

The Savior 251

Chapter 251: Trying to kidnap bengong_1

Jiang yubai's entire body was trembling violently.

The courtiers were not even afraid of the Emperor, they were only afraid of His Highness Lu huaijiang.

At this moment, just seeing a face that looked similar to his was enough to make him tremble in fear.

Jiang yubai didn't see the Crown Prince much, only a few times from afar during the court session.

The Crown Prince's Python robe, although young, could suppress the entire imperial court.

There seemed to be some difference between him and the young man in front of him.

The Crown Prince would never reveal such an expression!

And he wouldn't be standing at the Jiang family's Gate with his wife.

No matter if it was in the eyes of Jiang yubai, the court officials, or the eyes of everyone in the world.

Lu huaijiang was not from the same world as the Xia family.

Jiang yubai heaved a sigh of relief and lifted his sleeve to wipe the cold sweat on his forehead.

His whole body was shrouded in fear, and he really thought that he had seen His Highness.

"Big brother, what's wrong with you? What Highness? This was the barren capital, and his Highness was far away in the capital. Are you possessed?" Jiang Yuqing hurriedly helped his big brother up.

Jiang yubai had difficulties to speak. Could it be that he was going to say that he had mistaken that youth for His Highness the Crown Prince?

Jiang yubai raised his eyes to look again, but he still felt his heart palpitate.

His heart was pounding.

The Crown Prince was the nightmare of every courtier.

Not to mention that the Jiang family had been completely defeated by him.

At this moment, when he gathered his courage and looked carefully, that young man seemed to be a bit gentler than His Highness. In comparison, His Highness was slimmer, and his gaze was colder.

How could His Highness smile?

Why would he hold his younger daughter's hand and hook her nose?

At this moment, when he looked at it carefully, it seemed that other than the outline, even the facial features were not similar.

They were clearly two different people.

No one would think that he and his Highness Lu huaijiang were the same person.

However, it was a bit of a coincidence that this young man's surname was also

However, the world was full of wonders, and Jiang yubai was able to get over it. His Highness's life in the barren capital was simply too bizarre! This was simply impossible.

"I'm wrong. I've been in a daze recently, so I didn't see it clearly." Jiang yubai said in a low voice.

Lu huaijiang pursed his lips. it's good that master Jiang saw it clearly. Don't admit your mistake in the future.

Jiang yubai's lips were moving, but he did not say anything. Even if it was not Lu huaijiang, he was still afraid of that god-like face.

One could see how much influence Lu huaijiang had on everyone.

Jiang Yuqing tugged at the corner of his elder brother's clothes, but his elder brother was in a daze and had completely forgotten what he had said before he came.

Jiang Yuqing took a deep breath with a stomach full of depression, and forced a smile. "Madam Xia, you can't say that. Huaijie and Lulu had some conflicts in the past. But that's just child's play, there's no need to go so far."

"Huaijie also calls you big aunt. How can you be so vicious?"

"Young master Lu, if you can save Lulu, please help huaijie as well. I don't know what Lulu and sister-in-law told you, but huaijie isn't a bad girl. For the sake of the Jiang family, she had even personally asked for a job for her big brother.

Young master Lu, please help us."

"We're a family of scholars, but we can't carry the burden on our shoulders. We've really let huaijie down." Jiang Yuqing had already spent a lot of money to hire someone to look for Jiang huaijin.

However, all the girls who had been taken away had returned, except for his Jiang huaijin.

Jiang Yuqing's expression darkened.

Ever since he came to the barren capital, there seemed to be an invisible film between his wife and huaijie.

Before they came to the barren capital, they were mother and daughter who could tell each other anything.

Even when huaijie did not return for a few days, Yuan-Shi did not ask anything and only wiped her tears..

Chapter 252: It's none of my business (1)

"Young master Lu, please help me."

“You saved Lulu in the forest of the mist sect, right? I’ll have to trouble you to make another trip.”

Jiang Yuqing, a man, couldn’t help but shed tears. If he was soft-hearted, he would have agreed.

“If you can save Lulu, then you can definitely help huaijie. Huaijie is a good-looking child, I’m also afraid that she’ll meet with misfortune.” Jiang Yuqing’s eyes were red, and his heart was filled with jealousy and hatred. He was afraid that the Xia family had said bad things about huaijie.

Lu huaijiang’s eyebrows didn’t even move.

“What does it have to do with me whether she’s beautiful or ugly?”

“What does it have to do with me whether he’s alive or dead?”

“It’s none of my business!” Lu huaijiang’s eyes almost rolled to the sky, which was the essence of Jiang huailu’s rolling eyes.

Originally, Madam Xia’s face was ugly because of Jiang Yuqing’s anger, but at this moment, when she saw her young benefactor, she did not give him any face at all. He almost burst out laughing.

She was really used to being held hostage by the Jiang family’s morals.

“Alright, alright, you guys have some face too. The two of them were in their 70s or 80s, and they were looking for a young master to help them. So Jiang huaijin’s life was more precious, but the young master didn’t care about his life anymore? What right do you have to risk your life for Jiang huaijin, who you don’t even know?”

“Do you really think that your Jiang family has a brain and would care more about you?” Xia Shi sneered.

The little girl beside her quietly pulled on her mother’s sleeve.

“Mother, my surname is also Jiang. I don’t want to grow a brain.” That would be so ugly.

“I’m fine. I’m referring to the cruel and unscrupulous Jiang family. Lulu isn’t.” Lulu was heartless.

Lu huaijiang bent down and picked up little Huai Lu. He looked at her carefully and said in a low voice.

When Jiang yubai saw this scene, the last trace of doubt he had was dispelled.

His Highness was coaxing the child in a soft voice? But forget it.

He would only kill children.

“You, you ... You!” Jiang Yuqing’s face turned pale from Lu huaijiang’s words. Lu huaijiang did not even look at him from the corner of his eyes. His high and mighty arrogance deeply hurt Jiang Yuqing.

“Get him out.” Madam Xia looked at the guard.

“Who dares? I’ll see who dares! I’m her brother-in-law, and this is her husband. Let’s see who dares to make a move!” Jiang Yuqing was so angry that his face and ears turned red. It seemed that he didn’t think that the Xia family, who was usually suppressed by Mrs. Liu and never dared to resist, would be so bold.

“One day as husband and wife, a hundred Days of Love. Are you really going to do this?” Jiang yubai’s face was filled with bitterness.

“You know, I’ve never wanted to separate from you. It was Mother, it was mother’s idea.”

After the Xia family left, he found that the entire Jiang family couldn’t move. Without her, the entire Jiang family was in a mess. The house was no longer clean and tidy, and it was extremely dirty and messy.

Even he would rather drink outside than go home.

“Shame, shame, shame, are you a baby? You’re already so old, and you still blame mother for making a mistake?” Jiang huailu poked his head out of Lu huaijiang’s arms.

Lu huaijiang pressed her head back down. “Some people are in their seventies or eighties, and even when they’re lying in their coffins, they’ll still ask their mothers how to lie down,” Lu huaijiang said it seriously, but the Xia group laughed when they heard it.

This was referring to people like Jiang yubai.

“You don’t have any sense of responsibility at this age, you’re not worthy of being a son. No wonder Your Highness has demoted the Jiang family.” Lu huaijiang couldn’t help but rub salt in his wound.

Of course, this also showed that he had his reasons for disparaging the other party.

Jiang yubai’s face turned green and white.

one night as husband and wife, a hundred Days of Love. I only hate that I was blind back then. I only hate that I became husband and wife with you! Xia Shi’s expression was indifferent, not even hatred.

Disappointment could not be accumulated in a day. She did not have any other thoughts now.

But the one who couldn’t walk out was Jiang yubai.

Jiang yubai and his brother were chased out, looking miserable and miserable..

Chapter 253: His Highness is like a country bumpkin (1)

“Big brother, why didn’t you control her? She was a woman who was always out in the open and had two children with her. Now, he is even more audacious to drive us out.”

“How can she be so ungrateful? The Jiang family doesn’t have a man to support them, let’s see how she’s going to live.” Jiang Yuqing’s expression was angry. Usually, this sister-in-law would speak to him in a good tone when she saw him and take care of him well in the capital.

“She can live better than you and I.” Jiang yubai replied with a wooden face.

“She gave the Jiang family the dignity and respect they should have. But even you, her brother-in-law, look down on her. Not to mention his mother, not to mention Jiang huaijin. Not to mention the Suan ni Yuan clan.” Jiang yubai laughed and laughed until tears fell.

“You can insult her in front of me, what about behind my back? What about when I’m not in the residence?”

“She doesn’t want to endure it anymore, she doesn’t want to endure it anymore.”

“Back then, I had secretly pledged to marry her for life. She had fought with her maternal family to the point of severing all ties with them and wanted to marry me, but I had made her heart turn cold.” Jiang yubai’s heart was empty, as if he had lost the most important thing.

He admitted that he had written the divorce papers because of the old lady’s urging and also because he wanted to force her to turn back.

“She broke off relations with big brother because the Jiang family’s reputation is higher than the Xia family’s! She’s out of her League.” Jiang Yuqing said in a low voice.

Back then, when the Jiang family was at the peak of its power, the old lady wanted to introduce her niece to Jiang yubai.

He immediately asserted that if you were to marry into the Jiang family, you would not have this daughter.

Back then, the Xia family had left home in tears, and for so many years, she had never returned to her mother’s house.

Even if she was wronged, she swallowed her grievances and braced herself to walk forward.

The last time she had sent someone to her mother’s house was because Lulu was about to be born on the Zhongyuan Festival and the old lady had forbidden her from hiring a midwife. At the moment of life and death, the Xia family had sent a maidservant to ask for help.

Jiang yubai took a deep breath.

When the Xia family married him, other than a pair of children, they really had nothing.

His heart was in severe pain. Jiang yubai fell to the snow and silently shed tears.

He had always thought that she would always stand behind him.

It turned out that she would leave after she had accumulated enough disappointment.

In a daze, he saw the day of his wedding again.

Mrs. Xia hugged him shyly and said, “In this life, I’ll give up everything for you. If you let me down, I’ll never look back.”

His words came true.

Everything had become true.

At this moment, the Xia family was not so sad. It was a great joy that Lulu had returned home safe and sound.

“It’s the 29th of the twelfth lunar month today, we should be celebrating the New Year with joy. Lulu, we’re not in the mood if you’re not home.”

“Today’s a good day. Yueyue, get the gatekeeper to light two strings of firecrackers. Lulu’s back. It’s going to be the new year soon, so let’s get rid of the bad luck.”

Madam Xia hurriedly ordered.

It wasn’t until Jiang huailu and Jiang liushi had finished eating that they realized that the Jiang family had already decorated the house with lanterns.

Even the Xia family in the snow had to spend some effort.

“Previously when Furen went out, she met a little beggar who was able to sculpt an ice block into a lifelike shape. Thinking that young lady would like it, he let the little beggar stay in the residence and it could be considered as doing a good deed.”

“You see, doesn’t this residence have a lot more vitality?” The servant girl smiled.

Lu huaijiang looked around curiously. He was clearly the Crown Prince of a country, but he looked like an ignorant country bumpkin..

Chapter 254: First time meeting my future brother-in-law

(1)

The Jiang family’s courtyard was filled with exquisite little animals.

On the roof, there was a carving of a little spirit monkey the size of an arm. The little spirit monkey was holding a bright red fruit in its hands.

It looked very realistic.

“You see, this bamboo forest is carved with a Panda. I’ve heard of this Panda before, but I’ve never seen it before.”

“I only know that it’s black and white, nothing else. Those eyes and those two black lumps were very interesting. The little beggar had carved a lot of bamboo and even dyed it with ink.”

Jiang huailu was stepping on the snow. Lu huaijiang was afraid that she would fall, so he held her hand.

There were crystal clear ice sculptures placed all over the courtyard. The beggar probably had some skills. All the ice sculptures were carved in rhombuses, and they emitted a dazzling light under the sunlight.

Red lanterns were hung everywhere in the Jiang family’s residence, and the few remaining servant girls and servants were all full of smiles.

Madam Xia stood in the corner of the courtyard, and the maidservant behind her whispered, “I heard that young master Lu is an orphan. I don’t think he has celebrated the new year, right? This servant saw that he seemed to be very curious.”

“Young master Lu, you’re so good-looking.” It was hard to imagine that such a person, with such bearing, was actually the descendant of a sinner.

The Xia family had been extremely wary of outsiders, but the young man had saved Lulu and was born with exquisite features.

People would love it more.

“He is also a pitiful child. Let him stay in the residence for the new year this year. Lulu, it was rare to have a companion. However, this child actually found a friend of this age.” Xia Shi couldn’t help laughing.

She had asked Lu huaijiang just now that she would be twelve after the new year.

Lulu was only five years old.

She didn’t know where the conversation came from, but the only thing Lulu could talk about was food.

This was what she was best at.

“Furen is kind and young master Lu has no family. It is fate that Furen is so kind. To be able to save young lady, it is Furen’s usual good deeds.” It was the new year, and the maidservant was full of good things to say.

The entire Jiang family was in a jubilant mood.

New Year’s Eve.

Jiang Huai’an’s body was much better now, and he could barely sit up against the headboard.

Little huailu’s teeth almost fell out of her mouth when she heard him calling her brother.

“My surname is also Jiang. In the future, calling brother Jiang is the same as calling me. You can call him brother Lu.” Jiang Huaian sat on the bed with a weak expression.

He looked at Lu huaijiang and nodded politely and distantly.

Jiang huailu made a face at him.

“Stingy, stingy.”

“Alright, brother hasn’t taken his medicine today. Help big brother bring it over. Tomorrow is the first day of the new year, mother is not allowed to drink medicine, it is bad luck.” Jiang Huaian looked outside the door.

Little Huai Lu then acknowledged and skipped out the door.

As soon as little Huai Lu went out, the smiles on the two men’s faces instantly disappeared.

The air in the room became thin.

The atmosphere was a little tense.

“Brother Jiang? You’re the evil that almost killed Lulu!” Even though Jiang Huai ‘an didn’t see his face clearly that day, he remembered Lulu’s heart-wrenching cries for him.

Jiang Huaian looked at Lu huaijiang suspiciously.

He didn’t think that this person was the Crown Prince.

Ever since he was born, he had only followed his father to the palace once on the day the Crown Prince was appointed as the Crown Prince. But at that time, Lu huaijiang was still a baby.

Lu huaijiang did not refute the word evil.

“You’ve always been Lulu’s friend, right?” Jiang Huaian said in a serious tone.

“I don’t care what you’re thinking by appearing in front of Lulu.. But if I find out that you have the intention to hurt her, I won’t let you off, even if you’re an evil spirit or a ghost!”

Chapter 255: Inheriting a small estate (1)

“You’re Lulu’s only friend ever since he was born. I don’t want to make things difficult for her. ” Jiang Huai ‘an’s face was cold. He knew that Lulu was different from him.

He knew that Lulu was hiding many secrets from him.

Even when she was being offered as a sacrifice, she was not afraid at all. Her eyes were extremely calm.

It was so calm that he was afraid that he would not be able to protect Lulu one day.

No matter how capable Lulu was, he wanted to do his best to protect her.

Lu huaijiang looked at him deeply. When he didn’t smile, it was as if his whole body was drawn out.

“I won’t hurt her at all.” As soon as Lu huaijiang finished speaking, little huailu came in with a bowl of steaming hot medicine.

The moment he pushed the door open.

The ice and snow in the room melted, and the two of them smiled again.

They were acting like Good Brothers.

“Big brother, quickly get up and drink your medicine.” Little Huai Lu placed the black medicinal soup on the bed, her little hands red from the heat. Lu huaijiang looked at his brother-in-law on the bed with dissatisfaction.

Ah, young master Jiang on the bed.

She held Lulu’s hand and huffed non-stop.

Jiang Huaian rubbed his nose. Those who didn’t know better would think that she was the one who kissed him. His heart was more at ease, and he trusted Lu huaijiang more.

Little Huai Lu looked at her brother eagerly and swallowed her saliva.

Jiang Huai ‘an glanced at her. it’s fine if you have to take a bite of everything you eat. But you also have to take a bite of the medicinal soup? ”

“You won’t be able to get married in the future if you continue like this.” Jiang Huai ‘an held his forehead helplessly. This girl looked as if she had been hungry for thousands of years.

Upon hearing this, the little girl’s eyes lit up with a smile and her chin was raised high.

“You don’t have to worry about that. Someone will definitely want Lulu.” She was just waiting for brother Lu Jiang to come to her house to propose marriage.

Lulu wasn’t worried at all since he had already found his next home.

Then, he looked at his brother with eager eyes. Lu huaijiang couldn’t help but narrow his eyes.”Medicine isn’t a good thing, you can’t take it. But I can give you a piece of malt candy to rinse your mouth.” The little girl immediately fell silent.

The warmth of drunkenness was not in the medicine.

For the sake of that last mouthful of candy, she could swallow even the bitterness.

Jiang Huai ‘an’s eyelids kept twitching as he watched. I get flustered when I see you two.” He didn’t know why, but it seemed like he couldn’t fit in anywhere.

That’s weird, Lulu was his sister.

When the two of them stood together, he seemed like an outsider.

The two of them were chased out of the room by Jiang Huai ‘an. Seeing that his wound was fine, little Huai Lu heaved a sigh of relief.

“Brother Lu, don’t worry. I will earn money to support you. Tomorrow is the first day of the Lunar New Year, and I want to bring the entire huangdu into the territory of the hall of salvation. Yesterday, I’ve already asked yang pinfeng to buy the land.”

I also dug out a gold mine.

“Don’t worry, I won’t mistreat you if you come to propose. But you have to come early, or else my mother will definitely not let me eat the pig knuckle for the New Year’s Eve dinner tonight.”

Little Huai Lu smiled slyly.

Lu huaijiang stood in front of the door, thinking, how should I tell Lulu that I’m the one who raided your house?

After a long silence, Lu huaijiang said faintly, “”Actually, my family also has some small assets that need to be inherited. Lulu, you don’t have to work too hard.” My family has two mu of land.

Little Huai Lu waved her hand and didn’t care.

She only had a small fortune, but she was rich.

The only thing he didn’t say clearly was, was it me, Lu huaijiang!

Little Huai Lu naturally refused to tell him that the evil was the Crown Prince.

This was her mission in the mortal world, so she could not tell anyone.

Only when the human world was peaceful could she return to the divine world, return to the divine position, and let her parents rebuild their golden bodies..

Chapter 256: Lulu’s enemy (1)

Little Huai Lu’s eyes dimmed.

How difficult would it be for a person who had long disappeared from the world to rebuild a golden body?

Saving the world was just a chance.

The entire world would only be exchanged for one chance.

“It’s not the Jiang family’s business. It’s because of Lulu.” Little Huai Lu’s voice was low, and she seemed to be in a bad mood.

Lu huaijiang heaved a sigh of relief.

He had never provoked the little girl.

Although he had provoked the Jiang family, she had said that it had nothing to do with the Jiang family.

The big-hearted His Highness immediately heaved a sigh of relief. As long as he didn’t end up killing himself, it would be fine.

“Brother Lu Jiang will help you, don’t be afraid. No matter where that person is, big brother will help you kill him, okay?” Seeing the little girl’s drooping eyebrows, Lu huaijiang was not happy.

Only then did little Huai Lu smile through her tears.

“That’s good.” Little huailu hooked Lu huaijiang’s finger.

In the afternoon, the entire Jiang family was distributing red packets everywhere, and the Xia family even gave the servant girls and servants a day off.

On the first and second days of the new year, they took turns to go home to visit their relatives. They were so happy that the servants kept kowtowing. How could he have the chance to go home after selling his lowly servant?

They were so lucky to have met the Jiang family.

In the evening, Lu huaijiang took out a classic of mountains and seas from Jiang Huai ‘an’s hands and was in a daze as he looked at the rare and exotic beasts in the classic.

In the past, he would be busy in the court at this time, right?

Rather than saying that he was busy, it would be better to say that he was preparing for the palace banquet.

Every year’s Palace banquet seemed to have seen blood. Those Palace servants, which one of them didn’t tremble when they saw him, their teeth chattering.

Even the courtiers didn’t dare to raise their heads under his gaze.

The banquet in the Imperial Palace was decorated with lanterns and streamers, but it was also filled with indifference.

At this moment, he looked out of the window and saw a little girl dressed in fiery red running in the courtyard. Her red clothes were like fire, and her laughter was like silver Bells. It resounded through the entire sky.

“Brother Lu, are you looking at the recipe? This is my godmother’s recipe.” brother Lu, do you know why we’re celebrating the New Year? ” Little Huai Lu stood on her tiptoes and leaned on the window sill, showing her small head.

Lu huaijiang’s mind was still stuck on the word “godmother”?

Her godmother’s recipe? The classic of mountains and seas?

The corners of his mouth twitched helplessly. The godmother he acknowledged was really awesome. The classic of mountains and seas made a recipe for her?

The little girl fantasized all day.

Lu huaijiang shook his head helplessly.

“Legend has it that there was once a monster named Nian. In order to drive it away, the people set off firecrackers every New Year’s Eve to drive it away.” Lu huaijiang had read many books, including all kinds of miscellaneous history.

Little Huai Lu was all smiles.

“No, no, it is because godmother said that one’s life is too hard and at the end of a year of hard work, one must find a reason to give people hope. Let people indulge on that day, eat what they can’t bear to eat, wear what they can’t bear to wear, and finally meet again in the year. It should be on this day.” Little Huai Lu nodded her head seriously.

Lu huaijiang was stunned for a moment. Seeing that she was full of hope and her eyes were burning with light, he couldn’t help but purse his lips.

“That’s why my mother has to let me eat without restraint on this day.” Little Huai Lu mumbled in a low voice and retracted her head.

Lu huaijiang couldn’t help but chuckle, and he laughed out loud.

Her ears were surrounded by laughter and it was really a rare lighthearted feeling.

That night was New Year’s Eve.

In order to eat the copper coins wrapped in the dumplings, Jiang huailu ate three big bowls in a row. He didn’t manage to taste a single one.

The four copper dumplings were all in Lu huaijiang’s bowl.

The young lady was so angry that she didn’t speak to him for a long time. In the end, Lu huaijiang had to hand over all the red packets before she could smile again.

“Al, who did bengong offend?” Lu huaijiang didn’t want to make her a mere figurehead now, but if he could control her, he could use the world saving Hall in the future.

It was wishful thinking.

Unfortunately, reality was too cruel..

Chapter 257: Taotie deer (1)

New Year’s Eve.

Firecrackers were set off all over the barren city. The Wen family had even spent a high price to transport a batch of fireworks back.

It was said that two people were killed when they passed through the misty forest, which caused the price of this batch of fireworks to be extremely high.

But the supply was still in short supply.

“Lulu, you’re not allowed to sleep early tonight. You have to stay up with everyone. You’ve eaten too much today, be careful you don’t melt.” Seeing that little Huai Lu was eating so much, Mrs. Xia was very anxious.

He hurriedly asked the kitchen to boil a pot of Hawthorn water and drank it, sweet and sour to help with digestion.

The small kitchen had been cleaned up, and the Xia family was also a proper person.

He immediately instructed the maidservants and servants, “it’s New Year’s Eve today, so the desserts and soup have been prepared.” You guys should also hurry down and eat, it’ll be cold later.”

“This is a red packet for everyone. Next year, we’ll all be safe and happy. From the first day to the seventh day of the new year, everyone would take turns to be on duty. There was no need to keep too many people, and they would try to play for a few days. We don’t have that many rules, we just have to do our job well.” The Xia family was not a mean person.

It was the new year, and everyone missed their family. Even she missed her family, which was thousands of miles away.

Back then, her maternal family had opposed her marrying into a high family, and she had even left her maternal family because of this.

He didn’t expect that what he had abandoned all his pursuit for was just a fantasy.

“Many thanks Furen. Furen is kind and your children are intelligent and obedient. Furen will have good fortune.” The maidservants and servants all came forward to kowtow and pay their New Year greetings. They were all sent by the Yang family, and some were bought by the Xia family.

They all thought that the Jiang family had no man to support them and was a poor family.

She did not expect Madam Xia to be so easy to talk to.

He had been here for half a year, and his days had been peaceful and quiet. He felt very free.

“Happy New Year, Madam.”

“Happy New Year, Madam.”

After kowtowing, everyone left, and the residence suddenly became much quieter. Only two old women on duty and some guards were left.

“Lulu, you’re bullying young master Lu for rubbing your stomach again.” The Xia family poured a bowl for each of them. You’re not allowed to eat so much in the future. ”

As soon as she finished speaking, the younger daughter picked up the sour and sweet Hawthorn water and drank it in one gulp.

Lu huaijiang's eyelids twitched. it's so delicious. I'm afraid she can drink two bowls of this Hawthorn water.

Madam Xia's mouth twitched. Young master Lu knew her well.

As expected ...

The Hawthorn soup was originally made for her to digest her food, but after she chugged down two bowls of it, she felt even more stuffed.

Jiang Huai 'an could barely get out of bed. He was sitting on the soft back of the chair."Lulu, were you a reincarnation of a Hungry Ghost in your past life? Her stomach hasn't been empty for a day." Little Huai Lu rolled her eyes.

My godmother is the God of creation.

My mother is a Flower Fairy.

My father is a son of Buddha that tens of thousands of people believe in.

You're the one who's starving to death. Your entire family is starving to death. I was born in the celestial class and became a celestial child.

Hmph Hmph.

The little girl was unhappy and rolled her eyes at her brother.

"Brother, it's winter. Why are you wearing these Single Shoes instead of the cotton boots mother made for you? Aren't you afraid of getting frostbites?" The little girl looked at him arrogantly.

Jiang Huai 'an's ears turned red. He suddenly retracted his hand.

This was a gift from ah Yin.

Mrs. Xia looked at him suspiciously and felt that her son's expression was not right.

"This year has been hard on Huai 'an. I'll report to work a little later after the new year. The guards are too dangerous." Mrs. Xia hesitated for a moment. This year had been extremely painful for her.

She had wanted her son to resign from his guard duty.

However, she also knew how much Jiang Huaian had sacrificed for this..

Chapter 258: The daughter of the evil (1)

"Yes, I'll listen to Mother. After the seventh day, his son would return to the Academy to rest for a while. Now that they had saved these girls, there would be a reward in the city. It can also supplement some household expenses, and mother need not work so hard." In the past six months, Jiang Huaian had grown a lot and was now a leader.

“The Lantern Festival is your birthday. Mother must celebrate it properly.” Xia Shi also laughed and joked.

“Madam Zheng was asking around a few days ago, wanting to arrange a marriage for you.” The Xia family was very pleased that their son could establish a strong family.

At the moment of her exile, her world had collapsed.

She had thought that she could only rely on the Jiang family in the future.

In the end, he could only count on his son and daughter.

She was ashamed of her family.

He didn't know if he would ever have the chance to return to the capital and fulfill his filial duties in front of his parents.

“Mother, your son is still young.” Jiang Huai'an coughed drily. His eyes were dazed, and he actually looked a little annoyed.

Xia Shi also knew that her son was thin-skinned, and immediately stopped teasing him. “Mother will not interfere with your marriage. You're 14 now. If there's someone you really like, then you'll get engaged first. It would be fine to get married in a few years. There's no rush.”

“Mother believed the wrong person and busied herself for most of her life without getting anything. In the future, mother doesn't ask for a match of equal social status or a high class family. It's enough as long as we can get along.”

Little huailu pinched Lu huaijiang's index finger.

“Do you know how happy you are now? My mother isn't a snob. You've found a treasure. Quickly come and propose marriage, you have to quickly settle down with me.” Little huailu raised her small chin and was very proud.

Lu huaijiang clenched his fist and coughed slightly.

My family still has a throne to inherit, I just don't know if you're willing to take it.

The two of them were full, so little huailu begged Lu huaijiang to take her out to relax. The Xia family trusted him and let him go out.

“There's no curfew in the city tonight, but little Lu, don't indulge her. This girl is used to being arrogant. Don't let her eat anymore, her stomach might burst.” The Xia family also made two sets of clothes for Lu huaijiang overnight. When he stood with Jiang huailu, the clothes were exactly the same.

They were all dressed in white with wintersweet flowers embroidered on their white robes.

Only the little girl's neck had a ring of fox fur.

When they walked out of the gate, they found that the inner and outer cities were connected today.

Usually, the gate between the inner and outer cities was tightly shut. Today, the gate was opened and red lanterns were hung everywhere. It was extremely lively.

Red lanterns were hung all over their heads, extending all the way to the outer city.

It was as if even the sky had become more cheerful.

“Ah, I’ve never celebrated the new year. It turns out that the new year in the mortal world is so lively ...” Little Huai Lu blurted out and then suddenly covered her mouth. He turned his head and looked at Lu huaijiang carefully.

She noticed that brother Lu was looking at the toys on the street and did not notice her.

Only then did Huai Lu secretly heave a sigh of relief.

At this moment, Lu huaijiang, who had his back to her, frowned slightly.

“Mortal world?” Godmother? He often heard these words from little Huai Lu.

But today, he found out that Lulu did not have a godmother.

When she was in the capital, she was muddleheaded and did not even recover her consciousness. Where did she get a godmother from? There’s still the mortal world?

Lu huaijiang’s eyes flashed with a touch of inquiry.

Lu huaijiang casually picked up a red hexagonal lantern. There was a carving of Chang ‘e flying to the moon on it. It was probably not sold out during the Mid-Autumn Festival, and the lady just happened to be there for the occasion.

The little girl behind the young man was soft and cute.

“Young master, would you like to buy a lantern for your daughter?” the stall owner asked with a smile.

Lu huaijiang’s face darkened..

Chapter 259: Bengong is not afraid of you (1)

Lu huaijiang’s face was frighteningly black.

When the stall owner said this, he knew that things were going to be bad.

He didn’t look carefully just now, only seeing that the young master had red lips and white teeth, his aura was outstanding, and he was probably a son of a prestigious family.

The little girl beside him was soft and cute, and she was not even as tall as his waist.

He only thought that she was his daughter.

At this moment, the young master’s face was cold, and the surrounding atmosphere seemed to be shrouded in a layer of frost. The stall owner shuddered and couldn’t hand over the lantern in his hand.

The young man bent down and picked up the girl beside him. He glared at him fiercely and walked away.

“Phew ... You scared me to death.” In the middle of winter, in that instant, the stall owner felt as if the young man was about to gouge his eyes out.

“Are you blind? those two children look like the Golden couple under Guanyin. It’s just that the young man is a few years older and looks a bit taller.” The little girl was so beautiful that the young man looked at everything around him with cold indifference.

He could only look at the little girl.

They were clearly innocent Playboys.

Lu huaijiang only felt that his mind was in a daze.

“I’m very old?” Lu huaijiang pointed to his own cheek.

He was a man and rarely paid attention to his appearance. However, when people saw him, other than fear, they could not hide the surprise in their eyes.

His mother once couldn’t help but praise, “The Prince’s face was like Jade and his eyes were like bright stars. Who knew how many girls from aristocratic families would fall for him in the future.

However, seeing that he was not happy, she did not say anything more.

But now, he was actually recognized as Jiang huailu’s father!

He had suffered a thousand points of damage.

Little huailu’s face was wrinkled, and she didn’t know how to persuade him.

“Brother Lu, don’t be discouraged. You may be older than Lulu, but Lulu doesn’t mind.” Little Huai Lu advised her kindly.

“Just shut up.” Lu huaijiang was seriously injured again.

Little Huai Lu squinted her eyes and laughed secretly. Her eyes were curved, like the crescent moon in the sky.

He stretched out his hand and smoothed out the wrinkles between the young man’s eyebrows.

“Don’t frown.” Her warm little hand smoothed her brows, and then she laid on Lu huaijiang’s shoulder with a sweet smile.

“Brother Lu is not old at all, nor is he ugly. Brother Lu is the most good-looking, the most good-looking in the world. They were born with an imposing appearance, a Jade Tree in the wind, a Dragon steed and a Phoenix chick. He didn’t understand. He was blind. Brother Lu is not ugly.”

Little Huai Lu gestured exaggeratedly, her little face flushed and her eyes sparkling.

He clearly couldn’t tolerate other people’s flattery and deception in court.

This time, little Huai Lu’s shoddy flattery made him feel very happy.

Her heart was filled with sweetness as if she had just swallowed two mouthfuls of honey.

Lu huaijiang's expression was obviously better.

It was already late at night when they returned to the Jiang family's house, but the Xia family had left supper for them.

Mother is always like this, disdainful of you.

But in the middle of the night, no matter when you came back, she would always leave a light for you. No matter when you turn around, she will always be waiting for you.

"Brother Lu, you're not angry anymore, right? Lulu will bring you there later. It's going to be interesting." After that, she washed up quickly and went back to her room.

Lu huaijiang stayed in the guest room and understood what she meant. He could only helplessly hide his forehead.

When she opened her eyes again, the little girl's soul had already left her body.

Lu huaijiang had no other choice. If she wanted to go crazy, he could only accompany her.

Lu huaijiang said in a low voice, "Bengong is not afraid of you. On the first day of the new year, bengong is magnanimous and does not want to argue with you."

With a flash, the two of them returned to the hall of salvation.

New Year's Eve.

The hall of salvation was brightly lit, and even the foot of Savior mountain was packed with people.

Long red lines were lit on both sides, filled with lanterns, all the way to the foot of the mountain..

Chapter 260: Title of mother-in-law (1)

"Do you know that there's a saying in the mortal world?"

"On the first day of the new year, if you can grab the first Joss stick, you will be rewarded by the gods." Little Huai Lu was standing in the temple in her undergarments.

Lu huaijiang had fished out a dress from somewhere. The stitches were fine, but because he was in a hurry, he had even made a few mistakes.

The word "Lu" was embroidered on the corner of his clothes.

The red winter dress fit her perfectly, and little huailu looked like a little goddess in it.

"Master, please take a seat." The messenger of yin and yang had not left the Savior Hall today. He had been waiting for his master to return.

He saw the White-clothed youth standing behind her and nodded slightly.

Little Huai Lu sat on the divine throne. At this moment, everyone knelt in front of her, waiting for midnight to come, waiting for the first wisp of green smoke on the first day of the new year.

As Chu Liang was a mortal, everyone was stunned when they saw him standing in front of the temple with the soul-subduing stick in his arms.

After a short while, he felt that the atmosphere in the hall seemed to have become colder.

Chu Liang stood up and knelt on the ground respectfully. He placed the soul subduing rod in front of him, as if he was listening to something.

“Did the gods come?” The eyes of everyone in the hall lit up, but Chu Liang did not answer them.

“This year, the human world has been restored to peace for hundreds of miles, and several people have been saved. Three hundred and seventy new newborns have been added to the city, and none of them have died in vain.”

“Ever since the hall of world salvation descended this year, only three people have been harmed by spirits. They were all people who had left the hall of salvation and sneaked out of huangdu without permission. Last year, huangdu had been harmed by the yin souls, and the number of people had reached a thousand. And it’s increasing year by year.”

Zhu Yan reported word by word. Other than the number of evil spirits, there were records of many people he had saved.

The transparent scroll of light slowly appeared in front of Jiang huailu, giving off a warm golden light.

Every time Zhu Yan read out a sentence, it would be recorded in turn.

After flipping through a few pages, the scroll of light slowly stopped.

“There are twenty thousand Yin soldiers and seven thousand yang soldiers in the hall of salvation. This year, the yin soldiers who have made the most contributions are ...” Every word Zhu Yan said was recorded on the scroll.

The team leader who had contributed the most in killing the evil had also been named.

The scroll of light seemed to be more and more complete.

Lu huaijiang couldn’t figure out what this thing was.

It seemed to contain an extremely powerful force, but it was only loyal to Jiang huailu.

After Zhu Yan finished speaking, all the spirits looked at Jiang huailu.

He was clearly a four-year-old child, but at that moment, he was sitting upright in front of the hall of salvation, and even his small feet were dangling in front of the chair. In everyone’s eyes, she was covered in divine light, as if a

God had descended.

Jiang huailu nodded slightly.

Even if it was just a slight nod, everyone was already extremely happy. Receiving affirmation was the greatest reward.

But Jiang huailu smiled and said softly, "'1 will reward you for saving the world,"

"If the world is destroyed and the netherworld is closed, I will return peace to the world."

"Zhu family, you have saved children many times and even lost many years of spiritual power. After today, you will be the mother-in-law by the bed. It's specially used to protect children who have yet to grow up, to ensure that they grow up safely." Jiang huailu pointed at Zhu Yan.

Zhu Yan was startled, and the soul binding chain in her hand trembled.

Back then, she had lost two lives. Even though she had become a Messenger of death, she had always protected her child in many ways. She often appeared at night in families with children in huangdu.

When the child was about to fall off the high bed and fall from high places, she would always appear secretly to protect the child.

She had a protective heart for her child even when he died.

Little huailu pointed with her hand, and a divine light appeared between her brows.

"From now on, you'll be in every household, The Guardian of the child, the mother-in-law.."
