Chapter 11: Not Willing To Admit

Luo Shui, who was a person at the Holy Lord level of his generation, was in total despair when he saw the blood-red watch.

Feng Luo frowned and asked, "Sect Leader, what is that?"

The other disciples, elders, and deacons all frowned.

Just one red watch terrified Sect Leader Luo Shui so badly?

One must know that Sect Leader Luo Shui was the person who was able to stop the rebellion, going against the heavens and changing fate, someone who reshaped heaven and earth.

Now, his legs actually went soft for a mortal?

Feng Luo was really unhappy about this!

Luo Shui didn't reply to Feng Luo, instead, he said bitterly, "Didn't you all disappear?"

Li Xiandao laughed coldly and said, "You thought we disappeared, so you went against the contract you signed personally 10,000 years ago and treated this thing as non-existent. Do you remember the price to pay for going against the contract?"

Before Luo Shui even said anything, Feng Luo shouted in rage.

"How dare you, a mortal, act so arrogantly in front of my Sect Leader. Kneel!"

Li Xiandao's eyes were cold and he said casually, "You want me to kneel?"

"I don't care who you are, but you don't even have basic cultivation and dare to behave so arrogantly here, you are just too bold." Feng Luo was really furious now; he wanted to cut Li Xiandao into eight pieces. That was because Li Xiandao had messed up his progression to Sect Leader.

Luo Shui was in a muddle. He knew that Li Xiandao had no cultivation and he didn't have to fear him.

But the key was that Li Xiandao had brought the red watch over.

Li Xiandao represented the Bank of the Universe! Nôv(e)B\\jnn

This was a place that Luo Shui was terrified of!

Luo Shui was scared but definitely not of Feng Luo. He attacked and rage messed up his rational mind. The only thing he thought about now was to kill Li Xiandao.

Hong!

Feng Luo's cultivation was similar to nearly all of the Sect Leaders in Dali Land. This was the Sect Leader level combat strength, representing the average combat strength of a Sect Leader.

When he attacked a mortal with no cultivation at all, he could wipe him out with one flick of the finger.

A cold glow shot out into the skies. It was extremely quick, but at the next moment, it was in front of Li Xiandao's face. It turned into a sharp weapon that wanted to claim Li Xiandao's life.

Luo Shui looked at those scenes but he didn't stop him. He made up his mind.

Since I have already gone against the contract, then I will go all out!

This was why he would look on as Li Xiandao was killed!

At that moment, all of Spirit Illusion Holy Land looked on and they wanted Li Xiandao to die.

Li Xiandao paid attention to those scenes. He didn't react at all and he wasn't surprised by Luo Shui's reaction.

Naturally, he had something to rely on, for him to dare come to Spirit Illusion Holy Land!

This confidence came from the Heaven Emperor Brush that floated above their heads!

This Celestial Artifact belonged to the Bank of the Universe!

The Bank of the Universe was now his!

This meant that the Heaven Emperor Brush was his too!

Facing the cold glow, Li Xiandao laughed coldly. He feared nothing and said, "It is okay that you went against the contract, but now you actually want to kill me... Today, Spirit Illusion Holy Land will face a calamity!"

Luo Shui said coldly, "Since I have already done it, then I won't change. You have no cultivation and can still become an envoy, which shows how much that person has weakened. Just like that and you want me to stick to the contract?"

"Go and die!" Feng Luo hollered in rage and slapped forward, wanting to smash Li Xiandao into meat paste.

He didn't want to kill Li Xiandao; he wanted to smash Li Xiandao's body to pieces.

Li Xiandao said calmly, "Since you are asking to die, then don't blame me."

He reached out with his hand!

The Heaven Emperor Brush that was floating in mid-air suddenly moved.

It slashed forward!

A bright light landed. It was like sword energy which slew everything. It negated Feng Luo's attacks and then smashed forward.

Explosion!

An extremely deep hole appeared in the Spirit Illusion Holy Land square.

The square was instantly split into two.

Li Xiandao stood on one side, perfectly unharmed and he looked forward with a cold expression.

Luo Shui and Feng Luo were on the other, their mouths agape as they looked on.

Feng Luo's cultivation wasn't weak, he had Sect Leader level strength, otherwise, he wouldn't have become the Spirit Illusion Holy Land Sect Leader.

But Li Xiando actually negated his furious strike.

At that moment, everyone couldn't help but look toward the Celestial Artifact Heaven Emperor Brush that was floating in mid-air.

Feng Luo said in rage and shock, "How can you control my Spirit Illusion Holy Land's Heaven Emperor Brush?"

If Heaven Emperor Brush hadn't saved Li Xiandao, then that strike would have been enough to kill Li Xiandao and smash his body to pieces.

So, how did Li Xiandao make Heaven Emperor Brush launch that attack?

The answer to this question was something that not only Feng Luo wanted to know, but something that everyone watching wanted to know.

Didn't Heaven Emperor Brush belong to Spirit Illusion Holy Land?

How did an outsider, someone without cultivation, control it?

Li Xiandao laughed coldly and said, "Spirit Illusion Holy Land's Heaven Emperor Brush?"

"Of course, Heaven Emperor Brush belongs to our Spirit Illusion Holy Land." Feng Luo said without any hesitation.

"Joke!" Li Xiandao burst out laughing with disdain, "Ask Luo Shui how he got the Heaven Emperor Brush?"

Feng Luo immediately turned toward Luo Shui, his eyes filled with doubt.

Luo Shui didn't say a word. He clenched his fists in rage, but at the same time, he was very powerless.

How could he reveal the background of Heaven Emperor Brush?

If he said it out loud, then Spirit Illusion Holy Land's name would be non-existent.

Seeing Luo Shui so silent, Feng Luo's heart sunk.

Not only him, but the entire Spirit Illusion Holy Land was also stunned.

Heaven Emperor Brush's ownership was a problem!!!

This was a fatal blow to Spirit Illusion Holy Land.

Li Xiandao mocked, "Since you don't dare to reveal it, then I will do so for you."

"Heaven Emperor Brush was borrowed from the power backing me 10,000 years ago. At the start, it was really clear that he would borrow it for 50 years and after that, he would return it. At the same time, Spirit Illusion Holy Land would be our slaves for 1,000 years!" Li Xiandao's voice was soft but the effects it caused were no weaker than a storm.

Everyone in Spirit Illusion Holy Land looked towards Luo Shui in disbelief.

How could that happen?

Luo Shui gritted his teeth and his eyes were red as he stared at Li Xiandao. He wanted to smash him into pieces so that he couldn't continue speaking.

But could he stop Li Xiandao?

Li Xiandao continued to laugh coldly, "Unfortunately, Luo Shui has gone against the contract. 50 years passed and he actually continued to own Heaven Emperor Brush but wasn't willing to be a slave. Based on the rules of the contract, the punishment would be 10 times the amount. So today, I am here to collect the Heaven Emperor Brush, and also to collect the interest."

"Spirit Illusion Holy Land will be my slave for 10,000 years!"

"Don't blame me for being rude if you don't follow."

Li Xiandao said coldly.

His words infuriated everyone from Spirit Illusion Holy Land and all of them looked on furiously.

Feng Luo hollered, "My Spirit Illusion Holy Land is an Ancient Holy Land, how can you insult us? Today, you will definitely die."

Luo Shui's eyes were filled with killing intent and he said coldly, "Do you think that just because you can control Heaven Emperor Brush, you can do anything you want?"

"Feng Luo, go kill him. I will block the Heaven Emperor Brush. I want to see who dares to make slaves of my Spirit Illusion Holy Land today!" Luo Shui was totally mad. He had no respect at all; he just wanted to kill Li Xiandao and snatch the Heaven Emperor Brush.

As for the contract, it was just a bunch of rubbish paper.

He did sign it but what could they do if he didn't admit it?

Chapter 12: Ah Qing's Helping Hand

Hong!

Since Luo Shui had already made his mind up, then he wouldn't hesitate. He attacked right away. Sect Leader Level strength allowed him to fly into the air and he exploded his might toward the Heaven Emperor Brush!

Peng peng peng!

True Qi was like thunder and fire as it surrounded the Heaven Emperor Brush.

Luo Shui knew that the Heaven Emperor Brush had a spirit as it was a Celestial Artifact and not a normal weapon.

"Heaven Emperor Brush, you are a noble Celestial Artifact. In our Spirit Illusion Holy Land, you are supreme and numerous people respect and worship you. Why do you go to that place to be ordered around and controlled?" Luo Shui tried to persuade the Heaven Emperor Brush yield to the Spirit Illusion Holy Land.

But he was welcomed with a cruel and cold strike!

Hong!

This strike was really fierce and after it exploded, it was like 10,000 strikes of lightning that wiped out Luo Shui's Thunder Flame True Qi.

Heaven Emperor Brush was really mysterious; a supreme image appeared behind it. This was the artifact spirit, coldly staring at Luo Shui.

"A foolish person just being the head of Spirit Illusion Holy Land, you are just a frog at the bottom of a well and you have no chance at all of improving." Heaven Emperor Brush treated Luo Shui's suggestion with disdain and he didn't care at all. It was totally devoted to the Bank of the Universe!

Luo Shui's face turned dark and his gaze was fierce and vicious, "Since you insist, then don't blame me for attacking you. I am nice enough to have taken care of you for 10,000 years. I worshipped you day and night, and spread your reputation around, allowing you to be high and mighty. I loved you but you didn't care about me, I didn't care as I knew that sooner or later you would be touched."

"But, your ex came and even if he had no cultivation at all, but you still opened your heart to him. That is just preposterous." Luo Shui was so jealous that his eyes turned red and he gritted his teeth.

"You forcefully kept me for 10,000 years and it wasn't on my own terms. All this was just you acting on your own accord, I will never be yours and will never belong to Spirit Illusion Holy Land!" Heaven Emperor Brush said directly.

"I don't care. Since I can't get your soul, then I will keep your body here. I will definitely kill your ex." Luo Shui went totally mad. He jumped up like a demon and opened his arms.

"Heaven and Earth Seal!"

This was a shocking cultivation technique, and at that moment, 300 miles all around was cut off.

He wanted to cut off Heaven Emperor Brush's connection with Li Xiandao so that Heaven Emperor Brush would lose its Master and would be unable to act independently.

At the same time, Luo Shui said cruelly, "Feng Luo, kill that trash mortal. Anyone who dares to fight with Spirit Illusion Holy Land for the Heaven Emperor Brush is asking to die!"

Feng Luo's eyes lit up and smiled viciously, "This time, you will definitely die, no one would be able to save you!"

Li Xiandao frowned when he saw this. He tried to sense the Heaven Emperor Brush but he actually failed to do so.

"Master, Heaven Emperor Brush, and your connection have been cut off. You should have kept it in the Bank of the Universe or grabbed it just now." Seven said solemnly.

Li Xiandao's brow rose up and he knew that he was too careless or that his experience was not enough. He asked, "Is there no other method?"

"Hide in the Bank of the Universe and avoid his attacks. Wait for Heaven Emperor Brush to break the seal and then come out." Seven thought of an idea.

Li Xiandao had no cultivation and didn't have the Heaven Emperor Brush, so he couldn't block Feng Luo's strike at all.

As for Feng Luo's aggressive attacks, Li Xiandao would be injured or even die from that.

Li Xiandao frowned. He was extremely unwilling to hide. He announced that he was here to get a slave, but now that the slave resisted, he was going to hide?

Feng Luo didn't give Li Xiandao time to think. He hated Li Xiandao to the core. It was because of him that the biggest ceremony in his life was destroyed. Feng Luo even desired to rip out Li Xiandao's heart alive.

"Go die!" Feng Luo shot forward and was right in front of Li Xiandao in an instance. He opened his fingers and tossed out red flames. The temperature was really high and would be able to burn Li Xiandao's body into dust right away.

Li Xiandao stared at him.

He really didn't want to hide in the Bank of the Universe.

But if he didn't, then how could he block it?

"Master, hide in the Bank of the Universe." Seven persuaded.

Li Xiandao wanted to agree but the next second, a sharp green light landed from above. Instantly, it sliced Feng Luo's hand.

Ah ah ah!!

Feng Luo cried out in pain and was directly forced back by this power. It was too tough to watch as he smashed into the giant hall and destroyed it.

A person slowly landed, attracting the gaze of everyone present.

"Who is that person?"

"She is too strong, heavily injuring Feng Luo with one strike such that he couldn't react at all."

"This woman is just too horrifying."

"This woman definitely isn't ordinary."

The people around were in hot discussion, and all of them exclaimed at how strong Li Xiandao's backer was.

Li Xiandao looked seriously at the girl in front of him.

Ah Qing!

She had just signed a contract with the Bank of the Universe, taking 100 years of lifespan.

She touched Celestial Realm and for her to defeat Feng Luo was just too simple as there was no difficulty at all.

Ah Qing twisted her head. She was absolutely beautiful; her face was tender and soft like a young teen. She looked totally different from before when she had white-haired and she looked like she was on the verge of dying.

"You are the Bank of the Universe's envoy?" Ah Qing asked.

Li Xiandao nodded his head and his gaze was really pure, "I am the newest envoy!"

"Very good, here is a million God Source, keep it." Ah Qing looked at Li and tossed him a storage treasure.

Li Xiandao took it and let Seven check it. After she confirmed there was nothing wrong, she kept it in the Bank of the Universe.

"Okay, from now on, our contract is complete." Li Xiandao smiled and said.

These million God Source helped to solve Li Xiandao's problem; he had real confidence now.

Ah Qing looked towards the sky, at the 300 miles that Luo Shui sealed. There was a white glow above that normal people couldn't see at all, but Ah Qing was so strong. After analyzing it, she smiled, "Do you need me to help you?"

Seeing that Li Xiandao had no cultivation at all, she wanted to sell Li Xiandao a favor.

Li Xiandao shook his head, "No need, they don't know how terrifying the Bank of the Universe is. They are so ignorant and aren't worthy of a single strike."

Ah Qing looked on in interest and wanted to see how Li Xiandao could defeat Luo Shui and take back the bad debt.

"Master, you can burn God Source and activate the power of the Bank of the Universe!" Seven reminded Li Xiandao.

"Burn!" Li Xiandao said without any hesitation.

He already had a million God Source and he could burn it without caring at all.

Seven instantly burned 100 God Source, and the explosive power from it was transmitted to the Heaven Emperor Brush!

Explosion!

Since Heaven Emperor Brush only absorbed a bit of Feng Luo's energy, it was unable to maintain too strong of an attack and tangled with Luo Shui within the 300 miles of sealed space.

In the next second, power was transmitted to it through the air such that Heaven Emperor Brush's strength greatly increased. With this power, Celestial Artifact's actual power was completely unbelievable.

Peng!

Just one attack and Luo Shui felt like his body was about to shatter. His face was filled with shock and disbelief.

Just now, there were decent rallies between them, but why in the next second, did it feel like he had taken drugs?

Chapter 13: Occupying Spirit Illusion Holy Land

After the injection of energy from burning the God Source in Heaven Emperor Brush, this one attack heavily injured Luo Shui.

All his bones were shattered and he was covered in blood. He was in a really bad state!

"I have locked down the area, so how did you even get energy?" Luo Shui looked toward the Heaven Emperor Brush in rage and shock. He had no idea how the Heaven Emperor Brush got so much strength.

Celestial Artifacts were really strong and required a lot of energy. Even Feng Luo, who injected all his energy into the Heaven Emperor Brush, could only cause it to move slightly.

That little movement was already the limit.

This was why Heaven Emperor Brush was left by Luo Shui in Spirit Illusion Holy Land for 10,000 years.

Celestial Artifacts could absorb energy from heaven and earth to replenish their losses, but their master would have to allow it.

A while ago, after the Bank of the Universe lost its influence, Heaven Emperor Brush was unable to gain permission, so it just remained quietly in Spirit Illusion Holy Land and no one cared about it.

Now that Li Xiandao arrived and activated the Heaven Emperor Brush, it allowed all its power to explode out.

Especially God Source; 100 of them were the equivalent to one high-quality Spirit Meridian.

Such huge energy replenishment allowed it to show off the strength of a Celestial Artifact!

Just one strike from it heavily injured Luo Shui. It then slashed downwards, giving off a cold glow that split open the sealed area.

Explosion!

The area was lit up. Heaven Emperor Brush stood high above and placed pressure on the area around. It was unbeatable.

Luo Shui fell onto the square and coughed out large mouthfuls of blood. He looked on in despair.

He had failed!

Everything was over!

Li Xiandao looked at those scenes. His gaze was filled with despair and there was nothing he could say. He was the one who signed that agreement and no one had forced him to do so. After it was done, he actually regretted it!

His gaze turned weak, he had asked for this and deserved to die!

Did he really treat the Bank of the Universe as useless and weak, that anyone could crush them?

"Brush, come!" Li Xiandao reached out and said calmly.

Heaven Emperor Brush instantly shrunk and the phenomenon disappeared. The pressure was reduced and it landed on Li Xiandao's hand.

Luo Shui looked at those scenes; he was so jealous that his eyes turned red.

In the end, Heaven Emperor Brush still chose the Bank of the Universe!

His 10,000 years of hard work had gone to waste!

"Luo Shui, you went against my Bank of the Universe contract and have sinned greatly. Today, I want to grant you death!" Li Xiandao's face was cold and he said cruelly.

Luo Shui laughed, “You won but I don’t admit that contract, what can you do to me?”

Luo Shui was going all out!

Li Xiandao laughed coldly and said, “Do you really think the Bank of the Universe’s contracts are so easy to go against?”

He looked around and he saw looks of fear. Li Xiandao opened his mouth and said, “From now on, the 100,000 mountains of Spirit Illusion Holy Land are mine. I give you all a day to leave, otherwise, you will die!”

Luo Shui went against the contract, so Spirit Illusion Holy Land should have been their slaves for 10,000 years. However, Li Xiandao knew that because his cultivation was weak, he couldn’t suppress these tens of thousands of disciples, but since that was the case, then he should have chased them all away.

I just need the 100,000 mountains of Spirit Illusion Holy Land. Li Xiandao would use this place to reshape the Bank of the Universe’s name!

Luo Shui listened to Li Xiandao’s words and burst into laughter, “Wishful thinking, Heaven Emperor Brush was able to defeat me, but that is Heaven Emperor Brush being skilled. But who are you even?”

Feng Luo climbed out from the ruins and gritted his teeth, “You are just trash, relying on the Heaven Emperor Brush to act like you are strong here.”

All Spirit Illusion Holy Land disciples, elders, and deacons were furious when they heard Li Xiandao’s words.

Their Holy Land had been established for 100,000 years and Li Xiandao actually wanted to chase them all away and occupy their 100,000 mountains?

Preposterous!

Many people hated him to the bone and wanted to cut him into pieces to vent the rage in their hearts.

Li Xiandao smiled and said, “Heaven Emperor Brush isn’t yours; it belongs to us. For it to be left in your Spirit Illusion Holy Land for 10,000 years, it is probably tired to death. Today, I will show all of you Heaven Emperor Brush’s true powers.”

In everyone’s eyes, Li Xiandao didn’t move. He picked up the Heaven Emperor Brush and wrote a word in mid-air. Nôv(e)B\\jnn

Death!

The moment this word appeared, Feng Luo cried out. Death energy entered his body and his head and body were separated.

As a Celestial Artifact, the strongest power of Heaven Emperor Brush was the ability to change destiny!

If I say that you die, then you will have to die!

Luo Shui was stunned!

The people from Spirit Illusion Holy Land were stunned!

It was like waves appeared in the hearts of the experts who came from all around; they all didn't dare to believe their eyes.

Even Lady Ah Qing squinted her eyes and looked at the Heaven Emperor Brush in envy.

What a terrifying Celestial Artifact!

At that moment, everyone knew what a Celestial Artifact was!

The power of gods, this invincible ability, this was the power of a Celestial Artifact!

Li Xiandao looked at Luo Shui with a calm gaze, "You are next!"

Luo Shui was shocked. He didn't want to die too, which was why he utilized all the remaining True Qi to fly away.

He fled!

Luo Shui actually left Spirit Illusion Holy Land and fled on his own!

"You can escape?" Li Xiandao laughed in disdain. He raised his brush and wrote a big 'kill' word.

In the sky, along with the word appearing, a sword rain appeared. Each sword was filled with terrifying power and instantly suppressed Luo Shui.

No...

Luo Shui cried out and tried to fight back but it was useless!

In just a short moment, Luo Shui was diced into pieces. Even his corpse was wiped out, not even a single drop was left.

The whole area suddenly became silent.

People from Spirit Illusion Holy Land all vented the despair in their hearts!

One of them had the combat strength of a Sect Leader while one had the combat strength of a Holy Lord!

Both of them actually died!

They died at the hands of someone with no cultivation at all!

This was too terrifying!

The people who came to observe all came to a conclusion, that they couldn't offend Li Xiandao. The power that stood behind Li Xiandao couldn't be offended either!

"I will give you all a day to leave Spirit Illusion Holy Land. This place doesn't belong to you and whoever doesn't leave in a day will die!" Li Xiandao looked around and spoke.

This wasn't a discussion, this was an order!

The order of death!

Under Heaven Emperor Brush's threat, the people from Spirit Illusion Holy Land all felt really bitter. No matter how unwilling they were, they knew that the situation wasn't good for them.

All of a sudden, a lot of people were packing up and taking away everything that they could.

On the golden square on the highest peak, the space around shook and everyone fled with their tails between their legs.

Only Li Xiandao and Ah Qing were left.

Li Xiandao kept the Heaven Emperor Brush and placed the Heaven Emperor Brush within the Bank of the Universe. He placed his arms behind his back and looked out at the 100,000 mountains.

In the future, he would be the owner of this place.

After transmigrating for three months, Li Xiandao finally felt a sense of belonging.

"One day, I will make the Bank of the Universe famous, I will let it return to its peak and recreate its past honor. Those things that they owe me, I will get them back one after another." Li Xiandao swore in his heart.

Ah Qing looked at Li Xiandao; her beautiful face was deep in thought.

What kind of power did the Bank of the Universe possess?

Mysterious and hard to read!

Able to change the laws of the universe, allowing a person without cultivation to wipe out a Holy Land.

Terrifying!

Li Xiandao turned around and expressed thanks to Lady Ah Qing.

"Thank you Lady Ah Qing for saving me, take this watch. In the future, if you face danger or problems, you can choose to call on the Bank of the Universe to do one thing as repayment!" Li Xiandao passed the last watch to Lady Ah Qing and said solemnly.

Bank of The Universe #Chapter 14: New Guest - Read Bank of The Universe Chapter 14: New Guest

Chapter 14: New Guest

Li Xiandao was a person who repaid his debts and returned favors!

He would take revenge when he had grievances and would also repay favors to people who helped him.

The Zhou Family Young Master had tried to kill him, so Li Xiandao killed him and the entire Zhou Family was wiped out.

Luo Shui and Spirit Illusion Holy Land broke the contract, so Li Xiandao killed Luo Shui and disbanded Spirit Illusion Holy Land!

Now that Ah Qing helped him, Li Xiandao gave her a watch and granted her a free trade.

This was the way Li Xiandao did things!

He would take revenge when needed and repay favors when needed. He didn't owe people anything and he didn't let people off either!

Ah Qing didn't reject it as it was something great. Her life was indeed saved by this watch!

"You have the right to give it to me?" Ah Qing looked at Li Xiandao and tried to probe at his identity.

Unless one had a certain status in the Bank of the Universe, one wouldn't be able to give this watch to others!

Before this, she thought that Li Xiandao had no cultivation at all, so Ah Qing underestimated him, but now Li Xiandao was extremely important in her heart.

"Since I took it out, that means that I have the ability to give it to you. The Bank of the Universe is omnipotent, and in the future, you will slowly find out!" Li Xiandao smiled, he was calm and confident.

Ah Qing didn't ask anything and kept the watch. She looked around and said, "Spirit Illusion Holy Land is a great place with 100,000 large mountains under it. There were at least 100,000 Spirit Meridians and it was run by 10 generations of Sect Leaders. Now, it belongs to you, so what are you planning to do with it?"

Li Xiandao looked around; the area was vast, the mountains and rivers looked really good, and he was really energized and pumped up, "The Bank of the Universe will reannounce its appearance in the world with this place as our base, to expand throughout the Nine Skies and Ten Lands."

"Who are you exactly in the Bank of the Universe?" Ah Qing couldn't hide her curiosity and asked.

"I am the Bank of the Universe representative and I manage everything in the mortal world." Li Xiandao smiled and said.

He gave himself the identity of representative of the Bank of the Universe, to deal with mortal matters.

In the dark, he was the one wearing the mask, who traded with people and dealt with all matters.

This double identity could ensure Li Xiandao's safety and he could also expand the Bank of the Universe's sense of mystery!

Lady Ah Qing nodded her head and chose to believe Li Xiandao. She was unable to link Li Xiandao, who had no cultivation at all, and the Bank of the Universe owner, who wore a gold mask and had immense cultivation, together.

One was up in the heavens and one was low on the earth; one wouldn't think of the two of them together at all.

"Then, I will leave first. Thank you for your watch. Originally, there was something I didn't dare to do, but with your watch, I can go all out. I will come and thank you again the next time we meet." Lady Ah Qing smiled.

Li Xiandao nodded his head and said, "I hope that the next time we meet, you can surprise me!"

Li Xiandao's so-called surprise was Lady Ah Qing breaking through and becoming a Celestial!

Ah Qing's lips curled up. She was extremely beautiful, a beauty of her generation!

"Okay, I will work hard to give you a surprise!" Ah Qing nodded her head. She got up and flew away, disappearing into the horizon.

Li Xiandao looked on silently and deep down he anticipated a day where he would roam the lands freely.

Now, with a base, a million God Source, and the Celestial Artifact Heaven Emperor Brush back, it is time to open new trades to expand the Bank of the Universe. Li Xiandao was deep in thought.

"Master, you have no more watches." Seven reminded.

He traded two of the three watches and gave Ah Qing one. So, he had no more watches left.

"How do I get watches?" Li Xiandao asked. He knew that Seven definitely knew.

"Exchange it for God Source. One God Source for one watch!" Seven giggled.

Li Xiandao immediately said, "Give me 100!"

"Master, you haven't opened the Bank of the Universe in the other regions, so you can only exchange for 10!" Seven reminded Li Xiandao.

"Why only 10?" Li Xiandao frowned and said.

"10 is not a few. At the start, there were only three. But you opened the Time Hall, so there was an increase." Seven said.

"So, 10 then. It doesn't matter." Li Xiandao turned around and disappeared from the area, entering the Bank of the Universe.

Seven immediately took out the 10 watches and passed them to Li Xiandao.

He exchanged 10 God Sources for it.

Li Xiandao had a million God Source now and wasn't afraid to consume them; he didn't feel troubled at all.

He looked at the 10 blood red watches. He thought about it and tossed them all out at once.

"Go find your suitable owners and bring them to the Bank of the Universe. I will make the Bank of the Universe big, I will make it strong!" Li Xiandao muttered.

Seven motivated, "Good luck Master, let the Bank of the Universe's name spread through Nine Skies and Ten Lands, and let the people who went against the contracts pay the price!"

...

The world was vast, everything had hope!

White Emperor City was a huge city managed by Tiandao Sect!

In White Emperor City, there was an invincible king; he was the Elder of Tiandao Sect and also the manager of White Emperor City.

White Emperor, Tian Guangming!

But Tian Guangming and Tiandao Sect's Sect Leader relationship wasn't good and they didn't see eye to eye. This was why he remained in White Emperor City and didn't go anywhere at all.

Recently, Tian Guangming faced some problems in cultivation. He needed a large number of God Sources to reach the next realm, at least 500,000 of them.

Tiandao Sect's Sect Leader rejected him right away. They had few God Source and there wasn't enough for everyone. To give him 500,000 was just a pipedream.

Unless you yield to me!

Tian Guangming rejected it without hesitation, which was why he was stuck in this realm, unable to improve at all.

The 5,000-year-old Tian Guangming was already at the tail end of his life. He went all around to gather God Source, but it was useless and didn't help much.

This made him really anxious!

If this dragged on, his best chance of breaking through would disappear and the chances of failure would increase. That was something that he couldn't accept.

On that day at White Emperor City's City Lord Residence, Tian Guangming frowned and sat on the throne. He was in a bad mood.

God Source was really hard to find!

"Damn Sect Leader, to target me, you actually told others not to sell God Source to me. Damn it!" Tian Guangming was filled with hatred as he gritted his teeth.

His grievances with Tiandao Sect had nearly reached the open stage.

"Without God Source what should I do?" Tian Guangming was filled with worry.

If he didn't break through now, this good state would retreat and there was basically no chance of him adjusting to such a good state.

Along with his limit arriving, he would only weaken and he would be unable to maintain his current peak.

Weng!

Just at that moment, a blood-red watch appeared in the main hall. Nôv(el)B\jnn

Tian Guangming's eyes focused on it and he was immediately attracted.

He saw a limitless future!

Although he was usually careful, he stared at it for 15 minutes, and then he stood up and grabbed it.

Hong!

Tian Guangming disappeared from the City Lord Manor; he was totally uncontrolled and entered the Bank of the Universe.

"Master, the first guest is here." Seven reminded Li Xiandao.

Li Xiandao tidied himself, changing into a dark shirt and put on the gold mask to meet the guest!

Chapter 15: Prophet Talent

Nôv(el)B\jnn

In the Bank of the Universe, Li Xiandao met the new guest!

A middle-aged man strolled forward confidently. He had neatly combed, white hair and his sharp eyes radiated a bright glow as his body was filled with thick vital energy.

This was an expert!

He was very wary, like a volcano that would explode at any moment. Underneath that calm exterior, his heart was beating quickly.

Tian Guangming stared closely at Li Xiandao, who appeared and sized him up. He was able to clearly see through Li Xiandao, who was unable to hide anything at all.

But he couldn't see through his foundations.

In truth, within the Bank of the Universe, no one could see through Li Xiandao's foundations.

"Who are you?"

"Why did you bring me here?"

"What is your goal?"

Tian Guangming asked a series of three questions and he was totally confused.

He actually couldn't leave this mysterious and weird place, which made him feel really uncomfortable.

He was the Elder of a top sect and his strength was really shocking. In Dali Land, he could be considered an expert, who could head to any place freely.

This was the only place that Tian Guangming couldn't do whatever he wanted.

Li Xiandao sat on his own seat and looked at Tian Guangming, "This is the Bank of the Universe!"

"I am the Master of the Bank of the Universe!"

"I didn't get you here; your own heart brought you here!"

"You should ask your heart what it truly wants; don't ask me that!"

Li Xiandao looked at Tian Guangming, his heart was really calm.

You are strong but can you be as strong as Ah Qing?

Ah Qing was someone who touched Celestial Realm but in the Bank of the Universe, she was really well behaved.

Li Xiandao didn't treat Tian Guangming any differently and just used a normal attitude with him.

Tian Guangming looked at Li Xiandao in doubt, "Was it that red thing?"

"Yes, that is the invitation to our Bank of the Universe. You saw it, meaning that your heart has something that you badly need, which was why that red watch appeared." Li Xiandao nodded his head.

"I don't need anything!" Tian Guangming denied it right away.

Li Xiandao didn't mind, but instead, he looked quietly at Tian Guangming.

Seven, who was by his side, said, "The watch tells me that you need God Source, which is why it appeared."

Tian Guangming frowned and he looked at Li Xiandao, "What game are you playing?"

"A fair trade. You need what we have but you need to pay a certain price!" Li Xiandao said calmly.

"I need an immense number of God Source, but do you have it all?" Tian Guangming said with disdain.

Li Xiandao waved his hands and said, "Since you don't believe me, then leave."

Li Xiandao couldn't be bothered to continue to talk nonsense. Since Tian Guangming entered, he acted with a lot of pride in himself. He was wary, suspicious, and treated Li Xiandao as a liar.

Li Xiandao was really busy. He sent out the 10 watches, meaning that many people wanted to trade with him.

Since Tian Guangming wasn't willing, then Li Xiandao wouldn't force him. He immediately wanted to let him leave.

"Wait Master, the second guest is here!" Seven suddenly said.

When her words landed, a person appeared in the hall.

This was a young man who was even younger than Li Xiandao. He opened his eyes wide and looked around. In his hands was a watch.

"Can you fulfill my wish?" The young man didn't suspect anything and asked right away.

Li Xiandao smiled behind that mask and said towards him, "Sit down and let's talk."

The young man sat opposite Li Xiandao. His expression was one of panic and anxiousness.

"Zhou Tianyu, 16 years old, Dao Pursuing cultivation!" Li Xiandao saw his basic information right away and instantly his heart was filled with shock.

16 years old, Dao Pursuing Realm cultivation!

What terrifying talent was that?

Li Xiandao was 18 years old this year and didn't even have basic cultivation. He was 16 and was at Dao Pursuing Realm.

He was the same realm as the Li Family Elder, who Li Xiandao first traded with.

Li Family Elder was 300 years old while Zhou Tianyu reached it at just 16.

Seven reported to Li Xiandao right away, "This person has an invincible talent and has rare prophet talent. It is worth taking!"

Li Xiandao's eyes flashed and he memorized it. He said to Zhou Tianyu, "This is the Bank of the Universe; everything in the world can be traded. Say what you want to trade!"

Zhou Tianyu obviously had problems; he was covered in wounds and he was at the low of his life. When he heard this, his face turned vicious and he said, "I want to take revenge; I want to kill Tiandao Sect's Young Master Mingtu. He wiped out my family to snatch my fiancée. If I hadn't run quickly enough, I would have been killed."

"You are at Wendao Realm, so killing him is not enough. I can help you but what price can you pay?" Li Xiandao said calmly.

"As long as you can kill him, I will pay any price!" Zhou Tianyu's eyes were filled with hate and desire for revenge as he said decisively.

After witnessing his entire family get wiped out, his heart was consumed by the thought of revenge.

He only wanted revenge; as long as he could do that, he would be willing to give up anything!

When Tian Guangming saw these scenes, his brow rose up.

He was a Tiandao Sect Elder and naturally knew who Mingtu was.

He was the son of Tiandao Sect's current Sect Leader, and was really arrogant. When he was in Tiandao Sect, he retracted his arrogance, but when

he left Tiandao Sect, he was really overbearing and no one dared to offend him.

"I want to see how you would let this kid kill Mingtu!" Tian Guangming laughed coldly in his heart and decided to take a look.

As for Mingtu's life and death, what did it have to do with him?

Tian Guangming and Mingtu's old man were enemies, so naturally, he wouldn't care about this.

Li Xiandao didn't pay attention to him; his heart was targetting Zhou Tianyu's talent.

Prophet!

This was what Seven told Li Xiandao; this was a really rare talent!

"Prophet, able to see the past, present, and the future. Able to flow in the ocean of time and cultivate. Once one gets used to it, one will cultivate really quickly and one won't need to stop at all. This is a top talent and there is basically nothing better than this." Seven told Li Xiandao solemnly.

Li Xiandao stared at Zhou Tianyu and said softly, "I can let you personally kill Tiandao Sect's Mingtu to vent your rage and can ensure that you return peacefully. I only need you to pay one price!"

"What is it?" Zhou Tianyu said eagerly. He saw hope; no matter what, he was willing to pay the price.

Tian Guangming frowned and looked on, and felt like Li Xiandao was bragging. How amazing was Tiandao Sect? A top power in Dali Land, extremely terrifying, much stronger than Spirit Illusion Holy Land.

Zhou Tianyu was only a Dao Pursuing Realm kid, so how could he head to Tiandao Sect to take revenge?

Li Xiandao didn't bother about what Tian Guangming was thinking, he pointed forward, "I want your talent!"

At the same time, Seven took out a contract and passed it to Zhou Tianyu.

Zhou Tianyu was stunned and asked, "Only my talent?"

"Right!" Li Xiandao nodded his head. Zhou Tianyu obviously didn't know how terrifying his talent was.

Chapter 16: Trade Complete

Truthfully, Li Xiandao also didn't know how amazing the Prophet talent was!

Seven explained to Li Xiandao, "Once the Prophet talent forms, one will be able to see the past of everything, one will be able to see clearly through the nature of everything, a talent that everyone desires!"

"From ancient times till now, there have been so few times the Prophet talent appeared. In history, it was recorded that the last prophet, who had the ability to cross space and time, was from long ago in the Ancient Era!"

"In this era, there are numerous geniuses and many special bodies. However, the prophet had existed long ago. Zhou Tianyu's talent obviously hasn't been developed, resulting in him not knowing how terrifying it was!"

Li Xiandao's eyes shone and he memorized all of it. He looked at Zhou Tianyu.

Zhou Tianyu held a pen and he looked carefully at the contract.

"After I sign it, will you all really take revenge for me?" Zhou Tianyu was still a little worried. It wasn't that he wasn't willing, but he was afraid that if he signed it and Li Xiandao didn't help him, then it would be a problem.

Also, he wanted to know how he was going to help him take revenge!

Tian Guangming looked on from the side. He wanted to see how this mysterious master allowed someone as crestfallen as Zhou Tianyun to kill Young Master Mingtu?

Li Xiandao nodded his head, "Of course I will. The contract is written in black and white, so whatever is written will be followed!"

Zhou Tianyu raised one thumb, "One last question; how are you all going to help me?"

"I will give you a treasure and allow you to personally fight Tiandao Sect and end Mingtu!" Li Xiandao said calmly.

"What treasure is so strong?" Zhou Tianyu frowned as he didn't believe that explanation.

Tian Guangming couldn't help but burst out laughing, "Tiandao Sect is a top sect in Dali Land; there are many experts there. You actually want to rely on one weapon to kill them, what a pipedream!"

Li Xiandao didn't bother about Tian Guangming. He waved his hands and a brush with a jade-like body, covered in a red glow, appeared.

Heaven Emperor Brush!

"This is a Celestial Artifact, I will lend it to you for a week. Within this week, you will head to Tiandao Sect and kill Mingtu. The Celestial Artifact will use all its strength, so you don't have to worry. Tiandao Sect wouldn't dare to fight you head-on." Li Xiandao smiled.

He desired Zhou Tianyu's talent; even if he lent Heaven Emperor Brush out and spent some God Source, he would do it.

"Celestial Artifact!" Zhou Tianyu's eyes opened wide. He only heard of one but had never seen one before. Each Celestial Artifact was favored by the heavens and was extremely strong.

Tian Guangming looked on solemnly. He didn't expect that this mysterious person would actually give a Celestial Artifact to Zhou Tianyu.

"If it is a Celestial Artifact at full power, it will be hard for Tiandao Sect. Zhou Tianyu only wants to kill Mingtu, so those Elders definitely won't stop him!" Tian Guangming understood the situation within Tiandao Sect, which was why after acquiring the Heaven Emperor Brush, he knew that he could take revenge on Zhou Tianyu.

The price he paid was his talent!

Mysterious!

Terrifying!

Immense!

This was what he felt; he didn't dare to underestimate the Bank of the Universe anymore.

"Okay, I will sign it!" Zhou Tianyu looked at the Heaven Emperor Brush and his gaze was really firm. He signed right away and wrote his own name down.

The moment it was signed, it flew into Li Xiandao's hands. He checked it carefully and said with satisfaction, "Very good. I will take away your talent first and then I will pass the Heaven Emperor Brush to you."

Zhou Tianyu said worryingly, "How are you going to take it away?"

Li Xiandao smiled, "Don't worry, I won't hurt your life!"

He walked slowly behind Zhou Tianyu, reaching out and touching his forehead, "Relax and don't think about anything. It will be done in a moment."

Zhou Tianyu relaxed and cleared his mind.

He was really well-behaved!

Li Xiandao was really satisfied. Zhou Tianyu being so cooperative was the best scenario for him.

Weng weng weng!

Li Xiandao reached out toward Zhou Tianyu's forehead and his five fingers became a claw as he reached out!

It was like he was grabbing something extremely heavy, but his expression didn't change and he continued.

But pain appeared on Tianyu's face as he struggled and cried out.

His talent was being separated from him, and naturally, the pain would be unbearable.

Li Xiandao looked on coldly. He wouldn't stop, he had to acquire this talent.

"It hurts!"

His whole body was filled with pain!

Zhou Tianyu hollered in pain and struggled, but he couldn't break free from Li Xiandao.

"Hold on, it will be over in a minute." Li Xiandao's expression was cold but his tone was soft like a summer wind blowing, which made Zhou Tianyu grit his teeth and persist.

Time passed, second by second, and Li Xiando pulled out a five-colored glow. Numerous futures appeared on it and if a mortal took a look, they would enter a state of confusion, unable to ever break free.

Even Tian Guangming, who had high cultivation, felt dazzled; his thoughts were in a mess and he couldn't control himself.

He shifted his gaze away immediately.

He was shocked. Tian Guangming didn't expect that Zhou Tianyu's talent would actually be so terrifying!

This terrifying talent now belonged to this mysterious person. Tian Guangming was even starting to hesitate about whether or not he wanted to trade?

Li Xiandao didn't worry about Tian Guangming. A minute later, he pulled out Zhou Tianyu's talent.

Dong!

Zhou Tianyu's body became much lighter and the pain faded. He became calm once more and he no longer felt pain throughout his sweaty body.

At the same time, the light in his eyes was gone and they became murky. From now onward, cultivation wouldn't be so simple anymore.

His Prophet talent was now in the hands of Li Xiandao.

Seven picked up a jade box and opened it. She asked Li to place the talent in and then she backed off.

Li Xiandao returned to his spot and looked at Zhou Tianyu before reaching out.

Hong!

The Celestial Artifact Heaven Emperor Brush appeared. The thick and heavy aura made it hard for Zhou Tianyu and Tian Guangming to breathe, his skin felt like it was about to crack open.

Li Xiandao waved forward, the Heaven Emperor Brush became ordinary and he passed it to Zhou Tianyu.

"A week later, I will send someone to collect it. You only have a week. Make good use of the time." Li Xiandao reminded.

Zhou Tianyu picked up the Heaven Emperor Brush, and the hatred in his eyes nearly turned physical; it was so thick that it couldn't be dissolved. He gritted his teeth and said, "One week is enough. I will definitely head to Tiandao Sect and take revenge for my father, mother, sister, and brother!"

"I wish you luck!" Li Xiandao smiled.

He injected 10,000 God Source into the Heaven Emperor Brush, allowing it to use as much as it wanted to help Zhou Tianyu suppress Tiandao Sect.

Li Xiandao didn't feel troubled after paying 10,000 God Sources, instead, he felt like he had earned it.

"You can leave now, but remember, you only have a week!" Li Xiandao waved his sleeves and Zhou Tianyu disappeared right away.

In the hall, only Li Xiandao and Tian Guangming were left.

"Now, will you trade?" Li Xiandao looked at Tian Guangming and asked calmly.

Tian Guangming was hesitating. He had witnessed the first trade, so he definitely wouldn't suspect whether or not it was real.

But the problem was, would he trade?

Bank of The Universe #Chapter 17: Slave For 14 Years - Read Bank of The Universe Chapter 17: Slave For 14 Years

Chapter 17: Slave For 14 Years

Tian Guangming sat opposite Li Xiandao and said seriously, "I need 500,000 God Source!"

Li Xiandao nodded his head and said, "I have them!"

Lady Ah Qing exchanged a million God Source with him, which was enough for him to trade with others. Otherwise, Li Xiandao really wouldn't have had enough to trade.

"How much do I need to pay?" Tian Guangming asked warily.

He didn't want to pay his talent!

Although he didn't know why Li Xiandao wanted talent, he was sure that in the trade between Zhou Tianyu and Li Xiandao, Zhou Tianyu was the one who lost out.

If Li Xiandao knew what Tian Guangming was thinking about, he would burst out laughing and tell him that his talent was very lousy. Since Seven wasn't even reminding him, it meant that his talent was really average.

"500,000 God Source can solve your problems and give you hope. Without these 500,000 God Source, you will slowly weaken." Li Xiandao saw Tian Guangming's thoughts and spoke right away.

Tian Guangming's expression changed, becoming much darker. He didn't expect that Li Xiandao would actually see through him.

Li Xiandao said calmly, "Similar items are valued differently in front of different people!"

"He was in bad need of these 500,000 God Source, otherwise, you wouldn't be sitting here. I can give them to you, but the price you need to pay is..." Li Xiandao said but then paused.

Tian Guangming stared right at Li Xiandao, "The price I need to pay is?"

Just as Li Xiandao said, Tiandao Sect Sect Leader sealed his channel for God Source and locked him in White Emperor City. The White Emperor was actually going to wither down over time?

This was something that Tian Guangming couldn't accept, no matter what.

Li Xiandao's lips rose up and he said, "I will make you a slave for 14 years!"

Tian Guangming's expression changed. He got up and his eyes opened wide as he said furiously, "Impossible!"

He was an Elder of Tiandao Sect, White Emperor who was famous in Dali Land, his attack strength was unparalleled, and he was very prideful. To actually want him to be a slave for 14 years?

Preposterous!

White Emperor Tian Guangming stared at Li Xiandao furiously, venting out his own frustration.

Li Xiandao acted as though it was a really simple matter; he made Seven prepare a contract. He picked up his pen and said, "Stop acting strong here. Despite how famous you were in the past, as time passes, you will still become weak. If you were really filled with anger, you would have flipped the table and left."

Tian Guangming's face turned green. He didn't say a word as he stood in front of Li Xiandao.

Li Xiandao's words hurt him.

Tian Guangming's reputation was huge, and as such, he was really proud, but in front of time, he was nothing.

If he was 500 years younger, he wouldn't hesitate to flip the table to leave and not even turn his head back.

But now, he couldn't be that determined!

"14 years?" His expression changed, becoming really bitter. Would he really become a slave for 14 years?

Li Xiandao nodded his head and said, "14 years in exchange for a chance. With these 500,000 God Source, you will have a chance to enter the next realm. Once you do, you will have thousands of years of lifespan, enough for you to expand your legacy."

These words were written clearly in black and white on the contract.

Tian Guangming remained really silent; he found it really hard to make up his mind.

"After you sign it, I will send you out to support my envoy and set up a bank in Dali Land. You will serve him for 14 years and after that, you will regain your freedom!" Li Xiandao said calmly.

He was buying insurance for himself as it was too dangerous to roam outside without some help.

"Just 14 years?" Tian Guangming considered a little and then confirmed.

Li Xiandao reached out and pointed, "The Bank of the Universe follows the contract and it is written really clear that I won't make you kill the innocent, nor will I make you go against your morals. But at the same time, if you go against the contract, I will kill you and bring your corpse back, sealing it in ice forever."

Tian Guangming carefully looked at the contract and confirmed that it was correct. With much difficulty, he finally signed his name.

Once he signed his name, the contract would come into effect. Li Xiandao looked at it with satisfaction and waved his hands.

Seven took out 500,000 God Source and passed them to Tian Guangming.

Tian Guangming took them and was satisfied; he finally obtained the God Source. He lost 14 years of freedom and pride but it was still really worth it.

This was because this was something he had to do.

"From now on, I will be controlled by you for 14 years." Tian Guangming said expressionlessly.

"Not me but my envoy. He is outside, so go meet him." Li Xiandao waved his sleeves and Tian Guangming was swept out of the Bank of the Universe.

Hong!

Within Spirit Illusion Holy Land's 100,000 large mountains, Li Xiandao took off his robe and golden mask and was back to normal as he stood back on the peak.

In a short moment, Tian Guangming appeared behind his back and looked on in shock.

Li Xiandao had no cultivation at all, so how could he be the Bank of the Universe's envoy?

Li Xiandao turned around and looked at Tian Guangming, "You are the helper who Sir found for me?"

Tian Guangming looked at Li Xiandao with a wronged expression. Helper, it is then; it was better than being called a slave.

"Right, I am!" Tian Guangming said expressionlessly. Deep down, he was unhappy. He thought that the envoy was an expert, but who knew that it would be a young man who had no cultivation at all?

He was the White Emperor and he had actually become the helper of a normal person with no cultivation at all!

If this was announced, it would be really embarrassing!

But since the contract was signed, Tian Guangming was unable to resist.

"This is Spirit Illusion Holy Land?" Tian Guangming looked around and found it familiar. Didn't this place belong to Spirit Illusion Holy Land?

"These 100,000 mountains belong to my Bank of the Universe now. What Spirit Illusion Holy Land, that thing has already disbanded." Li Xiandao placed his hands behind his back. The wind blew his shirt, but he didn't move at all as he spoke calmly.

"Spirit Illusion Holy Land disbanded?" Tian Guangming's eyes opened wide as he looked on in disbelief.

"Spirit Illusion Holy Land has a Celestial Artifact, so how were they disbanded?" Tian Guangming asked curiously.

"His Celestial Artifact belonged to the Bank of the Universe. 10,000 years ago, he signed a contract to borrow the Heaven Emperor Brush, but he chose not to pay it, so I came to collect debts." Li Xiandao entered the golden main hall.

Tian Guangming followed behind. His heart was filled with shock; Spirit Illusion Holy Land was disbanded just like that?

Till now, everything all didn't seem real!

What even was this Bank of the Universe?

It was actually so terrifying?

"Is there anything you need me to do?" Tian Guangming asked Li Xiandao.

Li Xiandao thought about it, "Nothing. Just return to White Emperor City and break through. If you can break through, then you would be of greater help to me. I will give you time."

Tian Guangming said in a weird tone, "If I go back and take 14 years to break through, then wouldn't the time be over?"

"I don't care. For you to be a slave for 14 years is not an insult, but an opportunity. How big are the Nine Skies and Ten Lands? My Bank of the Universe needs helpers and if you are unable to take the chance to become a dragon, then you will be the person who will have lost the most while in seclusion for 14 years." Li Xiandao didn't care at all.

He had enough watches, but did he lack a so-called White Emperor to be his helper?

Bank of The Universe #Chapter 18: Merging Talent - Read Bank of The Universe Chapter 18: Merging Talent

Chapter 18: Merging Talent

After sending Tian Guangming away, Li Xiandao returned back to the Bank of the Universe.

Thinking back to Tian Guangming's, who looked like a fool, Li Xiandao felt really amused.

If a frog at the bottom of the well didn't jump out, it would never know how wide this land was.

Li Xiandao had decided to let Guangming out to break through from the start. If he was smart, then he would instantly rush over after he broke through.

Li Xiandao, who returned to the Bank of the Universe once more, looked at Seven.

"Did anyone come?" Li Xiandao asked curiously.

"Not just yet and only 2 of the 10 watches found a master. The other 8 are still roaming to find suitable people." Seven shook her head.

"There is no rush, we are also lacking items right now and only have a few hundred thousand God Source. I gave the Celestial Artifact to Zhou Tianyu and if someone comes to trade, it would be a little problematic." Li Xiandao explained.

The watches didn't randomly find people, but based on what the Bank of the Universe had, they would find people who lacked that item to trade.

There were many who lacked God Source, but very few who the Bank of the Universe was interested in, which was why one was unable to find any.

Li Xiandao wasn't in a rush and he focused on all the talent that he had just received.

Prophet talent!

Seven said that this was a rare talent and one that one couldn't wish for.

What Li Xiandao lacked the most was talent.

He was already 18 years old and currently, he didn't even have a single bit of cultivation.

Embarrassing!

Li Xiandao was previously a slave and he didn't have any resources or any cultivation techniques and that was the reason why he was unable to cultivate.

In the three months that Li Xiandao transmigrated, he tried to learn techniques and now he had the resources to do so, but he still hadn't broken through. This was the problem with his talent.

"How is my talent?" Li Xiandao asked Seven.

"Truthfully?" Seven had a bit of an awkward expression on her beautiful face.

Li Xiandao nodded his head, "I want to hear the truth!"

"If I randomly find a beggar on the streets, he might have higher talent than Master." Seven said truthfully.

Li Xiandao kept silent and found it a little hard to breathe.

Those words were just so painful to the heart!

"Switch, I have to switch talents." Li Xiandao was decisive; if he did not switch talents, then he would be trash for the rest of his life.

Even if he developed the Bank of the Universe, he, himself, was still trash and Li Xiandao couldn't accept that.

Seven smiled, "Master, do you know why I asked you to switch for that talent?"

"Why?" Li Xiandao asked.

"That is because I can help you switch your talent. Not only that, but I can also activate the Prophet talent." Seven smiled gently and said.

Li Xiandao said with joy, "You can activate talents?"

If at the starting ages of the talent, one wasn't able to allow it to come into effect, it would remain dormant and await the time that it was activated.

But there were many common people in the world who didn't activate their talents.

Growing old and dying, greed, desire, love, hatred, bitterness... There were many such examples!

All sorts of examples would cause one to lose their focus in the journey upward, causing them to forget to activate and develop their talent.

This was why many people, when they were on the verge of death, wouldn't know that as long as they worked a little harder, they would become an elite person!

Only the minority would be able to maintain their heart and focus on the climb and what would walk out from that would be the most amazing and true self.

Those kinds of people were called geniuses!

There were many elites, each generation had many elites that were uncountable!

But in the end, only a handful of people could become geniuses!

This was why Li Xiandao was so shocked that Seven could actually activate talent.

"I am the Artifact Spirit of the Bank of the Universe, but I am also a real person. I have my own emotions and abilities. Apart from being unable to leave Bank of the Universe, I am no different from other people. So, does master want me to help you merge talent?" Seven smiled as she asked.

Li Xiandao looked at the beautiful face of Seven and nodded.

"Sit down." Seven instructed Li Xiandao to sit down.

"Close your eyes!"

Li Xiandao listened and followed her instructions.

"Clear your mind!"

Li Xiandao cleared his mind.

"Forget everything!"

Li Xiandao slowly forgot everything.

Seven took out Zhou Tianyu's talent from the jade box and slowly pulled out Li Xiandao's talent. In the end, he shoved Zhou Tianyu's talent in.

This was the first step!

The second step was the crucial merging!

If the talent was shoved in but repelled by one's body, then the problem would be huge and it would be easy for people to die.

This was why Seven was very well behaved and gentle as she carefully helped Li Xiandao merge with the talent.

Time passed really quickly during the merger.

In the blink of an eye, three days passed!

During those three days, Li Xiandao hid in the Bank of the Universe and didn't worry about anything else.

But there was a storm surging outside.

First was Spirit Illusion Holy Land being forcefully disbanded. They lost their Celestial Artifact Heaven Emperor Brush and their Holy Lord level Luo Shui and Sect Leader level Feng Luo both died. Everyone was so shocked their eyes fell out.

The entire Spirit Illusion Holy Land was occupied by a mortal, who had no cultivation at all.

The remaining people split into many small sects. They didn't have territory, so they snatched others. An ancient Holy Land suddenly falling caused many small sects to be established.

No one dared to find Li Xiandao for revenge!

Heaven Emperor Brush was so strong and terrified people to death. No one, from the elders to the deacons had the courage to do anything.

The long period of peace had wiped out Spirit Illusion Holy Land's hot blood.

During these few days, Tiandao Sect wasn't quiet either.

A Dao Pursuing Realm kid took a Celestial Artifact and charged outside Tiandao Sect, and said that he wanted to kill the son of the Sect Leader, Mingtu.

This spurred Tiandao Sect's rage when Sect Leader, Mingkun, came out to deal with the matter.

...

Within White Emperor City, White Emperor openly broke through. On the third day after he returned, he burned 500,000 God Source and used this power to break through all at once.

"Heaven Essence Realm has finally been reached." Tian Guangming's body changed and his white-haired disappeared, turning dark black. His loose skin became strong and he now had 1,000 years more to live.

"Cultivation starts from Foundation, going through, Ascension, Life Wheel, Dao Pursuing, Nirvana, Emptiness, Earth Branch, and Heaven Essence!"

Reaching the Earth Branch Realm was what the people of Dali Land commonly called the Sect Leader level.

Dali Land had many Sect Leaders who were at this realm.

Tian Guangming was at this realm a few days ago. In addition to the overbearing techniques he cultivated, he could fight one against 10, which was why he was called White Emperor.

But even someone as strong as him was unable to fight someone of the Heaven Essence Realm.

Heaven Essence Realm was the Holy Lord level of strength.

It was the realm that Luo Shui was at.

Now, Tian Guangming had reached that realm and completed his wishes.

Hong!

Just as Tian Guangming was feeling happy, at the Tiandao Sect entrance, a giant aura surged, causing Tian Guangming to look over.

"This is... The power of a Celestial Artifact!" Tian Guangming's expression changed. He didn't expect Zhou Tianyu to head to Tiandao Sect so quickly.

"Go take a look, I want to witness the strength of a Celestial Artifact too!" Tian Guangming took in a deep breath and headed toward Tiandao Sect right away.

Chapter 19: Strength Of Celestial Weapon

Tiandao Sect, a top power in Dali Land, was much stronger than some ancient holy lands.

In front of Tiandao Sect, Spirit Illusion Holy Land could be totally disregarded.

Spirit Illusion Holy Land had over 10,000 disciples and was passed on for 100,000 years, occupying 100,000 mountains, and had numerous resources.

Tiandao Sect had a few hundred thousand disciples and was passed down for a million years, occupying many secret areas. It also had a bit of a relationship with the Celestial World and was connected with the other Nine Skies and Ten Lands.

This was also the reason why Tiandao Sect disciples were so overbearing.

This was because, in Dali Land, they were the bosses; it might have even been right to consider them the top power.

Tiandao Sect didn't even think that one day someone would target them and insult them at their entrance.

This was something they always did to the outside world.

When Zhou Tianyu brought the Celestial Artifact Heaven Emperor Brush to head over to Tiandao Sect, he made no effort to suppress the hatred in his eyes.

His parent's debt!

His family's debt!

His beloved brother and sister!

The girl he grew up with since he was young!

Everything in this life was ruined by Tiandao Sect!

Zhou Tianyu would even enter the demon path to borrow strength to wipe Tiandao Sect out!

Luckily, the Bank of the Universe gave him this chance, otherwise, he would have gone crazy from the daily torture he suffered.

"Today, I, Zhou Tianyu, am here to claim my blood debt!" Zhou Tianyu's eyes turned red as he stepped toward Tiandao Sect. His aura swelled up.

Although he was only at Dao Pursuing Realm, he used his talent to exchange for a Celestial Artifact.

He was confident in this Celestial Artifact.

Hong!

The moment Heaven Emperor Brush floated out, its jade-like body shone brightly, attracting a great deal of attention.

In the next moment, Heaven Emperor Brush lightly brushed in the sky and a word appeared.

Peng!

Explosion!

The mountains all around Tiandao Sect collapsed. In front of Zhou Tianyu's eyes, a series of fireworks spread out and it was extremely beautiful.

"Who is so bold to act so arrogantly in my Tiandao Sect? You are just asking to die!"

"I haven't revealed my strength in a long time and someone actually dares to come and bully, preposterous!"

"No matter who it is, an expert of the righteous path, or an emperor of the demon path, you will die today."

"Tiandao Sect disciples listen up, lock down the area such that this person can't leave!"

Everyone cursed out and those sounds filled up the whole area, reverberating through the mountains. They were filled with rage and hatred.

When had Tiandao Sect ever been humiliated like that?

The enemy had reached their entrance and even shattered their mountains; he was just asking to die!!!

When Zhou Tianyu heard these words, he gave out a mocking smile and said, "I didn't think about fleeing. In the world, the power of reason is the most important thing; I am here to reason with you all."

Reason!

This was what Zhou Tianyu insisted on.

I didn't offend you but because you were interested in my fiancée's looks, you killed my entire family and raped my fiancée!

You were wrong!

This is why even if I risk my life, I will reason with you all.

The killer must pay with his life and that is the law of the land!

This reason will be birthed from the Heaven Emperor Brush!

The Tiandao Sect Elders and disciples all gathered, but Zhou Tianyu didn't fear anything. He stepped out and stood on the Tiandao Sect square.

"Mingtu, come out and pay!" Zhou Tianyu said coldly.

"Bold. Is Senior Brother Mingtu's name something you can call directly?" A disciple cursed.

He was the best at sucking up and he knew it.

Zhou Tianyu looked at him, his eyes were calm and unaffected. You protecting Mingtu means that you are an accomplice.

Since you are an accomplice, then you too must die!

Zhou Tianyu held the Heaven Emperor Brush, as it moved, a 'death' word appeared. Instantly, that disciple, who sucked up, died.

There were no signs of what happened at all; he died just like that.

Such that Tiandao Sect disciples were terrified. They couldn't help but move away, what was going on?

"People who help Mingtu today will be seen as his accomplices and I will kill you each and every one of you!" Zhou Tianyu warned in advance and looked at the mountains as he shouted.

"Mingtu, the remaining person from the Zhou Family, is here to reason with you!"

"My Tiandao Sect doesn't need to reason with you!" An old and cold voice replied. Along with a sharp and fierce palm that covered the area and wanted to kill Zhou Tianyu!

Explosion!

Death!

Many Tiandao Sect Elders looked on coldly at that strike.

They all felt that Zhou Tianyu, who was only at Dao Pursuing Realm, would definitely die.

However, Tian Guangming was not included among them!

He stood on a mountain peak and his eyes were really cold as he looked at Zhou Tianyu. Especially at the Celestial Artifact that Zhou Tianyu held in his hands, Heaven Emperor Brush!

He was probably the only person there who knew that it was a Celestial Artifact.

Tian Guangming's Sect Leader attacked; he had to protect his son, to kill Zhou Tianyu. This made Tian Guangming laugh coldly.

"This is the outcome for spoiling your future generations, resulting in him being so lawless and arrogant. You made him fear nothing in the world, so you are pretty much scum. Tiandao Sect has too many of such people; generation after generation, it has become worse. If not for your foundations supporting, then it would have totally collapsed." Tian Guangming laughed coldly. He didn't have any children, so he could give his opinions rationally.

Mingtu's sins would be repaid in full by Tiandao Sect!

He deserved to die!

If Tian Guangming was the Tiandao Sect Sect Leader, he would definitely order them to kill Mingtu.

But unfortunately, the Sect Leader was Mingtu's father and he decided to keep Mingtu alive and tried to kill Zhou Tianyu, turning the big matter into a small one.

"You deserve to die!" Zhou Tianyu's gaze became violent. He came to reason but the opposition actually slapped him without saying a word, wanting to kill him.

"Since you are not listening to my reason, then let the Heaven Emperor Brush reason with you!" Zhou Tianyu laughed coldly. He let go and allowed the Heaven Emperor Brush to float up.

"Kill him!" Zhou Tianyu gave a cruel order.

Heaven Emperor Brush swelled up; its body grew to 100 meters in size and it wrote a few words in the air.

Unstoppable Thunder!

The moment the few words were written, the color of the sky changed, many clouds gathered, and dark clouds covered the sky.

Explosion!

Many strikes of lightning shot down, slicing off Tiandao Sect's palm. This caused many of the elders to look on with their mouths wide open.

"What artifact is that?"

"It wrote a few words and was able to cause such a huge earthquake. Is that a Celestial Artifact?" An Elder guessed.

"Celestial Artifact!!!"

"That is actually a Celestial Artifact?"

"How would a Celestial Artifact listen to a Dao Pursuing Realm kid?"

"If it is not a Celestial Artifact, then how would it be so strong?"

Tian Guangming looked on and smiled; Tian Guangming teaching clowns and failing was something he loved to see.

"Later on, you will know how big of a problem your son has caused for you. With just your bit of cultivation, you won't be able to block at all." Tian Guangming laughed coldly as he made his mind up to not interfere and just enjoy the show.

The Tiandao Sect Sect Leader who was hiding in the random area in the clouds didn't bother about Zhou Tianyu at all. He treated him like an ant that he could casually smash to death.

But who would guess that this ant would bite him? Although he wasn't injured, he lost all his face.

The Tiandao Sect Sect Leader stepped out, crossing 300 miles. He wanted to land on the hall and cut Zhou Tianyu into eight pieces.

But at that moment, Heaven Emperor Brush showed off its strength once more. He locked onto him and wrote a word in the air.

Slash!

A sharp sword glow appeared in the sky and flew forward. It caused the Tiandao Sect Sect Leader's expression to change and he tried to block it. However, it was useless as his body was sliced into many pieces.

Tiandao Sect Sect Leader was dead!

Chapter 20: Tian Guangming, Step Out!

Celestial Artifact Heaven Emperor Brush's attacks instantly and unexpectedly killed Tiandao Sect's Sect Leader.

Even if everyone guessed that it was a Celestial Artifact that was really strong, they didn't expect that it would be so strong to instantly slay Tiandao Sect's Sect Leader.

Tiandao Sect Sect Leader Mingkun had Holy Lord level of strength. Even if he wasn't that strong, he shouldn't have been killed by a Dao Pursuing Realm kid, right?

Even if this kid held a Celestial Artifact in his hands, could a Dao Pursuing Realm person utilize a Celestial Artifact?

The strength of the artifact depended on the strength of the user.

Dao Pursuing Realm probably wouldn't even be able to use a Celestial Artifact, much less kill a Holy Lord expert?

Everyone from Tiandao Sect, from bottom to top, was totally confused.

Even Tian Guangming, who knew what was going on, was stunned.

He only guessed that Mingkun would suffer, but he didn't expect Mingkun to be killed right away.

That was just too much, right?

"Can a Celestial Artifact be used without a master?" Tian Guangming couldn't help but ask himself.

Zhou Tianyu didn't care about their shock. He saw the Heaven Emperor Brush kill the Tiandao Sect Sect Leader instantly and couldn't help but laugh out loud.

"Father, mother, brother, sister, your spirit in heaven can rest. Today, I will definitely take revenge for you all, I will make him pay for what he did!" After smiling, Zhou Tianyu hollered in rage. The rage that he suppressed at the bottom of his heart could finally be released.

"Who are you? We have no animosity with one another, so why did you bring a Celestial Artifact to cause problems at my Tiandao Sect?" A Tiandao Sect Elder stood out and chided.

They didn't dare to underestimate Zhou Tianyu, who had a Celestial Artifact.

"No animosity?" Zhou Tianyu laughed and his gaze turned cold.

"You should ask your Young Master Mingtu whether or not he knows me!" Zhou Tianyu said coldly.

"Mingtu!" This Elder's expression changed. He immediately thought about Mingtu's arrogant personality. He turned around and hollered, "Bring Mingtu over!"

Even the Sect Leader was dead so no one was protecting Mingtu. The atmosphere around Tiandao Sect was a little different.

A moment later, Mingtu cried out as someone dragged him over.

Peng!

Mingtu was tossed on the square. When he saw Zhou Tianyu, he was terrified. His legs went soft and he retreated.

When Zhou Tianyu saw Mingtu, the energy in his body went berserk.

This person had wiped out his family!

This was the person who raped his fiancée!

This person made him give up anything and everything to take revenge!

"Mingtu, do you recognize me?" Zhou Tianyu gritted his teeth and said.

Mingtu looked at Zhou Tianyu's gaze; he could see that he wished to swallow him alive and rip his skin apart. He was instantly terrified and said, "Zhou Tianyu, I am sorry about your family. I can compensate Source, Spirit Meridian, Artifacts, techniques, but just let me go."

Mingtu personally witnessed his father being killed and at this point was petrified, so how would he be courageous enough to fight and argue with Zhou Tianyu? He even wanted to take out all his assets and pass them to Zhou Tianyu, in exchange for a chance to live.

"I had all of that, but you destroyed everything. Now, I have nothing. Can you return the girl I loved?" Zhou Tianyu roared out viciously.

Mingtu was so petrified that he fell to the ground. Zhou Tianyu looked just like a ghost that had climbed out from hell and wanted to take his life.

"Great Master save me." Mingtu looked at the top Elder under his father and begged.

The Elder sighed and stepped out, "Friend, Mingtu has paid the price; you have killed his father, but can you let him off? "

"Why are you helping him?" Zhou Tianyu asked coldly.

The Elder said bitterly, "After all, this is my disciple."

"Arrogant only because of the backing of these elders; otherwise, he wouldn't have become so bold, and wouldn't have wiped out my family and raped my fiancée. Today, you even dare to say such bold words. He made a mistake and you are at fault for that too. Die!" Zhou Tianyu raged, he couldn't suppress his rage any longer as he activated the Heaven Emperor Brush.

Dong!

Heaven Emperor Brush directly landed and a giant 'death' word appeared in mid-air, smashing into the Elder's head.

The Elder was unable to find back. He was quasi Holy Lord level of strength and his death was just too tragic.

Mingtu was stunned as he looked on; his eyes were filled with despair. The two backers behind him had all died!

Now, who would save him?

The other Elders of Tiandao Sect were solemn and felt like this was really problematic. He stared at Zhou Tianyu, but they weren't able to do anything.

"This is the strength of a Celestial Artifact. The core Celestial Seals have been opened which is why it is so strong. Unless a really strong person attacks, we won't be able to block. What should we do?" An Elder frowned.

The strength of the Heaven Emperor Brush was too much for them.

A small Zhou Tianyu couldn't be considered much.

"Go ask the Grand Elder!" An Elder said right away.

But the moment he said this, an old person floated above the square and appeared right in front of Zhou Tianyu. He stared at the Heaven Emperor Brush's attacks and just walked like nothing was happening.

"Friend, I am the last Sect Leader of Tiandao Sect and have retired behind the scenes. Here I apologize to you on behalf of Tiandao Sect." The old man bowed respectfully.

Tiandao Sect's Elders all didn't say a word.

Since the Grand Elder appeared, what else could they say?

"My Zhou Family has 149 people, my fiancée's family had a dozen; all of them died because of your Tiandao Sect disciple. Can a simple apology wipe that away?" Zhou Tianyu laughed coldly as he didn't accept that apology.

Tiandao Sect's Elders stared at Zhou Tianyu in rage. He felt like he was too much. The Grand Elder was a person close to Holy Lord level and he actually didn't accept his apology?

Do you really think that because of a Celestial Artifact you can do whatever you want?

"My Tian Guangming will hand everyone related to Mingtu over to you for you to handle them." Tian Guangming walked over and said in a loud voice.

The Grand Elder looked at Tian Guangming and he frowned. But looking at the Heaven Emperor Brush, which was about to attack once more, he suppressed his temper and nodded.

"Friend, Mingtu killed your family, so now you can kill him. I will hand over everyone who is blood-related to him, including those disciples who have been causing problems with him." The Grand Elder said.

Zhou Tianyu laughed coldly, "Okay, pick them all out. Tian Guangming, don't try to con me."

Tian Guangming shook his head, "Why would I dare?"

The two of them recognized one another and naturally they couldn't bluff each other.

Tian Guangming knew who the Heaven Emperor Brush belonged to and he also knew how much Zhou Tianyu wanted to take revenge. He also knew how terrifying the Bank of the Universe was, which was why he stepped out after the Sect Leader died.

The Grand Elder looked at Tian Guangming and said weirdly, "White Emperor, you broke through?"

White Emperor Tian Guangming rose from Sect Leader level combat strength to Holy Lord level of combat strength. With his terrifying techniques, he could stabilize at that level.

This time, was it a blessing or a bane for Tiandao Sect?
