

## The Savior 661

Chapter 661: Youzai's competitive heart (1)

"It's over. It's just that big sister huaijie is too excited."

"She said that Lulu knows the Crown Prince and wanted to ask Lulu to intercede on her behalf. Can I enter the eastern Palace? Lulu refused, and she vomited blood." Eunuch Lu's eyes were filled with disgust and disdain after hearing the little girl's words.

"She's not worthy! You're overestimating yourself."

"Granny, you have to keep a close eye on her. A person like her is destined to be with a man! Don't let her escape and harm others." Eunuch Lu's gaze was inexplicable, and the wet nurse hurriedly agreed.

This Jiang huaijin was probably set in stone in this life, and there was no room for change.

"No wonder Lulu doesn't want to help her. She's only six years old and hasn't even finished her initiation class. She was already a woman of marriageable age. It was fine if she did not have a clean body, but she had actually set her mind on a child who was only a few years old. With such a cunning mind, he can't blame others for his ending." He then looked down at Lulu.

"Miss Lulu, let's go. I'm afraid that Your Highness has already finished his work and should be returning to the eastern Palace." It was the little girl's sixth birthday in a few days, so His Highness had been preparing for it early in the morning.

For this reason, he had even pushed aside state affairs.

It was rumored that His Highness was avoiding the Emperor, but only one-third of the rumors were true.

It was more because Jiang huailu was about to turn six.

This was the first time Lu huaijiang celebrated her birthday in real life. In his own name.

At this moment, Jiang huailin had just walked Lulu out of the door when he saw a young man in black standing outside.

Jiang huailin had been holding Lulu's hand, but for some reason, he felt a burning and sharp gaze on his little hand, making it feel uncomfortable as if it was being pricked by needles. He immediately let go.

When the little weasel saw the Crown Prince's figure, it immediately took a few steps back.

He did not know why he was so afraid of this young prince.

He was clearly just a mortal.

However, every time he appeared, his soul would tremble and go soft. He didn't even dare to look up at him.

"Your Highness, why have you come? Your servant greets Your Highness." Eunuch Lu and the others knelt on the ground.

Lu huaijiang raised his hand slightly and walked straight to Lulu.

"Are you done?" Lu huaijiang said in a low voice.

Lulu nodded.

As soon as he finished speaking, little huailin bowed to the Crown Prince respectfully.

He had always felt that Lulu was mysterious and capable. However, he had never thought that his cousin, who he had come to collect his debt, would have such an ability to see through Jiang huaijin's rebirth with a single glance. Back then, even he couldn't tell!

The reason why he had sought Jiang Huaiyin out to silence him was because the aura of the favored child of the heavenly Dao on Jiang Huaiyin was extremely strong.

Who knew that he was a black-hearted person.

But now that he thought about it, mother, this cousin was probably really a dog in the manger.

Thinking of this, she bowed to Jiang huailu seriously, "'Thank you for looking after me, sister Lulu." After thinking for a moment, he cupped his hands and bent down obediently.

Lulu pouted and glanced at him. She was only a few years younger than Jiang huailin, so she didn't deserve such a big gift.

Didn't you see eunuch Lu raising his eyebrows in surprise and looking over?

The little girl thought for a moment, then slowly cupped her hands and bowed even lower than him.

It could be considered a return gift.

Who knew that Jiang huailin would take in a deep breath. How dare the big boss?

It immediately bent down a little.

Lulu had only wanted to keep the nonsense to himself, but this piqued his interest. He immediately bent down a little!

Lu huaijiang looked at the two children helplessly..

Chapter 662: The most adorable thing in the world (1)

In a child's world, you would never know where their desire to win came from.

For example, this cute deer next to her, just because the other person bent lower than her, she would go against him!

Jiang huailu, this one-track minded little brat.

When she saw the other party bending over again and again, she was furious.

He immediately let go of his hands and feet.

Pa da ...

He directly fell to the ground.

Jiang huailin was stunned.

He just wanted to hug the big boss's thigh and hope that the big boss would not blame him for being rude in the past two years.

Who knew that the big boss would actually be so willing to put down his face?

Jiang huailin had no choice but to lie on the ground.

Lulu's face darkened, but he was lifted into the air by someone.

When she looked up, she saw that she was at the same level as Lu huaijiang.

Lu huaijiang held the clothes at the back of her head with one hand, the veins on his forehead throbbing.

What did he see? the two of them were sprawled on the ground in order to lower their waists to each other?

Was this the Savior of the world? Fortunately, his identity was well hidden. If outsiders knew about it, the Savior's face would be swept to the ground. "Return with bengong." Lu huaijiang's face turned green, and he carried her back to the carriage as if he was carrying a puppy.

Two weirdos!

On the way back to the palace, Lu huaijiang's complexion improved.

"Your mother came over today and said that you are six years old, so you have to pay attention to your appearance. In the future, let bengong take care of your food and let you eat more fruits and congee." Lu huaijiang looked at her with ill intentions.

"This is your mother's order." Lu huaijiang had originally planned to pretend to comply but secretly go against her, but seeing her like this now, he wanted to make her angry for a few days.

Lulu snorted and crossed his arms.

"I'll eat." After saying that, he ran off with a backbone.

Eunuch Lu laughed behind him, "Your Highness, she won't be able to hold on for more than a few days." This servant is guessing that it will be at most seven days." Eunuch Lu chuckled.

Lu huaijiang raised his eyebrows, "seven days, you're overestimating her."

Three days at most."

"I can't give you more than three days. She will come back to beg bengong." Lu huaijiang was waiting for her to come back and begging for meat to eat.

Three days passed by quickly.

Lu huaijiang sat quietly in the study, glancing outside the door from time to time. "The lady hasn't come yet," eunuch Lu said in a low voice.

"Call her over," Lu huaijiang was the first to break down. It's been three days, Don't Starve.

He immediately got someone to call her over.

Lu huaijiang was shocked when the little guy entered.

His complexion was extremely good, and his face was glowing red. One look and one could tell that he was eating and drinking well.

"Did you eat all the porridge and side dishes your mother sent? You ate the fruit too?" Lu huaijiang was a little surprised. She could actually endure for so long?

"I did," Lulu replied, confused. But mother said that Lulu can slim down, so Lulu didn't think it would have any effect." The little girl pinched the flesh on her cheeks. It was not missing at all. It looked like there was a little more.

"That's impossible. The dried meat and fruits have no taste." Eunuch Lu muttered.

"Maybe Lulu is eating it the wrong way. Jiang Jiang, you forgot to ask her if she should eat before or after the meal. Lulu must have eaten something wrong." The little girl patted her stomach. She was so full.

Lu huaijiang was stunned.

He looked at her in a daze.

"Before and after the meal?" He roughly knew why the little guy didn't lose weight.

"So are you going to do it before or after the meal?" Lu huaijiang held his forehead, feeling a headache.

"I'm too full before and after the meal," Lulu replied. Lulu couldn't eat it. Lulu wasn't stupid, so I just ate it as a midnight snack. It's something I ate before I slept."

"I just don't know why I didn't lose any weight..

Chapter 663: This humble gift is not the other's humble gift(1)

The little girl insisted on eating supper for three days.

Lu huaijiang immediately ordered people to clear the supper.

The Xia family might not have a clear understanding of their daughter and only thought that the little girl was six years old and should be slimmer.

However, she forgot to remind him whether it should be before or after the meal, and if it should be eaten as a midnight snack.

Fortunately, Lu huaijiang discovered it early and ordered people to cancel the supper.

The next day, Lulu didn't attend Jiang huaijin's wedding.

I heard that she's gone crazy.

When she got married, she still remembered that she was the chosen one. Lulu only laughed when he heard this. "Send her a congratulatory gift,"

"Daughters are the heart and soul of their parents. Her father passed away early and did not see her get married. It was a pity. As her family, I'll prepare a small gift for her. Since you're here, I'll just send it over in my name." When

Lulu arrived at the hall of salvation at night, he remembered this and reminded Chu Liang.

As for why he instructed Chu Liang, it was because he was beside her and it was just convenient for him to say it.

When Chu Liang heard this, she left at dawn before he could ask her anything.

After thinking for a while, he beckoned for door God Fang.

"What do you think the Savior means? He wants me to prepare a small gift. Which gift is it?" Chu Liang was a little confused.

The door God touched his chin. He was a general, but he was exiled to huangdu before he could figure out the Holy decree correctly.

"You're a high-ranking official, so you must know more than me." Chu Liang looked at him with eager eyes.

With that said, the door God was a little embarrassed to refuse.

"The words of a superior definitely don't mean what they say literally." The door God touched his chin, his face full of certainty.

Chu Liang nodded seriously, "I think so too." She had never gotten along with Jiang huaijin since they were young. However, I mentioned Jiang huaijin's father ..."

Therefore, the 'small gift' she mentioned must be a 'small gift'!

"Jiang yubai is already dead, and she's going to send a small gift. I know ... She must have wanted to give her an unforgettable memory on Jiang huaijin's wedding day. Someone, go to the old master's place and bring Jiang yubai up here. On the day of Jiang huaijin's wedding, send him to celebrate."

"Isn't it a good thing that her dead father is back to congratulate her on her wedding? That's right, this must be the intention of the Savior." Chu Liang felt that he had figured out his master's intention and immediately went down happily.

The Chinese New Year festival was coming up and it was the Savior's birthday. Chu Liang wanted to do something for her.

On that day, Jiang huaijin's mind wasn't very clear due to the shock.

At night, her father was dressed in white and looked at her lying on the wedding bed with an eager expression.

His father beat him three hundred times a day. It was rare for his daughter to get married, so he came back to visit.

Because the beheading happened at noon, his head was chopped off. He couldn't just come to his daughter's wedding without anything, right? He was even in the mood to sew his head back.

Jiang huaijin opened his eyes and saw Jiang yubai, who had a crooked stitch on his neck ...

Jiang yubai's words, 'Yueyue, father missed you so much. Are you going to stay at father's place for two days?'

The string in Jiang huaijin's mind completely snapped.

F \* Ck you, stay for two days.

He was completely begging for it.

The day after the news was spread, it was Jiang huailu's sixth birthday.

Jiang huaijin had gone mad, and the vagrant had given her a good beating on their wedding night. Her face was swollen. She crazily followed behind the vagrants to beg for food and happened to see porridge being served outside the eastern Palace.

There was already a long line in front of the eastern Palace.

"I heard that it's the little ancestor's birthday in the eastern Palace. It's her sixth birthday, and your Highness will be giving her blessings for six days. Every day, he could come and get a bowl of porridge and a big steamed bun for six days. If you say a few auspicious words, you will also get some broken silver."

Chapter 664: Pretending to be sick to keep the deer (1)

"His Highness said that this is the little ancestor's first time coming to the East Palace to celebrate her birthday. He wanted her to be happy. We must do good for her. '

The commoners discussed animatedly, and everyone's expressions were indescribable.

His Highness had committed many evil deeds, but he himself did not care about doing good.

For the sake of a six-year-old girl, he had given her porridge for six days.

"I wish miss Lulu a happy sixth birthday. I wish her peace, joy, and luck." The beggar in ragged clothes bowed to the eastern Palace and loudly congratulated the little girl.

Eunuch Lu happily gave the servant ten wens and three big steamed buns.

The Pauper immediately kowtowed in joy.

“Hurry up and kowtow to him. He’s the little ancestor of the eastern Palace.” The vagrant pushed Jiang huaijin. We can earn twenty wens by kowtowing. One copper coin for a big steamed bun. You can eat it for a long time.”

Seeing Jiang huaijin looking at the eastern palace gate with a face full of hatred, the vagrant went up and gave him a kick.

Her waist was almost broken by the kick, and she knocked her head on the steps.

Blood was flowing.

“You don’t have a good eye, do you really think you’re still a high and mighty young miss? Who knew how many times she had been toyed with by others? she dared to run with a man without any status. Who knew how many people had played her? You’re still acting like a rich young lady, waiting for me to raise you?” The vagrant was angry just thinking about it. This woman must be crazy.

This morning, she had asked him if he wanted to be successful and famous, if he wanted to leave his name in history?

She wanted him to take the martial arts and literature examination?

Ah, PEI.

If I had this awareness, why would I be a vagrant?

Lulu had no idea that Jiang huaijin had been beaten up again in front of the eastern Palace.

Lulu only knew that it was a happy day.

Yes, he was not willing to send Lulu back.

The day before his birthday, the Xia family had even visited him personally, saying that they wanted to take Lulu back to the Xia family to celebrate her sixth birthday. God knows why His Highness fell ill in the middle of the night, and his body was dangerously hot and cold.

How could the Xia Corporation dare to take her back?

On the contrary, the Crown Prince was very polite and directly welcomed the Xia family into the eastern Palace.

An honor that had never been seen before in court.

“Your Highness, quickly drink some ginger soup. The weather in July is already very hot, and you suddenly took a cold shower. How can you not feel cold?” Eunuch Lu sighed. The Empress, whose Highness was ill, had sent three urgent summons that very night.

What was thought-provoking was that the Emperor did not move at all.

“Why is Bengong taking a cold bath? When did Bengong take a cold bath?” Lu Huaijiang’s hands trembled as he held the bowl of ginger soup. When he saw Lulu enter, he immediately glared at eunuch Lu.

Eunuch Lu hurriedly lowered his head, not daring to make a sound.

“Cough cough ...” Lu Huaijiang coughed.

“Lulu is my soul protector. If she wants to leave the eastern Palace, I’ll naturally have a reaction.” Lu Huaijiang did not dare to look at Lulu directly.

It was his birthday today, and he only wanted to spend it with Lulu.

“Jiang Jiang, my mother and brother are here. There’s also eldest uncle and eldest aunt.” Lulu was leaning against the door. When she saw Lu Huaijiang standing up, she seemed to realize that her figure had bent down a little more.

“It’s good that you’re here. Lulu, I’ve delayed your return to the Xia family today. It’s all Jiang Jiang’s fault for not being able to live up to expectations.” The Crown Prince, who had soaked in the water for the entire night before barely getting cold, said without changing his expression.

He saw the little girl waving her hand anxiously, her eyes full of concern.

Jiang Jiang’s health is more important. Jiang Jiang, are you okay? ” The little girl entered the room and looked up at him with concern in her eyes.

Lu Huaijiang blushed.

Who would have thought that the Crown Prince would do such a shameful thing just to keep a guest?

Chapter 665: It’s her sixth birthday (1)

“With Lulu by my side, I’ll be fine soon.” Lu Huaijiang coughed weakly. “Your face is pale. Lulu won’t leave.” The little girl felt a little guilty.

How could he leave Jiang Jiang for his birthday?

Moreover, Jiang Jiang had ordered countless delicacies for her early in the morning, and the eastern palace gate had even given her porridge to pray for blessings. She really had no conscience.

After getting her assurance, Lu Huaijiang smiled slightly.

“It’s been hard on Lulu. Jiang Jiang will go with you. Bengong’s body is not in the way and even if I am sick and can not get out of bed, I will still host this birthday banquet for Lulu.” Lu Huaijiang’s eyes were filled with determination.

The little girl was moved to tears.

He was the best brother Jiang Jiang in the world.

She supported Lu huaijiang all the way out of the door. Everyone from the Xia family was sitting in the front yard. The front yard was full of flowers and rare herbs in full bloom.

Old Madam Xia was rather reserved, and everyone in the Xia family was even more flustered than old Madam Xia as they surrounded her.

“Mother, what do you think His Highness’ intention is? It was Lulu’s birthday, and he had actually invited the entire Xia family over. Don’t tell me you’re thinking of something?”

Second aunt was a little worried. She looked around. The eastern Palace was heavily guarded. She felt nervous just looking at it.

The eastern Palace, this was the eastern Palace!

First aunt didn’t say anything and just stood in front of old Mrs. Xia. She was now the head lady of the Xia family and naturally had her own opinions.

Her eldest daughter-in-law was standing behind her, and she was holding the hand of a girl, Xia Qingqing.

The arrogance on Xia Qingqing’s face a few months ago could not be hidden, but now, there was a little more caution and jealousy.

“Since we’re here, we’ll take things as they come. Now that she carries His Highness’ life, His Highness will only treat her well.”

“It’s no big deal for us to come over.” The old lady was very at ease.

Although the eastern Palace was rumored to be extremely terrifying, His Highness would not do anything to the Xia family.

Madam Xia had come a few times, and from time to time, she would instruct the palace servants standing on the side, which made everyone a little surprised.

The Xia family had been here a few times, and seeing that Lulu was able to order Palace servants around easily, they were used to it.

“Mother, brother, grandmother ... First aunt, second aunt, third aunt ... Lulu missed you guys so much.” The little girl’s voice could be heard before she even arrived.

Before the crowd could see the person, they heard the sound of hurried footsteps.

As soon as he looked up, the little girl ran over from the corner.

Her hair was tied into two buns with ribbons, swaying as she walked. She didn’t wear many accessories, but they were all low-key and extravagant.

Madam Xia bent over, and the little girl ran into her arms.

“Lulu, happy sixth birthday.” Mrs. Xia bent down to pick her up, paused, and put her down.

He couldn’t carry her.

He was six years old and couldn't carry her anymore.

Jiang Huai 'an had lost quite a bit of weight. Seeing his sister's charmingly naïve appearance, he was even more delighted.

He had been preparing for the Imperial examination with all his might, and the results would be out soon.

"Brother, the literary star is moving. You will definitely be able to become the top scholar!" The little Lulu turned around and looked at her brother. She was almost blinded by the Golden light around her brother.

"Thank you for your kind words, birthday boy," everyone laughed.

As she spoke, she felt a little regretful and guilty. The little girl was already six years old, and it was only this year that she really celebrated her birthday.

There was no other reason. This year, he had His Highness 'support.

"Big brother thanks Lulu in advance. Our Little Lulu's words are like Jade, and she'll definitely come true." Jiang Huai 'an pinched his sister's cheek. His Highness had indeed raised his sister well.

As she spoke, first aunt looked at her daughter-in-law.

Behind the young woman stood a nanny carrying a boy who had just come out of swaddling clothes. He was about two or three months old.

At this moment, she pulled her daughter, Xia Qingqing, who was beside her, and pushed her forward..

Chapter 666: \_1

"Thank you for your kind words, birthday boy," everyone laughed.

As she spoke, she felt a little regretful and guilty. The little girl was already six years old, and it was only this year that she really celebrated her birthday.

There was no other reason. This year, he had His Highness 'support.

"Big brother thanks Lulu in advance. Our Little Lulu's words are like Jade, and she'll definitely come true." Jiang Huai 'an pinched his sister's cheek. His Highness had indeed raised his sister well.

As she spoke, first aunt looked at her daughter-in-law.

Behind the young woman stood a nanny carrying a boy who had just come out of swaddling clothes. He was about two or three months old.

At this moment, she pulled her daughter, Xia Qingqing, who was beside her, and pushed her forward.

Xia Qingqing was not very willing, but with the elders present, she could only go forward.

“Little aunt, Qingqing wishes you a Happy Birthday ...” Xia Qingqing was already eight years old. At this moment, she looked at the gorgeous and extravagant surroundings of the East Palace, and her eyes were full of envy.

It would be great if she was adopted by His Highness.

“Oh,” Lulu replied indifferently.

Jiang Jiang had said that she had the right to choose whether to forgive or not when someone made a mistake. It was all up to her.

No one could force her.

She admitted that she was sad at the time, but she didn’t want to make things difficult for her grandmother and mother, so she replied.

“Ignore her. She should be punished for her mistakes. Let her know that trouble comes from the mouth, and that all of this doesn’t revolve around her alone.” The old lady looked at Xia Qingqing and then smiled and waved at Lulu.

As soon as Lulu got close, he carried her and sat down on the chair beside him.

“Little good grandson, do you miss maternal grandmother? It had been so long, yet he still did not come back to see his grandmother. Grandmother, I missed you so much, you heartless little thing.” The old lady really doted on her. The Xia family had probably suffered a lot in the past, and now she just wanted to make it up to her granddaughter.

The Xia Corporation and Jiang Huai ‘an had grown up and no longer had to bear her guilt.

“I miss you, Lulu misses you every day. That’s why Jiang Jiang drew a portrait of grandmother for Lulu. Jiang Jiang drew it herself, and Lulu will take you to see it later.” The little girl’s words made the old lady’s heart jump.

His Royal Highness the Crown Prince had personally painted her, how could he do that!

“This old one thanks Your Highness in advance. It’s this old one’s honor to be able to obtain Your Highness’s treasured calligraphy.” The old lady was a little overwhelmed by the favor.

“It’s fine. He drew a hundred and eighty for Lulu.” Lulu waved his hand. It’s not precious at all.”

Old lady?

“Were you afraid in the eastern Palace? I heard that His Highness has killed countless people. Aren’t you afraid that he will kill you in a rage? Why don’t you return to the residence?” Xia Qingqing popped her head out from behind Madam Yu and said out of nowhere.

Immediately, the Xia family's faces changed.

Madam Yu's face paled.

"Qing Qing, don't talk nonsense!" The old lady's face turned vicious and she glared at her. This was the eastern Palace.

Everyone was scared out of their wits.

Lulu tilted his head and looked at her."Jiang Jiang has no relationship with Lulu, but he has never hurt Lulu. You're connected to Lulu by blood, but you can speak ill of Lulu and hurt him. Who's worse?"

"Anyone in the world would hurt Lulu, but not Jiang Jiang."

Xia Qingqing's face turned pale, but Madam Yu reached out and covered her mouth tightly. His body trembled violently.

Just then, a group of people arrived outside the eastern Palace.

A Palace servant carried a tray into the hall,"miss, the Empress has sent you a congratulatory gift." His Majesty has also sent some." "Put it in my bedroom," Lulu said, scratching his head. I'll come back tonight."

"Can you still do it? If you can't, put it in the warehouse.."

Chapter 667: The half master of the eastern Palace (1)

For the first time, the Xia family realized that Lulu was different from the little girl they had imagined who had fallen from grace and came to seek shelter.

Madam Xia took her son and daughter back to the capital and stayed at her mother's house.

Perhaps his parents and brothers did not care. If he was more magnanimous, perhaps sister-in-law would let it go with a smile.

But the Xia family was a big family.

There was bound to be a lot of discussion and disdain behind his back.

Xia Yurong was young and impetuous back then. She was also obsessed with love and left her maiden family for a man.

Back then, if she had gambled correctly, perhaps the Xia family would have thought highly of her.

However, she had made the wrong bet. After giving birth to two children, she was chased out of the Jiang family and became an abandoned woman.

The relatives didn't care, but the branch families were not very willing and disdainful.

For example, eldest aunt's eldest daughter-in-law, Madam Yu.

She was the daughter-in-law of the Xia family when they were at their peak, and her status was enough to match the Xia family. She didn't have any feelings for the Xia Corporation, so she

naturally wouldn't respect her. It was also because of this attitude that Xia Qingqing was unhappy with Lulu. However, it was only at this moment that a sentence appeared in her mind.

A mother's honor was probably due to her son.

"Eunuch Lu, have you asked Jiang Jiang to come over for dinner?" Lulu called out to eunuch Lu, and the latter's stallion came over with its head lowered.

The Xia family's first aunt panicked.

"Lulu, be nice. Eunuch Lu is His Highness "favorite. Even your eldest uncle has to be very polite when he sees him in the court." First aunt had seen eunuch Lu before. When he stood in front of the Crown Prince, he always looked a little haughty.

Even her husband had to be polite to her.

Seeing how Lulu ordered eunuch Lu around like a servant, the Xia family's eyes twitched.

Lulu looked at her in confusion, then paused. "Eunuch Lu, you've asked jiangjiang to come over for dinner. Have a better attitude." After he finished speaking, he turned around and looked at the crowd.

Lulu didn't understand why everyone was holding their foreheads in exasperation.

"Lulu, His Highness is His Highness. However, His Highness's status is noble. You can't be careless. You have to pay attention to the rules that you should pay attention to. We can't let others pick on us." The old lady was a little worried. The words " Jiang Jiang " made her heart tremble.

Madam Yu stood at the old lady's side, holding her daughter's hand, her fingers gently rubbing the back of her hand.

First uncle's mother, Madam Yun, looked at the nanny behind Lulu."Nanny, you look like you're from the earth Palace, are you here to teach Lulu the rules? The little young lady is not at our side, so we will have to rely on Momo to take care of it. " As first aunt spoke, she took off a dark green bangle from her wrist.

The nanny's expression changed. She waved her hands in fear and took three steps back, kneeling on the ground with a plop.

"I don't dare, I don't dare. Madam, please don't scare this servant."

"His Highness has said that she is the biggest rule. If miss Lulu doesn't want to learn, then don't. The last person who came to teach miss Lulu the rules was sold off." The wet nurse's face turned pale with fear.

"There are no nannies in the eastern Palace and no Palace servants who are familiar with the affairs. Only then did the Empress send this servant to serve miss Lulu. He didn't dare to teach them the rules. Besides, Your Highness once said that miss Lulu is half a master of the eastern Palace, and she is the biggest rule." Moreover, this

child knew her limits. She could understand the rules that she usually used with one look.

How would he dare to be as strict as Madam had said?

He was afraid that His Highness would skin her.

Everyone looked at each other. The eastern Palace was half a master! Xia Qingqing's eyes were so red that they were about to spew fire.

"This ... So that's how it is."

"Miss Lulu, the performance His Highness has invited for you has arrived at the eastern Palace. After the meal, please move to the front hall." A Palace servant came over and reported in a low voice..

Chapter 668: Unimaginable pampering (1)

Not long after, the Crown Prince came in wearing a robe with dark patterns.

His footsteps were hurried, his clothes were flying, and there was a smile between his brows.

The Xia family had always been at the edge of the Imperial court, and very few people in power valued them so much. This was the first time he was meeting the Crown Prince in private.

As soon as His Highness walked in, the Xia family members all got up and knelt on the ground.

Xia Qingqing knelt behind her mother.

They watched helplessly as the little girl, who was chubbier than her, bounced towards the Crown Prince. Her small Cannonball-like figure caused the expressions of the Xia family to change greatly.

It's over. I hope the Crown Prince doesn't faint from this collision.

The Xia family's hair stood on end.

Whoever knew ...

The Crown Prince bent down and spread his arms, and the little girl actually ran straight into his arms.

"Slow down ..." The Crown Prince's expression was gentle as he gently placed her loose hair behind her ear.

you didn't comb your hair properly. I'll help you comb it again after I'm done. Lu huaijiang touched her smooth fur.

The Xia family members were even more shocked.

Her hair was combed by His Highness?

"Alright, I want to look good. Lulu's clothes are broken. Brother Jiang Jiang made this for Lulu's birthday, and Lulu couldn't bear to throw it away." The little girl mumbled with a bit of grievance. Lu huaijiang pulled her sleeve and glanced at her.

He must have died somewhere when he was naughty.

brother Jiang Jiang will make it up to you after lunch ... Lu huaijiang said in a low voice.

The Xia family members swallowed their saliva. His Highness personally embroidered the clothes for her?

His Highness, the Crown Prince who was busy with state affairs, was making clothes for you?

“Get up. You’re all Lulu’s family. Don’t stand on ceremony, ” Lu huaijiang held Lulu’s hand and carried her to the main seat.

Old Mrs. Xia took a deep breath. Her fingers trembled, and eldest Mrs. Xia reached out to support her.

The two of them looked at each other and saw the shock in each other’s eyes.

“Thank you for taking care of Lulu, Your Highness. This child has always been unruly, so I’ve troubled Your Highness.” Old Madam Xia personally bowed to the Crown Prince.

No matter what, he had to say it beautifully.

The Crown Prince didn’t seem to mind. He was completely focused on Lulu.

At the banquet, no one spoke.

However, His Highness would put food into Lulu’s bowl, feed him water, and wipe his mouth from time to time.

Even when she only cared about eating meat and refused to eat vegetables, His Highness still paid attention to her.

“Eat slowly, don’t accumulate food. This Imperial chef was requested by bengong from His Majesty. In the future, he will stay in the eastern Palace to cook for you.” The Crown Prince wiped his mouth and saw that she was eating happily, but there was a thin layer of sweat between his brows.

“Add some ice basins.”

Eunuch Lu immediately left to give his orders.

Jealousy flashed past Xia Qingqing’s eyes. Everyone said that His Highness was cruel and merciless, but His Highness doted on Lulu very much. Even her father was not as good as her.

After everyone in the Xia family had their meal.

Xia Qingqing suddenly laughed and said, ” little aunt is used to eating Royal food. What if you’re not used to it when you go home in the future? what should we do? ” It won’t be easy to change when the time comes.” His brows were filled with worry.

The Crown Prince did not even look up at her,”why change?” We have the conditions to do so.” After saying that, he hooked Lulu’s nose.

“Lulu likes to eat, so he’ll eat it for the rest of his life. When you’re home, you’ll bring the Royal chef back. You can take everything you like to wear and wear. The eastern Palace only has one little ancestor, you. If I don’t give it to you, who should I give it to?” Lu huaijiang didn’t even look at Xia Qingqing the entire time.

She was not worthy.

Old Mrs. Xia took a sip of tea and looked at her granddaughter.

She suddenly felt that perhaps this child was not just spoiled.

It even made her have thoughts that she shouldn’t have..

Chapter 669: Godmother in the dream (1)

“Your Highness, I think Lulu lost a tooth just now?”

The old lady deliberately changed the topic.

“Yes,” the Crown Prince replied. I’ve dropped two or three already.”

“Lulu is a half-grown child now,” the old lady smiled. There was a rule among the people that the lower teeth should be thrown at a high place. They were often thrown on the roof. Throw the upper teeth under the bed, that’s the only way they’ll grow. ”

The Crown Prince was startled.

Suddenly, he coughed unconsciously. He raised his hand and touched his neck.

“This time, the lower tooth was thrown very high. I’m sure Lulu will grow up safely and healthily.” Yes, he had strung it up and hung it around his neck. He was not short.

The old lady was rather at ease.

What made everyone even more shocked was that today was his Highness’s birthday. However, he did not take a single step out of the eastern Palace.

His Highness was born in the middle of the seventh month. Although there were very few celebrations and not many people knew about it, the officials knew.

Every year on this day, His Highness would enter the palace to celebrate with the Empress.

But this year, he was actually not leaving.

Congee and blessings were given in front of the eastern Palace, and it was very lively.

The little Lulu was having lunch and suddenly took a nap while watching acrobatics in the afternoon.

The little girl yawned and sat in front of the Crown Prince, her eyes constantly showing her confusion. His eyelids seemed to weigh a thousand pounds, and he couldn’t open them no matter what.

“Is Lulu sleepy?” The Crown Prince frowned.

“Oh ..

The Crown Prince bent down and picked the little girl up in his arms. He nodded at Jiang Huai ‘an, then carried Lulu to his bedroom.

The Xia family only heaved a sigh of relief after his Highness left. His entire body relaxed a little.

Lulu could do whatever he wanted in front of the murderous Crown Prince, but they didn’t dare to.

“Lulu is a good kid. You ah, even though you are married to the wrong person, but the two children you gave birth to are all here to fight for your honor.”

The old lady was very tactful with her words. She actually felt that, given how much His Highness valued Lulu, this child would probably have an extraordinary future.

However, the child was only six years old, and it was too early to say this. The old lady left him with half a sentence.

He only patted Xia Shi’s hand, full of relief.

“Yes, Lulu is a good child.” Xia Shi’s eyes were filled with tears. Huai ‘an as well.” Jiang Huai ‘an had only returned to the capital for half a year, and he had already begun to show his abilities. He was quite famous in the capital.

Everyone in the Xia family was shocked. and they couldn’t help but think more highly of the Xia family.

He didn’t dare to look at her with the eyes of a poor family who had sought refuge with her maternal family.

He couldn’t resist the fact that she could give birth, and each one was more capable than the other.

“There’s still two months until the fall quarter examinations, and Huai ‘an will definitely be able to pass the examination. You’re in luck.” Eldest aunt held her sister-in-law’s hand and was full of joy.

She naturally wished for her sister-in-law to be well.

The two of them had been friends for many years. The two children of the Jiang family had a high status, and so did the Xia family.

Mrs. Xia smiled and nodded. She didn’t know that the highest glory in her body came from her two children.

Jiang Huai ‘an didn’t sit for long before bidding everyone farewell and returning to his book.

Before he left, he went to the Crown Prince’s study to bid farewell to the Crown Prince.

He had a lot to say before he left.

But after entering, he left after a few words.

He felt that His Highness’s feelings for Lulu ... He was probably the same as himself.

His Highness “study room was filled with the little girl’s graffiti. Imperial edicts, memorials, and the sole copies of His Highness ‘collection. Even the red sandalwood table was marked by her.

How could such an overbearing person be wronged in the eastern Palace?

Jiang Huaian didn’t believe it.

He only felt that His Highness had spoiled this girl a little too much.

I’m afraid it won’t be easy to get married in the future..

Chapter 670: Godmother’s gift (1)

Lulu had a good night’s sleep.

But when he woke up, he felt lost.

It was almost afternoon before he went to bed. When he opened his eyes, the sky was already slightly dark.

The nanny had been waiting by the bed the whole time. Sometimes, when she took too long a nap, the sky would be dark when she woke up, and she would have a feeling of being abandoned by the world.

He would feel lonely in his heart.

This was what the Crown Prince had figured out, and it made her pay close attention to Lulu.

This thought really made the mammy feel apprehensive. She always felt that he was too attentive.

“Young lady, you’re awake? You’ve woken up just in time. Although it’s the Zhongyuan Festival today, His Highness has already invited the Masters from the hall of salvation and the National temple to keep watch. He’ll be staying in the capital all night, so he’s prepared fireworks.”

The fireworks were said to be able to shoot straight into the sky and burst out with gorgeous colors. They were brought back from overseas and were specially prepared for you by His Highness.” The wet nurse nimbly helped the little girl put on her clothes.

Lulu was in a daze. She had a dream.

“I want Jiang Jiang to comb my hair.” Lulu had not even put on her clothes when she ran out of the bedchamber with her hair disheveled and bare feet.

“Be careful of the cold wind.” The nanny didn’t catch up with her and only watched her rush into the study.

When she was outside the door, eunuch Lu shook his head and dismissed her.

“Why aren’t you wearing any shoes or socks? Now that you are young, be careful of your stomach hurting, and you will get a cold leg when you are old.” Lu huaijiang glared at her. Although it was Midsummer, the night was cold.

He picked up her chubby little feet, and her round nails were shining, round and cute.

Lu huaijiang covered her until she was warm before putting on her shoes and socks.

Then, he combed her hair into a light hairstyle.

“Jiang Jiang, I was dreaming. I dreamed of godmother. Godmother said that she wouldn’t be by my side for this year’s birthday, so she gave me a birthday present.” Lulu seemed to still be a little drowsy, and he started talking about his godmother again.

Lu huaijiang’s heart skipped a beat. He knew that this was another side of Lulu, a story that no one knew about.

“Lulu didn’t have any parents since he was born. It was godmother who accompanied Lulu every year. She said, “I have what others have, and I have to have what others don’t.” Godmother is like Lulu’s biological mother.” The little girl’s eyes were filled with longing.

Lu huaijiang pursed his lips. Lulu was born with a father and mother.

However, she said that she didn’t have parents, and it was the same in the library of the National Guard temple.

Lulu might have a big secret.

“There’s no godmother, but there’s still Jiang Jiang. Jiang Jiang will replace her and do better.” Lu huaijiang saw the rare fragility on her face and immediately held her in his arms.

He sat by the window.

Suddenly, a rumbling sound came from not far away.

Clusters of fireworks shot up to the sky and exploded when they reached the peak. The beautiful and colorful colors turned into stars, forming various patterns as they fell.

Huge flowers bloomed in the sky, filling the little girl’s eyes with gorgeous colors.

Lulu pulled Lu huaijiang and ran out of the door in a hurry.

Lu huaijiang looked at her and hugged her, tiptoeing. “Jiang Jiang will take you to a good place to watch.”

It landed on the treetop under the fireworks.

They were only a few meters away from the fireworks.

It just so happened to explode into a beautiful firework.

Hualala .

After the fireworks exploded, small stones and soil fell directly on the two of them.

Lulu’s mouth was full of mud.

Lu huaijiang ...

Lulu looked at him in confusion and despair.

“Bengong didn’t do it on purpose, do you believe it?” Lu huaijiang raised his hands high up in the air. F \* ck, he was innocent!

Lulu burst into laughter.

As soon as she finished laughing, a long tail suddenly appeared in the sky..
