

The Savior 491

Chapter 491: Warmth (1)

After lunch, Lulu was taken away by the Xia family.

Seeing that the nanny was still waiting outside the window, Madam Xia's face became more and more worried.

"Lulu, were you scared in the eastern Palace?" The Xia family didn't even dare to mention the Crown Prince's name.

Who in the world wasn't afraid of him?

Ever since Lulu had been taken in by His Highness, she had been living in fear and unease every day.

News of Lulu's favor was spreading day by day.

"His Highness has never seen Lulu before, so why does he dote on Lulu so much? I don't know what made him think of it." Xia Shi hugged Lulu tightly, still feeling like she was in a dream.

"Lulu isn't afraid. Don't you think he looks like Lulu's brother Lu?" she said. The little girl was all smiles.

The Xia family couldn't connect the two people at all.

The Crown Prince's fierce reputation was far from that of the orphan in the barren capital.

"And his Highness will protect Lulu. He said that someone will put a Gunny sack over Lulu." Lulu's entire body exuded the aura of someone being doted on.

In what way did he look like he had been abused?

Xia Shi wanted to laugh, but she couldn't.

"Lulu doesn't like the Xia family?" Madam Xia lowered her voice and looked at her seriously.

"First uncle is very good, second uncle and third uncle are also good, first aunt is good, second aunt and third aunt are good. Maternal grandfather and maternal grandmother are also good ..." Lulu had said many good things about the Xia family, but he had never mentioned anything about liking them.

Xia Shi understood.

Just like what Xia Qingqing had said unintentionally, the Xia family's surname was Xia, and their surname was Jiang, so they were outsiders.

“Mother, don’t worry. What if Lulu suddenly becomes rich one day? Lulu will bring mother and brother to live in a big house, okay?” Lulu’s eyes were clear as she looked at Xia Shi seriously.

Xia Shi burst out laughing.

“You’re really a child. Mother doesn’t want Lulu to get rich. Lulu is still young. Mother hopes that you can stand firm and walk further step by step. Lulu’s sudden wealth must have come from somewhere else. I don’t want Lulu to be like this.” Madam Xia touched her daughter’s head with a gentle expression.

Lulu lowered his head and gave a low grunt of agreement.

“When you become the top scorer, can we live in the manor of the Prime Minister together?” Lulu took the hand of Xia Shi.

“Lulu, you’re actually very happy in the eastern Palace.” Compared to the Xia family, the East Palace really gave her freedom.

Mrs. Xia sighed and held her daughter in her arms.

How could the Xia Corporation be at ease? but what could she do? Yesterday, big brother came to ask her what trouble they had caused in Huangdu.

The rumors in the capital were targeting Lulu.

When Lulu left the capital, he had been in a daze for three years. He had suddenly become intelligent and quick-witted while in exile, and the outside world had rumors that he had sneaked into his body.

When only a small portion of it was circulating, it was suppressed by a certain power.

The Xia family investigated and found out that it was suppressed by the Crown Prince.

If Lulu stayed in the eastern Palace, he would be able to intimidate the other party.

“That Lulu has to come back often to see mother. If she doesn’t like Qing Qing, then we won’t see her in the future.” Xia Shi hugged Lulu affectionately.

The little girl smiled so widely that her eyes could not be seen. The two of them played in the house for a while before Lulu suddenly remembered.

“Is mother Zhen’s cold wind better?”

Madam Xia couldn’t help shaking her head, “before the new year, eldest sister-in-law was prepared to discuss marriage for her.” In less than two days, she caught the cold wind and had not recovered from this illness. He’s so thin that he’s out of shape ...”

“I want to go see mother Zhen. Lulu hasn’t seen her in a long time.” The little girl was all smiles.

Madam Xia didn’t stop her and directly called the maidservant to send

Chapter 492: Mother Zhen's sweetheart (1)

Mother Zhen's courtyard was on the east side.

When Lulu went over, Madam Yun was just coming out of the courtyard.

"Lulu, you're here to see mother Zhen? Thank you for your thoughtfulness." Madam Yun couldn't help but dote on Lulu even more, and she came to see mother Zhen as soon as she returned home.

But on the other hand, Qing Qing had not come to take a look since she returned to the residence.

Mother Zhen was her elder.

They had really spoiled this child. Fortunately, he had discovered it early, so there was still a chance to turn it back.

"That's right, I'm here to see mother Zhen. Was she better? I saw that she didn't look too good the last time. Lulu gave her this to nourish her body." Lulu was fumbling in her little pocket. Eunuch Lu had asked her to bring it back. After searching for a long time, she finally took out a big ginseng.

Even lady Yun was shocked.

In the capital, ginseng was not rare. However, wild ginseng that was hundreds of years old was priceless. It was often purchased by the big families.

"Where did you get this? Does His Highness know? It's too expensive, big aunt can't accept it." Even in the Xia family, they would use the root to make soup. He was not like Lulu, who took it out of his pocket without any care.

The broken whiskers made Madam Yun's heart ache.

"When I came back, Lulu remembered that mother Zhen was sick. Eunuch Lu said that he would bring back some tonics for his sister, so he took this. First aunt, take it. There are many Lulu. Tell Lulu if it's not enough. Eunuch Lu said to ask Lulu to go back and get it. '

Seeing that she didn't care at all, Madam Yun once again refreshed the level of favor she received in the eastern Palace.

Thinking of that sentence, he shook his head. He was just a child, how could he understand such polite words?

After thanking Lulu again and again, he had someone prepare some desserts for Lulu and went to find a doctor to prepare the medicine with the ginseng.

Lulu patted the red rope on his chest. brother Lu told Lulu to get it himself. He gave me the spare keys to the private storage. He even told her not to tell anyone.

As soon as the little girl entered mother Zhen's room, she caught a whiff of a faintly discernible fragrance.

She had smelled it when she went to the temple yesterday.

In other places, it was probably only found in the place where incense was offered.

When mother Zhen heard that Lulu had come, the servant maids had already helped her up and leaned her against the head of the bed.

"Lulu," In just a few days, mother Zhen's face was pale, and her lips were bloodless. His long black hair had also turned yellow and dry.

"Mother Zhen, are you feeling better? If you're not good enough, eldest aunt won't be able to discuss marriage for you." Lulu was all smiles, no different from an innocent child.

"I don't want to discuss marriage yet." Mother Zhen was very weak, and even her voice was weak.

Lulu looked at her with pity in his eyes. Her soul was almost unstable.

If this continued, he wouldn't be able to live long.

"A match of equal social status, the words of a matchmaker. Mother said that this is happiness." The little girl's serious expression made mother Zhen laugh.

Mother Zhen was fifteen years old, and she had always been calm and obedient since she was young.

She never worried anyone, and no one had ever suspected her.

However, after hearing his words, mother Zhen said, "'Lulu also believes in a match of equal status? If two people were in love and their families were not compatible, would it not work? Do you really have to be so tacky?'"

"I don't know about that, but isn't my mother a good example? Yesterday, Lulu saw an example in the National temple."

"I saw it in the Sutra library of the National temple. Perhaps mother Zhen is interested, so Lulu will tell you."

Mother Zhen couldn't help but be entranced when she saw how serious she was..

Chapter 493: The love of mutual slaughter (1)

"It's said that she's a little demon who's devoted to cultivation and is dedicated to the Dao. But one day, he met a Holy monk. The Holy monk was a son of Buddha, born to save all living beings. The little demon was from the demon race, while the Arhat was

from the righteous path. The two of them were born with different missions. The two of them are separated by thousands of miles.”

“But the little Vixen still fell in love with him without hesitation. I’ll follow him even if I have to give up my cultivation.”

Lulu paused for a moment, but mother Zhen’s eyes were as black as Obsidian as she stared at Lulu.

“What happened after that? After that, they transcended everything and got together?” Mother Zhen’s heart was in her mouth.

“The son of Buddha saved all living beings, but there are no demons among them. On the contrary, he wanted to subdue demons and get rid of Devils. But he didn’t get rid of the little demon.”

Mother Zhen was delighted, ‘does that mean that he’s also a little moved? It means she’s different.”

“Every time the Arhat reincarnates, the little fairy has to expend her cultivation base to find him,” Lulu continued without answering. Until the end of his life.”

“After that, the Arhat lost his seven apertures exquisite heart and couldn’t live. The little fairy had given him everything. Fozi didn’t notice the little demon until her life ended.”

“The two of them spent the remaining year, leaving behind a child, and then they turned into ashes. Do you feel happy?” Lulu sat up straight and looked at her with a serious expression.

Mother Zhen’s eyes were actually filled with tears as she listened, and she gently took a breath.

at least she did. She’s happy and worth it. Mother Zhen pursed her lips tightly.

Lulu laughed sarcastically in a low voice. “If time stops at the same place, then they may be happy.”

“But they left a child behind. He’s a child without parents.”

“The two of us are from different worlds, why must we force each other? If this goes on, it’ll only be a lose-lose situation for both sides.” Lulu’s expression was cold, a rare coldness.

“It you ask the Arhat it he regrets He definitely regretted it. He regretted not turning back earlier. ”

“If you’re asking if the little Vixen regrets it? She would definitely regret it. She would regret not letting go earlier. She ruined him, and he ruined her.

if other people are together, they will achieve each other’s success. If they knew that being together would lead to mutual slaughter, why would they still be together? ” Lulu asked in a low voice.

“Do you still think they’re worth it? As long as she let go, the other party would live well. It wouldn’t have destroyed his many years of hard work.”

Mother Zhen leaned against the headboard and lowered her head, not saying a word.

Her hands were twisted together, and it was obvious that she was feeling uneasy.

Lulu rose to his feet when he saw the mood turn sour.

“Here, this is the peace bead that Lulu went to the state protecting temple to ask for yesterday. You should wear it, it will ensure mother Zhen’s safety.” Without another word, he took out a red string from his pocket and tied it around mother Zhen’s wrist.

It was just an unremarkable little red bead.

Outside the National Guard temple, there were many that were sold. They were specially used to coax believers into buying them for peace of mind. Mother Zhen saw her child-like behavior and her concerned look. He didn’t take it off.

The little bead looked ordinary, so it was nothing special.

“You’re not allowed to take it off. You have to bring it with you at all times. Otherwise, Lulu will ignore you.” Lulu had even hooked her up with him. The little girl was only at ease when she personally promised not to take it off.

“Yes, yes, yes, we’ll listen to our Little Lulu. I said I wouldn’t take it, so I didn’t take it. I even took it with me when I bathed.” Seeing her pretending to be angry, mother Zhen also agreed.

Lulu could not help but worry as he looked at the black Qi in between her brows..

Chapter 494: Death of illness (1)

It was already afternoon when Lulu came out of mother Zhen’s room.

“It’s so strange. The windows are clearly open in the room, but there’s still silver charcoal burning. Why was the room still so cold? This servant only stood at the door for a while, and I already feel a chill in my bones.” The granny said in a low voice.

The mammy came from the palace and had strict rules.

But Lu huaijiang didn’t invite her here to take care of Lulu.

Last time, the matter with female official Yao had put the Empress in a difficult position. This time, she had also specifically instructed the nanny to listen to Lulu’s orders.

He had promised to take care of Lulu, so he naturally did.

When Lulu returned to the Xia family home, the old woman waited outside the door without any temper.

This time, he really couldn’t help but say this.

Lulu turned to look at mother Zhen's room. Although the weather was cold, the sun was shining brightly today. However, the room was so gloomy and cold. Did mother Zhen really not know anything?

"There is a new imperial physician who will come tomorrow."

The matriarch nodded, and Lulu accompanied her for a meal before preparing to leave.

The whole family was asking Lulu to stay for a day when Lulu said, "Lulu still wants to go and see Madam Zhen."

"It's Xie zixu from the Xie family?" The Grandmaster asked.

Lulu nodded.

"Go on. I've heard of her name before I was married. She was both talented and beautiful, and was known as the capital's talented lady." At that time, the unmarried girls would feel inferior when they heard her name.

The Grandmaster was not much older than her, so she had naturally heard of her.

He really admired her.

Spending one's entire life waiting for a person was indeed worthy of respect.

The Xia family didn't stay for long. The Xia Corporation and Jiang Huai 'an sent her all the way to the gate.

"Mother, big brother, you should go back first. It's cold at night, don't be cold."

"Mother Zhen, you must remember to tell me when you've recovered," he added.

Lulu said before getting into the carriage.

The two of them only returned to the Xia family home after the carriage had left.

By the time Lulu arrived at the Xie residence, there were already many horse-drawn carriages parked outside.

The gate was not closed, and people kept coming in and out.

Lulu alighted from the carriage and was welcomed by the gatekeeper. There were too many people in the residence today, and the Xie family was too busy.

"You are ..." When the gatekeeper saw that it was a carriage from the eastern Palace, his skin tightened.

"It's miss Lulu. She has some old ties with lady Zhen, so she's here to send her off."

The old woman stepped forward.

The gatekeeper hurriedly bowed and invited her in. miss Lulu, please. The residence has been busy today. Please forgive me if I've been slow. The Masters are all waiting in front of aunt, not daring to leave."

“It doesn’t matter. I’ll go take a look at Madam Zhen first.” The moment Lulu entered the Xie residence, he could feel the thick air of a scholar. This was the aura of someone who had been studying in the residence for many years.

Such a family would easily produce a top scholar.

The servants in the manor were also extremely busy. They probably didn’t expect Madam Zhen to act up so quickly. It was a little chaotic, but fortunately, there were white banners in the manor, so they managed to get through it.

“Why did Momo come?” Grand tutor Xie’s eyes were red. He raised his head and saw the nanny in front of the Empress. His sister was only two years younger than him.

But fate was so rough.

No one knew that Grand tutor Xie’s greatest regret in this life was the marriage he had arranged for his little sister.

He had ruined her life.

Surrounded by children and grandchildren, they were at their knees. Yet, she had been waiting for him endlessly in these long days. He was filled with hatred and pain.

The nanny waved her hand and said, “I’m here to escort my little master.” Little master and lady Zhen have some old feelings, so I sent her here to take a look.” When Grand tutor Xie saw the short man, he was stunned for a moment.

His sister was already over 50 years old.. What old relationship did she have with a child of a few years old?

Chapter 495: So this is what obsession is (1)

“Grand tutor Xie, can Lulu take a look at her?” Lulu raised her head and looked at Grand tutor Xie with her watery eyes.

Grand tutor Xie had some impression of this name.

His Highness had heard of it before.

“Child, go.” Grand tutor Xie sighed lightly, but he didn’t have time to think about it.

The descendants of the Xie family had all rushed back, and those who hadn’t returned were still on the way.

Xie Zi Xu never married and raised the children in the residence as his own.

The children of the Xie clan were famous in the capital.

When Lulu went over, he saw that many young Masters and young ladies were already kneeling in front of the bed. Her eyes were red from crying and she couldn’t straighten her back.

Madam Zhen was lying on the bed, her eyes still clear.

He was murmuring something softly.

“A Xun ... Ah Xun.”

When the Xie family heard this, they cried even harder.

She was still waiting for her fiancé to pick her up and marry her. She had been waiting for him.

When Grand tutor Xie and old Madam Xie heard the mournful cries in the room, how could they bear it? The descendants of the family were afraid that the old master and old lady would be too sad, so they hurriedly helped the two of them out of the door.

Lulu sighed silently. Life and death were different, but she could not bear to see the suffering of the world.

Lulu walked past the people kneeling in the room and stepped forward.

He sat in front of lady Zhen's bed.

Madam Zhen's hair was already white and her face was old. Her face was no longer beautiful, but her eyes were still filled with anticipation.

“Madam, have you ever thought that after your endless waiting, du Xun might have already married and had children outside?” As Lulu sat in front of the bed, the madams and ladies were all stunned.

“Who let her in? who is she?” Young master Xie frowned, but seeing the servants shake their heads, he could only give up.

Lady Zhen's hearing wasn't very good.

When he heard this, tears welled up in his eyes.

“It doesn't matter if he's married or dead. I only hope that he can come back and tell me. I just want to know if he's okay. I've already embroidered the wedding dress, but I haven't worn it for him to see.” From her delicate face to her white hair and wrinkled skin, her life had already passed.

The old lady's voice was low, and she did not have the strength to speak.

Hearing her words, the descendants of the Xie family almost couldn't stop crying.

In the Xie clan, they had not dared to mention du Xun's name for decades.

“Du Xun, du Xun ...” Madam Zhen mumbled softly. She had not heard his name for thirty-two years.

Lulu looked at her and said in a low voice.

“He might have just forgotten.” Lulu didn't know what to say.

It was no wonder that the water ghost had lingered in the waters of Huangdu for 32 years without reincarnating.

Thirty-two years ago, the netherworld hadn't collapsed so badly, and he still had a chance to be reincarnated.

He had forced himself to become a lonely ghost.

The trace of obsession in his heart never faded.

Even if they didn't know, and the other didn't know, the two of them still spent a lifetime waiting.

"Madam, you are worth it. He has also waited for you for thirty-two years." Lulu whispered into lady Zhen's ear.

Lady Zhen's eyes brightened. It was as if a surge of energy had entered her soul.

It gave her a new lease of life.

"He'll come back to send you off." Lulu stood up and looked at lady Zhen.

"Let Furen wear the wedding dress. Furen has waited for a lifetime, a wedding dress that is personally embroidered must be worn." Lulu stood up, and the nanny followed closely behind him as they walked out the door..

Chapter 496: Soul Reaper (1)

Lulu returned to the eastern Palace without informing Lu huaijiang.

After washing up quickly, he climbed into bed and put on his clothes to sleep.

"Don't wake me up no matter who comes," Lulu instructed the nanny, then pulled up the blanket and went to sleep.

The old maidservant thought that she was upset after seeing lady Zhen, and his Highness was waiting for a reply.

"Wait outside the door. If miss Lulu has anything to say, please report immediately." The maidservant found two people to wait at the door, and then returned to the front yard to report to His Highness.

In a flash, Lulu was outside the hall of salvation.

Compared to the one in the barren capital, the Savior Hall in the capital was much more magnificent.

However, the incense offerings were not as prosperous as in Huangdu.

As Lulu stood in the hall of salvation, the door God was polishing his divine sword.

Sensing the familiar fluctuation of spiritual Qi, the door God's face lit up.

"Master." The door God floated down from the deity position, and the ghosts hidden in various places came out to greet him.

Lulu waved his hand, and the dark spirits dispersed.

the mother-in-law in bed is currently at work. The day wandering God is purging evil outside the city, and the little God is guarding the temple. The door God said in a low voice. He was relieved to see Lulu in the hall of salvation.

Only a temple with a Savior was worthy of being called the world saving temple.

“Has there been anything strange recently?” Lulu drew a line in the air.

After flipping through two pages of the Golden Book, he suddenly exclaimed.

“What’s going on? Why is there such a huge difference between life and death in the past two months?” Lulu flipped through a few more pages. It had been normal two months ago.

The door God saw that she had noticed something strange as soon as she came, and as if he had a backbone, he immediately said, “”The day wandering God went out to investigate this matter.”

“All along, from life to death, there has been a stage of balance. There is very little difference between life and death, and often death is accompanied by new life.”

“But recently, life and death have been very unbalanced. Two months ago, when you set off from huangdu, death was more important than life. But since you were still on your way, I didn’t bother you.”

“The difference in these two months is even more obvious. The day wandering God has already taken the yin soldiers out to find the cause.”

Lulu flipped open the book of life and death. As long as one was born, they would be recorded.

Under the names in the booklet, lifespans were indicated.

A person who originally had more than ten years of life left actually died for no reason, and his name directly turned crimson red.

Lulu was a little uneasy.

“Tomorrow’s annual leave will be over. Tell Chu Liang to come back earlier.” Lulu said softly. With a wave of his hand, the door God disappeared from the hall.

“Is horse face here?” Lulu sat up straight and called out to the river god.

A dark figure appeared in the hall. It was horse-face, the one who had been a water ghost in the moat of huangdu.

“God.” Horse face was now a Soul Reaper, in charge of Soul Reaper.

They had the head of a cow and the face of a horse. Every time they tried to seduce a soul, they would have the head of a cow and the face of a horse.

When Lulu saw his face, her eyes twitched.

I’m afraid my parents won’t recognize me.

“This is to intimidate the spirit that has just left the body.” Horse face chuckled.

“Tomorrow at sishi, go to the capital and hook a soul from Grand tutor Xie’s residence. Her surname was Xie, and her name was zixu. He’s 51 years old.” Jiang huailu glanced at him gently. There was an emotion in his eyes that he couldn’t understand.

It seemed to make him feel a little suffocated.

there’s no need for bull head to go. He’s helping the door God in the hall of salvation to prepare for the return of the hall of salvation. “Yes.” Horse face was a little dazed as it replied in a low voice.

The Xie family, the Xie family.

Xie zixu.

This was the first time he had heard of this name.

But it didn’t seem like it was the first time.

When he heard this name, his chest seemed to beat violently..

Chapter 497: Are you here to marry me?(1)

Lulu gave him a deep look, and then disappeared from the hall.

Horse-face knelt in front of the hall in a daze, his eyes filled with confusion.

“Why does my heart still hurt after I become a ghost?” He raised his hand and covered his chest. In the blink of an eye, the horse-faced Soul Reaper had transformed into a man in his twenties.

He was wearing a long blue robe and was probably in his Prime.

He was dressed like a scholar, but there was a natural sense of determination between his brows.

This was his appearance when he was alive. He rarely showed his appearance when he was alive.

“Xie family, Xie zixu, soul hooking ...” Du Xun muttered and disappeared from the front of the hall.

As he was thinking, he was already standing outside a tall gate in the capital.

There were many carriages parked outside the door. It was almost curfew time, and there were still carriages coming in.

Before the car stopped, a low cry could be heard.

“The du family is not willing to come, I’m afraid that aunt will be disappointed. ”

“It’s fine if you don’t want to come. I can’t wait any longer.” Shui GUI heard two sighs and followed them.

He couldn’t help but feel a little puzzled.

Looking at the dressing in front of the manor, it was obvious that someone was about to die. Xie zixu? Why did he buy something red again? wasn't this something used for a wedding?

"Aunt's life is really too bitter. It would be great if she could meet such a good person. Why doesn't the heavens show mercy?" The servant girl who spoke secretly wiped her tears.

"Don't cry, let's do our work first. Her aunt had waited her entire life and had not worn the wedding dress. Before she died, she would let her wear it once. It's a pity that I never got to see that person." The nanny who spoke also had red eyes. The two of them pushed the door open and entered.

The water ghost stood in front of the door and suddenly felt a sense of fear.

It was as if something out of his control would happen if he pushed the door open.

It made him feel fear, but it also made him look forward to it.

His heart, which had been silent for a long time, seemed to be beating violently.

Shui GUI leaned against the door, his body trembling.

Did he forget something?

What did he forget?

Lulu was suspended in the air, sending over a cool breeze. He pushed him into the house.

This was a trace of compassion from the gods.

Du Xun entered the room, which was burning with a fragrant smell. He didn't know what it tasted like, but it seemed to have grown in his heart, and he liked it very much.

In her memory, she seemed to have smelled this smell before.

A woman in a Red Wedding dress sat in front of the bronze mirror, two maidservants gently supporting her.

As the wet nurse shed tears, she combed her hair and makeup for her wedding.

"This woman, ah, after getting married, she has to style her hair into a woman's hairstyle. This servant will give you a Pearl Flower ..." The wet nurse sobbed softly.

Xie zixu shook her head lightly. She didn't even have the strength to lift her hand.

"There is a wooden hairpin in the box on the left. Please help me put it on." Xie zixu's voice was low and she didn't even have the strength to speak.

"Yes." The wet nurse secretly wiped her tears. Her aunt had been looking forward to this for thirty-two years, and she was finally wearing the wedding dress. She should be happy.

Opening the wooden box, a carefully carved wooden hairpin flower was revealed.

Shui GUI clutched his chest, his mouth slightly open, and his fingertips trembled.

“The wooden hairpin really matches aunt. It’s very beautiful.” The granny said in a low voice.

The water ghost’s heart trembled. It was clearly shouting and resisting all over, clearly filled with fear, but it still walked up.

He was suddenly very afraid.

“How is she beautiful? He used to love my long black hair. But now, I’m all white-haired.” Even his voice sounded old.

“Auntie isn’t old, Auntie is very beautiful. Young master du likes everything.” The servant girl cried.

Young master du!

The water ghost’s heart started beating rapidly.

It was as if a fire was burning in his chest.

His soul and his heart were burning..

Chapter 498: Waiting for you with everything I have (1)

“He really likes them all?”

“I’m already old. I’m getting old .

Aunt Xie murmured in a low voice.

“You guys can leave first, I want to sit down.” Aunt Xie sat in front of the bronze mirror. Even though she had drawn her eyebrows and applied lipstick, she could not hide her old look.

aunt, the old master doesn’t allow us to ... The maidservant wanted to say more, but the maidservant suddenly shook her head.

“Aunt, please sit for a while. This servant will be waiting outside the door.” The three of them bowed and left.

He even closed the door before he left.

“Ah, the wedding dress doesn’t fit. The color had faded. I’m old and no longer pretty. You won’t be able to see me at my best.”

“I also sewed your clothes, thread by thread. I don’t know if it fits you.” Aunt Xie gently rubbed the clothes in her hands. They were the wedding clothes she had sewn for du Xun.

He did it according to du Xun’s size.

The old lady sat in a daze. As she sat, tears suddenly fell.

“Du Xun, du Xun. When will you come back and marry me?”

“When you left the capital, you said that you would marry me when you came back. I’ve waited for thirty-two years, but you’ve never come back to see me.

I’m about to break my promise. I shouldn’t have promised you, I shouldn’t have promised to wait for you.” Aunt Xie’s shoulders trembled slightly as she turned her back to du Xun.

Shui GUI heard the words ‘du Xun, du Xun’.

He heard du Xun say that he wanted to come back and marry him.

A delicate face suddenly appeared in front of his eyes.

The young girl was shy and beautiful, more beautiful than the peach flowers in March. She stood in front of the city gate and looked at him with a smile, “‘I’ll wait for you to come back. I’ll wait for you to marry me. When my wedding dress is finished, you will marry me. ‘

“Du Xun, life and death are two different things. Even if you die, you have to come back to see me. Otherwise, I won’t let this go!” The young girl had a rare arrogance.

“Yes, yes, yes. Since I’ve agreed to marry you, I dare not disobey. Even if I forget everything, I’ll still remember to come back and marry you.” The man made a vow.

Du Xun recalled everything and burst into tears.

It was Xu Xu, it was Xu Xu.

She was the Xu Xu who was engaged to him and was going to marry him. It was the little Xuxu who loved to be beautiful and compose poems.

It was his Xu Xu.

Du Xun’s heart was numb from the pain.

“Xu Xu ...” Du Xun’s voice was hoarse, almost overflowing from his throat as he spoke word by word.

The woman in front of the bronze mirror paused.

She had hallucinated countless times, but when she opened her eyes and woke up, she was always in an empty space.

She was so scared that she closed her eyes.

As long as he closed his eyes, he would not wake up from the dream.

“Xu Xu, Xu Xu, I’m late. Xu Xu ...” Du Xun walked forward step by step, each step stepping on the blade.

Every step she took was the time she had spent her youth and life waiting for.

Du Xun’s hand lightly pushed forward and touched Xie zixu.

Du Xun was startled and suddenly thought of the Savior. His lips were tightly pursed.

Thank you.

“Ah Xu ...” Du Xun took a deep breath.

When Xie zixu felt the touch on his shoulder, his entire body stiffened.

She opened her eyes in a daze and saw a man looking at her with tears on his face.

Standing tall with tears in his eyes, he was still that elegant young man.

He was still the scholar from back then.

ah Xu, I'm sorry. I'm late. The heartache and guilt in du Xun's eyes were almost overflowing.

That's right, that's right.

His obsession of not wanting to reincarnate, this was the obsession that he had to wait for even if he became a lonely ghost!

It was his Xu Xu..

Chapter 499 - 499: Beyond life and death (1)

The smile on aunt Xie's face was like a flower blooming in spring, but it disappeared without a trace in an instant.

“I'm not, I'm not. You've got the wrong person. I'm not your ah Xu.” Aunt Xie suddenly pushed him away and covered her face in panic.

“I'm not ah Xu. I'm not your ah Xu. You go, you go!”

“Don't look at me, don't look at me! I'm not. I'm no longer that ah Xu.” Xie zixu covered her face with her hands and tears started to fall.

Du Xun's heart ached, and he was unwilling to leave.

“Xu Xu, I didn't lie to you, I didn't let you down, and I didn't abandon you. I've been waiting for you, I've been looking for you. I've never let you down, and I dare not let you down. Xu Xu!” Du Xun went forward and hugged her as if he had gone crazy. The wedding dress that used to fit her had also become fat.

She had lost weight.

He was getting thinner.

Xie zixu hit his shoulders with her weak hands and cried, ““What took you so long to come back? I'm already old, I'm already old.”

“My hair is already white, and you are in your Prime.”

“Why are you only back now? I was so afraid that I wouldn't be able to wait for you. I've been holding this breath in, afraid that I'll miss you.” Xie zixu cried as she hit him. Her hair was as black as ink.

And she was already white hair and wrinkled skin, and was about to end her life.

“I’m sorry, I’m sorry.” Du Xun could only admit his mistake and caress her face continuously.

“Not old, not old. I’m not old at all, my Xu Xu is still that talented woman who is famous all over the capital. It’s all men’s fortune that I can marry Xu Xu. They’re dying of jealousy. It’s my good fortune.”

“Xu Xu, I didn’t give up on you. I didn’t abandon you. I was killed by a thief in the city and my body was thrown into the moat. She was injured before she died and lost her memories. I’ve been waiting in the city protection River for 32 years.” Du Xun didn’t dare to say in detail that he had been tortured to death. He didn’t dare to provoke Xu Xu.

He only kissed the tears on her face little by little.

“I met Lulu, that chubby little girl? You must have seen her before, right?”

Otherwise, she wouldn’t have transcended life and death to let us meet.”

Aunt Xie was stunned for a moment. The girl that she had casually helped?

“She’s the master of the hall of salvation, the Savior of the day. I died in those waters, so I can’t leave. She was the one who took me away and became the soul Reaper of the hall of salvation, which gave me the chance to return to the capital. It was also her who had a trace of compassion and let you and I meet.” Du Xun held his wife’s face gently, his forehead touching hers, using all his gentleness.

“It’s her.” Her aunt didn’t have time to think about Lulu. Her eyes and heart were filled with the young man who belonged to her.

Du Xun looked at the wedding dress and put it on.

“Ah Xu’s craftsmanship is really good. It fits you perfectly.” Du Xun hugged her and coaxed her gently.

“Thirty-two years ago, I stole your clothes from my brother and compared them to your clothes.” Xie zixu seemed a little shy.

“But mine doesn’t fit,” he said dejectedly. She was old, thin, and no longer good-looking.

“Xu Xu is very beautiful, she looks good in anything. No matter if it was before or now, Xu Xu is always the best looking.” Du Xun’s eyes were filled with tender love. This was the girl he had been waiting for 32 years. This was also the bride who had been waiting for him all his life.

How could he not love her?

She loved everything.

The two of them leaned on the bed, and Xie zixu leaned on him quietly. A wandering heart finally had a place to belong.

“You’re back so late.” It would have been better if it had been earlier..

Chapter 500 - 500: I’m here (1)

“It’s not too late. To be able to see Xu Xu in a wedding dress, everything is worth it.”

Xie zixu was smiling. The two of them leaned on each other and held each other’s hands tightly.

When the first ray of the morning sun shone in ...

The maidservants knocked on the door gently, but there was no sound in the room.

The maidservants looked at each other, slightly flustered.

The eldest granddaughter of the Xie family, Xie ningzhi, frowned slightly. Her eyes were red from not sleeping all night.

“Grandmother.” He pushed the door open and entered.

Aunt Xie was dressed in a Red Wedding dress. Her hands were clasped together as she slept.

There was a gentle and happy smile on her face, but there was no reaction at all.

Xie ningzhi’s heart trembled. He stepped forward and softly called out, ““Grandmother, you should get up.” When she reached out, she realized that her grandmother’s body was cold.

Plop.

Xie ningzhi knelt on the ground and cried bitterly, ““Grandmother, grandmother ...”

“Quickly go and find father and mother. Grandmother has passed away.” The little girl had always been steady, but at this moment, her eyes were red and swollen from crying.

The entire Xie family was suddenly busy.

Aunt Xie had passed away, and many people came to offer their condolences.

The nannies and maidservants serving aunt Xie looked into the room, and their expressions changed slightly.

“Young lady, the wedding dress that aunt made for young master du is gone. Last night, this servant guarded the door all night and no one came in.” Angry curses could be faintly heard from outside the door.

“Damn you, I think you’re addicted to alcohol. You even dare to drink the nuptial wine prepared by aunt.” The maidservant outside the door cursed angrily.

The drunkard servant begged for mercy, won't dare to do it again. That wine has no taste at all. It's like plain water, and I don't dare to drink it anymore."

The drunkard had heard that aunt Xie had married the daughter Hong that had been buried in her heart since she was born. Now that it had been 50 years, his heart was itching.

Today, aunt Xie had left, so she took advantage of the chaos to secretly drink a mouthful. It was actually plain and silent, without the slightest smell of wine.

Xie ningzhi was stunned.

He hurriedly ordered for the remaining cup of nuptial wine to be brought over.

Xie ningzhi tried it, and it was really bland and tasteless.

When he opened the can last night, the aroma of the wine could almost spread out for two miles.

Just the smell alone was intoxicating.

"Young lady, I heard that only wine that ghosts and gods drink will become tasteless." The old maidservant's face was a little frightened.

After she finished speaking, she saw Xie ningzhi's indifferent gaze and didn't dare to say anything else.

"Zi buyu, strange power, chaotic spirit, don't say anymore. Don't mention this matter again." Xie ningzhi instructed the servants before going to find the elders.

Soon, the Xie family was filled with the sound of blowing and fighting. Aunt Xie had instructed her early on that she had lived for too long. After she left, she was not willing to stop her spirit for too long, so she had to be buried early.

Everyone set the time to go up the mountain.

Although everything was in a hurry, it was a good thing that he did not sleep last night and had prepared everything early.

He could go up the mountain at 11 am.

"If the descendents of the du family want to come to offer their condolences, do you want them to come in?"

The Xie family was busy, so Xie ningzhi let the du family in.

People came and went, all of them were mourning.

Lulu was sitting in the eastern Palace's carriage. As soon as the carriage stopped, someone came up to welcome him.

But this time, another man came down from the carriage.

"Go see her off." Lulu patted him on the back. The sun was shining right now, and it was the time when the dark spirit would be the most injured.

Du Xun respectfully knelt down in front of her, then put on his blue robe and entered the Xie residence with her.

There were people from the Xie family receiving guests, but they were very busy and did not check in detail.

An old man from the du family had come. He was du Xun's older brother.

At this moment, the old man was already holding a walking stick. A child stood behind him, supporting him.

There were too many people coming and going to offer their condolences, and the crowd almost made the old master fall.

"Be careful, old man." The refreshing voice startled the old man..
