

The Savior 591

Chapter 591: Don 't even think about craving bengong' s body 1)

The eunuch rushed over, rolling and crawling.

Lulu had just finished gnawing on the chicken leg and was wiping his hands on the soft Imperial edict.

He threw it and it landed on his father-in-law.

The eunuch trembled as he got up. He could smell the meaty fragrance on the Imperial edict without even looking.

“Little ancestor, little ancestor, you can't play with this Imperial edict.” The eunuch's tears were about to fall. Blaspheming the Imperial edict would result in execution. He was eunuch Xiao Li, and it was eunuch Lu who served His Highness on normal days. It was not his turn.

Naturally, he didn't know how Lulu was treated in front of His Highness.

At this moment, Lu huaijiang looked up and said, “forget it, let her play if she wants to.” Just don't cry.” Lu huaijiang rubbed his brows. Bengong didn't finish her homework and didn't finish reading the memorial.

As long as the little ancestor didn't cry, he didn't care if the Imperial edict had to wipe his hands, face, or feet.

The eunuch's heart trembled and he replied, “”Yes.”

His hands trembled as he picked up the Imperial edict. It was crumpled and there were many oil stains on it. Her father-in-law was on the verge of tears.

When everyone received the Imperial edict, they had to burn incense and change their clothes, and then worship the Imperial edict.

At that time, the first Prince would still be offering chicken drumsticks, right?

Oh my, His Highness really doted on her to the heavens.

Imperial edicts could be used to wipe one's hands, so he had to read one of the memorials His Highness was going to read. After that, the little girl took a book, flipped it over, took a pen and paper, and started to write and draw.

The eunuch laughed bitterly as he picked up the Imperial edict and looked at it carefully. Fortunately, there were no words written on the oil stains. He could only try his best to deal with it, but if he were to be careful, he was afraid that he would still be able to see some clues.

It was only after the eunuch had left that Lu huaijiang raised his hand and brushed the tip of her nose.”Naughty.”

Lulu chuckled. Of course, she would not say that she was taking revenge on the first Prince.

Lu huaijiang dealt with it until late at night.

Lulu looked up at the stars in the sky in a daze. He squinted his eyes, looking drowsy.

With Lu huaijiang's cloak draped over her body, the small person nestled in the chair, and there were not many traces.

There was still two hours to midnight.

"Go to bed and rest. I'll call you at midnight." Lu huaijiang put down his pen and stood up, wanting to carry Lulu into the house.

Suddenly ...

An ear-piercing, shrill cry came from The West Wing.

"Ah!" In an instant, screams broke through the sky.

Lulu's eyes shot open.

"The West Room is miss Ming's room." The eunuch suddenly ran in hurriedly. The courtyard was small and only took a few steps.

The guard also rushed in with his men.

Lu huaijiang was holding Lulu in his arms, covered in a cloak. Just as he was about to break in, Lu huaijiang hesitated slightly. He was a step slower and walked behind the guards.

His many years of experience in Palace fighting told him that when entering a woman's boudoir, he must not be the first to enter.

It was very likely that he would be relied on!

In this day and age, even a Toad would want to eat Swan meat!

Lu huaijiang hugged Lulu tightly, not allowing her to take advantage of him.

When the guard rushed into the room with his men, there was a sudden cry. It seemed to be accompanied by the sound of people putting on their clothes in a hurry.

Lu huaijiang's brows were raised high, revealing a hint of ridicule. Don't even think about coveting bengong's body!

As expected, the moment he stepped through the door.

Lu huaijiang felt a resentful gaze, but he didn't care.

He saw Ming su pulling at her clothes in horror and hiding behind the servant girl.

In front of him was an open box.

Yu 'er stood outside the door and shivered in fear. She slowly shifted her gaze over.

When he saw what was in the wooden box, his face turned pale..

Chapter 592: Scared to tears by her own corpse 1)

When everyone saw what was in the wooden box, they looked towards the door in a daze.

Yu 'er, who was carrying a pile of money, was standing at the door, looking at everyone.

The two of them faced each other, causing countless cries of alarm.

Not only did the crowd scream, Yu 'er also stared at the wooden box and screamed in fear.

Everyone was stunned.

Lulu covered his ears and looked at her with disdain. 'We're screaming, what are you screaming for? You're the one who's dead, not us!'

Yu 'er's face turned pale as she shivered, 'a coward will still be a coward even if he dies.' How can I not be scared when I suddenly see myself in the box?' Yu 'er almost roared.

Her body trembled uncontrollably, and her face was pale.

No wonder, no wonder she was tasteless, and the cattle and sheep did not get close to her.

No wonder she always walked back and forth on the mountain and in the village subconsciously.

No wonder she had no sense of smell, no sense of taste, and even her eyes were afraid of light.

No wonder .

She was already dead.

Yu 'er's lips trembled, but Ming su was trembling. She hid behind the servant girl in fear. She recalled that she had been sleeping with Yu 'er's soul every day, and her body was hidden under the bed.

He opened his eyes and looked at her in a daze.

Yet, she continued to kick the corpses in day after day.

Just thinking about it made Ming su look at the Crown Prince in horror.

She was wearing an outer robe, which the maidservant had put on her in a hurry when the guard entered the door. At this moment, when she saw the beautiful Prince, she pinched the corner of her dress with both hands. It was a pity that His Highness was one step late.

Your Highness, susu is afraid ... Ming su raised her hand to wipe her tears and tried to walk toward His Highness. Tears were about to fall from her face, and it was hard to hide her fear under her exquisite makeup. This was the side of her that men would take pity on.

His Highness glanced at her. Ming su lowered her head slightly and did not walk over. Lu huaijiang held Lulu's hand tightly, 'Bengong is also afraid.' Lulu patted the back of his hand. 'Don't be afraid, Lulu will protect you.' 'Alright,' Lu huaijiang smiled.

Ming su stood rooted to the ground, dumbfounded by anger in public.

As if she heard a mocking laugh, Ming su looked up. Yu 'er, who was standing at the door, had disappeared.

A servant girl came forward to support her. Lulu looked at her suspiciously, 'Yu 'er gave you a gift two days ago, and you're only opening it today? If you had left earlier, you wouldn't have to live with the corpse for so long.'

“However, a Yin spirit that has just died is timid and will usually rely on people who have a good impression of her. You also threatened to bring her back to the capital to be your little sister, so she naturally believed you. I’ll entrust the corpse to you. Of course, she didn’t mean to scare you. She just forgot that she was dead.” Lulu looked at her pitifully. Tsk, tsk. This would probably cast a permanent shadow on miss Ming. Ming su’s lips moved, but she did not dare to look at Yu ‘er in the box.

“Aiyo, don’t be afraid. Yu ‘er was actually fine, but her skin was a little pale and her eyes were bloodshot. Actually, it still looks like ...” Before Lulu could finish, Ming su cried out.

She rushed out while crying.

She cried and vomited.

The gentle image she had wanted to establish in front of the Crown Prince had fallen.

“Collect the corpse and bury it.” Lu huaijiang went forward to take a look. No wonder she was outside the village at that time.

He probably didn’t know that he was dead and had been wandering outside the village.

Lulu looked at Yu ‘er and frowned slightly..

Chapter 593: Summoning him 1

Yu ‘er’s corpse had been collected.

Lulu was extremely sleepy. She was five or six years old now and was in the prime of her growth.

He lay on the chair and yawned a few times.

Ming su didn’t dare to sleep, nor did she dare to enter the house. She could only sit in the courtyard, wrapped in a thick cloak.

The maidservant beside her made her some tea to calm her down.

“Lulu, you won’t grow tall if you sleep late. Go and sleep for a while, I’ll call you at midnight.” Lu huaijiang sat beside her and coaxed her in a low voice.

Lulu shook his head in resistance.

Seven days had passed since midnight, and the ritual had begun. If a trace of the spirit was summoned, it would be a great disaster for the world. Checkk new *novel chapters* at novelbin.com

Lulu’s gaze fell on the crown Prince.

The young man had sword-like eyebrows and bright eyes. He still remembered the first time he met him, when his whole body was cold. There was always a murderous look in his eyes, and he was indifferent to this world without any reluctance.

Seeing her resistance, Lu huaijiang couldn’t help but sigh and agree.

“The palace servants have made some tea to refresh your mind. Have a cup to refresh your mind.” The eunuch served a cup of hot tea. It was just warm.

Lulu took the glass with a smile and finished it in one gulp.

After drinking, Lu huaijiang lay back on the soft chair, shaking it gently.

The tea was supposed to refresh her mind, but she felt drowsy after drinking it. Her eyes opened and closed, and she gradually couldn't bear it anymore.

The little girl reached out to pull on the corner of the Crown Prince's clothes and murmured in a half-asleep voice.

“Jiang Jiang, you're not allowed to leave Lulu ... Jiang Jiang, don't do bad things, Jiang Jiang ...” Even though she was unconscious, the little girl still clutched the corner of his clothes tightly.

The little girl's long and thick eyelashes covered her eyes, and she was as quiet as a little fairy.

Lu huaijiang chuckled softly. She was a real little fairy.

“Your Highness, it's late at night and the dew is heavy. Why don't you make you a bowl of sweet soup? Your Highness, you have to take care of your health now that you have to coax miss Lulu.” Seeing that Jiang huailu had fallen asleep and there was no one else in the courtyard, Ming su adjusted her mood and said with a red face.

Lu huaijiang lifted his eyes and looked over. The coldness in his eyes suddenly appeared, and he was a completely different person from the one he usually saw.

Ming su's heart sank. He was like two different people.

Just now, he had coaxed Jiang huailu to sleep with such a loving and gentle look. Only God knew how much she wanted to replace Jiang huailu at that moment, but in a flash ...

The Crown Prince became bone-chilling, and his eyes were like a venomous snake, flicking his tongue around her.

It made her feel a chill from the bottom of her feet.

“Who Do You Think You Are to be worthy of bengong's sweet soup?” Lu huaijiang looked at her in a daze. That haughty and domineering appearance seemed to be looking down on all living beings.

“Your humble servant ...” Ming su wanted to say something, but she saw the Crown Prince raise his hand slightly and put his long, white index finger to his lips.

“Shh ...” He lowered his eyes slightly and looked at the little girl who was sleeping soundly. He seemed to be gentler.

“If you wake her up, bengong will cut off your tongue.” Lu huaijiang turned around and carried Lulu into the house.

Ming su's feet seemed to be nailed to the ground, unable to move.

When His Highness looked at her just now, she seemed to have recalled the rumors among the people.

His Highness was bloodthirsty and bloodthirsty. If he was given the chance, he would slaughter the world.

However, he had never revealed such an expression.

Why did he suddenly stop hiding? Was there something that he was afraid of?

Ming su didn't even have time to think deeply before the shadow guards appeared silently.

Ming su and the servant girl were locked in the room. They couldn't open the door or open the window, so they could only bite their lower lips. It seemed that His Highness was extremely repulsed by her.

She had thought about it countless times when she returned to the capital, but she had never thought that she would be hated by His Highness. When Lu huaijiang came out of the house, Lulu was already fast asleep..

Chapter 594: The ghost general is looking for its master

1)

Lu huaijiang's face was cold and indifferent.

she'll sleep all the way until dawn. No one is to disturb her or wake her up.

"If she shows herself, kill her without mercy," he said as he looked towards The West Wing. The woman behind the door seemed to have heard him, and her figure that was leaning against the door disappeared.

"Yes." The shadow guard directly replied.

The call in his heart grew stronger and stronger, and he even felt a little impatient. Lu huaijiang was increasingly unable to suppress his anger these days. He had not seen this kind of loss of control for a long time.

In response to the call, Lu huaijiang walked towards the threshing ground with a sullen face.

As expected, from the moment he heard Lulu's story, his heart began to stir.

Midnight had arrived.

Countless dark spirits appeared around Lu huaijiang, standing quietly in front of him. The dark spirits from myriad River Village were at a loss.

Dark clouds had appeared in the sky at some point in time. The dark clouds covered the sun, and the stars had hidden behind the clouds

The bloodstains on the altar that had long dried up flowed slightly on the ground, as if all the blood had come alive.

No, it was not blood.

It was a blood-red light that was flowing in the strange pattern.

The patterns flowed and gathered bit by bit.

Suddenly, a bright light shone.

The crows that were gnawing on the corpses on the threshing ground were frightened and suddenly flapped their wings to fly up.

Who knew that he would be pulled back by the blood light and cry out in pain.

In just an instant, the blood light passed by and directly turned into white bones.

He fell to the ground, his bones shattered.

Lu huaijiang looked up expressionlessly and saw that the threshing ground, which was full of corpses, had turned into a mountain of white bones.

The moment the red light appeared, his flesh and blood all turned into white bones.

The dark spirit trapped in the village suddenly started to wail in pain.

The world was terrifyingly gloomy, and the pressure from heaven and earth seemed to hit him in the face.

At the same time, the obscure and dirty energy discharged from the world was also swept over. All the energy was absorbed into his body.

“Ah!” Lu huaijiang growled and knelt on one knee, his hand on the ground as large drops of cold sweat rolled down his forehead.

Countless negative emotions poured out and gushed straight at him.

Lu huaijiang wanted to resist, but his subconscious told him that he could not resist.

The dirty power turned into power and sank into his body.

Lulu’s words that the world was either black or white came to mind again.

The God of creation had a kind side.

The Black Rock was the dark side.

A large number of memories poured into Lu huaijiang’s mind, causing him to have a splitting headache.

Suddenly, something seemed to be breaking out of the cocoon.

In the hall of salvation, two hundred miles away.

The day wandering God and the door God were both shocked.

such tremendous primordial chaos power, mixed with countless dark and turbid things, I’m afraid the ancient evil of the world is about to awaken. Chu Liang stood up. His eyes were golden in color, and everything in front of him was dark.

all nether soldiers, listen up! Kill the evil two hundred miles away! The door God was dressed in golden armor. He pointed the evil extermination sword in his hand, and everyone headed directly out of the city.

A young man in black knelt on one knee, his body trembling slightly.

His brows were slightly furrowed, and his body exuded an evil aura.

Unknowingly, two ghost generals with vicious expressions were standing on the dirty clouds in the sky.

The moment the ghost general saw him, his expression froze. In a flash, she was standing in front of him with a bow.

“The ghost general Chu Yun greets Your Highness.”

“Ghost general Guihai pays his respects to Your Highness. He respectfully welcomes Your Highness’s return from the Tribulation.” The two ghost generals were revealed, and the air of evil was raging around them..

Chapter 595 - 595: Fusion of the soul _1

“Your Highness, your subordinate has been searching for you for a thousand years. This time, you’ve finally appeared.”

Guihai’s face was filled with excitement. His body was covered in black Qi as he was enveloped by a black mist.

“This time, I found you first. I won’t be ...” Guihai only said one sentence before chuyun suddenly looked over with a stern expression. Guihai fell silent. “Your Highness, millions of spirits in the world are waiting for you to return to the throne.”

this time, I found you first. Your Highness, please quickly return to your position and merge with your soul. Take back your power. thousands of nether soldiers are waiting for your order. They will fight their way to the ninth heaven and drag down the God of creation.

When the two ghost generals talked about fighting intent, the yin Qi in their bodies became thicker.

“In order to summon you, I found 9999 people, killed them, and took their soul essences. Now that the world saving Palace has appeared, I wonder where it came from, but it has ruined our plans. Sooner or later, this subordinate will burn his bones and scatter his ashes. We’ll find the Savior who’s hiding in the dark.”

“If he’s a man, throw him into purgatory until he kills mortals with his own hands and falls from the altar. If it’s a woman ...” Guihai smiled evilly.

“Your Highness, if I were a woman, the first thing I would do would be to be filial to you and let you enjoy ... Pfft ...” Before Guihai could finish speaking, the youth who had arrived with his head lowered suddenly looked up.

With a single palm strike, he actually broke three of his ribs.

The killing intent in the young man's eyes suddenly appeared, as if he had lost control.

Chu Yun knelt on the ground with a plop. Your Highness, please forgive him.

The sea at the end of the sea is open. I don't know how he offended Your Highness. Please forgive him on account that he has suffered countless hardships to find your Highness for a thousand years.

"Your Highness, the situation is critical. He was afraid that the hall of salvation would arrive soon, and the hostile ghosts outside might not be able to hold them off for long. Your Highness, please merge with your soul and restore your strength and memories."

"Your Highness's life's ambition will be completed very soon! Your subordinate is willing to be with Your Highness!"

"I don't know why Your Highness's soul left your body last time, but I was far away in fusang. He rushed over but didn't see his Highness and had been searching until now. Guihai has never betrayed Your Highness." Guihai knelt on the ground as he vomited blood.

His Highness's emotions were unpredictable, and he was becoming more and more powerful.

A powerful aura had appeared on the blood-colored altar.

"It's the soul you sealed. Your Highness, hurry up and fuse with it." The two ghost generals didn't dare to be careless. Now that he had successfully found His Highness, all he had to do was wait for the fusion!

"What will happen after the fusion?" Lu huaijiang's voice was hoarse, and a black mark appeared between his brows.

Her entire person became evil, but her face seemed to have become more delicate.

It was like him, but not like him.

"Naturally, it's to massacre the world. However, your soul is too powerful, so there might be other things. But you've been born and raised in this life. so you'll have some emotional ties with mortals. If they are compatible, I will no longer be able to feel those mottled and useless inferior emotions." The Yun nation reported honestly.

"Those who do great things need no emotions." Guihai's face was filled with killing intent.

"This is what you taught me. You said that emotions are the most useless thing and will make people lose their rationality and have weaknesses." Guihai agreed.

The surrounding aura became more and more intense, and the vast killing intent soared into the sky.

A pair of indifferent faces appeared in the sky.

His face was similar to Lu huaijiang's, but he was much calmer..

Chapter 596 - 596: Memory fusion 1)

Lu huaijiang met those eyes.

That face was both strange and familiar.

His face was angular, and his eyes were cold and murderous. Anyone who saw him would only feel fear and horror.

Very quickly, the face turned into rays of light and headed towards Lu huaijiang's forehead.

The moment the power was injected into the space between his eyebrows, Lu huaijiang had a splitting headache, and his whole body was about to explode.

"Your Highness, first fuse with your spiritual energy. This subordinate will go and kill those troublemakers! As long as he could hold on until His Highness completed the fusion, this place would be completely barren. Don't even think about leaving this place alive!" The Yun nation's face sank when they heard the sounds of fighting outside.

Marquis guihai was in front of His Highness, and his Highness's strength was just too immense.

He had only gotten a little closer and was almost strangled to death.

At this moment, the White bones on the threshing ground had long turned into ashes, not even a bit was left behind.

The ground under Lu huaijiang's knees caved in. The force was too great and it could not bear it.

Guihai's face was left with streaks of blood from the force.

"I'm going to help the Yun nation. When your Highness fuses, it'll be the time for us to break through the heavens together! The heavenly Dao is unfair, so let's break the heavens!" Guihai's eyes were filled with evil. He laughed evilly and charged into the clouds to fight the hall of salvation.

Lu huaijiang could only feel two forces and consciousness fighting in his mind.

As long as he focused on the fusion and didn't resist, there wouldn't be any abnormalities.

They could instantly merge.

However, one side couldn't help but resist, as if he had been split into two.

The tip of Lu huaijiang's nose was covered in cold sweat. Even his hair was fluttering in the wind, and his scattered breath spilled out. The mountain forest that was enveloped by it was instantly cleared.

However, when he touched a small farmyard on the east side of the village ...

Lu huaijiang's breathing suddenly stopped, and he instantly retracted his overflowing breath.

Countless moments flashed through Lu huaijiang's mind.

The pain that he had not felt for a long time seemed to have appeared again.

It had been a long time since he had experienced such a thing after Lulu's appearance.

The pain that had appeared since he was conscious, whether it was the him in his memory or the him who was born in the human world as Lu huaijiang. Ever since he was born, his entire body was always filled with pain that seeped into his bones.

It was as if only killing could alleviate some of the pain. After releasing that violent aura, he would be able to live in peace for a few days.

In his memory, in the endless darkness, in the boundless void.

He had once been accompanied by a white stone, but the White stone had disappeared without him knowing. He endured the loneliness and pain alone ...

"Why? I'm not willing to accept this ..." Lu huaijiang whined.

"On what basis!" With a roar, Lu huaijiang suddenly raised his head. His cold eyes were bloodshot.

Because of the resistance in his heart, his hands were stuck in the soil, and his fingers were white. One could vaguely see him trembling.

He slowly stopped struggling and gradually emptied his mind.

He let go of himself completely until the power entered his consciousness.

When the fusion was complete, not a blade of grass would grow here.

Lu huaijiang sniffed.

He could feel the abundant energy in his body.

His memory and his power recovered bit by bit.

He started to absorb the spiritual Qi around him, but he still avoided the small courtyard.

The evil spirits that were fighting felt the strong pressure from the sky.

When he raised his head, more than half of it was gone.

At this moment, Xiao Yu 'er was lying in front of Lulu's bed and an invisible force was pulling her out.

She held Lulu's hand tightly and cried, " please wake up! Your brother Jiang Jiang is crazy! He's crazy!"

Chapter 597 - 597: Her brother jiangjiang 1)

Yu 'er cried and wailed.

She did not dare to let go of Lulu's hand.

The power grew stronger and stronger.

“Your brother Jiang has gone crazy, he has gone crazy. Wuwuwuwu, my father, my Empress ...” Yu ‘er pulled and smacked.

The White jade little dumpling was pulled forward by her, and the two of them rolled on the ground.

Yu ‘er was stunned for a moment and looked down.

Lulu was sleeping soundly on the bed, and there was another Lulu on the ground.

Yu ‘er burst into tears. I pulled your soul out. You’re dead. She wailed loudly and let go of her hand. The strong suction force directly sucked her away.

With a whoosh, he disappeared without a trace.

Lulu sat on the ground in a daze. She had been pulled out by someone.

Lulu was taken aback. He felt the pressure of heaven and earth and shivered.

This was an aura that went against heaven and earth. It was an aura that heaven and earth wanted to kill.

Lulu looked at herself on the bed. She was sleeping like a log. She had just regained consciousness, but she could not open her eyes. It was as if he was trapped in his body and could not wake up.

She had been drinking bitter tea that could refresh one’s mind. Why was it that she couldn’t open her eyes, as if she had drunk calming tea?

Lulu pursed his lips and walked through the door to the courtyard.

The surroundings were dead and the guards were all on the ground.

Lulu glanced at them. They were still alive. It was just that his essence, energy, and spirit had been drawn out too severely, and he had fainted all of a sudden.

Ming su, who was in the room next door, also fell limply to the ground.

Lulu could sense that the evil pressure in the world was becoming more and more obvious, and he looked up into the sky. It was as if all the malice in the world was pouring out and gathering in this place.

A huge black vortex formed in the sky, from the horizon to the human world.

Lulu’s eyes darkened as he ran off to the threshing ground.

Lulu only realized that the entire place had been turned into a wasteland after he left the courtyard.

The further they went, the more frightened they became. There was a thick aura of resentment and hostility everywhere. Lulu rushed into the vortex like a madman.”Yu ‘er, Yu’ er ...” brother Jiang Jiang, brother Jiang Jiang ... Lulu sounded like he was about to cry.

Stepping on the cold and wet ground barefooted, it was bone-chilling.

There were sounds of fighting and killing all around, and the light of countless broken souls flashed before his eyes. Lulu fought back his tears. Lulu was standing at the edge of the threshing ground, only a few dozen meters away.

He saw a dark figure standing quietly in the middle.

The young man's eyes were closed, and the black mark between his eyebrows was glowing. Behind him, a faint shadow appeared.

The afterimage looked very similar to him, but he was more mature and steady, and the murderous aura hidden between his brows was much stronger. The corners of his mouth still held a bit of cold and perverse air. It was obviously him.

But it made Lulu feel unfamiliar and fearful.

"No, you can't. You're brother Jiang Jiang! You're my brother Jiang Jiang!" Lulu could not help but feel flustered.

This was the evil, this was the real big evil!

This was the root of his destruction.

Lulu had goosebumps all over her body. She could not let brother Jiang become like that. Her mission was to kill the evil, but her brother Jiang Jiang could still be saved. Her brother Jiang Jiang was not a big evil spirit!

Lulu gritted his teeth and charged straight for the center of the vortex.

"Brother Jiang Jiang, Lulu is here to save you. Don't be afraid." As soon as Lulu stepped into the vortex, countless sharp blades appeared..

Chapter 598 - 598: Brother Jiang Jiang, I want to hug you 1)

Lulu's strength was gentle and powerful, nourishing everything silently.

But to the evils, it was a death sentence.

The two sides were the opposite of life and death, the opposite extremes of good and evil.

Lulu stepped into the vortex barefooted, and the sharp blades cut her fair, chubby feet.

Drip, drip, drip.

Blood dripped onto the ground.

I can't use spiritual power, I can't use spiritual power ... Lulu's face was pale, and he shivered the moment the sharp blade touched him.

If she used her spiritual energy, her power would be on the opposite side of brother Jiang Jiang, and there would be no turning back.

It would only speed up brother Jiang Jiang's fusion.

Lulu looked a little aggrieved. Back in the barren capital, those dark spirits were looking for their master. She had a bad premonition in her heart, and now, it had come true.

The evil spirits were really summoning him.

They tried to drag him into the abyss again.

Lulu's head hung low as he trudged toward the center. The small and sharp blades cut her cheeks, and there were many fine wounds on her cheeks.

At this moment, the shadow behind Lu huaijiang was becoming more and more solid, and even faintly had the pressure that once belonged to him.

“Brother Jiang Jiang, you promised Lulu. Come back quickly ...” Lulu held back his tears and made his way to the figure in the center.

Lulu’s voice echoed in his ears.

Lu huaijiang’s brows furrowed slightly, as if he had been awoken. The figure in the void behind him snorted, indifferent but full of warning.

“You’re not my brother Jiang Jiang. My brother Jiang Jiang would never hurt Lulu.” Lulu bit her lower lip and looked at the shadow. You’re the evil, you’re the great evil!” Lulu’s face was red with anger, and her eyes were almost spitting fire.

The figure in the void seemed to have gained some consciousness, or perhaps it was his original consciousness.

He opened his eyes slightly in a daze. His eyes were colorless and lightless, without any emotion.

Lulu was stunned by what he saw.

How could there be such a terrifying and cold gaze in the world? He looked down at all living beings without the slightest bit of pity, but there was a cold mockery.

His eyes were filled with ruthlessness as he looked down at Jiang huailu.

The shadow became more and more solid, and Lulu could even see his eyebrows.

Lulu was angry and anxious, his face was in pain and itch, and he left footprints under his feet.

“No one can stop me.” The shadow looked at her indifferently.

“You don’t know me. You’re not my Jiang Jiang.” Lulu shook his head.

“Give me back Jiang Jiang.” Lulu sounded like he was about to cry.

At this moment, he had already run to Lu huaijiang in a sorry state. Lu huaijiang’s clothes were fluttering, and his hair was let down, fluttering in the wind.

The apparition behind him had already opened its eyes. Just a little more and it would be completely awakened.

Lulu’s legs gave way.

The little girl stretched out her hand, and there was a crash.

He pulled the young man’s pants and tore it.

The slender teenager stood in the middle. When he heard the falling sound, his ears seemed to move.

Lulu grabbed the bottom of his pants and burst into tears.

She helplessly wiped her tears.

“My feet hurt, and so do my hands. Also, my body and face hurt too.” At this moment, she could no longer hold back her grievances and tears fell.

“Brother Jiang Jiang, Lulu is in so much pain.” The little girl’s voice was aggrieved and sad.

Lulu wanted to stand up, but his legs were in so much pain that he could barely stand.

His legs were trembling.

She could barely pull on Lu huaijiang’s pants, but her hand was in great pain. Lulu fell again.

The shadow looked at Lu huaijiang.

The fusion had actually stopped..

Chapter 599: I failed for her 1)

The shadow instantly burst out with a cold killing intent.

The killing intent was directed at Jiang huailu.

Surrounded by the killing intent, Lulu’s body turned cold and fearful.

no one can stop me ... The mysterious man looked at her from above. He had ignored Jiang huailu just now.

But now, seeing that a small child like her could actually obstruct the fusion, the eyes looking at her became colder and colder.

The pressure came from the front.

At the same time, he increased his control over Lu huaijiang.

Lu huaijiang, who was extremely obedient just now, was actually struggling now. He seemed to want to break free from the fusion.

To rule the world.

Slaughtering the human world.

Sweep away all unfairness and kill everything.

Lu huaijiang’s breathing gradually became heavier.

Just as his expression became calmer and calmer and he was about to stabilize the fusion of his mind and spirit.

A soft and sweet voice suddenly appeared in her ears.

A pair of warm and moist hands grabbed his cold hands. “Brother Jiang Jiang, I want a hug.” The little girl spread her hands and looked up at him with teary eyes.

Lu huaijiang’s wrist shook.

“Brother Jiang Jiang, I want to hug ...” Lulu said as she looked at him.

Lu huaijiang's brows showed signs of struggle again.

Lulu held his hands with both hands, tilted her head, and shook her body gently. The little girl swayed, and the little bun on her head shook.

"Lulu's body hurts so much. Lulu wants a hug." Lulu said stubbornly, not caring if Lu huaijiang could hear her.

He wanted a hug.

Lulu was in pain and wanted a hug.

The face of the figure in the void froze slightly, and a fierce light flashed in his eyes.

Just as he was about to do something, the young man in the center of the threshing ground suddenly opened his eyes.

The moment he sobered up, he saw the little girl's eyes, which were full of anticipation for his hug. The clarity in Lu huaijiang's eyes became more obvious.

The figure in the air began to dissipate, becoming a little transparent.

Lulu's eyes were filled with tears as she looked at Lu huaijiang."Jiang Jiang, Lulu wants a hug."

Lu huaijiang looked at her and sighed helplessly and despairingly.

"Alright," he said. His voice was hoarse, and his throat was filled with a fishy smell.

He bent over and picked Lulu up. The little girl wrapped her arms around his neck and started to cry on his shoulder.

"Lulu is afraid, but Jiang Jiang must be a good person. Jiang Jiang, ignore the big evil. He's a bad person." Lulu sobbed, feeling wronged.

Lu huaijiang hugged her and let out a sigh.

The will that did not belong to him in his mind was gradually being stripped away. and the afterimage behind him had long since disappeared without a trace.

The pressure between heaven and earth instantly dispersed. The young man standing in the middle seemed to have grasped the only salvation in his life.

"Alright," he said. After a long time, Lu huaijiang responded in a low voice. His eyebrows were slightly lowered and his expression was indifferent.

However, Lulu knew that this was her brother Jiang Jiang.

The afterimage dissipated, and the Yun nation's expression suddenly turned cold.

Exchanging a glance with guihai, the two ghost generals had ugly expressions. the fusion had clearly reached the final step. How could it have suddenly failed? " Guihai angrily rebuked. They were extremely close to the base camp of the hall of salvation. They had come from fusang and their strength had been weakened. It was already difficult for them to defend.

He had thought that it was foolproof, so how did he fail?

“We’ve already failed seven times, seven times!” die! guihai shouted angrily as he killed all the surrounding otherworldly soldiers.

“This time, before he grew up, before she met him, she found him. Why did he still fail? Why?”

“Slaughter the human world and exterminate all injustice.. Wasn’t that his goal? He was only one step away! What is it for?”

Chapter 600: A series of operations as fierce as a Tiger 1)

Guihai chuyun seemed to have gone crazy.

They had been planning this for thousands of years, thousands of years, and had failed countless times.

what is it? what is he thinking? ” Guihai wanted to return, but the people from the hall of salvation seemed to have been injected with power.

They were being suppressed.

“There must be some unforeseen event. His Highness was born at the right time, and if there were no unforeseen circumstances, he would definitely not abandon us.” The Yun nation looked at guihai, who had calmed down a little. He took a deep breath.

“All acknowledgment orders, withdraw immediately!” Guihai said with a deep voice.

Midnight had passed, and their master had fallen silent again. Their strength had also weakened.

However, the hall of salvation was getting stronger and stronger, and they could only avoid it.

“You want to leave? It’s not that easy! The great Zhou is not a place where you can come and go as you please!” The evil extermination sword in the door God’s hand took away a large number of spirits whenever it was raised.

At this moment, Lulu was in Lu huaijiang’s arms. Lulu raised her head and looked at the sky.

“They’re fighting.” Lulu wanted to help, but Lu huaijiang held her tightly.

“Don’t mind them,”

“Oh,” Lulu replied.

“Brother Jiang Jiang, where did Yu ‘er go? She pulled me out, but Lulu didn’t see her. ” Lulu leaned on the crown Prince’s shoulder and asked casually.

Lu huaijiang seemed to be colder than he was in the day, the coldness and aura around him becoming more and more awe-inspiring.

Even if he didn’t speak, his entire body was filled with a murderous aura.

Lu huaijiang paused at Lulu's words. "She's still in your room." Even if he had lost his consciousness, he would not touch the person in front of Lulu.

Lulu's lips curled into a smile, and his eyes narrowed in joy.

The two of them, one big and one small, walked toward the east of the village.

Lulu did not ask if he still remembered the memories that appeared during the fusion. She did not ask anything else. She only knew that this was her brother Jiang Jiang.

"Lulu wants to eat roasted whole lamb." Lulu pointed at the houses that had been burned.

Lu huaijiang lowered his eyes. The entire village had been burned down.

Only the small courtyard at the east end of the village was left.

"Alright," he said. Lu huaijiang carried her to one of the houses. Sure enough, there was a sheep.

It was exuding the fragrance of pepper.

The skin was golden and the inside was soft.

Lu huaijiang looked at the roasted whole lamb that died with its eyes wide open, and suddenly felt a little strange.

He was an existence that had existed since the beginning of the world.

He was as fierce as a Tiger, and when he looked closely, it was actually 250.

In the end, he roasted a suckling sheep for her?

Even if Lu huaijiang's heart was firm, at this moment, he was also a little ..

A faint sense of dejection.

brother Jiang Jiang, do you have chili noodles and salt? " Lulu looked at him with wide eyes. The little girl had already taken out the chopsticks she always brought with her.

Lu huaijiang's eyes twitched when he saw the pair of silver eyes.

I can't say anything if you bring chopsticks with your physical body, but you can bring chopsticks with your soul?

At this moment, he heard the sound of chili noodles.

Lu huaijiang was silent.

It was not that he did not gain anything from the fusion of his soul today. One of its abilities was to shatter the void and take things out of thin air.

Lu huaijiang put on an act and took out the seasoning from the Imperial kitchen.

Yes, it was such an amazing ability.

The first time he used it was just to steal some chili noodles for her. Eat the sheep he roasted during the destruction of heaven and earth!

“Sin.” Lu huaijiang muttered in a low voice.

Lulu squatted down beside the roasted lamb, his face covered in oil as he ate the chili noodles.

“What are you saying? Brother Jiang Jiang, why aren’t you eating?”

“I’m fine,” Lu huaijiang replied.

Bengong can’t eat..
