Chapter 401: It's hard to be a woman (1)

Xia Shi looked down at Lulu from time to time.

Seeing her cautious appearance, his heart relaxed a little.

“My Lords, please follow us. All the womenfolk will just follow this young lady.” The young eunuch who was leading the way pointed at the female official standing by the road.

The female official did not smile, her expression stern as she swept her gaze across the crowd.

Eldest uncle looked back at Madam Xia. this is a female official in front of the Empress. She is here to serve the Crown Prince. She's a girl from an influential family in the capital.” He looked strict, but he was only sixteen years old.

If the Crown Prince had not been unconscious, she would not have had the chance to come to the eastern Palace.

The treatment of a female official in front of the Empress was completely different from that of His Highness. Follow new chapters at [nov/\(e\)l/bin/\(.\)com](http://nov/(e)l/bin/(.)com)

The rules of the capital were heavy. Men and women were divided into tables.

The child didn't stick to where he was.

“Lulu, do you want to be with your uncle or mother?” The first uncle asked his niece with a smile.

“Follow uncle Xia, follow uncle Xia. Men eat meat and drink wine in large mouthfuls, but women will laugh at you if you take more.” Yang pinfeng leaned into her ear with a look of disgust.

and the women's table are all eating and drinking. What's the point of that .

“With uncle.” Lulu shook his head immediately. She only ate her fill with her uncle.

“That won't do,” Xia Shi was a little anxious. Big brother, you can't control her. This child is very smart, you can't trust her. ” Moreover, he was having a meal with the Crown Prince, so he could not afford to make any mistakes.

uncle, uncle, I beg you, I beg you ... The little girl hugged her uncle's leg, her big eyes looking pitiful.

Her first uncle couldn't stand this violent and cute attack. He immediately waved his hand.” Yurong, don't worry. I'll get someone to look after her. Girls should be more arrogant. She's like my boss, acting like an old man. I'd rather she be a little more arrogant.”

“Don’t worry, I’ll keep an eye on her. Go to the rear courtyard and be more respectful when you see the Empress.” Then, she led Lulu over to the man. The little Lulu wriggled her butt and turned to her mother, pulling her eyelids.

“This stinky girl ...” Xia Shi muttered helplessly.

“You don’t have to worry,” Mrs. Zheng chuckled. Look at how cute Lulu is, no one would want to make things difficult for her. It was good for a girl’s parents to have some knowledge. We sisters should sit at the same table. Let’s go, let’s go.” Mrs. Zheng looked a little Haggard.

Last night, she couldn’t sleep and had a big fight with her father and brother when she returned to her maiden home.

Now that the Zheng family had directly gone to the eldest Prince’s residence, there was probably no room for negotiation.

The little Lulu followed behind her uncle and looked left and right. Even after her uncle took a seat, the little girl was still looking around.

At this moment, there were already many people in the courtyard.

With a rough glance, there were many of His Highness’s henchmen.

Ah, PEI, a supporter of His Highness.

the flowers here are so beautiful ... The courtyard was full of flowers, and all kinds of precious species were competing in beauty, as if they were all fighting for the young man’s favor.

“Of course it’s good looking. Look at how red the peony is. Look at how brilliant the peonies are in full bloom! The scenery within the eastern Palace was unparalleled, but no one dared to take a second look. In the rumors, Your Highness watered the flowers with human blood. How could they not look good?” The first uncle laughed while holding his stomach, which made the little Lulu roll her eyes.

Seeing Lulu roll his eyes, his first uncle said, “His Highness actually doesn’t have much interest in flowers and plants, mainly because he’s young, but he has a lot of private property. There’s no lack of rare treasures..”

Chapter 402: Lost (1)

“However, His Highness treasures his pond of fish.” It was said that His Highness had a pond of koi fish, which was quite extraordinary.

But he had never seen it before.

“In the past, there were people who sent beauties for him to enjoy, but His Highness directly killed them. Everyone can only send some flowers and grass to express their sincerity.” No one knew what the Crown Prince liked.

Hearing this, Lu Lu's face turned pale. "Your Highness, does he still eat people?" Why did he enjoy a beauty?

"Uh ..." His first uncle looked at his grandfather in front of him. He didn't want to be beaten to death by his father when he returned.

He didn't dare to continue on this topic, so he awkwardly changed the subject.

by the way, His Highness also has an extremely precious Persian cat. That Persian cat is completely white, and in order to trim its hair, three Palace servants are waiting on it.

"The Persian cat is pure and its eyes are still blue. In the capital, everyone wants to be that cat. '

Oh, " the little girl said out of boredom. She was not interested in cats.

"Uncle, I want to go to the toilet." The soft little girl tugged at her uncle's sleeve and whispered.

"Do you want uncle to go with you?" Her first uncle had never taken care of a girl alone before, so he was a little surprised. At this moment, an official from the Imperial court came over. Lulu waved her hand.

"No, the maid over there will bring Lulu over. First uncle, remember to leave some chicken legs for me later." The little Lulu was very obedient.

Her first uncle couldn't help but sigh. Who wouldn't want such a well-behaved daughter?

Lord Xia couldn't help but sneer as he rolled his eyes at Jiang yubai in the distance.

"Go, uncle will wait for you to come back."

She really didn't know why her sister was so guarded against Lulu. When she brought her here, her sister had repeatedly warned her not to let her leave her sight.

His sister was too much, watching Lulu too closely.

Lord Xia beckoned for a maidservant to come over and had someone take Lulu out.

As soon as Lulu left, Jiang yubai came to Lord Xia and master Xia respectfully. "Big brother, father-in-law." Jiang yubai said in a low voice. *Rêad new chapters on [no/v/e/lbin\(.\)com](http://no/v/e/lbin(.)com)*

Master Xia snorted coldly, "you're too kind." The daughter of my Xia family betrayed her family for you, and now, she's even chased out of the family. My Xia family can not accept you calling me father-in-law, don't shorten this old man's life. Lord Jiang, you should go find your mother."

Jiang yubai's face and ears turned red after hearing his father-in-law's words.

First uncle Xia leaned back in his chair. "You can give up your wife and children for this mother. Why didn't Lord Jiang bring your mother to the court? If I pee in my pants, I'll have to hide in my mother's arms and cry."

The people around them covered their faces slightly when they heard this. Jiang yubai's face turned pale, then green, then white.

He immediately left in anger.

“Sister, you can wait for Lulu in the yard. Lulu will be back soon.” The little fellow was soft and fluffy. The maidservant nodded with a smile.

However, Lulu had just entered the concubines ‘room.

A Palace maid ran over from the corridor with a panicked expression. “Sister

Limo, ymgmo nas run away. Alter searchmng for nail an hour, one still coma not see her and there are so many family members here today. If any child were to bump into her, one fear that this servant’s life would not be able to be saved.” The little Palace maid’s eyes were filled with tears, and her footsteps were flustered as she cried in shock.

“Don’t worry, don’t worry, I’ll accompany you to search first. Don’t be anxious

” The head Palace maid immediately led the junior Palace maid out to search.

Lulu came out of the room and saw the empty yard.

“Palace maid sister? A Palace maid?” The little Lulu looked left and right, afraid that her sister had left for an emergency. Then, he followed the path in his memory and walked towards the outer courtyard .

As he walked, he muttered, ‘wow, so many butterflies ...’ There are butterflies even in winter.” However, when he thought about it, all things withered in winter, but there were so many flowers blooming in the eastern Palace. It was not strange that there were butterflies..

Chapter 403 - 403: I caught all his precious fish (1)

why haven’t we arrived yet? Lulu’s feet are sore ...

The little girl’s forehead was covered in sweat as she walked. As she walked through the corridor and the courtyard, she heard a soft meow.

There was also the sound of water splashing.

The little Lulu followed the sound and saw a white Persian cat lying on an arch bridge beside a beautiful pool. It stretched out its tail and swayed in the water. From time to time, a koi would swim past and it would stretch out its claws to catch it.

The sound of the cat stepping on the water was the sound of the cat’s claws hitting the water.

The little Lulu’s eyes didn’t light up when she saw the cat, but she swallowed her saliva when she saw the fat carp in the pond.

I’m so gluttonous, I really want to eat it.

She had once eaten fish in the heavenly realm.

They were the koi raised by godmother in the Jade pool. She and xunhuan had caught a lot of them and eaten them to increase their cultivation.

However, after she found out that the koi could transform into humans, she no longer dared to eat them.

“You’re so stupid. Let me help you. But if Lulu helps you catch the fish, you’ll give me half. It’s a deal.” The little girl squatted on the ground and bargained with the Persian cat with her watery eyes.

The Persian cat glanced at her and meowed softly.

Then, he stretched out his tail and continued to use it to attract the koi.

The little girl quickly took off her shoes and socks and rolled up her trousers sneakily, revealing her bright and white ankles.

It was winter, and she even shivered when she stepped on ice water.

Aiya, there are even blue and red fish ... Oh my, there were actually gemstones in the water. It’s really extravagant to give the gemstones to the fish to play with .

The little guy stepped in the water with bare feet, and the cat and baby cooperated very smoothly.

From time to time, the little guy would catch one and throw it onto the shore, and from time to time, he would grab another one. After being thrown ashore, the fish was still jumping around. Under the warm winter sun, the fish exuded a warm luster. *Rêad new chapters on no/v/e/lbin(.)com*

One could tell at a glance that it was expensive.

“I’m almost done. It’s enough, there’s no more fish.” The little girl grinned from the cold, but when she saw that the pond had been stirred into muddy water by her and there was not a single fish in the entire pond, she felt a little guilty.

However, it was impossible for her to put it back.

Why should he let the fish that he caught with his own ability go back?

He quickly climbed ashore.

She saw a small wooden bucket not far away and quickly ran to the bridge with it.

She didn’t even wear her shoes, and her feet were covered in mud, leaving a footprint with each step.

“One, two, three, four, five ... Twelve.” There were only 12 lines.

“Well, Lulu won’t take advantage of you. Let’s split it fairly. One Lulu, one for you, one more Lulu, one more for you ...” The human and cat split into six, but Lulu’s side was all big.

The Persian cats were all small.

“I’m afraid you’ll choke.” The little girl puffed out her chest.

She felt that the cat had rolled its eyes.

However, she had no evidence.

“Let’s find a place to roast fish, it’s delicious ... You want me to eat it raw? I’m not eating. It’s fishy and stinky.” Lulu snorted. He carried the bucket in one hand and the fish in the other and followed the Persian cat.

The cat was probably very familiar with the house’s roads. After making many turns, it actually found a small kitchen.

There were still some sparks in the kitchen, and Lulu immediately found a branch to skewer the fish.

At this moment, eunuch Lu was singing loudly at the banquet, “”His Highness the Crown Prince has arrived.”

The ministers all bowed to welcome him.

In the backyard, the little girl’s face was already black as she held a burnt fish and gnawed on it. A pair of ink-black eyes were shining with life, shockingly bright..

Chapter 404 - 404: His Highness felt that it was unfair for her

(1)

The young prince, who was wearing a four-clawed Python robe, was welcomed into the palace by the ministers.

He was only twelve, and even after the new year half a month later, he would only be thirteen.

But his imposing manner was overbearing, and it actually made people not dare to look directly at him.

The officials trembled in fear and did not dare to look up, but Lu huaijiang looked around unscrupulously.

His eyes were always looking down.

Eunuch Lu, who was behind him, muttered in his heart.

Did His Highness drop something on the ground? Why are you looking at the ground?

He had never thought that the person they were sweeping was a short one. “You may rise.” Lu huaijiang’s voice was clear and cold, like the sound of pearls colliding, clear and indifferent.

The teenager sat on the high seat, his eyes landing on the seat beside Lord Xia.

The Xia family ...

It seemed to be her maternal grandfather’s house.

Did Lord Xia bring her here today?

Grandpa Xia seemed to feel His Highness’s gaze. He looked at his son and shook his head slightly. Lulu hadn’t returned yet, so he must have gone somewhere to have fun.

The two of them got up and knelt in front of His Highness as usual.

In the past, His Highness would make them kneel for half a day for whatever reason.

Today, they would be more self-conscious.

However, just as master Xia knelt down, he saw the young man's leg spring up in shock. He suppressed it tightly again.

Lu huaijiang's eyelids flickered. Don't let that wretched girl see it.

She had already banished her family to the barren city. If she found out that she had been causing trouble for the Xia family, she would probably cry even more.

He had not even coaxed her into exile yet, so he could not create any more trouble.

"Cough ..." Lu huaijiang raised his hand to cover his mouth and coughed.

"Stand up. It is a good thing that the ministers are returning to the capital. What is it like to kneel here, did bengong make you kneel?" As Lu huaijiang spoke, his last sentence was filled with hidden bitterness. [Rêad new chapters on no/v/e/lbin\(.\)com](http://no/v/e/lbin(.)com)

Really, deliberately causing bengong trouble.

Master Xia had just knelt down when he was lifted up by eunuch Lu.

This was really ...

The knee pads he had prepared had yet to be put to use. Could it be that His Highness was no longer satisfied with kneeling as punishment?

"Thank you, Your Highness." Old master Xia and Xia Jinyuan returned to their seats.

After that, the guilty officials who had returned to the capital came forward and knelt to thank His Highness for his kindness.

His Highness seemed to be emotionless, but his eyes were a little creepy.

As expected, the rumors were true.

His Highness was still so powerful.

Everyone came forward to thank him, and his Highness only nodded slightly. It was only when it was Jiang yubai's turn that His Highness suddenly raised his eyes and looked at him.

I heard that Lord Jiang has changed his wife in huangdu? "

"Bengong remembers that when the Jiang family was executed on the guillotine.

Madam Jiang had never left her, and even when the Xia family had asked her to leave to save her own life, she had never done so. She wanted to live and die with Lord Jiang, why did Lord Jiang divorce her?"

Divorcing a wife was fundamentally different from a divorce, but no one dared to refute.

Of all the courtiers, only Lord Jiang was left behind. At this moment, his words were like a slap to Jiang yubai's face. His face was extremely pale, and he was kneeling on the ground with his hands trembling.

It would be great if his father was still alive. Jiang yubai thought to himself.

How did His Highness get involved in family matters?

Jiang yubai trembled, and his lips trembled so much that he couldn't speak. They didn't dare to raise their heads at all, only feeling like there was a blade on their backs.

'Jiang yubai's lips were slightly pale, and large drops of cold sweat were dripping from his forehead.

He only felt that His Highness's eyes were filled with coldness.

It made him feel cold all over.

How could His Highness, who had no sense of empathy, be angry just because he divorced his wife?

Chapter 405 - 405: His Highness's mood is unpredictable (1)

Lu huaijiang's eyes were filled with disgust.

Thinking about how the little girl had been put in danger several times because of his father's inaction, Lu huaijiang could not help but be angry.

Lord Xia laughed slyly. Ha, even if His Highness wanted him to pick up feces today, he would be willing.

His Highness was actually targeting this shameless person.

He had really helped his sister vent her anger.

He didn't know that she was feeling sorry for his five-year-old niece.

"I, I ... This Minister is afraid, this Minister and first wife have respected each other like guests for fifteen years, only now do I know that our temperaments are not compatible ..." Large drops of cold sweat rolled down Jiang yubai's face. He only felt that His Highness was being overbearing today, always asking about his private matters.

But he did feel guilty about the Xia Corporation.

What if they defamed her?

Jiang yubai seemed to feel Lord Xia's gaze and felt a chill run down his spine. Only then did he not dare to speak nonsense.

"Oh," the Crown Prince replied indifferently, "I've been married for fifteen years, ran the Jiang family for fifteen years, and bore and raised children for the Jiang family. You were even willing to give up your life to go to the guillotine with the Jiang family, but it turns out that you divorced your wife because of your incompatible temperament."

“Everyone says that Bengong is fickle-minded. It turns out that Sir Jiang is better. It is Bengong who has this title.” Lu Huaijiang chuckled, causing everyone to feel a chill.

His Highness knew that everyone was talking about him behind his back. At this moment, Master Xia finally found the Crown Prince more pleasing to the eye.

That Jiang Yubai was extremely obedient to the Jiang clan’s old lady, and even abandoned his wife and son for the old lady’s sake. Furthermore, she divorced her wife and abandoned her child in a place like the barren capital. If it was not for Yurong’s luck, she would not have been able to return to the capital at all. Just thinking about it made the old man’s body go numb with anger.

He hated Jiang Yubai, he hated Lady Liu.

“Your Highness, you don’t know. The love between Lord Jiang and my daughter is stronger than gold. My daughter abandoned her family for him and was willing to marry him alone. However, the Jiang family’s old lady didn’t like her daughter, and Lord Jiang was a filial son who was willing to give up his wife and children for his mother. Lord Jiang is a filial son ...” Grandpa Xia replied to the Crown Prince.

On the surface, he called Jiang Yubai a filial son, but on the inside, he was mocking him for being dependent on his mother at this age.

He couldn’t even protect his wife and child.

The Crown Prince nodded thoughtfully.

“How about this, eunuch Lu, withdraw Lord Jiang’s report for the time being.

She had heard that the old lady was paralyzed in bed, and Lord Jiang divorced his favorite concubine for her sake. His filial piety was commendable. It would be better for Sir Jiang to first take care of the old lady, or return to the court to report after she dies of old age.”

“Bengong must also fulfill Lord Jiang’s filial piety.”

Lu Huaijiang’s brows contained a bit of unruly arrogance. Don’t you always think your mother is the most important?

Bengong will let you serve this old lady every day. When she dies, you will report your work.

Bengong would like to see how long you can serve her.

I don’t know if Lulu will forgive me for banishing her after Bengong dealt with her father.

Bengong is really in a difficult position.

“Your Highness, Your Highness, this official’s mother has already recovered and doesn’t need this official to serve her. Your Highness, Your Highness, I can still serve the Imperial court. Your Highness ...” Jiang Yubai’s expression changed drastically.

He had never thought that he would lose his official position if he only separated from the Xia family.

“You’re too noisy. Drag him out ...” Lu huaijiang lazily leaned back on the soft chair and waved his hand.

A guard immediately dragged Jiang yubai away from his seat.

The ministers were getting more and more afraid of the Crown Prince, and his Highness was getting more and more Moody.

Just because he had changed his wife, he suspended him. His Highness’s reason for punishing him was getting more and more unruly.

Everyone was cautious in their words and actions, not daring to attract the attention of His Highness.

For a moment, the banquet was a little deserted.

Suddenly, there was a knock on the door.

It was as if something small was scratching the door..

Chapter 406 - 406: Roasting his little pet with a little liver (1)

“Open the door ...”

“Open the door, my fat is here ...”

“Why didn’t anyone open the door for Lulu ...” The little girl was leaning against the door, holding a long skewer of roasted koi fish on a straw skewer.

Her little face was flushed and her eyes were full of tears.

There was still the smell of alcohol in his mouth, and his eyes were hazy and dazed.

If one looked closely, they would be able to smell the faint smell of alcohol coming from the roasted koi.

He had probably stolen the wine when he was grilling the fish in the kitchen.

At this moment, the courtyard was quiet. There were so many people, but not a single sound was made. Lulu leaned against the door, looking like he was about to fall over, and knocked on the door with his little hand.

Upon hearing the voice, everyone looked towards the door.

Lord Xia was originally paying attention to the Crown Prince, but at this moment, his heart jumped.

It was Lulu’s voice!

Lu huaijianz also iumDed at the same time.

Eunuch Lu noticed the Prince’s slightly bent fingers flicking and seemed to be shocked.

Eunuch Lu frowned slightly and raised his chin to the young eunuch beside him.

The young eunuch hurriedly went down the steps and ran towards the gate with small, quick steps.

Creak.

The door opened.

Her round little body directly rolled into the door.

The beads on her head had all fallen off, and her hair was sprawled on her head, with some mud on it.

When the round little dumpling rolled in from the door, the Xia family's hearts skipped a beat.

She slowly got up from the ground and burped. "Why didn't you open the door for Lulu?" She even sounded like she was complaining.

He saw the little girl's bare feet, her trousers rolled up high, probably falling down on the road, just covering the back of her feet.

Only a few round toes could be seen.

Her feet were covered in mud. Ever since she entered the house, she had left a footprint on the ground. [Read new chapters on no/v/e/lbin\(.\)com](#)

The kind of footprint with five distinct toes.

She was even holding a string of fish in her hand, which was emitting a slight heat. She held it in her hand like a treasure.

"Grandfather, grandfather, I found some delicious fish in the yard. They were fat and tender, and there were a lot of them in the pond. They were white, red, blue ... I've already roasted the Lulu, so let's bring it home for mother to eat later." The little guy strode towards master Xia. Master Xia's face was twitching and his body was stiff.

"Where did you get the fish?"

Lu's uncle, who had just laughed at Lord Jiang, almost passed out at the moment.

What did his niece do?

He looked at the string of fish in his hand with a stiff gaze and looked at her in horror.

The crowd gasped in shock.

Yang pinfeng looked at Lu huaijiang from left to right, why did he look so familiar? They looked similar, but their temperaments were very different. He did not dare to think about it.

He looked at his father, who had also seen brother Lu Jiang before.

However, her father didn't have any thoughts about it, but ...

He was overthinking.

Yang pinfeng touched the back of his head and felt that he was overthinking things.

How could a half-human, half-ghost like Lu Jiang dare to compare to the Crown Prince? Seeing how he had kicked Sir Jiang down with just a few words just now, he didn't dare to think that the two of them were the same.

But Lulu threw the fish on the table stubbornly. "Uncle, don't you want to try Lulu's cooking?"

“Hmph, Lulu doesn’t like you anymore if you don’t try it.” The little girl’s lips curled up, and she took the fish off the table.

When she raised her head, she saw a blurry face looking at her.

Her eyes were wide open, but she couldn’t see clearly.

She only vaguely felt that he looked like her brother Lu..

Chapter 407: She’s throwing a tantrum (1)

At that moment.

The little one’s eyes were burning.

His eyes were burning as he looked at the high and mighty young man in the middle.

The young prince, however, was holding the corner of his clothes nervously as he watched her stumble over.

He watched as she walked over, one step at a time.

His eyes fell on her bare feet, and his gaze turned cold. What should he do if her feet were cold?

Lord Xia’s face turned pale with fright. He was just too frightened by his little niece to come back to his senses. Who knew that she would actually grab His Highness’s beloved pet and walk towards His Highness as if she was familiar with it.

“Lulu, come back!” Lord Xia called out in a low voice.

Lulu, on the other hand, walked up to Lu huaijiang in a few steps. His eyes were clear, but they were a little dazed and blurred.

Lu huaijiang smelled the slight smell of alcohol on her nose and was angry but relieved.

He was angry that she had secretly drunk alcohol again.

He heaved a sigh of relief. It was his Lulu who didn’t recognize him.

“Hey, brother, do you want to try my fish? Lulu caught it in the pond. There were so many fish. Do you want to try it?” Lulu roasted it himself.” The little guy looked at the unsightly table in front of him.

He simply crawled under the table, jumped over the table, and arrived in front of the Crown Prince.

Gasps could be heard from below.

Even the two adults of the Xia family almost fainted. *Rêad new chapters on [no/v/e/lbin\(.\)com](http://no/v/e/lbin(.)com)*

What did they just see?

Lulu pulled on His Highness’s robe and climbed up to his knees as if he was very familiar with it.

She grabbed a piece of fish with her small black hands and stuffed it into the Crown Prince’s mouth.

“Hurry up and eat. This is Lulu’s gift to you.” Lulu’s hands were still covered in black ash, mixed with mud.

Lord Xia’s heart was beating fast. He could feel the sympathetic gazes from the surrounding Lords. His granddaughter, who had just returned from the barren capital, had caught His Highness’s beloved koi.

They were all cooked.

He even climbed onto the Crown Prince’s knees and sat on it. He even forcefully stuffed his favorite pet into the Crown Prince’s mouth!

Eunuch Lu was stunned the moment he saw Jiang huailu.

In a flash, he saw her grab a piece of black meat and stuff it into his Highness’s mouth.

“I can not! Come down, Lulu! How can you catch the fish in the pond!” Even though eunuch Lu liked this little girl, he was so scared at this moment that his scalp went numb.

“Little girl, come down quickly, don’t act wildly! Don’t behave atrociously!” She actually stuffed His Highness’s beloved pet into his mouth.

However, the little girl clutched his sleeve tightly. “Don’t snatch it, it’s my brother’s.” Her little face was full of defense.

Lu huaijiang’s heart immediately softened.

When the little girl heard the reprimand, she immediately looked at brother Lu with a wronged expression. “Big brother, can’t I catch or roast it? Lulu didn’t want to catch it. It was the cat that was fishing and Lulu helped it.” Lulu stretched out his hand, and a cat stuck its head out of the door.

It meowed to cooperate with her.

What was even more shocking was that the cat’s carefully groomed fur was now full of holes.

Scattered here and there, they had long lost their former nobility to speak of.

Lord Xia’s legs gave way and he knelt on the ground.

My life is over.

“I think its fur is too long, it’s not even convenient to eat fish. Lulu helped it cut it off. Does it look good?” The little girl pointed at the cat that looked like a Baldie.

Eunuch Lu was so shocked that he could not speak. All of His Highness’s beloved pets had been harmed. Eunuch Lu had to hold onto the table to barely stand.

I’m afraid this girl can’t be saved..

cut Persian's hair ...

he ate the koi that His Highness had, which was worth a city, and even ate the entire pond .

“He even brought the grilled fish to Your Highness” side to show off, and now he’s even forcefully crawling in front of Your Highness to stuff the fish. Now I know why my younger sister told me to watch her closely ...” This was really a

Lord Xia’s body was already soft from fear.

“You can eat. Do you dislike Lulu?” The little girl’s eyes were filled with tears. Lu huaijiang opened his mouth and swallowed them.

The meat was a little thick. The outside was burnt, but the inside was not cooked.

Seeing him swallow it, Lulu’s eyes curved in joy.

Lu huaijiang’s mood immediately improved.

Under her expectant gaze, he responded in a low voice.

It was to the extent that only she could hear.

It wasn’t that bad. After all, she had personally caught, roasted, and fed them. No one else had this honor.

His Highness looked down and saw that the Xia family members were already kneeling in front of him.

“Lulu, Lulu, come down ...” Lulu! Lord Xia called out to Lulu in a low voice, but he did not dare to step forward and touch his niece. Eunuch Lu wanted to reach out his hand, but there was a slap.

His Highness slapped it away.

Eunuch Lu was in a daze. His palm was red as he stared at it.

He watched helplessly as the chubby baby stuffed mouthful after mouthful into his mouth. The more he fed her, the happier he became.

“It’s really fun here. There are fish and cats, but it’s a pity that the food Street is wasted. I heard that the food Street here is closed? Lulu hasn’t even had a taste of it yet.”

“Aiya, I heard that it’s the Crown Prince, that bad guy, who won’t move.” Master Xia wiped away his sweat as he heard her words.

“Your Highness, please forgive me. Please forgive me. This child is still young and has spoken without thinking. Please forgive me.” Lord Xia was scared out of his wits. You’re plucking a Tiger’s fur.

Who knew that the young man would frown and look at her seriously.

“You don’t like the Crown Prince?” Lu huaijiang’s heart started beating rapidly.

Lulu saw that he had finished feeding a big fish and placed it on the table.

With her hands on her hips, she replied, "of course I don't." He doesn't even open a Food Street for Lulu."

Lu huaijiang's eyes moved slightly. Opening a Food Street for you, do you like me now? When you're clear-headed, can you treat me like this?

Open, open, open!

It'll open tomorrow!

Lu huaijiang's eyes suddenly lit up.

Eunuch Lu was so numb that he didn't know what to say. His Highness was surprisingly not angry today. What a great day this was.

Lulu swayed back and forth with her hands on her hips. Lu huaijiang was afraid that she would fall, so he even reached out to hold her shoulders.

Eunuch Lu's eyelids were trembling.

However, when she saw the look in His Highness's eyes, she could only lower her head and not look at him again.

His heart was filled with fear.

His Highness had never been so kind to anyone!

Lulu was practically jumping up and down on his head.

Eunuch Lu's hands were trembling slightly. What had happened that they did not know about?

"Your Highness, please forgive her. She's still a child. Let this old subject bear all the responsibilities." Master Xia didn't dare to look at her again. He couldn't care about anything else.

She quickly stepped forward and pulled Lulu out of Lu huaijiang's arms.

Lu huaijiang's raised eyebrows drooped in an instant.

Master Xia was even more certain that His Highness was angry, His Highness was angry!

He quickly pried Lulu's fingers away and carried the child back.

Lu huaijiang's eyes had already turned cold.

"I don't want to, I only want big brother, I only want big brother. You promised to provide me with food, accommodation, and drinks, and you didn't let me suffer." The little girl muttered softly. [Visitt novelbin\(.\)co/m](http://visitt.novelbin(.)co/m) for the latest updates

No one heard it clearly, only Lu huaijiang understood..

"No, no, I haven't had the tea yet."

“Lulu’s grilled fish is a little salty. Brother, have some tea ...” Lulu struggled to reach for the teacup on the table.

Old master Xia was old and almost did not manage to hold her.

Lu huaijiang was so shocked that he leaned forward and almost fell down.

Fortunately, master Xia caught it again.

She was still swaying as she grabbed the teapot and poured a cup of Lu huaijiang.

“Drink it, Lulu poured it for you personally. I won’t make the Lulu grilled fish so salty next time ...” The little girl’s face was full of shyness.

After he finished speaking, he grabbed a pork shoulder from the table and handed it to His Highness.

He pushed the cup of boiling hot tea over.

Eunuch Lu sneaked a glance at His Highness. He had just brought the teapot over, and the water was just boiling!

His Highness picked up the teacup as usual and drank it in one gulp.

There was nothing wrong with his face.

Lulu only walked over to master Xia’s side with a smile after he finished his drink.

However, his eyes were fixed on the pork Trotter. He had eaten too much today and didn’t leave enough space for good food!

“Your Highness, it’s this subject who did not discipline the child well, allowing her to make such a big mistake. Your Highness, please punish me. ” Master Xia knelt down, trembling. He was afraid that this would be even worse than Jiang yubai’s.

He tugged at Lulu, who snorted and flicked his sleeve.

She raised her chin slightly. She was not going to kneel.

Her brother Lu would not be angry with her.

She grinned at Lu huaijiang like a little drunk cat, her molars showing.

Lu huaijiang wanted to laugh, but the cup of tea just now was too hot, and now his mouth was full of blood. His mouth hurt when he grinned, so he could only look at her with a stiff face.

“Forget it, a child’s heart. Bengong is not to the extent of not being able to accommodate a child.”

“This child’s heart is simple and not an arrogant child. Lord Xia, please do not scold him.” Bengong didn’t even scold you. If you go home and scold, bengong is afraid that bengong will kill your entire family.

Lord Xia was stunned for a moment. His Highness was so easy to talk to today.

The sun must have risen from the West.

Lu huaijiang, however, saw her little drunk cat look and could not help but want to tease her.

He immediately touched his lips to cover the blood bubble in his mouth and said, ““Since miss xiaojiang has given me delicious food, I should return the favor.”

“I heard that lady xiaojiang is also literate in the barren city. Eunuch Lu, please give the young lady a copy of the Directorate’s elementary school class booklet. The questions were all personally set by the Grand tutor.” Lu huaijiang was full of interest. If you can’t finish your homework, you’ll have to come and find me.

He was really smart!

Who knew that the little girl would suddenly raise her head and look at him in disbelief, as if she had been betrayed.

“Lulu, hurry up and thank me,” master Xia heaved a sigh of relief. Today was the Xia family’s luckiest day.

The little girl burst into tears.

Like a crazy little Cannonball, he rushed towards His Highness.

“Give me back my grilled fish! Give me back my pig knuckle! Give it back to me, give it back to me!” It was a heart-wrenching roar.

Fortunately, Lord Xia was quick and rushed over to push her down. He stood up and held her tightly.

This girl’s strength was so great that she almost flipped Lord Xia over.

With the help of master Xia, they managed to hold her back.

The little girl’s face was covered in snot and tears. “You scoundrel, you scoundrel! Give me back my pork shank and fish! You’re lying to me, you’re Ivinz!” The roar resounded through the courtyard. Your favorite stories on [n/o/\(v\)e/lbin\(.\)com](http://n/o/(v)e/lbin(.)com)

Everyone was stunned.

Oh my God, he’s so hot-tempered.

His alcohol tolerance wasn’t very good either.

Lu huaijiang’s scalp went numb when he saw Lulu’s violent appearance.. He was afraid that he had caused trouble again!

Chapter 410 - 410: Swallow down your bitterness (1)

Lu huaijiang left the banquet halfway.

Her mind was filled with Jiang huailu’s heart-wrenching cries, and she wanted to pounce on her with her fangs bared.

The two Xia family elders couldn’t stop him.

“You lied to me, give me back my pork Trotter!” Her cries were heart-wrenching.

It started to drizzle.

The rain fell on the eaves, making the sound of water dripping and falling to the ground.

Eunuch Lu had someone bring in some medicine for burns. Lu huaijiang drank it in one gulp and felt a little better in his mouth and throat.

It brought with it some coolness and dispersed the heat.

“Your Highness, does your stomach hurt again? But if you want an Imperial physician to come and take a look, I’m afraid that the roasted fish is burnt on the outside and not well done on the inside ...” Eunuch Lu didn’t know what to say. His Highness had vomited several times tonight.

His mouth was fiercely scalded.

The grilled fish was probably not cooked yet.

Lu huaijiang raised his finger slightly, a hint of ruthlessness hidden between his brows.

“Bengong knows what you want to do but there are some things that you should not know and it is best not to ask. Bengong also do not wish to hear the slightest wind from outside.” Lu huaijiang’s eyes turned cold, and eunuch Lu felt a chill down his spine. “Yes.”

He had not found a suitable reason to bring Lulu to his side yet, and if he attracted the attention of the first Prince’s henchmen, Lulu would be in danger.

“Send half of this Prince’s Secret guards to the Jiang family’s little Miss” side,”

“If you’re a man, then pick the ugly ones. If you’re a woman, do as you please.”

Lu huaijiang went straight into the inner courtyard after he finished speaking.

Uncle Xia carried Lulu back to the carriage, knowing that it would be difficult to see the Crown Prince. However, he did not expect that the most difficult scene would happen to his little niece.

What did she do all night?

Just thinking about it made Lord Xia feel like he was in a dream.

When Madam Xia and a group of women returned, she saw her father and brother looking at her with an indescribable expression.

He wanted to ask, but he saw them sighing in unison, as if they were unwilling to talk about anything.

“Lulu ate too much of the grilled fish. It was cooked with a flower carving, so he was a little tipsy. When we get back, let her have a good rest and give her some hangover soup.” Lord Xia said slowly.

“Then you’ll have to watch closely. Lulu will have problems every time he drinks. Last time, I drank a cup in the barren capital and fell to the ground.

Everyone said that I was no longer breathing.”

“Thinking that she was poisoned, everyone tried their best to induce vomiting. That Prince who had come to Huangdu had even been coaxed by her to drink dirty things. This girl, you must keep an eye on her, don’t let her come out and play drunk.”

Madam Xia said hurriedly and took Lulu back.

The father and son of the Xia family looked at each other, suddenly feeling a little gratified, but also a little scared.

At least, at least the one who was tricked didn’t drink manure water.

Should he thank her for showing mercy?

No wonder his younger sister had repeatedly urged him to look after her. It turned out that she was actually this kind of girl! Lord Xia’s heart ached. He found out too late!

Lulu had already bullied His Highness ...

“Tomorrow, find some rare pets for Your Highness. Today, Lulu will roast the fish in Your Highness’s pond.” Lord Xia sighed and didn’t say anything else to avoid scaring his sister.

Although this matter couldn’t be hidden for long, it was still better than being in fear now.

Everyone returned to the Xia family home.

“That’s right, I’ll write a letter of advice in the next few days to transfer the two children back to the capital. Let’s see if your Highness will allow it ...” Master Xia said in a low voice as he entered the mansion. “Thank you, father,” Lord Xia’s eyes lit up with joy..
