

Bank of the Universe

Chapter 161: I Have Waited For This Day For A Long Time

The pressure that Li Xiandao exerted forced Wen Ming to kneel down on the ground.

He lowered his head with an expression of arrogance. Even if his heart was filled with shock, he was still unwilling to admit defeat.

“After that time, I swore that I would never kneel in front of anyone ever again. You can forget about making me kneel!” Wen Ming gritted his teeth and hollered in rage.

The True Qi in his body surged, turning into flames to help him up.

Explosion!

The aura he exuded now was much thicker. At this point, Wen Ming was using all the strength he had.

Countless Sands Realm Stage 18.

Wave after wave of intense heat supported Wen Ming as he arrogantly stared at Li Xiandao.

“You can forget about making me kneel down!!!!” Wen Ming hollered in rage.

Li Xiandao looked at him coldly and asked, “Is that so?”

Clang!

In Li Xiandao’s eyes, a sharp sword energy appeared which shot forwards.

Soul Sword!

This was something Li Xiandao had created himself. It was a type of soul sword technique that focused on dealing with the soul.

Slice!

This sword slashed down right on Wen Ming's soul and made him cry out. Blood flowed out from his eyes, mouth, nose, and ears.

All his holes were bleeding!

Wen Ming cried out and knelt on the ground. He used his hands to support himself which made him look like a dog.

"What did you just say?" Li Xiandao stood to the side and asked coldly.

Do you want to stand up?

Do you want to stand up in front of Li Xiandao?

Even if the gods came today, you wouldn't be able to stand up!

Li Xiandao looked at Wen Ming coldly.

From the Bank of the Universe, Li Xiandao had seen everything that had happened here.

It was not only him who saw it; Seven saw it too.

They saw Tian Ya being bullied. That little girl was pitiful and that annoyed Seven and made her curse at Wen Ming.

Li Xiandao doted on Tian Ya and felt heartpained. This girl was looked down on by many in her life and was forced to be on the run. In these 10 years of growing up, she actually didn't turn out bad. Instead, from all the pressure and difficulties, she grew like a beautiful lotus in the mud.

Thus, the moment Tian Ya activated the world coordinates, Li Xiandao immediately teleported over to help her solve her problems.

It was just Wen Ming. Li Xiandao could just use his aura to suppress him to death.

"Ah!!! My head hurts. My soul has been struck. Who are you even?" Wen Ming hollered in rage and his brain was about to explode.

After Tian Ya saw Li Xiandao, her eyes were filled with joy. The fake confidence she had just now had broken down. She chose to believe in Li Xiandao at her lowest point and placed all her hope in Li Xiandao's body.

Now that Li Xiandao appeared, the little girl's eyes turned red. After all, she was just 10 years old.

“Granddad Deity!” Tian Ya teared up a little.

Her small body seemed very thin and weak in the wind. Her hair fluttered around which made her look extremely pitiful.

Li Xiandao’s heart went soft and he reached out, “Come and hug Granddad Deity.”

Tian Ya ran over and jumped into Li Xiandao’s arms and enjoyed Granddad Deity’s embrace.

Tian Yun, who saw these scenes in the distance, heaved a sigh of relief. He was resting on the ground and looked on quietly.

When Wen Ming saw this, he lost his mind and hollered in rage, “This senior, this is our Wen Family’s matter. If you interfere in this, the Wen Family won’t let you off.”

Wen Ming tried to use the Wen Family to threaten Li Xiandao.

When Tian Ya heard this, she felt really nervous and grabbed Li Xiandao’s arm. She felt really afraid that Li Xiandao would give up on her.

Li Xiandao smiled in disdain. “Is the Wen Family that amazing?”

The intense pain that Wen Ming felt became increasingly painful. It felt worse than death. When he heard Li Xiandao’s words, he hollered with impatience, “My Wen Family has people that are at Transcendent Realm. You can suppress me but for those who are above mortality, you definitely can’t beat them. Release me, let me go, and everything can be salvaged!”

Li Xiandao looked at him and asked in disdain, “Is that very amazing?”

Wen Ming was furious. He raised his head and stared at Li Xiandao with his blood-red eyes. With how he was looking at him now, he seemed really terrifying and vicious.

“Do you think that just because you can suppress me, you can talk down on the Transcendent Realm?” Wen Ming hollered and tried his best, struggling to break free from Li Xiandao’s pressure.

Clang!

Right away, Li Xiandao gathered a translucent sword energy mid-air which flew towards Wen Ming.

“Transcendent, is it like this?” Li Xiandao asked calmly.

The sword energy was like bone-stabbing ice. Contrary to the cold, the key was the Dao within.

Numerous Daos were gathered within and condensed together. The moment they exploded, it would be extremely destructive.

This was the energy of the Countless Sands Realm.

Wen Ming looked at Li Xiandao in shock. He was actually at Transcendent Realm?

“I am using Countless Sands Stage 18 strength, the same realm you are at to suppress you and you can’t even struggle free. Now, you are using Transcendent Realm seniors to threaten me. Is that useful?” Li Xiandao laughed coldly.

“You...You...” Wen Ming couldn’t understand why a Transcendent would protect the little brat.

“What is your relationship with Tian Ya?” Wen Ming questioned.

Li Xiandao looked at Tian Ya, who was hugging his leg, and announced, “She is someone I am protecting!”

“With me here, no one in Nine Skies and Ten Lands can hurt her!” Li Xiandao announced.

Tian Ya listened on and looked at her Granddad Deity. Her sense of fear dissipated right away.

“You are only at Transcendent Realm. There are so many people who are stronger and at Transcendent Realm in the Nine Skies and Ten Lands. My Wen Family Ancestor is an expert among the Transcendents. And you actually dare to brag that no one can hurt her?” Wen Ming burst into laughter and mocked Li Xiandao’s arrogance.

Li Xiandao looked coldly at Wen Ming, “Whether or not I can do it has nothing to do with you. You have spoken enough nonsense.”

“Xiaoya, pick up my sword energy and slice off your uncle’s head.” Li Xiandao instructed coldly.

Tian Ya was stunned and didn’t expect Granddad Deity to allow her to do it.

Wen Ming was shocked and wanted to beg.

But Li Xiandao frowned. “You are like a clown yapping on and on. I hate how noisy you are!”

I don't like it, so shut up!

When Li Xiandao said this, True Qi surged out and sealed Wen Ming's mouth.

Li Xiandao looked at Tian Ya and retreated backward, not letting her hug his leg.

"Don't let Tian Ya do such a gruesome thing." Tian Yun shook his head and rejected.

Li Xiandao looked at him coldly and said directly, "I saved her because she is worth me doing that. You have no right to interfere between us; if she isn't willing, then she can refuse it herself."

A while ago when Tian Yun was asking Tian Ya about these matters, Li Xiandao, who was observing the situation from the Bank of the Universe, felt really annoyed.

The old priest had warned him not to ask about it. But then after he left Heaven and Earth Battlefield and returned to Eternal Land, he immediately started probing.

He disregarded the old monk's words and didn't listen!

Now, Tian Yun was totally speechless!

Li Xiandao looked at Tian Ya and wanted to see how she would make a decision.

This uncle of yours tried to hurt your mother and nearly killed your grandfather. He also wants to kill you...

Would Tian Ya choose to kill him?

Or, forgive him?

If it was the latter, Li Xiandao would be disappointed!

In the future, he would still protect her, but he wouldn't like her so much anymore.

If she was too kind, then she would be a Saint!

Li Xiandao was a businessman and didn't like Saints!

Tian Ya picked up Li Xiandao's Transcendent Realm sword energy, smiling happily with Li Xiandao. "Granddad Deity, do you know?"

"I have waited a long time for this!" After Tian Ya said this, she slashed down with a sword.

Chapter 162: In The Past, It Was...

“This sword is for my mother!” Tian Ya’s small face was filled with rage as she slashed the sword downward.

Tian Ya’s sword directly killed Wen Ming.

After killing him, Tian Ya quickly turned around. She dared to kill him but she didn’t dare to witness the gory scenes.

Li Xiandao walked over, holding Tian Ya’s hand. He didn’t even look at Wen Ming and just walked away.

He passed by Tian Yun. Although he was unhappy about how he kept asking for news, he gave Tian Ya face and didn’t want to let him die.

“I will protect your heart and keep you alive. As for your injuries, you must heal them yourself.” Li Xiandao said calmly. He reached out and injected True Qi into Tian Yun’s body.

Tian Yun was badly injured. Even with Li Xiandao protecting his heart, he needed to heal for a year in order to fully recover.

Explosion!

Li Xiandao’s True Qi was really strong and after injecting it in, Tian Yun’s heart was protected. It allowed him to stand up, so he didn’t have to rest on the ground like before.

“Thank you, deity!” Tian Yun thanked him and didn’t dare to go against Li Xiandao anymore.

Li Xiandao released Tian Ya’s hand and said, “Go back with your grandfather. You should be okay for now. Remember to leave right after saving your mother as the Wen Family will definitely take revenge.”

Tian Ya asked curiously, “Granddad Deity, where are you going?”

Li Xiandao said calmly, “I have something to do.”

“Can I help?” Tian Ya asked. She realized that she was a little reluctant to leave Granddad Deity.

Granddad Deity was so amazing and he was able to make someone like Wen Ming kneel.

Li Xiandao shook his head and said, “You won’t be able to help me!”

“Then, can Granddad Deity tell me what is it that you are doing?” Tian Ya hugged Li Xiandao’s leg reluctantly.

Li Xiandao looked down and saw the cute Tian Ya and said, “I am killing someone!”

Li Xiandao had already said this when he was at Ancient Desolate Land!

That after he entered Eternal Land, he would definitely kill Ling Ren!

She not only attacked him from worlds away, but she even sent someone over to kill him.

What a bully!

Now that Li Xiandao was here in Eternal Land, the first thing he wanted to do was kill Ling Ren!

To collect the Bank of the Universe’s debts?

No!

To gain more customers to redeem the Bank of the Universe?

No!

Li Xiandao just wanted to kill!

He just wanted to kill Ling Ren!

“Who is that?” Tian Ya asked. She was like a pendant that hung on Li Xiandao’s leg.

“A celestial!” Li Xiandao said calmly, not mentioning Ling Ren’s name.

Tian Yun continued to listen, not wanting to interrupt at first. However, he was really shocked.

“Senior deity, the Human Celestials are really amazing people. They are between humans and celestials. They also have a portion of the strength of celestials. In Eternal Land, they are top experts.” Tian Yun was worried.

Tian Ya believed Li Xiandao and asked, “Granddad Deity, are you at Human Celestial Realm?”

Li Xiandao shook his head, “Not yet!”

He was a little away!

Li Xiandao wasn't a Human Celestial yet!

If he was, he would have been able to cross worlds into Eternal Land and killed Ling Ren.

"Senior deity, it is best if you break through to Human Celestial Realm before you try to kill the person." Tian Yun suggested.

Tian Ya also said, "Granddad Deity, Human Celestials are really strong. When you break through, you will definitely be able to kill them."

Li Xiandao picked up Tian Ya and said, "She is just a Human Celestial. She isn't as amazing as you think. Both of you can go back. I am going to kill someone."

Tian Yun and Tian Ya wanted to say something but Li Xiandao's one step took him into the distance. Another step and he was gone.

"Granddad Deity!" Tian Ya shouted.

"Okay Little Ya, your Granddad Deity is much stronger than us, so naturally, he has his own plans. We can only just wish him luck. We need to rush back to save your mother and then hide from the Wen Family." Tian Yun said.

Tian Ya nodded. "Granddad Deity will definitely be able to kill him."

She chose to return with her grandfather to save her own mother.

....

Within Eternal Land!

Li Xiandao was looking around to familiarize himself with the place.

"The spiritual energy here is 100 times that of Ancient Desolate Land. One breath here makes me feel energized. As expected, the spiritual energy quality is different in different worlds." Li Xiandao was amazed.

The difference was understandable. After all, Eternal Land was close to the Nine Skies and could absorb most of the spiritual energy from there.

But for the quality to be much different was quite unacceptable too.

No wonder Dali Land and Ancient Desolate Land wouldn't be able to rise up.

Now that Li Xiandao brought the Bank of the Universe here, the people who followed could all improve.

Hong!

As he walked, Li Xiandao entered the Bank of the Universe.

Inside, everyone was gathered together.

After the Bank of the Universe entered Eternal Land, it absorbed the spiritual energy here to strengthen itself, making cultivation inside no different from the outside.

Li Xiandao didn't meet them and instead went to find Qiu Bai alone.

Li Xiandao was in his sleeping room when Qiu Bai came to visit. "Greetings Master!"

"How can I find Ling Ren?" Li Xiandao asked directly.

He wanted to kill Ling Ren!

But that would depend on whether he would be able to find Ling Ren!

Qiu Bai did say that Ling Ren's traces were uncertain and she was training everywhere. Li Xiandao had no idea where she was which was why he came to find Qiu Bai.

The clone knew many things about the main body, so Qiu Bai definitely knew how to find Ling Ren.

When Ling Ren split her body up, she didn't expect that her clone would birth its own consciousness and also break out of her control.

Which was why Qiu Bai knew all her secrets.

Qiu Bai said respectfully, "Master, it is tough to know where she is at but I have a way to force her out."

Li Xiandao looked at her and said solemnly, "Enlighten me!"

"Ling Ren is a very overbearing woman and she has to get what she wants. She is able to break through to Human Celestial Realm in 10,000 years all thanks to one person!" Qiu Bai said slowly.

"Who?" Li Xiandao asked.

"Feather Transformation God Dynasty, Northern Region Lord!" Qiu Bai said in a serious tone.

“Feather Transformation God Dynasty, Northern Region Lord?” Li Xiandao muttered. He was quite fated with this Feather Transformation God Dynasty. In less than a day after entering Eternal Land, he had come into contact with two of the higher-ups.

“The Emperor trusts the Northern Region Lord since he is his brother. He is in charge of the north which is why he is called the Northern Region Lord. In Feather Transformation God Dynasty, he is above nearly everyone and only below one!” Qiu Bai explained.

“What is their relationship?” Li Xiandao asked.

He knew that this Northern Region Lord had to be amazing!

He must’ve been really strong!

Feather Transformation God Dynasty and Ten Thousand Dragon Empire was different. Just listening to the name one would know.

One was a God Dynasty!

One was an empire!

To be a lord in a God Dynasty and to be in charge of the north, that person had to be amazing.

Qiu Bai said with a weird expression, “Ling Ren is a woman who he saw in secret.”

Li Xiandao had guessed it and wasn’t surprised. “So, she’s his mistress.”

“She was!” Qiu Bai said.

“Was?” Li Xiandao’s was a little surprised.

Chapter 163: Romantic Matter

A single “was” immediately shifted one’s imagination and gave one many ideas.

She was the Northern Region Lord’s mistress back then, but what about now?

Li Xiandao coughed and stopped his imagination. “Continue.”

In Li Xiandao’s room, Seven silently appeared in the corner. She grabbed a bunch of sunflower seeds and silently ate them in the corner.

If Li Xiandao hadn’t glanced at her, he probably wouldn’t have noticed her.

“Why are you here?” Li Xiandao frowned and projected his voice into her ear.

“Can’t I enter when the two of you are in the room?” Seven asked calmly.

“I don’t mean that. I mean that you entered so silently and that scared me.” Li Xiandao said right away.

“If you aren’t doing anything against your conscience, then why would you be afraid of me scaring you?” Seven muttered.

Li Xiandao looked at her helplessly.

Seven didn’t bug Li Xiandao. She just held up the seeds in her hand and asked, “Do you want them?”

Li Xiandao sighed helplessly and took some. He just sat right next to Seven.

How could he eat them while wearing a mask?

Seven just wanted Li Xiandao to carry seeds for her.

The two of them squeezed into a chair which made Seven unhappy. But since Li Xiandao insisted, she could only accept it.

Qiu Bai looked on quietly. She suddenly felt full for some reason.

“Continue. Start from the beginning and then link up the story.” Seven smiled and her face was filled with anticipation.

Li Xiandao was sure now that Seven wasn’t here to monitor him. The main reason was that she wanted to hear some gossip.

....

Qiu Bai collected her emotions and continued, “Ling Ren was Northern Region Lord’s mistress but she wasn’t willing to have no status. So, she kept on asking the Northern Region Lord to divorce his wife and marry her.”

Seven was munching on a seed!

“Northern Region Lord didn’t agree, right?” Li Xiandao guessed.

“Right. Northern Region Lord’s wife was not someone who he could offend. Her father was a top expert in Feather Transformation God Dynasty and after he learned of it, he locked the Northern Region Lord up for 30 years.” Qiu Bai nodded.

“How pitiful.” Seven munched on another seed and said.

Li Xiandao, “...”

“And then?” Li Xiandao asked.

“30 years seems quite short in reference to 10,000 years, but at that time, both Ling Ren and Northern Region Lord were 100 years old. 30 years was a long time.” When Qiu Bai said that, her expression changed once more.

Seven rushed, “Continue.”

Qiu Bai said, “After Northern Region Lord was locked up, Ling Ren’s status fell and her family members didn’t support her anymore. No one consoled her and it made her feel really depressed. At this time, the Northern Region Lord’s father, the old emperor, met her.

Li Xiandao was shocked. This was such a mess.

Seven continued munched on a seed.

“What happened next is just what you are thinking. Ling Ren and the old emperor got together but he only wanted to play and didn’t want to take responsibility. During that time he spent a lot of time with her but when they returned, he chased her away.” Qiu Bai said as she reminisced her memories.

“Did that old hooligan do it on purpose?” Li Xiandao asked.

He suspected that the Northern Region Lord’s father, the old emperor, knew Ling Ren’s identity but acted like he didn’t so as to play her.

Seven was silently eating a seed.

She realized that she was out and took one from Li Xiandao’s hand.

Qiu Bai nodded. “Ling Ren didn’t want to leave and wanted to continue following him but he rejected her mercilessly. The old emperor said that he just wanted to play with his son’s mistress and he had enough fun, so he was going to throw her away. He told Ling Ren not to disturb the Northern Region Lord. If she did, he would wipe out her and her family.”

Li Xiandao shook his head, “She was already a few hundred years old, so why was she so foolish to easily do such things with others.”

“But since ancient times the Royal Family has always been a mess.

Li Xiandao thought back to the Li Tang times in history.

Qiu Bai sighed, "This might be because of her personality."

Seven listened on quietly and ate another seed.

"From then on, Ling Ren started to live an open life. She started making friends with everyone. As long as it was beneficial for her, she would convince him, otherwise, she would go to bed with him. She would find a way to make herself stronger." Qiu Bai said slowly.

"Her personality became so overbearing?" Li Xiandao asked.

"No. Her personality has always been like that but that was before her strength was obvious. After she reached Human Celestial, her true nature was revealed." Qiu Bai shook her head.

"Then, over these 10,000 years how many people has she slept with?" Li Xiandao asked curiously.

Seven ate two seeds in a row and listened on quietly.

Qiu Bai shook her head. "I can't count them all but at least 10,000."

Li Xiandao gave her the thumbs up. So amazing, 10,000 people.

He envied her a little!

"What does this have to do with drawing Ling Ren out?" Seven looked at Li Xiandao unhappily but her words were directed at Qiu Bai.

Li Xiandao coughed and said seriously, "Right, what is the relationship between those two things?"

Qiu Bai said right away, "Apart from me, no one in the world knows about these secrets. A slight revelation would be catastrophic for her."

"How so?" Li Xiandao asked curiously.

Qiu Bai's face turned weird and she said, "Most people she slept with have families. The key is she alone slept with the emperor, lord, and prince of the current Feather Transformation God Dynasty."

Damn!!!!!!

Li Xiandao exclaimed, "She did them all?"

Seven opened her mouth in shock. She was just so amazing.

Qiu Bai muttered, "After the old emperor hurt her heart, she swore that she would take revenge. She wanted to turn the Feather Transformation God Dynasty into a mess which was why she did that."

"So, if I reveal this, Feather Transformation God Dynasty will take revenge on Ling Ren?" Li Xiandao suddenly touched his chin.

He didn't want to kill her as that was just too simple for her.

She did so many heroic things, so Li Xiandao felt like he had to promote them for her.

To kill someone, you had to hit them where it hurt!

This was what Li Xiandao wanted.

"Master, Feather Transformation God Dynasty actually owes the Bank of the Universe many things too." Seven suddenly remembered and said.

Li Xiandao stood up and thought carefully, "Go prepare all the contracts Feather Transformation God Dynasty owes us. Let's see their attitude toward repaying their debts. If not, we shall reveal everything and make them a laughing stock of the world."

Li Xiandao changed his mind. He wanted to see what Feather Transformation God Dynasty's attitude was.

If their attitude was bad, Ling Ren and them would die together!

Chapter 164: Northern Region Lord's Contract

After entering Eternal Land, Li Xiandao was originally prepared to kill Ling Ren.

But now he changed his mind!

He had to kill Ling Ren, but it wasn't the right time. It would also depend on whether or not people from Feather Transformation God Dynasty would want to abide by the contract.

Li Xiandao was waiting for Seven to bring the contracts.

Qiu Bai wanted to leave but Li Xiandao made her stay. She was familiar with Eternal Land. After all, she had all of Ling Ren's memories. Although she wasn't as strong as Ling Ren, she would be able to help Li Xiandao.

Qiu Bai could only just stand there and continue to look at Li Xiandao and Seven bicker with one another.

Luckily, Seven was preparing the Eternal Land's contracts.

In just a short while, Seven took dozens of contracts and passed them to Li Xiandao.

"These are the currently effective Feather Transformation God Dynasty contracts." Seven said.

Currently effective!

Those other ones were cleared out by the Bank of the Universe!

If those people who signed contracts died, then it was considered the Bank of the Universe's loss.

Could one imagine how many people died in these 10,000 years and how much the Bank of the Universe had lost in the Nine Skies and Ten Lands?

No wonder they were about to go bankrupt!

Li Xiandao picked up the contract and took a look.

There were a total of 15 different contracts. Some borrowed weapons, some borrowed lost cultivation techniques, and some borrow rare treasures...

Li Xiandao looked at them one by one, and as expected, he saw a familiar name!

Northern Region Lord!

Li Xiandao looked at Qiu Bai in shock and asked, "How old is Northern Region Lord this year?"

Qiu Bai thought about it and said, "Northern Region Lord is the current emperor's brother and is roughly 10,112 years old."

Li Xiandao pulled out the Northern Region Lord's contract and said, "This should be the contract that the Northern Region Lord signed when he was locked up."

It was written extremely clearly on the contract that the Northern Region Lord would exchange 100 top for Slaying the Heavens.

Li Xiandao looked at the contract and was in deep thought. He asked, "Is Slaying the Heavens amazing?"

Seven explained from the side, "Of course, it is. It is a supreme technique created by the heavens. With nine slashes, no one will be able to block it."

"Then, why was the Northern Region Lord able to borrow it with just 100 beauties?" Li Xiandao was unhappy.

Seven's expression changed and looked at the contract. In her mind, she was wondering what the Bank of the Universe was like during the crisis. The owner had organized a party, numerous beauties wore revealing clothing and were just fooling around in the Bank of the Universe.

Seven told Li Xiandao about it, "It was the last few days of the Bank of the Universe. I was abandoned by the last owner, so he locked me up in a black house. As such, I don't know anything about the last few contracts that he signed."

Li Xiandao looked at the contents of the contracts and was furious.

In three months, the Bank of the Universe had to return the 100 beauties. The Northern Region Lord would return the Slaying the Heavens and bring the 100 beauties with him too.

Damn!!!!!!!

Was he sick in the head?

A top technique in exchange for 100 beauties for three months?

Wasn't he afraid his kidney would be spoiled?

What a pervert!

What a piece of trash!

Li Xiandao cursed furiously under his breath.

Slaying the Heavens was such a top technique and it had been exchanged for just 200 top beauties.

He didn't even get the other 100!

Damn!!!!

Li Xiandao was extremely furious. Seven felt guilty and consoled Li Xiandao, "This isn't your problem and it's just a mess that was left by the last owner. Let's take a look at the compensation terms?"

Li Xiandao and Seven looked at it together.

Right away, both of them cursed out in unison.

Damn!

Even Seven was furious. The compensation column was blank, just like both Li Xiandao and Seven's expressions right now.

"What should we do?" Seven covered her face and felt a huge headache.

Li Xiandao calmed himself down. No matter how much of an idiot the last owner was and no matter what he did, Li Xiandao had to run the Bank of the Universe well.

"Maybe we can use Ling Ren and Northern Region Lord father's messy pass to force the Northern Region Lord to return the Slaying the Heavens!" Li Xiandao thought of an idea.

Seven looked at Qiu Bai and asked, "Does the Northern Region Lord know?"

Qiu Bai shook her head and said, "No, the Northern Region Lord was locked up and he often went to find Ling Ren after he came out. But due to the old emperor's threat, she rejected him and never met him ever again."

"Okay, then we can use this to threaten him. If he doesn't return it, don't blame me for revealing this matter. The one who loses face will be there, Feather Transformation God Dynasty." Li Xiandao said coldly.

"Then, what if he returns?" Seven asked.

Li Xiandao's face froze up.

If the Northern Region Lord returned the Slaying the Heavens, then he would be abiding by the contract.

Li Xiandao had to follow the contract and return 100 beauties to him.

Li Xiandao closed his eyes and clenched his fists. He really wanted to smash the previous owner.

Where could he find 100 beauties to return to Northern Region Lord?

"Now, I just hope that he won't follow the contract." Li Xiandao said helplessly.

This was the first time he hoped for such a thing.

Seven didn't know whether to laugh or cry, "Don't worry. The last owner didn't sign that many contracts. So, there shouldn't be too many preposterous ones."

Li Xiandao nodded his head and said, "At least there is one less bad thing out of all the mess I have heard."

Seven had nothing to say.

"Master, the Northern Region Lord is now at the peak of Transcendent Realm and is not far away from Human Celestial. Are you confident?" Qiu Bai was worried.

"Don't worry, I will find him personally. It is best if he doesn't want to follow the contract. If he does, then I will break his leg!" Li Xiandao gritted his teeth and said.

Seven looked at Li Xiandao's furious expression, and for some reason, she wanted to laugh.

At the moment, Li Xiandao was really cute!

But she knew that she couldn't. Li Xiandao was furious and if she laughed, what would happen if Li Xiandao disliked her for it?

"Send me the location of Northern Region Lord's residence. I will head there now." Li Xiandao didn't want to sit still at all and he just wanted to complete this whole matter.

What if the Northern Region Lord returned to the Bank of the Universe and said that he wanted to return the Slaying the Heavens for 100 beauties?

Li Xiandao would have to snatch 100 beauties for him.

Just thinking about it made Li Xiandao feel uneasy.

After Qiu Bai sent Li Xiandao the location, Li Xiandao disappeared from the Bank of the Universe.

"Master is so fast..." Qiu Bai muttered.

Seven sighed, "Too fast is not good."

Qiu Bai looked at Seven with a weird expression. As someone who had the memories of a girl that did it with 10,000 guys, although she had no experience, her knowledge was sufficient.

Even if a virgin boy watched 10,000 movies, his theoretical knowledge would be quite high.

The difference was that Qiu Bai was the female star in all of them.

“I am just saying that it is bad for the body.” Seven saw her gaze and felt like she had to explain it.

“I shall head to cultivate.” Qiu Bai retreated and just fled the scene.

Bank of the Universe - Chapter 165 - Li Xiandao's Stubbornness

Chapter 165: Li Xiandao's Stubbornness

North Region!

This was the place that the Northern Region Lord was in charge of!

Eternal Land was really huge. Feather Transformation God Dynasty occupied a small area and managed a large region.

North Region was to the north of the Feather Transformation God Dynasty. It was beside the Great Wild Forest where there were numerous wild beasts. Many ancient beasts lived here and once this barrier was breached, the north would be seized.

When that happened, the Feather Transformation God Dynasty would face a huge problem.

They had no choice and had to send someone to defend the north. This person also had to be in charge of a huge army. Since the last Northern Region Lord died, the Emperor chose the new one to be his brother.

The Northern Region Lord started to defend the north since he was 3,000 years old and he was now 7,000 years old. He had become the undeniable Master of the north. His words there were far more important than the decrees of the Feather Transformation God Dynasty.

Of course, the Northern Region Lord didn't care about worldly matters unless the monsters in Great Wild Forest charged out. Normally, he would just spend time cultivating in his mountain villa.

The Northern Region Lord had been a good person his whole life!

When he was young, he listened to his father's words to be a good kid. When he got married he listened to his wife and when he became the Northern Region Lord he listened to his brother.

The only time he rebelled was during his relationship with Ling Ren.

Northern Region Lord really liked Ling Ren and he still liked her now!

She was the perfect lover in his heart!

The moon in front of his window!

Ling Ren was his first love!

This first love was forcefully taken away him!

That made things even more unbearable and painful.

To be together with Ling Ren, the Northern Region Lord wanted to divorce his wife but his father-in-law ended up suppressing him.

He reported it to the old emperor and in rage, he locked up the Northern Region Lord for 30 years.

During these 30 years locked up at home, the Northern Region Lord nearly went mad.

When he could finally head out, the Northern Region Lord eagerly went to find Ling Ren, but he was met with a cold face and hurtful words.

The Northern Region Lord knew that something had happened between him and Ling Ren.

As for what the problem was, the Northern Region Lord didn't dare to imagine it.

He was afraid to think about it!

Over these years, he had heard about what Ling Ren had been doing. The world had a very bad impression of her as a person.

But what the Northern Region Lord continued to think about was the Ling Ren who he had been together with him in the past.

That woman of his most probably couldn't return anymore.

In the back mountain, the Northern Region Lord was thinking about his first love. He suddenly sensed that there was someone behind him. He frowned and scolded, "Who is there?"

Li Xiandao slowly walked out. He looked towards the Northern Region Lord without a mask on his face at all.

This lord was really polite and had a scholarly feel to him. 10,000 years and it seemed like he hadn't broken away from that image. Unlike a lord with a huge army in his hands, he was more like a scholar who spent his whole life studying books.

"Who are you?"

"Why are you here?"

"What is the reason you are sneaking around?" Northern Region Lord asked a series of questions. He held a jade fan and his face sunk. He didn't show any rage but still gave off a respectful aura.

After being a lord for 7,000 years, even if he was a scholar, he would still give off some threat.

The Northern Region Lord didn't call for the guards. He was really confident in himself and didn't believe that Li Xiandao could kill him instantly.

If Li Xiandao could, then the guards would be useless too. At most, a few more people would just die.

"Northern Region Lord's residence is so well guarded and it is just so tough for me to meet you." Li Xiandao said calmly.

"If you want to meet me you can follow the standard procedure, so why did you have to sneak in?" The Northern Region Lord was unhappy.

Seeing that he wasn't as arrogant as he imagined he would be and was instead really polite, his heart started to sink.

"The thing I wanted to talk to you about is probably something you don't want a third person to know about." Li Xiandao smiled.

"Please speak." Northern Region Lord frowned and asked solemnly.

Li Xiandao interrupted his imagination which made him really unhappy. But with his good upbringing and 10,000 years of cultured living, he suppressed the unhappiness in his heart.

He knew that because Li Xiandao was here, he would definitely say what he wanted to say. He would make his mind up after hearing what Li Xiandao said.

Li Xiandao looked at him and his heart continued to sink. He asked, "Northern Region Lord, you owe me something. Do you know what it is?"

Northern Region Lord frowned, "I owe you something?"

“What is it? If I really do owe it to you, then I will definitely return it. But if you are talking nonsense and are maligning me, then don’t blame me for being rude.” The Northern Region Lord suppressed his rage and spoke calmly.

Li Xiandao kept silent for a moment. This attitude wasn’t right.

You should be angry!

You should rage!

You should scold me!

You should say that you don’t owe anyone anything and that even if you do, you won’t return it!

This is what a powerful lord should say!!!

What is with your calm attitude?

“So, what do I owe you?” The Northern Region Lord questioned once more and his tone was now a little heavier.

Li Xiandao sighed and took out a red watch. He looked at Northern Region Lord and hoped to see the rage in his eyes!

Get angry!

Say that you don’t recognize this!

You definitely won’t return the top technique Slaying the Heavens to me!

Li Xiandao prayed in his heart for the Northern Region Lord to behave arrogantly.

But...

The Northern Region Lord, who was a little angry, was stunned after seeing the red watch.

His expression became really complicated.

Sadness, happiness, reminiscing, dejection...

Li Xiandao could read out all the emotions.

But there was no anger!!!

The rage that Li Xiandao had been anticipating didn't appear.

The Northern Region Lord took in a deep breath and then he cupped his fist and bowed. "You are right. I do in fact owe you something."

The Northern Region Lord admitted it!

He openly admitted to it!

His admission caused Li Xiandao's eyes to turned black!

How was he going to find 100 beauties for the Northern Region Lord!

100!

Li Xiandao himself was still single!

"What happened to you?" Northern Region Lord looked at how Li Xiandao was rubbing his head and asked curiously.

"Nothing, my head hurts." Li Xiandao said.

"Your head hurts and you are rubbing your chest?" The Northern Region Lord asked in confusion after seeing that Li Xiandao was rubbing his chest.

"My head hurt just now and now my heart hurts. Later my whole body will hurt." Li Xiandao's heart was bleeding.

"Brother, you are sick and need to be treated." Northern Region Lord consoled.

"I have a god doctor here who can treat you for free." The Northern Region Lord was concerned. He was really close and warm towards Li Xiandao.

The Bank of the Universe was really magical to the Northern Region Lord. Although he entered just once, it was something he remembered for the rest of his life. He was very happy that he met someone from the Bank of the Universe once more.

"I am fine. Are you sure you are going to return it?" Persisting, Li Xiandao asked one final time.

"Of course." Northern Region Lord said with certainty, "I obviously have to pay someone what I owe."

Li Xiandao looked at him expressionlessly. "Let's head to the Bank of the Universe and settle this contract."

Chapter 166: Qiu Bai And Ling Ren

Li Xiandao pulled the Northern Region Lord into the Bank of the Universe.

Because of the Bank of the Universe's rules, he had to do things according to the contract!

What was written on the contract had to be followed. Once the owner of the contract wanted to come to the Bank of the Universe, Li Xiandao would be unable to reject him.

This was why when he left Dali Land, Li Xiandao anxiously sent Heaven Heart to clear out the Dali Dynasty's elder!

To do so, Li Xiandao even bent the rules. Heaven Heart had to tell a story so that people didn't notice that anything was off. Thus, he avoided breaking the Bank of the Universe's rules.

If the Dali Dynasty elder entered the Bank of the Universe, that would be a huge loss for Li Xiandao.

However... The Northern Region Lord was different from the Dali Dynasty elder.

Li Xiandao didn't even think that Northern Region Lord would agree to return Slaying the Heavens.

That was the key!

Li Xiandao thought that he wouldn't and he could tear apart the contract on the terms that he had broken the contract.

Who knew...

Now that the Northern Region Lord wanted to return it, even if Li Xiandao had Celestial cultivation he couldn't harm the Northern Region Lord and had to receive him.

....

In the Bank of the Universe, Li Xiandao left the Northern Region Lord halfway while he returned to the room alone. He was expressionless and really dejected.

Seven looked at Li Xiandao and asked curiously, "Did you lose the battle?"

He would only behave this way if he had lost to the Northern Region Lord!

Li Xiandao shook his head.

Seven was confused and asked, "Then, you won?"

Li Xiandao continued to shake his head.

"Then, what happened?" Seven's face sunk.

Li Xiandao sighed, "We didn't even fight!"

"What do you mean?" Seven was a little confused.

"The Northern Region Lord took the initiative to return Slaying the Heavens and end the contract." Li Xiandao said helplessly.

Seven knew what Li Xiandao was worried about. Bitterness appeared on her beautiful face. "Where are you going to find 100 beauties for him?"

Li Xiandao was worried about that and asked, "If I go against the contract, what kind of punishment will I suffer?"

Seven said solemnly, "Your credibility will decrease and the Bank of the Universe will be on the verge of collapse. If you break it three times, you will end up in the same situation as the last owner. If it happens three times, you will be destroyed. The Bank of the Universe will also be sealed up."

The Bank of the Universe was really strong and the rules were simple. But Li Xiandao couldn't afford to break those rules now.

"Which is why I have to give him 100 beauties!" Li Xiandao sighed and frowned.

Even if he went to kidnap people in the city, he wouldn't be able to capture 100 beauties.

Moreover, if any of them objected, then they wouldn't be counted either way.

Anyway, Li Xiandao was facing a huge problem.

Seven thought about it and had an idea. She said, "We can't go against the contract, so we have to give him 100. But what if he doesn't accept it?"

Li Xiandao looked at Seven silently and saw hope.

"What do I need to tell him?" Li Xiandao frowned.

He couldn't just go to him and say, "Brother, I don't have 100 beauties with me. Can you just let it slide?"

"Are you a fool? Qiu Bai." Seven rolled her eyes at Li Xiandao.

"What about Qiu Bai..." Li Xiandao didn't care much, but instantly he looked at Seven like he had been electrocuted.

"Now, you know? Qiu Bai is a clone of Qiu Bai and they look the same. She is like the 18-19-year-old Ling Ren. Didn't you say that looking at her was like looking at a neighbor?" Seven asked softly.

Li Xiandao heaved a sigh of relief. He held her head and kissed it right away. "You really are my lucky star. This is a good idea. I will find Qiu Bai now and tell her to convince the Northern Region Lord."

Li Xiandao ran after kissing her, leaving Seven stunned.

After a long while, Seven returned to her senses.

"You do have the all-knowing talent. You definitely thought about it, so why are you so emotional?" Seven was confused.

"You even kissed me?" Seven ground her silver teeth.

"Hooligan!!" She scolded furiously. She covered her red cheeks and started to feel really shy.

....

Li Xiandao called Qiu Bai to the Trading Hall.

"Master, did you call me?" Qiu Bai asked.

"Someone you know is coming. Go welcome him." Li Xiandao wore the mask and was now wearing something else.

"Someone I know?" Qiu Bai was confused.

"Northern Region Lord." Li Xiandao said calmly.

Qiu Bai exclaimed and looked at Li Xiandao in shock. She felt a little awkward. "Master, that was what Ling Ren did when she was young. I am just a clone, I don't have much to do with her."

“I need you to make the Northern Region Lord give up the contract.” Li Xiandao tapped the table and said.

Qiu Bai looked at Li Xiandao in confusion.

“The contract states that I shall give him 100 beauties when the contract ends. I don’t have them, so I can’t give hold my end of the deal. I need him to give up on it.” Li Xiandao explained.

Qiu Bai nodded, “Understood, I shall go now and help solve Master’s worries. This is my honor.”

Li Xiandao nodded his head in satisfaction as he looked at Qiu Bai leave.

The Northern Region Lord entered the Bank of the Universe and he slowly walked on this familiar yet foreign path. He looked around. 10,000 years ago, he was really young. He exchanged 100 girls for Slaying the Heavens.

10,000 years later he had gone through so much. Although time hadn’t left any marks on him, it left many scars on his soul and his demeanor.

“Time has passed too quickly.” Northern Region Lord exclaimed.

As he walked, his body suddenly froze and his mouth was agape.

What did he see?

Moonlight!

His love!

Ling Ren!

The Northern Region Lord took in a deep breath to calm himself down. He looked at Ling Ren who seemed as flawless as she was 10,000 years ago. “Long time no see.”

Qiu Bai looked at how the Northern Region Lord was suppressing his emotions. Her eyes swelled up and she sighed deep down.

The Northern Region Lord was a devoted person. He became a lord and only loved one girl in his life. He lost his lover and didn’t take any more concubines after. His relationship with his wife was really distant, meeting only a few times in a year.

“I am not Ling Ren; I am just a clone of hers. My name is Qiu Bai.” Qiu Bai introduced herself.

The Northern Region Lord was stunned and looked at her in disbelief.

“It really is true, I have all her memories. If you want to know about them, I can tell you.” Qiu Bai said firmly.

Northern Region Lord asked, “What do you need me to do?”

The fact that Qiu Bai was waiting for him here and saying such things obviously meant that she was trying to make him do something.

The Northern Region Lord was not a fool. He was really smart but it was just that he was also really devoted. He was willing to listen to Qiu Bai. Even just looking at her made him really satisfied.

Chapter 167: Negotiate

The Northern Region Lord looked at Qiu Bai and his eyes were filled with love that accumulated for 10,000 years.

At that time, Ling Ren was pure and adorable.

But now, Ling Ren had lost that purity. She was like a flower that had been through too much and had become much older. Although she was still so beautiful, she was no longer fresh and new.

It was like a new, small path that was covered in dew every night and morning.

That small path had now been trampled by people and carriages.

The Northern Region Lord just acted like he didn't know about it. After he was rejected, he stopped looking for Ling Ren. That was enough to prove that he understood that Ling Ren had already died.

But now, everything came back.

This was why the Northern Region Lord just looked at her without blinking. Many thoughts filled his head but his decent education stopped him from getting close.

It was actually much better to look at her from dozens of meters away!

After all, it had been 10,000 years!

“I will wait here for you. I just hope that after you enter you will choose to give up on the contract and that you won’t agree to honor it.” Qiu Bai sucked in a deep breath and said sincerely.

“Why?” The Northern Region Lord questioned.

“If it is inconvenient, then you don’t have to say why. I am just curious.” The Northern Region Lord added.

“There is nothing inconvenient about it. If you complete it, then we have to return you 100 beauties. The Bank of the Universe doesn’t have so many.” Qiu Bai said truthfully.

The Northern Region Lord laughed, “I was wondering what the matter was. So, I just enter now?”

He said he was going to but his legs didn’t move. He continued to look closely at Qiu Bai like he just wanted to imprint her looks right in his eyes.

“Just go in. After you come out, I will tell you everything.” Qiu Bai said.

Just thinking about how he could spend some alone time with Qiu Bai, the Northern Region Lord walked quickly. “I will enter now, just wait a while for me.”

The Northern Region Lord, who was over 10,000 years old, was now like a small boy in his teens hurriedly entering the Trading Hall.

Within the trading hall, Li Xiandao was sitting quietly with his legs crossed. His golden mask and crossed arms gave off a really cold aura.

He was thinking about something.

Once he got Slaying the Heavens, it was time for him to cultivate properly as he was just too weak now.

He could sweep everyone in Dali Land and Ancient Desolate Land but in Eternal Land, he couldn’t even defeat a single one of them.

He didn’t even have to mention those under him. All of them were filled with boundless potential but were all really weak.

They were all crazily absorbing the spiritual energy of Eternal Land to strengthen themselves.

Their cultivation increased daily. Once it was time for them to come out of seclusion, they would be able to give Li Xiandao a surprise.

Amongst his mixed thoughts, Li Xiandao saw the Northern Region Lord walk in. He arrived in front of his table really quickly and when he saw Li Xiandao, he said in confusion, "You didn't wear a mask before."

Li Xiandao said calmly, "The Bank of the Universe has a new owner."

Only then did Northern Region Lord understand what had happened.

"This is your contract, sign it. The moment you sign it and hand over the technique, I will return you 100 beauties." When Li Xiandao talked about the 100 beauties, he emphasized it. It was obvious that he wanted the Northern Region Lord to hear it.

Northern Region Lord smiled and looked at the contract. He then tore it up in front of Li Xiandao.

The contract was split into half. Northern Region Lord took a technique and said solemnly, "This is Slaying the Heavens and I will return it to you. I'm tearing the contract and I hereby state that we didn't complete it."

Li Xiandao nodded his head, "Great!"

"Can I head out now?" The Northern Region Lord missed Qiu Bai and asked eagerly.

"Go ahead!" Li Xiandao waved his hands without much care.

Northern Region Lord didn't hesitate at all and left right away.

He didn't even bother to look when he tossed Slaying the Heavens.

Li Xiandao silently looked at Slaying the Heavens in front of him.

He reached out and grabbed it.

It was good as new. The black book cover was slowly opened.

Keng!!!!

A giant blade slashed out from within the book like it was slicing apart a world. It broke through the restrictions of the world and arrived in front of Li Xiandao.

That strike caused Li Xiandao's body to shake. He placed down Slaying the Heavens and looked at it solemnly.

"So strong." Li Xiandao muttered.

“This is suitable for me.” Legacy Hall grabbed Slaying the Heavens and stepped out, heading towards the Legacy Hall.

Legacy Hall was at the foot of the mountain. Legacy Hall passed through the hanging paper cranes and walked to War God Zhao Wuji’s tomb.

Zhao Wuji was about to come out but Li Xiandao shook his head, “I have totally understood your Dao, so I have no need for you.”

War God Zhao Wuji was baffled and stared at Li Xiandao speechless.

Li Xiandao didn’t even stop in front of Sword God’s tomb and continued to walk past.

Sword God’s remnant slowly looked at Li Xiandao and many question marks appeared in his mind.

Was he being abandoned after he had been used?

Li Xiandao walked to the front of the third tomb and started his comprehension journey.

....

Outside the Bank of the Universe, Northern Region Lord’s mountain villa.

Everyone near the building at the peak was chased away. No one was to be within 10 miles of the building or they would be killed on the spot.

The Northern Region Lord personally cooked for Qiu Bai.

Although Qiu Bai told him not to bother, the Northern Region Lord said, “I know that you aren’t actually her, that you aren’t Qiu Bai. But since you have all her memories, then you should know that 10,000 years ago when I was locked up, I promised that I would cook something nice for her.”

“Unfortunately, this meal is 10,000 years late!” The Northern Region Lord said and couldn’t help but feel sad about it.

Qiu Bai sighed helplessly, “There are many things that we can’t control in life. When what you think and do are different, many random thoughts will appear.”

“It has already become a stubborn thought.” Qiu Bai said.

“Stubborn?” The Northern Region Lord shook his head and smiled, “I know the difference between stubbornness and love.”

“I have been here for 7,000 years, what for?”

“That is because this is my world, I can think about Ling Ren without any worry and disruption.” Northern Region Lord said.

“What about your wife?” Qiu Bai asked.

“My wife?” Northern Region Lord thought about it. He had to think carefully in order to remember what she even looked like.

“She should be enjoying the power of the Northern Region Lord. The north is under her control and the last time we met was just a hurried glance three years ago.” Northern Region Lord said calmly.

“You are so cold to one another and have no feelings for one another. What about kids?” Qiu Bai asked.

She knew that when the Northern Region Lord and Ling Ren were together, he didn't have any kids. But what happened afterward?

The Northern Region Lord smiled. “I don't have children!”

In 10,000, the Northern Region Lord hadn't even touched his wife.

He would rather be a monk than have skinship with his wife.

“Why?” Qiu Bai didn't understand.

“When you are forced by a girl's father to marry her, you will know.” The Northern Region Lord gave a bitter smile.

Chapter 168: Northern Region Lord's Past

The Northern Region Lord was the closest to the throne in the past compared to the current Emperor.

When everyone in the world thought that he was about to be Emperor of the Feather Transformation God Dynasty, he unexpectedly decided to give up.

The Northern Region Lord's decision caused an uproar and the most angry person was his wife!

She married him because she wanted to become the Empress but he actually gave up on the throne.

The Empress position that was right in front of her had disappeared just like that. The anger from which made her go mad.

The cold and shallow husband and wife relationship deteriorated to a freezing point. They only met each other a few times a year and didn't even talk to one another.

The Northern Region Lord met Ling Ren and felt like he had found his true love. Ling Ren then demanded him to divorce his wife.

When he sent the letter, what came back wasn't tears but a vengeful gaze.

His wife called her invincible father who slapped the Northern Region Lord to the ground. He then ordered the old emperor who had just given up the throne to lock him up for 30 years.

30 years totally ripped apart their relationship.

Even if they lived in the same residence and saw one another occasionally, the Northern Region Lord didn't even bother to say a single word to her.

Even if the concubines stripped naked and stood in front of him, he wouldn't even bother to look.

So, what if their bodies looked good?

They were just a bunch of protein!

So, what if they were proportionate?

They would droop down sooner or later!

The Northern Region Lord just spent each day reading and he got his subordinates to find many books for him.

His scholar aura was nurtured over those 30 years.

Northern Region Lord's wife was unhappy. She was once a jade-like girl and after marrying the Northern Region Lord, she still hadn't had sex with him.

Drug!

She had drugged him and was prepared to do it dozens of times in one night. She wanted to suck him dry and get pregnant. When that happened, everything belonging to the Northern Region Lord's would be hers.

In this era, a woman without a child would be gossiped about.

But...

After the Northern Region Lord fell for it, he locked himself in his room and did it himself. He wasn't even willing to let her touch him.

He just needed to do it a few times. As for the process, he didn't remember much about it.

She really gave up. After that matter, they were like strangers and didn't even look at one another.

The Northern Region Lord was a free man and read books every day. There were golden buildings and beautiful girls in books who helped him cultivate his personality and mental state.

His wife couldn't bear the loneliness and started to do it with other people.

The Northern Region Lord rarely got angry in this life. The only time was because she did it with one of the children of the large families of the Feather Transformation God Dynasty and had his child.

She wanted to give birth to it and say that it was his kid!

This infuriated him. At that time, he had already entered the Bank of the Universe and exchanged 100 beauties for Slaying the Heavens. He had also cultivated it for dozens of years.

No one knew how terrifying it was when the polite-looking Northern Region Lord got mad!

No one knew how terrifying his cultivation was!

Currently, the Northern Region Lord had exceeded Transcendent and he could beat her.

In a rage, he slapped her in the face. True Qi exploded out and killed the kid in her womb. He said coldly, "Even if you let 10,000 or 100,000 men ride you, that is your own problem and I don't care."

"But if you dare to get pregnant and give birth to the kid, I will kill the bastard. If you continue to get pregnant, I will continue to kill the babies. I want to see how many babies will die in your womb!!" The Northern Region Lord said coldly.

That night, the Northern Region Lord went out alone. With a sword in hand, he wiped out the entire family.

That was the most bloody night in his life.

It was also when he was the most cruel.

It was also that night when his restrictions were removed and he could do whatever he wanted.

As for his wife, no one would pity her. Even if the child was killed and she cried to her invincible father, there was nothing he could do either.

The birth of that child would be bad news for the Feather Transformation God Dynasty and the old emperor wouldn't agree to that either. Especially after the Northern Region Lord broke his stay at home orders to head out to kill. After he killed them, the old emperor didn't scold him and instead lifted the orders.

He had already made his stand.

This was why her cries were of no use.

Since then, the Northern Region Lord's strength was exposed and decided to leave the Feather Transformation God Dynasty's capital. He traveled around until he was 3,000 years old and was sent to the north.

That single wait was 7,000 years!

....

The Northern Region Lord looked at Qiu Bai and spoke about his past.

Qiu Bai looked at him and sighed, "What is the point of you torturing one another?"

Northern Region Lord shook his head, "I have seen past it and I don't want to see her. As long as I don't see her, I feel really good. I will be really optimistic and my cultivation rises a lot."

Qiu Bai asked curiously, "How strong are you now?"

Northern Region Lord said, "Transcendent Stage 10!"

Qiu Bai was stunned and said in shock, "When you killed the 1,000 people, you were at Transcendent Realm, right?"

Northern Region Lord nodded, "I was at Stage Three then!"

"So, in 10,000 years you've only improved by that little?" Qiu Bai found it weird.

“You can’t say it like that. When I was 180, I was already Stage Ten.” The Northern Region Lord shook his head.

Qiu Bai was stunned. What was going on?

“Then, you didn’t improve?” Qiu Bai asked.

“Even Ling Ren broke through to Human Celestial Realm and became an elder level person.” Qiu Bai said.

“When I was 200 years old, I got a technique. The technique is really suitable for me, and for these 10,000 years, I have been cultivating it. So, my cultivation is still similar to what it was when I was 200.” The Northern Region Lord explained.

When facing Qiu Bai, he didn’t hesitate to reveal all of his secrets.

Slaying the Heavens wasn’t his biggest trump card. That mysterious technique was.

No wonder he returned it so quickly to Li Xiandao.

“After saying my story, you should tell me about you and Ling Ren, right?” The Northern Region Lord said curiously.

“You need to mentally prepare yourself.” Qiu Bai reminded him.

“I have heard many rumors and have been prepared long ago. Just say it all, I can take it.” The Northern Region Lord said firmly.

“If your ability to take it is at 100, you should expand it to 1,000.” Qiu Bai hesitated.

“It is that bad?” The Northern Region Lord was so scared that his hands were shaking.

“Be mentally prepared.” Qiu Bai wanted to grab multiple green hats for him to wear.

“Just say it, I have expanded it.” The Northern Region Lord took in a deep breath.

Qiu Bai nodded and started to talk about Ling Ren’s matter.

Chapter 169: Green Is Clean But Love Corrupted It

Qiu Bai looked at the Northern Region Lord and started to describe her past.

While she was speaking, Northern Region Lord didn’t interrupt. He was just being a quiet listener.

The candle flames swayed in the night wind, casting a very long shadow of Northern Region Lord onto the ground...

The story was really long!

The story was also really twisted!

Northern Region Lord listened and clenched his fists. He was expressionless like a wooden statue.

When he heard about what happened between Ling Ren and his father, the Northern Region Lord closed his eyes.

When he heard how his father was just playing with her, he opened his eyes and a sharp light shone out of them!

Now, everything made sense.

Why did his father lock him up for 30 years?

Why did Ling Ren reject him coldly and choose to waste her life away?

His father was the person behind it all!

Shameless!

His actions were just despicable. The Northern Region Lord was a learned person and he was filled with emotions.

No wonder Qiu Bai wanted him to be mentally prepared. Even if he was prepared, he was still caught off guard.

He had heard of what happened next and thus he could accept it.

But...

But what he didn't expect was that Ling Ren had slept with the entire Feather Transformation God Dynasty royal family.

This...

The Northern Region Lord just sat there and didn't say a single word.

After Qiu Bai was finished, she felt heartpained for him. She took out a green handkerchief and passed it to him.

He looked at it and didn't know whether to laugh or cry.

Qiu Bai said, "Green is health. It is the brightest color but love corrupted it and gave it a bad name."

The Northern Region Lord was touched by such a novel description, using the handkerchief to wipe away a tear.

This was a tear of sadness.

"I would like to thank you for telling me all of this. I am not in a good mood, so I won't be serving you." The Northern Region Lord ended the conversation.

Qiu Bai nodded. "Then, I shall take my leave. Please pick yourself up from this!"

The Northern Region Lord waved his hands and looked on as Qiu Bai left. He stood silently by the railing.

When he thought about everything that Ling Ren went through and also about this, killing intent rose up in his heart.

"Father, why did you have to do that? Aren't you forcing your son to kill you?" Northern Region Lord stood with his hands behind his back and sighed.

His shadow was cast on the ground!

....

In the Bank of the Universe, Li Xiandao was looking at a third expert.

A Taoist old man.

His face was dried up and tired. His hair was white and he looked like someone that was on the verge of death.

"How should I address you?" Li Xiandao asked. He looked at the tomb but there weren't many things written on it. There were only a few words.

Tomb of the Taoist priest!

"I don't remember my name anymore. I have spent my life studying Taoism. Just call me Taoist Priest!" The guy thought about it and said.

Li Xiandao searched his memory and confirmed that there was no news of such a person.

Maybe he had forgotten his own name which was why Li Xiandao couldn't find anything.

But it was okay. On the way up, Li Xiandao read Slaying the Heavens and memorized it. But he still needed to test it out to understand and digest it.

"What can you teach me?" Li Xiandao asked politely.

"Martial arts, the Dao and also eternal life." He thought about it and said.

Li Xiandao really wanted to diss him*. You are already dead and are just left with just a remnant soul and you want to teach me about eternal life?*

The priest seemed to see through his thoughts and said, "Don't think that just because I am dead that I won't be able to teach you about eternal life?"

"Of course not. Why would I have such a thought? I am willing to listen and learn." Li Xiandao hurriedly explained. If he angered this priest, he would have to find another person.

"Do you know how long I have lived for?" The Taoist asked Li Xiandao.

Li Xiandao shook his head as he didn't know.

"Even I don't know how long I have lived for. The first time I opened my eyes, there were still 10 suns and 10 moons above," the Taoist recalled.

Li Xiandao frowned. The time of the 10 suns and 10 moons was a time of legends. Stories that passed down from that time were treated as stories by many people.

It was said that there were 10 suns in the day and 10 moons at night.

There was something about the Sky Dog eating the moon and the barbarian race expert shooting the sun. All of those were treated as legends by people.

People named that era the Legend Era.

If the priest said that the first time he opened his eyes was during that era, then he must have lived for a long time.

Li Xiandao believed him. Since he had lived for so long, he would have many things to teach Li Xiandao.

"Priest, I just read Slaying the Heavens. Can you help me comprehend it quickly?" Li Xiandao asked.

"No worries, bring it on." The priest waved his hands and asked Li Xiandao to attack.

Keng!

Li Xiandao didn't hesitate. He pulled out his sword and slashed towards the sky.

Slaying the Heavens exploded. An eye-catching sword energy covered the sun in the sky. It was a dozen meters long and slashed down viciously.

The priest saw his moves and said, "I will suppress my cultivation to your level to fight you!"

Peng!

Li Xiandao saw his body swell up, his dry body filling up, and his hair turning black. He instantly turned into a muscular, middle-aged man and punched right at Li Xiandao's Slaying the Heavens.

Kacha!

Li Xiandao's Slaying the Heavens instantly collapsed but his expression didn't change. He slashed out a second sword, stepping out without any hesitation and moving his whole body forwards.

Li Xiandao's expression was as cold as the sword energy wrapped around him.

"Shatter!"

The priest didn't use any tricks and just punched with a single fist.

Kacha!

Slaying the Heavens's second sword was shattered too. Li Xiandao and the priest's expressions both didn't change.

Li Xiandao continued to attack and the priest continued to defend. Both of them fought without stopping at all.

The priest would shatter each sword from Li Xiandao until Li Xiandao used all nine moves.

The nine swords were all shattered and Li Xiandao just stood there without attacking anymore.

The priest looked at Li Xiandao calmly.

Li Xiandao closed his eyes. In his mind was the Dao from when the priest punched, those strong laws...

Li Xiandao lacked those things and that was the reason why his Slaying the Heavens was not strong.

The all-knowing talent continued to comprehend and slowly absorb the priest's Dao. He was like a person eating a bowl of noodles, absorbing it as he ate.

Li Xiandao comprehended it all so quickly.

Then, he opened his eyes and slashed without saying anything.

The priest waved his fists to shatter Li Xiandao's Slaying the Heavens. No matter how much strength Li Xiandao added or how Li Xiandao controlled the area around, all of it was shattered.

Kacha!

After the ninth sword was shattered, Li Xiandao stopped. He closed his eyes once more and slowly comprehended.

The second variation of Slaying the Heavens was double the strength of the first version.

But the priest's Dao was still extremely thick and strong. Li Xiandao comprehended a bit of it, so he changed to something else.

The Dao was just too vast and complex!

Chapter 170: How Can There Be Someone Who Is Crown Prince For 9,000 Years?

On the Legacy Hall mountain peak, the battle between Li Xiandao and the priest continued.

The priest's Dao was just too deep such that Li Xiandao was still unable to fully understand him even when he tried for so long.

He definitely believed that the priest came from the Legend Era, unlike War God Zhao Wuji and Sword God whom he understood and saw through right away.

Li Xiandao was able to use the full strength of Slaying the Heavens in just one strike. There was less of the theatrics and more practicality. The nine swords all stabbed toward one area and even if one's defense was strong, one would still be unable to block nine swords.

But even if Li Xiandao comprehended the technique to such an extent, he still wasn't the match of the priest.

Li Xiandao's Slaying the Heavens could be used in an instant, but it was shattered by the priest at the same time.

After the burly priest shattered the sword that Li Xiandao had cultivated, he dispersed all his strength and turned back into that thin old man.

"The Dao from that fist is enough for you to comprehend for three days. Your talent is just too terrifying. You only need three days to comprehend something I took 300 years to comprehend. Go back and rest and come back next time." The priest waved his hand and chased Li Xiandao away.

Li Xiandao was a little reluctant. Their battle was like a whale swimming in the ocean. He was unrestrained and had nothing to worry about. He was able to absorb everything that he wanted.

Li Xiandao didn't want to stop.

If he was able to absorb for a full 10 days and nights, Li Xiandao dared to ensure that there would be little to no one in Eternal Land that could defeat him.

Unlike now, when he was stuck at a single point which made him feel really uncomfortable.

Exhaustion appeared on the priest's face. Since he was just a remnant piece of a soul, Li Xiandao could only leave.

"Goodbye priest." Li Xiandao retreated slowly.

The priest looked on as Li Xiandao left. After ensuring that Li Xiandao was gone, he heaved a sigh of relief.

"Overpowered, overpowered!" The priest cursed.

"It took me 300 years to comprehend that part of the Dao and he did it in 30 minutes. Are the heavens even fair?" The priest was really jealous.

If he didn't stop just now, then Li Xiandao could really continue to absorb all his knowledge. He would be able to suck him dry.

That was just too terrifying!

"Haiz, this world belongs to the youth. As for us, we should just lay quietly in our graves." The priest sighed and just stumbled back into his tomb.

....

Li Xiandao walked out of the Legacy Hall and back into his room.

True Qi swelled in his body like he was about to break through.

But Li Xiandao suppressed it and didn't let himself break through.

"I am still accumulating. Now isn't the time to break through." Li Xiandao muttered.

When one breaks through, one had to do so all at once. Breaking through bit by bit was like squeezing toothpaste and Li Xiandao really didn't like that.

Thus, he suppressed that feeling.

"Seven." Li Xiandao shouted. He didn't see her around so he missed her.

Li Xiandao was extremely happy when he kissed her on the forehead but he was also afraid that she would be unhappy.

Luckily, she didn't. The only thing was that she became cold and stopped caring about him.

Li Xiandao could only head out helplessly when he didn't get a reply to search for Seven.

Seven lived in another corner of the peak. It was a small grass patch where there was a single flower.

It was just sprouting!

Li Xiandao walked over and saw that Seven was watering it. He asked, "What flower is this?"

"Dog's tail grass!" Seven said calmly.

Li Xiandao didn't mind her cold expression and smiled. "Why is there only one such flower?"

Seven looked at Li Xiandao and said helplessly, "When the Bank of the Universe was sealed, my garden was sealed too. All the things that I planted were all gone."

Li Xiandao was stunned. He said, "Then, let me help you redeem them."

Seven shook her head and said, "It is extremely expensive. Out of the flowers that I planted, even the weakest one can draw numerous experts from the Nine Skies to fight for them. You are temporarily unable to redeem it."

Li Xiandao didn't think that way and asked, "What is the price? Tell me about it."

"God Spirit Meridian, 300 of them!" Seven said helplessly.

"Let's just shelve it. Even if we had 300 God Spirit Meridians we would need to redeem the other mountains." Seven explained. She didn't want Li Xiandao to work hard towards this matter.

The garden wasn't as important as the other mountains.

Legacy Hall didn't say anything and just changed the topic, "Since we unsealed the Legacy Hall, then do we have 100 more watches?"

Seven nodded, "You want to cast them out?"

"Right, we also need new guests and new gains to strengthen the Bank of the Universe." Li Xiandao nodded his head.

Li Xiandao trusted Seven and she was entrusted with managing all the watches.

Apart from maintaining the big picture, Seven was in charge of everything else. Seven was the helper that Li Xiandao couldn't allow to have leave his side.

"Okay, I shall do that right away." Seven nodded.

"Then, you continue to tidy your garden. I shall go cultivate." Li Xiandao turned around and left.

Seven continued to stare at the garden. The huge garden was so empty, so she would just plant some normal flowers.

Li Xiandao saw how she was staring at it after he turned a corner. He had an idea and maybe he could give her a surprise.

But he had to plan for this matter.

....

Along with the Bank of the Universe casting out 100 watches, a huge storm was rising in Eternal Land.

God Capital!

This was the capital of the Feather Transformation God Dynasty. It was huge and spanned two rivers, raising tens of millions of people.

God Capital was huge but it wasn't easy to live here!

Many civilians entered and left God Capital. Their lives were extremely busy, and only then were they able to barely survive.

Within the God Capital, there was an unimaginable number of aristocratic families.

One God Capital, 100,000 families!

Someone said that there were a total of 100,000 families here.

100,000 of them would add up to a few million people.

The biggest was the royal family!

The Feather Transformation God Dynasty royal family were the ones in full control of God Capital.

The current emperor was called Emperor Tianqi. Since he took to the throne, he worked hard and had many successes. After 10,000 years he managed the Feather Transformation God Dynasty really well and all its people were able to have decent lives.

This was a huge contribution.

But someone was unhappy!

In the Crown Prince's manor, an invisible seal spread about which no one could see.

"This is insane. I really want to carry my sword to charge into the palace and ask that old man whether or not he wants me to die like this?" The young man in a robe hollered in rage.

"How many crown princes will there be in 9,000 years?"

"I am already the fourth one. The first one died from old age, the second was chased out, and the third gave up and decided to become a lord. Am I going to be the same?" The Crown Prince carried his sword and paced back and forth in a rage.

Chapter 171: New Guest

The Crown Prince was both shocked and afraid.

He had been the prince for 20 years and had been managing all the official government matters. Emperor Tianqi stood high above and it seemed like he wasn't doing much but a single sneeze from him was much more powerful than anything this Crown Prince tried to do.

From one Crown Prince down to him, he felt like he was finally going to gain a chance. But reality gave him a merciless slap.

Emperor Tianqi was planning on giving up the throne when he was 15,000 years old!

Damn!!!!

15,000 years old!

When the Crown Prince heard this news, he was stunned. He didn't want to go anywhere else and just went home to vent his anger.

Emperor Tianqi was just over 10,000 years old so there were still 5,000 more years!

5,000 years!

He didn't want to live anymore!

The Crown Prince pulled out his sword and randomly slashed the air to vent his anger. Rage had consumed him and all of his rationality.

There were a dozen of his firm supporters in the room who placed all their eggs in his basket. If the Crown Prince lost, then they would all have lost.

This was why they were equally anxious.

"Crown Prince, we mustn't rush things now." An old man said.

"I am not rushing things, do I look like someone who is anxious?" The Crown Prince raised his sword and said viciously.

"I just want to slash that old thing." The Crown Prince gritted his teeth.

"You must calm down, otherwise, you will ruin the plan." The old man raised his voice.

The Crown Prince sighed and stopped behaving like a mad man.

"Crown Prince, we aren't sure whether or not that thing is real. Even if it is, what else can we do other than accept it?" The old man persuaded.

The Crown Prince lowered his voice, "I am not willing to. If it is real, then we will have to wait 5,000 more years."

"I doubt it. To be a Crown Prince for 5,000 more years would be a historic feat." The old man shook his head and said.

"Sir, do you have something to teach me?" The Crown Prince said anxiously.

"Bear with it. You can only bear with it. With the current strength you have, you can't compete against His Majesty. If you make him angry, he might decide to change the Crown Prince." The old man said.

"Am I not bearing with it enough?" The Crown Prince pointed at himself and said.

"Crown Prince, kill those people you captured a while back. Don't leave them alive. They are just problems for us now." The old man said solemnly.

The other people said unhappily, "All the people the Crown Prince captured offended him, so what is wrong with locking them up?"

The Crown Prince frowned as he looked at the old man.

"How many of them offended the Crown Prince and how many of them were dragged down because you all tried to suck up to the Crown Prince? All of you should know really clearly. Crown Prince, since you already did it, then don't keep them alive. They will be a problem sooner or later." The old man said solemnly.

The Crown Prince nodded and said, "Since that is the case, then we should kill them all."

A warrior stood up and cupped his fist, "Kill them all?"

The Crown Prince didn't care much. "Of course, kill them all."

"Some of the people inside are real enemies. The Crown Prince wanted to torture them..." The warrior said solemnly.

"Kill them all, especially the person who gave me a green hat, kill him first. I don't want to see him." The Crown Prince pointed in rage.

"Yes, your highness!" The warrior cupped his fist and walked out.

"I am impressed that your highness is so decisive." The old man who made the suggestion said respectfully.

"Sir, your praise is unwarranted." The Crown Prince laughed out loud in delight.

His only problem was these few people; if he killed them all, then there wouldn't be any problems left. Unless he chose to give up his spot, Emperor Tianqi wouldn't do anything to him.

After all, the past few princes chose to give up by themselves and weren't forced to do so by the emperor.

....

God Capital, Jail!

This was a small space that was opened up at the depths of the God Capital. It expanded regularly and all kinds of prisoners were housed inside.

The Crown Prince sent the most people in and many were innocent. Each time someone opened the gates to the jail, one would hear many tragic cries.

The Crown Prince dealt with all those who had grievances with him.

He didn't fight them head-on but he remembered their wrongdoings. When he went home he would send someone to capture them and then punish them.

People without power wouldn't be able to do anything to the Crown Prince. This was why over the years, more than 10,000 people were here because of the Crown Prince.

This matter wasn't a problem yet but the old man who had foresight saw the risk.

So, he begged the Crown Prince to deal with this problem.

In the depths, there was a special man that was being locked up.

Each day he would be hung up and beaten. Once the guards had fun with him, they would then place him down. He had been locked up for over a year and he had long been beaten beyond recognition.

After a while, the guards didn't even want to beat him anymore. It wasn't that they couldn't bear to but because they genuinely found it disgusting.

This guy barely escaped death, hiding in the corner and recovering his stamina.

"How is my father and wife?" The guy was curled up and he asked as he thought about them.

"My child was born close to 10 years ago, but I don't know whether it's a boy or girl." The man thought about them.

His name was Tian Heng. He fought for 10 years and hadn't been killed. Instead, he had been captured by the Crown Prince and locked in this ice-cold prison, only to be beaten up every day.

"Unfortunately, I am not far away from comprehending the Dao Heart and breaking through to Human Celestial Realm. Unlike now when my cultivation is sealed and I am getting beaten up and waiting for death." Tian Heng felt huge regret. He had fought for 10 years and his cultivation had improved higher. If the Feather Transformation God Dynasty didn't interfere, he would have become a Human Celestial.

Unfortunately, it was all for nothing.

Hua lala!

Many soldiers charged in and they dragged away all the people that the Crown Prince had held captive.

"Those who offended the Crown Prince will be killed. There is a piece of trash there. Drag him out and kill him." A soldier hollered.

Tian Heng was shocked. He was about to die.

The Crown Prince wanted to kill him. He wanted to resist but there was nothing he could do.

Ding!

Just at that moment, a red watch appeared in the jail.

It appeared in front of him.

For some reason, he saw many phenomenons. There was a giant palace and in front of it was one man and one woman. The man was mysterious and the woman was really beautiful.

"Where is this place?" Tian Heng was shocked. He had never seen such a magical thing.

"Smash the watch and enter the Bank of the Universe. You will be able to exchange for anything you want." A thought flashed in his mind.

He heard the nearby footsteps getting closer and closer. He didn't have any time to think and just shattered the watch.

Kacha!

“No matter whether you are a god or a demon, please save me once.” Tian Heng prayed.

Hong!

His body disappeared. When the soldier walked over and saw the empty room, he was shocked.

“Where is he?”

“What is going on?”

“What should we do?”

“Act like we didn’t see anything and that he has been killed.” The few soldiers looked at one another and agreed in unison.

Chapter 172: 10,000 Years Of Lifepsan

Within the Bank of the Universe, this was the second time that Li Xiandao had gone to find the priest.

Another 30 minutes of sparring and Li Xiandao was still unable to win him. Li Xiandao was no match for Slaying the Heavens at all but the battle really satisfied him.

He had seen through the priest once more.

The priest sighed helplessly when he looked at Li Xiandao leave. Based on Li Xiandao’s current rate of learning, who knew how many more times he could beat him?

....

“There is a guest!” Seven’s voice rang out in Li Xiandao’s ear.

Li Xiandao nodded. “I will change and welcome the guest!”

Strictly speaking, this was his first guest since entering Eternal Land and Li Xiandao hoped that it would be a great start.

He decided to be a cunning merchant.

He would extort many things to make himself rich. Only then could he surprise Seven.

Within the Bank of the Universe's Trading Hall, Li Xiandao wore a white robe and a gold mask. He seemed cold and mysterious.

To welcome the first guest in Eternal Land, Seven also went to dress up. She was so beautiful that it even stunned Li Xiandao who was already used to looking at her.

When Tian Heng entered the Bank of the Universe and saw Seven, he too was in awe.

But he quickly lowered his head and looked at Li Xiandao instead of Seven.

"What is this place?" Tian Heng asked curiously.

"The Bank of the Universe!" Li Xiandao said calmly.

"What kind of faction is the Bank of the Universe? I was just in God Capital's jail and now I am here. It is just so mysterious?" Tian Heng said in shock.

Li Xiandao said calmly, "This is Bank of the Universe's skill. You seem heavily injured as you are covered in wounds. What do you want to trade?"

"Can I trade anything?" Tian Heng asked.

Li Xiandao nodded. "Of course, but you must be able to pay the price."

Tian Heng looked at himself and was confused. "I don't have anything on me."

"You still have yourself, your soul, your cultivation, your life, all your treasures, etc... All of them can be used to trade." Li Xiandao explained.

"Let me take a look. You have 18,000 years of lifespan to trade." Li Xiandao added.

"You also want lifespan?" Tian Heng was shocked.

"In truth, as long as it is valuable, we want it. For example God Spirit Meridian, treasure, celestial artifacts, techniques, etc..." Li Xiandao added.

Tian Heng looked at himself closely and said, "I want to exchange for thick spiritual energy and also a chance of comprehension."

Li Xiandao looked at him with a weird expression and didn't expect that he would trade for such things.

He wanted spiritual energy and a chance to comprehend the Dao. Was he preparing to use his own strength to break through and then solve his current situation?

Li Xiandao asked, "What is your name?"

“Tian Heng!” Tian Heng stood up with all his strength but his voice was really weak.

Li Xiandao lifted his head and stared at Tian Heng. In his heart, he was thinking about how much of a coincidence it was.

Tian Heng, Tian Yun’s son, Tian Ya’s father. To save his wife and kid he used his own strength to delay the Wen Family main force for 10 years. He fought many and disappeared in the end. Who knew that he would end up appearing here?

“What is it?” Tian Heng saw Li Xiandao’s expression and didn’t know what was wrong.

“Nothing. Before we trade, let me tell you something. I will charge you for it, so do you want to hear it?” Li Xiandao grinned.

Tian Heng was stunned, “What news? What is the price?”

“It’s about your child. I shall charge 10 years of your lifespan.” Li Xiandao thought about it and said.

“Okay, I shall listen.” Tian Heng agreed without hesitation after learning that it was regarding his child.

Li Xiandao nodded, “You have a daughter who is really beautiful and cute. She is also really strong.”

Tian Heng was delighted. His dry hands trembled and he asked emotionally, “I have a daughter?”

“Yes, a little fairy.” Li Xiandao praised. He had a good impression of Tian Ya.

“How do you know that?” Tian Heng was still a little suspicious.

“Before you came, the Bank of the Universe’s last guest was your daughter.” Li Xiandao said.

Tian Heng’s expression changed and he said anxiously, “My daughter came?”

“She is only 10, so why did she come here?”

“What did she exchange?”

“What is her situation now?”

Li Xiandao saw how emotional he was and said, “Sit down and we shall talk.”

Overcome with emotion, Tian Heng sat down right in front of Li Xiandao.

“I know about all of that. If you want to know, then give me 100 years of lifespan!” Li Xiandao raised a finger and his cunning merchant personality was activated.

Tian Heng didn't hesitate, “I agree.”

Li Xiandao smiled and started to tell Tian Heng about Tian Ya, Tian Yun, and his wife's poison incident.

After Tian Heng heard it, he said in rage, “Wen Family, that damn Wen Family!”

Li Xiandao saw Tian Heng and said, “Do you still want to trade for what you mentioned?”

“If I want them, what do I need to pay?” Tian Heng asked.

Li Xiandao raised one finger and said, “1,000 years of lifespan!”

Tian Heng frowned and thought about it. “Let me add 3,890 years of lifespan, a total of 5,000 years along with what I said before and for you to help me wipe out the Wen Family!”

The problems he asked were 110 years, along with 1,000 years, and now these 3,890, added up to 5,000.

“Why don't you do it yourself?” Li Xiandao asked curiously.

If he gave Tian Heng those two things, he would be able to enter the Human Celestial Realm. When that happened, it would be really easy for him to deal with the Wen Family.

Tian Heng shook his head, “My body is too weak, and even if I break through to Human Celestial Realm I need to heal up. The Wen Family is so far away but I am trapped here. I can't reach them.”

Li Xiandao nodded and continued to listen.

“If I am willing to wait, I can wait for a year and a half to destroy the Wen Family but I can't afford to wait. The Wen Family must be mad since Wen Ming is dead. My daughter is weak and my father is injured. My wife is also poisoned, so they can't defend themselves. I have to destroy the Wen Family.” Tian Heng gritted his teeth.

Li Xiandao thought about it and said, “I can do it, but the lifespan you must pay will double to 10,000!”

Tian Heng's pupils constricted. He looked at Li Xiandao's ice-cold mask and nodded, "If I give you 10,000, then in addition to wiping out the Wen Family, you must protect my wife, daughter, and father."

Li Xiandao nodded. "Seven, prepare a contract."

Seven took out a contract and passed it to Li Xiandao.

Li Xiandao pushed it forwards to Tian Heng.

"Sign it!" Li Xiandao placed a pen in front of Tian Heng and said.

Tian Heng didn't hesitate and signed his name.

Li Xiandao stood up and walked behind Tian Heng. "Relax, it is just 10,000 years; you still have 8,000."

"Once you break through to Human Celestial, your lifespan will be extended." Li Xiandao said slowly and started to absorb Tian Heng's lifespan.

Chapter 173: Find You In The Morning, Find Him In The Afternoon

Li Xiandao slowly sucked out Tian Heng's lifespan.

He couldn't do it too quickly.

Tian Heng was badly injured and his cultivation had been sealed. If Li Xiandao did it too fast, Tian Heng could die on the spot.

Li Xiandao would become a killer and he would be going against the Bank of the Universe's rules and would be punished for it.

Li Xiandao was really careful as he sucked out the lifespan bit by bit. He did it really slowly, fully focused.

Tian Heng's change was visible. His hair was now a mix of black and white. His features went from young and handsome to slightly older.

Tian Heng met the Wen Family Little Miss when he was 17. They fell in love and were exposed when they were 20. At that point, his cultivation was at Countless Sands Stage 18.

Even in Eternal Land, to reach such a cultivation at 20 meant that he was a genius. The key was that Tian Heng didn't have any resources and relied solely on himself.

In the next 10 years, Tian Heng fought valiantly, breaking through from Countless Sands Realm to Transcendent Realm.

He went from stage one to ten!

He was just one step away from Human Celestial Realm!

But this step was interrupted by the Feather Transformation God Dynasty's Crown Prince. He was captured and locked up, whipped daily, and tortured.

If he dressed up, he would look youthful and handsome.

But now, his hair was white and he looked like a 40-year-old man. After 10,000 years of lifespan was taken from him, his body was suffering badly.

Luckily, Li Xiandao was really gentle and Tian Heng wasn't too badly hurt.

"You are just 30 and at your peak which is why you have 18,000 years of lifespan. Now that I have taken 10,000 years and although you look older, because of my skilfulness, your foundations haven't been hurt." Li Xiandao reached out to tell Seven to take a box to store the lifespan in.

Tian Heng knew that his foundations weren't hurt, otherwise, things wouldn't be so simple for him now. He was really grateful. "Thank you!"

"There's no need to thank me. You can enter the Ten Thousand Country Book Depository and there are many books in there that can allow you to comprehend the Dao. The Bank of the Universe has thick spiritual energy for you to break through. Once you do, you can leave the Bank of the Universe." Li Xiandao wiped his hands with a jade silk handkerchief as he looked at the weak Tian Heng.

"Okay." That was the only thing that Tian Heng said.

"Seven, bring him to the Ten Thousand Country Book Depository. There is something I have to deal with." Li Xiandao ordered.

Seven nodded and brought Tian Heng away.

Li Xiandao took the jade box after Seven left. He looked at the lifespan within and his eyes lit up.

“Watch, find someone who has large amounts of God Spirit Meridian and wants lifespan!” Li Xiandao went behind Seven to order a watch. The demands were really high and it wasn’t easy to find such a customer.

Li Xiandao wasn’t in a rush and knew that he would definitely be able to find it. God Spirit Meridians were expensive in Dali Land and Ancient Desolate Land but it was different in Eternal Land.

Moreover, Eternal Land was connected to the other lands and wasn’t alone. It was huge and the population was high, so there were definitely people who were suitable for Li Xiandao.

Li Xiandao looked at the 10,000 years of lifespan within and shook his head. “It is possible to use it to cultivate, but I don’t want to break through so quickly. I haven’t absorbed all of the priest’s Dao.”

Li Xiandao accepted Tian Heng’s mission to wipe out the Wen Family. The first thing he did was sense where Tian Ya was.

Tian Ya hadn’t been found and was living well. Li Xiandao wasn’t too worried about her.

He kept it and didn’t pass it to Seven. He then informed the watch, “Inform only me and no one else when you find the guest!”

The watch accepted the order and followed it accordingly.

Only then was Li Xiandao satisfied and he came to the Legacy Hall.

He had just fully understood the priest and his current accumulated learnings were enough for him to break through. If he bothered now, he could reach a high realm.

But Li Xiandao was not satisfied

He felt like he could aim higher.

Moreover, the priest was able to use so much of the Dao in the same realm that he was.

Li Xiandao felt like he hadn’t reached his limit.

If the priest knew what Li Xiandao was thinking, he would definitely curse him.

“I know so much because I accumulated it over so long. At your realm, I don’t even know 1% of what you do.”

Unfortunately, Li Xiandao didn’t consider that point.

It wasn't that he couldn't think about it but that he didn't want to think about it.

After arriving in Eternal Land, Li Xiandao felt like he was weak, very very weak...

Especially since his cultivation wasn't at Human Celestial Realm.

One must know that Human Celestial wasn't the ceiling of Eternal Land. There were some old monsters that would force Li Xiandao to hide in the Bank of the Universe if he met them.

Just thinking about it made Li Xiandao feel really threatened.

He felt like he needed to cultivate the Big River Sword Energy and Slaying the Heavens well. Then, he would just slowly accumulate.

Only when he reached the limit would he try to break through.

This was because Li Xiandao hadn't fought someone in the same realm as him in Eternal Land and didn't know what the strength outside was like.

The only person of the same level of strength he could fight was the priest.

Till now, Li Xiandao hadn't even won once.

This gave Li Xiandao a feeling like he was really weak.

He used Big River Sword Energy, Slaying the Heavens, and numerous sword skills from the Ten Thousand Country Book Depository and he couldn't beat the priest. He wasn't even able to injure him...

He was just too weak?

Li Xiandao felt really anxious at how weak he was.

What he didn't know was that each time Li Xiandao left, the remnant spirit of the priest would curse, "Your sword energy nearly forced me to use a portion of the Dao of a Celestial. How can you be so strong at peak Transcendent Realm?"

Just like that, Li Xiandao who felt like he was weak and a priest that felt like Li Xiandao was overpowered met once more.

The priest opened his own coffin and laid inside. He silently bathed in the sun and closed his eyes in exhaustion.

This was his only hobby.

Moreover, the sun was helpful in recovering his energy.

Who knew that a black shadow would block him?

The priest opened his eyes unhappily and saw Li Xiandao. He was so frightened that his body shook and he blinked his eyes.

“Why are you here again?” The priest looked at Li Xiandao in despair.

He had always tried to keep a calm demeanor.

This despair really came from the bottom of his heart.

Once a day was good. It was enough for you and enough for me.

Why did you have to come so many times a day? I will really have no more Dao to use.

“I didn’t come here to fight with you. I know that you are a remnant soul and once a day is your limit. I am finding someone else but I saw that you were bathing in the sun, so I came to say hi.” Li Xiandao said.

“Go on, there is a really strong guy ahead. He has learned a lot about the Dao, much more than me. Go on, there is no need to say hi to me.” The priest nearly jumped out. Was he sick of him and wanted to find someone else?

That was a good thing!

If Li Xiandao wasn’t in front of him, the priest would have laughed out loud.

The priest was finally about to stop being used as a tool.

“Good, I shall find him. I will find you in the morning and him in the afternoon.” Li Xiandao nodded his head and left.

The priest’s face froze...

Chapter 174: One With The Universe

After saying goodbye to the priest, Li Xiandao came to a lone tomb.

This tomb was located on the corner of the peak and was a little sectioned off from the rest. An old tree spread out and the leaves covered the tomb from light.

Cliff, lone tomb, old tree...

Under the light of the setting sun, Li Xiandao came here alone.

The lone tomb was surrounded by fallen leaves and it made a crunching sound as he walked toward it.

“Senior, I am junior Li Xiandao. I am here to learn!” Li Xiandao said.

“Why did the new owner of the Bank of the Universe come to find me?” A calm voice rang out.

Li Xiandao saw a scholar appear from under the tree. He was holding a scroll and wearing a robe. His hair was tied up and he exuded a scholarly aura.

“Senior, how should I address you?” Li Xiandao asked.

“Zhong Baisheng, I am just a nameless scholar.” Zhong Baishen said calmly as his robe fluttered in the wind.

Li Xiandao tried to recall any signs of this person but he couldn't find anything.

Who knew whether or not he was low profile, so the world didn't hear of him or if he had another name?

“Senior, I came here for advice.” Li Xiandao said truthfully.

“For advice?” Zhong Baishen frowned.

“Right, I want to break through to Human Celestial Realm.” Li Xiandao nodded his head.

“You can break through now.” Zhong Baishen stared at Li Xiandao and said.

“I want to break past Human Celestial Realm, not break through to reach Human Celestial.” Li Xiandao announced his ambition.

Zhong Baishen was shocked, “Human Celestial has 10 stages and there is a huge change in each. For you to cross them all, you really have some ambition.”

“Which is why I came to ask senior for help.” Li Xiandao said.

“Okay, you attack and I will teach you some things.” Zhong Baishen nodded.

“I was fortunate to have the Bank of the Universe keep a fragment of my soul which prevented me from dying. You are now the owner of the bank, so naturally, I need to thank you.” Zhong Baishen lifted his hand and raised his level to his peak.

He suppressed his cultivation to the same as Li Xiandao's and went all out.

Slaying the Heavens!

Li Xiandao went all out and numerous threads of sword energy appeared in the air. He stepped forwards, grabbing one of them and slashed at Zhong Baishen.

This strike was the strongest strike from Slaying the Heavens.

Clang!

The numerous phenomenons in heaven and earth all belonged to that sword at that very moment.

The thousands of threads of sword energies all gathered together, forming a terrifying and vicious aura.

This sword contained all the moves of Slaying the Heavens.

One sword, nine slashes!

This was what Li Xiandao had learned from the priest. It was extremely terrifying and even the priest found it a little tough to handle this.

What about Zhong Baishen?

Li Xiandao was really excited.

When Zhong Baishen saw Li Xiandao's strike, his pupils constricted. With his realm, with his cultivation, with what he had seen, naturally he wouldn't worry about normal things.

"Such a strong Dao!" Zhong Baishen was shocked at how strong Li Xiandao's Dao was. It was so terrifying and invincible.

In the Transcendent Realm, Li Xiandao's Dao was invincible.

Zhong Baishen knew that he couldn't restrict himself to Transcendent Realm as he wouldn't be able to block that strike.

He breathed and when the sword energy slashed at him, numerous world threads appeared in his eyes.

Dao Threads!

This was not a level that the Transcendent Realm could touch. In truth, even Human Celestials couldn't reach such a realm.

People who exceeded Human Celestial and had top talents were probably able to feel this.

Zhong Baishen stepped forwards like Li Xiandao and said, "Beginning of heaven and earth, Saint descends!"

Hong!

At this moment, extremely terrifying Dao phenomena appeared on Zhong Baishen's body. They covered Li Xiandao and in the next second, an invincible illusion appeared.

Beginning of Heaven and Earth, Saint descends!

This Saint wasn't at Saint Realm but it referred to one's charm and their contribution to the world.

Saint Realm was just one's cultivation exceeding 90% of the people.

But it didn't mean that one's personality and contributions had reached such a stage.

Each Saint in the past all helped to discover new lands. In terms of cultivation, character, contributions, and the progress of mankind, their help wasn't something that others could compare to.

This was what Saints were supposed to look like!

The Saint descended and just like that, Li Xiandao's Slaying the Heavens collapsed. He was forced back and blood surged up his throat. With much difficulty, he was only able to just suppress it.

"You lost." Zhong Baishen walked to Li Xiandao and pointed with his finger. He touched Li Xiandao's heart.

Pui!

True Qi exploded, causing Li Xiandao's heart to explode and a giant hole to appear. Li Xiandao was stunned and then he reached out to cover the wound.

"This hurts even more than a sword stabbing through it." Li Xiandao muttered.

Zhong Baishen backed off silently.

Li Xiandao wiped it with his hand and the wound healed instantly.

He looked towards Zhong Baishen and said firmly, "What type of Dao is that?"

“One with the Universe!” Zhong Baishen said.

Li Xiandao looked at Zhong Baishen in confusion.

“Humans and heaven and earth are two different entities. The world is huge and endless. As for humans, we are restricted by our imagination and thoughts.” Zhong Baishen said.

Li Xiandao listened quietly.

“Your thoughts can cross worlds, so your body can too. If your thoughts and heaven and earth are on the same frequency, then you will be connected to it, becoming One with the Universe. You will then be able to control the Dao for your own use.” Zhong Baishen looked at Li Xiandao and pointed out Li Xiandao’s weakness.

“You comprehended a lot of the Dao but most of them are scattered and there isn’t one perfect Dao. You don’t even have veins of Dao, so naturally, it will be tough to grasp it.” Zhong Baishen said.

Li Xiandao listened on and his eyes shone brightly. This was the Dao Thread that Zhong Baishen used just now!

“To become stronger and to cross past Human Celestial Realm, you need to comprehend One with the Universe.” Zhong Baishen said solemnly.

“When you are able to do that, then you have the right to do so.” Zhong Baishen concluded.

Li Xiandao asked, “After I do that, I will only have the right to do so?”

“Of course, what else do you want?” Zhong Baishen nodded and guessed, “You should just comprehend that. I spent 1,000 years to do so. As for you, I think you need at least 100 years.”

Li Xiandao’s gaze became really weird, “Actually, I don’t need so long!”

“What?” Zhong Baishen looked at Li Xiandao with a confused expression.

“I said that I don’t need so long.” Li Xiandao’s expression turned solemn. Sword energy appeared and looked exactly the same as before.

In the next second, Li Xiandao reached out and grabbed the air.

Dao Sword!

With a loud explosion, the entire lone mountain was included in the range of Li Xiandao's Dao Sword.

This sword was several times more terrifying than the last one that Li Xiandao used.

Chapter 175: Tian Heng Breaks Through

Li Xiandao's sword stunned Zhong Baishen.

One with the Universe!

He succeeded just like that?

It took him 1,000 years to learn it!

How long did it take Li Xiandao?

From start til now, did the two of them spend more than 10 minutes together?

He comprehended it just like that?

At this point, Zhong Baishen this scholar was very sour.

It felt as if he had sucked on some lemon.

Hong!

In the next second, Li Xiandao's sword collapsed on its own. He was unable to sustain it for a long time and was only able to do so for a few seconds.

"Is this considered initial comprehension?" Li Xiandao asked.

Zhong Baishen opened his mouth wide and he looked at Li Xiandao like a weak student looking at a genius.

A weak student needed a year to gain knowledge and digest while a genius only needed 10 days.

As for Li Xiandao, he was a super genius.

"You comprehended it just like that?" Zhong Baishen was filled with disbelief.

"Not yet. During the process of your attack, I recorded all the Dao that you used as they weren't covered at all. I just practiced it in my head and along with my deep

accumulations, naturally, I managed to comprehend so much right away.” Li Xiandao said truthfully.

With the all-knowing talent, Li Xiandao’s had deep accumulations in the Dao.

There was also Zhong Baishen’s help. If he hid some of the things from Li Xiandao, Li Xiandao wouldn’t have seen everything so clearly.

Zhong Baishen opened his mouth. At this point, he understood why the priest felt so helpless. This guy learned things too quickly.

Did he purposely not hide things?

He didn’t even think about it as it had no idea that Li Xiandao would comprehend it right away?

Zhong Baishen had many things he wanted to say but he only said one sentence, “Not bad, continue working hard!”

Even if he was shocked, he needed to maintain the demeanor of an expert.

Privately, he wanted to hug the priest and cry together.

But on the surface, he had to act like nothing had happened and show that he had seen many of such things in the past.

“Then, let’s continue.” Li Xiandao said excitedly. As expected, Zhong Baishen was skilled. In just 10 minutes, Li Xiandao comprehended One with the Universe. If they continued this relationship, he would be able to swiftly break through.

Li Xiandao’s idea was shattered right away as Zhong Baishen said, “I am tired. Today, I taught you One with the Universe, so go comprehend it. You just learned it and couldn’t even last for long and you want to learn something else?”

Li Xiandao nodded his head, “You are right, I shall head back and grasp One with the Universe fully before coming to find you.”

Li Xiandao turned around and left. He was going to spend many hours to grasp this One with the Universe.

Zhong Baishen looked at Li Xiandao leave and heaved a sigh. “He finally left. He just came and learned my One with the Universe. If this continues won’t he learn everything of mine?”

“Now that you have learned One with the Universe, if you don’t take 100...” Zhong Baishen thought back to how quickly Li Xiandao comprehended it and slightly changed the time.

“If you don’t take 10 years, don’t come back to find me.” Zhong Baishen said.

If the priest was there, he would have mocked Zhong Baishen for being so innocent and dumb.

He knew nothing about Li Xiandao!

....

Within the Bank of the Universe, Li Xiandao had just returned and was prepared to go into seclusion for a few hours. However, he saw spiritual energy gathering in the Bank of the Universe. It surged in and swept every corner, forming a whirlpool.

Beneath the giant whirlpool was Tian Heng.

He crazily absorbed the energy to replenish himself.

During this period, his dried-up body started to fill up. His injuries healed and his aura became thicker.

Hong!

A giant surge of energy swept his body and charged past the barrier that had been restricting him.

Explosion!

Now, Tian Heng was fully recovered and was improving towards a higher realm.

“Break through!” Tian Heng hollered in rage. With the help of the spiritual energy, his aura started to climb and he managed to break past the ancient barrier right away.

Human Celestial!

When Li Xiandao saw those scenes, his eyes lit up. He muttered, “Too weak.

I can casually kill this Human Celestial with just one sword.”

Thinking about it, Tian Heng had always been beaten up and thus his aura was really weak. Otherwise, this was just too weak for a Human Celestial, right?

He was only stage one.

Li Xiandao had no idea about his own strength. Was he strong or were other people too weak?

Hong!

After Tian Heng broke through, he flew out of the Ten Thousand Country Book Depository to find Li Xiandao. He cupped his fists, "Thank you, sir. I have broken into Human Celestial and my injuries are recovered. It is time I left."

"Go. I will do what I promised. Your daughter, wife, and father will all be safe." Li Xiandao said calmly.

"Okay, I believe you!" Tian Heng cupped his fists and left the Bank of the Universe.

Li Xiandao looked on as he left. He returned to his own room and started to cultivate.

At this moment, a few loud explosions spread from within the Bank of the Universe.

Li Xiandao opened his eyes and said with satisfaction, "The group of you are finally chasing up. As your Master, I can't stay at that realm."

Li Xiandao had many geniuses under him who were all breaking through and heading towards Human Celestial.

Li Xiandao himself took in a deep breath and started to absorb the energy of the Dao.

....

Shengjing!

Tian Heng appeared in his own jail cell.

He looked around and the cell that was originally really empty had actually become really spacious. Those who offended the Crown Prince were all dragged away.

"The Crown Prince is so vicious. This time he will at least kill 10,000 people." Tian Heng's expression was one of rage and he really wanted to snap this Crown Prince's head off.

But Tian Heng knew that he couldn't do that.

In this God Capital, Human Celestials weren't even strong.

In the huge God Capital, one could only be considered having stepped into this circle by being at stage one.

If one behaved too arrogantly, one wouldn't even know how one died.

There were several Human Celestials at the Crown Prince's residence, so Tian Heng couldn't be rash.

Suddenly, he heard bailiffs in the jail talking.

"I have to leave this place first." Tian Heng directly killed two of them when they passed, destroying their corpses. He then changed into their clothing and headed out.

This was the jail, God Capital's jail and there were also Human Celestials here. Although they rarely showed themselves, if Tian Heng made too much of a commotion, it would alert them.

He left the jail carefully, using his strength to hypnotize many of the soldiers who saw him so that they would forget him.

Just like that, Tian Heng left the place and disappeared into God Capital.

The Crown Prince thought that he was dead and stopped caring about him.

The current Crown Prince was meeting members of the Wen Family, Wen Family Old Master Wen Yunmei and also the young master Wen Ling.

"Didn't I say that our marriage agreement is over and that the Wen Family has nothing to do with me? Why are you here?" The Crown Prince was really cold and he said unhappily.

"Crown Prince, we have found a gem; my granddaughter." Wen Yunmei reported respectfully.

The Crown Prince's eyes lit up. "Father-in-law, what did you say?"

Chapter 176: Wen Xinyun

There were many different types of bodies in the world, most of which made up guys. As for girls, relative to guys, there were far fewer special bodies.

Although there were fewer, their quality was extremely high.

Since ancient times, the Mysterious Lady Body was one of the top female bodies.

The mysterious lady was an invincible fairy in the Celestial World and as she attained the Dao in the Nine Skies, she was called the Nine Sky Mysterious Lady.

The mysterious lady body could let one see through all falsehoods to see right at the crux of the problem. When comprehending the Dao, the mysterious lady's body could break past all the layers of confusion and allow one to see the World Dao at the center of it all.

The key was that the mysterious lady body accumulated treasure.

A long time ago, there was a demon faction elder who raised someone with the mysterious lady body. He fed her good food and drinks and even fought the entire Celestial World for it.

The girl with the mysterious lady body could comprehend the Dao and store it in her mind. The demon elder and the girl cultivated together and after merging their souls, he would absorb the Dao. It was like someone cooking the meal and you just needed to eat it.

You saved all the time to cook, buy the ingredients, clean the ingredients, etc.

How could the Crown Prince not be excited?

Mysterious Lady Body!

He couldn't be bothered to deal with the Wen Family as it was a little insulting to his reputation. If he hadn't become the Crown Prince and wasn't allowed to be so violent, he would have wiped out the Wen Family long ago.

But now, he found this father and son from the Wen Family more pleasing to the eye. He smiled. "Father-in-law, please sit, let's have a chat."

Wen Family Head Wen Yunmei was really careful and only partially sat on the seat, "Thank you, Crown Prince."

Wen Ling stood behind his father and looked on without saying a word.

"Father-in-law, where is this mysterious lady body that you spoke of?" The Crown Prince looked towards Wen Yunmei with anticipation.

"This... I haven't found it yet!" Wen Yunmei said regretfully.

The Crown Prince's face turned cold and he said with a heavy tone, "Wen Family Head, are you playing with me?"

Wen Yunmei said right away, "No, definitely not. My daughter gave birth to a girl and I met her once and spent several days with her. I originally wanted to kill this bastard granddaughter, but I noticed that she actually had the mysterious lady body, so I couldn't bear to. Who knew that my daughter would return and save her?"

The Crown Prince frowned. Just talking about it made him really unhappy. His fiance actually gave birth to a child with another guy. Was she trying to place a green hat on his head?

Preposterous!

The Crown Prince said coldly, "Are you sure that she has the mysterious lady body?"

"I am very sure." Wen Yunmei said firmly.

"Good. The daughter shall pay for the mother's debt. Since her mother betrayed me, your Wen Family has committed a huge evil but I am kind and am willing to give you a chance." The Crown Prince said expressionlessly.

"Since this girl has the mysterious lady body, then the Wen Family shall marry her to me. I will stop calling you father-in-law, but you will still be a relative of the royal family." The Crown Prince said.

"But the girl is only 10." Wen Ling interrupted.

The Crown Prince glanced at him and said calmly, "A young girl, I love it!"

1

Wen Ling was speechless and didn't know that the Crown Prince actually had such a special kink.

If Tian Heng was here, he would have definitely pulled out his sword to kill the Crown Prince.

Wen Yunmei didn't mind. He was so old and was the head of a family, so what kind of thing hadn't he seen before?

Pedophilia was a small matter.

"Crown Prince, everything will be fine if we manage to find Wen Ya. But the problem is that both her and her mother are so well hidden. Our Wen Family is really strong but due to Tian Ya's killings, we have now been greatly weakened and we are unable to find them." Wen Yunmei said carefully.

The Crown Prince frowned and cursed in his heart but his expression was calm, "Bring me a piece of her belonging and I will help you locate her."

"Thank you." Wen Ling was grateful.

Only then was Wen Yunmei at ease. He smiled, "With the Crown Prince helping us, everything will be just fine."

"This belongs to my daughter. This jade hairpin was something she always wore." Wen Yunmei took a jade hairpin and passed it to the Crown Prince.

The Crown Prince took it and said, "Follow me, we shall head to the imperial astronomer. There are many Taoist experts there that can do divinations, predictions, locate people, etc."

Wen Yunmei and Wen Ling followed the Crown Prince out and hopped on a carriage heading towards the imperial astronomer.

....

God Capital!

Within a bar, a beautiful doll-like girl looked at the outside and said in shock, "Is this the God Capital?"

An old voice rang out, "Right, this is the capital of Feather Transformation God Dynasty the God Capital. It is said that the spirits of the gods all live here!"

"And my father is locked here?" The doll-like girl frowned and asked.

"I got news from a friend that father didn't die and instead was captured by the Feather Transformation God Dynasty Crown Prince. We are here to confirm whether or not the news is right or wrong." A gentle voice rang out. A beautiful woman hugged the doll-like Tian Ya and said.

"Then, are my mother's injuries all healed?" Tian Ya was concerned.

"Thanks to the snake demon neidan that you and your grandfather brought back, my injuries have all recovered." Tian Ya's mother kissed her and said.

Life was really tough, especially since she went from an aristocratic family little miss to the current married woman. It was so quick that Wen Xinyun was unable to adapt.

Life was really sweet. She left that ice-cold family, lost those fake family members, and obtained a valiant husband, a daughter so sweet that she could melt her heart, and a silent but reliable father-in-law.

Wen Xinyun was really satisfied. She came this time to see whether or not Tian Heng was locked inside.

If that was the case, she would go all out to save him.

These 10 years had been hard for her. She fled in all directions, giving birth and raising a child alone.

But it was tougher on Tian Heng as he challenged the entire Wen Family, challenged the Feather Transformation God Dynasty's Crown Prince, and fought with everyone. He racked up many war results and was covered in wounds which made one heart pained when they looked at it.

Wen Xinyun swore that even if she gave up her life, she would save her husband, the father of her child.

"Father-in-law, can you help me take care of Tian Ya. I will look for my good sister. She is married to one of the young masters of a huge family in God Capital and is the only one willing to help me. She definitely knows about Tian Heng." Wen Xinyun said solemnly.

"Go, Tian Ya and I will just stay in the inn." Tian Yun nodded. His expression returned to normal but his internal injuries were still really bad. Without a year and a half of resting, he wouldn't be able to heal up.

"Tian Ya, be good. Do you understand?" Wen Xinyun instructed Tian Ya.

"Mother, don't worry. I will be more well behaved than you." Tian Ya rolled her eyes and said.

Wen Xinyun hugged her cute daughter and kissed her. She then left the inn to find her closest sister.

Chapter 177: She Is At The God Capital

Wen Xinyun left and made her extremely charming face slightly dirty. She wore a rough linen shirt and although her body was extremely seductive, she looked much more normal now.

She was heading to find her only hope.

When she was the little miss in Wen Family she didn't have many friends. She only had one sister who was born on the same day as she was. They had similar environments. Their views and values were all similar and they were all equally talented.

And the two of them were both beauties.

When they grew older, many people came to ask for their hands in marriage. Wen Xinyun became the fiancée of the new Crown Prince while she became the daughter-in-law of a top family in God Capital.

Following this trajectory, the two of them could spend the rest of their lives together as good sisters.

But Tian Heng appeared and messed up Wen Xinyun's life and the Wen Family's plans.

What followed next was 10 years of chasing...

Wen Xinyun broke away from the Wen Family and roamed the land. The sisters separated and through these 10 years, they communicated using a secret technique that the two of them had come up with.

Wen Xinyun's life went up and down while her life was a clear fountain.

She was a rich family daughter and studied hard to gain knowledge. She then married her husband, gave birth and life was still like water.

After not seeing each other for 10 years, Wen Xinyun felt really conflicted. She didn't know how she was or what her attitude towards her was.

Wen Xinyun, who had been through all sorts of things in the world, was worried that this was a trap. But thinking about it, she was already in God Capital, so why would she still be worried about this?

She chose to trust her sister.

They walked quickly on the busy streets and would occasionally ask people for directions. Just like that, she came to a secluded garden.

The courtyard entrance was tightly shut and the area around was totally silent.

Wen Xinyun walked forwards and looked around before knocking the door.

Peng peng peng!

The sound reverberated. Wen Xinyun was really nervous. Her body was tensed up and if there was something off, she would choose to flee right away.

Creak!

The entrance slowly opened and a beautiful face appeared in front of her.

“Siya!” Wen Xinyun was stunned and didn’t expect for her to be the one to open the door.

“Xinyun!” Siya was really excited and nearly jumped up. She looked around before pulling Wen Xinyun.

“Come in quickly.”

Wen Xinyun didn’t resist and walked in along with Siya.

Only after the door closed did Siya heave a sigh of relief. She hugged Wen Xinyun and her eyes welled up with tears, “You brat, how have you been over these 10 years? How did you end up like this?”

Wen Xinyun teared up too and she cried together with Siya, telling her about the pain she had gone through for the past 10 years.

After the two of them cried, they calmed themselves down. They sat in one of the pavilions, hand in hand as they talked about important matters.

“Look at you now. Do you even look like the little miss of the Wen Family?” Siya looked at how dirty Wen Xinyun was and helped to wipe her face with a handkerchief.

Wen Xinyun smiled, “We are all people with kids, so why talk about the past? Moreover, I did so on purpose so that I wouldn’t attract attention.”

“Is yours a girl or a boy?” Siya asked curiously.

“When you were found out, you were already two months pregnant. So, the child should be 10 now?” Siya asked.

“Girl, she is called Tian Ya. Her name is quite close to yours and she is really cute.” Wen Xinyun said blissfully.

“Mine is a boy. Looking at your happy smile, your kid must be really well behaved, right?” Siya asked with concern.

“Right, she is. What about your child?” Wen Xinyun asked too.

They hadn’t met for 10 years but their relationship was still there. This made her feel much more consoled and delighted.

“My kid is well behaved too. You know about kids in aristocratic families, none of them are bad kids. Those who are rebellious are all eliminated.” Siya sighed.

“That’s true. Then, what about your husband? I remember that he was a top talent in God Capital and was given the title of top genius. Is he good to you?” Wen Xinyun continued to ask.

“He treats me really well and we are very close to one another.” When Siya talked about it, a blissful smile appeared on her face.

“I came here today all thanks to him. He is around protecting us, so no one will notice us and you don’t have to worry.” Siya said.

Wen Xinyun was shocked. “It is rare for there to be such people from top families.”

Siya nodded. “I am lucky. I also told my husband to find out about your husband.”

When she talked about this, Siya’s expression became really solemn and she couldn’t bear to say anything.

“Tell me, is Tian Heng in the jail?” Wen Xinyun’s expression changed. She stared at Siya and asked.

“He was.” Siya nodded.

Wen Xinyun wasn’t surprised. She was worried instead. “What about now?”

He was which meant that he wasn’t now.

“Last night, the Crown Prince sent an order to kill all the sinners in the jail. 10,000 of them were killed.” Siya hesitated and said.

“What about my husband?” Wen Xinyun nearly fainted.

Siya helped her up and said hurriedly, “He is missing and nowhere to be found. ”

Wen Xinyun grabbed Siya and asked, “Is that true?”

Siya nodded and said, “My husband told me that. He said that Tian Heng shouldn’t be dead but he is badly injured and shouldn’t have escaped God Capital.”

“It is good that he isn’t dead. Since he is in God Capital, then I just have to find him.” Wen Xinyun was at ease.

Siya said firmly, “Don’t worry, my husband and I will help you. He has sent people to find him and we just have to find him first.”

Only then was Wen Xinyun at ease. But her expression was still really anxious as she thought about her husband.

....

Tian Heng was following the Crown Prince!

He followed him from afar!

He had broken into Human Celestial Realm and could hide himself. As long as he wasn't too close, it would be hard for one to notice him.

Tian Heng was a wide street away and if he could still be noticed, then he was just unlucky.

"Why are the Crown Prince and Wen Yunmei heading to the imperial astronomer?" Tian Heng didn't understand. However, he felt like this was a little off, so he continued to pay attention to the situation.

Over there, a priest took the jade hairpin and used it to make divinations.

Suddenly, he tossed it in the air.

The hairpin shook in mid-air and flew above a giant map like it was about to fall down at any moment.

Peng!

After hanging there for some time, it landed in a very obvious location.

The Crown Prince squinted and he said, "She is in God Capital!"

"She is within that small range!" The Crown Prince pointed and said coldly.

"Capture her right away." The Crown Prince shouted into the air.

"Yes!" A weak voice accepted the order.

....

Within the Bank of the Universe, Li Xiandao and the old priest were sparring when he suddenly frowned.

"Tian Ya's mother and grandfather are in danger." Li Xiandao sensed it.

Chapter 178: Her Name Is Tian Ya

Within the Bank of the Universe, Li Xiandao finally defeated the priest for the first time.

What he used was the One with the Universe that Zhong Baishen taught him. With one sword he sliced off the priest's Dao.

Then, Li Xiandao was stunned by a reminder that he received about Tian Ya being in danger.

Was the Wen Family attacking her?

The priest looked at how Li Xiandao was in a daze after defeating him and asked, "What happened to you?"

Li Xiandao shook his head and cast his thoughts aside, "I have fought dozens of times with you and have not even won once. Now that I've won, I just feel a little happy."

The priest laughed out loud, "You are really amazing now. That scholar really gave you a lot of help. If I want to defeat you, I need to tap into even higher and deeper Daos. After all, I have comprehended far beyond you."

If the priest didn't suppress his cultivation, no matter what, Li Xiandao wouldn't be able to defeat him.

It was because he had to suppress his cultivation to the same as Li Xiandao's, so the amount of Dao he could control was limited.

This was why Li Xiandao defeated him.

Li Xiandao dissipated all the sword energy and said, "Thank you for your advice. I am busy now and I have to leave now."

"Go. I also need a good rest. Once you break through to Human Celestial, then come and find me." The priest waved his hand and laid in the coffin. He continued to tan himself in the sun.

Li Xiandao turned around and returned to the Trading Hall. He closed his eyes and sensed Tian Ya.

He said that he would protect Tian Ya, so he would definitely do that.

Tian Ya and him had a slight connection. Li Xiandao could sense her fate and that it was shaking intensely. That meant that she was facing danger.

Now, her fate was trembling and jumping.

“She is actually at the Feather Transformation God Dynasty’s God Capital!” Li Xiandao suddenly opened his eyes and there was a bright light that shone within.

....

God Capital. After the Crown Prince locked onto Wen Xinyun, he sent the hidden expert by his side to capture her.

After the expert left, the Crown Prince looked at the map and laughed coldly, “How bold, you actually ran to my God Capital. Is she asking to die?”

Wen Yunmei said, “Since she came, then Wen Ya is definitely here. Why don’t you take a look at where she is?”

The Crown Prince nodded. “Let’s go take a look together. I also want to see the legendary mysterious lady body.”

Wen Yunmei and Wen Ling immediately followed the Crown Prince and headed towards the location that they had confirmed just now.

In the small courtyard, Wen Xinyun and Siya were still talking. They hadn’t met in 10 years and they had endless things to talk about. They only had 15 minutes, so how could they finish talking?

At that moment, a gentle voice rang out, “Someone is coming aggressively. I think someone found you. Leave now.”

Wen Xinyun’s expression changed and she stood up, “When I left no one noticed me.”

“Husband, are you sure?” Siya panicked.

“To be able to be so open and arrogant in the God Capital, the Crown Prince is the only one. I recognize this aura; it is Lie Gou who guards beside him.” A man appeared. He had sharp eyebrows and bright eyes which gave off a distinct aura. This was Siya’s husband, the person who would inherit one of the large God Capital families.

Wen Xinyun said anxiously, “Since they can find me, then my daughter is in danger too. She is with her grandfather and he is still injured. I have to find her.”

“Husband, what should we do?” Siya looked at her husband.

“Go find your daughter and I will delay Lie Gou.” The man said with a solemn expression. For his wife, this was all the help that he could give.

“Thank you, thank you.” Wen Xinyun was really grateful. As time was of the essence, she ran out swiftly.

“Stay here Siya, don’t head out. Lie Gou can’t do anything to me.” Siya’s husband said solemnly and headed out of the courtyard.

Hong!

Just as he walked out, a dark sword struck him. It was extremely silent and just exploded without a sign.

The aura was like that of a hunting dog that was about to bite down on him.

“I am the heir to the Duanmu Family. If you dare to kill me, then the Crown Prince will suffer from our revenge.” Siya’s husband stood with his arms behind his back and said calmly.

Hong!

The sword energy missed by a few millimeters and shot into the ground. An extremely deep sword mark appeared.

A guy hidden in the shadows appeared under the sunlight. His face was covered in scars that looked like dozens of centipedes connected together.

Lie Gou!

A Human Celestial killer under the Crown Prince.

“If you are not from Duanmu Family, then you would have died today.” Lie Gou said with a hoarse voice. It was like the sound of blades rubbing against one another.

After saying that, his body disappeared and he chased Wen Xinyun.

Siya’s husband sighed, “That is all I can do to help.”

A small bit, it was really a small bit of help.

....

Over at the imperial astronomer, after the group of them walked out, they headed towards Wen Xinyun.

Tian Heng frowned and the bad feeling in his heart became stronger and stronger.

“What happened?” Tian Heng frowned and swiftly followed.

He followed them for a period and noticed that they changed directions and headed towards an inn.

In just a while they were right at the entrance. Tian Heng took a look and his eyes were about to pop out.

His wife, his father and that little brat that he had never seen before was intercepted by the Crown Prince and the group of them.

Wen Xinyun returned and wanted to flee along with Tian Yun and Tian Ya but Lie Gou had chased up to them.

Behind them, the Crown Prince slowly walked over. Wen Yunmei and Wen Ling were beside him.

Wen Xinyun's own father and brother!

"Father, brother!" Wen Xinyun looked at them in disbelief. His father was really the one who exposed her and brought the Crown Prince over?

"Shut up!"

"You went against family orders and committed such a huge crime. You have no right to call me father!" Wen Yunmei bent his back and stammered in front of the Crown Prince, but in front of his daughter, he was fierce and vicious.

Wen Xinyun looked on in despair as she protected her daughter. She thought about how to escape, but unfortunately, the Crown Prince's group surrounded the inn.

"Is that the mysterious lady body?" The Crown Prince stopped caring about Wen Xinyun. He stared at Tian Ya and sized her up.

"What do you want to do?" Wen Xinyun's expression changed. She was like a furious mother lion, baring her fangs. Her aura soared and reached to peak Transcendent Realm.

Although the Wen Family little miss suffered from so many setbacks, she was no weaker than any genius.

"Since you made a mistake, your daughter has to pay for it. Wen Ya has to take on the Wen Family's future." Wen Yunmei said calmly and looked at Wen Xinyun like she wasn't his daughter and was just a stranger.

"Her name is Tian Ya!" A furious aura exploded and charged from the back of the group of them.

Explosion!

An explosive sword energy pointed right at the Crown Prince and it caused him to frown. His pupils constricted. "Tian Heng, you are actually alive and you've broken through to Human Celestial Realm?"

Chapter 179: For Example, Me

Tian Heng's sword energy came from his cultivation technique Demonic Dao Heart.

It was a Dao sword but it exuded a demonic aura. One slash covered the entire inn in a bright light.

The Crown Prince's face was dark and sunken. He stared right at Tian Heng, who placed a green hat on his head.

He wasn't afraid at all and behaved in a calm manner.

Wen Yunmei and Wen Ling were both shocked. Their shock turned to viciousness as they gritted their teeth.

Too many members of the Wen Family had died at Tian Heng's hands. Thus, Wen Yunmei both hated and feared Tian Heng.

"Die!" Tian Heng's target was the Crown Prince and he didn't care about Wen Yunmei and the others.

This person actually dared to target his daughter!

He served to die!!!!

Tian Heng had fought for 10 years and accumulated a deep killing aura. It was extremely terrifying like he had walked out of a blood ocean.

One sword and what spread out from behind his back was the blood that came from the people he had killed over the past 10 years.

Explosion!

The Crown Prince's breathing became more hurried. He could hold on for a moment but under the hits of the thick corpse mountain and blood ocean, he was not able to hold on for a long time.

Luckily, Lie Gou helped.

He hid in the shadows and was the crown prince's most trusted helper. He followed by his side every day and at this moment, he attacked.

Clang!

What Lie Gou used was the Dark Shadow Sword Technique, a pure assassination sword skill. Each stroke and attack was really simple and clean. Its only goal was to kill.

When he pulled his sword, he only had one goal which was to kill the enemy.

To use the least moves to kill the most people!

This was the goal of the Dark Shadow Sword Technique and the standard of being an assassin.

A cold glow, a magical artifact broke past the corpse mountain blood ocean and surged forth with a dark shadow around it.

Tian Heng was shocked and slashed forwards to strike the dark shadow attack.

Hong!

It clashed against the powerful strike, instantly destroying the inn. It continued to spread swiftly.

Tian Heng's expression changed. He used his techniques and a strong barrier appeared in front of him, blocking in front of Wen Xinyun and the other three.

He was being responsible!

A husband's responsibility!

A father's responsibility!

A son's responsibility!

Lie Gou went over to protect the Crown Prince to ensure that he was safe. He looked at Tian Heng with a dark expression, his terrifying facial muscles twisted like several centipedes crawling about. It was so scary that timid people wouldn't dare to look at all.

In the next second, Lie Gou disappeared into the shadows. He hid and was prepared to deal a fierce blow.

The energy shockwave dealt the most damage to Wen Yunmei, Wen Ling, and the soldiers that the Crown Prince had brought. Each of them was flung backward and they spat out blood. Gods were fighting and mortals were suffering because of it.

“Men, invite the royal family helper over!” The Crown Prince looked around and raged.

“A Human Celestial dares to behave so arrogantly in my God Capital?”

“I think that you are sick of living!!” The Crown Prince pointed at Tian Heng and said with a cold expression.

“Crown Prince, kill him. Kill this bastard and everything will be fine. Wen Xinyun will be locked up by the Wen Family and we will raise Wen Ya too.” Wen Yunmei screamed and climbed up from the ground. He spat a mouthful of blood to the side and was extremely furious.

Things would get extra spicy when enemies met. The moment Wen Yunmei thought about Crown Prince’s support for him, he naturally felt really confident.

Pa!

But what welcomed him was the Crown Prince’s slap. It caused Wen Yunmei’s face to swell up and roll about on the ground. A few of his teeth fell out from his mouth.

“Crown Prince...” Wen Yunmei looked fearfully towards the Crown Prince, her huge eyes filled with shock and confusion.

“Do I need you to tell me what to do?” The Crown Prince stared at him with a cold gaze.

Wen Yunmei’s gaze terrified the Crown Prince and he knelt on the ground. He kowtowed and said, “Crown Prince, please show mercy. Crown Prince, please show me mercy.”

When Wen Xinyun saw those scenes, her heart was filled with despair. She closed her eyes.

Tian Heng looked on coldly. He had seen through Wen Family and was unsurprised about what was going on.

Tian Yun and Tian Ya’s expressions were really complicated.

They were a huge family but facing the Crown Prince, they had no honor at all. The Crown Prince ordered them to and fro like dogs.

“Scram to the side!” The Crown Prince kicked Wen Yunmei before pointing at Tian Heng with a fierce gaze.

“How did the people in the jail even whip you? Why didn’t they kill you and even allowed you to break through to Human Celestial Realm!” The Crown Prince gritted his teeth and his heart was filled with hate.

“Not killing me right away meant that you are giving me a chance.” Tian Heng said coldly.

“So what if you have broken through to Human Celestial Realm? Can you beat me?” The Crown Prince opened his arms and looked at Tian Heng.

Even when they were 100 meters away, Tian Heng didn’t dare to attack even if the Crown Prince was defenseless.

In the darkness, Lie Gou was staring at them and was prepared to pounce at them at any moment.

“You don’t dare to attack?” The Crown Prince laughed arrogantly.

“Let me tell you, this is God Capital, this is the God Capital of the Feather Transformation God Dynasty. The God Capital’s helper is coming. What do you think you, a Human Celestial, can do?” The Crown Prince laughed coldly.

The moment the Crown Prince said this, several loud explosions could be heard in the sky.

Tian Heng’s expression changed.

The Crown Prince’s reinforcements were here.

“Xinyun, I will hold them back for all of you to flee.” Tian Heng gritted his teeth.

Wen Xinyun hugged Tian Heng’s thick arm and smiled in despair. “Do you think we can flee from ten Human Celestials?”

Right, 10 Human Celestials were coming!

This also didn’t take into account Lie Gou who was in the darkness!

Even if Tian Heng wanted to hold them back, he wouldn’t be able to.

Tian Heng was speechless and knew that he was too weak now.

Tian Heng just knelt and looked at Tian Ya. He reached out and wanted to touch her but he was afraid that his thick hands would hurt her tender skin. He didn’t dare to touch her and he retracted his arm.

Tian Ya teared up and grabbed his arm, placing it onto her face. "Father."

Tian Heng had fought for 10 years and lost so much blood but he had never teared up before. Now because his daughter called him father, tears were flowing.

Tian Heng hugged Tian Ya and tears just flowed silently down his face.

Tian Yun looked at his old son and thought about how tough his life had been recently. Tears covered his entire face.

This whole family cried together while the Crown Prince just laughed arrogantly. "Tian Heng, if you hand your daughter over, I can let your father off. Sacrifice yourself and Wen Xinyun to save your daughter and father, that is quite worth."

The arrogant Crown Prince laughed there arrogantly and the 10 human celestials arrived and stared aggressively at Tian Heng. This caused the pressure on him to grow exponentially.

"Today, either our whole family dies here or we will walk out as a family." Tian Heng placed Tian Ya down and stood up.

"How are you going to walk out?"

"Everyone here is under me, so how can you even challenge me?" The Crown Prince waved his hand arrogantly. The 10 Human Celestials and many soldiers behind him surrounded their family.

Tian Heng was speechless and he could only stand there firmly.

But Tian Ya's eyes lit up. He pointed and shouted, "Not everyone here is yours!"

"What?" The Crown Prince looked where Tian Ya was pointing and he frowned.

At the end of the street, a person had appeared. He was wearing a light purple coat and a dark gold mask.

"Tian Ya is right, not everyone here is yours!" Li Xiandao nodded.

"For example, me!" Li Xiandao pointed at himself.

Chapter 180: Is This Cultivation Enough?

At this crucial juncture, Li Xiandao finally arrived.

He had to come!

Be it Li Xiandao saying that he wanted to protect Tian Ya or the contract he signed with Tian Heng, Li Xiandao had no choice but to protect their entire family.

This was why he was here!

Even if this place was the God Capital of Feather Transformation God Dynasty!

Even if Li Xiandao was only at peak Transcendent Realm!

He still came!

He wore the purple robe, he stood tall and gave off an extraordinary aura. Just by standing there he attracted the gazes of everyone else.

Tian Heng looked on in shock which then turned to surprise. The Bank of the Universe's owner was here, they could be saved!

But...

Tian Heng was not sure whether or not Li Xiandao could win. Li Xiandao's cultivation was only at peak Transcendent Realm and wasn't even stronger than him.

Tian Heng was really skeptical while Tian Ya just waved her snow-white palm and shouted, "Granddad Deity, save us!"

Tian Yun looked at Li Xiandao in anticipation. All their hopes were on him right now.

Wen Xinyun also heard Tian Ya spoke of a Granddad Deity but she had never met him before. Now that she saw him, no matter what, she was filled with anticipation.

The Crown Prince didn't feel the same way. He thought that Li Xiandao was an expert but he only peak Transcendent Realm?

He rubbed his eyes and mocked, "Are you here to die?"

Li Xiandao shook his head. "I am here to bring them away."

The Crown Prince's expression was weird and he asked, "Do you know where this place is?"

"God Capital!" Li Xiandao replied.

The Crown Prince looked at Li Xiandao arrogantly and asked loudly, "Since you know, then you dare to come save them with such low cultivation?"

Li Xiandao said calmly, "I think that it is enough."

"Enough?" The Crown Prince laughed out loud and mocked Li Xiandao for being ignorant.

After laughing, he pointed forward and said coldly, "Kill this ignorant fool!"

"The God Capital is not a place where someone at peak Transcendent Realm can act so rudely!" The Crown Prince said coldly.

In the shadows, a cold glow shot forwards and sliced towards Li Xiandao's neck.

Lie Gou!

He had been hiding in the shadows and now he finally attacked. He wanted to deal a fatal blow to Li Xiandao.

"Be careful, that attack is really dangerous. He is an assassin at Human Celestial Realm!" Tian Heng exclaimed and was afraid that Li Xiandao would suffer from the attack. He was afraid that Li Xiandao didn't notice Li Xiandao and would be assassinated by Lie Gou.

Li Xiandao wore his mask and looked on calmly.

He saw the sword.

Under the sunlight, everything was really clear. However, this sword caused the light to fold on itself and form shadows.

This meant that Lie Gou could still hide himself under the sunlight.

He just needed to make use of the sunlight to hide. The sunlight wasn't his enemy but his friend.

Lie Gou understood this theory really deeply.

His sword was silent and really swift and fierce. One strike and it would definitely kill the enemy!

But unfortunately, the enemy he faced was Li Xiandao!

Li Xiandao had noticed him from the start.

The assassin, Lie Gou, could hide under the sunlight and his cultivation was extremely high and he had a deep understanding of the shadows.

But... unfortunately, the enemy he faced was Li Xiandao.

He was someone who had comprehended One with the Universe at Transcendent Realm.

In this entire world, even the worlds around, Li Xiandao was both the heaven and the earth.

Nothing could hide from him.

When Lie Gou attacked, he was really calm and didn't hold Li Xiandao in any regard at all.

He was just someone at Transcendent Realm and to him, Li Xiandao was just a mortal.

Since he was a mortal, then he would just kill him really easily.

The Crown Prince looked on with a satisfied smile. He liked this kind of feeling of being able to control the situation. Everyone here had to listen to his words.

Although his cultivation wasn't high, no one could compare to his power!

A Transcendent Realm trash dared to come to save them?

He served to die!!!!

1

The Crown Prince looked on in excitement and was just waiting for Lie Gou to kill Li Xiandao with one sword.

He wanted Li Xiandao to experience how terrifying God Capital was and for him not to act so arrogantly in the next life.

But their actions were like those of clowns to Li Xiandao.

Lie Gou's looked at him so confidently like he was staring at a corpse.

Li Xiandao smiled coldly as he saw the Crown Prince's proud expression.

"All of you know nothing about strength!" Li Xiandao sighed.

That sigh was like thunder to Lie Gou's ears. It terrified him and his eyes opened wide.

A sword energy appeared in front of his face.

This sword energy was really thin. It was as thin as cicada wings!

The sword energy was transparent and threads of the Dao appeared which intersected to hold up the sword energy.

“Scram!” Li Xiandao said coldly.

The thin sword energy stabbed forwards!

Lie Gou was shocked. He utilized all of his True Qi, not bothering to hide his Human Celestial Realm aura at all. Like a bonfire, his aura surged 10 meters into the air and attracted all the attention.

But all of this was useless in front of Li Xiandao’s sword energy.

Slice!

The sword energy was like a butterfly, piercing through Lie Gou’s forehead. A thick power tossed Lie Gou’s body a few hundred meters back and he smashed into a tall building.

Explosion!

Lie Gou’s Human Celestial Realm aura exploded and scattered throughout the building, leveling it to flat ground.

The dust bellowed and everyone looked on in disbelief.

What was going on?

One sword?

No, it was just a thread of sword energy!

One sword energy killed a Human Celestial Realm assassin?

When the dust scattered, Lie Gou’s corpse appeared in the dust. There was a wound at his forehead and the other parts of his body were unharmed.

The Crown Prince looked at Lie Gou in shock. He looked at Li Xiandao and then turned towards Lie Gou...

“You are only Transcendent Realm. How can you kill someone at Human Celestial Realm with just one bit of sword energy?” The Crown Prince questioned.

He asked the question that everyone wanted to ask.

“Transcendent Realm?” Li Xiandao didn’t reply and just questioned back.

Hong!!!!!!

It was as if one tossed a giant corpse into a calm lake. Ripples surged across 100 meters and the mountains around also started to shake.

Like a priest punching forwards under the moonlight, causing the scenery and moonlight to collapse.

At that point, sword energy surged about on that street. Li Xiandao’s sword energy was so thin that it was transparent.

Li Xiandao stepped into Human Celestial with just one step!

“Now, are all of you still shocked?” Li Xiandao asked calmly.

The Crown Prince looked on, his emotions surged about like a raging ocean.

Human Celestial!!!!

He was Human Celestial!

In Eternal Land, Human Celestials were ancestor-level people!

How many people were trapped in Transcendent Realm and were unable to reach Human Celestial Realm?

How many people had cultivated for so long, for hundreds, thousands, and even tens of thousands of years to try to reach this realm?

As for Li Xiandao?

He took just one step!

One step and he entered Human Celestial!

All of them looked on in shock.

Li Xiandao looked at them and thought that he was not shocking enough and he didn’t cause them to feel despair.

Which was why...

He took another step!

Hong!!!!

This time, the oceans really surged!
