved her? Could Lulu beg the messenger of Yin Yang to let them find huaijie? Lulu, why don’t you go and plead for him?” Jiang Yuqing stepped forward and seemed to want to hold Jiang huailu’s hand.

But Xia Shi pulled her and hid behind her.

“What sister? I can’t have such a cruel girl in my life.”

“Besides, Lulu wasn’t saved by a yin-yang mistake. This brother Lu is the one who brought Lulu back.” Madam Xia pointed at Lu huaijiang.

Lu huaijiang was dressed in white and stood quietly at the side.

Jiang yubai raised his head, and his eyes suddenly froze.

Plop.

He knelt on the ground.

“Your Highness!” Jiang yubai’s voice was hoarse and his body was limp, without any strength. He was panting heavily and his body was trembling.

Why did His Highness come to the barren capital?

When did His Highness arrive in the barren capital?

Jiang Yuqing had never been an official, so he naturally did not know Lu huaijiang.

“Master Jiang, you must have mistaken me for someone else.” Lu huaijiang said indifferently.

“Although my surname is also Lu, my ancestors were all from the barren capital. It wasn’t until my generation that I was no longer a sinner. The Prince master Jiang mentioned is also from huangdu?” Lu huaijiang looked at him with a smile..
