

The Savior 781

Chapter 781: There's something wrong in her stomach (1)

Lulu had never doubted the book of life and death.

The power of heaven and earth could not be faked.

No one could escape from the book of life and death.

But Lu Jinghong was a real child.

Lulu put away the book of life and death and left.

“Has Princess Jinghong left the palace?” Lulu asked the old lady, but the old lady didn't know why she was asking about Lu Jinghong. She just happened to come back from outside.

“Not yet. Every day, she would stay from the opening of the palace gates to the closing of the palace gates before returning. The Empress Dowager has been avoiding her these past few days, but she still doesn't know her limits and runs to the palace every day.”

“She is currently resting in her original unmarried Palace.”

Lulu turned around and left.

Her forehead throbbed. Her intuition told her that secondary consort Ying's refusal to give birth to the two children might have something to do with her not liking Lu yuanxiu.

But most of the time, there might be a conspiracy.

Lulu's temples were throbbing violently, as if something big was about to happen.

Lu Jinghong lived in the brocade Palace, which was a rather remote Palace.

She was not blessed when she was born and brought shame to the royal family. The late Emperor did not dare to let her out. He would make good arrangements for her, but she would definitely not be doted on.

It took Lulu quite a while to reach the entrance of Jin cui Palace.

Outside the palace gate stood the old maidservant from fusang.

“One heard that this Mammy is the fu sang Crown Prince's wet Mammy and has always been valued. Why did Princess Jing Hong let her guard the palace?” The head Palace maid was a little confused. She turned around and carried Lulu down.

It was inconvenient to move around in the cold weather.

He opened his mouth and exhaled, causing a stream of white mist to rise.

The old maidservant saw Jiang huailu from afar and her expression changed slightly.

The head Palace maid in front of Jiang huailu quickly stepped forward, ““What are you running for? His Majesty didn’t even dare to run when he saw miss Lulu, so why would an old woman like you run? Our Lady doesn’t eat people.”

“I’m here to see Princess Jing Hong, there’s no need to report. We were good sisters before she got married, so there’s no need to regard her as an outsider.” Yes, a good sister who’s trying to replace me.

The fusang nanny’s face stiffened, she looked at Jiang huailu and bowed, ““After the Crown Princess is pregnant, her temper is not good and she often loses her temper. This will make the old maids at the door be punished. His Majesty and the Empress Dowager both value you. If you suddenly go over, I’m afraid this servant can’t bear the consequences.”

“I won’t argue with her,” Lulu waved his hand. She’s pregnant, and she’s carrying a little life in her stomach. Of course Lulu can forgive her. ”

After he finished speaking, he gave a look and directly blocked the wet nurse behind him.

Lulu entered the main entrance of the palace.

As soon as he entered the gate, he realized that there were not many servants in the palace.

“Aunt Jinghong returned to her maiden home, and the palace servants actually dared to mistreat her. When I go back and report to Jiang Jiang, I’ll punish you.” Along the way, she didn’t even see the palace servants.

The wet nurse’s forehead was already covered in sweat.

“It has nothing to do with the palace servants. It’s the Crown Princess who likes peace and does not allow the palace servants to disturb her.” The nanny’s footsteps quickened.

why don’t you let this servant pass on the message? Princess Jing Hong will blame this servant later, this servant ...

“I’ll plead for you.” Lulu glanced at her with a smile.

He had always called her the Crown Princess, but now he was actually calling the princess by her maiden name before she was married.

“On the other hand, the princess is pregnant and doesn’t have anyone by her side to serve her. If something happens, be careful of your heads.”

“Don’t look at me loitering around the palace all day, and I’m not some Princess or junzhu. But do you believe that my words are more effective than your master’s?” Lulu chuckled.

Very quickly, they arrived at the door of Lu Jinghong’s room.

Chapter 782: Are you eating sh * t?(1)

It was broad daylight, and the door of the sleeping chamber was tightly shut.

At this moment, the nanny's hands were clenched tightly, and one could almost see that her hands were trembling.

“Go and push the door open. Why close the door in broad daylight? this Hall is so dark. It's not good for a pregnant woman if she doesn't have any energy.” Lulu glanced around. There were many vengeful spirits in the palace, but almost all of them had been expelled after the hall of salvation was built.

But at this moment, it was actually in a state of returning to its old ways.

There was the aura of Yin souls in the surroundings. It seemed that they had taken the risk to avoid the yin soldiers and run in.

He was quite bold.

It was as if there was something in the hall that was attracting them to pounce over, even to the extent that they were not afraid of the patrolling nether soldiers.

Creak.

The palace maid stepped forward and pushed open the door of the sleeping chamber.

As soon as the door opened, a stinky and unpleasant smell came out. It seemed like something had rotted and was giving off a foul smell.

Someone in the room seemed to have been startled.

Lulu quickly stepped forward and turned Lu Jinghong's back to her, seemingly drinking something.

When she saw Lulu, she raised her head and swallowed it.

“Are you hiding in the hall and eating shit?” The palace maids almost vomited when they heard this.

The smell in this room was definitely not any better than that thing. It was stinky and fishy.

Lu Jinghong wiped his mouth and turned around. Lulu's eyelids twitched.

Lu Jinghong used to be thin and weak, but at least he had some meat on his face. When he returned from fusang, although he was tired from the long journey, his face was healthy and ruddy.

And now ...

His entire body was bloodless, and his eyes seemed to have lost their spirit. His entire body was emaciated, and the bones on his face were protruding, making his belly look even more prominent.

Seeing Lulu come in, she put the bowl on the windowsill behind her.

Lu Jinghong's eyes fell on the wet nurse. Three months ago, he was still a little afraid of her. At this moment, his eyes unconsciously looked a little sharp.

“It's lady Jiang who didn't allow me to report.” The wet nurse lowered her head.

“These maids dare to treat you badly when they return to the capital. Lulu is afraid that Princess will be angered by these servants. It’s a surprise attack.”

“Princess, how did you lose so much weight? What have you been eating? Is the food not to your liking?”

Lulu quickly stepped forward, picked up the bowl on the windowsill, and sniffed it.

Lu Jinghong’s expression changed as he tightened his grip on the edge of his skirt.

“Why is it so smelly? This is your lunch? You’re a Princess, or a consort of the Crown Prince who married out to fusang for a political marriage, so the Imperial kitchen gave you this to take care of your baby?” Lulu’s expression was a little ugly.

The smell was extremely pungent. It seemed to be some kind of meat.

“How can I? The new emperor is bengong’s nephew, how would the Imperial kitchen dare to mistreat me?”

Lu Jinghong passed the bowl to the wet nurse, ““Hurry up and clear the bowls. Don’t make miss Lulu stink.”

“My pregnancy is not good, this is a tonic prescribed by a famous doctor outside the palace. It’s made in the small kitchen.”

“This woman’s pregnancy is like the gates of hell. It’s not bad that you’re so thin. Many people can’t even get out of bed because of their children.” Lu Jinghong’s mouth was filled with a foul smell as he spoke.

Lulu moved further away from her.

“How long have you not brushed your teeth?”

Lu Jinghong’s face stiffened, and he almost couldn’t maintain his smile.

“It was caused by pregnancy.”

“Oh,” Lulu replied.

“Your belly is already so big? It’s only been three months, but she looks like she’s about to give birth. He’s quite the president, taking away all your energy. You’ve only focused on yourself.” Lulu was full of emotion.

“Can he move?”

“Can I touch it?” Lulu suddenly looked at her expectantly.

Chapter 783: Who’s afraid?

“Can I touch it?” Lulu looked up at her curiously.

Lu Jinghong's hand tightened around the hem of his dress, and he reached out to touch his stomach.

The wet nurse looked at her. he did touch her. It's just that the more he touches her, the more the child can move. Miss Lulu, just place it on your stomach."

"Everyone says that you're The Guardian of His Majesty's soul and that you're a blessed person. Why can't I touch you?" The wet nurse said with a smile.

He went forward and helped Lu Jinghong to sit down.

At some point, the palace servants in the sleeping Palace had also returned.

Lulu walked up to Lu Jinghong with a smile. "Take a look at the younger brother and sister in your stomach."

"It must be a ... Ah!" Lulu's hand had just touched it when ...

Suddenly, her stomach jerked upwards.

Lulu's face paled, and he unconsciously let out a cry as he took a step back.

He looked at Lu Jinghong's stomach in shock and panic.

Everyone was startled by her scream.

The wet nurse hurriedly reached out to comfort the fetus, who was getting more and more agitated in the abdomen.

Lulu had never seen a pregnant woman's baby move before, but her stomach was almost lifted up high, as if something was about to burst out.

"You're scaring the child. The child was active and timid. You startled him with that scream." The wet nurse hurriedly consoled her.

The palace servant behind Lulu didn't dare to act arrogantly and asked in a low voice,"Miss Lulu, are you alright?" When they were sent to take care of miss Lulu, His Majesty had already warned them.

Taking care of Lulu was the most important thing in the world.

As long as Lulu was around, nothing could get past her.

Naturally, he was concerned about Lulu.

Miss Lulu was usually very bold and would dare to go to any cold Palace or sinister place by herself.

He was so frightened that his face turned pale when he touched the fetal movement?

But to everyone's surprise, Lu Jinghong's face was even paler than hers.

The two of them seemed to be shocked.

Lulu shook his head slightly and looked at her stomach again, but this time, there was no sign of any change.

“I must have scared you. It’s not easy to raise a child. I’ve lost a lot of weight just carrying him. In addition, whenever he moves, I’ll be in great pain.” Lu Jinghong’s face was gentle, but the emaciated Lu Jinghong touched his stomach, which made Lulu feel a little scared.

the eldest son of the Crown Prince will be a Dragon among men when he is born. It is his fate to be entrusted into your womb. Lulu said with a smile.

It was a very good sentence, but Lu Jinghong fell silent.

The room was filled with a stench that Lulu could not stand.

Before Lulu could speak, Lu Jinghong said, ““My stomach is getting bigger by the day, so I won’t keep you any longer. Bengong will first return to the sleeping Hall to rest and will have to go out to accompany the Crown Prince later.”

Lulu nodded and watched as she walked to the back of the hall with a big belly.

When Lulu left, all the palace servants who had disappeared earlier had returned.

However, the expressions of the palace servants were not very good, and they seemed unwilling to get too close to the sleeping Hall.

“What’s wrong with you guys? Although Princess Jing Hong is already married, not to mention that she was originally a Princess, and she is now the fusang Crown Princess, this Palace has always been her residence. How dare you treat her so slowly, and not leave anyone to serve her? If I report this to His Majesty, I will definitely behead you!” Lulu turned the corner and saw a few Palace servants. He immediately shouted at them.

There was no one in the palace who didn’t know Jiang huailu. As long as they served her, they would be able to reach the sky in a single step.

The treatment was even better than in the new emperor Palace.

The two Palace servants knelt down in a panic.

Chapter 784: Stealing the Dragon and turning the Phoenix (1)

“Lady Jiang, this servant doesn’t dare to treat the Crown Prince Consort slowly. It’s the Crown Prince Consort who completely forbade old friends from touching her after returning to the palace. Even the tea and snacks that he brings into the palace every day are brought in from outside the palace.”

“The princess’s temper seems to be more eccentric than before.”

The two Palace servants knelt on the ground and kowtowed continuously. The entire Palace knew that the Emperor had sentenced them to death.

Miss Lulu could understand.

Not even the king of hell could resolve the death sentence that miss Lulu had set.

His Majesty would definitely execute it on her behalf.

The palace servant looked around and said in a low voice, “The Crown Prince Consort is somewhat different from before. She didn’t even touch the food that she used to love. Every day, the nanny would bring in the food from outside, and then the people would guard the small kitchen. Every day, after cooking, the kitchen reeked of blood, but she ate it every day. Moreover, when eating, no one is allowed to peep.”

“Once this servant accidentally went over and saw her retch after smelling it. She clearly didn’t like it, but she still ate it.”

“There were a few days when the Empress Dowager kept food ... He did not return to the small kitchen to eat. After eating a few times, this servant often heard her say that she was hungry. She’s holding her stomach and she looks like she’s in pain.”

“It seems like her stomach hurts whenever she’s hungry.”

“It’s not that this servant is looking down on you, but the Crown Princess Consort doesn’t allow us to serve her.” The two Palace servants kowtowed.

“Alright, you may leave.” Lulu furrowed his brows. I got it. ” After saying that, he walked past her.

it’s said that pregnant women have all sorts of weird tastes. Princess Jinghong’s taste has changed completely. The head Palace maid behind him sighed.

Lulu did not say anything.

It would be fine if she was pregnant with an ordinary child, but she was afraid that she had some stupid thoughts.

Lu Jinghong broke out in a cold sweat as soon as Lulu stepped out of the bedroom.

She held her stomach and fell onto the bed in pain.

“Momo, did she leave?” Lu Jinghong asked weakly.

“Let’s go.” The nanny hurriedly closed the door.

“Why did you let her in? If she finds out that I’ve consumed this medicine, I’m afraid she’ll make a scene.” Lu Jinghong hurriedly undid the layers of clothing.

The nanny also came forward to help.

“I can’t stop him.”

“The Crown Prince has been childless for many years and it is rare for bengong to be pregnant. It’s a baby girl.”

“If I can get pregnant with a boy ... That medicine, can it really turn a Dragon into a Phoenix?” Lu Jinghong’s stomach was in pain.

“Yes.” The old woman’s eyes flashed.

“That’s true, that medicine must be useful. Every time I drink it, my stomach will not hurt. If I use normal food, my stomach will be in pain, as if someone is gnawing on bengong’s meat.” Lu Jinghong sighed.

“I don’t know what happened just now, but the child seemed to be shocked when her hand fell on her stomach. My stomach also hurts a little.” Lu Jinghong had just taken off his clothes, revealing his bulging stomach.

His originally smooth abdomen was now bulging, and there were many green marks on it.

It didn’t look like his skin had been ripped open, but more like some kind of rune.

“Aiya, why is there a palm print on it? It didn’t look big, could it be Jiang huailu? She wants to do something to bengong’s child?” Lu Jinghong was taken aback. No wonder his stomach was burning with pain. The black palm print on it seemed to have burned his flesh.

The wet nurse was shocked.

“I’m going to beg the new emperor. Even if he dotes on Jiang huailu, I am still his little aunt!” Lu Jinghong held his stomach and stood up.

The wet nurse’s strength was surprisingly strong, and she suddenly pressed her down. “If you go and find it, this matter will be settled. What if he stole the Dragon-Phoenix medicine? Do you still want a boy?” The elderly woman’s voice was stern and she was actually a little shocked.

Chapter 785: Demon (1)

“The child is already five months old. You can feel the fetal movement getting stronger every day, right?”

“If you were to be found using medicine to secretly turn a Dragon into a Phoenix, what would His Highness the Crown Prince do? What should I do if I despise you? What about the child?”

and Jiang huailu didn’t realize that he had taken anything. This injury ... I’m afraid it was an accident.” The nanny hid the fear in her eyes.

“This servant will secretly find some medicine for you to wipe your wound. We just need to wait for the child to be pregnant for ten months, and wait for the melon to ripen and fall.” The nanny’s eyes were filled with tears.

“This servant will not harm you, nor will I harm the Crown Prince’s Imperial child.”

Lu Jinghong’s expression softened.

On her fair stomach, there was a circle of black wounds. The wounds looked like they had been burned for some reason.

There was nothing strange about her clothes, but her abdomen was injured.

Lu Jinghong felt uneasy.

She had only hired a divine doctor and found out that the fetus was female, so she wanted to give birth to a boy to stabilize her position. The stinky food that she ate every day were all medicinal herbs that the godly doctor had asked someone to send over. She didn't know what medicinal herbs were either, but it was the mammy who had cooked and brought them over every day.

“Please trouble Momo to find some medicine. I just don't know if the child in her stomach is injured.”

“I didn't know that Jiang huailu hated me so much.” Lu Jinghong's eyes were filled with anger.

She had once wanted to replace Jiang huailu and become the one and only existence.

But she failed.

Later on, she watched helplessly as she became Lu huaijiang's soul protector, slowly climbing to the top.

She resented the injustice of fate. She hated and was jealous.

Now, she had become the Crown Princess, the future Queen of fusang. The child she gave birth to could become the new crown Prince, and she would be the most distinguished woman in the world.

Lu Jinghong's eyes flashed with satisfaction.

Only then did the nanny put on her clothes, but she didn't dare to touch the black part.

Lulu returned to his sleeping chambers and opened the book of life and death again.

As expected, Lu Jinghong's child was still a black ball without a name.

Her spiritual energy was the best thing in the world. If she was a mortal, it would be a great supplement to the fetus, and it was a wisp of opportunity that it could not ask for.

However, her spiritual energy was the nemesis of all the yin and evil things in the world.

One would be burned if they touched it.

Lu Jinghong had screamed at the same time as her earlier. Lu Jinghong was in so much pain that his face had turned pale.

Lulu was frightened.

Lulu pursed his lips.

Her eyes could see through the illusions of heaven and earth, which was a gift from her godmother. She saw it.

The monster in Lu Jinghong's stomach.

The hands and feet were the original appearance of a baby, but now, there were some differences in his appearance. He was extremely ugly, and his eyes did not look like what a mortal should have.

She was getting thinner day by day. That thing was consuming her blood essence and vitality. She used her physical body to nourish herself, strengthening herself day by day.

And because that thing was evil, it probably needed to be supplemented.

He would definitely need specific nourishing medicine on a daily basis.

“Has Lu Jinghong gone crazy?” Did she know what she was pregnant with?

No, he was originally a mortal.

However, she had made him look so evil.

But what did she do to make the child like this?

Did she use some kind of medicine?

Now, the child was still a mortal and had not completely shed.

Lulu couldn't be touched, and he couldn't interfere with the lives of any mortals.

However, if the child really did look like a demon, Lulu would be the first to not let him off.

Lulu was a Savior after all. His father was the son of Buddha, and he was born with a Buddha's heart.

She was a Savior, born with a kind heart.

She wasn't on good terms with Lu Jinghong, but Lulu would always give an ignorant baby a chance.

Chapter 786: The enlarged version of Lulu (1)

Lulu thought for a moment.

She pulled out a strand of her hair and found a yellow talisman that she had picked up from yixu to use as a stepping stone.

She had wanted to give it to Lu Jinghong, but he must have been injured by her spirit Qi today, so Lulu had to put in more effort.

Then, he went straight to the Imperial study.

There were a few women standing outside the Imperial study. The women stood outside the Imperial study with their heads lowered, seemingly a little ill at ease.

Lulu didn't mind, but when he passed by the Imperial study, he heard a young eunuch say, “”These girls look a little familiar, as if I've seen them somewhere before.”

Lulu was curious.

He immediately raised his head to take a look.

The woman's figure was slim and her eyes were slightly drooped. She looked up when she saw Lulu coming over.

Lulu was stunned.

The woman's face was like a peach flower, and she bit her pink lips lightly. Her eyes were innocent and naive, and her small face was not as sharp as the people pursued. On the contrary, it was a little smooth.

It was just that because it was open, it had a little more innocent charm.

It was like ...

It was an enlarged version of Lulu.

"This is the congratulatory gift from fusang for the new emperor's Ascension." The young eunuch stood in the corridor and said in a low voice.

Lulu placed a hand over his chest, as if he was feeling a little uncomfortable.

It was stuffy and sour. Her chest was swollen and uncomfortable, making her very uncomfortable.

The moment her sister's eyes met hers, her eyes were like a deer running around, and she instantly retracted her gaze. Her hands and feet were a little stiff, flustered, but also a little naive.

Lulu only took one glance before looking away with an indifferent expression.

The eunuch beside her was probably from fusang. He looked at Lulu with a smile."Ms. Jiang, do you like these two sisters?"

"What do you think if His Majesty takes her in as a concubine?"

It was said that His Majesty doted on miss Lulu, and if miss Lulu was satisfied, His Majesty would have nothing to say.

Lulu wanted to laugh, but she suddenly felt a little uncomfortable. She couldn't tell why.

With a creak, the door of the Royal study opened.

Eunuch Lu had just walked out of the door when he was stunned.

He looked at the two women, and then at Lulu.

For the first time, she felt a little guilty.

That's not right. Lulu is only seven years old. Why is he feeling guilty? Even if he had to feel guilty, it was not his turn anyway.

"Summon the two ladies into the hall," eunuch Lu said immediately.

The two girls immediately looked at each other, their eyes filled with apprehension and timidity. Her demeanor was exactly like Lulu's, but she had a bit more of a woman's charm than Lulu.

Even eunuch Lu could not help but feel dazed.

It was too similar, too similar to Lulu.

Lulu's mouth twitched as the two women entered the hall. He had wanted to enter the hall, but he was now in a daze in front of the door.

Clang ...

She seemed to have heard the sound of Lu huaijiang breaking a cup.

Hmph, I can't open my eyes when I see a pretty sister ... Lulu stood in the corner, pouting as he stepped on the ants.

Not long after, they heard someone leave the hall.

The Prince of fusang was all smiles, Lulu's grip on the yellow talisman tightened.

She saw that there were no outsiders.

Lulu stood at the door of the Imperial study in a Huff. He was so angry that he couldn't control his strength.

He raised his short legs and kicked at the door of the Royal study.

Bang!

The door of the Royal study was kicked open by her. She was too strong and the door bounced back.

Bang!

The heavy door of the Royal study fell to the ground.

A layer of dust rose.

A certain bright yellow figure in the room stood up with a whoosh.

It was as if he was frightened, his face was full of shock and ...

A guilty expression.

Chapter 787: Lu Huai, Jiang zu (1)

The youth dressed in the bright yellow Emperor's robe immediately shot up from the Dragon throne.

At that moment, afterimages appeared.

Eunuch Lu's face was full of shock. Damn, this was the first time he had discovered that the new emperor had such good jumping ability.

He could do yangge now.

"The gate? Why did the main door collapse ..." Eunuch Lu looked at the door of the Royal study.

In front of the door of the Royal study, a pair of small feet stepped on the heavy door and entered the room step by step.

Lu huaijiang's feet were unconsciously closed together, and his hands hung by his sides, looking a little nervous.

Oh my God, in that moment, he even wanted to hide under the table in the Imperial study.

It was eunuch Lu who stopped him and saved the emperor's face.

Who knew what he was thinking at that time!

Lu huaijiang held his breath and focused. His breathing became shallow, and his neck shrank. He looked guilty as if he had been caught in bed.

"Your Majesty ..." Lu huaijiang was just about to speak when the woman beside him suddenly spoke with a weak and timid face.

Just now, she was the one who knelt on the ground and massaged Lu huaijiang's legs.

The other one ...

Lu huaijiang was scolding.

Yes, there were two women who looked very much like Jiang huailu. One was massaging his shoulders and legs, and the other was being lectured.

"Why aren't you continuing? Your Majesty ... Look at how happy you are." Lulu even imitated the woman's voice, which gave Lu huaijiang goosebumps.

His skin was tight.

He was caught red-handed.

"Are you very happy?" Lulu was clearly looking up at him, but Lu huaijiang somehow felt that she was inferior to her.

This was a guilty conscience.

Eunuch Lu lowered his head silently and retreated with small steps.

"Still ... There's still a little bit." Lu huaijiang said in a low voice. He sneaked a glance at Lulu and saw her sitting on the Dragon throne with a long face.

"Tell me, what did you do just now?" Lulu's face darkened.

She felt bad, but she couldn't find the reason. Lulu was just upset.

Lu huaijiang's eyes darted left and right. He did not dare to say.

"You guys tell me! What did His Majesty ask you to do just now? tell him in full detail. If he's wrong, he'll be punished as well. If he's right, he'll be rewarded." Lulu said to the man who was massaging his legs.

"Your Majesty, I'm so scared ..." The woman's face was full of fear.

Then, Lulu looked at Lu huaijiang.

Lu huaijiang was about to sit on the Dragon chair with her, but when he saw Lulu's faint eyes, he immediately lifted his butt.

Under the shocked gazes of the two girls, he silently stood in a row with them.

With his head drooped and his hands hanging by his side, he had an honest look.

The two girls immediately ...

His disillusionment was destroyed.

Tsk, on the surface, the Emperor was the most powerful, but in private, it was hard to say who made the decisions.

When the board knelt down, it said, "as soon as I entered the door, I was given to Your Majesty." As soon as the Crown Prince left, His Majesty asked me to massage his legs, and I have to kneel. There's nothing else ..."

Lulu pouted at another.

The other girl knelt down with a thud. "As soon as I entered the palace, Your Majesty scolded me."

"Let's hear it." Lulu took a sip of tea.

Lu huaijiang was stunned for a moment. this ... This isn't necessary, right? " Lu huaijiang's face stiffened.

The girl didn't even look at him, and imitated each word and sentence to perfection. "If this one tells you to go east, you have to go east. If this one tells you to go west, you have to go west!"

"Do you understand who you should listen to in this family? Do you still dare to ask me to do your homework? Do you still dare to draw on my Imperial edict? Do you still dare to show off in front of me in the future? You're rebelling!"

Chapter 788: Severely punish her (1)

"I gave you some face and you dare to do this, am I afraid of you? Ah?"

"Am I afraid of you? Zhen was letting you have your way."

"It's really amazing. It's incredible. In the future, you will listen to this one, and whatever this one says is what it is!

The woman's imitation was so perfect that her smug look was almost overflowing.

"Kneel to me? Do you know your mistake? If you know you're in the wrong, then say that Lulu knows she's in the wrong!"

"Now you're afraid of me? Who asked you to ride on the Jiao's head and show off? Is Zhen someone you can scold and order around? I'll let you see how powerful I am. If I ask you to wipe my shoes, you have to do it. If I ask you to massage my shoulders and legs, you have to massage my shoulders and legs."

“Do my ass’s homework, I’m not doing it!”

“Zhen is telling you now, Zhen won’t write anymore!” The woman looked at Jiang huailu seriously after she finished reading.

Lu huaijiang ...

Lulu laughed out loud. He didn’t know if he was angry or happy.

“Oh, you still need Lulu to clean your shoes? And you want Lulu to massage your shoulders and legs? It’s hard on you to do your homework too?”

Lulu looked at him and asked. Lu huaijiang shivered, “It’s not that I didn’t! I didn’t say anything!”

On the surface, he looked calm and serious, as if he had never said anything.

He was panicking.

She couldn’t afford to offend this Lord, so it wasn’t easy for someone to send her a clone that looked like her. She wanted to scold the little ancestor’s substitute for fun.

He had just finished scolding and his main body had already discovered it.

He couldn’t acknowledge Lu huaijiang, even if he was beaten to death.

The voice in her head spoke again, ““You Shrew, Shrew! Quick, show her what you’re made of!”

“You’re the king of the human world, the head of the evil, the evil god of the world. You’re on the same level as the God of creation, and she actually dared to threaten you like this! Let’s show her some power!”

The voice in his mind was so angry that he was about to rush out and kill.

Lu huaijiang’s face darkened.

The voice in her heart became even more energetic.

“Where’s your face? She was simply taking advantage of him. Look at those two girls, which one of them isn’t better than her? they’re gentle, lovely, and kind. It’d be great if you kept them. She’s just a seven-year-old child. She’s too shameless to even care if you accept a woman! Punish her, punish her severely, show her some power!”

Lu huaijiang took a deep breath and turned to look at the two women.

“All of you, get out.” He pointed to the door.

His face was cold.

He looked like he was angry.

The two of them looked at each other and replied in a low voice. Then, he retreated with small steps.

Only Lu huaijiang and Jiang huailu were left in the hall. Lu huaijiang stared at her deeply.

“Go up and give her a tight slap. Let her know who is in charge of this world! She was simply spoiled beyond limits. Who does she think she is?”

“As long as you dote on her, she’ll be your little pet. If you don’t dote on her, she’s nothing! I have to listen to you! She’s just relying on you to dote on her. Go, go and get back your face as the ruler of the country!” His voice was full of enchantment.

Lu huaijiang sneered and clenched his fist.

He walked straight forward, his entire body exuding a cold aura. He took a deep breath, and his brows furrowed.

He looked at Jiang huailu arrogantly and then ...

“I was wrong.”

I was wrong!

The voice in his mind stopped abruptly.

It was as if fate was stuck in his throat, and he couldn’t say a word.

Chapter 789: Severely punish her (1)

He was wrong.

He was really wrong.

Why did he have such a body? Would it be faster if he killed his body and re-cultivated?

who told you to admit your mistake?!! The voice in his head almost roared out.

His throat was already hoarse. Lu huaijiang was so angry that he could feel a burning heat in the bottom of his heart. He seemed to be extremely angry.

“You admit your mistake? You’re mistaken? Do you still have any shame? You’re a King tier, what is she? Ah ah ah ah!”

The dog in his consciousness had collapsed. His entire body had collapsed.

He went up and admitted his mistake with a serious face?

“I asked you to punish her! Punish her severely until she knows she’s afraid of you. With your current appearance, will she be afraid of you? She’ll only step on your head and jump on it. ”

“Look at her smug look. Let me tell you, you’re a henpecked husband! Ah, bah.” The voice seemed to have said something wrong, and it suddenly stopped.

“Then quickly punish her. Women should be disciplined. If you don’t care, she will only become more and more arrogant. Teach her a lesson, teach her a hard lesson!” The voice was going crazy. admit your mistake? ”

Lu huaijiang thought for a moment and said, “I didn’t do it on purpose, you have to forgive me. If you don’t forgive me, I’ll punish you severely ...”

Lulu?

“Show me your imposing manner, your imposing manner! It was as if he was going to punish him to death! Quick, tell her what punishment she’s going to receive. A ruthless punishment! She must be punished to death until she realizes her mistakes!”

The voice in his consciousness reignited hope and he was suddenly full of energy.

Lu huaijiang muttered to himself for a moment.

“I’m going to punish you by hurting your heart!” Lu huaijiang’s back shivered slightly, and he clenched his fists.

The voice in his consciousness almost shouted with its hands on its waist, “Amazing, you can actually dig out her heart? You’re going to dig out her heart and make her heart ache, right? Good job! That’s the punishment! Let her kneel down and admit her mistake! Let her know that she was wrong!”

“Why?” Lulu looked at him in surprise.

Lu huaijiang took a deep breath, his back straight, his whole body serious and fierce. “If you don’t forgive me, I won’t eat for three days. No, seven days without eating. I will starve myself to death! I’ll make your heart ache!” Lu huaijiang’s words were righteous and powerful.

“What? What’s this?”

The voice in his consciousness seemed to be in a daze for a moment.

Lulu was also looking at him in shock.

“Just tell me if you’ll forgive me or not. If you don’t, I won’t eat for seven days.” Lu huaijiang’s face was full of pride.

He seemed to hear a sob in his ear, but it also seemed to be coming from his sea of consciousness.

“I asked you to punish her, not to punish yourself! I’m going to destroy you! I don’t want my body anymore! I’m going to re-cultivate! ‘Motherf * cker! “Becoming an evil god isn’t the most despairing thing in my life. The most despairing thing is that you f * cking fell into her hands again and again!” Ah!”

The voice was filled with despair ...

You’re really shameless. You starved yourself for seven days and punished her with heartache?

When he heard it again, it was as if it was dead and there was no sound.

Lu huaijiang rolled his eyes. If you could re-cultivate, would you still be chasing me?

“Just tell me, can you forgive me? Otherwise, I won’t eat it from today onwards.” Lu huaijiang touched his stomach and sighed.

I've been busy from morning to night and haven't had my meal yet. Sigh ... His stomach rumbled in time.

Lulu? This, this is using me to threaten me?

Why are you so capable?

He was almost going to the heavens.

Chapter 790: The best God (1)

Lulu said helplessly.

She suddenly felt that Lu huaijiang's shamelessness had once again refreshed her knowledge.

He couldn't really starve the Emperor to death, right? Lulu really believed that he would starve himself to death for seven days if he did not forgive her.

Thinking back to the two women, Lulu didn't feel as sour and uncomfortable as before.

Her emotions came and went quickly.

He immediately got someone to pass the meal to Lu huaijiang.

In case he starved to death.

Not long after the meal, eunuch Lu had already ordered someone to change the door of the Royal study. "Those two girls are still waiting outside the hall. I don't know how to deal with them." He entered the room and reported in a low voice. His Majesty had already given the order to keep it, so it would not be good to return it now.

"Let them in and ask them if they have any plans." Lulu glanced at the Emperor, and when his eyes met hers, the Emperor immediately lowered his head, not even daring to raise it.

The two women bowed to the Emperor and Lulu as soon as they entered.

"Do you guys have any plans?" Lulu held a piece of dessert in his hand and munched on it like a hamster.

Lu huaijiang thought that if those two women had feelings for him, he would deal with them behind his back.

"We two sisters want to follow lady Jiang," the two of them said. "If we want to serve in front of young lady, we sisters have excellent cooking skills."

"She's good at desserts, and I'm good at barbecue snacks."

The two of them looked at Lulu eagerly, their eyes sparkling.

The two of them finally understood who was the boss and who was the second in the palace.

Lu huaijiang looked at him in surprise. He seemed to have felt the disdain in the other party's eyes.

Lulu was a little taken aback as well, but she could see the sincerity in their eyes and that they were not using her as a springboard. She was also a little interested in their cooking skills.”Then you can go outside the hall and find Momo to settle you down.”

After they finished speaking, the two of them bowed and did not even look at the Emperor!

‘Tsk, a man who betrays us the moment he turns around is not as reliable as miss Lulu.’

After all, he had to bow his head in front of the little girl.

Lu huaijiang coughed lightly. He didn’t feel embarrassed at all as an Emperor. Anyway, no one dared to say anything.

He couldn’t care less about what was going on in his heart.

“By the way, have you seen aunt Jinghong? Her stomach seemed a little strange, so I gave her a talisman to ward off evil spirits. As long as she wears it on her body every day, no demons or ghosts would dare to come close to her. It could also protect the fetus from the invasion of evil spirits. You can go give it to her.” Lulu handed it to Lu huaijiang.

“You don’t like her and you’re still helping her?” Lu huaijiang said with a smile.

“I’m not the Holy Mother’s light that illuminates the earth, nor am I a Saint who repays evil with good. I may have a grudge against Lu Jinghong, but the child in her stomach is innocent and is under my protection. Since he has seen me, I will give him a chance.”

“However, life and death also have the will of the heavens. The life of the fetus depends on the mother, and I can only do my best. I’ve given him a chance, but the result is Lu Jinghong.” Lulu wasn’t someone who would implicate others.

However, she was by no means a good person. Even when she should be killed, she was extremely cold.

Lu huaijiang seemed to have felt something and knocked her head lightly. “Lulu, you’re an upright child with a bottom line. You will become a very, very outstanding God.” Lu huaijiang knew her dream.

She envied the legendary godmother of the God of creation.

of course, I’m the most, most, most, most intelligent, and most powerful goddess in the divine realm. I’ll also be the best, most outstanding God in the future. Lulu said smugly.

“When I become a God, I’ll let you be my Guardian, okay?” Lulu’s smile was so wide that his teeth could not be seen.

Lu huaijiang smiled and nodded.
