

## The Savior 741

### Chapter 741: Meeting (1)

The Xia family sent a reply to each family, and none of them declined.

“Why doesn’t mother go?” Jiang Huai ‘an was going to celebrate with his classmates today. Although he didn’t like these banquets, he would be in the Imperial court in the future, so these things were indispensable.

Mrs. Xia was sitting by the window and reading a booklet.

“In the past, mother wanted to enter that circle again. Do you think mother was reluctant to give up her previous life?” Xia Shi said with a smile.

“It’s just that I don’t have the Jiang family to rely on anymore. Mother, I hope they can help my son.”

Xia Shi sighed softly.

After the Jiang family fell from grace, everyone distanced themselves from her, and she understood.

However, those people who had helped her in the past were now avoiding her. The Xia Corporation was a little disappointed.

When she was the No. 1 in the Jiang family, she didn’t care about everyone’s praises.

Family background was never a factor in making friends.

He would help as much as he could.

However, when it was his turn to be in dire straits, all the people he had helped back then had disappeared. Even when he came to them, they felt like they were high and mighty. It was as if being able to step on him was a great way to vent his anger.

The Xia Corporation understood at that time.

Perhaps, other than the ones who gave birth to her and the ones she gave birth to, no one would want to live a good life.

She pandered to those people only for the sake of her two children.

Jiang Huai ‘an smiled. What he didn’t say was that he was working hard so that his mother and sister wouldn’t have to rely on outsiders.

“Mother can see whoever she wants to see. There is no need to wrong yourself for your son. Otherwise, there would be no meaning to your son’s efforts.” Jiang Huai ‘an walked out of the door with a smile.

Xia Shi laughed and laughed, and then tears fell.

Fortunately, the maidservant came in not long after and let her count the gifts. Madam Xia squeezed the booklet, put it in her arms, and then went out again.

The Xia family was in a jubilant mood. For today's event, the Xia family had also rewarded the servants with three months' worth of silver.

The old lady rewarded them once, and the servants were so happy that it was as if they were celebrating the New Year.

"I'm afraid you won't be able to stay in the Xia family for long. Mother won't keep you any longer, there are too many constraints in this mansion, it's better to stay in the Yuan mansion." When the old Madam saw Madam Xia enter, she was happy and relieved.

Back when her younger daughter insisted on marrying into the Jiang family, she had been worried for more than ten years.

She was even more worried now that she was finally home.

The first half of her life was bitter, but the second half of her life was filled with laughter.

Mrs. Xia naturally knew that her mother was not chasing her away.

He knew that she had someone to rely on and was at ease.

No matter how reliable her maternal family was, now that there were many wives who had married into the family, it would be more stable to rely on Huai'an.

"I am the only Madam in the Zhunyuan Manor, I will have a good life." The nanny said with a smile.

The old Madam's smile deepened.

"Where's Lulu? I wonder if His Majesty knows that this child has brought back so many Tributes. Later, let your brother enter the palace to ask." The old lady took a sip of tea and was almost shocked when she saw it.

Other people would have to worship even a gift from the Emperor.

She, on the other hand, had brought a few truckloads back for daily use?

Madam Xia's heart paused. She was a woman, so she thought deeper.

The emperor's favoritism towards Lulu had reached an unimaginable level, and she did not want the outside world to pay too much attention to Lulu.

"The entire Palace is filled with Your Majesty's people, even the palace maids that she serves in front of her are. How could Your Majesty not know?" Xia Shi said softly.

The old lady pondered for a moment, nodded, and did not ask further.

"Do you have any thoughts on Huai'an's marriage?"

"I know that you wanted to read his fortune last year, but this year, I'm afraid you're going to break the threshold." The old Madam was grinning from ear to ear. What kind of families were those people talking about last year?

It was simply an insult to his grandson, and everyone wanted to take the opportunity to step on him.

Chapter 742: Change to another ancestor (1)

The smile on Mrs. Xia's face froze.

In fact, she already had a small booklet, all of which were for the girls of the right age in the capital.

Generally speaking, the capable matchmakers in the capital who specialized in matchmaking for the noble families would have a booklet in their hands.

There wouldn't be a detailed record, as the woman's reputation was greater than heaven, but there would be a general introduction.

In the past, the Xia Corporation couldn't even get it.

Now, she had one too.

However, she had given up on that thought.

The Xia Corporation had seen too many people flattering the high and stepping on the low.

"I'm looking at her now. I'll take a closer look when I find a suitable one. Now that he is the newly appointed top scholar, it is not good for him to be tied to the interests of the various families." The Xia family was also a little particular. Lulu already had some gratitude for the new emperor, and now it was impossible to get rid of it.

The Xia family didn't dare to get too involved with other families.

"You've thought it through. Let us know when the zhuiyuan house is moving. Mother, I also want to go to your house to have some fun." The old Madam's face was filled with joy.

Now that she was old and had no energy to care about many things, she was overjoyed that her daughter could rely on someone.

Moreover, it was in the capital and could be seen from time to time.

At this moment, the little Lulu threw the gift booklet to the wet nurse.

He secretly changed into men's clothes and climbed into the carriage.

By the time Jiang Huai 'an noticed her, she was already outside the restaurant.

Jiang Huai 'an didn't know whether to laugh or cry. I'm drinking with my classmates. What are you doing here?" he asked.

Lulu's eyes were bright and lively, and he looked like a young master.

"I'm here to gain knowledge. Just eat your food and don't worry about me. I can take care of myself. Don't worry, big brother. Lulu has made a lot of money. There's Lulu's business on this Street. Lulu will go and inspect the business." Lulu waved her hand, looking very generous.

Jiang Huai ‘an couldn’t help but laugh,’ you haven’t even spent all your money yet? It’s been four to five years.”

Seeing the two little girls with thick arms and legs behind her, she knew that they were the guards the new emperor had given her.

She was used to running around outside, so she didn’t stop her.

“You’re not allowed to leave the restaurant. After dinner, big brother will come and take you back to the manor.” Jiang Huai ‘an reminded the little fellow repeatedly, but the little fellow couldn’t wait any longer. It nodded and ran off.

She turned around and bumped into a young man.

The teenager was a little short and thin, and he had a slight fragrance on him.

She was so sissy.

Jiang Huai ‘an raised his head, and his gaze paused.

“Young master Wen, please go upstairs. The elders of the Wen family are all here, waiting for you.” The servant boy walked up the stairs with her, and as he walked, he seemed to feel something. She turned to look at Jiang Huaian, who was looking at her from downstairs.

The moment their eyes met, their gazes jumped.

It was Wen ruyin.

At this moment, Jiang Huai ‘an almost couldn’t associate her with the young girl he had met in the barren capital back then.

Coincidentally, his classmates had arrived and he walked upstairs.

One was on the left and the other on the right, the two rooms adjacent to each other.

Congratulatory words and the sour words of scholars had already sounded from the side room of his classmates. However, it was a little noisy next door, and there seemed to be the sound of table slamming.

Even when he came out for some fresh air after drinking.

He also heard that a woman controlled the Wen family’s lifeline, which had never happened in the past hundred years.

The loud voice rang in his ears again, “”Then let’s start from now.”

The group of elders were so angry that they shouted, “”Nonsense, the rules of our ancestors can not be changed. If the ancestors knew about this, they would definitely be punished. Since ancient times, there has never been a rule that a woman is in power.”

“If there are no rules, then set one. If the ancestor doesn’t listen, then change the ancestor. They’re dead anyway, so who’s not their ancestor?” After the woman said this, someone in the room seemed to have fainted from anger.

The corners of Jiang Huaian's mouth curled up, and his drunkenness dissipated a little.

Chapter 743: Huai 'an and ru Yin (1) \_1

When Jiang Huai 'an returned to his room, the noise next door seemed to have gotten louder.

He didn't know why, but from time to time, he would divert his attention to listen to the sounds next door.

He didn't even notice that there was a slight smile on the corner of his mouth.

She would only blush at the thought of it occasionally.

"What is our new top scorer thinking about with a smile on her face?"

"Huai 'an is the youngest in our group, but he's the most talented. It's really enviable."

"Brother Huai 'an hasn't proposed yet, right? There's still a younger sister in your brother's family waiting to be married off, why don't we increase our marriage?" The group of scholars started talking nonsense when they had too much to drink. Jiang Huai 'an couldn't refuse, so he had to drink one glass after another.

"Go tell Lulu to come and take me back to the manor. Just say that she's making a fuss about going home." The children at home were disobedient and wanted to go home. What else could they do?

He just found an excuse to slip away.

The servant boy left after hearing this.

He searched all the way in the restaurant, but who knew that the little girl ran far away and searched for a long time.

Only then did he see that the little girl seemed to be talking to someone.

His hair, which had been tied up, was now let down somehow, and a young master around nine years old was standing beside him.

The young master blushed and looked at her shyly.

He even handed over a letter, "this, this is my gift to you." Tomorrow, we'll meet under the peach tree on the city's Zhongyuan Street. If you don't come, I won't leave." The little boy was dressed very extravagantly, and there was a high-quality jade pendant on his waist.

The servant was shocked. Woah, where did this dog come from? it actually tried to bite the young master's little cabbage.

He immediately stepped forward.

When he looked again, even the two Palace servants had left at the corner.

The servant boy ran over in a hurry.

The young master heard the footsteps and blushed, “”You have to come.” After saying that, he ran away with staggering steps.

The manservant did not see the young master’s appearance, but he remembered this matter in his heart and hurriedly led his men back.

“Young lady, you are not allowed to believe the words of outsiders. You can’t trust the flowery words of the people outside.” The servant thought that he had to tell young master when he returned.

He wanted young master to be on guard.

Who knew that just as he brought his men to the door, he saw a few of his classmates helping his young master out.

The servant hurriedly went forward to take it. With a glance, he saw that there were not many people in the room who could walk straight.

In the past, Jiang Huaian was young and the Jiang family was in dire straits, so many students didn’t pay much attention to him. It could be seen that such a person who didn’t care much had actually won three Yuans in a row.

Today, she was sincerely befriending him, but she had also deliberately made him drunk.

“Haha, you’re more knowledgeable than us, but you can’t drink as much as us. Young master Jiang was still a little lacking, a little lacking ... Burp.”

Lulu caught a whiff of the strong smell of alcohol and said in disgust, ” he’s indeed not as good. He’s more knowledgeable than you guys, and his alcohol tolerance is not as good as yours. He’s also younger than you guys.

The group of scholars had strange and embarrassed expressions.

What a vicious mouth.

They didn’t want to argue with a child. Jiang Huai ‘an felt dizzy, so he propped himself up and leaned against the table.”Go and prepare the carriages for the young Masters. Make sure they get home safely.” Everyone was celebrating for him, so Jiang Huai ‘an naturally had to look after Gu zuquan.

There was no lack of children from aristocratic families here, so even if the servants were downstairs, they had to deliver it to them.

The servant took a look and followed.

Just then, the door next door opened with a creak.

A few clan elders stumbled out while cursing, “”It’s unheard of for a woman to be in power. A woman doesn’t know her place and instead shows her face in public. If the outside world knows about this, I’m afraid you won’t be able to marry anyone.”

Chapter 744: Huai ‘an and ru Yin (2)(1)

Wen ruyin was the last to leave. the elders are already in their seventies or eighties. You should worry about yourself first.

The group of clan elders were even more furious.

After everyone had left, the entire floor fell silent.

Jiang Huai 'an had a lot to drink today, and his stomach was growling.

She stood up unsteadily and wanted to go downstairs to the toilet.

“Lulu, give me a hand.” Jiang Huai 'an's eyes were in a daze, and he could see that he had drunk a lot.

Lulu stared at him and took half a step back.”I can't lift you up. If you do this, you'll make me shorter. I'm already short, so I can't be any shorter.”

“Brother, why don't you sit on the stairs and slide down?” Lulu's face was serious.

She didn't want to be short.

Jiang Huai 'an's body swayed. This sister of his was probably a fake?

However, when he turned around, he heard her say, “”Sister Wen, can you help my brother down the stairs? In order not to worry mother, I have prepared a room upstairs for brother. I'll let him sober up for a while before going back, but I can't help him up. Can you help me up?”

Jiang Huaian's ears turned red.

Yes, biological. His sister was his biological sister.

However, the only concern he had about etiquette and etiquette made Jiang Huaian struggle to regain some clarity.”No, Lulu, No. Miss Wen, there's no need to be like this. When the servant returns, I'll-”

A pair of warm little hands held him.

The feminine fragrance from before didn't feel effeminate anymore. Instead, she felt that it was fragrant.

But Jiang Huai 'an didn't dare to take in too much.

He held his breath and focused, trying to see the road and walk on his own.

However, the stairs seemed to overlap, and she almost missed her step.

“Sister ru Yin, you have to help my brother up.” Lulu shouted from behind. Jiang Huaian's face was flushed red. He was so drunk that he had to hold his breath.

“If you don't breathe, I'm afraid you'll die.” A faint voice came from beside him.

Jiang Huai 'an heaved a sigh of relief, but the fragrance kept entering his nose.

“T-thank you, Wen ... Miss Wen.” Jiang Huai 'an only felt that her hands were a little hot. His mind was clear, but he couldn't control himself.

I shouldn't have drunk so much today.

Jiang Huaian was a little embarrassed.

He only felt that this scene was somewhat familiar, but he could not remember where it had happened.

He seemed to have faced the same embarrassment in the barren capital.

With a creak, she seemed to have pushed the door open.

He heard her close the door again and help him to sit down.

lie on the bed and rest for a while. I've asked the innkeeper to send some hangover soup. It'll be here in a while. Wen ruyin's voice was gentle, but Jiang Huai 'an couldn't sit still.

He had drunk too much just now and wanted to go downstairs to the toilet.

He didn't expect Lulu to book a side room, thinking that there was also a toilet in the side room. But ... However, when lady Wen helped him up, she actually did not want to leave?

Jiang Huaian felt uncomfortable holding it in, and his expression was a little unnatural.

"Why don't you go downstairs first, miss Wen? I'll take a short nap." Jiang Huaian forced a smile.

He could only see vaguely before he saw a ball of fire-like color sitting beside him. She even reached out to pick up the glass and poured him a glass of water.

He handed it over.

Jiang Huai 'an froze. He couldn't drink anymore!

If he drank any more, he would overflow!

Jiang Huai 'an's eyes were wide open, and Wen ruyin was stunned. The young man's face was as clear as Jade, and she didn't know when he had grown into a handsome and elegant young man.

She immediately fed him with her own hand.

Chapter 745: First awakening of love (1)

"Oh, I forgot. I drank too much, so I couldn't see clearly. You're afraid of breaking the cup? I'll feed you." After she finished speaking, she put it by his mouth.

Jiang Huaian ...

She felt embarrassed and her face was burning.

He immediately gulped it down.

He could only hope that she would leave quickly.

Whoever knew, Wen ruyin saw him drink so quickly and thought he was thirsty, so she immediately poured him another cup.

Jiang Huaian?

The new top scorer was about to cry.

All their brains stopped working when they faced her.

Jiang Huai 'an clearly had the courage to face everything, but he didn't dare to look Wen ruyin in the eye. He quietly finished another cup.

This time, it was a good thing that she didn't continue pouring.

However, the other party refused to leave, and Jiang Huaian's mentality collapsed.

"Miss Wen, you ... You can go back first." Jiang Huai 'an forced himself to stay clear-headed and sent the guest off with a smile.

His mind was already a little muddled. He couldn't control his body before, and now his thoughts were starting to slacken.

Wen ruyin paused for a moment and then stammered an "Oh."

Then, he turned around and walked out of the door.

Jiang Huai 'an saw her walk to the door and immediately stood up. He touched the table and started to move toward the concubines.

Before he could walk to the side, his legs gave way and he fell to the ground.

His body was soft and he didn't have any strength. If it wasn't for his strong will, he would have fallen asleep long ago.

However, he did not feel as much pain as he had expected.

Instead, it was soft, as if he had touched something incredibly soft.

"Why didn't you tell me you wanted to go to the toilet? I'll help you over. I'm not peeking at you." The young lady's voice was muffled, and Jiang Huai 'an didn't say a word.

Jiang Huai 'an suddenly recalled that he seemed to have helped her up in the barren capital.

On the day she and Lulu secretly drank wine, she had wanted to go to the toilet and there were no maids in the residence.

Jiang Huai 'an wanted to push her away, but Wen ruyin directly supported him and walked towards the bucket.

"At most, I won't look at anything." It's not like I've never done it before.

The young lady mumbled something, and Jiang Huai 'an almost fainted from holding his breath. However, he was unwilling to do so.

Her entire body and the tips of her ears were completely red.

"Just wait for the servant boy, the servant boy will be back in a moment." Jiang Huai 'an's words were starting to become unclear. Wen ruyin slowly said, ""The servant boy can't come back. There's a young master who's drunk and crazy, so the servant boy personally sent him over."

Jiang Huai 'an had wanted to ask her to call for a waiter.

However, the words that came out of his mouth were nonsense. Now, he was really drunk.

He mumbled something.

She only subconsciously knew that she wanted to go to the toilet, so she unclasped her belt in a daze and mumbled, “Mud, mud holding the nest ...”

The girl seemed to pause behind him for a moment. After a moment of hesitation, she reached out her hand.

When Jiang Huai 'an fell onto the bed, Wen ruyin had already left.

In the evening, the manservant came back and gave him two bowls of soup to sober up.

Jiang Huaian gradually regained some consciousness.

However, as soon as he regained his consciousness, his eyelids started twitching.

“Wait, where is she supporting?” Jiang Huai 'an suddenly muttered in shock. His eyes were filled with shock, and his entire body was red like a cooked shrimp.

“What do you mean?” the servant was confused.

“What’s wrong, young master? Miss Lulu has told me that it was miss Wen who helped you back. I have yet to thank her. ”

“When you’re done with your work, young master, thank her personally.”

Jiang Huaian was about to explode.

“No! No, she didn’t. She didn’t hold anything up.” Jiang Huai 'an broke out in a cold sweat. His heart was beating wildly, but he felt another strange yet warm emotion.

Chapter 746: Want to dig up the cabbage (1)

The servant’s mouth twitched. The young master was still drunk.

I’m just helping you up the stairs, not helping you pee and help you hold your d \* ck.

He was so shocked.

It was as if she had lost her chastity.

Sigh, he was still a young master who had yet to get married.

“Yes, yes, yes, I didn’t hold anything up. You were the one who touched your way up here.” The manservant would not fight with a drunkard. There was no way to explain it clearly to a drunkard.

Jiang Huai 'an had a splitting headache, but his memories of his drunken state became clearer.

It was as if each scene was directly engraved into his mind.

No wonder, no wonder she actually fled in panic.

The heat on Jiang Huaian's face didn't go away. When he thought of that face, his heart heated up and there was an indescribable excitement.

It was as if the hidden feelings that had been suppressed at the bottom of his heart had finally broken out of the ground and grown into a towering tree.

"Young master, do you want to go back to the Xia family or rest for a while?" The manservant asked in a soft voice when he saw him get up.

Jiang Huai 'an raised his hand to rub his brows. His brows were throbbing, but he really couldn't fall asleep.

"Get up, we still have to return to the Jiang family to pay our respects to our ancestors tomorrow." Jiang Huai 'an stood up, his body swaying slightly. He had indeed drunk too much today.

But now that he knew the bottom line of his alcohol tolerance, he would not cross it again in the court in the future.

He wasn't the kind of person who would make mistakes again and again.

"Yes." The servant thought for a moment.

He felt like he had forgotten something. There was something in his mind, but he had forgotten it again after being so busy today.

The servant followed the young master back to the Xia Manor.

When she entered, she saw a woman with a flower on her head, walking out of the Xia family with a smile on her face.

Jiang Huai 'an retreated to the side and waited for her to go first. The woman, however, twisted her waist and sized him up carefully, her face full of joy.

"The new top scorer is indeed handsome. Not only is he talented, but he's also one of the best." After he finished speaking, he left happily.

Jiang Huaian frowned.

"Young master, this is a famous matchmaker in the capital, matchmaker Zhou. Rich families loved to ask her about it and look for her to be the middleman. I'm afraid that someone has taken a fancy to you since you've become the top scorer today. I'm here to get some information."

"Aiya, don't tell me you're already engaged? This little one must congratulate young master." Jiang Huai 'an's expression changed drastically at the servant's words.

How could he marry someone else?

He had to take responsibility.

He had to be responsible for miss Wen!

But when she talked about responsibility, the tips of her ears secretly turned red. She clenched her fists slightly to stop her chaotic heartbeat.

Who could say for sure if she was in love or responsible?

Jiang Huai 'an walked hurriedly to the backyard, but the servant felt that his footsteps were a little messy and hurried.

They walked straight to the perfume Pavilion. When Jiang Huai 'an reached the entrance of the Xia Corporation, he stammered and didn't know what to say.

Not long after, taozhi stood outside the door and said with a smile, ""Madam is inviting young master in."

The young master had just entered the courtyard when Madam noticed him.

Seeing that he didn't come in, it must be hard for him to say it out loud, and it happened today.

Other than the matchmaker, what else was there?

Jiang Huaian took a deep breath and strode through the door.

The moment she entered, she saw her mother flipping through a small booklet.

These were all women of equal social standing in the capital. If they wanted to, both sides would find a matchmaker.

Jiang Huai 'an saw that she was still flipping through the book and knew that the marriage had not been set.

He heaved a sigh of relief.

The Xia family raised an eyebrow.

There was a situation.

Her pig seemed to have found a cabbage in his heart!

Chapter 747: Lulu fights (1)

Xia Shi calmly closed the booklet.

Jiang Huai 'an's gaze followed the book in her hand.

"Why did Huai 'an come? Just now, the servant boy came to report that you drank a little too much. Mother thought that you wouldn't be coming back tonight." Mrs. Xia smiled and pretended not to know anything.

"Huai 'an still has to return to the Jiang family to pay respects to his ancestors tomorrow. I can't delay, so I don't dare to rest."

"I can take some time to accompany mother and grandmother."

Madam Xia smiled, "you've always had a heart. Your grandmother and I know that." Why did you come back to accompany us women?" Although he said that, he was still smiling.

After Jiang Huai 'an sat down, taozhi poured him a cup of tea.

“Did Huai 'an meet a matchmaker? Today there are many matchmakers who came to find mother and want to find a good marriage for you.” A sixteen-year-old New top scorer, even the Xia family felt like they were dreaming.

“Huai 'an, there's no rush.” Jiang Huai 'an's eyes paused for a moment, then he said seriously.

Madam Xia picked up the teacup and took a sip, “if it was before, mother may be anxious, but now, mother is really not in a hurry.” You're only 16 and you're already the top scorer. It's more important to serve the country for a few years. Most of the young ladies are getting married when they are of age, and if they are engaged, one fear that it would not drag on for that long.” Jiang Huai 'an emphasized the words 'of marriageable age'.

Jiang Huai 'an tightened his grip on the cup as he pondered.

Miss Wen was already fourteen.

It was her mother.

He wasn't in a hurry, but what should he do now that miss Wen had left?

Jiang Huai 'an's throat was slightly itchy, but when he saw his mother's burning gaze, he suppressed his anxiety.

He picked up the hot tea and took a sip, not even realizing that it was so hot that his mouth was full of tea.

When Jiang Huai 'an was about to leave, Madam Xia reached out and touched his cup.

“Sigh, my son has learned how to dig up cabbages. I don't know which family's young lady is that cabbage.” Xia Shi muttered softly.

“Taozhi, if you meet a Furen with a daughter in the future, remember to remind me.” Now, everyone she saw was like in-laws.

Jiang Huai 'an had always been tight-lipped since he was young. If he wasn't confident, he wouldn't say it first.

If he didn't succeed, he was also afraid of ruining the girl's reputation.

But Xia Shi's heart was at ease.

“Oh, where's Lulu? I have not seen anyone for the entire day and now that I have returned, there is no trace of me.” Today, the Xia family had to look at the congratulatory gifts, read the book, and from time to time, deal with the invitations and congratulatory people, so they had no time for the whole day.

“I came back early. However, for some unknown reason, the moment he returned, he summoned many people into the courtyard and did not tell anyone. Little girl, you've grown up and have your own little secrets.”

Madam Xia smiled. She felt regretful and guilty that she did not raise Lulu by her side.

However, Lulu was not affected by the beheading of the Jiang family at all. She was also grateful to Lu huaijiang.

“Forget it, let her sleep early. Let’s go back to the Jiang family to pay our respects to our ancestors tomorrow.” Madam Xia was also tired. Looking out of the window, she actually had some expectations for the future of the zhunyuán mansion.

On the other hand, Lulu’s face was cold.

“Hmph, it’s a good thing Jiang Jiang taught me.”

“As expected, all the boys outside have bad intentions.”

“If someone gave me clothes and jewelries for no reason, then they must have a plan to harm me.”

“He secretly sent me a letter and asked me to meet under that tree tomorrow. If I don’t go, he won’t leave. This is a threat.”

“How dare you challenge me to a fight? I’ll knock out two of my teeth for you.”

Chapter 748: The gods are here (1)

Lulu mumbled.

“How many people did we bring out this time?” he asked. I can’t lose face tomorrow. He’s looking for a fight with me, so he’ll definitely bring a lot of people.”

“We left the palace in a hurry this time, so we brought eight.

“If it’s not enough, shall we go back to the palace and get some reinforcements?” The wet nurse didn’t know what had happened to her outside and asked carefully.

“Enough, enough. It’s enough for now.” Lulu waved her hand. If it’s not enough, you can move more.”

After saying this, he flicked the letter that had been scented several times into the kebab oven.

what kind of person is he? he actually used scented paper for his next challenge. Forget about that, he even chose pink. Lulu said in disdain.

“Jiangjiang knows a lot. Fortunately, I have her to teach me. Otherwise, you’ll be at a disadvantage.” Lulu was full of emotion.

After dinner, Lulu laid on the bed and rubbed his stomach, looking satisfied.

“Send my homework back to Jiang Jiang. I have to pay respects to my ancestors tomorrow, so I don’t have time to do my homework.” With a wave of his hand, he passed by like a gust of wind.

The hidden guards went to deliver the homework.

Lulu fell onto the bed and fell asleep in no time.

The little girl was seven years old now, but there was no worry in her eyes. At seven years old, he was still as innocent and tender as when he was three years old. All of this was still thanks to that young man.

It was probably because she had grown a little taller and her body size had grown a little, but her rosy cheeks had slimmed down a lot.

However, she had a small round face, which made her look round and cute.

The moonlight shone into the room.

Traces of moonlight formed a faint white light, as if it was the color of the moon.

Bit by bit, she pieced together the appearance of a beauty.

The beauty's Jade-like feet landed on the cold ground, and each step was like a Lotus.

He stood quietly beside Lulu, his body glowing with the moonlight.

He looked at her deeply.

Lulu seemed to have sensed something and tried to open his eyes, but he was too tired to do so. He could only mutter and fall asleep again.

"I only hope that his efforts were not in vain."

"Take away your ... I don't know if I'm right or wrong."

"In this life, godmother hopes that you can be carefree and happy. I also hope that you will not be involved in love." The young beauty squatted in front of the bed and caressed her cheek.

"Why do you still want to get close to him? Stay true to your heart, Lulu." The God looked at her quietly.

He gently planted a kiss between her brows.

"You're a child favored by God, and you're also the child who he exchanged his merit for your safety. Godmother wishes you a peaceful and happy life, and that everything will go smoothly." The moment the God spoke in her ear, the heavenly Dao felt a trace of resistance.

The God stood up and looked up at the sky with an indifferent expression.

"I was needed by the world and was born for thousands of years. When have I ever been biased towards the world? Even though the child was my tribulation, I have never interfered."

"But have you ever felt guilty about this child?"

“When I lost my Dao heart and wandered the mortal world. It was her father who took my place and walked the world, bringing peace to the world. That thousand years of peace, when have you ever returned his favor?”

“I have my duties, but he doesn’t. You’re just going to let go of everything he’s done for me and the world for a thousand years? His father’s heart of great love was given to the world. He only left a little for his partner and child. You have the face to stop him with just a trace of his bloodline?”

For the sake of the heavenly Dao, you really have no face.” The gods were not good-tempered, and they had established the heavenly Dao in the beginning.

A dark cloud covered the moon.

Chapter 749: God’s favor (1)

“Since you’re afraid of being unfair, then cover your eyes.”

The heavenly Dao was the heavenly Dao, and the gods were the gods. The two sides restrained each other.

The God stood at the head of Lulu’s bed, his expression slightly indifferent.

However, there was a hint of worry in his eyes.

Her child was also experiencing the Tribulation now, but she was not worried at all. Her greatest concern was still Lulu.

“This time, godmother won’t make you fall for her.” A look of determination flashed across the deity’s face, and soon, his figure dissipated into the air.

A ray of light rose into the sky, and the moonlight that no one could see headed straight for the moon.

“The heavenly Dao’s tribulation that happens once every ten thousand years, I’ll supervise it as I see fit.” The God’s words seemed to make some kind of ancient aura in the world tremble with anger.

When people die in a hundred years, it is a tribulation.

Birth, aging, illness, and death were the paths one had to take in one’s life. Once they had finished, it would be their next life.

Every thousand years, the gods would experience a tribulation. After experiencing the Tribulation, they would be able to hold on to their hearts and protect the world. If one’s Dao heart was lost, one would only return to the divine world when one’s Dao heart was re-strengthened.

All the gods would do this every thousand years.

Even if there were gods who were greedy for the mortal world, they would return to the divine world in two hundred years at most.

The prosperity of the human world was fleeting, only eternal life was eternal.

Only Lulu had failed seven times.

It wasn't just her, it was his failure as well.

Both sides failed.

The God's eyes fell on the palace. With just one glance, the young man sitting in the Imperial study frowned.

After putting down the wolf fur, he quickly walked out of the hall and climbed up to the attic on the side.

Under the moonlight, dark clouds covered the moon, and everything seemed to be calm and peaceful.

Lu huaijiang could feel that familiar gaze, but his chest was filled with a few traces of anger.

"Your Majesty, is it too tiring to rush the young lady's homework? She might as well go back and rest. I'll make up for it tomorrow." Eunuch Lu's heart ached. The young Emperor was high and mighty, looking up at the sky.

Eunuch Lu raised his head and glanced at the Emperor before lowering his head.

The new emperor seemed to want to trample the whole world under his feet.

Lu huaijiang stared at the moonlight, the voice that had not appeared in his mind for a long time reappeared.

"It's that b \* tch!" His voice was filled with anger and unwillingness.

it's her! It's the Supreme divinity! It's the God of creation, that b \* tch!

"It's her. We were born at the same time as her, inspired by the heaven and earth. They were born together in the void! She was nurtured by the spiritual energy of heaven and earth, while I am the evil energy of heaven and earth."

"She was summoned by the heavenly Dao and descended to the mortal world as an incarnation. She helped the man she liked become the divine master, and the man betrayed her and left the divine world to become the demon Lord. She became the God of creation and shared the Three Realms with that man. "

"As for me? What about me?"

"We were originally twins, but what I got was the evil side. I was destined to be abandoned and destroyed. Why? Nothing belongs to me, nothing belongs to me. "

"Only this belongs to me." His voice murmured, gradually becoming a little depressed.

"What belongs to you?" Lu huaijiang asked with his spiritual awareness.

He had almost completely fused with that power and had recovered most of his memories. However, he had no memory of the power that he often appeared in.

It was as if she had excluded all of this and did not let him know.

“The God of creation, that wicked woman, has come down. Ha, she can’t sit still either. Listen to me, kill that girl. Only by killing her can we solve this situation!”

“We’re destined to be abandoned by the heavenly Dao. Only by killing her can we achieve a positive result! She’s the demon in your heart. The first time you met her, you were destined to be the demon in your heart!” After the evil god finished speaking, it fell silent.

He didn’t even want to mention it.

Chapter 750: His little ancestor (1)

Lu huaijiang stood on the high platform.

He touched his heart.

His intuition told him that the evil god was telling the truth.

Lu huaijiang chuckled softly. If he believed it and did as he was told, he would not be Lu huaijiang.

If it had been four years ago, when he had first met Lulu on the execution ground ...

If the evil god fused with him, he would probably do so without hesitation.

But now, Lulu was already an inseparable part of him.

In the future, he would watch her grow up day by day, and watch her grow from a silly little girl to a delicate young lady. He watched her from the time she was not married until she was married ...

When he left the pavilion, he felt a sharp pain in his heart.

Lu huaijiang did not think too much about it for the time being. Since he had promised Lulu that he would not cause any harm to the world, he would keep his promise.

He had also promised Lulu that he would trust her, trust her, and trust her.

“What did Lulu do outside the palace today?” Lu huaijiang gradually calmed down.

Eunuch Lu replied in a low voice, “young master Jiang went to a restaurant to celebrate with his classmates after becoming the new top scholar.” Miss Lulu also went with them in men’s clothes.”

“But ... Miss Lulu was clearly dressed in Men’s Clothing and lived in the palace.

Logically speaking, not many people were familiar with her. However, in the restaurant, someone recognized the girl’s identity and handed her a letter ... It was a letter asking to be friends with her. We even agreed to meet under the tree tomorrow.”

Eunuch Lu pondered for a moment.

Fortunately, Lulu was well-fed and had seen all sorts of good things.

The child had even given her some gifts, but Lulu had rejected them all.

Lu huaijiang's face instantly darkened.

"Lulu is only seven years old." At the age of seven, those damn things already dared to have ideas about her.

He was really tired of living.

Eunuch Lu lowered his eyes and did not dare to say anything. It's probably because His Majesty is impervious to both soft and hard tactics. He's only concerned about Lulu. His only weakness was the little girl.

Everyone treated her as His Highness's medicine, as His Highness's soul protector.

However, eunuch Lu had followed her for so long. Was he trying to suppress her soul or was he really doting on her? Eunuch Lu was not blind.

Perhaps, even her soul-subduing life Providence was a rumor made up in order to keep her by his side.

"It looks like they're childhood sweethearts, and they're planning to play innocent? Coaxing Lulu to be familiar with him first, and then involving me in it?" Lu huaijiang's eyes flashed with blood, the bloodthirsty emotions in his heart almost drowning him.

Lu huaijiang groaned and placed his hands on the fence of the attic.

His hands fell and crushed the fence into pieces.

Eunuch Lu's heart trembled, but his expression did not change.

"Will Lulu be going tomorrow? If she were to go, she would have to deal with that blind thing afterward. You're not allowed to leave any evidence behind." Lu huaijiang's eyebrows drooped. He tried his best to control himself from killing indiscriminately, but if someone dared to think about something that didn't belong to him, he would be courting death.

"I'll go," eunuch Lu replied after a pause.

"But she picked eight strong men, thinking that they wanted to fight her. They're ready to go and get back at him." Eunuch Lu was a little embarrassed. This was not due to what His Highness had said ... It was a story.

The anger on Lu huaijiang's face suddenly froze.

Then, he laughed.

His laughter was carefree and unrestrained.

Eunuch Lu couldn't say much. When he thought of the young master tomorrow, he couldn't help but shed tears of sympathy for him.

Wei Wei definitely had ill intentions when he approached her.

They had made an appointment to meet tomorrow, but they thought it was a fight.

He had written her a letter, and she thought it was a challenge?

Thinking about other girls, if they knew that a little brother was her friend at this age, most of them would be very less guarded and would come into contact with him.

Only the little ancestor!

He was there to fight!
