

The Savior 471

Chapter 471: Little nemesis (1)

Lulu mumbled.

Are the vegetables delicious?

Lu huaijiang knew what she was thinking the moment she turned her eyes.

However, Lulu still needed some control. She was still young and growing. It's not good for your health to always eat meat like this.

Lu huaijiang sometimes guessed that this child seemed to have not eaten good food in thousands of years.

Although the Jiang family didn't value her in the past, they didn't go so far as to not have eaten their fill.

It was really puzzling.

"Try the vegetarian food of the National temple. If it's good, I'll bring master back to make it for you for a while." Lu huaijiang had put in a lot of effort for her health.

"You can even bring outsiders back to cook?"

Lu huaijiang's brows were stern. "They also need to eat. It can not match bengong's donation."

Lulu's eyes curved into crescents as he smiled.

Seeing that she was happy, Lu huaijiang then asked someone to bring in hot water.

The copper Basin was placed on the shelf. Lu huaijiang personally took a towel and wiped her face and washed her hands before carrying her to the dining hall.

Before he left, Lulu touched his clothes and frowned.

The heavenly clothing Pavilion only prepared the latest clothes and would sell spring clothes after the new year.

Other people bought it to keep it warm, but brother Lu wore spring clothes in the middle of winter.

"Eunuch Lu, bring me a thick coat. Bring big brother's cloak over." Lulu glared at Lu huaijiang. Eunuch Lu let out a loud sigh and eagerly brought over the clothes that had been prepared in the room next door.

"Bengong is not cold." Lu huaijiang refused to give in.

Lulu's eyes narrowed. "If you don't wear it, I won't eat." The little girl's face was full of threat.

Eunuch Lu lowered his head and chuckled. "Oh my, I still have to rely on Little Lulu to control him."

When he left, His Highness was wearing winter clothes and his face was dark.

She reached out and picked Lulu up.

“Lulu can walk on his own. Lulu will crush you to death.” The little girl looked at him with extreme seriousness.

In her sleep, she felt herself being wrapped in warmth. Was it brother Lu who was hugging her?

At this moment, brother Lu was hugging her, and she unconsciously revealed a sense of dependence.

She seemed to be more and more dependent on him.

“It rained when you were taking a nap, so the ground is wet and your shoes will be wet. I’ll drop you off at the dining hall.” Lulu was only five years old, and although he was a little rounder, he wasn’t heavy.

However, when he recalled that he had only hugged her for four hours, eunuch Lu could not help but sigh.

Whose little sister was so delicate?

This was not raising a sister, this was raising a little ancestor.

However, this little brat had one good point. He could restrain the Crown Prince.

When he arrived at the dining hall, there were already many furens who had come to take shelter from the rain. There were actually quite a number of people who had brought along their servant girls and servants.

When Lu huaijiang arrived outside the dining hall, he put her down obediently.

After removing the cloak, eunuch Lu took it.

As soon as Lulu landed, he heard shouts of surprise coming from afar.

“Lulu, Lulu, I saw you just now. Why didn’t you come back to the capital to find big sister?” Jiang huaijin walked out from the crowd and his voice was a little loud. Many people looked over.

The first Prince stood behind Jiang huaijin, and the latter walked up to him with a hint of shyness.

She wanted to pull Lulu away but was stopped by the guard beside Lu huaijiang.

Many people in the dining hall saluted when they saw Prince Xian and his Highness the Crown Prince.

“Little sister, I’m big sister huaijie. Although the younger sister and his Highness were close, he couldn’t look down on his elder sister because of this.

You heartless little thing.” Jiang huaijin pretended to be familiar with her. Taking advantage of Jiang huailu’s young age, he looked at her as if he was looking at an insensible child.

If other people heard this, they would think that Jiang huailu was trying to curry favor with His Highness and thus looked down on his cousin..

Chapter 472: Infuriated to death (1)

Everyone looked at Jiang huailu.

Lulu was indeed young, but she was not stupid.

It was just that she rarely lived in the human world and lacked the common sense of living in the human world. But intelligence was not a problem at all.

Moreover, because she had too many responsibilities in her life and had no parents to teach her, godmother was worried that she would suffer.

He poured all kinds of scenarios he could imagine into his mind. This was also why she was extremely intelligent in some aspects, but like a blank piece of paper in some.

For example, her godmother had simulated it for her before.

Her godmother was more attentive to her than to her own child.

His godmother had said that she was the only one for Lulu.

“Sister huaijie, didn’t you run away with a man?” Lulu asked in surprise. Jiang huaijin, who was pretending to be close, was so shocked that he couldn’t come back to his senses.

She had deliberately chosen a time when there were the most people, in an attempt to get close to Lulu.

However, he didn’t expect Jiang huailu to be so vicious.

In an instant, Jiang huaijin’s forehead was covered in a thin layer of sweat.

The first Prince, who was walking behind her, gave Lulu a deep look, and a hint of disgust flashed in his eyes.

This child had made him suffer too much and embarrassed him too much.

“Which family’s child would say such malicious words, actually slandering elder sister like this. At such a young age, his heart is too vicious!” The first

prince’s words could not be said to be light, especially to a child who was only a few years old.

If such a label was really attached to him, his reputation would probably be ruined.

Lu huaijiang blocked Lulu behind him, but the little girl naughtily showed her head. “Sister huaijie, Lulu isn’t wrong,”

“You suddenly disappeared in huangdu, and grandfather was still thinking about you before he died. You didn’t even want to come back when the Jiang family was summoned back to the capital. Your mother even said, “what kind of Big Shot did you get to make you throw away your face and run away with a man?” Did you leave with the first Prince?”

“The first Prince is indeed an important figure,” he nodded.

“Did the first Prince marry you?” The little girl’s face was full of innocence and ignorance. Her words were like pearls.

Great, now the first Prince had been dragged into this.

“Nonsense, you’re an insult to a gentleman!” The first Prince’s expression changed, and he waved his sleeve in rebuke.

His eyes seemed to be filled with rage.

Jiang huaijin’s face was pale, and he swayed unsteadily, almost unable to stand.

But when he heard that sentence, “did the first Prince marry you?” His eyes moved slightly.

“Yi ‘an, are you just going to let her speak such nonsense? Such a small little girl is actually so vicious. Her heart must be punished!” The first Prince stared at Lu huaijiang. Seeing him protect the girl in his arms, he was bewildered.

He had always been brutal and murderous, but he was actually protecting a child?

Lu huaijiang chuckled, “big brother, you’re so unreasonable. You’re already in your twenties, and you’re even a Prince known for your virtue.” To argue with a five-year-old child, does the wise King still want his face?”

“He’s just a child. Children’s words carry no harm, children’s words carry no harm.” Lu huaijiang lazily swept a glance at the first Prince, who was in a rush.

“Besides, if the sage King did not do it, why do you have to feel guilty? An upright body is not afraid of a crooked shadow!” Lu huaijiang chuckled and led Lulu to a table.

The little girl still didn’t stop worrying. She hid behind the Crown Prince and rolled her eyes at the two people.

The first Prince was so angry that his blood was boiling.

Jiang huaijin covered his face with his hand and said, “huaijin’s reputation is gone.” Your Highness ...” Jiang huaijin wiped away his tears, and a hint of irritation flashed through the first Prince’s eyes.

“I won’t mistreat you,” he said, holding back his frustration.

When Jiang huaijin heard this, he recalled the prayer in the hall of salvation.

She would marry the most distinguished man in the world, so she immediately blushed and nodded..

Chapter 473 - 473: Three days of life (1)

“I didn’t know that vegetarian food was so delicious.”

“It’s so delicious even without meat and oil.”

“Let’s bring master back to the eastern Palace.” Lulu’s eyes flickered, and he was extremely happy.

“As you wish.” Eunuch Lu was already used to Lu huaijiang serving her food.

The surrounding madams looked left and right, only daring to bow to His Highness from a distance, not daring to come over and disturb him.

On the other hand, there were some shy little girls who looked at His Highness with fear and adoration in their eyes.

His Highness was thirteen, it was time for him to get engaged.

Now that there was no news at all, although the girls were afraid, when they thought about the riches, who wouldn’t be moved?

Lu huaijiang saw that the little guy was hiccuping and ordered the food to be taken away.

He really didn’t expect that she could eat so much vegetarian food.

“Don’t eat too much. You can digest the food later. There will be desserts later.”

Seeing that she was unwilling, Lu huaijiang coaxed her in a low voice.

Lulu nodded reluctantly.

It just so happened that Madam Zhen was also having her meal at the side, and Lulu stared at her without blinking.

They would get engaged when he was fifteen and wait three years for him to be in high school.

They were released before they were married.

Eighteen years old plus thirty-two years old, he was fifty years old.

At this moment, she looked like a white-haired old lady. If it were anyone else, she would have been surrounded by children and grandchildren, enjoying her old age. However, she was wearing an unmarried woman’s hair accessory, and she was unmarried her whole life.

Because of too many worries, his body was a bit worse than an ordinary person’s.

Madam Zhen seemed to have noticed her gaze. The white-haired old lady with cloudy eyes looked up at her.

Lu huaijiang had some respect for Xie zixu, so he nodded at Madam Zhen.

“You should see a doctor.” Lulu’s brows furrowed slightly. The average lifespan of mortals nowadays was sixty, and those who could live to that age were already considered old matriarchs.

She could get married when she was fifteen or sixteen, and become a grandmother before she was forty.

Fifty to sixty was already considered a long life.

Many died young at birth or halfway through their lives, and their average lifespan was extremely low.

Madam Zhen really liked this kind of child who seemed to be full of good fortune.

“The old lady came and left with no regrets in her life. Why must you force it?” There was a smile on Madam Zhen’s face. She was a very kind old lady.

It was said that when people reached an age, they could sense their own lifespan.

The understanding in the old lady’s eyes startled Lulu.

The nanny bowed to the Crown Prince, then helped Madam Zhen out.

“She’s not going to make it. I can only live for three more days.” waiting for 32 years without getting married, is she worth it? ” Lulu murmured softly.

“As long as she thinks it’s worth it, she has no regrets in this life. Lulu, there are some things that can’t be measured by obtaining or possessing.” “You’re still young, you don’t need to know too much.” Lu huaijiang led her out the door.

“That’s the hall of salvation, right?” Lulu stood in the temple and looked at the Savior’s Hall on another mountain.

“Yes, do you want to go and take a look?”

Lulu shook his head. It was the fourth day of the first lunar month. After the sixth day, the hall of salvation would have to purge the surrounding spirits.

After lunch, Lu huaijiang took her for a walk around the guguo temple.

Lulu didn’t pay his respects to any of them.

No matter if it was her identity as a Savior or her identity as the daughter of a Buddha, she couldn’t stand it.

Her godmother had said that she was the most favored daughter of heaven.

“Didn’t you say you wanted to discuss the Dao with master yixu? Let’s go, big brother will send you there.” Lu huaijiang saw her bored expression and remembered that she had been talking about Dao with the master all day. It just so happened that there was someone to look after her child..

Chapter 474 - 474: The Holy monk cries in anger (1)

After lunch, he sent the child to master yixu.

Master yixu thought that saving all sentient beings was already the most difficult thing in the world.

After all, they had to face all kinds of people.

It was too difficult.

He had already gone through the sea of fire with a saber. No matter how difficult the path of divine salvation was, he felt that he could walk it.

However, on the afternoon of the fourth day of the first lunar month, he felt that he could not make it.

I really can't.

Outside the meditation room.

The young novice monk sighed and leaned against the door with a face full of despair.

Amitabha, is there anyone who can save master ... The two of them were arguing in the room, but there was no clear winner.

He was already the master of the Holy monk, so why did they still quarrel?

They were clearly discussing the Scriptures, but why did it seem like they were fighting?

They quarreled until their faces turned red and they felt that the other party was unreasonable.

"You can't even read the scriptures, so how can you be a monk? Why are you so anxious? why are you so anxious?" The door opened with a squeak.

The little boy was pushed out.

At the same time, she also threw out her Scriptures and the small bag Lu huaijiang made for her.

"Y-y-you didn't inherit any of your father's wisdom! If he was still alive, you would be so angry that you would die!" Master Yi Xu's head buzzed, and he felt like his head was about to explode.

She had almost destroyed his Dao heart.

"Root of wisdom, root of wisdom, I know the root of wisdom. I don't have the root of wisdom, but I can still save people ... Come with me, we don't shave our hair, we don't follow any rules, and we can even eat meat." Lulu rolled his eyes and stuck out his tongue.

Master yixu was so angry that he fell backward.

"Don't let her get close to the little monk in the temple, don't let her harm others. Quickly send her back to His Highness and let the great nemesis and little nemesis accompany each other for all eternity, so that they don't harm this poor monk!" Master yixu placed his hand on his chest. Amitabha, he was guilty.

He was almost forced to guard the door of the hall of salvation by Jiang huailu.

The little Shami's face was full of panic.

But when he returned to the temple, he could still maintain his reputation as an eminent monk.

What did this little girl do to make her master fly into a rage?

Lulu snorted and raised his meaty fists threateningly. He picked up his bag that had been thrown on the ground and hung it around his neck.

“You’re so petty. You’re still an eminent monk, so why are you so angry when you’re just talking about Scriptures?”

“Your master is so boring. He’s getting impatient while we’re chatting.”

“Don’t talk to her!” Master yixu roared in the room. She’s the little demon who eats people and lies in the books, you’re not allowed to talk to her!”

The little monk outside the door put his hands together and hurriedly said, ““This disciple will remember.”

The little Shami led her out, his face full of fear and he didn’t dare to reply.

“Little brother, How long have you been a monk? Can I eat meat? Can I go shopping? As a monk, is it your duty to save people, save the world, and save all living beings, or is it just to recite the heavenly Scriptures?” Lulu’s eyes rolled around as she kept calling him ‘little brother’.

The small monk didn’t dare to make a sound.

But seeing that the little girl was still talking, he couldn’t help but reply,

““Benefactor, chanting Sutras is also to give feedback to all living beings.

Everything is naturally for the sake of the world.”

“How about this? Why don’t you follow me? I’m also saving the world, it’s the same. He didn’t even need to become a monk, and he could still receive silver every month. If he died in battle, he could even be listed as an immortal. Hey, hey, hey, why did you run away ...”

Lulu watched helplessly as the small monk was scared away.

Tsk, how stingy.

The stingy old monk brought along a young monk, and all of them were so stingy..

Chapter 475: Lulu fights (1)

“We’re all here to save the world, why can’t we come to my place?”

“It’s hard to train people, so what’s wrong with borrowing a few. This is a win-win cooperation. How stingy.”

“He even said that he liked my father’s Scriptures, and that he was a Holy monk who gained enlightenment after reading the scriptures. You don’t know how to repay me at all.”

Lulu mumbled to himself as he walked, carrying a small embroidered bag on his back.

The little monk who had led the way had run away, so Lulu could only find his way back on his own.

This year, it was warm and the peach blossoms were in full bloom.

As they strolled around, they saw peach blossoms in full bloom in front of them. The sound of children's laughter could be heard from the peach blossoms.

"I heard that His Highness the Crown Prince brought a child, did you see? It was rumored that Sheng dote on him a lot, but who knew which family's child he was from? Why haven't I seen him before?" The country guarding Duke's little Shizi pouted.

His Highness's mood is unpredictable.

It sounded like a group of children.

"You all don't know, but I do. She came back from Huangdu, and I saw her. She's the lucky one who was brought back by eunuch Lu in a palanquin carried by eight men." The person who spoke was a lady from the Zheng family, who shared the same mother as little young master Zheng.

He was only seven years old now.

"It's that child who was born on the Zhongyuan Festival with His Highness, right? I did not expect that a dirty thing that was born on the Zhongyuan Festival would be able to gain His Highness "favor." The Wen family's young master said softly, his eyes filled with disdain.

It was no secret in the Wen family that Wen Ruyin and Jiang Huailu knew each other.

Since the return of Wen Ruyin's group, they had greatly impacted the Wen family's camp. Now, the Wen family was divided and there was a lot of debate. In the corner stood a young master, probably the same age as little Shizi.

He looked at Jiang Huailu with a cold gaze.

This was the eldest grandson of noble consort Lin's maiden family, and he was currently studying at the Imperial College.

"Young master Wen, please be careful with your words!" The country guarding Duke's heir harshly rebuked. Only then did young master Wen realize that he had also included the Crown Prince in his scolding.

She was so shocked that she shrank her body and looked left and right in fear. She only heaved a sigh of relief when she did not see anyone else.

"I didn't say anything about Your Highness. That girl is inauspicious. When she was born, she was stupid, but now she suddenly became intelligent and quick-witted,

perhaps she was possessed by some spirit." As soon as young master Wen finished speaking, a rock the size of a fist came straight for his head.

There was a thud.

It hit young master Wen's forehead, and blood gushed out.

"Who is it?" The young Masters and young ladies' expressions changed as they stood up.

The maidservants and servants behind her all stood in front of their master.

His expression was solemn.

the National temple is the Royal temple. Who dares to create trouble here? " The country guarding Duke's son was ten years old and had a strong head and a bit of an imposing manner.

The group of young Masters behind him all seemed to regard him as their leader.

"I told you it's the National Guard temple. Why would demons and monsters come here?" Lulu patted the dirt off with both hands.

She was carrying a pretty little bag that looked soft and harmless.

She was so well-behaved that it made him want to reach out and touch her little head.

The Wen family's young master clutched his head while the servants behind him were already pale with fear.

The servant girl took out her handkerchief and covered his forehead tightly, but blood flowed down his forehead.

"Young master, young master, how dare you! This was the Wen family's direct descendant, the Wen family's lifeblood! You actually dared to hurt him, you you ..."

"Forget it. His Highness dotes on her. We can't afford to offend her." Young master Lin didn't say a single bad word, but every single one of his words only

added fuel to the fire..

Chapter 476: Gang up on Lulu (1)

"Quickly go and get a doctor." Miss Zheng's face turned pale. She was actually a little jealous of Jiang huailu.

When they were in Huangdu, her brother always praised her.

The Yang family young master looked up to her.

Wen Ruyin only acknowledged her. They were clearly the nobles of Huangdu. Why did they have to like an idiot?

The servant girl ran out of the peach forest in a hurry.

The country guarding Duke's son was caught gossiping behind his back, and his expression was a little ugly.

"It's just two sentences, there's no need to be so scared. You were a fool before, but now you think you can do whatever you want with His Highness "love. Do you really think His Highness will love you forever?"

"The people His Highness has killed are more than the people you've seen!" The girl from the Zheng family walked forward, her heart aching.

"Truly vicious and merciless. If his face is disfigured, what will he do in the future?" Hearing this, young master Wen was even more furious.

"I just don't know if His Highness is willing to protect you. The Wen family, the Duke zhengguo family, and the Zheng family will never allow you to press your face to the ground and step on it!" Miss Zheng was much better than his brother. Even if she was arrogant and domineering, she was used to putting herself in an advantageous position.

Young master Lin coughed lightly, "my family has already instructed me not to offend Your Highness." Let's just accept this loss."

"You gossipmonger." Lulu raised his chin in disdain. You're allowed to slander me, but I'm not allowed to fight back. If you can't win, do you still have to go home and find your father?"

"Cowards and weaklings, if you can't win, you're still looking for adults! Shame, shame, shame, shame, this is so embarrassing." Lulu stroked her little face.

The country guarding Duke's son was so angry that his face and ears turned red.

The country guarding Duke ruled the world with martial arts, and his rewards were all earned with real swords and Spears.

He also valued martial arts greatly for his descendants.

His Little Prince had been extremely strict since he was young.

"You, you ... You vulgar woman! No wonder the Jiang family chased you out! Your mother must not be a good person either. She must be a Shrew, that's why she was abandoned! If your parents don't want it, you're an uneducated person!"

After the little Shizi finished speaking, he saw the red-lipped and white-teethed little girl's face drooped.

He felt a little regretful.

However, when he saw Wen Gou and Zheng yaoguang's burning eyes looking at him with admiration, the young man straightened his back again.

Lulu looked at him expressionlessly.

After counting the number of people, the heir of the country guarding Duke had brought two maidservants.

The Wen family also had two, and one of them had gone to get a doctor.

Zheng yaoguang had brought along a nanny and servant girl, and it was obvious that the nanny was quite strong.

The Lin family's young master had brought along two servants, and they were two men.

The little girl silently took the little bag down and hung it on a peach branch at the side.

He then took off the Jade pendant and Pearl Flower. Looking at the wet ground, he did not take off the shoes of the Jade Pearl.

"Are you going to use those things to apologize? If you're willing to kneel and say that I'm wrong, we'll forgive you . . . Ah!" Before the little Shizi could finish his sentence, he felt a small Cannonball directly rushing towards him.

He immediately screamed.

Before he could get up, he felt a huge force coming at him.

Her small fist landed on his face.

There was a pfft.

He spat out his teeth with blood.

"You can scold me, but you're not allowed to scold my mother." Jiang huilu's eyes turned red with anger. Her parents didn't abandon her.

They had given birth to Lulu, so they must have loved Lulu.

The only thing that Lu Lu could remember was that her parents didn't want her.

When he was young in the heavenly court, if someone said that, godmother would definitely strike that person with heavenly lightning!

Chapter 477 - 477: Not a single one who can fight _1

"Someone, someone, open it." The two maidservants behind The Little Prince saw their Prince being pressed down and beaten in an instant.

A punch knocked out a tooth.

Another punch made him cry for his parents.

A few people went up to pull her back. Little Lulu was killing like crazy. The two servant girls of the Duke of guarding the country were not even enough to take a punch from her.

The Wen family and the Zheng family stepped forward to help, and the nanny's eyes turned cold.

"Don't hurt little Shizi, quickly let go!" As he shouted, a sharp stone appeared in his hand.

It went straight to the back of Jiang huailu's head.

The Wen family and the Zheng family joined forces to press Lulu down.

"Beat this lowly servant to death!" Wen Gou's voice was shrill, but it was as if Lulu had eyes on the back of his head.

She turned her head and looked straight at the nanny.

The nanny's hands trembled from the shock of those eyes. She hardened her heart and went straight for those eyes.

Lulu's hands were small.

However, her brute force was no less than that of a muscular man, at least two of them.

This was what her godmother had given her to rely on to protect herself, so that she could protect herself when she ran out of spirit energy.

In many cases, demons and ghosts were harmful to people, but they were not as cunning as mortals.

Lulu clenched his fist and threw it at the Granny's Stone.

In front of everyone, the sharp rock directly shattered into pieces.

The nanny's hand made a creaking sound.

His wrist was broken.

"You don't know what's good for you!" Lulu rebuked.

The Lin family's young master frowned. hurry up and help. Don't let her hurt The Little Prince and young master Wen. He looked like a peacemaker.

However, the people he brought along forcefully held Lulu down and tried to get the Wen and Zheng families to do something.

This time, she had gone mad from killing. She knocked little Shizi to the ground and went up to kick the sulky Zheng yaoguang.

"You're really everywhere. The Zheng family is a model student of the humble class. She actually gave birth to such a cheap thing like you!"

"And you, weren't you very proud just now?" Lulu's eyes widened. Wen Gou had actually peed his pants.

This was simply a jinx, a little jinx!

"As expected, you are just like your master. They all hide needles in cotton and daggers in the dark!" The little Lulu went crazy and threw Lin fan to the ground with a single punch.

Then, he took out his belt and tied him up. He then threw the belt on the tree.

He pulled.

He directly hung her on the tree.

Without a belt, his pants slid down a little. Young master Lin was so angry that he started to wail, losing his demeanor. However, he didn't dare to struggle, for fear that his pants would fall.

"Waa ... Waa ... Help me!" A wave of wailing came from the peach forest, crying to the heavens and earth in grief.

In the chaos, the little girl's hair was pulled apart.

Her hair was loose and scattered. The little guy even blew his hair a few times, causing it to shake.

"With such a mouth, how can two maidservants be enough? Next time, remember to bring more people with you. "

"Not a single one of them can fight." Lulu rolled his eyes and put his hands on his hips.

The moment she placed her hands on her hips, she realized that the baby's unique belly was protruding again. The little girl coughed lightly and silently sucked in her stomach.

It really affected her domineering attitude.

However, she had eaten three big bowls of vegetarian food today. She wouldn't get fat even if she didn't eat meat.

The little girl raised her head and puffed out her chest in peace.

At this moment, Lu huaijiang, who was reviewing memorials in the meditation room, heard the hurried footsteps outside the door and his heart jumped.

"Your Highness, something has happened."

"Miss Lulu and master yixu got into an argument, so she asked the young monk to send them back. Who would have thought that miss Lulu would anger the little monk and make him run away?"

"I entered the peach forest by mistake and met the heir of the country guarding Duke, the young master of the Wen family, and the youngest daughter of the Zheng family. They're fighting." Eunuch Lu anxiously slapped his leg..

Chapter 478 - 478: The scene was too horrible to look at (1)

His Highness, who had been calm a moment ago, suddenly turned gloomy.

It was as if the surrounding atmosphere had become somewhat oppressive, as if a pair of large hands were squeezing eunuch Lu's heart. His face turned pale, and he couldn't say a word.

"That, that country guarding Duke's son is a rough man with some martial arts. When he was nine last year, he started fighting on the streets, causing many young Masters to cry for their parents. The country guarding Duke specially sent the child to the state protecting temple to cultivate and recuperate!"

“The four families each brought two maidservants, and the Lin family even brought a little servant to protect him. Lulu is all alone ...”

“The hidden guards have just sent word that the situation is under control. The ground is covered in blood, I wonder whose it is.”

“That’s too much. Lulu is only a five-year-old girl. Why were they so scared? they were actually ganging up on Lulu. You’re an unreasonable thing!” Eunuch Lu quickly followed His Highness and reported as he walked.

Lu huaijiang wished he could fly over.

The murderous aura around him couldn’t be concealed. Even master yixu, who was far away in the main hall, could feel it.

He hurriedly brought the young monk over.

Outside the peach forest, one could vaguely hear chaotic cries and curses.

Master Yi Xu rushed over with the novice monk and just happened to meet His Highness, who was filled with a murderous aura, outside the peach forest.

Yi Xu frowned, and his killing intent grew stronger.

As they were talking, the Duke zhengguo’s, the Wen’s, and the Zheng’s all rushed over.

Her footsteps were messy, and her heart was restless.

When they saw the Crown Prince, this big fiend, their hearts sank.

He bowed deeply to His Highness.

The first Prince’s footsteps were leisurely, and he had a warm smile on his face. “This is the child’s play, why is the Crown Prince so angry?”

“It’s normal for children to fight. If they win or lose, the adults will lose face if they get angry.” The first Prince smiled as he looked at Lu huaijiang’s gloomy face. He felt a little happy.

That wretched girl actually had some weight in the Crown Prince’s heart.

It was good as long as he knew his weakness.

Humans were not afraid of anything, but they were afraid of having a weakness.

“This unfilial son, this official’s wife sent him to the National temple to cultivate. Who knew that he would cause such a big disaster, this official’s wife will definitely punish him.” The country guarding Duke’s old Madam kept wiping her tears.

Her eldest son had died on the battlefield, and with the identity of a deceased person, she and the country guarding Duke had asked for the title of Crown Prince for her eldest grandson.

Since he didn’t have a father, lady Wang doted on him a little.

Who knew that he would always show off in the capital, fight countless times, and apologize countless times in the Duke zhengguo's mansion.

Now that she heard that the other party was only a five-year-old little girl, she was soft and cute, and it was unknown how badly injured she was.

The old lady came up and admitted her mistake. In any case, the Duke zhengguo's mansion had admitted many mistakes.

The Zheng family didn't know what to say. The madam who came kept wiping her tears.

She was the mother of little young master Zheng and Zheng yaoguang.

The representative from the Wen family was a middle-aged man who was as gentle as Jade. He said, "Your Highness, my son is ignorant and doesn't know the immensity of heaven and earth. They deserve to be beaten and punished.

The great prince chuckled, "how can the squabbling between children be elevated to the Imperial court?" Today, this King's words will be said here. If Wang Lin is injured, this King will not say a word and will not cause trouble.

This King doesn't need to punish a child for playing around."

However, it was four against one, and the girl didn't even bring a maid. Everyone knew who was at a disadvantage.

The first Prince had said this to make the Crown Prince swallow his anger.

It was also to win over the other three.

It was really a good plan..

Chapter 479: Overlord deer (1)

"The wise King is really good at scheming." Lu huaijiang was so angry that his heart was numb, but his face did not show it at all.

The three families behind him all took three steps back, clearly not daring to stand side by side with the first Prince and the Crown Prince.

"Do you all think so too?" Lu huaijiang's voice was indifferent.

"Chenfu does not dare."

"I dare not." The three of them said in unison.

His attitude was very humble, but his "I don't dare" meant that he agreed with the first Prince.

It was just children playing around. If His Highness held a grudge, it would be a disaster for the family if it was brought to the court.

Especially the Zheng family, which had now sided with the first Prince.

The eldest daughter was discussing marriage with the first Prince again, so she naturally agreed. “Wangye is right. This official’s wife will definitely discipline the child when she returns to the fu. They are just children playing around. If yaoguang is really injured, chenfu has nothing to say.”

“Very good. You guys are good!” Lu huaijiang didn’t say a word. He flicked his sleeves and walked straight into the peach forest with a dark face.

The first Prince shook his head helplessly, “which family’s child doesn’t play around? it’s normal.” My brother Lin is weak and is the most precious child in the Lin family. If he was injured by mistake, I won’t be calculative.”

The three of them heaved a sigh of relief when they heard his words.

Yixu saw that the Crown Prince’s footsteps were slightly messy and sighed softly. “Go and get a few doctors.” He also felt a little regretful in his heart. He shouldn’t have let that girl go out alone.

The group of people hurriedly entered the peach forest. Peach flowers were everywhere, and footprints were left everywhere.

The closer he got, the more obvious the deafening cries became. On the peach blossom, there were still some traces of blood.

“His teeth are all knocked out, what should we do?”

“His pants are taken off and he’s hanging from a tree. Call for help. My pants are about to fall off.”

What should I do if my face is disfigured? what should I do ... It was noisy. Everyone’s hearts trembled when they heard this.

If that little girl’s pants were taken off, her teeth were knocked out, and her face was disfigured, no one would be able to withstand the thunderous anger.

The country guarding Duke’s old Madam was even more in tears. This disappointing thing!

The group walked through the peach forest and arrived at the scene of the incident.

How could Lu huaijiang bear to be bullied right under his nose?

Even if the world spurned him and scolded him, he would not let them have an easy time.

He raised his head ..

She then heard the servant girls and servants cry out, “”Let them go, let them go. Help, I’m going to die.”

The little girl with disheveled hair had her hands on her hips.

He stepped on little Shizi’s back and little Shizi cried for help.

Zheng yaoguang’s face was covered in snot and tears as she cried, “”1 was wrong, I was wrong ... I won’t be a busybody anymore.”

The blood on young master Wen’s head had formed a scab. He clutched his pants and peed his pants.

The Lin family's young master had lost his belt, his pants not falling down. His face was filled with shame and anger as he hung on the tree, silently crying.

The scene suddenly fell silent.

The ice on Lu huaijiang's face turned into warmth in an instant, with a bit of gentleness.

"Cry, cry, cry, you only know how to cry. If you can't win, then you're asking for help. Isn't that embarrassing? Aren't you embarrassed?"

"Weren't you just showing off when you were scolding Lulu just now?"

Eunuch Lu's eyelids trembled as he saw a few servants and maidservants kneeling on the ground with bruised faces. He was shocked. This was a group fight, and girl Lu had won!

Eunuch Lu sighed. forget it, forget it. You're a little ancestor. It's just a child's play. Don't hurt our relationship."

He hurriedly got someone to pull Lulu back..

Chapter 480: Really good at fighting (1)

The little girl was still unconvinced, and her hand was grabbed. She even rolled up her sleeves and popped her head out from behind eunuch Lu. "Quickly release me, quickly release me. I'm going to beat them up so badly that even their mothers can't recognize them!" The three elders ..

This, this was a bit of a face-smacking!

They ganged up on a little girl and actually lost!

The high Duke's wife who was used to apologizing to others.

He looked at his grandson, who was pressed to the ground and had his teeth knocked out.

As for the little girl, she had small arms and legs, looking toot and soft. He didn't look like someone who knew how to fight.

Her grandson was a dandy child who often caused trouble in the capital.

The first Prince's smile slowly froze.

When she saw Xiao Lin's embarrassed and indignant expression as he was hung on the tree, she hurriedly got someone to carry the child down. The moment he landed, young master Lin pulled on his pants and ran off.

Grief and indignation, shame and indignation.

Lu huaijiang took a deep breath. He suddenly felt that the East Palace would not be quiet in the future.

The little girl felt his gaze and hid her hands behind her back reflexively. "I didn't do it on purpose. They were the ones who had said bad things behind their backs and Lulu had heard them. He even said that Lulu is a child without a father or mother, and that I'm possessed by a demon."

“It’d be weird if Lulu didn’t knock out their teeth.” Lulu raised her small fist, but quickly hid it, probably because she realized that this was not the right place.

The Crown Prince pulled the little child to his side and looked around. There was no injury at all. He narrowed his eyes.

“It’s just children playing around, the wise King won’t mind, right? Yi ‘an has to thank Your Highness for the wise King’s awareness.” The corners of the Crown Prince’s lips curled up, and he looked at the first Prince with a profound look in his eyes.

At this moment, a few families had already rushed forward to help their children up.

The group of people immediately lay in the arms of their elders and cried.

She cried, feeling wronged.

Mrs. Zheng and old Mr. Wen looked at each other, only thinking about how their child had beaten up someone else. He agreed with the wise King’s words.

However, when he turned his head ...

His own child had been beaten up.

This time, it was not good to find trouble.

“Mother, she hit me. She hit my face, wuwuwu ...” Zheng yaoguang was lying in Mrs. Zheng’s arms. At this moment, her face was bruised and swollen, and she looked rather miserable.

Mrs. Zheng’s heart ached so much that she almost cried.

“They are all children, their hands are not light or heavy. Bengong will definitely punish her when she goes back.” Lu huaijiang said indifferently.

No one was bothered to expose his hypocritical tone.

“Lulu, you’re being merciful. Look at little Shizi, his teeth are all falling out.

Little brother Lin’s pants were gone. Young master Wen had peed in his pants. Sister Zheng, Lulu didn’t even embarrass her. ”

After he finished speaking, he even grinned at Zheng yaoguang in a friendly manner.

With a wail, Zheng yaoguang burst into tears again.

Mrs. Zheng’s face darkened. She said .

Damn it, it made sense.

If she really wanted to be ruthless, yaoguang’s reputation and face would probably be destroyed here.

The eldest daughter was discussing marriage with the first Prince again, and he was afraid that the eldest daughter would be implicated.

The corners of Madam Zheng's mouth twitched. She looked at the first Prince, not knowing how to reply.

The first Prince was so angry that he almost laughed.

Today, Wang Lin had suffered a great loss in front of him, and he was afraid that the Lin family would not let it go.

His expression was extremely ugly.

“The Crown Prince is spoiling her too much, even though it is just children playing. However, they started fighting just because of a slight disagreement. I'm afraid that the Crown Prince will find it hard to convince the masses.”

“This child is from the Jiang family, and is currently staying with the Xia family. If His Highness doesn't take responsibility, the Xia and Jiang families will have to come out and uphold justice! We have to give everyone an explanation.”

Seeing Jiang huailu making faces behind the Crown Prince, the Xian Prince was so angry that his teeth itched..
