

The Savior 651

Chapter 651: The oath back then (1)

Lu huaijiang had not been unconscious for long.

She quickly woke up.

But ... He kept feeling a burning and sharp pain on the back of his head, as if someone was pulling his feet and his head was on the ground, and his whole body was being held forward.

He opened his eyes and saw the color of the sky.

He was lying on his back with his feet raised high, and his head seemed to be touching the ground.

Shua shua shua.

The sound of something mopping the floor came from behind him.

Lu huaijiang could only remember seeing Lulu being pushed to the ground, and he could not suppress his anger. Then, his vision turned black and he was forced to lose control of his body.

The voice in his mind seemed to have gone silent. Lu huaijiang coughed lightly. Lulu was dragging him by the ankle and slowly making his way to the back of the altar.

Just as she put it down, she heard Lu huaijiang's voice and raised her eyes in surprise, ""Brother Jiang Jiang, you're awake? Are you alright?" The little girl was overjoyed.

"When you fell outside just now, Lulu was afraid that they would notice brother Jiang Jiang's strange behavior, so she dragged him in. However, Lulu was too strong and had just pulled brother Jiang's arm ... It's dislocated."

"I wanted to drag your head, but I was afraid it would break. She could only hold onto her brother's ankle. Lulu is smart, right?" The little girl puffed out her chest and raised her head, her face full of pride.

"By the way, Lulu has reattached brother Jiang's arm for you. It doesn't hurt anymore." Lulu was very proud.

She had to snap it a few times before she could straighten it.

Lu huaijiang raised his right hand slightly, and the pain in his joints suddenly hit him.

It made him bite the tip of his tongue to stop the pain that was about to overflow.

He had fought on the battlefield before, and his arms had been dislocated before. However, there had never been a time when the dislocated joints hurt so badly.

The joints seemed to have been connected and broken countless times.

brother Jiang Jiang, how are you? " Lulu was a little worried, not knowing if the evil had hurt him.

Lu huaijiang sighed softly. What could that person do with his body? She just wanted to merge with him, so hurting him was hurting herself.

His greatest injury was Lulu's grip on his ankle. He had almost been dragged bald.

At this moment, her head was burning with pain, but Lu huaijiang had to praise her with a satisfied look, "Well done, Lulu. You saved brother Jiang Jiang. I don't have great love. Did he scare Lulu just now? Did he hurt you?" Lu huaijiang was aware of the other party's malice towards Lulu.

"He wanted to pretend to be Jiang Jiang, but I recognized him at first glance."

Lulu shook her head. hehe. There are no stars in his eyes when he looks at Lulu."

"Brother Jiang Jiang, you promised Lulu that you would not fall into the evil path and become an evil god, right?" The little girl squatted on the ground and looked at him seriously.

When Lu huaijiang heard this, she could recognize her at a glance. Her eyes narrowed slightly, and the corners of her lips unconsciously curved into a faint smile.

"Trust me, I will keep my promise."

As soon as he raised his hand, Lu huaijiang paused for a moment, his eyes slightly focused.

A pattern that looked like a flame appeared on his wrist. He reached out and twisted it, but it was as if it had been engraved and could not be erased.

"Do you still remember the first time brother Jiang Jiang met Lulu? That day, brother Jiang Jiang said that he would help Lulu get rid of the evil. To grind his bones to dust and scatter his soul?" The little girl looked at him with a smile, her eyebrows full of mischief.

Lu huaijiang's smile froze.. Then, bengong still has to show her the punishment of heaven and earth?

Chapter 652: Soul contract (1)

Lu huaijiang's forehead was dripping with cold sweat.

Was he going to execute the oath he made back then?

The Crown Prince's mind went blank.

The little girl covered her mouth and burst out laughing.

She laughed so hard that her hair was shaking.

"Brother Jiang Jiang is so stupid. Lulu won't kill you. However, brother Jiang Jiang and Lulu had made an oath by accident back then, and it must have been predestined. So, Lulu has made a new oath with you."

The little girl's warm hand took Lu huaijiang's big hand and turned it over. The mark on his pulse was extremely obvious.

It was a bright red and a small flame.

“The hall of salvation represents light, and light is like fire. Hehe, brother Jiang can't see it, but there's actually a red flame mark on Lulu's forehead. However, godmother said that there were abnormalities in his body and he could be treated as a mutant. I hid it for Lulu.”

“Now that Lulu and Jiang Jiang have made a soul contract, Jiang Jiang will have Lulu's Mark on her. As long as brother Jiang Jiang stayed true to her heart and did not fall into the evil ways, Lulu would always be by her side. However, if brother Jiang Jiang reneges on our oath ...” The little girl pouted.

“No buts, no buts.”

Lulu's face turned serious.

Lu huaijiang touched the mark on his wrist. It seemed to be like a deer, always emitting a bright light. He was trying to warm up this cold world.

“What is a soul contract? What effect would it have on Lulu? If I break my promise one day, will Lulu be affected?” Lu huaijiang's expression tightened, his eyes full of worry.

Lulu tilted his head and looked at him, feeling a little confused.

The prideful him had signed the soul contract while he was unconscious, but the first thing he had been concerned about was whether he would suffer a backlash.

The little girl, who was still hesitating, immediately became happy.

Jiang Jiang was worth it.

“The soul contract of the gods can cover up the previous oath. Furthermore, it had the effect of suppressing that person. Just like just now, when Jiang Jiang's emotions fluctuated slightly, she was taken over by bad people. That would be too dangerous for Jiang Jiang. However, it won't happen after a soul contract is signed .

The little girl giggled, but Lu huaijiang noticed that her face was slightly pale. She seemed to have been holding herself up from the beginning.

“Oh, Lulu's soul contract can only be signed with one person in his life. As long as Jiang Jiang doesn't betray Lulu, she won't be harmed.” The little girl rubbed her eyes, and the clarity in her eyes dissipated slightly, as if it was mixed with some chaos.

The little girl's body went soft and she fell into Lu huaijiang's arms.

“I'm so sleepy ... Lulu is so sleepy.” The little girl mumbled in her sleep, her eyes tightly closed.

His entire body was exhausted, and the hard work between his brows could not be concealed.

Lu huaijiang sighed softly, his cold and hard face turned into tenderness as he gently pinched her cheek.

If that was the case, why would Lulu be so exhausted?

Lu huaijiang's mind moved. He didn't know why, but he had the same feeling. It was as if he had some sort of connection with Lulu.

"Trust me, I will not disappoint you, I will not betray you." Lu huaijiang stood up, his hands gently holding the little girl in his arms.

He carried her and walked down the steps.

He had too many mysteries to solve regarding his past life with Lulu, his background, and his soul contract.

Master yixu had just returned to the capital, and Lu huaijiang urgently needed him to clear his doubts..

Chapter 653: His Highness's favorite (1)

When Lu huaijiang came down with Lulu, he was in a sorry state.

Of course, this was all because of his little ancestor, so no one could blame him.

Lu huaijiang had just come down from the high platform when he saw the first Prince and his men looking for him everywhere.

The first Prince's eyes narrowed at the sight of him. He scanned his surroundings and asked anxiously, "'Where did Your Highness go just now?

The heretic God suddenly appeared, and the feather God exploded on the spot. He took countless lives. Father was shocked and fell into a coma. Imperial brother kept an eye on Your Highness, and only then did he lead people to search everywhere."

The first Prince had displayed the true extent of their Brotherhood.

However, the Crown Prince's hair was in a mess, and there was even a lot of mud and fallen leaves on it. He was a little hesitant.

"When the strong wind blew just now, bengong's body was weak, so bengong braved the strong wind and hid behind the altar. Lulu was young and fainted." Lu huaijiang's face was a little pale, and the first Prince forced a laugh.

"It's good that you're fine. Imperial father has already returned to the palace. With such a major event happening today, the people and the court would probably be uneasy. After returning to the capital, I will have to trouble Your Highness to appease the people." The first Prince gave a solemn bow.

The Crown Prince nodded lightly. I have the authority to supervise the country. Of course I will.

With that, she carried Lulu up the carriage.

Eunuch Lu was in a sorry state and was injured. Seeing that His Highness was safe and sound, he shed tears on the spot.

“First return to the palace and call the Imperial physician over to wait. Lulu is injured.”
Lu huaijiang said in a low voice.

“Yes.” Eunuch Lu hurriedly wiped away his tears.

The incident just now had happened too quickly. Fortunately, the courtiers had all followed the Emperor in front.

However, the commoners were not spared.

The commoners who followed him were all turned into a mist of blood.

At this moment, the ground was filled with the smell of blood. When he stepped on the ground, blood splattered everywhere. From time to time, it was mixed with minced meat. Eunuch Lu had almost vomited his stomach empty.

Lu huaijiang couldn't help but rejoice that Lulu had fainted.

He was brutal and ruthless, and he didn't try to hide it.

But he did not want Lulu to see what he had done with her own eyes.

The carriage traveled all the way to the capital. Probably because the news had spread very quickly, they did not see any common people along the way.

Back in the capital, even the bustling streets were much less crowded.

The people who occasionally appeared on the streets were also in a hurry, their expressions panicked. Thinking about it, the outside world was probably even more panicked.

When he returned to the eastern Palace, the Imperial physician was already waiting for him.

The Imperial physician heaved a sigh of relief since Lulu was fine. Ever since he had raised a petite child in the eastern Palace, he had come to the eastern Palace as if he was visiting.

He would come back from time to time.

“Miss Lulu is fine. I don't know what she did, but she's exhausted. He would probably have to recuperate for a period of time. I've prescribed some warm and nourishing herbs that won't harm the body. You only need to drink it three times a day.” The Imperial physician prescribed some medicinal herbs.

Sure enough, every time he said that, the Crown Prince's expression visibly improved.

moreover, the little girl is well taken care of. Her hair is like ink, her cheeks are slightly red, and her body is also chubby ... She was cute and even her nails were pink and healthy. It can be seen that Your Highness has raised it with great care.” The Imperial physician thought about it and praised.

In other words, she was praised from her hair to her nails. After all the praise, it was nothing more than that the little girl was born well and his Highness raised her well, blah, blah ...

Sure enough, His Highness, who usually didn't show his emotions, raised his eyebrows and revealed a rare emotion on his face.

“Reward!” “A great reward, ” he said after a pause.

Eunuch Lu looked at the Imperial physician. He was a quick-witted one.

Those who had once praised His Highness and flattered him were all killed.

On the contrary, the extremely vulgar person who flattered the little fellow actually obtained a few gold ingots!

Chapter 654: Rumors (1)

When Lu huaijiang came down with Lulu, he was in a sorry state.

Of course, this was all because of his little ancestor, so no one could blame him.

Chapter 655: It's time for the Crown Prince to propose (1)

Ever since the Crown Prince had returned from the worship, he had claimed to be sick and had not gone to court.

It seemed that in the battle for power with His Majesty, he had retreated to the second line, allowing His Majesty to have the upper hand.

His Majesty had been in great spirits these days. Even though he knew that the evil God's incarnation was in the capital, he still couldn't resist his good mood.

"You said that he has been in the eastern Palace these days to recuperate for the child? It's very elegant." The Emperor snorted, and Noble consort Lin, who was behind him, immediately clung onto his arm again. The Emperor paused and unconsciously pushed her away.

"Now that Your Majesty has taken the medicinal pill that your son has found, your spirit and energy look much better. Your Highness has been supervising the country for many years. His Majesty's good health is a joyous matter, so it's time to let go."

The Emperor nodded. he's still young. Since I'm feeling better, I have to help him.

"Yi 'an, you're fourteen this year, right?" The Emperor sighed a little. His son was capable, and all fathers were happy.

However, it was not a good thing to have a son who was too outstanding in the royal family.

People with too much ability would always be feared.

First, it was the ruler and his subject, then it was the father and son.

"Yes, I'm already fourteen. Back then, His Majesty was engaged on the 14th and married me on the 15th." Noble consort Lin lowered her head and said softly.

It not only reminded the Emperor of the Crown Prince's marriage, but also made the Emperor remember old feelings.

"In the blink of an eye, 20 years have passed. The Elementalist has already set his secondary consort and will be marrying his main consort at the end of the year. The Crown Prince was probably starting to worry. I just don't know which family's young lady would have such good luck to gain his favour."

The emperor's eyes narrowed after hearing this.

"Zhen still has some memorials to read. I have not gone to court for many years, and now it is very tiring. The Imperial consort should return to the palace to rest." She paused for a moment. Imperial consort, if you have nothing to do, go to the kun Yi Palace for a visit. The Crown Prince is getting older. It's time to schedule his marriage. It would take a year and a half for an Emperor's heir to get married.

It would take at least a year for them to get married.

Not to mention that he was the Crown Prince. He was afraid that he wouldn't be able to complete the process every two years.

The first Prince's contact with the Zheng family at the beginning of the year and the arranged marriage at the end of the year had already been extremely fast, very fast.

Speaking of which, he just wanted to take this opportunity to rope in the Zheng family and stabilize his position in the capital. He was afraid that he would be sent back to his fief.

"Yes, this Qie will go back and inform elder sister.

After saying that, noble consort Lin left with a smile. After she left the room, the smile on her face faded a little.

He returned to his bedroom with a dark expression and closed the door.

She turned around and slapped the palace maid behind her.

The palace maid knelt down in a panic, biting her lips tightly, not daring to beg for mercy.

The Empress would vent her anger on the palace servants when she was angry. Who in the palace did not know this, but no one dared to spread it out.

"Bengong, in the end, is old and discolored." Noble consort Lin touched her cheek. She had given birth to the eldest Prince at the age of sixteen, and now she had given birth to a little princess in her thirties. Her body was aging rapidly.

Even though she had taken a lot of medicine, her skin was still dull, unlike the little girl's Jade-white skin.

"Niangniang's charm still exists, how is that old? Standing in front of the first Prince, those who don't know would think that they are siblings." The old maidservant behind her glanced at the palace maid. It seemed that the noble consort was venting her anger on the palace maid again.

Noble consort Lin sneered. The man's gaze was becoming more and more upright, how could she not know the reason?

"Call that Ming family servant girl into the palace. Her zither music has always been unparalleled, so she said that bengong has admired it for a long time and wanted to ask for advice." Imperial concubine Lin's face darkened, her nails digging into her flesh..

Chapter 656: Can't even get in (1)

Imperial concubine Lin summoned Ming su in private.

On that day, the great prince happened to enter the palace to visit the noble consort and saw miss Ming removing her white veil and standing in the noble consort Hall.

The girl was of marriageable age, she was beautiful and delicate, and her eyes were extremely moving. Standing in front of the hall, she was like a bright blooming peach flower, making people unable to help but want to see the scene of her blooming.

The great Prince's eyes flickered. Seeing that there were guests in the Imperial consort's Palace, he waited outside the door.

After Miss Ming left, the first Prince exchanged a glance with her. Miss Ming had already covered herself with a white veil. All that was left was a pair of gentle eyes.

“Why did mother summon the Ming family's young lady?”

The great Prince's expression was strange. The Ming family's girl was beautiful. Ever since she returned to the capital, she had won the title of the most beautiful woman in the capital.

Moreover, there had always been rumors that if he got the daughter of the Ming family, he would get the world.

Noble consort Lin glanced at him. You now have the secondary consort of the neighboring country and the legitimate daughter of the Zheng family. You've married twice in two years, but the position of the Crown Prince's consort is still high, and you don't even have a secondary consort. You're so anxious, be careful not to make her Majesty overthink.”

“She won't fall into your hands. Don't even look at her, she's not someone you can dream of.”

The first Prince's expression was a little awkward, “your son didn't think too much, I was just asking.” This son has a wangfei and a cefei, how would I dare to think of young lady Ming.” The first Prince lowered his head, his expression unsightly.

Noble consort Lin glanced at him. How could she not know the son she gave birth to?

If he wasn't engaged to Miss Zheng, he would be more inclined to Miss Ming.

Miss Ming ...

Imperial concubine Lin sneered. She was old now and had children, so she had no interest in fighting for favor.

Otherwise, she would not tolerate Ming su.

It's good that you know. Mingsu, you're too ambitious. She might not like you. It was inevitable that people would overthink things when they returned to the capital at this time.

She was afraid that she would not have the Fortune.

The first Prince frowned but did not say anything.

“Bengong has its own arrangements for her matter. You just have to take care of yourself.” Noble consort Lin chuckled. Ming su had returned to the capital for the sake of the Crown Prince, but she would not let her have her way.

There were rumors of the Empress in the Ming family. Now that the Crown Prince and the great prince were fighting to this extent, if she entered the eastern Palace, she would probably solidify the Crown Prince's position.

Even if there was a slight possibility, she would not give it to Lu huaijiang!

The day Ming su left the palace, she headed straight for the eastern Palace.

It was already the sixth month and the weather was hot. Miss Ming was dressed in a light veil as she stood at the entrance of the eastern Palace.

May I trouble you to report that the young lady of the Ming family requests to see your Highness. The palace maid walked forward in a low voice, and the gatekeeper glanced at her.

The girl who came down from the carriage walked like a lotus flower with each step. Her skirt fluttered, and she was extremely gentle and beautiful.

“Miss, please wait a moment. His Highness is probably accompanying little ancestor for a meal. His Highness has a rule that no one is allowed to disturb him.” The gatekeeper was a little apologetic.

Ming su, on the other hand, was stunned, ‘great ancestor ...’ Ancestor?” Where did His Highness ‘ancestor come from?

“It’s miss Lulu,” the gatekeeper replied immediately. As long as His Highness was in the eastern Palace, he would have to accompany miss Lulu for three meals a day. After dinner, I still have to accompany miss Lulu to write and read, and after dinner, I still have to play with my sword.” The gatekeeper’s expression was somewhat strange.

Ming su frowned. miss Lulu, you’re taking up His Highness’s time. How is he going to manage the country? ”

The gatekeeper grinned and said, “this is something the entire Eastern Palace knows.” No matter how big or small the matters of the country were, they could not compare to miss Lulu. Even if your Highness hadn’t finished reading the memorials and miss Lulu wanted a bedtime story, Your Highness would have had to leave your work to accompany her.. “

Chapter 657: The Savior has lost another tooth (1)

The little girl immediately looked at Ming su in shock. Ming su pinched her skirt slightly.

He suddenly felt that the little girl had occupied too much of the Crown Prince’s heart.

“Miss Lulu is so lucky.” Ming su chuckled softly, her voice gentle and reasonable.

“I wonder when your Highness will be done with your work?”

“After dinner, I’ll have to take a walk with miss Lulu, read and write, and then tell a bedtime story.” His Highness will only summon others after miss Lulu is asleep.”

Ming su bit her lower lip lightly. How could she not understand noble consort Lin’s meaning today?

It was nothing more than wanting her to enter the palace and serve the Emperor.

However, His Majesty already had several grown sons. The only thing she could get was love. However, what she wanted was not just the emperor's love.

The best candidate would be the Crown Prince.

However, she was now blocked outside the eastern Palace and could not even enter the main gate. Just because His Highness had to take care of a child, what a ridiculous reason.

"Your Highness is accompanying the child. What conflict do you have when you see my family's young lady?" The maidservant sighed helplessly, but the gatekeeper was aware of miss Jiang's pampering in the eastern Palace and did not say a word.

As he spoke, a carriage stopped outside the eastern Palace.

"I'm from first-grade restaurant. Miss Lulu took a fancy to an item in this little store yesterday and I happened to pass it to you today."

The shop owner's face was full of smiles, and the gatekeeper immediately welcomed them in.

Ming suguang had been standing at the door for a while, and two or three people came to ask for money.

"This ... No matter how much you are the soul protector of Your Highness, you shouldn't be so extravagant." Ming su muttered and sighed, as if she couldn't bear to do so.

"You don't think so." The gatekeeper was not surprised. There was nothing on this Street before, but ever since she came, the bright lights on this Street were all turned on by His Highness."

Waving his hand, the gatekeeper directly closed the door and left.

Ming su turned her head to look at the bustling streets outside the eastern Palace. The lights were everywhere, illuminating the gates of the eastern

Palace.

The people were all smiling and polite, as if they were very satisfied with this.

He had built this Street just for her.

"Young lady, what should we do if we can't see his Highness? The Empress ..."

Before the maidservant could finish, Ming su gently raised her hand and got into the carriage, heading for the Ming family.

Early the next morning, the news of selecting concubines for the Crown Prince spread.

All the women of the aristocratic families who had not reached marriageable age had to enter the palace to select women.

Once this matter spread, it directly suppressed the rumor that there was an incarnation of an evil god in the capital.

The incarnation of an evil god was such an illusory thing, but His Highness the Crown Prince was a living person!

The selection of consorts was a huge matter.

When the Crown Prince heard this rumor, he only smiled indifferently and was not moved in the slightest.

He only weighed the little girl's teeth that had fallen out."It's the second one."

Lulu covered his mouth as he spoke."Because Lulu is six years old." If he leaked information when he spoke, it would affect his reputation as the Savior!

He had lost too much face.

The Savior was still growing his teeth.

"This time, bengong did not use sugar to stick it off for you." Lu huaijiang's face was serious. The last time he stuck a tooth out of her mouth, he nagged about it for half a year.

Lu huaijiang found it funny when he saw her look of injustice. That's right, the rise and fall of the world was actually tied to a girl who had lost her teeth, now could he not be happy?

Outsiders were guessing that the Savior was on a daily patrol, saving the people of the world from the abyss of suffering every day.

Who knew that she was still a child with new teeth? every day, she would beg her father and grandmother to not do her homework.

Lu huaijiang smiled..

Chapter 658: The fall of the chosen one (1)

The eastern Palace had also heard of the Crown Prince's intention to select consorts.

It was just that the Crown Prince didn't seem to want the little girl to know. Whenever someone mentioned it, everyone would shut up with a look.

Now he understood His Highness "thoughts and did not dare to mention it again.

The Wen family's daughter, ah Yin, noble consort Lin's eldest daughter, and the Xie family's granddaughter were all in the selection.

Lu huaijiang was so calm that he didn't seem to want to get engaged.

"Tomorrow, my older sister Qianqian will be getting married. Huailin asked me if I wanted to come along." The little girl sat on the stool with her legs crossed. She tilted her head and kept spitting out grape skin.

"Sister huaijie's life is just great. She actually married the most distinguished person in the world." The little girl grinned. She was the one who led the marriage.

“But huailin said that she wanted to see me. I don’t know if I should go and see her.” Lulu pouted. To be honest, she didn’t have much interaction with Jiang huaijin.

In the past, before the Jiang family had been exiled, she had always called them little sister.

He always pinched her in private and often framed her for bad things.

After her exile, her ill-will towards him had become more and more obvious. Lulu did not even understand where her ill-will came from.

“You can go if you want to, but you must bring the shadow guards with you wherever you go. You can’t run around alone.” Lu huaijiang didn’t trust her at all. This guy was a troublemaker, and wherever he went, trouble would follow.

Lulu jumped down from his chair. “Then, since Jiang Jiang strongly requested it, I’ll leave it to you. Lulu will have to make the trip.” The little girl still pretended to be in a difficult position.

Lu huaijiang, who was looking at him, laughed.

As expected, she was older by a year and more mischievous.

Eunuch Lu had personally arranged a carriage for her and sent her to a small house in the North of the city.

She had lost face and reputation. At this moment, the great prince did not dare to bring her to the manor. She was staying in the Wang Fu in an illegitimate manner, and if he were to bring her back in front of the world, he was afraid that he would not be able to clear his name.

He directly gave her a small house, two in and two out, and sent her to the house to get married.

On the contrary, it made him look a little more kind.

Lulu had yet to enter the house after alighting from the carriage when he heard a hysterical cry from within the house. “The heavens have no eyes, the heavens have no eyes. The heavens have let me down! Since you allowed me to return, why did you put me in such a situation?”

“What went wrong? I’m the chosen one, I’m the chosen one!” Jiang huaijin’s voice was filled with howls of despair.

Eunuch Lu knocked on the door. The nanny sent by the eldest Prince opened the door with a look of disgust on her face.

Seeing eunuch Lu, the favorite of the Crown Prince, and the little girl who was famous in the capital, the maidservant immediately put on a smile.

“Why is eunuch Lu here? This girl was provoked and went crazy, so His Highness asked this servant to help look after her. Wait till tomorrow to get married before returning to the residence.” The nanny said with a smile.

He welcomed the two of them into the house.

There were some red silk hanging in the house, and the red silk was hung in a crooked way. The house was bought in a hurry, so the inside was only roughly cleaned and looked quite shabby.

“Lady Jiang always claimed that she was the chosen one and wanted to marry the noblest man in the world. I was afraid that she would bring trouble upon herself, so I had her tied up. Please don’t blame her, miss Lulu.” The wet nurse looked at Jiang huailu carefully. She was the daughter of the Jiang family after all. What if she angered His Highness ‘little ancestor?

Fortunately, Lulu did not look angry at all.

The chubby Jiang huailin was sitting on the threshold. His eyes lit up when he saw Jiang huailu.

“Sister Lulu ...” She called out to her in a baby voice and rushed to Jiang huailu.

she’s finally gone crazy from anger ... The little guy tiptoed and wobbled next to Lulu’s ear as he spoke.

“I’ve collected my debt .

Lulu immediately lowered his voice.”Then let’s go and anger her to death together, okay?”

The two little cuties held hands as they walked towards the woodshed..

Chapter 659: Reincarnation doesn’t increase intelligence

(1)

The two little cuties held hands as they walked towards the woodshed, one tall and one short.

jiangjiang won’t let me hold anyone’s hand, ” Lulu mumbled as she walked.

especially when it’s a boy’s hand.

“I’m not a human,” Jiang huailin replied without even raising his head.

“Yeah, you’re not human.” Lulu nodded in agreement. He didn’t say he couldn’t hold her hand ... Hand.” The word “spiritual monster” was said vaguely, so no one could hear it clearly.

Eunuch Lu looked at the two children with a headache. In order to hold hands, they had become people?

Children nowadays were really open.

When they arrived outside the woodshed, Lulu could smell a deep, moist air. It was the kind of smell that was moldy and damp, and it was unpleasant.

Lulu covered his nose.

Jiang huaijin must have suffered a lot.

I’m the chosen one. The heavens have allowed me to return to life. Why did I end up like this? why ... Before he could finish his sentence, the door to the wooden shed opened with a creak.

A piercing light shone into the room.

Jiang huaijin's eyes were blinded by the strong summer light.

The two little ones entered hand in hand.

"Eunuch Lu, you can wait for Lulu outside. Lulu has something to say to my sister,"

Although Lulu was young, his tone was unquestionable. Eunuch Lu was still worried, but the girl had been with the Crown Prince for a long time. Her aura was intimidating, and it made eunuch Lu feel a little intimidated.

"Yes. This servant will be waiting outside the door. If anything goes wrong, this servant will rush in." Eunuch Lu said in a low voice.

He led his men out and closed the door.

"I heard you wanted to see me?" Lulu's eyes were cold as he looked at her.

Before Jiang huailin could reply, Jiang huailin moved a chair over for her and

Lulu sat down."The Golden light on your body is almost gone."

"The order of heaven and earth is controlled by the heavenly Dao. The heavenly Dao is fair and just, but sometimes there are some loopholes. For example, if a dead person returns to the human world, and if they are lucky, they can even return to the turning point of their life and change it from then on. '

"There are many people like that. Some of them fell in love wholeheartedly after their brain was reborn and finally married a Prince with an extremely high family background. I'm living a happy and embarrassing life."

there are also people who, after reincarnating, use the opportunities they knew in their previous lives to become a formidable person.

"Of course, those people already had human brains before they were reborn. He had only lost to fate, to fate who had been blinded by his eyes. They'll be like Tigers with wings when they're reborn and the clouds are cleared. It's like they're standing on the shoulders of giants."

"But ... The opposite is true."

"Rebirth can change one's fate, but it can't change one's mind. Some people were stupid in their previous life, but could they become smart after rebirth? No, I don't."

and you are the lucky one chosen by the heavenly Dao. You are also one of the few slow-witted ones.

"Two years ago, I saw that your entire body was enveloped in the Golden light of the heavenly Dao. But now, you're covered in a gray mist, completely trampling on the luck of the heavenly Dao. You're also a talent." Lulu was full of shock. There were very few people in this world who could cause such a thing to happen to themselves!

Hearing Lulu's words, Jiang huaijin's deranged expression turned into one of madness.

"How did you know? How did you know? What are you? You're not Jiang huailu, you're a spiritual monster, you're an evil, you're possessed by an evil!" Jiang huaijin's face was filled with fear and he was almost scared to death.

Her reincarnation was her greatest reliance, and she had never told anyone about it.

However, in her heart, she was deeply hurt by the phrase 'reincarnated people don't have intelligence'!

Chapter 660: She's so angry _1

Lulu looked at her in disdain.

"If I wasn't Jiang huailu, you would have suddenly woken up in the ruined temple. On the day of your rebirth, you would have died in the ruined temple!" Lulu narrowed his eyes and raised an eyebrow at her.

Jiang huaijin's face turned pale.

She even knew when she would be reborn.

"How did you ... You know?" Jiang huaijin's voice seemed to be stuck.

"Your rebirth is a great fortune. But you shouldn't have set your eyes on me. ' Lulu's eyes were cold. She might be the Savior of the world, but she was not the kind of Saint who would return good for evil.

Jiang huaijin's eyes were filled with hatred.

"So you already knew, you knew everything! It must be you, it must be you who caused my life to deviate. If not for you, I would have married the first Prince long ago. I must be the God's favorite. It's all you, it's all you!" Jiang huaijin broke down. His face was filled with sharp resentment, and the hatred in his eyes could almost swallow people.

"It's your luck that you're blessed by the heavens. But you becoming an abandoned child is your own doing." Lulu tilted his head and looked at her.

"Hey, look at him. At least you're the one who provoked him. I thought you didn't understand why your only brother wasn't on your side and always set you up?"

this is the debt-demanding ghost you personally asked for in the fog sect's Lin clan.

"You should have some guesses in your heart, right? He's the weasel that asked you to seal his mouth. A hundred years of cultivation was destroyed by that vicious mouth of yours. If he doesn't look for you, who else can he look for?" Lulu and Jiang huailin

looked at each other, only to see the latter's body trembling, his face pale, and his groan.

A few traces of blood seeped out from the corner of his mouth.

However, Jiang huailin wanted to add fuel to the fire."Sister, don't be afraid. I'll see you forever in the heavens and the earth." His face was full of sincerity.

Jiang huaijin shrieked in shock and rolled his eyes.

There was a pfft.

He spat out a mouthful of fresh blood from his heart and his body went limp, falling straight to the ground.

"I ... Heavenly fate .

After he finished speaking, he passed out.

It had only been two short years from the ecstasy of his rebirth to the despair he felt now. She experienced the huge difference of a roller coaster.

In a fit of anger, he actually lost half his life.

"It's good that he's still breathing. As her younger brother, he could still accompany her for a few more years. I'm grateful for big sister's great kindness, and I'll definitely be entangled with you in this life."

Jiang huailin's voice was so low that it sounded like a weasel's cry. The words were stuck in his throat.

His entire body was filled with a sinister aura.

His eyes were filled with hatred.

But ...

PA.

A slap landed on the back of his head.

She turned around and pouted her lips, looking at Lulu with tears in her eyes.

His short and fat hand covered the back of his head.

"You don't allow people to say harsh words?" Feeling wronged, she went up to open the door. She was only two years old, and he had to step on a stool to open the door for her.

Eunuch Lu had been paying attention to the movements in the woodshed.

However, the strange thing was that ever since the door closed, it was as if the world inside had been isolated.

He didn't even make a sound.

"It's over?" He stretched his neck and looked inside.

Jiang huaijin, who was dressed in a Red Wedding dress, fell to the ground and vomited blood. It was obvious that nothing had happened.

But he really didn't hear a single sound.

The soundproofing of this woodshed was actually so good?

Eunuch Lu started to doubt his life..
