## **Chapter 321: Pervert Mule**

Ma Qing was pierced in the head by Li Xiandao's sword and pinned to the ground.

He opened his eyes wide, and in the end, he looked at Tian Guangming in disbelief.

Before death, one would still have clear memories. In the few seconds before his death, Ma Qing continued to stare at Tian Guangming.

"Your... Master..." Ma Qing's lips shuddered. He even found it hard to speak.

But Tian Guangming understood what he meant.

He smiled, "I know, you are about to die. My Master was able to kill you with a streak of sword energy from so far away."

"I... am... a... Celestial!" Ma Qing's final sentence was filled with reluctance to admit the reality of the situation.

He was a Celestial!

A noble celestial!

A celestial was able to suppress Nine Skies and Ten Lands for 100,000 years.

Even if his soul had fallen, he shouldn't have been able to be killed with one streak of sword energy, right?

Ma Qing thought that he had millions of ways to die but he didn't expect that one day he would be pinned to death by one streak of sword energy in the Nine Skies.

"Celestial?" Tian Guangming burst out laughing. He didn't respect celestials as much as the others in the Nine Skies and Ten Lands. In the hearts of people in Tian Guangming, even the strongest celestials couldn't compare to his Master.

His Master was the most amazing.

"My Master can easily kill celestials." Tian Guangming said proudly. He struggled free from Ma Qing's hands and took out the contract.

“You broke the contract and the Bank of the Universe does things according to the rules. No one is above the rules, so you have to die.” Tian Guangming said firmly.

“The Bank of the Universe...” Ma Qing couldn’t speak anymore. In the end, he remembered when he signed the contract.

At that time, the Master of the Bank of the Universe wasn’t so amazing?

He seemed really arrogant and rude.

Had he been killed by such a person?

Ma Qing’s breathing stopped and his gaze froze. He was dead.

*Hua lala!*

Suddenly, it started raining very heavily and the hole was filled up. A cold wind blew and it sounded like a sad song.

The heavens were mourning the death of a celestial.

Heavy rain started falling for 10,000 miles around, drenching everything.

Many people were stunned. Why had it suddenly started raining so heavily out of nowhere?

It was sunny and clear just a moment ago.

People who knew what had happened all looked on in shock.

A celestial died just like that?

In the crowd, many people stared at Tian Guangming. He was so weak and it was a great chance to attack him.

For example, people from Ma Family including Ma Qing failed and succeeded together.

Now that Ma Qing died, they were furious. They charged out, wanting to kill Tian Guangming to take revenge.

Tian Guangming looked at the dozens of people who charged out. Most of them were at initial Grotto-Heaven Realm and normally he would have been able to wipe them out easily.

But now, he was trash.

A heavily injured piece of trash.

What he could do was just stand there and wait for his Master to save him.

Tian Guangming believed that since he was such a good helper, Master definitely wouldn't let him die.

Li Xiandao was reluctant to see Tian Guangming die. Even if he was weaker, he was really loyal and worth saving.

*Hong!*

A blood red light flashed about. Feng Jiuer was here. She used the power of the phoenix to kill two people right away.

"Brother Tian Guangming, don't be afraid; your Brother Mule is here to save you." Mr. Mule charged over and his hooves smashed forwards. He kicked the heads of two Ma Family members into their chests, killing them instantly.

Tian Guangming looked at Mr. Mule gratefully and said, "Thank you, brother."

After saying that, Tian Guangming looked at Feng Jiuer. Tian Guangming felt a really familiar feeling.

Of course, Tian Guangming hated this feeling.

It made him feel really conflicted.

He felt close while also filled with disgust.

Tian Guangming's eyes focused and he immediately guessed the reason.

Goddess of Light!

Only the Goddess of Light could make him have two such different feelings.

Feng Jiuer quickly took care of the Ma Family members. None of them could even survive one strike and all of them were killed.

Feng Jiuer was so terrifying. She threatened everyone around and forced everyone apart.

Feng Jiuer twisted her head and looked at Tian Guangming.

Her expression was cold and she had the same feeling as Tian Guangming.

An instinctive closeness.

A natural hatred.

Without even needing Goddess of Light to remind her, Feng Jiuer knew that this was the person she had to beat up.

Feng Jiuer couldn't help but walk forwards.

Tian Guangming retreated and fear appeared on his face, "This... I am sick, badly injured, please show honor."

Tian Guangming was afraid because he knew that Feng Jiuer didn't have good intentions for walking towards him.

He was already badly injured and on the brink of death. If Feng Jiuer beat him up, then he would have no more hope. He would just dig a hole and bury himself.

He would even have a celestial to die together with him.

"Scoff, I will wait for the day you recover. I hope you recover soon." Feng Jiuer scoffed coldly. She wished him well but her words terrified Tian Guangming and made his organs hurt.

Who knew whether or not it was pain due to Ma Qing's beating or Feng Jiuer's terror?

"Mr. Mule, bring Tian Guangming to Heaven Mountain." Li Xiandao's voice suddenly rang out in their ears.

"Yes Master!" Mr. Mule carried Tian Guangming and quickly ran up Heaven Mountain.

Feng Jiuer sighed helplessly, "You saw that he is half dead. I can't attack him like that."

"He deserves it. Why wasn't he beaten to death?" An unhappy voice rang out from the Goddess of Light.

After merging, Feng Jiuer was in control but Goddess of Light would occasionally recover and reveal herself.

Tian Guangming's aura woke her up and she wanted to tell Feng Jiuer to beat up Tian Guangming. But looking at how tragic he was, Goddess of Light didn't mention it.

"Beat him up next time. He has my primordial divinity and is actually still so weak. I am really losing respect for him." Goddess of Light raged.

Feng Jiuer nodded, "Once he is okay, I will beat him up and let him continue laying down."

Tian Guangming still didn't know about his future. He was carried by Mr. Mule and quickly dashed.

When Mr. Mule passed Qing Ling, he said to the beautiful girl by Qing Ling's side, "Feng Longque, follow me to meet my Master. With him as witness, you will be my wife. I will treat you really well. I'm not going to make you my pet. I am actually making you my wife."

Feng Longque's face turned green and she grit her teeth, "Perverted mule!!!!"

## Chapter 322: I Am A Top Genius

Tian Guangming was sent to the peak of Heaven Mountain really quickly and then he entered the Bank of the Universe to see Li Xiandao.

But Tian Guangming had lost consciousness and was in a bad state. He had been punched in the heart and was finding it tough to breathe.

Mr. Mule placed Tian Guangming down and asked, "Master, can he be saved?"

Li Xiandao looked at Tian Guangming who was beaten up so badly and wasn't able to say a single word.

His injuries were too great.

Feng Longque also followed. When he saw these scenes, she said calmly, "He has been beaten up so badly that even his mother wouldn't recognize him. He probably has no hope."

"Woman, shut up. This matter is just between men. You are my woman, so don't interrupt." Mr. Mule had a good relationship with Tian Guangming, so he scolded her.

Feng Longque stopped talking. Mr. Mule had sealed her cultivation and she couldn't fight back at all.

As for fighting to the death, Feng Longque didn't have that much faith. Her own view was that it didn't matter how long passed, as long as one managed to take revenge.

One day she would kill Mr. Mule, barbecue him, and eat his meat for hotpot. She was also going to brew wine with his d\*ck...

Feng Longque suppressed her anger and occasionally glanced at Mr. Mule's crotch.

Mr. Mule didn't sense anything and just looked at Tian Guangming with concern. He asked, "Master, what now?"

Feng Jiuer and Qing Ling were also here. One didn't care and the other just looked on silently.

One of them hated Tian Guangming and the other didn't know him, so naturally, they weren't as affected as Mr. Mule was.

Li Xiandao looked at Tian Guangming and said, "Seven, what method do you have of curing him?"

"Such injuries need a long time to heal. It'll take a few decades maybe a few hundred years." Seven walked over with a solemn expression.

Although they could ensure that Tian Guangming didn't die, the Bank of the Universe didn't have any amazing medicine to ensure that he would heal in a short period.

10,000 years ago, the Bank of the Universe had god medicine that could save him but now they didn't.

Tian Guangming suddenly opened his eyes and looked at Li Xiandao. He shouted, "Master."

His voice was weak.

One found it really hard to hear him.

If not for his high cultivation, along with how Mr. Mule kept looking at Tian Guangming, maybe he wouldn't have noticed.

"What?" Li Xiandao asked.

"Master, there is no need to cure me." Tian Guangming was really weak.

"I don't need to. I will just put you in the Time Hall and you will recover quickly." Li Xiandao said.

After all, Tian Guangming had been beaten up so badly while doing things for Li Xiandao, so he would take responsibility.

He wanted to give Tian Guangming a simple cultivation for him to go cultivate but now it seemed like he had been harmed instead.

Should he have said that Tian Guangming was unlucky or was it just a coincidence?

"Master, do you believe?" Tian Guangming continued.

"What?" Li Xiandao looked at Tian Guangming in confusion. *Believe what?*

"That I am... A top genius." Tian Guangming praised himself.

Li Xiandao was speechless. He was injured so badly and was still in the mood to joke?

If you were a top genius, then why did you have to merge with the Goddess of Light's divinity?

"Okay, I trust you but we have to heal you first. And then you will enter the Time Hall for a period of time." Li Xiandao ignored Tian Guangming and told Seven to bring some medicine.

"Master, trust me. I really am a top genius. Ma Qing went all out to punch me, and he actually managed to open up the blocked points in my body." Tian Guangming said emotionally. His voice got much louder and he felt much more energetic.

Li Xiandao looked at Tian Guangming and said, "Are you serious?"

"Right Master, give me a year and I will recover." Tian Guangming confidently nodded.

Li Xiandao looked at Seven. There was such a thing?

Seven said, "Just trust Tian Guangming."

Li Xiandao nodded and said, "I will send you to the Time Hall now and I will pay for the year. Just rest well."

Tian Guangming was touched, "Master, once I recover I will definitely surprise you."

Li Xiandao didn't really believe Tian Guangming was a top genius but he still nodded. He was sick, so he would just console him.

He told Mr. Mule to carry Tian Guangming to the Time Hall and place him down there.

Tian Guangming, whose body was covered in blood, said, "You can head out. Thank you this time, brother."

"That was nothing. We are all Master's subordinates, so we are one family." Mr. Mule ran out.

Li Xiandao closed the time hall and changed the flow of time from 10 minutes to a year.

The slower time flowed, the less pressure there was on the people within.

If one second outside was a year inside, the pressure might have aggravated Tian Guangming's injuries.

*Hong!*

Time Hall's gates closed and everyone was waiting outside.

10 minutes wasn't long nor short. Li Xiandao stood with his arms behind his back and kept silent.

Feng Jiuer and Mr. Mule waited quietly.

Feng Longque and Qing Ling's hearts were filled with shock.

The Time Hall accelerated time.

One year inside was just 10 minutes outside. This was so terrifying. It was totally the domain of Time itself.

And this actually belonged to the mysterious Bank of the Universe.

Feng Longque thought that she would be able to flee quickly but now it seemed like Mr. Mule's Master was too terrifying. She had better make better plans.

Feng Longque looked at Li Xiandao, and for some reason, he was filled with more respect.

A person who could control time was someone she needed to respect.

Not to mention Li Xiandao had just used a streak of sword energy to kill a celestial and pin him on the ground.

Feng Longque and Qing Ling started to fear and respect the Bank of the Universe and Li Xiandao.

Li Xiandao didn't know all of that. He only asked Seven, "Tian Guangming said that he is a unique top talent. Do you believe him?"

Seven said, "Some people have ancient bloodlines or ancient legacies in them, but without an exception, they are all noticed really early. People like Tian Guangming are nearly impossible to find. It seems too farfetched."

"Then, let's just hope he gets better." Li Xiandao chose to believe Tian Guangming. After all, he was his subordinate, and the stronger he got, the more help he would be.

10 minutes passed quickly. The doors of the Time Hall creaked and opened slowly.

“Master!” Tian Guangming ran out emotionally. He still wore that blood-stained shirt but he was totally unharmed. His strength also increased greatly.

Middle Boundless Realm.

He was injured once but jumped from initial Boundless Realm to mid of Boundless Realm.

Li Xiandao looked at Tian Guangming in shock and so did the others.

10 minutes ago, he was like a dead dog being carried in by Mr. Mule. 10 minutes later he was fully recovered and brimming with life. Even his strength had increased.

Even if a year passed, it was still unbelievable.

“Are you really a unique genius?” Li Xiandao asked.

“Master, I told you that I am the Son of Light but I was bragging before. Now, I can confidently say that Ma Qing’s few fists, especially the one that struck my heart completely awakened me. Right now, I am the Son of Light. My recovery skills are unparalleled and even if I am injured, I will heal my body with light.” Tian Guangming was gleeful.

Li Xiandao looked at Tian Guangming in satisfaction. Not bad, not bad.

The others all envied Tian Guangming. His body was just too good?

Only one person walked over slowly while rubbing her palms.

“No matter how badly injured you are, you can recover?” Feng Jiuer smiled coldly and asked.

Tian Guangming’s face froze as he looked at her. He gulped, “Don’t, Master is here.”

Li Xiandao said slowly, “Since you have this ability, then demonstrate it.”

Tian Guangming looked at Li Xiandao in shock. *Master, it hurts.*

Li Xiandao chose to avoid Li Xiandao’s gaze. He turned around and left with Seven, “If you get injured, you will pay for the costs of the Time Hall yourself.”

Feng Jiuer laughed, “Don’t worry, Master. I will pay it for him.”

Mr. Mule saw this and called Feng Longque, "Let's go. They are just fighting, so let's leave. Let's just leave."

Feng Longque was really well behaved and followed Mr. Mule away.

Qing Ling could only follow silently.

In front of the Time Hall, only Tian Guangming and Feng Jiuer were left.

Tian Guangming gulped, "A gentleman doesn't fight. You are a female. I don't fight girls."

"Do you think you can run? We both know the truth. Either I beat you up and vent my anger for Goddess of Light, or you beat me and I promise that I won't disturb you." Feng Jiuer clenched her fists and cracked her knuckles.

"Do you think that I am afraid of you? I am giving you a chance because you are a girl and I don't want to fight you. If you really force me, then I will go all out." Tian Guangming said fiercely.

Even if he was at mid-Boundless Realm, facing Feng Jiuer, he was still under pressure.

"Then, bring it on. Keep laying in the Time Hall." Feng Jiuer screamed. Her blood energy was really thick and she instantly charged forwards.

*Hong!*

Feng Jiuer went all out without hesitation. She just punched heavily. Anyway, wasn't he good at recovering?

Tian Guangming's expression changed and he started to block but it was no use.

With primitive phoenix blood, Feng Jiuer had reached peak Boundless Realm long ago. Her attacks totally suppressed Tian Guangming.

The poor Tian Guangming was beaten up badly and he cried out.

In the end, Tian Guangming was even tossed onto her shoulder and then thrown into the Time Hall.

*Peng!*

The doors to the Time Hall closed. Feng Jiuer patted her hand, "I will pay a year for you. The grievances between you and Goddess of Light are gone."

Tian Guangming's injuries were even heavier than when he was against Ma Qing. He wanted to cry but no tears came out. He could only slowly heal.

10 minutes later, he snuck out of the Time Hall. He didn't see Feng Jiuer, so he heaved a sigh of relief, "That girl, she really wanted to kill me. But I broke through again, that was just too quick."

Tian Guangming had a really immature thought.

He wanted to disturb Feng Jiuer.

## **Chapter 323: Young Master Beichen**

Tian Guangming had recovered and his strength increased once more. He was now at the late stages of Boundless Realm.

He wanted to disturb Feng Jiuer and then let her beat him up.

Every time he was beaten up, he would improve by a lot. Tian Guangming felt like he was going to be invincible soon.

But thinking about it, Tian Guangming gave up that idea.

The beating was too painful.

He was not a masochist and he could accept being beaten occasionally. But asking for a beating wasn't something that Tian Guangming would do.

....

Near Heaven Mountain, at the place where Tian Guangming and Ma Qing fought, a person walked over. In his hands was an oval mirror. It was Ma Qing's celestial artifact.

Feng Jiuer and the others checked Ma Qing's corpse and didn't find any celestial artifact. But no one expected it to be in this person's hands.

"Ma Qing, Ma Qing, I told you that we aren't as strong as we were in Celestial World. We need to work with the ants to succeed. You were too proud which is why you failed twice and lost your life." Another young man, similar to Ma Qing, he too came down from above.

But he chose a different method. Ma Qing stole a body to allow his soul to descend.

This young man chose to reincarnate and to be born in the Nine Skies. He awakened his soul and after 20 years, he had grown up.

Ma Qing and Tian Guangming's battle was one he paid full attention to. The only thing that shocked him was that last bit of sword energy.

"The master of the sword energy is not bad but he is definitely not at Emperor Realm. No one will be able to stop us from getting the key." The teen said coldly. He held Ma Qing's Celestial Artifact with much strength.

His relationship with Ma Qing was not good, but after all, they came from the same place, and now that he saw Ma Qing being killed by someone they saw as ants, he felt sad for him.

"Ma Qing, I will take revenge for you. You died such a terrible death and it wasn't worth it in the end." The teen buried Ma Qing's body in a hole and also placed his celestial artifact in.

"You have refined it for a few thousand years and it has your aura, so I can't use it. Moreover, a low-grade celestial artifact can't be sold for much. I will just bury it with you." The teen tossed the celestial artifact down and said coldly.

"Young Master Beichen, numerous powers are together having a meeting. They are inviting you over." A middle-aged man flew over and shouted.

The teen who was once a celestial and was Young Master Bei Chen was now a generational expert in Cold Moon Sky.

"Good, I can't wait. We can't delay this matter anymore and have to get deep in to probe how strong they are." Young Master Bei Chen was cold. He had waited 20 years since reincarnating and didn't want to wait anymore.

"The various factions are here?" Young Master Bei Chen asked.

"Everyone powerful is here and they are all interested in splitting Heaven Mountain." The middle-aged man said.

Young Master Bei Chen said coldly, "That would depend on their strength. Without strength, they will be the first to die."

"Of course, very few people in the young generation can compare to Young Master Bei Chen. Young Master Bei Chen's strength is already at Boundless Realm, right?" The middle-aged man said respectfully.

"There is no need to say such things. Let's just go to the meeting." Young Master Bei Chen changed the topic and didn't want to discuss his cultivation with others.

The two of them quickly shot through the sky and came to a city far from Heaven Mountain.

Numerous young experts were gathered in this city.

All the famous young experts in Cold Moon Sky could be found here, including the top 10 experts...

Young Master Bei Chen and the middle-aged man arrived and received an invitation to a tower right away. In Cold Moon Sky, all the famous people from the factions were here.

In Heaven Mountain, there were 100,000 spiritual energy dragon veins. Numerous treasures, Heaven Lake... All these things filled one with envy and jealousy.

The rich resources didn't belong to them and were protected by a few scattered factions. They weren't able to interfere and that felt unbearable.

At this moment, everyone was gathered together for that goal.

Splitting Heaven Mountain.

Young Master Bei Chen entered and sat down right away. He represented Bei Family, a top aristocratic family that had been passed down for 100,000 years. Young Master Bei Chen was the top disciple in this generation, so he was held in high regard.

The Cold Moon Sky aristocratic family, the Qin Family, held this meeting!

"Heaven Mountain's resources are top grade in the entire Cold Moon Sky and we should be controlling it and not them." Qin Family Family Head said coldly.

Numerous people surrounded him and all of them kept silent.

"We didn't know how strong Heaven Mountain was previously but this time we will probe slowly. We will let the young disciples train while we wait behind. Once they don't follow the rules, then don't blame us for surging forwards." Qin Family Family Head's voice was ice cold. Since his son had been killed, he never smiled. He had been searching for the person who killed his son ever since.

Along with Qing Ling escaping from Qing Family and appearing in Heaven Mountain, Qin Family wanted to sweep Heaven Mountain and grab this killer to take revenge for his son.

"So, what should we do?" Gold Family's head had an ugly expression and asked.

Only now did he find out that his daughter had been taken as a pet by a mule.

Gold Family Head who found out nearly exploded. He wanted to grab the Gold Family's celestial artifact to slash up to Heaven Mountain and chop that mule into many pieces.

But for his daughter's reputation, the Gold Family Head calmed himself down and didn't blow up.

But he didn't let out his rage and it was still extremely thick.

He bumped into and killed hundreds of mules. Just killing them wasn't enough; he even ate mule meat every meal, gritting his teeth and pretending he was eating Mr. Mule.

"Our young generation will compete. Whoever enters the depths and gains a foothold will win. We will then go to the place they occupied and set up camp. We won't stop this time unless we see Heaven Lake." Qin Family Head looked around coldly and said loudly.

The various factions listened closely and all agreed.

"The person who gains a foothold first, his faction will be given the priority when we split Heaven Mountain," said the Qin Family Head.

The importance of reputation and the potential benefits were announced. *If you want it, then go fight for it.*

## **Chapter 324: Defending The Mountain**

A huge meeting allowed many factions to come to a consensus that they had to take down Heaven Mountain this time.

The talents from the younger generations all rubbed their palms in excitement. This was a great chance to get famous.

Not mentioning gaining a foothold in the depths of the mountain, but even if they killed more Heaven Mountain people, they would have huge gains.

All of a sudden, a storm was brewing. Numerous people rushed towards Heaven Mountain.

On Heaven Mountain, Li Xiandao also saw the current situation.

The Bank of the Universe was hidden in the clouds. Li Xiandao looked down on the giant mountain range and saw numerous people entering the mountain. They rushed towards the central region from all around.

“They are asking to die.” Li Xiandao looked down coldly without doing anything.

He had sent his experts over and they have been guarding for some time now.

“I really want to see whether these people or my subordinates are stronger.” Li Xiandao laughed coldly.

He didn't need to be activated for these people. Li Xiandao believed that his subordinates would settle all of them.

As for Li Xiandao himself, he had to monitor the entire Heaven Mountain mountain range and ensure that no one would sneak up the mountain.

Murong Longcheng and Da Li were cultivating. They obtained Li Xiandao's cultivation technique and were trying their best to raise themselves. Li Xiandao didn't want to disturb them right now.

Murong Longcheng and the others thought that Li Xiandao was extremely strong but in truth, Li Xiandao wasn't as strong as them. This was also a reason why Li Xiandao was anxious.

He closed his eyes. His soul started to activate the all-knowing talent to comprehend and improve his own strength.

Li Xiandao didn't want to miss a single second. He had to improve himself. If not, once the battle began, they might not be able to defend Heaven Mountain Mountain Range.

....

Heaven Mountain was really wide and huge. A large number of people surged in from all around towards the inner area.

Li Xiandao's subordinates started to move into different areas.

At a mountain, at the border of the entrance... this was a place that could lead one to the depths of Heaven Mountain Mountain Range.

*Shua!*

Several people flew over.

Seeing that there was no one defending this area, they were delighted. Did they think that they could be first?

*Dong!*

But in the next second, a white light landed. It was eye-catching and bright. The aura was like that of a mountain, viciously pressing down.

One held a sword and had six pairs of wings. The angel wore shiny armor and landed.

Archangel Gabriel!

It was one of Li Xiandao's first few subordinates. He had always had great strength but because Li Xiandao was acquiring more and more subordinates, he started to become more humble and low profile.

Since Archangel had such a title, then he was definitely a calm person who didn't like to stand out.

In Li Xiandao's hands, he cultivated well. He quietly handled the missions that Li Xiandao gave him, not fighting for fame and he continued to maintain a low profile.

He was similar to the old priest; both of them were the most low profile.

But with that being said, Archangel Gabriel's strength was undeniable.

He had been hardworking, absorbing the power within the primordial divinity to try to merge with it. This time he chose to defend Heaven Mountain alone.

Battle Angel Michael wanted to be with him but Archangel Gabriel rejected this request, "I will defend this place and no one can pass me. Since Master wants us to defend this place, even if I sacrifice my life, I will defend it well."

Gabriel appeared here because of that promise.

He was fully geared!

Archangel Gabriel held the celestial artifact he got from Heaven and Earth Battlefield. This celestial artifact chose him as it was the most suitable for him.

The sword was five feet three inches long, the sword handle was huge, and the sword was sharp. Gabriel held it in front of his body. When he stood straight the wings on his back were 10 meters long. They slowly retracted after he landed on the ground.

Archangel Gabriel's entry terrified the few people. The one who was leading questioned, "Who are you?"

"I am Master's subordinate, Archangel Gabriel!" Gabriel said coldly.

"Archangel? Since you have a pair of wings, are you a monster?" A young man burst into laughter.

Gabriel looked at them calmly, his silver helmet covering his face. A pair of eyes gave off a cold light and he said calmly, "I am guarding this place. Anyone who invades will die!"

"A noob like you wants to stop me?" The young man who was leading raged. He wanted to be the first. Now that he was being stopped by Gabriel, he was wasting a lot of time.

"Do you know who this is?"

"My Young Master is ranked 20th on the Cold Moon Sky's expert board. If you want to leave, then step aside."

"Don't force my young master into killing you. After all, you are a noob and it isn't hard for you to grow."

This young master's men started to scold Gabriel to make their young master happy.

Gabriel looked on coldly at their young master and then at them. Disdain flashed in his eyes.

*Clang!*

His sword was pulled from the ground. A cold flash shone in the dark forest. At the same time, there was a streak of red as several corpses fell to the ground. Drips of fresh blood dripped onto the ground.

"All of you talk too much. It is better for the forest to be more silent." Gabriel said coldly. He walked forwards with his sword and looked at the young master.

Young Master frowned. He looked at Gabriel with a solemn expression. He didn't care about his subordinate's death at all.

What he cared about was that he didn't see a glimpse of that sword.

That was just shocking.

The young master didn't care about his few young subordinates being killed.

But this person seemed really strong.

"Ranked 20th?" Gabriel tilted his head and looked coldly. There was no disdain, only calmness.

The calmness one had when one accepted life and death.

Between the young master and him, one person would die here.

Who would it be?

Gabriel didn't like to waste time and just slashed forwards.

At that moment, the young master hollered, his roar shaking the entire sky. His aura exploded and gave off a tsunami-like sound.

Fearless Lion Seal.

The energy in the young master's body turned into a golden lion whose roar reverberated throughout the entire forest. This lion charged forwards and wanted to suppress Gabriel.

Gabriel looked on calmly with the sword in his hand. He just slashed down.

*No matter what you do!*

*My sword will kill you!*

*Hong!*

The young master's Fearless Lion Seal charged out really quickly. However, the speed at which it broke down was quick too. The young master fell down in a pool of blood and blood slowly seeped out.

"Expert Board number 20, Boundless Realm... Why is he so weak? Were the rankings fake?" Gabriel was filled with disdain.

## **Bank of the Universe - Chapter 325 - Huntian Dao Senior Brother**

### **Chapter 325: Huntian Dao Senior Brother**

Gabriel was able to easily kill such an initial Boundless Realm talent, number 20 on the expert board not only because he was strong, but because the celestial artifact was strong too.

He didn't destroy the few corpses; he just allowed them to stay there.

Gabriel stabbed the celestial artifact into the ground in front of him. He held the handle and just quietly guarded the place.

He closed his eyes and used his senses to scan the surrounding area. He guarded the land 100 miles around.

Gabriel wanted this place to be watertight. No one could think about getting past him.

In these 100 miles, the other places were harder to traverse but there were still others who used short cuts. They crossed the complicated landscape so as not to bump into the Heaven Mountain people.

Gabriel sensed that a person was speeding through the cliffs like an ape. He crossed several mountains and was about to pass Gabriel's region.

Gabriel's expression was cold. A streak of sword energy surged in his body and he slashed forwards.

Big River Sword Energy!

Big River Sword Energy was what he initially exchanged from the Bank of the Universe. Although he didn't do very well, after seeing Li Xiandao do it, Gabriel corrected his mistakes.

His Big River Sword Energy now was extremely strong.

One streak of sword energy descended from above. It was like a giant surging river that charged down really aggressively.

This streak of sword energy had strength similar to that of a supreme secret technique. It was extremely terrifying and sent chills down one's spine.

Explosion!

The sword energy pierced this ape-like person and only white bones were left. He fell down the cliff and his bones were scattered everywhere.

Gabriel was not satisfied and said regretfully, "Compared to Master, my Big River Sword Energy is still lacking."

Gabriel saw Li Xiandao use it. That strength was really undecipherable.

Li Xiandao's Big River Sword was the true Big River Sword, especially his Big River Sword from the Heavens. Li Xiandao directed the milky way between the stars. It was enormous and when it landed, it was exceptionally horrifying.

His Big River Sword came from the skies like a normal river landing from above. They weren't from the same level at all.

“Haiz, I would be great if I reach Master’s level.” Gabriel sighed in envy and continued to close his eyes to comprehend.

*Hong!*

Suddenly, Gabriel sensed several people flying above the Heaven Mountain Mountain Range. They were really quick and they flew very high. They didn’t plan on passing through the mountain range and just fly past it.

Like that, there would be no need for them to fight.

Gabriel sensed it but he didn’t move. He just laughed coldly, “They are asking for death!”

He was not in charge of the sky.

“Big Brother, you are right. Battles have started below, and now that we are flying over, no one will interrupt us.” A person said emotionally. He increased his speed to follow his big brother.

“Of course, Big Brother is smart. Those dumb people below are still fighting those in Heaven Mountain. They aren’t using their brains at all.” The boss was delighted. He looked at the battles occurring all around and felt really proud.

Wasn’t it good to fly up above.

What was the point in fighting?

*Ao!*

But in the next second, such thoughts disappeared. There was a sharp cry that reverberated in the mountains. It was terrifying and pierced one’s eardrums.

After hearing that sound, they weren’t able to defend and a golden light landed in front of them. An iron claw pierced his brother’s head, and with a crack, it was smashed like watermelon.

The skull was the toughest in the human body. The moment they touched, this claw crushed it. The little brother cried out, died, and then fell towards the ground.

“Who?” The boss looked around in terror. He had no idea where the enemy was and only saw a streak of golden light. He heard the little brother’s cry, turned around, and saw that his head had exploded.

He panicked. This Heaven Mountain was just too dangerous?

Even the skies weren't safe!

*Ao!!!*

Another sharp scream. This time big brother became wary. He looked around and locked onto the target.

An eagle!

It was three to four meters wide after spreading its wings. It wasn't huge but it was extremely nimble. Its speed was unbelievable and its talons were just terrifying.

By the time big brother saw the eagle, it was already up close. The talons easily clawed his head.

*Pa!*

The big brother's head exploded like a watermelon. His corpse also swiftly fell to the ground.

He was no match for the God Eagle.

In the sky, the God Eagle's strength would increase significantly. Its speed could crush many people. This was also the reason why Gabriel didn't care about people who flew from above.

God Eagle killed two people and had a cold gaze. It continued roaming the skies and patrolling the surroundings. Its gaze was sharp and from a few thousand meters away, it could very clearly see the ants on the ground.

While it was in the sky, no one could escape its sight.

It ruled the entire sky.

Everyone handed the responsibility to God Eagle. It would definitely kill all those who tried to get past from the sky.

The truth proved that the God Eagle had done well. Things had just begun and it had already killed over a dozen people.

No one could defend one strike because it was so fast. The moment they reacted, its claws would have already landed on their heads.

After the God Eagle killed a dozen people, there were far fewer people who wanted to fly across Heaven Mountain Mountain Range. Everyone knew that there was a God Eagle that was mercilessly claiming lives.

If one couldn't cross from above, then one would have to head over from below. The Cold Moon Sky geniuses were all confident.

For example, the Northern Region Lord and Qiu Bai's region had a bunch of people.

Huntian Path's senior disciple led many disciples over to claim the spoils of this place. The place they chose was coincidentally where Qiu Bai and Northern Region Lord Gong Yu were defending.

There were dozens of people with decent auras. They were all around Grotto-Heaven Realm and there were even a few Boundless Realm experts.

Out of these few young man, one of them had a really strong aura. It was evident that he had entered Boundless Realm a long time ago. He stepped forwards and looked at Northern Region Lord Gong Yu and Qiu Bai coldly. He said calmly, "Huntian Path senior disciple An Yun, please come out to die!"

Qiu Bai frowned when she heard this. Calmness appeared on her exquisite face, "You are inviting us to die but that will depend on whether or not you have the ability."

Northern Region Lord Gong Yu stood with his arms behind his back and he looked like a scholar, "People who brag do need to be punished."

"I will definitely kill the two of you within three moves." Huntian Path senior disciple An Yun said coldly. He stepped forwards and his aura soared.

The dozens of disciples behind him cheered for their senior disciple.

## **Chapter 326: Kill An Yun**

Huntian Path senior disciple An Yun was strong and he seemed like a very polite and well-read person. However, he was really arrogant, and with just a raise of his hands, True Qi surged out.

The terrifying Boundless Realm True Qi turned into a red glow.

Fire!

Endless fire!

This fire immediately drowned numerous of miles around. A giant hole was burning in the ground and everything that touched it would be burned.

At that instant, endless flames were burning. It directly covered Northern Region Lord and Qiu Bai.

The hot air spread everywhere, causing the land a mile around to collapse. Even the hard stone was melted. Grotto-Heaven Realm people definitely couldn't handle this heat and would be burned to ashes.

But Northern Region Lord and Qiu Bai only became more serious.

"This is my Legendary Three Strike's first strike, Rumbling Blaze." Huntian Path's senior disciple An Yun hollered in rage. His attacks surged towards them.

Northern Region Lord said, "Stare at the others from Huntian Path but leave this senior disciple to me."

Qiu Bai nodded, "Don't worry, none of them will be able to escape."

Northern Region Lord Gong Yu calmed down and stepped forwards. Flames gathered around him. He was swiftly absorbing Huntian Path senior disciple An Yun's flames, forming a giant bottle.

Great Dao Treasure Bottle

This bottle was red in color and numerous flames were burning on it.

"Suppress!" Northern Region Lord's aura surged. He was going all out. During this period of time, he had been cultivating well in the Bank of the Universe. He comprehended more Great Dao Treasure Bottles and these flames were all absorbed by it.

An Yun's expression changed. Who knew that his first strike was so easily solved by the Northern Region Lord?

He underestimated Northern Region Lord's strength.

He also overestimated his skill's strength.

"Die!" An Yun hollered in rage. He had to kill Northern Region Lord now. Since he told them that he would kill them in three strikes, then he had to do so.

"You can block my first strike but you definitely can't block my second strike." An Yun dashed over. True Qi in his body exploded and turned into numerous wind blades.

Explosion!

An explosive power appeared in An Yun's body which turned into a rumbling storm. In an instant, the ground for miles around was broken apart. Several thousand-foot holes were also sliced open by the wind blades.

Moreover, in front of An Yun and Northern Region Lord, numerous holes were ripped open in space. A black hole spread, intensifying the strength of the attack.

A storm appeared all around. It was as if this area was an ocean of wind. Those wind blades mercilessly sliced towards Northern Region Lord.

All of this occurred in an instant. It was strong and scary. Northern Region Lord had to frown. He felt a little afraid because of An Yun's strength.

An Yun really deserved his place as the senior disciple of Huntian Path. He was terrifyingly strong.

But Northern Region Lord was not afraid of him. He admitted that An Yun was strong and respected him, but he still had to kill him.

Great Dao Treasure Bottle!

The Great Dao Treasure Bottle that Northern Region Lord formed with numerous flames came into use. He headed forwards without hesitation, allowing the wind blades to slice his body. His clothes were in tatters and his body took many slices. But fortunately, he was one with the Great Dao Treasure Bottle. The wind blade sliced his body like it sliced the Great Dao Treasure Bottle, giving out a giant tremor and the metal reverberated.

*Hong!*

Bracing the wind blade, Northern Region Lord walked forwards, swinging his hands ahead. The Great Dao Treasure Bottle in his hands split open, and the numerous flames he gathered all charged towards An Yun.

This was the battle between wind and fire. An Yun's expression changed. He knew that he couldn't let the flames burn him, otherwise, it would be embarrassing.

To be defeated by his own flames... An Yun felt that would be too shameful to accept.

Explosion!

In a certain part of Heaven Mountain Mountain Range, Northern Region Lord pushed his Great Dao Treasure Bottle forwards. The rumbling flames shot forth.

Opposite him, An Yun's body gave off a green light. They clashed with those flames.

Were the flames using the strength of the wind or was the wind blowing the flames out?

Explosion!

Those two forces clashed with one another. The surrounding area was in a mess and being burned by flames. The wind blade sliced all around and the ground couldn't take it at all.

The others looked on from the distance and didn't dare to get close. The two of them were so terrifying and they were at the climax.

Northern Region Lord's expression was solemn and he didn't say a word. He used his Great Dao Treasure Bottle. This cultivation technique was designed for him and it was a perfect fit. He was pumped up right now.

But An Yun couldn't block it. His wind was being suppressed... how was this possible?

Was he going to lose to his own flames?

An Yun couldn't accept such a blow. He stared and shouted loudly, "Imperial True Water!"

An Yun stopped using the wind and he chose his final strike.

Imperial True Water!

Imperial True Water, celestial world's spirit water. One drop of it could melt anything. The moment it touched a human's body, it would instantly dissolve one's flesh.

An Yun was fortunate to enter the ruins and obtain it.

This was his strongest attack.

Explosion!

The true water turned pitch black. After An Yun used it, it turned into a river current. This was also due to his lack of understanding of true water, which was why he chose an attack that covered a large range.

He felt that no one at Boundless Realm could block it, so he extended the range so as to not give the Northern Region Lord a chance.

The imperial true water exploded like a river. The black water swept and could corrode all living things.

In an instant, the flames were being eaten by the water. It wasn't being extinguished but eaten.

Then, the water charged at Northern Region Lord.

"You have used your move, now it is my turn." Northern Region Lord hollered loudly. Numerous Dao Patterns appeared beneath his feet and wrapped him up into a five-colored bottle.

Thirteen Types of Dao Bottle.

Northern Region Lord merged the 13 Daos that he comprehended to build this bottle to wrap himself up.

The true water wasn't corrosive enough. An Yun was too arrogant and didn't use the true water to its full potential.

At that moment, the black water wasn't able to corrode Northern Region Lord's Dao.

One couldn't say that it couldn't corrode, but it wasn't as fast as the rate at which Northern Region Lord's recovered. This was why it seemed useless.

*Dong!*

Northern Region Lord's bottle smashed forth and suppressed An Yun.

No...

An Yun hollered in rage and disbelief. Why was his imperial true water useless?

"Die!" Northern Region Lord laughed coldly. The bottle pressed forwards right away.

*Hong!*

An Yun's body exploded and turned into a bloody rain that scattered across the floor.

Northern Region Lord also used the Great Dao Treasure Bottle to absorb that drop of imperial true water so he could cultivate with it.

## **Chapter 327: Young Master Beichen Attacks**

After Northern Region Lord killed An Yun, he took in a deep breath and said, "Fortunately, he didn't fully merge with the imperial true water, otherwise, I would have been injured."

The imperial true water's corrosiveness was strong but because An Yun's misjudged the situation, he diluted the drop into a river. He was just asking to die.

Did he think that Northern Region Lord's Great Dao Treasure Bottle was weak?

Northern Region Lord looked at the other Huntian Path disciples with a fierce gaze, "You should go and spend time with your senior brother."

Huntian Path's disciples looked at one another especially some who were Boundless Realm and furious.

"You killed senior brother, so you are going to pay for it." They hollered in rage and didn't escape. Instead, they charged forwards and felt that Northern Region Lord was definitely really weak now.

After fighting with their senior brother, although he won their senior brother, he was definitely badly injured.

But...

Northern Region Lord's Great Dao Treasure Bottle's strongest skill was recovery.

His ability to continue a fight wasn't a problem.

"Let me do it!" But Qiu Bai was not planning to let Northern Region Lord attack. She stepped forwards in front of Northern Region Lord and said calmly.

Northern Region Lord smiled, "Be careful."

Qiu Bai nodded, "I have always been amazing. I just didn't get a chance to show it."

Qiu Bai might not have been as strong as Northern Region Lord but she wasn't weak. During this period of time she had been cultivating in Ten Thousand Country Book Depository to improve herself.

Now, she had accumulated a lot of knowledge and strength.

*Hong!*

Her body sped through the forest swiftly to deal with these Huntian Path disciples.

Northern Region Lord silently helped out.

....

Heaven Mountain Mountain Range was in all out brawl as numerous people were fighting with one another.

But those faction disciples were the only ones who died, especially Moon Angel Usuna.

With Full Moon in hand and along with her cultivation during this period of time, she entered Boundless Realm. Her merger with Moon Angel's primordial divinity also sped up, so her strength was unbelievable.

At the moment, Moon Angel was more than half merged with the divinity. This meant that the increase in her strength gained the recognition of the divinity.

With Full Moon in hand, Moon Angel was different from the others. She didn't defend one area but headed around to kill the enemies.

After killing, she sped away. Moon Angel was not greedy and she didn't want to be a hero. She hid in the shadows and underneath the moonlight. She was much more dangerous than everyone else.

The others just waited silently for others to find them before killing but Moon Angel was different; she chose to strike. Whenever she met outside people in Heaven Mountain Mountain Range, she would kill them instantly.

Before they even got close to Moon Angel's territory, she killed them.

With the celestial artifact in hand, along with Moon Angel's deep cultivation, who could stop her?

When Northern Region Lord only killed over a dozen people, Moon Angel had already killed 1,000.

Moreover, this number was also climbing constantly. Even people at Boundless Realm couldn't escape her blade.

Young Master Bei Chen saw such scenes.

From a few miles away, he saw a moonlight blade flash across and numerous heads scattering on the ground. Fresh blood flowed on the ground and a girl holding a moon-like celestial artifact headed into the distance.

Young Master Bei Chen's eyes flashed fiercely, "You killed so many of our people and still want to escape?"

*Hong!*

Young Master Bei Chen attacked. He couldn't sit still anymore. He gathered all these factions to test the strength of Heaven Mountain. So many of them were killed right at the start and their morale dropped. He had to step up to kill this girl to regain morale.

This was why he hollered in rage. His body shot forth. He pointed his finger forwards and a terrifying light shot towards the mountain range.

Explosion!

The aura was scary like an apocalypse. It forced Moon Angel back. Her body spun to avoid the attack and she looked around solemnly.

The pillars around instantly cracked and the trees were all turned to dust.

A dozen-mile wide giant abyss appeared. A black hole that one couldn't even see the bottom of blocked Moon Angel's path.

Young Master Bei Chen landed slowly and stared coldly at Moon Angel. His expression was ice cold and he didn't pity her because of her looks at all. He wouldn't give up on his desires because of a woman's beauty.

"You killed too many people. Now, it is time for me to kill you." Young Master Bei Chen said coldly. The aura around him was like lightning that exploded.

Moon Angel was wearing a pure white veil and she had soft armor on her. It covered her crucial areas. She held a silver moon in her hands, "You can't kill me."

"Whether or not I can, I will know when I try." A sharp light flashed in his eyes. He stepped forth and punched.

Explosion!

A dozen giant stars appeared behind his body when he punched.

Great Star Fist!

This was a fist technique from the Celestial World. When Young Master Bei Chen was a Celestial, he also used this. This fist was really strong, covering Moon Angel and causing her expression to change.

Young Master Bei Chen's aura was too strong. He was at peak Boundless Realm and could even kill someone at the next realm.

He personally attacked Moon Angel so as to give others the confidence of heading forwards.

This was why he didn't allow Moon Angel to continue killing people.

Moon Angel knew that Young Master Bei Chen was strong which was why she held nothing back. She instantly activated Full Moon's strength. Her body flashed and her jade-like muscles were constantly refined.

True Qi flowed into Full Moon and then they entered her body. They started to swell up and increase.

*Clang!*

Moon Angel sliced forth and a cold glow exploded from Full Moon, accurately slicing Young Master Bei Chen's strike apart.

Explosion!

The glow continued to spread and the shockwaves surged in all directions. Moon Angel couldn't help but take a step back.

This step made her frown. She knew that if this continued, she would be no match for him.

"Leave!"

Moon Angel wanted to fly away.

Young Master Bei Chen laughed coldly and didn't chase.

*Hong!*

"Qin Family's tenth strongest person Qin Ku is here to fight you." A large shout reverberated around. A bone-white sword light stabbed forth.

This strike was like one bouncing off the moon to chase the stars; it was really scary. If Moon Angel didn't retreat, she would be injured.

Moon Angel was shocked. When she heard Qin Ku, she knew that something was off. She retreated but was being forced right towards Young Master Bei Chen.

"This time, you have nowhere to go, so you are definitely going to die." Young Master Bei Chen said confidently.

Moon Angel suddenly laughed, "You can call for help, so why can't I?"

Young Master Bei Chen frowned. He turned around and his pupils constricted.

## Chapter 328: I Am Qin Yue

Young Master Bei Chen frowned and looked at the person behind him.

It was a monk!

A monk who was wearing white clothes.

A really handsome monk with a bald head. He was calmly looking at Young Master Bei Chen.

When did this monk appear? He actually didn't sense anything at all.

That was a little terrifying.

Young Master Bei Chen focused on the monk and asked, "Who are you?"

"I am Heaven Heart!" Heaven Heart replied.

"You are from the same side as this woman?" Young Master Bei Chen knew the answer but still asked.

If not, then...

"We are on the same side." Heaven Heart interrupted his thoughts.

Young Master Bei Chen's face was solemn and he asked, "How did Heaven Mountain develop and raise all of you?"

"We weren't raised by Heaven Mountain. Master raised us." Moon Angel said calmly.

"Master?" Young Master Bei Chen's expression changed. This was a huge problem. When did a Master appear in Heaven Mountain?

"The entire Heaven Mountain Mountain Range belongs to my Master. Since you are eyeing it, then you deserve to die." Moon Angel said coldly.

"Who is your Master?" Young Master Bei Chen was shocked.

Moon Angel was really strong. Even if Young Master Bei Chen was a celestial's soul, he had to admit that Moon Angel was strong. She reached such a cultivation at such a young age. She was really a top genius.

As for Heaven Heart, he couldn't see through him at all. He was really old but his body gave off the scent of youth. This kind of youth wasn't fake but came from inside, from one's aura itself.

He couldn't tell what was going on with Heaven Heart's cultivation at all. Young Master Bei Chen was in a tough spot.

"You can't find anything out about my Master's name." Heaven Heart stepped forwards and said coldly.

Usually, Heaven Heart was a kind person and would smile in the face of everything.

He would even smile at his enemies.

He treated Li Xiandao's matters very seriously and didn't allow anyone to insult Li Xiandao.

"Why even bother talking so much nonsense with them? Since they aren't willing, then you should just kill them. I don't believe that their so-called Master can hide for the rest of his life." A voice was extremely cold. At the same time, a person landed on the ground and stared at Moon Angel and Heaven Heart.

Qin Family's tenth person, Qin Ku!

Young Master Bei Chen nodded and said coldly, "Qin Ku, you are right. Since the so-called Master is not willing to come out, I am also not worthy of asking his name, so I will kill the two of you. I don't believe that your Master won't come out."

Qin Ku laughed out loud, "That is right. These two mysterious people. Since they are not willing to speak, then we should kill them, and then we will kill their dogshit Master."

When Moon Angel heard this, a sharp glow flashed in her eyes. She stared at Qin Ku and her arms that were holding Full Moon trembled.

"You dare to insult my Master. Today, I will definitely kill you!" Moonlight shone at Moon Angel's eyes. She was like an ancient demon, beautiful and dangerous.

*Hong!*

Along with her taking one step, Moon Angel's terrifying aura exploded.

A giant 12-winged angel appeared behind her back.

She looked the same as Moon Angel and had a veil on her face. She held Full Moon and she was several times bigger than Moon Angel.

*Keng!*

Moon Angel opened up Full Moon. She held both sides and viciously sliced forwards.

Where the sharp blade sliced, it forced Qin Ku back. His expression was really solemn. He didn't expect that just one of his sentences would cause Moon Angel to attack him so maniacally.

How did this Master brainwash them to make them so loyal?

Qin Ku couldn't understand but he didn't fear Moon Angel either. After all, he was one of the top 10 experts who the Qin Family spent so many resources raising.

Qin Family's tenth person was much stronger than Qing Family's tenth tiger. This tenth person could compare to the Qing Family's top tiger. As such, one could tell that there was a difference in strength between emperor aristocratic families too.

The Qing Family was weaker than the Qin Family which was why their cultivation was trashed.

*Hong!*

Qin Ku pulled out his sword. It was a cold and shining treasure sword that gave out a bright light and smashed into Full Moon.

*Kacha!*

Full Moon instantly shattered Qin Ku's treasured sword. This made his expression change. He didn't expect Moon Angel's weapon to be so strong and for that treasure sword that he refined to not even be able to take a single hit.

"Die!" Moon Angel continued to slash.

Anyone who insulted Master had to die!

*Hong!*

"Qin Family secret technique!" Qin Ku used the Qin Family's secret technique, a very strong cultivation method.

Moon Angel's eyes flashed brightly.

Qin Family Secret Technique!

She knew its weakness.

When she was young she heard her parents say that the greatest weakness of the technique was in the hands.

Using one's hands to hug the moon, there would be a few seconds when one's hands were really weak.

If she took the chance, then she would be able to break the technique.

Thinking about it, Moon Angel didn't hesitate. She changed her attack and sliced towards his hands.

*Kacha!*

A cold light flashed. His hands flew out and then a short number of seconds later, fresh blood flowed out.

All this happened in the blink of an eye. Young Master Bei Chen wanted to help but before he could, Qin Ku's arms were sliced off.

"No... Impossible, how did you know this move's weakness?" Qin Ku's eyes opened wide and he hollered in rage. He looked at Moon Angel in disbelief.

Only the Qin Family knew about the few milliseconds of weakness when one used the technique.

How did Moon Angel know that?

Qin Ku didn't care about his injuries. He stared at Moon Angel and wanted to know the reason.

Moon Angel saw how stubborn he was. He had just lost his arms and half his cultivation. She walked forwards with her long legs till she was three meters away from Qin Ku. Full Moon floated behind her like a crescent moon that wrapped Moon Angel up.

"Are you very curious about how I know this secret?" Moon Angel stared at Qin Ku coldly.

"You are from Qin Family..." Qin Ku guessed it. He frowned and stared at Moon Angel.

"Although I don't want to admit it, I spent my youth in the Qin Family." Moon Angel said. Along with her cultivation increasing, she knew that the Qin Family was her stepping stone and that if she didn't deal with them, she wouldn't be able to fully step out of her situation.

Running away and avoiding it wasn't a good choice.

“Since you are from Qin Family, then why have you taken an outsider as your Master and helped him to do this to me?” Qin Ku questioned.

“Because my name is Qin Yue!” Moon Angel said coldly.

His body shook and he stared at Moon Angel in disbelief.

Qin Yue!!!!

There were many stories behind this name.

## **Chapter 329: Buddha and Devil**

Qin Yue was a martyr of the Qin Family; she sacrificed her life for the family.

When Qin Yue was young, she was compatible with the moon. She was like an elf on the moon and was given the name: the daughter of the moon.

But in the end, because of this name, she lost her freedom.

She was groomed as a martyr and she entered the demon cave when she was 18.

This was the destiny of a martyr.

Each martyr lived a tough life. The Qin Family’s males didn’t want to change that and were in fact happy to see it happen.

By sacrificing a girl they could have a peaceful few decades. Where else could they get such a good deal?

This was why this practice continued to the present day and nothing had changed.

Qin Ku looked at Moon Angel and reminisced about the past. He had played together with Moon Angel when he was young and Moon Angel was the first girl he liked.

At that time, Qin Yue was like a moon elf, a doll carved out of jade. She was really cute and it was normal for guys to like her.

Qin Ku stared at her, ignoring her injuries. She said anxiously, “Isn’t it better for you to return to Qin Family to be a little miss?”

Moon Angel laughed coldly, “Little Miss?”

"If I return to the Qin Family, I will only continue to end up as a martyr." Moon Angel burst into laughter.

"No, the new martyr has already been chosen, so you are safe." Qin Ku persuaded Moon Angel.

"Yet another girl has suffered unjust treatment. Don't any of you feel or regret or shame?" Moon Angel's expression turned cold and she questioned.

Qin Ku didn't understand what there was to regret.

"A huge family, numerous guys, and nine emperors came out... They even had people who flew up to the Celestial World but they continued to kneel in front of a demon. They sacrificed their own woman, allow the demon to trample on her, in exchange for safety. As a guy, do you have any shame?" Moon Angel laughed coldly. She didn't like the Qin Family because they were all soft.

Qin Ku said with much difficulty, "This is fate."

"Fate? Damn your fate!" Moon Angel suddenly raged.

Her aura surged and she stared angrily at Qin Ku.

Qin Ku was terrified and looked at Moon Angel with a stunned expression.

"An emperor aristocratic family that has survived for tens of thousands of decades, and when they face dangers, they sacrifice a girl and say that it is fate. Fate won't take the blame for any of you." Moon Angel was furious.

She was chosen as the martyr; that was fate!

She needed to sacrifice herself in exchange for the family's stable development. This was fate!

She fled to Heaven and Earth Battlefield and was chased by Qin Family's executioners. They nearly killed her and this was fate!

In the past, Moon Angel actually believed in fate.

But now, she had been saved by Master and worked hard to cultivate and improve herself. When she faced problems, she would persist and solve them herself.

After entering the Bank of the Universe, Moon Angel never said that this was fate!

"Fate is just an excuse that the weak use. Cowards! The Qin Family members are cowards, one generation more than the last." Moon Angel scolded without holding anything back.

Qin Ku opened his mouth but didn't say anything. He could only add, "You don't know how strong that demon is."

"I don't need to know, but I know that one day I will kill that demon." Moon Angel said coldly.

"But you won't live to see that day." Moon Angel spun Full Moon and sliced down.

"You'll kill me?" Qin Ku opened his eyes wide in disbelief. They had known each other from a young age, and after so many years of relationships, she was willing to kill him?

*Kacha!*

Qin Ku's body was sliced into two and he was killed instantly.

Moon Angel said calmly, "I forgot to tell you that I was called Qin Yue but now I am Moon Angel Usuna."

"So, I can kill you without any psychological barriers." Moon Angel turned around coldly and stared at Young Master Bei Chen.

Young Master Bei Chen looked towards Heaven Heart and Moon Angel with a dark and sunken expression.

He wanted to save Qin Ku but Heaven Heart was staring at him. He was locked down and was couldn't do anything, otherwise, Heaven Heart would attack.

Young Master Bei Chen was furious and even annoyed. He was a celestial. Even if he reincarnated, he still had a limitless future, far more than those of the same grade. However, but now, he was actually being suppressed by a monk.

"Do you need help?" Moon Angel asked.

Heaven Heart shook his head and said, "Hand this person to me. I am Heaven Heart and I will kill you now."

*Hong!*

Heaven Heart stepped out. Several temples appeared behind him. There were thousands, tens of thousands of monks chanting scriptures.

This was a really righteous thing but Young Master Bei Chen glanced and saw something underneath all of this. He was shocked. Cold air rose up from his legs to his head, making him stare at Heaven Heart in disbelief.

In the temple, the monks all seemed merciful as they chanted. Incense wrapped around them and the buddha ancestor golden bodies were filled with a majestic aura. Looking at them, one couldn't help but bow and worship.

But under this shining gold and righteous hall, it was hell.

There were devils, girls being sluts, monks eating meat, people suffering pain...

Under the hall, Buddha and Demon, merged as one. A devilish aura spread, filling those present with disbelief.

"You aren't a proper monk." Young Master Bei Chen scolded in shock. What had he seen?

Buddha and Demon in the same body?

"How am I not proper?" Heaven Heart asked.

"You actually comprehended the demon dao?" Young Master Bei Chen was shocked. He knew why he couldn't see through Heaven Heart and was actually really terrified of him. This monk actually merged both buddha and demon.

It was as if this was more terrifying than cultivating to become a celestial.

There were many people who had flown up to the Celestial World since ancient times.

But there were too few who merged both buddha and demon. One could even count it the number of times on a single hand.

These people were all famous top experts. Celestials weren't able to take a single hit in front of these people.

Although Heaven Heart didn't reach that stage, he was still really terrifying.

"Demon?" Heaven Heart stepped forwards. The phenomenon behind him changed. Now, a terrifying scene of demons in hell appeared. The buddhas were being suppressed.

"Everyone in the world changes and the rule is that one must change. Each person is finding their so-called truth. Some people find supreme strength, controlling power and controlling the truth. Some are firm believers of their ideals but these people with strength beat them up real bad. If the Buddha didn't have such strength, he wouldn't

have been able to spread his ideals over the Nine Skies and Ten Lands. The demon you are talking about is one that controls power.” Heaven Heart said coldly.

“You control power and you have evil thoughts, so you are a demon. However, you won’t admit that you are a demon.”

“But I am different. I admit that there are many sides to me. I can read scriptures in front of the Buddha, and I can help souls in hell. I can do what I want and send you to hell.” Hell Sky stared at Young Master Bei Chen coldly and was now three meters away from him.

“This world is not just black and white. Light and darkness can exist together like the Buddha and the demon; they can exist together at the same time.” The phenomena behind Heaven Heart appeared once more. Hell and Heaven appeared at the same time. One side was pure like summer and ghosts were crying out loud on the other.

## Chapter 330: Legendary Song

Heaven Heart’s terrifying aura threatened Young Master Bei Chen. He used his Celestial’s knowledge to see that Heaven Heart’s ideals were really deep and he had great potential.

But he didn’t want to admit it.

The moment he did, he would admit that he was weaker than Heaven Heart, especially now that Heaven Heart wanted to kill him.

“You are so good at speaking. As expected from a monk, twisting words is your skill.” Young Master Bei Chen scolded. His aura surged and he couldn’t let Heaven Heart affect him.

*Hong!*

So, he attacked. *You can say many things but if I kill, you then it’s over.*

Young Master Bei Chen’s fist broke the silence, turning everything into chaos. Numerous streaks of light shot forwards, lighting up the area.

Star after star appeared behind him like it was the milky way. The light from the stars landed, making his punches extremely powerful.

The stars transformed into a giant. It was enormous. It was as if the master of the stars was protecting him. A violent and scary aura pressed forwards.

Great Star Fist!

This strike was extremely terrifying. It was as if Young Master Bei Chen was holding a star and smashing down with it.

Explosion!

The surrounding grass and trees shook. The moonlight was like sand that was covered by this star.

Young Master Bei Chen didn't hesitate. He went all out and wanted to kill Heaven Heart. He didn't underestimate him at all and this strike was his killing blow.

Young Master Bei Chen wasn't like a Celestial who was high above. He had already placed Heaven Heart at a level similar to himself.

*Dong dong dong!*

When Heaven Heart saw this, his expression didn't change at all. He knew that Young Master Bei Chen was strong, so at that moment, tremours spread out from his body.

The essence of the plants around, the essence of moonlight, the dragon energy in the earth, and the veins in the mountains all surged into Heaven Heart's body like water.

In the next second, an extremely strong light exploded from within Heaven Heart's body. His body turned translucent, 365 acupoints in his body shone bright, and turned into a golden whirlpool.

Each acupoint had a Buddha in it. They didn't have a face, but under the golden light, one could feel that they were righteous and majestic. They gave off an ancient Buddhist cultivator vibe.

Explosion!

Heaven Heart didn't hesitate and attacked right away. He opened his palm and it enlarged quickly. A buddha-like palm covered the sky and sliced forwards.

*Kacha!*

The star was sliced, directly smashing into Young Master Bei Chen's Great Star Fist. A giant aura exploded and spread in all directions.

*Hong!*

In an instant, 100 miles of land around were in flames. Nothing remained. Corpses were scattered all over the ground and everything turned to dust.

Even Moon Angel, who was flying in the sky, had a solemn expression when she looked at the battle.

A buddha golden body, 365 buddha illusions, were on his back.

It was a star giant with a patch of unlimited star resources.

The two of them clashed and both took several steps back.

But Heaven Heart retreated three steps before stabilizing himself.

Young Master Bei Chen took five steps back. He stomped down and the ground shook. Numerous cracks spread from beneath his feet. In an instant, a few hundred meters around cracked like a spiderweb.

Young Master Bei Chen's expression turned green. He actually lost out... How was that possible?

In the next second, Heaven Heart raised his hand and said, "Your strike seems really strong but that is it. Now, it is time for you to taste my strength."

Young Master Bei Chen's expression changed and he stared at Heaven Heart warily.

*Hong!*

Heaven Heart's fist technique was really direct and open. He just punched without any added movement.

Simplification of the Dao!

At that moment, Heaven Heart's body swelled to 60 feet. He shone a bright gold. This was the Buddhist Faction's golden body.

But within it, there were a bunch of demons from hell. In the 365 acupoints sat 365 demons. They bared their fangs and seemed abnormally terrifying, sending a chill down one's spine.

From the outside, it seemed really pure, but inside, it was a demonic mess.

This was Heaven Heart's fist.

Buddha and Demon in one!

*Hong!*

This fist smashed down, causing the ground to shake. Aura spread out, locking onto Young Master Bei Chen. His expression changed and he retreated swiftly.

But he was locked on, so how could he escape?

Heaven Heart's 60-foot body stepped forwards. He punched forwards, so he had no choice but to take it head-on.

"Since I can't dodge it, then let me experience your attack." Young Master Bei Chen hollered. His eyes were like lightning and his hair was in a mess. He formed a seal with his hands and shot out a terrifying seal technique.

Heaven Flipping Seal! Heaven and Earth Seal! Human King Seal!

This was a celestial technique that contained the glows of heaven, earth, and man. Using heaven to suppress, earth to bury, and humanity to defend!

At that moment, Young Master Bei Chen's sung an old song. It was the taste of legends.

Young Master Bei Chen's celestial technique was strong, crossing the Boundless Realm barrier and coming to the next realm, Legend!

After Grotto-Heaven was Boundless Realm, and after Boundless Realm was Legend Realm.

Singing a Legendary Song, praising the legendary person, spreading the legendary stories.

Even if one had just entered Legend Realm, it was still really terrifying. At that moment, Young Master Bei Chen was really confident that he could kill Heaven Heart.

Heaven Heart saw that Young Master Bei Chen had crossed into Legend Realm. He was not worried at all. He had already pulled the bowstring and had to fire.

*Hong!*

This fist punched forwards. His aura swelled and the space cracked behind him.

*Hong! Hong! Hong!*

Young Master Bei Chen pushed the celestial technique forwards and it smashed Heaven Heart's body. A terrifying power exploded and the aura was shocking. It caused Heaven Heart's body to light up and clang, it was as if a new world was being opened up.

But Heaven Heart didn't care at all. He punched and with a crack, the three seals were broken.

The celestial technique was amazing but it depended on who used it.

"How is that possible? I used a celestial technique and I even crossed into Legend Realm." Young Master Bei Chen panicked. He retreated but in the next second, Heaven Heart grabbed him. He pulled him to his side and stared at him coldly.

"Legendary Song? You can listen to my body." Heaven Heart said coldly.

Young Master Bei Chen didn't want to get close to Heaven Heart but he didn't have a choice. Heaven Heart grabbed his arm and pulled him.

*Dong!*

Young Master Bei Chen smacked into Heaven Heart's chest with a metallic sound.

Young Master Bei Chen wanted to rage but he was stunned right away.

From within Heaven Heart's body, in those 365 acupoints, Legendary Songs spread out. Each demon was at Legend Realm and they were all singing.

Heaven Heart had stepped into Legend Realm long ago.

His Buddha and demon entered Legend Realm while he suppressed himself and didn't break through. Now, in the battle against Young Master Bei Chen, he broke through to suppress the celestial technique and crush Young Master Bei Chen.

## **Chapter 331: Massacring Celestial**

"You... You actually..." Young Master Bei Chen looked at Heaven Heart in shock and terror. He didn't expect that this would happen at all.

Heaven Heart actually...

He actually raised all 365 acupoints in his body to Legend Realm.

Each acupoint had a Buddha and a demon. They merged with one another. All of them were at Legend Realm.

365 acupoints!

365 buddhas!

365 demons!

All of them were at Legend Realm. Only Heaven Heart had suppressed his own cultivation.

Now, he suddenly broke through. The Buddha and demon in his body were singing Legendary Songs and this scared Young Master Bei Chen.

Was this monk perverted?

“You fool, aren’t you afraid that your body will explode and that you might die?” Young Master Bei Chen hollered in rage. His hands trembled from fear and he was filled with disbelief.

Someone could actually cultivate over 700 streaks of Legend Realm energy and not break through?

Lunatic!

Young Master Bei Chen was a celestial in the past life and found this insane.

Heaven Heart said calmly, “This alone makes you feel that I am a lunatic?”

“What do you mean?” Young Master Bei Chen looked at Heaven Heart in shock.

There was something more crazy than this?

“You have not seen my Master’s power. My skills are not worth mentioning at all in front of him. I am not even worthy of carrying his shoes.” Heaven Heart said sincerely.

Legend Realm gathered the power of the Ten Lands at Grotto-Heaven Realm. How could his more than 700 Legend Realm people compare to him?

Master’s one Grotto-Heaven world could suppress him. In fact, he might have even been 10 times or 100 times stronger than him.

“Your Master!” Young Master Bei Chen felt like his ideas of the world were going to collapse. It was so terrifying that he trembled.

“Heaven Mountain Mountain Range belongs to my Master. You are all just asking to die by coming here.” Heaven Mountain said coldly. He twisted his hand, wanting to snap Young Master Bei Chen’s neck off.

“No!” Young Master Bei Chen hollered in rage. He had just broken through to Legend Realm. He was really strong and wasn’t willing to just wait and die.

He formed a seal with his hands and a cold glow appeared in between his eyebrows. It looked really strong and terrifying.

Celestial Artifact, Soul Suppressing Stone!

This was a celestial artifact that Young Master Bei Chen had refined for a really long time. Now that it was used, it was extremely strong and very terrifying. He charged out and instantly unlocked two levels of Celestial Seals.

Nine levels of celestial seals. One could only unlock one level at Boundless Realm, but after Legend Realm, one could unlock two.

The strength of the second level was much more terrifying than the first. Even Heaven Heart didn't dare to underestimate it. He put Young Master Bei Chen down and his body shrunk as he avoided that lethal blow.

But the Celestial Artifact Soul Suppressing Stone didn't plan on letting Heaven Heart go. It pressed down and with a loud explosion, it pressed down onto him.

"I want to see whether or not you can block a Celestial Artifact's attacks." Young Master Bei Chen said coldly.

This was a treasure that he had refined for tens of thousands of years. When he smashed it into somebody else's body, he would hurt his own soul.

This was why it was called the Soul Suppressing Stone.

Heaven Heart frowned and scolded coldly, "Do you think you are the only one with a celestial artifact?"

*Hong!*

A bunch of Buddhist pearls flew out from Heaven Heart's dantian.

10,000 buddhas were carved on it and Heaven Heart instantly activated them.

*Hong!*

He activated two levels of the seal and the pearls exploded. A bright mountain with a dense Buddhist aura appeared in the air and blocked the Soul Suppressing Stone.

The Soul Suppressing Stone gave off a black glow and just one look made one dizzy.

But the pearls blocked it. They were just floating in the air.

Young Master Bei Chen frowned and didn't know what to do.

He couldn't beat Heaven Heart and his treasure was only on the same level. Also, Moon Angel was looking on from the side.

He was forced into a corner.

Young Master Bei Chen wasn't happy. He glanced around and asked, "Who is your Master? I hope to see him once. I have some things to tell him concerning my background."

Young Master Bei Chen was buying time. He hoped to see the Master of Heaven Mountain.

To have so many geniuses loyal to him, who was this Heaven Mountain Master?

*Hong!*

Heaven Heart wasn't in the mood to talk to him. He said coldly, "My Master knew long ago. You are just someone who came down from the Celestial World but you can't even beat me. You don't have the right to see my Master."

Heaven Heart punched forward. His fist was as fast as a shooting star, instantly drawing close.

*Hong!*

The fist landed on Young Master Bei Chen's face. Young Master Bei Chen couldn't react in time and stumbled backwards. He spat out a mouthful of blood and the shape of his face changed.

"Stop!!!!" Young Master Bei Chen hollered in rage.

"Since you know that I am a Celestial, then you should know that I have someone above. If you dare to kill me, then you will definitely receive my revenge." Young Master Bei Chen threatened.

*Kacha!*

But what he got in return was Heaven Heart's cold gaze as well as his powerful arm which twisted viciously.

Young Master Bei Chen's neck was twisted just like that. He looked at Heaven Heart in disbelief and his body fell down like a soft mattress.

Heaven Heart said calmly, "What a weak Celestial!"

The Soul Suppressing Stone in the distance lost its Master's support and was suppressed by the Buddha pearls.

Heaven Heart retracted the pearls and picked the stone up. He said to Moon Angel, "You can continue killing people. I will hand this celestial artifact to Master."

Moon Angel nodded. She didn't say a word and just left.

Heaven Heart turned around and left too, leaving two corpses at the scene.

Young Master Bei Chen reincarnated into the Nine Skies with ambition and thought that he could overturn heaven. He wanted to hold the power of the Nine Skies and then get the key to Celestial Gate. Open the celestial gate, gain the rewards, and step up.

But reality taught him a lesson.

He was at the border of Heaven Mountain. He didn't even see Li Xiandao and he was killed by Heaven Mountain.

Before this, Young Master Bei Chen mocked Ma Qing but Li Xiandao's sword energy did kill Ma Qing. He on the other hand was killed by Li Xiandao's subordinate, Heaven Heart.

Did Young Master Bei Chen regret coming to the Nine Skies?

The wide forest became really silent after Heaven Heart left.

But the things around had mostly been destroyed. There wasn't a good atmosphere in 100 miles. Most people heard sounds and took a look before they panicked.

The emperor aristocratic family's 10th strongest person was Qin Ku.

The top aristocratic family genius was Young Master Bei Chen.

They both died here.

One was sliced into two and the other had his neck broken.

"This... Who did this?"

"Heaven Mountain actually has such a terrifying person?" Many of them exchanged glances with one another and they felt afraid.

Young Master Bei Chen and Qin Ku were top experts of the young generation. Now that they had been so easily killed, what did that mean?

It meant that Heaven Mountain had many experts and they were really strong.

All of a sudden, everyone faced Heaven Mountain and moved away from it.

Many people had already died and everyone was scared. Young Master Bei Chen wanted to kill some people to raise the morale.

He definitely didn't expect that he would be killed instead and that their morale would drop even more as a result.

## **Chapter 332: Swallowing Celestial Artifact energy**

News of Qin Ku and Young Master Bei Chen being killed spread out and caused a huge uproar. This led to there being far fewer people entering Heaven Mountain.

The experts in the younger generation were killed. This terrified the others and they didn't dare to enter, especially Moon Angel, who was described as a beautiful killer. She killed everyone and caused a flurry of news which made many people start to worry.

Li Xiandao in the Bank of the Universe had been paying attention to all of this.

Seeing that Heaven Heart had killed a reincarnated Celestial, Li Xiandao was very satisfied, "The Dragontooth Rice I gave all of you was worth it."

Heaven Heart was able to amass so much strength largely because of Li Xiandao's support.

Over these few months, the Dragontooth Rice planting range expanded. There was more and more. The Dragontooth Rice ancestor was in charge of planting and harvesting them.

For these Dragontooth Rice, Li Xiandao took 50%, Human Celestial took 40%, and the rest took 10%.

After taking 40% away, Heaven Heart was able to cultivate really quickly. Now, he was even able to slay a reincarnated celestial.

This was also the reason why after Heaven Heart acquired Young Master Bei Chen's celestial artifact, he returned to the Bank of the Universe and handed it to him.

"Master, this is Young Master Bei Chen's Celestial Artifact. It is to be used on the soul." Heaven Heart passed the Celestial Artifact to Li Xiandao.

Li Xiandao reached out and observed it closely.

The Soul Suppressing Stone was a black stone with many formations carved inside. Altogether they formed nine levels of seals.

Li Xiandao noticed that there was a large amount of soul power within.

These were stored in the stone over many years.

Apart from Young Master Bei Chen, there were also those of the people who had been killed by it.

Li Xiandao slapped the beautiful stone.

Hong!

The Soul Suppressing Stone caused the ground to shake. Wave after wave of energy spread out as it tried to break free from Li Xiandao's hand.

The Celestial Artifact had a mind of its own. It knew that its master was dead and that the person who was holding it was not its Master.

But could Li Xiandao let it escape?

Ding!

With a flick, a terrifying power entered the Soul Suppressing Stone. A giant light exploded from within and suppressed the stone.

The Soul Suppressing Stone laid in Li Xiandao.

"Within the Bank of the Universe, you can't disobey me." Li Xiandao said calmly.

Li Xiandao didn't use his own strength. He didn't have enough strength to make a Celestial Artifact yield.

Li Xiandao used the power of the Bank of the Universe. In the Bank of the Universe, even if the owner of the Celestial World entered, he wouldn't be as strong as Li Xiandao.

In the Bank of the Universe, Li Xiandao was the god!

"Master, I will take my leave." When Heaven Heart saw this, he said respectfully.

"Head down and rest well. You killed Young Master Bei Chen, so the various factions won't have small fights anymore. They will amass a large scale attack." Li Xiandao said.

Heaven Heart nodded. He turned around and continued to solidify the power in his body to raise his strength.

Li Xiandao looked at the Soul Suppressing Stone.

“Your body contains a large amount of soul energy. Just give it to me. I will help you find a Master to help you demonstrate your worth.” Li Xiandao said calmly. He placed the Soul Suppressing Stone on the table and then tapped the table.

Soul Suppressing Stone didn’t move. It was like a stubborn stone telling Li Xiandao that even if he suppressed it, it wouldn’t yield.

Li Xiandao took off his mask and smiled, “I can suppress you, so I can slice you open. I will take you apart such that you will never recover. Then, I will still be able to obtain the soul power that is within your body.”

The Soul Suppressing Stone shook. Li Xiandao was terrified and then slowly opened his own internal space.

Explosion!

A giant black ocean!

Borderless!

Raging waves!

Water slapping the shore!

Extremely shocking!

The black ocean water was filled with soul power. This was just too terrifying.

The soul power was so thick that it liquified, forming a borderless ocean.

This was a huge treasure.

Young Master Bei Chen had killed many people over these tens of thousands of years. No one knew but each time he killed, he would absorb their soul power and send it into the Soul Suppressing Stone.

These 10,000 years of hard work had formed this black ocean.

This was an unexpected surprise. He looked closely at the black ocean.

Not only was it huge, but the quality was high too.

Young Master Bei Chen spent 10,000 years in the Celestial World. Most of the people he killed were Celestials.

Could the souls of Celestials be weak?

Even the weakest one of them shouldn't have had a weak soul source.

Young Master Bei Chen wanted to use these to help him break into the next realm.

But after heading down to the Nine Skies, he was reluctant to use them. He felt that using these hard-earned things in the Nine Skies would be a stupid thing to do.

This was why it benefited Li Xiandao in the end.

Li Xiandao took in a deep breath. Black energy entered his nose and then seeped into his consciousness to strengthen his powers.

"Great! As expected, it is high-quality soul power. All of this is enough to help me break through." Li Xiandao was really satisfied. It seemed like there was a large amount of soul energy but he was someone who owned the Ten Lands. The energy he needed to break through was far above that of others.

This black ocean would be sufficient for 10,000 other people to break through into Legend Realm.

This was an ocean.

But for Li Xiandao, he felt like it was good if he could enter Legend Realm.

He had just entered Legend Realm and understood it right away. With the help of Soul Suppressing Stone, Li Xiandao felt like he could cross it.

"Pass it all to me." Li Xiandao ordered.

Soul Suppressing Stone didn't dare to refuse and it just opened itself to Li Xiandao.

Explosion!

Li Xiandao was like a cow consuming a peony, swallowing it whole.

Like a pig eating ginseng, he gulped it down without even tasting it.

He bathed in the soul source. Every pore and hair on his body was absorbing it.

Explosion!

Li Xiandao's cultivation started to increase by leaps and bounds.

His soul energy improved the quickest and headed towards a higher realm.

In the room, Li Xiandao crazily absorbed it to improve himself.

Outside Heaven Mountain, the people from the different factions looked on while surrounding Young Master Bei Chen and Qin Ku's corpses.

"We have suffered heavy losses!" Qin Family Head raged.

"The Heaven Mountain people are too amazing. We won't be able to get in just relying on the young generation." Someone's face was dark and sunken.

"Don't worry about whether they are young or old. Just kill his Heaven Mountain. All of us will push in together. I don't believe that he has so many experts to block us." Qin Family Head said coldly. He looked around with a fierce gaze.

Only when he looked at Qin Ku did guilt and anger appear in his eyes.

Qin Ku, his illegitimate son, was dead too.

## **Chapter 333: One Invitation Letter**

Qin Ku was the Qin Family Family Head's illegitimate son. Apart from him and his mother, no one else knew about it.

Qin Ku's father didn't know.

Qin Ku didn't know.

And, the Qin Family elders didn't know either.

The Qin Family Head even didn't contact Qin Ku's mother after Qin Ku was born.

They wanted to keep this relationship a secret in order to give Qin Ku a home, a perfect home.

This was why when Qin Ku was dead, the Qin Family Head could only feel sad because he was the family head. He couldn't show that he was as sad as a father.

The Qin Family Head was about to go crazy.

He had two kids in his life, Qin Kun and Qin Ku.

Qin Kun had just been killed and now Qin Ku was dead too.

He was so lonely and even with his high cultivation, he wouldn't be able to have more kids.

This meant that the Qin Family Head would have no more offspring.

Of course, Qin Family did have offspring, but for the Qin Family Head, he was filled with rage. He had nowhere to vent it and could only stare coldly at Heaven Mountain.

The people who killed his two sons were in Heaven Mountain.

When Qin Family Head received the news that Qing Ling and that damn mule were in Heaven Mountain, this meant that the people who killed Qin Kun were in Heaven Mountain.

They might have even been the same person!

"Stop probing. My Bei Family lost a young master with huge potential. We have to take revenge. When all of you suggested to let the younger generation lead, our Bei Family agreed. Now that Young Master Bei Chen is dead, all you factions aren't doing anything. Are all of you just going to sit here and wait?" Bei Family's elder looked around in rage.

Bei Family didn't know that Bei Chen was a celestial who had reincarnated. But Bei Chen's talent was visible to everyone. This was someone who would definitely be an emperor level expert in the future.

Now that he died here, these factions had to give an answer.

All of them were silent and they looked towards the Qin Family Head.

He was the commander.

Naturally, they had to listen to him.

"What does Bei Family want us to do?" Qin Family Head closed his eyes and asked.

"Charge up Heaven Mountain and take revenge for Young Master Bei Chen and also the thousands who died this time." Young Master Bei Chen raged.

Not only did Young Master Bei Chen die, but the others all went all out too.

Apart from Moon Angel killing 1,000 the others killed 4,000 in total.

The overall count was at 5,000...

One could say that each family had suffered heavy losses.

Those disciples were not new to the factions and they weren't outer disciples. They were the true core disciples.

With the death of 5,000 core disciples, all the factions were filled with anger.

They wanted to train these disciples but who knew that Li Xiandao would release his terrifying subordinates?

They had been killed so mercilessly that their blood flowed into a river, filling these factions with hate.

"I'm in favor of heading up Heaven Mountain." A faction elder said solemnly.

"I also agree. We can't let this matter pass just like this." Huntian Path's elder said coldly. Their elder died too and they found it hard to accept it.

Senior Brother was someone who they spent a lot of effort nurturing.

One could have said that he would be the future Huntian Path Sect Leader. Now that he had been killed just like that, how could Huntian Path take it?

One or two said that and then everyone else said the same thing. All of a sudden, everyone was pumped up. The Qin Family Head opened his eyes and looked around, "Is that what everyone thinks?"

All the factions nodded their heads.

The Qin Family Head laughed coldly and said, "Since everyone says that, then go prepare. We will head up Heaven Mountain."

Suddenly, someone walked in to report.

"Sir, there is a girl from Heaven Mountain. She sent us something." The guard reported.

"Sent something?" Qin Family Head frowned and looked at the guard.

"Let her enter. I want to see what tricks they are playing." The Bei Family elder stood up in rage with a cold expression.

"Right, let her enter. I want to see whether she is really not afraid to die, actually daring to come here." Huntian Path's elder said.

The guard looked at the Qin Family Head. He didn't dare to head out without his agreement.

“Let her enter. She is a guest. I want to see whether she is a nice guest or an evil one.”  
The Qin Family Head said coldly.

The guard ran out quickly.

All the factions in the courtyard didn't say a word as they looked in the direction of the gate. This was the first time they came into contact with the people in Heaven Mountain.

*Da da da!*

Crisp footsteps reverberated. Along with the sound of clanging armor, a scent entered their noses.

Moon Angel Usuna walked in with her exquisite body and well-proportioned legs.

*Shua shua shua!*

At that moment, numerous gazes landed on her body.

There were people who were confused, people who were tempted, people who wanted to kill her...

After Qin Family Head saw Moon Angel, his eyes froze. He thought back to what Qing Ling said before he was killed.

Qin Kun was killed by his Sister Moon.

His Sister Moon was this girl who had a great body and high cultivation.

“Qin Yue!” Qin Family Head gritted his teeth.

He was sure of Moon Angel Usuna's identity. He wouldn't be wrong; Moon Angel was definitely Qin Yue.

Moon Angel looked towards Qin Family Head. She would never be able to forget that face. He was the one who announced that she was the martyr of the new generation.

One could say that everything happened because of this Qin Family Head.

This was why Moon Angel bowed and grinned. Who knew whether she was grateful or actually filled with disdain, “Moon Angel Usuna, greetings Qin Family Head.”

The Qin Family Head stood with his arms behind his back and laughed coldly, “You betrayed my Qin Family and became someone else's subordinate. You even changed your name?”

He was mocking Moon Angel for being Heaven Mountain's Master's dog.

"Right, Master gave me this name and I think that it sounds nicer than Qin Yue." Moon Angel didn't care. Instead, she felt proud of it.

Qin Family's face turned cold and his aura pressed down like a mountain, "Do you think you can really fight against me now?"

Moon Angel took a step back. She didn't dare to face Qin Family Head's terrifying cultivation as she would definitely be defeated.

Moon Angel suddenly recalled the invitation that Master gave her.

"I am here to send an invitation on behalf of Master to invite you to come to Heaven Mountain in three days to attend a feast. At that time, you will know who Heaven Mountain belongs to." Moon Angel took out the invitation letter that Li Xiandao gave him.

In the Bank of the Universe, Li Xiandao absorbed the soul power of the Soul Suppressing Stone to improve himself. At the same time, he also saw that the factions had gathered and looked like they were going to attack. This was why he called Moon Angel to tell her to send an invitation.

This was the reason why Moon Angel came here.

*Hong!*

The moment the invitation was taken out, an aura no weaker than the Qin Family Head exploded.

A voice came out from the letter.

"In three days, Li Xiandao respectfully invites all of you to attend. Those who don't come and still want to taint Heaven Mountain will be killed without pardon!"

Li Xiandao's overbearing voice reverberated in the courtyard

## **Chapter 334: Sword Energy Clone**

Li Xiandao's words infuriated everyone present. They were all furious as they stared at Moon Angel.

"Your Master doesn't care about or respect us." Huntian Path's elder raged.

“Shameless, ignorant, and arrogant!” Bei Family’s elder said coldly.

Qin Family Head said in disdain, “Did your Master really think that we would listen to his words to head to the feast?”

Moon Angel wasn’t nervous at all and said, “My Master said that you can choose not to, but from now on, anyone who dares step foot on Heaven Mountain in the next three days will die.”

Huntian Path’s elder laughed out loud and looked at Moon Angel in disdain, “Your Master is so amazing and can control whether we enter?”

Bei Family’s elder mocked and said, “Is your Master crazy?”

“Heaven Mountain is 10,000 miles long, so can your Master restrict every one of us?” The Qin Family Head said coldly.

No one present believed Moon Angel’s words and felt like he was just talking nonsense.

“If you don’t believe me, then you can try.” Moon Angel was really confident in her Master, so she was calm and confident.

Bei Family Elder laughed coldly, “I will let you give up and let you see that your Master is bragging. To think you even believe his words.”

Bei Family elder waved his hand and instantly three Bei Family disciples entered Heaven Mountain from different directions.

“Open your eyes and take a good look. These three disciples are descendants of my Bei Family. For your Master to kill them easily is just nonsense.” Bei Family Elder laughed coldly.

Moon Angel didn’t even look. She just stared at them and said confidently, “I don’t need to open my eyes. All of you are the ones who need to open your eyes.”

The Bei Family Elder squinted and looked at his family’s three children.

The other faction members were looking too. They didn’t believe Moon Angel’s words, but since Moon Angel was so confident, they were suspicious and just looked on silently.

The courtyard became silent. Dozens of top factions all looked on silently.

No one spoke and everyone just looked on quietly.

Bei Family’s three people were quick.

They were all Grotto-Heaven and they entered Heaven Mountain from three directions.

They didn't believe Moon Angel's words either, so they just wanted to charge in without hesitation.

"How is this difficult?" A Bei Family disciple said in disdain.

"Didn't I enter? It seemed like this Heaven Mountain Master was just talking big."  
Another Bei Family disciple mocked.

Only the last Bei Family disciple sensed that something was not right and looked into the sky in disbelief.

A streak of sword energy shot down from Heaven Mountain.

The sword energy came from Li Xiandao.

Li Xiandao was in the Bank of the Universe, closing his eyes and cultivating. He did two things at once and monitored Heaven Mountain at the same time.

Bei Family's three people charged over and Li Xiandao sensed it right away. He laughed coldly, "They really aren't afraid of dying. Then, I will use your lives to show the people of Cold Moon Sky how strong I am."

He pointed forward using his fingers to form a sword. A streak of sword energy shot down and exploded. It split into three and then shot out from three areas.

This was why only one person noticed but it was too late. He couldn't block it at all.

*Pu pu pu!*

Three of them were pierced and pinned to the ground right away. Their bodies trembled and they died painlessly.

They trembled because their bodies still hadn't reacted and they didn't know that they were already dead.

Five seconds later, Heaven Mountain had three more corpses.

All this was seen by all the factions in the courtyard.

Someone sucked in a cold breath.

Someone frowned and found it tough.

Some people didn't care and just disregarded Li Xiandao's strike.

But the Bei Family Elder was furious and stared at Moon Angel. He hollered, "I will kill you!"

Because of his mistake, Bei Family lost three more geniuses. His heart was bleeding, so he wanted to vent all that anger on Moon Angel's body. The power that exploded was of Legend Realm.

Moon Angel took a step back and she looked at the Bei Family Elder with a solemn expression.

*Hong!*

The Bei Family Elder was furious. He made a mistake and sent three children to scout to confirm whether or not it was true. But the three of them were dead and he was the cause of it. But how could he dare to take such responsibility, so he swiftly shifted it to Moon Angel.

"My Bei Family lost three genius disciples all because of your arrival. I am going to kill you to take revenge." Bei Family Elder hollered in rage. His body charged forth and he wanted to kill Moon Angel.

Explosion!

The elder's aura was terrifying and it spread swiftly. It locked down the region and made it hard for Moon Angel to move.

Moon Angel stood rooted to the spot and didn't move. She allowed Bei Family Elder to attack her.

She even smiled and looked at him.

"What are you smiling at?" Bei Family Elder hollered in rage.

"I am smiling because you are about to die." Moon Angel smiled coldly.

"You are being arrogant again but you are going to die now." Bei Family elder punched and was about to hit Moon Angel's forehead.

*Hong!*

This fist was really strong and terrifying.

If Moon Angel wanted to avoid and unlock Full Moon's first seal, she could have avoided it.

But she didn't!

This was because she believed that Master would save her.

As expected when the fist was about to reach her head, a sword energy shot forth from afar. It was really terrifying and quick and appeared in front of her in an instant.

*Hong!*

The sword energy was like a rainbow shocking everyone in the courtyard. In the next second along with a scream, an arm was sliced off and blood spurted on the ground.

“Ah... My arm!!” Bei Family Elder cried out and covered his wound. He looked at Moon Angel in disbelief.

From start to finish, Moon Angel didn’t even move.

She trusted her Master!

Master wouldn’t disappoint her!

A streak of sword energy from tens of thousands of miles away sliced forth and broke Bei Family Elder’s arm.

This sword energy didn’t dissipate and instead turned into Li Xiandao.

He was wearing a white shirt and a mask. He looked around and scoffed coldly, “I let Moon Angel send an invitation and that’s how you factions treat messengers?”

This was Li Xiandao’s sword energy clone. Everyone knew that.

But even if they knew that this was a clone, everyone was shocked. After all, many people didn’t have the ability to able to slice off the Bei Family Elder’s arm.

Qin Family Head asked coldly, “Aren’t you a little too overbearing?”

Li Xiandao looked at the Qin Family Head and said bluntly, “Whether you’re overbearing or not depends on strength. In three days, I will welcome everyone at Heaven Lake. Anyone who enters in these three days will die.”

## **Chapter 335: Three Day Deadline**

Everyone present was infuriated by Li Xiandao’s overbearing words. Huntian Path Elder’s face was filled with rage. He pointed at Li Xiandao and said in disdain, “You are just a sword energy clone and you dare to behave like this in front of all of us?”

Li Xiandao said coldly, "I am only a streak of sword energy, but I can kill any one of you. Don't force my real body to come."

Huntian Path Elder looked at Li Xiandao in frustration. He knew that those words were correct and Li Xiandao's true body would be terrifying.

But to make him yield would be impossible.

"I have never seen someone like you in my life. I don't know if you are self confident or arrogant." Qin Family Head stopped Huntian Path Elder. He faced Li Xiandao and his aura surged.

Li Xiandao's sword energy wasn't any weaker and its aura was on the same level as the Qin Family Head. He said, "Confidence and arrogance... You will find out in three days."

"Okay, in three days, I want to see how strong the Master of Heaven Mountain is at Heaven Lake." Qin Family Head smiled coldly.

"But before that, this person is my Qin Family's traitor and she has to stay." Qin Family Head pointed and said coldly.

Moon Angel was involved in the deaths of her two sons, so how could Qin Family Head release her?

"Qin Family traitor?" Li Xiandao burst out laughing and said loudly, "Moon Angel is one of my four angels. She is not your Qin Family traitor."

Qin Family Head stared at Li Xiandao in rage and said with a cold tone, "Heaven Mountain Master, you are determined to protect my Qin Family traitor?"

Li Xiandao said calmly, "If you have the ability to, then you can try."

Qin Family Head smiled in anger, "Okay, then I will try. I want to see whether or not your streak of sword energy can bring her away from me!"

"You want to test my strength?" Li Xiandao's eyes lit up and he was preparing to go.

He had just absorbed a large amount of soul power from the Soul Suppressing Stone and it greatly increased his ability. He still didn't know how strong he had become.

Since Qin Family Head wanted to help Li Xiandao understand his own strength, naturally, he accepted.

The Qin Family Head stepped forwards.

*Hong!*

His aura swept around like a storm.

It spread quickly and expanded. In an instant, the entire courtyard was ripped up from the ground.

Explosion!

A few miles around was in chaos.

This was just his aura. The Qin Family Head was indeed strong.

The people from the other factions retreated. They looked at the two experts fight from far away.

Black light wrapped around. Qin Family Head stared at Li Xiandao and warned, "Hand over my Qin Family traitor or don't blame me for what I am going to do."

"I really want to see what you will do." Li Xiandao laughed coldly. Even if he was only a streak of sword energy, there was nothing for him to be afraid of.

"Leave now. I want to see who dares to stop you!" Li Xiandao said towards Moon Angel.

"Yes, Master!" Moon Angel listened. Li Xiandao told her to leave, so she did. She didn't delay and wasn't worried about Li Xiandao's safety.

In her heart, Master was invincible.

The Qin Family Head was strong, but in front of Master, he definitely was no match for him.

Moon Angel's respect for Li Xiandao was deep in her bones.

This was why she turned around and left.

The Qin Family Head focused and smiled in rage, "You look down on me. Today, I will let you know how strong the Qin Family's techniques are."

*Hong!*

The Qin Family Head attacked right away. He clenched his hand and slapped.

Heaven Raising Seal!

This strike was really powerful. The palm became bigger and covered the sky. The sky became dark and vast power surged forwards.

*Hong hong hong!*

Cracks appeared in the space and a terrifying aura covered Li Xiandao.

Many people were shocked by the Qin Family Head's strike. As expected from the Qin Family Head; from just one attack, one could see the difference between normal people.

Li Xiandao was calm and looked straight at the hand. He placed his fingers together like a sword and pointed forwards.

*Hong!*

Sword energy exploded. This was the sword move that the clone used. It was still strong and a dark glow shot forth, splitting the palm into two.

Li Xiandao's sword energy was really terrifying. The Qin Family Head's Heaven Raising Seal slammed down but it was still shattered by Li Xiandao's sword energy strike.

In the next second, Li Xiandao stepped forwards, "You gave me a slap, so now its time for me to give you a sword."

Qin Family Head's expression changed. He retreated instead of heading forwards, pulling open the distance with Li Xiandao.

But Li Xiandao didn't care. He just shouted, "With a thought, the flower opens!"

Li Xiandao's body was wrapped in sword energy and it was all gathered in this strike.

Explosion!

Li Xiandao's sword energy gathered together, turning into a beautiful flower. The sword energy was translucent and the flower was really beautiful. With a slight breeze, the petals fell to the ground

From afar, the petals were beautiful but also really terrifying. One couldn't tell whether it was Li Xiandao or the flowers. All of them flew towards the Qin Family Head.

The Qin Family Head couldn't dodge it!

With a thought, the flower opened. The autumn sword energy!

This strike was gathered from all the energy in this clone. It covered the Qin Family Head and caused his expression to change.

"Moon Essence Heaven Scripture!" Qin Family Head used Qin Family's top technique. A silver moon appeared from his palm and charged out.

Explosion!

Li Xiandao's petal sword struck the moon and a giant aura and glow instantly exploded. It shone brightly and lit up the area. Energy that was hard to suppress pressed down on the area around like it was about to destroy Heaven and Earth.

Explosion!

With this courtyard as the center, 10 miles around was instantly cleared out. Numerous buildings collapsed. Luckily, the people from the various factions had left, otherwise, they would have been injured.

*Pui!*

Qin Family Head's moon was sliced by Li Xiandao's flower petals. Numerous petals struck his chest and he spat out a mouthful of fresh blood. He took several steps back and he looked around in astonishment.

Li Xiandao was gone!

The petals were gone!

Moon Angel was gone!

Qin Family Head frowned and wiped the blood from the corner of his mouth, "Such strong power. Just one streak of sword energy is so strong. This Heaven Mountain Master is not easy to deal with."

When the people from the other factions saw this, they were all silent. They looked at Heaven Mountain and from afar, it was as if they could see Li Xiandao standing to the side of Heaven Lake looking down on them.

"In three days, the Master of Heaven Mountain has to die." Bei Family broke an arm. His expression was vicious and he left after turning around. He was going to find the Bei Family experts to support him.

## **Chapter 336: Good To Be Young**

In the Bank of the Universe, Li Xiandao opened his eyes and breathed out.

"My strength isn't too bad. If I raise it a little, the sword energy will be able to kill the Qin Family Head." Li Xiandao said regretfully.

If the Qin Family Head heard this, he would have spat out blood in frustration.

Your sword energy clone already made me spit out blood and you are not satisfied?

In truth, Li Xiandao was really not satisfied. He looked at the Soul Suppressing Stone and his eyes shone, "It still has enormous power. During this time, I will break through and in three days, I will solve Heaven Mountain's problems at Heaven Lake."

Li Xiandao's told Moon Angel to send the invitation so as to buy himself some time.

Now that he had shocked and stunned all of them, the next three days would be peaceful. If they caused more trouble in three days, Li Xiandao would have the confidence to deal with them.

Moreover, Murong Longcheng, Giant Titan, Poison Python, Ling Wu were all training hard.

They were all really strong.

The four of them worked together to pin Ma Qing in Heaven Mountain.

In 10,000 years, if they worked together again, how terrifying would they be?

This was why Li Xiandao needed three days. In three days, Heaven Lake would have a feast.

"Seven, send my orders, open a place in Heaven Lake to organize a feast. In three days, I will welcome the various factions of Cold Moon Sky." Li Xiandao said.

Seven replied, "I know but you need to be careful. If someone really strong comes, it will be hard for you to deal with them."

Li Xiandao smiled, "If that kind of person comes, then I will hide in the Bank of the Universe to cultivate. I will cultivate for a period of time and then deal with him."

"But based on the current situation, the various factions only sent their top disciples and elders. The true experts haven't come out yet." Seven and Li Xiandao communicated with one another.

The two of them were in their own rooms. They didn't see each other and were just sneakily talking to one another.

"Naturally, these factions are not stupid. Heaven Mountain has so many resources but it is not worth letting their hidden experts attack. Moreover, there are also people from the Celestial World directing them. No one wants to be the target of the Celestial World." Li Xiandao guessed.

Did the people not know that the Celestial Gate was locked?

They definitely knew.

Only tens of thousands of years passed? Something that was so huge then and the fact that some people were still alive. People from Celestial World wanted to open the Celestial Gate, so they ordered the various factions to attack Heaven Mountain.

The people from the factions came, and then upon closer inspection, they were top disciples, elders and the strongest ones were the family heads.

“But we have killed so many of them, so people will definitely get anxious. We should be more careful.” Seven reminded Li Xiandao.

“I know.” Li Xiandao nodded his head and ended the conversation with Seven. He called Murong Longcheng and the other three over.

The four of them were Li Xiandao’s strongest people, and naturally, Li Xiandao had to take care of them.

To defend against the top experts from coming, Li Xiandao decided to open the Time Hall for them.

He would let them spend a few hundred years inside, and even if they couldn’t break through, they could grasp the techniques that Li Xiandao gave them.

Li Xiandao would also enter the Time Hall and absorb the soul power within the Soul Suppressing Stone.

An endless black ocean would definitely help Li Xiandao improve greatly.

In a short while, Murong Longcheng, Giant Titan, Poison Python, and Ling Wu were all here.

“Master!” They greeted sincerely.

After gaining Li Xiandao’s cultivation technique, they returned to cultivate and felt like they had improved a lot, especially the Giant Titan. His body was huge in the past and he was 10 meters tall. Now, he was just three meters and his strength had increased by several folds.

Titan Race’s god technique was obviously really strong. Along with their bloodline, it helped the Giant Titan to improve quickly.

He was the most loyal to Li Xiandao out of the four of them. This was because he wasn’t a cunning individual and was actually a bit slow. Put simply, he wasn’t that smart and just focused fully on his own cultivation.

He would be loyal to anyone who treated him well. He would never betray them.

Murong Longcheng treated him well and took him in, so he helped Murong Longcheng defend Heaven Mountain for 20,000 years.

Now, Murong Longcheng joined Li Xiandao. He joined too.

Li Xiandao treated him well, so he went all out to be loyal to him.

Li Xiandao liked the way he thought.

“You have all gotten the cultivation techniques, so follow me.” Li Xiandao got up and brought them to the Time Hall.

Normally, Li Xiandao wouldn’t use it.

That was because if one spent 500 years inside, one would have to pay a price of 1,000 years.

Moreover, it was just a heavy grind and one wouldn’t be able to improve by much.

If grinding was useful, then people wouldn’t need luck or resources. If everyone just spent their time in their manors, they would definitely become celestials in 10,000 years.

Only at such a special moment would Li Xiandao enter it.

For example, to absorb the soul power in the Soul Suppressing Stone required time, so the Time Hall was suitable.

Murong Longcheng and the others needed to control the technique that Li Xiandao gave them, so it was good for them to enter the Time Hall too.

The others would just cultivate the same when they entered the Time Hall, so their improvement wouldn’t be that great.

Why not fight to the death?

....

Li Xiandao brought them all to the Time Hall entrance and told them the rules of the place.

“You can choose how many years to pay?” Li Xiandao asked.

Murong Longcheng and the other three looked at the Time Hall in shock. This concerned the Time Domain. It was a supreme ability. To be able to build a Time Hall was just so terrifying.

They looked at Li Xiandao, filled with more respect for him.

“Master, I am really old and don’t have much time. I only have 100 years.” Murong Longcheng said.

He was really old and was from the same era as Old Man Tianchi. He was just a few hundred years younger than him.

Old Man Tianchi had been dead for tens of thousands of years while Murong Longcheng even paid 10,000 years in his trade with the Bank of the Universe.

So, this 100 years was a lot already.

Li Xiandao nodded. 100 years so he could spend 50 years inside.

50 years was enough for Murong Longcheng to control Li Xiandao’s technique.

“Master, I will choose 1,000 years.” Giant Titan said excitedly. He wanted to successfully cultivate the Titan Race technique and also purify his bloodline to better himself. He would be able to do so in 1,000 years.

“I will also choose 1,000 years.” The poison python smiled and looked at Master. He hoped to leave a good impression.

The poison python knew that he was always solemn and didn’t like to laugh and seemed really cold. To not give Li Xiandao such an impression, he started to practice how to smile.

“I will also choose 1,000 years.” Ling Wu said.

Murong Longcheng looked at the three of them in envy. It was so good to be young.

## **Chapter 337: Start Of The Meeting**

Firstly, he sent Murong Longcheng, Giant Titan, Poison Python, and Ling Wu into the Time Hall. He helped them adjust the flow of time before he entered himself.

Li Xiandao didn’t choose 1,000 years, and instead, he burned 2,000 years straight away.

Burning 2,000 years allowed him to spend 1,000 years in the Time Hall. Li Xiandao stepped in, closed his eyes, and slowly improved himself.

Li Xiandao also brought the Soul Suppressing Stone in. It exploded with a loud boom. It released all the soul power that was contained within.

The energy surged!

A black ocean spread throughout the Time Hall.

Fortunately, Li Xiandao was in a separate space that was huge enough, pretty much an unlimited amount of space. It was able to contain this whole black ocean.

Li Xiandao didn't sit cross-legged. He just laid there and was drowned in the black ocean.

Li Xiandao's dantian, soul, and pores absorbed this power, especially his soul. It jumped out of his body and started to crazily absorb the soul energy.

Time passed bit by bit and Li Xiandao's soul grew very quickly. It turned from a little baby into someone as big as Li Xiandao.

His body sunk to the bottom of the black ocean and drowned. His soul was floating on the surface and he continued to absorb it.

Time passed minute by minute.

After 100 years, the black ocean was one fifth smaller!

Maintaining this rate, in 500 years, Li Xiandao finally finished absorbing the giant black ocean.

The strength of Li Xiandao's physical body and soul jumped considerably.

The energy in his body was being condensed. If one used a needle and pierced Li Xiandao's soul, Li Xiandao would definitely suffer heavy injuries now.

Li Xiandao could peacefully absorb it only because he was inside the Time Hall.

"I absorbed the energy but I need to merge it to increase my strength." Li Xiandao opened his eyes and looked as his soul and body walked to each other and started to merge.

Explosion!

At that moment, Li Xiandao's cultivation increased significantly.

In the next 500 years, Li Xiandao's cultivation continued to improve. He had successfully absorbed the Soul Suppressing Stone's soul power.

After 500 years, Li Xiandao stepped out from the Time Hall gate and three days had passed in the outside world.

He had no aura at all and just walked out really simply like an ordinary person. Every movement of his was really simple and he didn't seem powerful at all.

But to Murong Longcheng and the other three, when they saw Li Xiandao's back, they were all shocked.

"Master..." Murong Longcheng exclaimed.

"Heaven and Earth in one body!" Ling Wu gulped in envy.

"Master is so strong." Poison Python praised.

"Isn't it normal for Master to be strong?" Giant Titan said loudly.

The four of them could see that Li Xiandao was a part of the world.

Li Xiandao turned his head with his mask on and asked them, "You have controlled your cultivation techniques?"

"Yes." Murong Longcheng nodded.

"Master, I can lead the line for you and slay all enemies." Giant Titan said coldly. He clenched his fists and cracked his knuckles.

He was still three meters tall but his vital energy was extremely thick. His body was purple and seemed very powerful.

The Poison Python smiled, "Master, my poison has evolved many times and unless one is really strong, one definitely won't be able to block it."

"Master, my sword technique has also improved." Ling Wu added.

Li Xiandao looked at them and nodded his head, "Since that is the case, then we can all set off. The Heaven Mountain feast is about to begin. This time we have to solve Heaven Mountain's troubles."

....

Heaven Mountain Mountain Range was silent for three days but today many people entered.

A large portion of Cold Moon Sky's top powers were here. Apart from some who weren't interested in Heaven Mountain.

The Qin Family Head brought many people. They weren't of the younger generation; they were the elders. Some of them were seniors who were in secluded meditation.

The Qin Family Head's expression was cold as he stepped into Heaven Mountain. He saw a person waiting right away.

God of light!

He had been waiting here long ago and reached out to invite, "Greetings, my Master has set up a feast at Heaven Lake, please."

As they say, one doesn't hit a person who smiles. The Qin Family Head, who was furious, just said coldly, "His feast is probably the last meal that your Master will eat."

Tian Guangming remembered Seven's orders and he didn't get angry. He just reached out to welcome him.

Qin Family Head scoffed coldly. He passed Tian Guangming and rushed towards Heaven Lake.

Not only Qin Family Head, but there were also Qing Family Head and his family experts.

Huntian Path's Sect Leader also brought many experts over.

Bei Family brought 30 elders at once and the leader was a blind old man.

When he looked at the old man, the Qin Family Head didn't care that he was angry anymore and greeted, "Qin Family Head greets Old Bei!"

The blind old man waved his hand, "I came to have a look. Heaven Mountain always didn't have a Master and I have never heard about this, so I wanted to see what was going on."

"He's just an arrogant and ignorant person. Why did Old Bei have to be troubled?" The Qin Family Head grumbled and blamed the people from Bei Family for letting an old man come here.

"It's okay. I also came because of Young Master Bei Chen. He was my Bei Family's future hope, so now that he's been killed, they have to give me an explanation." Old Bei laughed and said.

Qin Family Head's heart tightened and he smiled at this old man. He panicked a little and took a few steps back, "Old Bei is right. Please head in."

“Let’s go in together. The Master is receiving us, so let’s not let him wait for so long.” Old Bei giggled and said.

Qin Family Head told Old Bei to walk first before he was willing.

Old Bei couldn’t stop Qin Family Head from doing that and smiled, “People from Qin Family are really polite.”

Qin Family Head watched as Old Bei walked up. His expression changed and he frowned at the people behind, “This old monster is here, so what can we do?”

“He is so old, so there shouldn’t be any problems?” An old man who had been secretly cultivating frowned.

“Let’s just wait and see. Our main goal is to capture Qin Yue. It doesn’t matter if we don’t have any resources.” Qin Family elder said.

“Okay, we have to get Qin Yue back. She dared to betray us and thinks about living such a good life. She is asking to die.” Qin Family Head said coldly and followed them into Heaven Lake.

Heaven Lake was huge. It was covered in white snow.

It was surrounded by ancient trees that were all connected to each other. There were many peaks and every one of them was shorter than Heaven Lake. It was like there were 10,000 guards protecting Heaven Lake.

Heaven Lake was huge and there were many other ponds beside it. Clouds covered the area and it was an extremely beautiful sight.

Besides this, there was a huge area that was turned into the location of the feast. Snow white land, tables, and chairs were lined up, forming a huge circle.

## **Chapter 338: Emperor’s Aura**

The beautiful Heaven Lake was so beautiful that everyone was fixated by it. Someone exclaimed, “This place is like paradise.”

Huntian Path’s Sect Leader scoffed coldly, “This place will belong to us in the future, so there is no need to be envious. After today, Heaven Lake will not belong to one person; it will be shared by all of us.”

The moment he said this, everyone became really emotional. They looked around and many of them envisioned bringing the girl they liked here. How beautiful would those scenes be?

People from the various factions arrived here, surrounding Heaven Lake before they sat down.

“We are all here, so where is your Master?” An old man laughed coldly, filled with killing intent. He looked at Li Xiandao’s subordinates with an unfriendly gaze.

Suddenly, there was a loud shout from far away, but they could still hear it. A mountain-like giant body smashed into the side of Heaven Lake.

It was a three-meter tall, purple body that seemed quite strong. Vital energy exploded and drowned the area. Each breath he took felt like a lightning strike.

“You are looking for my Master?” Giant Titan stepped forwards, landing in the middle and looking around. He looked at the old man who spoke.

The old man’s breathing stopped and he felt a terrifying pressure spreading everywhere. All the people around found it hard to breathe.

The Giant Titan’s strength was immense and it sent a chill down one’s spine.

Everyone present frowned and looked on. Was he sending a message?

The Giant Titan was strong and even the elders of the various factions all became serious.

“You threatened us all right away. Do you think we are easy to scare?” Huntian Path’s Sect Leader scoffed coldly. He fearlessly stared at the Giant Titan.

Even if the Giant Titan’s aura was strong, Sect Leader level people wouldn’t be afraid of him because they weren’t weak. Moreover, the various factions had sent so many experts.

“My Master is on the way, so calm down. If anyone dares to behave rudely, don’t blame me for reciprocating.” The Giant Titan said coldly. He stared at Huntian Path’s Sect Leader and noted who this person was.

“How overbearing!” An old man from Qing Family smacked the table and raged in unhappiness.

“This is my Master’s Heaven Mountain. All of you are just guests and after today this whole matter will be dealt with. All of you want to provoke my Master?” A cold aura

spread all about. The place was originally covered in snow, so the temperature was very low. Now that the aura spread out, the temperature dropped once more.

“Who dares to act mysteriously here?” The Qing Family old man raged.

“You want me to come out?” The dark aura grew larger and larger.

It felt as if a terrifying monster was about to break out of the soil. Everyone looked at each other and didn’t know what was going on.

But it felt dangerous.

“Scram out! Why are you hiding in the dark?” The Qing Family old man hollered. His aura rose up to the sky and he looked around.

Explosion!

But in the next second, a giant shout shattered his aura. While everyone looked on in disbelief, a 1,000-foot python appeared from beneath Heaven Lake. Its armor was strong and its poisonous fangs were sharp. Its body was green, and from just one look, one knew that it was filled with poison.

A giant python itself was overpowered. Now that it had poison, this terrifying aura suppressed everyone present.

*Hua lala!*

The Poison Python drilled out from Heaven Lake. Its body was huge and it straightened itself to look down on everyone with its cold eyes.

This pressure filled everyone with shock. They stared at it, stunned, especially the old man from Bei Family whose expression became solemn, “If this Poison Python and the Giant Titan work together, I won’t be able to block them.”

Bei Family members looked at Old Bei in shock. They knew how strong this old man was and he was extremely close to becoming an emperor. He actually said such a thing?

What shocked them was that once the Poison Python appeared, someone walked over from the endless snow storm.

A man in a white shirt walked over. Snow landed on his body and just lightly jumped onto the ground.

The white shirt was like snow. He wore a mask and stepped forwards with unparalleled strength.

*Dong!*

The ground shook. This was not a simple earthquake but the veins in the ground were jumping.

It felt like it had jumped into everyone's hearts.

Everyone's hearts jumped together.

Many Sect Leader level people stared at Li Xiandao in disbelief, their expressions changing.

"This... I actually jumped along with it?" Huntian Path's Sect Leader covered his heart. He didn't dare to believe it.

"This person is the Master of Heaven Mountain?" An elder looked on in shock. His heart sunk.

"Supreme expert, this person has reached Emperor Realm." Bei Family Old Bei muttered. His body shook in disbelief.

His heart was also jumping along with Li Xiandao's footsteps.

He was someone extremely close to Emperor Realm.

*Dong!*

Li Xiandao's second step caused the earth veins to come alive. They jumped up and down intensely.

Everyone else hearts continued to jump.

People who were weak spat out mouthfuls of blood and their hearts were about to explode.

Li Xiandao got closer and closer and he took a third step.

*Pu pu pu!*

In that instant, the hearts of those below Legend Realm exploded.

Li Xiandao's step killed a few hundred people. All of their hearts exploded from the pressure and they died on the spot.

The various Sect Leaders, elders, and hidden experts were about to go mad.

“Emperor!!!!”

The Bei Family Old Bei stood up in shock and rage. He stared at Li Xiandao and shouted. He was really sure that the Master of Heaven Mountain was an emperor.

Emperor’s strength was on full display at that moment.

They were able to easily suppress those with low cultivation.

Li Xiandao’s four steps caused the snow on the mountain to dance. The Dao descended and it was really scary.

When an emperor moved, he would be able to utilize the world’s Dao.

Now, Li Xiandao was using his cultivation to suppress them.

*Hong!*

People of Legend Realm couldn’t take it. They spat out blood and fell to the ground, taking their dying breaths.

Li Xiandao took four steps to reach them and he stood with his arms behind his back, “From now onward, no faction can interfere in Heaven Mountain. Whoever tries will die.”

Such overbearing words along with his straightened body made everyone think that they were looking at an invincible Celestial.

“So, who agrees and who objects?” Li Xiandao looked around and asked.

No one dared to object.

Bei Family Old Bei raised his hand and said firmly, “My Bei Family objects!”

“Based on what?” Li Xiandao asked calmly.

“You are an emperor but my Bei Family has emperors too.” Old Bei hollered.

Li Xiandao looked towards the sky and an emperor who brought with him a sliver of the Dao stepped on a cloud. His aura was unparalleled and it swept Heaven Mountain.

“Since you are here, then be the dead soul under my Emperor Sword!” Li Xiandao didn’t hold back, pointing into the sky with his fingers which he had formed into a sword.

*Hong!*

The area shook. A streak of sword energy sandwiched with snow scattered. With a loud explosion, the sword energy turned into numerous snowflakes.

Li Xiandao stood outside Heaven Mountain. It started snowing and this snow covered an emperor.

The emperor was furious and similar to Li Xiandao, he had just gotten into this realm. But it was obvious that he was no match for Li Xiandao.

Snow scattered down and landed on his body but it was extremely damaging. Although it sliced his clothes, his physical body was unscathed. Instead, it hurt his soul.

Soul Sword!

This was the sword technique that Li Xiandao comprehended after absorbing the soul energy into the Soul Suppressing Stone.

To directly kill the soul, no matter how strong your body was, you wouldn't be able to block that sword.

Slice!

An emperor was buried in snow. Li Xiandao looked towards those on Heaven Mountain. He was too lazy to speak and just turned around and slapped them.

*Hong!*

Murong Longcheng and the others were worried about the safety of Heaven Mountain. With Li Xiandao's slap, it solved everything.

Murong Longcheng looked on from afar and gulped, "If that emperor 10,000 years ago was as terrifying as Master, we definitely wouldn't be able to protect Heaven Mountain."

Ling Wu nodded and said in shock, "That emperor can't even help Master carry his shoes."

## **Chapter 339: New Guest**

On Heaven Lake, Li Xiandao used a snowstorm to bury an emperor far away.

All Li Xiandao's subordinates exclaimed. Old Bei, who was the only one left, fell to the ground with a stunned expression on his face.

“Finished... I am finished.” Old Bei was in a daze and he didn’t understand why Heaven Mountain was so strong?

Emperor!

This was their Bei Family’s most amazing expert. He was an emperor who had grown while in the spotlight.

The emperor who protected Bei Family for at least 30,000 years had been killed so easily.

He was killed by Li Xiandao’s snowstorm.

He couldn’t accept that.

Old Bei watched as that emperor grew. He wasn’t able to break through to Emperor, so he placed his hopes on the descendant. But this hope was not worth mentioning at all in Lin Fan’s hands.

He looked around and he was the only one who was at emperor level cultivation.

His other disciples, elders, and sect leaders were all amazed by Li Xiandao.

“I told you that I would give you an idea in three days. Are you all satisfied with that answer?” Li Xiandao laughed coldly. He emotionlessly looked at a corpse.

To see those small fights, Li Xiandao told Moon Angel to send the invitation letter.

Li Xiandao knew that once he absorbed the enormous energy in the Soul Suppressing Stone, he would definitely be able to break through to Emperor Realm. At that point, all problems wouldn’t be problems anymore.

As expected, what seemed problematic just three days ago had been solved so easily.

“You mad man. You killed people from dozens of large factions and also killed my family’s emperor. Karma will definitely strike you.” Old Bei trembled as he scolded.

Li Xiandao was filled with disdain, “I killed you?”

“I remember that it was because you occupied Heaven Mountain and attacked. You were the ones who offended Heaven Mountain?” Li Xiandao burst into a laugh.

Old Bei was filled with regret and hate, “We shouldn’t have come here. Now, Young Master Bei Chen and the emperor is dead and our Bei Family has no more hope.”

“You can die too.” Li Xiandao said coldly.

"I am so old, so it doesn't matter whether I die. But I am not willing to accept that you've destroyed our hope, so I have to kill you." Old Bei stood up in rage. He was the only person present who was alive staring at Li Xiandao.

*Hong!*

Cultivation that was extremely close to Emperor Realm exploded. Although it was not as terrifying as Li Xiandao controlling a part of heaven and earth, it was still really strong.

"You are no match for me." Li Xiandao said coldly.

"I know but I still have to kill you. You killed so many Bei Family members and if I don't do anything, then I will fail them." Old Bei hollered in anger. He raised his hand and gathered his strongest attack in his palms.

Bei Family's blazing flame appeared in the center.

Beside Heaven Lake where the temperature was extremely low, a huge heatwave appeared from Old Bei's body.

He activated all of his strength to fight to the death.

"I hope that you can kill me quickly and show me the true strength of an emperor," said Old Bei.

Li Xiandao thought about it, "Do you sense that something is not right?"

Old Bei frowned. What was the meaning of those words?

"You won't understand it either. Since you begged me when I was about to die, then I will satisfy you." Li Xiandao stepped forwards and many streaks of sword energy appeared from his body.

Explosion!

It covered heaven and earth and the sword energy was like rain as it swept the entire Heaven Mountain.

At that moment, Heaven Mountain was surrounded by sword glows. Each sword energy was really strong and extremely terrifying.

The people in front of the sword energy were dazzled. The sword energy ocean surged and he was drowned instantly. And then, there was nothing.

Each streak of sword energy took a bit of his soul. In an instant, his soul felt like it was being ripped.

Just as Li Xiandao said, he couldn't sense it.

He couldn't sense how terrifying that sword was. The moment it made contact, he was dead.

A short five seconds later, sword energy dissipated and so did the corpse. The sword energy ripped it to ashes and disappeared into the night sky.

In just a moment, an expert extremely close to Emperor Realm wasn't able to use any moves.

Li Xiandao was just so strong!

"Deal with these corpses. From now onward, Heaven Mountain will be locked down and no one is allowed to enter the inner circle. Normal people are allowed to hunt and cut trees outside." Li Xiandao instructed Murong Longcheng.

As for him just killing someone close to Emperor Realm, Li Xiandao didn't feel anything.

Like when you stepped onto an ant, would you feel anything?

"Yes, Master!" Murong Longchen respected Li Xiandao. At that moment, he knew that his master was actually so amazing.

He didn't know that just three days ago, Li Xiandao was not stronger than him. Luckily, Heaven Heart killed Young Master Bei Chen and got to Soul Suppressing Stone which helped Li Xiandao improve really quickly.

"Okay, our contract is complete. I have helped you defend heaven mountain and killed all enemies. From now onwards, all of you will move bricks and serve me." Li Xiandao said calmly.

"To be able to work for Master is Murong Longcheng's honor." Murong Longcheng said respectfully.

The Giant Titan said with a deep voice, "Me too."

The Poison Python lowered his head to show its respect.

As for Li Xiandao's other subordinates, they yielded a long time ago.

"Okay, in the next few days, start mining and dealing with old deals." Li Xiandao raised his head, looking at the sky and muttering.

Since he came into Cold Moon Sky, Li Xiandao hadn't dealt with any debt problems. He was either cultivating or solving problems.

Only now did he finally break through to emperor. He finally gained a foothold on Cold Moon Sky and had the confidence to deal with old debts.

If not, Li Xiandao's subordinates were just Grotto-Heaven, Boundless Realm people. If they went to collect debts, wouldn't they just be beaten to death?

Stepping out, Li Xiandao entered the Bank of the Universe and found Seven to ask her about the debts.

Who knew that Seven was looking for him too? She said, "There is a guest."

Li Xiandao was stunned. What a coincidence... A guest actually came when he was going to ask about the contract.

"What is his background?" Li Xiandao asked. He brought Seven into the Trading Hall.

Li Xiandao always looked forward to meeting new guests. Li Xiandao welcomed anyone who could bring profits to the Bank of the Universe.

"The new guest is a young handsome talent. Someone tried to steal his body, so he smashed the watch." Seven said.

"Is it someone I know?" Li Xiandao said casually. Many acquaintances had come into the bank previously.

"No!" Seven replied with certainty.

Li Xiandao didn't care. Anyway, he had very few acquaintances in Cold Moon Sky.

## **Chapter 340: Zhong Zi Qi**

In a deep mountainous forest, there was a monastery that hadn't been renovated for a long time. People who hacked trees of timber didn't dare to head in. This place was filled with random trees and plants that had vines wrapped around them.

Numerous vines entangled this place and blocked the doors to the monastery.

In the monastery, many poisonous bugs ran outside in panic. It was as if they were afraid they would be in danger if they were any slower.

These poisonous bugs and snakes sensed that there was a terrifying thing inside the monastery.

In it, a young man with broken legs looked at the terrifying monster ahead of him.

There was a ball of demonic energy, and in it, there was a terrifying thing shining.

This young man knew what this was, a soul!

“100,000 years, you know?” The soul in the demonic spirit cried. He wrapped around the young man and teared up. It turned into a highly acidic liquid that dropped down and corroded the ground.

“100,000 years... I have been sealed for 100,000 years and no one came to save me. No one came. I had such a tough fate.” The soul in the demonic energy cried out tragically.

The young man gave a mocking laugh, “If they knew that you treated someone who entered like that, they should be lucky that they didn’t enter.”

He entered the forest to search for treasure. He noticed the monastery and then fell into the seal trap that was laid out. His legs were broken, so he couldn’t escape.

The soul in the demonic energy faked his tears and started to describe his sadness.

“I didn’t force you. You stepped it yourself. The heavens decided this. He wanted you to save me. Since the heavens decided that, then we can only accept it.” The soul in the demonic spirit said innocently. The rumbling demonic energy turned into a face, a harmless face.

“After all, the heavens are huge.” The soul in the demonic energy said simply.

“You said that the heavens arranged this?” The young man gave a mocking laugh and looked at the demon.

“Right, the heavens arranged it. The heavens are above all and no matter what, we can’t go against the heavens.” The demon got close to the young man and sniffed him. He smelled the flesh on his body and was in love.

“Flesh smells so delicious. I haven’t had flesh in 100,000 years, how pitiful.” The demon sniffed and immersed within.

The young man burst out laughing, “You just want my body.”

“Right, I want your body. Although your cultivation isn’t high to me, that is okay. I just need your body. Your body is the greatest gift for me.” The demon said emotionally.

“Do you think that you can succeed?” The young man asked.

“I think so.” The demon nodded.

"I don't think so." The young man retorted.

"What ability do you have to fight?" The demon was stunned. He wasn't in a rush to kill the young man because he needed a body. So, this body couldn't die.

"Take a look. Do you know what this is?" The young man reached out and a red watch appeared in his palm.

The demon was stunned as he looked at the watch. He didn't know what was going on.

"What is that?" The demon asked.

"Something that can save me." The young man crushed it.

*Kacha!*

His body slowly became illusionary.

"No..." The demon hollered. It waited 100,000 years, 100,000 years of loneliness in exchange for one human body. No matter what, it wasn't willing to lose it again.

"I will take your body now!" The demon hollered. While the young man became illusionary, the demon started to steal its body.

The young man screamed. His head felt like it was about to rip open and he fainted.

His body became paler and paler and he disappeared.

The demon also disappeared.

....

Within the Bank of the Universe, Trading Hall.

Li Xiandao was waiting for a guest. In the next second, a person appeared in the air and smashed heavily into the ground.

*Dong!*

A heavy thud reverberated all around.

Li Xiandao and Seven glanced at one another.

"What is going on?" Li Xiandao asked.

Seven was in charge of all the guests' information.

Seven reached out and slapped, waking up the unconscious young man.

“Save me, Master of the Bank of the Universe. I am willing to pay anything.” After the young man woke up and realized the situation, he knelt down and begged.

It was obvious that he had found out about the Bank of the Universe through the watch, saving Li Xiandao time to explain.

“Sit up first.” Li Xiandao said calmly. This young man definitely faced some huge problems and it was definitely a matter of life and death. Li Xiandao’s first thought was how much he should con him.

After going through the Heaven Mountain matter, Li Xiandao felt that he was too merciful. In the future, he should ask for more things in the contracts.

The young man sat up. He couldn’t stand as his legs were broken.

“Sit in the chair.” Li Xiandao continued to speak calmly.

The young man used True Qi to fly up onto the chair. He looked nervously at Li Xiandao.

“Introduce yourself and tell me what problems you are facing.” Li Xiandao nodded and said.

After Li Xiandao’s cold treatment, the young man calmed down and started to describe his own matters.

“I am Zhong Zi Qi, I am a traveler who travels the various worlds.” The young man said.

Li Xiandao’s eyes lit up, “Travels various worlds?”

Zhong Zi Qi nodded, “I travel the Nine Skies and collect treasures, searching unknown domains. This is my interest. I am 3,000 years old and have traveled the Nine Skies for close to 3,000 years.”

Zhong Zi Qi seemed young but he was already 3,000 years old. He was really knowledgeable and had seen all sorts of things. He knew about many people and matters in the Nine Skies and he was pretty much an encyclopedia of the Nine Skies.

This was also why he was able to talk so calmly with the demon. Even with broken legs, he didn’t panic.

“Continue.” Li Xiandao listened calmly.

“I came to Cold Moon Sky to find treasure but I didn’t find anything. Instead, I just found a demon.” Zhong Zi Qi took in a deep breath.

“Such a strong demon?” Li Xiandao asked.

He stared at Zhong Zi Qi’s head. In it, Li Xiandao saw a ball of demonic energy that was suppressed by the power of the Bank of the Universe.

The demon had entered Zhong Zi Qi’s body and entered the Bank of the Universe along with him.

“I am at Legend Realm and have nearly reached Grandmaster Realm. But in the demon’s eyes, I am very weak.” Zhong Zi Qi choked on water.

In Cold Moon Sky, after Grotto-Heaven, Boundless Realm, and then Legend Realm, were the Nine Stages of Grandmaster Realm!

After Grandmaster Realm was Emperor Realm.

Legend Realm was after Emperor Realm. A demon said that someone at peak Legend Realm was weak, so that demon had to be strong.

But no matter how strong it was, it was useless. It had entered the Bank of the Universe, but here, Li Xiandao was the boss.
