

The Savior 511

Chapter 511: Legitimate (1)

“That person’s fate is similar to Your Highness’, but not completely similar.”

“She was born on the same day and month as Your Highness, so she should have been born on the Zhongyuan Festival.”

“The yin Qi of the central Yuan Festival is heavy, so are the eight characters. His Highness’s soul was often unstable and easily eroded by evil spirits. That’s why he’s a little irascible.” Yi Xu said softly. The Empress coughed lightly. Irascible, you’re being merciful with your words.

People had always called him brutal.

“As for the person who suppresses the soul, if her body is not strong enough. His soul would be out of sync and he would become a fool. It will only return to normal when the body can take it.

“According to the guidance of the heavens, her name should also be related to Your Highness.” Yi Xu still looked like he was bemoaning the state of the universe and pitying the fate of mankind.

The Empress was startled.

“They were both born on the Zhongyuan Festival? According to this calculation, it’s very likely that he was once an idiot?”

“It’s also related to the name Yi ‘an. This, why does it sound so familiar?” The Empress felt that all these rules and regulations seemed extremely familiar. Just like the one pressing on that person’s head.

However, she couldn’t think of the words that were on the tip of her tongue.

“Yun ‘er has heard of this person?” The Emperor lowered his eyes and blew on the hot tea in his hand. He took a sip, and it was so hot that the tip of his tongue was bubbling.

“Chenqie’s voice is somewhat familiar. Lu huaijiang ... With Lu, with Huai, with Jiang ...”

“Silly ...”

“Born on the same day and same month.”

“Aiya!” The Empress suddenly stood up, causing the tea on the table to be overturned.

The teacup was smashed into pieces and rolled all over the ground. The palace servants hurriedly came forward to tease her, but the Empress did not care.

“Chenqie remembers, it’s that little girl. Didn’t Yi ‘an pick up a child these few days? That child’s surname is Jiang, Jiang huailu!”

“Jiang huailu, Lu huaijiang! That child was picked up by Yi an and is being raised in the eastern Palace these few days.”

“Bengong had only seen that child during the new year. At that time, chenqie summoned her maiden family to have an audience. The fourth sister who married into the Xia family brought a young lady. Innocent and weak. The little fellow’s temper is also big. On the second day of the new year, he ran away from home and was picked up by Yi ‘an.”

“These few days, the Xia family is going to pick up people. Could it be her?”

The Empress was almost convinced. That child was fated with His Highness.

She heard that when she returned from the barren capital, it was Yi ‘an who had sent a palanquin to pick her up. Yi an probably had some plans.

No wonder Yi ‘an doted on her.

“Jiang family? Was she elder Jiang’s granddaughter? A few days ago, I heard from the palace servants that the Jiang family has a granddaughter who was born a fool. During his exile, he actually regained his consciousness. The outside world said that he was possessed by an evil spirit.” The Emperor frowned.

The Empress’s eyelids twitched.

She was afraid that someone was trying to harm her son!

“Your Majesty, some people have been stimulated by danger and will return to normal. At that time, she was more than three years old, and her physique was gradually getting better. I’m afraid she just happened to encounter an opportunity.” Master yixu’s expression was calm. One couldn’t tell that he was making things up.

“Since the Holy monk has said so, I can rest assured.”

someone, quickly go and invite the Jiang family ... The Empress pondered for a moment.

“Someone, invite bengong’s fourth sister and miss Lulu’s mother into the palace.” He knew that she had been silly before and also knew that her name matched.

He also had to compare her birthday.

The eyes of the maidservant beside the Empress moved and she accepted the edict. The Emperor looked at the Empress with a bit of anger.

The Xia family arrived very quickly.

Madam Yun could also enter the palace to take a look at the palace banquet every year.

However, Jiang yubai didn't have much ability. In the Jiang family, only the old lady had the status of a deceased person and was able to enter the palace to attend the banquet.

It was the first time that the Xia family had been summoned to the palace.

It was all thanks to the lady..

Chapter 512 - 512: A void full of lies (1)

At this moment, he was kneeling in front of the hall with his sister-in-law. Even though nanny had instructed him before he came, he still felt a little nervous.

"This official's wife pays her respects to Your Majesty and the Empress." The two of them knelt in front of the hall with their heads lowered, not daring to look at the sacred face.

The Emperor raised his hand.

"Get up. When a master asks you a question, you will answer it. You can't lie."

"Yes." Madam Xia's body trembled. A few drops of cold sweat appeared on the tip of his nose.

"Was your daughter Jiang huailu born on the Zhongyuan Festival five years ago? Born at the break of dawn?" Yi Xu asked.

Madam Xia's lips were pale. Lulu's birthday had always been an unspeakable pain in her heart.

"Speak!" The Emperor seemed to be a little depressed.

Madam Xia hissed softly, "it's this official's wife who failed to live up to expectations. I fell. At that time, father and Jiang yubai had just left the house to attend court. This official's wife fell. Having Lulu be born at the break of dawn of the Zhongyuan Festival is all chenfus "fault." At that time, the old master and Jiang yubai had not gone far, but the old lady was not allowed to be born today.

Since she was not allowed to hire a midwife, she sent someone to look for her maternal family and the old master.

It was actually blocked directly.

This delay only lasted until dawn.

The Empress, however, was smiling and had even wiped away her tears.

“That’s right, that’s right, Lulu was born at the break of dawn of the Zhongyuan Festival. Yi an was born during the Zhongyuan Festival, when the evil Yin Qi was at its strongest. It’s Lulu. Lulu is the Crown Prince’s soul protector.”

He gave the Emperor a solemn bow and knelt down.

“Your Majesty, I would like to ask for a favor today. Lulu wasn’t even six years old yet, and she was still in her most ignorant state. Chenqie is a mother and the Imperial son is this Qie’s life.”

“Your Majesty, please grant Lulu to the Crown Prince. Let the Imperial son live a life without worry.” The Empress fell to the ground and remembered that the Crown Prince had been fine for the past six months.

The more he thought about it, the more he felt that Lulu was suppressing his soul.

Recently, the Crown Prince’s complexion had improved, and his temperament had become much gentler.

The Empress saw this and was happy in her heart.

“Yun ‘er, this child is still a girl. If she is kept in front of the Crown Prince, I’m afraid that she will break the rules.” The emperor’s brows furrowed slightly, and the Empress’s heart turned cold.

“Your Majesty, the Crown Prince only needs to wait until his hair is tied up, and his soul will be safe.”

Master yixu said in a low voice.

The Empress was so happy that she cried, “the Crown Prince is 13 this year. He has two more years to tie his hair.” Lulu would be leaving the eastern Palace at that time, and it wouldn’t affect his reputation. When Lulu grows up, bengong will definitely prepare a dowry for her. We can’t let anyone look down on her. ‘

The Xia family heaved a sigh of relief. It was only one or two years, which was similar to what Lulu had said when he came back.

But ...

It was a little different.

Lulu had returned to say that there was someone out there who was against her, but in the eastern Palace, she could make people wary and not dare to make a move.

But why was it that Lulu staying in the eastern Palace was beneficial to His Highness?

The Xia Corporation couldn’t tell which was real and which was fake.

The Emperor seemed to have realized something and waved his hand. “Forget it, I’ll leave that girl in the eastern Palace for the time being. He was just a child, so no one would say anything. Just treat it as raising a child in the eastern Palace.”

“The Crown Prince is the Crown Prince that I personally established. He is the Imperial son that I value the most. No matter what, I have to let him try.” “Since that’s the case, I’ll compensate the child more when the time comes.”

Seeing the Emperor relent, the Empress immediately replied, “Yes, since she is raised in the eastern Palace, chenqie will also treat her as half a daughter.” She was still thinking about whether she should take Lulu as her goddaughter in the future.

If she joined the Jade butterfly family, she would also have a happy marriage in the future..

Chapter 513: The Empress’s gratitude (1)

But at this moment, the Empress did not say anything.

Now that she had brought Madam Yun out of ningshou Palace, the smile on the Empress’s face truly rose.

In front of the Emperor, she had to restrain herself.

The Crown Prince was getting bigger and bigger, and soon his hair would be tied up, and he would be able to take charge of the court.

The emperor’s thoughts were getting heavier and heavier. In the past few months, he had often stayed in noble consort Lin’s Palace, and anyone could see his favoritism.

She didn’t want to fight for anything.

Everything she had was given to her by the Crown Prince. Only by relying on the crown Prince could she live for a long time.

“Let’s go to fengyi Palace and have a seat.” The Empress got on the sedan and returned to fengyi Palace with the Yun and Xia families.

The Xia family did not understand. Lulu was clearly staying in the East Palace, and the Xia family was the one who owed the East Palace a favor.

Why did it suddenly become that Lulu was the Crown Prince’s soul protector, and that Lulu had the gratitude of the Empress?

The gratitude of the Emperor and Empress!

Lu huaijiang was a protective and petty person. He had always been calm and steady, and for Lulu’s sake, he would definitely tie the Empress to her. Once Lulu entered the palace, the Empress would keep an eye on her.

Sure enough.

“Let my two little Sisters have a seat.” The Empress’s expression eased a lot, and she looked at the Xia family in a gentler manner.

Madam Yun tugged at her sister-in-law’s hand. She had really gained face.

Every year, she followed her maiden family into the palace to meet the Empress, but in reality, she was just a passerby.

This time, she received the Empress's good expression.

"Thank you, Your Majesty." The Xia clan and the Yun clan returned the greeting.

The Empress had changed into a set of clean clothes. Perhaps it was because she was relieved in her heart, but her entire person seemed to be much more relaxed.

"No need to be so polite. Younger sister Xia and fourth younger sister, in the future, you must come to the palace more often to accompany bengong."

"Today, little sister Xia also heard that the Crown Prince's body is not very healthy. I am afraid that Lulu will need to stay in the eastern Palace for a period of time. If her sister missed her, she could go to the eastern Palace at any time. Or come to the palace to accompany bengong to talk and relieve my boredom."

"Wang Mammy, bring the two little Sisters the token to enter the palace." The Empress's enthusiasm was overflowing, and even Madam Yun was a little frightened.

"Niangniang, this subject's wife has no requests. Lulu being able to bring health to His Highness is Lulu's fortune. This official only needs to wait for the Crown Prince to recover and for Lulu to return home. Your ladyship, you are also a mother. This child, ah, is the flesh that fell from your mother's body, the entire heart."

"What's the use of a man? There's still a layer of belly between us." Xia Shi raised her hand to wipe her tears.

When the Empress heard this, she felt the same way.

He really liked the Xia family a little more.

"Yes, a man has countless children in his life. On the other hand, we women have really lost a piece of our flesh." The Empress had ordered a banquet and sincerely invited the two to have an Imperial meal.

The Empress had Lulu in her heart, and it just so happened that the Crown Prince had gone to court.

"Take my token and invite miss Lulu to Feng Yi Palace. Just tell her that her mother and eldest aunt are here and we have prepared a meal for her." The Empress was also a mother. Seeing that Madam Xia was in a state of panic, she also felt some sympathy.

He immediately asked the maidservant to bring the person in-

About an hour later, the little girl was carried over.

He looked like he had not woken up.

“It was this servant who pulled you out of your bed. You slept so soundly.” The nanny’s face was full of smiles. The people of Feng Yi Palace laughed when they heard this. It was already noon.

Xia Shi was a little embarrassed..

Chapter 514: The Imperial consort is about to give birth (1)

“You really are a little lazy cat, quickly come to bed to hug. It’s not good for your stomach if you don’t get up to eat breakfast.” The Empress hugged it, tsk, and handed it over to Madam Xia.

It was probably because she was weak that she couldn’t carry him .

the Empress, mother, first aunt ... The little girl called out in confusion.

This silly and cute appearance made people’s hands itch.

“The Crown Prince has always been a stickler for rules. Lulu didn’t get up, so will His Highness punish you?” The Empress asked carefully. She had placed the five-year-old girl in the eastern Palace and had to be taken care of.

The ears of the two people from the Xia family perked up.

Lulu opened his round eyes and blinked. His thick eyelashes were like small fans.

“What rules? He said it himself, that Lulu can sleep as long as he wants.”

Lulu had been busy in the hall of salvation last night and had lazed in bed today.

However, did the Crown Prince care about the rules? Why couldn’t she tell at all?

The granny who served Lulu looked at her, unable to express herself. Those who were sent to the Crown Prince’s Eastern Palace did not send back any news.

He had to make the Crown Prince feel at ease.

“Your Highness, miss Lulu has already had her breakfast. His Highness asked this servant to bring it to the bed to feed it. ” The nanny reported in a low voice.

The Empress was obviously shocked.

The Crown Prince was a person with an old-fashioned and inflexible personality. He was a person who could not tolerate the slightest sand in his eyes.

“I didn’t expect the Crown Prince to know how to take care of children.” The

Empress saw that Madam Xia was at ease and was naturally more satisfied.

If the Xia family didn’t agree, they would really make a scene.

It did not make sense for the imperial family to take away the daughter of an official by force.

It was naturally the best plan for the Xia family to agree.

Mrs. Xia held her daughter and kissed her on the face. The child did not know how to lie. At the mention of the Crown Prince, his face was full of smiles, and one could tell that he had not been wronged.

Although he was relieved, he was also a little disappointed.

The group of people had a meal at the Imperial Palace. Before Yin Lu could feel at ease, a Palace servant hurriedly pushed the door open and entered.

His tone was urgent, and his footsteps were flustered.

“Your ladyship, noble consort Lin is about to give birth. His Majesty has already rushed over from ningshou Palace.” The palace servant’s words made everyone’s face tense.

The smile on the Empress’s face froze.

“Two younger sisters, bengong will not keep the two of you here today. Let’s continue after we enter the palace.”

“Niangniang, you go and do what you need to do. Chenfu and little sister

Yurong will leave the palace first. It’s just that Lulu ...” Madam Yun looked at Lulu, who was now living in the eastern Palace. No one dared to take Lulu away without His Highness’s promise.

If anything were to happen to His Highness, even ten heads wouldn’t be enough to chop off.

Lulu smacked his lips and gave Xia Shi a kiss.”Lulu hasn’t eaten yet. I’ll go home and have dinner with mother after I’ve eaten. After dinner, go back to the eastern Palace to sleep.” Lulu’s arrangements were very full, and he didn’t want to offend anyone.

“You’re really a clever little brat. Even his Majesty isn’t as busy as you.” Madam Xia couldn’t help but laugh, thinking that she had to find time to tell the attendant to take care of her food.

Little did she know that the Crown Prince was very strict.

The problem was that they could eat in the palace, go back to the Xia family, and snatch the dried fish and meat from the Persian cats.

He didn’t mistreat her body at all.

The palace servants carried the palanquin and sent the two of them out of the palace. Madam Xia was a little disappointed. Madam Yun could not help but Pat her shoulder and whispered, “Yurong, just bear with it.”

“Lulu is still young, so living in the eastern Palace will not affect her reputation. On the contrary, he had saved the Crown Prince and won the gratitude of the Crown Prince and the Empress. In the future, whether it was Huai ‘an or Lulu, he would be a reliable guarantee. The eastern Palace was close by, so he wanted her to come and watch at any time. However, we’ll be able to reunite soon after a year and a half.”

However, this way, Huai 'an would be labeled as the Crown Prince..

Chapter 515 - 515: I must have a Princess (1)

“And the person who’s targeting Lulu doesn’t dare to act rashly.” Madam Yun pulled her, afraid that she would take it too hard. How could the Xia Corporation not think it through?

She could vaguely guess it now.

Lulu was only five years old, and her social circle was too small. It was nothing more than a fight and bickering.

The only enmity she had had was when she had offended the first Prince in huangdu.

The Xia family’s heart was heavy. The wise King was generous and wise. He was famous for being the emperor’s eldest son.

It was also because of this that the court officials strongly supported him as the Crown Prince.

However, he could not tolerate a five-year-old child!

The Xia Corporation didn’t dare to tell anyone.

Since the wise King could not even tolerate Lulu, he must be very narrow-minded and vengeful. He was definitely not a magnanimous person.

Since he was already on bad terms with the Xian King, it would be good to raise Lulu in front of the Crown Prince and receive his protection.

Madam Xia left the palace.

The Empress thought for a moment, then led Lulu to the cloud-facing Hall.

Lulu in front of the Crown Prince and receive his protection.

Madam Xia left the palace.

The Empress thought for a moment, then led Lulu to the cloud-facing Hall.

“Lulu, don’t run around later. I don’t want to scare you when I give birth. Wait for the Crown Prince to come and pick you up after the court session.” The Empress held the little girl’s hand and rushed to the morning cloud Hall together.

the Imperial consort and his Majesty have been looking forward to having a son for a long time. No wonder they are so anxious. The Empress muttered softly, the light in her eyes flickering.

When they entered the palace, who didn’t have some fantasies about the Emperor?

But the love in the palace was too fragile.

It was also mixed with too much suspicion.

“There’s no son, only a little princess.” Lulu’s face was serious. She had seen it. It was the little princess!

The Empress couldn't help but laugh.

"Noble consort Lin has specially engaged the Imperial physician for this child, and the Imperial physician revealed that it's a Prince, so how can it be fake? To think that a little girl like you would be right." The Empress laughed, but Lulu was born exquisitely and dressed in an extremely adorable manner.

At this moment, his eyes were like Obsidian, and he couldn't help but be more intimate with her.

After a while, the sedan stopped at the morning cloud Hall.

As soon as the Empress's sedan fell, the palace servants knelt on the ground.

"Has His Majesty arrived?"

"His Majesty has just arrived." The palace servant replied in a low voice. Just as she finished speaking, secondary consort Ying left the hall.

Ever since noble consort Lin was about to give birth, secondary consort Ying, as her daughter-in-law, had been living in the palace and waiting for her. Secondary consort Ying lowered her head and glanced at Lulu.

"Your Majesty."

The Empress raised her head slightly and nodded before pulling Lulu into the room.

The Emperor sat outside the door with a dark face. His expression was ugly and he was in a rage.

"You still know to come over? The Imperial consort is going to give birth today, are you hoping that she will not be well?" The Empress had just entered the door when the teacup suddenly shattered at her feet.

Luckily, she was quick and pulled Lulu back.

He pushed Lulu behind him, and the tea splashed all over the Empress, but Lulu was not hurt.

"Go and play outside the hall first. Auntie Empress will play with you later," the Empress said, pushing Lulu away. After giving a look, the nanny lowered her head and led the little girl away.

The Empress knelt on the ground. Your Majesty, " she said, " you're stabbing into my heart.

"The Imperial physician has been taking care of noble consort's child. Chenqie asks three times a day and at noon, she even had Mammy come over to ask for information. It's only been half an hour and Noble consort Lin acted up, so chenqie rushed over."

"Your Majesty, how can you wrong me?" Tears fell from the Empress's eyes. At this moment, she was truly a little sad.

His Majesty wasn't angry at her for being late.

It was because the Crown Prince had Lulu as a medicine that he acted up.

Ever since the Crown Prince had fallen into a coma, the Emperor had become much friendlier.

He was even in high spirits and often summoned the old Minister in the Royal study.

After the Crown Prince woke up, he would occasionally come to Fengyi Palace, but he could not sleep well. One day, he even said, "you have a good son."

The Empress didn't reply..

Chapter 516 - 516: The little tyrant started fighting again (1)

Lulu was brought out of the morning cloud Hall by the granny.

March was the best time of the year.

The view of the Imperial Garden was also first-class.

"Her ladyship has already ordered the Imperial kitchen to prepare desserts for the young lady to bring back."

"You rarely come to the palace, take a look at the scenery. The most beautiful place in the world is here." Seeing that she did not make a fuss about going back to find the Empress, the old maidservant was relieved.

It was said that the Emperor and Empress were harmonious, but only those who served them understood.

The two of them didn't have much personal relationship.

His Majesty would only appear on the first and fifteenth day of the new year when he had to go to Fengyi Palace.

When the Crown Prince had just been made the Crown Prince, the Emperor had been very happy and had been very close to the Empress. However, as His

Highness grew up, the Emperor looked at the Crown Prince less and less.

More and more suspicions and fear rose in his heart.

There were many concubines in the Imperial Garden, but everyone knew the old maidservant and knew that she was served by the Empress.

They didn't dare to come over and join in the fun.

"Momo, I want to fly a kite, help me get it. I'll wait for you on the rock, okay?" Lulu's interest was piqued when he saw the many kites in the Imperial Garden. The wet nurse was a little hesitant. The palace was not like the outside.

granny, I'm not going anywhere. It's just a few steps away. Hurry up and come back. Lulu looked at the kite with envy.

A child's heart was like this.

What others had, she also wanted to have.

The wet nurse couldn't resist her coaxing and pestering. Seeing her pitiful appearance, she immediately instructed, ""Don't go anywhere, just wait for this servant here. This servant will be back soon." He had left in a hurry just now and had forgotten to bring the palace servants.

Lulu was resting on a large rock, his legs raised and swaying.

There was a black thing in the air, swaying and falling from the sky.

With a squeak ...

Lulu dodged it with a flip. It was a large kite.

"Hey, that little b * tch, bring the kite to the princess."

"Are you deaf? Quickly bring the kite over. That damned thing!" In the distance, a Palace maid pointed at Lulu and shouted.

You're the one who's deaf, your whole family is deaf.

Lulu kicked the kite down into the water.

Lulu only saw Lu Jinghong when the servant walked in. After the new year, Lu Jinghong had grown taller and bigger.

The only thing that remained unchanged was the orchid-like temperament between her brows.

"Which Palace's Palace maid are you? Even the princess can't order you around?" The palace maid was furious. Even this little Palace maid dared to make the princess angry, she really deserved to die!

Lulu laughed coldly. "Ask your master. You even had the guts to learn from

Lulu, so why don't you have the guts to admit it?"

Lu Jinghong had left the capital with the first Prince in secret. She didn't dare to admit it.

Back then, she had tried to imitate her, but Lulu had no good impression of her at all.

"Impudent, how dare you speak to the princess like this!" The palace maid's face turned green.

the princess has never left the palace before. How could she imitate you? you lowly hussy, how dare you slander the princess!

Lu Jinghong's face was expressionless, and he didn't mention that he had cut the kite on purpose to find trouble.

She hated Jiang huailu, hated her irreplaceable self.

She hated that she always looked at her with a pair of eyes that could see through her. She wanted to dig her eyes out.

“What a joke, when have I ever seen you? It’s just that seeing that bengong is not favored, everyone wants to step on it.” Lu Jinghong covered his face with his hands and bit his lower lip, his eyes cold.

“The princess is of noble birth, how can you slander her? Be careful of your mouth!” As she spoke, she pounced on Lulu.

The little girl suddenly became energetic.

“You haven’t left the palace recently, have you?” he suddenly asked.. It seems that the news of me beating up a group of little tyrants to tears hasn’t spread yet!

Chapter 517: Press the princess down and beat her up (1)

The little Palace maid had yet to come back to her senses.

Jiang huailu smiled.

Lu Jinghong’s heart skipped a beat.

She knew that Jiang huailu had entered the palace today, and that she had not returned to her sleeping chambers the entire day. She knew that she was coming this way, so she had specially waited for her on this road.

He had been waiting for her to be alone.

It was normal for a young girl to be unable to explain.

She was arrogant, spoiled, and headstrong, and some people would believe her.

If he offended her and was accidentally taught a lesson by the palace servants, she was a Princess and the emperor’s sister. The Crown Prince’s aunt.

No matter if it was his Majesty or the Empress, they couldn’t possibly give her a scolding for this, right?

And Jiang huailu?

He could only suffer this loss.

Lu Jinghong had never been a simple and innocent person. What she hated the most were children like Jiang huailu, who were pampered and protected by others.

“So what if he left the palace? so what if he didn’t?” Lu Jinghong’s tone was already cold.

You’re just a child, What’s the Difference?

In the barren capital, there were people protecting you, even the day wandering God!

In the capital, in the palace, that might not be the case!

She recalled the way Chu Liang had looked at her that day. He had looked at her with disgust and disdain, as if she was a pile of filth.

Compared to the gentleness when Jiang huailu was here, it was a world of difference.

What was she lacking compared to Jiang huailu?

“Caibi, slap his mouth!” Lu Jinghong still looked weak and gentle, but the palace maid beside him rushed out.

The slap was aimed at Lulu’s face.

Pa!

A clear and loud slap.

I mean, ” Lulu’s voice rang out. if you haven’t left the palace, it’s possible that you haven’t heard of Lulu’s legend! With a backhanded slap, he directly sent Cai bi flying a meter away.

Her strength was comparable to that of a strong man!

The smile on Lu Jinghong’s face froze.

you’re a pure and innocent White Lotus! Lulu rushed forward. go down and be with the Lotus pond.

With a vicious kick, Lu Jinghong was thrown into the water. “Wash that stinky mouth of yours.” It was really disgusting!

Lulu couldn’t bear to see her like that.

Hmph.

I’m not used to your bad habit of asking for a beating!

Lu Jinghong was struggling in the pool, and when the palace servants saw him from afar, he had already drunk a lot of smelly water.

He was fished up by the pool, coughing and vomiting. He was drenched and in a sorry state.

She sobbed and sobbed, her face covered in tears and snot.

This time, she was really crying.

The wet nurse hurried over with a kite and saw three layers of Palace servants. Her legs and stomach went soft when she heard the crying.

He rushed in, rolling and crawling.

Alright.

The little master was fighting again.

This time, she pressed Princess Jing Hong, the sole survivor of the late Emperor, into the Lotus pond, and drank a mouthful of mud.

“Miss, didn’t His Highness say that you shouldn’t use too much force?” The nanny’s face was full of despair. Seeing the palace servants hurriedly calling for His Majesty, her heart beat wildly.

I tried my best. I moved my feet as much as I could. I only moved my feet in places where I couldn’t.

The nanny looked at the palm print on Cai Bi's face.

"I'm short, so I can't lift my legs," Lulu replied obediently. You can't blame me for this." I've tried my best not to make a move.

It could also be considered as him not using too much of his strength.

The wet nurse thought, "what she said makes so much sense, I actually can't refute it!"

Noble consort Lin gave birth, gave birth to a girl.

She used the excuse of being pregnant with a Prince to steal the emperor's favor.

In the end, she had a Princess.

It was said that she cried in the delivery room.

The Empress even pretended to persuade him.

Lulu's mouth was really sharp.

He was so good at talking, he had to say more..

Chapter 518: The growth path of the capital's tyrant (1)

When the Emperor heard the news, he was stunned. He already had a Prince and did not lack princes.

However, noble consort Lin had used the emperor's son as an excuse to reminisce for ten months, so the Emperor was somewhat disappointed.

But on the surface, he was still smiling as he rewarded her. He happened to hear that Princess Jing Hong was fighting with someone outside and fell into the water, so he took the opportunity to retreat.

Imperial concubine Lin had just come out of the delivery room, and the morning cloud Hall was already empty.

She cried her heart out again.

When celestial Emperor and Empress arrived, Lu huaijiang had already arrived.

On the way, there were already Palace servants who reported the entire situation clearly. It was nothing more than the little girl being alone and the princess's Palace maids recognizing the wrong person. His malicious words eventually led to a fight.

Although he was mentally prepared, he still didn't expect the scene to be so tragic.

The difference was also huge.

Lulu stood obediently beside Lu huaijiang, his head drooped. He was clean and had not lost a single piece of skin.

The princess and the maidservant were both drenched. Their hair and clothes were all wet.

Her hair accessories fell to the ground, and she was wrapped in the quilt brought by the palace servants. She was crying softly.

She had been playing with geese all day, but in the end, she had been pecked in the eye by a goose. She had actually misjudged!

He only thought that she had a sharp tongue and was good at pleasing others, but he did not expect her to be so hard-fisted.

“Brother Emperor, sister-in-law Empress, Jinghong didn’t do it on purpose. Jinghong just wanted to go out and fly a kite.” Lu Jinghong’s hair was still dripping with water, and he looked rather pitiful.

Lulu tugged at the Crown Prince’s clothes and whispered, “Lulu didn’t do it on purpose. Lulu shouldn’t be bullying the strong.”

As she spoke, her tears started to fall.

Godmother had said that tears were the most powerful weapon. They could turn defeat into victory and gain sympathy.

Although she was the Savior, why couldn’t she cry? There was no rule that a Savior could not cry.

Lulu cried pitifully.

The Empress’s heart ached on the spot.

He called out, “this poor child, he’s only five years old, he’s not scared, right?” Quickly come to the Empress and aunty.”

Lu huaijiang glanced at her mother and let go of her. Lulu ran over in tears.

“I don’t know what’s going on with Lulu, but she suddenly came out and called him a cheap servant. She even reached out to hit Lulu. Lulu was so angry that he pushed her down. It was all Lulu’s fault. Lulu shouldn’t have bullied the strong. You shouldn’t be bullying the many with a few!” The little girl was no longer wailing. Instead, she pursed her lips and held back her tears as she looked at the Empress with an aggrieved expression.

Even the two of them blushed.

The small bullied the big, the small bullied the large.

She was the youngest and had the least number of people, so she pressed the other party into the water.

A few days ago, the Lin, Zheng, and Wen families had come to the palace to complain tearfully. At that time, the Empress felt that it must be those three families who framed the little girl, but now she suddenly felt

Perhaps this child was not that innocent.

Lu Jinghong bit his lower lip and tightened the blanket around his arm. As the smoke flowed, he lowered his eyes, and water dripped down from his hair.

He looked pitiful and innocent.

“It was Jing Hong who did not manage the servants well and actually angered younger sister. Jinghong rarely comes out and has never recognized that little sister is the Empress’s distinguished guest. It is Jinghong’s fault.” Lu Jinghong didn’t argue. He had suffered a great loss today, and he was afraid that even the palace maids would be implicated.

The Emperor pinched the space between his brows.

Moreover, she was an orphan left behind by the late Emperor, and the Emperor rarely saw her all year round.

Because this was a disgrace to the royal family, and also a joke that could not be seen by others. She had always been locked up in the depths of the palace and was not allowed to appear in front of him.

At first glance, she actually looked like a young girl..

Chapter 519 - 519: Getting beaten up for nothing (1)

The Emperor saw that the Crown Prince was here and knew that he would protect Jiang huailu.

This girl was now his life-saving treasure. Moreover, she was only a few years old and was alone in the palace. The Emperor couldn’t punish him.

“Enough, the palace maid is so reckless. You have brought trouble to master, so you will be caned thirty times.

“Hurry up and help Princess Jinghong up! Call for the Imperial physician!”

The Emperor glanced at it, and the palace servant hurriedly responded in a low voice.

The Empress held Lulu in one hand and said affectionately, “Miss Lulu is an honored guest of fengyi Palace. In the future, if he were to walk into the palace, he would be able to recognize all of them! Today’s accident, this Prince does not wish to see it a second time!”

The palace servants knelt on the ground and agreed.

The Emperor glanced at Jiang huailu’s small arms and legs. He had beaten up the courtiers so badly that they had come to complain.

“Yi ‘an, since you want to raise this child, then take good care of him. Don’t become a threat to the capital!”

“Just don’t cultivate a personality like yours.” After he finished speaking, he flicked his sleeves and left.

The Empress’s expression was not good. The Emperor had been embarrassing the Crown Prince recently.

Regardless of the occasion.

“A pest of the capital?” Lu huaijiang stepped forward and pinched Lulu’s two little pincers.

at most, he’s a tyrant in the capital ...

Lu Jinghong watched helplessly as Cai bi was dragged away and caned thirty times. She was almost dead.

Of course, she would not plead for mercy.

Today, she had brought Cai bi with her because she valued Cai BI’s impulsiveness and anger, which was why she had taken action. However, she didn’t think that she would make a mistake and actually sink herself into it.

“Get up, the Imperial physician will be here in a moment. When he had nothing to do, he would cultivate in the hall and go out less. As for Lulu ...” The Empress slightly pressed her forehead.

He did not see Lu Jinghong’s cold expression.

“A few days ago, the country guarding Duke’s old Madam, noble consort Lin’s maiden family, Madam Zheng, and the great Zhou Emperor’s Shang Wen family all came to the palace to find me. I didn’t tell you about this because I didn’t think that there would be a day when you two would fight.”

“Lulu was at the National temple. She injured the young heir, young master

Lin, miss Zheng, young master Wen, and all their followers by herself. The Little Prince even lost a tooth. Little Shizi, do you still remember? The one who is unbearably naughty every time he enters the palace is actually so submissive.” The Empress sighed as she looked at Lu Jinghong’s dazed face. She couldn’t help but think.

Lu Jinghong was probably not innocent.

“You, you knocked out a tooth?” Lu Jinghong’s voice trembled.

“That’s right, little Shizi had his teeth knocked out, and it was by a five year old girl. He was so ashamed that he didn’t dare to go out to pay a New Year’s visit.”

young master Wen was hit in the head by a stone. He was so scared that he peed his pants.

“Noble consort Lin’s maternal brother’s grandson is little young master Lin, the Lin family’s eldest grandson. She took off my pants and hung me on a tree. I was so ashamed and angry that I almost hung myself when I went back.”

miss Zheng is alright. Since she’s a woman, I only called her once. It wasn’t embarrassing.

Lu Jinghong was stunned. When he saw her in the barren city last year, she was clearly a baby who wanted to be carried every two steps.

“A-are you not going to punish her?” Lu Jinghong seemed to have blurted out, but he quickly added, “How are we going to explain this to so many young

Masters?”

Lu huaijiang held Lulu’s hand and walked out calmly.

“How do we explain this? It doesn’t matter if it’s reasonable or not, it’s embarrassing if a group of older people can’t beat a five-year-old.”

Lu Jinghong pursed his lips tightly. No wonder, no wonder everyone seemed to be used to Jiang huailu pressing her down in the water. Lu Jinghong was so angry that his heart ached!

Chapter 520 - 520: Condemnation in speech and writing (1)

A low sigh was particularly ear-piercing in the corridor.

Lu huaijiang didn’t speak along the way, only holding Lulu’s hand and sighing from time to time.

Who would have thought that the Crown Prince, who was still killing a year ago, would be upset because his children kept fighting?

“You’re sighing for me to hear.” Lulu said with certainty.

“Is there anyone else here besides you?” Lu huaijiang looked at her.

“As long as I want to, there can be others,” Lulu replied, raising an eyebrow. There were countless vengeful souls in this Palace, so there was no need to be afraid of no one. It’s just that they are all afraid of you. Every time you enter the palace, they will hide.” Lulu was clear-headed.

“Why are you sighing? You didn’t criticize me, nor did you scold me. I’ve only heard you sigh the entire way.”

Lu huaijiang couldn’t help but raise his hand to touch his brow. Don’t you know?

“Is it because I hit the princess? She was the one who provoked him first. Besides, you told me to stop, so I stopped.” Lulu furrowed his brows. I’m already so obedient, what are you still unhappy about? Just tell me, what are you not satisfied with?

Lu huaijiang took a deep breath.

“Tomorrow, I’m afraid that the courtiers will criticize bengong again.” He, Lu huaijiang, had been famous for his entire life. He held supreme power in his hands and held the power to kill countless people. He had killed countless people and offended countless people.

However, this was the first time she had ever been condemned by the officials because of a fight between her children.

Moreover, after one, there was soon two.

Now, he had a bad premonition.

His future days would not be too peaceful.

“Did I cause you trouble? I’m sorry, I know I was wrong ...” Lulu lowered her head and clasped her hands behind her back, as if she had acknowledged her mistake.

Lu huaijiang saw that she knew how much she cared for him and felt relieved.

“Then next time I fight, I won’t let anyone catch me. I’ll run away after I fight and won’t admit it. As long as we can’t find any evidence, I won’t admit to it. ‘ “Then I can’t just let them scold and humiliate me, right?”

“Godmother said that you don’t know how to resist when someone bullies you.

There would be countless times. They will bully you for fun.”

“He was angered on the spot and hit back on the spot. But after the fight, you can’t bring up the old scores.” After the fight, it was over.

Hence, Lulu would never hold a grudge after a fight.

Unless the other party provoked him a second time.

Lu huaijiang’s eyes were dark,”you did well.” He doesn’t cause trouble, but he’s not afraid of trouble either.” Lu huaijiang admitted that he had never been a good person, nor was he a kind-hearted person.

But he was used to hiding everything from Lulu.

Lulu’s godmother seemed to be a very intelligent person.

She did not treat Lulu as an ordinary child. She was the Savior of the world and had great divine powers.

He was in charge of the life and death of the world.

She had been wronged, so she would fight back with her fists. He would be appeased after the beating.

But if she was angry, it would cause an obsession in her heart.

It would be a big deal to go to the other party’s parents with the book of life and death, or to lose ten years of his life if he accidentally dropped the ink.

Lu huaijiang chuckled, “just do it according to your heart.” Bengong will take the blame for you.”

Lu huaijiang believed that he wouldn’t stop for the next few years.

fighting is really tiring. It hurts my physical strength ... The little guy shook Lu huaijiang’s hand and stood in front of the palace wall, looking up at him with a smile.

“And then?” Lu huaijiang quietly watched her performance.

“That’s why you should put more effort into it.” Lulu looked at him as if he was stupid.

Eunuch Lu stood in the distance and burst into laughter. Your Highness, you’ve really met your nemesis..
