Chapter 581: Bewildered 1

Lulu looked up at Ming su.

“Big sister, you must do what you say. There’s a price to pay for going back on your word.” Lulu glanced at her silently. There were eggs, vegetables, and scallions on the table, with bits of oil floating on top.

Looking at Xiao Yu’s bowl, there were only vegetables, scallions and a few noodles.

There were no eggs or oil residue.

Everyone couldn’t help but sigh when they saw this. Even the little girls in the village were simple and honest.

Ming su gave the egg in her bowl to Xiao Yu.

“Lulu must be joking. Since big sister said it, I will definitely do it. Yu ‘er will be my sister in the future.” Ming su’s brows were furrowed the whole time, and the beauty’s furrowed brows were very beautiful.

“My family’s young lady has always been kind hearted. In the past, old master and old Madam had said this countless times. I’m afraid he’s going to nag me again after bringing back a younger sister.”

Ming su seemed to be a little embarrassed. Seeing that Lu huaijiang didn’t say anything, she shut her mouth.

Xiao Yu ‘er took a bite of the noodles and was stunned for a moment. She smacked her lips and didn’t say anything. She picked up the bowl and began to eat.

Everyone finished their dinner in a few bites, and Xiao Yu ‘er wanted to clear the bowls.

She was stopped by the maidservant.

“You’ve been hiding outside for four days and I’m afraid you’re tired. You should wash up first. You’ll feel more comfortable when you’re fresher. This servant will take the bowl and chopsticks.” With that said, he took the bowl and went out.

The little girl seemed to be touched.

“Go and wash up first. Don’t be afraid, big sister susu will go with you.” Ming su knew that she was afraid, so she went forward and held her hand to wash up with her.

“Honored guests. the kitchen has boiled some water. If you need anything later, you can just call me Yu ‘er.” Yu ‘er said in a low voice and left with Ming su.

As soon as the two of them left, the guards also went to patrol the various parts of the courtyard.

Only Lulu and Lu huaijiang were left in the room.

Yang Feng didn't dare to eat until Lulu moved his hand.

At this moment, he happily went out to wash up.

"Do you feel anything strange?" Lu huaijiang saw that she was particularly quiet tonight and asked her as he hugged her on his knees.

Lulu sighed for some reason, his eyes a little dim.

Lu huaijiang saw that she didn't want to say, so he could only give up.

He would never force Lulu to do something she didn't want to do.

Not long after, Ming su led Yu 'er, who had finished washing, back to the main room.

Ming su's face was full of smiles, "sister Yu 'er is actually so beautiful. I didn't even see it just now." However, this child was probably not in good health and kept complaining that her chest was stuffy. When we return to the capital, chennu will take a good look at her. "

Lu huaijiang didn't care about the green tea bitch. It's nothing more than wanting bengong to praise her for being kind, in her dreams!

Fortunately, the eunuch that Lu huaijiang had brought over had a sweet mouth and immediately praised him.

"Young lady's heart is kind and will definitely be rewarded." The eunuch said in a sharp voice.

Miss Ming smiled and declined. eunuch, you're too kind. Susu just can't bear to see the suffering of the people. "I can't even live a happy life, yet I can't bear to see the people suffer," he said with a bitter smile. He sighed.

"Miss Lulu, I'm a little scared. Can I sleep with you tonight?" Ming su said softly.

"Miss Lulu, are you willing to lend a helping hand?"

Lulu raised his eyes to look at Yu 'er, who then hid behind Ming su. "Yu 'er only wants to sleep with you." He said in a low voice.

"Since that is the case, miss Ming will bring her along. She's dependent on you, and I think only miss Ming can give her a sense of security. Bengong then brought Lulu to sleep." Lu huaijiang carried Lulu and left.

Lulu turned back to look at Yu 'er, who seemed to be at a loss..

Chapter 582: The most precious gift (1)

At night, there seemed to be no chirping of birds in the village.

It was so quiet that it was a little scary.

Lulu entered the house. Lu huaijiang was staying next to her.

Lu huaijiang sent her to the door and stood at the door for a moment. They had massacred the entire village, and what if Lulu was afraid?

After all, he was only five years old.

Lulu nimbly climbed onto the bed, but he didn't leave.

After hesitating for a moment, he thought for a moment and said in a low voice, ""Are you afraid? Don't be afraid, Lulu is just next door. If you're afraid, just call me." He must be scared standing at the door!

Lu huaijiang's face darkened and he turned to leave.

she had forgotten that she was the nemesis or evil.

Everyone was afraid of ghosts, but only ghosts were afraid of her.

Lulu's small face looked suspiciously at the door. "It's a man's pride. Is face that important? If you're afraid, then you're afraid." The little girl waved her hand and the door closed with a bang.

The bed was next to the window.

She gently pushed it open a little, then lay down and fell asleep.

She didn't know that her breath was still when she fell asleep.

Soon, there was a strange movement in the village. It seemed that there were people coming and going outside the village.

Other than Lulu, everyone else was awake.

He leaned against the door and saw the people wandering around the village with pale faces.

"It's their souls. After mortals die, messengers of death will come to capture their souls. I'm afraid that his soul is trapped in the village, and he will unconsciously wander around the village every day and night." Yang pinfeng said in a low voice before returning to his room to sleep. Yu 'er, on the other hand, leaned against the door and kept crying.

Ming su coaxed her back to the house. Yu 'er cried and murmured subconsciously, ""Yu 'er is so stuffy, Yu' er's chest is stuffy. Yu 'er is uncomfortable, Yu' er can't breathe."

Ming su had always heard her say that her chest was stuffy, so she coaxed her gently.

Gradually, he started to look tired.

The servant girl saw her impatience and immediately said, ""Yu 'er probably hasn't rested for a long time, so let's sleep first. You can sleep on the small bed. The two of them didn't sleep well. My girl's sleeping posture is not good." The servant girl smiled.

Yu 'er didn't mind and didn't say anything when she saw the maidservant take the new bedding from the cabinet.

He only touched the box under the bed.

“Sister mingsu, the things in this box are Yu ‘er’s most precious things. Thank you for protecting Yu ‘er. I’ll give you this gift. Do you want to open it and take a look?” Yu ‘er said in a low voice.

Ming su, however, had her back to her and did not say a word.

The maidservant immediately mediated.

“Young lady susu is tired, there is no rush to open tomorrow. When we return to the capital, the young lady will treat you. Don’t worry. Our Lady has a soft personality and a compassionate heart. You’re so lucky to have met a lady.”

The maidservant knew Ming su’s personality. When she saw the young lady’s back facing her and her body full of resistance, she understood.

Yu ‘er probably felt her cold treatment both outside and in private, so she just kept her mouth shut and did not say anything.

It was just that he talked in his sleep from time to time at night, so stuffy that his chest was so stuffy that he couldn’t breathe.

The next morning.

She got up before dawn.

When everyone got up, she had already prepared a farmhouse breakfast and piled it all over the table.

“This is the cured meat that father and mother were reluctant to eat in the past. It would be a waste if one did not eat it. It’s just that Yu ‘er’s cooking skills aren’t good. I think she’s lacking some salt.” The little girl was embarrassed, so Ming su returned to her usual gentleness and intimacy.

“You’ve already done very well. Quickly sit down and rest.”

Pulling her to sit beside her affectionately, Yu ‘er lowered her head, not as dependent on her as she was yesterday.

The little girl’s mind was very sensitive. Ever since Ming su gave her the cold shoulder in private yesterday, she had not been close to her.

She was a simple and honest girl, but she was also quick-witted.

“Let’s go to the threshing ground and take a look.” Lu huaijiang put down his bowl, his expression dark..

Chapter 583 - 583: Sea of zombies (1)

Ming su’s face turned pale. She didn’t want to go.

But seeing that Lulu was following her, she did not dare to show her fear.

He could only follow.

Xiao Yu 'er, however, held Ming su's hand and said softly, ""Sister mingsu, have you opened the gift Yu 'er gave you?" Her little face was filled with anticipation.

Ming su's expression stiffened slightly, and her hand that was holding her hand paused for a moment.

"Not yet. Sister mingsu was so concerned about the grain-sunning ground that she forgot about it when she woke up this morning." Ming su's voice was still soft, but this time, Yu 'er let go of her hand.

"What's the present?" Lulu stood behind the Crown Prince and asked with his head tilted.

Yu 'er smiled shyly,"actually, Yu' er can't really remember." She only remembered that it was extremely precious to Yu 'er and was very important to her. Yu 'er handed her over to sister susu. Only big sister susu can open it and make Yu 'er feel at ease." In her heart, Ming su was the person who made her feel the most at ease.

However, sister mingsu didn't seem to think much of it.

When she woke up in the morning, she had clearly dragged her suitcase out and placed it by the bed.

She stood outside the window and heard sister susu ask the servant girl to push the box in.

But she did not say anything.

Maybe his sister just had her own difficulties.

"I see. Miss Ming, Yu 'er trusts you so much, so don't let her down. Since she was willing to hand it over to you, it must be you who gave her a sense of reliance." Lulu was all smiles as he skipped in front of Lu huaijiang.

"Yes, I'll cherish it." Ming su clenched her handkerchief.

"Can you open it when you come back?"

Yu 'er immediately smiled, and her eyes lit up.

She couldn't remember what was inside, but she couldn't forget it. She even felt a little scared.

The group of people then headed towards the threshing ground.

Ming su covered her mouth and retched.

"I didn't do you any harm by telling you to eat less in the morning, did I?" Lulu looked at yang pingfeng, reminding him not to eat during the meal. Yang pinfeng had always listened to her, so he immediately followed her on an empty stomach.

Yang pinfeng looked at her in despair.

I didn't eat it, so I can't spit it out.

But you f * cking ate two big bowls, including my bowl.

He seriously suspected that Lulu was not doing this for his own good, but for his farmer's food. After all, Yu 'er had even slaughtered her own chicken this morning.

Everyone's faces were extremely ugly and their stomachs were churning, but she was the only one who seemed fine.

The closer they got, the more uncomfortable their stomachs felt.

Yu 'er, on the other hand, was in tears. She sobbed silently when she saw the blood on the ground.

When he saw the corpses in the distance, he let out a cry.

Ming su immediately vomited. The maidservant supported her, but she didn't dare to go any closer.

Ming su struggled to get up, but when she raised her head and saw the sea of corpses, she immediately felt disgusted.

Yu 'er suddenly burst into tears and flung her hand away. She ran toward the sea of corpses.

"Grandpa Chen ..

"Aunt Qian, wuwuwuwu ..."

"Where's daddy? where's my daddy?" Yu 'er cried as she dragged the corpse. When she saw the familiar person inside, she burst into tears. His hands were covered in dried blood, and he lay on the sea of corpses like a madman.

The always compassionate miss Ming didn't dare to get close.

Lulu stood at the edge, his eyes fixed on the ground. The simple yet strange pattern on the ground made her squint her eyes.

"This is a Summoner priest." Lulu kicked at the bloodstains on the ground. She was sure that they were drawn with blood.

At this moment, it was mixed in with the blood. Although it was not very conspicuous, she could still recognize it..

Chapter 584 - 584: The him at the beginning of the world (1)

"Summoning, sacrifice?"

"What the hell are they trying to summon? It required so many lives and so much blood to summon? It doesn't sound like a serious thing." Yang pinfeng clutched his nose and frowned as he saw Lulu approaching.

Lu huaijiang glanced at him. At this moment, Xiao Yu 'er was already sitting on the ground in a daze.

His hands were covered in blood, and his throat was hoarse from crying.

His eyes were filled with fear.

She didn't know why the village, which had always been peaceful, would suddenly have such a nightmare. All of them died in one night.

Xiao Yu 'er sobbed soundlessly. Her throat could not make any sound, and her hoarse voice reeked of blood.

"It's not something that should exist in the Yang realm anyway." Lulu furrowed his brows in disgust.

"I've read about this sacrifice in an ancient book. It was said that the world was fair. It gave birth to two stones at the same time in the chaos."

"It's either black or white, one black and one white."

"The black area is always hidden in the dark, and it's extremely inconspicuous. The White part was the first to transform into a young girl who was ignorant of the human world and walked around."

"Then, when the woman was bored, the heavenly Dao followed the heavenly mandate and sent her a companion. The son of heaven's mandate thought that his mission was to save the world, so he gave up women for the world and built the divine Palace. He didn't know that the woman was the God of creation, but she was going through the tribulations in the mortal world because of him."

"In the end, the God of creation returned to his divine position for various reasons, but he also lost his kindness to everything in the mortal world. She was neither evil nor good. It's just that as a God, she's a supervisor, so the people are afraid and don't dare to act recklessly." The little girl's story was clear and logical, even Lu huaijiang calmed down to listen to her.

"Isn't that a good thing?"

"The good and evil of the gods will be infinitely magnified for mortals. Moreover, if the gods had good and evil, and if they had likes and dislikes, they could not achieve absolute fairness. It's already good enough that he's intimidated." Although yang pinfeng was a little scared, he was right. This made Lulu think more highly of him.

"It's just a saying, but mortals have greed, anger, obsession, hate, love, and evil desires. They had countless evil intentions and were intimidated by the gods and rules, so they did not dare to act recklessly. However, behind his back, he revealed his evil intentions."

"At the beginning of the world, when the God of creation transformed, it was a pair of heaven and earth stones."

"She's out, but where's the other piece?"

“The vicissitudes of life have gone through thousands of years of tempering. That black stone had been absorbing the dirty will of the heaven and earth, of all the people in the world. The evil intentions of mortals are all nourishment for him, allowing him to grow stronger day by day.”

“When the God of creation descended to the human world, she was the leader of the people.”

“When it was his turn, he silently reincarnated as a lost and innocent wandering soul. After experiencing everything in the mortal world, every bit of intense emotion would lead to his brutality. He has already reincarnated countless times ...” Lulu’s voice lowered.

“What will happen to him in the end?” Yang pinfeng’s emotions were stirred.

“The God of creation is the good of the heavenly Dao. He was the evil of the heavenly Dao. Every time he reincarnates, his power will grow stronger.” Lulu blinked her eyes. Lu huaijiang suddenly reached out to hold her.

“His power is sealed by the shackles of the world. Only under repeated brutal attacks can he gradually break through and regain his memories. This ritual is summoning a wisp of his soul.”

“A trace of his soul is enough to destroy this world.” Lulu looked up at the blood-red Horizon, his eyes slightly dazed..

Chapter 585 - 585: The evil intentions of heaven and earth (1)

“I don’t know where the little girl heard this story from. His Highness is a scholar and has been taught by the Grand tutor. Would he believe your words?” Ming su felt uncomfortable vomiting and could faintly hear a few words. She couldn’t help but retort.

“There’s no harm in listening. Besides, Lulu often goes in and out of the National Guard temple and has read many ancient books that outsiders can’t see.” Yang pinfeng couldn’t bear to see others criticize Lulu, so he immediately retorted.

Ming su pursed her lips and lowered her head slightly, as if she had been wronged.

“I told you it’s an ancient book. Believe it or not.” Lulu’s eyes almost rolled to the back of his head.

“The sacrificial painting on the ground was watered with blood. In addition, their souls were sealed in the village with a special array. They would wander in the village every night until seven days later. The sacrifice would start, the sacrifice of the body

and soul would invite out the evil's soul ... It's enough to become the nightmare of the world." Lulu took a deep breath. The little girl had always been carefree and serious.

Yu 'er's mournful cries could be heard, and everyone looked in the direction of the sound.

She was seen lying on the sea of corpses, crying and wailing, ""This is my father. Father, Yu 'er has found the sheep. Yu 'er is back ..." The little girl's voice was bloody, so hoarse that it was almost impossible to tell her original voice.

she's the only survivor of the entire village. What a pity. The eunuch wiped his tears as he watched, his heart aching for Yu 'er.

"I want to bury my parents, can I? I want to give them a home to return to.

There's only Yu 'er at home, and Yu' er wants to bury father and mother.

There's also my brother and sister-in-law, and so many nephews and nieces ..." The little girl was about to cry again, and her small shoulders couldn't help but tremble.

"Regardless of whether you bury them or not, their souls will still be trapped here at night. However, if you feel better in your heart, go ahead and do it. " Lu huaijiang held Lulu's hand and glanced around indifferently. He lowered his eyes slightly to hide the emotions in his eyes.

The eunuch's heart softened and he immediately called for the guards to help.

He barely managed to find Yu 'er's parents and buried them on the mountain in the back house of the Wang clan.

"Father, Yu 'er will take care of everything at home. Don't worry, I won't let you down. The cows and sheep are the most expensive things in the family. Big brother and nephew's Shu Xiu need to be saved by them. Yu 'er will definitely take good care of them, don't worry." The little girl knelt in front of the grave and kowtowed.

However, the strange thing was that he didn't light the incense.

"Al, your parents are just worried about you. The wind is strong on this mountain, and your hands are shaking badly." The eunuch took the incense and quickly lit it.

The yellow paper that hadn't been burned for a long time also caught fire. The raging fire spread to the sky.

"Today is already the sixth day. I'm afraid that we will discover something strange at midnight. Since you're already here, let's wait a little longer." Lu huaijiang furrowed his brows and led Lulu down the mountain.

Yu 'er quickly collected her emotions. When she came back, she did the laundry, cooked, and fed the chickens, sheep, and cows.

Ming su vomited badly and went into the house to wash up after she came back.

Yu 'er had an apron around her waist. When she passed by the door, she was stunned.

“Sister mingsu, this is a gift from Yu ‘er. Remember to open it.” After saying that, he hurriedly went into the house to cook.

Ming su’s face darkened when she entered the room.

He kicked the box in front of the bed. The box was heavy, so he didn’t kick it. Instead, he hurt his leg.

“Ah!” It was so painful that Ming su’s expression changed.

it’s so annoying. It’s under the bed. Why did you drag it out for no reason? ” Ming su glanced at the servant girl. Her eyes were not as gentle and virtuous as usual. Instead, they were very frightening.

The maidservant replied in a low voice..

Chapter 586 - 586: Thick skin (1)

“I clearly remember pushing the box in,” she said with a slightly aggrieved expression.

“It might be Yu ‘er.”

The maidservant rarely complained and only said this one sentence. She saw that the young lady’s expression was not good.

He immediately shut his mouth.

“Young lady might as well open it and take a look, it would be hard to say if you ask later.” The servant girl pushed the box in. Ming su didn’t react at all.

She only entered the bathtub silently, her face hazy under the heat.

“It’s a pity that I didn’t order any roses. It’s time to get rid of all this bad luck.” She soaked in the water for a long time and washed her hair after she got up.

“Last night, young lady thought that there was a strange smell in the room. When this servant came back, this servant picked some flowers. If young lady does not mind, then this servant can soak them in water.” On the broken table in the room, there was a jar.

The table leg was still broken, and there was a stone under it.

There were a few bright wildflowers in the jar, probably of an unknown species. No wonder there was a delicate fragrance in the room.

Ming su closed her eyes and nodded.

She had changed her clothes, and there was still some water vapor on her body. Her eyes were hazy, and there was a bit of artistic conception.

When he passed by, he would bring out a delicate fragrance, which was very charming.

Ming su’s eyes were bright and her teeth were white. Her hair was let down as she left the room.

“Young lady, it’s very humid outside, why not let this servant dry my hair before going out. Be careful of the cold wind.” The servant girl wanted to catch up with her with the towel, but when she saw the direction she was going, she immediately put the towel down.

With her hair down, she brought Ming su, who was covered in water vapor, to the front yard.

As expected, Lu huaijiang was standing in front of the courtyard with a deep expression. No one knew what he was thinking.

He was only thirteen or fourteen years old, but his brows were already slightly cold.

His eyebrows were sharp and his eyes were bright like the stars. The aura from his entire body was enough to suppress the faint aura of youth between his brows.

When he grew up and became an Emperor, he wondered how domineering he would be.

Ming su’s eyes revealed a hint of determination to win, but it quickly disappeared without a trace.

As soon as he got close, Lu huaijiang smelled the delicate fragrance.

“Young lady, your hair hasn’t even dried yet. Don’t get caught in the cold wind on this trip.” The maidservant called out softly. Ming su seemed to have the naughtiness of a girl as she squinted her eyes, “It’s okay, susu’s body is fine.” Ming su put her hands behind her back. The girl who was usually dignified had suddenly become charming and charming. If it were others, their hearts would probably soften a little.

Lu huaijiang glanced at her. Ming su bit her lower lip shyly.

“Since she’s not willing, then forget it. Even the breeze is hot. He didn’t think it would be cold. It’s fine.” Lu huaijiang said casually, and sure enough, Ming su’s smile deepened.

“Your Highness, you only know how to spoil her,” the servant girl muttered softly. Ming su glanced at her, then quickly lowered her head again, a smile on her lips.

Before he could get close to His Highness.

A clang was heard.

Jiang huailu pushed the door open and ran out with disheveled hair,

The little girl was toot, and she looked even more adorable after a shower. Her whole body was white and tender, and she probably just finished washing up, as her cheeks were still warm.

Lu huaijiang’s expression changed.

“Lulu, come and dry your hair. The weather is wet and cold, be careful not to get caught in the cold wind.” Without a word, he grabbed the towel and dried the little girl’s hair.

The little girl pouted, her face full of dissatisfaction.

“Why doesn’t everyone else need to dry their hair, but Lulu? Lulu’s body was not weak! It’s not that easy to get cold!” The little girl was very unconvinced.

Everyone knew who the “other person” was.

Lu huaijiang’s expression was indifferent, “other people have rough skin and thick flesh, how can you compare?” You’re different from the others.”

Ming su’s face darkened instantly.

Thick skin

Chapter 587 - 587: Lost his sense of taste and smell (1)

Ming su’s face fell immediately after the blow.

She saw Lu huaijiang carefully and gently drying her hair, and her hair was still dripping with water.

It was a little hot and stuffy at noon today, so Ming su had changed into a light gauze dress.

The layers of gauze skirt fluttered in the wind, as if it was about to transform into a fairy.

But this material was a little different.

As long as it came into contact with water, it would stick tightly to its body, even though it was a little embarrassing. However, it also revealed her exquisite figure.

There was only one eunuch in the room, and the only man was the Crown Prince.

Ming su had taken a big step this time.

While she was drying her hair, Lulu looked straight at miss Ming.

It was already late and a little cold. Lulu saw that she shivered and refused to go back to put on her clothes. He couldn’t understand.

“Sister Ming’s skin is indeed rough and thick. Lulu is still wearing a spring shirt, but sister Ming is already wearing a skirt.” The little girl’s face was full of envy.

“I also want to have rough skin and thick flesh, I also want to wear a gauze dress.” Lulu looked on with wide eyes.

As the wind blew, her wet clothes became even more freezing.

Ming su shivered slightly and a smile appeared on her face. “This official’s daughter’s body has been warm since young. after he finished speaking, he trembled slightly.

Lu huaijiang didn’t even raise his brows, “how much she wears has nothing to do with me.” But if you dress like her, it’s improper and improper. Bengong will break your legs.” Lu huaijiang didn’t even look at Ming su the entire time. Ming su was actually so angry that she cried.

No three, no four ...

She had spent so much effort to exchange for such a colorful yarn, but His Highness actually said she was indecent!

Ming su walked away with an unsightly expression. Lulu tiptoed and wanted to look outside, but was stopped by the Crown Prince.

“Why isn’t it proper to wear colored gauze?” Lulu looked at him blankly. Why was it inappropriate to wear colored gauze?

Lu huaijiang rubbed her hair. It was already dry, so he casually said, “Colored yarn is a proper colored yarn, but it’s not certain if she’s a proper person.” Lu huaijiang chuckled, picked a Begonia and placed it by her ear, which actually made her appear even more agile.

Xiao Yu ‘er stood hesitantly at the door of the room, carefully looking into the room.

The maidservant had just served Ming su. She glanced at her indifferently and locked her outside with a clang.

The door almost hit the tip of her nose.

Yu ‘er’s expression was a little desolate. The difference between Ming su and her was too great, causing her to be a little dazed for a moment.

A hand reached out from behind her.

Lulu popped his head out from behind her.”Are you feeling unwell?” His eyes revealed a bit of understanding.

Yu ‘er suddenly took a step back and looked at her guardedly.

She didn’t know why, but she was afraid of Lulu from the bottom of her heart.

Looking at Lulu’s expression, she hesitated for a moment before nodding.

“I-I think I’m sick. I don’t have a sense of taste, so I can’t taste anything. You all said that there was salt, but I ate it so insipidly. You guys are eating the honey water that father brought from the mountain, but I am drinking it without any taste. It’s like chewing wax ...”

As Yu ‘er spoke, she began to cry.

Under the night sky, she stood alone under the eaves, her eyes filled with fear and confusion.

“Am I sick? My eyes hurt too. I always cried when I looked at the sun in the afternoon. There wasn’t much sunlight, but Yu ‘er was in pain. Why did you leave Yu ‘er alone? why did you leave me alone?” Yu ‘er began to cry helplessly..

Chapter 588 - 588: Only the food she gave was edible

As the wind blew, the tree branches on the mountain rustled.

Yu ‘er shuddered and quickly hid behind Lulu in fear.

However, how could the short and stout Lulu block her at the age of ten?

“Are there ghosts? Everyone says that our village is haunted by ghosts, and Yu ‘er is afraid of ghosts.” Yu ‘er shuddered, and her face turned pale. However, she was afraid of Lulu. After some thought, she could only gently pull on Lulu’s belt.

Lulu hurriedly pulled up his pants. don’t pull my pants down. Lulu is a shameless person. The Savior’s pants fell, isn’t that funny?

How would she be able to convince the public in the future, really.

Yu ‘er immediately let go of her hand, feeling wronged, and pulled on two strands of her hair instead.

“I won’t let you off if you pull me bald.” Lulu mumbled, but his hands were busy.

He took out a meat bun from his arms.

The meat was slaughtered by the chickens and ducks that the guards had found

In the village.

The flour was brought back from someone else’s house.

Yu ‘er looked at the meat bun and took a deep breath. She shook her head with a sad look in her eyes.”Forget it, you can eat it. It’s a waste to give it to Yu ‘er. I can’t smell it, and I can’t eat it. ” He looked at Lulu with a reluctant expression.

Lulu’s eyes flickered and he lowered his gaze.

He stuffed her into his arms and said fiercely, “Eat it if I give it to you. It’s from me, and it smells good!” After he finished speaking, he took the opportunity when she loosened her hair while holding the bun to turn around and run away.

Yu ‘er stood under the eaves. Under the faint moonlight, the little girl took a bite of the bun.

The juice was overflowing, and the fragrance of meat assailed the nose.

As expected, it was fragrant and soft.

As she gnawed, big drops of tears fell on the bun. She sobbed as she ate.

Her head was slightly lowered, and under the dim moonlight, even her face had an abnormal paleness.

After the buns were finished, Yu ‘er helped the guards to pass the food to everyone.

The table was filled with fish, chicken, and duck. Yu ‘er touched her stomach, but she did not eat anything.

She had eaten a big bowl of noodles last night. Although it was tasteless, she had eaten it. However, in the latter half of the night, her stomach kept growling.

After eating the bun that Lulu had given him, he actually felt a little full.

While everyone was eating, Lulu saw her standing at the side pitifully. He immediately took a bowl, filled it with chicken legs and chicken soup, and handed it to her with many other dishes.

Yu ‘er hesitated for a moment, but she still reached out to take it.

He tried to smell it, and sure enough, the aroma of the oily chicken soup assailed his nose. There were also wild mushrooms picked from the mountains stewed in it. After drinking a mouthful, it had a bit of umami.

Yu 'er's face was filled with joy. She had probably recovered from her illness.

Or, or could she only eat the food given by the little girl? She did not understand.

He licked the oil in the bowl with extreme care, then found time to go for the cattle and sheep.

It was really strange. In the past, when she spoke to the cows and sheep, they would run to her side affectionately and let her touch their heads.

But now, every time she got close, the cattle and sheep would retreat far away.

He didn't even eat the grass she fed him.

Yu 'er was a little disappointed as she stood in front of the sheepfold.

The head maidservant in front of Ming su happened to come out and frowned when she saw Ming su's pitiful appearance.

When His Highness was in the capital, he had been closely watched by everyone.

The lady didn't stand a chance.

This time, it was a great opportunity. But now, His Highness still treated her the same way. She didn't know if it was because he hadn't opened his mind or something else.

The maidservant thought for a moment, but she was afraid that he had not opened his mind.

The girl was in shengjing, and before she was even of age, the matchmaker had stepped on her doorstep. Now, the older he was, the more he revealed his magnificence. Even when she had just returned to the capital, the officials and nobles in the capital had also secretly inquired about the girl's marriage.

She was very confident in Ming su's looks..

Chapter 589 - 589: Money all over the ground (1)

"Yu 'er, come here." The maidservant waved at Yu 'er.

"Yu 'er, do you have any needles and thread at home? The girl had come from the capital and had only brought a few sets of clothes. She had been walking around the village for the past few days, and her skirt had been torn. Later this servant will help her sew a lotus flower. After all, young lady's identity is not ordinary." The servant girl said with a smile.

He looked at Yu 'er's skirt, which was made of coarse linen. There were some places where the corners of her clothes were torn, but he did not care.

There were only two patches occasionally, both of which were extremely simple and tasteless colors.

Even her thumbs were almost exposed from the shoes on her feet.

Feeling the maidservant's gaze, Yu 'er pursed her lips and took a step back.

"Uncle Lin's house next door has it. I'll go look for it." Yu 'er hurriedly ran out of the door as she spoke.

It wasn't that the servant girl didn't see Yu 'er's restraint, awkwardness, and even a little shame.

But she didn't care.

The girl's ambition was far from what a small mountain village could hold her. The place she had to curry favor with and put in effort was definitely not a wild girl.

At this moment, the contempt in his eyes disappeared, and he returned to the central room.

Not long after, Yu 'er came back with a needle and thread, her face full of joy.

When he went out, his head was still drooped, and he was so ashamed that he couldn't lift it up. At this moment, his eyes were bright and sparkling, as if they were burning. His face unconsciously had a smile.

She handed the needle and thread to the servant girl, who glanced at her suspiciously.

"What could have made you so happy?" Ming su got angry when she saw her happy. She was really an insensible girl.

She had wanted to take advantage of this girl's pitifulness to leave a good impression on His Highness.

However, this girl was extremely afraid of His Highness and Jiang huailu, and she shivered when she saw them approaching.

Yu 'er grinned. It was the first time she had seen her so happy.

"Yu 'er picked up money, a lot of money. It would be great if father and mother were still here." The little girl covered her chest in joy.

Her face was filled with surprise and tears.

The maidservant glanced at her and said, "you're such a shallow person. You think you can become rich with that little money?" If you can make the lady happy, you might even make a fortune. Young lady is very generous to the maidservants." The maidservant said pointedly.

Yu 'er recalled how she had called her' little sister 'in front of the young master outside.

Now that there was a maidservant, the smile on her face instantly decreased.

She snorted. Yu 'er picked up a lot of money. I don't know who scattered the money outside. Yu' er picked up one piece with each step she took. Yu 'er has money. Yu 'er snorted, her brows raised in a smile.

She didn't know whose money it was, but it was all over the floor.

She picked up a big bag.

How good would it be if his parents were still alive?

“Sister, have you seen Yu ‘er’s gift to you?” she suddenly turned to Ming su.

Ming su was stunned for a moment. She looked at the wooden box unnaturally. She was stunned. She had clearly seen the servant girl push the cabinet in.

“Yes, sister susu likes it. So it’s filled with the wildflowers that Yu ‘er had hidden. They’re almost dried up.” Ming su chuckled.

Yu ‘er replied with an “Oh” and her eyes dimmed.

“Hey, you still haven’t shown me your money. Where did he get so much money from? how stingy. Why did he run away?”

“A country bumpkin will always be a country bumpkin. She has no manners at all.” The servant girl muttered softly.

“Forget it, it was just to please His Highness.” Ming su said indifferently.

At this moment, Yu ‘er ran to the woodshed in joy.

He found a place and hid all the money he had picked up..

Chapter 590 - 590: Imperial edict wrapped in chicken legs (1)

In the courtyard.

Lulu sat in the yard and looked toward the gate. He could vaguely see the bonfire outside.

“Why is it so suffocating outside?” Lulu poked her head out of the door.

The eunuch just happened to enter the room and returned the greeting with a smile. “I’m burning joss paper outside.”

“In the afternoon, the guards brought some cattle, sheep, chicken and duck from the village. Although the village was destroyed, it was to comfort the heart. The servant found some paper money and burned it along the way. If they have a spirit in heaven, this money will be useful in the underworld.” The eunuch sighed.

Seeing such a tragedy, even if he had seen many people killed in front of His Highness.

He didn’t feel good about it.

The old, the young, the young, the young, whoever saw them would feel suffocated.

“Their souls are trapped in the village, and their minds are probably being controlled. It’s useless even if you burn it.” The Crown Prince lowered his eyes, his expression indifferent.

The eunuch paused and remained silent.

The sky was getting dark, and the evil spirits would appear at midnight.

The village fell silent.

Other than the chirping of crows, there was not even the chirping of birds, beasts, or insects.

It was clearly so quiet, but everyone felt their hearts heat up, as if they were not calm at all.

Lulu was lying on a recliner in the yard, looking up at the stars in the sky.

“Your Highness, this is an urgent report from the capital. You did not inform the court officials when you left the palace, so naturally this Memorial would not be delayed.” The eunuch quietly handed the memorial over. Lu huaijiang glanced at him, and the eunuch felt a chill down his spine.

yes, I will. Also, have you finished Lulu’s homework? ” Lulu shook his chair, his little foot dangling on it

Lu huaijiang?

He watched as she jumped off the chair, ran into the house, and pulled out a school bag.

Yes, he had stitched it up overnight.

It was embroidered with his own Lu and her deer.

He pulled out a few books and pushed them over together with the booklet.

Lu huaijiang sighed deeply.

She resigned to her fate and sat in the courtyard, reviewing memorials and rushing her homework.

The eunuch carefully stepped forward and reported, “Your Highness, the fusang envoy has already arrived. Recently, fusang seemed to have grown a lot stronger and was rather arrogant in the court. After waiting for Your Highness for a long time and not seeing you, there were rumors outside that Your Highness was afraid of Fu sang and did not dare to appear.” In fact, the original words were even more unpleasant, saying that a yellow-haired kid dared to be the best.

His Majesty had also summoned the fusang envoys several times in private, seemingly intending to form a marriage alliance with them.

“The first Prince has come to ask for an Imperial edict. He said that if your Highness is not free, he is willing to temporarily speak with the envoy on behalf of you.” The eunuch spoke carefully. The first Prince had been back in the capital for a long time, but this was the first time he was testing His Highness.

Lu huaijiang sneered, “if he wants it, then take it.” Bengong will make him understand that without bengong, this great Zhou is nothing!”

When he took over the great Zhou, the Emperor placed more emphasis on literature than martial arts.

He could not say anything to the surrounding countries, but now, he had taken over for a few years. As long as the great Zhou did not agree, no one would dare to move rashly!

Lu huaijiang quickly finished writing the Imperial edict.

The bright yellow Imperial edict was thrown on the table.

The guards outside were using yellow mud to burn the beggar's chicken. Lulu smelled it and went out to borrow a leg.

When he came back, his hands were burning, so he took the Imperial edict and began to chew on the chicken leg bone. His hands were oily, and he had wrapped two potatoes with them. His mouth was also covered in oil.

The eunuch turned his head, his eyes almost falling out of their sockets.

“My little ancestor, my little ancestor! You can't wrap up an Imperial edict!” The eunuch almost fainted..
