Chapter 541: Meeting the parents (1)

“It turns out that even such a terrible person has to go to school.” The country guarding Duke’s little Shizi grinned and revealed his knocked out teeth. He immediately covered his mouth in horror.

Lulu smiled coldly.

he’s already ten years old, yet he’s still in the initiation class ...

Little Shizi .

She couldn’t hold back her tears anymore.

The young master of the Grand tutor’s residence hurriedly came forward to comfort him.”Don’t cry, the teacher will be here soon.”

At the mention of the master, the group of little kids sitting there were a little frightened.

They were all children who had just entered the school. This was the first time they had left the mansion and entered the Directorate.

He was not used to it.

“Don’t be afraid, the headmaster doesn’t eat people. At most, he would hit her palm with a ruler. It’s so wide and long, and her hand would be swollen.” Lulu found a seat and sat down, hurriedly consoling the children in her class who were on the verge of tears.

She had been to school in the barren capital for half a year, so she was experienced.

Who knew that she, who had been through this, would directly scare the young master and young ladies to the point that they began to sob softly.

“Aiya, don’t cry. The headmaster isn’t that scary. Anyway, he can’t kill us. At most, we’ll just have our skin split and our flesh torn. We’ll be fine after a few days of rest. There’s nothing to be afraid of.” Seeing their frightened faces, Lulu immediately racked his brains to help persuade them. This time, the sound of her crying grew louder.

Lulu was dumbfounded.

Why was he crying the more he tried to persuade her?

This group of children all started their daze at the age of three or four, but it was their first time attending the Imperial College.

Now that Lulu had given him such a scare, he was even more terrified.

The country guarding Duke's little Shizi was the only wily old fox in the class. He quietly pulled on Lulu's sleeve and sniffled, "Why don't you stop talking?" I only know that you're ruthless, but it turns out that your mouth is poisonous too.

"I just saw them crying so hard, and I was afraid that the headmaster would dislike them," Lulu said helplessly.

"If you know that you're expelled from the Imperial College, you won't be able to survive in the capital." This was what eunuch Lu had told her. She must not drop out of school. She must study hard and improve every day!

The little girl remembered it very clearly.

These were eunuch Lu's exact words.

"If a girl is expelled from school, she would not be able to get married in the future and would not be able to find an in-law. In his boudoir. Poor thing."

"If a boy is expelled, he will be ridiculed, embarrassed, and bring shame to his family. In the future, he will be pointed at and gossiped about when he goes out. So don't cry, be careful that your parents don't want you anymore." The little girl racked her brains to help persuade him.

"Wow ..."

The initiate Class-A immediately burst into tears.

The children rushed out of the door. I don't want to go to school. I want a fat family. I want a fat family ... Wasn't it good to hire a teacher at home? why did he have to go to the Imperial College?

"Wuwuwu, I don't want to be an old lady, I don't want to die of old age.

Wuwuwu ..."

"I don't want to be ridiculed, wuwuwu ... Don't tell me father doesn't want me anymore?"

The entire class was in a state of chaos, crying and making a ruckus.

The country guarding Duke's little Shizi was directly dumbfounded.

The little girl sitting in the corner was about five or six years old, and she was also looking at her in panic.

Lulu looked at them in a daze. It was over ...

The teacher had only left for a short while, and when he turned around, all the children in the initiation class were crying.

His Highness was currently in the middle of a meeting in the palace.

He sneezed suddenly.

Eunuch Lu pushed the door open and entered the room, sweating profusely.

“Your Highness, the Directorate’s hidden guards have news. Miss Lulu has called your parents. Are you going or are you going to inform the Xia family?”

It had only been half a day!

Oh my God!

The peace that His Highness was looking forward to was probably going to have the opposite effect!

Chapter 542: His Highness the Crown Prince is the parent (1)

The Crown Prince hurriedly left the palace.

Today, in the throne room, the officials were arguing with each other until their faces were red.

His Highness did not yield an inch.

However, she did not expect .

Eunuch Lu entered the hall and reported something. His Highness’s face darkened and he ran away in anger.

Heavens, His Highness had presided over the court for many years and had never left the palace in advance.

Did the sun rise from the West today?

His Highness left the palace in a hurry, and the carriage headed straight for the Directorate.

“What happened? Lulu was fighting? Did you win or lose?” Lu huaijiang finally had the time to ask one more question, his brows fiercely furrowing.

Eunuch Lu respectfully replied, “there was no fight this time.” It’s the first day of the initiation class, and the class is filled with new students.”

“Miss Lulu doesn’t cry or make a fuss. You’re very well-behaved.”

Eunuch Lu immediately pouted, “the problem lies in her not crying or making a fuss.” She had stopped crying, but she had scared the whole class to tears. The entire Class-A is making a fuss about going home and not going to school.”

Eunuch Lu broke out in a cold sweat. His Highness used to be the top of the Directorate!

That was the Directorate’s living signboard.

From the first day of school to his departure, he was an existence that all the directorates in the country looked up to.

Now, after raising a child, he was finally pulled down from the altar.

Lu huaijiang had just stopped the carriage at the gate of the Directorate when he saw a graceful young lady standing at the gate of the Directorate. She was holding an umbrella under the hazy drizzle, and there was a five or six-year-old girl crying beside her.

“Sister su, Yuan ‘er doesn’t want to go to school. Lulu said that the headmaster must hit the palm of the hand. If she is expelled from school, Yuan ‘er will not be able to marry in the future and will have to be an old lady.” The little girl clutched the corner of her sister’s skirt with tears streaming down her face.

The young girl holding the green oil-paper umbrella had a smile on her face, and her eyes were bright and threatening.

Behind her was a calm and capable maidservant.

Ming su wasn’t wearing her veil today. She was holding the little girl’s hand with a smile.”Lulu is just scaring you. You’re so smart, how could you be expelled? Besides, the Academy is responsible for studying and understanding the rules, so they won’t drop out at will.” As soon as Ming su stood up, she saw a bright yellow dress.

The young Crown Prince already had an imposing manner. No matter how brutal he was, he was still admired and respected by young girls who were in love.

“How is Your Highness doing?” Ming su was wearing an elegant long dress, which swayed gently like a flower in the rain.

She was a gentle, refined, and magnanimous woman.

Lu huaijiang waved his hand and walked past her, but Ming su suddenly opened her mouth.

“Your Highness, you don’t have to punish miss Lulu. Lulu was still young, innocent, and ignorant. He didn’t know what he could and couldn’t do. It’s just a child’s joke.” Ming su said in a low voice, showing her generosity and kindness at all times.

Lu huaijiang stopped in his tracks. His head was wet with rain, and his head was white.

“I’ll lend this umbrella to Your Highness. Your Highness “precious body must not be affected by the cold wind.” As Ming su spoke, she handed the umbrella in her hand to the servant girl.

The maidservant took it and exposed herself in the rain.

Anyone who saw her would think that she was a magnanimous and steady woman.

“Who is she?” Lu huaijiang frowned.

Ming su’s body suddenly froze, and there was a look of disbelief in her eyes.

She had only been in the capital for three days, and the elegance of the Ming family’s eldest daughter was the best in the capital.

Moreover, His Highness had clearly seen her that day on the long Street and knew that she was a daughter of the Ming family.

At this moment, the Crown Prince’s eyes were filled with bone-chilling coldness. It actually made her feel cold all over.

There was no trace of the gentleness he had shown to Lulu. All of his indifference was hidden under the surface..

Chapter 543: Are you here to return the money?(1)

“Your Highness, we’ve met this young lady before.” Eunuch Lu had heard Lulu mention it before.

Ming su’s lips curled into a slight smile.

Her waist was slender, and the naivety of a young girl had just faded from her brows, and she was quite beautiful.

It was a woman’s most dazzling moment.

“That day at the Lantern Festival, this miss Ming’s maidservant arrogantly broke Lulu’s flower head.”

“The flower is worth more than ten thousand taels, and the compensation money has not been sent to the eastern Palace. It must be this young lady Ming.” Eunuch Lu replied in a low voice.

However, when Ming su heard that, her body swayed and she almost fell into the rain.

This was the first impression she left on His Highness?

The first step was completely wrong!

When the Crown Prince heard this, he slowed down and retreated a little.

He stood in front of Ming su and gazed at her deeply.

The young man’s face was like Jade, his eyebrows were like swords, and his eyes were like stars. He was tall and straight, and the aura he gave off was extremely oppressive.

No one would treat him as a young man.

Ming su glanced at it and quickly lowered her eyes. Her ears and cheeks flushed uncontrollably as she bit her lower lip gently. The water rippled and the young girl’s beauty was indescribable.

He didn’t even blink.

Lu huaijiang gazed at her deeply. The woman from this angle was unbelievably beautiful. The young girl was shy and timid, and the tip of her round little nose had a bit of pink.

“You, are you here to pay back the money?” His voice was slightly hoarse, and his tone was extremely serious.

“Eunuch Lu, you can stay here and collect the money. It’s time for Lulu to change into some new clothes. I’ll go to the heavenly clothes Pavilion and book one for the whole year with the money.” After Lu huaijiang finished speaking, he turned around and left without mercy.

What young girl in love, what shy and timid, he could not see any of it.

The only thing that caught his eye was that she had to buy Lulu new clothes after paying him back! This time, miss Ming really couldn't hold it in and her body swayed. Fortunately, the servant behind her reached out to support her.

Eunuch Lu said in a sharp voice, "miss Ming, are you silver or banknotes?" We have to trouble young lady Ming to specially call His Highness to return the money. This family had almost forgotten about this matter."

Eunuch Lu said, "sigh, Your Highness has grown up. Thieves are starting to think about you."

Miss Ming forced a smile on her face, and the maidservant behind her smiled and said, ""Let my young lady send miss Ling to the Academy first. Eunuch, follow this servant. This servant will go get the silver notes. The Ming family has just returned to the capital and was busy settling down, so they forgot about this matter." The servant girl's words were watertight, much better than the arrogant and domineering one from before.

Eunuch Lu said goodbye with a smile and followed the maidservant out of the door.

Ming su held Ming Jin's hand and entered the Imperial College together.

"Sister su, why are you still speaking up for Jiang huailu? I hate her. Brother Prince and brother Xie both like her ..." Ming Yuan pouted. The girls of the

Ming family were all beautiful and moving.

She was no exception.

In shengjing, the reputation of the Ming family's girl was extremely high. To be able to marry a girl from the Ming family was a great fortune.

Now that he had returned to the capital when the Crown Prince was about to grow up, it was hard not to think too much.

"Yuan 'er, do you still remember what I told you? He could not show his dislike or love for her. If you are like this, I'm afraid father will have to send you back to shengjing city." Ming su's voice was gentle but cold. The little girl immediately shut her mouth.

She seemed to be very afraid of this older sister of the Ming family.

The older sister that the Ming family had high hopes for since birth.

At this moment, all of the initiate Class-A students had been invited into the headmaster's study room. A group of children stood at the foot of the wall with their heads lowered.

She looked so pitiful..

Chapter 544: Fainting in anger (1)

As soon as Lu huaijiang entered, everyone in the study stood up in unison.

What, quitting school had alarmed the Crown Prince?

When the group of little ones saw the Crown Prince in the Python robe, they opened their mouths and cried again.

Lu huaijiang saw the little girl standing in the corner at first glance.

She drooped her head, but .

The soft hair on her head in the morning all stood up. She was so angry. Each and every one of them perked up.

Lu huaijiang almost burst out laughing.

Grand tutor Xie's eyes twitched when he saw him enter. Hurriedly standing up, the Crown Prince raised his hand and gestured, "'Grand tutor, there's no need to be so polite. Lulu is temporarily staying in the eastern Palace, and I am her Guardian. Today, cough cough ... Bengong is here as the patriarch of Jiang huailu."

Yes, the face that bengong had saved up in school, I'm afraid it will all be lost when she is in school.

Al .

Grand tutor Xie's heart was slightly at ease, but when he thought of the Crown Prince's indulgent appearance in the Imperial study, he felt that it was polite.

"When we came, eunuch Lu had already told bengong in detail. Lulu is warm-hearted by nature and seeing her classmates crying, it is always good to be willing to divert her attention to persuade them. I hope that Grand tutor will spare her this time for the sake of her good intentions." The Crown Prince, who never lowered his head, softened a little as soon as he entered.

What a sin. What sin had he committed?

He didn't back down in the Imperial court and turned around to put in a good word for his children.

"That's not the case now," Grand tutor Xie waved his hand.

"The matter of her coaxing the child to cry, on account of her pure heart, but she used it in the wrong place, let bygones be bygones. This is another matter."

"Now this group of children are clamoring to be sworn brothers with her. Your Highness, please come and persuade them." Grand tutor Xie felt that he had suffered more shock on this day than he had in a year. He even somewhat regretted promising His Highness.

He shouldn't have accepted this girl.

His Highness's knowledge was first-class, and the eastern Palace had no lack of great scholars. Why did he have to leave early and return late to send the child to the Directorate? this was f * cking cheating him, an old man with one foot in the grave.

The Crown Prince saw the look in his teacher's eyes and knew that he had guessed the truth.

He hurriedly beckoned to Lulu, who slowly inched over. "Lulu didn't want to pay his respects to them. They were the ones who insisted." I don't want to die on the same day as them instead of being born on the same year, same month, and same day ...

You've all died a few times, but I'm still young.

This wasn't a sworn Brotherhood, this was a curse.

He was only cursing her.

Lulu just showed them the ability to crush a rock with his chest and crush a Golem with one hand, and they were deeply convinced by Lulu.

The moment the young lady finished speaking, the Grand tutor suddenly asked, ""What stone man?"

Lulu pointed to the door and said innocently, ""It's the stone statue outside the door. I made a hole with one palm!" It was this palm that caused the little ones to cry out in unison, and then clamored to become sworn brothers with her, saying that she was a warrior.

Grand tutor Xie's hair and beard trembled.

The finger pointing at her was trembling.

"Quickly cut a piece of heart-protecting ginseng for the Grand tutor," the Crown Prince called out hurriedly.

Just as he finished speaking, Grand tutor Xie clutched his heart and wailed, "My Saint statue! The Directorate erected a statue of a Saint at the beginning of the school! "

His heart had actually been dug out by her little fists!

Grand tutor Xie had collapsed. He had fainted from anger on her first day of school.

Lu huaijiang was dumbfounded. He had always been the Grand tutor's proud student and disciple.

And now, his kid had made the Grand tutor faint from anger!

Lu huaijiang, in the end, bengong still lost to her!

Chapter 545: Old lady Jiang is dead (1)

It was the first day of school, and Lulu was very fat.

"You've really become more capable." Sitting in the carriage, Lu huaijiang looked at her helplessly with his arms crossed.

Did he raise a scourge?!

"I don't have much ability. It was the Grand tutor's health that was not good, not Lulu's ability. He had yet to witness Lulu's capabilities. He needed ... Do you need Lulu to show him what he's got tonight?"

Lulu raised his head carefully.

He asked tentatively.

Lu huaijiang almost fainted.

“Are you trying to send him to heaven by showing him your skills?” Lu huaijiang said unhappily.

On the first day of school, you’re the first one to make the entire class cry, break the statue of a Saint, and anger the Dean to the point of fainting!

You’re only five, you’re only five!

Lulu coughed awkwardly. There was a high chance that she would anger the tutor to the heavens.

The carriage had just stopped at the entrance of the East Palace, and Lu huaijiang had just carried the little girl down.

She saw a man standing at the door.

Seeing Lulu, the man hurriedly came down, splashing the rain all over the ground. It was Jiang Huai ‘an, who was completely drenched.

Jiang Huai ‘an’s body trembled slightly. His eyes were red, and his voice was trembling.”Lulu, grandmother passed away from illness.”

He had been reading the Imperial examination papers of the past years under the headmaster’s tutelage today, but he had not expected to hear such bad news.

“Your Highness, I’m going to take Lulu back to the Jiang family today. When we’re done, Jiang an will personally send her back.” Jiang Huai ‘an hurriedly bowed. The young man had lost a lot of weight during this period, and his cheeks were more angular.

“Big brother, change your clothes first. Big brother is going to fall sick if you’re drenched. If you fall sick, what will mother and Lulu do?” Lulu went up to pull her brother over, only to find that his hands were frighteningly cold.

He was shocked.

“Go and get a set of clothes that bengong has not worn before.” Lu huaijiang and Jiang Huaian were two years apart, but they were similar in size, so they could wear it.

Jiang Huai ‘an wanted to refuse, but when he saw the fear in Lulu’s eyes and the unquestionable tone in His Highness’s voice, he immediately nodded.

His Highness was truly concerned about Lulu.

Once again, Jiang Huai ‘an felt that .

After changing her clothes and coming out, her body was much warmer. The Crown Prince had people prepare the most comfortable carriage for her to travel.

She also sent two maidservants behind her, one to take care of her daily meals and the other to take care of her safety.

Jiang Huaian sat in the carriage and took a deep breath.

When the two of them arrived at the Jiang family's residence, the Jiang family had already hung up a white banner.

Even before entering the room, he could hear the suppressed cries in the room.

The students who had helped Pavilion elder Jiang in the past had all come, and many officials had sent their servants to pay their respects. He had given Jiang GE a lot of face.

Jiang Huai 'an was the eldest grandson, so he changed into a set of white clothes upon entering the manor. He knelt before the coffin in his mourning clothes.

When the lid of the coffin was closed, it was necessary for the later generations to take a look.

Jiang Huai 'an didn't want Lulu to go, but Lulu was too bold, so he hugged her and looked at her.

The old lady's hair and eyebrows were all gone after being burned by the heavenly fire in Huangdu. Her face was full of bumps and bruises, all because she didn't take good care of herself in the past.

Her face was pale. She hadn't seen the sun for a long time, and the Jiang family didn't push her out to bask in the sun either, so she had naturally suffered a lot.

His face was still a little hideous, as if he had been tortured before he died.

Lulu looked at Jiang Yubai, who was kneeling in front of the coffin in a daze.

Everyone was saying that the Jiang family had lost both elder Jiang and the old lady in the blink of an eye. It was truly pitiful.

Lord Jiang seemed to have suffered a blow, and something was wrong.

He knelt alone in front of the hall, and the people who came to offer their condolences didn't receive him or pay attention to him.

She relied on Mrs. Fu for the entire process..

Chapter 546: I'll play the suona for you (1)

Lulu wasn't wearing mourning clothes, nor was he kneeling.

When she was married to the old lady's spirit, the Xia family had clamored to remove her name from the Jiang family.

Now, it was independent with the Xia family.

Jiang Huai 'an was the eldest grandson. Unless it was the old master, the old lady, or Jiang Yubai, who was his biological father, no one could remove his name from the family tree.

At this moment, the whole Manor was busy, and Mrs. Fu came and went several times. Although she was the step-wife, she was still respected.

After all, he had managed the Jiang family very well.

But Lulu felt that something was wrong.

She didn't even look at Jiang Yubai.

Yuan Shi and Jiang Yuqing knelt in front of the hall, but they were far away from the coffin. They didn't even get close to the coffin when they wanted the descendants to bid farewell with their eyes.

On this day, Jiang huaijin also returned.

She seemed to want to tell the world that she was doing well. She was wearing plain clothes, but there was an expensive Ruby hairpin in her head.

Yuan-Shi glanced at it and then looked away.

Her two-year-old son, Jiang huailin, who was in her arms, suddenly rushed forward when he saw her entering the door.

He pushed her down, causing her to lean forward and knock her head against the coffin.

He pushed the coffin lid open halfway.

Jiang Yuqing and his wife's expressions suddenly changed, and even Jiang yubai trembled slightly.

"I'll kill you, I'll kill you. You're so young and you're already out having an affair. I'll kill you!" The tiny Jiang huailin's eyes were filled with malice and hatred.

Jiang huaijin's face turned pale.

That vicious and cold gaze made her shiver deeply.

This pair of eyes, this voice, she seemed to have seen it somewhere before.

Jiang huaijin's body trembled. It was the weasel's voice.

At this moment, Jiang Yuqing did not have the time to save her reputation. He stepped forward and pushed her away. He wanted to close the coffin.

Lulu stood at the side and peeked inside.

The old lady's face had an abnormal purple-green color, and her body was stiff. She reached out to lift her sleeve, only to find that it was covered in wounds.

"What are you looking at? Unfilial daughter!" Jiang yubai's expression changed slightly. He reached out his hand and tried to push Lulu away.

However, she was stopped by the servant girl behind her. The servant girl narrowed her eyes, and Jiang yubai immediately recognized that she was from the eastern Palace.

He immediately shrank back and closed the coffin with Jiang Yuqing and his wife.

Lulu's heart turned cold, and he looked at Jiang yubai with a chilly gaze.

Suddenly, he laughed.

This smile was not a smile at all. Instead, it was so cold that it seeped into one's bones. It was as if he was mocking and sneering.

It turned out that human nature was so ugly and vicious.

At this moment, Lulu's eyes were filled with disgust and disdain. All the good feelings he had for mortals were gone.

In front of her, a copper-colored object blocked her gaze.

He blocked the hatred.

“Miss, His Highness asked this servant to bring this. You said that when the old lady died, you would personally play a suona song for her. His Highness will remember it for you ...”

With the appearance of the suona, the hatred in her eyes gradually disappeared.

The little girl seemed to calm down in an instant.

She calmly took the suona, and the ice-cold and lovely little girl stood outside the door and played a beautiful suona for her.

A figure gradually appeared beside her.

“Why didn’t you blow it for me when I died?” the old man’s aged voice asked. The old man looked into the distance with a leisurely expression, as if he had seen through everything.

Within his eyes, there was a water light.

The old man suddenly felt that his life had been a failure..

Chapter 547: Have you forgotten about ding you for three years (1)

Old master Jiang stood under the shade of a tree, squatting beside his granddaughter.

“In a bad mood?” Lulu stopped his singing at the right time. Why don’t I get someone to dance at your grave? Do you want something more cheerful?”

Master Jiang waved his hand, and his depressed mood immediately dissipated.

He immediately stood up. ‘Forget it. I’m already dead. Why worry so much?’

In any case, wasn’t the more promising one his family’s?

Which family didn’t have two ugly melons?

In any case, didn’t he still have Lulu and Huai ‘an, these two fine breeds? He didn’t lose much.

The old man felt better. why are you jumping? you’re not serious. I’m just glad that I insisted on being buried in the barren capital and didn’t return to the capital.” Otherwise, he would have to be buried with the old lady.

“Come with me, I’ll tell you the news about the capital when I’m done,” Lulu said, seeing that he was feeling better. Didn’t you want to listen to the Crown

Prince? I have a lot of dirt on the crown Prince.’

Old master Jiang looked at her with a burning gaze.

Lulu flicked his finger, and a faint light entered the space between his brows.

She was able to appear under the sun and followed Lulu into the Jiang family's residence.

This was the place he was most familiar with when he was alive.

He had actually discovered it after he died, and it was also a little unfamiliar.

The eldest son knelt in front of the coffin with a pale face. Jiang Yuqing and his wife carried their child and stayed far away from the coffin. His youngest daughter, Jiang youning, was already married. At this moment, she was kneeling in front of the hall with a child, crying and calling out for his mother.

That was Jiang youning, whom Lulu had never met before.

Back then, her mind was not clear and she was locked up in the manor.

She rarely came out to meet people.

Later, she was exiled, but she was already married at that time, so she escaped.

"Father is gone, mother is also gone, how did you take care of her? The last time I wanted to return to the residence to see her, mother was so sick that she could not get out of bed." Jiang youning sobbed as she wiped her tears away. The child beside her was only seven or eight years old.

"What right do you have to say that? Big brother doesn't even want to be the junior official of the Supreme Court anymore and just serves her at home, what's wrong with that?" Jiang Yuqing retorted.

"How would you know how much suffering father and mother suffered when they were exiled! Moreover, mother was injured by the heavenly flame. It's already thanks to us brothers taking turns to serve her that she's able to hold on until now."

"Ever since mother returned to the capital, the four of us have taken turns to serve her. Where are you now?" Jiang Yuqing stopped her from opening the coffin.

"You don't show filial piety when you're alive, but when you're dead, you're showing filial piety by crying? Just kowtow and leave." Jiang Yuqing's face was cold and indifferent, and Jiang youning was actually driven away by him.

Lulu chuckled. Master Jiang looked at the room full of unsightly people with an indifferent expression.

At night, Lulu brought a bowl of porridge to Jiang Huai 'an, who was still wet.

Jiang Huai 'an didn't want to eat it, but Lulu's determined expression forced him to drink a bowl.

On the other hand, Jiang yubai and Jiang Yuqing had not taken a single bite.

The people who came to offer their condolences praised the two for their filial piety. They even had to report to the Imperial court to request for an order from the two.

Jiang yubai's eyes moved a little, then he stiffly thanked the Lord.

“Lord Jiang has been ordered to take care of the old lady. Now that the old lady has passed away, she can finally return to the court.” The woman who spoke was rather gratified.

Lulu saw the corners of Jiang yubai’s mouth Twitch, and a smile seemed to flash across his face.

“I’m afraid you’ve forgotten that when grandfather died, he was just in time to receive a general pardon, so he didn’t have any worries. But now, there’s no such thing as a general pardon .”It’s been at least three years, right? Why are you returning to court? you still have to stay at home to observe filial piety.” Lulu pouted, his eyes filled with malice.

All of a sudden, the Jiang family members turned to look at her..

Chapter 548: Killed my own mother (1)

Lulu looked at them in surprise.

“You all serve old taitai to the point that you have forgotten about this matter? It’ll take three years for my parents to die, but my eldest grandson will take one year.” There was malice in Lulu’s eyes.

Jiang yubai’s entire body trembled, and Jiang Yuqing’s expression also stiffened.

“What a pity. Al .

“It’s been another three years. If we wait for three years, I’m afraid we won’t be able to keep our position as the junior official of the Supreme Court!” Lulu shook his head, his face full of regret.

His eyes were filled with crazy malice.

Jiang Huai ‘an suddenly felt that something was wrong with his sister. He hurriedly went forward to pull her back.

When he pulled her over, he realized that her body was burning hot, as if she had been caught in the cold wind.

“Lulu, what’s wrong with you? Lulu, do you feel uncomfortable?” Jiang Huai ‘an was shocked and couldn’t care less about the Jiang family.

He touched his forehead and realized that he was having a high fever. Jiang Huai ‘an panicked on the spot when she almost died from her high fever.

“Lulu doesn’t feel good.” Lulu said in a low voice.

It was as if there was a fire burning, making her very uncomfortable.

The Jiang family, on the other hand, had gone a little crazy because of her words.

Ding you!

They had forgotten that they had to work hard for three years!

Jiang Yuqing's expression was frighteningly ugly.

"I'll take you to see a doctor. Let's not keep watch anymore. Lulu, go home quickly."

Jiang Huai 'an wanted to pick Lulu up, but he realized that Lulu was resisting.

"Brother, he was filial back then, so he wronged mother. He wanted his mother to give in to him step by step, so he chose to be filial. This is a choice he made himself."

"After he returned to the capital, His Highness wanted him to serve the old taitai until the old taitai was old before he could be reinstated. Do you think this filial son of his would wish for the old lady to live a little longer or for her to die early?" Lulu murmured softly. Jiang Huaian's mind exploded when he heard that.

He looked at the Jiang family.

His grandfather was the pillar of the family, but when he left, the two of them did not look like this.

On the contrary, grandmother had died of illness, and the two of them were frighteningly pale. Something was not right.

Hearing Lulu's questioning words, Jiang Huaian felt a chill run down his spine.

He even had goosebumps.

He clenched his fists tightly, and his teeth chattered.

There were some things that one could not think too deeply about. If one thought about it deeply, people who were too familiar with him would always find some clues. For example, at this moment, Jiang Huai 'an noticed a lot of abnormalities.

However, in front of the mourning Hall, he still suppressed everything and held his sister in his arms.

"No matter what it is, you have to go home and rest now. I'll send you back." Jiang Huai 'an was unquestionable, but Lulu, who had always been soft and obedient, was full of resistance.

Jiang Huaian had no other choice.

"Your Highness, please come over and take care of the child," she called out to her maidservant in a low voice. The servant girl glanced at Lulu, nodded, and left hurriedly.

Jiang younging, who was still standing guard outside the mourning Hall, rushed in, "What do you mean by that? What's the meaning of this? What do you mean by wishing for her to live longer or die earlier?" Jiang younging shivered. "I want to see mother, I want to see her!"

"Open the coffin!" Jiang younging's face turned pale as she stepped forward to open the coffin.

“Where did you get the courage from? you’re a married woman now, and you don’t have the right to make decisions in the Jiang family!”

she’s just a child. She’s talking nonsense and trying to frame her own father. You believe her? ” Jiang Yuqing wanted to make a move, but he was stopped by the servant behind Jiang youning.

At this moment, there were still many guests who had yet to return. They were all standing and watching from a distance. From what they heard, they actually suspected that the Jiang family had caused the old lady’s death?

Everyone shuddered in fear..

Jiang Huai ‘an’s face darkened when he heard him slandering Lulu.

“Second uncle, Lulu didn’t say anything. You’re the ones who made the connection.”

“It just so happens that aunt youning came back late and didn’t get to see the old lady for the last time. What’s wrong with letting her see it?”

“So what if she is a daughter who married out, is she not even worthy to look at the old taitai and send off her own mother? There’s no such rule in the capital!” Jiang Huaian was infuriated. ‘If you have something to say, say it. Don’t drag me into this.’

Lulu was his weak spot.

“That’s right, Lord Jiang, let her have a look. This old lady must be worried about her only daughter.” Everyone chimed in. This was not a difficult decision to make.

Jiang yubai took a deep breath and clenched his teeth, not letting go.

“You ning, let mother rest in peace. Mother missed you the most before she died, so big brother personally promised to take care of you.” Jiang yubai looked at her firmly. ‘You’re the daughter of the Jiang family. What will you do when the Jiang family is in trouble?’

And what about your child?

Jiang youning’s breath caught in her throat, and she held her tongue tightly.

Just as he was about to retreat, he heard a loud voice from outside the door,

“”His Highness the Crown Prince has arrived.”

It directly broke the stalemate in front of the hall.

The Crown Prince was dressed in a light spring robe, which had been washed so much that it had turned white. This was the one that Lulu had given him.

The little girl said that she would give him winter clothes and shoes. Perhaps he hadn’t seen her for a long time. Ah, perhaps he had forgotten.

The Crown Prince's hair was still wet, but it was tied up high, bringing with it a chill.

The moment he entered the room, everyone knelt on the ground.

He walked straight through the door and headed straight for Lulu. He took the little girl from Jiang Huai 'an's arms and touched her forehead, feeling extremely helpless.

With the arrival of His Highness, the atmosphere in front of the hall became tense and cold.

"Open the coffin." Since the little girl was suspicious, he would be her sharp blade.

The two masters of the Jiang family fell to the ground, their faces pale.

Everyone was a little shocked when they saw this.

"Your Highness, forget it. Chenfu is not willing to disturb mother, so let mother rest in peace." Jiang youning suddenly knelt on the ground and kowtowed to the Crown Prince.

The Crown Prince gently patted the back of the little girl in his arms. "Open the coffin."

"Does bengong need your approval to open the coffin? Bengong doesn't need anyone's consent even if I want to open the back of my head!" Lu huaijiang glared at Jiang youning, who didn't dare to say a word.

"Lulu, Huai 'an, the Jiang family is your own home. Huai 'an, you're the eldest grandson of the Jiang family!" Jiang youning didn't care what happened, but she didn't want the Jiang family to be accused of killing their mother.

This would be a disaster for the Jiang family and even the descendants of the Jiang family.

Jiang Huai 'an's expression was indifferent, which was a rare sight. He could feel Jiang yubai's pleading eyes.

Jiang Huai 'an gently closed his eyes.

At this moment, the only warmth he had for his father was gone.

"Your Highness, no matter what, you should give grandmother justice. If Huai 'an's guess today is wrong, Huai' an is willing to personally apologize to father and second uncle." Jiang Huaian didn't mention Lulu at all and just plucked him out.

Lu huaijiang looked at him with satisfaction.

Lu huaijiang lifted his chin, and a guard brought the coroner in.

The moment the coroner entered the room, the Jiang brothers 'faces turned ashen.

The coroner opened the old lady's sleeve.

His brows instantly furrowed.

The people who had come to offer their condolences didn't dare to leave and could only respectfully guard the door.

After a while, the coroner stood up and walked to His Highness to report.

“Your Highness, there are many wounds on the old lady’s body. But it’s not fatal, it’s a real fatal wound .

Chapter 550 - 550: Spoiling a child is like killing one (1)

“There are many new injuries on the old lady’s body, all of which appeared in the past two months.”

“There are many wounds, all caused by external forces.” but the final fatal injury on his body was suffocation. The coroner’s words shocked everyone.

Grand Secretary Jiang had a high status and power, and old lady Jiang was an old lady who was on the verge of death.

The old lady of the Jiang family was covered in wounds.

And just now, the two sons of the Jiang family had said that the Jiang family would personally take care of the old lady and would not let the maidservants do it.

‘This .

For a moment, everyone was shocked and somewhat astonished.

“Old taitai was stimulated that year and her brain was often good and often bad, always doing things that hurt herself. Your Highness, please examine the details!”

“Our Jiang family is a family of benevolence and filial piety. The old lady is the mother of our brothers. How could we have done such a thing? Those who doubt this matter must be punished!” Jiang Yuqing cried and knelt on the ground, his body trembling.

Jiang yubai’s face was pale, “I beg Your Highness to be wise.” I’ve been ordered to serve mother, and I definitely won’t dare to have any disloyalty.”

“It is because bengong wants you to treat her illness that led to today’s grievous news, right?” Lu huaijiang laughed in a low voice, full of mockery.

“In the beginning, you were filial to your mother and separated from the Xia family. Bengong will allow you to take care of your illness until the old taitai dies. In order to restore his position, Lord Jiang was really ruthless. Don’t even want Xiao anymore.” This was human nature.

What a mockery.

“This lowly subject is innocent, this lowly subject does not dare!” Jiang yubai said loudly.

However, Lu huaijiang walked forward. Eunuch Lu hurriedly lifted the old lady’s sleeves and skirt.

His skin was covered in blue marks. At a glance, one could see obvious whip wounds and traces of hand pinching.

Everyone gasped in shock.

“I found some fine hair on the old lady’s nose and mouth.” The coroner was holding a small clip, and there were obvious fine hairs on the wing of his nose.

“Go and look for pillows and blankets. Move all of them over for bengong.” Lu huaijiang’s casual words scared the hell out of the yuan family.

Not long after, the front of the mourning Hall was filled with pillows and blankets.

Sure enough, there was a bed in the middle that was the same color as the one in her mouth and nose.

The coroner picked up the pillow and looked at it carefully. “Your Highness, this is the item that suffocates the old lady. The autopsy also showed that the old lady’s stomach was empty. She had probably been hungry for a few days. Even if she is not suffocated to death, in two days, old taitai will still starve to death. ”

Even the outsiders felt a chill down their spines.

This was his biological son, his biological son!

Whip injuries, injuries, suffocation, and even an empty stomach. It was hard to imagine how much torture the old lady had suffered before she died.

Jiang yubai was completely drenched, as if he had just been fished out of the water.

“Don’t you think it’s funny? For the sake of filial piety, he wronged his wife and even abandoned his wife and daughter. However, for the sake of power, he did not hesitate to kill his own mother.” Lu huaijiang covered Lulu’s ears and looked at Jiang yubai with a cold gaze.

“In the past, for the sake of our son, I tortured my daughter-in-law. He probably never thought that he would die at the hands of his son, right? It’s really an eye for an eye!” What a mockery.

If the Xia family knew about this, they would feel bitter.

Back then, he had made her suffer for more than ten years because of his foolish filial piety, and now he had killed his own mother in anger for power. Back then, the old lady had criticized her and protected her son. She probably never thought that she would die at the hands of her son one day.

He planted the seed of karma, but in the end, he swallowed the bitter fruit.

If she could do it all over again, would she restrain her son and treat her daughter-in-law better?
