

The Savior 531

Chapter 531: The money-burning child (1)

Lu huaijiang thought that it was normal for a girl to eat well, wear well, and buy a lot.

After all, the girl in his family could be considered the best in the world.

As the Crown Prince, what's wrong with spoiling his own sister a little?

It's not a big deal, right?

However, even after she had spent 20000 taels in three days, Lu huaijiang realized that she was still struggling on the poverty line.

Lulu no longer had the habit of spending money extravagantly. Lu huaijiang turned around and found another problem.

She ate a lot and always liked meat and grease. Not

Hence, he thought of replacing it with expensive tonics to see if they could supplement the energy that her body needed.

Alright, one Tianshan Snow Lotus for 300 taels.

That cloud Ganoderma probably cost three thousand, but fortunately, only a few pieces were cut.

However, this thing could only be found by chance, and there was no market for it.

However, this was only the value of a meal. She had three meals a day, and that was 365 days a year.

The bird's nest and deer antlers on the table were nothing.

Lu huaijiang thought about it and wished the heavens would strike him to death.

"Quickly try it. This cloud Ganoderma has a medicinal fragrance. He had stewed it last night and had stayed up all night. When he was stewing it, birds were standing outside the door. It was probably something good. It's hard to come by." Eunuch Lu filled more than half a bowl for the two masters.

Lu huaijiang took a look. This bowl must be worth more than a hundred taels.

He silently pushed it to Lulu. One less sip saved him a hundred taels. He had earned another two points!

Seeing the two of them staring at her, Lulu picked up her bowl and finished it.

After that, eunuch Lu gave her a lot of meat dishes that she liked to eat in the past. This was his Highness's order. It was rare for him to prepare oily and meaty food for her so early in the morning.

Braised winter bamboo shoots, braised abalone, spiced chicken, steamed Chinese yam balls, quick-fried salmon slices, pan-collapsed pheasant, and so on. There were also a few plates of snacks.

However, this time, unlike the past, she actually ate two pieces of fish and burped. She was full.

The little girl seemed to still be a little dazed, holding her chopsticks in a daze.

Until he burped again.

The little girl suddenly let out an 'ah'.

"I think I'm sick. I haven't even started yet, how can I be full?" Lulu's face was filled with fear. She had only taken two sips of bird's nest and half a bowl of cloud Ganoderma chicken soup. He was already full before he even started eating?

She had yet to take a bite of the chicken legs, meatballs, salmon slices, and pot-down pheasant that she had set her eyes on.

"This useless stomach, Lulu isn't full yet. No, no, Lulu was hiccuping. Lulu's stomach is full, but his eyes aren't." The little girl was extremely aggrieved. They were all her favorite food, so why couldn't she eat anymore?

Lu huaijiang saw her angry and puzzled look and laughed softly.

"Eunuch Lu, in the future, whenever you have soup similar to yunzhi, just prepare one." He had used bird's nest and Yun Zhi today, so he didn't have time to eat. He was holding his stomach and sulking.

It seemed that she always liked to eat meat and greasy food. It was because she did not have enough energy. As long as she replenished it daily, she would be able to return to normal.

It was just that it burned a little money.

Raising children was really expensive.

If this continued, he might not even be able to get a wife in the future.

"What a disappointing stomach, what a disappointing stomach. So stupid, I can't even eat it just by looking at it. "

It was normal for little girls to be greedy.

"Yes." Eunuch Lu had just finished speaking when blood started dripping from his nose.

Eunuch Lu hurriedly took out his handkerchief and looked up at the sky. "Your Highness, this servant will be back in a moment. I'm afraid you drank too much turtle this morning "

He deliberately emphasized the word "turtle."

Lu huaijiang ...

My fault?

Chapter 532 - 532: Bringing the baby to the Royal study (1)

Lu huaijiang's guess was right. Lulu had stopped complaining about hunger.

However, she was greedy, and she was so greedy that her eyes were wide open. She was so pitiful.

“My eyes tell me she’s hungry, but my stomach tells me she’s full. Am I sick?” Lulu looked at Lu huaijiang with tears in her eyes.

The little girl grabbed the hem of His Highness’s clothes, and Lu huaijiang’s calm face revealed a bit of helplessness.

Your Highness, ” eunuch Lu said softly, ” we won’t be able to make it.

“There is still a Minister waiting for you in the Royal study for a meeting today.” Eunuch Lu looked at the sky and saw that it was already bright.

Although His Highness was irascible and easily angered, he was extremely serious about the rules. His Highness was never late!

And no one was allowed to be late.

His relationship with the first Prince had worsened during his first meeting in the Royal study. Some of the officials who had pledged their allegiance to the Lin family tried to embarrass him.

The group of people who had arrived late had their legs cut off by him, and then demoted. Those pairs of bloody legs were hung on the throne room.

When the officials went to court, their bodies trembled. He didn’t care if people accused him of being brutal or killing.

However, news of His Highness’s strict discipline had spread.

But now, His Highness, who followed the rules, had long passed the time for discussion and was in a stalemate with the five-year-old girl.

“Let go.” His Highness was helpless.

The little girl bent her legs and sat on his shoes, hugging his legs.

“Where are you going? I also want to go.” Lulu’s eyes darted around. The hall of salvation would save the world, and her mission was to keep an eye on Lu huaijiang!

Keep an eye on tms great evil!

The little girl held on to him tightly.

In her memories, when His Highness was 13 years old, there would be a massacre.

Naturally, Lulu did not dare to let his guard down.

“Forget it, bengong really owes you!” Lu huaijiang let out a low sigh under eunuch Lu’s incredulous gaze.

He bent down and picked up the little girl, directly carrying her.

“Let’s enter the palace!”

What should he do if his own lady couldn’t bear to part with him?

Bring him along.

Although Lulu did not share the pork trotters with him, Lu huaijiang was happy that she was so dependent on him.

“Your Highness, this is not reasonable. Who would bring a child to the Imperial study? I’m afraid the court officials will impeach you again.” Eunuch Lu was so anxious that he was jumping around, but His Highness carried the child directly into the carriage to enter the palace.

“There’s one more to impeach bengong!” Lu huaijiang muttered in a low voice.

The carriage went straight through the palace gate. The guards at the gate didn’t even dare to check and let them in.

They drove all the way to the Imperial study.

The Imperial study was crowded with people, and the courtiers discussed in low voices.

Everyone’s expression was rather solemn.

Grand tutor Xie even said, “everyone knows what kind of person His Highness is. If it wasn’t an important matter, His Highness wouldn’t have delayed the time.”

“Sirs, there is no need to speculate. His Highness is doing well. With someone to suppress his soul, His Highness will definitely not fall into a coma again!” Only after Grand tutor Xie had finished speaking did the officials acknowledge his words.

Someone probably suspected that His Highness was unconscious, which made the Grand tutor angry.

Lu huaijiang put Lulu down and held her wrist.

He lowered his head and looked at the huge matter. Yes, it was indeed a huge baby.

Eunuch Lu caught up with him, panting. He pushed open the door of the Royal study and shouted, “His Highness has arrived.

All the ministers were shocked and knelt down one after another. Your Highness, how are you? ”

When Grand tutor Xie saw His Highness enter, he let out an almost inaudible sigh of relief.

However, when she lowered her head, she saw that he was holding the hand of an extremely delicate girl..

Chapter 533 - 533: His Highness’s life (1)

Grand tutor Xie glanced at Lulu.

Lulu also glanced at Grand tutor Xie.

“Get up. Today I came a little late and bengong had some matters to delay. I’m sorry to have kept you all waiting.” Lu huaijiang squeezed the little girl’s palm. “Your Highness, you’re being too serious.”

“Your Highness’s matters are all National matters, matters of the great Zhou Dynasty.” The ministers all said in unison.

He was very good at flattering.

The ministers looked up and saw that he was holding a little girl’s hand. The little girl was mischievous. He was looking at the crowd with his round eyes.

Then, she moved closer to the Crown Prince’s seat.

With every movement of his butt, the Crown Prince was forced into a corner.

The ministers looked at each other. This was a matter of national importance ...

“Your Highness, the child is innocent. I’m afraid that the child can’t be allowed to listen too much to the matters of the country. I’m afraid that if word gets out, it will cause unrest in the world and the country will be unstable.” Sir Lin cupped his hands. His hair and beard were white, but his eyes were full of light.

Grand tutor Xie was the only person in front of the hall to be granted a seat.

Old Lord Xia and Lord Xia both looked as if they had been struck by lightning.

She, she, she, she actually dared to sit on His Highness’s Dragon throne!

You’ve grown up!

He suddenly felt a deep sense of helplessness.

He had been in the industry for so many years and was about to enter the grave. She could not even climb as high as a five-year-old girl.

It climbed onto the Crown Prince’s knee.

He knew that she was doted on in the East Palace, but he did not expect her to be doted on to this extent!

The two Xia Lords did not even dare to raise their heads, afraid that they would be impeached by the ministers.

Lu huaijiang’s eyes were lowered, making it impossible to see his expression.

“It’s really this Queen’s soul suppressing little thing that’s not easy to worry about.” Lu huaijiang’s expression was indifferent, and his tone was full of indifference.

leave her outside the palace. She beat up the Lin family, the Wen family, the Zheng family, and the Duke zhengguo’s legitimate son.

“Leave her in the harem. She beat up Princess Jing Hong. Yet it’s bengong’s soul suppressing magic treasure, it’s bengong’s life.” Lu huaijiang shook his head gently, as if he had no other choice.

“If bengong doesn’t bring her, what if she goes out to cause trouble? I can only put it on my belt.”

“Lord Lin did not allow her to enter the palace. Is it because you are afraid that this Prince will live too long and hinder Lord Lin?” Lu huaijiang’s words were not angry at all, but the words he said sent a chill down Lord Lin’s spine.

Lord Lin secretly glared at Lulu. So it was that girl who had almost destroyed his eldest grandson.

“Your Highness, you’re ruining this old Minister’s heart.”

Lord Lin fell to his knees with a plop.

“Bengong really wants to sneak out and take a look Lu huaijiang’s casual words made Lord Lin shiver.

Others might be joking. But Your Highness, he might just say it with a smile!

“Alright, get up. Bengong is like a tyrant.” Lu huaijiang sneered, but the officials remained silent.

Whether it was true or not, it was really hard to say.

After a while, Lulu started playing with his back to the others.

The courtier quickly handed over the memorial. The discussion that had not been finished in the throne room continued at this moment.

The ministers chimed in one after another, while Lu huaijiang sat and watched.

The Crown Prince would only seal it after he convinced His Highness and the courtiers.

Everyone was done quarreling.

His Highness had lost his temper twice, and the atmosphere in the Royal study was a little tense.

The National Treasury was tight, and half of the people were here to ask for money.

It was a pile of memorials, but His Highness had not approved a single one.

“Money, money, money, I’ve raised a group of ministers like you, let you have a group of wives and concubines, let you have countless private residences, and make all sorts of excuses when dealing with political affairs. But when it comes to asking for money, each one of you is more powerful than the other!” His Highness threw away the memorial in his hand, and all the officials shrank their heads.

Lord Xia’s forehead was full of sweat, and he lifted his sleeve to wipe it several times.

Unfortunately, he was from the Ministry of revenue.

He was also here to ask for money..

Chapter 534 - 534: The lucky Mr. Xia (1)

Lord Xia wiped his sweat and took a deep breath.

Her hands were sweating as she clenched the memorial.

Eunuch Lu cast a glance at him. Knowing that he was Lulu's uncle, he kindly reminded him, " Lord Xia, if you don't hand in this Memorial, His Highness will leave the palace.

The sweat on Lord Xia's body became even more intense. How would he dare to hand it over!

The first two people who asked for money were still lying on the ground!

His Highness only cast a glance at them, and the two ministers did not say anything. He was directly hit in the head by the memorial.

Lord Xia was afraid that he would get a kick today.

He looked at eunuch Lu with a bitter smile. How could he still dare to ask for money?

He only trembled and didn't say anything. He lowered his head and handed it over.

Lu huaijiang flipped through it ...

We're finished, we're finished. He was probably going to smash his head.

Lord Xia couldn't help but gasp.

Swish ... His Highness turned to another page.

Lord Xia was surprised that His Highness did not hit him?

"Tell me." Lu huaijiang placed the memorial on the table and patiently listened to him.

All the ministers were envious and jealous, and they looked at Lord Xia with eyes that were about to go crazy with jealousy!

Why, why!

Lord Xia was just an ordinary person, so why were old officials like old Lord Lin and old Lord Wang no match for him?

Lord Xia was a little proud.

He must have written the memorial so well that His Highness was able to read

After all, he was half a scholar back then!

He reported to His Highness seriously. This report made the officials roll their eyes even more.

You think you can get money from this?

It was just repairing the road in front of the hall of salvation, how could they ask for money?

The temple of salvation and the National temple had their own paths. However, there was a lot of incense burning in the National temple, and there was not a single devotee in front of the hall of salvation. The road had long been deserted.

Now that the world-saving Hall had reappeared in the human world, it had only been a few days since they shared the same road as the National temple, but it was already crowded.

Lord Xia could only come and ask for the support of the National Treasury.

“Your Highness, the hall of salvation is beneficial to the people. If the Imperial court doesn’t set an example, I’m afraid that it will disappoint the people and make the hall of salvation criticize us!” Actually, Lord Xia did not want to ask for money at this time.

However, the temple of salvation’s incense offerings were getting more and more prosperous by the day, so they definitely did not lack money for the road’s construction.

There were even people who wanted to donate roads.

“Your Highness, the hall of salvation is becoming more and more prosperous by the day. It was renovated in just three days, and I went to take a look. It seems to have been endowed with spiritual Qi by something, and there are many people who believe in it now.”

“One path is also the Imperial court’s attitude. The kindness of the hall of salvation is also a way out for the Imperial court.” Lord Xia had always felt that the hall of salvation would have an extraordinary reputation in the future.

Wasteland was just the beginning!

Lord Xia’s words caused Lord Lin to burst out laughing.

“What a joke! What a joke!”

“All lands under the heavens belong to the king! Every inch of this land belongs to the great Zhou!”

“The great Zhou Dynasty and the Imperial court do not need the kindness of the hall of salvation!”

“He’s just a swindler! Those fools from the hall of salvation who have been locked up for decades or even centuries would not even know that they have been deceived! ”

Yang Cong, Lord yang, was not very happy to hear this.

These words make us seem like country bumpkins.

What do you bunch of fools know about the temple of salvation?

“His Highness will stamp you, and I’ll kick my head off for you to kick like a ball!” Lord Lin knew that the Crown Prince did not like things that confused the spirit.

At this moment, he spoke with great certainty.

“Bengong is going to wash my hands.” Lu huaijiang happened to be going to the toilet. The Imperial study fell silent.

Lord Lin’s mouth twitched in ridicule.

Pa da.

The sound of a seal falling!

Chapter 535 - 535: She’ll cover it?

Pada!

The sound of a seal falling.

Everyone in the Imperial study raised their heads in unison.

They saw that the little girl who was playing with her back facing the crowd just now had climbed onto the Dragon chair.

Her calf swayed on the surface.

She stared at Lord Xia with a burning gaze, but it was not known if she understood what he said.

you’re right, uncle, ” she said.

He saw her rummaging through the small bag she carried.

She took out food, toys, and two dried wildflowers.

The remains of the food fell to the ground.

Then, she pulled out a green object from the pile of garbage.

“Uncle, is this the seal? I’ll help you!” The little girl flipped open the memorial and directly printed it.

Lord Xia?

Lord Lin clutched his heart, which was twitching in pain.

The ministers looked at the thing in her hand and stared at it!

It was the Jade seal! It was the Jade seal that they had been waiting for!

The Jade seal that Her Majesty was looking for was actually on her!

Just as the ministers were thinking about impeachment, they saw the little girl step on the Dragon chair and climb up the table. He flipped open the memorial on the table.

It just so happened to be Sir Yang’s.

“This is what I asked Your Majesty to allow the dam to be raised ... It’s a great matter that benefits the country and the people.” Lord yang looked at her with a burning gaze.

The little girl nodded. that makes sense.

Pa da, another one was slapped.

Lord Xia and Lord yang looked at each other, and their eyes lit up. They went forward to retrieve the memorial.

“Milords, this Xia will take his leave first. The old mother’s health is not good, this Xia will go back to take a look.”

“Milords, this yang will also take his leave first. The residence is on fire, let’s go back and take a look. “My Lords, please wait ...” After he finished speaking, he quickly ran away with the memorial.

The two of them ran very quickly.

The officials looked at each other and then quickly went forward to grab the memorial. One by one, they shoved their hands in front of her.

One by one, they scrambled to read her what they wanted. Mr. Lin was so angry that he was trembling. you, you ...

“Preposterous!”

Not long after, the officials who were still wearing bitter faces just now. He was all smiles.

One by one, they took the memorial and fled before His Highness returned.

The only thing left was old Lord Lin’s Memorial.

Old Lin’s beard was trembling. He was afraid that he would die of anger in front of the hall.

Grand tutor Xie silently stuffed the memorial into his pocket, as if nothing had happened.

When Lu huaijiang returned, the Imperial study was empty.

“There’s something wrong with these old things today. You’re actually going to let it go just like that?” Lu huaijiang was in disbelief.

Even the memorial on the table was gone.

In the past, she would beg him until he went crazy. He was forced to build a few more before he could leave.

Did the sun rise from the West today?

“Your Highness ...” Eunuch Lu pointed at Lulu, who was stamping the Jade seal on the table.

The table was covered in red seals.

“Miss Lulu, cover them all. The group of ministers went back in joy.”

“The only thing I didn’t do was to cover old Lord Lin, who was so angry that he fell ill. They were carried back.” Grand tutor Xie took a sip of tea.

Lu huaijiang ...

“Is He Dead?”

Grand tutor Xie took a deep breath.

The person in front of you is holding the Jade seal and stamping it randomly. You’re not focusing on something right.

Grand tutor Xie still replied, “not yet.” He was panting when he went out, so he should be fine. This old official has even hired an Imperial physician for him.”

Lord Lin was probably even angrier..

Chapter 536 - 536: Illiterate Savior (1)

Lu huaijiang stood at the door of the Imperial study.

When he saw the little girl lying on it and writing seriously, he couldn’t help but feel happy.

“I was in a coma for an entire year last year, and I’ve been sleeping on the bed the entire time. When I woke up, I only found this child. My child is young and disobedient. Bengong is thinking of letting her study, learn painting and calligraphy, and cultivate her character.”

“I’ve gone through everyone around me and found that only the Grand tutor is extremely knowledgeable and can make Yi ‘an feel at ease. Today, I will bring her into the palace for you to see Lu huaijiang weighed his words.

In truth, there was no need for the Grand tutor to teach a five-year-old girl.

But ...

He didn’t feel at ease with young officials and top scholars.

Lulu only cared about who was good-looking, and Lu huaijiang would never give her the chance.

He was also worried that she would not be able to finish her homework or get beaten up by the strict teachers.

Sigh, I’m so worried.

What did he do wrong to make him experience the life of a child so early?

The corners of Grand tutor Xie’s mouth carried a hint of a smile. He was an old man whose hair and beard had already turned white.

Lu huaijiang was his last disciple and he was already at the age where he should retire and return to his hometown.

However, he was worried about his disciples. He was afraid that he would have to wait for the Crown Prince to ascend the throne before he could return home to retire.

Seeing the Grand tutor’s smile, Lu huaijiang’s face tightened.

Sigh ... For Lulu’s sake, he was about to lose all his face.

Every two or three days, someone from the eastern Palace would come to ask for money, and every two or three days, someone would come to complain.

“Lulu is still young, and she’s a rare intelligent person. It’s not inferior to bengong in the past. Lulu’s a girl and she’s gentle ...”

Crack. She broke the Dragon head on the Dragon chair.

Both sides of the Dragon chair’s armrests were made into dragon heads, and at this moment ...

She had broken it forcefully.

Lu huaijiang’s words paused, “only occasionally a little mischievous.” Grand tutor, please spend some effort on this.”

The little girl’s eyebrows drooped, and she was not happy when she heard that she was going to school.

Grand tutor Xie had met Lulu before. When his sister, Xie zixu, passed away, Lulu had come twice.

The second time, he brought a green-robed man.

That person was du Xun.

Even if the Crown Prince had not mentioned it, Grand tutor Xie would still have found an opportunity to thank her. Now that the Crown Prince had personally requested it, the Grand tutor naturally did not refuse.

“Don’t worry, Your Highness. This old subject will teach this child. In order to thank Your Highness and miss Lulu for their kindness, I will definitely make strict requests. I won’t slack off at all.”

Lu huaijiang’s heart felt stifled when he heard the strict request.

There was no need for that.

Lulu looked on with tears in his eyes, his heart aching as he looked at Grand tutor Xie.

“You’re returning kindness with enmity! You’re ungrateful, y-y-you ...” Neither of you are good people.

I’m already a Savior, why do I still have to study and write!

Grand tutor Xie found it funny, and had just casually looked into Lulu’s

Imnowledge. He realized that Lulu wasn’t very good at learning and had a very complicated set of skills. He also had a photographic memory and was a very talented child.

In his heart, he also felt a bit of appreciation for talent.

Grand tutor Xie agreed to the assignment, and the Imperial study was soon empty.

Lulu tapped the seal on the table angrily, but Lu huaijiang was not angry.

What could they do if their own children were naughty?

He could only accept it.

“The Directorate has gathered all the talents in the world, it’s good for you to stay there for a few more days and gain some literary spirit. He couldn’t be an illiterate Savior, could he? Isn’t it embarrassing to say that?” Lu huaijiang knew that she didn’t like to be restrained.

However, he would never allow her to be illiterate..

Chapter 537: The little heartless person (1)

This child’s one point of thought could surpass others by ten points.

This was a gift from the heavens, the kind that one would grab and stuff into their mouth.

Seeing that she was still unhappy, Lu huaijiang could not help but sigh.

“Little ancestor, if you don’t go to school and fight all day in the capital or follow bengong to court, it is not a good idea.” Lu huaijiang carried her up and sat on the Dragon throne.

He lowered his voice and coaxed the little girl in his arms.

The corner of eunuch Lu’s mouth twitched. This was no longer the insufferably arrogant and decisive Prince.

This extremely helpless appearance was simply ...

This was karma.

Eunuch Lu was secretly happy.

“Bengong can’t raise a second generation and a dandy female, right?” His voice was filled with helplessness.

“Why don’t we do it like this, just like you did in huangdu, from now on you only need to go to the Imperial College for lessons. Bengong will help you complete the homework that the headmaster left behind. What do you think?” Lulu’s eyes lit up.

She understood that even if she didn’t go to the Directorate, her mother would still find a master for her.

And there was no one to do her homework for her.

Lulu coughed lightly and nodded reluctantly. “Then, then it’s settled. Brother

Crown Prince, help me do my homework ...”

Lu huaijiang looked at her amusedly. He clearly knew that he should not indulge her like this, but he could not bear to see her suffer.

Forget it, he would dote on his own girl.

Lu huaijiang couldn’t help it. Seeing that she finally had a smile on her face, he couldn’t help but pinch her face.

I really don't know what to do with you.

Lu huaijiang felt a headache when he thought about her going to school in the future.

During the day, he was reviewing memorials to the court.

At night, he still had to rush his child's homework. After finishing her homework, she still had to give it to the teacher to mark ...

What kind of sin had he committed?

brother Crown Prince, you are a good brother ... The little girl's eyes curved and she grinned in joy.

Alright, seeing how happy she was, Lu huaijiang could only give up.

It was already afternoon when Lu huaijiang finished reading the memorials.

The two of them had a Royal meal at noon, and Lulu's appetite was normal this time.

However, when she was about to leave the palace in the evening, she carried the fish basket on her back and brought the Persian cat with her to catch all the fish in the pond in the Imperial Garden.

This was fine.

Imperial concubine Lin had a pet, a Jade Rabbit. Its entire body was covered in long white hair, and from time to time, noble consort Lin would play in its arms.

It was said that it was that Jade Rabbit that had accompanied her through her lonely days in the early years.

Now that she was in confinement, the Jade Rabbit was taken care of by the palace servants.

That day, the Jade Rabbit disappeared.

There was an additional dish of braised rabbit meat for dinner in the eastern

Palace.

The little girl had a good meal, and her mouth was full of oil. She was extremely satisfied.

"This rabbit meat is quite delicate. Children won't get heaty easily after eating it. I'll prepare some for Lulu tomorrow." Seeing that she liked it, Lu huaijiang instructed eunuch Lu.

Eunuch Lu smiled wryly, "Your Highness, the lady brought this back herself." It was ... It's Imperial consort Lin's one."

Lu huaijiang ...

"Clean up all the fur, don't leave a single strand."

There wasn't much stewed rabbit meat left on the table. Lulu stood up and put some into Lu huaijiang's bowl.

"You eat, quickly eat ..." Her urging tone made Lu huaijiang feel comforted.

This guy was still someone who cared about others. He didn't dote on this girl for nothing!

“If you don’t eat it, I’m going to feed it to the dogs.” The bones can’t be found out, that crazy woman is very fierce.

Lu huaijiang’s heart turned cold when he heard this.

You heartless little thing!

Chapter 538: Picking up the embroidery needle for Lulu (1)

As soon as the palace gate closed, the harem was in a mess.

Imperial concubine Lin suddenly wanted to see the Jade Rabbit, but she couldn’t find it no matter what.

There wasn’t even a strand of rabbit hair.

Immediately, the palace servants searched everywhere, even to Lu Jinghong’s bedroom.

Lu Jinghong refused to let them in and immediately clashed with Imperial concubine Lin.

Lulu didn’t know anything about this.

At this moment, she was sitting in front of the bedroom, lying under the candlelight, her hands holding her chin, staring blankly at the young man making her a schoolbag under the light.

“I want Lulu’s Lu and brother Lu’s Lu. He also wanted little flower ... I want a better looking one.” As Lulu watched, he made suggestions. The Crown Prince sat under the lamp, squinting his eyes as he held an embroidery needle and threaded it from time to time.

Eunuch Lu was stunned.

When did His Highness develop this skill?

He, he can even hold a needle?

He was constantly breaking his limits!

Eunuch Lu opened his mouth, then closed it again. At this moment, he suddenly felt that he had neglected his duty as an elder brother!

Compared to His Highness the Crown Prince, he was simply far inferior.

His Highness was busy with political affairs every day, writing Imperial edicts and holding Jade seals.

When he was free, he still had to sew the child’s bag and embroider flowers on her clothes.

Eunuch Lu had elevated Lulu’s status once again.

Sometimes, she couldn’t help but think that His Highness doted on her so much. When the children grew up and were about to get married, His Highness would probably cry like a father.

After all, when he married his sister, he lost half his life.

“Alright, I have to go to school on the eighth day of the first lunar month. In the Directorate, it was necessary to listen to the Grand tutor’s words. The Grand tutor only taught children who were either rich or noble. You ...” The Crown Prince wanted to tell him not to cause trouble, but he was afraid that his child would be wronged.

“Forget it, you can act according to the situation.” It was not a big deal that he was thick-skinned enough.

“The fact that you are the protector of this Queen’s soul has not been publicized. Bengong has made many enemies, and if you spread it out, I’m afraid they’ll attack you. Currently, only a few high ranking officials in the Imperial court knew about it. I think they will tell the children in the residence to respect you, so you should not be afraid.” Lu huaijiang was afraid that she would be isolated by the crowd, so he had a good talk with her first.

When he first entered the Directorate, he did not have a single companion from the beginning to the end.

He didn’t need it, and he wouldn’t feel sad about it.

But he was afraid that Lulu would not be able to take it.

“Are you very powerful in the Imperial College?” Lulu looked at him with wide eyes. The usually calm eunuch Lu suddenly said, ““Young lady, you’ve asked the right person.”

“His Highness is the first in the Imperial College. All the descendants of the nobles above the fifth rank can enter the school. The Royal heirs would be personally taught by the Grand tutor. As the Crown Prince, the Crown Prince’s studies were even more important, Your Highness is actually the fastest person in history to leave the Academy with such a heavy workload. ”

“Those who entered the Academy at the same time as Your Highness are still in the Imperial College. His Highness’s appearance is to strike them down.” Back in the days when His Highness was in the Imperial College, he was extremely glorious.

Lulu raised his head and looked up.

“Grand tutor Xie is so strict, but His Highness has never been spoken to. Not even half a word!” Eunuch Lu was full of pride.

“Brother Lu, don’t worry. I won’t embarrass you. I’ll definitely bring this all to greater heights, and I won’t let you lose!” The little girl patted her chest.

At this moment, Lu huaijiang felt a chill down his spine. It’s fine if you don’t work hard, but once you do, I’ll Panic!

Chapter 539 - 539: Turning point in the Xia family (1)

The next morning.

Lulu, who was wearing a little dress, was happily packing her snacks into her little bag.

“Young lady, young lady, you don’t need to pack so much.

College’s lunch is the best. I definitely won’t be stingy with your food.”

“I’m here for an extra meal.” Lulu rolled his eyes in anger. Lunch was lunch, and snacks were snacks. How can snacks be compared to food?”

“Besides, I heard from yang pinfeng that the Directorate will only start school on the 16th of the first month of the lunar year. Why is it suddenly the 8th? You tell me!”

Eunuch Lu suddenly broke out in a cold sweat.

What His Highness told the outside world was that the great Zhou Dynasty would only be strong when the scholars were strong.

It received unanimous praise.

However, eunuch Lu understood that it was because the little ancestor of the family was too stubborn and had to be sent to the Academy to live a life of leisure. His Highness could only spare time to handle political affairs every day.

Recently, there have been sudden deaths of common people in various places for unknown reasons. The officials in the court are excited, the common people are nervous, and his Highness is somewhat unable to free himself.

Now that the little ancestor was sent to the Directorate, it would be easier with the master in charge.

Eunuch Lu trusted the Directorate very much.

The Imperial College originally only recruited men, but His Highness had issued an edict before the new year. The woman would marry into a rich family and become the matriarch.

The mistress’s every word and action would affect the entire residence and the descendants of the officials.

It was a great fortune for the world for a woman to be virtuous.

He might as well send fifth-grade and above unmarried women to the Directorate and establish a school for women.

It was only a wall away from the Directorate.

However, all children under the age of seven would be taught in a unified way, regardless of gender.

The first Prince’s opposition to the Crown Prince’s faction had nothing to say.

His Majesty had once weakened the power of the aristocrats, but His Highness’s move was only targeted at female schools of fifth rank and above. Wouldn’t it be beneficial to the Shi clan?

He immediately received the support of the aristocrats. This was also the main reason why His Highness was rarely impeached.

Even though .

He was only doing this for his little cub.

Eunuch Lu's mind went blank, 'oh my, young lady, how would I know about such an important matter in the court? This servant only knows that if you don't go to the Directorate today, I'm afraid you will miss the time.' Only then did Lulu stop.

"Why didn't brother Lu send me off today? where did he go?" Every day, the Crown Prince would wait for her to have a meal with him, but today, he had disappeared without a trace.

"Something happened in the palace and after opening the palace door, I invited Your Highness into the palace. When you're done, His Highness will come to pick you up." Eunuch Lu finally coaxed them into the carriage after much persuasion.

The carriage sped along, as if afraid that she would go back on her words.

Madam Xia knew that she was going to school today and had been waiting at the gate of the Imperial College early.

Carriages came and went in front of the Imperial College. They were either rich or noble, but when they saw the carriage from the eastern Palace, no one dared to approach.

"Lulu, when you enter school, you must listen to the master. If you miss mother, then let the servant send a message to Mother, and mother will come to see you. Your brother is currently preparing for this year's Imperial examinations, so he did not come to send you off." Madam Xia saw her daughter's eyes becoming brighter and brighter, and knew that she had not suffered any grievances.

He was a little happy, but also a little tormented.

"Mother, Lulu knows." "Mother, is the Xia family leaving the city in three days?" the little girl's eyes turned.

"How did you know?"

"Lulu just knows. If you believe in Lulu, don't go out after three days. Stay in the residence and don't go anywhere." After she finished speaking, she carried her small school bag and skipped through the main door..

Chapter 540 - 540: The bully is also going to school (1)

At the corner, His Highness looked at the little girl's back with a deep gaze.

"Your Highness, she's not crying. She didn't cry at all today," eunuch Lu said carefully.

Lu huaijiang pursed his lips. When he was in school, he could see the wails and howls at the door every time school reopened. I thought that my child had this problem.

Tsk, so he was thinking too much.

“Bengong can finally have some peace and quiet. Eunuch Lu, return to the palace!”
Who the hell knew that he had rushed over from the palace!

At this moment, His Highness Lu, who had just turned around, had no idea that he would return to the Academy in just half a day.

And he was still ...

He was invited like he was inviting his parents!

The Crown Prince, who had not lost to anyone in the past, had now thrown all his hopes on the little ancestor.

Lulu followed the young senior into the Directorate.

The Directorate was extremely large and had a very upright atmosphere. Although there were some extravagant sounds, the righteous atmosphere suppressed them.

The Directorate was a school for the descendants of fifth-grade officials.

To the common people, he was a hard-working scholar who was like a proud son of heaven. They were all extremely talented and hardworking students.

Lu huaijiang had sent Lulu here with good intentions.

Lulu was assigned to Class A.

Initiate Class -A.

Each age group was divided into four classes, a, B, C, and D. In Class-A, other than those with excellent knowledge, the only other people who could enter were those with noble status.

As expected .

As soon as he entered, he met an old acquaintance.

The country guarding Duke’s son.

Grand tutor Xie’s little grandson, wait ...

There were also some young men and women who were crying. They were not old, but they all looked to be six or seven years old.

He was a head taller than Lulu.

It just so happened that a teenager came out of class-A, which was one grade higher, next door. He looked to be about ten years old. A young man stood behind him. It was the youngest son of the Lin family whose pants had been ripped off by Lulu.

Young master Lin.

Young master Zheng, who was standing in front of him, looked at Lulu with joy in his eyes. His face was flushed with joy as he shouted, “Lulu, you’re here at the Imperial College too? We can be classmates again in the future.” Young master Zheng’s face was red, and he couldn’t stop the shyness in his eyes.

“Lulu, can you give me your homework? I . . . I don’t have any other intentions. I just feel that your handwriting is good and I want to learn and use it as a reference.”
Young master Zheng’s face was red. Lulu’s knowledge was extremely high, and her writing was good. It was really hard on her to stay in the first class-A.

However, thinking that she was only five years old, not even six years old, he could only give up.
Lulu looked at him in confusion, but young master Lin only laughed, “”She beat your sister to tears, yet you still befriend her. It’s really laughable.”

Young master Zheng’s face turned red, and he immediately argued, “No, it’s Lulu’s handwriting. It’s really impressive.” She blushed, but did not dare to look at Lulu.

Lulu rolled her eyes at them and went straight to the initiation class.

“I even pulled down your pants. You have the face to talk to me, so why can’t he talk to me? I didn’t even pull his pants off.” Lulu’s words made young master Lin’s face turn red with anger as he turned around and left.

Hooligan!

Damn pervert!

Her face and ears were red, and her eyes were about to spit fire.

Young master Zheng hurriedly caught up to her. His sister was discussing marriage with the first Prince. The Zheng family had naturally been forced to become the first Prince’s henchmen. And young master Lin was from noble consort Lin’s maiden family, so they were naturally the same kind of people.

There were about ten students in the initiation class.

The young ladies and young Masters who were still crying just now saw how powerful Lulu was, and they were so angry that the tall senior left.

They all looked at her.

Many of the children’s eyes were filled with admiration and respect.

Only one young lady pouted her lips in disdain..
