

## The Savior 601

Chapter 601: Burnt \_1

Lulu clutched the silver Dagger in his hand.

Lu huaijiang resigned himself to his fate and used the treasured knife to slice her meat. Even the skin and meat were fragrant and crunchy.

The more miserably she cried just now, the more delicious she was eating. this chili noodle is different from what Lulu usually eats. It has an exotic fragrance and is delicious ... Lulu's face was covered in oil. He hiccuped and looked at the mutton with regret.

"If you like it, I'll prepare some for the eastern Palace next time," Lu huaijiang cursed in his heart, how could it not be delicious?

This was stolen from the Imperial kitchen. The Crown Prince, with his heaven-defying magic, had actually used it to steal chili noodles.

Ha ...

The Crown Prince's was thrown away by him.

"It's a pity that Lulu's stomach is too small and I can't eat anymore. Otherwise, I'm going to burst my stomach." Lulu wiped his chopsticks and put his hands back into his pockets.

"Eating too much is not easy to digest, walk back slowly." Lu huaijiang held her hand. The black fog in the sky had already dispersed.

The two ghost generals were seriously injured by the door God and the day wandering God, and they fled in a hurry.

Chu Liang stood in the clouds and saw Lulu's protruding belly. Her face was covered in oil and her mouth was red from the spiciness.

He could only bow to her from a distance, then turned around and said sternly, ""Everyone, return to the hall of salvation. From today on, we will be more vigilant. The demon ghost will come back sooner or later!"

On the surface, he looked stern, but in his heart, he was thinking.

The Savior's appearance could not be seen by outsiders, or he would not be able to convince the public.

Lu huaijiang took her around the village for more than an hour, and everywhere was barren. Lu huaijiang's face darkened when he saw this. He still remembered the strange, powerful, and disgruntled resentment that the shadow had when it descended.

It was almost in an instant that he lost his consciousness.

The shadow was him, but it was also not him.

When he returned to the small courtyard at the village entrance, everyone was still lying on the ground.”They will all wake up tomorrow morning. Lulu had no idea what had happened tonight. Go to sleep.” Lu huaijiang patted her forehead and Lulu was sent back to her physical body.

Lu huaijiang calmly pushed the door open and entered the house. He paused for a moment when he saw his eunuch lying at the door.

This place was only 300 Li away from the capital, and they would probably be here soon.

Lu huaijiang took out a cup from the table and smashed it on the ground.

He tapped his chest twice with his right hand, and his face turned pale as he fell to the ground.

In less than half a cup of tea’s time, a large number of troops emerged from the village entrance.

The one riding in front was the first Prince, Lu yuanxiu.

Lu yuanxiu was going to marry the main consort in the Golden autumn of August. With the beauty of the secondary consort Ying, he was very pleased with himself for a while.

Today, the phenomenon in myriad River Village had even alarmed His Majesty.

The emperor’s people had always been paying attention to the capital, and the Crown Prince had not hidden it from him. Naturally, she knew that he had come to myriad River Village.

At this moment, His Majesty had sent him to see the Crown Prince.

He even brought along two Imperial physicians.

“Your Highness, the area within ten Li of this village has been turned into scorched earth. I’m afraid His Highness ...” The Imperial physician’s heart trembled. If something really happened to His Highness, he was afraid that he would not be able to retreat in one piece today.

The sage King’s eyes turned cold, ‘don’t talk nonsense! Yi ‘an is the Crown

Prince and has the protection of a true Dragon. He’ll definitely be safe.” “Let’s go, follow me into the village!” The deeper they went, the more shocked everyone was.

There was even thick smoke rising from the ground, and the fierce horses kept neighing as they stepped on the ground.

Lu yuanxiu’s eyes glowed as he curled his lips.

Everyone held onto their torches. The sky was gradually turning white, and there was some light on the horizon.

He looked around and saw that there was not a single trace of green.

Everything had been burned..

Chapter 602: Roasting a whole lamb on the battlefield?

“His Majesty has already summoned master yixu back to the Imperial court.”

there’s actually such an evil spirit in the great Zhou. I’m afraid there’s no peace in the great Zhou.

“That aura just now, even if it was 300 Li away from the capital, it still made people feel fear. It’s as if it’s going to destroy the heavens and earth.” The great prince was deeply concerned. When they set off, the people had already walked out of their homes and knelt on the streets.

“Your Highness, you said that the Crown Prince’s appearance here today is the sign of the evil. Is this a coincidence?” The advisor in front of the sage King was dressed in green and chuckled.

The first Prince’s expression was calm as he said righteously, “The village has been in trouble for more than seven days. It just so happens that the Crown Prince is here for a secret visit today. I’m afraid the evil has the intention to harm the Crown Prince of great Zhou!”

The first Prince and his advisor looked at each other and laughed. Everything was said without words.

They had never thought of His Highness or the evil, but today’s incident was too coincidental. Whether or not it had anything to do with him, they could still manipulate it.

“The entire village has been burned to the ground. I’m afraid it’s going to be difficult.” The chances of survival were too low.

As he said that, the aide’s nose suddenly twitched.

The air was suddenly filled with the smell of some kind of numbing pepper.

“Your Highness, do you smell something?”

The Imperial physician sniffed, “It’s probably, it’s probably the fragrance of roasted whole lamb.” The Imperial physician’s nose twitched. This fragrance was a little familiar.

The first Prince’s face twitched, and he turned to look at him. Roast whole lamb, roast whole lamb! This King can see that your mind is only filled with roast whole lamb!

The Imperial physician’s face was full of grievance, “It’s indeed a whole roasted lamb. This fragrance, it’s the smell of chili and cumin ..”

The first Prince was furious, “What is this place?” An hour ago, there were countless evil spirits fighting here, and the sky was dark and the sun and moon were dim. At this moment, the people above were still killing. Could anyone still eat mutton with chili noodles? Use your brain?” The Prince’s eyes narrowed slightly. This idea was simply stupid.

The group patrolled the village along the way. Suddenly, the Royal guards in front of them hurried back to report.

“Reporting to Your Highness, there is another house at the east end of the village that lights this lamp. It’s the only intact house within a fifty Li radius!”

“There are a few guards lying outside the door. They seem to be the servants of His Highness.” The Royal Guard said in a deep voice.

The first Prince’s face tightened.

Forcing a smile, he rode his horse and galloped towards the east of the village.

“Hurry up and take a look.” With a single command, he headed straight for the village entrance.

The sage King’s expression was not very good.

It was not until everyone broke through the door that they realized that the inside and outside of the courtyard seemed to have become two different worlds.

Inside the wall and the door, everything was normal. Outside the door, the livestock and forest were all destroyed.

“Eunuch, eunuch, wake up ...”

“General, general .

“Where is His Highness? go and find him!”

“Your Highness, they’ve only lost some of their energy because of the sudden appearance of that power. It’s not a big deal.” The Imperial physician casually probed.

“His Highness is here, come quickly!” The aide shouted from within the room.

The crowd broke through the door and saw the young man lying limply on the ground, the cup shattered.

“I’m afraid that the power that appeared when he poured the water made him unable to react in time.” The advisor looked at His Highness. His Highness saw everyone helping the Crown Prince up and put him on the bed. The Imperial physician went forward to take her pulse.

The sage King’s eyes stared at him.

“The same as the guards outside the door. All of them fell into a temporary coma because their energy was sucked out. Fortunately, there are no major problems. I will just go back to the palace and recuperate.”

The first Prince’s face darkened at the Imperial physician’s words..

Chapter 603: Son of heaven ‘s mandate \_1

However, as everyone watched, the first Prince wiped away his tears and hurriedly gave a deep bow to the sky.

“Thank the heavens for taking pity on us. All the places have been reduced to scorched earth, but this place is intact. This is a blessing from the heavens.” The sage King sighed with emotion.

The Imperial physician lowered his head when he heard this.

All the places had been reduced to scorched earth, except for this place, which was intact.

Didn't this mean that His Highness was colluding with the evil?

"This lowly subject has prescribed some good medicine for Your Highness' body. Let the servants boil it first. When you wake up, drink a bowl and it will restore some energy." The Imperial physician had brought a lot of medicine with him.

The aide looked around the courtyard.

He then went to the next room to take a look. In one of the rooms, a maidservant and a young lady were lying at the door. She was probably peeking at the situation outside at the door, but she fainted at the door.

Next door, a five or six-year-old girl was sleeping very well under the quilt.

He didn't even close the door, and with one look, he knew that the child had gone to bed early.

The eunuch also fell at the door.

There was nothing unusual.

No one knew what was happening outside.

Could it be that Lu huaijiang was really so lucky to escape?

Not long after the sky brightened, the guards at the door and the eunuch woke up one after another.

Everyone took advantage of their confused state to ask a lot of questions, but they got nothing.

"His Highness was unconscious for more than a year some time ago and his body is weak. Let's have a bowl of ginseng soup first." The Imperial physician ordered someone to feed His Highness the medicinal soup and everyone waited quietly for an hour.

His Highness slowly woke up.

When she woke up, she had a splitting headache and her body was weak. The great prince had people keep an eye on his state and appearance when he woke up. He was actually no different from the attendants outside.

"Imperial brother, why are you here again? I came out of the palace in plain clothes to investigate the cause of the extermination of the myriad River Village ... Oh no, I missed midnight!" The Crown Prince suddenly sat up. His head was dizzy and he was swaying.

Eunuch Lu hurriedly wiped away his tears and went forward to support him.

"Your Highness, why didn't you bring this servant with you? This servant still managed to find out from wangye that you have left the capital." Eunuch Lu's face was covered in tears and he was filled with fear.

The Crown Prince rubbed his brows. the situation is urgent. I'm also afraid of alerting the enemy.

“I’ve learned from the ancient Buddhist books that the massacre of ten thousand River Village was because the demon ghost wanted to summon the evil. It was said that it would be seven days later, but bengong stayed up all night and actually fell asleep?” Lu huaijiang frowned.

Eunuch Lu’s heart ached.

“You’re just too tired, how is this sleeping? You’re unconscious, Your Highness.

His Majesty knew how heartbroken he was. You’re putting yourself in danger.

Thank God for the blessing of Bodhisattva. I heard that last night, the Savior’s Hall glowed with golden light and someone saw the nether soldiers fighting against the evil spirits on the horizon. His Highness was saved by the Savior’s Hall.” Eunuch Lu helped him to his feet.

Lu huaijiang seemed to be stunned for a moment, then he sighed.

The first Prince didn’t say anything else. The more he said, the more it would confirm that he had the true Dragon body barrier.

“Father has already sent people to invite master yixu back. I’m afraid this matter needs to be considered at length. Only a small portion of ordinary Yin souls would escape. With such a great disturbance, I’m afraid that no one in the world will be spared.”

As they were talking, Ming su also entered the door with her maidservant.

His face was pale and his eyes were filled with fear. This endearing appearance made the first Prince take a second look. The Ming family’s girl was indeed outstanding.

But unfortunately ...

Right now, the Ming family had no real power in the capital. There were only rumors.

The great prince quickly shifted his gaze..

Chapter 604: Period (1)

“This must be young lady Ming? Seeing is better than hearing. As expected, you are outstanding and should set an example for women.”

Ming su bowed to the first Prince.

His body moved slightly, like a Golden Orchid swaying in the wind.

It was tough and a little delicate, making people want to love it.

“Your Highness is too kind. What exactly happened here? Last night, susu went to bed early, and only now did she realize that the outside has become a ruin.” Ming su was really a little terrified.

At a glance, there was only endless scorched earth left, and anyone who saw it would be terrified.

“Miss Ming need not worry, His Majesty has already sent people to investigate. You will know when you return to the capital.” The first Prince did not say a word.

Ming su didn’t ask further, but her face was still pale.

Lulu only slowly woke up at noon.

Yu ‘er’s body was almost transparent, and she stood in the corner with a frightened look. Her soul wasn’t solid enough, so everyone couldn’t see her.

Seeing that Lulu had woken up, Yu ‘er was on the verge of tears.

“Wuwuwu ... Your Jiang Jiang ...” He ate ghosts!

He was scared to death.

Wuwuwu ...

Lulu’s head hurt from her crying and he waved her away.”I’ll give you a good place. First, solidify your soul, don’t let it scatter.”

In the blink of an eye, Yu ‘er had disappeared.

Lulu put on his clothes and went out. He smelled the fragrance, and it was time for dinner.

“Does your head hurt?” Lu huaijiang raised his hand and summoned her to the front. The first Prince looked at Jiang huailu deeply.

It was rumored that the Crown Prince doted on a little girl in the eastern Palace. It was indeed her.

This wretched girl was already at odds with him in Huangdu, and now she could suppress Lu huaijiang’s soul. If he had known earlier, he would have let her go to Huangdu and never return!

“It doesn’t hurt. Lulu is hungry ...” The little girl obediently climbed onto his lap and sat directly beside him.

“The little girl is still in the growing stage and her body is the best. You’ll recover quickly after a good night’s sleep.” The Imperial physician said softly.

The first Prince grunted in agreement.

After lunch, they prepared to return to the capital to report.

Lulu’s stomach wasn’t feeling well before they set off, probably because he had eaten too much roasted lamb last night.

“Let the Imperial physician prescribe you something that can relieve greasiness and aid in digestion.” The Crown Prince’s face was filled with helplessness as he watched her go to the guest room while holding her stomach. He then asked eunuch Lu to bring some medicine back. It just so happened that there was Hawthorn sugar water in the Imperial physician’s medicine box. It was clear and sweet with the sourness and sweetness of the Hawthorn, so she would definitely like it.

Not long after, Lulu returned.

The little girl's face was grave as she glanced at Ming su's carriage.

The little girl looked at it, then looked at it again, and then ran to Lu huaijiang in a hurry.

He sneaked up to Lu huaijiang, ""Jiang Jiang, I've discovered something big!" The little guy gasped and pulled Jiang Jiang to his ear.

"Oh no, something big has happened to miss Ming. She had lost so much blood in the concubines' room. Why was there so much blood? You even threw a bloodied belt. It looks like the belt that the Empress gave you last time." Lulu's face was serious.

Lu huaijiang's face twitched when he saw her innocent face.

Can we not mention that period belt!

"Did she kill someone in the concubines' room? Should I report this to the authorities? Someone must have died! How could she be so cruel to kill someone?" Lulu said carefully, his face full of mystery.

Eunuch Lu snorted and pretended to pack his luggage as he got into the carriage.

Lu huaijiang was left alone to face this awkward situation.

Lu huaijiang took a deep breath and suppressed his throbbing veins.

How was he going to explain this to this fool?

Chapter 605: The aura of evil (1)

brother Jiang Jiang, brother Jiang Jiang, why are you blushing? " Lulu looked at him suspiciously.

Lu huaijiang took a while to calm down.

"Brother Jiang Jiang, why are you looking at Lulu like that?" His Highness, who was able to make the admonisher bang her head against the wall in a war of words in the Imperial court, was now hesitating and did not know how to speak.

Lulu said innocently.

Lu huaijiang paused for a moment, and his face darkened.

"No, she's killing chickens inside. Yes, she's killing chickens inside!" Lu huaijiang changed the topic and replied with a serious face.

Lulu's jaw dropped in shock.

"It's so stinky to kill a chicken in the concubines' room. He couldn't even eat the chicken. It's so dirty ..." Lulu furrowed his brows in disgust.

Lu huaijiang was expressionless, "why do I have to face this kind of thing?" Is your period against bengong?

It was difficult to raise a child, but it was even more difficult to raise a little girl.

Fortunately, at this moment, the great prince and the others were shouting that they were going back to the capital. Lu huaijiang actually got into the carriage with messy steps.

That flustered look did not have the calmness of the past at all.

Lulu furrowed her brows. ‘Why is brother Jiang so weird? he’s just killing a chicken. ‘

Really ...

The young lady climbed up the carriage on her hands and feet. Lu huaijiang sat in the corner, holding a book and pretending to be busy.

“Brother Jiang Jiang, you’re holding your book upside down.” Lulu pointed. Lu huaijiang’s hand stiffened, and he immediately turned the book upside down.

Lulu rolled his eyes. Hmph, he didn’t even move his eyes. Who was he trying to fool?

The first Prince and the others led the way while everyone sat in the carriage and looked out the window. Only then did he discover that this piece of scorched earth was actually very wide, and on the way, he could also see many burnt livestock and birds.

“Is there any movement in the capital?” Lu huaijiang took a sip of tea and asked softly.

Eunuch Lu replied in a low voice, “His Highness was unconscious yesterday, so

I’m afraid he doesn’t know.” Around 11 am, dark clouds suddenly gathered and Thunder rumbled. There’s a faint light in the sky.”

“The capital is three hundred Li away from here, and there was an earthquake for no reason. The earth shook and the mountains shook. Fortunately, the shaking was not too severe. However, the altar was shattered.”

the Bodhisattvas and Immortals worshiped by the people in their homes fell to the ground and smashed into pieces.

“There are rumors among the people that a devil has appeared, He wants to destroy the world and kill the people of the world.”

“Everyone was in a state of panic, which directly alarmed the Emperor in the palace. This servant also knew that you were not in the palace at that time.”

“When your Highness and I advanced, we felt the boundless pressure of heaven and earth. The flatterer knelt on the ground and refused to move. A slave couldn’t even lift his head. His entire body was suppressed, and he was even more terrified than when he first entered the palace. My clothes and pants are all wet.” after that, the hall of salvation glowed with golden light and headed straight for myriad River Village.

“From time to time, the Golden light above wanhe village would reveal a little, so everyone speculated that the hall of salvation was fighting with the evil spirits. Al,

Your Highness, you don't know, but now everyone is in a state of panic. I'm afraid they're not having a good time."

"It only appeared for an instant, and everything within fifty Li of it was reduced to ashes. This was a demon. Al ..." Eunuch Lu felt a lingering fear. Back then, he had thought that he would die on the road.

Lu huaijiang acknowledged and waved eunuch Lu off.

Eunuch Lu quietly left the carriage and sat outside with the coachman.

Lu huaijiang lowered his eyes and looked at Lulu, who was leaning on the window with an innocent face.

He had never told anyone that last night, that shadow had remained in his consciousness.

Only by staying by Lulu's side could he retain some of his peace..

Chapter 606: The little evil Lulu (1)

The carriage continued on its way to the capital.

Something was wrong along the way.

Lulu sprawled beside the carriage and saw many people kneeling and kowtowing as they moved forward. At a glance, he saw very few people standing.

"What happened to them? Why do you have to walk on your knees?" Lulu leaned against the window and asked Lu huaijiang.

Before Lu huaijiang could speak, eunuch Lu replied in a low voice, ""His Highness and the young lady have always been in myriad River Village and have no idea what's going on outside. There hasn't been much peace in the capital recently."

"On the day Your Highness left the capital, it was said that someone saw the ghost village."

"On that day, a woodcutter went up the mountain to cut wood. When he returned late at night, he went through one of the villages and came down. That day, when he was halfway up the mountain, he had just flipped down the mountain and his feet had not yet landed on the ground. I saw an old lady holding a lantern with a human head, crying with blood and tears on her face, shouting something like a ghost ..."

"In the end, Your Highness, can you guess what happened? That village was actually filled with Yin souls! Hearing the old lady's cries, the entire village swarmed out. Those with broken legs, blind eyes, and even bones. At that time, the woodcutter thought that he was finished. Who would have thought that those Yin souls actually didn't seem to see him. One by one, they cried and ran away as if they had seen a ghost. You don't know, but those ghostly things even moved the village away."

“He even took the house with him,”

“Within two days, I heard that a great evil had appeared in myriad River Village. I’m afraid those Yin spirits knew in advance and were scared.” Eunuch Lu clicked his tongue and shook his head.

Lu huaijiang and Jiang huailu looked at each other, and Lu Lu silently turned her head.

I’m guilty, but I’ll never admit it.

“The outside world is saying that a great evil is about to descend and destroy the world. The commoners panicked and kowtowed three times to the salvation Hall and the National temple to seek peace. Don’t you agree?” Eunuch Lu pulled at Lulu. After all, he did not dare to pull the Crown Prince.

“Ah!” Lulu raised his head.

“Ah, it’s ... It’s an evil, right?” squeaky looked at eunuch Lu. These two things, how did you all link them together?

The corners of Lu huaijiang’s mouth curved up slightly, and his eyes narrowed slightly. Lulu’s guilty conscience was somewhat cute.

She was much more powerful than the evil, the kind that could cause the whole village of spirits to move their houses away.

Who would believe it? it was actually because of a five-year-old child.

Lu huaijiang’s lips curved into a smile, and he laughed in a low voice.

Lu huaijiang saw that eunuch Lu wanted to say something but hesitated, so he lifted his chin at him.

Eunuch Lu said in a low voice, “there are still some rumors among the people.” It was said that the evil spirits had long descended upon the human world, but they were hidden in the crowd, and the people were deceived and could not see the truth. Last night was a warning from the heavens, but these rumors are still under control.”

“Not many people believe in it. After all, no country is willing to admit that there are evil spirits in their own country. If they provoke an Army, no one will be able to bear the responsibility.” Eunuch Lu did not take this to heart.

Lu huaijiang nodded.

He didn’t ask his subordinates to stop him.

Some things were more eye-catching the more they were covered up.

Everyone considered the Crown Prince’s weak body and did not hurry on their journey. On the contrary, the three-day journey had taken five days, and Lu huaijiang’s complexion was getting better day by day.

On the day they entered the city, yang fenfeng was a little anxious.

He hurriedly spent money to find a little girl who sold herself to bury her father, and bought her for fifty taels.

“Take this token to the Yang family and tell them it was this young master’s order. Don’t pay attention to anyone. After washing up, go to my father’s study and stay there. When the uncooked rice is cooked and the child is born, it will be a surprise for my parents.” Yang pinfeng gave a serious order.

Chapter 607: So much money that I can’t finish spending

(1)

The sixteen-year-old girl’s face was covered in tears after her father died.

At this moment, when she heard his actions, she was so shocked that her tears stopped.

They looked at him in shock.

“Eunuch Lu, please prepare a small courtyard for Lulu.” Lulu leaned against the window. The kind that doesn’t communicate with the outside world.” Lu huaijiang looked at her.

The little girl spread out her hands and sighed faintly, “”I understand now. When the heavens closed a door, a window would always open. It turned out that Yang Wei had opened the window to getting rich, but the door to his brain had been closed. Sigh, we have to keep him alive.”

What if his parents were so angry that they killed him with a knife?

It was really too difficult for her.

Lu huaijiang laughed silently, ‘getting rich? You want to take revenge with that little money?’”

“I remember that you guys started to mess around when you were in huangdu, right? It’s been two years, have you earned a thousand taels?”

Lulu’s mouth was wide open as he stared at him in shock.

You, are you trying to send a beggar away? Even the beds in Lulu’s courtyard, which was used to store money, were made of silver.

There was money under the pillow.

Yang pinfeng was very superstitious and said that he could rest easy.

Lulu thought that it made sense. After all, she was the end of all superstitions. Wasn’t she the most superstitious one?

Lu huaijiang shook his head and sighed helplessly, “”As long as Lulu is happy,

I’ll compensate brother Jiang Jiang for your loss. It’s yours if you earn it. ‘

Lulu looked at him, not knowing what to say. She was too embarrassed to tell him that two of his stores had been packed to death recently.

Lulu held his breath and didn't dare to make a sound."You often come to my shop to buy jewelry."

The ones I'm wearing are all bought from me.

Lulu was the one who caused your shop to collapse.

"It's no matter, it's always good for a little girl to know more things. When the aristocratic women grow up, they will be able to manage the shops, so it will be more convenient for them to manage the family in the future.

"Lulu learned it early on. It'll be beneficial in the future." As long as she was willing, Lu huaijiang was willing to let her try.

Lu huaijiang was afraid that she would feel bad if she lost money. After thinking for a while, he called eunuch Lu in.

He gave her a banknote worth a thousand silver taels.

Lulu clutched the money in her hand, her face wrinkled. Lu huaijiang thought that she was too touched.

Lulu thought, 'how can I convince brother Jiang Jiang that I have a thousand, ten thousand, a hundred thousand, or even a million taels of silver?' Wealth was also a mistake.

The carriage drove all the way to the eastern Palace, and Lu huaijiang personally sent Lulu through the gate.

The first Prince looked down at Lulu from his horse, his eyes smiling."Outsiders spread that the eastern Palace raised an arrogant and willful little thing. It was indeed true. This was the first time Yi 'an had ever seen such a thing. My Royal brother, father, and mother have never seen such a scene." He had always felt that Lu huaijiang was not quite right with Jiang huailu.

Lu huaijiang glanced at him indifferently, ""What eldest brother said is interesting. If the person who suppresses the soul is not kept by one's side but outside, what would happen if he is controlled by someone with ulterior motives? Don't you think so, Imperial brother?"

The first Prince's expression stiffened, and he nodded. "The Crown Prince is right."

"It's always good to be cautious,"

His Highness has not been in the palace for the past few days, so His Majesty has asked the elementalists to handle the matter in fusang. We can enter the palace together to discuss this today. The first Prince laughed.

Lu huaijiang's eyes drooped slightly,"since this matter has been passed down to the sage King, the sage King will follow up with all his might." Bengong is happy to have some leisure."

The smile on the first Prince's face deepened.

Lu huaijiang had just left when Lulu slipped out from the side door with her little bag..

Chapter 608: Jiang huaijin's marriage (1)

There was a chubby child of two or three years old sitting at the side door.

Now that the food Street in front of the eastern Palace was developing very well, they were all shocked to see the White and tender chubby baby swaggering through the market alone.

He was only two or three years old. Who would be so bold as to let the child out alone?

Seeing him walk straight to the back door of the eastern Palace, everyone immediately shifted their eyes.

However, he kept peeking at them from the corner of his eyes.

After a short while, she saw a small crack on the back door.

Then, a little girl with two pigtailed appeared. She was about five years old and looked very pleasant. Her black eyes were bright and she had a strange look.

The big cutie and the little cutie had met up.

“Are you done?” Lulu’s first question was to him, and the two of them seemed to be talking in riddles, as if it was their secret.

“In your dreams, Hmph.” Jiang huailin pouted. Jiang huailin was still holding his chest in anger. He held her too tightly and lost his balance, falling to the ground.

With a squeak, he fell to the ground.

Lulu broke into a smile.

The tooth that was stuck out the last time had already grown back, and she could laugh without any restraint.

“She still wants to marry the noblest person in the world. Anyway, I’ll go wherever she goes. Don’t even think about ditching me.” As Jiang huailin spoke, a hint of resentment that didn’t belong to a child flashed across his little face.

“I’m not convinced. Why can she still marry the most noble person after doing so many evil things?”

“You don’t know, but there’s a flood in the South. His Majesty had sent the first Prince to provide disaster relief, but the first Prince was corrupt, and she had even given him advice. Have people add small stones and Guanyin clay to the porridge to fill the stomach.”

“There are also many people who can’t digest the food and die from it.”

“But they’ve been keeping it a secret.” Jiang huailin had betrayed Jiang huaijin.

It had to be said that he was young, and very few people were on guard against him.

He had heard many secrets in the past.

Lulu blinked his eyes, and the two of them whispered into each other’s ears. Everyone laughed in their hearts. These two children looked so serious. Who knew what national affairs they were discussing?

“She’s really going to marry the richest man in the world?” Jiang huailin lowered his head and looked sullen.

If he ruined his hundred years of cultivation, he would not be able to live a good life.

“There’s a man with the oldest family name in the world under the North Gate.” His last name is zmost!”

Jiang huailin’s eyes lit up as soon as Lulu finished speaking.

The city wall at the North Gate, wasn’t that a place where refugees and beggars gathered?

Most surnamed, most ..

I knew it. I knew you’re the best . Jiang huailin wanted to hug Lulu, but Lulu pushed him away in disgust. no way! Jiang Jiang said I can’t hold stinky men. The little girl’s face was full of innocence and righteousness.

“I’m only two and a half!” Jiang huailin replied.

“Jiang Jiang said that men are born stinky men.” Lulu put his hands on his hips.

“Besides, I’m not abusing my power for personal revenge. Then she’s destined to be like this. It’s not that I’m abusing my power to take personal revenge.

Lulu is just!”

The little girl did not admit it at all.

“She said that she’d asked for mercy in the Savior’s Hall,” Jiang huailin muttered.

“She’s going to marry the most distinguished man in the world.”

Lulu rolled his eyes, as if it had nothing to do with him.”You’re too superstitious. Who said that a wish could come true? Even if she did, there are so many wishes every day. Who knows if every word she says is the same as what I understand.”

“The richest? what’s wrong with his surname and name?”

Chapter 609: The end of superstitions is Lulu (1)

Jiang huailin glanced at her and said,”yes, yes, yes. No problem.” The fairest and most strict one is you!”

After saying that, he paused for a moment and ran down the steps shakily. Then, he opened his eyes and said, “”Lululu ... However, huailin’s words aren’t superstitions. After all, you’re the biggest one.”

“You are standing at the end of superstition!” After saying that, he ran off.

Knowing that Jiang huaijin wasn’t doing well, he immediately felt at ease.

He felt that he had the motivation for the rest of his life. He would definitely follow Jiang huaijin for the rest of his life.

Every drink and Peck had a cause and effect.

At this moment, Jiang huailin was even more elated as he called for a palanquin and headed towards the North of the city.

His sister would definitely be happy to marry the most distinguished man, right? He would definitely be overjoyed!

Lulu had fulfilled her wish!

His sister was already of marriageable age, and as her only blood-related younger brother, he had to contribute to her marriage. To become an indispensable person!

Lulu stomped his feet in anger, which amused the crowd. They had just put their heads together.

They turned around and fell out.

Lulu had just pushed open the door when the servants of the Yang family rushed in on their horses.

Horses were forbidden to gallop through the capital, but the other party could not care less at this moment.

“Miss Lulu, please go to the Yang family. Young master told me to invite you over. The young master’s hand was broken, and we’ve asked the Imperial physician to fix it.”

Before the horse could stand still, the servant jumped off and rolled on the ground.

“The moment young master returned to the residence, he brought a beautiful young lady into master’s study. I ...” The servant kept sighing as he spoke.

“After that young lady washed up, she took off all her clothes and lay in the study room with only a dudou left. The old master came back from the court and was sweating all over, so he asked people to prepare a bath bucket. He didn’t even lift the curtain to go in and take a look.

“This is really bad luck. Furen pushed the door and entered just in time to see that master was only left with his inner clothes.”

“Lift the curtain, there is a young lady with a face like a peach flower lying on the bed.”

“Master refused to admit it and insisted that he did not know her and did not admit that he had a mistress in his Golden House. But Furen said that he was disloyal and dared to do but dared not admit.”

“The two of them were quarreling about a divorce. In the end, the young master knelt down and admitted his mistake, saying that he was the one who sent the young lady in.”

“Furen was even angrier and said that master was hiding a mistress in his Golden House and wanted his son to take the blame. The old master was so angry that he

broke his hand in a fit of anger. The madam was getting angrier and angrier, and finally ... In the end, master was chased out of the residence." The servant was like a storyteller, speaking until Lulu wanted more.

"Then, then what do you want me to do?"

'Young master asked if you could find a place for old master to stay ... Madam has ordered that he's not allowed to enter any of the Yang family's properties. Whoever helps him will be kicked out." The servant's face was full of sincerity.

"Then why are you running so fast?"

"Young master said that his old man is sleeping on the streets, and he wants you to hurry up so that you can watch the fun. By the way, I'll need your help to apply for leave tomorrow. They said that father and mother wanted a divorce and wanted to help father and mother in the residence." His young master had racked his brains and finally could openly ask for leave.

Even though

In the beginning, everything was still because of him .

"How?" Lulu asked casually.

The servant's expression was strange as he carefully whispered into Lulu's ear, 'pretending to be obedient but secretly disobeying ... The longer they argue, the longer they invite."

Lulu's face was full of sympathy when he heard this. He couldn't help but mourn for Lord yang.

After expressing her sympathy, she turned around and called for a carriage. He was rushing to see the Lord yang who had been expelled from the house!

Chapter 610: A true God meets a pheasant God (1)

It was already night time when Lulu returned.

The little girl ate until her stomach was round and had the palace servant secretly open the side door for her.

The little guy's arms were bulging, as if he was holding a round thing.

don't tell Jiang Jiang that I'm out ... Is Jiang Jiang back?" The little girl grinned and even took out a pig Trotter to bribe the gatekeeper.

The gatekeeper was an honest girl. She pushed twice but failed, so she could only accept it.

His Highness has not returned yet. Eunuch Lu sent a message back, asking you to rest first and not wait for His Highness. The gatekeeper said in a low voice. Who in the eastern Palace didn't know about this?

This little girl was half the master of the eastern Palace.

There were even many times when she could directly skip His Highness and become the master of the eastern Palace.

Lulu nodded and ran off.

The gatekeeper held the Trotter wrapped in oilpaper in his hand and sighed faintly. "Your Highness, who doesn't know about your naughty personality? He gave this servant a heads up earlier." As for the pig trotters, he naturally didn't dare to eat them.

When His Highness returns, I'll heat it up and send it to his study.

Lulu sprinted back to her room. The palace servants wanted to serve her, but she shook her head and refused.

With a click, she tiptoed and locked the door.

He mysteriously took out a small porcelain bottle from his chest. The porcelain bottle was smooth and white, and there were a few red plum blossoms carved on it. It was so red that it looked like it was dyed with blood.

This was something an old lady had given her when she had just returned.

She didn't accept money and insisted that it was given to her by some fated person.

Lulu had been walking on the long Street without any servants. There were so many people, but the old lady only had her eyes on her. This was interesting.

The little girl wasn't afraid at all and immediately accepted it.

The old lady even told her to open it in the middle of the night and not to tell anyone.

He also said that there was a God in the porcelain bottle, and he would fulfill the wish of whoever let him go.

Lulu was no longer a three-year-old child.

She was a five-year-old fairy.

When a true God met a fake God, she was no longer excited. He was so excited that he took the bottle away.

He placed it on the table and stared at the small white bottle.

The small white bottle trembled. Lulu tilted his head and looked at it. He guessed that it could probably notice the outside world.

He immediately stepped forward and opened the lid of the small white bottle.

"Whoosh .

White smoke rose from the bottle.

The smoke curled up, and a shadow appeared in the White smoke. The shadow landed on the ground and turned into a human figure.

It was a man in white. At this moment, he had the air of a Sage, a calm look on his face, and an unfathomable expression.

“Who, who woke me up? But you, little guy?” The handsome man looked at her disdainfully, as if he was a master from another world.

When he saw Lulu staring at him in a daze, he immediately felt a chill down his spine and his face turned a little haughty.

I’ve been asleep for a thousand years. Since you’ve awakened me, then I .

Before the White-robed man could finish his sentence, lulu’s eyes lit up.”So if I wake you up, you’ll be my servant?”

The man ...

“No, I can grant you a wish.”

“I’ve cultivated for a thousand years and have been worshipped by the people. I ascended and became an immortal a thousand years ago. Tell me, what wish do you have, this Lord can help you fulfill it!” The corners of the man’s lips curled up slightly. What kind of wishes could a five-year-old have?

It was nothing more than eating, drinking, playing, and having fun.. The mission this time was really simple!
