

The Savior 351

Chapter 351: You came to the capital to find me (1)

Only the heavens knew that Lu huaijiang would be irritable when he saw her cry.

The string in his brain instantly snapped.

What killing, what destroying the world, what slaughtering, what world, they all threw it to the back of their minds.

As long as she didn't cry, there was nothing to discuss.

Everything could be discussed.

Lu huaijiang killed the ghost general, and general Fang led the group to quickly capture all the ghosts.

However, the young man suppressed his anger and bent down to pick her up. He whispered in her ear, full of comfort, "I didn't see anyone. Those who saw me were all dead.

The Savior's teeth were stuck out by malt candy in front of the battle and he even cried in anger, what kind of news was this?

The little girl sniffled and her eyes were red and clear.

brother Lu is the best. Lulu loves brother Lu the most ... I'll like it even if my teeth fall out." The little girl still had tears in her eyes. She wiped her face with the back of her chubby hand and immediately looked at him with a smile. Lu huaijiang's eyes were calm, but his chest felt a long-lost beating.

The feeling of losing control weakened a little.

He instantly landed in Jiang huailu's room.

"Brother Lu, can you not kill anyone?" The little girl pulled on his sleeve and whispered, lowering her head to avoid Lu huaijiang's eyes.

Lu huaijiang didn't say a word and closed his eyes.

When he opened his eyes again, he had regained his former clarity.

He had always known what he was doing. but he could not control himself. He could only watch helplessly as he slaughtered without end, turning the place blood red.

But he didn't resist, and he couldn't resist.

It was only when he saw Lulu that he seemed to be able to control himself. Lu huaijiang didn't say anything. Only he knew what he had done in the past few days.

The little girl sat at the head of the bed and picked up a small handkerchief to wipe the blood off his hands. He held the sword in his hand tightly, and the little girl stretched out her fingers and gently bent it.

He let go of his hand and fell to the ground.

The little girl thought for a moment, then stood up and stepped on the bed. She tiptoed to wipe the blood off his face and whispered in his ear with a smile, ““Brother Lu, Happy Birthday! You’ll be turning twelve tomorrow, brother Lu. Is Lulu the first one to congratulate you?” Her small mouth chattered, and the warm sound made his ears move.

“Yes, I am. Lulu, you’ll be the first one.” Lu huaijiang looked at her seriously.

I’ll help you kill whoever comes first!

Sure enough, the little girl’s eyes lit up with joy when she heard that.

“Lulu, do you want to come to my side?” Lu huaijiang paused, then hugged her and asked seriously.

“Sure, big brother Lu said that he’ll help me kill my enemy,” Lulu replied without hesitation.

“I have a great enemy, and brother Lu is going to help me take revenge. When the time comes, brother Lu can’t go back on his words.”

also, when Lulu comes, you have to take care of his food, drink, and sleep. You can’t let Lulu cry or suffer.

“But, big brother Lu, can you afford to raise Lulu?” The little fellow was a little worried.

She was a big eater.

Lu huaijiang chuckled, his chest trembling slightly.

“The Lu family has some inheritance, so they should be able to afford to raise Lulu. If Lulu doesn’t mind, you can eat and drink according to my standards.” Lu huaijiang paused again.

“They’ll definitely take care of Lulu’s food, drink, and sleep, so they won’t let Lulu cry. You’re too ugly when you cry.” He didn’t even notice the adoration in his tone.

“As for being wronged, brother Lu promises you that since you’re by my side, I won’t let you suffer. But ...” Lu huaijiang’s face darkened.

“Then, will you be able to forgive brother Lu? Brother Lu, it might be because of me that you were exiled ...” Lu huaijiang gritted his teeth, his eyes nervous..

Chapter 352: Are you the Crown Prince (1)

“Exiled?”

“Brother Lu?”

Jiang huailu looked at him in confusion.

“What’s the meaning of this?” Lulu tilted his head innocently.

“I’ll tell you a secret, Lulu didn’t like the capital in the past.” She pouted after some thought. The little girl smiled and whispered with her hands to her lips.

“Lulu was insensible in the past and was always locked up in the residence, never taking a step out of the residence. Even when he was three years old, he didn’t even step out of the main door.”

“And those people always look at Lulu with teasing eyes, and huaijie secretly pinch me. The girls in the capital also look down on Lulu, and they even use Lulu to mock mother.”

“Grandmother also secretly scolded me for being a fool. He asked me why I was born in the middle of the seventh month, and said I was a ghost of death.” Lulu was still in the sky at that time. It was godmother who could not bear to see her come down and suffer, so she had kept her here for three years.

“Lulu in the capital is not happy. So Lulu doesn’t really care if he’s exiled or not.” The little girl didn’t hate being exiled. She was well protected by her mother and brother.

He didn’t feel bitter at all.

She hated the evils and scolded them only because they would destroy the world in three years!

Lu huaijiang heaved a sigh of relief, cold sweat almost dripping from his forehead.

brother Lu, you mean that you’ve probably facilitated the Jiang family’s exile ... Lu huaijiang didn’t dare to say it was too obvious. After all, his reputation ...

It was not good.

Even though it was the truth.

The little girl looked at him with a frown. “Brother Lu, are you from an aristocratic family or the palace?”

Lu huaijiang’s heart skipped a beat. He clenched his fist and his body tensed up.”The palace.”

The little girl stared at him with wide eyes, her face full of shock. “Your Majesty’s Palace or the Crown Prince’s Palace?” The little girl gasped.

“Crown Prince.” Lu huaijiang’s face was pale.

“I know. I know who brother Lu is now ...” Little huailu suddenly exclaimed, and Lu huaijiang, who was shocked, felt guilty all over.

He was the Crown Prince, what was he feeling guilty about!

“No wonder big brother Lu said that you’re not close to father and mother, and that many people hate you. Brother Lu, you are a little eunuch in the palace, right? It must

be when my grandfather impeached the bad Crown Prince, and the bad Crown Prince was furious, so you hit my grandfather's butt. Deal with the Jiang family."

"Aiya. Lulu can't remember clearly, but was the little eunuch who came to the Jiang family to write rice paper brother Lu?"

"Brother Lu, is it hard for you to serve the bad Crown Prince?"

"Brother Lu, the bad Prince is really bad, right? You must hate him to death, right? We're the same, I also hate the bad Crown Prince." The little girl came to a sudden realization and hurriedly pulled on Lu huaijiang's sleeve.

Lu huaijiang ...

He didn't know what to say, but Jiang huailu's dark eyes looked at him.

He could only say, "it's not easy to serve. It's a little hard." A little bad ... A-are you alright?" Lu huaijiang's voice was low.

A dark look flashed past his eyes.

"Brother Lu, it's been hard on you. You'll be better off after the Crown Prince is dead." The young Lulu was very sympathetic.

He couldn't help but curse deeply again.

Little Huai Lu saw the heaviness in her brother's eyes and thought that he was touched.

Lu huaijiang took a deep breath, feeling that now was not a good time to explain. The more he said, the more mistakes he would make. What if he scared this girl and she hid away, unwilling to return to the capital?

Now that she was the Savior of the world, she had the ability to do so.

"Lulu, you can't go back on your promise." After he finished speaking, he paused.

Chapter 353: Lying to a five-year-old again (1)

His sleeves drooped down slightly, as if they were carrying something heavy.

Jiang huailu was used to rummaging through his pockets. At first, Lu huaijiang was a little resistant.

However, when he saw that she would smile happily every time she took out food, he let her be.

At this moment, Jiang huailu found a small, squarish thing in it. It looked like a piece of transparent Jade, and one hand was holding it.

"This belongs to my family. I've been back home these few days. I took it out." Lu huaijiang took a look and said casually.

Jiang huailu picked it up and stamped it on the bed. She only felt that the pattern on the stamp was very beautiful.

“Lulu likes it,” Then there was a mark on Lu huaijiang’s face and clothes.

It was a beautiful red pattern.

Lu huaijiang looked at her deeply and thought for a moment. Seeing that she was really happy, he said, “It’s just a small thing. Since you like it, keep it and play with it. When I return to the capital, I’ll come back to collect it. Anyway, don’t go back on your word, just don’t come and see me!”

Lu huaijiang reminded him again and again, but Jiang huailu didn’t listen carefully and just nodded.

“I’ll definitely come and find you. Lulu hadn’t even returned to the capital yet, and he was making it sound like he could. The whole family has been exiled ...” The little girl babbled and rolled her eyes.

“As long as you’re willing,” Lu huaijiang chuckled.

Lu huaijiang half-squatted by the bed. He opened his mouth but stopped. There was a rare hint of hesitation in his eyes.

“What’s wrong with brother Lu?”

Even if Lu huaijiang’s heart was tough, at this moment, he couldn’t help but feel a little warm on his face.

How could he lie to a child like this?

“Lulu, brother Lu Jiang has never received a birthday gift since he was young.

Have you prepared a congratulatory gift for brother? Lulu can’t just say “Happy Birthday” and cancel out the congratulatory gift, can he?”

“Brother Lu killed all the ghost generals as a congratulatory gift.” Lu huaijiang said with a thick face.

Sure enough, Jiang huailu pinched her fingers in a dilemma.

“Lulu is still a child ...” Asking a five-year-old for a present, can you bear with it, brother Lu?

However, when she saw brother Lu’s dejected expression and his eyes filled with sadness, she felt a little embarrassed.

Suddenly, an idea flashed in her mind.

Lulu prepared a unique gift. Brother Lu, come here. Lulu will give it to you. The little girl’s eyes flashed with a touch of slyness, and she reached out to wave at Lu huaijiang.

Lu huaijiang leaned over as if he didn’t know anything.

Muah .

He planted a heavy kiss on her cheek, without any desire or thoughts. It was just a child’s simple gesture of affection.

The little girl was probably a little embarrassed, and she even pinched her fingers and shrank her shoulders.

However, Lu huaijiang smiled sadly, as if that smacking sound had dispelled all his gloominess.

He really understood this girl.

This was the best gift he had ever wanted.

Feeling the familiar pull, Lu huaijiang's eyes narrowed as he looked at the seal in Lulu's hand.

"Lulu, you can't go back on your promise to brother Lu."

"I'll be waiting for you in the capital." With that, the young man in front of him turned into a white light and disappeared.

With the youth's disappearance, the little girl seemed to have lost her spirit.

The seal, which he was playing with in his hands, fell on the bed with a thud.

"Al ... Big brother is home. I don't know when Lulu will be able to enter the capital."

The chubby girl mumbled something and threw the seal under her pillow before falling asleep.

She knew that she was about to meet the opportunity to return to the capital, but she didn't know when it would arrive or how it would happen. She was not used to suddenly having one less person by her side..

Chapter 354: Used to her brother's presence (1)

The next morning, Jiang huailu woke up early, which was rare.

With dark circles under her eyes, she kicked her shoes as she walked out of the room, looking as if she had lost something.

"What's wrong, Lulu? You slept so early last night, but why are your eyes still so dark? it's as if you haven't woken up." Xia Shi was shocked. Lulu was usually like a pistachios, enjoying whatever he ate and playing with.

Why did he seem to have lost his soul today?

Madam Xia put down the handkerchief in her hand and hurried forward to pick Lulu up.

He realized that his daughter had lost a lot of weight. Her stomach was flat, and it was much easier to carry her.

The little girl's eyes drooped, and her hair drooped listlessly. She lay on her mother's shoulder without saying a word.

She was holding something tightly in her hand, which was contained in a small money bag. She held it in her hand and didn't allow anyone to touch it.

"Brother Lu has gone to his relatives." His voice was low and muffled, as if he was about to cry the moment he spoke.

Xia Shi's heart almost broke when she heard this.

Her daughter had yet to experience separation, and this was her first friend. Little Lu was also pampering her, so it was no wonder she wasn't used to it. She hurriedly patted her daughter's back and gently coaxed her.

After a while, she felt a big wet patch on her shoulder.

Xia Shi's heart ached so much that tears were about to fall.

"Brother Lu, did you say when you'll be back? Where did he go?" Madam Xia asked carefully. Little Lu was probably in a hurry, so she bade Lulu farewell and left in a hurry.

his relatives are in Beijing," Wang Yao said. They took him there. The little girl's nasal voice was slightly heavy, and she sniffed lightly.

She could feel that the chances of brother Lu's soul leaving his body were very low.

He had this kind of intuition.

The Xia family suddenly realized that many forces had come to the capital during this period.

Those who had been able to leave the capital after three generations were no longer guilty officials and had begun to move outside.

Those who were unable to leave the capital were also thinking of ways.

Madam Xia thought of the rumors in the city and gently comforted, "'This is a good thing. Little Lu had no family or friends here, so he was a little lonely. He was twelve years old now, and he was going to be engaged in two years, so he should work hard on his own. It was a good thing that his relatives were willing to help him. Lulu should be happy for him."

"As a friend, we should hope that he can cross the line, right?"

Mrs. Xia coaxed her to stop sobbing in a gentle voice, and she calmed down a little.

"Besides, we're also from Beijing. We might have a chance to go back in the future. If we're fated, we'll meet again. Lulu, stop crying. Little Lu loves you so much, if he knows that you're crying for him, I'm afraid he'll be sad." Mrs. Xia teased her younger daughter and nodded secretly when she saw that she had listened a little.

She hurriedly ordered the servants to prepare food, all of which Lulu liked. "Today is Lulu's birthday, so Lulu should eat more. Mother won't stop you from eating today."

"Also, the Savior appeared last night. Lulu slept like a sweet maiden, so I didn't

call you. The Savior is so powerful, he got rid of all the evil spirits." Madam Xia didn't forget to tell her about the battle last night.

Jiang Huailu lowered his head in guilt.

She was crying really hard.

As soon as she opened her mouth, Madam Xia suddenly asked in a serious voice, “Lulu, where are your teeth? Why is one of them missing?” Madam Xia stood up in shock and looked at it carefully.

Jiang huailu mumbled, feeling extremely guilty.

It was bad without brother Lu, and no one would help her.

brother Lu gave Lulu a candy when he came to say goodbye, and Lulu’s teeth fell off ...

Chapter 355: Ingua almost destroyed the country (1)

Madam Xia didn’t know whether to laugh or cry.

At this moment, when he saw his daughter crying because she had lost a tooth, he couldn’t help but smile.

“Do you still eat candy in the future? I told you to eat, but you didn’t listen to your mother. You’ve suffered a big loss, right? Are you still going to eat it in the future?” Mrs. Xia couldn’t hold back her smile, but seeing her crying pitifully, she wiped her tears.

Little huailu sobbed and wiped her tears.” I’m still eating. I’ll eat after my teeth grow back. ”

The Xia family ...

Jiang Huai ‘an had stayed with his mother and sister the entire night. He didn’t rest this morning and went straight to the Yamen.

your brother will be on duty for now. He’ll come back at noon to celebrate your birthday with you.

Jiang huailu’s eyes were still teary as he nodded.

“By the way, do you still want to eat melon? The tribute fruit watermelon that you were talking about the day before yesterday.” Madam Xia pulled Lulu out of the door. Although the house was not big, it was complete and warm.

There were many flowers and plants in the courtyard, and they were well taken care of.

There was a well in the corner. When Jiang huailu came to the well, he found that there were a few black watermelons soaking inside.

The melon skin was emerald green and looked sweet and delicious. it’s a pity that there’s no ice. When we return to the capital, mother will ice a few watermelons for you. It’ll be more comfortable to eat them cold.

Lulu was deep in thought. He pointed at the melon and asked, “Mother, aren’t these watermelons unique to foreign countries and extremely expensive?

“Last time, you said that these watermelons were a tribute, and that it was thanks to the first Prince that a few were sent to huangdu. Why are there so many of them this time?” The little girl looked at the melon and drooled.

The meaning of Xia Shi’s words was a little difficult to understand.

“Lulu, you’re right. Although the rumors are false, there are still some clues. But mother doesn’t believe it, it’s too ridiculous.” Xia Shi shook her head. “You still don’t know? Something has happened in fanbang.”

“The foreign country is vast and sparsely populated, but the climate is suitable. The annual yield of melon and fruit is excellent, and they often cultivate some strange fruits that can not be grown in the great Zhou Dynasty. Every year, a batch of them would be selected to be offered as tribute to the imperial family of the great Zhou. Last time, we only managed to eat two thanks to city Lord yang.”

“Who knows why there was an accident in the foreign country some time ago. It was said that people from the foreign country’s imperial family had died one after another. More than half of the seven to eight sons had died, and they all died in the palace. It’s always those who want to eat the melon that dies.”

“So I invited an eminent monk to communicate with the evil. I don’t know what happened, but the foreign countries sent all the watermelons they could find in the country to the great Zhou that night.”

“Overnight, it’s all over the streets.”

“Later, there were rumors that the evil’s mistress wanted to eat the melons of a foreign country. That’s why he scattered all the fruits, don’t you think it’s laughable? Many people believe this rumor.”

Xia Shi covered her mouth and laughed.

“If there really is such a good evil spirit, then the woman who married him would be very blessed. To destroy a country just to eat melon, don’t you think it’s ridiculous? If the country was really destroyed, then the history books passed down by the foreign countries a thousand years later would be a laughingstock. Other countries destroy countries because of the change of regime, while foreign countries destroy countries for that melon.” Mrs. Xia laughed so hard that she almost cried. In just a few days, the story of the foreign country being threatened by the big evil, and the story of the overbearing evil and his little wife had spread.

“You, this girl, are really blessed. A few days ago, you wanted to eat watermelon. It just so happens to be your birthday, and these precious watermelons will be rotten on the street.” Xia Shi couldn’t help but shake her head.

“What if the evil spirit destroyed the kingdom for Lulu?” the little girl muttered.

Hmph”

Chapter 356: He has his eyes on my flesh (1)

“Why can’t it be me? brother Lu said that Lulu deserves the best in the world.” The little girl puffed out her chest and raised her head. She was extremely confident.

Madam Xia’s eyelids twitched, feeling that little Lu’s words were too outrageous.

If Lulu was a big child, she would probably be in trouble.

But seeing that her daughter was still young and so silly, she didn’t think much of it. Little Lu probably thought of Lulu as a child, a sister.

“Little Lu was just coaxing you, and you took it seriously. You’ve been bullying little Lu all day. Don’t think that I don’t know that you often get little Lu to steal candy for you. If I don’t steal, you’ll cry. Little Lu might look cold and indifferent to everyone, but he just had to make you suffer. Now that you don’t have little Lu to pamper you, let’s see who’s going to help you.”

Jiang huailu snorted, “brother Lu said he’ll take care of me in the future.” If he had food, then Lulu would definitely be Lulu’s. If he has a mouth to drink, it’s

Lulu’s.”

Hearing such childish and naive words, Madam Xia laughed so hard that she bent over.

“Seriously, did little Lu invite a little ancestor back to serve him? He was just joking with you. In the future, when he got married and had children, he would also have to have a family. Could it be that he could skip over his wife? what did little Lu like about a girl like her? With that chubby belly of yours?”

She even reached out to pinch it. Although she had lost some weight, it felt really good to the touch.

But now, little Lu was still a teenager who was about to grow up, and he was willing to be friends with a sincere heart. When he grew up and had his first awakening of love, his friends could not compare to his wife.

Lulu stomped his feet in anger.”I don’t want to talk to you anymore. He’s the one who drools over Lulu, the one who drools over Lulu. I hate you.”

Then, he pointed at the big watermelon in the well. “Mother, mother, I want to eat that. That’s the biggest one.” After he finished speaking, he smacked his lips as if he had eaten it.

“One of your teeth is already missing, and it’s leaking air, yet you still want to eat it? Didn’t you just say that you don’t want to eat candy?” Madam Xia looked at her daughter teasingly. Seeing the little girl’s eyes rolling, she felt that she was very cute.

“Lulu said he won’t eat it anymore. Today was Lulu’s birthday, so he would start tomorrow. Besides, watermelons don’t stick to teeth.”

“Besides, how can watermelon be considered sugar? Although it was sweet, it was water. Drinking water wouldn’t make you fat. Lulu doesn’t count ...” The little girl put her hands on her hips and said seriously.

Xia Shi thought about it and felt that it made sense.

When the melon was hung up and cut open, he saw that the girl's stomach was round and round, and only then did he realize that he had been taken into the ditch.

Xia Shi slapped her forehead.

This child!

Even her mother had been fooled.

However, when he saw her small and chubby hand holding a mouthful of watermelon and gnawing on it with her mouth full and her eyebrows raised high, he let her be.

Madam Xia's eyelids twitched.

The little girl opened her mouth and took a big bite, and a neat teeth mark appeared on the watermelon ..

However, there was a hole in the middle of each bite, where the teeth had fallen out. He ate a row of them, and there was a small hole in the middle of each bite.

After she finished a slice of watermelon, she slowly gnawed at the area where her teeth were missing with disgust.

The more Madam Xia looked at her, the more amused she became. This girl was born with such an eccentric and eccentric character. Who could control her in the future?

After breakfast, Madam Xia personally changed Lulu into a bright red festive dress and tied her hair into a small bun with a red string. She had tied her hair up with two red ribbons, and there was a red pendant hanging on her ear. "Well, today is Lulu's birthday. Mother will give this bangle to Lulu.."

Chapter 357: She has the book of life and death (1)

Madam Xia took off the bracelet from her white wrist.

She had paid a great price to keep this bracelet, and she had never taken it out even when she was at her most difficult time in exile.

Lulu was the only one who had such thoughts when he was feeling high. "This is the only dowry that mother has. Back then, the Xia family was a noble family, and they didn't show off much. Their ancestors didn't have any official positions, and they only became famous in recent years."

"When it came to my mother's generation, my father's position was only about the same as your father's. Compared to your grandfather, you're really far from him. I've married into the Jiang family for a high position. However, when I married your father, I really didn't do it for his status." Xia Shi's face was bitter.

"Mother had told you before. Your maternal grandfather and maternal grandmother had a total of three sons and one daughter. I'm the only daughter of the Xia family. You have three uncles, and they were all married when I got married, and each of them had a son."

“Back then, the Xia family didn’t want me to marry into a high position. Your three uncles and maternal grandfather all said that your father wasn’t a good man, but I didn’t listen and insisted on marrying, even threatening him with my life. Your grandfather was so angry that he kicked me out of the house. I didn’t bring anything back then. It was your grandmother who secretly stuffed the dowry into my hands. This bangle was an heirloom of the Xia family, passed down only to their daughters. Now, I’ll pass it on to my Lulu.”

“If we still have the chance to go home, mother will definitely bring you two back to the Xia family to apologize.” Xia Shi couldn’t help but wipe her tears.

“All these years, mother has also gambled on this and refused to admit her mistakes to her maternal family. Now that Lulu is much better, if he returns home, they will definitely be happy.” Her three sisters-in-law had taken turns to look for her back then. She knew that her parents had given in.

Because of love, he had given in to her, his daughter. He was afraid that she would be wronged, so he had given in to her.

He only understood many principles after coming to Huangdu.

“In the past, because of my marriage, father and mother fell ill from anger. Later on, the Jiang clan was sentenced to execution, and I’m afraid they were also heartbroken.”

“I don’t know if they regret giving birth to an unfilial daughter like me. I’ve caused them so much trouble in my life.” Xia Shi put the bangle on Lulu, but Lulu’s hands were a little small and slipped a little, but she could barely put it on.

“Mother, when we return home, let’s be filial to maternal grandfather and maternal grandmother. They will definitely live to a hundred years old.” Jiang Huailu was very sure. The book of life and death was in her pocket. She would check her grandparents’ names later.

Madam Xia was happy with her, and said, ” let’s go and play. There was an announcement in the city early this morning. The hall of salvation has achieved a complete victory. We don’t have to stay in our rooms anymore.

“Mother has invited little young master Yang, Miss Wen, and little young master Zheng to come and celebrate your birthday. You’re five years old now, you can also celebrate your birthday openly.”

The Xia family had been treating Lulu badly.

Lulu had been born for three years. The Jiang family was like the sun in the sky, but they had never given Lulu a birthday celebration.

The old lady didn't even allow her to mention it. Madam Xia felt aggrieved, but

Jiang yubai only coaxed her and never took any actual action. Now that Madam Xia had walked out of his cage, she realized that Jiang yubai had completely compromised with the old lady after his proposal to marry her back then.

Because that disobedience had taken a lifetime to repay.

Luckily, she still had plenty of time to make it up to Lulu.

After thanking his mother, Lulu quickly made his way to the front yard.

By the time he reached the front yard, yang pingfeng and Wen ruzhu were already in a good mood. Young master Zheng was quiet, with a gentle smile on his face. He looked at Lulu with respect and affection.

"Happy fifth birthday, Lulu!" Yang pinfeng rushed out happily..

Chapter 358: Trying to poach Lu huaijiang (1)

"Lulu, look, this is the birthday gift I prepared for you."

"Are you surprised? are you excited? Have you never seen my gift before?"

"I'm telling you, I had this custom-made for you. It took me a lot of effort, and I've been preparing it for a long time. I know you need it the most." Yang pinfeng's face was filled with profound meaning, while ah Yin and little young master Zheng looked at him as if they were looking at an idiot.

"Madam Xia didn't kick you out, you must be having a hard time, right?" Ah Yin looked at him with a look of disdain and even took a step back, as if he didn't want to be associated with him.

Little young master Zheng's forehead was twitching.

"What do you guys know? only my gift touches Lulu's heart." Yang pinfeng rolled his eyes. He had to admit that if he wasn't the only son of the city Lord, his life would be miserable.

If he were to be reincarnated into someone else's family, his parents would have beaten him to death for his foolish acts.

Lulu was overjoyed.

The house was made of paper and had several stories.

The clothes made of paper made one's heart turn cold.

Especially on this day in the middle of July.

Yang pinfeng winked at her and whispered in her ear, wanting to hold her hand.

However, when he recalled Lu huaijiang's sinister threat last night, he could not help but cough and keep some distance.

"We're in Huangdu, so your soul can still have a place to stay. However, this thing could be taken away at will. In the future, it would be returned no matter if he left the wilderness or traveled outside. His soul would also have a place to stay. I'm smart, right? I didn't prepare any maidservants or servants for you. Anyway, you don't lack Yin souls."

"I'll get someone to burn it for you later."

Lulu nodded gratefully.

"What bad luck, move." Ah Yin pushed Yang Pingfeng away. Yang Pingfeng was already eight years old, but he was a little skinny and had actually lost some weight. Her facial features also became more outstanding. Her exquisite and naive look in the past had faded a little.

The Wen family had changed her name last month.

His real name was Wen Ruyan, but it was Wen Ruyin.

It meant that he had been hiding for more than ten years.

Ever since she had changed her name, the young consort Li had claimed to be sick and refused to go out. Old master Wen didn't try to persuade her and gave her whatever she wanted. Who would have thought that half a year ago, she was still an Invisible Woman in the Wen family whose parents were dead?

The one who was truly in charge now was Wen Ruyin.

"Lulu, I'll be more direct. I can only give you something that you lack. The Wen family may not have much, but when it came to business, no one could compare to the Wen family. In the future, if little brother Yang encounters any troublesome matters, you can come and ask me." Wen Ruyin had a profound meaning. He knew that Jiang Huailu's business was all over Huangdu.

Yang Pingfeng pursed his lips. Alright, he admitted it. He really needed this thing recently.

If everything went according to father's plan, they could leave Huangdu in a few days.

It was naturally a good thing that he could find the Wen family to form an alliance.

Although the Wen family was exiled, they were still the main branch of the Wen family and could return to the Wen family once they left.

Little young master Zheng saw that they had all given generous gifts. Although young master Yang's oddness was a bit incomprehensible to Miss Wen's, he didn't understand. But he didn't care.

He was the heir of the Zheng family and would be the most powerful man in the family in the future.

At this moment, the young man solemnly handed her a few books, his eyes somewhat shy.

“Lulu, you may be a woman, but I respect you.” Little young master Zheng suppressed his shyness..

Chapter 357: She has the book of life and death (1)

Madam Xia took off the bracelet from her white wrist.

She had paid a great price to keep this bracelet, and she had never taken it out even when she was at her most difficult time in exile.

Lulu was the only one who had such thoughts when he was feeling high. “This is the only dowry that mother has. Back then, the Xia family was a noble family, and they didn’t show off much. Their ancestors didn’t have any official positions, and they only became famous in recent years.”

“When it came to my mother’s generation, my father’s position was only about the same as your father’s. Compared to your grandfather, you’re really far from him. I’ve married into the Jiang family for a high position. However, when I married your father, I really didn’t do it for his status.” Xia Shi’s face was bitter.

“Mother had told you before. Your maternal grandfather and maternal grandmother had a total of three sons and one daughter. I’m the only daughter of the Xia family. You have three uncles, and they were all married when I got married, and each of them had a son.”

“Back then, the Xia family didn’t want me to marry into a high position. Your three uncles and maternal grandfather all said that your father wasn’t a good man, but I didn’t listen and insisted on marrying, even threatening him with my life. Your grandfather was so angry that he kicked me out of the house. I didn’t bring anything back then. It was your grandmother who secretly stuffed the dowry into my hands. This bangle was an heirloom of the Xia family, passed down only to their daughters. Now, I’ll pass it on to my Lulu.”

“If we still have the chance to go home, mother will definitely bring you two back to the Xia family to apologize.” Xia Shi couldn’t help but wipe her tears.

“All these years, mother has also gambled on this and refused to admit her mistakes to her maternal family. Now that Lulu is much better, if he returns home, they will definitely be happy.” Her three sisters-in-law had taken turns to look for her back then. She knew that her parents had given in.

Because of love, he had given in to her, his daughter. He was afraid that she would be wronged, so he had given in to her.

He only understood many principles after coming to Huangdu.

“In the past, because of my marriage, father and mother fell ill from anger. Later on, the Jiang clan was sentenced to execution, and I’m afraid they were also heartbroken.”

“I don’t know if they regret giving birth to an unfilial daughter like me. I’ve caused them so much trouble in my life.” Xia Shi put the bangle on Lulu, but Lulu’s hands were a little small and slipped a little, but she could barely put it on.

“Mother, when we return home, let’s be filial to maternal grandfather and maternal grandmother. They will definitely live to a hundred years old.” Jiang huailu was very sure. The book of life and death was in her pocket. She would check her grandparents’ names later.

Madam Xia was happy with her, and said, ” let’s go and play. There was an announcement in the city early this morning. The hall of salvation has achieved a complete victory. We don’t have to stay in our rooms anymore.

“Mother has invited little young master yang, miss Wen, and little young master Zheng to come and celebrate your birthday. You’re five years old now, you can also celebrate your birthday openly.”

The Xia family had been treating Lulu badly.

Lulu had been born for three years. The Jiang family was like the sun in the sky, but they had never given Lulu a birthday celebration.

The old lady didn’t even allow her to mention it. Madam Xia felt aggrieved, but

Jiang yubai only coaxed her and never took any actual action. Now that Madam Xia had walked out of his cage, she realized that Jiang yubai had completely compromised with the old lady after his proposal to marry her back then.

Because that disobedience had taken a lifetime to repay.

Luckily, she still had plenty of time to make it up to Lulu.

After thanking his mother, Lulu quickly made his way to the front yard.

By the time he reached the front yard, yang pingfeng and Wen ruzhu were already in a good mood. Young master Zheng was quiet, with a gentle smile on his face. He looked at Lulu with respect and affection.

“Happy fifth birthday, Lulu!” Yang pingfeng rushed out happily..

Chapter 360: Drunk (1)

Lu huaijiang!

Why aren’t you pretending to be a ghost to scare him!

Why are you only targeting me!

Yang pinfeng felt wronged.

What he never said was that Lu huaijiang would turn into a ghost from time to time and stand at the head of his bed.

“Men and women should be careful. Did you hold Lulu’s hand today?” she asked every day.

Or “do you remember to keep your distance from Lulu today?”

It happened once in a while, and he was so scared that he almost died.

This was also the reason why he had not seen Lulu for half a month. He was afraid that he would be stabbed to death by Lu huaijiang.

Now that his cousin had entered the family, wouldn’t Lu Huai and Jiang Zhi target him when Lulu grew up?

F * ck, she only knew how to target this pitiful, cute, and kind little sheep.

Al .

Public morals were degenerating day by day.

Yang pinfeng pursed his lips. I can’t express my grievances.

When Jiang Huaian returned, Jiang huilu had already stolen two pots of fruit wine. The three children were sprawled on the table and drinking.

Jiang huailu’s eyes were hazy from the alcohol. He looked at Jiang Huaian like two overlapping shadows.

Jiang Huaian was furious.

“Who gave them the wine? They were still a group of children! If you drink too much, it’ll hurt your brain and your body!” Jiang Huai ‘an was so angry that the veins on his forehead were bulging. That little maidservant trembled and cried, “This servant didn’t give it to you.”

“When moving to the residence, Furen buried a few jars of nu er Hong under the peach tree in the backyard. There are also some small wine jars that are to be dug out when little young lady is married.”

“Little Miss sneakily dug out two jars. When this servant found out, she had almost finished drinking. She said that she was getting married first today, so she wanted to drink two jars to celebrate in advance.” Taozhi was so aggrieved that she was about to cry.

don’t let her drink any more wine. Jiang Huai ‘an pressed his forehead. keep a close eye on her. Not to mention how much trouble he had caused when he drank last time, the child’s drinking was harmful to his body.

Although it was fruit wine, he couldn’t start with this.

This girl was used to taking advantage of him, and he wouldn't be able to control her when the time came.

Jiang Huai 'an was about to pick Lulu up, but she pushed him away. "You go, you go help ah Yin. Burp ... Lulu wants a walnut, I want a walnut."

He took out two walnuts from the fruit plate on the table, then took out a green stone from his pocket and threw it at them.

Clang! Clang! Clang!

Jiang Huai 'an's eyes flashed. He felt that the dark green thing in her hand looked familiar, but he couldn't remember seeing it before. It was as if he had read about it in a book.

Before he could think further, ah Yin swayed and fell into his arms.

Everything in Jiang Huaian's mind disappeared instantly.

"Miss a 'Yin, miss a' Yin, quickly wake up. I'll help you to the backyard to lie down ..."

Jiang Huai 'an's face turned red. He wanted to call for a maidservant, but there were only three or four maidservants in the manor.

Two of them were dragging yang pinfeng, one was taking care of Lulu, and the last one was doing odd jobs outside.

Wen ruyin stretched out her arms and hooked them around his neck. Jiang Huai 'an's heart was beating like thunder.

He didn't dare to touch her with his hands, so he could only hold her shoulders and walk her to the guest room.

Halfway there, Wen ruyin's nose was already covered in a thin layer of sweat.

His clothes were drenched in sweat and stuck to his body. Jiang Huai 'an didn't even dare to raise his head.

"I'm going to the concubines' room. Where is it?" Wen ruyin's eyes were filled with confusion as she asked Jiang Huai 'an. Jiang Huai 'an couldn't hold it in any longer. I'll call the servant girl. I'll call the servant girl. Can you wait for a while? Miss Wen?"

"Ah Yin, ah Yin ..." Jiang Huai 'an was so anxious that he jumped. Wen ruyin reached the door of the guest room in a daze.

As he spoke, he began to untie his belt.

"You're so slow, who doesn't have what you have? Are you still a man ..." He mumbled..
