

The Savior 671

Chapter 671: An ordinary and plain gift (1)

“It’s godmother’s gift.”

“Jiang Jiang, look! My godmother is here to give you a birthday present.” Lulu was so excited that he almost fell off the tree.

Fortunately, Lu huaijiang pulled her away quickly and the little girl was firmly held in his arms.

Lu huaijiang followed her little hand and looked towards the sky.

The night sky that was as dark as ink just now had countless stars with long tails flying out from the sky.

Countless meteors streaked across the dark sky with blue tails, illuminating the dark night sky and bursting out the shortest but most brilliant light in its life.

Lu huaijiang frowned slightly.

The two of them stood under the treetops and could see countless people walking out of their homes outside the eastern Palace.

They knelt on the ground and kowtowed to the sky, not knowing what to do.

The entire sky was filled with stars, each one brilliant and dazzling, reflecting the joy of the little girl below.

The meteors seemed to light up her lonely self and bring her some warmth.

“Is this a birthday gift that only belongs to Lulu?” Lu huaijiang hugged her and asked in a low voice.

“Yes, godmother said that it’s far away, so I don’t know what to give Lulu. He could only send some ordinary and plain things. I’m just trying to make Lulu happy.” The little girl didn’t mind at all. Lu huaijiang, however, took a light breath.

It was plain and simple.

Whose family’s gift could send a sky full of shooting stars?

He was really generous.

Lu huaijiang held the little girl and sat on the treetops to watch the shooting stars for a while. The little girl’s interest only faded a little when the sky returned to darkness.

Lu huaijiang carried her all the way back to the courtyard. The two of them were covered in dirt from the fireworks.

Lu huaijiang’s eyelids kept twitching, and he only felt at ease after personally helping her wash up.

“Where’s mother and grandmother? It’s all Lulu’s fault. It wasn’t easy for them to come here, but Lulu fell asleep again.” The little girl sighed, and her round face was filled with guilt.

“No problem. They are not used to staying in the eastern Palace, so I will send you back to play for a while.” Lu huaijiang’s eyes flashed with a trace of gloominess.

Lu huaijiang pinched her cheek.

The first Prince’s wedding was next month, and then Lu Jinghong’s marriage to fusang would be.

Now that the royal family of the great Zhou was unstable, the surrounding countries were all secretly probing. It was as if he was trying to test whether he or the Emperor was in charge.

The capital was probably in chaos.

Today was supposed to be the Zhongyuan Festival. In previous years, it was the time when Yin spirits wreaked havoc.

However, this year, for the sake of her birthday, they had forced the spirits to stay away from the capital.

The Prince, who was rumored to have killed many people, had raised a little ancestor in the eastern Palace.

It was the little ancestor’s birthday, and ghosts were forbidden to appear on the night of the Zhongyuan Festival.

The fireworks went off all night.

The meteors all over the sky also came to celebrate for her.

He was truly a legendary little kid.

But at this moment, she was still a six-year-old child.

When she was tired from playing, she lay in Lu huaijiang’s arms and fell asleep. From time to time, her nose would even bubble.

Lu huaijiang carried her with one hand and read the memorials with the other. Eunuch Lu saw that the light in the study was still on. After taking a look at the door, he could not help but retreat.

The days passed by quickly. On the 15th day of the eighth month, the first Prince’s wedding was held.

The marriage between the Zheng family and the virtuous Prince was already set in stone.

Noble consort Lin often summoned the lady of the Zheng family, and they became more and more intimate.

At the end of October, Lu Jinghong would be married to fusang. The emperor’s head of slightly white hair was actually full of black hair when it appeared in front of everyone.

He was personally hosting the wedding of his sister, Lu Jinghong. On the day of Lu Jinghong’s wedding, he was the most popular..

Chapter 672: Top scorer (1)

The Xian King was marrying his wife.

Lu Jinghong was getting married.

The imperial family had two happy events in a row.

It was already the end of the year, and the Crown Prince was already fifteen years old.

It had always been that the royal family married early, and the Crown Prince's marriage could make the court more stable. However, the Crown Prince's marriage was a problem.

In the sixth month, the Emperor had the intention of letting the harem judge for the Crown Prince, but the Empress did not seem to care.

It was as if he had been waiting for something, and he had been thinking about something all day ...

The sage King's wedding in August happened to be held during the fall quarter examinations.

On the day of Lu Jinghong's marriage, the results would be released.

Jiang Huai'an broke out of the encirclement and took the name of jieyuan. He had become one of the most promising gold science students.

The Xia family was overjoyed and went to the eastern Palace to pick Lulu up personally to celebrate with Jiang Huai'an.

Lu huaijiang had almost faded out of the center of the court in the past six months. No one knew what he was thinking, as if he only thought of the baby all day.

It was as if he had handed over all the important matters of the Imperial court to His Majesty.

In the past six months, countless courtiers had come to test His Highness's intentions, but they had all been blocked out of the eastern Palace.

At this moment, the handsome young man carried the little girl and personally carried her into the carriage.

"I prepared a small gift for your brother in the car. It's to celebrate his high school."

Lu huaijiang gently stroked the fine hair on Lulu's head, his eyes filled with longing.

It was going to be the end of the year soon. After the new year, he would be fifteen.

On the 15th, Lulu would have to move out of the eastern Palace.

He was waiting for the day the Emperor died, and he also wanted to spend more time with Lulu.

"I'm not in high school yet, I just passed the jieyuan examination." The little girl still knew about jieyuan, but this was first place, and the little guy was happy for her brother.

"He'll be in high school." Lu huaijiang had read Jiang Huaian's file before. He was a talented youth.

The exile had made his heart more determined, and he had grown tougher.

He was a rare good seedling.

Lulu's eyes narrowed in a smile. Of course, the literature star aura on his brother's body was getting stronger.

But she didn't say this out loud.

Lu huaijiang watched the little girl's carriage leave the long Street before he slowly retracted his gaze. His face turned cold and indifferent.

Eunuch Lu was already used to his two-faced nature.

"Your Highness, we've captured another group of death Warriors. They were all trying to sneak into the eastern Palace. They're even trying to find out more about miss Lulu." Eunuch Lu said in a low voice.

"Those people don't look like they're from the great Zhou." Eunuch Lu hesitated for a moment.

He knew that miss Lulu was his weak spot.

"Interrogate him properly for bengong! I can't get anything out of it ..." Lu huaijiang's lips curved into a low smile, his eyes revealing a bit of bloodlust.

"A blunt knife cuts flesh, knife after knife. Bengong wants them to see themselves become a set of white bones. I'll make them beg for death!"

"If there are still people searching for Lulu, it will be the same! Bengong doesn't believe that I can't intimidate him!" Lu huaijiang could not suppress his anger.

He had some guesses.

Back then, when he fused with that divine soul in myriad River Village, he had provoked the two great ghost emperors of the outside world.

At that time, the two great ghost emperors seemed to have been looking for him for many years and were very familiar with him.

He had heard the call in his heart several times behind his back.

However, every time Lulu was by his side, he would ignore her summoning and never respond.

The people who came to inquire clearly had no connection with the ghost Emperor, but Lu huaijiang always felt that there was some connection between the two sides.

But regardless of whether they had contacted him or not, they should not have had any ideas about Lulu.

Lulu was his greatest weakness!

Chapter 673: She's His Highness's housekeeper (1)

The Xia family was jubilant early in the morning.

The old lady had even personally sent someone to wait at the main entrance. Lulu would definitely come back to celebrate such a joyous occasion.

As expected ...

Not long after, the eastern Palace's carriage stopped in front of the Xia family's residence.

The Xia family had gotten used to Lulu riding in the Crown Prince's carriage.

"Third aunt, where's mother and brother?" The little girl was round and smooth, but she was not that greasy and fat.

Her cheeks were small and slightly round, and she had some baby fat on her face, which made her look round.

In reality, the arms and legs were white and only slightly fleshy.

But ... After all, she was more rounded than the girls from the aristocratic families in the capital.

She had been raised by the Crown Prince to be very healthy and had a good foundation.

The third wife carried the little girl down with a smile. She raised her hand and was carried away. She was still sitting in the carriage steadily.

In the end, it was the little girl who climbed down from the carriage with a smile.

"Today, old Furen wanted to hold a big event, but your brother is low key and calm, so he does not allow it to be big. Thus, we can only celebrate with the Xia clan's banquet."

"Your mother raised you two alone and suffered a lot. Back then, I left the family with nothing but the two of you. As a matter of fact, he went to the Jiang family's ancestral grave early in the morning to burn joss paper."

"Your brother has invited his classmates and friends and is reciting poems in the front yard. We're just waiting for you."

"You're a blessed one. Her brother was now in jiejyuan. If everything went well in the future, he would be promoted. You two will have someone to rely on." The third Madam held the little girl's hand as they walked into the manor.

The residence was filled with joy, and now, everyone was looking at her with respect.

She knew that everyone in the world was powerful.

This gaze was her brother's hard work and the Crown Prince's deterrence.

The little girl puffed out her chest and raised her head, her every movement somewhat proud and aloof. It was a little shocking. She had cultivated her aura even more than the princess.

The Crown Prince had poured almost all his heart and soul into her.

“This morning, your mother gave out red packets to everyone. Now, there’s a basket of good things to say.” The third wife said with a smile. There was a slight envy between her brows.

It’s not easy to be a Madam of an aristocratic family.

In the past, everyone disdained Xia Yurong from becoming a second wife.

Even if they treated Xia Yurong as their biological sister, this divorced woman did have some influence on the unmarried women of the Xia family. But very quickly, everyone was slapped in the face.

She couldn’t resist the fact that she had a pair of capable children.

The eldest son, fifteen, was jieyuan.

The youngest daughter was only a few years old, but she had already gained the Crown Prince’s favor and was the Crown Prince’s most beloved person. She often sent truckloads of gifts to the Xia family, but now that she was out, who dared to look down on her?

The year she returned to the capital, Xia Yurong almost faded out of the circle of noble women in the capital.

The wife of the lower hall was not the same as those dead furens.

However, in just one year, everyone was fighting to invite her back.

Just look at today, it was just a small family banquet, but many madams had heard the news and came to send countless congratulatory gifts.

“Jiangjiang also gave brother Huai ‘an a congratulatory gift, and the carriage behind is pulling it. Lulu wants to give it to big brother.” The little girl’s face was full of smiles. No matter how one looked at her, the little girl did not seem like a child raised by her entire family.

It was as if the person who raised her was extremely attentive, giving her a sense of security and happiness.

“I’ve troubled Your Highness.” The third wife knew Lulu’s reputation in front of His Highness.

“It’s no trouble at all. Jiangjiang gave Lulu the key to go in and pick whatever he wanted. After that, he added some more.” The little girl waved her hand casually, and her noble air was natural.

The third wife was shocked..

Chapter 674: The siblings are about to rise up (1)

Carriages bearing the donggong symbol entered the Xia family.

A cart of gifts was brought in.

Everyone was envious but also shocked.

Lord Xia personally came to count the gifts, and this count made him gasp.

Among the gifts from His Highness, there were all kinds of papers and books from the past dynasties.

There was also a house with three entrances and three exits in an excellent location, as well as many fields.

There were even clothes and jewelry that were suitable for young girls to play with. The flowing lights and vibrant colors did not look ordinary.

It filled up three big carts.

One cart of books and two carts of girly items.

Lord Xia took a deep breath.

After the 14th of the new year, it would be the 15th of the next year. Lulu could still be raised in the eastern Palace for a year and a half. Was his Highness already planning to move all of her things over?

And it was a legitimate move!

Lord Xia didn't dare let anyone see them and only secretly ordered people to move everything to the perfume Pavilion.

His head was throbbing and his temples were throbbing.

He didn't need to be so surprised when His Highness gave him all kinds of precious items. To the royal family, the thing they didn't lack the most was money, what they lacked was heart!

However, he had spent all his efforts on planning for Lulu.

Lord Xia returned to the front yard and looked at the little girl, who was lying in her brother and mother's arms, laughing in an innocent and romantic way.

His sister was so blessed.

the general examination is in February after the new year. Huai 'an, are you confident? " Lord Xia looked at his nephew and was very satisfied.

It was a pity that this child was the Xia family's.

But when he thought about how he was now calling him uncle, Lord Xia felt relieved.

"Huai 'an will do his best." Jiang Huai 'an said with a smile. He didn't know when the young man had grown up, but he was already a man who could support the heavens and earth.

"I have a thousand jin of weight on my body, so I don't dare to slack off in the slightest." Jiang Huai 'an's expression became more steady.

Lord Xia sighed even more. His two sons were already fathers, but they were not as steady as Huai 'an.

The Jiang family's disaster had instead toughened the child.

"Your mother has you, uncle can be at ease. Let's go to the study room for a drink after we're done." Lord Xia was smiling. The Crown Prince had given him a residence, and Lulu was staying in the eastern Palace. Huai 'an was definitely on the crown Prince's side.

Now, the Xia family had to take a side.

The guests were happy, and Xia Yurong even returned a lot of gifts to the congratulatory madams.

It was a busy day and it was exceptionally fulfilling.

Everyone knew that the madam who had come to the Xia family to stay would not be able to stay for long.

Xia Qingqing said that she was sick and did not come out. Madam Yu saw that Lulu and Xia Yurong were much closer, but Lulu did not pay attention to her.

It was already late at night when Lulu returned to the eastern Palace.

The Crown Prince was waiting for her in the study as usual.

No matter when, that lamp would always stop for her.

It was the end of the year. Even though the Emperor had taken over many matters, the Crown Prince was still busy.

Moreover, Lu Jinghong had just married into Fu sang not long ago, and Fu sang had been testing the border, as if they were testing the great Zhou's bottom line.

There had already been a few minor conflicts at the border.

Another major event happened at the end of the year.

She was originally prepared to select a talent for the Crown Prince in the spring, and she was the very popular miss Ming su among the people. He had suddenly entered the palace.

Ming su was 15 years old, the age of a flower and a moon, waiting to bloom.

Everyone thought that she would enter the Crown Prince's Eastern Palace and become the master of the eastern Palace, but no one had thought that she would take a different path.

On the first day of the new year, they entered the palace.

On the sixth day of the new year, the Emperor fell sick.

This illness came in a menacing manner. Originally, the Emperor had taken medicinal pills to consolidate his Foundation and strengthen his vitality, but who knew that this would actually cause him to collapse and scatter for a thousand miles..

Chapter 675: The Empress wants to be a widow (1)

At first, no one took this illness seriously.

His Majesty's health was visibly better these days, and even his white hair had gradually decreased.

The last time the fusang family deity came to the great Zhou, the feather deity was struck by the evil and turned into ashes.

However, the remaining few were left in great Zhou.

After all, the great Zhou and fusang had an in-law relationship, and fusang was happy to give the Emperor face.

The few people who stayed behind continued to prepare pills for the Emperor. Nowadays, even the Imperial physicians were rarely summoned to the palace.

One look and one could tell that he believed in the pill formula.

However, his illness on the sixth day of the new year had lingered on his bed for one to two months.

Soon, it was time for the general examination in February.

On the day of Jiang Huai 'an's general examination, Lulu was summoned to the palace.

"Lulu, mother is summoning you tomorrow. If you want to enter the palace, then go take a look. If you don't like it, then just reject it." Lu huaijiang's eyes were filled with confusion. This year, mother had asked about Lulu at least three times.

The weather was cold in winter, and the occasional cold wind could take half a life.

Lu huaijiang did not allow Lulu to enter the palace alone, so he refused.

It was now February and March, and spring had come, so it was already a little warm. It was not a big deal to enter the palace in warm weather.

"The Imperial food in the Empress's Palace is delicious. Lulu also wants to go and see her." Lulu still remembered the Empress. Perhaps the Empress's gaze had been guarded against her before, but now she really did seem like an elder.

The Crown Prince might be the main reason for this.

It was probably because he loved the house and its Crow.

After all, she could protect her son's life, so the Empress naturally did not dare to neglect.

then go ahead. Father has not been in good health for the past two days. Jiang Jiang is going to the harem to pay her respects to father. During this period of time, the Emperor was seriously ill.

Although there was no morning court, it was necessary to pay respects to him every day.

Moreover, because he had to go to the harem, he had to go to the front court.

The Crown Prince became busier every day.

Seeing that he was busy, Lulu couldn't help but say, ""Let's wait a little longer. It'll be over soon.""

Lu huaijiang?

The little girl immediately covered her mouth and ran away in horror.

Lu huaijiang was aware of her strange abilities, and his eyes narrowed when he heard Lulu's words. There were some things that he would have to prepare soon.

After breakfast, Lulu and the Crown Prince entered the palace.

After sending the little girl to the palace of Kun Yi, the Crown Prince went to the emperor's bedroom.

The nanny had been waiting in front of the palace gates the entire time. When she saw the little girl dressed in red, she hurriedly went forward to welcome her.

"You must be tired from the journey, right? Her ladyship had already ordered people to prepare your favorite roast lamb chop, so we will not tell the Crown Prince." The wet nurse was all smiles. The Crown Prince was now in charge of her food, so the little girl was very greedy.

Lulu chuckled.

In just half a year, the little girl seemed to have grown up. Her eyes were like Obsidian, deep and dazzling.

The nanny pondered in her heart that this child would definitely be peerless in his generation in the future.

When he entered the palace of earth, he saw the Empress sitting in the main seat waiting for him. When he saw Lulu enter, he immediately spread his arms and took the little girl into his arms. With a wave of his hand, all the nannies left.

The hall fell silent.

The Empress leaned over to her ear and asked in a low voice, "Let Bengong see, when can Bengong become a widow?"

He looked at her with a burning gaze.

Lulu was taken aback. He had seen people looking forward to marriage and peace, but he had never seen someone looking forward to being a widow?

The Empress coughed softly. Lulu, you're one of us. I know that you're the Crown Prince's soul protector. Master Yixu also said that you have an affinity with Buddha. Bengong believes you."

Now that she thought about it, she was always fighting for favor and pleasing him. It's better to be the Empress Dowager after the Emperor dies..

Chapter 676: The name in the book of life and death (1)

Besides, the Crown Prince was her son. She would be the Empress Dowager in the future!

When the Empress had heard that the Emperor would die early, she had sighed.

Who knew that when he came back to his senses, the more he thought about it, the more he felt that it was a good thing that His Majesty was dead.

In the future, she would be the most important person in the palace, and she would no longer need to please anyone, fight for favor, and pay respects.

Lulu stared at her in a daze. She vaguely remembered that the Empress used to summon the Imperial physician every day to ask about the emperor's health.

And now ...

Mother, I'm afraid she has done something incredible.

The Empress sighed faintly. Ever since she knew that the Emperor would die early, she had been looking forward to it.

She only knew what kind of horse it was, so she went around to find some fine horses for the Emperor and sent quite a few over. The Emperor had never seen them before.

He would go to the small temple Hall three times a day to offer incense and pray sincerely.

It was rumored that the Emperor and Empress did not get along, but the

Empress cared for His Majesty and would pray for his blessings every day. However, only she knew whether she should pray for blessings or pray for death.

"Empress, don't be anxious. The horse has already entered the palace, Your Majesty can not escape this matter." After all, his name was already faintly visible in the book of life and death. It was likely that his soul would soon return to the yellow Springs.

The smile on the Empress's face became more genuine.

He wondered if the horse was referring to the skinny horse of Yangzhou.

However, thinking of the rumors in the palace, that she was beautiful and lively, the Emperor was happy to see her and stayed for five days.

When she left her Palace, her body swayed and she fell down. She was afraid that she really couldn't control herself.

"You child, you always bring good news to bengong. You really are bengong's good fortune." If it wasn't for her, the Crown Prince's soul would have become unstable and he would have fainted. This little girl was really her good fortune.

The Empress was so happy that she rewarded the little girl with countless things.

She also knew about the Jiang family's misfortune, and that the life of the widow and her child was not easy.

She directly brought the reward to the Xia family and gave it to the Xia family, saying that she had done a great job in raising the child.

It could also be considered as raising her face. In the future, this child would be able to live well when he left the East Palace.

The Crown Prince had said that he would come to pick Lulu up after lunch, but he didn't come even after lunch.

It was not until evening that the Crown Prince came to the kun Yi Palace.

When the Crown Prince appeared, the little girl's eyes slightly narrowed. She had been joking with the Empress, but when she saw the White gauze on the crown Prince's forehead still faintly stained with blood, the little girl's face instantly sank.

Even the Empress didn't notice that the atmosphere in the palace of kun Yi had become a bit cold.

"What's going on? He was fine when he sent Lulu over in the morning. How did he injure his forehead? What if there's a scar?" The Empress was so shocked that her heart jumped. Eunuch Lu lowered his head and did not dare to make a sound.

"It's fine, it won't leave a scar." The Crown Prince lowered his voice and stepped forward to pay his respects. He held the little girl's hand.

"Eunuch Lu, tell me, what's going on? Your Highness is the Crown Prince, what would happen if your face is disfigured?" The Empress's expression was rather stern.

However, how many people in the entire Palace could do anything to the Crown Prince?

The Empress's eyes were slightly hazy.

Eunuch Lu looked at the Crown Prince, but when he saw miss Lulu beside the Crown Prince, he knew that he would not be punished even if miss Lulu was there.

"In the morning, His Highness will go to the palace to pay his respects to His Majesty," he immediately said.

"His Highness asked His Majesty about the cause of the illness and said that His Majesty's body was weak and could not be nourished, and there was pill poison accumulated in his body. Then ... He didn't know how to control himself and triggered the poison. It sped up the effects of the pill poison."

"Your Highness, please order a thorough investigation of the family God. Second, let concubine Ming abide by her duty and place your Majesty's Dragon body above all else.."

Chapter 677: Jiang huailu receives the edict (1)

'When His Highness's words were fierce, he also scolded ... Vixen." Eunuch Lu raised his hand to wipe his sweat.

What eunuch Lu didn't say was that His Highness had gone to pay his respects.

She happened to hear the conversation between Ming Fei and the Emperor.

Who in the eastern Palace didn't know that Ming Fei had feelings for His Highness?

However, His Highness had no interest in romance and only doted on miss

Lulu.

Ming Fei's heart was probably filled with jealousy and hatred, so she had discreetly made up her mind.

Relying on the fact that he was favored, he only said two words, "Your Highness is famous, but you pamper zhenhun's child without a bottom line." She had spoiled the child so much that she was already so pampered before she even grew up. If she grew up, wouldn't she become a Vixen?

Empress Ming Fei laughed as she teased him, while at the same time, she gave him a look.

His Highness was immediately displeased.

"His Highness also said that sooner or later, His Majesty will die in the belly of lady Ming Fei. When His Majesty heard this, he was furious and picked up an inkstone to smash it on Your Highness's head." At that time, eunuch Lu had blocked it with his hand, but it still hit the corner of his forehead.

Blood gushed out, but fortunately, no vital parts were injured.

"Why do you want to die on your stomach?" Lulu asked, looking up.

The book of life and death had the names of everyone in the world. No, there were no names of her and Lu huaijiang.

As long as the Emperor or Prince was a Dragon, their names would be marked in a big red box.

There were three words written behind the cause of the emperor's death: horse wind.

She never understood. Could someone have a stroke right away?

Later, she secretly asked Jiang Jiang. At that time, the Crown Prince's expression was strange and he told her not to ask such questions again. He only mentioned that it was about women.

He didn't want to talk about the details.

At this moment, the Crown Prince's face darkened again.

"You're just a child, don't ask." The Crown Prince immediately covered her ears, not allowing her to listen anymore.

She even subconsciously used a bit of divine power in her hands, directly preventing her from using the power of a God.

Lulu pursed his lips.

"He has the face to make a move on you. Since he dared to do it, he shouldn't be afraid of outsiders. If he really fell for a woman, I'm afraid his name will be remembered for thousands of years in this life."

When the Empress heard this, she was so angry that her teeth hurt.

"Yi 'an is fine. However, Imperial father has given a portion of my Affairs to the virtuous King. I'm afraid you're angry with me." Lu huaijiang's eyes were a little cold.

She squeezed Lulu's hand gently.

When he had heard Ming su's sarcastic remarks about Lulu, he had also been angered.

She scolded Ming su for being a Vixen and swept her face. She was probably angry at Lulu.

He was the Crown Prince, so Ming su couldn't touch him. He had to be more careful during this period of time.

"Mother, it's good for your son to leave the court now." Lu huaijiang's meaning was that if something happened to the Emperor, the people who were serving him would be the first to bear the brunt.

And looking at His Majesty's attitude, there might be some scandal.

It had to be said that the Crown Prince had great foresight.

When there was a scandal, the first to be cleaned up was the person who served him.

The Empress's heart was slightly at ease. Just as she was speaking, she saw the nanny of the kun Yi Palace hurriedly come over.

"Your ladyship, eunuch Li, who is in front of His Majesty, has arrived. He even brought an Imperial edict. This servant asked around but couldn't find anything."

The nanny's expression was not good.

"Who is the decree for?" the Empress frowned.

The nanny's expression was dark, and she suddenly looked at the Crown Prince

The little girl in front of him.

"It's miss Lulu. Eunuch Li has sent miss Lulu to the front hall to receive the decree." The moment the words came out of the mama's mouth, everyone in the room was shocked.

The Crown Prince gripped Lulu's wrist tightly, his eyes filled with a murderous intent.

No matter who he touched, he would not touch his Lulu!

Chapter 678: Having feelings for Lulu (1)

"Who did you say received the decree? Let Lulu receive the decree?"

"Your Majesty has never seen Lulu before, so why does he want Lulu to receive the decree?" The Empress was startled for a moment and immediately headed for the front hall.

As expected ...

Before he even got close to the front hall, he saw the group of eunuchs serving the Emperor.

From the looks of it, they were here to announce a decree.

“This servant greets the Empress and his Highness the Crown Prince.” Eunuch Li greeted him with a smile. The Crown Prince’s expression was dark. Seeing this, the Empress had no choice but to let eunuch Li get up.

“You must be miss Lulu. You’re indeed a beautiful lady. No wonder you’re praised by master yixu and have become the person who can suppress Your Highness’s soul.” Eunuch Li said with a smile.

Eunuch Li wiped the cold sweat from his forehead.

If Jiang huailu lived with the Xia family, it would be much easier to announce the decree.

However, she lived in the eastern Palace. Once she returned to the eastern Palace, this decree would probably not even enter the door.

Fortunately, he made it in time.

“The youngest daughter of the Jiang family, Jiang huailu, receives the decree.” Eunuch Li shouted in a high-pitched voice.

“By the will of the heavens, the Emperor decrees. The youngest daughter of the Jiang family is blessed ...” Eunuch Li praised Jiang huailu loudly, but the more he praised, the worse Lu huaijiang’s expression became.

By the end, his face was already gloomy.

“His Majesty’s health is not very good. I heard that miss Lulu is a person with a fate with Buddha. No one in the entire Imperial physician Bureau could cure His Highness’s strange illness. Yet, miss Lulu is able to suppress Your Highness’s soul.”

“His Majesty’s Dragon body is not in peace. If miss Lulu stays in the palace for a few days, His Majesty’s body will definitely get better. It’s fine to try anyway.” Eunuch Li said this word by word, almost as if he was facing the Crown Prince’s dark and sorrowful gaze.

He shivered after saying this, and the Crown Prince’s eyes were murderous.

“Where did this rumor come from? Lulu and the Crown Prince were born on the same day and the same month, so soul suppression isn’t something that can be done randomly.” The Empress frowned. The emperor’s health was not something that had happened recently. Why did he suddenly believe this?

The Crown Prince chuckled.

“Ming su told him? Tell him that bengong’s little brat can suppress his soul?” Lu huaijiang’s low laughter almost gave eunuch Li goosebumps.

But he didn’t need to hide it for Ming Fei.

He only wiped the sweat on his forehead.

“Yes. It is Ming Fei niangniang who empathizes with His Majesty’s body and thought that there would be some wondrous effects.” At that time, Ming Fei niangniang said that she was only here for a few days and if it could be beneficial to the Emperor, it would be a good thing. Even if it was ineffective, it would only trouble the little girl for a few days.

His Majesty was the ruler of the world. It was her great honor to let a little girl live in the palace for a few days.

Could it be that they couldn’t even invite a child?

His Majesty was moved.

The Crown Prince’s eyes were gloomy, and eunuch Li’s body was trembling.

“Your Majesty has given the order, this servant has no choice. Please understand this servant, Your Highness. This servant must have taken good care of her and not let miss Lulu suffer.”

“It’s just a matter of three to five days.” Eunuch Li only felt that this was a difficult task.

The East Palace had raised this little girl like a little ancestor. To lay a hand on her was like plucking hair from a Tiger’s head.

The entire Palace of earth and rites felt a bone-chilling coldness that penetrated into their bones, making their scalps numb.

“It is probably that bengong has recently caused people to have the illusion that bengong is that easy to manipulate?” The Crown Prince was emotionless.

However, his big hand was pinched by a soft little hand.

“Where does Lulu live?” At least Lulu knew that godmother was the most important in heaven, Godfather was the most important on earth, and the Emperor was the most important in the middle..

Chapter 679: He had the intention to kill her (1)

Eunuch Li paused and looked at the Crown Prince carefully.

“His Highness needs miss Lulu to stay in the eastern Palace to suppress her soul.”

“His Majesty is seriously ill. Naturally, he needs miss Lulu to stay in the longevity Palace.” The longevity Palace was the emperor’s current sleeping chamber, and concubine Ming lived in the great Ming Palace next to the longevity Palace.

However, His Majesty doted on the newly-entered concubine Ming and called him to serve her. Currently, concubine Ming was living in the longevity Palace.

The Crown Prince's expression was frighteningly ugly. His originally gloomy personality now made people's hearts turn cold.

"The longevity Palace, but Lulu doesn't know anyone in the palace. Lulu was afraid. Could Lulu go to longevity Palace in the day and stay in the Empress's Palace of earth at night? Otherwise, Lulu will miss home ..." The little girl's eyes were wide open. No matter what, she was still a child who was not even seven years old.

Lulu pinched the Crown Prince's thumb.

Only then did the Crown Prince suppress his anger.

Eunuch Li heaved a sigh of relief. Actually, before they came, Ming Fei had already guessed that His Highness would be dissatisfied.

He discussed with His Majesty that it would be fine as long as he came during the day. He could let her return to the kun Yi Palace at night.

"His Majesty is benevolent, so he will definitely agree. Miss Lulu is only six or seven years old, and his Majesty doesn't want you to feel aggrieved." Even though eunuch Li was like this, the Crown Prince's expression was still very unsightly.

"His Majesty is a Dragon among men, and he is also brother Jiang Jiang's father. Lulu can stay there for a few days. If brother Jiang Jiang misses Lulu, you can come to the longevity Palace to see Lulu."

"I'll have to trouble brother Jiang Jiang to inform my mother. I won't tell big brother for the time being, big brother hasn't finished his exam yet." The general examinations had just started and no one dared to take the risk.

The Crown Prince nodded slightly. He couldn't even accept Lulu entering the palace alone.

Not to mention the Xia family.

"Your Highness, don't worry. The palace is the place where you grew up, and his Majesty is your father. There's nothing I can't let go of." Eunuch Li said in a low voice.

"How can Lulu stay in such a dirty place like the Imperial Palace?" the Crown Prince suppressed his anger.

Eunuch Li's figure paused, but he didn't dare to continue.

The Royal Palace was filthy. His Highness could say that, but he couldn't.

If he said it, he would lose his head.

At this moment, he could only smile along.

“The palace has everything prepared, so there is no need for miss Lulu to return to the eastern Palace to prepare. We’ll just wait for the Imperial

Household Department to send it over.” Eunuch Li said with a smile. The Crown Prince led Lulu out of the palace of kun Yi.

He went straight to the longevity Palace.

Eunuch Li stomped his foot and looked at the Empress anxiously. “Niangniang, His Majesty is seriously ill now, but miss Lulu will only be allowed to enter the palace for a few days. I’m afraid that Your Highness’s actions will enrage His

Majesty.”

The Empress’s eyes were in a daze, as if she was in a daze.

He could only vaguely hear something.

Eunuch Li and his men chased after the Prince, but there was no sign of him. He was afraid that the two of them would start quarreling again, so he immediately rushed to longevity Palace.

As expected ...

He had just arrived at the entrance of the main hall when he heard the emperor’s rapid coughing.

And the sound of the eunuch kneeling.

“Unfilial son, unfilial son!”

“I am your biological father. I am only a child of a few years old, yet you are so secretive and unwilling to enter the palace. If I die, you will be the young Emperor, right?” The Emperor coughed violently as he cursed.

Beside him, he could still hear the consoling voice of lady Ming Fei.

“Your Highness, it doesn’t matter if it’s effective or not. It’s not a big deal to have miss Lulu praise you for a few days. His Majesty and you are father and son, why should we make things unpleasant for an outsider?” Ming Fei supported the Emperor, her face bright and beautiful, but her eyes were full of worry as she looked at the father and son.

“Lulu is not an outsider.” The Crown Prince’s eyes turned cold.. But you are!”

Chapter 680: His reverse scale (1)

“Empress Ming Fei, please conduct yourself with dignity.”

Lu huaijiang’s face was cold. The young man’s figure was slender, but he was full of dark and handsome Qi in black clothes.

The Emperor was even more angered by his words.

“She, she is Zhen’s Ming Fei, and also your Shu mother. You should call her Zhen Niang!” The Emperor was so angry that his teeth were chattering. This son of his, the older he grew, the more he felt fear in his eyes.

Sometimes, he even felt that this was not his son.

Lu huaijiang’s eyes drooped, “lady Ming?” Step mother? To be able to give bengong affectionate poems in the middle of the night, and to be able to meet bengong several times in the middle of the night. Even if you don’t care, your son still cares.”

Ming Fei’s face was slightly pale, and she bit her lower lip, looking like she had been insulted.

Lu huaijiang did not care how angry the Emperor was on the soft couch. He only held the little girl in his hand. “This son has said before, power, the world, if you want it, you can take it back if you have the ability. But no one can touch bengong’s reverse scale!”

The young man was only fourteen, but he already had a backbone.

“Unfilial son, you unfilial son!”

“Back then, when I handed the court over to you, I was possessed! To actually make you so treacherous! This child must stay! You don’t have the final say in the Imperial Palace!” The Emperor suddenly sat up straight. He didn’t know where, but longevity Palace was surrounded like an iron bucket.

Lu huaijiang squeezed Lulu’s hand tightly.

He was more and more certain that the Emperor was not acting on a whim.

He had come prepared.

He had come prepared for Lulu.

He guessed that Lulu’s only eye-catching feature was his Requiem, and ...

The hall of salvation.

Lulu could feel Lu huaijiang’s murderous intent and his heart tightened.”Brother Jiang Jiang, Lulu can stay here for a few days. Lulu had never lived in the palace before, and he wanted to see the beautiful scenery of the pavilions. Just let Lulu stay in the longevity Palace for a few days ..

The little girl’s voice was soft. She held Lu huaijiang’s right hand with both hands and her whole body shook.

“Brother Jiang Jiang, please. If you miss Lulu, you can come and see her anytime.”

“The Imperial food in the palace is delicious. In the day, Lulu will be in the longevity Palace, and at night, he will go find the Empress and aunty. Brother Jiang Jiang.” The little girl’s tone carried a bit of a pitiful plea.

His eyes were filled with nervousness.

Lu huaijiang’s uncontrollable evil Qi seemed to have dissipated helplessly.

After a long silence, the angry Emperor did not make him waver in the slightest.

However, everything was destroyed by her muttering of 'brother Jiang Jiang'.

He knew that Lulu did not want him to fall into the abyss.

She didn't want him to fall from the altar in front of her.

Lu huaijiang took a deep breath and squatted down. He did not care about the

Emperor and Ming Fei in front of him."Lulu, I'll be waiting for you in the palace every day. If there's anything, call Jiang Jiang. I'm willing to ..." She gently leaned against Lulu's ear.

I'm willing to fall from the altar for you.

Lu huaijiang let go of Lulu's hand after he finished.

At this moment, he looked at the emperor's gaze. The adoration and the only trace of affection in his eyes were gone. The coldness in his eyes was frightening.

"Lulu must be like how he was when he entered the palace. If you lose even a single strand of hair, bengong will have your world pay for it!" At this moment, the Crown Prince didn't even try to hide his sharpness.

Even after he had left the hall of longevity, he could still hear the scolding from within the hall..
