

Bank of the Universe

Chapter 301: Boundless Realm

Feng Jiuer cleared out Gold Family's treasury and left with all the treasures.

Even after three days, the Gold Family didn't notice that there was one person left and that their treasury had been robbed.

This was because they didn't expect that a 12-year-old crazy girl would be able to open the entrance to the treasury.

This was an entrance that could only be opened with the help of 12 elders working together.

But Feng Jiuer had opened it just like that.

This was because the Gold Family underestimated her bloodline purity.

Bringing away her treasures and 1,000 top-grade Spiritual Energy Dragon Veins, Feng Jiuer started her own cultivation journey.

She had thick bloodline purity, so the rate at which she cultivated was extremely quick. Now with so many treasures, she was much quicker.

If Li Xiandao didn't need the Spiritual Energy Dragon Veins, her cultivation speed would have been even quicker. She could have swallowed them up to improve herself.

After leaving the Gold Family, Feng Jiuer didn't flee aimlessly. She had a clear goal which was to head to where Cold Moon Sky had the most Spiritual Energy Dragon Veins to help Master collect them.

Master needed 10,000 Spiritual Energy Dragon Veins and she only had 1,000. She was far away from the goal.

Feng Jiuer cherished the mission that Li Xiandao gave her and she wanted to complete it perfectly.

This was why she headed to the central area of Cold Moon Sky, Celestial Pond!

This was a wide pond that was considered the center of Cold Moon Sky. There were once fairies who came down to bathe here which was why they called it the Celestial Pond.

Located above Heaven Mountain, the Celestial Pond was huge. Snow accumulated around it throughout the year and the scenery was beautiful.

Heaven Mountain was a giant mountain range that spanned seven cities. Tens of millions of civilians lived around Heaven Mountain.

There was an old monster living inside. There were also pond monsters and as well as an old man who was invincible over Nine Skies and Ten Lands.

Anyway, there were numerous legends regarding the pond.

Feng Jiuer wanted to head there not because of the legend but because of the Spiritual Energy Dragon Veins nearby.

“Legend has it that there are 100,000 dragons under the mountain range there. Is this true?” Feng Jiuer thought about it.

She spent these few years in a daze and there were only a few days when she was actually awake. But she made use of every second to read and improve herself. As such, she knew a lot about Cold Moon Sky.

Legend had it that Heaven Mountain had 100,000 dragons under it. These 100,000 true dragons referred to 100,000 top quality Spiritual Energy Dragon Veins.

Many factions targetted Heaven Mountain but they couldn't take it down because it was not a place where one party could swallow.

This was also why Heaven Mountain didn't have an owner. Everyone entered based on their skills and their riches were based on destiny.

Even if the 100,000 true dragons were fake, if there were 10,000 he could at least try to get them.

Feng Jiuer rushed while improving herself.

She easily broke through Legend Realm.

She basically passed four stages in one day.

After seven to eight days, she reached Grotto-Heaven Realm!

She was just so quick.

The price was the accumulated treasures of the Gold Family. A few hundred years of treasures were reducing at a visible rate.

Feng Jiuer showed how one wouldn't feel heartpained when using something that didn't belong to them.

All sorts of treasures, items, pills, liquids...

She swallowed all of them into her stomach and then used her spiritual flames to replenish her whole body.

If others did that, in just a few moments, their bodies would have exploded.

But Feng Jiuer didn't consider that. Her body would never run out of energy.

She would eat everything that got to improve and fill up her whole body. She increased her cultivation and also burned the excess fat.

Feng Jiuer's cultivation jumped each day while her weight lowered.

After a month, Feng Jiuer finally arrived near Heaven Mountain. She was a top beauty and wasn't that small ball-like little girl.

Her cultivation also officially broke past Grotto-Heaven Realm.

She fully relied on the Gold Family's resources to improve.

The more infuriating thing was that after eating it, there were no problems. Instead, it increased her blood purity and increased her potential.

Maybe it was compensation given to her by the heavens. She had been crazy for 12 years and suffered enough pain in the world. She was finally able to taste the sweetness of the world.

Li Xiandao was really envious of her cultivation speed.

Within the Bank of the Universe, Li Xiandao and Seven sat next to one another.

In front of him were the scenes of Feng Jiuer improving swiftly.

When Li Xiandao saw this, he couldn't help but cough, "This might be a gift for her from the heavens."

"Right, the things she ate had no side effects at all. I'm so jealous." Seven nodded and agreed.

“She broke through to Boundless Realm so quickly.” Li Xiandao said.

He was still at Stage Ten Grotto-Heaven Realm and didn’t reach the next realm.

Boundless!

Boundless ocean, boundless world, boundless spiritual energy, and boundless Dao...

Boundless was a noun. It was the realm after Grotto-Heaven Realm.

When one reached the Boundless Realm, they would be considered strong in the Nine Skies and have the ability to protect themselves. They would be able to cross the Nine Skies and expand their horizons.

Of course, this didn’t mean that people at Grotto-Heaven Realm couldn’t cross worlds but that it was dangerous. It was safer at Boundless Realm.

“You can’t reach Boundless realm yet?” Seven asked.

Li Xiandao said regretfully, “Not yet!”

“Why?” Seven didn’t understand.

“It is easy for you to beat people at Boundless Realm, right?” Seven added.

“Of course, I made the Ten Lands into my 10 Grotto-Heavens and contained them in my body. That means that each strike of mine equals the strength of a world. Naturally, people at Boundless Realm can’t block it.” Li Xiandao said proudly.

Boundless Realm was strong, but against Li Xiandao, he could still crush them.

“Then, why not break through?” Seven looked at Li Xiandao with a weird expression.

“Ten Lands is strong. But similarly, the enormous energy from the 10 Grotto-Heavens made me stuck in this realm. I need to comprehend more about the Dao and absorb more energy to break through.” Li Xiandao added. He wasn’t too anxious now.

Boundless Realm wasn’t a problem for him. The most important thing was to maximize the use of the 10 Grotto-Heavens.

The stronger Li Xiandao’s 10 Grotto-Heavens were decided how strong his energy was. That enormous energy couldn’t be absorbed in a short amount of time.

Only by fully containing them in his body could Li Xiandao cross into Boundless Realm.

“There is no need to worry. I will head to Legacy Hall and find those ghosts to train. I still haven’t absorbed many of their Dao attainments.” Li Xiandao suddenly thought about the priest, Zhao Wuji, Sword God, and Zhao Wuji.

It was time to spend some time with them.

Without breaking through to Boundless Realm, Li Xiandao wouldn’t head down the mountain!

Chapter 302: Not Even One Drop

Li Xiandao walked towards the mountain behind Legacy Hall. He passed Zhao Wuji’s tomb and knocked on the tombstone, “Brother, let’s spar.”

Zhao Wuji ignored Li Xiandao.

Li Xiandao didn’t stop and continued to knock the tombstone.

Dong dong dong!

A helpless sigh spread out from the coffin under the tombstone.

“Bring it on!” Zhao Wuji came out in the end. After all, he was in Li Xiandao’s territory and he had to give him some face.

Hong!

A spear pierced through the sky and shot over like a meteor, landing in front of Li Xiandao.

This was the Dao Attainment of someone in Grotto-Heaven Realm!

This spear was really ferocious, but when it struck Li Xiandao’s body, there wasn’t anything strong about it.

This was because Li Xiandao had 10 huge Grotto-Heavens behind him, 10 huge worlds. He used their full strength to block this strike.

Like a dirt cow entering an ocean!

This strike didn’t cause many ripples when it struck Li Xiandao’s body as it was blocked by his 10 Grotto-Heavens.

“The Grotto-Heaven Realm Dao Attainments you are using are of no use against me.” Li Xiandao said truthfully.

Zhao Wuji was annoyed, “You are a sick person!”

His spear shook viciously, turning into millions of spear shadows. Each strike seemed very real.

In truth, each strike was real.

This flick of the wrist that produced millions of spear shadows might have seemed illusionary and confusing to someone from Dao Pursuing Realm, but Zhao Wuji didn't care about such fancy stuff. All of his spear shadows were real.

This was the Dao Attainment of someone at Boundless Realm!

This referred to the boundless Dao.

Li Xiandao blinked as he thought about it. He comprehended it and then clenched his hands together and swung it forwards.

Hong!

This strike was like an ocean smashing into magma, exuding a blistering heat. Li Xiandao's strike utilized the terrifying power of the 10 Grotto-Heavens. This explosion in power caught one off guard.

Zhao Wuji didn't expect Li Xiandao's 10 Grotto-Heavens to be so terrifying. This strike came from the 10 worlds and smashed into his spear.

All the spear techniques weren't able to block the 10 Grotto-Heavens. Zhao Wuji's body was instantly flung back by Li Xiandao.

“You are just sick!!!!” Zhao Wuji cursed. He climbed up and wiped off the dust from his body. Although he was already dead, he couldn't allow himself to be humiliated like this, right?

He was at Grotto-Heaven Realm and he used Boundless Realm power, but in the blink of an eye, he was swung back.

What was going on?

Boundless Realm couldn't beat someone at Grotto-Heaven Realm?

“The Dao Attainment you used has taught me a lot. You can continue using it.” Li Xiandao was excited but because of the mask, Zhao Wuji couldn’t see it and just felt like Li Xiandao was mocking him.

“I will definitely show you how strong my spear is today.” Zhao Wuji laid down the gauntlet and raised his cultivation and Dao Attainment to the peak of Boundless Realm.

He just didn’t believe that relying on his Boundless Realm peak power that he still couldn’t take down Li Xiandao, who was just at Grotto-Heaven Realm.

Li Xiandao looked at his proactive strike and said, “Then, use all of your strength and defeat me.”

Explosion!

Zhao Wuji’s spear technique and Dao skills were used. Boundless Realm’s Dao Attainment scattered and his spear danced. It was like a true dragon giving off an enormous aura before entering an ocean.

And then Li Xiandao destroyed it and skinned it alive.

Li Xiandao used Zhao Wuji’s power, Dao Attainment, and techniques to train his 10 Grotto-Heavens, to nourish it. Each fist and kick used, each elbow strike, each up-close attack used the power of one Grotto-Heaven.

It was so terrifying that Zhao Wuji felt like his spear was just powerless. He was totally defeated.

Li Xiandao’s fists were like lightning smashing down. After the 10 Grotto-Heavens clashed with the spear, a huge force was formed.

Peng!

Zhao Wuji’s body turned illusionary from the beating.

He retreated a few dozen meters before stopping.

“Stop!” Li Xiandao wanted to continue but Zhao Wuji raised his hands and gritted his teeth.

If they didn’t stop, his body would turn to dust and he would scatter.

Li Xiandao stopped and frowned, “Let’s continue. I learned a lot from your technique and now my 10 Grotto-Heavens are working much better, but they are still not perfect. Let’s continue to work hard to allow my 10 Grotto-Heavens reach the perfect stage.”

Perfection of the 10 Grotto-Heavens would occur Li Xiandao stepped into Boundless Realm.

“Let me off please!” Zhao Wuji pointed at his body and said tragically, “I am already so old and have been dead for 10,000 years ago. I am barely living, relying on this small bit of my soul. I really can’t beat you unless I use strength above Boundless Realm. But then I will be suppressing you using realm and cultivation.”

“You are fighting me at Boundless Realm now and you’re also using realm and cultivation to suppress me.” Li Xiandao said truthfully.

“I can’t crush you even when I am one realm higher. If I continue to raise my realm, do you think I would be so shameless?” Zhao Wuji was annoyed. He was also an expert and cared about pride.

“You aren’t going to try?” Li Xiandao frowned.

“No, no. I admit defeat. You are more amazing than me. Go find that Sword God.” Zhao Wuji pushed the responsibility away.

“That Sword God is suitable for you as both of you use swords. You can have a good chat and I won’t join in. I will continue sleeping.” Zhao Wuji laid in the coffin after he finished and didn’t move at all.

Li Xiandao lived regretfully and headed to find Sword God.

When Sword God heard that he could use Boundless Realm strength and Dao Attainment, he was delighted. Now, he would be able to teach Li Xiandao a lesson.

But the outcome was that Li Xiandao beat him viciously. A few successive defeats caused Sword God to be dejected.

No matter what sword moves or Dao Attainments he used, Li Xiandao was able to perfectly replicate it and then perfect it. He would make it into his own Dao Attainments and counter Sword God with it.

This time, Li Xiandao learned his mistake and didn’t attack Sword God with the 10 Grotto-Heavens right away in case he laid in his coffin like Zhao Wuji had.

Only when Li Xiandao totally understood Sword God’s Dao at Boundless Realm did he use the strength of the 10 Grotto-Heavens to strike him away.

“You...” Sword God looked at Li Xiandao in shock.

“What?” Li Xiandao innocently raised his hands.

“You had such terrifying power, so why didn’t you use it?” Sword God was frustrated.

“If I had used it, then you wouldn’t have fought me so fervently.” Li Xiandao said truthfully.

Sword God only felt blood rising up in his mouth. He was so frustrated that he just wanted to die.

“I am leaving to find the priest.” Li Xiandao said goodbye to Sword God.

After the priest saw Li Xiandao, his body shook, “I don’t have any Dao Attainments at all.”

“I don’t want your Grotto-Heaven Realm Dao Attainment but your Boundless Realm one.” Li Xiandao said.

The priest’s face froze!

Chapter 303: One Bet

In the end, the priest was sucked dry by Li Xiandao.

Li Xiandao fully understood the Boundless Realm Dao Attainments and made them his own. They entered his body and filled every muscle.

But Li Xiandao’s Ten Land Grotto-Heavens weren’t fully completed which made him feel really helpless.

He had sucked dry Zhao Wuji, Sword God, and the priest consecutively, but they still weren’t able to complete his Ten Lands Grotto-Heaven.

From that, one could see how enormous his Ten Lands Grotto-Heaven was.

Immeasurable!

If one gave any random person one percent of Zhao Wuji’s Boundless Realm Dao Attainments, they would be able to break through to Boundless Realm.

But over on Li Xiandao’s side, Zhao Wuji, Sword God, and the priest failed to complete Li Xiandao’s Dao much less break through.

Li Xiandao could only place his hopes on the last person.

Zhong Baishen!

An amazing scholar who once had a strong presence too. But as time passed, everything recorded about him disappeared in the rivers of time.

Zhong Baishen was just another dead person in the Bank of the Universe.

A sliver of his soul was left in the Bank of the Universe, keeping him alive. If he left, he would be dead within an hour.

There were many such people on the Legacy Hall mountain peak.

Li Xiandao found Zhong Baishen to spar and comprehend the Dao.

Zhong Baishen knew that he couldn't reject the offer. If he didn't want Li Xiandao to find him, the only way would be to lose his own value.

Li Xiandao wouldn't disturb a person or ghost who had no value.

He was just such a practical person.

This was why Zhong Baishen passed all his knowledge over to Li Xiandao and helped him learn it. As such, Li Xiandao wouldn't find him in the short run.

Li Xiandao loved Zhong Baishen's clean style and so he quickly learned those Dao Attainments.

But his Ten Lands Grotto-Heaven still wasn't able to be filled which made Li Xiandao frown.

He absorbed the Dao Attainments from four experts and it was still not enough. This was just too much.

"Your Ten Lands Grotto-Heaven is too terrifying and normal people can't form it. Using a world as a Grotto-Heaven and you even want to fill it up. That is not a simple matter." Zhong Baishen looked at Li Xiandao's Grotto-Heaven and shook his head. He was shocked by Li Xiandao's strength.

"What should I do?" Li Xiandao asked for Zhong Baishen's help.

"There are many dead people on the Legacy Hall mountain peak and many of them are experts from an ancient era. No matter who, they will all have their own way of comprehending the Dao." Zhong Baishen thought about it before saying.

Li Xiandao wasn't dumb and he guessed it right away. "I comprehended too much and don't have a system?"

“That is a reason. Your Ten Lands Grotto-Heaven is enormous and maybe you still lack some Dao Attainments. Apart from what you yourself comprehended, you absorbed those from the four of us. We have different styles, so for you to comprehend the four of us, it is still a problem for you to control and combine them.” Zhong Baishen analyzed it for Li Xiandao.

“He is right. You are a monster, a freak, and you comprehend things so easily. When we fight with you, you understand it so easily. But the four of us all have different routes from you.” The priest walked over with a stick in his hand. As he was just a fragment of his soul, he appeared illusionary.

Li Xiandao thought about it and felt that it made sense.

Sword God and Zhao Wuji came too.

“Out of the four of us, your Dao is similar to mine as we both use the sword. But my sword heads forward with no fear. Even if my enemy is strong, I am not afraid of him. But yours is overbearing, brilliant, and outstanding. You want your sword to suppress all enemies.” Sword God said.

“It is okay that you comprehended our Dao Attainments, but you should use your own for the foundation, not ours. You should then use ours as support.” Spear God added.

The four of them noticed Li Xiandao’s current problem.

Li Xiandao’s comprehension speed was really quick.

But the bad thing was that he had absorbed a lot from others.

“Then, how should I adjust it?” Li Xiandao asked for help.

“From now onward, you need to confirm a path for yourself to be your Dao. Like how a tree’s branch has to be straight. The Dao Attainments you get from us can be nutrients to let your tree grow.” Zhong Baishen said.

“Right, to confirm my Dao, I killed for 100 years. I grinded out my Dao on the brink of death, so you must grind it out too.” Sword God nodded his head.

“I think that you will be able to comprehend your own Dao tree quickly.” Zhao Wuji muttered.

“This guy is sick in the head, so he should be quick. Let’s make a bet.” The priest said in front of Li Xiandao.

Li Xiandao’s face turned black. If he wasn’t wearing the mask, those people would have noticed.

“What are we betting?” Zhong Baishen asked.

“Whoever loses will be slapped.” Sword God thought about it and said.

“Five slaps.” Zhao Wuji’s eyes lit up.

“Then, 10.” The priest decided.

Li Xiandao was helpless, “Do all of you have such a weird hobby?”

“We have no choice. This place is just so boring. In the past, we didn’t know each other and didn’t talk to one another. Because of you, we started to talk.” The priest smiled.

“Then, do so quickly. I bet that you will comprehend your Dao tree in just three hours.” Zhao Wuji rushed.

“Three hours is too quick. As far as I know, no one is capable of achieving that.” Zhong Baishen was shocked.

“Right, it took me 100 years.” Sword God muttered.

“Since you don’t believe it, then I will set the time longer.” Zhao Wuji didn’t care. He even laughed. Didn’t they know how overpowered Li Xiandao was?

“Then, I bet 30 minutes.” The priest thought about it and bet a time that made Zhao Wuji’s eyes open wide.

“I bet 30 minutes too.” Sword God added.

“Me too.” Zhong Baishen said.

“This... I said 3 hours and all of you felt that it was too quick, but now, you’re betting 30 minutes?” Zhao Wuji looked at them in shock and rage and felt that he had been conned.

“He is the master of the Bank of the Universe.” Zhong Baishen said calmly.

“All of you don’t know how sick he is.” Sword God gloated.

“You are definitely going to lose. Prepare to give yourself 10 slaps.” The priest said directly.

“Master of the Bank, can you wait three hours before you comprehend it?” Zhao Wuji begged.

“I don’t mind but I really want to see you slap yourself, so I will try to finish in 30 minutes.” Li Xiandao stood up and patted Zhao Wuji’s shoulder.

Chapter 304: Saving People

Li Xiandao sat beneath a huge tree and closed his eyes. He was comprehending his own Dao tree.

When one comprehended the Dao, one had to differentiate between what was important and what was not.

The importance was in quality not quantity.

Of course, if you could swiftly comprehend quality, then it was okay if you had quantity too.

Li Xiandao comprehended too much before, and although he was familiar with all of them, in truth, Li Xiandao didn’t perfect his own Dao.

One person’s Dao was like a tree.

The path that one comprehended and wanted to follow was the branch. It would grow straight and tall, and no matter what one comprehended after, it wouldn’t shake the main branch.

It could split up and form new branches for leaves to grow out.

If the thousands of paths you comprehended were based on the main tree, then very quickly one Dao tree would be born.

Li Xiandao grasped the method to form a Dao tree. He was thinking about what to use as the main branch.

Of course, without a doubt, it would be the sword!

But there were many different sword Daos. There was the Ruler Sword, the Emperor Sword, the God Spirit Sword, the Scholar Sword, the Fighter Sword...

A bunch of different ones and each could all be developed.

The Sword God’s sword Dao was one that proceeded forwards fearlessly, unwavering in the face of death.

Li Xiandao closed his eyes and asked himself, “What is my sword path?”

Li Xiandao's sword path was just too overbearing!

No matter the enemy, Li Xiandao wanted to kill him with one sword.

If he couldn't kill with one sword, then he would use the second.

With one sword, he would suppress everything!

With the Overbearing Sword, all the overlords seemed gentle on the surface.

Li Xiandao was usually polite and wasn't as direct or rude as his sword.

"My sword will kill all enemies and make the masses yield!" Li Xiandao said firmly.

He wanted to use one sword to suppress the world.

Li Xiandao spent five minutes confirming his Dao and he started to merge all the Daos that he comprehended in it.

Explosion!

A giant tree branch appeared and then Li Xiandao pieced together and merged the Dao Attainments of the four experts.

The process was simple but Li Xiandao needed to seriously comprehend everything he had learned. This was a time-consuming exercise.

Normally, he would take three days. After all, Li Xiandao had comprehended too many Daos.

But to let the priest and the others win, Li Xiandao sped up the process.

Three days was shortened to just 10 minutes!

After 10 minutes, Li Xiandao looked through all the Daos he comprehended and placed them onto his Dao tree.

A wide tree crown appeared at Li Xiandao's chest.

The roots of the Dao tree were sunk into his dantian and absorbing nutrients.

As soon as 30 minutes passed, Li Xiandao opened his eyes and stood up.

Zhao Wuji's face was black like the bottom of a pot.

The other people all smiled and looked at him gleefully.

Li Xiandao didn't interfere. He had completed his own matter and that was enough.

"My Ten Lands Grotto-Heaven is close to completion and I need to comprehend more myself. You can do what you have to do." Li Xiandao took his leave.

He had formed the Dao tree. The Ten Lands was originally dry and boring but it seemed richer now.

It didn't reach the peak but it was not far from that anymore.

Li Xiandao was planning to comprehend his own Dao. He wasn't in a rush and he just had to improve himself.

After leaving the Legacy Hall, Li Xiandao returned to his own room. He washed up and changed into a new set of clothes before he started to pay attention to how many Spiritual Energy Dragon Veins Feng Jiuer and Qing Ling had collected.

....

Heaven Mountain Mountain Range!

Feng Jiuer finally arrived. Her cultivation stabilized at Boundless, and relying on her strong bloodline, her combat strength was immeasurable.

After getting close to Heaven Mountain, Feng Jiuer didn't search for people from the Gold Family.

She was probably on the Gold Family's wanted list.

The people of the Gold Family weren't stupid and they definitely knew that she was the one who had stolen it.

With their temper, they would definitely hunt her down. This was why Feng Jiuer didn't want to search for the Gold Family.

But she still came to Heaven Mountain mountain range, not to the Gold Family. Feng Jiuer was quite lost and didn't know what to do next.

"Still too young." Feng Jiuer blamed herself. Who knew where the Spiritual Energy Dragon Veins were in the giant mountain range? She had run over excitedly, but now, she didn't know what to do.

This was because she had no way of checking where the veins were. She had no friends and it was very dangerous for her to enter.

This was why she was resting in a city nearby and collecting information at the same time.

Li Xiandao shook his head helplessly. She seemed really confident and he thought that she had a good idea. But now, it seemed like she was just a little girl.

He went to find Qing Ling and Mr. Mule.

Li Xiandao realized that they were also near Heaven Mountain and were actually in a bit of trouble.

Qing Ling disguised himself as Qing Yao and offended the Gold Family's Feng Longque. He fled, infuriating Feng Longque.

But along the way, Feng Longque met Qing Yao and after the explanation, she discovered his real identity. Now, she swore that she wanted to kill Qing Ling.

Coincidentally, both of them came to Heaven Mountain mountain range for a reason. Qing Ling and Mr. Mule had also rushed over because of the Spiritual Energy Dragon Veins.

Fate was just so amazing; they actually bumped into each other.

Qing Ling and Mr. Mule were beaten up badly. Qing Ling used his defensive quasi celestial artifact and Mr. Mule's space crossing seal to escape.

But with Qing Yao and Feng Longque's secret techniques, they could track them down quickly.

Just like that, one chased and one fled. If Mr. Mule didn't have such a strong body, he would have been sliced in half.

This time, the Qing and Gold Families worked together to hunt them down and surround them.

Li Xiandao frowned and immediately informed Feng Jiuer, "Head to Trapped Dragon Valley and save Qing Ling and Mr. Mule."

Feng Jiuer was bored in the inn, and after she heard Li Xiandao's voice, she stood up and said loudly, "Yes, Master. I will head over now."

Li Xiandao didn't say anything else. Feng Jiuer waited a few seconds before flying out. She turned into a blood-red light that shot through the sky toward Trapped Dragon Valley to save Qing Ling and Mr. Mule.

“Nothing must happen. These are Master’s orders. I have to save you two.” Feng Jiuer was anxious and she moved really quickly.

At this point within Trapped Dragon Valley, Mr. Mule and Qing Ling were in a bloody battle.

Chapter 305: Will You Eat Mule Penis?

In Trapped Dragon Valley, Mr. Mule was fighting someone in the air.

A pair of mule hooves waved and he punched forwards. His muscles rose up and his black fur was like silk, filled with spiritual energy.

“I will hit you, hit you, I will fight.” Mr. Mule kicked. The space around ripped open and energy wrapped around. He was fine because of his thick skin, but his opponent was in a tough spot.

One after another, the people of the Qing Family were struck by Mr. Mule’s hooves and they spat out blood, falling down from the sky.

Someone wanted to catch Mr. Mule but he was just too quick. He sped across space, stood up straight like a human, and punched really swiftly.

“Damn mule!”

“We have to kill this mule.”

“He is so annoying. He is messing up our formation.”

“Kill, kill, kill!”

The Qing and Gold Family members hated Mr. Mule. They were planning to lay out a formation to help Qing Yao and Feng Longque suppress Qing Ling.

But Mr. Mule charged out and beat them up. He was really fast and just like an assassin.

In the distant Trapped Dragon Valley, Qing Ling was fighting with Qing Yao. On the side, Feng Longque was planning a sneak attack.

But due to Qing Ling’s strong defense and the quasi celestial artifact, he was able to stay alive.

But even with it, Qing Ling was still taking heavy blows.

This was because Qing Yao was going all out.

“You traitor, you betrayed my Qing Family and wiped out the treasury. You deserve to die.” Qing Yao was a big and strong guy. His fists were like lightning smashing down and giving rise to loud explosions.

Of the Qing Family 10 Tigers, Qing Yao took up 90% of the attention.

This meant that all the others only attracted 10% of the attention.

Qing Yao was the Qing Family’s third choice for emperor and he had been a genius since he was young.

Qing Family’s other nine tigers knew that they couldn’t compete with Qing Yao.

When they broke through to Grotto-Heaven Realm, Qing Yao reached Boundless Realm. When some of them entered Boundless Realm, Qing Yao was already at the peak.

He was always ahead of everyone.

One of those included Qing Ling.

Qing Ling didn’t want to admit defeat. They were all humans, so why did he always have to be ahead? He always had to look up to him.

Could he come down once and look up to him?

Qing Ling’s quasi defensive celestial artifact gave out a bright light and formed a giant defensive shield to block himself.

Dong!

Qing Yao’s fist caused the barrier to crack.

Dang!

Qing Yao’s second fist caused it to break apart.

Qing Ling’s expression changed. His cultivation was too low and he had just entered Boundless Realm. He was unable to activate all the defensive powers of the quasi celestial artifact.

This was why before the third fist landed, he dissipated the barrier. He held the emperor artifact halberd and struck forwards.

"I am not afraid of you Qing Yao." Qing Ling hollered in rage. With the emperor artifact in his hand, he slashed forwards viciously.

"Without this quasi celestial artifact and this emperor artifact, would you dare to fight me head-on?" Qing Yao was filled with disdain. His body shone bright and then it dimmed. With a fist, he smashed forwards. Halfway through, he opened his fingers. His five fingers were like five pillars that smacked into the emperor artifact.

Kacha!

The emperor artifact shook and Qing Yao just retreated right after a touch. His fingers shook and his expression sunk a little.

"As expected from an emperor artifact. It really is different. I thought that since my body was tempered that I would be invincible, but now, it seems like I am unable to compete with this emperor artifact that hasn't even been activated." Qing Yao was staring solemnly at Qing Ling. His gaze was like a hungry tiger wanting to swallow Qing Ling up.

Qing Ling's heart sank. He had no more helpers. Mr. Mule was fighting with the Qing and Gold Family members. It was tough for him to deal with one Qing Yao and there was still Feng Longque, who was looking on.

"Your perverted mule. You dared to peek at my Gold Family girls bathing and you even blamed Qing Yao. You really are bold." Feng Longque looked at Qing Ling, who was trapped, and laughed coldly.

"I told you that it is a misunderstanding." Qing Ling explained helplessly.

"Misunderstanding? Do you think I am stupid?" Feng Longque stared at Qing Ling in rage.

"Aren't you?" Mr. Mule ran over and said in disdain.

"What are you saying?" Feng Longque's aura exploded. In mid-air, she turned into a giant flying phoenix.

Ao!

A phoenix cry resounded throughout the area.

Feng Longque stared at Mr. Mule with rage.

"You really are stupid. For a misunderstanding, you are helping Qing Family get rid of us. The Qing Family will benefit the most and you will get nothing. You are losing your own family members for nothing, so who is the fool?" Mr. Mule stood beside Qing Ling.

“You are good at speaking, but I don’t believe you.” Feng Longque laughed coldly.

“A mule that birthed consciousness. Your body is perfect to barbecue and should taste good. Will Sister Longque eat it?” Qing Yao stepped into the air and asked.

Mule barbecue?

Mr. Mule’s face was really dark as he stared furiously at Qing Yao while gritting his teeth.

“Of course. As long as its the meat of this stupid mule, I can eat several bowls.” Feng Longque smiled while saying. She looked at Mr. Mule’s ribs and legs with a sinister expression, which made Mr. Mule feel terrified.

“There is no mule meat but there is a mule penis. Do you want it?” Mr. Mule stood up on his hind legs. He didn’t hide himself at all and just stared at Feng Longque.

Feng Longque’s face became green and he looked at Mr. Mule in annoyance, “I am going to slice you into eight pieces and slice off that dirty thing of yours.”

Hong!

Feng Longque stopped bickering and charged forwards. Her body shone gold like the sun. She was really strong, and with a slap, energy rumbled forward like a mountain.

Explosion!

Mr. Mule shouted, “Qing Ling, what should we do? I am no match for her.”

Qing Ling laughed coldly, “What do you mean? We can’t flee, so just kill them. Didn’t you say you want her to eat mule penis? Then, work hard and make her your pet.”

Mr. Mule’s eyes opened wide. Take Feng Longque as his pet?

This goal seemed a little far off.

“Forget it. I am going to go all-out fighting with all of you.” Mr. Mule hollered in rage. His monster energy turned into a thick black cloud and struck forwards.

Peng!

There was a giant clash. Mr. Mule smacked Feng Longque away without hesitation and he rolled several rounds in the air. He spat out blood and cried, “I can’t take this pet. She is too strong.”

“I will help you!” A young voice came over along with an even stronger aura than Feng Longque’s. She blocked Feng Longque’s attack.

Chapter 306: Is There Such A Good Thing?

This strong aura directly sent Feng Longque flying backward.

Feng Longque, who dashed forwards without fear, was smacked back. She spat out a mouthful of blood and her body shook.

“Phoenix blood, you are from my Gold Family!!!!” Feng Longque stopped her body in mid-air and stared at the person in disbelief. She didn’t dare to believe it at all. Was this even real?

Such a strong phoenix blood person appeared in Gold Family?

Why did she have no idea?

Moreover, since she was from the Gold Family, then why save that damn mule?

Feng Longque stared at the newcomer in confusion.

She really didn’t recognize this person.

She recalled people who she was familiar with, people from the Gold Family, and there wasn’t such a heroic-looking girl.

Qing Yao walked beside Feng Longque and asked, “Are you okay Sister Longque?”

Feng Longque stared at the person without blinking. She even forgot to wipe off the fresh blood by her lips. She had to understand who this person was.

“You are from my Gold Family?” Feng Longque didn’t care about Qing Yao and just questioned the person who came.

Qing Yao frowned. This woman who rushed into the battlefield seemed really strong.

Qing Ling and Mr. Mule looked at one another and used their gazes to question each other.

“Your friend?” Mr. Mule asked.

“I don’t have friends!” Qing Ling rolled his eyes.

“Is it your friend?” Qing Ling asked.

“I don’t have such a strong friend.” Mr. Mule thought about it and replied to Qing Ling with his gaze.

In the next second, both of them looked at each other.

Since they didn’t know her, then who was she?

Why did she save them?

All four of them stared at the person who came.

Feng Jiuer’s questioning made Feng Jiuer smile, “I was from the Gold Family.”

“Was?” Feng Longque’s expression turned solemn.

“Who are you? I know everyone from the Gold Family and I don’t know who you are.” Feng Longque asked.

“You know everyone in the Gold Family... Doesn’t your face feel red when you say that?” Feng Jiuer gave a mocking smile. She looked at Feng Longque in disdain.

When she was behaving crazily, how would she have known whether or not one of the heirs to the family, Miss Feng Longque, would remember her?

If they had met once, it was probably when they tested their bloodlines when they were just six years old.

Feng Longque’s bloodline reached the peak and was much higher than everyone else. If there were no exceptions, Feng Longque would be top that year.

But Feng Jiuer stood out. She used her amazing bloodline purity to crush Feng Longque.

When Feng Jiuer’s bloodline purity came out, the entire Gold Family came together in excitement. Those who were just praising Feng Longque now started to praise Feng Jiuer.

Feng Longque had gone through the process of incredible joy and deep sadness which totally collapsed her mindset. She stared right at Feng Jiuer. Her eyes were filled with hatred and viciousness. It wasn’t something that a six-year-old kid should have felt.

That gaze was something that Feng Jiuer remembered till now.

All this occurred along with Feng Jiuer being tested for an incomplete soul and she wasn't able to lead the family, which was why Feng Longque was still in first place.

Feng Jiuer lost her value and the people around her went to congratulate Feng Longque once more.

A delighted smile appeared on Feng Longque's face and then she looked at Feng Jiuer. Her gaze was filled with disdain and jealousy.

Feng Longque had forgotten all of this a long while ago. She didn't even recall what happened when she was six and she had no idea who Feng Jiuer was.

If she recalled what happened six years ago, she would have been able to recall that Feng Jiuer, who had become really thin now, was so similar to her in the past.

Feng Longque stared at Feng Jiuer and frowned, "Who are you? I know everyone in Gold Family, so stop acting mysterious here. I am the one in the right here, so why should I be embarrassed?"

"I am mysterious and you are in the right, hehe!" Feng Jiuer mocked as she looked at Feng Longque.

"Since you want to know who I am, then I shall tell you." Feng Jiuer said coldly.

Feng Longque was shocked and stared at Feng Jiuer carefully.

The others looked at Feng Jiuer and wanted to understand the exact situation.

Who was this person?

Under everyone's gazes, Feng Jiuer stared at Feng Longque's eyes and said calmly, "12 years ago when the Gold Family tested bloodline, you were first but someone's bloodline totally suppressed you. Do you remember?"

A calm question but it felt like lightning from the Nine Skies had smashed Feng Longque's heart.

Hong!

The locked up memory, the past that was forgotten, was all opened up now.

That person who could crush her because of bloodline purity when she was six!

The person she was jealous of when she was six!

12 years later, she had long forgotten about this Gold Family lunatic. She heard that she was as fat as a ball and was totally different from this heroic girl.

But...

But...

But, since Feng Jiuer could mention what happened at six years old so clearly, how could Feng Longque not believe her?

This was the first time she hated someone so much!

This was the first time she wanted someone to die so badly!

This was the first time she felt disgusted at the fact that someone had stolen the fame that belonged to her!

All of this happened when she was six.

Feng Longque's breathing got more and more rushed, "Impossible, you can't be her. She is a lunatic and an insult to the whole Gold Family. She is as fat as a ball and everyone abandoned her. You can't be her."

Feng Longque's subconsciously believed that this person was Feng Jiuer, but on the surface, she was doubting it.

"Right, I am a lunatic, I am Gold Family's disgrace. That's why I left the Gold Family. From now onward, I am me, Feng Jiuer. I am not from the Gold Family." Feng Jiuer smiled coldly. She was clean and direct.

Feng Longque was silent.

This person with even stronger bloodline purity than her was not mad anymore. So, didn't that mean that her position as top bloodline in the family was gone?

Mr. Mule looked at the grievances between the two of them. He couldn't help but interrupt, "Can you put aside your grievances and tell us, why are you saving us?"

Qing Ling also asked, "We don't know each other, so you saved us to take revenge on the Gold Family and on Feng Longque?"

Feng Longque and Qing Yao stared at Feng Jiuer and wanted an answer.

"Master asked me to save you." Feng Jiuer smiled and said firmly.

When she mentioned Master, she was filled with respect and worship.

Qing Ling was stunned. Master?

The Bank of the Universe's boss!

Mr. Mule jumped up and said emotionally, "Master sent you?"

"Right, Master told me to save the two of you." Feng Jiuer nodded.

"Great, I knew that Master wouldn't abandon us. I am the best mount, long live master." Mr. Mule was really excited. He wanted to shout towards the sky to vent his excitement.

Feng Longque and Qing Yao looked at each other. They didn't know who this Master was.

Feng Longque couldn't help but rage, "You are from the Gold Family and actually recognize someone else as Master? You have lost all the honor of our family. "

"Shut up, I don't allow you to insult Master!"

"In my eyes, 100 Gold Family members can't even compare to one of Master's finger." Feng Jiuer raged. She stared at Feng Longque in anger.

"You insult my Master, so I am going to capture you and send you to Mr. Mule to be his pet!" Feng Jiuer said coldly.

Mr. Mule looked at Feng Jiuer in surprise. *Is there such a good thing?*

Joy fell from the skies!

He was totally unprepared and he actually felt a little embarrassed too.

Mr. Mule's face turned red!

Chapter 307: Storm Ends

Feng Jiuer was a trustworthy person and when she said that she would capture Feng Longque to be Mr. Mule's pet, then she would definitely be able to do it.

Feng Jiuer's strength was because of her bloodline.

Her bloodline came from the primitive phoenix and was many times thicker than Feng Longque's.

Hong!

She was infuriated by Feng Longque, and in an instant, she used all of her strength.

The full ability of Boundless Realm turned into a giant blood-colored phoenix behind her. It was huge and pure. It cried out and a huge aura exploded.

Along with this aura, Feng Jiuer attacked. Her strike shook the surrounding area. She was like a war goddess, a blood-red energy charged into the clouds and covered the sky

Explosion!

Feng Jiuer had recently been spending her time improving herself and this was the first time she showed her strength. She was doing so for her Master, Li Xiandao!

“People who insult my Master have to die!” Feng Jiuer’s life was given to her by Li Xiandao. She wouldn’t allow any insults to Li Xiandao. She would rather give up on her own life and maintain her Master’s honor.

Dong dong dong!

Feng Jiuer’s strike was too strong and the blood energy was terrifyingly thick. She didn’t look like a girl and was more like a demon who had sacrificed a million civilians.

Feng Jiuer’s blood energy spread out, covering Feng Longque and Qing Yao. She was really violent and confident to fight one against two.

The two of them were not average either.

Feng Longque was one of the three golden flowers of the Gold Family and her strength was terrifying in the younger generation.

Qing Yao was the future third emperor of the Qing Family and was really strong too. He beat up Qing Ling so badly that Qing Ling could only reactively defend.

All of them were people who were well respected outside.

But now, Feng Jiuer needed to fight both of them alone.

Hong!

Feng Jiuer’s body was like lightning. Her small jade fists punched forwards.

“You even dare to fight one against two. Do you look down on me so much?” Qing Yao was furious. He felt that he was being humiliated as he was the future third emperor of the Qing Family.

He didn't hesitate and received her attack with a fist.

Dong!

But instead, he was smacked away by her punch. His body shook vigorously and he looked towards Feng Jiuer in disbelief.

"This... How is this possible?" Qing Yao stabilized his body but his blood rolled. He couldn't suppress it and he looked at Feng Jiuer with a stunned expression.

Fist versus fist and he was smacked away?

"How is this possible?" Qing Yao muttered.

Feng Jiuer didn't care about his feelings. In her eyes, there was only Feng Longque. Her blood energy was strong and turned into that of a phoenix that pounced forward.

A terrifying move shook the heavens and earth, causing a storm. Everything was blurry and one could see a blood phoenix soaring within. It was as if it was holding up an entire world and charging towards Feng Longque.

She didn't care about any moves!

She didn't care about any techniques!

She used her bloodline to suppress her!

This was a hooligan style, but due to her strength and bloodline suppression, Feng Longque felt really bad. Now, she finally understood why the family cared so much about the extension of the bloodline.

This bone-deep pressure made Feng Longque resist but it was still really tough on her.

Her blood was afraid. Her strength was trembling. Facing Feng Jiuer, Feng Longque understood what her enemies felt.

The bloodline of the primitive phoenix was just so terrifying!

Hong!

At that moment, a blood-red energy swallowed Feng Longque. It suppressed her resistance, and shortly after, Feng Jiuer's fist landed.

Peng!

The fist smashed into Feng Longque's neck, knocking her out.

“Mr. Mule, we will all be Master’s subordinates in the future, so this is my gift to you.” Feng Jiuer said loudly. With a wave of her hand, she tossed Feng Longque over.

“This is too much, too much. In the future, if you need anything and or need help, just ask me. I am really grateful.” Mr. Mule jumped up.

He caught Feng Longque and grinned.

He had obtained a pet just like that. When had Mr. Mule ever lived such a luxurious life?

This was the first time he played like this and he was really excited.

How can one enjoy a human pet?

The blood-red energy was slowly retracted into her body. Only then did Feng Jiuer turn to Qing Yao.

But...

He was gone!

Qing Yao had totally disappeared. When Feng Jiuer knocked out Feng Longque, he knew that things weren’t right and he fled.

Everyone was attracted by Feng Jiuer and they didn’t notice that he had left.

“He fled really quickly.” Feng Jiuer clapped and muttered.

Qing Ling looked around. Qing Yao had fled and Feng Longque was unconscious and both the Qing Family and Gold Family’s minions had all run away too.

“We are safe?” Qing Ling was filled with disbelief.

Feng Jiuer was just too strong?

Mr. Mule was delighted, “Of course, how can the people Master is sending now be so amazing?”

Feng Jiuer landed on the ground and walked over. She asked, “Are both of you fine?”

Mr. Mule carried Feng Longque and shook his head, “We are fine. Our skin is so thick and nothing happened to us.”

Qing Ling was confused, “How did the Bank’s Master know that we were in danger?”

“Master must be worried about me and has been paying attention to me. This is why he would send Feng Jiuer to save me at the crucial moment.” Mr. Mule was shameless.

Feng Jiuer and Qing Ling couldn't retort at all.

“I am really too grateful for Master and there is nothing I can do to repay him. Why don't I send this person to him?” Mr. Mule had an idea. Anyway, he had never played with someone like this before, so why not hand her over to Master?

“Are you not afraid of Seven?” Feng Jiuer said calmly. Although she only saw Master once, when she saw how close Seven and Li Xiandao were, she was able to detect something.

There was definitely something going on!

“Right, I can't give her to Master, otherwise, I will offend Seven.” Mr. Mule was terrified. If he made Li Xiandao happy and offended Seven, that would be a huge loss.

“You should just enjoy her yourself.” Qing Ling patted his butt and smiled.

“I am so embarrassed.” Mr. Mule's face turned red. He had never touched something that belonged to the opposite sex and hadn't even dated a female mule before. Now that he had a human pet, he felt a little excited.

“Then, you can return her to me. Anyway, I can kill her to vent my anger.” Feng Jiuer reached out.

“Cough cough, let's go. Fighting here will attract attention, so let's leave quickly.” Mr. Mule changed the topic and carried Feng Longque away.

“Perverted Mule!” Feng Jiuer muttered, smiling as she followed.

She noticed that although she had just met Mr. Mule, they were quite compatible. Maybe it was because they were both Master's subordinates.

If Li Xiandao knew that she thought this, he would have shaken his head and told her, “You and Tian Guangming are both my subordinates, but the two of you definitely won't be close to one another.”

Chapter 308: Worried That Tian Guangming Will Become Stupid From The Beating

Within the Bank of the Universe, Li Xiandao and Seven were discussing something.

“Since entering Cold Moon Sky, we have been probing and haven’t done anything big.” Seven reminded Li Xiandao.

“What do you mean by big?” Li Xiandao asked.

“There are many people in Cold Moon Sky who owe us things.” Seven told Li Xiandao.

“Have you arranged the contracts?” Li Xiandao’s eyes lit up.

“I have and I’ve also picked a suitable contract for you.” Seven nodded as she passed one to Li Xiandao.

Li Xiandao picked it up and looked at it closely.

“Murong Longcheng pays 10,000 years lifespan to borrow 1,000 Spiritual Energy Dragon Veins. He will use them for 20,000 years and then he will return them. If he breaks the contract, he shall pay 10,000 Spiritual Energy Dragon Veins.”

Li Xiandao’s eyes lit up when he read the details of the contract. It was actually regarding Spiritual Energy Dragon Veins. Right now, this was what Li Xiandao needed the most.

“Did he break the contract?” Li Xiandao asked.

“No, there are three more months to 20,000 years.” Seven shook her head.

“Then, does he plan on returning?” Li Xiandao continued to ask.

“It seems like he is hesitating.” Seven pointed at his signature that was blinking. This meant that he was hesitating.

If one was determined to return, the signature would turn black.

If one decided to pay it, the signature would light up.

If it was blurry, this meant that the person was conflicted.

Li Xiandao looked at the contract and was deep in thought, “He paid 10,000 years of his lifespan for the 1,000 Spiritual Energy Dragon Veins. Now that 20,000 years have passed, even if he is at Boundless Realm, he should have 40,000 years of lifespan.”

Even if he broke past Boundless Realm, he would have already spent 30,000 years of his lifespan.

“Murong Longcheng still has a bit of lifespan. His cultivation is strong and the only thing now is that he doesn’t know whether or not to return it.” Seven added.

“So, what do you think?” Li Xiandao looked at Seven.

“Send someone there to communicate with him. If he doesn’t want to return, then mark him and then deal with him.” Seven said decisively.

Since you were hesitating, then I shall send someone to ask you. If you still don’t want to return it, then you will be blacklisted.

Li Xiandao nodded and passed the contract to Seven, “Send Heaven Heart over.”

Seven nodded and noted it down. She was prepared to find Heaven Heart.

Li Xiandao suddenly said, “After entering Cold Moon Sky, they have been cultivating. How are their cultivations like they are now?”

Within the Bank of the Universe, all minor matters were managed by Seven. Li Xiandao was only in charge of outside matters.

“They have all reached Grotto-Heaven Realm. Some have even condensed their 10th Grotto-Heaven. Tian Guangming is hardworking and he has managed to do so.” Seven smiled.

Li Xiandao muttered, “What a waste... Even if he condenses 10 Grotto-Heavens, he will still be beaten up.”

“What did you say?” Seven looked at Li Xiandao in confusion.

“Nothing. Go inform Tian Guangming to stop cultivating. He won’t improve much. Tell him to head out in search for Spiritual Energy Dragon Veins.” Li Xiandao thought about it and wanted to give Tian Guangming a chance.

He wouldn’t be able to break through to Boundless in a short time. When Feng Jiuer entered the Bank of the Universe, she would take revenge for the Goddess of Light and beat him up.

Tian Guangming had done well for Li Xiandao, so Li Xiandao didn’t want him to get beaten up.

But the Goddess of Light’s words made sense. Tian Guangming took her primordial divinity and she was locked up. Now that she yielded to Feng Jiuer and merged with her, she helped Li Xiandao complete this contract.

Her only wish was for Feng Jiuer to beat up Tian Guangming.

This wasn’t too much to ask!

No matter how Li Xiandao thought about it, he felt that he couldn't stop this wish.

For Tian Guangming to not get beaten up, he could only send him out.

Let's see whether or not he had any luck to improve himself.

Even if he was beaten up, he could reduce his injuries or even take them head-on.

Li Xiandao didn't tell Seven about his considerations. This was between Tian Guangming and Goddess of Light, so as a Master, he couldn't interfere. It was better for him to help Tian Guangming in private.

"Send Tian Guangming to find Spiritual Energy Dragon Veins?" Seven didn't understand this order. What Spiritual Energy Dragon Veins could Tian Guangming find?

"Just send him out and also hand him a simple contract for him to solve. Just send him out." Li Xiandao felt that he had considered many things for Tian Guangming.

"Okay, I will inform Tian Guangming." Seven turned around and left with the contract.

Li Xiandao muttered, "Whether or not you can escape this beating will depend on you. I am trying my best to help you."

But when Li Xiandao thought about Feng Jiuer's thick bloodline power. He felt bad for Tian Guangming. Unless he had a really lucky break, he wouldn't be able to escape from that beating.

"Since you can't escape, then train your body so you can take more hits." Li Xiandao mourned a little for Tian Guangming.

....

Heaven Heart and Tian Guangming received the contracts at the same time.

Heaven Heart received Murong Longcheng's contract. He looked at it closely and understood what he had to do.

He had to confirm Murong Longcheng's current mindset, to pay, or to break the contract. He had to have an exact answer.

Tian Guangming was a little dispirited.

The contract he received was simple: to kill someone.

An old man!

An old man with not much cultivation but who was still alive.

This was because the old man broke the contract 10,000 years ago. The last Master wanted to kill him, but then the Bank of the Universe was punished by the heavens and this matter was shelved.

This old man lived for another 10,000 years.

Now, Tian Guangming was in charge of killing him.

“So simple?” Tian Guangming was stunned and he looked at Seven.

“Master also told you to help him collect top-grade Spiritual Energy Dragon Veins and to not come back so quickly.” Seven added.

“I understand. I will help Master complete this mission.” Tian Guangming said emotionally. Since Master instructed him specifically instead of any one of the many others in the bank, what did that mean?

This was because of trust!

Tian Guangming swore that he couldn't fail Master's trust in him. He was going to find a few hundred of them.

“Right, did Heaven Heart get Master's mission?” Tian Guangming asked softly.

Seven smiled, “No, Heaven Heart obtained one contract. Master only instructed you.”

“That's good, that's good.” When Tian Guangming heard this, he felt really good. His entire body, both inside and outside, felt much better and comfortable.

“As expected, Master only trusts me.” Tian Guangming was drunk off of Master's trust.

If Li Xiandao was here, he would have told him, “I just don't want you to be beaten up by Feng Jiuer and end up turning into a fool.”

Chapter 309: Murong Longcheng

Heaven Heart and Tian Guangming headed out and left the Bank of the Universe. One of them wanted to find Murong Longcheng while the other was going to kill the old man who had broken the contract.

Li Xiandao told Seven to give Tian Guangming a simple contract, so Tian Guangming received something really simple.

To kill an old man!

An old man whose cultivation wasn't high!

Wasn't this contract really simple?

Seven picked out the most simple one out of all the contracts.

Tian Guangming found it really simple. It was just an old man who was about to die, so what did he have to fear?

But they didn't think about it carefully. An old man with low cultivation... How was he able to continue living?

Some things weren't only as simple as what was written on the contract.

....

Heaven Heart walked out of the Bank of the Universe and followed the contract to find Murong Longcheng.

He came to Heaven Mountain Mountain Range.

Murong Longcheng was there.

Heaven Heart didn't know that Mr. Mule was there and he thought he was alone. He looked at the giant Heaven Mountain Mountain Range and his eyes shone brightly, "There are so many Spirit Veins here."

The entire mountain range was a giant treasure chest with many Spiritual Energy Dragon Veins. They said that there were 100,000 true dragons guarding this place and from the outside, one could tell that the spiritual energy here was much thicker than in other places.

Heaven Heart entered from the foot of the mountain on one side. He followed the directions of the contract to find Murong Longcheng.

Many people opened up caves in the mountain range and cultivated here due to the thick spiritual energy.

Of course, they only dared to do so on the outside. If they got a little deeper, some strong monsters might notice them and they might not be able to flee.

There were also giants, monsters, top experts, etc., which made them stop in their tracks.

Heaven Heart walked along within the Heaven Mountain Mountain Range. He wore a white monk robe and gave off a gentle aura. He was a handsome young monk.

But in truth, he was already over 10,000 years old. He only just regained his youthful appearance, and from a biological and mental standpoint, he was living his second life.

Heaven Heart's first life ended in that cave in Dali Land.

The moment he entered the Bank of the Universe and became Li Xiandao's subordinate, his second life began.

This was why he didn't look old at all.

In the depths of the mountain range, there was a giant mountain peak that no one dared to step on. Who knew how many fierce beasts there were and there were also monsters in the Heaven Lake which were terrifying.

10,000 years ago, there was an emperor who wanted to occupy Heaven Mountain Mountain Range as his family's home, but in the night, there was heavy rain and this emperor was pinned into the mountain range by a nail.

It shocked the world!

The emperor was really strong, otherwise, he wouldn't have dared to say that he wanted to occupy the mountain range. But overnight, he was pinned into the mountain range.

This made many people fear Heaven Mountain Mountain Range and no one dared to occupy it. Till now, Heaven Mountain Mountain Range had no master.

No one dared to head over to Heaven Mountain, but Heaven Heart didn't care.

He held the Bank of the Universe's contract and walked in. He looked at Heaven Mountain, the giant mountain which was covered in white snow. It also reflected the sunlight on the peak. Atop it was the famous Heaven Lake.

Heaven Heart looked closely at the contract and said, "Murong Longcheng is here!"

Heaven Heart thought that Murong Longcheng would have been an elder of a large family and taken those 100 Spiritual Energy Dragon Veins for his family descendants to cultivate.

But now, it seemed like he didn't have any family. He lived deep in the mountains, so why was he hesitating about paying the debt?

Heaven Heart didn't understand. Heaven Mountain had so many Spiritual Energy Dragon Veins, so couldn't he just easily return 100 of them?

He didn't understand but he still stepped onto Heaven Mountain.

The giant Heaven Mountain accumulated snow every year and there were many different sized peaks on it. They stood up tall like millions of swords.

The highest peak was Heaven Lake.

This was also the main peak which was called the Pillar of Heaven Mountain.

Heaven Heart saw that Murong Longcheng wasn't on the main peak but he wasn't far away.

Heaven Heart rushed over and stepped on the clear snow. It covered the entire area, and looking out, the mountains were all white. It was as if this entire world was covered in ice.

With how big Heaven Mountain was, no wonder it was the center of Cold Moon Sky.

On the small peak beside the main peak was a small thatched house. It added a different color in the ice world.

An old man was standing in front of it.

An old man whose mental fortitude had stood the test of time. He was holding a stick and bent his body as he looked at Heaven Heart walk over.

He was not surprised.

He wore basic clothing and his hair was all white but it was combed in an orderly manner. Although he was old and slow, he still kept himself clean.

Heaven Heart's white shirt was like snow, perfectly camouflaging with the land. His footsteps looked like he was flying. His steps didn't leave any traces behind and he arrived in front of the old man in the blink of an eye.

One old and one young, one was in cloth and one was in silk as they looked at each other.

"Murong Longcheng?" Heaven Heart asked.

The old man nodded, "I am Murong Longcheng."

"You knew that I was coming?" Heaven Heart asked curiously.

Murong Longcheng welcomed him in the snow. He stood at the entrance and waited for him.

He obviously knew that Heaven Heart was coming, otherwise, who would he have been waiting for in this random area?

“There are only three months to the deadline and I have always remembered it. Moreover, I also felt that you were coming to find me, so I have been waiting.” Murong Longcheng said truthfully.

Heaven Heart understood. He couldn't see through Murong Longcheng's cultivation, so he was definitely stronger than him. Since he sensed his arrival before, this whole thing made more sense.

“My Master told me to come and ask you why you are still hesitating since the deadline is arriving?” Heaven Heart asked honestly.

He didn't fear Murong Longcheng's cultivation. Instead, he felt that he wasn't any weaker. He represented the Bank of the Universe, and in terms of status, he was actually much higher.

Murong Longcheng said, “It is natural that I should pay. Of course, I should abide by the contract that I signed.”

“But you still hesitated!” Heaven Heart took out the contract and said.

Murong Longcheng looked at the contract. This was one he signed 20,000 years ago. Damn, time really passed by so quickly...

“People's thoughts always change over time and due to experience. Please enter the room. I would like to solve this matter too.” Murong Longcheng invited Heaven Heart in.

Heaven Heart nodded, “I hope that you can solve this contract too and not break it. This will be good for all of us.”

Chapter 310: Another Trade

Within the thatched house, everything was really simple.

There was one bed, one table, two chairs, one tea flask, and four cups.

There was nothing else.

Just four empty walls!

Heaven Heart found it weird that Murong Longcheng lived so simply.

“Please sit. I don’t have much to welcome you with. The tea water came from the ice fountain on Heaven Mountain, so please enjoy it.” Murong Longcheng pushed his hands forward and the cold tea flask boiled, instantly turning the ice inside into hot tea.

When he poured it out, a fragrance entered his nose. This was just water and nothing else was added.

Heaven Heart picked it up and slowly sipped. He felt really relaxed, all the way from his mouth to his throat and then to his stomach which then spread to his whole body. He praised, “It is hot tea and when I drank it, it was still warm. But the moment it entered my stomach, it felt like ice on a hot summer day. It is really refreshing.”

“This is also why I like Heaven Mountain.” Murong Longcheng said.

Heaven Heart looked around, “Heaven Heart shouldn’t lack Spiritual Energy Dragon Veins, right?”

“Heaven Mountain has 100,000 Spiritual Energy Dragon Veins.” Murong Longcheng said proudly.

“Then, why are you hesitating about 1,000 Spiritual Energy Dragon Veins?” Heaven Heart hesitated.

“That is because I can’t take it out now.” Murong Longcheng said honestly.

“Why not?” Heaven Heart couldn’t understand.

Heaven Mountain had 100,000 Spiritual Energy Dragon Veins, so wouldn’t it be easy to take 1,000 out?

Why not?

“Heaven Mountain didn’t have so many in the past. 20,000 years ago, I borrowed 1,000 and buried them here. I placed formations to help nourish the Spiritual Energy Dragon Veins. Over these 20,000 years, I nurtured 100,000 Spiritual Energy Dragon Veins.” Murong Longcheng added.

“So, the 1,000 you borrowed from the Bank of the Universe are underneath Heaven Lake?” Heaven Heart looked towards the giant mountain.

On the top of the mountain was a giant lake.

Heaven Lake was surrounded by thick spiritual energy. It was really hard to believe that all of this was caused by the Spiritual Energy Dragon Veins that had been borrowed from the Bank of the Universe.

The entire 100,000 true dragon layout also came about because of the Bank of the Universe's 1,000 Spiritual Energy Dragon Veins.

If Murong Longcheng wanted to return them to Li Xiandao, he had to return the ones at the bottom of the lake.

But if...

"What is the problem?" Heaven Heart asked Murong Longcheng.

"Everyone is targeting Heaven Mountain. Not only the 1,000 Spiritual Energy Dragon Veins that I owe the Bank of the Universe, but there are also many secrets." Murong Longcheng said bitterly.

"Your cultivation should be high, so why would you be affected?" Heaven Heart didn't understand.

"My cultivation is high but I can't fight the entire Nine Skies." Murong Longcheng sighed.

"So, why did you wait for me here for?" Heaven Heart asked curiously.

"I want to meet your Master!" Murong Longcheng said firmly.

"Meet my Master!" Heaven Heart's brow rose and he looked towards Murong Longcheng with a weird expression.

"Right, I want to sign another contract with him, so I need to meet him." Murong Longcheng nodded.

"Please wait. Let me notify my Master." Heaven Heart got up and left the thatched house.

Murong Longcheng waited quietly.

He placed his hopes on the Bank of the Universe.

He believed that the Bank of the Universe that he had dealings with 20,000 years ago could help him out of this tough situation he was in.

Within the Bank of the Universe, Li Xiandao and Seven were listening to Heaven Heart and Murong Longcheng's conversation.

“Murong Longcheng is amazing.” Seven said solemnly.

“Since he is amazing, the problem he faces must be huge. I might not be able to solve it now, right?” Li Xiandao frowned.

“No, but I think that you can try. What if the rewards are huge?” Seven reminded Li Xiandao.

Heaven Mountain had 100,000 Spiritual Energy Dragon Veins.

Once he got these 100,000 Spiritual Energy Dragon Veins, then Li Xiandao would be able to unlock the fifth mountain.

“Okay.” Li Xiandao decided to listen to Seven’s suggestion and meet Murong Longcheng.

“Hand a watch over to Murong Longcheng.” Li Xiandao instructed.

Seven nodded.

Li Xiandao received news from Heaven Heart. After hearing Heaven Heart’s report, he said right away, “I know about this. Just wait there. I will receive Murong Longcheng.”

Within the thatched house, Murong Longcheng drank tea alone and waited nervously.

His cultivation was really strong in Cold Moon Sky now, and in the Nine Skies, he was an expert.

But he was still nervous!

What if the Master of the Bank of the Universe was not willing to receive him?

What if he lost his last chance and wasn’t able to take out the 1,000 Spiritual Energy Dragon Veins from Heaven Lake. If he offended the Bank of the Universe, then he would be surrounded by enemies.

Murong Longcheng was under huge pressure. He was in a difficult situation, and no matter how he moved, he was trapped. Only the Bank of the Universe could save him.

Weng weng weng!

Just as Murong Longcheng was getting nervous, a red watch appeared out of nowhere and floated silently ahead of him.

Murong Longcheng was delighted. He was familiar with this thing yet it still felt foreign somehow.

He had only seen this thing once before 20,000 years ago.

Murong Longcheng smiled. He knew that the Bank of the Universe's Master was willing to meet him.

He had some hope.

He reached out with his wrinkled hand and grabbed the blood-red watch. He trembled emotionally and crushed it.

Kacha!

Murong Longcheng disappeared from the thatched hut.

At that moment, Heaven Heart pushed the door open. He sat on the stool and waited for Murong Longcheng to return.

Be whether or not they signed the contract, Murong Longcheng would still return.

....

Within the Bank of the Universe, Murong Longcheng returned once more.

Everyone was no different from 20,000 years ago.

But the details were different.

There weren't so many art products here and now the decoration was really beautiful.

All of this was because of Seven.

Within the Trading Hall, Murong Longcheng met the Master, the Master who wore an ink mask and white attire and gave off a strong aura.

"You aren't the person from 20,000 years ago?" Murong Longcheng recognized right away that Li Xiandao's aura was totally different from the Bank's Master 20,000 years ago.

The last owner was too arrogant while Li Xiandao's aura was relaxed.

"I am the new Master of the Bank of the Universe. What do you want to trade?" Li Xiandao asked calmly.

Chapter 311: Old Man Tianchi's Strength

Murong Longcheng sat in front of Li Xiandao and looked around. This feeling was both foreign yet familiar.

20,000 years ago, the Master of the Bank of the Universe changed over. That arrogant person turned into this gentle Master. He just sat there with his back straight and gave off stability like he was a mountain.

He was totally different from the last Master.

The way he dealt with things was different too.

Murong Longcheng started to adjust the way he spoke.

“I want to deal with the Bank of the Universe.” Murong Longcheng said.

“Deal with what?” Li Xiandao asked.

“I will give Heaven Mountain to you and all of its resources will be yours, including myself. I will be your slave and your subordinate.” Murong Longcheng said firmly.

Li Xiandao frowned. When he heard about such good conditions, his first reaction wasn't joy. Instead, his heart sank.

The conditions were too good such that Li Xiandao was tempted.

But since Murong Longcheng requested such conditions, he would definitely demand for more.

Li Xiandao looked on calmly without any excitement.

Murong Longcheng looked at how calm Li Xiandao was and his heart sank. This Master was totally different from the last one. If the former Master heard these conditions, he would have agreed right away.

But Li Xiandao just calmly asked, “What do you want?”

Murong Longcheng said honestly, “Heaven Mountain, including me and the other people, are in trouble. The Bank of the Universe will help us get out of it.”

Li Xiandao knew that things weren't as simple as they seemed. Who knew what trouble they were in?

Moreover, Li Xiandao couldn't see through Murong Longcheng's cultivation. Since he couldn't solve the problem and needed the Bank of the Universe to protect him, one could tell how strong the enemy was.

But Li Xiandao didn't reject right away. He asked calmly, "You need to tell me everything and not be so haphazard. If you are going to do it like this, then there is no need for the deal to continue."

Murong Longcheng sighed and knew that Li Xiandao wasn't ordinary. He could only be well behaved and say, "I will tell you everything."

Li Xiandao and Seven's ears perked up.

"Have you ever heard of Old Man Tianchi?" Murong Longcheng asked.

Li Xiandao shook his head as he didn't know.

Seven knew about him, "Old Man Tianchi, a top expert in the Nine Skies. He is really strong and it is said that he exceeds celestials."

Li Xiandao looked at Seven in shock. Exceeding Celestials in the Nine Skies was really amazing.

"It's not a legend. It's the truth!" Murong Longcheng said proudly.

"You know him?" Li Xiandao asked.

"Old Man Tianchi is my senior brother. We learned from the same master and he joined earlier than me. We lived together for a few thousand years." Murong Longcheng reminisced the past.

Li Xiandao nodded, "Continue."

"My Senior Brother Old Man Tianchi is a genius. He reached the peak in the Nine Skies long ago and broke through to Celestial Realm and flew to the Celestial World." Murong Longcheng talked about his senior brother with pride.

"But he came down a few years after he headed up." Murong Longcheng's tone changed and he said regretfully.

"What? Many people wanted to head up, so why did he return?" Li Xiandao didn't understand.

"I asked him for his reasoning before but he said that the Celestial World had changed and it wasn't as good as he thought it was. It wasn't a fantasy land but hell." Murong Longcheng said honestly.

“And then?” Li Xiandao continued to ask.

“My Senior Brother came down alone and offended the Celestial World. What made Celestial World angry is the fact that the Sword God who ascended along with him killed many in the Celestial World before fleeing.” Murong Longcheng added.

Li Xiandao’s squinted. He heard a familiar name.

Sword God!

Li Xiandao knew that Sword God’s time was too short. When he was at his peak, he fought up to Celestial World, killing many people before he himself died.

This was the same as what Murong Longcheng had said, the only difference was that Sword God headed down from above.

Li Xiandao thought about it and then looked at Murong Longcheng, wanting to listen more.

“Sword God fled and the Celestials were all furious. They chased him and my Senior Brother also went to help him. With everyone’s help, they laid out the Celestial Slaying Formation. After sacrificing many, they killed all the celestials.” When Murong Longcheng said this, he couldn’t help but feel really emotional.

“So, you said that a bunch of Nine Skies cultivators laid out a Celestial Slaying Formation, and after sacrificing some people, they killed all the Celestials who came down from above?” Li Xiandao was shocked.

Seven also looked at Murong Longcheng in shock and found it unbelievable.

In the Ten Lands when people from Nine Skies came down, no one from Ten Lands could kill them. They had no choice but to send the judge who was raised by the Ten Land’s Dao itself.

But in the Nine Skies, a bunch of cultivators worked together and killed many celestials.

Li Xiandao could only say that they were amazing.

“You are shocked, right?” Murong Longcheng looked at Li Xiandao with pride. He was led by his senior brother who he respected the most.

Li Xiandao nodded, “And then?”

“Naturally, the Celestial World was furious and they wanted to wash Nine Skies with blood. My Senior Brother locked up the Celestial Gate alone and cut off the connection between Nine Skies and Ten Lands and Celestial World.” Murong Longcheng said.

“The Celestial Gate is locked?” Seven couldn’t help but exclaim.

“Right, it is locked. Celestials above can’t come down easily. Even if they want to, they have to pay a huge price and it will be easy for them to die as well. This is why during these 30,000 years, very few people from the Celestial World came down. The Nine Skies developed by itself and this is all because of my Senior Brother.” Murong Longcheng was filled with pride.

“If this is all because of Old Man Tianchi, then what does this have to do with you?” Li Xiandao asked.

Of course, Li Xiandao respected this Old Man Tianchi and Sword God.

Anyone who dared to fight people from higher worlds was an unbelievable hero.

Moreover, Sword God and Old Man Tianchi killed a bunch of celestials. Old Man Tianchi even locked the Celestial Gate and prevented them from coming down so easily.

Amazing!

But what did that have to do with Murong Longcheng?

Murong Longcheng sighed, “A few days after that, my senior brother lost his life there and only a bit of his soul returned to Heaven Mountain to give me some instructions. He also gave me something.”

“What?” Li Xiandao’s asked curiously.

“The key to the Celestial Gate!” Murong Longcheng said solemnly.

Chapter 312: Seven’s Enlightenment

Murong Longcheng guarded Heaven Mountain and tried his best to hide and develop his strength. He did all of this to protect the last thing that his senior brother had given him.

The key to Celestial Gate!

The key to open the Celestial Gate!

With this key on him, once people from the Celestial World took it and opened the Celestial Gate, the Nine Skies would return to normal. The Celestial World would definitely interfere and Nine Skies wouldn’t be able to grow. Nine Skies would be trashed and become Celestial World’s back garden which anyone could trample on.

Ten Lands didn't want itself to become Nine Skies' puppet, so they developed the world crosser judge. Nine Skies didn't want to be under the Celestial World, so Sword God and Old Man Tianchi gave up their lives to seal the Celestial Gate.

Since Celestial World couldn't head down, they wouldn't be able to control Nine Skies members so easily.

This was why people from the Celestial World wanted Murong Longcheng's key.

Thus, it was easy to explain why Murong Longcheng was so worried. He felt that if the Bank of the Universe didn't help him, then he would be dead.

He didn't have terrifying cultivation like his senior brother did to be able to handle people from the Celestial World. He wasn't able to smash Celestial World so badly that they remembered his identity and name.

This was why he came to the Bank of the Universe to trade with Li Xiandao so that the Bank of the Universe could protect him.

"As long as the contract is signed, then I will hand the key to you. As long as you help solve Heaven Mountain's problem, then we will belong to you." Murong Longcheng said.

"Wait!" Li Xiandao looked at Murong Longcheng and asked, "You said to solve Heaven Mountain's problem, so what problem is it?"

"After these 30,000 years of being unable to interfere in Nine Skies matters, Celestial World was furious and couldn't take it anymore. They supported many factions in the Nine Skies and they are rushing over to Heaven Mountain. This is even more terrifying than what happened 10,000 years ago and we won't be able to block it." Murong Longcheng was worried.

10,000 years ago, the emperor who wanted to occupy Heaven Mountain was a friend of Celestials. In the end, the people from Heaven Mountain Mountain Range worked together to kill him and threaten the others who were tempted.

But 10,000 years had passed and the people the Celestials developed were getting stronger and stronger. Not only Cold Moon Sky, but the other people also entered Cold Moon Sky and headed near Heaven Mountain to start to probe.

This was also the reason why Murong Longcheng wanted to sign the contract with Li Xiandao so eagerly.

They couldn't handle this danger.

After Li Xiandao heard this, he frowned. Just like how Murong Longcheng felt pressured, Li Xiandao felt pressured too.

He was wondering why so many people were gathering Heaven Mountain, so this was the reason.

All of this was them probing. The true dangers were yet to occur.

Murong Longcheng explained himself and then looked at Li Xiandao. He couldn't see his expression from the ice-cold mask and didn't know what Li Xiandao was thinking. Murong Longcheng was really conflicted.

If Li Xiandao didn't agree, he would fight to the death but the outcome would be really intense.

"How are you so sure that they will come together?" Li Xiandao frowned and asked.

"I think those coming are all disciples from the big families." Li Xiandao added.

For example, the Gold Family's Feng Longque, the Qing Family's Qing Yao, etc.

"I have a feeling that this time will be much worse than before. The emperor 10,000 years ago was only killed because we went all out. This time won't be so simple." Murong Longcheng said firmly.

Li Xiandao couldn't help but look at Seven.

Was this contract worth signing?

Actually, Li Xiandao wasn't willing to sign it.

Although he was at Grotto-Heaven Realm and could suppress everyone at Boundless Realm, what about anything exceeding that?

Li Xiandao wanted to improve quickly but he needed time too.

Not to mention the fact that Li Xiandao's subordinates were only at Grotto-Heaven Realm and Boundless Realm.

How could they deal with the people that Celestials had nurtured?

Seven smiled at Murong Longcheng, "Go rest. We will head to discuss and then we will tell you whether or not we will sign it."

Murong Longcheng nodded and waited in trepidation.

Li Xiandao and Seven instantly disappeared.

On the square outside the Trading Hall, Li Xiandao and Seven appeared.

Li Xiandao shook his head, "I don't want to sign this contract. The rewards are huge but there are risks and dangers too."

Li Xiandao felt that he couldn't deal with those from the Celestial World right now, so he didn't want to sign the contract.

But Seven walked forward with a smile and took off Li Xiandao's mask, "You are afraid because you heard that they are from Celestial World?"

Li Xiandao looked at Seven's wide smile and nodded, "A little. I am only at Grotto-Heaven Realm, and even if I can suppress people at Boundless Realm, there is still a huge gap between myself and them."

Seven said gently, "Anyone in Nine Skies and Ten Lands will be afraid when they hear about people from Celestial World. That's quite normal. But don't treat them as gods. If they were really so terrifying, then how could Murong Longcheng have defended the key for 30,000 years?"

Li Xiandao was stunned!

Seven's words were like a giant hammer that smashed away the worry and fear he had in his heart.

Right!

If Celestial World was so strong, then Murong Longcheng would have lost the key long ago.

He wouldn't have been able to hold on for 30,000 years.

"Let me tell you that there are two ways for Celestial World people to head down. Do you know?" Seven got close to Li Xiandao and she was still holding Li Xiandao's mask. She whispered in his ear.

Her scent entered his nose and her aura wrapped around him. He looked at her perfect face close up and asked, "What?"

"First, you'll give up your body and head down in your soul form. You will then steal a body and burn that body's potential to reach your peak." Seven whispered into Li Xiandao's ear.

Li Xiandao's eyes slowly lit up.

"The second way is to reincarnate. To give up your cultivation and body in the Celestial World, allowing them to open up the path of reincarnation and send you back to the Nine Skies. You will start from the beginning and awaken your memories. You will reach

the peak of your cultivation in the Nine Skies and then come back to get the key.” Seven said.

Li Xiandao had an idea, “These two methods would bring huge losses to them, right.”

“Of course. With the first plan, they would be losing their celestial bodies. If one steals a body and burns its potential, one will quickly grow old. This is why they have to get the Celestial Key swiftly and then open the gate and return to their own Celestial bodies.” Seven nodded. He placed her head on his shoulder and said.

“You don’t have to worry about them. Without the Celestial Gate, they don’t have terrifying powers. In my heart, you are more amazing than any of them. Do you understand?” Seven muttered and only Li Xiandao could hear it.

Li Xiandao helped her up and took his mask. He said confidently, “I will sign the contract because of your words. I will also make these Celestials kneel down. Heaven Mountain is mine and no one will be able to take it.”

Seven looked at Li Xiandao in satisfaction, “This is right. This is the attitude I would like to see.”

Li Xiandao wore the mask and walked towards the Trading Hall. He said loudly, “Help me prepare the contract. I am going to fight with these Celestials to see who is more amazing.”

Chapter 313: Signing The Contract

Peng!

Li Xiandao pushed open the doors of the Trading Hall and there was a loud thud.

He strolled in and the first sentence he said was, “I can sign the contract but I have some details that need to be changed.”

Murong Longcheng, who was really nervous, was now filled with delight. He turned his head quickly and said anxiously, “No problem. We can discuss the details.”

He thought that Li Xiandao wouldn’t agree to the contract. After all, he would become the Celestial World’s enemy.

Murong Longcheng made the same mistake as Li Xiandao previously. After hearing that they were facing Celestials from the Celestial World, his first reaction was to think that they were strong and terrifying and that he wouldn’t be able to win.

They didn't understand the situation and Murong Longcheng placed the opposition in such a strong position. This placed huge pressure on himself.

He definitely didn't know how tough it was for the Celestials to come down with the Celestial Gate closed which was why he was so anxious.

This was also the same situation as everyone in the Nine Skies and Ten Lands. When they heard about Celestials, they started to be afraid right away.

In truth, the so-called Celestials could be defeated.

No matter whether they used the first method or the second by reincarnation, without an exception, they weren't omnipotent celestials.

They were no different from people from the Nine Skies!

All of this was why they wanted the key so badly.

Of course, Li Xiandao knew about this because of Seven and Murong Longcheng didn't know about it. He felt that he couldn't defend against those Celestials, and in his mind, they were really terrifying.

Li Xiandao sat on his seat and wiped aside the worry and nervousness from before. He was really confident, "I can sign it, but before that, I need to ask you. Can you make every decision regarding Heaven Mountain?"

Murong Longcheng nodded, "I can. I have a name in the Heaven Mountain. I am the Tomb Guardian of Heaven Mountain. I developed Heaven Mountain and recruited a bunch of orphans, homeless people, and monsters to help defend. So, if I give an order, they won't object."

Li Xiandao nodded in satisfaction, "Since that is the case, then you will use Heaven Mountain and the loyalty of everyone on it as the price in exchange for the Bank of the Universe's support."

"Right, everyone on Heaven Mountain, including myself, will be under you. Heaven Mountain will be yours too. The 100,000 Spiritual Energy Dragon Veins that I developed will belong to you too." Murong Longcheng said firmly.

As long as he could defend Heaven Mountain Mountain Range and his buddies who had guarded the place alongside him and also the key that his senior brother gave him, he was satisfied.

As for being a subordinate?

Nicely put, he would become a subordinate, but if one was honest, he would be a slave.

But he didn't care!

The Bank of the Universe was strong and mysterious. He didn't have the pride and ambition that his senior brother had. So, he could accept being a subordinate.

"In the contract, you must add that if you go against my thoughts, I can kill all of you." Li Xiandao was cold. He had to add that.

Murong Longcheng took in a deep breath. Wasn't that too cruel?

Their lives would be controlled by Li Xiandao in the future.

Normal people wouldn't accept that.

Murong Longcheng considered it and accepted which was why he wasn't a normal person.

"I am okay. The people on Heaven Mountain are okay with it too." Murong Longcheng gritted his teeth and agreed.

"Okay, if people from Heaven Mountain are not okay with it, then you are responsible." Li Xiandao warned.

Murong Longcheng nodded, "I am sure that they are fine."

"Seven, have you prepared the contract?" Li Xiandao shouted.

"Yes." Seven's sweet voice entered his ears and she walked over with the contract. She passed it to Li Xiandao.

Li Xiandao took it and passed it to Murong Longcheng, "Since it is fine, then you can sign the contract. After that, bring it out and let all the people from Heaven Mountain sign it. They must place a part of their soul inside to complete the contract."

Murong Longcheng took a look before signing. After signing it, for some reason, he felt more at ease.

Celestials didn't seem so terrifying as they had people from the Bank of the Universe on their side.

What he didn't know was that no one in the Bank of the Universe was stronger than him now.

Li Xiandao looked at his signature and was pleased, "Let them all sign it and then let Heaven Heart bring 10,000 top-grade Spiritual Energy Dragon Veins back."

Murong Longcheng took the contract and nodded, "I will prepare 10,000 Spiritual Energy Dragon Veins."

"Eh, you don't need to touch the 1,000 in Heaven Lake. I just need 10,000 top quality Spiritual Energy Dragon Veins." Li Xiandao was satisfied.

Li Xiandao reached out and said, "Hand me the Celestial Gate keys!"

Murong Longcheng took in a deep breath like he was heaving a sigh of relief. He took out a sword-like key from his body and passed it to Li Xiandao.

"This is the key to the Celestial Gate. Its quality itself is really amazing and even Celestial Artifacts can't slice it. It is really useful." Murong Longcheng said.

Li Xiandao took it and it felt cold. There was a terrifying power sleeping within and it seemed like it would only awaken when he got close to the Celestial Gate.

"Very good. You can go back." Li Xiandao nodded in satisfaction and waved his hands. Murong Longcheng's body turned into dust and disappeared.

Within the Bank of the Universe's Trading Hall, only Li Xiandao and Seven were left.

Li Xiandao passed the key to Celestial Gate to Seven and told her to keep it.

"Once the 10,000 Spiritual Energy Dragon Veins are back, you can unlock the fifth mountain peak. When the time comes, the Bank of the Universe will be able to travel through space. As long as you have enough energy, you can go anywhere in the Nine Skies and Ten Lands." Seven said happily.

"I still need to thank you for enlightening me, otherwise, I would have rejected that contract." Li Xiandao took off his mask and looked at Seven gently.

Seven's face turned red from Li Xiandao's gaze, "I am the manager of the Bank of the Universe. Isn't this what I should do?"

Li Xiandao shook his head, "I don't like it when you call me Master. I also don't like the cold master and servant relationship between us."

"You want to have another relationship?" Seven's face flushed red and her eyes flashed.

"Yes." Li Xiandao nodded his head firmly.

"Then, you need to work harder. The Bank of the Universe is not even 0.1% that of its peak. You might end up disappearing like the previous Masters, so I won't have a

relationship with such a person.” Seven gave Li Xiandao a reply for the first time. Although she rejected him, it still gave Li Xiandao some confidence.

Li Xiandao smiled, “You are right. I will work hard to strengthen the Bank of the Universe and let Miss Seven follow me.”

“Pui, who is Miss Seven?” She left with her face flushing red. She didn’t want to continue talking with Li Xiandao. She felt that it was enough to give Li Xiandao some hope today. If they continued to talk, her face would get so red it would drip blood.

Li Xiandao looked at her shy behavior and smiled. He didn’t stop her. At this point, he felt more at ease.

Although Seven didn’t say that she liked Li Xiandao, what happened today gave him some hope.

But her red face was better than all sorts of joyful words and teasing speeches.

Those Celestials had no chance of getting the Celestial Gate key at all.

Chapter 314: Sword God’s Sadness

Murong Longcheng returned to Heaven Mountain holding a contract in his hands.

Heaven Heart had been waiting. When he saw Murong Longcheng’s sudden appearance, he asked curiously, “What is the situation now?”

“From now onward, we are one family.” Murong Longcheng said simply. The pressure on him was gone and he felt really relaxed.

“Master took you in?” Heaven Heart was shocked.

“Eh, Master also told me to let you bring 10,000 top-grade Spiritual Energy Dragon Veins back.” Murong Longcheng said.

“Congratulations on becoming Master’s subordinate.” Heaven Heart congratulated him. To him, it was a huge blessing to become Li Xiandao’s subordinate. The benefits were just innumerable.

Murong Longcheng smiled and nodded his head, “I will go take out 10,000 Spiritual Energy Dragon Veins for you to bring back to Master.”

“Okay.” Heaven Heart nodded. When he heard that Murong Longcheng was Master’s subordinate, he became much warmer.

Since he was Master's subordinate, they were one family and they were just serving Master.

Murong Longcheng and Heaven Heart started to collect the Spiritual Energy Dragon Veins. Along the way, they let some of the monsters and experts sign their names as well as form spirit seals on the contracts.

Murong Longcheng's honor and prestige in Heaven Mountain wasn't to be doubted. The moment he said something, others would just do it without even asking.

After all, Murong Longcheng was the biggest reason for Heaven Mountain's development to its current state. If they didn't follow Murong Longcheng's rules, they would have been chased out long ago.

In just a day, Murong Longcheng completed the contract and the Spiritual Energy Dragon Veins matter. He handed both to Heaven Heart for him to bring back.

"Hand these to Master. I will wait for his orders on Heaven Mountain." Murong Longcheng said.

"Don't worry." Heaven Heart drew the space crossing seal and rushed towards Ten Thousand Spirit Holy Land.

....

Within the Bank of the Universe, Legacy Hall headed towards Legacy Hall after Murong Longcheng left.

He didn't come here to spar.

In truth, he had sucked all of Zhao Wuji, Zhong Baishen, Sword God, and the priest's Boundless Realm dao attainments.

There was nothing more for him to absorb.

He actually came to find Sword God.

He really wanted to ask whether or not the battle where Sword God died was real?

Seeing Li Xiandao walk towards his tomb and stop, Sword God's heart shook, "Why are you here?"

Sword God saw Li Xiandao and his legs went soft. He was afraid.

"Bank Master, you can't keep abusing the four of us, right?" Sword God was helpless.

“I didn’t come here to comprehend Dao Attainments. I have something to ask you.” Li Xiandao said calmly.

“What?” Sword God heaved a sigh of relief. It was great that he was here to ask things and not spar.

“How did you die in the end?” Li Xiandao asked.

“Why are you asking this?” Sword God coughed and he didn’t want to reply to that question.

“I just got the key to Celestial Gate and I heard about things from 10,000 years ago.” Li Xiandao said.

Sword God’s expression changed as he stared at Li Xiandao solemnly, “Key to Celestial Gate?”

“Right, the Celestial Gate was locked by someone and the key was taken. Without it, the gate wouldn’t open and it would be difficult for people from the Celestial World to come down.” Li Xiandao nodded his head.

“He did it, Old Man Tianchi really did it; he closed the Celestial Gate.” Sword God had a weird expression and he muttered both with sadness and emotion.

Li Xiandao looked on and he was sure that Murong Longcheng was right. Sword God participated in that battle and he had probably died when they killed the Celestials.

“Master of the Bank, do you know how Old Man Tianchi is now?” Sword God asked eagerly.

“He died.” Li Xiandao’s eyes drooped and he said solemnly.

Sword God closed his eyes and he sighed, “The heavens really are jealous of geniuses. Old Man Tianchi is so talented and killed a Celestial when he was in the Nine Skies. He was just born in the wrong place. If he was born in the Celestial World, he would be extremely famous.”

Sword God’s only brother was Old Man Tianchi.

The two of them knew each other when they were young. They went through troubles, drank wine together, fought together, went to brothels together, flew to Celestial World together, killed Celestials together...

They did many things together. Sword God really respected Old Man Tianchi’s talent and he said that only 10 of him could compare to one of his fingers.

He was the top supporter of Old Man Tianchi!

But now, Sword God had a bit of his soul left while Old Man Tianchi was totally gone.

Before dying, Old Man Tianchi did something completely unprecedented.

Since Nine Skies and Ten Lands and Celestial World were separated and the situation had changed, no one managed to close the Celestial Gate.

But Old Man Tianchi did it alone. He broke the path for Celestial World people to come down and for a full 30,000 years, no one opened it before.

Li Xiandao asked curiously, "After entering the Celestial World what happened such that both of you decided to head out?"

"The first thing we did was meet the Heaven Court Law Enforcement Team. They wanted to enslave everyone who flew up for 100 years and those who didn't want to be slaves had to join the Heaven Court and sign a contract for 3,000 years. Anyone who resisted would be killed." Sword God was annoyed.

He didn't want to sign the contract, so he killed many people out of rage.

Sword God was at his peak then and with one sword he killed so many people. No one expected him to have such strength right after he flew up.

Sword God fled back to Nine Skies and worked with Old Man Tianchi to kill all those from Celestial World Heaven Court who came back down.

That fight was really intense and both sides lost many people. To stop them from escaping, Sword God sacrificed his life to hold them back and he perished together with them.

The difference was that a bit of his soul made its way to the Bank of the Universe.

Old Man Tianchi really died.

"Heaven Court is really overbearing." Li Xiandao muttered.

"They are bullies in the Celestial World and no one can take advantage of them." Sword God shook his head and sat down. He laid on his own tomb and looked forwards restlessly.

"Life and death are normal. You are already dead and you were lucky to survive, so don't be too sad." Li Xiandao knew that Sword God missed Old Man Tianchi.

“Master of the Bank, let me be alone. You made me think about things that I had long forgotten. I need some time to think.” Sword God sighed.

“Okay, I shall leave.” Li Xiandao nodded his head. He respected Sword God’s wishes and left.

After he left, Sword God teared up. He raised his head and looked into the sky. Who knew what he was thinking about?

Chapter 315: Unlocking Fifth Mountain

Li Xiandao returned to the square over at the Bank of the Universe and didn’t leave. He cultivated for just a short while before seeing that Heaven Heart had returned.

Heaven Heart rushed overnight, using the space crossing seal like he had unlimited True Qi. He dashed back to meet Li Xiandao.

Heaven Heart knew that Li Xiandao badly needed 10,000 Spiritual Energy Dragon Veins, so he had to quickly return.

“Master, I have 10,000 Spiritual Energy Dragon Veins with me and also the contracts of everyone on Heaven Mountain including Murong Longcheng. Every monster and beast there has signed it.” Heaven Heart said respectfully and handed over a storage treasure and the contracts.

Li Xiandao stood up and looked at Heaven Heart. He took the 10,000 Spiritual Energy Dragon Veins and said in satisfaction, “Not bad. It hasn’t been easy for you to rush back. Head down to cultivate and also pass the contract to Seven.”

Heaven Heart turned around and left to find Seven.

The slightly above average storage treasure in Li Xiandao’s hands was very spacious. It was like a stretch of wide grassland that was filled with 10,000 top quality Spiritual Energy Dragon Veins, taking up most of the space within.

Kong! Kong! Kong!

These 10,000 Spiritual Energy Dragon Veins were all of top quality and some had birthed their own consciousness. Now that they were squeezed together, they hollered in unhappiness.

Li Xiandao looked at the sky and said calmly, “The Dao, I want to unlock the fifth mountain!”

Explosion!

A giant suction force appeared in the sky which sucked away the storage treasure in Li Xiandao's hands.

Kacha!

Under this huge pressure, the storage treasure instantly exploded. The 10,000 Spiritual Energy Dragon Veins flew out and roared in rage. They were about to scatter and flee.

But the Dao had locked onto them, not giving them the chance to do so at all.

Explosion!

The giant suction force turned into a terrifying arm. The 10,000 Spiritual Energy Dragon Veins were tugged towards the sky.

Li Xiandao looked on and entered a state of enlightenment

The Heaven Dao's movement contained naturally formed Daos, much thicker than those of the priest and the other three. This short time was enough for Li Xiandao to comprehend many things.

Ka ka ka!

Li Xiandao instantly comprehended many things.

He started to transform. It was as if something in his body had broken open.

That grab from the Heaven Dao seemed like it could birth limitless amounts of sword energy.

Li Xiandao closed his eyes and his body slowly floated into the sky. He stepped in mid-air and his 10 Grotto-Heavens appeared beside him.

Ten Lands!

Explosion!

The Ten Lands all exploded, turning into dust which entered his body.

Perfect Body!

At that moment, Li Xiandao absorbed the power of the Ten Lands and stepped into Boundless Realm without any obstruction.

He was even improving, progressing towards an unknown future.

How huge were the Ten Lands?

They were 10 huge worlds, one more world than the Nine Skies. How terrifying was the power for them all to enter Li Xiandao's body at once?

Li Xiandao's cultivation increased like a ship in a rising tide. The energy of the Ten Lands was like water while Li Xiandao's body was like the deep abyss.

When water was poured into the deep abyss, a small ship would keep on rising, reaching a shocking level.

Li Xiandao's cultivation proceeded towards an unknown realm.

This change lasted for a total of 10 days. Li Xiandao broke through too quickly, and when he opened his eyes, he realized that nothing had changed and only a second had passed.

But Seven who had been taking care of him said, "10 days has passed. What realm are you at now?"

"10 days has passed?" Li Xiandao was stunned. To him, it had only been an instant.

"You had entered a state of enlightenment and even if a year passed, you would think that it had only been a moment. What realm have you broken through to?" Seven asked curiously.

Li Xiandao landed and smiled, "Boundless Realm."

"I don't think so. Ten Lands has such enormous power and now that it's entered your body, you are only at Boundless Realm?" Seven was suspect.

"You will know when I fight those Celestials." Li Xiandao kept the mystery and just smiled. He didn't say anything and just looked at that newly unlocked mountain.

The mountain was the smallest out of those unlocked. It wasn't small in height but in size.

It shot up toward the clouds like the rest and it was very majestic.

However, it was a steep cliff.

"This is the Teleportation Mountain. From now onward, you can head anywhere in the Nine Skies and Ten Lands. As long as you inject spirit meridians in to burn, you can cross worlds." Seven introduced.

“I still need to burn spirit meridians?” Li Xiandao said.

“Of course. You have to burn quite a few too.” Seven smiled.

“How many each time?” Li Xiandao asked curiously.

“1,000 top-grade Spiritual Energy Dragon Veins for one time.” Seven raised her jade-like finger.

Li Xiandao blinked in shock, “So expensive?”

“You are crossing worlds.” Seven said to her. She felt like it was to be expected.

“Okay, then if I teleport within Cold Moon Sky, how many spirit meridians do I need?” Li Xiandao barely accepted and asked.

“No need, it is free.” Seven said.

“That’s good.” Li Xiandao nodded in satisfaction and asked, “I was away for 10 days, so what is the situation at Heaven Mountain like?”

“Right, Murong Longcheng sent news that the various factions have sent forces toward Heaven Mountain. They are staring aggressively and the situation is not good. It seems like they are about to enter the depths of Heaven Mountain.” Seven said solemnly.

Li Xiandao frowned and asked, “Only the scouts?”

“Yes, only the scouts for now.” Seven nodded.

“Send all my subordinates over to defend Human Celestial.” Li Xiandao said coldly.

Seven instantly informed Battle Angel Michael, Archangel Gabriel, Moon Angel Usuna, Fallen Angel Lucifer, Wu Xian’er, Qiu Bai, Gong Yu, Li Wuya, Demon Frog, Wild Boar, God Eagle, Pangolin, Heaven Swallowing Dog, Barbaric Cow, and Flood Dragon!

After they entered Cold Moon Sky, they cultivated and improved a lot. This was the right time for them to show their skills.

“How are the four angels merging?” Li Xiandao asked.

“Their merger is the best news. After entering Cold Moon Sky, they obtained huge amounts of spiritual energy and improved so much in a day. At the moment, I can’t evaluate their strength accurately.” Seven smiled. She was quite satisfied with the four angels.

“Very good, let the God Race Angels under me show themselves in Cold Moon Sky.” Li Xiandao nodded his head in joy and anticipation.

“Right, teleport the Bank of the Universe to Heaven Mountain. I am going to monitor the battle from there.” Li Xiandao told Seven to try the strength of the Teleportation Peak.

Seven nodded and activated the Teleportation Peak to teleport the Bank of the Universe from Ten Thousand Spirit Holy Land to Heaven Mountain.

Chapter 316: Source Swallowing Demon Technique

Explosion!

The Bank of the Universe teleported across many worlds and appeared in the sky above Heaven Mountain.

Li Xiandao released nearly all of his subordinates here.

Apart from the two little girls Tian Ya and Li Qing'er and La Mo who didn't head out.

La Mo was too weak and he was left in the Bank of the Universe to take care of the two girls. The others were all sent out to welcome this huge war.

Within Heaven Mountain, Murong Longcheng was the happiest person when Li Xiandao's Bank of the Universe descended.

He immediately came out to meet Li Xiandao.

“Greetings Master.” Murong Longcheng was delighted.

Li Xiandao nodded and asked, “What is the situation now?”

“It is quite uncertain. The various aristocratic families and faction disciples have appeared and are testing us.” Murong Longcheng replied.

Li Xiandao stood with his arms behind his back and walked on the square, “How many experts does Heaven Mountain have?”

Murong Longcheng said truthfully, “I am one. There is also the poisonous python in Heaven Lake. I took in a kid who uses swords and there is this giant titan that can easily toss mountains toward the stars.”

“Just these four?” Li Xiandao asked.

“These are the only four that can be considered experts; the rest aren’t that good and are just around Boundless Realm. They can fend off the younger generations of the various factions.” Murong Longcheng said slowly.

His rules for calculating experts were different from Li Xiandao’s. These three people were experts in his eyes and adding in himself, they were the strongest in Heaven Mountain.

Li Xiandao thought about it, “Let them come and see me.”

Murong Longcheng headed out and brought these three terrifying fellows into the Bank of the Universe.

The poisonous python turned into a human who had a dark and cold expression. His eyes were vertical and looked really evil.

The kid carried a wooden sword and wore basic clothing. His hair hung behind his body as he walked in.

The giant titan was 10 meters tall and this was even after he shrunk. He had immense strength and no blade or spear could pierce through it.

The three of them entered the Bank of the Universe along with Murong Longcheng.

They were in awe of the Bank of the Universe’s strength and mystery.

After they saw Li Xiandao, they were all shocked. They realized that they couldn’t see through Li Xiandao. He stood there like a bottomless abyss. He was just so frightening.

This caused them to stop doubting Li Xiandao so much. Similar to Murong Longcheng, they greeted him respectfully.

If Li Xiandao knew what they were thinking, he would have definitely told them that his cultivation was not as high as theirs and that the reason why they couldn’t tell was because of the Bank of the Universe.

Within the Bank of the Universe, no one could see through Li Xiandao’s cultivation.

Within the Bank of the Universe, Li Xiandao was a god and he could easily kill these people who had higher cultivation than him.

“This is our Master, the Master of the Bank of the Universe.” Murong Longcheng said respectfully.

“Hello, Master.” The Giant Titan was first to speak. His 10-meter tall body couldn’t shrink anymore as the cultivation technique he used didn’t allow him to.

Li Xiandao nodded, "You have the titan race bloodline?"

"Right, I do. Luckily, Uncle Murong took me in and raised me." The titan replied. His voice was like thunder and his breathing caused a small breeze.

Li Xiandao looked at him and asked, "You don't seem very familiar with your own strength."

"I don't have Titan Race cultivation techniques, so I let Da Li cultivate human techniques which resulted in his growth not being so fast and his body growing larger and larger." Murong Longcheng sighed and felt really guilty.

Titan Giant Da Li had huge potential but without the suitable cultivation technique, he was being delayed.

Li Xiandao thought about it. He reached out and a book appeared in his hands.

"Since you call me Master, then you are my men from now onward. This is the Giant God Spirit that the titans cultivate." Li Xiandao passed it to him.

Da Li was delighted. He knelt down right away and pushed his heads forwards, "Master, this is our Titan Race's lost secret technique and is the top body cultivation technique, so how do you have it?"

"Of course, I collected it." Li Xiandao tossed the book out and Da Li hurried to catch it. He was filled with joy, "Thank you, Master. Now, I finally have something to get strong with."

"Master!" Seeing how Li Xiandao gave Da Li a technique without any hesitation, the poisonous python couldn't sit still anymore. It forced out a smile and shouted.

A poisonous python!

Who knew how long its main body was?

A poisonous python whose face was dark and sunken. Each day it actually called Li Xiandao his Master and even forced a smile.

Murong Longcheng's face twitched. These shameless fellows.

"You called me Master and this is also our first meeting, so naturally, I have to reward you." Li Xiandao nodded in satisfaction.

The poisonous python's smile became even wider and he didn't seem as dark and serious as before.

When the kid carrying the wooden sword saw this, he hesitated and shouted, "Master... Hello Master, I am Ling Wu!"

Li Xiandao grinned. As expected, rewards were the best way of calming the hearts of people.

"What cultivation techniques do both of you use?" Li Xiandao asked calmly.

"I cultivate the Five Poison True Technique but it won't allow me to improve anymore." The poisonous python said helplessly.

Ling Wu knew that it wasn't time to hold back anything and said, "I am cultivating the Fallen Sun Sword Technique, but it cannot ignite my potential anymore."

The moment Li Xiandao wanted to speak, Murong Longcheng coughed.

"This... Master!" Murong Longcheng smiled like a flower as he looked at Li Xiandao.

Li Xiandao was stunned and didn't know whether to laugh or cry, "You lack techniques too?"

"Yes, if I had any I would have to give it to them, right?" Murong Longcheng was frustrated.

"Didn't you have a Master and a legacy?" Li Xiandao didn't understand.

"My Master died early." Murong Longcheng felt wronged.

"What about your Senior Brother?" Li Xiandao asked.

"His techniques were too difficult to understand and I couldn't cultivate them. They weren't suitable for me either." Murong Longcheng felt embarrassed.

"Hand over your Senior Brother's technique for me to take a look." Li Xiandao reached out.

Murong Longcheng immediately took out Senior Brother's cultivation technique. He had left it for tens of thousands of years and wasn't able to cultivate it.

Li Xiandao took a look. It was the Source Swallowing Demon Technique!

He took a close look at it. This technique used swallowing as the main system to build an extremely strong dantian. Anything that entered the body could be swallowed and turned into energy.

As long as the dantian was strong enough, you could even absorb the energy of Celestials.

This explained how Old Man Tianchi could kill Celestials in the Nine Skies.

“Hand this book to me. I will pass the three of you one ancient technique.” Li Xiandao said.

“No problem.” Murong Longcheng looked at Li Xiandao with anticipation.

Chapter 317: Tian Guangming’s Excitement

Li Xiandao took the Source Swallowing Demon Technique and he gave each of them one technique.

What Murong Longcheng got was an ancient dream technique Three Thousand Years Dream.

This technique could drag one into a dream. It would be mystical like a dream but the Dao would be real and one wouldn’t be able to tell whether or not it was real.

The poisonous python had the Great Poison Source with which one could cultivate and find the source of all poisons. It allowed one to turn the essence of the Dao into a poison to corrode the enemies. It was an invincible killing technique.

Ling Wu got what Li Xiandao cultivated before: Slaying the Heavens!

Slaying the Heavens was an amazing and very strong technique. Till now, Li Xiandao still hadn’t stopped cultivating it.

After Ling Wu acquired it, he took a close look and was delighted. He was touched, “Thank you Master.”

This time he sounded much more serious than before.

Titan Da Li also said respectfully, “Thank you, Master!”

Both the poisonous python and Murong Longcheng looked at Li Xiandao emotionally. They didn’t care whether he was a good Master but at least he was generous. He gave them four rare ancient techniques right away and wasn’t afraid that they would ditch him.

Li Xiandao looked at them and said calmly, "All of you can head back to cultivate and comprehend your techniques. Heaven Mountain won't be calm for long. This place belongs to me now and no one else can touch it."

"Understood!" The four of them cupped their fists, and at this moment, they truly respected Li Xiandao.

Things were just so practical. An ancient technique was enough to recruit all of them.

When they signed and left their soul imprints, they already belonged to Li Xiandao. Now, they yielded so quickly because they realized that Li Xiandao was a nice person. On the first meeting he even gave them all ancient techniques.

It seemed like there was nothing wrong having a Master like this.

"Go back and cultivate. I still need the few of you to attack when the time comes." Li Xiandao said as he waved his hands.

"Goodbye, Master!" Murong Longcheng was the first to leave. The other three then said goodbye to Li Xiandao and followed behind Murong Longcheng to return to Heaven Mountain.

After they left, Li Xiandao picked up the Source Swallowing Demon Technique and took a close look. He shook his head regretfully, "This is not suitable for me. My sword is not suitable for cultivating this demonic technique."

Li Xiandao had trained in the sword for so long.

To suddenly switch to a demon path technique would be asking for death. He wasn't so foolish to do that.

"Although I am unable to cultivate it, I can still learn some of the Daos within and it might still be helpful to me." Li Xiandao nodded his head, taking the Source Swallowing Demon Technique into the Trading Hall.

Hong!

The doors to the Trading Hall closed right away and the explosion from swords spread out from within.

Li Xiandao was improving.

....

Everyone at Heaven Mountain was really nervous and many geniuses had come over. Top disciples from the various factions, freaks, heirs to dynasties, etc.

These people gathered in Heaven Mountain and were all confident in themselves. There were dozens of battles each day and some low profile geniuses were noticed.

Many of them had become famous because of these battles. They went from nothing to top talents in just a few battles.

Of course, that didn't include Tian Guangming.

He had left the Bank of the Universe for around a dozen days and was searching for that person on the contract.

"Damn, I am following the contract so far to the northwest. I have teleported so much that I am about to vomit and then this old man just disappeared." Tian Guangming was furious.

After heading to the northwest, the old man disappeared. The contract showed that the old man appeared near Heaven Mountain.

Tian Guangming rushed from the northwest back to Heaven Mountain to find and kill that old man who broke the contract.

He had broken the contract for 10,000 years and deserved to die!

But when Tian Guangming arrived near Heaven Mountain, the person disappeared, which angered him.

"This broken contract can't even locate a person, making me run all over." Tian Guangming furiously tossed the contract on the ground. He squatted by the side and felt really depressed.

He originally wanted to cultivate after leaving the Bank of the Universe and not allow Heaven Heart to catch up to him or exceed him.

But during these dozens of days, he was just rushing to the location...

How could he cultivate?

Tian Guangming didn't even see the person. The only improvement he made was in the space crossing seals.

But this was just something used to flee.

Ding!

The contract shone once more. Tian Guangming was annoyed, "Here it is again and it is so far away. I am really going to get mad."

He had already run around for weeks and hadn't seen that person at all. For the first time, Tian Guangming was wondering whether or not time was passing too slowly or whether there was a problem with the contract?

Tian Guangming picked up the contract he tossed on the ground and took a look. The signature shone and indicated that the person was 100 meters behind him.

Tian Guangming stood up in shock and turned his head in disbelief.

100 meters. It wasn't that far.

He turned his head but didn't see an old man. There wasn't an old man with low cultivation.

On the contrary, he saw an expert!

A young expert!

It wasn't the old man recorded on the contract.

"What?" Tian Guangming opened the contract in shock and looked at him once more. The contract was sure that it was the young man ahead of him.

The young man wasn't alone and there were many by his side. 100 meters was crossed really quickly and he passed by Tian Guangming's face.

Tian Guangming hesitated and shouted, "Oi, are you Ma Qing?"

Ma Qing was the person who broke the contract 10,000 years ago.

"I am. And, who are you?" Ma Qing frowned. He looked at Tian Guangming and realized that he didn't know who he was, so he asked.

"Are you really Ma Qing?" Tian Guangming was shocked. Seven said that he was an old man who didn't have high cultivation. But Ma Qing was right in front of him. He was obviously a young man and his energy was surging. He was extremely strong and totally different from an old man who was about to die.

Was it Seven's information that was wrong?

Or, was something off with this Ma Qing?

Tian Guangming looked on in confusion.

“What are you looking at? Our Ma family hired Ma Qing as a helper and he is extremely strong. You can’t stop us, so what do you want?” A Grotto-Heaven Realm kid in Ma Family said unhappily.

Ma Qing continued to look at Tian Guangming with a frown. His eyes shifted and he noticed the contract in Tian Guangming’s hands.

His pupils constricted!

He looked at Tian Guangming solemnly and then his gaze became really sharp.

Tian Guangming grinned, “You know who I am now?”

“Looking at you, you must be the person I am looking for. Ma Qing, you broke the contract 10,000 years ago and have enjoyed your life. It is time for you to die.” Tian Guangming smiled happily. He was really excited. He had searched for over 10 days and finally found his target, so how could he not be happy?

Chapter 318: Ma Qing’s Strength

Ma Qing stared at the contract in Tian Guangming’s hands and his breathing became more and more rushed.

“10,000 years has passed and all of you are still chasing me?” Ma Qing clenched his fists in rage.

“It is the right thing to do to pay the debts you owe. You broke the contract and 10,000 years have already passed. You owe the Bank of the Universe your life, and no matter what, we are going to get it back.” Tian Guangming said firmly.

After confirming that he was the target in the contract, Tian Guangming didn’t care whether or not he was an old man. As long as he killed him, he would have completed his mission.

“You can take the life I owe you?” Ma Qing mocked and looked at Tian Guangming in disdain. In his eyes, Tian Guangming was just weak and wasn’t good enough to take his life.

“I will take your life now!” Tian Guangming didn’t want to talk any nonsense. He had searched for Ma Qing for over 10 days and wasted his own time. Now that he found him, he wouldn’t continue spouting nonsense.

Hong!

Tian Guangming kept the contract and punched forwards.

The fist caused a bright light to shoot forward. Like a bottle being broken, numerous streaks of light shot out and covered Ma Qing and the group from Ma Family.

“Scoff!”

Ma Qing looked at Tian Guangming in anger. He smiled in disdain and his gaze was like a celestial staring at a mortal.

Ma Qing slapped toward the air and hit Tian Guangming’s fist. A giant light exploded and this light was extremely strong.

Explosion!

A terrifying aura swept around and instantly caused the people on the street to fly backward especially those behind Ma Qing who all held their heads. They scurried like mice and hid in the corner. Their faces were filled with shock. Just one short clash could give off such a terrifying aura. That was just so horrifying.

The two of them were at Boundless Realm!

Tian Guangming had just broken into Boundless Realm and used the accumulations of the primordial divinity to charge to the peak of Boundless Realm. He thought that he could crush Ma Qing but from their short exchange, his arm shook intensely. His muscles trembled and were filled with blood. He was slightly weaker in terms of strength.

Tian Guangming’s expression became solemn and he knew that it wasn’t easy to kill Ma Qing. His body moved and his True Qi turned into a huge bell.

It was copper in color and it swung forward after being activated by his bright True Qi.

Hong!

In an instant, space exploded on the street. The ripples from the bell spread out, surging outwards.

The air in the region was just boiling. At that instant, Tian Guangming forced his aura onto Ma Qing. He only had one goal which was to kill Ma Qing.

“You have some ability but that is it. You must be dreaming to think that you can kill me.” Ma Qing stared at Tian Guangming with a cold expression. His legs and fists were really tough as he punched downward.

Dang!

The fist struck the strength of the copper bell. The ripples covered Ma Qing but he wasn't afraid. His body continued forwards and he stepped right onto the copper clock.

Instantly, the copper bell trembled vigorously and gave out a low, heavy sound. It reverberated throughout the entire city. Everyone could hear it and all of them looked towards this street.

In the next second, a giant energy fluctuation swept the area. There was a clean crack and the bell was still smashed by Ma Qing.

This time, the entire street was destroyed. The buildings collapsed. It was a mess and dust spread everywhere.

Tian Guangming's body disappeared and then reappeared in the sky. He looked towards Ma Qing solemnly. He was under immense pressure...

"What is going on? Didn't Seven say that Ma Qing was an old man with weak cultivation?" Tian Guangming didn't understand. When he clashed with Ma Qing, he could sense the pressure that Ma Qing brought with him. This pressure was very strong.

They were both Boundless Realm but Ma Qing was stronger than Tian Guangming.

Not by a little bit!

But by a lot!

This was also why Tian Guangming didn't understand. Didn't they say that this contract was going to be easy to execute?

This was easy?

Ma Qing looked at Tian Guangming and his expression became vicious. He hollered in rage, "Today, I will let all of you know that you can't kill me."

Hong!

Ma Qing charged into the sky. Large amounts of light exploded from his body like that of a buddha. It was really terrifying and it pressed down on Tian Guangming.

"You aren't paying your debt and broke the contract. Now, you are even spouting so much nonsense here. Who knows who gave birth to you? You are as shameless as the locks preventing mortals from becoming celestials." Tian Guangming mocked.

"I have the ability to not pay my debts!"

"All of you are fools for letting me break the contract!"

“As for me spouting nonsense, that is one of my skills too!”

“Today, let me tell you an obvious fact: people with power have the right to speak.”

“I will kill you now and who else will dare to say that I owe you anything?”

“People will say that you overestimated your strength and came to ask me for items. You are just asking to die.” Ma Qing said coldly. With every sentence, he stepped forward and the space around shook.

Ma Qing’s aura rose from Boundless Realm to a much higher level.

Although he didn’t cross it, he reached the peak of Boundless Realm.

Tian Guangming’s expression became solemn. His aura wasn’t on the same level as Ma Qing’s.

“Go die. You are actually asking me for something... Do you know that I never ever return things to people?” Ma Qing raged and used his full strength.

In an instant, the ground shook. Shockwaves surged and spread out.

In the city, the bricks on the ground started to rise up and down like waves. They shot out, sweeping high up into the sky.

One from above and one from below swept towards Tian Guangming. These scenes were just absolutely shocking.

It was like two true dragons stretching infinitely and attacking together, their target being Tian Guangming.

Ma Qing lit up and his entire body turned gold. Every drop of blood was burning fervently and his aura was climbing quickly.

“Go die!!!” Ma Qing stared at Tian Guangming coldly. He used his fingers as a sword and stabbed forward.

This move was basically a lethal strike.

With Tian Guangming’s current cultivation, he wouldn’t be able to block it.

Of course, Tian Guangming knew it and cursed in his heart, “How is this even a simple mission? It is so tough. I am no match for him at all.”

Although he was cursing deep down, he didn’t give up. He focused all of his True Qi and energy onto one thing.

A brush!

Heaven Emperor Brush!

This was Tian Guangming's Celestial Artifact and it had been given to him by Li Xiandao. He wouldn't use it unless there was an emergency situation.

This was an emergency.

Ma Qing's killing blow was about to destroy Tian Guangming. But at that moment, Tian Guangming suddenly shouted.

"I don't believe that you can block a strike from a Celestial Artifact!"

Chapter 319: People From Celestial World Die

Tian Guangming hid the Heaven Emperor Brush in his body and activated it. Once Ma Qing attacked him, the power of the Heaven Emperor Brush would explode.

Hong!

The entire sky was filled with enormous energy which ravaged the area and spread for thousands of miles. Everyone near Heaven Mountain Mountain Range could sense this terrifying power.

The sky cracked like a mirror, instantly breaking into many pieces. Heaven Emperor Brush hung high above and touched Ma Qing's forehead.

Kacha!

A terrifying power exploded from within Ma Qing's body, forming a huge ripple along with the Heaven Emperor Brush. It continued to spread.

"Damn!"

"Damn!"

"Damn!"

Ma Qing hollered. His head felt so bad that it was about to rip apart. The Heaven Emperor Brush was still on his forehead, and the terrifying power made him feel very threatened.

“How is this possible? How could a celestial artifact have struck your forehead and you are still alive?” Tian Guangming was stunned. He didn’t want to believe that this was real.

These scenes were so terrifying that it made him tremble.

The jade-like Heaven Emperor Brush was on Ma Qing’s brow. Terrifying powers spread layer by layer, stacking up to form a really strong attack. But a transparent mirror appeared on Ma Qing’s brow which blocked it.

It was also a celestial artifact!

Ma Qing had a Celestial Artifact too which was why he was able to block the Heaven Emperor Brush’s attacks.

But evidently, Ma Qing also paid a huge price.

He was caught off guard by the Heaven Emperor Brush and the terrifying power awakened the secrets deep in Ma Qing’s soul to save his life.

The oval mirror celestial artifact was defensive which was why it was able to block the Heaven Emperor Brush’s attacks.

But Ma Qing wasn’t in a good state.

His body started to show visible change. A young man turned into a white-haired old man in just a short 10 seconds.

His skin was loose.

His eye bags were deep and his face was covered in spots. His hands were trembling and his power was quickly fading away.

He had Boundless Realm peak strength, but at this moment, he was quite similar to Tian Guangming and was only at initial Boundless Realm level.

He was even weaker than Tian Guangming!

Ma Qing looked on at his own change, gritting his teeth and staring at Tian Guangming in rage. He said in the most venomous voice, “Do you know what price I had to pay to get this body and reach my peak?”

Tian Guangming smiled weakly. He had used all his strength to activate the Heaven Emperor Brush and he didn’t have much combat strength now. He mocked Ma Qing, “As expected the contract doesn’t lie. You are just an old man who is about to die, so stop acting young. You want to fight for the world with a bunch of young men?”

“I want you to die!” Rage attacked Ma Qing’s heart. The energy in his body surged into his own celestial artifact.

Hong!

The oval mirror exuded a terrifying power that pushed the Heaven Emperor Brush aside. It turned into a giant sword that was about to kill Tian Guangming.

“How can you activate the celestial artifact? All my energy is only able to activate the celestial artifact once but you just used yours twice.” Tian Guangming was shocked and didn’t dare to believe his eyes.

Celestial Artifacts were terrifying and really strong. If they were activated, they would be great killing tools.

But they were also dangerous. To activate them, one needed to unlock the celestial seals which had nine different levels.

One level represented one tier of strength.

Tian Guangming injected all his True Qi in, and although it only let him activate the first level, he still gained immense power from it.

This was why the Heaven Emperor Brush nearly killed Ma Qing the first time.

That time, Ma Qing activated his celestial artifact’s celestial seal and was barely able to block it.

But just now, Ma Qing’s power belonged to the second level.

That was impossible.

Boundless Realm strength could activate the first level of the seal and give rise to great power. It was really terrifying and it filled one with fear.

So, to activate the second celestial seal, one needed even more power.

If Ma Qing was at Boundless Realm peak, then Tian Guangming would believe that he could barely do so.

But he had just turned into an old man from a young man. His strength had fallen by a lot, so he definitely couldn’t activate the second celestial seal.

So what was happening?

Peng peng peng!

The power of the second celestial seal swept forth and was about to kill Tian Guangming. He had no strength to block it.

Fortunately, the Heaven Emperor Brush rushed over, using its last bit of power to suppress it.

Dong!

Heaven Emperor Brush clashed with that attack. A scary light exploded in the sky and swept the few hundred surrounding miles. Tian Guangming was struck too. He spat out mouthfuls of blood and his body was flung backward.

Heaven Emperor Brush lost its strength and entered Tian Guangming's consciousness.

Explosion!

Tian Guangming was smacked into the city and smashed into the ground. The cracks in the ground spread out and formed a 3,000-meter hole.

Hong!

It was as if the city had been struck by an earthquake. Numerous people ran towards the outside and all the cultivators looked on in shock.

Those two were just too strong?

The terrifying strength of two unlocked celestial artifacts made one open their eyes wide.

Who were these two people?

Many people recognized Ma Qing but no one in the Nine Skies knew who Tian Guangming was.

Dong!

Ma Qing landed and he left a giant crater in the ground. He was not young anymore. Right now, he was just an old man who didn't have long to live.

Ma Qing was furious; no water from any ocean or lake would be able to lessen his anger.

"Do you know?" Ma Qing's gaze looked like he was about to eat someone. He stared at Tian Guangming with bloodshot eyes. He looked really scary.

"How much have I given to adjust this body to its peak?"

“Because of you, all of my hard work and sacrifice has gone to waste. I will be trapped in this body for the rest of my life. You have ruined me!!!!” Ma Qing hollered in rage. Anger had caused him to lose his senses.

His plan!

His dream!

All of it was gone.

All of this was because of this person, Tian Guangming!

Ma Qing smiled viciously. He didn't want Tian Guangming to die so easily; he wanted to torture him.

He destroyed his hope and still wanted a quick death?

Wishful thinking?

Tian Guangming was shocked, “You said that you are trapped in this body?”

“You aren't from this world!!!!” Tian Guangming exclaimed. He didn't expect this at all.

At the same time, within the Bank of the Universe, Li Xiandao opened his eyes and a sharp light flashed within. He said coldly, “I didn't expect you to be the first Celestial that I would meet!”

“Die!” Li Xiandao closed his fingers together and formed a sword as he pointed forwards. He was going to kill a celestial today!

Chapter 320: Killing A Celestial With One Sword

In the city, Tian Guangming guessed Ma Qing's background. His heart was like a raging ocean and he was filled with shock.

At that moment, Tian Guangming understood why Ma Qing was considered old with low cultivation and not much remaining lifespan.

But the Ma Qing he met was young and at peak Boundless Realm. He might have been someone who would even reach the next realm.

This was totally different from what the contract introduced.

At the start, Tian Guangming thought that Seven got it wrong, but now it seemed like it was Ma Qing himself.

He was a Celestial in the body of a human. This time, the celestial paid a huge price to let Ma Qing's old body recover to his peak.

But!!!

But!!!!!!

But this Celestial didn't care about the Bank of the Universe at all. He didn't care about the Bank of the Universe's revenge and ignored the contract. Only now did he finally pay a heavy price.

Ma Qing stared at Tian Guangming and gritted his teeth, "Do you know?"

"I could have cultivated well and recovered to emperor-level strength, gotten the key, and then broken away from this body." Ma Qing hollered. Only Tian Guangming could hear his voice. However, due to his rage, his voice seemed stuck in his throat. It sounded horrifying and ear-piercing like blades rubbing against each other.

10,000 years ago, an emperor headed into Heaven Mountain Mountain Range and wanted to occupy Heaven Mountain. In the end, he faced Murong Longcheng and was pinned down and died on the mountain.

To others, it seemed like an ordinary battle over territory.

But people who knew the inner secrets wouldn't believe that an emperor would get pinned down on the mountain and die just fighting for territory.

Ma Qing was the previous emperor. When he was pinned, his soul managed to escape and he attached to this body. He managed to sign a contract with the Bank of the Universe and received a treasure to recover his body. He also needed to pay back 100 times more treasures 10 years later.

But he broke the contract.

After his soul recovered, he abandoned this body and was brought back to the Celestial World by his elders.

This contract was broken 10,000 years ago.

During those 10,000 years, although Ma Qing's cultivation wasn't high, because of his celestial spirit, he managed to survive stubbornly.

This was also the reason why Seven felt that this was the easiest contract.

If Ma Qing didn't come down to the Nine Skies, then this contract would have really been the easiest.

Unfortunately, after 10,000 years, Ma Qing came down once more.

This time he didn't choose another body and chose to use his body from 10,000 years ago.

As this body was too old, Ma Qing used his own celestial source to recover his old body.

This recovery seemed simple but it strengthened Ma Qing's connection with this body.

Just now, the Heaven Emperor Brush's strike made Ma Qing desperate. His spirit source activated the celestial artifact twice to block the Heaven Emperor Brush's attacks.

But...

This strengthened the connection even more. This body was smacked down from its peak. It was extremely old and his soul was also weakened.

If the body was strong, he was strong. If the body was weak, then he was weak!

At that moment, Ma Qing wanted to skin Tian Guangming alive to vent the anger in his heart.

He was a celestial!

He had huge potential in the Celestial World and a brilliant future. Ma Qing could easily obtain invincible strength.

But the key was that he had to go back.

But now, Ma Qing couldn't go back!

Even if the Celestial World was opened, he wouldn't be able to fly with this old body.

The only way he could go back was if his master came down to bring him up.

How would Ma Qing not be angry?

He walked step by step towards Tian Guangming and his expression became more and more terrifying. He shouted like a demon, "You destroyed me but I won't kill you that easily. I will slice you into many pieces and then swallow you mouth by mouth. Then, I

will burn your soul in hellfire for tens of thousands of years. I will have different methods to torture you every day.”

Ma Qing stared at Tian Guangming with a cold gaze. As his future was destroyed, he entered a maniacal state.

Tian Guangming heard that threat and his expression changed. But shortly after, he laughed.

“What are you laughing at?” Ma Qing hollered in rage. He ran forwards and punched.

Peng!

Ma Qing’s fist smashed into Tian Guangming’s chest, shaking his body and he spat out a large mouthful of blood.

Tian Guangming was still laughing. He wasn’t afraid and didn’t beg for mercy at all.

“What are you laughing at?” Fire blazed in Ma Qing’s heart. Another heavy fist punched into Tian Guangming’s dantian.

Tian Guangming spat out blood non-stop as if he had an unlimited amount of blood.

But he was still laughing.

“I want to see how long you can laugh for.” Ma Qing’s expression was filled with rage. He was about to punch Tian Guangming in the head.

But at that moment, Tian Guangming opened his mouth. He was in pain but he laughed happily, “I am laughing because you are about to die.”

Ma Qing grabbed Tian Guangming with one hand and punched him with the other. Even if he was very old, he was still at Boundless Realm

“You seem to not understand your situation.” Ma Qing laughed coldly and said.

“You think you won?” Tian Guangming coughed, even spitting out his intestines. But he didn’t care and kept smiling.

“Is it not obvious.” Ma Qing laughed coldly, “What tricks do you have up your sleeve? You can use them all so I can see how skilled you are.”

Tian Guangming shook his head and said, “I don’t have any more skills.”

“Then, why are you still acting tough?” Ma Qing laughed. A bright light appeared on his fist and it was about to land.

“I have no skill, but my... Master.” Tian Guangming gave a weak smile and he felt really proud.

This smile contained his anticipation and respect for his Master.

“Master?” Ma Qing’s expression changed and he looked around. He noticed that there were many people looking but no one came out to stop him.

“Where is your Master?” Ma Qing smiled in disdain.

“If your Master is amazing, then he should have attacked long ago. Why wait until now? Look at you taking your dying breaths; you are like a dead dog. Where is your Master?” Ma Qing laughed coldly.

“My Master... He is... Above you.” Tian Guangming gave a weak smile.

Ma Qing’s expression changed. His pupils constricted and his hair felt numb. Tian Guangming’s reminder shocked him.

Suddenly, he raised his head and he hoped that Tian Guangming was just playing tricks with him.

Keng!!!!

But, a streak of sword energy shot down. It was unbelievably quick and landed without giving Ma Qing a chance to react at all.

Ma Qing only saw a glimpse of it before it stabbed into his body.

From his head to the middle of his body, the sword energy pinned Ma Qing into the giant hole.

10,000 years ago, Ma Qing turned into an emperor and was pinned on Heaven Mountain. His soul was fortunate enough to flee.

10,000 years ago, Ma Qing came once more but was killed here.

This time he didn’t have a soul to escape with.

Li Xiandao’s sword killed a respectable celestial!
