

## The Savior 421

Chapter 421 - 421: Lulu cried after drinking it (1)

“This dish is also a Dongli tribute dish.”

“This dish has been passed down in Dongli for thousands of years, but it is only served to the gods. It’s said that there were gods who came down to the mortal world several times to eat it secretly.”

The old eunuch smiled as he introduced them, but Lulu’s eyes were teary.

The one who had returned to normal life was her father, while the monster race woman was her mother.

The God who had stolen the food was her godmother.

Why was there always a legend about the elders in the mortal world? what had they done? The five-year-old Lulu was extremely confused.

The Emperor was also a little interested. Although he was dissatisfied with Lu huaijiang using three cities to exchange for a recipe for a delicious dish, he was still very happy.

However, it was obvious that he could not intervene in this matter.

He had the right to decide if he wanted the city that Lu huaijiang had conquered.

“The origin of this dish is extremely great, so all of you should have a taste.” The Emperor opened his mouth, and a eunuch used a silver needle to test the poison. Only then did she use a spoon to put some into an exquisite small bowl and hand it to the Emperor.

Seeing that the Emperor had spoken, everyone took action one step behind.

Master Xia poured Lulu a bowl of steaming hot soup and placed it by her mouth.

. I don’t ...” I’m not drinking it!

Gudong, gudong ..

He swallowed his saliva.

This is the dish that my father and mother made to seal their love. It shouldn’t be a problem to have a taste, right? She had not forgiven the big evil anyway, so she would just take a sip first and get angry later!

Lulu glared at Lu huaijiang.

Then, he picked up the small white bowl and drank it slowly.

Lu huaijiang saw that she didn’t hold her bowl for a long time, and his face was gloomy. He heaved a sigh of relief when he saw that she had finally taken a sip.

As long as they were willing to eat it, there would be a chance.

Lu huaijiang could clearly feel that something was wrong with him. He seemed to be overly concerned about Lulu.

However, every time Lulu was happy, he felt as if he had drunk honey. It was sweet.

He only relaxed when he saw the joy between her brows.

Lu huaijiang did not want to go against his heart.

At this moment, he only wanted to make Lulu drink until she was all smiles. As long as he could make her happy, he would have a way to make her forgive him.

Whoever knew ...

The child who was still smiling just now took a sip.

Suddenly, tears welled up in her eyes. When she raised her head, her eyes were red and filled with crystal clear tears. The hands holding the bowl were trembling.

Lu huaijiang was stunned.

He gave Lulu a bowl of soup and she cried?

At this moment, the little girl was sitting sideways, holding a bowl, and her tears were falling. All of it fell into the bowl.

It seemed to be whimpering quietly.

His Highness, who had always been calm and had killed everyone in the world without any mercy. At this moment, he couldn't sit still anymore. His brows furrowed, his fists clenched, and his eyes were filled with worry.

The little girl held the bowl, and big drops of tears fell into the bowl.

Why was it that when people drank it, they wanted more and wanted to swallow their tongues?

However, she only tasted heartache and bitterness, and only the sweetness at the end with a bit of bitterness.

The bitter taste almost filled his entire mouth. It was bitter in his heart.

It made her heart feel so stuffy that she wanted to cry.

With just one sip, her tears could not help but fall.

The little girl looked up at Lu huaijiang, her eyes aggrieved and complaining.

Lu huaijiang's heart ached so much that it was numb. At this moment, all the calmness in his mind faded. She stood up straight and took a step forward, ready to walk in Lulu's direction.

Mother Zhen was sick and still couldn't get up, so she brought Lulu and a few children of the residence into the palace today.

His heart ached when he saw Lulu's pitiful state..

Chapter 422 - 422: Lulu's face (1)

Lulu sniffled as he leaned into Madam Yun's arms.

Her eyes were teary, and she felt wronged and uncomfortable.

What made her sad was that she could probably tell what her parents had felt back then.

She felt wronged because she couldn't eat the delicious food that she had been looking forward to for so long.

She cried out of grievance ...

Lu huaijiang stood up and walked down the steps. Seeing Madam Yun holding Lulu, he heaved a sigh of relief.

"Crown Prince, where are you going? The palace banquet has just started, why are you leaving already?" The woman sitting beside the first Prince had her head lowered, not looking at him.

On the other hand, the eldest Prince reached out to hold Princess Dongli, tightening his arms slightly. The princess gasped and raised her head.

Once again, the great prince followed Lu huaijiang's gaze and felt that his expression today was a little abnormal.

He looked over and saw a group of old men drinking.

All that was left was a charming middle-aged lady.

After thinking about it for a moment, she realized that the lady seemed to be a sister of Empress Yun's maiden family. It was just that they were not very close.

"The state affairs are busy, and since this Prince is the Regent, I will not dare to relax. On the contrary, it is big brother who has a beauty in his arms and wine in his hands, living a comfortable life." Lu huaijiang looked at him with an indifferent expression.

Seeing that Lulu had stopped crying, she sat back down on the chair.

The Emperor was a little tired and left the palace banquet halfway through.

Seeing that the Emperor had left, noble consort Lin no longer had the mood for it. The nanny immediately held her hand and went back to the palace to rest.

Ever since she was pregnant with the dragon's fetus, it had been well -protected.

However, she was also very alert.

She won in that her face didn't look old, but her body couldn't compare to a seventeen or eighteen-year-old flower. Whenever a beauty appeared in front of His Majesty, she would disappear without a sound.

The Empress looked at her son and then at the great prince, who had already become one with the officials.

A hint of anxiety flashed in his eyes.

After midnight, the palace banquet was coming to an end.

Fireworks were lit in the palace, and the crackling flames exploded in the sky. The little girl was wailing like a country bumpkin.

In the past, she could only lie on the clouds and look down at the fireworks.

Now that he looked up, it actually had a different kind of beauty.

The little Lulu looked up and down. She was probably too short, so she kept looking up and down. There was actually a pfft . He raised his head and fell straight down from the back.

Lu huaijiang's eyebrows twitched.

Madam Yun took advantage of the situation and protected the back of Lulu's head, pulling him back.

His face turned pale.

Lu huaijiang looked at her helplessly and laughed. The smile on the corner of his mouth was high, and he was actually reluctant to let it go.

There was still an hour before the first day of the new year. The Empress stood up and summoned her family before she left.

Yun-Shi was her sister in the clan and was one of them, so she brought Lulu along.

Although they were clan sisters, they weren't close.

At this moment, they were just following the rules of previous years, a meeting.

At this moment, the palace banquet was over, and everyone left the palace. Only old lady Yun brought the women of the clan to fengyi Palace to pay a visit to the Empress.

This was an honor that only the Yun family had.

The daughters of the Yun family who had married off were also among them.

Lu huaijiang saw the short one in the crowd and raised his eyebrows.

"I'm afraid that the Empress will summon the Yun family again. His Highness has never liked them, so I'll find an excuse to decline them. Even if the

Empress knew, she would not blame you." Eunuch Lu said in a low voice. Over the years, the Empress had urged him several times, but His Highness had never gone.

This year, it would naturally be the same.

But ...

As soon as he finished speaking.

His Highness strode towards fengyi Palace, his tone firm and serious, "'1 have to give mother some face."

Eunuch Lu: " don't make a fuss.. How is the Empress so important in your heart?!

Chapter 423: The warm wine is not in the wine (1)

Fengyi Palace was majestic and extravagant.

It was so gorgeous, but it was filled with a faint chill.

Madam Yun pulled Lulu and pressed her head down.

Al, this girl looks even more domineering than the Empress when she walks in the palace. It was like walking in his own back garden. He had to find time to properly teach the rules. look at the ground and don't look up ... Madam Yun lowered her voice, and Lulu responded with an "Oh."

Why did he lower his head?

The big evil had said before that she could walk with her head up and chest out wherever she went.

No, no, no, she didn't want to be a big evil, big liar!

After entering fengyi Palace, there were lanterns lit everywhere.

Old Madam Yun, who was standing at the front, bowed to the Empress.

The women behind him all knelt down, and Lulu followed suit. He was too short to tell anyway.

"Get up. Grant old lady a seat." The Empress's fingernails were adorned with all sorts of fine gemstones. She lifted her hand slightly, and everyone stood up.

Old lady Yun was the Empress's biological mother, and she and her two Royal uncles were the Yun family's legitimate children.

The rest were all illegitimate children.

"Yunzhi and yunlan, come to bengong's side." The Empress waved at the two girls in front of the old lady. The two girls were about twelve years old. She looked exactly the same and stood in front of the old lady with a sweet smile.

When they heard the Empress's words, they all knelt down to pay their respects.

Respectfully and affectionately, he went to the Empress.

"The Empress's aunt."

"The Empress's aunt." Yun Zhi and Yun LAN said in unison.

The Empress was happy to see this and pulled it to her side to rub her head. She took off the bangle on her hand and put it on Yun Zhi's hand. He also took out a hairpin flower and gave it to cloudbillow.

This pair of beautiful sisters were truly outstanding.

There weren't many women of the right age in the Yun family.

However, he was unwilling to help the children of a concubine.

However, only the Yun family, who had married into the Xia family, had married out and had considerable power.

Speaking of the Yun family, this fourth sister.

Empress Yun's meaning was hard to understand.

Back then, she and the Yun family had both taken a fancy to the noble family's eldest young master Xia.

However, the Xia family was not famous and did not have much power back then. She was a legitimate child, so she had to bear the heavy burden of selecting consorts in the palace.

In the end, the one who married into the Xia family was fourth sister.

"Fourth younger sister, why did mother Zhen not enter the palace today? Mother Zhen is already of marriageable age, right? Bengong had liked that child a few years ago and was born with a dignified and virtuous appearance, so you must bring her out to walk around." The Empress asked with a faint smile.

Madam Yun let go of Lulu and walked forward to bow. "Replying to niangniang, that girl is not blessed. As early as half a month ago, she had been caught in the cold wind and did not dare to let her enter the palace to disturb the Emperor. That's why we missed the New Year's Eve Palace banquet, I'm afraid that we will cry when we return." Lady Yun laughed and scolded.

Just as they were talking, a young eunuch hurriedly came in from outside the door and reported, "'Your Highness, His Highness has arrived."

As soon as he said that, many girls touched their hair, tidied their clothes, and looked at the door with red faces.

Yun Zhi and Yun LAN forced themselves to remain calm as they followed by their aunt's side.

However, he clenched the hairpin in his hand tightly, vaguely revealing his emotions.

The Yun family must have known about the Empress's plans.

The Empress was stunned.

"Quickly invite him in. It was late at night, and the wind was cold. Get someone to bring The Hangover soup to Your Highness." However, she muttered in her heart that her son had always looked down on the Yun family.

Usually, no matter how many people were invited, they were unwilling to come, and even had a faint sense of disgust.

Did the sun rise from the West today?

Chapter 424: His Highness is overprotective (1)

As soon as His Highness entered, a Palace servant immediately went up to take the cloak.

It was extremely warm in the hall, and the little girl just hid in the crowd.

Lu huaijiang noticed her presence at a glance.

It's so small ...

He always called her short. Short was a serious word, but when she was really standing in the middle of a group of people. The little fellow looked extremely small.

Well, it was obvious that she was thinner.

That was why his Lulu wasn't fat, and it wasn't round at all.

"Why is Yi 'an here? Quickly come and sit in front of mother. It's late at night, so don't come." The Empress grumbled slightly, but her face was full of relief and pride.

"Your Highness is filial. The first thing you did when you woke up from your coma was to see your Highness." It's a good thing that the Empress's mother is kind and her son is filial."

Everyone complimented her, and the Empress's smile deepened.

The palace servants brought over some hangover soup, and the Crown Prince took two sips.

His eyes fell on the little girl in the corner.

Well, at this moment, only a pair of feet could be seen.

It wasn't a loss to be able to see a pair of feet.

"When I heard that mother summoned maternal grandmother, aunt, Huai Jiang came to take a look." Lu huaijiang's expression was natural, but his eyes were fixed on the feet.

The Empress was touched beyond words. This child had actually brought her face.

Old lady Yun and the Yun family's first and second wives knelt on the ground and cried out in fear.

The joy on his face could not be concealed.

The young girls in the hall had been so lively just now, but now they were all reserved and shy.

All of them lowered their heads and refused to raise them.

Seeing that he did not know why, the Empress was in an extremely good mood.

He also became happy.

He pondered in his heart, could it be that the Crown Prince was not very opposed to the engagement?

"Mother, why don't you introduce the people in maternal grandfather's residence? Yi 'an still can't tell who's who. It's been so many years, it's Yi' an's fault." This was the first time Lu huaijiang had asked to be acquainted with the Yun family, and Empress Yun was delighted.

She gave the old lady a look, and the old lady pulled the pair of sisters in front of her and said, ""This is the daughter of Your Highness's first uncle. One is yunzhi, and the other is cloudbillow."

The two of them greeted His Highness shyly.

The old lady saw that His Highness's expression was cold, so she did not want to let them get to know each other.

He could only continue with the introduction.

His Highness explained with a cold expression on his face along the way.

“This is your mother’s fourth sister, who was born out of a concubine. She married into the Xia family and is now the head of the Xia family.” This is ...” The old lady paused for a moment. She did not seem to have seen that chubby little girl before.

“Your Highness, this is my niece.” Madam Yun hurriedly pulled Lulu to her side and said. His name is Lulu, and he’s only five years old.”

“Lulu, kneel down and call me Your Highness.”

Madam Yun tugged at Lulu. Lulu stood up straight, his little face drooped.

His eyebrows drooped.

The Empress frowned slightly, and Madam Yun was so anxious that the tip of her nose was sweating.”Lulu, kneel down and call me ‘Your Highness’,” He couldn’t afford to anger this killing God. No one would be able to stop him if he got angry.

Lu huaijiang was deeply afraid of scaring her, so he only casually waved his hand and coughed lightly.”No need to be like this, be careful not to scare the little girl. ”

Lu huaijiang’s hair stood on end. How would he dare to make her kneel?

Looking at the little ancestor’s face, he was about to cry on the spot. Can’t afford to offend, bengong can’t afford to offend.

He didn’t even have the time to coax her, so how could he dare to provoke her again? just looking at her was enough to make her angry.

“This girl was exiled from the barren capital, right? You’ll have to teach this rule well. It’s fine if we’re family, but if we leave this door, you’ll lose face.” The Empress’s voice was indifferent, but it made Madam Yun break out in a cold sweat.

“Yes.”

Madam Yun stood up and led Lulu away.

Lu huaijiang was not happy..

Chapter 425 - 425: Only Lulu is allowed to set fires, not the common people are allowed to light lamps (1)

Lu huaijiang’s eyes darkened and he was unhappy.

What was wrong with Lulu’s rules?

She’s just a little short, can eat a little, a little chubby, and hates me a little. What’s wrong with her?

“This son does not think so.” Lu huaijiang’s cold voice was heard, and his eyes fell straight on Jiang huailu.

Although they knew that she was so young, they might not make things difficult for her.

At most, they would restrain her in private, or the Xia family would teach her strictly.

But he just wasn't happy.

"Miss Jiang is only five years old, the most innocent age. His heart was pure, and it was at its purest. There are no impurities in one's eyes and heart.

Bengong see that there is nothing bad."

"There are clearly some people who are so afraid of bengong that their legs are trembling. When they see bengong, they still have to flatter and curry favor with bengong. Compared to this, it is better, right?"

Lu huaijiang was just short of saying that some people were hypocritical. Many of the Yun family members lowered their heads in embarrassment.

The Empress glanced over and felt her face slapping.

When she looked at her mother again, even old lady Yun looked away unnaturally.

As expected, they were all afraid of him.

"It's a true temperament." Lu huaijiang shamelessly flattered her.

Everyone thought that His Highness was really admiring it, but eunuch Lu was the only one who held his forehead.

At this moment, everyone couldn't help but recall that a while ago, there was a child in the eastern Palace who was said to be innocent and unruly and had roasted His Highness's pet.

Could it be that His Highness appreciated this kind of woman?

Many people's minds began to work.

He would definitely appreciate that kind of woman!

"Yi 'an, from what you're saying, that child isn't afraid of you not because he doesn't have rules, but because of his true nature? Now that you've said this, bengong also has to reward her. Someone, come. Give bengong's string of sandalwood beads to her. Since His Highness has praised, bengong naturally can not fall behind." After the Empress finished speaking, the nanny brought the tray to Lulu.

Madam Yun wiped the thin sweat on her forehead and sighed in relief.

"Thank you, Your Highness. Thank you, Your Highness." Madam Yun hurriedly thanked him.

Lulu, who was hiding behind his first aunt, seemed to have heard the great evil's chuckling and was getting angrier.

Soon, it was time to close the palace gates.

Everyone bowed and left the palace. It was drizzling outside.

“Eunuch Lu, go and bring bengong’S sedan. The young ladies can not stand the cold, so take bengong’S sedan chair out of the palace.” In the palace, other than the noble, no one was allowed to enter the palanquin.

At this moment, His Highness’s grace made the little girls overjoyed.

Your Highness, you’re really different from before ...

The young ladies got into the sedan and said carefully, their faces blushing.

The young Lulu in the corner snorted.

At this moment, he was just outside the palace gate.

A servant from the eastern Palace walked over quickly. Your Highness, a little girl came to the residence today. She killed one of your Canaries. You even said that Canary is noisy ...”

Eunuch Lu’s ears perked up. Wasn’t this exactly what Little Lulu had done a while ago?

That little girl was really in front of His Highness. She roasted His Highness’s fish and even ran amok in front of His Highness.

And at this moment ...

“Drag him out and beat him to death,” Lu huaijiang said without even raising his eyebrows.

Now, all the rumors and rumors had been extinguished.

The little girl in the palanquin was so scared that she kept quiet, not daring to make any wild guesses.

Eunuch Lu looked up at the sky and shook his head.

Only lady Jiang was allowed to set fires, but the commoners were not allowed to light lamps.

Your Highness, you’re judging both sides.

Miss Fei is really too much!

Chapter 426 - 426: New Year’s Eve (1)

The Crown Prince was indeed a devil.

He quickly shattered the rumors with the cold reality.

Whoever harmed his beloved pet, he would beat the little girl to death. The family knelt in front of him and kowtowed until their heads were bleeding, but they only dragged a corpse back.

This time, the hearts of the girls who were ready to make a move all turned cold.

His Highness was still so brutal.

The little girl from last time had slaughtered his fish, shaved his cat, and even climbed onto his body to do whatever she wanted, it was all fake!

When Jiang huailu returned to the Xia family’s house, the dumplings were already served.

The whole family was waiting for the new year.

The sky was filled with fireworks outside. The old lady was dressed in festive clothes.”Brother ze and brother Yan are returning to the capital tomorrow, right? It’s been two years, it’s time for you to come back.”

Brother ze was the Yun family’s eldest son, Xia ningze, and also the Xia family’s eldest grandson.

His second son, Xia ningyan.

“Cough, cough, I still remember that Qing Qing cried and shouted that she was not willing to leave the capital. Now that he’s back, I’m afraid he’s extremely happy.”

Mother Zhen was wearing a winter coat, but even so, one could see her body quickly becoming thin.

Her face was pale and her brows were filled with depression.

“Qing Qing, that girl, ah, she has always been pampered.” Old Madam Xia smiled as she thought about it. Although she said that she was pampered, her whole body was full of joy.

After all, Qingqing was raised in front of her since she was young. If she were to talk about being spoiled, it was definitely because of the old lady.

Little Lulu came out of Xia Shi’s arms with wide eyes.

“Lulu, you’re my little aunt ... You haven’t seen her yet. Qingqing is uncle’s granddaughter. We can return to the capital tomorrow and have a reunion dinner together.” Madam Xia pinched her daughter’s cheek. She had actually seen Qingqing before.

That girl was a little arrogant, and she should be seven years old now.

The Yun family was particularly happy today. Their eldest and second sons were all released to be officials.

They wouldn’t be able to reunite even after a year.

Now that they had not seen each other for two years, how could she not miss her child?

“Recently, for some reason, Your Highness seems to be in an extremely good mood. Even your father went to the palace to ask for the two children to return to the capital, and it actually became ...” The old lady muttered, but she could not hide the joy in her eyes.

After they finished eating the dumplings, they bowed to the old lady. Little Lulu’s Red packet was almost full.

They were all bestowed by the elders of the various manors.

“Happy New Year, everyone. If you dawdle any longer, brother Ze and brother Yan will be returning to the capital.” The old lady was a little tired. Madam Yun and the second mistress hurriedly helped the old lady back to her room to rest.

The mistress of the third branch was dressed in elegant and luxurious clothes, but she was still very kind to Lulu. She nodded and left.

She only had one son, and she had always been more attentive to him. That child was also a mischievous monkey, and he went to school every day, leaving early and returning late. Lulu had never seen him before.

At night, he came back for a reunion dinner and left in a hurry after eating.

“Lulu, when I have time, mother will find you a nanny to teach you manners. The capital isn’t like Huangdu.” The Xia family removed Lulu’s hair, and regardless of Lulu’s protests, the matter was settled. He was only waiting for the new year granny to come.

The next morning.

The first day of the new year.

The Xia family was now separated from the Jiang family, but Jiang Huai’an was the eldest grandson of the Jiang family. He was going back to the Jiang family for a meal today.

“Lulu, are you coming?” Huai’an asked with a smile.

Lulu was dressed in pink, and his face was so tender that water could be squeezed out of it.

“I’m not going. I want to be an Auntie.” The little girl raised her eyebrows and was very happy.

Jiang Huai’an didn’t force her. Lulu didn’t have many Happy Days in the Jiang family, so there was no need for her to be a burden.

Only then did he leave with a smile.

The Xia family’s elders had all gone to the Xian King’s residence to drink. The Xian King was marrying his secondary consort today and had invited many guests.

A group of women in the residence raised their heads in anticipation. It was not until noon that the carriage back to the capital arrived in front of the Xia family’s door..

Chapter 427 - 427: Lulu running away from home (1) 1

The carriage had just stopped in front of the manor.

The old lady then shouted from the bottom of her heart, and everyone could not help but walk towards the carriage.

Qing Qing, Qing Qing, the old ancestor’s darling ... Just as the old lady arrived in front of the carriage, a pair of fair hands reached out from the carriage and jumped straight onto the old lady.

The old lady was almost thrown off her feet.

Everyone was shocked, and only then did they pull that girl away.

The old lady had always liked her eldest grandson. After her eldest grandson married and gave birth to a little girl, Qingqing, she liked her even more and directly raised her in front of her.

Now, he was naturally happy.

“Old ancestor, Qing Qing missed you, Qing Qing missed you so much ... Qing Qing suffered a lot, Qing Qing finally came home.” The seven-year-old girl lay on the old lady’s body, and tears fell.

A little boy stood behind her. It was brother Yuan, Xia ninzvan’s son.

“You’ve slimmed down, you’ve worked hard on my ni ‘er. Let’s go home quickly, we won’t have to suffer like this in the future.” The old lady was old. She was swaying as she carried the seven-year-old Qingqing.

“Mother, quickly put down this mischievous monkey.” Madam Yun glared at her granddaughter, but her eyes were filled with joy.

Qing Qing grinned, “grandmother.” My father and second uncle have gone to report on their mission and will be back later.”

Madam Yun laughed and said, “AI ...”

In her mind, she couldn’t help but think that her third sister had married in the same year as her. However, the first Prince had only gotten married this year, and she had already been a grandmother for six years.

But thinking about it, the first Prince was already 22 years old before he got married.

And brother ze got married at sixteen.

“Brother Yuan’s body has become stronger.” The old lady saw her grandson nod, and brother Yuan stood in front of his mother and called out ‘old ancestor’.

“Old ancestor, my mother is about to give birth to a little brother. My mother has a baby in her stomach ...” Only then did Qing Qing turn around and point to the carriage. Sure enough, the woman who got off was already pregnant.

Everyone was overjoyed.

Madam Yun pulled Lulu beside her, “Qingqing, do you still remember Lulu I told you about?” This is my aunt, that is my aunt.”

Lulu looked at her obediently. This was the first time in his life that he was a junior, and she had even thoughtfully prepared a gift for him.

This was something that couldn’t be bought even if one wanted to, as it was produced by the hall of salvation.

Xia Qingqing's smiling eyebrows suddenly furrowed, and her eyes were full of disgust. "Isn't little cousin an idiot?"

"Is great aunt the one who implicated my father and second uncle and exiled them? How can she still have the face to return to the Xia family? she's clearly the one who's implicated us." The little girl's voice was disdainful, and her brows were full of arrogance.

As soon as these words came out, the smile on Madam Xia's face slowly froze.

She bit her lower lip lightly and her body trembled slightly.

Lulu took out half of the gift and immediately put it back.

The big-bellied woman standing behind Qing Qing frowned, ""Nonsense, do you think you can make up stories about this great aunt? Slap your own mouth!"

Xia Qingqing's eyes were teary. It wasn't good for everyone to criticize her for this.

The old ancestor looked at Qingqing. Qingqing, this is your great aunt's home first. It's your home now.

With that, he took Lulu's hand and went back to the backyard with her.

Because of this scene, the atmosphere during lunch was not warm.

The Xia family forced a smile, but she also understood that she did owe the Xia family for this matter.

After lunch, the group of young ladies held hands and ran away happily.

Lulu followed from a distance.

It wasn't until there was no trace of the adults in the residence that Qing Qing walked back with her brows raised high and an overbearing aura. He looked at her from above.

"Don't bully her." Brother Yuan, who was small and skinny, said in a low voice..

Chapter 428 - 428: A child beaten by society (1)

"Don't bully her."

"She's my little aunt, she doesn't know anything."

Brother Yuan was Xia ningyan's son. He was born with a weak body and almost couldn't come back when he was out.

Xia Qingqing turned her head and looked around. All around her were either illegitimate children or children who were not as favored as her. In the past, these children had always followed her lead.

No one dared to step forward.

At this moment, a group of children were standing behind the rockery, and outsiders could not see them at all.

Xia Qingqing pushed brother Yuan away. Brother Yuan's head hit the stone, and blood seeped out.

"If it wasn't for her family, we wouldn't have been exiled. How did he suffer so much? Why did she have to come back? Since you have the guts to leave home, then don't come back if you have the ability."

"Why are you looking at me like that? Did he really think this was his home? We are both surnamed Xia, but your surname is Jiang!"

It's all because of you guys. If you have a backbone, you shouldn't have come back! Xia Qingqing's face was red with anger. She gritted her teeth and looked at the five-year-old Jiang huailu.

Why was it that when she returned, everyone was calling her Lulu, Lulu, and even the old ancestor and grandmother were full of joy when they saw her?

She was clearly the most favored one.

"You even implicated your entire family's career, what face do you have to come back? Get lost, get lost! Get out of my Xia family and go back to your

Jiang family!" Xia Qingqing's voice was shrill as she tried to grab Lulu's face.

However, before her hand could reach Lulu's face, a small stone flew out of nowhere and hit her ankle, causing her to fall.

It hit her right on the cheek.

When she raised her head, her face was covered in blood, and she was screaming in pain.

The little ones were stunned and hurriedly went to find their elders.

Lulu's little face scrunched up into a bun. She turned around and walked back, ignoring Xia Qingqing's heart-wrenching cries behind her."She pushed me, little aunt pushed me."

Young Lulu was furious.

"Hmph, I don't want to live in your house. Lulu wouldn't have come back if it wasn't for the fact that mother missed you guys."

Lulu has a lot of houses. Lulu has the hall of salvation, so I have a lot of money

Hmph, the little girl was so angry that her cheeks puffed up like a frog.

While everyone was looking for Xia Qingqing, she ran back to her room and took Lu huaijiang's Green stone and some food.

She also put the three thousand taels that yang pinfeng had left for her to buy snacks into her pocket.

She carried her small bag and wanted to run away from home.

"I'm not staying here, Lulu's not staying! I won't stay even if you beg me to."

Lu Lu's mouth was slightly pouted. She angrily carried the small bag that brother Lu had sewn for her in the past and found the dog hole that she had found earlier.

He disappeared in a flash.

She wasn't going to take Xia Qingqing's anger.

The five-year-old little girl had a few straws stuck in her head from the dog hole. She was carrying a Jade seal on her back, which was wrapped in a rag and hung casually in front of her.

She was carrying a cute and delicate little bag on her back.

She wanted to travel the world and save the world. She would not take her anger.

But ...

Little did Lulu know that the world was full of evil and that God had given her a heavy blow.

Savior's bag was looted.

The Jade seal in front was wrapped in a rag, so the other party probably didn't take a fancy to it and left it for her.

The small bag behind her had already been torn by someone by the time she realized it, and the money inside had long disappeared.

The little girl stood on the side of the street in shock and turned her bag left and right in shock. As expected ...

He was penniless.

He had left home for half a day.

She was beaten up by society!

Chapter 429 - 429: His Highness who schemed against Lulu (1)

In the pavilion.

A teenager in black clothes stood on a high place, staring at the down-and-out little girl on the street from a distance.

"Master, the eldest son of the Xia family has been summoned back to the capital. " the two of them had a dispute at the entrance of the house. Just now, the secret guard came to report ...

"Miss Lulu has left home four hours ago."

"Our men are already prepared. I'm afraid they've already stolen her food and money."

"She'll soon be at her wit's end,"

After the shadow guard finished his report, Lu huaijiang raised his hand slightly and the shadow guard disappeared.

The little girl on the street was still lamenting that she had a bad start and lacked social experience, allowing the thief to take advantage of her.

“Pfft, damn you, you dare to steal the Savior’s money! You even dared to take my bag, you must have eaten a bear’s heart and a leopard’s gall!”

“Forget about stealing money, you didn’t even leave a single bun!” The little girl stomped her feet in anger.

The little girl’s neck was in pain from the heavy Jade seal hanging on her neck. She clutched the Jade seal and rolled her eyes.

“I’m sorry, brother Lu, who told you to lie to me first? I’m going to exchange this green stone for silver ...” The little girl quickly pulled away the rag, revealing the Jade seal’s original appearance.

The nine-clawed Golden Dragon was on a piece of Jade.

However, the nine-clawed Golden Dragon was now covered in fruit peels, peanut crumbs, and mud. One could only vaguely see a little green.

Who the hell knew what this was.

Lulu ran through the streets quickly, thinking that he was a Savior. He couldn’t steal anything, so he could only pawn the green stone.

It was not easy to find a pawnshop .

The shopkeeper threw her out.

“Where did this little child come from, taking out a piece of dyed stone and wanting to exchange for silver. What a joke, you’re dreaming!” He directly pushed the little fellow to the ground and threw the Jade seal back in disgust.

I don’t want ten taels, I don’t want ten taels. How about five taels? I’m willing to even five taels ... The little girl leaned against the door, but the other party completely ignored her.

It was already evening, and the Xia family would soon find out that she had run away from home. She had to hurry up and Exchange for some money.

Young Lulu immediately took the green stone and went to another pawnshop. “Would you like to exchange for three taels?”

She ran for the entire afternoon until she was drenched in sweat and her stomach grumbled, but no one gave her a tael of silver.

and you said it was the most precious thing, and that it was passed down by your ancestors. In the end, your ancestors passed down a broken stone that no one wanted. The five-year-old child was so angry that he could only stare and curse the Crown Prince in his heart.

He turned around and said to the vendor, “‘1’11 use my ancestral treasure to exchange for a steamed bun. Is that okay?”

The peddler saw that her black hands were holding something black and immediately said in disgust, “GO, go, go, little beggar, go away. Don’t dirty the mantou, you won’t be able to afford it.”

“What kind of rotten stone is it to exchange for steamed buns? do you really think that stone of yours is like the Imperial Jade seal that passes down the throne, that you can exchange it for the world! What ancestral ...” The peddler quickly packed up his stall and ran away.

Jiang huailu’s head drooped. It was already dark, and she had nowhere to go.

She thought to herself that the nearest Hall of salvation was outside the city, and she was afraid that her leg would break from walking.

Why don’t we look for yang pinfeng?

However, the first Prince was getting married today and yang pingfeng had gone to drink with his father. The little girl squatted on the side of the street, pitifully holding the heirloom seal.

He rolled his eyes and suddenly had an idea.

“Little sister, did you get lost? Why don’t big brother bring you home? Look, I even bought roast chicken and roast goose.” The man was wearing a robe that was not too new and looked at her with burning eyes.

He even had a big mole on his face.

Lulu sighed faintly.

She didn’t expect that she still had to rely on the black to eat the black ....

Chapter 430 - 430: Re-opening the food Street for her!

Lulu really didn’t want to do this.

She was a Savior who represented light and hope. How could she do this?

But ...

This thing really brings money quickly.

Lulu was scratching her head anxiously, but she couldn’t be blamed for resisting since the other party had impure thoughts. “Brother, how many people are there in your family? Where do you live?” “Will your family look for you if you don’t come home?”

“Brother, let’s go in the dark. Don’t let anyone see us. I mean, I ran away from home and can’t be seen by my family.”

The little Lulu was very careful, turning back from time to time to check if the man had caught up.

It was the man with the long hairpin who felt something was wrong.

He was the one who wanted to sell this girl to a brothel, so why did it seem like she was up to no good?

Those who didn’t know would think that she was going to do it . Just as he walked to a dark place, the bearded man suddenly stopped. It was the first day of the new year, and red lanterns were hung everywhere.

However, there was no light in this alley.

He lowered his head and saw that his chest was empty. There was a big hole in his chest.

The heart that should have been beating had actually disappeared.

Lulu had sensed something strange just now. She was about to turn around when a pair of warm hands covered her forehead.

“Don’t look.” Lu huaijiang’s voice was low as he bent down and picked her up, just like before.

Lulu was both aggrieved and furious.

She felt aggrieved that he had actually lied to her and coaxed her into becoming friends with him. He was angry because he was the great evil.

She, on the other hand, was born to drive out evil.

His warm hands could feel her flickering eyebrows. After a while, he felt that his palms were wet, and something was dripping down.

Lu huaijiang’s broad palm trembled slightly, as if a feather had brushed past his heart.

Lulu clearly held the power of life and death, had exterminated countless spirits, and had even stained his hands with blood.

However, he still stubbornly refused to let her be contaminated by this world.

When His Highness came out with Lulu in his arms, he covered her face tightly. Eunuch Lu took a quick glance and lowered his head to look at his feet in shock.

He would actually have to hold a child one day? He still remembered that His Highness had chopped off countless hands because of other people’s touch.

At this moment, His Highness was carefully carrying the child into the carriage.

There was no curfew on the first day of the new year.

The great Zhou had always been like this.

The liveliest place tonight was on the river. All kinds of lantern shows and stalls were there.

“The front of the eastern Palace is too empty. Pass down the order to set up a stall in front of the eastern Palace in an hour. Three years of free rent, bengong will not haggle over them reopening the food Street.”

Lu huaijiang put Lulu down and ordered in a low voice.

Eunuch Lu’s eyes almost fell out of their sockets. He stammered, “Your Highness, didn’t you say that the smoke made your body stink?”

“That’s the secular world, the taste of the common people,” His Highness replied expressionlessly.

“Didn’t you say that it was too noisy?” “That’s the voice of the world, I should listen.”  
Eunuch Lu!

You’ve finished telling me all the good and bad things.

But eunuch Lu didn’t have time to think about it.

“Quickly pass down the order to have someone set up a stall in front of the eastern Palace. The livelier, the better! I want a Food Street, a Food Street!” The main point was the food Street!

“What clay figurine, arrange for the Dragon Dance.” Lu huaijiang’s eyebrows were filled with joy.

There’s someone doing homework, and there’s a Food Street in front of you.. Let’s see if you’re willing to leave!
