

The Savior 521

Chapter 521: Something happened to Mother Zhen (1)

Lu huaijiang looked at her with a blank expression.

He had already asked the nanny in detail, and she had only had lunch two hours later.

After lunch, he went to the morning cloud Hall. He walked a few steps to the Imperial Garden and got into a fight.

I'm hungry after the fight.

"Thank you, aunty Empress. Lulu, come again next time ... Oh, thank you, aunty. Aunty is so beautiful, aunty is so good." Lulu's mouth was full of desserts. With a smacking sound, he kissed the Empress. The Empress was so shocked that she kept calling him "little cutie."

He hugged her and was really reluctant to let go.

Lu huaijiang used his eyes to signal to Lulu several times, but Lulu pretended not to understand. Once she went out, she had to hand over the snacks to tyrant. She was not stupid.

He would first eat his fill in front of the Empress and aunty before leaving the palace.

"No wonder Your Highness could not help but be soft-hearted, you are indeed an intelligent and quick-witted child. This servant's heart can't help but ache when she sees it." The nanny gently massaged the Empress's shoulders, and the Empress raised her eyebrows.

Of course. What she didn't say was that the child's mouth had been blessed and he had wooed her!

She said that noble consort Lin gave birth to a Princess, and Noble consort Lin really gave birth to a Princess!

At this moment, Lulu was hiccuping pitifully in the corner of the carriage that was leaving the palace.

"You've become more capable now. You didn't even bring the snacks home and ate them in front of me." Lu huaijiang wanted to find a hole to hide in. Was the East Palace not full?

The Empress's gaze towards him had always been filled with fear.

She thought she had hidden it well, but he could see through it at a glance.

Until today ...

Her resentful and dissatisfied eyes made it seem as if she hadn't given Jiang huailu any food!

What a joke. He was the Crown Prince. How could he not feed his child?

But the problem was ...

As soon as the carriage stopped, Madam Xia was already waiting in front of the door. She heard that Lulu was coming back for dinner. They were already prepared.

Lulu had just gotten out of the carriage when Madam Xia said, “Lulu, are you hungry? You haven’t eaten yet, have you?”

The little girl pouted, “I’m hungry, I haven’t eaten yet.” I want to eat meatballs

Lu huaijiang’s face turned right, no matter how much she eats, she’ll still look like a Hungry Ghost ...”

He felt wronged, but he couldn’t say it!

Madam Xia didn’t seem to expect the Crown Prince to be in the carriage. She knelt down in a hurry to pay her respects.

“Crown Prince Jin an.”

“I still have matters to attend to, so I’ll be back later to pick Lulu up.” Lu huaijiang put down the curtain. He felt that there was something wrong with Lulu’s body. She was so tiny, and she had eaten so much, but why was she still so hungry?

It wasn’t until the Crown Prince’s carriage was far away that Madam Xia looked at her reproachfully. “Why is it the Crown Prince who sent you over? you scared mother. But why does he look so familiar?” He seemed to have seen that gentle look when he nodded.

Lulu covered her mouth and snickered. That was because brother Lu was her brother Lu.

Madam Xia entered with Lulu in her arms, but the warm Xia family seemed to be a little off.

Lulu glanced at the nervous faces of the servant girls and servants, who were all walking with their lips tightly shut.

Madam Xia carried her back to the perfume Pavilion. Food was already cooking on the table, and the room was filled with its fragrance.

Lulu ate a lot more.

There was some noise coming from outside the courtyard.

“What’s that sound? Is it coming from the main house?” Lulu put down his chopsticks. He could still hear the sound of crying.

It sounded like the voice of a woman.

Madam Xia looked at the maidservant and ordered the servants to take away the lunch.

“Something happened to Mother Zhen.” The cries in her ears became more and more obvious, and the worry on Mrs. Xia’s face was difficult to hide.

Originally, they had agreed to have a reunion dinner with the family when Lulu returned.

However, he didn’t expect that something would happen to Mother Zhen..

Chapter 522: Invasion of evil (1)

Mother Zhen!

Lulu's eyes flickered and he grabbed his mother's hand. "Mother, I want to go see sister Zhen."

"The last time I came back, I even gave her a Pearl of peace. It was given to him by master yixu at the National temple. He said that it could ward off evil and was very effective. I saw that big sister was very sick, and I was afraid that there was an evil spirit haunting her, so I tied it to big sister's hand." Lulu said in a soft voice.

Madam Xia stopped and turned her head to look at her.

"Did you give her the red Pearl on her wrist?"

"Yes," Lulu nodded obediently. Lulu wants sister to get well soon."

Madam Xia seemed to think for a while, then she took Lulu and walked out of the door. "You're not allowed to tell anyone, do you understand? You can't even tell the Crown Prince."

The maidservants in the manor were worried and speculated in private, but elderly lady did not dare to say a single word.

"Lulu promised mother that I won't tell brother Crown Prince," The little girl was very obedient.

The two of them didn't bring a single maidservant. As they passed through the courtyard, they could hear mother Zhen's cries even more clearly.

When she arrived at the door of the main house, two nannies were guarding outside.

"I'll bring Lulu to see mother Zhen. Nanny, please let her know." The Xia family couldn't decide if they were willing to let him know.

The nanny's eyes were slightly red. Seeing that it was Madam Xia, she went in to inform her.

At noon, Madam Yun, who was still in high spirits when she saw the Empress, came out crying with messy steps.

"Yurong, Lulu, come in quickly. But don't scare Lulu. What's wrong with mother Zhen?" Madam Yun's eyes were swollen from crying. When she returned at noon, she found that mother Zhen was a little strange.

It started acting up in the afternoon.

"Sister-in-law, don't worry. It just so happens that master yixu has returned to the capital today. Why don't we invite him to take a look?" Madam Xia heard a few things in the afternoon, and she only heard that mother Zhen had gone crazy.

Later, they heard about some evil spirits, and the Xia family strictly forbade servants from approaching the courtyard.

“I can’t. Mother Zhen probably wouldn’t be able to survive this. Even if the evil was eliminated, mother Zhen’s life would be ruined. How could she be stained with such a dirty thing? she has never been out before.” Madam Yun’s face was Haggard. As expected, Lulu sensed the demonic aura the moment they entered the courtyard.

A demonic aura.

“Mother, I’m afraid there’s a monster. Aunt Zhen was a monster. She was a monster. Mother, Qing Qing is scared.” Xia Qingqing was outside the door. She cried out in shock when she saw mother Zhen being tied up. The young woman covered her mouth tightly, her face full of worry.

“Shut up! If you talk more, continue kneeling in the ancestral Hall!” Xia Qingqing only shut her mouth after she scolded her ruthlessly.

However, the old Madam and Lord Xia’s expressions were extremely unsightly.

Lulu followed her in. The house was covered in yellow talismans.

However, they were all fake.

“Mother Zhen, quickly wake up. If something happens to you, how will grandmother live?” The old lady held mother Zhen’s hand. Mother Zhen’s hands were ice-cold, and her temperature was unlike that of a mortal.

Lulu took a closer look.

He found that mother Zhen’s hands and feet were tied to the end of the bed. There was a peach flower mark between her eyebrows, and her face was covered with strange red lines.

He lost his mind and let out a terrifying roar.

“Where’s the peace bead in her hand?” Lulu suddenly asked.

There were only two maidservants who were originally serving mother Zhen in the room, and their faces were frighteningly pale.

it’s broken. Miss Lu, the bead you gave me is broken.

“In the afternoon, after young lady had her meal, she said that the weather was good and draped a cloak over her to enjoy the scenery in the peach forest. In the past two years, the girl had particularly liked that peach forest and would go in when she had time. When you’re reading, writing, visiting relatives, or painting, you’ll all go to the peach forest..”

Chapter 523: Lulu with profound Dharma (1)

“Young lady likes to go to the peach forest but does not like to be disturbed by servants. We’ve always been the ones guarding outside the peach forest.”

“Who knew that not long after, one heard a mournful scream and went in to see that young lady had already fainted on the ground. The Pearl of peace on her wrist was shattered as if it had been hit by something.” The maidservant took out a handkerchief from her bosom, opened it carefully, and held it in front of Lulu.

As expected, it was all over the place.

Lord Xia and master Xia furrowed their brows tightly. They saw mother Zhen struggling from time to time, which didn't look like an unmarried woman at all.

His eyes were filled with worry.

“I'm afraid he has confessed to something. Last year when I was out with my husband, I saw similar symptoms.”

“That man was possessed by an evil spirit and lost his consciousness. He didn't recognize his parents or his children. When he woke up, his eyes were red and he killed them with a knife. Later, her husband had asked a Daoist to restrain him and burn him with fire, only then did he reveal his true form. So it's a mountain spirit. When that man went up the mountain to chop wood, he was bewitched and possessed by him.” Madam Yu locked Qing Qing up. At this moment, she was standing by the bed and looking at mother Zhen.

Everyone was shocked by her words.

The Yun clan was even more sorrowful as they covered their faces and cried. At this moment, anyone who looked at mother Zhen would know that she had been bewitched.

Lulu's brows were tightly furrowed as he looked at mother Zhen, who had her eyes tightly shut on the bed.

“Why don't you leave?” Lulu's voice was a little cold, and 'mother Zhen's' tightly shut eyes moved a little.

Everyone in the Xia family house turned to look at Lulu.

He did not seem to understand what Lulu was saying.

“Maternal grandmother, maternal grandfather, eldest uncle, can I speak to Mother Zhen? Maybe, if I talk to Lulu, the evil will be willing to leave?”

master yixu said that Lulu is the Crown Prince's soul protector. He might be able to suppress all evil spirits in the world. Lulu's tone was cold when he mentioned the evil in the world.

A look of disdain flashed across Madam Yu's eyes.

“When we were released, brother ze even used black dog's blood and found a master among the people, but they couldn't drive out the evil. Instead, it angered the evil, and in the end, it broke free from the rope and killed two people.” Madam Yu said in a low voice. She didn't say that she didn't trust Lulu, but merely stated the facts.

“That’s because I didn’t meet Lulu.” Lulu wasn’t humble at all.

In addition to eating, she was best at driving away evil.

Originally, he was best at killing evil, but now, he might have a slight advantage in eating.

It was just a little bit. Anyway, no one was more capable than her in killing evil.

Xia Shi remembered what her son often said. Lulu might be the reincarnation of a kitchen God.

He was even favored by the hall of salvation, so he believed her to some extent.

“Father, mother, brother, sister-in-law, let Lulu try. Do you still remember the hall of salvation? Lulu was personally taken care of by the gods in the hall of salvation.”

“There’s still master yixu,” Lulu said arrogantly. The last time I went to the National temple with brother Crown Prince to discuss Dao with master yixu, he was moved to tears. Grandmaster also said that he had never seen someone as intelligent as me. ” The master had sent her out in tears, so he must have been very touched.

He was touched by the profoundness of her Dharma.

Lulu was elated, perhaps because her father was a Buddha.

He had inherited a few points.

The Xia family looked at each other, but when they remembered that she was now the soul of the Crown Prince, the birth characters that everyone had feared in the past had become envious.

I’m afraid it’s true.

“Good Lulu, are you going to recite the Buddhist scriptures to Mother Zhen?

Grandmother will be waiting for you outside the door. It doesn’t matter if it doesn’t work. Lulu, don’t feel pressured.”

“No matter if it’s effective or not, no one is allowed to gossip. It’s the child’s kind intentions anyway.” Old taitai swept her eyes over her granddaughter-in-law, and Madam Yu immediately did not say anything

more..

Chapter 524: Five-colored peach (1)

“Lulu, I’ll have to trouble you with mother Zhen.”

“Stay away from her. She doesn’t recognize you anymore. Don’t hurt yourself.”

Madam Yun’s eyes were red and she stood outside the door.

However, they didn’t dare to go far.

If mother Zhen couldn’t wake up and this matter was leaked, she would be offered as a sacrifice to the heavens by the angry people.

Now that the relationship between the mortals and the evil was tense, they would burn everything they saw as a sacrifice.

The Yun family was afraid.

Seeing that the young lady's biological mother had nothing to say, the crowd naturally left.

"Lulu, recite the Buddhist scriptures a few more times. You must also be careful of yourself." The Xia family didn't think of anything else. If Lulu helped, at most he would just recite the Buddhist scriptures. He couldn't possibly step on a ghost or tear an evil spirit apart with his hands, right?

Fighting was still okay. After all, she had great strength.

But the Xia family never thought much about anything else.

The door closed with a clang.

The adorableness on Lulu's face faded, replaced by a solemn and Holy look. She looked exactly the same as she did in the Savior's Palace.

His face sank, and the atmosphere in the room became a little tense.

Mother Zhen's body trembled slightly, and her face broke out in cold sweat unconsciously.

Her power was the nemesis of evil things.

"The last time I came, you were in that rainbow peach tree on the table, right?"

Seeing that mother Zhen didn't respond, Lulu stood in front of the window. On the small table in front of the window, there was a beautiful porcelain.

There was also a five-colored peach with light red petals. When it bloomed, it looked like a shy girl. The red and white flowers were crisscrossed, looking very beautiful and colorful.

The leaves were emerald green, as if they had been carefully taken care of. Lulu stepped forward and pinched two of its leaves, causing the peach to shiver in pain.

"Did you turn a deaf ear to what I said last time? Or is it because I'm still young and think I'm fooling you?" Lulu chuckled, his eyes cold.

A portion of what she said last time was for mother Zhen.

"Mother Zhen is still lingering on her bed, but you are still infatuated with her. Do you want her to die? Your demonic Qi is making it more and more unbearable for her, don't you know in your heart?" The first time Lulu met mother Zhen, he could smell the sandalwood scent on her body.

The demonic aura on her body was too strong, and even walking under the sun felt painful.

He could only recite Buddhist sutras every day and stay in the small temple Hall to be at peace.

"This is outrageous! No one has ever dared to sit when Lulu speaks, but you're still lying down! Get out here!" Lulu couldn't bear to see him like this. His eyes narrowed,

and his chubby little hand made a grabbing motion in the air. He directly pulled out the peach demon that had possessed mother Zhen.

An ear-piercing scream could be heard outside the door.

Madam Yun wanted to enter but was stopped.

“Lulu just told me not to go in no matter what, lest I interrupt her. This voice doesn’t sound like Lulu’s. Don’t worry.”

Madam Xia trembled slightly, her eyes full of fear, but she still listened to Lulu’s words and did not let anyone in.

He stretched out his hand, and a white light flashed.

In the Shorty girl’s hand, there was a pink figure.

He threw him heavily to the ground.

The man suddenly fell to the ground. His eyebrows were slightly raised, and they seemed to have a pair of peach blossom eyes. He was handsome and charming, but he also exuded a demonic aura.

“You, Who are you?” The peach demon looked at her in shock.

He clearly knew everyone around mother Zhen.. This, this was still the weak and sickly younger sister that she spoke of, who had a bad fate ahead of her?

Chapter 525: Possession (1)

The peach demon had known mother Zhen for many years.

At that time, he had yet to transform, and mother Zhen liked to play the zither in the peach forest.

After that, he felt something when he heard mother Zhen’s zither music. In front of her, he actually transformed into his initial human form without any preparation.

That day, he still remembered mother Zhen taking off her outer skirt and giving it to him to cover her embarrassment.

He thought that he would be expelled, that he would be strangled to death.

However, mother Zhen had concealed his existence and had never told anyone. She was carefully hiding her little secret.

He was ignorant of the outside world, and it was Mother Zhen who had taught him everything.

Naturally, he also admired mother Zhen.

Mother Zhen told him everything that had happened since he was young, no matter how big or small. What he ate every day, what he played with, and even the practice of calligraphy and painting were all learned together.

He was grateful to Mother Zhen, and he also cherished her.

“It doesn’t matter who I am. But you, I want to know what you are!” Lulu’s eyes grew colder and colder, with a hint of mockery that a child shouldn’t have.

“So I’ve overestimated you,”

“When I came to visit mother Zhen that day, mother Zhen’s illness was beyond cure, and she was always associated with evil. If you don’t stay away from her, she’ll die. You were there to save her, so I gave her an evil warding Pearl.”

it’s also because of my kindness. I almost harmed mother Zhen. Lulu was a little angry. She had seen du Xun and Xie zixu’s love and had misunderstood.

“I gave her the evil warding Pearl to protect her mind. I don’t want to kill you. I was the one who mistakenly believed in your true feelings for her!” That day, Lulu thought that mother Zhen and the evil spirit were in love. He didn’t expect that the other party had other plans!

“And you ...” Lulu sneered, his voice full of sarcasm.

“She’s true to you, but how much of your sincerity is there? A demon is a demon!”

“Do you feel a little guilty? She taught you how to write, read, draw, and play the zither. And you actually wanted to take her body and possess her!” Lulu couldn’t control his anger.

How could the peach demon withstand the wrath of the gods?

Sweat poured down like rain, and he fell to the ground powerlessly, crying and begging.

“I didn’t, I didn’t. You’ve misunderstood. The little demon had been instructed by her, and she was the little demon’s benefactor. The little demon had never dared to have the slightest intention of harming her! I know who you are. You’re her sister, her sister Lulu, right? She told me about you, she told me about you.” The peach demon seemed to want to prove their relationship.

Lulu burst out laughing.

“What do you think I am? Was he a three-year-old child? The evil warding Pearl would only be destroyed during possession to protect her soul. The evil warding Pearl was broken, but the spiritual power in it instantly wrapped around her primordial spirit. If I’m not wrong, the reason why you haven’t taken over her body yet is because of the evil warding Pearl, right?”

Do you think I’m only three years old?

I’m already past the age of being easily deceived.

The peach demon, who was begging for mercy, stopped and slowly raised its head to look at her.

“You know everything about her. Without this evil warding Pearl, I’m afraid no one would have found out, right?”

“Old taitai has chatted with Lulu a few times and said that you have always been a steady person. Occasionally, he would still reveal a little of his childlike temperament and sneak out to play. At that time, it was Mother Zhen who borrowed your body right? However, at that time, you didn’t have any thoughts of taking over her body, and later you gave her back the initiative.” Lulu couldn’t help but take pity on mother Zhen. He pitied her for trusting the wrong person and being so bold.

The peach demon no longer put on a pretense. It was pressed to the ground by Lulu’s aura.

He laughed in a low voice, half crying and half laughing..

Chapter 526: Bewitched (1)

“Why? why?” why are mortals born with the care of the heavens? why are they born to live under the sun? why!

“What about the evil spirits and ghosts? We need to cultivate for hundreds and thousands of years. We can’t do any evil things, and we have to be struck by lightning. Only then could he transform into a mortal! It’s not fair, it’s not fair!” The peach demon’s hostility was unbridled. Countless branches suddenly sprouted from its body and shot toward Lulu.

The room was green, but there was no comfort at all.

On the contrary, it made people fear and tremble.

“The world is unfair, so you use the injustice to take revenge on your benefactor? You grew up with her, and she helped you transform. I even lent my body to you despite knowing that you were an evil demon, so that you could see the world. Yet, you repaid her in such a way. How ridiculous! A demon, a demon in the end, should not remain in the human world!”

Lulu’s eyes were filled with anger. He reached out and cut off the branches that were growing wildly.

The peach demon wailed and rolled on the ground in pain while oozing green liquid.

That day, she was blind to think that it was another kind of earth-shattering love.

It turned out that true love was rare.

It was mixed in with many falsehoods and needed to be constantly searched for.

“I’m glad that the evil warding Pearl was broken the moment you took over the body. It directly wrapped around her primordial spirit, and she didn’t know anything. At

least I don't have to face such a cruel reality." Step by step, Lulu strolled toward the peach demon.

"As for you asking who I am?" Lulu's laughter was as crisp as a silver bell.

"I'm the nemesis of all the demons and evil in the world!" Do you think I'm playing with you ...

Tsk tsk, this is the bad thing about being young.

I was waking you up, and you thought I was acting cool.

The moment the divine power struck, something seemed to have escaped from the peach demon.

"Huh?" Lulu looked out the window.

"I'm sorry ... I'm, I'm sorry." The peach demon kept spitting out blood, but the demonic look in its eyes was less and more affectionate. However, at this moment, the demonic power in its body was also slowly dissipating.

Lulu didn't show any mercy.

However, the peach demon seemed to have regretted it and dragged its half-dead body to the side of the bed.

He tried to take another look at mother Zhen.

I'm sorry, I'm sorry. I didn't mean to harm you ... The peach demon sobbed softly and fell to the ground. She stretched out her hand, but could only barely catch mother Zhen's fingers.

"This ... All these years, I've never thought of ... To harm you, I have to take over your body."

"But, but recently, there's always a voice bewitching me. Bewitched me, my Dao heart is not firm enough ... I've forgotten my original intention, I've forgotten that I'm the one who transformed for you."

The voice told him that he had painstakingly transformed for a thousand years, but he had only become half a mortal.

If he wanted to cultivate again, it would take another thousand years. And because they were demons, the restrictions and heavenly punishment they faced were even more terrifying.

If he possessed a body and used a human form to cultivate, he would be able to achieve twice the result with half the effort.

He had forgotten his original heart, he had been bewitched, and the little girl who was full of him had gradually disappeared from his eyes. He knew everything about her past and every little thing about her. She had never guarded herself against him.

He wavered.

The peach demon's figure crumbled pit by pit. He regretted it, he really regretted it.

“That voice told me ... If I succeed in taking over the body, then ... She married into the East ... Dong ...” A flame suddenly burst out of the peach demon’s throat. Lulu jumped in fright and tried to stop it, but the peach demon was reduced to ashes in an instant.

Someone is controlling the evils and trying to cause trouble. Lulu’s face was cold. Damn it, she just wanted to get rid of the evil and enjoy the food.

Why was it so difficult?

Chapter 527: My dear mother (1)

The peach demon’s soul scattered.

Even though he was being bewitched, Lulu did not sympathize with him at all.

It was as if a plate of pig knuckle had appeared in front of him and he had put the pig knuckle into his mouth, only to realize that there was no salt.

I’m so angry!

Where did he have to go after taking over her body?

She also had some clues!

The moment the peach demon’s soul was destroyed, a demonic Pearl fell to the ground. It was green and lustrous, and it felt full of vitality to the touch. It was also a little comfortable.

A demonic Pearl that had removed its demonic nature was indeed a good thing.

Lulu picked it up and put it in his pocket.

In fact, it was not that the peach demon had been bewitched by someone and had evil thoughts.

It was because he didn’t love her deeply enough and wasn’t determined enough. Even if such a thing didn’t happen today, he would still betray mother Zhen in the future.

Just like her douchebag father Jiang yubai and her mother Xia Yurong. They were in love, right? He definitely loved her.

Jiang yubai wasn’t firm enough and didn’t stand on her mother’s side. In the end, it was still a tragedy.

If the relationship was not in place, everything would be in vain.

The evil demon’s face had remained so handsome for thousands of years, but mother Zhen was a mortal. Her appearance would become the reason for him to abandon her.

Lulu shook his head. The red mark on mother Zhen’s face had already faded, but the peach flower on her forehead was still there.

Lulu thought about it. Mother Zhen was a calm person, and after experiencing this, she probably couldn’t stand any more turbulence.

He stretched out his hand and wiped away the mark of the peach demon between her eyebrows.

What was unique and what was outstanding? it was best to be an ordinary person.

Lulu glanced at the floor, which was full of wolves, and blinked his eyes. She then ran over, tiptoed, and placed the Buddhist scriptures that they had used to scare people on the bed.

She sat cross-legged on it and mumbled to herself.

When everything was ready, he pointed at the door, and the door bolt came off.

The people lying at the entrance all fell to the ground like dumplings in a pot.

Lulu covered his mouth and laughed.

Except for the peach demon's scream at the beginning, which caught her off guard, the rest of the time had been isolated.

"Aiyo, Aiyo ... Lulu, why didn't you shout when you opened the door? my back " The old man was at the forefront, but he reacted quickly. He supported himself with both hands and did a push -up.

But his poor son, Lord Xia, was not so lucky.

He had been pulled down by his own mother.

"It's still useful to have a son," The old lady calmly got up and looked at her son with admiration.

Lord Xia ... He was really her biological son.

Everyone looked up and saw the branches scattered on the ground, as well as the green liquid that was splashing everywhere. They were all stunned.

"Lulu, are you alright?" Mrs. Xia was shocked. How could she have thought that there was really an evil spirit! The scream that came from the room just now was a man's voice.

The Xia family kept to their daughter's agreement and didn't let anyone in.

At the same time, she was so nervous that her entire body was trembling.

Her five-year-old daughter had actually encountered a demon.

She only wanted Lulu to recite some Buddhist scriptures to comfort mother Zhen and make her feel better.

Xia Shi's heart was palpating, and she was greatly frightened.

That ground full of wolves was not something that could be done by human strength.

Everyone in the Xia family turned to look at Lulu, and Madam Xia hurriedly ran to her to check if she was injured.

Suddenly, his eyes fell on the Buddhist scriptures on the bed.

The Buddhist Scripture was still the same Buddhist Scripture, but she could not understand a single word on it. Why?

Lulu's eyes narrowed. He cleared his throat and flipped the Scripture over.

I'm sorry, I didn't notice.

It was upside down.

Oh dear mother, it directly affected her dignity!

Chapter 528: The smart Little Lulu (1)

Xia Shi looked deeply at Lulu.

Madam Yun suddenly looked at her daughter on the bed and pounced on her. "My mother Zhen, is my mother Zhen alright?"

"The strange pattern on his face and the peach blossom between his eyebrows are gone." Madam Yun rushed up to hug her daughter and cried. She held her daughter's hand and found that her hands were cold. But her breathing was steady, and Madam Yun's heart finally calmed down a little.

"This, this room is ..." The matriarch and the old man looked at the house full of wolves and turned to Lulu.

Lulu got up from the bed and reached out her hand, and Madam Xia carried her down.

"Maternal grandfather, maternal grandmother, don't worry. Lulu chased away the bad demon." she's a very beautiful Vixen sister ... Lulu shouted.

The two maidservants looked at each other, but they usually served young ladies and often heard young ladies speaking with a man's voice.

Madam Yun's fingers moved slightly, and her gaze on Lulu became gentler. It was so gentle that it was almost dripping water.

"You're a good child," The old lady was standing closest to the door just now, so she had heard the hoarse scream that was somewhat magnetic. Outsiders might find it hard to tell if it was a male or female, but an old lady like her understood.

It was a good thing that Lulu was sensible.

The Xia family was very lucky.

Otherwise, the reputation of the Xia family's Ladies would be ruined.

"No one is allowed to say a word about today's matter and keep it in your stomach. If you spread rumors, you'll be skinned alive." The matriarch had always been kind, but at this moment, she was very strict.

"I wouldn't dare to say that," everyone saluted.

“Hurry up and clean up the house. If you can’t clean it up, then burn everything in the house.” Madam Yun glanced at the calligraphy and painting hanging on the wall. Clusters of peach flowers were in full bloom.

His eyes turned cold.

Then, he looked at the five-colored peach on the table that had been eye-catching just now. It was gone, and he understood what was going on.

“Young lady’s eight characters are weak. This room is surrounded by peach flowers and peach flowers belong to the yin element. No wonder the room is filled with Yin energy. She’s always entangled in bed.” Madam Yun sighed and said, “burn all the paintings in the room and cut down the peach forest.” When young lady’s body is better, I will find her a reliable marriage.”

The maidservant in the room responded in a low voice.

The girl treasured the peach flowers, calligraphy, and paintings the most. She would usually pick them up when they fell from a tree.

But no one dared to disobey the orders of the Yun clan.

“Lulu, you’re quite capable. No wonder His Highness wants you to stay. Master yixu’s words are true ...” The first uncle was overjoyed. Mother Zhen was saved and his reputation was preserved. He was grateful to Lulu.

Lulu’s chest puffed up. Of course!

At this moment, the house was cleaned up and the calligraphy and painting had been moved out.

Everyone invited the Imperial physician they were used to, and after taking her pulse, it seemed that her pulse was getting better.

Mother Zhen didn’t wake up until the moon rose above the willow tree.

She looked at the brand-new decorations in the room. The calligraphy and painting in the room were gone, and the peach branches in front of the window were gone.

The maidservant helped her down to the ground. The courtyard was bare, and the peach forest was gone.

Even the maidservants had been changed to two new ones.

“Eldest young lady, the two older sisters are old. Furen has arranged a good marriage for the two older sisters. He even abolished their slave status and sent them out of the mansion to live a good life. This servant will be serving you now.” The two maidservants spoke in soft voices, looking extremely timid.

“Furen said that the yin energy of the peach flowers in front of the door was too heavy, causing young lady to be lingering in bed. Then, I chopped the peach flower.” The maidservant carefully helped her out of the door.

Mother Zhen's gaze fell on a burnt peach tree in the distance.

Her tears fell..

Chapter 529 Something is wrong with her body (1)

He stared at the withered roots of the peach tree in a daze.

"Young lady, don't be angry. Miss Lulu has banished that little demon by chanting the Buddha's name. She won't be able to harm you again."

"I heard that she's quite beautiful, a very beautiful demoness. Have you seen it before?" The maidservant seemed to be very naive and didn't know anything.

He only knew that the lady had been possessed and killed by a demoness.

Mother Zhen said in a low voice, "I've seen her before. She's very beautiful." With just one look, one can tell that he's not an ordinary person."

When she first met him, his eyes were clear and ignorant, as if he didn't understand anything.

Why did it come to this?

The red bead that fell from his wrist was also broken.

The moment the red bead shattered, she saw an ugly side that she had never seen before.

The gentleness in his eyes disappeared, and all his confusion turned into ruthlessness and greed.

"Where's Lulu? Has she returned to the eastern Palace?"

"Yes, when miss saw that you were safe, His Highness personally came to take her back to the residence. Miss Lulu did not put on airs at all. She was truly a kind lady. I really don't understand why young miss Qing Qing is always against her. "

Mother Zhen smiled and didn't say anything.

She was kind. She was only kind to mortals. Her Swift and decisive actions and ruthlessness were all used on the non-humankind.

....

Lu huaijiang took Lulu back to the manor. Seeing her touching her little belly in satisfaction, Lu huaijiang looked at her curiously.

"Are you full now?" How did she manage to eat four meals a day?

Chapter 530: His Highness is defeated again (1)

At this moment, Lu huaijiang was touched.

He looked at Lulu with teary eyes. Lulu loved eating so much that he was willing to give him the pig Trotter that he could not forget!

Lu huaijiang took a deep breath. How could he bear to take a bite of her food when Lulu was like this?

Besides, he still had another one in his bowl.

“I’m not eating. Lulu, you can keep it.” Lu huaijiang’s voice was gentle.

Lulu’s eyes lit up.

He immediately put down the pig Trotter in his chopsticks, stood up, tiptoed, and jumped over the big bowl.

The chopsticks landed steadily in Lu huaijiang’s bowl.

He picked up the other half of the big pork Trotter.

“If brother Lu doesn’t want it, then Lulu will take it away. It’s so delicious, why doesn’t big brother like to eat meat?” The little girl mumbled, shaking her head as she picked up the food and put it into her bowl.

He took a bite, and the oil splashed everywhere. It was really fragrant.

Lu huaijiang looked at her in shock.

His eyes were filled with disbelief, and his chopsticks trembled, nearly falling to the ground.

No, no, you’re asking me if I want to eat my own pig trotters?

It was like a bolt of lightning on a clear day, Lu huaijiang was stunned.

Eunuch Lu was hiding behind him. He was lying on the table and laughing so hard that he couldn’t straighten his back. He didn’t dare to make a single sound and could only hold back his laughter and pound the table silently.

It’s really rare for His Highness to be defeated. Take a few more glances.

“Eunuch Lu, go and buy the turtles in the East and the turtles in the West. Tomorrow, make a pot of stew and come find bengong after eating.” Lu huaijiang’s eyebrows drooped slightly as he said in a low voice.

Eunuch Lu ...

You’re defeated? You want a slave to suffer a loss?

It was inhumane.

However, eunuch Lu stood up and left without another word. Someone would punish him anyway, so eunuch Lu ran away while humming a little tune.

Lulu ate another bowl of pork Trotter noodles, which was bigger than her face.

This time, she was drowsy in the carriage before she even returned to the residence. She was sleeping soundly with a round stomach.

Lu huaijiang touched her little belly, but there was no smile on his face.

In the long run, damaging the spleen and stomach was a small matter.

Her ability and her body were often not on the same level, and it would always make her hungry and tired, which was definitely not good for her.

“You ... When will you grow up?”

The carriage stopped at the entrance of the East Palace. Lu huaijiang carried her up and covered her with a large cloak. He touched the tip of his nose ...

There was no breathing.

Lu huaijiang had been in and out of the Imperial study since he was a child. There were many books and records passed down from the imperial family in the Imperial study.

It was rumored that the founding Empress had such a heaven-defying ability. Her name was Qin Huan. When she was sleeping, she was sometimes not breathing and sometimes breathing. It was very surprising.

“Are you two related?” Lu huaijiang looked at the little girl in his arms. Her face was red and her eyelashes were thick and dense.

No matter what the connection was, she was now his soul suppressor.

Lu huaijiang carried her back to the manor.

He had a good night's sleep.

The next morning, Lulu realized that the breakfast had changed. “This is bird's nest soup made from Snow Lotus from the heavens.”

“This is a thousand-year-old yunzhi. Cloud Ganoderma was even more precious than Lingzhi. It was said that when Yun Zhi was found, there was a snake guarding her and there was even a crown on the snake's head. This servant didn't dare to stew too much, so I only cut a few pieces and put them in. ”

There was a lot of food on the table. There was fish, meat, and many delicate desserts.

Lulu was so happy that he almost cried, “what a good day it is today?” He's actually eating so well?”

When Lu huaijiang heard her words, it was as if the eastern Palace had mistreated her.

Who knew that ever since the East Palace raised a child, the East Palace, which had always been full of gold and silver, was actually stretched to the limit!
