

## The Savior 551

Chapter 551 - 551: The human nature that she loathed (1)

Jiang Huaian closed his eyes in pain.

Her heart was trembling.

She suddenly felt that her mother had made a big mistake by abandoning her loved ones for this man.

Jiang youning fell to the ground.

His brother had killed his mother. He had really killed his mother.

In order to return to the court, in order to restore his position.

His body was covered in waves of cold, waves of bone-chilling cold. The Jiang family was finished, the Jiang family was really finished.

Killing one's mother was a serious crime.

The people who came to pay their respects couldn't help but take in deep breaths. They had originally come to pay their respects, but who knew that they would actually discover such a terrifying and cold-blooded thing. At this moment, everyone took a few steps back and kept their distance from the Jiang family.

If the Crown Prince had not discovered them, these people would have stepped on their own mother's life and returned to court.

It's all his fault. He instigated it. It's all his fault ... Jiang yubai pointed at his younger brother and sister-in-law. Jiang Yuqing's face was filled with panic. "It wasn't me, he did it. I was just ... I was just saying it casually. He was the one who did it. "

The two of them were killing each other, but Fu enterprise only looked on coldly.

She had thought that she was cold-blooded, that Jiang yubai had no opinions of his own and had to rely on the old master and old lady to survive. It turned out that the one who ate people without blinking was Jiang yubai. He didn't know if the old lady would regret leaving the Xia family before she died.

As far as she knew, the Xia Corporation almost did everything for her.

As for herself, ever since Jiang yubai was willing to take over, she had not even taken a look at him. Even when they occasionally passed by the door and smelled the stench inside, they were unwilling to enter to take a look.

She had never eaten her food and had never received her blessings. Why should she take care of her?

The person who was willing to take care of her had already been divorced by her.

If the Xia family was still around, she would probably live for a long time. And he was extremely happy, right?

It was really a sin.

Everyone's eyes were filled with disdain when they saw the two Jiang family's old masters pointing at each other. From the looks of it, the two brothers were probably all insiders, and neither of them had a trace of pity for the old lady.

The old lady was pitiful and hateful.

She had raised both children, and one of them had even listened to her orders to separate from his wife.

Her second son's wife was her niece.

However, there were so many people here, yet not a single one of them could tolerate her.

"Take him away and let the capital Governor interrogate him. This matter will not be tolerated. Anyone who knows about this will be killed!" Lu huaijiang's heart ached at the thought of his Lulu.

He hated the world and knew that the world was evil, so he never had the heart to protect the world.

But Lulu was different.

She had come to save the world.

She had a special kind of compassion and kindness towards the human world and mortals.

Now, her biological parents had actually met with such a mishap. Lulu's heart hadn't fully matured yet, and he had seen human nature too early, so his heart had suffered a blow.

"Chenfu is innocent, chenfu doesn't know anything." Frightened, Yuan-Shi knelt on the ground with her son in her arms.

Jiang huailin, on the other hand, looked at her with a pair of innocent eyes."Mother, didn't you say that if grandmother died, we would have good days to live?"

The crowd was in an uproar.

"You cruel and unscrupulous man!"

There were even old men and women who were trembling with anger. They were all old friends who had been officials in the same dynasty as Pavilion elder Jiang.

"You've disgraced the old master, you've disgraced the old master!"

This matter immediately rang the alarm in the hearts of the people in the capital.

Spoiling a child was like killing one!

The two sons that the old lady had personally spoiled, and even forced the eldest daughter-in-law to leave because of this.

He didn't expect that he would die in the hands of his son! Because of this, the atmosphere in the capital changed drastically..

Chapter 552 - 552: The chubby demoness (1)

Lulu had fallen seriously ill after returning from the Jiang family.

The Crown Prince was so worried about his illness that he didn't sleep all night.

"Your Highness, it's time to change your clothes and go to court. It's almost time."

Eunuch Lu called out in a low voice from outside the door. His Highness had returned with Lulu in his arms last night and had not slept a wink.

Creak.

The door opened.

"Find a reason to decline." His Highness, who was unstoppable by wind and rain, said without a second word. Eunuch Lu was stunned, but he did not say anything.

The door closed again with a clang.

His own baby was sick, and the Crown Prince was not in the mood for political affairs.

The Imperial physicians took turns to enter the eastern Palace, and even the old principal came overnight.

"Your Highness, miss Lulu's anxiety is a mental illness. However, how could a five-year-old child have such a serious mental illness?" The Imperial physician mumbled in confusion.

The Xia family was also invited into the mansion.

Yesterday, when she found out that Jiang yubai had killed her mother, she had shed tears on the spot.

She didn't know if it was for herself or for the lamentable old lady.

He only felt a sour feeling in his heart.

Back then, the old lady had defended Jiang yubai in every way possible, and Jiang yubai had also made her suffer in order to be filial to her mother.

However, when she left the Jiang family, it turned out that they weren't that kind of mother and son. They could even put on a show of killing each other, which made her heart feel more and more uncomfortable.

However, all of this disappeared after he found out that Lulu was sick.

He was not the only one who could not enter the eastern Palace.

Those evil spirits and Yin spirits could not even get close to the eastern Palace. He was so anxious that he paced back and forth outside the eastern Palace. Once he was angry.

Taking advantage of the night, she entered the dreams of her eldest son, second son, and second daughter-in-law. That night, they took turns to give him twenty slaps.

The old master's arms were sore from the swinging.

The next morning, the bailiff found the faces of the three Jiang clansmen in the cell swollen. They thought that someone had used private punishment, but they couldn't find the suspect no matter what.

He could only give up.

The old master was furious. The Jiang family's seedlings were all crooked. He was just waiting for Lulu to wake up and beg for mercy.

Even if these two brats were to die, he would still have to help them loosen their muscles and bones.

At this moment, Lulu's body was still burning with a high temperature, and his Highness was so anxious that he flew into a rage.

The entire Eastern Palace was cautious and did not dare to make the slightest sound, afraid of angering His Highness.

Lulu had been burning for two days!

Jiang yubai and Jiang Yuqing were immediately sentenced to be beheaded at the meridian gate, not even letting out a breath of air.

Yuan Shi was punished with three years of imprisonment for not reporting the matter.

On the other hand, no one wanted Jiang huailin in the residence. This kid directly carried a small bag and said that he was looking for his biological sister, Jiang huaijin.

With this search, they found Jiang huaijin, who had been hiding in the first Prince's residence.

Jiang huaijin was so angry that he cried and scolded her. Initially, no one remembered that she was the daughter of the mother-killer. Now that she was pulled out, she cried a few times in anger.

The Crown Prince had not gone to court for three days, and it was said that the little girl in the residence was sick.

The first Prince's henchmen took the opportunity to write a book, stating that Jiang huailu was a demoness who ruined the country.

If this woman was left alive, the world would definitely be in turmoil.

It would cause His Highness to lose the emperor's heart.

Who knew that in the official's mansion where the speech was held that day, it only took one night. His entire clan had been exterminated, and the entire court was shocked.

No one would be able to find the murderer!

His Highness the Crown Prince was furious, and he would punish whoever he caught.

She said bluntly, "demonesses all have full breasts, narrow hips, and long legs. Is there a round demoness like her?" If bengong hears him call her a demoness again, bengong will cut off his tongue!" Lu huaijiang was infected with a chill. No one dared to provoke His Highness, who was extremely murderous in his rage.

Everyone suspected that it was the Crown Prince, but no one had any evidence.

They could only drop the matter, but no one dared to discuss it again.

Jiang huailu, the person who suppressed the soul, made everyone guess that he was probably His Highness's lifeblood.

Old master Lin, who had just recovered from his illness, was now furious again..

Chapter 553 - 553: Resisting waking up (1)

Old master Lin was very sick.

He was the pillar of the Lin family, and the Lin family had always taken good care of him. If the old master collapsed, then the courtiers that he had worked so hard to win over would be on the verge of collapse.

However, he did not expect that he was actually angered to the point of falling sick by a child who was only a few years old.

If one were to talk about logic, how old was he? A child's words carried no harm, and he brushed it off with one sentence.

On the contrary, old master Lin was known to be narrow-minded and couldn't even tolerate a child. He could only swallow this loss and swallow it.

Old master Lin was sullen, and the more sullen he was, the more ill he became. He couldn't even get out of bed.

The Lin family's days weren't easy, and the atmosphere in the eastern Palace was tense.

Everyone in the eastern Palace wished they were dead. They couldn't let His Highness see them, or they would be in deep trouble.

"That old bald ass still hasn't returned?" Lu huaijiang suppressed his anger. In the morning, he was still calling him a Holy monk, but in the afternoon, he was calling him an old bald donkey.

Eunuch Lu's face twitched, but when he saw Lulu's pale face, he could not say a word.

"I've already had them captured. Catch any monk you see, you'll be able to catch him."

Just as he said that, the shadow guard appeared in the courtyard, frightened.

This gave eunuch Lu a huge shock.

"Your Highness, we've found master yixu." As soon as he finished speaking, a monk in an extremely sorry state walked in with a dark face.

"Master yixu is giving a sermon to the people. It's to guide the world that money is just a worldly possession ..." At that time, master yixu was very serious in his speech, and the hidden guards gave all the audience ten taels of silver.

Master yixu was abandoned.

Money was just a worldly possession. Tsk, tsk, Grandmaster's expression at that time was not very good.

Master yixu's beard was in a mess, and he was in a sorry state. His monk's robe had been torn to pieces!

In order to find him, Lu huaijiang had printed his portrait on the wanted order. If you catch him, you will be rewarded with a thousand taels of gold!

If they caught him, they would become rich overnight. The people were going crazy over him.

Master yixu ran back to the capital in a hurry, and his shoes were chased off.

"Let's go see Lulu!" Lu huaijiang suppressed his anger and didn't want to say a word.

He directly pushed the door open and entered.

Hearing Lulu's name, master yixu's expression finally turned serious, and he hurriedly followed behind.

As soon as he entered the house, he could feel the heat.

Master yixu looked left and right. Lu huaijiang lowered his voice, afraid of disturbing the person in his dream.

"Ever since Lulu's fever, this room has been filled with a dry heat." In just three days, the meat that Lu huaijiang had painstakingly rejuvenated had directly slimmed down. Even the Python robe seemed a little loose.

Xia Shi's throat was hoarse as she endured the fatigue.

"Master, please save Lulu!" Xia Shi held her daughter's hand and kept crying. Why did Lulu always have a high fever? this had almost become a thorn in her heart.

Master yixu lifted her eyelids and looked at her. He then touched her forehead and checked her palms and feet.

"Did she experience some kind of trauma? Something that she shouldn't be able to handle." Master yixu saw that her forehead was burning. The little girl's brows were tightly furrowed and her head was covered in sweat.

He seemed to be extremely resistant to waking up.

Mrs. Xia suddenly cried out, her fists clenched tightly!

Damn it, he really deserved to die!

Lu huaijiang took a deep breath, as if his breath carried the smell of blood. "It's Lord Jiang." A red light flashed in his eyes.

"Jiang yubai killed his own mother in order to return to the Imperial court. Lulu is at the scene." Jiang yubai was Lulu's father. How could a child like Lulu bear the sight of his father killing his grandmother?

Moreover, she was different from others!

Master yixu frowned.

“This child is different from others. Other people were born with a blank piece of paper, but she was different. The heavens have the virtue of taking good care of all living things, that's why they bestowed her.” Master yixu's words made Madam Xia cover her mouth and look at Lulu in shock.

He did not dare to spread these words.

At the beginning, the Ming family's girls were beautiful and had produced several generations of empresses.

It was said that the Ming family's girls ruled the world.

In the end, all the girls of the Ming family had been robbed and killed until only the branch family was left. She even went far away to shengjing city and hid her name to survive.

Hearing such high praise from the master, Xia Shi was both happy and afraid.

“She was born with the kindness of the heavens, so she naturally grew close to the people. Naturally, they treated the people with kindness. But Lord Jiang was her father, yet he had committed such an unpardonable crime. Let her ...” let her doubt the human world and the people doubt everything.

“She's young and doesn't know how to relax. Now, he's just resisting and not willing to wake up, not willing to open his eyes to see this dirty world.” Master yixu looked at Lu huaijiang deeply after he finished speaking.

Lu huaijiang's back turned cold and he pursed his lips slightly.

“Master, what should we do about this?” The Xia family was on the verge of tears.

Lulu was suffering inside. She had been harmed by her own father.

“Madam Xia, please go out and rest for a while. You can't control your emotions now, and if Lulu finds out, she'll be sad. Why don't you go outside the hall and calm down first?” Eunuch Lu saw His Highness's expression and bowed to persuade Madam Xia.

Jiang Huai 'an's beard had grown unkempt during this period of time. He supported his mother as they walked out of the door.

He could vaguely sense that Lulu was very dependent on Lu huaijiang.

Lulu's extraordinariness could be faintly revealed, and it was also good that the Crown Prince would take care of him.

He was not willing to submit to anyone, but if he could protect his only sister ... Even if he didn't win the hearts of the people and went against the Jiang family's ancestral teachings by submitting to the Crown Prince, it wasn't impossible.

The door closed with a squeak.

Master yixu took out a piece of white cloth from his bosom. He could faintly smell the sandalwood scent of incense offerings.

“This is a treasure that has been passed down from generation to generation in the National temple. A sarira.”

“This is the sarira of the thousand-year-old Arhat. Back then, the Arhat did not leave anything behind. Only this relic was left behind.” Master yixu placed the sarira in front of Lulu. As soon as the sarira got close to Lulu, the dull sarira immediately flew up.

It glowed with a soft light as it floated in the air, nourishing Lulu’s body and mind.

“This sarira has been passed down for a thousand years, but no one has been able to awaken it. It was not until your news came that I realized that it had another mission.” This sarira was originally left for her by fozi.

The son of Buddha loved the world when he was alive. After his death, he left everything to his daughter.

Lulu’s complexion visibly improved when the light touched him.

Lu huaijiang heaved a sigh of relief.

He wanted to reach out to touch Lulu, but the moment his palm touched the light

It suddenly shrank back.

Fear flashed in Lu huaijiang’s eyes, but he didn’t seem to see it.

The Crown Prince clenched his right hand into a fist. His palm was a bloody mess, as if it had been burned by heavenly fire.

Fozi had good intentions towards Lulu, but he harbored bone-chilling malice towards him.

Lu huaijiang’s eyes darkened and his fingertips trembled slightly.

“This sarira originally belonged to her. She will wake up after she has absorbed the sarira. Amitabha.” Master yixu stood up, put his palms together, and chanted the name of Buddha..

Chapter 555 - 555: The breath of the Arhat (1)

The Crown Prince didn’t stop him, and Yi Xu went out directly.

He walked out of the eastern Palace.

Master Yi Xu’s emotionless face seemed to show an emotion that he shouldn’t have.

“I only hope that you can escape this calamity. It’s not in vain that the Arhat crossed a thousand years to plan for you and take refuge for you.”

A soft sigh dissipated into the air.

Lu huaijiang, on the other hand, was lying in front of the bed, staring blankly at the bloody palm. Just as eunuch Lu came in, Lu huaijiang hid his right hand under his sleeve, and nothing could be seen.

“Let’s see if Lulu’s still on fire, ” Lu huaijiang said casually.

Eunuch Lu was stunned. His Highness did not even allow him to touch it. He was afraid that he was too tired.

He quickly went up to check Lulu’s forehead, and he could see through the light without any difficulty.

“Oh, Your Highness, miss Lulu’s fever is starting to go down.”

look at how his face has turned red. What kind of treasure is this, master yixu . When this servant reached out and got close, I only felt warmth, as if all the fatigue in my body had dispersed.” Eunuch Lu’s entire body felt relaxed. He felt that this was a treasure that could prolong one’s life.

Lu huaijiang lowered his eyes slightly.

When he touched it, his whole body felt like it was being cut by a knife. It was the son of Buddha’s remaining will that was deterring him from approaching.

He wanted to ask if the sarira had something to do with Lulu, but yixu had already left the eastern Palace.

He could only give up.

“This servant will first go to the kitchen to take a look. One fear that young lady is about to recover. When she wakes up, there will be hot porridge to eat.” Eunuch Lu ran away happily, and the hall quickly became quiet again.

“The meat that bengong painstakingly nurtured, you only used three days to finish.” Lu huaijiang sighed.

The tall man squatted down and studied Lulu’s face.

“Wake up. Bengong will no longer control what you want to eat. If you don’t want to do homework, bengong will help you do it.” Lu huaijiang whispered in her ear.

Seeing that her breathing was even and that her face was no longer hot, he couldn’t help but reach out to touch her.

The moment it touched the light, the soft light seemed to become sharp and ruthless.

This light seemed to be targeting him only!

Lu huaijiang gritted his teeth. It was so painful that he was sweating profusely. His shoulders were trembling as he gritted his teeth. But he refused to let go of her and continued to caress her face as he called out to her.

“Lulu, please wake up. Brother Lu said that he would protect you and let you do whatever you want without suffering.”

“I’ll never abandon you, brother Lu. I promise. I’ll never abandon you. Lulu, please wake up ...” Blood seeped out of Lu huaijiang’s hands, but he refused to let go.

An aura that contained Buddha’s will seemed to overflow, causing Lu huaijiang to frown.

His entire body was stiff.

“It’s said that the Arhat loves the world, but he would actually do something like hurting people for no reason?” Lu huaijiang’s eyes were cold as he squinted his eyes.

The Buddha will attacked him even more.

“Yes ...” Lulu suddenly let out a muffled moan.

In an instant, all the Buddha intent disappeared without a trace. It was as if it had never existed.

Lu huaijiang was startled. He wiped the blood off Lulu’s face and hid his right hand behind his back.

“I think I can feel father’s aura.” Lulu opened his eyes, his voice still weak. Seeing that she had completely woken up, Lu huaijiang heaved a sigh of relief.

For a moment, the world seemed to be spinning.

It had been three days. Lulu had been unconscious for three days, and he had not eaten or drunk anything for three days.

Lu huaijiang’s eyelids twitched when he heard her mention her father.

He had already killed her father three days ago.

Her head was still hanging in front of the city gate, Lu huaijiang did not dare to tell her!

Chapter 556 - 556: I will never betray you (1)

Lu huaijiang swallowed his saliva.

“Uh ... Your father didn’t come. He can’t come.” After all, he was only left with his head.

Lu huaijiang began to reflect on whether he had executed it too early.

“Only master yixu came and gave you a Buddhist son’s sarira. It’s said that the Arhat left it behind before he died, and it’s been passed down for a thousand years. It only bloomed when it met Lulu, the fated one.” Lu huaijiang picked up the sarira that had fallen down.

He pinched it, but it was still hot.

His left hand was so hot that it was about to break.

Lu huaijiang secretly gritted his teeth. Was this damn monk targeting him?

You died a thousand years ago, when did this Prince ever provoke him?

The little girl took the sarira and gently placed it on her cheek. Her little face showed a rare expression of admiration.

Lu huaijiang frowned slightly, as if there was something he didn't know.

"I know, he's waiting for me." His godmother had said that he had left nothing for Lulu, but Lulu knew that he had already left behind his most precious thing. Lu huaijiang did not ask. Lulu had many secrets that he could not pry into.

If Lulu had been a boy, he would have killed him without hesitation!

This must be the legendary son of heaven's mandate!

The kind of person who was born to be loved by the heavens.

But Lulu was a girl, and she was born to be delicate. What else could Lu huaijiang do?

"Master yixu said that you'll fully recover after you absorb this sarira. I'll hang it around your neck." Lu huaijiang looked at the sarira coldly, it was not pleasing to the eye.

He might not be compatible with this Buddhist relic.

They were born incompatible!

But he said nothing and hung the sarira around Lulu's neck.

It was just an eyesore.

Lulu was overjoyed when he put on the Buddhist relic. At this moment, other than the slight paleness of his lips, his face was already glowing red.

"Lulu, don't ever do this again, understand? Jiang yubai was the one who killed his mother. He was the vicious one. Lulu, you're not allowed to overthink it. You're not allowed to seal yourself!"

"Isn't it said that the relationship between a mother and her son is the toughest and most touching thing in the world?" Lulu's eyes were a little dazed.

"Liu-Shi is not good to my mother and me, but she is very sincere to the son she gave birth to, and wants to give everything to him. Why did Jiang yubai want to kill her?" Lulu did not understand.

"If we can even give up the love of birth, then what is the meaning of the human world's existence?" Luluwei was confused.

Lu huaijiang held her face gently to stop her from thinking and let her look at him.

“Lulu, Liu-Shi’s misfortune is her own doing. She doted on her son, and she suffered the consequences of her own actions.”

“Lulu, the people of the world value power and profit! But you have to remember, brother Lu will never betray you. I will never do that.” The young man stared at her deeply.

The two of them looked at each other, and the little girl’s uneasy heart calmed down a little.

Not long after, eunuch Lu sent someone to serve the meal.

Lulu had some light porridge and some easily digestible food.

Lu huaijiang was not allowed to eat anymore.

eat it after you’ve recuperated. Otherwise, it’ll hurt your spleen and stomach. Seeing her pouting, Lu huaijiang’s heart was finally at ease.

“Your Highness, you should also have some food. He hadn’t eaten or drunk for three days, his body couldn’t take it anymore. If niangniang knows, I’m afraid she will be scolded.” Eunuch Lu said in a low voice.

Lu huaijiang glanced at him, and eunuch Lu hurriedly lowered his head.

The eastern Palace had always been strict with rules. If news of this were to spread to the outside world, their tongues would be cut off.

Back then, female official Yao ...

Eunuch Lu shivered..

Chapter 557 - 557: The old man who loves to listen to gossip (1)

Female official Yao had disappeared from the eastern Palace.

No one knew where she had gone.

It was as if this person had never appeared before.

However, eunuch Lu knew that she would rather die than live.

She was talkative, instigating trouble, and even touched the heart of His Highness.

His tongue was cut off.

She took Lulu around the Imperial Garden, making Lulu’s feet bloodied.

His Highness locked her in a red-hot iron house. She jumped non-stop all day. Eunuch Lu fell sick after taking a look at her.

His Highness was still that cruel and unkind Highness.

But now that he had a weakness, he hid all of it in the deepest part of his body.

Eunuch Lu took a deep breath. When he saw His Highness looking at him, he quickly went forward to serve His Highness. That Buddhist relic was indeed useful.

Lulu was soon full of energy.

After his Highness had his meal, he could not take it anymore and returned to his sleeping chambers to rest.

“If Lulu feels unwell, wake me up immediately. There can’t be the slightest delay.” Lu huaijiang fell down after he finished speaking.

Eunuch Lu was helpless.

“This Eastern Palace doesn’t even look like the eastern Palace.”

A year ago, the eastern Palace had been cold and lifeless. If His Highness went to bed, no matter what happened, he was not allowed to bother him.

She could only wait outside until he woke up.

And now ...

The eastern Palace was filled with things for children to play with, and kites that could not be taken down were hanzinz on the trees. There was a soccer ball here, a shuttlecock there, and everywhere was the trajectory of a child’s life.

Miss Lulu’s appearance had completely upended His Highness’s life.

He still did not understand why His Highness only doted on her.

The two of them had never met before.

Just because it could suppress His Highness’s soul? But before that, he had never heard of Lulu being able to suppress the soul!

It seemed more like a method to keep Lulu in the eastern Palace!

Lulu was full and wanted to go out for a walk, but he lost interest when he saw the long line of people following behind him.

After making a hand seal, master Jiang stood in the eastern Palace.

“You’re finally awake. Are you feeling well? Well, you’re the Savior, so I’m worried for nothing.” Master Jiang patted his head.

“That’s right, I gave those two unfilial children a few big slaps. ‘Lulu, can grandfather please grant me a favor?’ Can you not let your father go? I have to break his bones!”

Master Jiang was furious. Unfilial son, unfilial son!

Lulu waved his hand and agreed.

There was no problem at all.

After the business was done, master Jiang didn’t have time to lament about his son killing his wife.

Instead, he came over with a burning gaze. "Come, come, come, let's have a chat. Why are you living in the eastern Palace now? How can His Highness tolerate your misdeeds in the eastern Palace?" Master Jiang took out a Sunglow flower from somewhere.

The flowers had already bloomed under the sun, and the melon seeds on them were still a little moist. They didn't feel hot when eating them, and they even had a unique fragrance.

The old man and the young man hid among the flowers.

"His Highness is my brother. Hmph!"

"Hey, didn't you say that His Highness was the richest person? He didn't even have enough money to buy clothes, jewelry, or food for Lulu. Did Lulu eat him until he's broke?" The little girl took off her clothes and jewelry, and master Jiang's eyelids trembled as he watched.

"Also, when he brought me into the Imperial College, I made the whole class cry, and the Crown Prince even went to apologize to each and every one of them. Al ... The Grand tutor was so angry that he fainted, just because I emptied the statue of the Saint!"

"The last time you took me to the Imperial study to discuss matters, I used the Jade seal to stamp everyone. He didn't cover it for Lord Lin, and in the end, Lord Lin fell sick from anger. Do you think I should go and apologize? I seem to always cause trouble for Your Highness!" The little girl fumbled for a long time.

However, master Jiang's smile grew wider and wider as he listened..

Chapter 558 - 558: She doesn't understand the old man's sadness (1)

"No need to apologize, no need to apologize. What's there to apologize for? he's already an old man, why would he bother with a five-year-old child like you?"

"He doesn't have any face. If you go and apologize, I'm afraid he'll be so angry that he'll fall sick again." Master Jiang stroked his beard, his face red.

His wife had just died a few days ago, and his two sons had been beheaded ...

it's better to have a back door. I can hear so much gossip that I can't in the netherworld.

"It's karma. You should ..." I asked you to exile my Jiang family back then, and now you're in my granddaughter's hands, right?

Old master Jiang smacked his lips and munched on two more melon seeds. He was so happy that he was bubbling.

"That's right, help me burn down two houses tomorrow. Plant more flowers and grass ..." The old man did not forget to talk business with his granddaughter.

“The old lady is dead, and you’re not going to be buried with her?” Lulu looked at him in shock. You’re not going to look for her? I’m afraid she’s about to be taken away by the messenger of death.”

Master Jiang sighed faintly after hearing that.

“It’s a good thing I’m buried in Huangdu. If they were buried together, they wouldn’t be living such carefree days. The two children in the residence had been spoiled like this. A person’s death is like the extinguishing of a lamp, let her be reincarnated.”

“It’s just that I’m a little lonely ...” The old man looked up at the sky sadly, and then secretly glanced at the little girl.

“Ah,” the little girl replied, “then I’ll burn a few servants for grandfather.” I can also play chess with you and do things for you.”

The old man paused.

“Men aren’t that attentive after all. That’s true, I’m just an old man, who would serve me so carefully?” The old man said slowly.

Lulu nodded without a second word. “You’re right. I’ll burn a few servant girls for you.” I’ll make sure they’re more careful.”

The old man’s expression froze and he coughed lightly. Seriously, it was not easy to fool a child.

He was young, so it was hard to say.

You can’t say that I’m going to change your grandmother, right?

Seeing that Lulu didn’t understand, the old man added, ““Do you want to go see her? Although we were once husband and wife, but a person’s death is like a lamp going out. The old man is no longer her husband.”

Lulu shook his head silently.

The old lady knew that she was the Savior and was burned by the heavenly fire, so she was already afraid of her.

He was afraid that he would be even more shocked to see her now.

Lulu couldn’t help but nod at the old man’s open mind. That’s right, he’s already dead, so why worry about so many things?

He thought about this and that in his life and didn’t have any leisure. When you die, you can’t live for yourself.

After his death, the old man became more irritable and did as he pleased.

“Lulu will burn paper money for you tomorrow, so don’t worry. Also, Jiang Huailin, do you want to go and take a look? He went to look for Jiang Huaijin.” Lulu ate two melon seeds, but didn’t dare to eat more for fear of getting heaty.

With his back to Lulu, master Jiang held the sunflower in his arms and waved at her.

His figure gradually disappeared.

For some reason, Lulu felt that his back was filled with sorrow and loneliness. He seemed to have some difficulties that she could not understand.

The sun had just risen, and there were gradually sounds on the streets.

Eunuch Lu looked at the time and realized that he had slept for about two to four hours. His Highness should get up and go to court.

Lu huaijiang wasn't a procrastinating person. Hearing the sound, he got up and washed up. "Is Lulu feeling better? And high heat? Have you had breakfast?"

Eunuch Lu saw that His Highness was concerned about Lulu when he opened his eyes and hurriedly replied, "'I'm fine. I've only been lying down for a few days, but I'm still very energetic. He had already gone out for a walk. Quickly get up and have some breakfast. After you're done, you can rest for a while."

Eunuch Lu had someone serve breakfast, but the sky was still dark.

His Highness then set out for the palace..

Chapter 559 - 559: Taking one of the Twin souls and keeping the other (1)

His Highness had never slacked off since he came to court.

The four days of absence of morning court had already caused the officials to discuss.

If he didn't go out now, he was afraid that he wouldn't be able to suppress the rumors.

Eunuch Lu pondered in his heart. The little kid raised in the eastern Palace was different after all.

In the past, what His Highness said the most was: Punishment! Kill!

[ now, little ancestor, hurry up and eat two mouthfuls. Little ancestor, don't cry anymore. Little ancestor, you're in trouble again? ]

He had to suppress his temper and speak softly so as not to scare the little girl.

What a huge change.

No matter how bad His Highness "temper was now, he had to suppress it when he saw the little girl. It was really true that everything had its weakness.

Lu huaijiang entered the palace, but Lulu had changed her clothes and gone out to meet her friends.

"Lulu, you've finally recovered. I've come to the eastern Palace several times, but His Highness has never let me in." Yang pinfeng looked at her with a burning gaze, and Wen ruyin followed behind him.

Wen ruyin was now fourteen years old. Her figure had long since grown, and she was graceful and well-proportioned. Her eyebrows carried a bit of heroic spirit, which was quite eye-catching.

Now that she had not entered the Directorate, she had begun to take over the Wen family's business.

What was surprising was that although she was a woman, she seemed to have the intention of surpassing the direct line of elders.

The eldest grandson of the Wen family was Wen Gou.

She was two years younger than Wen ruyin, arrogant and domineering, and had no talent at all. She had peed her pants because of Lulu the last time and was much more low-key in the Wen family now.

“Lulu, how are you feeling? This is a gift for you to nourish your body.” Wen ruyin passed the small box to her. Lulu could smell the faint spiritual Qi from the box.

It was probably some spirit plant that was born and grown in the world.

“Thank you, ah Yin. Ah Yin, are you used to it now?” Lulu tilted his head and looked at her.

Everyone thought she was asking if he was used to coming to the capital, but only yang pingfeng and Lulu knew that she was asking if he was used to this body.

“It’s alright. It’s just that she didn’t want to come back.” Ah Yin’s brows were slightly disappointed.

“If it’s possible, I would like to meet her personally.” Ah Yin pleaded.

Yang pingfeng told him that asking Lulu for help might be possible.

But he had a sister, and she didn’t want to force Lulu. It all depended on whether Lulu was willing or not.

Lulu had slept for a few days and was in good health.

“Go and find something that she likes and is most attached to.” It will take at most an incense stick’s worth of time, it won’t do for long.” Wen ruzhu was a living soul that had yet to pass away, and staying too long was not beneficial to the soul.

Wen ruyin’s eyes brightened, and she looked at Lulu with gratitude.

“I’ll be waiting for you on the boat on the moat in an hour. I’ll have to trouble you, miss Lulu.” After Wen ruyin finished speaking, she hurriedly got into the carriage and went back to retrieve her things.

Yang pingfeng sneaked over, “I’m taking a break today, and I have to go to school tomorrow. Can I come to the eastern Palace tomorrow to visit? Just say that you don’t want me to leave and keep me in the eastern Palace. I don’t want to go to class tomorrow!”

“It’s time for me to go to the Directorate tomorrow,” Lulu said, looking at him sadly.

The two of them looked at each other and sat in front of the eastern palace gate.

Her head drooped, and her back looked extremely sad.

They all sighed.

“Sigh, it’s so difficult. It’s even harder to be a student.”

Fortunately, the two of them didn’t grieve for long. Just then, a servant came over with a carriage. They got on the carriage and went to the moat.

Yang pinfeng sat in the carriage and suddenly sighed.

“Do you like ah Yin or Zhu Zhu?” Yang pinfeng leaned against the carriage, his eyes empty. Zhu Zhu or ah Yin, one of them was going to be lost.

no matter who I choose, I will still feel regretful.

“Actually, ah Yin has already come to find me a few times..”

Chapter 560 - 560: The calamity of the Twin souls (1)

“He came to me before the new year.”

“He wants to exchange for zhuzhu. Ever since he entered this body, he has been taking care of his stomach and body every day. He has been training his body to become stronger every day.”

“Zhu Zhu’s body is too weak, so weak that she can’t even withstand the wind.

Ah Yin has already helped her recuperate.”

“I’ve also stabilized the Wen family’s power, that’s why I have the time to come and find you.”

“Zhu Zhu, since you’re back, I’m sure the road won’t be difficult. Ah Yin has already laid it out for her. ” Yang pinfeng had seen him get up early to exercise, and big drops of sweat fell from his forehead.

He yearned for the life in the mortal world, he yearned for the warmth of the mortal world.

He hid in the depths of zhuzhu’s consciousness and did not dare to show his face, only looking at everything with desire and envy.

Now that he was truly in control of this body, he did not enjoy it at all. Instead, he tried his best to improve everything for her.

Just to share some of her sister’s burden.

“If I leave zhuzhu behind, I’ll be letting ah Yin down. Ah Yin had never seen this world with his own eyes when he was born, and he was deprived of it. ”

“Leave ah Yin behind, but Zhu Zhu came to this world. This body and all of her life should have belonged to her.” Yang pinfeng grabbed his hair in frustration.

This was also the reason why he had not brought Wen ruyin.

He would drag it out as long as he could.

“Let’s go and take a look first. Ah Yin has come to find me, I’m afraid he is determined to return the body.” Lulu could see the deep longing in his eyes, but there was more determination.

He loved his sister.

From the moment he started paving the way for Wen ruzhu, it could be seen that he naturally did not want his sister to live her life in darkness.

The carriage creaked through the capital.

He headed straight for the newly developed Street.

A Lake had been developed there, and there were many pleasure boats on it.

“I’ve conquered this world for you, and you have everything you need. I’ll Take You There when we have time.” Yang pinfeng didn’t forget to point.

That’s right, the heavenly clothes Pavilion was also his.

Lu huaijiang was using his own money to buy something for Lulu ...

He was really pitiful.

He was poor, but Lulu, this little kid, was rich.

Wen ruyin rarely wore men’s clothes. Ever since he returned to the capital, he had been wearing women’s clothes. He tried his best not to let people leave any evidence for his sister. At this moment, he was wearing men’s clothes, making it difficult to tell if he was male or female.

“Miss Lulu, young master yang, please board the ship.” Wen ruyin said in a deep voice.

Everything on the ship was set up according to the fire that Wen ruzhu had experienced that year.

It was also in that fire that she lost her mother.

The two of them boarded the boat, and the maidservant sent by the Crown Prince stood at the bow.

The boat slowly left the dock and went all the way to the middle of the lake.

“This is for my younger sister to calm her mind. Only by holding this dress can I calm my mind and rest.” Wen ruyin sighed and took out a piece of clothing from her bosom. It was a long skirt. The outer skirt had been burnt black, but it had been washed clean and seemed to be very precious.

Wen ruyin’s eyes were filled with heartache.

“Back then, she and mother were surrounded by fire on the ship. Mother took off her clothes and wrapped them around her before throwing her out of the ship. In the days after that, without this dress, she would not be able to calm down and sleep in peace.” Wen ruyin took a deep breath.

In fact, he was there when the fire started.

At that time, he was still young and would often inadvertently take his sister's body. As a result, her younger sister's memory sometimes had gaps, and her family would say that her younger sister was somewhat abnormal. However, his mother seemed to know of his existence..
