

The Savior 451

Chapter 451 - 451: The deer's wealth can rival a country (1)

Lulu rubbed his chin. This Street .

It was a little like hers.

Before she came down, her godmother was afraid that she would be wronged. She stayed with her goduncle for a few days.

Her uncle was the God of Wealth, and she would be blessed by the God of Wealth if she stayed for a long time.

“Do you know the Wen family? It's Wen ruzhu's family.”

“Wen ruzhu is a direct descendant of the main family, but the Wen family is a very large family with countless side branches. They've always been the richest men in the great Zhou Dynasty. Ever since the mysterious force emerged, the Wen family's position as the richest man has been in jeopardy.”

“Wen ruzhu's father was a man of great talent. Back then, the Wen clan's di elder was afraid of him, so he sent his family to huangdu. Now that the Wen family's position as the richest man was threatened, they were finally released. I heard that they are currently investigating who that mysterious power is.”

“Some people have roughly estimated that their businesses are spread all over the great Zhou. Now, he was threatening the Wen family. That force is quite wondrous, their fortune is so good that it makes one's hair stand up!” Lulu covered his eyes guiltily.

Lu huaijiang knew that Lulu had some small business in private.

Back in the barren capital, he had often seen Lulu and the chubby boy from the Yang family whispering about how big a business they were going to do.

Now, when he saw her, his pupils dilated and he looked shocked.

He couldn't help but feel happy.

“Is Lulu scared? Lulu, don't be afraid. Lulu is being raised.” The teenager touched the fine and smooth hair on her head.

Lulu lowered his head and said nothing.

The account books that yang pinfeng gave her were getting thicker and thicker, and she didn't know how much money she had now.

All he knew was that whenever he went to a certain place in the hall of salvation, yang pinfeng would try his best to buy land.

He turned around and took a look at the account books.

Yang pinfeng had specially bought a house to store the account book and let her have the time to look through it, but she had not yet flipped through it. She wasn't old now and didn't have much feelings or specific concepts about money.

Lu huaijiang only knew how to pamper her and had never told her.

"Is it that hard to earn money? Did Lulu cost you a lot of money?" Lulu suddenly grabbed his money bag.

Lu huaijiang's heart skipped a beat. Could it be that his poverty had already been revealed?

"Not many. There aren't many Lulu flowers. Big brother Lu will buy it for Lulu even if he's frugal." However, Lu huaijiang saw her serious eyes and could not say anything against his heart. Although he was willing to spend money on Lulu, it was a fact that Lulu could spend money.

She was a Savior, not an ordinary person.

She was very capable, and everything she knew would be beneficial to her for the rest of her life.

Lu huaijiang clearly wanted to limit her development, but he couldn't bear to break her wings.

But how could the intelligent Lulu not know that he had spent a lot?

Standing in the crowded Street, she handed the money bag to eunuch Lu. She only took out a hundred taels from it. That lovely appearance filled Lu huaijiang's heart with warmth.

"Brother Lu is too poor. You should spend less. Lulu, you should eat less too, sigh ..."
After he finished speaking, he sighed faintly.

After all, her brother was not as wealthy as Lulu.

Eunuch Lu's face turned from touched to embarrassed. He covered his mouth and his shoulders trembled.

His Highness was poor, so poor that Lulu had to eat and buy less ...

Aiyo, why was this child so lovable? Look at the way she's looking at His Highness, hahahaha ...

That's right. Lulu was wondering if she should drag two boxes of silver notes for her brother Lu to save the day.

But ...

She was afraid that brother Lu's self-esteem would be hurt. Sigh, it was really difficult for her.

His Highness Lu thought, "she's such a good girl, why does she have such a big mouth?!"

Chapter 452 - 452: His Highness is a real dog (1)

Lu huaijiang led the young lady to the river to light up a few lamps.

The others had placed rabbit lanterns and Lotus lanterns.

Lulu had put jack-o'-lanterns, chicken-leg lanterns, and even a River lantern that looked like an elbow.

Tsk, tsk, put it on the river.

That would be like a crane standing among chickens.

The originally peaceful and beautiful river surface was pulled back to reality.

Many girls covered their faces and laughed when they saw the three River lanterns.

The scholars who were painting and reciting poems on the river saw the lamps and became stuck.

Lu huaijiang, "as long as I'm thick-skinned enough, the one who's embarrassed won't be me."

The young man was wearing a long green robe. His figure was handsome and he looked like he was floating in a painting.

His handsome face was filled with a soul-stirring chill. The girls beside him peeked at him carefully, but they did not dare to get close. He only envied Jiang huailu, who was being held by him.

The child was only a few years old. Perhaps she was his sister.

The great Zhou Dynasty was extremely strict with the control of men and women. It just so happened that today was the Lantern Festival, so the control was also a little lax.

The men and women who were originally engaged had all agreed to go out for a lantern show on this day.

At the lantern show, many shy young girls could be seen looking at the young master not far away.

The servant girls and servants followed three steps behind.

"Are you hungry? I'll take you to eat something. I've already ordered food from a restaurant, and it's all Lulu's favorite." Lu huaijiang saw that there were many people, and just now, he even saw a woman wailing.

I'm afraid the children in the residence have gone missing.

This made Lu huaijiang's heart tighten, and he hurriedly held Lulu tightly, not daring to let go.

He looked at everyone as if he was stealing a child.

Fortunately, the restaurant was one of the top restaurants in the capital. The shopkeeper knew that he had an extraordinary identity and personally went downstairs to welcome the two of them up to the attic.

Lu huaijiang didn't like eunuch Lu following them, so the two of them strolled around outside.

However, there were always shadow guards following him, so he was fine.

"Young master Lu, this must be your sister? I'll serve you the dishes first. Recently, the store has released a lot of new food that children like. I'll give it to your sister for free." The shopkeeper's mouth was sweet, and he coaxed her to be happy.

Lulu and Lulu sat by the window, and they could see the lantern show downstairs.

Lu huaijiang looked up and happened to see a man in a plain robe downstairs, carefully feeding the woman who was watching the light.

The woman opened her mouth, and he fed her a mouthful.

Seeing the woman swallow it, he hurriedly fed her another mouthful, extremely attentive.

Lu huaijiang couldn't help but scoff.

The hidden shadow guard thought, "Your Highness is a Dragon among men, naturally you can't see a man wallow in degeneration."

Not long after, the prepared banquet was already served.

White smoke was rising from the hot steam, and the aroma in the air was appetizing.

"Wait, it's a little hot. Don't eat anything too hot. Don't burn your throat, you're in such a rush, how can you not eat?" Seeing that she couldn't hold back, Lu huaijiang took a step ahead and put some vegetables into her bowl.

He thought about it.

He picked it up and blew on it until it was warm before putting it into Lulu's bowl.

Lulu ate very quickly, while Lu huaijiang blew very slowly.

He blew on it for a while, and Lulu swallowed it in one gulp. Then, she looked at him with anticipation.

Throughout the entire process, His Highness Lu did not take a single bite and only cared about blowing on her to cool her down.

He either blew on it to cool it down and poured some tea, or poured some water when it was spicy.

He was extremely busy.

He raised his head.

The young master of the couple he met downstairs was looking at him with admiration !

Lu huaijiang, "bengong is raising a little sister, so what's wrong with being a little pampered!"

Chapter 453 - 453: Snatching his sister (1)

Lu huaijiang felt that he was different from others.

It was profitable for men to be attentive to women.

He treated Lulu as an elder brother to his younger sister. He was taking care of his younger sister!

Moreover, Lulu was the Savior of the world. If he was coaxed away by a few words from others, it would be a great matter for the country and the people.

He had treated Lulu well, both for personal and public reasons.

Thinking of this, he glanced at the man at the next table. His face was full of contempt.

As for himself .

He quickly picked out a small yellow croaker for Lulu and removed all the bones, leaving only a whole piece of meat.

Seeing that the little fellow's face was covered in oil, he took out a handkerchief to wipe her face. brother Lu, you should eat too ... Lulu picked up a piece of radish and fed it to Lu huaijiang.

The radish was used to roast mutton and was wrapped in a thick sauce. Lu huaijiang saw her carefully feeding it and took a bite, feeling that it was very warm.

Lulu was a grateful child.

Lu huaijiang was only 60% full when Lulu was so full that she burped. But he didn't have a strong desire for food, so he naturally didn't care.

"Who was the one who said last time that you shouldn't eat so much because you're afraid of getting fat?" he looked at her leisurely. He wanted to tease her when he saw her satisfied look.

Seeing her look of being struck by lightning, Lu huaijiang could not help but laugh.

Lulu pinched the meat on his waist.

He pinched his face and pulled until the flesh on his face was elongated. "You won't gain weight after eating chicken. "

"If you don't gain weight after eating fruit, then fruit juice naturally won't either."

"There's no fat in the goose, the mutton is all lean meat, and the deer meat isn't fat either. Why do the deer grow fat? The fish would not. Lulu won't get fat." Lulu looked at the table and commented seriously.

Lu huaijiang's face twitched.

The chicken had been fried and returned to the pot with heavy oil.

Geese, sheep, deer, fish, all of them were meat.

"There's sugar in the juice." Lu huaijiang wiped her fingers with a smile.

"Sugar will melt when it comes into contact with water," Lulu said lazily, leaning against him. How did I get fat? It's not like it's full."

Lu huaijiang,"AI, if I had as many twisted logic as you, I wouldn't have to cut off so many heads just because I couldn't win against my subjects." Just as they were talking, they heard loud cheers from downstairs.

Lulu stuck his head out. There seemed to be some riddles under the table.

Lulu had just followed Lu huaijiang downstairs when she saw Jiang Huaian standing not far away, looking at her quietly.

His eyes were filled with worry, and his brows were filled with anxiety.

“Lulu, come here.” Jiang Huai ‘an muttered.

Lulu immediately pulled her hand away from Lu huaijiang’s. She hid it behind her back. She didn’t know why, but she was afraid that her brother would see it.

Lu huaijiang’s hand was slightly cold, as if something was missing.

Jiang Huaian had already walked closer. Seeing Lu huaijiang standing outside in his light clothing, he gave a simple bow.

“I’ll have to trouble you to look after Lulu. Lulu was insensible and left home, causing his family to be sad. I’ve troubled you.” Jiang Huai ‘an looked at Lulu, who pursed her lips. She was far more comfortable in the East Palace than in the Xia family.

The Xia family was good to her, and that was enough to offset Xia Qingqing’s words.

In the Xia family, she had no sense of belonging and was very restrained.

But in the eastern Palace, she was very comfortable and familiar with it.

“Lulu is innocent and innocent, she has never tired me out,” Lu huaijiang said in a deep voice. When bengong picked her up, her money was stolen and she was so hungry that her eyes were blurry. When bengong took her back, she even cried and said that she did not have a home.”

Lulu raised his head to look at him.. Why did his words sound so dangerous?

Chapter 454 - 454: Scheming against his brother-in-law (1)

Jiang Huaian’s face turned pale when he heard this.

Jiang Huaian clenched his fists.

He looked at Lulu with an apologetic gaze.

“Big brother, it’s Lulu’s fault. Lulu shouldn’t have left home and made mother and big brother worry. Lulu knows ...” Lulu was about to apologize to her brother when Lu huaijiang reached out and stopped her.

He sighed softly.

Jiang Huai ‘an couldn’t accept the fact that the high and mighty Prince had a hint of pity in his eyes.

“I’m not a meddlesome person. I’m sure young master Jiang understands this.”

“That day, this girl cried and hugged my leg, saying that she wanted to go home. Bengong was moved by compassion for a moment and settled them in the fu. That night, the palace servant was guarding outside the door, saying that she was still crying in her sleep and saying that she wanted to go home. She said that it was not her home. Bengong is not a kind-hearted person, not to mention that a five year old girl is not worth bengong’s scheme.”

“I’m just giving her a place to stay. If young master Jiang can settle her down, it’s fine to bring her back.” Lu huaijiang pushed Lulu forward.

Jiang Huaian’s eyes were brimming with tears when he heard this, even though he had been through a lot.

The tears in her eyes could not be contained.

Lulu looked at Lu huaijiang suspiciously. She was crying? Why didn’t she know about it?

That day, she had bought so many things on the street in front of the eastern Palace that she had almost broken it. She was so full that she almost couldn’t sleep when she lay on the bed. Was she actually crying?

Jiang Huai ‘an’s heart ached even more when he saw his ignorant and confused sister.

Jiang Huai ‘an saluted His Royal Highness Lu when they reached a secluded area.

Lu huaijiang glanced at him arrogantly. This way, he wouldn’t arouse his suspicion.

“The Xia family is good, but children have some self-esteem when they grow up. If his pride was hurt, he naturally had to run. Moreover, the girl had been wronged, and in the future, her personality would become submissive, which would be difficult to recover in a lifetime. In the future, when she grew up, she would always feel inferior to others. It was a tragedy caused by his childhood. I think young master Jiang, as a scholar, can understand it. ” Lu huaijiang crossed his arms and pouted at Lulu.

Lulu blinked his eyes. She felt inferior? Don’t mess around.

Why was it that in brother Lu’s mouth, she was a pitiful little yellow cabbage in the field?

It was tear-inducing, and she wanted to cry.

“I’m sorry, I’m sorry, Lulu. Thank you, Your Highness, for taking Lulu in.” Jiang Huaian’s lips were pale and his fists were clenched.

When he came, he was determined to bring Lulu back.

They even conspire to see if Lu huaijiang had any schemes.

But at this moment, he was actually grateful to Lu huaijiang for saving her from the evil man’s thoughts.

“As for Lulu, she doesn’t want to go home right now, so she’ll stay in the eastern Palace for the time being. Bengong often lives outside the fu and rarely goes back. Although she was a girl, she was only five years old, so others wouldn’t think too much about it. When she has thought it through and you’re able to let Lulu live in peace, you can bring her back.”

Lu huaijiang didn’t even look at Lulu the entire time, as if he didn’t care about her.

Jiang Huai ‘an heaved a sigh of relief.

“As for the Xia family, for that little girl to say such things, it must be that her elders are unhappy. If you take her back, how do you know that it won’t make the other party even more unhappy? Do you really think that it’s a conflict between children?” Lu huaijiang chuckled.

How could Jiang Huai ‘an not understand that no matter how pampered Xia Qingqing was, she couldn’t say such words?

He must have been influenced by Daren.

Lu huaijiang’s eyes were deep. Sigh, he was the Crown Prince. What he learned all day was how to govern a country.

And now, he was scheming against Jiang Huaian!

Chapter 455: Painstaking efforts (1)

Jiang Huai ‘an’s expression was extremely ugly.

After a long time, he told Lulu that the Xia family looked forward to her and liked her.

However, Lulu was so angry that he ran away from home.

If Xia Qingqing dared to say such things, it must be that Xia ningze or his wife had revealed their thoughts in front of the child before they dared to let the child speak.

Jiang Huai ‘an suddenly felt a little uncomfortable.

The Xia family was not their home.

All their hopes were on him.

“Lulu, where do you like it? Do you miss your mother and brother?” Jiang Huaian looked disappointed, and the light in his eyes dimmed.

Lulu didn’t want to lie to her brother, but she really felt like she was bound by the Xia family.

To eat, one had to wait for the main kitchen’s daily dishes.

When playing, you can’t play without rules.

She didn’t even tell anyone about the feeling of living under someone’s roof.

Even if eldest aunt, maternal grandmother, and maternal grandfather were extremely good to her. However, the way Xia Qingqing and her mother looked at her was no different from looking at a poor family that was seeking money.

“I like the eastern Palace.” The little girl lowered her head and twisted her handkerchief with both hands. She didn’t dare to look at her brother.

Lu huaijiang knew many of her secrets, so it was convenient for her to go to the hall of salvation.

She had to keep an eye on the evil, and it was a good thing for her to be able to stay by the Crown Prince’s side.

If she was in the Xia family, there would be too many people and she would not be able to take care of the hall of salvation.

Jiang Huai 'an could guess Lulu's answer. When he saw Lulu from afar, the happiness and freedom in her eyes were genuine.

Jiang Huaian's lips moved.

"You're fifteen this year, right? You're an elementary scholar, and you'll be able to participate in the village examination in August. If he passed the provincial examination, he would be able to take the general examination in February next year. He would be able to establish his own sect by next year at the earliest. Lulu can pick me up at any time."

Lu huaijiang's voice was gentle as he guided Jiang Huaian patiently and broke the pieces into pieces.

To entrust his sister to someone with a bad reputation, uh ...

It was normal for Jiang Huai 'an to have some doubts about the rumored brutal and ruthless Prince. Even Lu huaijiang knew that the Xia family would not be easy to get past. The Xia family's great-aunt had returned to seek refuge with their children.

He was forced to run away from home by his junior.

If this matter was spread out, it would be a disaster for the Xia family and Xia Qingqing's reputation.

But he didn't mind. As long as Lulu didn't want to leave, no one could take her away.

Jiang Huai 'an hated the Crown Prince, but he was also grateful that the Crown Prince had taken Lulu in.

Seeing his sister's expectant eyes, Jiang Huaian couldn't say no.

"Young master Jiang, you should go back and discuss this with your mother. As long as Lulu wanted to go back, he could come and pick him up at any time. If you can't answer to the Xia family, just say that bengong won't release her. No matter what, bengong does not care about reputation." Lu huaijiang's voice carried a bit of a smile, and the other party seemed to be persuaded.

Lulu watched helplessly as the other party coaxed her brother away with his glib tongue.

She still remembered the Crown Prince's words, "bengong knows you are on guard against me, but what can bengong scheme?" Did he want her to eat more or to get her fat? Bengong just saw that she and bengong are fated.

"My brother will come back." Lulu nodded seriously.

"Of course," Lu huaijiang agreed.

Jiang Huai 'an valued his sister very much, so he naturally wouldn't trust him so easily. In fact, she was filled with suspicion and fear of him.

But he had a way.

It was time for yixu, The Idle Man, to come out and take a walk.

"Hey, there's someone drawing lots over there. I also want to go." Lulu's sadness came and went quickly..

Chapter 456: The wheel of destiny_1

There were people and snakes on the lights.

There were even many demons and monsters mixed in.

Anyway, it was the third day of the new year, and Lulu was in a good mood. They did not kill.

Seeing that they were only curious about the prosperity of the human world and did not do anything outrageous, Lulu also pretended not to see.

In the distance, there was a monk holding a free draw for the fated person, and the surroundings were already packed with people.

Lulu wanted to go too, so she pulled Lu huaijiang along and squeezed into the crowd.

Lulu was young and always got stepped on.

Lu huaijiang couldn't stand it anymore. He picked her up and put her on his neck.

Shadow guard, "this is backbone?" This is the face you give to men?

But he didn't dare to say it.

brother Lu is so amazing! Brother Lu is so awesome! The little girl happily called him brother Lu, and Lu huaijiang's awkwardness was gone.

Many people surrounded the stall, some cursing and some rejoicing.

"You're cheating. Why are we all drawing lots? Some want money, and some don't? Some charge one Wen, some charge one tael, but I'm actually charging a thousand taels?" The man who spoke had his hands on his hips and was extremely displeased.

The monk put his palms together. it's free for those who are fated. Those who aren't fated are rich.

"You motherf * cker, if you say it's fate then it's fate, if you say it's not fate then it's not fate, what kind of logic is this? I'm afraid you haven't heard who I am!"

"My surname is Lin, and Noble consort Lin is my aunt! Stinky monk, it looks like you've eaten the heart of a leopard!"

The common people took a few steps back. Now that the Xian King had returned to the capital, he had done a lot of practical things. However, the Lin familv was a little soiled. and this vounc master Lin was one of them.

The monk didn't compromise at all. He only squinted his eyes and pinched the Buddha beads in his hand.

"He only wants the next year's harvest. The signature has already told him the answer. If he's not fated, he'll get a penny."

"What he wants is an heir. The signature has already told him that he has both a son and a daughter, and one tael of silver if he's not fated."

"Do you really want this poor monk to say what you want? Almsgiver's request has always been too vague." Tyrant shook his head.

The young master's expression changed slightly. He looked at him with a cold smile, kicked the table, and left.

"Old monk, let's go. The Lin family is quite powerful. I'm afraid you won't be able to leave tomorrow." The commoners all advised. The monk's signature was accurate, and the commoners usually only got one Wen.

At most, the one who asked for an heir spent one tael.

"My fated person has yet to arrive." The monk remained unmoved. The monk opened his eyes when Lu huaijiang came in with Lulu in his arms.

Tang Zi indifferently pushed the lot pot forward.

"It's free for those who are fated, and a fee is charged for those who are not. Almsgiver, try it." The monk took a fancy to Lulu.

Lu huaijiang had never believed in such things, but seeing that Lulu was interested, he had no choice but to put her down.

The little girl's hair was tied up in two small buns. She was originally exquisite and cute, but at this moment, she looked more and more delicate and lively.

He picked up the lot pot but couldn't shake it out.

Lu huaijiang saw that the little bump on her head was about to come apart and wanted to reach out to tighten it, but he accidentally hit the lot pot.

Muah .

One fell out.

The monk sat up straight.

"I accidentally dropped this one. Let's change it." Lulu wanted to change to another one, but the monk shook his head.

"It's all fate." After he finished speaking, he picked up the lot on the ground.

It was a draw of the lowest draw.

Lulu's eyes flickered. This was the only bad draw she had ever drawn. She remembered that she had the Fortune and longevity lottery, so she shouldn't have had a bad draw.

Lu huaijiang, however, drew out a blank lot.

“What's the meaning of the signature?” Lu huaijiang looked at Lulu's last lot, then at his own blank lot. There was nothing, but she felt a little uncomfortable..

Chapter 457 - 457: The Dragon Slayer becomes an evil Dragon

(1)

One tall and one short, one fat and one thin.

One of them was wearing a white shirt while the other was wearing a pink dress.

The two of them looked at tyrant with burning eyes. Tyrant's heart shrank, and he suddenly put his palms together and chanted Amitabha.

The monk held Lulu's stick and muttered, ““The Dragon Slayer will become an evil Dragon.” His voice was filled with compassion and kindness, but it also seemed to be filled with evil. “Stick to your heart and never forget your mission.”

Lu huaijiang did not understand.

Lulu clenched his fists, his eyes twinkling.

“You monk, what do you mean by” Dragon Slayer becomes an evil Dragon Lu huaijiang felt uncomfortable. Frowning, he took Lulu's hand and was about to leave.

“If you say so, then how do you explain my blank signature?”

With a clatter, Lu huaijiang threw the blank lot at the monk's feet.

The young man was faintly angry. However, he didn't want Lulu to see anything, so he could only suppress his displeasure.

The monk's face was indifferent.

“A blank signature with no heaven or earth. It means that you are the noblest person here. No one can restrain you. Is this penniless monk right?” Lu huaijiang's expression was slightly serious, but he sneered softly.

“Who knows how many people know of my identity. Using this thing to scare bengong?” Lu huaijiang muttered.

The monk chanted Amitabha again.

“This person's identity can connect yin and yang, but you will meet me at night. This also means that this person represents the darkness.” “In a mortal's life, there is karma for birth, old age, illness, and death.”

“But your fate is not bound by anyone. You can do whatever you want. But please look back at the person behind you. Some people will bear the consequences because of you.” The monk packed his things and prepared to leave.

The commoners who were watching felt that the old monk was well prepared and even pulled him back, not letting him go.

“Hey, hey, hey, didn’t you say you were waiting for the right person? You can give us more divinations. Don’t go.”

“That’s right, I’ll just give you money.” The commoners were all anxious to pull the monk.

The monk nodded with a smile, “My fated person has arrived.”

He looked at the tall and short duo who were gradually walking away. The two of them held their hands tightly and the monk looked at them with a drawn-out gaze.

“Are those two the fated ones you were waiting for? No wonder you don’t charge me.”

“Monk, what did you say to them? we can’t hear a single word.” Everyone was making fun of him, but the monk shook his head and said, “Heaven’s secrets can not be revealed.”

The crowd burst into laughter, “it’s just a young man bringing his little sister out to play, what heaven’s secrets can it be that can’t be revealed?” You’re just used to doing this, monk.”

The monk packed his things and left the capital without a word.

Lu huaijiang’s heart felt heavy and uncomfortable after drawing lots. It was as if a huge rock was pressing down on his heart, making him breathless.

Lulu was deep in thought. Was this a hint from her godmother?

Once she descended to the mortal world, godmother could not casually interfere in the lower realm.

Was this a warning from her godmother?

“Don’t believe him. I’ll take you to find yixu tomorrow. Yixu is a Buddha in the human world, not a liar.” Lu huaijiang’s brows furrowed and he no longer thought about this matter.

Lulu asked.

“Didn’t you say that master yixu lived up to his name and that he was the biggest liar in the world? He also said that those who believed him were either greedy or guilty people who had done bad things.” The little girl was at a loss.

Lu huaijiang said, “you must have heard wrong. Master yixu is a true Buddha in the human world.” Don’t talk nonsense, Lulu.”

Master yixu said, “whatever you say, okay?”

Chapter 458 - 458: Coaxing brother Lu to be happy _1

Ever since he met the monk, Lu huaijiang’s expression had not been good.

Seeing that he was in no mood to shop, Lulu lost interest in even eating and drinking.

The skewers in his hands seemed to have lost interest.

“Brother Lu, Lulu hasn’t given you any gifts yet. I’ll buy you some clothes too. I’m rich, I’m very rich.” Lulu saw the deep look in his eyes, and the people around him would rather squeeze into a ball than get close.

Then, she pulled him towards the heavenly clothes Pavilion.

The heavenly clothes Pavilion was also on this Street. Besides clothes, there were also gold, silver, and jewelry.

In the capital where every inch of land was worth its weight in gold, it had a three-story building.

It was the favorite place for the children of the capital’s aristocratic families and was also a famous money-squandering establishment.

At this moment, there were many horse carriages parked outside the heavenly clothing Pavilion. Countless young ladies brought their maidservants and servants to buy things in the heavenly clothing Pavilion.

Lulu tiptoed and craned his neck to take a look.

Lu huaijiang didn’t like the fragrance on these women, so he stood at the periphery and looked at her quietly.

“Little girl, would you like to see the finished clothes?” The new shop assistant smiled and looked at Jiang huailu, who was surrounded by girls from rich families. He was the only one who came to receive Lulu while everyone else was busy with the girls.

That’s right, all the maids and servants surrounded him.

Lulu was all alone, and he had two chirps on his head, which were wrapped around by a circle of beads that were unclear if they were real or fake.

She was wearing a small jade pendant the size of a thumb, which was rare to see on the market.

Presumably, his family’s financial situation was ordinary, only a little well-off.

In the capital, it was really nothing.

“You blind thing, are you blind? We’re all grown up and standing here. If you go and receive a child, I’m afraid you won’t be able to recognize who is who, right?” The shop assistant had just gone to receive Lulu when a haughty servant girl entered the room.

Behind him stood a woman wearing a curtain hat. Her temperament was out of this world, and her eyes were bright and had a bit of arrogance.

“Young lady, I’m new here.” The waiter said carefully. Since he didn’t know anything, why not let the shopkeeper receive the honored guests? This little one saw that this little girl came early, so I asked a few questions.

The servant girl glanced at Jiang huailu.

“You have to be smart. Those people are the real customers. Look at her, she doesn’t even have a servant behind her, can she really afford it?” The maidservant had just finished speaking when the girl behind her coughed lightly.

She glared at the servant girl disapprovingly. That look was really charming and moving.

“Little girl, this little girl of mine has just arrived, so her words are a little harsh. Don’t bother with her.” Her voice was soft, and her eyes were gentle.

He then turned to Lulu apologetically.

The waiter’s face turned red. He was so agitated by the beauty’s soft words that he couldn’t say anything.

“Since she doesn’t know anything, why didn’t sister stop her from the beginning?” Lulu asked calmly.

“Since you know that this girl is insensible, why did you bring her out to embarrass yourself?”

“The servant girl is the one who’s embarrassing the master, so what’s there to fuss about? On the contrary, it’s you who shouldn’t be calculative with her. After all, if word got out, it would definitely be big sister’s name that’s overbearing. Who would spread rumors about an ugly servant girl?” Lulu glanced at the beautiful words on the curtained hat.

“Sister, are you a girl of the Ming family? So it’s sister Ming.” Lulu grinned, looking innocent and naive.

After all, she was still a baby who had just grown teeth.

That young lady Ming was still an unmarried young lady, and at this moment, she was actually provoked to the point that she couldn’t get off the stage.

There were also many girls from aristocratic families around her. When sister Ming heard this, her eyes f

lashed slightly..

“You’re talking nonsense.”

“How dare you slander my family’s young lady!”

“I’ll take responsibility for what I’ve done. Which family’s girl are you, to actually have such a sharp tongue to ruin my young lady’s reputation!” The servant girl standing behind her was so angry that she wanted to argue with Lulu.

“I don’t know where this poor girl came from, but can you afford the clothes in the heavenly clothing Pavilion? And you still dare to speak such nonsense.” That maidservant was probably used to it, and she actually scolded him.

She reached out and smacked the hair on Lulu’s head away.

Pa da ...

The beads on his head scattered and rolled to the ground.

They rolled everywhere.

“Back down!” The woman in the curtained hat seemed to be shocked, and her sharp eyes swept over. The maidservant was so frightened that she took a step back and lowered her head. She bit her lower lip as if she was unwilling to accept this.

“Young lady, this servant is just .

“Shut up,” he said. Miss Ming’s eyes revealed her displeasure, and the maidservant closed her mouth tightly, not daring to say anything more.

“Miss Ming? The Ming family, is it miss Ming who was summoned back from shengjing?” The eyes of a little girl beside him, who was dressed extravagantly, lit up.

“Sister Ming, our two families are distant relatives. I’m yunzhi and she’s yunlan.” The little girl’s eyes were filled with surprise. The Yun family and the Ming family had been in-laws for many generations.

On the genealogy, a girl from the Ming family married into the Yun family.

But that was a few generations ago.

After that, the Ming family left shengjing and did not return to the capital for many years. They had long faded out of sight.

The Ming family had always loved to produce peerless beauties.

It was said that there was even an Empress.

It was just that these few generations had gradually become mediocre, and the limelight had died down.

Now that the girls of the Ming family had returned to the capital, many of the girls present stood up straight. In the past, the Ming family had been a legend.

About 300 years ago, the Ming family had an Empress.

It was said that the Empress was as beautiful as the West and had a delicate appearance. The Emperor dismissed her harem and only doted on her.

Her beauty had made the king of the neighboring country miss her, and he often probed her at the border.

Later on, he even said bluntly that as long as they were willing to send the Empress to the neighboring country. They were willing to never cross the border.

The Emperor would not yield even at death's door!

When the dynasty was destroyed, not only did the Emperor not escape with the Empress, but he also did not escape.

On the contrary, when the enemy broke through the city gate, the Emperor was drawing the Empress's eyebrows.

This matter spread widely and almost caused an uproar.

It was also at that time that the Lu family's ancestor led the Army to counterattack and take over the Imperial City. The name of the country was great Zhou, and Lu became the surname of the country.

From then on, the Ming family went far away to shengjing city and gradually faded out of sight.

Now that the Ming family had returned to the capital, it was hard for the girls not to feel a sense of crisis.

"Little sister yunzhi, little sister yunlan." Miss Ming nodded. Even if only her eyebrows and eyes were revealed, one could still see her good looks.

"Young lady, this servant girl of mine broke your Pearl. Ming su apologized on her behalf. I'll compensate you however you want for this Pearl." After she finished speaking, Ming su glanced at the servant girl. "Go back and receive your punishment."
"

The maidservant held back her tears and nodded. She even secretly glared at Jiang huailu.

Yun Zhi and Yun LAN looked at Lulu and frowned."It's just a string of beads for children to play with, so forget it. This was a lady from the Jiang family, and her mother was Madam Xia. He's an acquaintance of my Yun family's fourth aunt. They were all from noble families and were not worth much. So as not to hurt our relationship."

She said that she was noble, but she pointed out that Lulu's surname was Jiang, which meant that the Xia family was poor and poor.

Lulu was lying on the counter on his tiptoes.

"I think it's a little expensive," Lulu said, looking a little troubled.

"Shopkeeper, please come out for a test."

"I'm afraid this big sister is going to sell her house," he turned to look at the crowd. Then, he nodded heavily.

She didn't know the price, but eunuch Lu often gasped when he saw her, so it didn't seem ...

Cheap, right?

Chapter 460 - 460: Priceless (1)

Lu huaijiang stood in the corner, his expression not very good.

However, it was dark and the clothes were blocking the view, so no one could see him.

On the other hand, when the waiters saw him, they all took a detour.

Lulu gave him a look, and seeing that she was having fun, Lu huaijiang suppressed his anger.

“With such clothes, is there a need to hire a shopkeeper? It’s just a head Pearl, what’s the point?” Yun Zhi was a little unhappy, as if Jiang huailu, a poor family, didn’t give her face.

“Here, this is your reward. Take it and leave. You’re staying with the Xia family now, so don’t embarrass them.” Cloudbillow’s expression was rather unsightly, and he seemed to be threatening her.

He reached out and pulled out a silver hairpin from his head. There was a touch of green on the top.

“Are you guys going to bully a kid like me?” Lulu asked, tilting his head.

“Can I trouble this uncle to help Lulu report this to the authorities? They threatened Lulu. She broke Lulu’s things, didn’t want to pay for it, and didn’t want Lulu to go home. Lulu’s family doesn’t have power or influence, so Lulu’s scared.” The little girl grabbed onto an uncle in fear.

That uncle looked righteous and was a warm-hearted person.

Seeing that the crowd was about to force a five-year-old child, she immediately ran out.

“W-what are you doing? Who doesn’t want you to go home?” Yun Zhi and Yun LAN were anxious. They had received the Empress’s praise and could often enter the palace. If he caused trouble, the Empress would be angry.

There were many sisters in the residence who wanted to accompany the Empress, and they had fought for this opportunity with great difficulty.

“You’re the ones who won’t let me go home. You wouldn’t let me even if I wanted to invite the shopkeeper.” After he finished speaking, he kicked the silver hairpin on the ground.

“This thing is even worse than the bead on Lulu’s foot.” He stretched out his leg and showed it to everyone in the room.

Just then, the shopkeeper was invited down from the attic.

He happened to see the little girl standing on her own like a Golden Rooster, stretching out her little feet.

“This? This is, this is the centipede Pearl?” The shopkeeper stood on the stairs, his steps wavering and almost losing his balance.

He walked quickly to Jiang huailu, his eyes shining.

His eyes were full of infatuation and he couldn't stop praising, "legend has it that mermen's tears turned into pearls, and every Pearl was formed from their tears. Every single one of them is a treasure." The shopkeeper laid by her feet and looked at her shoes carefully.

Miss Ming's figure froze. She's ... Hold your tears?" He looked at Jiang huailu in disbelief.

That chubby little girl.

The shopkeeper shook his head and Yun Zhi and Yun LAN heaved a sigh of relief.

“It's good that you're not.” Yun Zhi stroked her chest.

“Not only that, not only that, it's far from that. Centipede pearls were extremely precious, but the most precious of them all was the centipede spirit Pearl that was formed from the flesh and blood of a mermaid before they died. Each spiritual Pearl was worth a city. The few Naga pearls in the palace now are only formed from tears.”

“I can't compare to her, on my feet.” The shopkeeper's face was full of amazement.

the Jade stone on your waist ... The shopkeeper paused for a moment, and his expression was a little off.

Lulu touched it. She didn't know about the rest, but it was similar to the green stone that brother Lu had.

“It's the he bi that comes from the same line as the Jade seal, right? This is a jade pendant made from the same piece of Jade that was taken from the he family's Jade wall.” The shopkeeper's voice was shaking.

She only had three accessories on her, and none of them were ordinary.

Hearing this, the Yun sisters were frightened. shopkeeper, you have to look carefully. She's just a poor family that was exiled from the barren capital. Where did she get these things?"

“You must be mistaken!”

Miss Ming held her breath and looked at Jiang huailu..
