

The Savior 751

Chapter 751: Love the house for 800 miles (1)

All of Lu huaijiang's anger dissipated in that fight.

Thinking about the stories he had told, he was well aware.

Those dogs wanted to bite their own little cabbage, in their dreams.

He even knocked out their teeth.

“By the way, young master Jiang seems to be interested in miss Wen, who has returned from the huangdu. The one called Wen ruyin.”

“The Wen family made a huge mistake back then, so they pushed out a branch of the direct line to take the blame. However, the direct line had the eldest son and the second son. The line in huangdu was the second son, who took the blame for the eldest son. That year, second master Wen married a wife, but his wife was not liked by the old lady.”

“I've repeatedly wanted to tell second old master Wen about my maternal family's junior.”

“Second master Wen was not willing, so old taitai often pestered Furen. At that time, it was originally a pair of twins, and she only had one daughter. He had no son. Old taitai just happened to have a reason to take a wife of equal status and concubines, but second master is still unwilling.”

“Just one day when we were on a cruise ship, the ship suddenly encountered a fire. The lady died on the spot. It was after that incident that lady Wen would often reveal another side of herself. At that time, the Wen family had said that she was possessed by an evil spirit. This time, when we return to the capital, second master has left the mother and son in the barren capital and is not allowed to return to the capital.”

“Now that you've returned to the capital, miss Wen seems to have become more intelligent and has begun to show extraordinary abilities. The Wen family's old farts were forced to retreat. Thus, she allowed the younger generation and servants in the residence to spread rumors that she was carrying an evil spirit. Many people in the capital believe it,”

“It's said that second elder Wen doesn't believe it at all. When he sees people gossiping, he will even beat them up. But it still can't stop the rumors.”

“In any case, his reputation is not very good now.”

“The Wen family is an Imperial merchant?” Lu huaijiang muttered to himself.

“Yes. In the early years, he was appointed as an Imperial merchant. They hold a lot of money from the great Zhou, but a new power has emerged in recent years and is now on par with the Wen family.” She heard that the Wen family hated the Wen family very much, but they could not find the person behind it.

The Wen family had investigated the person behind the scenes, but there were still no clues.

‘Jiang Huai’ an has his eyes on Wen ruzhu ... No, Wen ruyin.” Lu huaijiang laughed for no reason. He knew that Wen ruzhu had two souls in one body.

He also knew that Wen ruzhu’s life was extremely tiring.

Back when he had followed Lulu as a dark spirit, he could see that Wen ruzhu’s soul was on the verge of leaving her body.

People were born with different endurance.

Back then, Wen ruzhu couldn’t take the blow and her brain had turned stupid. If it wasn’t for the soul in her body supporting her, she probably wouldn’t have lived to ten years old.

The solidification of Wen ruyin’s soul and body was also a result of the experience of holding up two souls.

It was already amazing that Wen ruyin could support her sister to see the prosperity of the capital.

Furthermore, to be able to return to one’s body at that moment was already an extremely rare existence.

Back then, Lulu had been very emotional when he returned and had even cried for Wen ruzhu.

But Lu huaijiang didn’t think much of it.

For the past twelve years, Wen ruzhu had always regarded life as a burden. Her choice was the only way she could be free.

“Give the Wen family something.”

“To the second son?” eunuch Lu asked.

Lu huaijiang gave a soft hum.

Eunuch Lu understood. ‘Love the house and its Crow’.

Although it was three turns, he could still guess.

The man Lulu’s brother liked ...

Soon, the new emperor’s reward arrived at the Wen family. No one knew how the new emperor had taken notice of the second elder of the Wen family.

Who knew?

Perhaps, it was because of Wen ruyin’s casual support?

Chapter 752: Offering sacrifices to the ancestors (1)

The sun had just risen the next day.

Lulu was pulled out of bed by Madam Xia.

“Aiyo, young lady, why is there a red mark between your eyebrows? It’s like you’ve been bitten by a mosquito.” Taozhi was shocked. She looked at the window, but the window was not open at all last night.

Madam Xia looked over and laughed.

He pulled the confused Lulu over and took a closer look.

“It’s not a mosquito. There’s no bite mark and no swelling. It’s more like she’s applied Rouge.”

“If you were born with this red mark, it would be a mark given to you by the gods. It was said that the little fairy from heaven had descended to the world. In order to leave a mark for them, the gods would kiss them between their eyebrows and make a mark. It means that the child is favored by the gods and will live a happy and smooth life.”

but you haven’t grown since you were born. You can’t grow after sleeping for a night, right? ” Xia Shi muttered, not quite understanding.

However, when he touched it, it seemed that it couldn’t be wiped off.

She only got someone to cut off a bunch of her hair and leave a fringe.

“What if a God descended last night and secretly kissed Lulu? Why couldn’t it be the favor of the gods? Lulu is a little fairy, no, a little fairy is the youngest fairy.”

“Lulu isn’t. Lulu was born with immortal bones. He’s an immortal who doesn’t need to cultivate.” The little girl opened her hands and made a big gesture.

Xia Shi smiled.

“Quickly get up and change your clothes, don’t dawdle. Although mother and your father are separated, you and Huai ‘an are still descendants of the Jiang family.”

“You two still have to pay respects to the Jiang family’s ancestors today.”

“You two have done the Jiang Family Justice. Your brother can be considered as bringing honor to the family and not embarrassing the lordmaster.” The Xia family was very pleased.

If the lordmaster is watching from the heavens, then give Jiang yubai a few more beatings.

He had let her down, and she could forgive him.

But he felt even more sorry for the two children.

Oh, ” Lulu replied. He was a little hungry at the moment, so he had to get up and have dinner.

After dinner, the nanny stood outside the door in a daze.

“You’re going to fight, right? There, it’s under that peach tree on this Street. You hit every child you see, hit them hard. He actually dared to provoke me. I’ll let him know what’s powerful. I’m going to teach him a lesson.”

The nanny paused for a moment and then nodded.

He brought the eight strong men and went to fight.

Lulu obediently followed her brother into the carriage. Jiang Huaian looked at her suspiciously.

“Where are your servants?”

“He’s in the education industry.”

“It’s good that you can understand this,” Jiang Huai ‘an nodded.

Lulu touched his nose. I’m in the education industry, and I don’t convince people with reason.

He convinced people with his fists.

Lu huaijiang brought some of the good news to pay respects to the ancestors and prepared some of the old master’s favorite dishes.

What was prepared for Jiang yubai were crabs that he usually couldn’t eat or ones that he was allergic to.

As for Jiang Yuqing, he wasn’t his father, so Jiang Huaian didn’t prepare anything.

However, when they approached the Jiang family’s tomb, a pile of paper was already burned in front of Jiang Yuqing’s grave.

“Huailin is three years old. Huailin burned this for his father, right?” Lulu pointed at the pile of papers on the ground. Tsk, tsk. Other people might not be able to see it, but she could.

That pile of paper was indeed all hell coins.

However, each of them was missing a large hole.

The kid was smart. He was afraid that people would say he was unfilial if he didn’t go to the grave. However, he didn’t want Jiang Yuqing to take advantage of him, so he tore a big hole in the hell coins and burned them.

The dishes offered as tribute were all dried wild fruits.

It was extremely bitter, and one bite was full of dregs.

Jiang Huai ‘an stood in front of the grave, with the old man’s Cenotaph in the middle. Jiang Yuqing and Jiang yubai were on both sides.

Chapter 753: Hit your son for fun (1)

The old man and the young man were still smoking on the grave next door.

“Ah, it’s the young man who almost fainted from crying during the Qingming Festival last year. And that little girl who can see ghosts.” An old man and a young man were sitting on the grave, smoking a pipe happily.

“Little girl, are you here to beat your father again? You don’t know this, but when you come here, your father will scream for seven days and seven nights, so loud that our neighbors can’t sleep.” The old man shook his head, but he didn’t blame her.

It was Lulu who had asked someone to burn the smoke for him.

This was his life’s favorite.

“Lulu, What are you looking at? I don’t know the two old people next door. I’ll burn some for them later. It’s also a good thing.” Jiang Huaian said in a low voice, looking a little down.

Lulu grabbed a handful of paper and burned it to the father and son, who were howling in joy.

The two of them were lonely souls with no one to clean up their bodies. They were accidentally buried here and were usually supported by kind-hearted people.

“Grandfather, I’ve become the top scorer.”

“You said that you wanted to see your grandson take the exam in this life, and your grandson did not fail you and became the top scholar at the age of sixteen. You didn’t bring shame to the Jiang family.” Indeed, he didn’t bring shame to the Jiang family, and he even gained some face.

But there were more people scolding Jiang yubai.

He was stupid.

The father and son next door were envious and jealous. That old man had actually raised a grandson who was the top scorer. Moreover, he was the son of that coward who was beaten up all day.

Don’t you think I’m angry?

Jiang Huai ‘an rambled on for a long time before he went to burn joss paper in front of Jiang yubai’s grave.

But this time, he didn’t say anything, nor did he call for anyone. He just stared at the burning underworld coins in silence, his eyes slightly red.

“Grandfather, my brother has become the top scorer. Come and loosen my father’s skin.” Lulu laid on the grave and knocked three times.

She knew that the old man was crying inside.

“Aiya, you can’t just stay here like this. Why don’t you reincarnate and start the next part of your life? If he ruined his teaching in this life, he would create a new account in his next life and teach it well. How was it? I’ll find you a family with many children

to reincarnate into." Lulu was secretly chatting with his grandfather.

The old man's muffled voice came from behind the gravestone, ""No, I haven't finished reading the gossip about the new emperor. You ... Wait for me. I'll leave after I see him get married."

"Oh," Lulu replied.

"Then you're in a bad mood, so you can beat your son for fun."

"Lulu, what are you talking about?" Jiang Huai 'an looked at her mumbling to herself. He was afraid that she might have offended him, so he quickly called out to her.

"Nothing much. I was just chatting with the old man." Lulu got up slowly. Ask him if he's comfortable here and if he wants to add anything." Although the old man's place was only a Cenotaph, he directly praised it for the sake of gossip.

Jiang Huai 'an was amused, but seeing how serious she was, he couldn't help teasing her.

"What did grandfather say to you?"

"I'm an unfilial son. I want to re-train my alternate account." There's water in some of the houses." Lulu waved his hand.

Jiang Huai 'an was suspicious. He had always thought that his sister was the kitchen God's.

However, the more he watched, the less he looked like the kitchen God.

He was like a rice bucket spirit.

"It really got into the water?" However, he believed that his sister was a bit of a charlatan. After all, she was the only one who was treated specially by the famous Savior Palace.

Every birthday and holiday, they would send her Tributes from the Savior Palace.

However, not many people knew about this.

Chapter 754: Water entered grandfather's coffin (1)

Lulu gestured with his hands.

"It's alright. Even if I lie in, the water will only reach the tip of my nose. I don't need to breathe anyway."

"It should be nothing." Lulu gestured with a finger.

Jiang Huai 'an was on the verge of tears. Wouldn't it be terrible if the water reached his nose?

Even if it was a Cenotaph, it was still a dereliction of duty by the later generations.

Jiang Huai 'an was no longer in the mood to burn joss paper for Jiang yubai. He threw the things away and was about to find someone to dig it up.

Now that the Jiang family had no one, he could make his own decisions.

Lulu watched from the side, and sure enough ...

The grave had been dug up, but the coffin had not been opened yet.

The color of the outside of the coffin was almost gone, and it had been soaked in water until it was white and rotten.

With just a light pry, it directly broke into pieces.

Jiang Huai 'an couldn't control his tears anymore.

When he opened the coffin, he saw the Cenotaph that he had personally built for his grandfather. Inside was a set of clothes that his grandfather always wore. At this moment, the clothes were soaked and directly submerged in the water.

If a person were to lie in it, the water would reach the tip of the nose.

"Oh my God, you said your grandfather's Cenotaph was flooded. I didn't believe it, but I didn't expect it to really get into the water. It's a good thing we discovered it early, but it's not good for future generations." The people who came to help carried the coffin up in a few moves.

"It was younger sister who dreamed last night. Younger sister's filial piety must have touched grandfather, and grandfather told her about it in her dreams."

He placed the new coffin that Jiang Huaian had prepared earlier in the morning into the coffin.

He also prepared a new set of clothes.

"Put a handful of soil in it." Lulu stood on top.

Her expression was calm and indifferent. She had seen life and death many times, and it was as if she was detached from all this.

"He passed away in the barren capital. Although he didn't want to be buried back in the capital, he still missed this piece of land in his hometown." Only when it was provided to the dark spirit could the dark spirit enjoy it.

It was the same for his homeland.

Jiang Huai 'an felt bad when he heard that. He personally took a bunch of old land and put it in.

When everything was done, it was already afternoon.

Jiang Huai 'an was going to take up his post tomorrow. Although he was the top scorer, he still had to start from the Hanlin Academy.

He was going to report to the Hanlin Academy tomorrow.

"Lulu, the Prime Minister's residence has been bestowed. Her brother had already sent people to pack up all the items and send everything over. When you leave the palace in the future, our family will be able to live a good life together."

“You can finally go home. Are you happy? We’ll have our own home.”

“I don’t need to rely on others, I don’t need to look at other people’s eyes, I don’t need to bear other people’s cold eyes. There’s no need to feel guilty.” Jiang Huai ‘an said in a low voice, holding his sister’s head, full of joy.

Lulu replied softly.

In fact, she was a little expectant and a little disappointed.

She couldn’t tell where this loss came from.

Her mission was to protect Jiang Jiang and prevent him from doing evil and slaughtering the world.

No, her original mission was to kill the evil.

But she gave the evil a chance.

She was the Savior of the world, and this was the most outrageous thing she had done.

“Lulu’s seventh birthday is coming up. You’ll be able to go home when you’re eight.”

Jiang Huai ‘an held her hand and walked her step by step into the palace.

Jiang Huaian furrowed his brows as he watched his sister walk into the palace.

His little sister was the best little sister in the world. It was good that she lived in the palace. At least no one would dare to covet her.

When Lulu returned to the palace, Lu huaijiang had already finished her homework.

She even swore in her heart that she would never help her do her homework again!

He swore!

The ideal was beautiful, but the reality was cruel.

The next day, Jiang huailu carried back a large bag of books. Sir said, “if you can’t finish, hit your palm.”

Chapter 755: Heartache (1)

Lu huaijiang’s thoughts were very beautiful.

However, the next night, he slapped her in the face at the speed of light.

In the evening, the wet nurse carried a big bag and followed the little girl back to the palace.

He finished his dinner in two or three bites and then rushed to the Imperial study.

Lu huaijiang was reviewing the memorials when Lulu deftly pushed them to the side. She pushed it to the corner and with a clang, she took out a big bag.

He took out a few books and four or five scrolls.

Lu huaijiang’s eyelids twitched. He looked at eunuch Lu, who nodded gently.

There was indeed a lot of homework today.

But yesterday, the Emperor said that he would not let her do her homework, and Lu huaijiang did not say anything.

One of them was tall and the other was short. One of them was wearing a bright yellow Dragon robe and had a tall and thin figure. The other one was slightly round and had an exquisite and pleasant appearance. He took more than two hours to write it.

When Lu huaijiang stretched and put down the brush, Jiang huailu had only written half of it.

Palace lanterns were already lit everywhere, but the little girl did not stop at all.

Lu huaijiang frowned and said, "rest for a while." Get the Imperial kitchen to send over some desserts that are easy to digest."

"I'm not eating," said Lulu, waving his hand. I won't be able to finish if I eat any more. The little girl's hand that was holding the pen was trembling. Lu huaijiang looked at it, then looked at it again.

Thinking of the words he had said yesterday, he hardened his heart.

He immediately pretended not to see the little girl's pleading and pitiful eyes and lowered his head to continue marking.

Recently, the new emperor had ascended the throne and the Jiangnan flood had caused great Zhou's political affairs to become extremely heavy.

He had to read the memorials almost every day until midnight.

Lu huaijiang had forgotten the time after reading a bunch of documents.

Late at night, Lu huaijiang looked up ...

He saw a soft little girl writing while wiping her tears with the back of her hand. Her eyes were red, and she sobbed softly, her tears falling onto the booklet.

Lu huaijiang's original fatigue immediately disappeared.

"What's wrong, Lulu?" he asked, throwing down the memorial. Why are you crying?"

Lu huaijiang's heart ached and he was full of self-blame.

He did not realize that she was secretly crying.

The little girl, who had been secretly wiping her tears, lay in his arms and wailed when she heard his voice.

"Wuwuwuwu ..."

"I can't finish. Why don't I have two more hands? I can't finish ... Why are there so many? my hand hurts." The little girl wiped her snot and tears on her Dragon robe.

Tonight, she had written six papers, one booklet, and one book with large characters.

Other than this, there were actually four more books!

Lu huaijiang raised her hand and saw that her small hand was holding the brush like a chicken's claw.

“Are you all blind? Why didn’t you tell this one!” Lu huaijiang’s eyes turned red with anger, and the eunuchs behind him knelt on the ground.

Eunuch Lu knelt on the ground, feeling wronged. You were the one who swore last night that you would never do her homework for her.

He said that he must not spoil her!

It had only been a day, and the emperor’s heart ached so much that he was about to cry.

“Don’t cry, don’t cry. Jiang Jiang will help you write. Move these things out.” Lu huaijiang held Lulu in his arms and pouted at the memorial on the table.

Eunuch Lu got up quickly and left the entire table to Jiang huailu.

I can’t afford to offend you.

Lu huaijiang carefully massaged her hand and heaved a sigh of relief when she could stretch it.

“Have the Imperial kitchen send over a portion of all kinds of desserts. Be quick.” Lu huaijiang took the booklet and immediately laid on the table and started writing for her.

“Lulu, if you’re tired, go to sleep first. I’ll put it on your bed after you’re done writing.” Lu huaijiang used his fingers to wipe the tears from the corner of her eyes.

Chapter 756: Teacher, are you asleep?(1)

The little girl shook her head and sat beside him obediently.

Lu huaijiang’s heart felt warm when he saw this.

Late at night, Lu huaijiang was lying on the table and writing at a high speed.

Lulu sat on a stool and ate some snacks.

Before he could finish his homework, Lulu yawned and fell asleep on his throne.

At midnight.

Lu huaijiang pinched his wrist, it was really a little numb.

“What time is it?” Lu huaijiang asked softly.

“Just past midnight,” eunuch Lu replied. Eunuch Lu wanted to say something, but he hesitated. There was obviously something wrong with tonight’s homework.

Miss Lulu did not lie and wrote a lot of things seriously.

But now that His Majesty had taken over, there were still two books that had not been finished.

Lu huaijiang pinched the space between his eyebrows.

“Who was the teacher who left the homework yesterday?” The Imperial College’s teachers were all famous teachers invited from various places, and a portion of them were substitute teachers by court officials. He would go to class every few days.

After all, the Directorate was responsible for cultivating talents for the Imperial court, and there were many times when the matters of the Imperial court needed to be known to the students.

“It was Lord Li yesterday. He’s a Junior Brother of the same sect as Grand tutor Xie, the opposite of his teachings, but he’s also a rather talented adult.” That Lord also had a stubborn temper, and he was also an extremely strict and old-fashioned character.

Lu huaijiang’s face darkened.

“Go to the Li residence and ask Lord Li if he’s asleep. Tell him that his students are still awake.” Lu huaijiang closed the book and carried Lulu back to the bedroom with a dark face.

He roughly flipped through it and realized that he might not be able to finish it even if he worked through the night.

“Yes,” eunuch Lu replied after a pause.

After he finished speaking, he hurriedly left the palace with his men.

Lord Li was in the middle of a dream meeting with the Duke of Zhou when he heard that someone had come to the palace. It was the head eunuch of the new emperor, eunuch Lu.

He was so scared that he jumped three feet high, and the whole Manor was lit up in an instant.

He was so anxious that he knelt on the ground without even putting on his shoes.

The moment eunuch Lu arrived, he asked with a gloomy face, ““Lord Li, are you asleep?”

Lord Li shivered. He was just a minor civil official and couldn’t compare to his eldest brother, Grand tutor Xie.

After half his life, he only went to the Imperial College to attend classes, and was still a marginal figure in the court.

However, Grand tutor Xie was different. He was outstanding in his studies and had his own unique views in court.

That was why he was the emperor’s teacher.

As for Lord Li, not to mention the new emperor, even the previous Emperor did not have much of an impression of him.

At this moment, late at night, the new emperor sent someone to ask if he was finished.

“I’m sleeping ... Sleeping ... However, this official has only rested after completing today’s Affairs.” Lord Li hurriedly raised his hand to wipe his sweat.

Eunuch Lu looked at the entire family kneeling on the ground and swept a cold glance over them. All of them looked drowsy as they got up from their beds.

“I slept, I slept well. His Majesty is not asleep yet, and so is miss Lulu.” After saying that, eunuch Lu turned around and returned to the palace with his men.

Lord Li immediately fell to the ground, exhausted. “Your Majesty, are you here to give me a beating?”

“What did I do to make her Majesty unhappy?”

This time, Lord Li was really scared to tears. He was only able to stand up with the help of the servants on both sides.

Sitting in the main hall, his wife and concubines in the backyard were so frightened that they cried.

What kind of big trouble did he cause that his son would send someone to beat him up? The Li family wouldn't be finished, right?

Wuwuwuwu, the backyard was crying badly.

“Ah!” Lord Li was blown away by the cold wind. , He exclaimed.

“I gave the wrong homework for the child today. It's left until the long holiday in June.” Lord Li smacked his head. No wonder eunuch Lu had said something so profound. Miss Lulu was still awake.

Chapter 757: A man can't say no (1)

Lord Li's mouth revealed a bitter smile. That's why there was such a big crowd.

Just to tell him that if he had too much homework, the child would not be able to finish it?

Lord Li ...

“Let's go, let's go. It's fine, it's fine.” Lord Li hurriedly put on his official robes and prepared to make a report and inform the various manors.

If His Majesty did not inform them, they could just write it.

After all, he was a teacher. He could just say something to his students tomorrow.

But His Majesty came to ask!

Did he dare to?

He was afraid that he didn't want his black hat anymore.

It was already curfew time, so he took the token to apply for leave and sent a manservant to each household to report.

It was only after this announcement that he found out that there were seven or eight people who had written that they had cried.

The news from the palace said that the new emperor's little ancestor had also cried.

His Majesty's heart ached for him and he coaxed him for a long time.

Lord Li ... I want to cry too.

The next morning, Lord Li received a pile of old matters that had been accumulated for three to five years. The huge and cumbersome matters made Lord Li shiver in fear. His Majesty asked him to count it in three days!

Lord Li, "I knew he wanted to take revenge for the child!"

She hasn't slept all night. I won't be able to sleep for three!

At the end of the court session, Grand tutor Xie looked at him faintly. He waited for him to leave the palace gates before saying, "Junior Brother, I've underestimated you all these years. You are a warrior, a true warrior!" Even I, the Grand tutor, have to think twice before daring to face the emperor's little ancestor.

Lord Li said, "it's rare for senior brother to praise him."

Lord Li was on the verge of tears.

"It's fine. You can do it. That little ancestor still has to go to school for a few years. You're in His Majesty's hands, but she's still in your hands, isn't she?" Grand tutor Xie patted him on the shoulder. You're both being held back by the other.

Lord Li thought, "I think senior brother wants me dead, but I don't have any evidence!"

The next day, Lulu only reported to the Directorate and the Academy gave them a day off.

It was said that several children had a mental breakdown from writing last night and were still sleeping.

Lulu sighed with emotion. Thank God she had someone to help her.

Otherwise, he wouldn't be able to keep the claws that could eat and point out the world.

Happy, she bought a few more sets of clothes for Lu huaijiang.

However, he couldn't tell the size of the shoes, so he only told the shopkeeper his age. The shopkeeper gave him two pairs.

Lu huaijiang was overjoyed when Lulu brought him back to the palace.

Two years ago, Lulu had given him a set of clothes, but he had always wanted to wear it. It was so worn out that it was too small for him to fit in now.

"I'll reward you." Lu huaijiang was happy and moved some things from the private warehouse to the little girl.

Now, he was not wearing his Dragon robe, but the black robe that Lulu had bought him.

Her figure was just right, but her shoes were a little tight.

Although he was fifteen this year, he was taller than ordinary youths. Eunuch Lu's face contorted as he watched Chu Li squeeze his feet into the hole.

Sigh, it's not easy.

“You’re not allowed to run around these few days. Fusang and Dongli have formed an alliance, and they will be going to great Zhou together. The great Zhou might send many foreigners here. Don’t let them run into you.” Lu huaijiang carried her, his waist creaking.

“Jiang Jiang, you can’t do it!” Lulu’s eyes widened in shock.

Lu huaijiang’s face darkened. No matter what, he could not say that men were incapable!

it’s fine. Jiang Jiang, you just need to nourish your body. You’ll be fine after that. Lulu saw his dark expression and hurriedly coaxed him.

Lu huaijiang’s expression turned even worse. He gritted his teeth.”I don’t need it!”

“You need to nourish. I heard gossip outside the palace. They said that you can’t do it if you don’t fill the harem. What do you mean no?” Lulu said innocently.

Chapter 758: Looking for the past life in the guoguo temple (1)

Lu huaijiang was deeply depressed.

Lulu said he couldn’t.

However, he still had no way to prove himself.

He couldn’t even explain what he meant by ‘no’.

“What kind of nonsense did she see outside?” Lu huaijiang didn’t care about what the outside world said about him, but Lulu believed it. She believed it!

“Listen to me, it’s fine. You can’t hide your illness and avoid treatment. If you’re sick, then treat it. If you can’t, then treat it until you can.” Lulu said seriously.

Lu huaijiang’s smile was uglier than crying, but the little girl still forced him to nod.

Eunuch Lu tried to hold back his laughter as his shoulders trembled.

The only person in the world who could control His Majesty was miss Lulu, right?

Lu huaijiang didn’t want to talk about this topic and quickly said, “”That’s right, fusang and Dongli are both countries that believe in witchcraft. Didn’t the God from last time explain the problem? You should be more vigilant during this period of time.”

The last time he returned from fusang, the Prince of fusang had an extremely unsightly expression.

He had brought more than ten family gods, but only three returned.

The others had betrayed fusang and entered the hall of salvation?

He had been instigated to rebel.

“The last time we fought, we caught them off guard, and it was also Princess Jing Hong’s wedding, so they didn’t dare to cause trouble. I’m afraid that the two countries

have come prepared for this Alliance.” Lu huaijiang thought, the late Emperor was easy to manipulate, but he himself was a tough bone.

There was a high chance that those things would attack Lulu.

Lulu responded, and Lu huaijiang suddenly gasped.

He lifted his hand to lift the hair on her forehead.

She had never seen that red dot before.

“Where did you get this? Did the palace servants order this for you?” Lu huaijiang reached out and touched it. His hand was actually a little hot.

But Lulu didn’t show any reaction.

“I don’t know. I had it after I woke up. Her mother said it was a God’s favor, a God’s kiss. Hahaha …” The little girl covered her mouth and laughed secretly. If it was a God, it must be godmother, but how could godmother not tell her when she came?

Lu huaijiang smiled, but the smile didn’t reach his eyes.

“Don’t touch it. There’s a thorn on your hand. It’s going to stab me.” Lulu pulled his hand down, but there was nothing there.

“Eh, it’s a little prickly when I put it on top.” Lulu pointed at his finger, feeling wronged. He then picked it up and placed it between his brows.

It still hurt a little.

She seemed to be disgusted by his touch.

Lu huaijiang retracted his hand, his eyes slightly dark as he clenched his fist. “I’m going to the National temple to pick up my mother tomorrow. Princess Jinghong will be returning to the capital with me in a few days, and I need her to receive me.” Do you want to join us?”

great! Master yixu said that Lulu has the root of wisdom. Lulu still wants to discuss the Dao with him.

Lu huaijiang smiled and said nothing.

However, he was thinking about how the evil god had asked him to kill Lulu several times. Only then could he avoid the tragedy of the past.

He wanted to know what had happened between him and Lulu.

Eunuch Lu saw that the Emperor was not paying attention and knew that something was on his mind.

In the afternoon, he had pushed aside all the state affairs and let him and Lulu have fun for half a day.

The next day, the emperor’s guard of honor went directly to the National Guard temple.

It was June and July, and the weather was a little hot.

Fortunately, Lulu had a humanoid refrigerator. He had placed a little female ghost who had fallen into a well from the palace in the corner, so the interior of the carriage was cold.

Eunuch Lu was pleased, "Your Majesty is indeed the one chosen by heaven. Even this carriage is cool." It's really refreshing."

"Eunuch Lu, do you have the guts?" Lulu looked at him faintly.

Eunuch Lu waved his hand. don't think that we're not afraid of anything. In fact, we're afraid of those spirits. Fortunately, with the hall of salvation, he was like a living Buddha who saved the poor. That's why I'm a little more daring."

Chapter 759: The gods are guarding against him (1)

"Tsk, why is it still a little cold?" Eunuch Lu shivered. It was summer, yet he was wrapped in a thin blanket.

Lulu looked at him sympathetically. The little Palace maid on his back was blowing cold air at his neck.

This poor thing.

Lulu gave the palace maid a look, and the palace maid shrank into a corner with an aggrieved expression.

Her ancestors were very unlucky.

Her ancestor said that there was a powerful ghost ancestor, but he encountered the incarnation of a God who descended to the mortal world and was locked up in a courtyard to create cold air.

However, after the Ascension of the gods, there were countless people who came to the side courtyard to break into the haunted house.

The days passed by quite freely.

Now, he was already a ghost Emperor.

It was a pity that the few bloodlines that remained in the world were all disappointing.

His descendants were all so disappointing. When he was alive, he didn't have much of a future, and after he died, he would lose face for his ancestors.

Lulu didn't pay any attention to the little ghost's nagging.

When they arrived at the National temple, they were welcomed by the monks into the temple.

"His abbotship is already waiting for you in the meditation room." The little monk did not even dare to raise his head. He was not afraid of the Emperor.

He was afraid of the legendary little demon who could destroy a person's Dao heart.

There was a small rumor circulating among the little shamis of the National Guard temple.

The rumors were so real that it was hard to say.

She said that there was a little demon in front of the new emperor who went around deceiving little monks to change their profession, and that if one's heart was not firm, it would destroy one's Dao heart.

Lulu felt that the little monk was a little afraid of her. He shivered when her eyes fell on him.

The little Shami pushed open the door of the meditation room and fled in panic.

"I don't eat people," Lulu snorted, not too happy about it.

The room was filled with the pleasant smell of sandalwood. The moment Grandmaster opened his eyes, his gaze fell on the space between her eyebrows.

"When did this red dot appear?" Master yixu asked.

"Just a few days ago. I had it after I woke up." Lulu sat beside Lu huaijiang and used his belt to tie a bow.

"Master, does this imprint have any effect on her?" Lu huaijiang clenched his fist slightly. He could feel the subtle aura of a God from this.

It was the opposite of his aura.

It was a smell that he hated.

Master yixu suddenly raised his head and looked straight at him. His eyes were filled with confusion.

"It might not have much of an effect on her, but it might be different for you," Yi Xu felt a little emotional. Every time he had a favor to ask, he was a master. When he had nothing to ask, he was a bald donkey.

Lu huaijiang's eyes were filled with surprise.

He didn't expect it to be related to him.

"Heaven's secrets can not be divulged, Your Majesty does not need to ask. There are some things that you will naturally understand when you reach that step."

Lu huaijiang hummed in agreement. Things that were not spoken of could not be pried open.

"Did you feel anything different after the red mark appeared?" Yi Xu looked at her expression carefully. She seemed to be even more confused than before.

Those who were originally a little ignorant and had just gained some intelligence were all suppressed.

"There's no difference, I'm just happier. And Lulu wasn't throwing tantrums anymore, hehe. My mother said that it was the God's favor, is it true?" Lulu said smugly.

Yi Xu chuckled, his tone full of certainty."She does favor you."

"Since you're happy, that's good." Master yixu seemed to sigh, but it also seemed like he didn't.

“Several Masters who fled from Jiangnan came to the state-protecting temple, and their vegetarian dishes are not bad. Let Shami take you to try it. ” After yixu finished speaking, a monk came in and led Lulu out.

She wasn't a little Shami. Even a little Shami was on guard against her.

It was his determined master.

Lu huaijiang's smile only faded a little after Lulu left.

Chapter 760: She's in trouble (1)

“Did the gods leave that for her?” Lu huaijiang's tone was not questioning.

Yi Xu nodded.

“As long as it doesn't affect her, it's fine.” Lu huaijiang felt a little uneasy. He didn't know what the gods had left behind, but he knew that it was to guard against him.

No one would feel hot when they touched it, but he would.

Yi Xu glanced at him and poured him a cup of bitter tea.”Your Majesty came here today not just to ask about this, right?”

“I can't hide anything from you,” Lu huaijiang picked it up and took a sip. It was still so bitter that his heart was numb.

“You once said that Lulu was my destined one. What happened between her and me in my past life? Am I really related to her?” Lu huaijiang did not believe it in the past and even scoffed at it.

However, he still remembered how the evil god was resistant to Lulu and guarded against Lulu.

His gritted teeth and helpless look made Lu huaijiang very curious.

It was as if the people around them who knew about their past lives did not want them to meet again.

Yixu looked at him leisurely,”do you still remember what this poor monk said four years ago?” You were entangled with her for seven lifetimes and did not like women in this life because you were trashed by her. ”

but you're always crazy for her, crazy for her, and banging your head against walls for her.

Lu huaijiang laughed coldly when he heard the inexplicable sigh.

“You're talking about Zhen? This one has raised her as a little sister and has raised her to be a little arrogant and willful, but what you said is a little too bizarre.” Stinky him? Did it mean that she had let him down?

He was crazy for her, crazy for her, and even went all out to hit a wall for her.

Lu huaijiang ... It was impossible.

There was a moment of silence.

There was another moment of silence.

“So, what exactly happened?” Lu huaijiang touched the tip of his tongue. There must be a reason why the evil god was so resistant to Lulu.

“Are you saying that I’ll fall in love with Lulu?” Lu huaijiang laughed. Lulu was only seven years old. Even if he doted on her a little, would he fall in love with her in the future?

Lu huaijiang didn’t really believe it.

Master yixu smiled but did not say anything.

“The past is gone, and this life is a new beginning. It doesn’t matter if you believe it or not, everything is destined by the heavens.” Yi Xu was so certain that Lu huaijiang was a little hesitant.

Back when he was unconscious, he could only be trapped in the hall of salvation. No one could see him except Lulu.

Lu huaijiang would not believe that Lulu did not treat him differently.

But he would fall in love with her in the future, to the point where he would not even care about his life ... Lu huaijiang thought ...

It was a little unbelievable.

Yi Xu looked at him and knew that he was probably skeptical.

“Your Majesty, yixu has a request. Your Majesty can agree or not.”

“Master, please speak.” Lu huaijiang sat up straight.

“Miss Lulu was born with wisdom and Buddha’s bones. If she converted to Buddhism, she would definitely be a person of great love who would benefit the world.” Yixu put his hands together.

Lu huaijiang looked at him coldly, “she has a Dharma bone?” You have the root of wisdom?”

“Before you talk nonsense, you should at least consider her brain.”

Lulu was very clear about everything else.

However, she did not have any wisdom about Buddhism.

It was as if he was born lacking that bit of wisdom.

Master yixu’s throat was stuck.

She gritted her teeth tightly. She was the daughter of the son of Buddha!

However, she really did not have the root of wisdom.

It was really strange.

“If you have something to say, just say it.” Lu huaijiang stood up and master yixu no longer hid the truth. “Miss Lulu will face a tribulation before she turns fifteen. If you Enter the Void gate, you can avoid it.”
