

Bank of the Universe

Chapter 181: Decisive Killing

Li Xiandao's second step caused the color of the sky to change.

Explosion!

1

Day became night. Li Xiandao had forcefully changed time.

There was a sun in the sky that was shining brightly down on the ground.

Now, it had turned into a silver moon that cast clear moonlight onto Li Xiandao's body, creating a thin, blurry veil over his body.

Li Xiandao's aura didn't change much.

At least in the eyes of the Crown Prince and the others there wasn't much of a change.

This was because Li Xiandao was no longer relying on his aura.

He was the center of the world here!

He looked towards the Crown Prince and it felt as if the universe was looking at him. It was extremely terrifying and it caused his body to shudder.

Just one gaze...

Li Xiandao was so strong.

"Didn't you say that I wasn't strong?" Li Xiandao said calmly.

"Now, I will show you how strong I am!" Li Xiandao sighed.

He took two steps and changed the sky, causing the entire God Capital to be silent.

Everyone looked at the change and they were filled with disbelief.

It was a clear blue sky but now it turned into a dark sky lit up by the moon.

What happened?

Within the palace, an old monster opened his eyes. He frowned as he looked at the sky, "Someone actually reached such a cultivation but what gave him such confidence to charge into my God Capital?"

"Not good, if he is here to deal with my Feather Transformation God Dynasty, then things will get out of hand." The old monster's face changed and his body disappeared towards the battlefield.

He was not the only one who rushed towards the giant God Capital.

At the center of the battle, the people on the streets all hid themselves in fear. Only Li Xiandao and the rest were left there.

Li Xiandao was at one end of the street alone!

Tian Heng and his family were on the other end!

The Crown Prince and his men were at the center!

"You... Who are you?" The Crown Prince collapsed. He looked at the silver moon in the sky and his mental state collapsed.

Could he offend someone with the ability to change the sun into the moon?

He could be the Feather Transformation God Dynasty's Crown Prince!

But there had been many Crown Princes before him!!!

In truth, even if his father came, he had to be respectful towards Li Xiandao.

The Crown Prince was terrified now.

He wanted to kneel down and beg!

Not only him, but the 10 Human Celestials who rushed over all looked at Li Xiandao nervously. They all wanted to kneel down to beg.

But...

They couldn't!

Li Xiandao walked over slowly. There weren't any phenomenons now, but they behaved with even more fear than before.

Li Xiandao said while walking, "All of you were right, I am really weak so I had to raise my strength."

"Moreover, there is gold on a guy's knees. Even if you lose your lives you shouldn't kneel to others; you have to keep your last bit of pride." Li Xiandao said as he walked in front of the Crown Prince.

The Crown Prince looked at Li Xiandao's cold and terrifying gold mask like he was facing a demon. His expression was one of terror and he started to tear up.

He also wanted to kneel down and beg!

Who cared about the gold on a guy's knees!

As long as one alive, then there was gold. If one was dead, then everything would be gone!

But, he couldn't kneel down!!!

The Dao in this entire area was one with Li Xiandao and he could just easily make them kneel.

"Let me go please." The Crown Prince shuddered as he begged Li Xiandao.

But he was met with Li Xiandao's cold eyes. There was no emotion and it was extremely cold.

The Crown Prince felt that Li Xiandao's gaze had froze his body. Fear spread throughout his body.

This was the first time he felt afraid since he was born!

Li Xiandao said calmly, "Whether or not I let you off depends on Tian Heng and his family."

The Crown Prince's expression froze!

Depends on Tian Heng and his family?

Then, wasn't he definitely dead?

He was just targetting Tian Heng's daughter!

How could a father accept such humiliation?

The Crown Prince slowly twisted his head.

He wanted to say something but he was met with a pair of blood-red eyes.

Hong!

A terrifying killing intent exploded. Tian Heng punched the Crown Prince's heart without any hesitation.

Kacha!

The Crown Prince's heart exploded and his spine was torn apart. He flew backward like a banner before falling to the ground with a loud thud.

Dead!

Tian Heng punched the Crown Prince to death with one fist, venting a father's rage.

Li Xiandao looked on calmly and turned towards the 10 Human Celestials who had rushed over.

At this moment, the faces of the 10 of them were ashen white. They wanted to beg like the Crown Prince but they couldn't kneel down.

"Give them each one fist and then we shall leave." Li Xiandao's eyes flashed as he gave the order.

Those people didn't do anything from the start and they didn't deserve death.

But they forced Tian Heng and his family into such a situation, so it was natural that they had been punched and injured by Tian Heng.

Tian Heng nodded and attacked swiftly.

Peng peng peng!

10 fists and the 10 of them flew backward. All of them spat out blood and laid on the ground with their heavy injuries.

From start to finish, Li Xiandao only used one thread of sword energy and took two steps forward to break through.

The sure death scenario to Tian Heng's family was instantly solved.

The Crown Prince was dead!

Lie Gou was dead!

The 10 Human Celestials were badly injured!

The soldiers all trembled and retreated.

Li Xiandao disregarded all of them and he turned towards the Wen Yunmei and Wen Ling.

Wen Yunmei's body froze. He saw Li Xiandao's cold aura and Tian Heng's explosiveness. He was so terrified that his heart shuddered. He looked towards Wen Xinyun and begged, "Daughter, please save me. Moreover, I was the one who raised you. If your brother and I die, your mother will be really sad."

"Sister, brother treated you so well when you were young, so let me off. I don't want to die." Wen Ling started to beg too. His knees went soft and he realized that he could finally kneel.

Wen Xinyun looked at them with a bitter smile. "I really didn't think that you two were my father and brother."

"Just treat it like I am dumb. I am wrong and deserve to die but give your mother and grandmother face and let me off." Wen Yunmei knelt down onto the ground and begged too.

Both the father and son knelt down to Wen Xinyun, begging for their lives.

"If you didn't target my daughter, then I could have let you off, but..." Her face turned ice-cold and her gaze became really vicious.

"You shouldn't have wanted to send my daughter to the Crown Prince. Because of that, all of you deserve to die!" Wen Xinyun said coldly.

The moment she said this Tian Heng shot out two streaks of sword energy to kill Wen Yunmei and Wen Ling.

When Li Xiandao saw that everything was over, he turned around and said, "We have to leave, those few old people are rushing over!"

"Granddad Deity, can you beat them?" Tian Ya ran over and opened her arms to ask Li Xiandao for a hug.

Li Xiandao saw how cute Tian Ya was and smiled too.

“Granddad Deity will hug you and fight them at the same time.” Li Xiandao picked her up with one hand and walked towards the city entrance.

Even when he hugged the child, Li Xiandao was still filled with confidence.

The two steps gave Li Xiandao’s indescribable benefits.

Chapter 182: Sword Rain

God Capital was not peaceful at all tonight!

No one could sleep peacefully. All of them looked in shock towards the sky and at both the moon and the milky way.

Who did that?

It was just so terrifying that he was able to change the weather and the color of the sky!

Hong!

Many people flew across the sky of God Capital and they all rushed towards where the fighting was.

The old monster in the palace was the first to rush over. When he saw the Crown Prince’s body and the 10 badly injured Human Celestials, he frowned and looked in the direction that Li Xiandao had left.

“This person is so arrogant and actually dares to kill people in my Feather Transformation God Dynasty!”

The old monster hollered. He flew into the sky and looked down on the huge God Capital. He noticed Li Xiandao and their group and hollered coldly, “You killed the Feather Transformation God Dynasty Crown Prince and want to leave just like that?”

A loud voice reverberated through the entire God Capital and every single person could hear it.

Li Xiandao stopped and lifted his head to see the old monster standing above.

He was wearing a bright yellow robe and his white hair was tied up into a small ponytail. He stood high above and gave off an unparalleled aura that could cover the glow of the moon.

This was a true expert who had the ability to cover the brilliance of the moon alone.

“Die!” After the old monster saw Li Xiandao, his expression was ice cold. Without any hesitation, he slapped down with his chicken feet-like palm.

1

Fist of the Heavens!

Explosion!

A giant fist slapped down from above which caused the clouds to shake and storms to be born. It was really aggressive and he wanted to kill Li Xiandao right away.

This strike was really terrifying. Li Xiandao and his group were covered by that giant palm.

The palm was like the sky!

The sky collapsed!

Even if Tian Heng had entered Human Celestial Realm, he was stunned when he saw that strike!

That was just too terrifying!

Just like how Li Xiandao changed the weather with one step!

This palm covered the entire area!

Tian Heng and his family could only place their hopes on Li Xiandao. They looked towards him with anticipation!

If Li Xiandao could block it, then they would all be fine!

Tian Ya hugged Li Xiandao’s neck and she was slightly nervous. She asked, “Can Granddad Deity beat him?”

Li Xiandao pinched her cheeks to help loosen the atmosphere, “I will try!”

I will try!

Li Xiandao was just being humble. Li Xiandao placed his fingers together like a sword and the energy in his body shook.

Dong!

In an instant, several threads of sword energy appeared in the area.

108,000 swords!

The sword energy was as thin as cicada wings and they all contained Li Xiandao's comprehension of the Dao.

Li Xiandao stepped into the air and he said solemnly, "I am afraid that millions of people will die if we fight there. You don't care but I don't want to slaughter the innocent. Now, I will kill you!"

With the 108,000 swords behind him, Li Xiandao was like a sword celestial who stabbed forwards.

Explosion!

In the next second, the 108,000 swords charged towards the palm.

Since your palm was like the sky!

Then, my sword energy will destroy the sky!

Li Xiandao hugged Tian Ya with one hand while the other directed the 108,000 swords.

The millions of people in God Capital raised their heads and they looked on with their mouths agape.

A giant palm covered this entire area and pressed down viciously.

A mysterious, masked man carrying a kid held the entire sky up with one hand, striking back with his 108,000 swords.

108,000 swords were like 108,000 bright lights. They were extremely beautiful and lit up the night sky. Li Xiandao was amongst them like a god.

Tian Ya didn't address him incorrectly; Li Xiandao was truly like a deity!

Explosion!

1

108,000 swords forced the palm back. It was like a fireworks display as the swords exploded in the air.

A terrifying energy blow exploded in the sky and shook the surrounding area within a couple thousand miles. The weather was affected and it started to rain for no reason.

The rainwater landed and the silver moonlight caused the rain to glisten. Li Xiandao hugged Tian Ya.

The old monster's face was dark and cold as he questioned Li Xiandao. "Who are you?"

Li Xiandao looked at him coldly and didn't say anything.

"Your cultivation isn't bad but this doesn't give you the right to behave so arrogantly in my God Capital!" The old monster said coldly.

Li Xiandao continued to look on coldly.

The old man frowned and was really unhappy with Li Xiandao's attitude. He asked, "Are you mute?"

"Have you ever seen someone who speaks to a corpse?" Li Xiandao didn't care about the old monster at all.

"You..." The old monster stared at Li Xiandao furiously and gritted his teeth. He treated him like a dead man?

"Eat my Heavens King Fist!" The old monster punched viciously, causing the air to explode. Rainwater splattered and thick fist aura covered Li Xiandao.

This fist was so terrifying that it made shattered one's will.

The Heavens King Fist was very overbearing and it was used to kill.

Under the fists, enemies had to yield. If they didn't, then they would die!

This attack gave the old monster confidence to fight Li Xiandao in the God Capital without worrying about the life and death of the civilians.

They were just people and if they died, then so be it. Anyway, the Feather Transformation God Dynasty had a huge population!

Li Xiandao hugged Tian Ya. "Tian Ya, let me show you a beautiful sword attack!"

Tian Ya's eyes opened wide and even if the fist covered them, she didn't fear it. She looked at Li Xiandao's sword in anticipation.

Li Xiandao's Dao attainments flowed out. They were connected to the universe as well as the Dao.

At that moment, Li Xiandao was connected with the universe.

He reached out!

Hua lala!

The rain stopped. Drops of rainwater could be seen and they were all controlled by Li Xiandao.

Clang!

A drop of rainwater turned into a sword.

How many drops of rainwater were there?

That was how many swords Li Xiandao had!

In the next second, Li Xiandao flicked his fingers and the long sword that was formed from a drop of rainwater flew forward.

Hong!

With one sword in the lead, numerous long swords followed behind and all of them shot forward.

This scene was even more terrifying than before. Millions of swords all shot out with terrifying auras.

This was the One with the Universe that Li Xiandao learned from Zhong Baishen. Now, he merged it into his own sword technique.

Explosion!

Heavens King Fist!

It instantly shattered under the attacks of the million swords.

Hong!

The old monster looked on in terror. The million swords flew out at the same time and there was no way he could escape.

Pu pu pu!!!!

Sounds of swords piercing the body reverberated throughout and the old monster was paying the price for his carelessness.

Li Xiandao returned to the ground and placed Tian Ya down. They continued to walk towards the city entrance.

No one could stop him!

The sky was dark and it was time to sleep. It was better if they did exercises that were good for their bodies.

Fighting and killing was so bad...

But when Li Xiandao passed through the city entrance, the weather changed once more!

The blue sky and the bright sunlight gave one a comfortable and warm feeling.

Everything that happened in the God Capital was like a dream.

Chapter 183: Storm Ends

Li Xiandao brought them out of the God Capital and took them to the lakeside.

Tian Heng wanted his entire family to kneel to Li Xiandao to thank him.

But Li Xiandao rejected the notion. He turned around and left, not allowing them to kneel to him.

Li Xiandao looked at Tian Heng and said, "I followed the contract to ensure your family's safety. Now that the contract has been honored, there is no need for you to kneel as that is merely the agreement we had come to."

Tian Heng didn't force him to accept it and said, "Right, then the contract is done!"

Li Xiandao nodded his head, "Find a place to hide and raise Tian Ya. Her future is limitless and she has unlimited possibilities. You are sort of wasting her talents now already."

Tian Heng nodded and said, "I will definitely develop her."

Li Xiandao turned around and left.

"Granddad Deity, can we still meet again?" Tian Ya asked in anticipation.

“Let’s not meet again. You have your parents protecting you and you don’t need me anymore. Protect yourself in the future.” Li Xiandao replied without even turning his head.

In the past, he wanted to protect her as she was killed and Li Xiandao pitied her sad life story.

But since her father and mother were reunited and her father was at Human Celestial Realm, they would be able to protect her. Thus, Li Xiandao didn’t need to anymore.

This separation would be a permanent one!

Li Xiandao left right away and in just two steps he was gone.

Tian Ya watched as he left and instead of feeling sad, she smiled. “Granddad Deity, I will definitely meet you again in the future.”

....

Li Xiandao returned to the Bank of the Universe and his strength had increased greatly.

Li Xiandao had been busy for a day and ended the contract with Tian Heng.

The first thing he did was head to the mountain peak behind Legacy Hall.

The priest was sun tanning, so Li Xiandao pulled him up and said, “I have broken through. Now, you can raise your realm to spar with me.”

The priest blinked and his mouth felt dry and bitter. All the things he said turned into one sentence. “Didn’t you say that you wanted to accumulate more?”

Li Xiandao said helplessly, “I had no choice but to break through to save someone.”

Li Xiandao could kill people at Human Celestial Realm from Transcendent Realm but that was for those who were at initial Human Celestial Realm. It was tough to kill those in the middle and impossible to kill those at late Human Celestial Realm.

If he didn’t take those two steps, he would still be fighting in the God Capital now.

The priest sighed. “Didn’t you say that you would let me rest?”

“The elderly need to exercise more to keep themselves healthy so that they can live forever.” Li Xiandao said in a serious tone.

“But I am already dead!” The priest said with sadness and rage.

Argh...

Li Xiandao coughed, "The dead need to continue contributing to society. Only then will you be a true sage."

The priest looked at Li Xiandao's mouth. This guy could really bring the dead back to life.

1

"From now onwards, you will come once every three days!" The priest made a rule.

Li Xiandao said unhappily, "You don't need to rest for such a long time."

The priest said, "You know me well. My Dao isn't as shocking to you as it was the first time. You should find someone else like the scholar and the other ghosts."

The priest hoped that Li Xiandao would find problems with the others too.

Li Xiandao thought about it and it did make sense.

Including War God Zhao Wuji and Sword God, Li Xiandao could spar with all of them.

Although Li Xiandao understood their Dao, that was in Transcendent Realm. Human Celestial and latter realms would have different changes.

"Okay, then once every three days!" Li Xiandao nodded his head and agreed.

The priest heaved a sigh of relief and started to spar with Li Xiandao.

This time he went all out, pushing his strength to the same realm as Li Xiandao. The Dao attainments he had were dozens of times stronger as he used them to attack Li Xiandao.

Peng peng peng!

Li Xiandao couldn't fight back at all and was totally destroyed.

His face swelled up from the beating.

"You just entered this realm, so you really are weak. You have comprehended so much about Human Celestial Realm, but you know nothing about this realm. To hold on for so long is already really good." The priest consoled Li Xiandao.

He felt much better after so viciously beating up Li Xiandao. He hadn't felt this good in such a long time although he knew that it was temporary.

As Li Xiandao comprehended more, he would turn the tables and slowly understand him. But even then, it felt good to beat him up once.

Li Xiandao climbed up. "As expected, there are many things I need to learn about the Legend Realm. Thank you for your teachings today."

In God Capital, Li Xiandao's first step broke past the barrier to Human Celestial Realm.

His second step shattered the barrier from Human Celestial to Legend Realm.

This was Li Xiandao's current cultivation.

Legend Realm First Stage!

From Transcendent Realm to Human Celestial, he was a Transcendent Realm cultivator stepping forward to become a fake celestial.

Human Celestials were fake celestials!

Cultivators at this realm had terrifying strength, far above that of Transcendent Realm and it gave one a misleading feeling like they were a celestial.

This was why many people said that Human Celestials were fake celestials.

After going through all that, one would have a deeper understanding of becoming a celestial.

Li Xiandao had accumulated a lot of knowledge which was why he was able to step through the realm right away.

The second step was into Legend Realm.

The realm after Human Celestial was Legend Realm.

Why was it called the Legend Realm?

Invincible people were all legends!

People who could change the weather were legends!

People who could fight a god dynasty alone were legends!

People who could suppress everyone learning the same technique as them were legends!

In Eternal Land, only those who entered Legend Realm could be considered top experts.

The 33 stages in Legend Realm corresponded to the 33 heavens.

After going through fake celestial, one naturally had to enter the celestial world heaven hall. It had 33 stages, so Legend Realm had 33 stages too.

This meant that after crossing these 33 stages, one would enter the Nine Skies and ascend to the Celestial World.

Li Xiandao was at the first stage!

His changing the weather with two steps over at the God Capital was a mark of someone in the Legend Realm!

The old monster that stepped out was also like Li Xiandao, who was at the first stage!

It was obvious that he was no match for Li Xiandao.

Li Xiandao used rain as his sword and destroyed him.

The priest was only able to beat Li Xiandao up so badly because he had just stepped into Legend Realm.

Li Xiandao wiped off the dust on his body and headed to find Zhong Baishen.

As expected, Zhong Baishen beat him up badly too.

He suffered two beatings in a row but Li Xiandao started to have a deeper understanding of Legend Realm.

He went to find Sword God!

Sword God fulfilled his promise and killed Li Xiandao nine times.

Li Xiandao didn't even harm him once.

As for War God Zhao Wuji, maybe because he hated Li Xiandao, his spear poked many deep holes in his body.

He suffered four consecutive defeats and had died dozens of times. Only then did he know how deep the waters of Legend Realm were.

He silently climbed down the mountain and was prepared to absorb all the experience from the losses before challenging them again when...

Explosion!

After he climbed down, Li Xiandao saw several streaks of light shooting into the sky.

Someone had broken through!

Chapter 184: Everyone's Breaking Through

The light that shot out was really pure. It made one feel really comfortable and when it shone on a person, it felt really warm.

It was the most primitive light.

Li Xiandao saw it and knew who the person who broke through was.

"Who knows whether or not he changed that sissy nature after he broke through?" Li Xiandao asked curiously.

If he did, then Li Xiandao could accept him. If he didn't then would Li Xiandao have to consider breaking the contract?

Explosion!

Light surged into the region where Tian Guangming was cultivating. He rose up slowly and his body was wrapped up in very pure light. He was extremely eye-catching.

Peng!

The rumbling energy shook the area around him, causing a huge commotion.

"I finally broke through!" Tian Guangming opened his eyes and roared with excitement.

He finally forced the Goddess of Light divinity into the God of Light divinity.

Tian Guangming's cultivation also reached Human Celestial Realm, improving by leaps and bounds.

Li Xiandao looked on with his arms behind his back. When he saw that Tian Guangming was still quite normal, he nodded with satisfaction.

It was good that he corrected his sissy nature.

Otherwise, who could accept him and his girly demeanour and actions?

He would even tear up and with that little beard on his face, Li Xiandao wanted to beat him to death.

Finally, he changed it.

“Master!” Tian Guangming flew over excitedly. He landed in front of Li Xiandao and lifted his chest. Yang energy exploded forth.

Li Xiandao looked at him and said coldly, “Wear your clothes. Are you trying to streak?”

Tian Guangming was shocked and quickly put on his clothes. He didn’t understand. “My saint light should block everything. Why are you able to see through it?”

Tian Guangming thought that it was okay since he had the light covering his body. When he was breaking through, his clothes had already turned to dust. Who knew that Li Xiandao could see through the light right away?

“I think that it is best if I end the contract with you.” Li Xiandao sighed and left after turning around.

“Don’t, I am extremely loyal to Master. I would rather die than leave the Bank of the Universe.” Tian Guangming chased Li Xiandao and said firmly.

“Then, go and die. After you die I will bury you on the mountain peak behind Legacy Hall, so you can stay in the Bank of the Universe for the rest of your life.” Legacy Hall said coldly.

Tian Guangming was stunned. He didn’t expect Li Xiandao to be so vicious. But who was he?

God of light!

The son of light, the master of the divinity, the loyal believer of the Bank of the Universe, the most well behaved little brother of Li Xiandao.

“Master, I am now at Human Celestial Realm and I’ve totally merged with the light divinity. I won’t be a sissy anymore.” Tian Guangming promised.

“Is that so?” Li Xiandao asked suspiciously.

“Of course, I am a man now.” Tian Guangming patted his chest.

“Okay, show me an orchard finger.” Li Xiandao said casually.

“Annoying.” Tian Guangming did it right away.

Li Xiandao looked on speechlessly. It was hurtful to the eyes!

“That was just reflex, it was definitely reflex.” Tian Guangming laughed awkwardly and explained.

Li Xiandao didn't believe him at all.

“It really is. Master, look. I don't have it now. The female personality affected me and it will definitely get better.” Tian Guangming nearly swore.

“Okay, I believe you. Since you broke through, then go stabilize your cultivation and don't end up dropping back down. Why are you following me?” Li Xiandao said helplessly.

“I wanted to ask whether or not you had anything bugging you that I can handle. I will do it well!” Tian Guangming ensured.

Li Xiandao wanted to say that he had nothing bothering him when several auras surged at the mountain peak.

Hong hong hong!

Li Xiandao's eyes flashed. “They all broke through.”

Battle Angel Michael, Archangel Gabriel, Moon Angel Usuna, Fallen Angel Lucifer, Heaven Heart, Qiu Bai, and Wu Xian'er all broke through.

Some were strong while some were weak.

But without exception, all of them became stronger.

Apart from Wu Xian'er, who didn't reach Human Celestial Realm, the rest all did.

Even Qiu Bai did. She had all the memories of Ling Ren and along with the fact that she had been dead for 50 years and comprehended death, it was easy for her to break through.

Out of the rest, Lucifer, Moon Angel, and Heaven Heart had the highest cultivation.

Li Xiandao nodded his head in satisfaction and looked at Tian Guangming. “I have many talents now and don't need you.”

Tian Guangming's expression changed and he said solemnly, “Master, I have an illness now. If Master doesn't order me to do anything I will die!”

Li Xiandao looked at him and said helplessly, "Since that is the case, then I can't let you die. Call them all to come here. I want to distribute missions."

Tian Guangming's eyes lit up, "I will succeed!"

Li Xiandao waved his hands and asked Tian Guangming to leave. As for him, he went back to his room to wash up.

He had fought four separate battles and died dozens of times. Li Xiandao felt really dirty and that there was a need for him to wash up.

....

When Li Xiandao finished, he changed into a white shirt and put on a mask before he went into the Trading Hall.

Tian Guangming and the others were waiting for him here.

Seven was here too and looked silently at Li Xiandao.

"Master!" The moment Li Xiandao walked in, all of them shouted in unison.

Li Xiandao waved his hands and sat on the chair, "All of you have broken through and I am very happy about that. The bank has some contract disputes that I want you to get back."

Tian Guangming said loudly, "Master, just give the word. We will definitely succeed."

The others looked on confidently.

Li Xiandao looked at Seven and said, "The Feather Transformation God Dynasty owes us a lot. Let's get them all back. Give them all the ones that they can complete."

Seven nodded. She didn't need to even look and said really confidently, "The Feather Transformation God Dynasty has 15 contracts. Apart from the Northern Region Lord one, there are 14 more. Out of the 14, the smallest one is 10,000 years old. Among them, 9 are from the royal family and 5 aren't!"

Li Xiandao and the rest listened silently.

"Out of the 14, the most precious one was pawned by an ancestor of the Feather Transformation God Dynasty to borrow an Eternal Life Tree. This person's cultivation is really high." Seven said.

"Hand it to me." Heaven Heart said confidently.

After merging Buddha and the devil, Li Xiandao allowed him to cultivate in the Ten Thousand Country Book Depository. He improved greatly and now he was confident in completing the contract.

Seven passed it to him right away.

“This one belongs to another one of the Feather Transformation God Dynasty’s female ancestors. She used one of Feather Transformation God Dynasty’s Celestial Artifacts as collateral to borrow eternal beauty.” Seven picked up and contract and read it.

“Eternal beauty?” Li Xiandao’s brow rose up. There was such a thing?

Chapter 185: Tian Guangming’s Ambition

Li Xiandao knew what a beautiful face was and believed that it existed.

But what was eternal beauty? Li Xiandao had totally no idea.

“It is the powder borrowed from the face of the top fairy in the Celestial World. Although it is not as important as the face, it can allow people in lower worlds to maintain their beauty.” Seven explained.

Li Xiandao was enlightened.

The top fairy in Celestial World was the Moon Celestial who many people chased after.

The difference was that the Moon Celestial took the entire face while this woman used the powder left from the Moon Celestial.

Moon Angel stepped forwards and the moon-like blade behind her was floating in the air. “Let me do this. I also have a Celestial Artifact and only a woman can fight another woman viciously.”

Li Xiandao nodded. Men would sometimes take pity on beauties but women would definitely be willing to go all out, especially women who wanted to preserve their youth.

They drew a lot of hate from everyone else!

Seven passed the contract to Moon Angel and said, “Good luck!”

Seven was really annoyed by women who didn’t return the things they owed and by those who sought after eternal youth.

Li Xiandao watched as Seven passed contract after contract to them. Some of them even took two contracts.

Tian Guangming was afraid that Li Xiandao would forsake him due to his lack of hard work. Thus, he took three contracts for himself.

His three contracts weren't involving people from the Feather Transformation God Dynasty but people from the big families.

Otherwise, Li Xiandao was worried about whether they would beat him to death!

Li Xiandao saw that they all received contracts and said, "All of you can head out. Collect all these debts and whoever returns first will be rewarded."

Tian Guangming's eyes lit up and he said solemnly, "Don't worry Master, I will definitely be the first!"

The other people couldn't help but laugh when they looked at the three contracts in his hand.

"Okay, then all of you can leave. You can't just say that you want to be first; you have to work hard for it." Li Xiandao said calmly and chased them out.

They all surged out like a school of fish. Even Wu Xian'er got a contract, the weakest one out of all of them.

Only Li Xiandao and Seven were left in the giant Bank of the Universe.

Li Xiandao looked at Seven and wanted to have a heart to heart talk with her but Seven said solemnly, "Master, I noticed that there is a watch that isn't behaving."

Li Xiandao frowned and his heart jumped a little, "What do you mean?"

"The watches all listen to my orders to find suitable masters but one of them doesn't. It roams around on its own and I don't know where it went. I can't track it anymore." Seven said seriously.

Li Xiandao felt a bit nervous and it seemed like he would soon be noticed.

That watch was the one that he privately instructed.

Li Xiandao was the owner of the Bank of the Universe, so naturally, the watch had to follow his orders.

So, the watch blocked Seven, not allowing her to notice it.

Li Xiandao didn't expect the watch to be so bold to actually block Seven. Things would definitely be exposed like that.

Why do you follow my orders but ignore hers?

If the watch knew what Li Xiandao was thinking, it would have definitely felt really wronged. It was just a watch, so what did he want from it?

"Has anything gone wrong since the Bank of the Universe entered Eternal Land?" Li Xiandao started to change the topic.

"That shouldn't be the case. The Bank of the Universe has always run smoothly and nothing's gone wrong with the watches either, so why would it occur at such a moment?" Seven shook her head. She didn't understand.

"Okay, since you don't know, then we should investigate. Let me help you." Li Xiandao stood up and sat righteously.

"Okay." Seven nodded in agreement.

Li Xiandao hesitated, "Did you want me to investigate it long ago?"

"Of course not. I just noticed it. Go investigate it. We have to find the watch." Seven smiled sweetly.

Li Xiandao nodded and said, "Since that is the case, then I will go take a look."

"Go, go." Seven waved her hand.

Li Xiandao walked out of the Trading Hall and in his heart he was feeling fortunate for how dangerous it was.

He started to privately contact the watch.

The watch told Li Xiandao that it was trying its best to find a suitable host. Unless Li Xiandao summoned it, it wouldn't return.

Li Xiandao thought about it and said, "Continue then."

He would hide it from Seven and give her a surprise when it happened.

The watch disappeared and continued to search for a suitable host.

It was not restricted to the Feather Transformation God Dynasty and could head to other places. The Eternal Land was so huge and had a large number of God Spirit Meridians.

Li Xiandao was thinking about how he would hide it from her.

Or should he have not bothered and just given her a surprise when the time came?

....

Li Xiandao handed the Feather Transformation God Dynasty's 14 contracts over to them and they all rushed over to the Feather Transformation God Dynasty.

A large portion of the 14 were in God Capital.

Apart from Wu Xian'er, who had to head to the Land of Water, the most excited person here was Tian Guangming.

He had three contracts!

Three contracts was three times what others had. Some of them had two but none of them had three.

He was the only one!

"As expected, Master likes me. Not only are these three the Bank of the Universe's responsibility, but it also represents Master's trust in me. I can't let him down." Tian Guangming was really emotional.

But he was thinking too much.

Li Xiandao felt that since Tian Guangming was so eager, then he would give him more in case he finished things too quickly and came back to bug him for more.

Tian Guangming didn't think that way. He was really confident and wanted to complete his tasks.

"I have to save Master's impression of me. What a sissy... what nonsense is that? I have recovered and my strength has increased." Tian Guangming said firmly.

"I have to let Master know that I am his strongest subordinate." Tian Guangming clenched his fists and said with determination.

Lucifer, Heaven Heart, Moon Angel...

He could exclude Moon Angel as she was beautiful and sexy and they could get close.

If they couldn't get close, then it was her fault.

But Tian Guangming was definitely more useful than Heaven Heart and Lucifer.

“Let’s start with this. This is the biggest family in the God Capital, the Duanmu Family.” Tian Guangming’s eyes lit up as he rushed towards the God Capital.

“10,000 years ago, they borrowed the Soul Raising Tree and the price was 1,000 years of lifespan. Now that the 10,000 years have passed, they haven’t returned it. They have to pay back the tree and his remaining lifespan.” Tian Guangming memorized the contract details.

Chapter 186: Duanmu Family Old Ancestor

God Capital!

Duanmu Family!

The death of the Crown Prince caused such a huge commotion and made everyone in the Feather Transformation God Dynasty really nervous.

The entire God Capital was really busy. They collected corpses, dealt with the dust and ashes, and cleared up the battlefield.

All of this only ended once night fell.

The civilians were asleep but one of the large families in God Capital, the Duanmu Family, was still awake.

After Siya’s husband returned. He had been summoned by the old ancestor.

In the Duanmu Family, there was an old ancestor and nobody knew how old he was. He had lived for so long and was still alive. Each family head of the Duanmu Family needed to receive a period of teachings from the old ancestor.

The next generation’s family head, Siya’s husband, Duanmu Yue, grew up alongside the old ancestor.

To Duanmu Yue, the old ancestor was really knowledgeable and his cultivation was really high. He was the trump card of the entire Duanmu Family.

Creak!

Duanmu Yue pushed open the small wooden hut that the old ancestor lived in.

It was decorated really simply with a bookshelf in the center. The room was really exquisite, decently sized, and was large enough for a whole family to live in. But with only one old man there, he seemed really lonely.

Duanmu Yue knew that some old people didn't like to be alone and wanted many children and grandchildren.

But this old ancestor was different. He loved to be alone.

One of the walls was made of stone and there was a furnace there that could heat up the place. There was a rocking chair in front of it and an old man who was laying there quietly with a blanket over him.

In the furnace, a flame was still burning intensely.

The old man wasn't too old but compared to those who had died from old age, he appeared a little young.

But his youthful appearance couldn't hide his decomposing heart.

Duanmu Yue pushed the door in and stood there for a long while. He didn't move at all and just stared at the old ancestor.

The old ancestor didn't move at all as he laid in the rocking chair. With the white blanket over him, his breathing was really weak like a corpse.

Duanmu Yue felt a sour taste in his nose, and for some reason, he wanted to cry.

The old ancestor had raised him since he was young. His parents died fighting for the family and at three years old, the old ancestor brought him by his side. He appointed Duanmu Yue as the next head of the family.

This was also the reason why Duanmu Yue and the other family kids were different. This was because the old ancestor had personally raised him.

The old ancestor was the closest person in his heart.

In truth, even his wife was chosen by the old ancestor. He said that Siya would help him and the two of them would spend the rest of their lives together.

Duanmu Yue had never forgotten about the old ancestor's instructions. He married Siya and was very loyal. The husband and wife loved one another and gave birth to one son.

After Duanmu Yue became of age, he was chased out by the old ancestor but he would come back every once in a while.

He personally watched as the old ancestor become quieter and quieter, and older and older.

Not just his outer appearance, but his aura, and even his heart.

The old ancestor's life limit was here!

Duanmu Yue was not willing and didn't dare to think about it.

But his rationality told him that this was true.

Duanmu Yue walked over slowly and added some timber to the furnace. He looked respectfully at the old ancestor.

The old ancestor was the biggest hero in the world.

"Duanmu Yue, you are here." The old ancestor opened his eyes and smiled when he saw Duanmu Yue.

"Old Ancestor, sorry that I interrupted your dream." Duanmu Yue apologized.

"I did have a good dream." He smiled.

Duanmu Yue said, "Does old ancestor want to share it with me?"

"I dreamt about my youth. When I was young I was as handsome as you are now and I desired so so much." He said slowly.

"Old ancestor is still really amazing." Duanmu Yue said sincerely.

"No, I am already really old and my life is coming to an end." Old ancestor smiled as he waved. He spoke the truth which made Duanmu Yue's heart sink.

"How can that be? Old ancestor still has a long way to go." Duanmu Yue said gently.

"You are a really delightful kid, but do you know how old I am now?" He asked.

Duanmu Yue shook his head. He really didn't know the answer to that.

"I am... 30,000 years old." He said.

Duanmu Yue looked at the old ancestor in shock. *30,000 years old?*

"Is that very shocking?" The old ancestor smiled.

“Eh, based on what I know, even if one reached the 33 stages of Legend, one can’t live so long, right?” Duanmu Yue hesitated.

“No. 20,000 is already really decent. If you cultivated life techniques you can extend a few thousand years but not to 30,000.” The old ancestor shook his head.

“So, how did old ancestor live for so long?” Duanmu Yue suppressed his sadness and asked curiously.

“Do you see that tree outside?” The old ancestor pointed.

Duanmu Yue looked out. He was familiar with that tree and he had played under it when he was young.

It was a black tree without many branches. It was just one trunk that had stood there for who knows how many years.

“This is the Soul Raising Tree. It has been nourishing my body and soul and allowed me to live.” The old ancestor said calmly. He looked at the Soul Raising Tree with a lot of emotion.

“Soul Raising Tree?” Duanmu Yue was shocked.

“Where did you get it from?” Duanmu Yue asked.

“Let me tell you a story. ” The old ancestor added.

Duanmu Yue listened intently.

“30,000 years ago, there were two talented and hot-blooded young men who wanted to do well.”

“So, they rebelled!”

“They rebelled together with all the people who were being suppressed!”

“The two young men finally succeeded but they argued with one another because of the throne.”

“In the end, he won and became the emperor while I created the Duanmu Family and moved into the God Capital.”

The old ancestor talked about his past.

Duanmu Yue listened closely.

“But when he became the emperor, he became more and more wary and wanted to wipe out my Duanmu Family. If I hadn’t been around, Duanmu Family would have been long gone.” The old ancestor said calmly.

“He is the founder of Feather Transformation God Dynasty?” Duanmu Yue asked.

“Yes. He isn’t dead.” Old ancestor said calmly.

“What?” Duanmu Yue looked on in shock.

“If old ancestor uses the Soul Raising Tree to live till such an age, then what about him?” Duanmu Yue asked.

“I don’t know but it might come from the same place.” The old ancestor sighed.

“What place?” Duanmu Yue asked curiously.

Old ancestor wanted to reply since he was about to die, so it didn’t matter anymore.

But then, someone knocked on the door.

The old ancestor was stunned and after looking at the door, he saw someone familiar. He became solemn. “Open the door for the envoy!”

“Envoy, what envoy?” Duanmu Yue was confused but he still went to open the door.

He opened it and saw a fierce-looking man with a red watch.

The surface continued to tick and spin.

Chapter 187: Loneliness Is Beautiful Too

Beep!

Beep!

Beep!

The voice reverberated in the wooden hut. It wasn’t very heavy but the three people present here were all sharp and could of course hear it.

Tian Guangming didn’t feel anything and just looked on silently.

Duanmu Yue had a confused look on his face as he didn't know what it was.

The only one listening on happily was the old ancestor.

He wasn't nervous seeing that Tian Guangming had arrived and wasn't afraid either. He didn't show any anger and only treated Tian Guangming really calmly.

"I have not heard such a voice in such a long time." After the old ancestor heard that sound for a full minute, he spoke with a lot of emotion.

Tian Guangming frowned and walked over slowly. Seeing that old ancestor didn't say a word, he didn't dare to stop him and could only look at him silently.

"You know that I am the envoy, so you should know why I am here!" Tian Guangming said solemnly.

The old ancestor nodded. "Please sit down. We will do what you want, so you don't have to worry."

Tian Guangming looked at the old ancestor in shock and then sat down.

The old man laid on the rocking chair while Tian Guangming sat on a chair. Only Duanmu Yue was standing.

"Tell him to head out." Tian Guangming pointed at Duanmu Yue.

Duanmu Yue looked at the old ancestor right away and he didn't want to do so.

"Let him take a look. He is the next family head of my Duanmu Family and definitely won't say a thing." The old ancestor asked.

Seeing that he was so cooperative, Tian Guangming stared at the old ancestor and said in shock, "Why are you dying so soon?"

Tian Guangming still needed to collect interest!

But now that the old ancestor only had a few days to live, how could he collect any interest?

The old ancestor apologized, "I am unable to pay the compensation fee on the contract."

Tian Guangming's face became really ugly as he pointed at the Soul Raising Tree. "You didn't injure the tree, right?"

If he did, then Tian Guangming would definitely be angry.

“No, I have been taking good care of it.” The old ancestor waved.

Tian Guangming’s expression improved and then he took out the contract. “Take a look. If you have no questions, then I will do what I have to do.”

Duanmu Yue’s face changed and he questioned, “What are you going to do?”

“Of course, I have to take the Soul Raising Tree away.” Tian Guangming said without any hesitation.

“If you take away the Soul Raising Tree, then what about old ancestor?” Duanmu Yue didn’t agree.

“Your ancestor will definitely die within three days. He is lucky that I didn’t take away three days of time from him.”

Duanmu Yue was shocked. He knew that the old ancestor’s life was coming to an end, but he didn’t expect it to be so quick.

He would definitely die in three days!

The old ancestor waved his hands calmly. “It is natural that one will grow old and die, so what is the point in being sad?”

Duanmu Yue really couldn’t take it as this was the person he was closest to.

“Envoy, I don’t care if I die but let me ask, what about Taizhong?” The old ancestor asked Tian Guangming solemnly.

“Who is Taizhong?” Tian Guangming didn’t know what was going on.

“He was the founder of Feather Transformation God Dynasty, Emperor Taizhong. He also borrowed a treasure from you to extend your life.” The old ancestor explained.

“You don’t have to worry about him. Someone will claim the debts from him. His contract is heavier than yours and the person collecting his is much stronger than me. Don’t worry, the two of you will definitely die together.” Tian Guangming said.

The old ancestor heaved a sigh of relief and smiled. “The reason why I have been persisting is because he is not dead. Since he is not dead, then I can’t die either.”

“This is good. Both of us are about to die.” The old ancestor smiled.

This was a delightful smile because he had won.

The old ancestor told Taizhong that he wouldn't be able to wipe out the Duanmu Family as long he was still alive unless he was willing to let the entire Feather Transformation God Dynasty die together with them.

Taizhong's reply was that he would definitely wipe out the Duanmu Family while he was still alive.

The two of them continued to compete about who lived the longest and now both of them were already at their limits.

Tian Guangming looked at him and muttered, "You are crazy!"

The two of them were insane. They entered the Bank of the Universe.

In exchange for life-extending items, they would compete to see who would live the longest.

They totally ignored everyone else and just stared at one another to see who would die first.

Their stubbornness couldn't be resolved.

Tian Guangming stood up. "I am taking away this Soul Raising Tree, and you will be left with three days of lifespan. I won't take it away and since you are so cooperative, I will give you time to say your goodbyes to your family members."

After he said this, Tian Guangming walked outside.

Duanmu Yue wanted to block but the old ancestor stopped him.

"Remember that if you meet someone with that watch, avoid him and be nice." The old ancestor stared at Duanmu Yue.

"Understood." Duanmu Yue had never seen the old ancestor like that, so how could he not remember it?

He didn't stop Tian Guangming from digging away the Soul Raising Tree.

Tian Guangming walked to the entrance and smiled. "Let me tell you some news. The person who went to claim debts from your rival has a really bad temper. He is a devil in human's clothing and he's really cruel. Try to hold on and maybe you will learn of his death."

The old ancestor's eyes lit up and he said gratefully, "Thank you. No matter what, I have to hold on."

Tian Guangming walked out of the wooden hut and headed in front of the Soul Raising Tree. He looked at the Soul Raising Tree and clapped his hands, "Let's go home!"

The Soul Raising Tree had a spirit and knew that he had to go back home. But he looked at the old man he had spent 10,000 years with and was really reluctant. A black energy entered the old man's body.

"He only has three days left. You can't add to his lifespan at all." Tian Guangming said.

In the wooden hut, after obtaining the final bit of nourishment from the tree, the old man stumbled to his feet. He bowed to thank it for his many years of help.

The Soul Raising Tree also knew that this was a true goodbye.

It was not a normal separation!

But eternal goodbye!

This was why it bent its body too. From one hut apart, these two friends who had spent 10,000 years with one another said goodbye to each other.

Tian Guangming seemed to be infected and sighed, "Let's go. Make yourself small and enter my storage treasure."

Maybe because he was affected by the Goddess of Light divinity, the decisive and violent Tian Guangming had become much softer.

"Let's go and return to where you came from. Thank you for your 10,000 years of help." The old ancestor waved his hands and his eyes swelled up.

Over these years, the people felt that he was really lonely and the Duanmu Family members felt that he had problems and didn't like to speak.

But who knew that his best friend was by his side? The two of them spoke to one another consciously.

To other people, they were lonely.

But to them, they were just quiet.

Their so-called loneliness was actually a type of beauty!

Chapter 188: Taizong And Empress

In a similar lone wooden hut cut off from the world like the Duanmu Family's one...

There was also such a place in the giant palace.

No one dared to go there as anyone who dared was killed.

Everyone had many stories about who lived here but the royal family had never explained it.

In truth, very few people knew about who lived here. Apart from the emperor after Taizhong, the other people didn't have the right to know about it.

After the current Emperor Tianqi found out who it was, he was shocked and didn't dare to believe it.

The Emperor who founded Feather Transformation God Dynasty, Taizhong!

30,000 years... he was actually still alive and doing quite well.

Emperor Tianqi worshipped Emperor Taizhong since he was young and grew up listening to his legends.

With his fists, Taizhong fought in the wilderness, forcefully establishing a huge legacy for himself.

This story wiped out all credit of the Duanmu Family.

In truth, if it hadn't been for Taizhong's wife plotting against old ancestor Duanmu, who knew who the throne would have gone to?

This was also why old ancestor Duanmu and Taizhong wanted to outlast one another.

When Tianqi met Taizhong for the first time, the respect and emotions in his heart collapsed.

Was the person he saw the magnificent and strategic Taizhong?

What he saw was a madman!!!!

An old man on the verge of insanity... Although he was really strong, his mind was starting to go wild.

The only stubborn thought he had was to kill the Duanmu Family.

This stubbornness was also the reason why the royal family had always targeted the Duanmu Family.

Since Taizhong had gone mad, Tianqi locked this place up. No one was allowed to enter and whoever did would die.

....

Heaven Heart walked into the royal family's secret land.

It was extremely simple for him to head into the palace with his cultivation as those guards weren't able to notice him at all.

In the old palace, there were spiderwebs everywhere. There was wild grass growing and it was a total mess.

The founder of the Feather Transformation God Dynasty, the invincible Emperor Taizhong, lived in such an environment.

Was it a sad or happy thing? Had this emperor, the expert who clashed with the Duanmu Family old ancestor his whole life, actually gone mad?

It just sounded so mysterious.

Creak!

Heaven Heart pushed the door open and walked in. He saw a room in the center that was really clean and it looked like it had been specially cleaned up.

There was a plant in the courtyard; it was a tree with golden leaves. The leaves looked like palms that were fluttering in the wind and they gave off a fragrance.

Eternal Life Tree!

This was the Eternal Life Tree that Taizhong exchanged for when he entered the Bank of the Universe 10,000 years ago.

The Eternal Life Tree, as its name suggested, allowed one to live forever under it.

Taizhong was delighted and he finally thought of a way to deal with old ancestor Duanmu.

He could last longer than him and then personally chop off the old ancestor's head.

His initial thoughts were great. The old ancestor Duanmu would definitely die within 10,000 years and then he would return the Eternal Life Tree along with other things. As

for the Feather Transformation God Dynasty's dragon vein, there was no need for him to return that.

But unfortunately, although the plan itself was quite good, some unexpected things still happened in the end.

Old Ancestor Duanmu entered the Bank of the Universe and exchanged his life for the Soul Raising Tree.

Now, your plan won't work!

Bad news struck and Taizhong paid the price for his eternal life.

There was no free lunch in the world!

The Eternal Life Tree wasn't a kind tree.

Spending a long time near Eternal Life Tree would mess up one's thoughts and one would end up living in an illusion.

With how decisive Taizhong was, he would definitely not end up falling so deep in without the Eternal Life Tree.

But because of the tree, Taizhong fell into an abyss and he started to behave weirdly.

After 10,000 years, it was normal for him to be crazy, and having a clear head was a rare occurrence.

It had been 10 years since he was sober.

Heaven Heart came this time.

It was a rare occurrence for Taizhong to be sober.

So, he cleared up the room, washed up, and changed into new clothes.

But his hair was in a mess as he didn't know how to tie it up.

"Empress, tie my hair up in a bun!" Taizhong shouted.

But no one replied to him.

Heaven Heart looked on silently and didn't say a single word.

"Empress, stop sleeping. There is a guest." Taizhong noticed Heaven Heart but still continued to shout for his Empress.

Unfortunately, no one replied to him.

"I apologize. My Empress is still sleeping." Taizhong apologized to Heaven Heart and bowed.

Heaven Heart looked into the room and there was a woman who was laying on the bed. Her body was cold and she was wearing a beautiful, Empress' dress.

"My queen is asleep, so don't disturb her." Taizhong pointed at Heaven Heart's nose and shouted.

"She is dead!" Heaven Heart said truthfully.

"Nonsense. She is just asleep. She is still breathing and her heart is still beating." Taizhong scolded Heaven Heart.

"That is because your True Qi is keeping her alive." Heaven Heart shook her head and said.

In Heaven Heart's eyes, Taizhong was an empty bottle with no substance within.

He transmitted all of his energy to the Empress to help maintain her heartbeat.

The Empress had actually been dead a long time ago!

She wasn't as strong as Taizhong or old ancestor Duanmu and couldn't live for as long. She also entered the Bank of the Universe to exchange for her looks, so it was expected for her to die.

What no one expected was that Taizhong would actually transmit all of his cultivation into her body so as to keep her last bit of breath alive.

"Nonsense, you bald monk, you are talking nonsense!!!!" Taizhong raged.

"My Empress is not dead. She is just sleeping, so she will definitely wake up!" Taizhong insisted.

Heaven Heart sighed and walked in, "Why do you lie to yourself?"

In the room, a beautiful woman was laying on the bed. She looked like an 18-year-old teen, a truly flawless beauty.

But when Heaven Heart looked at her body, he was shocked.

Under that beautiful face, there was just dried up skin and decomposing flesh and blood. She was a dry corpse with only a bit of energy burning within her heart.

It was like there was a candle burning in the endless darkness.

The darkness burned bright but there was a bit of energy supporting the candle so that it could continue to burn.

Just like that, Taizhong's wife was still 'alive'.

The Bank of the Universe contract didn't treat the Empress as a dead person which was why Heaven Heart brought two contracts over.

Everything was just a rough definition.

"I understand why your Empress entered the Bank of the Universe and only wanted beauty." Heaven Heart exclaimed.

Girls cared most about their appearance. Taizhong loved her so much and was willing to give up all his cultivation to maintain her last bit of life.

So, it was understandable why the Empress wanted to keep her beauty for Taizhong.

Love was never a one-way street.

Chapter 189: A Huge Fire!

Taizhong and his Empress... one was crazy and one was dead.

As their descendants didn't want to reveal that Taizhong was still alive, they set up this area as a restricted zone and anyone who entered would be killed. No one really cared about the rumors that spread on the outside.

Taizhong had been smart for his whole life but he probably didn't expect that his later years would be so sad and tragic.

Old Ancestor Duanmu, who had fought him for his whole life, didn't suffer any serious illnesses and disasters and befriended the Soul Raising Tree, peacefully spending the latter half of his life.

As for him, he enjoyed glory and riches for the front half of his life, but then he spent the next half on the verge of madness.

“You bald camel, you actually dared to enter my sleeping palace. You deserve to be beaten up! You are asking to die!” Taizhong hollered in rage. He really wanted to punch Heaven Heart.

Heaven Heart just turned around and easily avoided his fist.

At the moment, Taizhong was totally useless and all of his energy was used to maintain the last bit of lifeforce of the Empress!

Heaven Heart pushed forward slightly. It seemed like a weak and light hit but for Taizhong. It was as if he suffered from a lightning strike. He was forced back and he hit onto the bed.

Dong!

The bed shook once it was knocked into.

The Empress laying on it turned into dust. Only her beautiful face was still there. She was as per usual and looked like an 18-year-old.

At this moment, the Empress’s beauty wasn’t her own beauty.

But she was just as beautiful as when she was 18.

Under her dust body, a jade pearl appeared. On it there were carved many buddha ancestors, bodhisattvas, Luohans...

This was the gift that Taizhong had given her, the Celestial Artifact Ten Thousand Buddha Bead.

10,000 years had passed and although Taizhong had been maintaining her life force, her body should have long turned to dust.

It was all because of the Ten Thousand Buddha Beads which protected the Empress’s body.

But after 10,000 years, the corpse couldn’t handle as a single strike. It was just bumped into by Taizhong and this happened.

Taizhong was stunned. His Empress was totally gone!

The Empress that followed him when he was a rash kid was totally dead!

They were together for 30,000 years. Taizhong and the Empress knew each other when they were both 18 and had never separated. Time was really the perfect conduit for their love.

Now was the time for their story to come to an end.

“Now that your Empress is dead, this contract should end. I shall take away her Celestial Artifact and her eternal beauty.” Heaven Heart reached out and took out the Ten Thousand Buddha Beads while Taizhong was just in a daze.

But when Heaven Heart wanted to grab the eternal beauty on her face, Taizhong pushed him aside and shouted in a maniacal manner, “That is what Empress wanted the most. You can’t take it away.”

“You can’t stop me!” Heaven Heart said calmly. If he was at his peak, he could but now it was impossible.

Taizhong was stunned and he hugged the Empress’s face. “I can give anything to you. I can give everything here to you, just don’t take away the Empress’s favorite thing.”

Celestial Artifact, he didn’t want it!

Eternal Life Tree, he didn’t want it!

If the Empress was dead, then why did he need to be alive?

Taizhong wanted to preserve this last bit of beauty which was also what the Empress liked the most.

Heaven Heart frowned and found it tough to take it away since Taizhong was currently already on the verge of going insane.

“Give him the eternal beauty and bring back the Eternal Life Tree!” Li Xiandao’s voice suddenly rang out which made Heaven Heart heave a sigh of relief.

In the Bank of the Universe, Li Xiandao and Seven were looking at such scenes with a complicated expression.

Not mentioning the personality of Taizhong and the Empress, their relationship touched both Li Xiandao and Seven.

Seven looked at Li Xiandao and blinked.

Li Xiandao instantly knew what she meant and informed Heaven Heart not to take back the eternal beauty.

“They are just pieces of the face that Moon Celestial borrowed. They don’t matter.” Seven explained.

Li Xiandao nodded. Looking at the insane Taizhong, she really wasn't planning on taking it back.

Heaven Heart looked at Taizhong who was muttering while hugging his Empress's face. He turned around and left.

In the courtyard, Heaven Heart looked at the golden Eternal Life Tree and said, "Will you become small yourself, or do I need to make you?"

Explosion!

Eternal Life Tree wasn't a kind tree and it sought after luck and avoided danger. It knew that it had to return, so it shrunk and entered Heaven Heart's storage treasure.

Heaven Heart said, "Now, all that is left is to collect Feather Transformation God Dynasty's dragon vein."

The entrance to the dragon vein was under this courtyard. As the Eternal Life Tree's living environment was really strict, it needed to lay root on the dragon vein.

When it is in the Bank of the Universe, it would be in deep slumber but for it to survive outside. It needed to lay root on God Spirit Meridians or Dragon Veins.

The palace definitely couldn't have God Spirit Meridians, so there were only Dragon Veins.

Heaven Heart stomped his feet and a giant hole appeared. One could see a giant gold dragon vein surging about below.

Kong!

The dragon vein would holler majestically. Its golden scales were about to turn into physical form and sparks formed as they rubbed intensely into each other.

Feather Transformation God Dynasty's dragon vein that had accumulated for 30,000 years was enormous.

Heaven Heart opened his arm and activated the ability of the Bank of the Universe.

"Obtain!"

He was following the terms of the contract, so he could use the Bank of the Universe's power to collect the dragon vein.

If Heaven Heart became himself, he definitely wouldn't be able to collect such a huge dragon vein. People would notice him and trap him in the palace too.

But it was different since he had the Bank of the Universe's ability.

Explosion!

At this moment, the dragon vein was sucked in by the Bank of the Universe's energy.

All of this happened in an instant before Heaven Heart dashed away, not daring to stay at all.

In the next second, the spirit energy in the palace suddenly reduced by 80-90% causing many experts to panic.

"The dragon vein is gone!"

"What happened to Feather Transformation God Dynasty's dragon vein?"

"Our dragon vein was dug away just like that?"

"Who is so bold?"

Numerous people were shocked, especially the 10,000-year-old Emperor Tianqi who was furious. "Seal up the palace!"

With an order, numerous people moved into action. In just three minutes, the palace was sealed such that even a bird couldn't head out.

Emperor Tianqi hurried towards Taizhong's courtyard.

Fire!

What he saw was a flame!

There was a huge flame burning Taizhong. He looked emotionally at the palace and he saw his young experiences.

This was a place he worked his entire childhood for. Unfortunately, his descendants were not filial.

After losing the Eternal Life Tree, Taizhong's rationality returned. He recalled what he did during these few years and was in deep thought.

"Let everything end along with this huge flame." Taizhong lit himself in flame

"You won!" Taizhong looked at the Duanmu Family and said with relief.

Taizhong, who wasted so much time, just wanted to accompany his Empress now. He would just let all the grievances pass.

Chapter 190: End Of An Era

A huge fire was burning an entire era.

Taizhong was really satisfied that he was able to die together with his Empress.

But Emperor Tianqi had lost the plot.

It is okay that you are dead. No one cares about that. But can you tell me where the dragon vein is?

The dragon vein is gone!!!!!!

This was the biggest issue!

Emperor Tianqi was infuriated and with a slap of his palm, he caused the air to shake and the flames were extinguished.

He charged in and saw a giant hole. The hole was so deep that it reached the dragon vein but the entire area was empty.

The dragon vein was gone!!!!

Such a huge dragon vein had disappeared!

The enormous golden dragon vein which gave of a majestic aura had been stolen!

“Investigate it, find out for me who it is. I am going to kill his entire family!!!!” A heart-wrenching roar spread out from the palace deep in the night.

....

Heaven Heart had walked out of the palace a long while ago. Obviously, he wouldn't be trapped in such a small palace.

“Just like that, I have completed the two contracts. It is time to head back!” Heaven Heart was really satisfied. He turned around and hid in the darkness.

On the other side, Tian Guangming had completed his second contract.

"I am just too fast. Hearing the sounds from the palace, they must have started fighting." Tian Guangming looked towards the palace and smiled in delight.

"It is best if Heaven Heart is delayed and Master has to save him. Then, all his face will be lost." Tian Guangming had a sinister thought.

He heard that Taizhong was really strong and Heaven Heart might not have been able to defeat him.

"I can return after I complete the last contract and Master will definitely reward me." Tian Guangming said confidently as he rushed towards the third location.

1

....

On this day, God Capital wasn't peaceful at all!

On this day, the Crown Prince had been killed, causing a huge storm in the city. Then, an old ancestor flew out from the palace to take revenge but had been killed instead.

In the night, after the people in the city started to fall asleep after much difficulty, there was a loud explosion. This drew all their gazes towards the palace.

Something happened in the palace!

It wasn't a small matter!

Ka ka ka!

The army started to patrol and footsteps spread out on the streets. The soldiers hurried by and the sound of weapons and armor hitting each other reverberated, terrifying the people in God Capital.

Something huge happened!

At that point, everyone started to panic.

God Capital, Duanmu Family!

The Duanmu Family members left the small wooden hut with sadness on their faces.

They had just said goodbye to the old ancestor. As they found out that the old ancestor was coming to the end of his life, they all felt bad.

All of them always felt at ease knowing that the old ancestor was in the Duanmu Family. Now that the old ancestor was about to die, that sense of ease was gone.

After sending them off, Duanmu Yue looked at the tired old ancestor and sighed.

After losing the Soul Raising Tree, the old ancestor was getting older and older by the second.

One could really see it happening right in front of their eyes.

At this rate, not to mention three days, he might not even survive one day.

Duanmu Yue consoled, "Old ancestor, don't be sad. It is not good for the body."

Old Ancestor Duanmu closed his eyes. "I can leave already, but I am just waiting for some news."

Old Ancestor Duanmu was still worried about Taizhong!

"Old Ancestor, I have sent many scouts over and my spies in the palace will send me news too." Duanmu Yue said.

"You are a good kid. Remember to treat your wife well and keep the family united. You have been suppressing your cultivation and should have accumulated enough, so you can break through now." Old Ancestor Duanmu said many things right away and his breathing became rushed.

Duanmu Yue felt heart pained. He was about to tell him to stop when some scouts rushed back.

"Old Ancestor, the scout is back!" Duanmu Yue said emotionally.

Old Ancestor Duanmu opened his eyes and looked on weakly.

"There was a fire in the palace's restricted land. Emperor Tianqi rushed back and destroyed it with a slap. The dragon vein has also been stolen." The scout replied swiftly.

Duanmu Yue's eyes opened wide, and he didn't dare to believe his ears.

The dragon vein was actually stolen?

The old ancestor was paying attention to something else.

He heard that the restricted land was in flames and then Emperor Tianqi destroyed it with a slap. He then looked in that direction with a calm but sad expression.

At that moment, old ancestor suddenly felt grateful for the Empress for setting that plot which hurt the relationship between the two of them.

If not, the Duanmu Family would have been the one to be wrapped up in the heartless matters of the palace.

“Okay, then all of you head out and let me be alone.” Old Ancestor Duanmu waved his hands and chased them out.

Duanmu Yue hesitated for a moment before walking out.

In the wooden hut, the small flame blazed and shone onto Old Ancestor Duanmu’s face.

“The past is like the wind; let our grievances pass along with us and disappear into the river of history. The future belongs to the young.” The old ancestor sighed and closed his eyes.

He fell asleep and dreamt about many things of the past.

He had forgotten about some of those matters but now he was dreaming about them.

A handsome man, who was a year older than him, stood in the fields and waved at him with a bright smile on his face.

Beside him stood a jade-like little miss. She was beautiful and generous and shouted, “Little brother, come over!”

The 18-year-old Taizhong and Empress were here to welcome the 17-year-old Old Ancestor Duanmu!

At this moment, Old Ancestor Duanmu smiled and chose to end his own life.

No one would be 18 forever, but there would always be people who were 18 years old!

Life after death would be tough, so it was best to reminisce about one’s memories from when one was 18.

That was happiness too!

Outside the wooden hut, Duanmu Yue knelt on the ground and tears flowed uncontrollably.

“Goodbye Old Ancestor!”

....

On that night, dozens of old people had their debts claimed by the Bank of the Universe.

Many of them tried to fight back but Lucifer and Moon Angel defeated them.

After Li Xiandao and Seven saw all of this, they nodded their heads in satisfaction, "Their cultivation is not bad. They didn't waste my resources."

After they entered Eternal Land, Li Xiandao told them to cultivate and break through. He provided them with spiritual energy and opened the Ten Thousand Country Book Depository to them. He also told them to take any god source that they needed.

Li Xiandao played a small part in them breaking through so quickly.

"They have now grown, so you can just control the scenes from the shadows." Seven said.

"Not bad. I like being an evil mastermind." Li Xiandao laughed out loud.

1

"Oh right, I told you to investigate the red watch. How is it?" Seven suddenly asked.

Li Xiandao's expression didn't change. "There hasn't been any news yet. Once they all return, I will send them to find it."

"We have to find it." Seven reminded Li Xiandao.

Li Xiandao nodded and heaved a sigh of relief.

Chapter 191: Holding Your Heart, Your Brain Hurts

Tian Guangming collected all three contracts in the early hours of the day and rushed back to the bank. He was really delighted and felt that he had done a really good job.

"Looking at how chaotic the God Capital is, I know that I am the fastest." Tian Guangming looked at a residence in the distance. Moon Angel was clashing with a peak Human Celestial. She used the Celestial Artifact to slice off his head, causing a huge uproar.

She had taken so long to complete one contract while he had already completed all three of his!

Tian Guangming was filled with pride.

He turned his eyes to the God Capital palace which was well lit up by candles. Loud shouts spread out from within like there were people fighting inside.

Heaven Heart is trapped. I need to rush back and then welcome them respectfully. The moment this thought entered his mind, Tian Guangming started to imagine and fantasize about what rewards Li Xiandao would give him next.

Tian Guangming rushed back to the Bank of the Universe with many emotions in his heart.

However, he was welcomed by Heaven Heart instead of Li Xiandao.

When he saw Heaven Heart, Tian Guangming was stunned. He blinked his eyes in shock.

“You... Why are you here?” Tian Guangming stammered.

“Why can’t I be here?” Heaven Heart asked.

“You weren’t trapped in the palace?” Tian Guangming was surprised.

“How can a palace trap me?” Heaven Heart raised his head and smiled confidently.

Tian Guangming’s expression changed, “You met Master?”

Heaven Heart nodded, “Master was the one who told me to welcome you.”

Tian Guangming closed his eyes. Damn, he shouldn’t have taken three contracts; if he took two, then he would have won.

“I can’t accept this!” Tian Guangming gritted his teeth and looked at Heaven Heart with a stubborn expression.

“It doesn’t matter, I am still number one!” Heaven Heart purposely disrespected Tian Guangming.

Tian Guangming said furiously, “Move aside, I am going to meet Master!”

He didn’t want to spend time with this annoying monk.

That bald camel!

Heaven Heart said leisurely, "Master told us to welcome the people who return before heading in together."

Tian Guangming stopped and looked at Heaven Heart with a depressed expression. He walked to the side and kept 10 meters away from him. He squatted down and silently licked his wounds.

Someone who was first place flew away just like that...

More and more people returned.

Battle Angel Michael flew back and when he saw Heaven Heart, he praised, "Congratulations on being first."

"I was just lucky." Heaven Heart was really humble.

Michael greeted Heaven Heart before heading in to see Li Xiandao.

"Master told us to welcome the others before heading in together." Heaven Heart stopped Michael.

Michael nodded and stopped. He wanted to find a place to stand but saw someone squatting over in the distance.

Michael rolled his eyes and coughed, "Isn't that our God of Light? Why are you squatting on the ground? That is so not elegant?"

"Although I inherited the divinity, I didn't choose to merge with the memories like all of you. I am me and I don't have the God Race pride and arrogance. I will do what I want." Tian Guangming glanced at Michael and said.

"Like how I am unhappy now and I like to squat, so I'll squat if I want to." Tian Guangming was depressed.

"Why are you unhappy?"

"Oh right, what position were you?" Michael gave an evil smile.

Tian Guangming looked at him and was extremely annoyed, "Don't mention this sad matter. Don't think that just because we are close that I won't beat you up. I couldn't beat you in the past but it is not a certainty now."

Michael laughed. He also placed down the pride of the God Race to squat together with Tian Guangming.

If it weren't for the fact that there were no cigarettes in this world, they would have each been smoking as they talked to each other.

Tian Guangming looked at Michael and he couldn't help but smile.

Li Xiandao had many more helpers now, but since the two of them had been there from the beginning, their relationship was really good.

While the two of them joked, the others returned.

Archangel Gabriel, Fallen Angel Lucifer, old priest, Qiu Bai, Moon Angel, etc.

Only Wu Xian'er was not back!

She went to the Land of Water. It was far in the south. All of them had completed their tasks whereas she hadn't even begun.

Wu Xian'er hadn't even reached that place, so obviously she wasn't back yet.

Each of them congratulated Heaven Heart and then mocked Tian Guangming which totally infuriated him.

Even the ice-cold Usuna looked at Tian Guangming with a weird expression and then said gently, "I thought you would be first. I didn't expect you to lose to Heaven Heart. I am so disappointed Brother Guangming!"

When she said this, she even naughtily blinked her eyes. Her hot body and beautiful face not only didn't tempt Tian Guangming, but it made him even angrier.

All of you, wait and see!

One day, I will mock all of you!

Tian Guangming was so furious that he wanted to bite someone. Only Michael was by his side to comfort him.

Heaven Heart said, "Apart from Wu Xian'er, the rest are already back. Let's go and meet Master."

No one dared to joke anymore and one by one they walked into the Trading Hall.

In the hall, Li Xiandao changed into a gold jacket and along with his dark gold mask, a mysterious aura covered the place.

"Master!" After they walked in, they all shouted respectfully.

Li Xiandao nodded, "Have you gotten the things?"

Tian Guangming wanted to step out to report but after seeing Heaven Heart, he stepped back.

He was the first, so he would go first!

Tian Guangming was really respectful and abided by the rules!

When the others saw Tian Guangming's actions, they all tried their best to suppress their laughter.

Heaven Heart smiled and stepped out, "Master, I have solved both contracts. I have placed the Eternal Life Tree and dragon vein in storage. This is the Empress' Celestial Artifact, the Ten Thousand Buddha Bead!"

Li Xiandao reached out and the jade beads with many buddhas carved onto it flew into his hands.

There were definitely fewer than 10,000 Buddhas on it!

But Li Xiandao shot in some of his True Qi.

Hong!

In that instant, a strong power exploded from within. A golden Buddha appeared and a spiritual mountain could be seen around the Buddha.

On it, there were 10,000 monks chanting!

This was how the bead got its name!

Li Xiandao dissipated the True Qi and was really satisfied, "You have done well. I mentioned that I would reward whoever came first place, so this is for you."

Li Xiandao casually tossed the Ten Thousand Buddha Bead to Heaven Heart.

Heaven Heart smiled and said gratefully, "Thank you, Master!"

Tian Guangming looked on from the side and he was filled with regret.

Why did he take three contracts?

Why did he take three contracts?

Why did he take three contracts?

If he had taken one less, the bead would have been his?

Tian Guangming covered his heart and felt a throbbing pain in his head.

Chapter 192: Cunning Businessman

Tian Guangming was extremely envious as he looked at Heaven Heart.

This was a Celestial Artifact!

Everyone else was envious to a certain degree except for Moon Angel Usuna and Archangel Gabriel.

With this celestial artifact, Heaven Heart's strength would increase further.

Heaven Heart was also really delighted. He held the beads in his hand and played around with them. The beads gave out a crisp sound as they bumped into one another which helped to calm him down!

A random bump with a celestial artifact could give rise to extraordinary effects.

"Thank you, Master. Your kindness is the blessing of our Bank of the Universe!" Heaven Heart bowed and felt really grateful.

Tian Guangming felt really sour and he muttered to himself, "This guy only knows how to suck up!"

Li Xiandao waved his hands. All these people were his direct subordinates and they were all really talented. As for celestial artifacts, if he placed them in the bank treasury, that would just be a waste.

This was far different from Dali Land when he found it hard to even utilize a single Celestial Artifact.

Now that all of them had fake celestial cultivation, they would easily be able to use celestial artifacts.

Li Xiandao looked at Tian Guangming and asked, "You took three contracts by yourself, so did you complete all of them?"

Tian Guangming saw that it was finally his turn, so he stepped out and said, "Master, I have completed the three contracts. Apart from the Duanmu Family old ancestor who

had only three days of life left which I didn't take from him, I got everything else back along with the compensation amount."

"You placed the items into the treasury?" Li Xiandao asked Seven.

Seven nodded. "They are all here."

"You worked very hard, you were in charge of three contracts, and even came back in second place." Li Xiandao said towards Tian Guangming.

"It wasn't tiring. It is my honor to serve Master. I would go all out to please you! To be able to complete a task for Master is a blessing of mine, I also need to thank Master for giving me this chance." Tian Guangming spoke proudly and loudly.

It was as if what he did for Li Xiandao wasn't a simple mission but a very supreme ideal.

At that moment, apart from Li Xiandao, everyone else cursed, "This guy only knows how to suck up!"

Li Xiandao waved his hands and his face that was hidden by the mask had turned red. This was just too blatant and he couldn't handle it.

"Okay, I know you have worked hard. You are the only one who completed three contracts, so I shall reward you with something." Li Xiandao thought about it and took out the celestial artifact Heaven Emperor Brush that had been placed aside for a long time.

At this moment, Tian Guangming felt that his good luck had finally arrived!

He recognized this thing!

It was a celestial artifact!

Heaven Emperor Brush!

The celestial artifact that he dreamt about getting was right in front of his eyes.

"It is a waste for me to place the Heaven Emperor Brush here. Now, I am passing it to you in hopes that you will be able to utilize it well and help me clear the debts." Li Xiandao said solemnly.

He didn't give it to him just because he sucked up to him.

Li Xiandao had contemplated this deeply. Tian Guangming was so excited and had worked hard to catch up with everyone. He even faced some problems and had nearly

turned into a woman and was a sissy for a period of time. Li Xiandao gave him the Heaven Emperor Brush because of all his hard work.

It definitely wasn't because Tian Guangming sucked up to him!!!!

"Don't worry, Master, I swear that I shall protect Master's pride and the interests of the Bank of the Universe!" Tian Guangming knelt down on the ground and held his both hands up to receive the Heaven Emperor Brush.

Li Xiandao tossed the Heaven Emperor Brush over and stood up, "From today on, we have finally gained a foothold in Eternal Land. We have drawn first blood but we must not relax. Eternal Land is huge and Feather Transformation God Dynasty is just one small area. There is still a huge area for us to cover. The other lands connected to Eternal Land is also our development goals."

All of them were really solemn as they listened to Li Xiandao's instructions.

"You have done well tonight and I am really satisfied. Everything is collected and all of you should be rewarded for that. But as we have limited Celestial Artifacts, once we get more then I shall reward all of you." Li Xiandao made a promise.

The old priest and everyone else without celestial artifacts looked on emotionally.

They all willingly accepted Li Xiandao's promise.

That was because Li Xiandao had given all the celestial artifacts he had to the others.

Moon Angel's Great Xia Dragonfinch was now called Full Moon!

Heaven Heart's Ten Thousand Buddha Beads!

Tian Guangming's Heaven Emperor Brush!

Archangel Gabriel's celestial artifact sword!

All of them belonged to the Bank of the Universe and to Li Xiandao. Li Xiandao didn't take it and continued to let Gabriel use it!

Li Xiandao didn't have a single celestial artifact for himself and didn't even have a weapon he could use.

This was the most convincing thing as everyone trusted and believed in their Master.

"All of you can leave. I shall open the Ten Thousand Country Book Depository to all of you and you can head in to increase your knowledge." Li Xiandao thought about it before he spoke.

This could be considered a small reward for the other people.

“Thank you, Master!” All of them shouted in unison and walked in one by one.

Seven praised Li Xiandao, “You really are generous. You didn’t even leave a single celestial artifact for yourself.”

Li Xiandao stood there with his arms behind his back and slowly walked out of the Trading Hall. He said while walking, “I don’t need one.”

“Everyone in the world chases riches and fame. That is a celestial artifact, a weapon that only celestials use. Don’t you feel heartpained about it?” Seven followed Li Xiandao out and asked.

Li Xiandao pushed open the entrance of the Trading Hall. Tian Guangming and the others went out through a side entrance.

Hong!

The moment the entrance opened, the morning sunlight shone in which made Li Xiandao squint. He stood under the sunlight, took off his mask, and smiled at Seven. “Isn’t the weapon that celestials use, only a weapon?”

“If they use the weapons that celestials use, then to the people, they are celestials. If celestials do my bidding and follow my orders, doesn’t that mean that I am stronger than a celestial?” Li Xiandao asked Seven.

Seven stood there and looked at Li Xiandao. Li Xiandao’s confident and charming smile caused her heart to race.

“You really are scheming!” Seven praised Li Xiandao.

Li Xiandao laughed out loud and walked to the entrance. He looked at the many mountains that were sealed. Sunlight shone from the distance and chased away the darkness.

“The quantity of weapons doesn’t matter. What matters is whether or not it is suitable. Even if I have 100 of them, they are still useless. People must use them to increase their strengths and only then will they bring me 200, 300 or even 3000 weapons!” Li Xiandao said confidently.

“I just used a few celestial artifacts to make them grateful to me and make them willing to sacrifice their lives for me. Isn’t that worth it?” Li Xiandao asked Seven.

“You really are a cunning merchant.” Seven stared at Li Xiandao, etching his image into her mind.

Li Xiandao was really handsome!

“Do you like... a cunning merchant like me?” Li Xiandao panted and asked.

Seven turned around and didn't want to reply.

For some reason, her heart was beating a little quicker.

Chapter 193: Jiannan

South of Feather Transformation God Dynasty.

This place was called the Land of Water and it was a place with many inland lakes. This place had also been the grain storage area since ancient times.

2

As long as the flood defense was constructed properly, then the people of Jiannan would not lack food. This was also the reason why Jiannan had always been prosperous.

God Capital was just the capital and the population was high because there were 100,000 aristocratic families there. But if one were to compare the lives of normal people, Jiannan was better.

God Capital was huge but it wasn't easy to live there!

Normal people felt really stressed in the God Capital but it was different in Jiannan. You could open your own farm, you could be a merchant, you could study, you could get into entertainment...

The prosperity helped to build Jiannan into the biggest state in the dynasty, even bigger than that of the God Capital.

In terms of politics, it might not have compared to God Capital, but in terms of entertainment, it was much better.

This was the place that Wu Xian'er came to.

When she set off, Li Xiandao told her not to rush and have some fun. He wanted her to take a look at the scenery.

Wu Xian'er listened to Li Xiandao's words. Since Master told her that, then that was what she did.

So, she spent a full day flying to Jiannan and she also didn't rush to find the owner of the contract.

She spent money to hire a boatman to carry her to take a look at the mountains and rivers of Jiannan.

This was the first time Wu Xian'er had such a leisure time since being born and she really cherished it a lot.

Wu Xian'er was really happy and emotional. As she didn't wear a veil, the guys who saw her all had expressions of awe. Some of them even headed over to flirt with her which annoyed her. She killed two of them and that stopped any others from trying.

1

Since then, Wu Xian'er started wearing a face veil. However, it only covered her eyes and snow-white forehead. Her aura was still outstanding which caused many guys to still be attracted to her.

Wu Xian'er was really helpless. All of this was because of her beauty.

Could the aura of the Nine Tail Monster Fox not be outstanding?

This was why she booked the entire boat and there was only an old man on it. He was old and at the start, he was indeed shocked by her beauty, but afterward he just silently controlled the boat and stopped looking at her.

Jiannan was the place in the entire Feather Transformation God Dynasty with the most river currents. This made sea transport really common and there were many ships on the wide river canals. Wu Xian'er's small ship was really unassuming.

But because of her, many people looked over.

There was nothing Wu Xian'er could do and she could only act like she didn't see anything. As long as they didn't disturb her, then she wouldn't attack them and spoil her own mood.

She stood at the head of the boat and looked carefully at a contract.

"Yuanmeng borrowed a Moon Well from the Bank of the Universe. She will pay the riches from her whole family for it and return it in 10,000 years. If she breaks the contract, then she will pay with her life!"

This was what was written on the contract and below there was the signature of the debtor.

The handwriting was really beautiful and neat. It was obvious that it had been written by a woman.

“What is this Moon Well?” Wu Xian’er didn’t have such a concept.

She was born less than a year ago and although she matured really quickly and learned a lot, she still hadn’t activated her legacy memories.

Nine Tail Monster Fox was a special beast, or rather it was a god beast with its own legacy memories.

But the legacy memories would only be activated at 18. Wu Xian’er was less than a year old, so she couldn’t activate it.

This was why she didn’t know what the Moon Well was!

“Boatman, do you know what a Moon Well is?” Wu Xian’er asked the boatman who was controlling the direction of the boat.

He shook his head, “Fairy, I am just a boatman and not a cultivator, so I don’t know.”

Wu Xian’er sighed helplessly and kept the contract.

“Lady, I do know about it. Will you give me face and come over to talk about it?” Someone shouted from a sailing ship dozens of meters away.

Wu Xian’er looked at the teen. He had a clean face and looked scholarly.

He didn’t have that lowly gaze and eager expression.

Wu Xian’er thought about it and decided to head over.

In truth, she just felt like no one could touch her. If the people on the boat had such an idea, then they would be the unlucky ones.

“Boatman, you can head back. I will head to that boat.” Wu Xian’er told the boatman and then with a step forwards, her body was light as a feather. She landed on the sailing ship in an elegant manner.

She was dressed in white, her hair was smooth and neat, her body shape was really beautiful and proportionate...

At this moment, everyone on the ship was amazed by Wu Xian'er, no matter if they were a male or a female!

Even people who weren't easily jealous couldn't help but feel inferior when they looked at her.

The gap was too huge!

Wu Xian'er was a fairy from above and they were just dirt on the ground.

The difference was like night and day!

What did they even need to be jealous about?

"Greetings fairy!" The teen who invited her over cupped his fists. His gaze was one of excitement. It was the excitement of meeting a fairy and not like the lowly perverted gazes of the other men.

"You said that you know about the Moon Well?" Wu Xian'er asked.

"I do know a little about it. Fairy, let's enter the cabin and I shall tell you about it in detail." The teen invited.

There were many people in the cabin and many of the guys looked at her with fervent gazes.

That displeased her and she shook her head. "Just say what you know. I won't be going inside, so just say what you know here."

The teen was stunned and he didn't expect the fairy to reject him just like that.

"Since you aren't willing to enter, then I won't force you to. I shall tell you about the Moon Well here." The teen said regretfully. He also didn't dare to force her in case he offended her.

Wu Xian'er looked at him calmly. Her calm gaze made him really anxious.

"This Moon Well is a well in the territory of the monster race." The teen said.

Wu Xian'er's eyes became serious. Monster race?

She was a part of them!

"What monster race?" Wu Xian'er asked.

There were many races under the monster race!

“The monkey race, or rather the demon ape race!” The teen said.

Wu Xian'er said, “You can continue.”

“This race comes from an ancient demon ape bloodline and has been passed on until now. Their bloodline is really thin and they were unable to reactivate it, so they devolved into monkeys. The Moon Well is a special well that can help them activate their bloodline to become Saint Apes.” The young man said.

Wu Xian'er was enlightened and knew why the surname of the debtor was Yuan.

Yuan = Ape!

Yuan Meng= Ape Dream!

This was the dream of their entire race.

“Where are they?” Wu Xian'er asked.

“They are in the Great Green Mountains outside Jiannan and it is the base for the monster race. Humans can't enter and they can't exit either.” The teen said right away.

“Lady, I think you shouldn't enter. The monster race is really violent and you are as beautiful as a fairy. They will do bad things to you.” The teen persuaded.

Wu Xian'er smiled, “Thank you for your reminder you shouldn't be worried about me; you should be worried about them. I will leave!”

Wu Xian'er stepped on the mist and left while the teen looked on with an expression of melancholy.

Mummy, I've fallen in love!

Chapter 194: Monkeys Fishing Moon

Wu Xian'er flew away really quickly and she disappeared from that lake in the blink of an eye.

Left behind was a sad teen who was sulking about his lack of luck!

....

Great Green Mountain!

This was the most famous mountain in Jianan and there were millions of monster race people living there.

As there were many top monster experts, the Feather Transformation God Dynasty signed an agreement with them.

Monster Race was not to exit Great Green Mountain and humans weren't allowed to enter either!

The entire Great Green Mountain had been given to the monster race and they were allowed to live and breed there.

The price to pay was that they couldn't head out to hurt normal civilians.

This agreement wasn't targeting the monsters in Great Green Mountain but the little monsters, those who needed blood and flesh to cultivate. They were afraid that they would massacre a large number of normal people, so they formed such an agreement.

The many monsters in Great Green Mountain held up their end of the agreement and only occasionally killed some humans who entered.

As for massacring large numbers of humans, that was not possible!

If they were found out, they would be mercilessly killed.

What was deemed as a massacre?

Killing more than five people!

That was the hard rule which resulted in the peace between humans and the monster race.

With such a barrier, it made people more at ease.

One curve of the river was a corner of the Great Green Mountain. After Wu Xian'er confirmed the landmark, she flew in right away.

There were many dense trees on Great Green Mountain and vines tangled with one another. There were many poisonous bugs and strong beasts.

Since humans couldn't enter and cut trees, the trees grew crazily and vines were all tangled up. Thus, all the roads were blocked.

Wu Xian'er could only fly in mid-air and there was no place where she could lay foot.

The thick vines were like many giant serpents that wrapped the huge trees together.

Great Green Mountain was really closed up and only if it was the living space of the monster race would it be clean and would be roads. Some of them even built castles!

After Wu Xian'er flew for a period of time, she saw a village.

Wild boars formed their own consciousness and united to build castles to defend against outside enemies.

Wu Xian'er saw that the boarmen were planting and eating plants that they were used to eating. When she saw their swelling bodies and lazy expressions, she couldn't help but smile.

The lives of the members of the monster race in Great Green Mountain were much better than she had expected.

She continued to fly. She purposely hid her own aura, so unless one was at Human Celestial Realm, one wouldn't have been able to notice her.

Her goal was just a demon ape at Countless Sands Realm.

This wasn't that easy for Wu Xian'er.

She continued to fly, and along the way, she noticed that this place was really well segmented.

A race controlled a huge region and they didn't interfere with one another. Those who loved to eat meat would raise animals and those who were vegetarian would plant trees and plants...

There were those who absorbed the moonlight and sunlight to grow...

The monster race developed a suitable food chain under such an environment.

This food chain had been single-handedly built by the top monster expert in Great Green Mountain.

Wu Xian'er suddenly felt really interested in this top monster and she really wanted to meet such an intelligent person.

But the priority now was to complete her own mission.

Wu Xian'er stood on a tree and closed her eyes. She activated her ability and nine tails shook slightly as they rose up behind her back.

"Tell me, where is the Moon Well?" Wu Xian'er was asking the tree spirits.

The wind blew and the flowers blew in one direction. The grass and trees all faced one direction to tell Wu Xian'er where to go.

Wu Xian'er smiled really happily and innocently, "Thank you."

After confirming the direction, Wu Xian'er swiftly headed forwards.

....

In Great Green Mountain, there was a giant broken cliff with a waterfall smashing down. A 100-meter tall green frog opened its only eye.

Right, one eye!

The frog only had half a body and had been sliced down the middle. Its wound still hadn't healed and was dripping blood.

"Nine Tail Monster Fox, how rare. You finally came." The frog muttered with half a mouth.

"It is time I loosened my muscles." The green frog's voice reverberated.

It stretched its body.

....

With the help of the tree spirits, Wu Xian'er found the Moon Well.

A patch of the forest surrounded this well.

There were no defenses and no one stopped here. There weren't any other apes nearby either.

Wu Xian'er was shocked, "Why isn't the demon ape race protecting it?"

It was the Moon Well, no trees were blocking the top part of the well and one could see the moon reflecting down into it.

Moon Well!

There was a moon in the well!

The well water had a magical power that could help one attain rebirth.

It was a treasure well.

But the weird thing was that there was no one nearby and there were no signs of any beasts around.

She observed the growth rate of the weeds; it was obvious that it wouldn't be formed in just a short time.

This Moon Well had been abandoned for a long time and no one had come here to use it.

"Didn't they say that the demon ape race would use it to activate their bloodline?" Wu Xian'er muttered.

She took out the contract and pointed it at the moon well. She activated the power of the Bank of the Universe to collect the Moon Well.

Explosion!

Wu Xian'er collected a big well.

"What about Yuanmeng?" After Wu Xian'er kept the Moon Well, she asked curiously.

Yuanmeng's signature lit up and directed Wu Xian'er in a certain direction.

There was an abandoned village 10 miles away.

One could tell that it was prosperous in the past and that there were at least a few thousand people here but it was abandoned now.

Wu Xian'er saw white bones on the ground and all of them were bones of the demon apes.

"What happened?" Wu Xian'er looked around and suddenly saw one that was alive.

A demon ape!

A female one!

She didn't have a physical body; she had a dirt body.

"Yuanmeng?" Wu Xian'er walked over and looked at this dirt statue.

It was a temple!

A very simple temple!

It was really small and she needed to bend down to see the statue that was being worshipped.

It was a mother ape!

It was not really well-formed and if it weren't for the big chests, Wu Xian'er wouldn't have known that it was female.

But, one arm was broken.

She felt the small bit of consciousness in the statue, so Wu Xian'er injected True Qi in to activate and maintain the consciousness.

At the same time, Yuanmeng's name on the contract stopped shining.

All this meant that the dirt statue was Yuanmeng.

"Why did it become like this?" Wu Xian'er was confused.

Yuanmeng was not dead, so the contract wasn't destroyed.

But Yuanmeng in this state was no different from dead.

"Envoy, please take the Moon Well away. I went against the contract because of greed and caused my whole race to die. This is my punishment. Let me die and bury me with the rest of the race."

The moment it finished, it dissipated.

Wu Xian'er stood there in a daze, "Shouldn't you tell me what happened?"

"Brat, come over, let me tell you." A low and deep voice rang out, causing Wu Xian'er's goosebumps to rise. She looked around warily.

"Who are you?"

Chapter 195: Demon Frog

Wu Xian'er was shocked by that voice. She quickly prepared for a fight and looked around warily.

“Who are you?”

Wu Xian'er continued to shout.

“The master of Great Green Mountain!” The low voice reverberated through the wilderness. It was like a raging current from the ocean surrounding Wu Xian'er from all directions.

“Great Green Mountain's Master!” Wu Xian'er was shocked and asked, “Are you that top monster expert?”

There was a top expert from Great Green Mountain which was why they could negotiate with the Feather Transformation God Dynasty for land.

Wu Xian'er didn't want to meet him anymore because she was afraid!

This person was just really terrifying!

“We don't know one another and it is best we don't meet. Also, I don't want to know anything about the demon ape race, so let's meet again in the future.” Wu Xian'er was timid and really wary too. She wanted to leave and didn't want to meet this top expert.

“Don't be afraid. I won't hurt you, Nine Tail Monster Fox. My monster race is really talented and you are a treasure. To have such cultivation at such a young age, the people behind you must be really strong. I won't offend you. I just want to meet you.” The great monster lowered his aura as he knew that he had scared Wu Xian'er.

Wu Xian'er asked warily, “You only want to meet?”

“Right, just meet and talk.” The great monster promised.

“Let me tell you, I have an extremely strong master and a bunch of great brothers and sisters. If you dare to hurt me, then Great Green Mountain will be leveled.” Wu Xian'er threatened him.

“I am beside the broken cliff. You can come over.” The great monster said.

“I didn't think about hurting you, otherwise, I would be able to take you down easily.” The great monster added.

Wu Xian'er muttered, “Am I that weak?”

He could take her down from so far away?

“You are not weak. In the same age group, you are one of the best, but in front of me, you are weak, really weak...” The great monster laughed but maybe because he hadn’t laughed in a long time, it sounded a bit weird.

Wu Xian’er looked around. Since the great monster invited her, she couldn’t avoid it and had to go take a look.

Even if she faced any danger, Master would save her, right?

He would!

Master was so heroic and strong and handsome!

The moment she had such a thought, Wu Xian’er headed towards the broken cliff.

Explosion!

As she got close, she could hear loud explosions. A giant waterfall smashed down from above and it was extremely beautiful.

Under the waterfall, Wu Xian’er saw the great monster.

A 100-meter tall frog!

Not... half a frog!

Wu Xian’er was frightened. How did the great frog get sliced?

The key was that it had been sliced in half and still wasn’t dead!

“Are you frightened now that you’ve seen me?” Half a mouth spoke.

Wu Xian’er smiled awkwardly, “How should I address you?”

“Demon Frog!” The great monster said.

“Senior Demon Frog, how did this happen?” Wu Xian’er asked carefully.

“I fought with a human and he ripped my body apart. My other half is sealed someplace and only this half escaped. I hid in the Great Green Mountain with my dying breath.” Demon Frog sighed.

Wu Xian’er exclaimed, “With only half a body, you are already so strong; if you had a full body, then how strong would you be?”

This was what shocked Wu Xian’er.

"It has been a long time since I was at peak strength!" Demon Frog gave out a sad laugh.

Wu Xian'er asked, "Senior Demon Frog, why did you call me over?"

"Didn't you want to know about the demon ape race?" Demon Frog said.

"You know about it?" Wu Xian'er asked.

"I know about everything in the Great Green Mountain." Demon Frog said.

"Senior, please tell me." Wu Xian'er begged. She wanted to understand what had happened so that she can report it to Li Xiandao.

Demon Frog nodded. He was in the cave beside the waterfall, looking down onto Wu Xian'ers' small and petite body. "Demon ape race came from the Sant ape bloodline but they anyhow married people and so their bloodline became diluted."

Wu Xian'er nodded. This was also why Yuanmeng went to borrow the well.

"Although the demon ape race found the Moon Well to activate their bloodline, they still didn't know how to control it. This resulted in their bloodline becoming thinner and thinner, unable to accept and suppress the energy from the well." Demon Frog said calmly. He was filled with disdain towards the demon apes.

They had the Moon Well and this still happened. They were just fools who ended up killing themselves.

"So, that was what happened..." Wu Xian'er found it a little awkward. She thought that something had happened, but in the end, they were the ones who killed themselves.

"When the Moon Well activated those lowly bloodline monkeys, they couldn't handle the energy and all their bodies exploded. A whole race died just like that and the well is just abandoned there." The Demon Frog added.

Wu Xian'er nodded her head. No wonder Yuanmeng said that she had harmed the race.

She took out their entire fortune to exchange for 10,000 years of Moon Well use. But who knew that in 10,000 years, their entire race would be wiped out.

Yuanmeng pushed the blame to herself and she felt really guilty about it.

Wu Xian'er said regretfully, "What a waste. Moon Well should have been their good fortune but it ended up as their nightmare."

Demon Frog shook his head, "If they knew how to use it well to modify their bloodline, then they would be the top race in Great Green Mountain. But with the treasure that they had no idea how to enjoy, it started to harm them instead."

Wu Xian'er nodded and remembered that in her heart. She looked at Demon Frog and asked, "Can senior tell me why you called me over?"

Demon Frog said, "Do you know why I have been staying in Great Green Mountain?"

Wu Xian'er shook her head.

"In a war 8,000 years ago, I was split into two. Fortunately, I was able to flee here and save myself." Demon Frog said solemnly.

Wu Xian'er listened on.

"I divined many times and it pointed to you 8,000 years later, Nine Tail Monster Fox!" Demon Frog said.

"Me?" Wu Xian'er looked at the Demon Frog with a weird expression.

"I am only at Transcendent Realm and can't even compare to one of your fingers. How can I be your chance?" Wu Xian'er was confused and took several steps back.

Demon Frog didn't care about her action. "It isn't because of cultivation. For 8,000 years, I have been divinating and the Nine Tail Monster Fox will give me a chance to have a new life. This was why I didn't leave Great Green Mountain and just waited here quietly."

Chapter 196: Demon Frog's Past

Wu Xian'er didn't understand why she would be the fortuitous encounter for this Senior Demon Frog?

She was just a little fox who had lived for only a year.

She didn't have any parents, race and was just all alone with one Master!

Wait...

Master!

Wu Xian'er was stunned and asked Demon Frog hesitantly, "Senior, am I really your fortuitous encounter?"

"Yes, so don't worry, I won't hurt you." Demon Frog nodded.

Wu Xian'er hesitated, "If that is the case, I am indeed able to give you a chance but I have to ask my Master!"

Demon Frog said seriously, "Who is your Master?"

"My Master is the strongest and most mysterious person in the world. He will definitely be able to help you, but it will depend on whether or not he wants to." Wu Xian'er said proudly.

Demon Frog didn't fully believe her, "If you can help me survive this, then I will pay you back in full."

Wu Xian'er didn't reply and instead, she started to contact Li Xiandao.

"If Master helps you, then you should thank him and not me." Wu Xian'er smiled.

....

In the Bank of the Universe, Li Xiandao and Seven sat together and looked at those scenes.

Wu Xian'er and that giant half frog sat together like an ant and an elephant standing together.

Seven said, "This monster is really amazing. Half its body had been sliced and it was still able to last for 8,000 years."

Li Xiandao nodded and received Wu Xian'er's call.

"Master, I have an amazing monster here. Is he suitable to be a guest?" Wu Xian'er asked.

Li Xiandao said calmly, "Yes he is. Continue to tour Jianan. This person will get a watch to invite him to the Bank of the Universe."

Wu Xian'er was delighted, "Thank you Master but I don't want to play anymore. I want to return to Sister Seven's side."

Seven said right away, "If you miss me, then come back right away. Don't listen to your Master. What is there even to play in Jianan? I shall ask Master to bring you to tour the milky way, that would be even more beautiful."

Wu Xian'er said sweetly, "Sure, I shall come back right away."

"Eh, stay safe." Seven also said sweetly.

After the call ended, Li Xiandao looked at Seven with a weird expression.

"Why?" Seven looked at Li Xiandao calmly.

"Is the milky way really beautiful?" Li Xiandao asked.

"It is." Seven nodded.

"I haven't been there before and you told me to bring her there. Isn't that too generous?" Li Xiandao said.

Seven was annoyed, "I am just being courteous. Will you bring her there just because I told you to?"

Li Xiandao was baffled.

"You are the Master and have your own thoughts. I just suggested you to bring her there but you can choose not to." Seven instructed Li Xiandao.

"Since you already suggested then isn't it not good not to go?" Li Xiandao hesitated.

"We can go too, but just bring more of them. You aren't bringing her alone, or do you have other thoughts towards her?" Seven said angrily.

"But you were so sincere just now that I believed you." Li Xiandao was speechless.

"It is so dangerous for her to be alone outside. We should just ask her to come back. Moreover, she misses you, so of course, I need to take care of her."

"But she didn't say that she missed you, so you don't need to take care of her!" Seven looked at Li Xiandao and that reason made sense.

Li Xiandao laughed bitterly and he had learned a lesson this time.

As expected, life was the best teacher!

....

In front of the Great Green Mountain waterfall, Wu Xian'er looked at the Demon Frog and smiled confidently, "Done. Master has agreed and you shall meet him soon."

"Your Master is coming?" Demon Frog said with a weird expression.

"No, something will bring you over there." Wu Xian'er shook her head.

"Who is your Master?" Demon Frog was actually a little nervous.

"You will know once you meet him. Your body was sliced in half for 8,000 years and none of your friends came to help you?" Wu Xian'er didn't understand.

"My seven brothers were suppressed and only I was able to run out with half a body." Demon Frog sighed.

"You have seven other brothers? What happened? Who fought with you?" Wu Xian'er asked.

"Ancient Buddha Land's Buddhist Faction wanted to chase monster cultivators like us away for taking over their faith. Naturally, the Monster Race didn't agree and so a legendary battle occurred." Demon Frog recalled and till now he still felt terrified just thinking about it.

"You were defeated?" Wu Xian'er guessed.

"No, we won but too many people were dragged into this war. Ancient Buddha Land, Eternal Land, and also other lands were swept in and an unprecedented chaotic battle ensued. In the end, the monks from Ancient Buddha Land invited several old ancestors from the nine skies to suppress us." Demon Frog said regretfully.

They didn't lose to Ancient Buddha Land but to the monks who came from above. All of them were terrifyingly strong. Demon Frog still remembered how one of them split his body into two with one finger and even his soul was shattered.

If it wasn't for his stubborn life force he would have died long ago.

Wu Xian'er listened, "Then, do you want to take revenge and take back your half of the body?"

Demon Frog nodded. He looked up and said, "I waited 8,000 years for this chance. I don't want to prove anything but I just want to tell that monk that I will take back what is mine."

Wu Xian'er nodded, "My Master will love such a guest."

"Guest?" Demon Frog was stunned.

“Right, strong and with deep blood debt. Someone who can give up anything for your goal is a perfect guest.” Wu Xian’er evaluated.

Beep! Beep! Beep!

A watch beeped. Wu Xian’er’s eyes lit up as a red watch appeared in mid-air.

Demon Frog saw it and asked curiously, “What is this?”

“This belongs to Master. Shatter it and you can see him.” Wu Xian’er said.

Demon Frog covered it with his claw.

Kacha!

The watch shattered and Demon Frog looked at Wu Xian’er, “Where is your Master?”

Wu Xian’er waved, “You can see him soon. I also need to rush back, so goodbye!”

Demon Frog wanted to ask something but the space in front of him became dark and it was as if he had fallen into endless darkness.

Even if he was strong, in this darkness, he was unable to control himself and could only go with the flow.

Hong!

After being pushed around, his eyes lit up and he saw a giant palace in the darkness.

There was a man and a woman in front of it. The guy was wearing a mask and was really mysterious. The girl was as beautiful as a fairy and she was so beautiful that other girls would be ashamed of themselves.

“The Bank of the Universe!” Demon Frog had no interest in human girls. He looked at a stone sign to the side and on it were four words.

Bank of the Universe - Chapter 197 - Your Loyalty Is Not Enough

Chapter 197: Your Loyalty Is Not Enough

Demon Frog was dazzled. Everything he saw previously was like a mirror that had suddenly collapsed.

He appeared in a bright and golden main hall. The decorations were really elegant and there was a trading table in the middle of the hall.

There was a mysterious masked man sitting there.

And a top beauty was standing by his side.

This was Li Xiandao and Seven whom Demon Frog had seen previously.

The 100-meter tall Demon Frog's body had shrunk and he was now the size of a human. With a leap, he landed right in front of Li Xiandao.

"You are the Master of the Nine Tail Master Fox?" The Demon Frog sized up Li Xiandao and realized that he was unable to see through him. He was shocked and asked.

"Yes, the Bank of the Universe Master welcomes you, my guest!" Li Xiandao nodded his head.

"The Bank of the Universe?" Demon Frog looked at Li Xiandao with one big eye and he didn't know what this place was.

"In the Bank of the Universe, as long as you have enough treasures, you will be able to exchange for anything you want." Li Xiandao said leisurely.

"Anything?" Demon Frog stared right at Li Xiandao with his one eye.

"Right, anything!" Li Xiandao waved his hand and a chair appeared behind Demon Frog.

"Sit down. Standing for a long time will make me feel like I am bullying a handicapped person." Li Xiandao said calmly.

Demon Frog couldn't be called handicapped; he was a person on the brink of death.

Even if he managed to survive an attack, he was on his last breaths and was close to death.

Demon Frog sat down and thought about it. He stared at Li Xiandao and asked once more, "Anything?"

Li Xiandao nodded his head and said, "The prerequisite is... what price can you pay?"

"What do you mean?" His heart tightened.

"I will give you something of equal value to what you can give me." Li Xiandao answered truthfully.

"I have no physical item on me and I have lost half my body and my home. Now, I can only hide in Great Green Mountain and can't even head back into Ancient Buddha Land." Demon Frog was dejected.

He didn't know what he could take out to exchange.

"You are too humble. You still have many treasures." Li Xiandao waved his hand.

"How do you not know that?" Demon Frog said with a weird expression.

"Your lifespan... you are a monster and your lifespan is much longer than a human's!" Li Xiandao raised one finger.

"Your talent. It is quite unbelievable for one frog to cultivate to such a realm. That is also a treasure of yours!" Li Xiandao raised his second finger.

Demon Frog was just an ordinary frog but to reach Legend 33rd Stage 8,000 years ago, that meant that he was a legend, which was why Li Xiandao wanted his talent too.

"Also, you can use your loyalty to exchange for what you want." Li Xiandao raised his third finger.

Demon Frog swallowed his saliva and said, "Are you thinking about dissecting me?"

Li Xiandao laughed and raised his fourth finger, "I also want your soul, so I can use it too."

"Your cultivation, that immense strength can also be used." Li Xiandao raised his fifth finger.

Demon Frog felt a shiver down his spine as Li Xiandao sliced him open and took him apart bit by bit.

"I want you to help me return to Ancient Buddha Land and collect the other half of my body and save my brothers. Then, I will destroy Ancient Buddha Land's Dalin Temple!" Demon Frog stated his request.

Li Xiandao listened. He had many requests, so he asked, "What can you give me?"

"My loyalty!" Demon Frog was very smart. He knew why Wu Xian'er called Li Xiandao her Master. She had definitely paid her loyalty.

Demon Frog didn't care about loyalty. Moreover, if he paid his loyalty, then they would be on the same side.

Since they were on the same side, then he would have to help him.

His loyalty not only protected himself, but he also gained Li Xiandao's support.

Demon Frog's cultivation had gotten so high not only because of his own skill but because of his intelligence too.

Li Xiandao shook his head and rejected, "Your loyalty is only enough for me to help you get half your body back. It will also happen in 10 years. As for the others, it is not enough!"

Li Xiandao didn't have many people under him but he did have a few. He didn't need the loyalty of other people.

His loyalty for Li Xiandao attacking Dalin Temple... Li Xiandao wasn't so dumb to agree to this.

"Then, what do you need?" Demon Frog sighed. Since Li Xiandao didn't fall for it, then this would be slightly problematic.

"Do you still have such a high goal?" Li Xiandao asked.

Apart from Demon Frog's own body, the Demon Frog had nothing else. Li Xiandao wouldn't fight Ancient Buddha Land's Dalin Temple just for him.

"Right!" Demon Frog nodded his head firmly.

"Then, I am sorry. Even if you dissected yourself, it would only be enough for me to take the other half of your body." Li Xiandao said regretfully.

"Am I just so useless?" Demon Frog asked with an ugly expression.

"It is already not bad that you can exchange for half your body. What else do you want?" Li Xiandao asked.

"Let me think about how I can be valuable." Demon Frog started to think.

Li Xiandao looked on at him silently and didn't have too much hope.

He had hid in Great Green Mountain for 8,000 years and didn't show himself, so what other trump card could he have?

Demon Frog thought about it. What other advantages did he have?

Treasures?

The monk from the Nine Skies shattered it!

Spiritual mountain manor?

The monk occupied it!

Treasures?

All of which were used up in that battle!

Finished. Demon Frog realized that he really was poor.

“Have you thought about it?” Li Xiandao asked.

Demon Frog’s face was bitter, “I have one last thing that should be worth it. ”

Li Xiandao said in disbelief, “Go ahead!”

“My life as well as the lives of my seven brothers all belong to you!” The Demon Frog said solemnly.

Li Xiandao wasn’t touched. “They won’t agree.”

“I am their big brother and we are connected by blood. Since I am trying to save them, they have to agree.” Demon Frog said firmly. This was to save the seven of them.

“If the seven of them aren’t strong, then it will still be useless.” Li Xiandao said calmly.

“All of us are at Legend Stage 33. We are just a bit away from entering the Nine Skies.” Demon Frog said.

Li Xiandao was touched.

“Moreover, I just need you to save them and not fight with Dalin Temple.” Demon Frog chose to save his brothers and gave up on fighting against Dalin Temple.

Li Xiandao’s eyes lit up and he raised his thumb, “Seven, prepare the contract!”

Seven took out a contract and passed it to Li Xiandao.

Li Xiandao passed the contract and a brush to Demon Frog. “Sign it and the contract will immediately come into effect.”

Demon Frog looked at the words on the contract and occasionally he would frown. "Why do we need to wait for a period of time before we can head to Ancient Buddha Land?"

Li Xiandao said, "That is because we haven't solved all our matters in Eternal Land!"

In truth, Li Xiandao wanted to give himself and his men a period of time to cultivate and strengthen themselves.

Ancient Buddha Land's Dalin Temple could defeat Demon Frog and his seven brothers which showed how strong they were. Li Xiandao didn't have the confidence now, so he wanted to wait a little.

Of course, he couldn't tell that to Demon Frog.

"You have already waited for 8,000 years, so what is one and a half more!" Li Xiandao said calmly.

That did make sense. Since he could wait for so long, he could wait a while longer.

He looked at the contract carefully and decided to sign it

Chapter 198: Qingcheng Mountain

After Demon Frog signed the contract, Li Xiandao kept it and said, "Once I complete Eternal Land matters, I shall save your brother and you right away. You can return to Great Green Mountain to wait. You won't have to wait for too long."

Demon Frog hesitated, "You must be quick. My few brothers are suffering badly."

Li Xiandao nodded his head and said, "Don't worry, with the contract here, we will abide by it strictly."

Only then did Demon Frog relax. Then, he got up and left.

"Remember, from now onwards you belong to me. Take care of yourself as any loss and injury is my loss too." Li Xiandao stood up and said.

Demon Frog opened his mouth. Selling himself just didn't feel good.

But to save his brothers, he had to do that.

"Understood Master!" Demon Frog said solemnly. He turned around and jumped, totally disappearing without a trace.

Li Xiandao watched as he left and muttered, "I need to become stronger, otherwise, this will be tough to handle."

Li Xiandao had just entered Legend Realm and compared to someone at the 33rd stage, the gap was a little huge.

Li Xiandao was really wary towards Dalin Temple who could suppress seven at stage 33 of Legend Realm and slash Demon Frog's body into half.

"Seven, I am heading to cultivate!" Li Xiandao passed the contract to Seven while he headed towards the mountain behind Legacy Hall.

Here, Li Xiandao started his suicide journey once more.

When all their cultivations rose to Legend Realm, Li Xiandao obviously was no match for War God Zhao Wuji, Sword God, the priest, or Zhong Baishen.

This was because they had been immersed in this realm for a very long time while Li Xiandao had just entered.

Each time they fought, Li Xiandao's body would be pierced by Zhao Wuji's spear, slashed by Sword God's sword, crushed by the priest, and suppressed by Zhong Baishen...

Fortunately, they were in the Bank of the Universe and Li Xiandao couldn't die.

But that didn't mean that it didn't hurt.

Li Xiandao felt intense pain!

Each death caused bone-deep pain which sometimes even reached into his soul.

But Li Xiandao took it head on. He was expressionless even under all that pain; it was as if he didn't care about the pain at all.

Only Li Xiandao himself knew that he would rather bear with the pain and fight than stop.

He came into this world with no talent and his life was in the hands of others. Just thinking about how frustrating and helpless he was, Li Xiandao felt that even if he died 100 times now, it was much better than before.

After changing his talent, Li Xiandao finally got onto the right path. He had to seize the opportunity.

Talent could decide his base but hard work and discipline would define his upper limit.

Li Xiandao would comprehend each dead, to study the sword, spear, taoist and confucian skill, etc...

Each comprehension would give him a different feeling.

After this round, Li Xiandao's comprehension of the Dao would further deepen.

This time he didn't rest and continued once more.

Of course, since he agreed to find the priest once every three days, Li Xiandao didn't continue to find him.

....

While Li Xiandao was trying his best to get stronger, the people he interacted with continued on with their own lives.

Tian Ya's parents brought her away from the Feather Transformation God Dynasty. They wanted to avoid all danger and allow their daughter to grow up.

Once they left Feather Transformation God Dynasty, no one would take revenge on them. Tian Heng had spent 10 years of his life killing people and he was sick of being on the run. He just wanted to hug his wife, causing his daughter to be filial toward his old father!

This whole family was reunited. On the other side, the Northern Region Lord was not so lucky.

The Feather Transformation God Dynasty's dragon vein was stolen!

The Feather Transformation God Dynasty's old ancestor was killed!

The Feather Transformation God Dynasty's crown prince was killed on the spot!

But that wasn't important. When one died, another would be chosen. In just a day, Emperor Tianqi announced that the next crown prince would be selected from his great-grandson's generation!

Everyone who met the requirements was really emotional. Their whole families would step up to support their own family members in the hopes that they would be selected.

The entire Feather Transformation God Dynasty didn't go into chaos because of the death of a god ancestor and their crown prince.

Instead, they were all immersed in the selection of the crown prince.

The people were all really interested in the news and knew very little about the lost dragon vein.

This was also because Emperor Tianqi was hiding the stories to prevent the matter from festering and shaking the foundations of the country.

It was the truth that the dragon vein had been lost and he just had to accept that.

Emperor Tianqi was furious but that was only just temporary. He was a determined Emperor and immediately shattered his nine dragon chair, to release the small dragon vein. He placed it where the original dragon vein was.

They would slowly nurture and raise it!

The dragon throne lasted for 30,000 years and many emperors had come and gone. The chair had much of the Feather Transformation God Dynasty's dragon vein aura on it and a dragon soul had been born.

Although it was small, it was still better than nothing. Since one wasn't enough, they had nine here.

If they nurtured them for a few hundred years, naturally they would naturally. Although they weren't as strong as they were at the peak, they could still help to stabilize the Feather Transformation God Dynasty.

One had to say that Emperor Tianqi was really skilled and determined. These two huge matters were solved just like that.

As for the death of Taizhong and the Empress, no one knew about it, so Tianqi wasn't going to reveal it. He decided to act like nothing happened and let things just pass.

Northern Region Lord was far in the north and when he learned about all this, all the dust had settled.

Northern Region Lord sighed regretfully, "Why wasn't that person the one who died?"

If that old man in his family died, then he wouldn't need to personally kill his own father.

But unfortunately, his father was hiding in the famous Taoist Qingcheng Mountain where he would spend the last days of his life.

For the first half of his life, after the Emperor and the Empress enjoyed vast power, he passed the seat to the current emperor Tianqi. Then, he stopped caring; he went around playing with women and touring the land.

Even Emperor Tianqi envied his father.

He threw the throne to him when he was at his peak and played for a few thousand years. When his body was old, he moved to Qingcheng Mountain and started to cultivate.

Emperor Tianqi couldn't give up the power. 10,000 years had passed and he still didn't give up the throne. He survived through 5 crown princes and the sixth one was about to be welcomed.

North!

The Northern Region Lord had many thoughts in his mind. After thinking for a while, he decided to head towards Qingcheng Mountain at night.

He was going to meet his own father.

No matter what, his father was the one who destroyed his life.

The Northern Region Lord had to see him.

When he was angry, he really wanted to kill his father.

Now, he still had such a thought.

But he decided to have a good chat with his father.

Qingcheng Mountain was a famous mountain and there were many monks cultivating there. There weren't many disciples, only around 100 of them. They didn't promote themselves and everything went with the flow.

The old emperor came here 3,000 years ago to cultivate.

During these 3,000 years, the Northern Region Lord had come three times!

His relationship with his father wasn't good and this was the 4th time he had come.

The moment he arrived, Northern Region Lord received some news.

"The old emperor is about to die!"

His lifespan limit was here!

Northern Region Lord was stunned. His father was about to die before he even had time to kill him.

Chapter 199: I Am Going To Kill Someone

When he came, the Northern Region Lord was still wondering why his father wasn't dead.

But now when he heard that his father was about to die, the Northern Region Lord had a different feeling.

It wasn't sympathy!

It wasn't sadness!

The Northern Region Lord had only come to see him three times over 3,000 years, so there was no so-called sympathy or sadness.

It was just really complicated!

After all, this was his biological father!

"Bring me over." The Northern Region Lord said to the priest.

The priest immediately brought the Northern Region Lord over.

A Taoist Temple was built on the tall spine of Qingcheng Mountain. There was a bridge on the cloud ocean and there was a tripod that was built on the peak which absorbed the energy from the sun and moon...

The Taoists on the Qingcheng Mountain really were proper Taoists and they didn't come into contact with worldly matters.

They spent their time doing their own things and were unrestrained by others and the world.

Some of them were really strong but they still continued with such lives. They didn't compete with others and didn't brag about their skills. That was what gave Qingcheng Mountain a thread of otherworldliness to it.

That year, the old emperor went out for a few thousand years and had fun with so many women that he hurt his own body.

Someone at Countless Sands actually spoiled his own body from too much fun. That was just a joke.

Moreover, this joke came from the royal family, the previous emperor.

After Emperor Tianqi found out about this, he was furious. This father really gave him a huge headache.

Emperor Tianqi wanted to send him over to Northern Region Lord but he rejected him.

Originally, the Northern Region Lord wanted to so he could gain a good reputation for it but when he found out that his father was a pervert... Who knew what nonsense he would do if he came to the north?

Would he stop him?

Or would he just look the other way?

Or would he let him do what he wanted?

The moment Northern Region Lord thought about it, he felt his head hurt.

This was why he suggested sending him over to Qingcheng Mountain to heal up. They were also not going to allow him to leave.

When Emperor Tianqi received that suggestion, he agreed right away. He agreed with his brother and sent his unwilling father over to Qingcheng Mountain.

Everyone said that it was he himself who wanted to enter Qingcheng Mountain. However, that was just something that Emperor Tianqi falsified to protect his reputation.

For a pervert to enter a Taoist mountain and never be let down, to grow old and die here, that was a huge struggle for the old emperor.

But the priests didn't care about him. Anyway, his body had already been trashed and if he went down the mountain, he could fall to his own death and be attacked by beasts or bitten by poisonous snakes.

The old emperor was a coward, so he gave up and stayed at Qingcheng Mountain.

When the Northern Region Lord thought about the pain that he had gone through, he couldn't help but laugh.

But he was afraid that the priest would find it weird, so he used his energy to seal his own laughter.

The mountain peak was covered in white snow and surrounded by clouds. The red dusk sun turned this place into a flaming ocean.

It was so stunning.

There was a Taoist temple here. It wasn't huge and there were only a few houses.

The priest said, "Northern Region Lord, the emperor is inside. My master said that he is coming to the end of his life and that celestials won't be able to save him. Go take a look, once he passes, you can either bring him away or bury him here."

Northern Region Lord nodded, "Thank you."

He smiled and left.

The priests in Qingcheng Mountain didn't care about fame or money. When he saw the Northern Region Lord, they just sent the young priest to welcome him. Unless it was needed, the chief priest wouldn't appear.

Creak!

The Northern Region Lord pushed open the door and walked in.

In the past, the strong, energetic, and charmingly dressed old emperor was now all dried up. His hair was all gone and his face was covered in spots. He was thin and shriveled up.

He laid on the bed and was unable to move at all. One could only hear weak breathing sounds from him.

He didn't even notice that the Northern Region Lord had entered.

The Northern Region Lord realized that the stubborn, perverted, and casual father of his was really about to die.

The expressionless Northern Region Lord injected thick True Qi to activate his final bit of life force.

That final bit of energy before death!

The old emperor opened his eyes and saw the Northern Region Lord. He was stunned. Like a drowning person seeing hope, he grabbed his arm tightly, "Son, please bring me back to the God Capital and find the best medicine and herbs to save me. I don't want to die!"

"I can't save you." Northern Region Lord said coldly.

"What kind of attitude is that?" The old emperor was furious and chided.

"Do you want to kill me?"

“Haven’t I treated you well? I wanted to pass the throne to you but you didn’t want it.” After he chided him, he started to talk about their close relationship.

He just didn’t want to die.

The Northern Region Lord shook his head. “Stop struggling and let’s talk nicely. I have activated all of your life force and this is your final breath. Once it passes, you will also pass.”

The old emperor was stunned. He laid on his bed in despair and muttered, “So unfilial. Both you and your brother are so unfilial, actually locking me in this deep mountain for 3,000 years. You two have forced me to death.”

The Northern Region Lord looked on quietly and allowed the old emperor to scold him without arguing back.

Instead, he was really curious. Would people like him not know how to reflect?

When they were about to die wouldn’t they think back on their lives?

He only knew how to blame others? Did he think that the whole world revolved around him?

The old emperor was such a person. Even when he was about to die he was still grumbling and blaming, even cursing others.

On this night, the wind and snow added to each other and lowered the temperature.

In the room, the old emperor scolded the Northern Region Lord and Emperor Tianqi for a whole night until he swallowed his last breath.

The Northern Region Lord was scolded for a whole night. Especially for the few minutes before he died, the old emperor was like the biggest demon in the world, his extremely toxic curses reverberated throughout. Many of them were things that the Northern Region Lord had never heard of in his entire life.

On that night, he completely understood.

The Northern Region Lord knew how stubborn and evil a person could be.

Not only him, but even Emperor Tianqi was scolded. Luckily, he wasn’t here, otherwise, with Emperor Tianqi’s temper, he would send him on his way.

The Northern Region Lord didn’t reply and allowed his father to scold him. In truth, at the last moment, the old emperor wasn’t thinking anymore and was just instinctively scolding people.

When the light shone in and the clouds bellowed, the Northern Region Lord stood up and walked out expressionlessly. When he looked at the rising sun, he felt really relaxed, like he could accept anything in the world.

“I am finally breaking through!” Northern Region Lord said calmly.

He sat in the room and had been scolded for a full night. However, that solved the biggest problem in his heart.

His father, the person who gave him life, was trash. How could he be angry because of a piece of trash?

The trash was dead and the world had one less problem. That was a good thing.

His depressed heart was suddenly free and he saw the beauty of this ending. He stepped forwards.

Hong!

With one step, the Northern Region Lord broke through to Legend Realm!

Chapter 200: I'm Going To Kill Someone (2)

The Northern Region Lord's cultivation had always been low!

In the past, his cultivation was only at Transcendent Realm but Emperor Tianqi still allowed him to defend the north for a few thousand years!

Everyone said that it was because Tianqi was being kind and treating his brother well.

Some said that it was because the Northern Region Lord had such an amazing father in law which meant that Emperor Tianqi had to treat him well.

In truth, even the Northern Region Lord's wife felt that way!

The Northern Region Lord was in charge of the north because her father was strong!

Without her father, what right did the Northern Region Lord have to defend the north?

With his small bit of cultivation?

This was why during the few thousand years there, the Northern Region Lord seized power. The Northern Region Lord was labelled after the north, but in truth, his wife was the one who was in charge.

The Northern Region Lord didn't care. He kept silent and didn't say anything to the outside world. He gave his arrogant wife silent treatment and as long as his bottom line wasn't crossed, he would act like he didn't see anything.

During these years, the Northern Region Lord had been cultivating an ancient technique.

Even Li Xiandao's Slaying the Heavens couldn't be compared to this.

The Great Dao Treasure Bottle condensed the Dao into a treasure bottle. If one succeeded, one's strength would be unbelievably terrifying.

But before he succeeded, his cultivation wouldn't improve at all.

The Northern Region Lord started cultivating Great Dao Treasure Bottle at Transcendent Realm. Over these years, he filled up the entire bottle and was just one step away.

That final step was regarding Ling Ren!

Ling Ren left a huge hole in his heart, a hole that he couldn't fill.

The hole left the Northern Region Lord damaged. Otherwise, with his talents, he would have been able to enter Legend Realm a long time ago.

After going through Qiu Bai... after going through his father's death.... after all that scolding, the Northern Region Lord had finally gotten over all of it.

This was the first time he felt so delighted seeing the sunrise!

He looked as the cloud ocean rolled in front of him. He looked at the bright sun and at the snow falling down. He watched as the grass pushed the snow aside.

The Northern Region Lord also accepted what happened. At this moment, he saw through everything that had happened.

Ling Ren's position in his heart became dimmer and dimmer while Qiu Bai's image became deeper.

After entering Legend Realm in one step, the Northern Region Lord took in a deep breath. He exhaled a colorful mist. His eyes were really sharp and he could even see small bugs drilling out from the dirt.

All of this caused the Northern Region Lord's power to increase swiftly.

At this moment, the small priest who led the way for him asked, "Northern Region Lord, my master wanted me to ask you what to do with the old emperor's corpse?"

The Northern Region Lord retracted his aura and walked down slowly. "Just bury him here. Don't worry about the stone stele; you can just cover him in dirt."

The death of the old emperor would cause an uproar in the Feather Transformation God Dynasty. After all, he was the father of Emperor Tianqi. Emperor Tianqi would want to be filial and put on a show for everyone in the world.

After dealing with the God Capital matter, Emperor Tianqi was already really tired. The Northern Region Lord didn't want the old emperor's death to make things worse.

Moreover, he had spent 3,000 years in Qingcheng Mountain and people had stopped paying attention to him. Even if they announced his death in 1,000 years or if they never announced it in the future, no one would care.

The Northern Region Lord cared about Emperor Tianqi, so he decided to bury him on the spot.

"Okay. Then, Northern Region Lord, where are you heading?" The small priest asked curiously, "Shouldn't you be here by the tomb?"

"I am going to kill someone!" The Northern Region Lord waved his hand calmly and got off the mountain.

....

Kill!

Kill who?

The person who the Northern Region Lord hated the most!

Apart from his father, the person that Northern Region Lord hated the most was his father in law.

Overlord Blade Old Master Chen!

He had a bandit-like name, a cross-grained face, and an overbearing nature. This was the Northern Region Lord's father in law.

Legend Realm!

The overbearing Old Master Chen came from the mountains and was the old emperor's good friend. He obtained an ancient demon blade and cultivated a really strong blade technique.

He killed people as easy as cutting through vegetables; he sliced right through them.

Old Master Chen was called Boss Chen when he was young. He was invited by the old emperor to be his bodyguard. He gave birth to a daughter who was really beautiful and thus many suspected whether or not he was the real father.

At that time, the Northern Region Lord was the biggest competitor for the throne and many said that he was definitely going to be the one.

The old emperor also wanted him to take over, so Old Master Chen begged the Emperor to marry his daughter to the Northern Region Lord.

The Northern Region Lord rejected and didn't want to accept it. For her to marry him now was obviously with ill intentions.

She was only doing it for the position!

But the old emperor gave the decree, so he forced the Northern Region Lord into his wedding dress and in front of all the guests, used his Legend Realm aura to suppress him to marry her.

This was a huge insult for the Northern Region Lord!

10,000 years ago, the Northern Region Lord had low cultivation and couldn't do anything.

It was like rape. Since he couldn't block it, he could enjoy it?

But the Northern Region Lord didn't want to.

On the second day, he sent a letter to recommend his brother to become the crown prince and that he was willing to become a lord.

This infuriated Old Master Chen and his daughter.

The throne was passed on just like that?

If he was not the prince, with Old Master Chen's temper, he would have killed the Northern Region Lord right away.

Emperor Tianqi also didn't expect the Northern Region Lord to do that. He was so touched and stepped out to recommend himself.

He was not a humble person!

Emperor Tianqi wanted power and Northern Region Lord knew that which was why he gave the position to him.

Their relationship was very good and it was also why Emperor Tianqi passed the north to him even when he was at Transcendent Realm.

It was not because of Old Master Chen but because he was Emperor Tianqi's only brother.

At this moment, the Northern Region Lord, who had broken through, wanted to kill Old Master Chen to take revenge for that humiliation.

Being forced to marry someone was the greatest humiliation the Northern Region Lord had felt in his entire life.

Old Master Chen had to die.

Not only this fake father in law, but even if the old emperor was resurrected, given how much he hated them, he would still kill them two.

After heading down Qingcheng Mountain, the Northern Region Lord headed right to the north.

Old Master Chen had recently come to see his daughter and was resting in the city.

The Northern Region Lord wasn't afraid of anything. He rushed over with his aura on full flow. Like a mountain, he hollered, "Overlord Blade, come out and prepare to die!"

Explosion!

Legend Realm aura suppressed everyone in the city and made it really unbearable. When they looked up and realized that it was the Northern Region Lord, they were all shocked.

In the northern city, a beautiful courtyard, a white-haired ugly looking old man squinted. He said in rage, "It seems like the hatred he has for my daughter and I can't be solved."

"Then, I will kill him and be a widow. The north is mine and not his." A vicious-looking woman hollered. She felt grievances coming from the depths of her heart.

"Okay, then I will go kill him!" Overlord Blade Old Master Chen held a giant blade and charged into the sky.
