## **Chapter 141: 160**

### **Old Monk Comes To Visit**

On the side of the Legacy Hall mountain peak, Li Xiandao was slowly moving upwards. At the Ten Thousand Dragon Empire, Long Mixu was starting to ascend to the throne.

She became the first Empress in the history of Ancient Desolate Land.

This first-time occurrence brought with it a lot of discussion and debate.

The Confucians cursed her so badly like she had dug out the graves of their ancestors.

Even when the Head of Scholars stood out and openly supported Long Mixu, he was only able to slightly suppress them. There were even many who scolded Sage Zhang for doing that.

Long Mixu didn't take all these comments to heart. No matter how the Confucians scolded her, as long as she had control of the army and the policymaking, they still had to work for her.

Starting classes, organizing imperial examinations, and selecting talents, just to mention a few of the things they had to do. Long Mixu sent out a series of policies really quickly and helped to shut up the mouths of many of the Confucians.

Compared to the Confucians scolding her, she was more worried about the Royal Family. To handle this, she was merciless and killed all the useless children in the Royal Family.

Everyone in the Royal Family, those who didn't join her cause, those who did evil things, those who harmed the people, were all killed.

Her series of killings shocked everyone.

No one expected Long Mixu to turn her blade on her family members right after she took the throne.

100,000 Royal Family members were killed. Their houses were searched and possessions confiscated, collecting close to 10 years of Ten Thousand Dragon Empire taxes.

Her actions rendered all the officials and generals speechless.

Since they had committed so many sins and there was enough evidence, all of them were killed!

Long Mixu's second action was targetted at the officials, their children, and their loved ones.

Those who cheated on their partners, extorted money, participated in corruption, and took bribes, all of them were killed.

With the army under her control, the old ancestors on Dragon Hiding Mountain didn't dare to interfere. Long Mixu let the army take over Shengjing and she started to give order after order.

All of a sudden, all the officials and generals were terrified. All of them started to draw lines to separate themselves from each other and also to protect themselves.

These two moves cleared out the entire nation and filled up Long Mixu's coffers. She was able to get a few decades worth of taxes which made all the policies she was planning to lay out feasible.

Her third move was to pardon everyone, releasing all the civilians who were suffering in jails and helping to clear them of misjudged crimes...

After these series of moves, Long Mixu had full control of the Ten Thousand Dragon Empire.

The public opinion of her instantly changed and they started to worship her!

Long Mixu gained the praise of all the officials and generals and her position was solidified.

Of course, some were worried that she would marry other guys and that the kid would take over the throne. If that happened, the Royal Family would change and the Ten Thousand Dragon Empire would not belong to the current Royal Family anymore.

To solve this, she enacted a law that stated that she wouldn't be allowed to marry while she was in charge. After she gave up the throne, she would choose someone worthy in the Royal Family to take over. Only then was she able to shut all their mouths.

In the dark, Long Mixu hugged her good sister and said comfortably, "With this decree, I don't have to worry about marriage and can have a good life with you."

Sister Min was still really shocked. "It's only been such a short time and you actually became the Empress. That's quite unbelievable."

Long Mixu laid in her arms. "I told you that the throne would definitely be mine."

"Now that you are the Empress, I shall be your shadow." Sister Min said.

"Okay, I shall hand all my intelligence over to you." Long Mixu kissed her.

"I will help you stabilize the country." Sister Min said firmly.

....

On this side, Long Mixu started to get on the right path, officially taking control of the Ten Thousand Dragon Empire and strengthening it.

On the other side, after the old monk returned to his cave, apart from cultivating, he would study the red watch.

Under the white clouds, surrounded by nature and with a light breeze, the old monk was resting in his rocking chair. He held the red watch in his hand and stared right at it.

"What is so magical about this thing?" The old monk muttered.

He studied it for a period of time and he didn't notice anything.

The watch wasn't a treasure at all. He wanted to break it open but he realized that he had to shatter it first.

However, this watch was giving him false hope that shattering it could bring him to a mysterious place where his wishes could be fulfilled.

"My wish is to fly but no one in Ancient Desolate Land can help me fulfill this wish. Do you still want to help me?" The old monk scoffed and didn't believe that it was possible.

*Kacha!*

In the next second, he shattered the red watch.

His body slowly disappeared. He looked on in shock. "I prophesied it several times, so there shouldn't be any danger."

Before shattering the watch, the old monk sincerely prophesied nine times.

Nine times was all good luck!

There was no danger at all!

This was why he dared to shatter it. But looking at his body slowly disappearing, he started to worry.

“Where are we going?” The old monk was shocked.

....

When the mist scattered, Li Xiandao saw the third tomb.

Mountain Hermit's Tomb!

This was an old monk known as Mountain Hermit. Li Xiandao recalled that 30,000 years ago there was a top talent who became a Celestial and entered the Celestial World. After entering, he came back down and said that it wasn't as perfect as he thought it would be.

This person was Mountain Hermit.

This was his only introduction and everyone thought that he went into seclusion.

There were even many who said that he could still be alive.

After all, a Celestial might have been able to live for 30,000 years.

Li Xiandao didn't expect that he would be buried here.

When Li Xiandao was about to pray to him, Seven's voice rang in his ear. “Master, you have a guest.”

Li Xiandao could only stop and say regretfully, “I can only come next time to comprehend your Dao.”

“Great, I will wait for you.” A straightforward laughter that came from the Mountain Hermit's soul replied to Li Xiandao.

Li Xiandao turned around and when he appeared once more, he was in the Trading Hall.

“What happened to your chest?” Seven pointed and asked.

Li Xiandao's heart was still dripping and two sword wounds were clear to see.

Li Xiandao replied, "It is okay, I died twice just now."

Seven tilted her head. *Just died twice?*

Li Xiandao had suffered enough pain from the two wounds. With a wipe of his hand, the wound healed up.

In the Bank of the Universe, Li Xiandao was invincible. He could get injured but he would definitely not die.

"Who is the guest?" Li Xiandao asked with a weird expression.

"Someone you know!" Seven smiled.

"Again?" Li Xiandao was shocked.

Seven nodded her head.

## **Chapter 142: 20-Year Employee Contract**

Within the Trading Hall, Li Xiandao met the new guest.

It was an old man, a sage-like old monk, with a bright red face.

Li Xiandao swept the old man's hands with a weird expression.

It was perfect!

Li Xiandao knew that he had fallen for his tricks.

The face hidden under the mask was filled with emotion as Li Xiandao anticipated how the old monk would react after he saw him.

....

What kind of expression?

He looked like he had just eaten shit!

The old monk totally didn't expect the person behind the red watch to be the world crosser who all of them had gone to attack!

Was there something more unbelievable than that?

He had sacrificed one of his arms in order to escape and now that he had recovered it, he felt a bit awkward.

"I want to leave now... Can I?" The old monk muttered.

"Please sit." Li Xiandao didn't bother about him and spoke calmly.

The old monk reluctantly sat opposite Li Xiandao.

"Guest, since you have entered the Bank of the Universe, what wish would you like to fulfil?" Li Xiandao acted as if nothing happened before and asked in a normal voice.

"I don't have a wish." The old monk hesitated and said.

"Okay, then I will send you out. Moreover, I will never receive you for the rest of your life. You will also forget about the watch and everything about this." Li Xiandao said calmly and didn't try to persuade him.

The old monk was stunned. He didn't expect things to be so simple?

He let him go just like that?

"Then, I will leave?" The old monk stood up and asked.

Li Xiandao nodded and stretched his hand out, "The door is there, go out."

The old monk hesitantly walked towards the door. He turned his head every three steps to see whether or not Li Xiandao was going to stop him.

If Li Xiandao did, then he wouldn't stay.

Li Xiandao didn't even look at him; he stood up and was prepared to leave too.

There were just too few people who entered the Bank of the Universe and left without trading anything.

That was because no one with no desires would be able to enter the Bank of the Universe.

The red watch wouldn't find such a person either.

The old monk walked to the entrance and Li Xiandao still didn't try to stop him. He turned his head and saw that Li Xiandao was about to leave too. He felt really anxious.

"Haiz, let me understand this situation." The old man turned around and sat in the chair.

Li Xiandao sat down too and looked calmly at the old monk.

As he wore the dark, gold mask, the old monk's psychological trauma surfaced and he was terrified. "I want to know whether or not you can help me block the tribulation?"

Li Xiandao immediately thought about his cultivation.

The old monk was really strong and apart from the Great Ocean Saint Turtle, he was the strongest in the entire Ancient Desolate Land.

The key was that due to his passive nature and long lifespan, if he tried to fly, the tribulation would be terrifying.

"Of course." Li Xiandao smiled confidently.

"My tribulation is really terrifying." The old monk reminded Li Xiandao.

Li Xiandao nodded his head. Of course, he knew that it would be terrifying.

But so what?

The old monk frowned, "What solution do you have?"

"Isn't your goal just to leave Ancient Desolate Land and head to higher worlds to cultivate?" Li Xiandao asked.

The old monk nodded his head and said helplessly, "When I broke through in the past I was unsure and didn't fly up right away. When I got much stronger and wanted to fly, the tribulation was already too thick."

Li Xiandao asked, "I can solve your problem but what can you give to me?"

The old monk went silent.

"Since ancient times, there has been give and take. If I help you solve the tribulation, what repayment can you give me?" Li Xiandao asked calmly.

The old monk frowned and thought about it.

What treasures did he have?

God Source? He had scattered them all on the flowers and trees.

The old monk did have some treasures that had been nurtured for over 10,000 years. They were connected to his aura and couldn't be given away.

What else did he have?

The old monk thought about it and had no idea. He asked Li Xiandao, "What do you think I can pay?"

Li Xiandao pointed and said firmly, "You!"

The old monk took a step back and his expression froze, "I am already 10,000 years old and have become ancient and tired. I can't battle anymore. I can't do that with you."

"Moreover, your taste is a little heavy. I am so old and you can do it. That is just such a special taste." The old monk looked at Li Xiandao in amazement.

Li Xiandao's expression turned black. Luckily, he wore the mask, otherwise, his expression would have been extremely ugly.

"If it was 5,000 years ago I could maybe just accept it. But now I need to think about it before I can give you an answer." The old monk touched his butt and had a feeling that he was about to suffer.

Slice!

Seven couldn't help but cover her mouth and she left.

Li Xiandao stood up and said furiously, "Your thinking is really problematic. Seven, take a 20-year employee contract for him and let him consider it."

After saying that, Li Xiandao angrily walked out of the Trading Hall after talking to the old monk.

Seeing Li Xiandao walk away, the old monk muttered, "Did I understand it incorrectly? You were the one who described it incorrectly, okay?"

Seven passed the old monk a contract.

"What is this?" The old monk was shocked.

"A 20-year employee contract. Look at it yourself." Seven said softly. After saying this, she ran after Li Xiandao.

....

Outside the Trading Hall, Li Xiandao stood with his arms behind his back. He looked at the mountains that were all sealed. As of now only, three were unsealed.

Clouds and mist circled them and they were a beautiful sight. Even with the restrictions, Li Xiandao could see how beautiful the scenery was.

If he unlocked the restrictions, how beautiful would the Bank of the Universe be?

Li Xiandao couldn't help but anticipate the future.

"Are you looking at the scenery?" Seven walked beside Li Xiandao. One tall and one short person admired the view, shoulder to shoulder.

"How is he?" Li Xiandao asked.

"He is reading it." Seven said, "You are paying a lot of attention to him."

"He is one of the few abnormalities that I have seen in the entire Ancient Desolate Land." Li Xiandao said. He didn't show any rage that he had shown previously.

"Abnormality?" Seven didn't understand what Li Xiandao was saying.

"This person's lifespan is at least 50,000 years."

"That is impossible. He is only at Countless Sands Realm, so at most, it should be 15,000." Seven shook her head.

Li Xiandao said, "I also think that it is impossible but that is the truth. With his current improvement speed in the technique he is cultivating, after leaving Ancient Desolate Land and obtaining large amounts of spiritual energy and resources, his lifespan will continue to increase."

"That is weird. What technique is he cultivating?" Seven frowned.

"Constant Youth Celestial Technique!" Li Xiandao said.

"Isn't that technique really basic?" Seven was surprised. This was the most basic of techniques and the monk was able to reach his current realm?

"Is he a treasure?" Li Xiandao asked.

Seven nodded. "He really is."

"That's why I pretended to be angry to pressure him. As long as he signs, this treasure will be mine. After 20 years, he definitely won't want to live in the Bank of the Universe." Li Xiandao said confidently.

## **Chapter 143: Old Priest Signs**

Li Xiandao and Seven admired the scenery for a while before they walked into the Trading Hall.

The old monk looked intently at the contract and didn't move for a long time.

Li Xiandao sat in his seat and looked at him. "What do you think?"

The old monk looked at Li Xiandao solemnly and said, "If I sell 20 years to you, will you send me around to kill others?"

Li Xiandao looked at him with a weird expression. A cultivator was actually so afraid of killing people?

"To date, the number of people I have killed can be counted on less than two hands. Unless they are unpardonable, I will not kill them. I will find it very difficult to kill other people if you ask." The old monk said.

Shocked, Li Xiandao asked, "There is only one word in the journey of cultivation: fight!"

"If you didn't kill anyone, then how did you reach such a stage?" Li Xiandao was really interested.

He knew that the old priest cultivated the Constant Youth Celestial Technique but even then, it was impossible that he killed less than 10 people in 10,000 years.

In the path of cultivation, even if you don't find trouble with others, they would find trouble with you. Sometimes, you would be forced to attack others.

The old priest smiled. "Cultivation requires one to fight. Everyone is fighting, but the path I chose is to let."

"Let?" Li Xiandao looked at him in confusion. A terrifying thought suddenly appeared in his mind.

Is this old priest like Voldemort?

The old priest smiled and said, "In the words of a high monk, people in the world will cheat me, bully me, laugh at me, look down on me, insult me, lie to me, do evil to me. But what can I do about that?"

Now, Li Xiandao was sure that this person was Voldemort.

“As long as I let him do what he wants, avoid him, bear with him, respect him, not bother him, after a few years, look at what will happen.” The old priest answered his own question.

Li Xiandao asked, “Then, how many years from now will you meet that person?”

The old priest thought about it and said, “Over these 10,000 years, I have seen many people who lived arrogant lives, who fought one another, and in the end, they returned to the soil. No one remembered their stories.”

“All the people who have insulted me over these 10,000 years are dead. Those who I have avoided have all died too. I am still alive and I can live for a long time. These 20 years are nothing to me and if you are willing to take me out and solve the tribulation, I am willing to sign.” The old monk was serious.

“My only request is for you to not make me kill a lot of people as I don’t like killing.” The old priest requested.

Li Xiandao looked at him and asked, “You don’t like to kill because you don’t like being in danger?”

“I don’t like either. I just like to have a peaceful and quiet life cultivating my own path and comprehending my own techniques. Let the world go its own way and time flow, I will still be myself.” The old monk said firmly.

*Da da da!*

Li Xiandao’s long finger tapped on the table, which reverberated a clean and crisp sound. He looked at the old priest and was extremely sure that he was just like Voldemort.

Moreover, he was one with no attack strength at all.

Maybe he was really strong but he didn’t want to attack; instead, he wanted to win by a battle of attrition.

As time passed, he would become stronger and his enemies would die.

Numerous enemies appeared over 10,000 years and the old priest witnessed a lot. Such that it reached a point when he became used to this series of actions.

*I won’t hit you!*

*I will just waste time with you!*

Then, when you are running out of lifespan, I will go to your tomb and pour a cup of wine for you.

The enemy could have forgotten him but he would remember.

“I promise that I won’t make you kill anyone. I will only make you do missions. If you can’t kill, then don’t kill. You just need to complete the mission I send you on.” Li Xiandao nodded his head.

The old priest was satisfied. “Then, I will sign it.”

*Shua shua!*

The old priest decisively wrote down his own name. Just one look and Li Xiandao frowned.

“Your name is Taoist Priest?” Li Xiandao asked.

“I forgot my own name.”

The priest looked at Li Xiandao with an awkward smile.

Li Xiandao frowned. “Just use your thumbprint.”

The old priest pressed his thumb down on it.

Li Xiandao was satisfied. He closed the contract and passed it to Seven.

“What should we do next?” The old priest asked Li Xiandao.

“Head back. After a period of time when we leave Ancient Desolate Land, I will call you. When the time comes you won’t need to face the tribulation and will be able to leave this place.” Li Xiandao waved his hand and said.

“I just go back like this?” The old priest was shocked.

“Right, we still have to spend some time in Ancient Desolate Land, but it won’t be long, so just take a short break.” Li Xiandao nodded his head.

“Then, I will head back.” The old priest felt like he had fallen into a trap. This was too simple?

Li Xiandao and Seven looked on as he left.

“How can a tribulation worry a Countless Sands expert so much?” Seven didn’t understand.

Li Xiandao smiled, "If he goes all out, even if he is injured, he will survive it."

"But unfortunately, his life has been peaceful and he has no will to fight. He also doesn't want to fight to the death. His first thought will be to outlive people. As long as he lives longer and runs faster, then he won't get into trouble." Li Xiandao understood the old priest's attitude.

Coward...

Or rather he was really safe!

Too safe.

He was just too much of a coward.

But there was no choice as he had always been like that. Even till now, he hadn't used his skills much at all.

*Anyway, he will be able to live and you won't be able to outlive him. He shall let him be proud and when you die, I will still be alive.*

"This personality should be of much help to us." Seven frowned. In the past, he felt like the old priest was a treasure but now he felt like he was a huge treasure!

Li Xiandao shook his head, "Don't you think he is very interesting?"

"Interesting?" Seven frowned and looked at Li Xiandao.

"A person who has lived his entire life with such safety has entered the Bank of the Universe. He is the strongest person apart from me but he is safer than anyone else. He isn't safe but he is just totally lost in his own personality." Li Xiandao smiled.

"If I give him a dangerous person and cruel mission, he would have to go. Then, what will happen?" Li Xiandao grinned. He wanted to see the old priest change his personality.

Seven relaxed and nodded. "That makes sense. We can wait and see."

Li Xiandao was about to head to the Legacy Hall to find those ghosts but Heaven Heart's voice spread in.

"Master, you told us to collect debts, and over these past few days, we have collected them all. Only Moon Angel Usuna has dealt with a dangerous contract." Heaven Heart contacted Li Xiandao.

"What's the problem?" Li Xiandao asked.

"The owner is dead and we can't get the compensation." Moon Angel Usuna's voice rang out.

Li Xiandao looked at Seven.

"Impossible, a dead debtor would result in the contract destroying itself." Seven shook her head and said firmly.

## **Chapter 144 Ice Plains Demon Sect**

Seven's words caused Li Xiandao to ask Moon Angel Usuna in a serious tone, "Are you sure the debtor has died?"

Moon Angel Usuna's feminine voice spread into his years, "I confirmed once and ask Lucifer and Heaven Heart to confirm once. All of us think that she is dead."

Seven's face turned solemn. She stared at Li Xiandao without even the slightest smile on her face, "I still believe in my thoughts, that the Bank of the Universe won't be wrong. Moreover, this place is still Ancient Desolate Land and the people here are slightly weaker. It is not possible for mistakes to occur here."

Li Xiandao nodded as he chose to trust Seven.

Of course, it wasn't that he didn't believe in the three of them. After all, they did investigate and all confirmed that she was dead. This meant that there was a problem.

Li Xiandao said to Moon Angel, "All of you wait there, I will go over and take a look."

"Yes, Master!" Moon Angel Usuna ended the conversation.

Within the Bank of the Universe, Seven thought about it and said, "When you are investigating you must be careful. There is definitely something wrong with this. It is definitely regarding the debtor." Usuna and the others were on the same side and they couldn't have made a mistake. The most suspicious person was the one who signed the contract.

Li Xiandao nodded his head and smiled, "Why are you so solemn? I do believe you."

Seven rolled his eyes at Li Xiandao and said, "This is my job. You passed all the contracts to me and now that something has happened, it is my mistake."

Li Xiandao shook his head, "This matter is still uncertain, so there is no need to be so anxious about it. I will come back quickly after taking a look."

With a step forwards, Li Xiandao's body disappeared. He turned into a sword, slashing through the sky and heading towards where Moon Angel Usuna and the others were.

Hong!

The sword energy broke through the sky. The moment Li Xiandao left, the sky was really calm but within 10 seconds, the air around exploded and started to crack. Large ripples started to appear.

He moved quickly, causing the air behind him to surge and curl up. It was like he was surfing in the sky.

Ten minutes later, Li Xiandao arrived where they were.

Li Xiandao traveled as fast as he could and arrived in 10 minutes. After all, the black soil land occupied half of Ancient Desolate Land and was a long distance away from the icy area.

Hong!

Li Xiandao landed along with the rumbling clouds behind him. He stabbed into the ground like a sword and when the sword energy around him dissipated, his body appeared in front of the three of them.

Fallen Angel Lucifer, Moon Angel Usuna, and Heaven Heart said respectfully, "Greetings Master!"

Li Xiandao wore a golden mask and wore a purple robe. He asked, "What is going on?"

Moon Angel Usuna and Fallen Angel Lucifer looked at Heaven Heart and wanted him to explain the situation.

Heaven Heart said, "Master, this is what happened."

Li Xiandao listened intently.

"There were 150 contracts. Each one of us had 50 to do. We ran all around the land to places and sects around Ancient Desolate Land claiming debts and demanding for compensation fees."

"This matter was supposed to end here. Lucifer and I have finished in advance and Moon Angel has completed 49 of her contracts. This was the final and only problematic contract." Heaven Heart said.

"The debtor is dead?" Li Xiandao asked.

Heaven Heart nodded. "Right. We thought that she was faking it or she was hiding from everyone but when she checked her grave, we all confirmed that she was already dead."

"This was why we reported to Master." Heaven Heart said solemnly. He knew that since the debtor was dead, then the contract was trashed.

But since the debtor was dead and the contract was still here, that meant that there was something wrong. Li Xiandao frowned, "Bring me to see the corpse."

Li Xiandao and Usuna led the way while Heaven Heart and Li Xiandao walked behind.

"How long has she been dead for?" Li Xiandao asked.

"50 years." Heaven Heart said.

Li Xiandao was confused, "50 years? How long past the deadline has it been?"

"Just over 50 years." Heaven Heart said right away. It was obvious that he was confused too.

"This means that the moment she broke the contract 50 years ago she died. During these 50 years, it wasn't that she didn't repay it. It's only because she died that she broke the contract?" Li Xiandao muttered.

"That is possible but this whole matter is quite suspicious." Heaven Heart didn't dare to conclude anything.

This matter concerned Seven, so Heaven Heart wouldn't give a random comment. If he offended Seven and she complained to Li Xiandao, what if he punished him?

"What did she trade?" Li Xiandao was curious. As Seven dealt with the 150 contracts, he didn't even look at any of them.

"10 Human Celestial Pills. After consuming it, one can activate one's potential and obtain a portion of a Celestial's Dao, strengthening the person and allowing them to harness great power." Heaven Heart said.

"Then, what is the price?" Li Xiandao walked and asked.

"The price is that she has to hand her soul flame to the Bank of the Universe and then after she dies, her soul and everything of hers will have to be handed back to Bank of the Universe." Heaven and Earth Flame asked.

"Then, have you collected her soul?" Li Xiandao asked.

“She has been dead for 50 years, so even if the soul has remained, it would have disintegrated after so long.” Heaven Heart shook his head.

Li Xiandao frowned, “Where is this person from?”

“She is from Ice Plains Sect.” Heaven Heart reached out and pointed.

A sect built on the ice plains appeared in front of their eyes.

This was the name of the sect. They had a few thousand disciples and it wasn’t just a small sect.

Moon Angel Usuna headed in from the main gate with no obstruction at all.

“Moon Angel gathered all the people of the sect and killed a few of the bold ones. Since then, the rest have been very well behaved.” Heaven Heart was quite ashamed.

Li Xiandao nodded his head and followed Moon Angel Usuna in.

There were pieces of ice all over Ice Plains Demon Sect. They were all carved really nicely into many interesting buildings. They were as beautiful as many other sects and gave off a foreign feel.

There was an ice well at the back mountain. The people of Ice Plain Demon Sect were surrounding it with faces of terror. When they saw Moon Angel walk slowly over, they were so terrified they didn’t dare to speak.

Moon Angel’s body was fiery and hot, shaking from side to side. Her face was ice cold and she gave off an aura that blocked off all guys from her. Even though she was so beautiful that she made many men drool, they still didn’t dare to take another look at her

She was a demon who would kill if she disagreed with them.

“Master, this is that person’s grave!” Moon Angel stopped and said respectfully.

Those from Ice Plains Demon Sect looked on in shock. Since such a terrifying Moon Angel could call this person Master, then how scary was this guy?

## **Chapter 145 Is There A Problem?**

Li Xiandao walked over slowly. Under the terrified gazes of the Ice Plains Demon Sect members, he looked at the ice well.

“This is her tomb?” Li Xiandao frowned as he looked around. This was a world of extreme ice and the temperature was really low. When one stepped on the ground, it was really hard and it felt the same as stepping on an iron board.

Moon Angel nodded and said, “The Sect Leader of Ice Plains Demon Sect buried her here 50 years ago.”

“What about the corpse?” Li Xiandao looked at the bottomless well and asked.

Moon Angel sucked with her palm, releasing thick moon energy into the well.

Ka ka ka!

An exquisite coffin slowly floated up from within.

This was a transparent ice coffin that clearly displayed the person who was laying inside.

It was a girl!

A very beautiful girl!

She was like the girl next door, very pure and clean. Even after death when she was laying in the coffin, she was still smiling like she had just fallen asleep. Li Xiandao took out the contract and the signature on it shone bright which proved that this woman was the one who signed it.

It was her!

Li Xiandao frowned as he didn't sense any sign of life from her body.

No breathing!

No heartbeat!

No soul activity!

She was a corpse!

Dong!

The coffin was placed on ice and a low sound reverberated throughout the area. This was because the coffin was made of 1,000-year ice that was really dense and heavy.

Moon Angel immediately opened the lid of the coffin and this lady was revealed under the sunlight.

Her skin was frosty and standing close, one could feel the entire body freezing up and her smile was really unnatural.

This was a sign of death.

A sign that one had been frozen for a long time.

Heaven Heart said, "Master, she is dead."

Li Xiandao kept silent and looked on. He even shot a thread of sword energy into her body.

Her meridians were tightly shut, her dantian was shriveled up, and her mind was dried up. Everything showed that she was dead.

But if she died, then why was the contract still valid?

After entering Ancient Desolate Land, many of the Bank of the Universe contracts were invalid due to the deaths of the debtors.

Why was this one left out?

Li Xiandao contacted Seven, "Do you see this?"

Seven guessed, "The person is dead but the contract is still valid. This is very interesting."

Li Xiandao nodded his head and knew that someone was trying to con the Bank of the Universe?

Li Xiandao asked, "Who is the Sect Leader of Ice Plains Demon Sect?"

An initial Great Saint middle-aged man was brought over and he looked at Li Xiandao in terror.

Especially after seeing Moon Angel Usuna standing to the side, he panicked even more.

After all, she had just killed many of the people in Ice Plains Demon Sect and left her mark on all of them.

"I am the Sect Leader of Ice Plains Demon Sect." The Sect Leader trembled and said.

"Who is this woman to you?" Li Xiandao asked.

“Her name is Qiu Bai and she is one of the senior elders in Ice Plains Demon Sect. She reached Dao Saint Realm and was really old. She is one generation older than my Master.” Sect Leader replied.

“Did anything weird happen when she died 50 years ago?” Li Xiandao stood with his hands behind his back and continued asking.

“There was nothing abnormal as she was very old. Although she looked really young, we all knew that she was about to die.” Sect Leader replied right away.

Li Xiandao saw how fast he replied and said calmly, “You must think carefully. Any word you say will affect the life and death of Ice Plains Demon Sect. Think about it carefully. Tell me everything about the time before, during, and after her death.”

The Ice Plains Demon Sect’s Sect Leader was so frightened that he shuddered. He didn’t want Ice Plains Demon Sect to be wiped out just because of this.

“I’ve recalled something.” Sect Leader thought about it and said emotionally.

Li Xiandao said expressionlessly, “Speak.”

“When she was about to die, a few of the elders and I were called and she gave us instructions.” The Sect Leader said.

“What did she say?” Li Xiandao’s interest was perked.

He didn’t look at the Sect Leader but at the girl in the coffin.

Her name was Qiu Bai and she was over 10,000 years old but still had the face of a young girl.

She had not only the youthful look, but the youthful aura too. From his first glance, she gave off a ‘girl next door’ vibe.

This was something very unbelievable because when one was near to the end of their life, their body would weaken. Every part of them would slow down and collapse and they wouldn’t be able to maintain their peak appearance, much less the beauty of their prime.

“She told us that we shall use the 1,000-year ice from the north to craft a coffin for her and place her inside. We would then open an ice well and preserve her body so that it never decomposes.” Sect Leader said.

Li Xiandao frowned, “Never decompose?”

“Your Senior Master is very vain?” Li Xiandao asked.

"We couldn't tell, but we followed her instructions. After all, all of the Ice Plains Demon Sect Dao Saints want to look their best when they die. Thus, we followed her instructions, and 50 years have passed since then." Sect Leader replied.

"Did anything weird happen during these 50 years?" Li Xiandao asked again.

"No. We have been living well and if all of you hadn't come, she would have been buried deep down." Sect Leader shook his head.

"When she died did she leave anything?" Li Xiandao looked at the Sect Leader.

"No, when she died the disciples helped to change her clothes. As for treasures, she melted them long ago because she felt like others shouldn't touch stuff she's used before." The Sect Leader said without any hesitation.

Li Xiandao realized that he had no emotional fluctuation at all, so he was definitely telling the truth.

"You are saying that this Senior Master is a clean freak?" Li Xiandao had an idea and asked.

"Right, which is why she didn't want to be buried in the ground or have an orthodox burial. She herself chose the location." The Sect Leader nodded his head.

"Since this is the case, then I will take the corpse away. Ice Plains Demon Sect is safe and just pretend like I never came." Li Xiandao looked at the Sect Leader with a calm expression. The Sect Leader was petrified and nodded his head.

"No problem, we are willing to cooperate with you." Sect Leader gave up on the corpse.

"Moon Angel Usuna, carry the coffin and we shall leave." Li Xiandao turned around and left.

Heaven Heart followed and said softly, "Master, what happened?"

"When one dies, the contract ends. This means that there is a problem here." Li Xiandao said quickly.

"What do you think is the problem?" Li Xiandao asked Heaven Heart.

Heaven Heart was stunned. How was he going to answer that? "It is definitely something wrong with her!" Usuna said decisively.

"Right, Seven prepared the contract, so there should be no problem there." Li Xiandao nodded his head in agreement.

Heaven Heart understood how he should have answered the question. He secretly gave Moon Angel the thumbs up.

## Chapter 146: Soul Guess

Li Xiandao brought Qiu Bai's corpse back to the Bank of the Universe.

All three of them followed Li Xiandao and looked at him, wanting to know what the reason behind all this was.

Within the Trading Hall, Li Xiandao placed the coffin down and he looked at it quietly.

Seven checked it and knew that Qiu Bai was indeed a corpse.

This made her frown. Her exquisite face became really solemn. She even started to suspect that something went wrong with the Bank of the Universe?

Was it because the Bank of the Universe was sealed for so long such that its functions had started to malfunction?

But she quickly tossed that idea to the back of her head as that was impossible.

Even if there was something wrong with the bank, it shouldn't have been revealed in Ancient Desolate Land.

Seven looked at Li Xiandao and hesitated, "Master, do you see anything wrong with this?"

The other three of them looked at Li Xiandao in unison.

Li Xiandao had read many books and pretty much finished everything in the Ten Thousand Country Book Depository. With all the knowledge in his mind, he was the calmest person when facing such a situation.

"Seven, when Qiu Bai came to the Bank of the Universe, she exchanged her soul flame for 10 Human Celestial Pills. She promised that after she died everything of hers would belong to the Bank of the Universe including her soul right?" Li Xiandao asked.

Seven nodded but she didn't understand what Li Xiandao was getting at. How could that prove that Qiu Bai wasn't dead?

Li Xiandao looked at the ice coffin and said, "Go take her soul flame."

Seven agreed, “Although the Bank of the Universe doesn’t have many treasures, things like soul flames haven’t been sealed. They are sealed in the treasury, so I will go get it.”

The Bank of the Universe had many items that had been pawned off and only a few things were left.

Those that had been pawned were naturally the most valuable ones and those that remained might not have been worthless but they were definitely not as valuable.

Soul flames were one of such items.

During special times, soul flames were really precious. Especially a pure soul flame which was deemed a priceless treasure.

But that was only during special times.

Very quickly, Seven came out with a transparent jade bottle. In it was a lotus-like jade flame.

This was a snow lotus!

It was transparent and looked extremely beautiful, like a lotus blooming at the peak of a snow mountain.

“This soul flame is really special.” Heaven Heart said in shock.

“That’s right, I have never seen such transparent soul flames before.” Lucifer nodded his head.

“It is comparable to the purity of the moon, that is a snow lotus right?” Moon Angel looked at it in shock.

It was a flame but everyone felt like it was a snow lotus. That was enough to show that something was wrong.

This was a perfect quality soul flame.

No wonder she could exchange it for 10 Human Celestial Pills!

This was a rare job down by the Master before Li Xiandao.

Seven muttered, “I was the one who signed this.”

Li Xiandao looked at Seven in shock. *The last Master actually gave you power?*

Seven explained, "One time he went to drink in the Celestial World and got really drunk. Since there were guests I had to receive them and I also signed this contract. After this matter, I was even scolded by him."

When she said this, Seven felt really wronged.

Li Xiandao nodded his head. The small bit of praise he had for the last Master was extinguished. As expected, he couldn't have any hope for him.

"Now that I have taken the soul flame, what should I do?" Seven looked at Li Xiandao and asked.

Li Xiandao took out this snow lotus-like snow flame and placed it in his hand, "If she is dead, then this soul flame should change. Now, I shall take it out and place it in her body to see whether or not she will awaken."

"That is worth a try but I am not hopeful about it." Seven did not think it would work. She had also thought about using the soul flame and the corpse to react with one another but it usually had little to no effect.

"Don't worry, I am here." Li Xiandao smiled towards Seven and said confidently.

Seven didn't know why but her heart felt warm. Only after she came to her senses did she realize that Li Xiandao was flirting with her.

Li Xiandao walked in front of the ice coffin and placed the soul flame in, "In the Ten Thousand Country Book Depository there is a book that talks about the soul flame. It isn't a cultivation technique but it is quite interesting. Next time when all of you have a chance to enter, I recommend that all of you read it."

Heaven Heart, Lucifer, Usuna, and Seven all looked at Li Xiandao and listened intently.

"This book is called 'Beginning of the Soul' and it was written by someone who had great knowledge of the soul. It was filled with research of the soul and was deemed the encyclopedia of the soul. It is really precious and we are fortunate that we have it in the Ten Thousand Country Book Depository." Li Xiandao praised the Beginning of the Soul.

After reading so many books in the Ten Thousand Country Book Depository, there were only a few that could leave him in shock and amazement. Beginning of the Soul was one of them.

Lucifer, Heaven Heart, Usuna, and even Seven remembered the name of the book. In the future, when they had a chance, they would definitely find it.

"This book's author is one of the ancient experts Soul Ancestor. His cultivation might not be extremely strong but no one in the world since the beginning of time can compete

with him in terms of knowledge of the soul.” Li Xiandao looked at the lotus-like soul flame as it entered Qiu Bai’s body.

Anyway, since it took some time for the soul flame to seep through the corpse, Li Xiandao had time to explain all their doubts and be a loving teacher to all of them.

Time for Teacher Li!

“Since Qiu Bai obtained the Human Celestial Pill, 10 of them, based on her talent, she probably won’t die.” Li Xiandao stood with his arms behind his back and said.

“Human Celestial Pill has a thread of Dao knowledge. Although it is just a bit, for a Dao Saint, it is like an ocean. Just by comprehending it, one can easily break into Countless Sands Realm.” Seven said.

“Right, one Human Celestial Pill is like an ocean for Qiu Bai to swim in. She had 10, so even if she was a pig she could break into Countless Sands Realm and definitely wouldn’t die.” Li Xiandao said firmly.

This was something that he found very weird since the beginning.

With 10 Human Celestial Pills, it was as if one had 10 huge oceans. There would be endless amounts of treasures in the ocean.

*But now, you’re telling me that you didn’t comprehend them and didn’t sail the seas, but instead, you died at the shore.*

Li Xiandao didn’t believe that anyone would be such a fool!

Unless... She was facing problems.

This could explain why she wanted to exchange for the Human Celestial Pills. She wanted to gamble with her life, using the Human Celestial Pill to let herself break through.

But she still failed in the end.

In the end, she placed her corpse in the depths of the ice to never decompose.

“What is the reason for that?” Seven asked curiously. She had never witnessed such a situation before.

Li Xiandao’s eyes shone with a bright glow. If not for the all-knowing talent, he wouldn’t have been able to pick up all these clues.

Now with all of these clues, Li Xiandao started to dig for more.

“Maybe she isn’t dead!”

“No, she should be dead but she has another body.”

“There is also a high possibility that she is just an unimportant clone.” Li Xiandao had a very interesting guess.

## **Chapter 147: Soul Return**

Seven asked Li Xiandao, “Are you saying that she is only a clone?”

Heaven Heart and the others looked at Li Xiandao and at Qiu Bai laying in the ice coffin. Did that look like a clone?

“That’s right, it is highly possible that it is.” Li Xiandao nodded his head.

“When I signed the contract I was sure that she was the sole consciousness.” Seven remembered clearly that she only signed it after confirming Qiu Bai’s identity.

Li Xiandao smiled, “In this world, clones aren’t things with no emotions; some are totally different from the main body. They have different thoughts, different memories, different personalities. Some of them want to replace the main personality and some want to be independent and unrestricted.”

Seven looked at Qiu Bai in shock, “So, she needed 10 Human Celestial Pills to break away from the main body?”

Deep in thought, Li Xiandao nodded his head as he looked at Qiu Bai.

The snow lotus-like soul flame slowly seeped into the corpse. The snow-white glow lit up the entire body and caused it to loosen. Only then did her smile appear so beautiful.

Youth! Beauty!

That sect said that even at the moment of death, Qiu Bai was like a teen who didn’t age at all. That was something quite unbelievable.

“Since she is the clone of someone else, then how can she die?” Lucifer was curious. If he was the one, he wouldn’t have let his clone die.

Even if the clone fought to the death, it was better than dying of old age.

Li Xiandao walked around the coffin and said, “Why do you think that the Master must be able to control the actions and thoughts of the clone?”

Lucifer was speechless. He thought about it and realized that it was true.

“If Qiu Bai can be controlled, then she wouldn’t have come to the Bank of the Universe and wouldn’t have been able to sign the contract. She too wouldn’t have been able to get the 10 Human Celestial Pills.” Teacher Li was lecturing Lucifer.

“But she couldn’t totally break off from the main body and thus needed the Human Celestial Pill to do so. However, by the looks of it, she failed.” Li Xiandao looked at Qiu Bai and said regretfully.

The other people all looked on regretfully. As Li Xiandao explained the situation, everything became really clear.

“Do you understand now?” Teacher Li asked.

“Understood.” Everyone nodded their heads and all their qualms were solved.

The Bank of the Universe’s contract was correct. Since Qiu Bai was not dead, the contract wouldn’t be trashed either.

But Moon Angel and their investigation were correct too. Qiu Bai was dead and they weren’t able to claim the items from the contract.

This wasn’t contradictory because Qiu Bai was a clone and even if she died, as long as the clone was still alive, her contract remained valid.

“Maybe Qiu Bai can be revived.” Li Xiandao said firmly.

“How?” Seven looked at Li Xiandao in shock.

“She has been dead for 50 years.” Heaven Heart reminded Li Xiandao.

“Her corpse has already hardened,” Lucifer added.

“Her soul is gone.” Usuna interrupted too.

Li Xiandao looked as the last bit of soul flame merged into her body, “So, what if she has been dead for 50 years?”

“Her corpse is as good as a live one and has been kept in great condition.” Li Xiandao replied.

Heaven Heart didn’t say anything.

“Her corpse has hardened, but hasn’t it softened?” Li Xiandao pointed.

Lucifer looked at Qiu Bai and stopped saying anything.

“As for her soul being lost, this soul flame is her chance of reviving.” Li Xiandao said confidently.

Usuna looked at Li Xiandao and wanted to see what idea this Master had to help Qiu Bai revive.

Li Xiandao’s time as a teacher had ended. Next, he fully focused on Qiu Bai. The moment the soul flame totally merged, he slapped forwards and true qi surged into her body.

Explosion!

With that, Li Xiandao opened her dantian and all her meridians.

“All-direction Energy Leading Technique!”

Li Xiandao used one of the techniques he learned from Beginning of the Soul to tug at Qiu Bai’s soul.

“Soul Return!”

“Soul Return!”

“Soul Return!”

Li Xiandao gave out a long and sad call.

His expression was really solemn. A bright light exploded from his body which came from the soul summoning energy from the technique.

Ancient Desolate Land could preserve anything. Over 50 years, Li Xiandao didn’t know how much of her soul remained but just a bit of it would be able to let her awaken.

“To think someone only at Dao Saint would have such a strong soul flame. That is your biggest weakness. Your soul flame has a bit of the main body which is why you can’t die.” Li Xiandao said firmly. He had to save Qiu Bai.

As long as he revived her, he would know who her Master was.

Li Xiandao really wanted to know which expert could produce such an amazing clone.

*Dong dong dong!*

“Within the Trading Hall, there was loud thunder all around. Numerous mystical things climbed out from the outside and they were all attracted to her by the All-direction Energy Leading Technique.

“Scram!”

Li Xiandao frowned. He didn’t expect that all these random ghosts would charge over. He opened the Bank of the Universe to attract Qiu Bai’s soul but these vengeful spirits and ghosts ended up surging in.

Their arrival also caused the Bank of the Universe to be really packed such that Qiu Bai’s soul couldn’t enter.

*Clang!*

Along with Li Xiandao’s cold shout, a sharp sword glow slashed down on the area around him.

Explosion!

He chased away the group of demons with just one sword!

Those evil spirits and vengeful ghosts cried out. After being hit by Li Xiandao’s sharp sword, all of them scattered.

The Bank of the Universe’s Trading Hall suddenly quietened down.

Just at this moment, several illusionary figures floated in.

These illusions were about to scatter and they had no consciousness and no bodies either. The All-direction Energy Leading Technique was the one drawing them here.

Li Xiandao’s eyes shone with joy and he said, “Return!”

This was Qiu Bai’s soul and it had the same essence as that of the soul flame. Li Xiandao immediately shot them into Qiu Bai’s corpse.

Shortly after, many similarly small soul fragments flew into the Bank of the Universe and were shot into Qiu Bai’s body.

This continued for a day and night and the number of fragments were enough to piece together half of her soul. Only then did Li Xiandao close the Bank of the Universe.

“Wake up!” Li Xiandao slapped her and rich life flames burst out from the soul flame. It burned bright and chased away all of the deathly energy from within her body.

Qiu Bai's life force started to slowly appear and fill her body.

Li Xiandao heaved a sigh of relief and took several steps back. He stood tall with his arms behind his back. With his mask on, one couldn't see his expression, but from his eyes, one could tell that he was really satisfied.

Seven walked to Li Xiandao's side and asked, "Are you tired?"

Li Xiandao looked at Seven with a weird expression.

*What do you mean?*

"Do you need me to help massage you?" Seven suggested.

"There are people here." Li Xiandao replied.

"Oh forget it." Seven left right away.

"When there is no one, then help me." Li Xiandao pulled her ponytail to stop her and projected his voice into her mind.

Seven's face turned red.

## **Chapter 148: Fighting Over Distance**

Li Xiandao and Seven stood together and looked at the coffin. Qiu Bai's face started to turn red and the color returned. She looked no different from a normal person.

Her eyes were still shut but her breathing started to even out.

Heaven Heart, Lucifer, and Usuna looked on. They wanted to see how a person that had been dead for 50 years could be revived.

Qiu Bai laid in the coffin. Her arms were placed on her stomach and her chest was rising up and down. It was obvious that she was slowly recovering.

At that moment, something happened.

Many snow lotus marks appeared on her body and on her skin. They were thumb-sized and really clear.

"What is that?" Seven looked at Li Xiandao with a weird expression and thought that it was a normal process.

Heaven Heart and the others looked at Li Xiandao too as they had no idea what was going on.

Li Xiandao's expression changed and he had a bad feeling. Something had gone wrong.

"Someone is causing trouble!" Li Xiandao said coldly. He stepped up, forming a seal with his hands and pressed down with the sword seal he formed.

"You dare to behave so arrogantly here?" Li Xiandao scoffed coldly.

*Clang!*

The sword seal was extremely sharp and pressed down on her dantian. Immeasurable sword energy surged into her body.

Her body shook violently and a terrifying glow shone out from within. It was really bright and it started to crystalize but the color was still like that of a snow lotus.

*Dong dong dong!*

Within her body, the sword energy and the snow lotus flowers tangled with one another and a terrifying energy exploded out.

"Who dares to target my clone?" Someone's furious roar transmitted into the bank from someplace far away.

Li Xiandao's expression didn't change. He had already guessed that the person that caused such a huge commotion in Qiu Bai's body was her main body.

"Who are you?" Li Xiandao was communicating with that person over large distances.

"Can you ask my identity?" The furious voice was filled with arrogance and disdain like he treated Li Xiandao as a peasant.

Li Xiandao's expression turned cold at how arrogant this person was.

"You actually dare to try to do things to my clone. You are asking to die. Today, I will shine you what they mean by the moment a fairy gets angry, the world will be turned on its head!" The voice was really sharp. It was obvious that her plan to use the snow lotus flower to control Qiu Bai was thwarted by Li Xiandao's sword seal. She was infuriated and attacked right away.

From far away, with worlds between them, a green thread shot through the air. It was really fierce like it could instantly kill someone.

Explosion!

This strike came from another world and who knew how far it had traveled. In just three short seconds, it arrived in the Bank of the Universe and was right in front of Li Xiandao.

*Peng!*

After seeing Li Xiandao, the green thread incarnation became really sharp and stabbed into Li Xiandao's body.

*Slice!*

That green thread pierced right through his body.

"Now, do you know what happens when you are a busybody?" The arrogant fairy said coldly and didn't respect Li Xiandao at all.

Li Xiandao's body had been pierced in just three seconds. The key was that this started the moment it left the fairy's hand from the faraway world. Li Xiandao had less than a second to react, so it was quite difficult for him to block with his current cultivation.

At the moment, Li Xiandao couldn't fight that fairy.

But...

This was the Bank of the Universe!

In the Bank of the Universe, he was the god!

After his body was pierced, Li Xiandao lowered his head and looked at the bleeding, gaping hole in his chest.

Li Xiandao was expressionless, "Compared to being stabbed by a sword, this only hurts a little bit."

Just a little!

Li Xiandao's expression became ice-cold. Whoever it was whose body was pierced for no reason felt annoyed.

"Fairy, I can't do anything to you now, but I am definitely keeping your clone!" Li Xiandao scoffed coldly. He pushed his hands forwards before pulling down.

Explosion!

Li Xiandao was borrowing the power of the Bank of the Universe.

He sealed off the other person's sensory ability and cut her off from Qiu Bai.

"Damn! ! !" In an unknown space, a sleeping fairy woke up. Her beautiful face was filled with rage.

"Such a peasant dares to hold my clone hostage?" The fairy was furious. She punched forwards and wanted to kill Li Xiandao through the space.

But she had lost connection with Li Xiandao and the Bank of the Universe. She could only follow her memory to punch.

Explosion!

Ancient Desolate Land, Black Soil Land, thousands of miles were destroyed by that terrifying punch.

In the Bank of the Universe, Li Xiandao and the others looked on silently.

Luckily, the Bank of the Universe didn't have a physical form. If it did, that punch would have damaged many things.

"This woman is really amazing." Heaven Heart said solemnly.

"Human Celestial Realm!" Lucifer said. He couldn't sense it now, but Lucifer was very knowledgeable in the past, so naturally, he knew.

"Master, her insulting you is the same as her insulting us. I will definitely kill her for you and let her know how strong you are!" Moon Angel Usuna was determined.

Heaven Heart and Lucifer all looked at her with a weird expression.

Who knew that the ice-cold Usuna would actually be so good at expressing loyalty and sucking up.

Heaven Heart couldn't help but give her a thumbs up.

This was the second time she had been so impressed.

Li Xiandao smiled, "Good, I will wait for all of you to take revenge for me. But she can't find us now, so there is no need to worry. We need to revive Qiu Bai first to find out who we are dealing with."

"She is probably sick of living to dare act so insolently." Li Xiandao's eyes were really really cold.

Seven looked at him, "Is she waking up?"

Li Xiandao walked forwards and saw the snow lotus flowers around her body. He pressed down with rumbling sword energy.

The snow lotus flowers slowly disappeared. Qiu Bai opened her eyes and looked at Li Xiandao in disbelief, "Is this hell?"

"This place is much more dangerous than hell." Li Xiandao said with a serious look on his face.

Qiu Bai looked around and slowly came to her senses.

"This... I am actually not dead... That is unbelievable." Qiu Bai looked at Li Xiandao in shock.

"With me here, you won't be able to die." Li Xiandao stood with his arms behind his back and said confidently.

*Putong!*

Qiu Bai knelt down right away and kowtowed. She said emotionally, "Thank you, sir, for saving me."

Li Xiandao waved his hands and said, "I am not saving you; I am just saving something that belongs to me."

Qiu Bai looked at him in shock and didn't know what he meant.

"Does this place look familiar?" Li Xiandao asked.

Qiu Bai looked around and her dusty old memories started to recover.

She had been dead for 50 years, so she couldn't remember much. It was only slowly appearing in her mind once more.

When she saw the fairy-like Seven, she was shocked. She covered her mouth with her hand. Her heart was a mix of joy and shock. She asked in disbelief, "This is the Bank of the Universe?"

## **Chapter 149: Human Celestial**

How would Qiu Bai forget about the Bank of the Universe?

This was the biggest secret in her memory. She was afraid that her main body would find out, so she sealed the memory so only she could read it.

The Bank of the Universe!

Fairy Seven!

This was a really important memory.

People who had met Seven once would never forget her for the rest of their lives. That was because Seven was such a perfect woman.

She was a woman that all other women envied.

Qiu Bai looked at Seven emotionally. Scenes of when she signed the contract with her 10,000 years ago appeared in her mind.

At that time, she was wondering about how there was such a shocking beauty in the world.

10,000 years later, she met her once more. But this time, Qiu Bai was someone who had already died once.

"How did I get here?" Qiu Bai didn't know what was going on.

She had died before and her memories weren't clear. She didn't know anything that happened during these 50 years.

"What's your last memory?" Seven asked.

Qiu Bai thought about it and asked, "Last memory?"

"I was about to be recalled. My own consciousness was born and I wanted to break away from her. She got angry and wanted to pull me back in." Qiu Bai sat on the ground. She closed her eyes and recalled.

Li Xiandao and the others looked at her silently from a few meters away.

"I didn't agree. I had the Human Celestial Pill and was able to stop her. I would rather die than go back. I fought her 10 times and consumed the 10 Human Celestial Pill. However, I still failed. She was just too strong and I was no match for her." Qiu Bai said bitterly.

10,000 years passed and she exchanged everything for 10 Human Celestial Pills. She didn't use it randomly; she continued to accumulate her strength, doing something a clone should have done and she didn't let her main body realize that she had her own soul.

In the end, she had still been noticed. The main body was furious especially after realizing that Qiu Bai was going to break away. She was immediately prepared to wipe her out.

But Qiu Bai wasn't dumb. With the 10 Human Celestial Pills with her, she was able to block 10 attacks.

During these 10 times, she was able to break through from Countless Sands Realm and even soar high up.

But the main body dragged her down and didn't allow her to break through.

In the end, she lost the Human Celestial Pill and Qiu Bai chose to give up on herself.

During the 50 years of death, Qiu Bai's Master really thought that she had died. So, she stopped caring.

Only a while ago when Li Xiandao revived Qiu Bai did the Master realize. She attacked from afar and tried to kill Qiu Bai.

Luckily, Li Xiandao stopped her, only then did Qiu Bai manage to live.

The price was that Li Xiandao's chest had been pierced.

Li Xiandao wiped it and the hole was gone instantly. In the Bank of the Universe, no one would be able to kill him.

"Qiu Bai, do you still remember the contract you signed?" Li Xiandao asked solemnly.

Qiu Bai nodded.

"Since you went against the contract, what is the price to pay?" Li Xiandao asked.

"My soul, my everything belongs to the Bank of the Universe." Qiu Bai carefully remembered what the contract entailed and spoke it aloud.

When she said this, Qiu Bai's eyes were glowing. She was emotional and there was no pain and reluctance at all.

Now, she understood why Li Xiandao said those words.

"I am not saving you; I am saving something that belongs to me!"

So, she didn't belong to herself, but she belonged to the Bank of the Universe and the mysterious masked guy in front of her.

At this moment, she didn't feel any negativity. Instead, she felt really safe, especially when she saw Li Xiandao's tall body.

"Are you willing to abide by the contract?" Li Xiandao continued to ask.

Qiu Bai didn't say a word, kneeling directly in front of Li Xiandao and spoke respectfully, "Greetings Master!"

Li Xiandao nodded his head in satisfaction. With Qiu Bai, Li Xiandao had many ways of dealing with the Human Celestial.

"Rise." Li Xiandao said calmly.

Qiu Bai kowtowed respectfully thrice to Li Xiandao.

It was to express thanks; after all, Li Xiandao had saved her life.

"I will tell you whatever you want to know." Qiu Bai stood up. She knew that Li Xiandao wanted to find out about her main body.

"Talk about the main body." Li Xiandao asked.

"She is called Ling Ren and she lives in one of the top few worlds in the 10 lands. She is a Human Celestial expert." Qiu Bai explained.

Li Xiandao was listening.

Seven was looking.

The others were listening too.

"Ling Ren's personality is really overbearing and she uses a clone to gain cultivation experience. She is one of the elders in one of the top families in the 10 lands and is hard to deal with." Qiu Bai said.

Li Xiandao said coldly, "I can see that. She tried to kill me from so far away just because she was unhappy."

Qiu Bai was shocked and asked with concern, "Master, are you okay?"

If there was a loyalty scale and 100 was the highest, Qiu Bai was definitely 100.

The only thing she thought about was Li Xiandao and also the Bank of the Universe.

She was all alone. Since her consciousness had been born, she couldn't tell anyone and no one could help her. Her only hope was the Bank of the Universe.

10,000 years ago, the Bank of the Universe helped her.

10,000 years later, the Bank of the Universe saved her.

Qiu Bai was a person who lacked a sense of security. Now that Li Xiandao gave it to her, even if she had to die for him, she wouldn't hesitate.

"I am okay, continue speaking." Li Xiandao waved his hands. He was really pleased with Qiu Bai.

She was a beauty with a fiery body asking whether or not he was fine.

The key was that this beauty belonged to him. If Li Xiandao hinted something she would have probably stripped off her clothes to serve him.

*Shua!*

Seven threw him an icy glance that was so cold he could feel it in his bones.

Li Xiandao coughed softly and took a gentlemanly step back. He said seriously, "What happened to your eyes?"

Seven scoffed, "I'm not going to massage you later anymore."

Li Xiandao was unhappy, "How can you go against your word? Where is the trust?"

"I am sorry. I am a woman!" Seven said coldly.

Li Xiandao looked at Seven and Seven looked at Qiu Bai with a straight face as she talked about Ling Ren.

Li Xiandao sighed as he had to try his best to coax her later. He tossed aside the random thoughts and started to pay attention to Ling Ren.

This person actually dared to attack him; she must've been sick of living.

Did she really think that she was at the highest few lands of the 10 lands and could do whatever she wanted?

Qiu Bai continued, "Ling Ren's family is really strong which was why she was able to cultivate to Human Saint Realm at such a young age."

"Young age?" Li Xiandao laughed in disdain. "How young?"

"Ling Ren is only 10,000 years old this year. Among the elders in the 10 lands, she is considered young." Qiu Bai said right away.

“A more than 10,000-year-old Human Celestial Realm dares to behave so arrogantly?” Li Xiandao’s gaze turned cold.

“Master, give me some time and I’ll be able to kill Ling Ren.” Moon Angel Usuna said right away.

Heaven Heart and Lucifer opened their mouths. They wanted to say the same thing but Moon Angel said it first.

## **Chapter 150: Crossing Worlds**

“Do you know where Ling Ren is?” Li Xiandao asked Moon Angel and the others.

“We don’t need to know where she is; we just need to find her family and we’ll be able to find her.” Moon Angel said calmly.

“Ling Ren is from a celestial family in Eternal Land. She travels everywhere, so no one knows where she is now.” Qiu Bai said.

“Eternal Land!” Li Xiandao muttered, his eyes glowed with excitement.

“It has been decided. We are heading to Eternal Land next. We have to kill Ling Ren.” Li Xiandao said coldly.

“Okay.” Seven nodded too and she was really annoyed with this Ling Ren.

She actually tried to cross worlds to attack the Bank of the Universe and even injured Li Xiandao.

Although Li Xiandao was within the Bank of the Universe and couldn’t be killed, he would still feel pain.

Qiu Bai hesitated, “Master, Ling Ren is really strong and the family behind her is even stronger.”

“That is okay. When the time comes you will know that actually our Bank of the Universe is even stronger.” Li Xiandao smiled confidently. She was just a Human Celestial.

Human Celestials were deemed fake celestials. She was indeed stronger than him now, but he wouldn’t fear her.

"I will spend some time in Legacy Hall to discuss the Dao with them. When that happens, I will easily deal with the Human Celestials." Legacy Hall said confidently. He had never been afraid.

"All of you go and rest, Qiu Bai you too. The higher your cultivation, the happier I am; then, I won't need to do anything." Li Xiandao said calmly.

"Master, I will work hard." Qiu Bai said with determination.

Li Xiandao smiled as all of them left.

When they were all gone, Li Xiandao said, "Seven, massage me."

"No." Seven scoffed and didn't agree to his request.

Li Xiandao sighed, "That person pierced my heart just now, it hurts."

Seven's expression changed. She knew that Li Xiandao was faking it but she still looked at him.

Li Xiandao continued, "Seven, for the Bank of the Universe, and for you, I work so hard. My back is really sore."

"You are doing so for the Bank of the Universe. How is it that you are doing it for me?" Seven reminded Li Xiandao not to talk nonsense.

"In the Bank of the Universe, you are the most precious thing. I am working hard for the Bank of the Universe and also for you." Li Xiandao tried to reason.

Seven looked at him in disdain, "Who knows how many women you have said that to?"

Although she said that, she still walked over and told Li Xiandao to lay down on the mattress.

Li Xiandao was delighted. As expected, women didn't mean what they said. In the end, she still helped massage him.

"I have only said this to you, and in the future, I won't say it to anyone else." Li Xiandao was firm.

"I would be a fool if I believed you." Seven said coldly. She started to massage Li Xiandao's back.

Li Xiandao could hear the coldness in her words. He sighed helplessly and found it really hard to coax her.

However, as he enjoyed the massage on his back, he felt really satisfied.

Although it was painful and not really comfortable, it proved that this was Seven's first time.

Could Li Xiandao not be satisfied when she gave him her first massage?

What Li Xiandao didn't see was that when Seven said those cold words, her face flushed red. There was a clear contrast between her tone and her face.

She was as shy as a flower!

At that moment, Seven was more beautiful than anything else.

Unfortunately, Li Xiandao didn't see any of it as he had his eyes closed while Seven massaged him.

....

At Eternal Land, there were numerous palaces floating in the air. This was the Celestial Family.

Ling Ren was an elder in this family and she had just attacked Li Xiandao!

"Damn, he is so bold. A cultivator from a lowly world dares to try such a thing?" Ling Ren was furious.

She was born beautiful like Qiu Bai but Qiu Bai had the image of a girl next door while she was a strict and picky sister in law.

Ling Ren's face turned green. She looked through the worlds and stared at Ancient Desolate Land in rage.

Her clone had birthed its own consciousness and wanted to flee?

Preposterous!

The clone knew many of her secrets.

She even knew about how many men she had slept with. Among them, there were many who were married men. If she broke out of their control, wouldn't that be a huge problem for her?

Thinking about how her matters would spread across the world, Ling Ren couldn't take it anymore.

“Men!” Ling Ren hollered. She was really aggressive as she stood on the clouds.

“Purple Gold Warrior greets elder!” A warrior dressed in purple old armor greeted.

Ling Ren sized up the Purple Gold Warrior carefully and asked, “What cultivation technique do you train in?”

“I cultivate in the War God Zhao Wuji’s spear technique, the Invincible Dao.” The Purple Gold Warrior replied.

“War God Zhao Wuji’s spear technique is really decent. Your cultivation is at Countless Sands Realm, so head to Ancient Desolate Land and kill two people for me.” Ling Ren said coldly.

“Who?” The warrior in purple gold armor asked coldly. He only cared about killing people and didn’t ask for the reason.

Li Xiandao waved her sleeves and a vision appeared of Li Xiandao in a dark, gold mask and also Qiu Bai.

“Kill them and turn their bones to dust.” Ling Ren said furiously. She looked at Qiu Bai who looked the same as her but was much purer than she was; she couldn’t help but feel jealous.

*You were my clone and you want to leave me? Impossible!*

The Purple Gold Warrior memorized what Li Xiandao and Qiu Bai looked like, “I will head to Ancient Desolate Land right away.”

“Go. If it weren’t for the world barrier restrictions, I would personally cross worlds to kill them.” Ling Ren said regretfully.

She really wanted to personally kill them both, but due to the world barrier, people with high cultivations were unable to enter lowly worlds.

Ling Ren was at Human Celestial Realm. This was a really high realm, exceeding what Ancient Desolate Land could accept.

So, she couldn’t enter.

But the Purple Gold Warrior could. He was only at Countless Sands Grade 18 and didn’t exceed the limit.

“I will stop at all costs to complete the mission.” The Purple Gold Warrior stood up and headed towards the World Grade Teleporation Formation.

In families like Ling Ren's, a World Grade Teleporation Formation was a basic thing and they would have had several of them.

The Purple Gold Warrior used it to enter the Ancient Desolate Land.

Ling Ren looked at the warrior leave and her rage lessened a little. She scoffed coldly, "You know so many secrets and dare to break free from me. You are just asking to die!"

....

At Ancient Desolate Land, Li Xiandao was enjoying Seven's massage and slowly fell asleep.

Seven looked at him with a gentle expression. She squatted down to look at his face.

She didn't say anything. After looking at him for a while, her face turned red and she went to fetch a blanket to help cover him.

It definitely wasn't because she was afraid that Li Xiandao would feel cold.

Just at that moment, a purple gold armored warrior appeared through Ancient Desolate Land's World Grade Teleporation Formation.

*Hong!*

The strong aura of someone from Countless Sands Stage 18, spread about in the world.

Normal people, even Dao Saints might not have been able to notice it, but those at Countless Sands Realm definitely could.

An expert had arrived!

## **Chapter 151: Smacking Away**

Li Xiandao was sleeping. He was someone that found it hard to fall asleep. When one reached his realm, their mind would become really clear. Along with the all-knowing talent, even when he closed his eyes, his mind would still be running.

But with Seven massaging him, Li Xiandao calmly closed his eyes. He didn't think about anything and just fell asleep.

Seven was Li Xiandao's medicine and pills.

*Hong!*

But just at that moment, there was a large explosion in the World Dao and it was extremely loud as it reverberated all around.

Li Xiandao had broken through to Countless Sands Realm long ago and the World Dao was like his back garden. He could play in it at any moment. Thus, that explosion woke him up.

“Damn it.” After Li Xiandao woke up, his face was filled with rage. He was about to take off Seven’s clothes in his dreams when he was woken up. He was filled with rage.

At that moment, Li Xiandao really wanted to kill this person’s entire family.

In the next second, Li Xiandao shook his head helplessly. He looked at the blanket covering his body and his heart felt really warm.

“Who crossed the worlds?” Li Xiandao stood up and looked towards the other World Grade Teleporation Formation in the other part of Ancient Desolate Land.

The person who caused such a huge commotion was someone that crossed worlds. Li Xiandao instantly had a bad feeling about this.

This person was not friendly at all!

“Old priest, go take a look at who the person is.” Li Xiandao went to inform the old priest who was resting in his own home.

....

The sky was blue and the clouds were white as he felt the cool breeze on his skin. As usual, the old priest was lying down and having a comfortable nap.

Suddenly, Li Xiandao’s voice scared him. He opened his eyes unhappily and muttered, “Why did I have to get conned into signing that contract. I didn’t get any benefits and I’ve become someone’s helper. This is just a huge loss.”

“What did you say?” Li Xiandao was annoyed.

The old priest said right away, “I didn’t say anything. I will head over now to take a look.”

After ending the call, the old priest sighed. He had no choice and had to head out to take a walk.

*Hong!*

The old priest rushed towards the World Grade Teleportation Formation.

In front of the World Grade Teleportation Formation connected to the Heaven and Earth Battlefield, the Purple Gold Warrior walked out. He held a long spear that gave off a silver glow as he just calmly stood there.

He was waiting for someone!

The aura of someone at Countless Sands Grade 18 surged through the World Dao so as to attract the strongest batch of people in this world. He would then ask them where the person he wanted to kill was.

This was the most time-efficient method.

The Purple Gold Warrior walked around Ancient Desolate Land frowning as he felt really uncomfortable here.

“The spiritual energy here is so weak and the World Dao is so dark. No wonder people say that Ancient Desolate Land and Dali Land are the weakest. Even pigs in our Eternal Land wouldn’t want to live in such a place.” The purple gold armored warrior said in disdain.

Ancient Desolate Land’s spiritual energy was really weak and the Dao here was too hidden and hard to understand.

“However, for a person to reach Countless Sands Realm here means that the person is really amazing.” The warrior muttered to himself.

He looked around and realized that no one had come. That made him frown, “Is there no Countless Sands Realm person in Ancient Desolate Land?”

“That shouldn’t be the case. Even if the Dao here is so difficult to understand and the spiritual energy is weak, it should still be able to raise a Countless Sands Realm expert.” The warrior looked around in confusion.

He still hadn’t noticed anyone from Countless Sands Realm.

What he didn’t know was that not far away in the clouds, the old priest was looking at him.

“What a strong aura; he is probably at peak Countless Sands Realm. I am not his opponent, so I can’t let him notice me. I should leave this to the boss.” The old priest muttered.

He informed Li Xiandao.

Actually, Li Xiandao had been using the old priest's sight to observe the warrior.

"Old priest, go ask him why he came to Ancient Desolate Land. If he is here to kill me, then I will head over right away." Li Xiandao said coldly.

He was covered in armor and holding his spear. Just one look and one knew that he was not normal. He came here specifically to wait for other Countless Sands Realm experts.

With such a clear goal in mind, Li Xiandao was sure that he was following orders from someone.

He told the old priest to ask so as to confirm.

In truth, Li Xiandao had already started making his way there.

If he admitted that he was here on orders to kill him, then Li Xiandao would kill him. He would let Ling Ren know that although he couldn't do anything to her now, she couldn't treat him like he was weak.

*You sent someone at Countless Sands Grade 18 to kill me?*

*Stop dreaming!*

After the old priest got Li Xiandao's order, his whole mouth was filled with a bitter taste. Wasn't it better if he hid here?

Why did he have to head out and ask him why he came to Ancient Desolate Land?

That person was Grade 18! ! !

The old priest really wanted to run to Li Xiandao's ear and shout in rage to vent the anger in his heart.

But he only thought about that for a short moment before appearing and following Li Xiandao's orders.

When the purple gold armored warrior saw the old priest, he had a weird expression in his eyes. After sizing him up, he said, "I didn't expect such an expert to appear in such a secluded place like Ancient Desolate Land."

*An expert.*

*A Grade 18 warrior said that I was an expert.*

The old priest didn't treat himself as an expert and didn't care much about the comment. He asked, "I am just a cultivator with no potential. May I ask why you came to Ancient Desolate Land?"

"I came to kill!" The Purple Gold Warrior said without any hesitation.

The old priest sucked in a deep breath. This was a problem.

"Do you recognize this person?" The Purple Gold Warrior formed an illusion of Li Xiandao's photo.

The old monk looked at it and shook his head bitterly. "Can I say that I don't know him?"

"It is not good to lie." The warrior's eyes lit up but he continued to speak in a calm manner.

"Where is he?" The warrior asked solemnly.

"He will be here right away. Just wait for a moment." The old priest thought about it and said.

"Good, he actually dares to come. I have a much better impression of him now." The Purple Gold Warrior said coldly.

"Why do you have to kill him?" The old priest asked.

"I am on orders!" The warrior said coldly.

"Then, what if you can't beat him?" The old priest suddenly asked

"Can't beat him?" The warrior laughed coldly and said confidently, "How can there be anyone stronger than me in this small Ancient Desolate Land?"

"What if you can't beat me?" Li Xiandao repeated those words. He turned into a sword light and struck forwards.

"I told you that it is impossible for there to be anyone who I can't beat in Ancient Desolate Land." The Purple Golden Warrior was impatient. He looked at the old priest unhappily. Was he sick in the head to ask the same question twice?

The old priest waved his hand and said, "Look behind you!"

"What?" The Purple Gold Warrior turned around.

A sharp sword energy shot at him and smacked into his body without making a sound at all.

*Hong! ! !*

The Purple Gold Warrior flew backward. It was as if 100 giant elephants had smashed into him. He spat out a mouthful of blood, flying dozens of meters up before falling back down.

*Ka ka ka!*

The purple gold armor on his body cracked inch by inch.

## **Chapter 152: Using A Spear To Defeat You**

The Purple Gold Warrior was sent flying before he even noticed Li Xiandao.

*Hong!*

He smacked heavily into the ground, and the armor on his body collapsed. He spat out mouthfuls of blood as he looked towards Li Xiandao in disbelief.

“I actually didn’t notice you?” The Purple Gold Warrior’s expression was one of shock.

He didn’t expect that he wouldn’t be able to sense it when someone flew at him at high speeds and attacked him.

That was just too terrifying!

The only explanation was that Li Xiandao was too strong.

The old priest was tongue-tied. “Boss is much stronger than before.”

Li Xiandao was wearing a black robe and had the golden mask on his face. He walked forwards slowly and asked, “You said that no one in Ancient Desolate Land is your opponent. What about now?”

The warrior wiped off the blood at the corner of his mouth and stared at Li Xiandao in rage. He gritted his teeth, “You sneak attacked me. I am not afraid of you now.”

*Peng!*

His spear shone a silver light and he pointed it at Li Xiandao.

The warrior suppressed his injuries and went all out to try to kill Li Xiandao.

Li Xiandao focused and said, "Where did your spear technique and aura come from?"

Li Xiandao felt like this scene was really familiar.

It was the same as War God Zhao Wudi.

But this person's aura was much weaker than Zhao Wudi's and was a little different which was why Li Xiandao asked.

"You are actually quite knowledgeable. My spear technique came from War God Zhao Wudi's line." The warrior said proudly.

"As expected, it is Zhao Wudi." He did say that the aura was similar but still a little different. So, the reason was that he had trained wrongly.

"You learned from Zhao Wudi, but you don't even know a tenth of his aura. Your movement isn't straight and direct at all." Li Xiandao said calmly.

"What a joke, I came from the sect that Zhao Wudi himself created and my spear has always been invincible. You actually say that I don't have a tenth of his aura?" The Purple Gold Warrior laughed coldly. He mocked Li Xiandao for being ignorant and felt like he was just faking intelligence.

"Since you say that your spear technique is invincible, then attack me." Li Xiandao was too lazy to argue. He stretched out one arm and was prepared to fight with one hand.

"What are you doing?" The Purple Gold Warrior didn't understand.

"You received one sword from me. Your armor took most of the damage and has been destroyed. You have been injured too." Li Xiandao said calmly, "So, I will use only one hand to make the fight fair."

The warrior looked at Li Xiandao in shock and said in amazement, "I didn't think you would show such sportsmanship."

Li Xiandao shook his head, "I don't. I just don't really care much about you."

The Purple Gold Warrior's face turned black and he felt really frustrated.

"You said that your spear is invincible, but to me, I can beat you with just one hand." Li Xiandao didn't care much about him. If he was not Zhao Wudi's junior, Li Xiandao wouldn't have bothered to speak so much with him.

Although he was Zhao Wudi's junior, Li Xiandao still had to kill him. However, he would give him a chance to experience Zhao Wudi's terrifying Dao.

After Li Xiandao clashed with Zhao Wudi, he totally understood his way of fighting.

Li Xiandao was going to use Zhao Wudi's invincible spear technique to kill this person who said that his spear technique was invincible.

The Purple Gold Warrior stared at Li Xiandao in rage. He was totally infuriated.

Before this, he thought that Li Xiandao was a gentleman, but now he knew that it was because Li Xiandao was just looking down on him.

Was there anything more infuriating than this?

Yes!

Li Xiandao placed one hand on his back and said, "I use the sword and don't know much about spears. I have never trained in it before. I heard that you said your spear is invincible, so I am not happy about that. I won't use a sword to fight you; I will use a spear."

The Purple Gold Warrior was furious. He stared at Li Xiandao in rage and felt humiliated.

A sword user was not using his sword and dared to fight him with a spear?

He had never trained in the spear at all?

I am a Countless Sands Realm Grade 18 expert.

Not Heaven Essence Realm! ! !

The purple gold armored warrior hollered in rage, "Die!"

"You arrogant fellow! ! !"

He used all his energy to shout those words before he pierced forwards. The spear was like a dragon that popped out from the hole seven times, attacking from all directions. At that instant, that one strike became seven strikes. It was really ferocious and brought with it the rage of the Purple Gold Warrior.

It covered Li Xiandao.

Li Xiandao look at it calmly. He recalled the numerous spear techniques that Zhao Wudi used when he faced him. All of them were simplified forms of the Dao; each move was used so as to kill.

There weren't any special theatrics and it was much more practical than this.

Li Xiandao shook his head and said regretfully, "Your spear is too flashy; you are just a disgrace to Zhao Wudi's name."

"Stop talking nonsense and just die." The Purple Gold Warrior hollered furiously.

"I will let you see how terrifying War God Zhao Wudi's spear technique is!" Li Xiandao's expression turned cold. He formed a spear from nothing and held it with one hand.

He started to gather War God Zhao Wudi's terrifying aura. It bubbled and surged around him.

Li Xiandao followed the guidance of the arrow to stab forwards.

It was just a simple stab forwards.

*Kong!*

This stab was like a ferocious dragon exiting the mountain, covering the warrior right away.

The warrior found it extremely hard to breathe. His spear technique, his seven dragon strikes, and his ferocious attacks just seemed so weak.

"This... This is the ancestor's aura..." The warrior was shocked. He didn't expect that Li Xiandao would actually know how to form the aura of Zhao Wudi, who had died many years ago.

"Go and die!" Li Xiandao said coldly. His spear continued forwards without giving him any chance to react at all.

The dragon swallowed everything up. No matter how the warrior struggled and used his Grade 18 Countless Sands Realm strength, there was nothing he could do.

The spear pierced into his heart. The power that exploded from it destroyed his will to hold on.

His soul exploded and he would never be able to repair it.

When everything calmed back down, Li Xiandao just stood there with his arms behind his back. He looked just like a Master that had transcended all these worldly things.

If it was a short while ago, he would have spent some effort to kill someone from that realm. But now, he didn't need to try at all.

"This is Ancestor... Ancestor's spear technique?" The warrior muttered.

Li Xiandao nodded his head, “Yes, this is War God Zhao Wudi’s spear technique.”

“Only such a spear technique can be called invincible.” Those were his final words as he just stood there and didn’t move at all.

The old priest swallowed his saliva and said, “Boss, can Ancient Desolate Land accept strength above Countless Sands Realm?”

Li Xiandao looked at him and said, “I broke through after I entered, otherwise, I wouldn’t have been able to enter.”

The old priest said in envy, “Boss, you are really amazing to be able to break through into Countless Sands Realm in Ancient Desolate Land.”

“This is why you can’t run away from me. Work hard, otherwise...” Li Xiandao glanced at him and said.

The old priest’s face froze.

## **Chapter 153: New Guest**

After killing the enemy, Li Xiandao turned around and returned back to the Bank of the Universe.

The old priest followed.

Li Xiandao thought about it and gathered all the men he had under him.

The second meeting of the Bank of the Universe began!

....

President: Li Xiandao!

Secretary: Seven!

Members: Battle Angel Michael, Archangel Gabriel, Fallen Angel Lucifer, Moon Angel Usuna, God of Light Tian Guangming, Heaven Heart, Wu Xian’er, old priest, La Mo, Long Mixu, and Qiu Bai.

Li Xiandao told them about Ling Ren as well as the purple-gold armored warrior and asked, “Which one of you is willing to head to Eternal Land with me?”

Li Xiandao was prepared to head there. Not taking into account how Ling Ren attacked him across space, she even sent someone to Ancient Desolate Land to kill him. This was a debt that Li Xiandao remembered in his heart.

Moreover, after heading to Eternal Land, Li Xiandao's cultivation would be able to rise quickly.

Including this bunch of extremely talented people under him, all of them needed to enter Eternal Land to fully utilize their talents.

Dali Land and Ancient Desolate Land were too far away and were unable to receive much of the spiritual energy that came from the Nine Skies.

The old priest was the first to stand up. He raised his hand and said, "I definitely want to head there."

Li Xiandao nodded his head. He had to bring him there as it was written in the contract.

"We will go too."

Lucifer, Usuna, Michael, Gabriel, Heaven Heart, Tian Guangming, Qiu Bai, and Wu Xian'er all chose to follow Li Xiandao.

La Mo and Long Mixu shook their heads.

They weren't going!

Li Xiandao could understand. La Mo had to take care of the High Mountain Race, so he couldn't go.

Long Mixu had just become the Empress, so it was impossible for her to head to Eternal Land now.

"Okay, then La Mo and Long Mixu will stay here and manage the Ten Thousand Dragon Empire. If there are any problems contact me and I will send people to help you." Li Xiandao nodded his head and said.

"The World Breaking Blade?" La Mo asked curiously.

World Breaking Blade belonged to Li Xiandao and it was a Celestial Artifact. Now that Li Xiandao was leaving, he would definitely take it away, right?

Li Xiandao shook his head, "A Celestial Artifact is really precious but I have a few in my hands. I will leave it for all of you to protect yourselves."

“Also, help me manage the World Grade Teleporation Formation. When I need to open it again I will still require your World Breaking Blade.” Li Xiandao instructed.

La Mo said solemnly, “I will definitely complete the mission.”

Li Xiandao nodded his head. He stopped looking at them and turned to Seven instead.

“Now that we are all well prepared, what do we need before we can leave?” Li Xiandao asked.

He was afraid that he had missed out on something.

Seven said calmly, “Of course, you can leave Ancient Desolate Land, but to head to Eternal Land do you have coordinates?”

Li Xiandao frowned. Only then did he remember that the World Grade Teleporation Formation required coordinates to pinpoint a location.

He didn’t have any coordinates in Eternal Land, so they couldn’t head over.

Li Xiandao frowned, “Then, we do have to think of a solution.”

Just like how Li Xiandao entered Ancient Desolate Land, he needed someone for the coordinates.

Seven smiled, “I have helped you solve it.”

Li Xiandao looked at Seven in shock and asked, “How?”

“I told the red watch to find a native of Eternal Land to trade. Then, she will help us to mark our next coordinate.” Seven said slowly.

“Not bad, Seven has done well this time.” Li Xiandao praised Seven and even sneakily gave her the thumbs up.

Seven saw it but didn’t show any emotion at all. The only thing was a slight raise of the corner of her lips which represented her mood.

“When is this guest coming?” Heaven Heart asked.

“The guest is on the way.” Seven said.

Li Xiandao stood up and said, “Meeting adjourned!”

The Bank of the Universe’s second meeting ended just like that!

....

Within the Trading Hall, there was only Seven and Li Xiandao.

“Seven, thank you for your quick thinking about how to arrange for this guest in advance.” Li Xiandao was grateful to Seven.

Seven desired Li Xiandao's gratitude but she didn't show it on her face, “That is what I have to do.”

Li Xiandao didn't care about that and wanted to continue praising her.

Praising a woman was better than not praising them, right?

Li Xiandao had never dated but he knew that when one praised another person, even if one didn't feel happy about it, they wouldn't be angry or triggered by it.

Seven pointed forwards. “The guest is here, if you have anything else to say, it can wait.”

It wasn't that she didn't want to hear Li Xiandao praise her, but she was worried that she would be too happy and she wouldn't be able to maintain her cold personality.

She was a cold Seven and not a Seven that would be extremely happy after Li Xiandao praised her a few times.

Seven reminded herself of that.

....

The guest was here. What Li Xiandao didn't expect was for it to be a little girl.

She looked like she was 10; she was around 1.3 meters tall and her look was slowly turning from cute to beautiful.

She wore a long dress and bounced up and down when she walked. Just one look and one could tell that she was from an important family.

Li Xiandao sat there and waited for her to walk over.

Who knew that the moment she entered, she bowed towards Li Xiandao and said, “Granddad Deity, is it true that I can trade everything here?”

Li Xiandao's face froze up.

Not only did his face freeze, but even his body froze.

What had he heard?

Grandad! ! !

Was he that old?

Li Xiandao didn't reply and looked towards Seven with a questioning gaze, "Where did you get this dumb kid?"

Seven shrugged her shoulders helplessly to say that she had no idea and that the watch found her itself.

"Granddad Deity, why are you not answering me?" The little girl asked carefully since Li Xiandao didn't reply to her.

Li Xiandao had nothing to say and could only say helplessly, "There is no need to bow. We can in fact exchange everything but you need to provide us with enough treasures."

She got up slowly and looked fearfully at Li Xiandao's mask. To children, this mask was really scary.

But the little girl was strong enough and managed to stand up by herself. She sat on the chair with her back really straight and looked at Li Xiandao.

"You are so small, so how did you enter the Heaven and Earth Battlefield?" Li Xiandao asked. This girl was only 10 and should have just been building her cultivation foundations. Why was she in the Heaven and Earth Battlefield?"

"I entered the Heaven and Earth Battlefield with my grandfather. Granddad Deity, please save my grandfather." She said anxiously. When she talked about her grandfather, she panicked like a kid. Tears even welled up in her eyes.

Li Xiandao asked, "What happened to your grandfather?"

"He is going to die. He was bitten by a poisonous snake in the Heaven and Earth Battlefield. I can't save him, so I shattered the watch." Although she was anxious, she was very articulate.

"Your wish is for me to save him?" Li Xiandao asked.

"Yes, save my grandfather." The girl nodded her head firmly.

"Okay, I can save your grandfather but Granddad Deity needs you to do something for me. Do you agree?" Li Xiandao gave up and called himself Granddad Deity.

## **Chapter 154: His Mother Is A Snake?**

When she heard that Li Xiandao agreed to save her grandfather, the little girl teared up. The pressure and fear in her heart dissipated and she rolled on the ground to kowtow to Li Xiandao.

“Granddad Deity, if you save my grandfather I promise that I will listen to you and do anything. I am very well-behaved.” The little girl said emotionally.

Li Xiandao looked towards Seven helplessly.

Seven walked over and helped her up, “Don’t worry, our Granddad Deity is very skilled. Since he said that he will save your grandfather, then he will definitely be able to do so.”

“Is that so, Granddad Deity?!” Seven shouted towards Li Xiandao.

Hidden under the mask, Li Xiandao had an expression of helplessness on his face. However, when he looked at the little girl’s anticipation, he could only nod his head

“Come and sign the contract. Although you are young, luckily there are no laws in this world preventing kids from signing things.” Li Xiandao dissed.

He really didn’t expect for the guest that Seven found for him to be a little girl.

Seven took a contract and told the little girl to read it carefully.

The little girl was really anxious and she just signed it without looking at all.

Li Xiandao looked at it and nodded his head in satisfaction. “Luckily, she met a good boss like me. If she had met a mad person, her future would be ruined.”

“Granddad Deity, please go and save my grandfather.” The girl shouted.

Li Xiandao nodded his head. “Calm down, I will let an expert follow you to save your grandfather.”

Li Xiandao couldn’t enter the Heaven and Earth Battlefield. There were many restrictions and he was unable to cross worlds to travel around.

Which was why Li Xiandao called the old priest.

The strongest and most abled person under him was this priest.

“Boss, did you call me?” The old monk walked in with a confused expression. In his heart, he was actually complaining that there was a new mission to do.

Li Xiandao said calmly, "The little girl's grandfather has been bitten by a snake in the Heaven and Earth Battlefield. Go and save her grandfather now."

"Boss, can you send someone else?" The old priest raised his hand to suggest a swap in personnel.

Li Xiandao looked at him and didn't say a word.

"I just followed you to face that invader and I am really tired. I am so old and can't be compared to those young people." The old priest found an excuse.

Li Xiandao kept silent for a moment and said, "When you faced the invader with me, wasn't I the only one fighting?"

"Also, this girl is the key to entering Eternal Land. Without her, we won't be able to enter. Do you want to head to Eternal Land?" Li Xiandao said calmly.

"Boss, you don't have to say anything else. I feel like resting too much is bad for my health, so I should exercise more. I like this brat too much, so allow me to accompany her to save her grandfather. I will take good care of her." The old priest raised his hand and looked firmly at Li Xiandao firmly.

Li Xiandao smiled, "I want you to promise that you can't let anything happen to her, that you will save her grandfather and protect them. You will complete the mission perfectly and you can't be a coward and hide at the side."

The old priest hesitated. He suddenly thought about how the grandfather was bitten by a snake. It was just a snake, so what was the big problem?

The old priest straightened his back and puffed his chest, "Don't worry boss, not only will I protect them well, but I will kill the snake that harmed her grandfather. I will do what I promise."

Li Xiandao gave a mysterious smile and said to the old priest, "Make an oath, stop slapping your chest and talking big."

"Oath?" The old priest was stunned and felt like something wasn't right.

Wasn't he just bringing a little kid to save an old man?

Why did he have to make an oath?

Was it because he had to kill a snake?

A snake that bit an old man?

Did he really have to make an oath?

Li Xiandao smiled, "I am worried that you will abandon them, so make an oath."

The old priest looked at Li Xiandao suspiciously but he still raised his hands and made an oath towards his Dao heart.

"I swear with my Dao heart that I will protect the little girl and her grandfather. If I go against it, I will never improve any further in my life." The old priest looked at Li Xiandao after he finished.

"You also need to kill the snake." Li Xiandao calmly added.

The old priest had no choice but to say, "I will definitely kill the snake that bit this little girl's grandfather."

Li Xiandao nodded his head in satisfaction, "You can leave now. Go and come back quickly. Be safe."

The little girl pulled the old priest and ran out.

The old priest asked while walking, "Little girl, what is the snake like?"

"It is just a snake but it has bright colors and is really colorful." The little girl replied.

The old priest calmed down and said, "Don't worry, it is just a poisonous snake. I am extremely skilled and I am a good healer too. I will definitely be able to heal your grandfather."

The little girl nodded and pulled the old priest out of the Bank of the Universe.

Within the Trading Hall, Li Xiandao watched as they left. He took off his mask to show a slight smile, a mysterious smile.

Seven was confused and asked, "Granddad Deity, what is with the cunning smile?"

Li Xiandao rolled his eyes at her. "I am laughing because the old priest has finally conned himself."

"What do you mean?" Seven didn't understand.

"The snake that bit her grandfather isn't just an ordinary snake. If the old priest doesn't use all his skills, he won't be able to kill it." Li Xiandao smiled and said.

The moment he thought about how the old priest made an oath to go all out, Li Xiandao felt great.

Seven rolled her eyes at Li Xiandao. "Our Granddad Deity really is an evil person."

Li Xiandao looked at her and waved his sleeves. A scene appeared. It was of the Heaven and Earth Battlefield where the little girl and old monk had just arrived.

"Are you going to look?" Li Xiandao asked Seven.

"It will be really interesting." Li Xiandao added.

Seven walked to Li Xiandao's side, the two of them stood shoulder to shoulder and looked at the old priest and little girl in the projection.

....

Within the Heaven and Earth Battlefield, the old priest arrived after paying 20 years of lifespan.

On a huge mountain, the old priest carried the little girl and flew quickly.

"Where is your grandfather?" The old priest asked.

The little girl looked around carefully and then said firmly, "He is in the lake up ahead."

The old priest saw a giant lake deep within the mountains. The lake water was pure and coral blue. Around it were many mountain streams that flowed into the lake.

The old priest was really quick and rushed over instantly. He asked, "Where is he?"

The little girl reached out and pointed, "On that small island."

At the center of it was a small island that was only a few hundred square meters. On it laid an old man who was bleeding profusely and on his final breaths.

"Let us go save your grandfather." The old monk carried the little girl and flew forward.

Explosion!

Right as they were flying across, the surface of the lake started to shake. Like an earthquake, huge waves started to form.

The old priest was shocked and felt that something was wrong. He flew to the island to help carry the old man up.

*Kong!*

There was a giant roar which shocked his eardrums. Then, a giant body emerged from beneath the surface of the water.

Huge!

Very huge!

It looked like a small mountain with a very thick aura.

The old priest was forced back to the island and he was infuriated. "This is a snake?"

## **Chapter 155: I Am So Amazing**

A giant snake popped out from the lake.

It was comparable to a mountain. A single scale was even bigger than the old priest. When the snake straightened its body, it looked like a really tall mountain peak.

This giant snake's body was multi-colored. The little girl was right; it was indeed a five-colored snake.

The old priest gulped as he looked at both the little girl and the unconscious old man.

He couldn't control himself and was thinking about fleeing!

His instinct was to avoid danger!

"I should have made a divination before heading out." The old priest was filled with regret and hatred.

He looked at the pitiful little girl who was in tears and suddenly recalled his oath.

The old priest stopped thinking about fleeing and looked at the snake with determination.

He couldn't flee!

But he was worried!

What if he couldn't beat it?

Since the old priest broke into Countless Sands Realm, even when he broke into Dao Saint Realm, he had never fought.

A few thousand years had passed without the Old Priest even fighting anyone. He had always chose the safest route in life.

Hide! Hide! Hide!

Avoid! Avoid! Avoid!

But now he couldn't hide or avoid any longer. The old priest took in a deep breath and said, "Snake, I don't mean to fight you but I just want to take this old man and kid away."

*Kong!*

In response, he was met with a furious roar and the smelly breath of the snake.

Explosion!

The snake smacked the lake water and caused huge waves to rise up. They were dozens of meters high and were about to totally drown the entire island.

When the old priest saw this, he frowned and rage rose up in his heart.

There was a little girl and a dying old man on the island. Since the snake had such a strong aura and cultivation, its intellect was definitely not low.

But it still insisted on doing that. This was something that the old priest couldn't accept.

"Don't force me into doing it!" The old priest said seriously.

Facing the dozen-meter tall giant wave, the old priest stared at the giant serpent. His aura exploded around his body and the aura of a Countless Sands Realm expert swept the area.

*Kong kong kong!*

The snake hissed in rage. It had sensed danger, so it was even more violent and maniacal now. It went all out to sweep the lake water around it to try to smack the three of them to death.

Explosion!

The lake water covered them. It was as if the sky and the ground were falling apart. It was really terrifying.

"Old grandfather, save us." The little girl hugged her grandfather and cried.

The old priest said calmly, "Little girl, don't cry. With me here, nothing will happen to you. It dares to attack me so arrogantly with a wall of lakewater?"

The old priest finally became firm and determined. He didn't want to hide anymore, or rather, he was unable to do so anymore.

Facing the surging lake water, the old priest's aura was on full display. He stepped forward and his body appeared in mid-air.

Stop!

The old priest coldly spat out one word. The World Dao that a Countless Sands Realm expert comprehended caused the giant lake across 100 miles to settle down.

Even the giant snake stopped after the old priest said that.

But after just a short while, the snake broke free. Its body coiled up, but even then it was still extremely huge. It was as if it could cover the entire sky.

But the old priest didn't fear anything. It aggressively punched forward.

Constant Youth Fist!

The most basic fist technique in the Constant Youth Celestial Technique. At the initial stage, it could only help to train one's body and didn't have much other use of fighting strength. But in the hands of the old priest, this fist technique could shock the world.

*Peng!*

The old priest's Constant Youth Fist smacked into the body of the snake and it gave out a metal-like sound.

*Clang!*

Dozens of the big snake's scales were shattered and scattered everywhere by this punch.

*Kong!!!!!!*

The snake cried out manically and it twisted its body in rage. It opened its bloody mouth and spat out a five-colored toxic gas.

"Grandfather priest, be careful. My grandfather fell for this move." The girl shouted. She was really anxious but she didn't cry at all.

She knew that the old priest was trying his best to save her grandfather and her. She had to be well-behaved and not let the grandfather priest worry about her.

The old priest scoffed coldly, "Do you know what I am strongest at?"

The toxic gas covered the area and continued to spread.

The snake wanted to poison the old priest to death, just like what it did to the girl's grandfather.

But the old priest didn't fear anything and just moved about freely in the poison. He hollered, "My strength is my body, no poison can enter and I can't die. If you didn't try to offend me, I could have allowed you to live. But now, you are going to die!!!!"

The old priest who had always behaved in a cowardly manner turned into the True Martial Emperor of the Taoist Faction. He formed a Demon Suppressing Sword from thin air and slashed down.

A 100-meter long sword energy slashed across the sky. It was terrifying and contained the Dao within.

*Kacha!*

The scales on the snake's stomach shattered, revealing the blood-red meat underneath. The meat was sliced open by that slash.

The snake was instantly split into two. Its head and its tail split in the middle. It hollered in rage and fell into the lake.

The spurting fresh blood instantly dyed the lake water red.

A stench spread about which caused the old priest to frown. He landed on the island and looked around in shock.

"This... I did this?" The old priest was terrified by his masterpiece.

Explosion!

The giant wave that froze for over 10 seconds suddenly broke down. The lake water became red and smelly.

A giant snake corpse was floating on the surface. The entire body was now in two pieces.

"I am actually so amazing!!!!" The old priest scared himself. He looked around in disbelief.

He hadn't fought for a few thousand years and he had actually become so strong?

He was furious just now and the old priest just wanted to vent his anger. Now that he calmed down, he found it really unbelievable.

"That isn't right, I am so strong, so why have I been hiding?" The old priest didn't know what he had been doing.

He was amazed by everything that he had just done.

"Grandfather priest, please save my grandfather." The little girl saw that the old priest was just standing there in awe, she shouted right away.

"I will come over right away." The old priest stopped judging himself and headed over to treat the girl's grandfather.

....

Within the Bank of the Universe, Li Xiandao and Seven saw the old priest fight.

"This old priest is so strong." Seven was impressed.

"Right, I told you that he is strong, really strong. The only problem is with his personality." Li Xiandao nodded his head.

"What exactly is his cultivation?" Seven asked curiously.

As the old priest had been hiding his true skills, very few people knew his true cultivation.

Everyone only knew that he was at Countless Sands Realm.

But there were 18 stages, so which stage was he at?

"Countless Sands Realm 18 stages, he is at stage 17." Li Xiandao smiled.

"He is so amazing?" Seven said in shock.

Li Xiandao nodded. This was the reason he had such high hopes of this old priest.

To be able to reach stage 17 in a place with such little spiritual energy like Ancient Desolate Land, that was near impossible. But the old priest had managed to do so.

The Great Ocean Saint Turtle that was stronger than the old priest was at stage 18

But the Great Ocean Saint Turtle was a Saint Beast and had also obtained the Xuanwu Neidan. As for the old priest, he had nothing at all.

## Chapter 156: Talking

On the island, the old priest used his extraordinary medical skills to save the girl's grandfather.

"Thank you priest for saving me." The old man was really weak. He forced open his eyes and said gratefully.

"It is okay. Your granddaughter is the one you have to thank. I only saved you because of her." The old priest waved his hands.

"Thank you, Grandfather Priest." The little girl saw her grandfather wake up and was delighted. She had a sweet smile on her face.

The old priest smiled too, "There is no need to thank me. Since your grandfather is awake, then we shall leave this place."

"Priest, may I bother you to help me collect the snake's neidan. I came for the neidan. Xiaoya's mother has been poisoned and is unconscious and we need this five-colored serpent's neidan to save her." Xiaoya's grandfather begged.

Xiaoya also knelt down in front of the old priest, "Grandfather Priest, please save my mother, we really need the neidan."

The old priest agreed right away and hugged her. "You don't need to kneel for me. You are so cute, so I will obviously agree. Take care of your grandfather. I will go get the neidan."

The neidan was in the body of the snake. Now that the corpse was split into two, naturally, it was really simple to take it out.

The old priest returned really quickly with a white and tender neidan. It was like a cooked egg. The only difference was that it was several times larger.

"Keep this neidan sage. I will bring all of you out now." The old priest grabbed Xiaoya and her grandfather and flew out of the mountain range.

....

In the Heaven and Earth Battlefield, there was a broken Mountain God Temple. What it paid respect to was the ancestor of the Taoist Faction. The old priest brought Xiaoya and her grandfather over to rest up.

The old priest also hunted a few mountain chickens and was prepared to barbecue them for Xiaoya.

While barbecuing the chicken, the old priest went to heat up water so that Xiaoya could bathe and change out of her dirty clothes. Xiaoya was now totally fresh.

A young and exquisite beauty appeared.

The more the old priest looked at her, the more he adored her. Maybe he was old, so he naturally liked all kids. Xiaoya was also really well behaved and did everything that the old priest made her do.

He told her to bathe, so she went. He told her to take care of her grandfather and she quietly took care of her grandfather.

The old priest really liked Xiaoya.

*Peng!*

A firecracker exploded in the bonfire and caused flames to burst out.

The bonfire lit up the area. The priest's old face, Xiaoya's exquisite little face, and her grandfather's weak face were all lit up.

The three of them surrounded the bonfire and talked to one another.

The sky outside started to turn dark. The moon was covered by the dark clouds and the empty space outside was pitch black.

Within the Mountain God Temple, the old priest asked Xiaoya warmly, "What is your name?"

"Tian Ya, my nickname is Xiaoya." Xiaoya smiled sweetly and said.

"This is my grandfather, Tian Yun." Xiaoya introduced.

"Why would you enter the Heaven and Earth Battlefield along with your grandfather? It is just too dangerous." The old priest shook his head. Xiaoya was just building her foundations and was at the Foundation Realm. Why would she enter the Heaven and Earth Battlefield?

Xiaoya said helplessly, "If I don't enter, I will face danger. Also, I didn't even want to. I wanted to be by my mother's side."

The old priest looked towards Xiaoya's grandfather Tian Yun.

Xiaoya caught his eye right away and he felt like she was like a family member of his. After spending time together, he really adored this little brat.

Maybe because he hadn't had a wife and kids, the old priest never enjoyed the joy of family. Now that he saw Xiaoya, he suddenly felt the urge to dote on her like a granddaughter.

Xiaoya's grandfather sighed. "I had no choice. Xiaoya's father is missing and her mother was poisoned and doesn't have much time left. Also, someone is targeting Xiaoya. I wanted to save her mother, so I had to enter Heaven and Earth Battlefield and get the five-colored snake's neidan. But if I am not there, Xiaoya will be exposed. I had no choice but to seal her mother and bring Xiaoya into the Heaven and Earth Battlefield. Once I get the neidan, then I will go back to save her mother."

"Unfortunately, the five-colored giant snake was so strong. I was not careful and got poisoned. Xiaoya tried her best to save me. As a grandfather, I am really useless." Xiaoya's grandfather blamed himself.

He was also at Countless Sands Realm, but he wasn't as strong as the old priest. However, he was at stage 10.

Logically speaking, if he was slightly more careful, even if he couldn't beat the snake he would be able to escape.

But after being poisoned, his body lacked strength and he was unable to flee at all. He could only lay there and wait for death.

After Tian Yun was poisoned, the five-colored giant snake didn't kill Tian Yun right away. It planned to let the poison spread into his organs before swallowing him. Only then would he taste delicious.

Unfortunately, Xiaoya managed to get reinforcements.

"Who wants to attack your family?" The old priest frowned and asked. He saw how cute Xiaoya was especially when she combed her ponytails. She was so cute that people couldn't bear to scold her. Who would actually dare to attack such a cute girl?

The old priest was furious!

Xiaoya was crestfallen. She stared at the bonfire and was filled with melancholy.

The 10-year old Xiaoya was mature like an adult. Maybe she had been through too much which resulted in her having to become mature.

Tian Yun sighed, "The people who attacked us were from Xiaoya's mother's family."

Shocked, the old priest said, "A family feud!"

Tian Yun laughed bitterly and said, "Not only that. There exists the love between a rich family and a poor boy, but her family objected. They hunted them down, and now, even Xiaoya's father is gone and her mother has been poisoned."

The old priest sighed. "This is even more far fetched than I imagined."

"But the kid is innocent." The old priest looked at the sad and lonely Xiaoya and raged.

"Xiaoya's grandfather wanted to snatch her away. I don't know what they want to do but she is my granddaughter. Now that her father is lost and her mother has been poisoned, as her grandfather, I need to protect her." Tian Yun said firmly.

"Not bad, you are responsible. Don't worry Xiaoya, once I enter Eternal Land, you can contact me if you face problems. I will definitely help you solve it." The old priest patted his chest.

"Is that so?" Xiaoya and Tian Yun looked at the old priest in surprise.

"Of course, I am really strong, even... even if I can't solve it, don't you still have your Granddad Deity?" The old priest said to Xiaoya.

Xiaoya said emotionally, "Right, there is still Granddad Deity. Grandfather priest is so strong and you have to listen to Granddad Deity, so he must be really strong."

"Who is Granddad Deity?" Tianyun was lost.

"Don't ask Xiaoya about Granddad Deity and I. You only need to know that Xiaoya is lucky and that we won't hurt Xiaoya. If you annoy Granddad Deity and she misses this chance, then you will have hurt her for the rest of her life." The old priest told him solemnly.

Tian Yun stopped right away and stopped interrupting.

## **Chapter 157: Call Me Daddy**

The old priest and Xiaoya continued talking, "Now, your grandfather needs to recover slowly. When are the both of you planning to return to Eternal Land?"

Xiaoya looked towards her grandfather.

“Of course, the faster the better. If we can return soon, Xiaoya’s mother will be saved.” Tian Yun said right away.

Xiaoya nodded her head too.

“Great! Tomorrow, you will follow me and I will protect you while you head towards the teleportation formation.” The old priest’s eyes lit up and he spoke right away.

As long as Xiaoya returned to Eternal Land and laid down the world coordinates, they would be able to cross worlds.

Since the old priest was able to reach stage 17 of Countless Sands Realm in a place like Ancient Desolate Land, then if he headed to Eternal Land, wouldn’t he soar?

“I have something to say to Xiaoya alone. You can just keep yourself warm here alone.” The old priest pulled Xiaoya and walked out.

Tian Yun looked on in worry, but he didn’t say anything.

Xiaoya gave a sweet smile, “There is no need to worry. Both Grandfather priest and Granddad Deity are nice people and won’t harm me.”

Tian Yun nodded his head. He looked on as both the old priest and Xiaoya walked out of the Mountain God Temple before disappearing.

....

The Bank of the Universe!

The old priest brought Xiaoya back.

Li Xiandao looked at them with the mask on their faces.

“Hello, Granddad Deity.” Xiaoya saw Li Xiandao and shouted respectfully.

Li Xiandao’s gaze was one of helplessness. He waved his hands. “Hello, is your grandfather fine?”

Xiaoya said happily, “Grandfather just needs to rest for a while and there should be nothing wrong with him.”

Li Xiandao nodded his head in satisfaction and looked towards the old priest, “Did it feel fun to go all out?”

The old priest said awkwardly, "It was alright."

"Although cultivation isn't a constant fight, if you give in to others in every situation, as time goes on, something will go wrong with your heart." Li Xiandao said calmly.

There was something wrong with the old priest before. He always felt like he wasn't strong. Although he was at stage 17, he cultivated the Constant Youth Celestial Technique and had no early-stage combat strength at all. The old priest felt that he still had no combat strength even when he reached Countless Sands Realm.

Only when he easily killed the fiver-colored giant snake did he realize that he was so amazing.

To a certain extent, his heart was actually changing.

Although he was still timid, he wasn't a total coward like before.

"Thank you, Master!" Thankful, the old priest bowed. He knew that Li Xiandao was trying very hard to help him change this personality flaw.

Li Xiandao accepted his thanks but didn't worry about him. He looked at Xiaoya and said warmly, "Granddad Deity has saved your grandfather, so will you help me do something?"

Li Xiandao didn't use the contract to demand Xiaoya to do anything, but he was using their relationship to convince her.

That was because he felt that Xiaoya was really cute too.

A twin-ponytailed, cute loli helped to ignite Li Xiandao's feminine side.

In a serious tone, Xiaoya said to Li Xiandao, "Granddad Deity, please instruct me. I will try my best to help you complete it."

Li Xiandao smiled and touched Xiaoya's ponytail. She was such a cute little girl.

"Granddad Deity, why is your hand so beautiful and young?" Xiaoya said in shock.

Li Xiandao explained, "That is because I am a deity, so my hand is really nice and young."

"Oh-oh, I thought that it was because Granddad Deity was young and I was wrong to call you granddad. Phew, phew, I wasn't wrong." Xiaoya patted her small chest.

Li Xiandao's face froze as he couldn't take back what he just said?

He wanted Xiaoya to call her Brother Deity, not Granddad Deity.

But when he saw how Xiaoya was behaving, Li Xiandao couldn't be bothered to make her change.

Since she was calling him granddad, then so be it!

"Xiaoya, keep this thing." Li Xiandao took out a stone from the space in front of him. It was a mix of white and black with numerous carvings drawn on it. One could clearly see that it was a Star Map.

"What is this?" Xiaoya held it with her arms.

She asked curiously.

"These are coordinates. You can close your eyes and retract them into your body. Then, when you close your eyes and use your heart to summon them, you can take them out once more." Li Xiandao smiled.

Xiaoya tried several times, and as expected, it worked. She looked at Li Xiandao emotionally, "Granddad Deity, why are you giving me this?"

Li Xiandao squatted down. His gold mask was right in front of Xiaoya's face.

In the past, Xiaoya might have really feared Li Xiandao's gold mask, but she didn't fear him at all now. Granddad Deity was a good person who treated him really well.

Moreover, this mask was so cool. It looked really majestic when someone so strong like Granddad Deity wore such a mask.

Xiaoya stared at Li Xiandao's mask and sized him up. He was really curious about what Li Xiandao's face would look like.

An old man?

A handsome, old man?

A bald, old man?

A disfigured, old man?

....

Many thoughts appeared in Xiaoya's little head.

If Li Xiandao knew, he would have told him that behind the mask was an extremely handsome face.

It was a face that made girls' legs weak when they saw it.

A face that gave people with cravings.

A face that could rank among the top in the Nine Skies and Ten Lands even the Celestial World.

A face that would make numerous girls single for the rest of their lives.

Unfortunately, Li Xiandao didn't know what Xiaoya was thinking about.

He said solemnly to her, "Remember, when you return to Eternal Land and confirm there is no one around, no beasts and the entire place is empty, take this out. Place it on the ground and inject some of your energy into it to activate it."

Shocked, Xiaoya listened intently and asked, "So simple?"

Li Xiandao nodded his head and said, "It is just that simple."

"Are you confident that you can do it?" Li Xiandao asked.

"Yes." Xiaoya nodded her head.

Li Xiandao reached out and touched Xiaoya's hair, "If you complete this, in the future, Granddad Deity will take care of you in Eternal Land and no one will be able to bully you."

Xiaoya smiled sweetly. "Thank you, Granddad Deity."

"Okay, keep the coordinates and head out with your Grandfather priest. He will send the two of you to the teleportation formation." Li Xiandao stood up and said.

"Goodbye, Granddad Deity!" Xiaoya waved her hands.

Li Xiandao nodded and said, "Goodbye, the next time we meet will be in Eternal Land."

Xiaoya nodded and held Grandfather priest's hand to leave the Bank of the Universe together.

After they left, Li Xiandao just looked on quietly.

"I didn't think that our Granddad Deity would be so loving." Seven walked over slowly and said.

“You shouldn’t call me that.” Li Xiandao reminded.

“Then, what should you call me?” Seven asked curiously.

Li Xiandao thought about it and said seriously, “Looking at her, I suddenly want a daughter. You can call me daddy.”

Seven’s face turned black as she stared at Li Xiandao and gritted her snow-white teeth.

## **Chapter 158: Little Ya’s Seriousness**

Xiaoya and the old priest returned from the Heaven and Earth Battlefield and to the Mountain God Temple.

The two of them were perfectly fine while Xiaoya had a wide smile.

Only then did Tian Yun relax.

“Rest up and we will set off tomorrow. I will send all you safely to the teleportation formation.” The old priest said.

The bonfire was not strong enough, so the old priest added more to it before sitting cross-legged on the ground. He started to chant and only he could hear what he was saying.

Tian Yun closed his eyes and started to heal his injuries.

As for Xiaoya, she laid on a clean mattress to the side and fell asleep.

....

The night was one of silence. On the early morning of the next day, Tian Yun was able to walk by himself. So, the old priest carried Xiaoya and all of them went on their way.

As this was the Heaven and Earth Battlefield, they avoided the crowded areas and dangerous regions. The old priest didn’t find it tiring to fly with the two of them and they were traveling at a very high speed.

The unfortunate thing was that the old priest was unable to use the teleportation formation. Otherwise, he would have been able to use this to enter Eternal Land and wouldn’t have needed to sign a contract with Li Xiandao.

The old priest was really careful along the way, using all his skills to divine danger and make safe decisions.

When he faced danger he would hide right away and only charge forward when the danger was gone.

Just like that, under Tian Yun and Tian Ya's shocked gazes, they traveled for 15 days. The few of them didn't even fight at all, nor did they face any danger whatsoever.

Only when they saw the World Grade Teleporation Formation did the old priest heave a sigh of relief. He said proudly, "This is my specialty. If I don't want to fight, no one can make me fight."

Xiaoya clapped, "Grandfather Priest is so amazing."

Tian Yun said seriously, "Priest, Tian Yun and I will remember your help deep in our hearts."

"There is no need to thank me. All of this is because of Tian Ya. When all of you head over to Eternal Land, we will meet you there." The old priest smiled.

"Goodbye, Grandfather Priest!" Tian Ya waved his hands.

"Goodbye, remember what Granddad Deity instructed you." The old priest said.

"I remember and I will definitely do it." Tian Ya nodded her head. Her small brain was really developed and she would definitely do what she promised someone else.

The old priest smiled as he saw them leave and disappear from the Heaven and Earth Battlefield.

"Why do I feel like I am sending my own granddaughter out?" The old priest muttered.

He shook his head and was prepared to leave the Heaven and Earth Battlefield to get back to the bank.

....

Eternal Land!

Tian Yun and Tian Ya were back together and they left the range of the World Grade Teleporation Formation right away.

"Tian Ya, what did Grandfather priest's words mean?" Tian Yun was concerned.

Although the old priest warned him before, Tian Yun was still anxious and had to ask to be safe.

Tian Ya shook her head and said, "I can't tell you."

“Why?” Tian Yun asked.

“Because this is our secret.” Tian Ya said crisply.

“Then, I won’t ask you about the secret. Can you tell me about this Granddad Deity?” Tian Yun asked in another way.

“Granddad Deity is Granddad Deity and he is really amazing.” Xiaoya thought about it and said.

“Then, compared to your Grandfather priest, who is stronger?” Tian Yun asked.

“Granddad Deity.” Tian Ya said without hesitation.

“Grandfather Priest is Granddad Deity’s subordinate and in front of him, he doesn’t dare to move or go against his orders. Thus, Granddad Deity is the best.” Tian Ya thought about how careful the old priest was in front of Li Xiandao and said confidently.

Tian Yun was shocked. The priest was already so amazing, but in the end, he was the subordinate of Granddad Deity. That was just unbelievable.

So, how strong was he?

“What did he ask you to do?” Tian Yun asked again.

“Of course...” Xiaoya nearly said it but she looked at her grandfather unhappily.

“Granddad Deity told me not to tell anyone. This is our secret, so grandfather, please stop asking.” Xiaoya’s face became solemn and he said right away.

Tian Yun apologized, “Sorry, it is my fault and I will stop asking. Let’s save your mother now.”

Tian Ya relaxed. “Grandfather, don’t worry. Granddad Deity is really amazing. If people want to hurt me, why don’t we just fight back?”

Tian Yun looked at Tian Ya and was speechless.

That made sense!

Even if Granddad Deity didn’t help, if the old priest did, the enemy would fall right away.

“Which is why there is nothing to be worried about.” Tian Ya smiled.

“Grandfather is just worried about your safety. You are so weak and you have just built your foundations, so how can you even help him?” Tian Yun sighed.

“Don’t worry, I will definitely be able to do this and it’s really safe too.” Xiaoya said firmly.

“Okay, you are more promising than your grandfather and you know these mysterious people. But just one more question and I won’t ask anymore.” Tian Yun raised one finger.

Tian Ya thought about it and said, “Just ask, I will see whether or not I can answer it.”

“Compared to your other grandfather, who is stronger?” Tian Yun asked.

“Grandfather!” Tian Ya muttered with a complicated expression. He looked at him with a confused gaze and didn’t know why his grandfather asked that.

“Your other grandfather always wanted to snatch you away. If your Granddad Deity is stronger than him, you can ask him to protect you. I don’t have the skill and can’t protect you. As long as you are fine, I will be the happiest person alive.” Tian Yun doted on her.

At the start, he didn’t like having a granddaughter. After all, there was still much sexism.

But after she was born, Tian Yun became her slave. You could kill him but he wouldn’t let anybody harm his granddaughter.

Now that he wasn’t really able to protect her, he wanted to find someone who could.

Granddad Deity was someone he considered.

“Granddad Deity wears a mask and is very cool. He stands tall like the world cannot make him bend. His aura is like that of a mountain, like that of the ocean... It is really deep and can’t be measured.” Tian Ya recalled her memory of Li Xiandao.

“I have seen grandfather twice and he feels very overbearing and cold.”

“But Granddad Deity is different. He is warm and makes one feel happy. He is also really strong.”

“If I am to compare them, grandfather is no match for Granddad Deity.” Tian Ya said confidently.

Tian Yun believed his granddaughter and said, “From now on, I won’t ask you for anything. You must plan for yourself and remember to protect yourself.”

Tian Ya nodded her head, “I will.”

*Hong!*

But just at that moment, a flag slashed across the sky and pointed toward the space in front of Tian Yun, causing a huge commotion.

“Miss Xiao Ya, I miss you.” A low voice rang out, terrifying Tian Yun so badly that his face turned white. He hugged Tian Ya and retreated.

## **Chapter 159: Wen Family and Tian Family**

Tian Yun protected Tian Ya as they retreated. They looked warily at the people ahead of them.

*Da da da!*

A handsome, middle-aged man walked over slowly and pulled out the flag from the ground. He pointed at Tian Yun and said, “Old fellow, you really are bold. You actually dared to bring Wen Ya into the Heaven and Earth Battlefield. If anything happens to Wen Ya, even if you die 100 times, you still won’t be able to atone for your sins!”

Tian Yun frowned and said, “Tian Ya is my granddaughter. Her surname is Tian, not Wen!”

“Right, I am Tian Ya, not Wen Ya.” Tian Ya said.

The middle-aged man burst into laughter and said in disdain, “Who are you to decide what Wen Ya is called?”

Tian Yun stared at the middle-aged man in a rage. He was so furious that he trembled.

“You are only Countless Sands Realm Stage Ten and you’ve still been injured. Whether or not you can even block one strike from me is a problem, so how are you going to protect Wen Ya?” The middle-aged man said coldly.

“I will use my life to protect Wen Ya!” Tian Yun said firmly.

“Your life?” The middle-aged man burst into laughter and shook his head, “Your life is not worth anything to me.”

“But your Wen Family can’t deny that my Tian Family’s blood flows in Tian Ya’s body.” Tian Yun shouted in rage.

The middle-aged man’s gaze turned cold as he stared at Tian Yun. The rage surged within him, causing an aggressive aura to rise around his body.

“My sister is so beautiful and intelligent. She has innumerable positive sides to her and was the Crown Prince’s concubine of Feather Transformation God Dynasty, the future Empress. But all of this was ruined by your son. My Wen Family swears that we will wipe out your Tian Family to vent the hatred in our hearts!” The middle-aged man hollered in rage. His angry expression was very terrifying and it wasn’t handsome at all.

He was Wen Family’s second young master, Wen Ming, Tian Ya’s mother’s second brother, and also Tian Ya’s uncle.

Wen Ming was the person who looked forward to Tian Ya’s mother Wen Xinyun’s growth. He wanted her to marry into the Feather Transformation God Dynasty to become the future Empress.

When that happened, the Wen Family, a third grade family in Eternal Land, would rise and become a top power. This was similar to a single person understanding the Dao or a dog rising into the heavens.

But!

But!!!

But!!!!

What Wen Ming and the Wen Family hadn’t expected was that when they let Wen Xinyun travel for three months, she fell for another guy and even supported him in his cultivation for a full three years. With her servant’s help, the entire Wen Family had no idea about the matter.

When the Wen Family people realized what was going on, Wen Xinyun was already pregnant and the whole thing couldn’t be kept in the dark.

Rage!

From top to bottom, everyone in the Wen Family was furious.

But they didn’t dare to make a huge fuss out of this. They even tried to hide it from other people and wanted to force Wen Xinyun to abort the baby. They also tried to kill Tian Ya’s father, Tian Heng.

But what they didn’t expect was that in a short three years, Tian Heng would grow so much. He killed everyone that the Wen Family sent. He even managed to save Wen Xinyun which was something the Wen Family didn’t expect either.

Now, the whole thing couldn’t be kept a secret anymore as Tian Heng and Wen Xinyun fled around the world, avoiding the Wen Family’s attacks.

The Wen Family was infuriated. During that chase, they went all out; even if they killed Wen Xinyun in the process, they didn't want to let her give birth to the child.

This child was an insult to the Wen Family!

To the Crown Prince of the Feather Transformation God Dynasty, this kid was a sign that he had been cheated on.

But in the end, Tian Heng still managed to take all of them down. He fought alone against an army, drawing the Wen Family to battle all around, causing chaos everywhere.

Wen Xinyun went back to Tian Heng's family and found Tian Yun to tell him that he wanted to give birth to the child.

Tian Yun pitied his son and Wen Xinyun for being such a sad couple. He could only prepare everything in the dark and help Tian Yun give birth.

That continued until Tian Ya's birth.

10 years had passed since Tian Ya was born and she had become a little girl now, becoming more and more beautiful as she got older. However, during those 10 years, the Wen Family's attempts to kill them hadn't stopped.

Tian Heng fought for 10 years, sacrificing his life to drag the Wen Family army back.

10 years later, Tian Heng was nowhere to be seen. Some said that he was killed by the Wen Family while some said that he had lost his cultivation.

10 years of battling had left him handicapped. Maybe he was somewhere begging for food now.

As for Wen Xinyun, after giving birth to Xiaoya, she went out to search for Tian Heng and wanted the whole family to unite.

But each time she went out she returned without nothing.

During the latest trip, Wen Xinyun was poisoned and on the verge of death. Tian Yun had to seal her up and bring Tian Ya into the Heaven and Earth Battlefield to find the five-colored giant snake's neidan.

"If you want to kill all my Tian Family members, I have nothing to say except that Wen Xinyun is your sister. You tried to poison her?" Tian Yun was furious. He knew that Wen Xinyun was poisoned by her second brother.

Otherwise, with Wen Xinyun's strength, it would be tough for Wen Ming to take her down.

Wen Ming laughed coldly, "Sister?"

"Since she started being shameless and got pregnant, she was kicked out from the Wen Family. I am her brother but she destroyed my chance of working under the Feather Transformation God Dynasty Crown Prince. So, shouldn't I kill her?" Wen Ming gritted his teeth and said.

If Wen Xinyun married the Crown Prince, he would be a relative of the Royal Family. The Feather Transformation God Dynasty's strength was enormous and they had businesses in the top few lands. If the Wen Family was able to enter such a God Dynasty, wouldn't it be perfect for them?

"You poisoned your own sister for your own gain. As expected from someone from a large family, all of you are so cunning and scheming." Tian Yun mocked.

"What do you know?"

"A girl using her marriage to contribute to her family. What is wrong with that?"

"The Wen Family raised her, so she has to give back to the Wen Family. Moreover, the Feather Transformation God Dynasty is such a great family. Even if he was a beggar, she would still have to marry him!!!!" Wen Ming spoke the cold, cruel truth about the aristocratic families.

Girls were merely tools for marriage and reproduction.

Men were the foundations of a family.

That was why Wen Xinyun destroyed the Wen Family and Wen Ming's chance. That was unpardonable and she deserved to die.

It didn't matter if Wen Xinyun didn't want to marry him and if she wanted to chase her own love. She trusted her own eyes and chose Tian Heng, who had limitless potential.

"You are too cruel." Tian Yun said coldly.

"I am telling you all this so that you know that a chicken can't match up with a Phoenix. Your Tian Family are all bottom cultivators, so you should just continue to be bottom dwellers. Don't think about climbing up the ladder as you are no match for the Wen Family!" Wen Ming was really cold. He walked over and wanted to kill Tian Yun to take Tian Ya back.

“Tian Ya, run. I will hold him back.” Tian Yun hollered as he placed Tian Ya down, allowing her to run.

Tian Ya looked at grandfather’s back as he left. She was so shocked that she didn’t know what to do.

Run?

She had small hands and legs, so where could she run to?

“Granddad Deity!” Tian Ya thought about Li Xiandao.

“Granddad Deity can definitely save me.” Tian Ya didn’t care about the quiet place Li Xiandao had mentioned. She just decisively took out the coordinates.

## **Chapter 160: Kneel Down, You Trash**

Tian Yun attacked right away. However, because of the severity of his injuries and the fact that he only had a dozen days of rest, his injuries weren’t healed up yet.

His attack seemed soft to Wen Ming. It was totally powerless.

“Scram. The bastard that you gave birth to has destroyed my Wen Family’s plan and has also killed so many of our people. Now that we have dealt with your son, it is time for you to die.” Wen Ming was furious. The flag in his hand wrapped aggressively forward and covered Tian Yun.

Explosion!

The flag was a really amazing treasure that was refined at Countless Sands Realm.

After he activated it, sand and stone from all around flew into the air. Lightning from above struck down and it was a truly majestic sight.

*Peng!*

Tian Yun’s fist technique and aura were totally useless under the sweeping attack of the flag. He was smacked aside, flying dozens of meters away and falling to the ground.

*Pui!*

Tian Yun spat out a mouthful of blood. The wounds that he had just healed up split open once more. He looked on with his dying breaths and found it tough to even cry for help.

"I told you you were trash, but you didn't believe me?" Wen Ming laughed coldly. He held the large flag and walked slowly. On his face was the smile of a victor.

"You can kill me but don't kill Tian Ya. She is innocent in all of this." Tian Yun begged with a weak voice. He suppressed the pain and struggled to climb up.

As it was so unbearable, his face was ashen white and he had a pained expression on his face.

"Innocent?" Wen Ming laughed coldly. He looked at Tian Ya who was playing with a piece of stone a distance away.

Wen Ming wasn't fazed. A Foundation Realm brat playing with a piece of stone seemed normal to him. He looked back at Tian Yun and said solemnly, "In this matter, no one is innocent!"

Tian Yun's eyes opened wide and he looked at Wen Ming in disbelief.

"Don't look at me like that. Wen Ya does not know anything but her birth is her sin. This sin will accompany her for the rest of her life and it will never be wiped away." Wen Ming said coldly.

Tian Yun said in despair, "You are her uncle and you still want to kill her?"

"Uncle?" Wen Ming gave a perverted but elegant smile and stared at Tian Ya who was still playing with the rock. Flames of rage appeared in his eyes.

"If she was not around, I would be beside the Crown Prince of Feather Transformation God Dynasty, stepping on the heads of everyone and enjoying power right now. I could even use the power to gain cultivation and resources. I wouldn't be weaker than all those so-called geniuses!" Wen Ming was filled with grievances.

"It is all her fault!"

"Because of her birth, things had gone to the extreme. Feather Transformation God Dynasty stopped caring about our Wen Family and all our partners ditched us. The Wen Family fell to the ground all because of her!" Wen Ming stared at Tian Yun and his expression slowly became maniacal.

"So, do you agree that her sin is the fact that she was born?" Wen Ming smiled.

Tian Yun was shocked. He knew that Wen Ming was crazy and the entire Wen Family was too.

“Old fellow, you are badly injured and even if I don’t do anything, you will die in a few days. I will let you see how it feels to lose a loved one!” Wen Ming laughed out loud and walked arrogantly towards Tian Ya.

“No!!!” Tian Yun gave a weak shout.

“You can kill me. Kill me please but let the kid go!” Tian Yun shouted in despair.

Wen Ming stopped and looked at Tian Yun. His lips curled out, “Great, kneel down, kneel. Shout three times that you are trash and the Tian Family is trash!”

Tian Yun looked at Wen Ming, whose aura was turning evil. He didn’t know what to do.

“You aren’t kneeling?” His expression became dark. He turned around and strolled towards Tian Ya.

*Peng!*

“I am trash!”

A hoarse roar filled with despair, weakness, and rage made Wen Ming stop.

“Hahaha, not bad, you are a trash! Trash! Trash!!!!” Wen Ming laughed manically. He pointed at Tian Yun and felt really good about himself.

“Continue, continue shouting, shout that your Tian Family is filled with trash.” Wen Ming’s rushed him eagerly. He really wanted to hear that from Tian Yun.

He was the happiest he had ever been and was about to climax.

Tian Yun’s gaze was filled with despair and his lips shuddered. They opened and closed, but in the end, he still decided to shout it out.

“No one in the Tian Family is trash!” A tender voice rang out first. The voice was extremely firm and confident.

“What did you say?” Wen Ming was about to climax but Tian Ya’s voice interrupted him. He stared at her like a wolf that wanted to swallow her and skin her alive.

“I will shout it!”

“No one in Tian Family is trash!”

Tian Ya’s small face tensed up and rage surged in her eyes. She stood there firmly and stared at Wen Ming.

Even if Wen Ming was really fierce, violent, and cruel, Tian Ya still said firmly, "My grandfather is not trash!"

"My father is not trash!"

"I am not trash!"

"Hahaha!!!!" Wen Ming clutched his stomach and laughed out loud. He pointed at Tian Ya and his voice turned into a howl, "Do you know who you are talking to?"

"For me to kill you, it is as simple as killing an ant!"

"Even you, a Foundation Realm brat, dares to say such words. Are you sick and tired of living?"

Wen Ming stepped towards Tian Ya. He said something with each step he took. His face was ice cold and filled with killing intent.

Explosion!

Rumbling energy like that of an Asura surged towards Tian Ya.

At that moment, Tian Ya was like a small piece of grass in a storm. She swayed from left and right but was still deeply rooted to the ground.

"I know why you are so angry!"

"I also know why you want to force grandfather to say that all of us are trash!"

Tian Ya gritted her teeth and said.

Wen Ming stopped. She stared at her with a dark gaze and raged, "What are you saying?"

"I heard mother mention it before!" Tian Ya suddenly smiled. Although she was only 10, she had an unbelievably strong confidence and charm.

"10 years ago, you brought people to kill my father but he massacred all of them!" Tian Ya said word by word.

Wen Ming's body shook!

It wasn't fear!

It was anger!

It was rage!

This was something he had buried in his heart for 10 years!

“Shut up!” Wen Ming hollered in rage. He wanted Tian Ya to keep quiet and not reveal what happened that year.

Tian Ya laughed out loud, “My father made you kneel down to shout that you are trash before he let you live. What you are doing now is just a coward finding consolation!”

“Go and die!!!!” Wen Ming’s rage exploded. His fingers turned into a claw and he teleported forward to try and kill Tian Ya.

*Peng!*

But Tian Ya reacted quickly. She knew that Wen Ming would be angry, so she injected all her strength into the world coordinates at her feet.

Explosion!

The world coordinates shook and a bright glow exploded from it. A tall man appeared with a dark gold mask. He stood with his hands behind his back and looked coldly at Wen Ming attacking.

“Kneel, you trash!!!!”

Li Xiandao scoffed coldly. His aura was like an ancient mountain that smashed down onto Wen Ming.

*Peng!*

Wen Ming spat out blood and fell to the ground. His knees cracked and he knelt down. He spat out large mouthfuls of blood and his eyes were filled with disbelief.

He knelt right in front of Li Xiandao!
