

# Bank of the Universe

## Chapter 341: Three Minute Thing

Li Xiandao looked at Zhong Zi Qi and the demon in his head before asking, "So, you want the Bank of the Universe to help you?"

"Help me wipe out this demon. I don't want it to steal my body. It has entered my mind and I can sense it. Once I leave this place, it will swallow me." Zhong Zi Qi said anxiously.

*Da da da!*

Li Xiandao tapped the table and said calmly, "The demon seems really strong. What are you planning to pay for me to wipe out such a strong demon for you?"

Zhong Zi Qi took in a deep breath and said, "I can take out many treasures."

Li Xiandao looked at him calmly, "No matter how many treasures you have, are they more important than your life?"

"I have a Celestial Artifact!" Zhong Zi Qi said anxiously.

Li Xiandao stopped and his tone changed, "It seems like you need to rely on treasures to protect your life."

Zhong Zi Qi nodded, "I have a Celestial Artifact that I can take out to ask you to wipe out this demon."

Li Xiandao watched as he casually took out a Celestial Artifact. He tapped the table and said slowly, "One Celestial Artifact is not enough!"

Zhong Zi Qi was stunned. *One Celestial Artifact was not enough?*

Seven gave Li Xiandao a thumbs up.

How greedy... Since Zhong Zi Qi could roam the Nine Skies to search for treasures, then he definitely had many treasures on him.

Li Xiandao wouldn't show weakness.

“This demon doesn’t have a body and wants yours. Once you die, your treasures will be his. Your years of hard work will become his overnight.” Li Xiandao said.

These words really affected Zhong Zi Qi. His head hurt when he thought about how much effort he spent collecting these treasures only for them to be taken by the demon.

Zhong Zi Qi was a man and he couldn’t handle such humiliation.

“Two Celestial Artifacts!” Zhong Zi Qi raised two fingers.

He said firmly.

Li Xiandao blinked. He didn’t expect to have such unexpected gains, acquiring two Celestial Artifacts just like that.

This was the biggest contract out of all those that he had signed.

But Li Xiandao still didn’t agree and shook his head, “It is still lacking a little.”

Li Xiandao wanted to continue conning Zhong Zi Qi. His intuition told him that Zhong Zi Qi could continue to hand over more treasures.

“Not even with two Celestial Artifacts?” Zhong Zi Qi’s eyes opened wide. At that moment, he sensed Li Xiandao’s greed.

“You think two Celestial Artifacts can extend your life?” Li Xiandao asked.

Zhong Zi Qi didn’t say anything.

“We are trading and not bidding. I will give you what you need. But you must pay a huge price for what I give you. Only then will it be worth your life.” Li Xiandao explained.

Seven looked at Li Xiandao completely differently and for the first time felt that he was really cunning.

But she did like this a lot. He helped the Bank of the Universe earn money.

Zhong Zi Qi gritted his teeth, “I have already paid a huge price.”

He raised two fingers and said helplessly, “I have only gotten two Celestial Artifacts and I’m taking them all out.”

“Continue to add, otherwise, we won’t discuss this anymore. You will have to head out.” Li Xiandao sighed and prepared to send him off.

“Two Celestial Artifacts along with a map of the Nine Skies.” Zhong Zi Qi gritted his teeth.

Li Xiandao saw that this was his limit and stopped forcing him, “Okay, deal.”

Seven gave the contract to him and blinked at Li Xiandao, telling him that he did a good job.

“Sign it. Once you do, then I will help you wipe out the demon in your brain.” Li Xiandao handed the contract over and said calmly.

Zhong Zi Qi looked at it carefully and he signed it after confirming that it wasn’t bad for him.

“Settle this demon for me. I feel really panicky. This demon is in my brain and if he sees my secrets, I will have lost a lot.” Zhong Zi Qi said anxiously.

Li Xiandao passed the contract to Seven. He stood up and walked behind Zhong Zi Qi, “It is okay. Just close your eyes.”

Zhong Zi Qi trembled and closed his eyes.

“Relax and just pretend you are sleeping. Once you wake up, everything will be fine.” Li Xiandao said in a relaxed manner.

“I can’t relax!” Zhong Zi Qi was super nervous.

“I am a professional. Trust me.” Li Xiandao said confidently.

“You are professional at what?” Zhong Zi Qi asked carefully.

“I am a professional boss and a part-time, demon-killing expert. But that is okay. I will do it a few more times and get familiar with it.” Li Xiandao said casually.

Zhong Zi Qi’s heart was beating quickly out of fear.

Li Xiandao saw that he couldn’t relax and was very nervous. He frowned and pressed on his neck.

*Kacha!*

Zhong Zi Qi fainted. Fortunately, Li Xiandao was helping him up and he didn’t fall down.

Seven saw that and said, “Master, this deal is great. A demon that entered the Bank of the Universe in exchange for two Celestial Artifacts and one detailed map of the Nine Skies.”

Li Xiandao took off his mask and smiled, "I told you that I was going to be a cunning merchant."

The demon entered the Bank of the Universe, so Li Xiandao had full control over it. It was so simple to grab it and then destroy it.

But Zhong Zi Qi didn't know this and was conned of two Celestial Artifacts and a map.

"Go and take a jade box over." Li Xiandao told Seven.

"Take a jade box? It's better to wipe that demon out, casually crushing it." Seven said directly.

In the Bank of the Universe, Li Xiandao could easily crush that demon.

"Since I am a merchant, I need to increase profits. This demon is strong and crushing it to death is such a waste. Why not keep it and question it? I would gain some other things that way." Li Xiandao said intelligently.

Seven gave Li Xiandao a sweet smile, "You are a decent merchant."

She ran to get the jade box and passed it to Li Xiandao.

Li Xiandao took it and grabbed Zhong Zi Qi's head.

A ball of demonic energy was snatched. It was still unconscious as the power of the Bank of the Universe totally suppressed it.

It wouldn't wake up in a short time.

Li Xiandao tossed it into the jade box and then closed it. He placed it on the table and wiped his hands. He put on his mask and flicked it.

Zhong Zi Qi slowly opened his eyes and looked at Li Xiandao. He asked in confusion, "How long was I asleep for?"

"Three days." Li Xiandao said casually. The goal was to let Zhong Zi Qi know that it was tough to save him and that his two Celestial Artifacts were worth it.

In truth, it took a total of less than three minutes from start to finish.

"Three days!" Zhong Zi Qi was shocked.

"I am a professional." Li Xiandao smiled confidently.

## **Chapter 342: Jun Tian Rod!**

Zhong Zi Qi looked closely at himself, especially at his brain, and in the end, he didn't notice any traces of the demon in him.

"Great, I am fine." Zhong Zi Qi said emotionally.

Li Xiandao looked at him calmly and once the excitement faded, he said, "I have completed my promise. Where is your thing?"

Zhong Zi Qi calmed down. He used his cultivation technique to heal his broken lake and then took out two Celestial Artifacts at the same time.

There was a really rough iron rod and there were many holes and clash marks on it. It was as if it had been through several wars and the outer surface had become really broken.

After the coral blue map was opened, the ocean surged. Contained within was a small-sized world. This was a support Celestial Artifact but there was heaps of space. There was an endless ocean where spiritual energy could be gathered, forming an aristocratic family's legacy treasure.

Zhong Zi Qi said reluctantly, "These two celestial artifacts were what I found from the ruins. They are really strong, and now in exchange for my life, it should be worth it."

Although he said that, he still reluctantly handed the Celestial Artifact to Li Xiandao.

Li Xiandao took two Celestial Artifacts. He looked at the iron rod and saw that there were two small words carved at the bottom.

Juntian!

"This Celestial Artifact is the Juntian Rod?" Li Xiandao asked curiously.

"It must be. I got it over at Great Sky, so this name is quite ordinary. I think this Celestial Artifact came from an era long ago. It must have been crafted when the Nine Skies and Celestial World were in conflict." Zhong Zi Qi nodded his head.

"So many years have passed and it can still be used?" Li Xiandao asked.

"The seals inside are still there. Of course, it can be used." Zhong Zi Qi said.

Li Xiandao injected True Qi into the Celestial Artifact and noticed that there were many seals inside.

Although most of them were broken, there were many that could be used.

Although it was old and broken, it was still a Celestial Artifact.

Li Xiandao left two Celestial Artifacts, "I am missing one more thing."

Zhong Zi Qi took out a rough map of Nine Skies, "This is unique. I drew this while crossing the Nine Skies. It is more detailed than the other maps."

Li Xiandao looked closely. It was indeed really detailed. Most of the regions were marked. Even the small areas were marked.

"Okay, I helped you solve your problem and you have paid the price. Now, you can leave. I hope that you can come and trade next time after you get more Celestial Artifacts." Li Xiandao waved his hand. Zhong Zi Qi's started to disappear from the Bank of the Universe.

....

In the deep mountains, that broken monastery, a person appeared resting on the wall.

Zhong Zi Qi looked around and panted, "I survived. How unbelievable, my body was nearly stolen from me."

His legs were slowly recovering. Zhong Zi Qi didn't hurry to stand up. He looked around and after confirming that there was no one around, he took out his little treasury.

A Celestial Artifact!

Mountain River Map!

After opening the Mountain River Map, a golden light shone brightly within. All sorts of treasures were within and there was a bunch of Celestial Artifacts.

"I traded my life for the two weakest Celestial Artifacts. It was so worth it." Zhong Zi Qi was pleased with his acting skills and that he wasn't cheated out of more Celestial Artifacts by Li Xiandao.

"I have traveled the Nine Skies and been to so many treasure lands. How would I have only gotten two Celestial Artifacts?" Zhong Zi Qi smiled in delight.

He dared to say that no one in the Nine Skies had more Celestial Artifacts than him.

It was perfectly fine to give Li Xiandao two.

"I have to keep these Celestial Artifacts, and in the future, I need to collect one more red watch. If I face danger, then I can find the Bank of the Universe to save my life." Zhong Zi Qi planned.

He estimated that with the number of Celestial Artifacts he had, the Bank of the Universe could save him dozens of times.

If Li Xiandao knew about this, he would have definitely regretted it as he was being too kind.

....

Within the Bank of the Universe, Li Xiandao looked at the two Celestial Artifacts. Neither of them were suitable for him.

“Call the Giant Titan over.” Li Xiandao said to Seven.

“You are going to give the Juntian Rod to the Giant Titan?” Seven asked.

Li Xiandao nodded, “It suits him.”

A Giant Titan had immense strength that could even toss stars. A peak Giant Titan could carry a whole world; this was a really strong race.

Juntian Rod was a really heavy Celestial Artifact. Li Xiandao thought about all his subordinates. It seemed like he was the most suitable for it.

Seven thought about it. That made sense, so she immediately contacted the Giant Titan.

“Then, what about the Coral Ocean Map?” Seven asked.

Li Xiandao looked at the Coral Ocean Map. This was a support treasure that wasn’t that aggressive.

“Give it to Mr. Mule. He has the ability to search for treasures. This Celestial Artifact is really suitable for him.” Li Xiandao said.

“Then, I will call him over?” Seven asked.

“Call him to bring the Gold Family’s Feng Longque too. She entered the Bank of the Universe a while ago now and I have never talked to her. Did Mr. Mule make her his pet or his wife?” Li Xiandao asked.

Seven shook his head, “You can ask Mr. Mule later. I am not sure.”

Li Xiandao sat in the Trading Hall and moments later, a three-meter tall body rushed over. He shouted, “Master called for me?”

Li Xiandao didn’t say anything. He reached out and the Juntian Rod flew out.

Explosion!

Juntian Rod was really strong and it rumbled. It was really terrifying.

The Giant Titan stared. His muscles swelled up and he reached out.

*Dong!*

The Giant Titan grabbed the Juntian Rod in his hands and stabbed it into the ground. The entire Trading Hall gave out a deep sound.

It was as if the hall had been smacked with the power of 10,000 worlds. Fortunately, the Bank of the Universe was extremely strong, otherwise, the hall would have been destroyed.

“Master, what is this?” The Giant Titan grabbed the Juntian Rod. Energy surged in his body and he said emotionally.

“Celestial Artifact, Juntian Rod!” Li Xiandao looked at him and said calmly.

“For me?” The Giant Titan looked at Li Xiandao in surprise.

“Right.” Li Xiandao nodded his head.

“Thank you, Master!” The Giant Titan teared up and knelt down right away.

“This Celestial Artifact seems ancient; I feel like there is history to it. Refine it well and in the future when I have the ability, I will help you repair the broken celestial seals within to return it to honor.” Li Xiandao was satisfied with the Giant Titan’s attitude and said gently.

“I will refine it. This Celestial Artifact is perfect for me. Smashing one stick and all enemies will have to die. There is nothing dazzling or special about it. It is just maximum power.” The Giant Titan stood up and he was totally in love with the Juntian Rod.

## **Chapter 343: Request For Marriage**

The Giant Titan got the Juntian Rod and became really excited. He touched the Juntian Rod and smiled brightly.

Once Mr. Mule was here and stood at the entrance, he looked at the Giant Titan that was smiling like a fool and asked, “Why are you so happy?”

“Master just gave me a Celestial Artifact.” Giant Titan bragged about his Juntian Rod.

“Celestial Artifact!” Mr. Mule focused his eyes. He heard that Li Xiandao would give Celestial Artifacts to his subordinates but had never actually seen it happen. He thought that he would never see it happen. Who knew that he would actually see it today?

Feng Longque’s eyes straightened and her heart was filled with shock. The Master of the Bank of the Universe was actually so generous and actually gave Celestial Artifacts to her subordinates.

“Master called you and I, and now I have a Celestial Artifact. Think about yourself?” Giant Titan smiled and reminded Mr. Mule.

Mr. Mule’s eyes lit up. He was extremely emotional and shouted, “Master, I am here.”

Within the Trading Hall, Li Xiandao heard Mr. Mule’s voice. He frowned and said to Seven, “Did I choose the wrong person?”

Seven said helplessly, “Someone seems interested in Feng Longque. You should just treat it as you giving your subordinate a huge gift.”

Mr. Mule happily ran over. He knelt down and shouted, “Master, your most loyal subordinate, Mr. Mule, greets you.”

Feng Longque and Giant Titan followed behind. Giant Titan didn’t mind. Instead, he felt that Mr. Mule’s actions were quite ordinary.

Feng Longque felt like she had lost face.

She instantly reacted. Mr. Mule lost face. What did that have to do with her?

“Get up, this is for you.” Li Xiandao tossed the Coral Ocean Map to Mr. Mule.

Li Xiandao was really generous when he gave his subordinate things. Anyway, they were serving him and he couldn’t use it either. Why not just increase their combat strength?

“Thank you, Master. Thank you, Master.” Mr. Mule kowtowed emotionally. He hugged the Coral Ocean Map and sensed the strength of Celestial Artifact. He pulled Feng Longque to kneel down to thank Li Xiandao.

Feng Longque was at a total loss. What did this have to do with her?

Li Xiandao looked at her in silence.

He asked, “Why are you making her thank me?”

Feng Longque stared at Mr. Mule and shouted, “Why are you making me thank him?”

“Aren’t you a part of my family?” Mr. Mule asked.

“Did I agree?” Feng Longque said coldly.

“Then, do you agree?” Mr. Mule wasn’t angry and asked.

“I don’t....” Feng Longque wanted to say it.

“This is for you. Think about it.” Mr. Mule pushed the Coral Ocean Map into Feng Longque’s arms.

Feng Longque didn’t know what to say.

This was a Celestial Artifact!

If she had this Celestial Artifact, didn’t that mean that she could kill Mr. Mule?

Using Mr. Mule’s Celestial Artifact to kill Mr. Mule!

Feng Longque felt like she could fake it and spend some time with him.

“My treasure, my artifact, anything can be given to my wife. Are you willing to be my wife?” Mr. Mule asked.

“You are a mule and I am a human. Although I have monster race blood, I am still human.” Feng Longque was a little annoyed.

“It is okay, I have a technique for a monster to become a human. As long as you agree to marry Mr. Mule, I can make a decision for your marriage and turn Mr. Mule into a human.” Li Xiandao added.

Mr. Mule said in a serious tone, “My Master really treats me well. He gave me a Celestial Artifact and he wants to make you marry me. I swear that I will treat you well.”

Feng Longque kept silent. In her mind, she was planning how to escape the current situation.

“You are already 10,000 years old while I am only a few dozen years old.” Feng Longque said unwillingly.

“Although I am over 10,000 years old, I am new at this. Don’t worry, I am very clean.” Mr. Mule said softly.

“Still a newbie after 10,000 years?” Feng Longque was shocked.

Li Xiandao was unhappy, “What? Are you looking down on virgins?”

If Li Xiandao counted the time he spent in the Time Hall, he would be close to 2,000 years old.

He was also a virgin.

“No, I need to think about it. This is such a huge thing and I need to inform my family elders.” Feng Longque had an idea and tried to delay time.

“Your Gold Family elders all died on their trip to Heaven Mountain.” Li Xiandao said calmly.

“What about my father?” Feng Longque’s expression changed and she stared at Li Xiandao in rage.

“Your father came the first time but not the second. Don’t be rude to Master.” Mr. Mule was really solemn.

Feng Longque heaved a sigh of relief. It was good that he didn’t come; she was more at ease that his father wasn’t dead.

As for the other seniors, Feng Longque didn’t care.

“If you want to marry me, you need to return to the Gold Family and inform my parents. If they agree, it will be official. Don’t think that I will accept it privately.” Feng Longque thought of an idea to drag out time and also head out of the Bank of the Universe.

Mr. Mule thought about it and said, “You are right, I should talk to my in-laws.”

“Master, can I bring Feng Longque to the Gold Family to ask for her hand in marriage?” Mr. Mule asked Li Xiandao and begged.

He had been single for 10,000 years and hadn’t even touched a female mule. Mr. Mule felt that being single was good but after taking Feng Longque as his pet, he was interested and wanted to marry her.

Li Xiandao nodded his head, “Of course, you are my subordinate, and as your elder, the bank will send a huge gift. Bring this to the Gold Family to ask for her hand in marriage.”

Mr. Mule was touched, “Thank you, Master. Thank you, Master.”

To Mr. Mule, his biggest gain now wasn’t a Celestial Artifact but the fact that Feng Longque agreed to let him head to the Gold Family to ask for her hand in marriage.

“Don’t be happy too early; my parent’s might not agree.” Feng Longque was shocked.

“Don’t worry. If your parents don’t agree, then my subordinate won’t disturb you. If they don’t agree, Mr. Mule will return right away and you will be free.” Li Xiandao agreed without any hesitation.

“Really?” Feng Longque looked at Li Xiandao in shock and at that moment he realized that Li Xiandao was a good Master.

He was reasonable and knew how to treat his subordinates.

Li Xiandao smiled. He felt that Feng Longque was really ignorant. The God Family elders were wiped out on Heaven Mountain and they knew about his cultivation. When Mr. Mule headed over, his parents would definitely agree.

“Go. Mr. Mule, go find a form transformation technique at Ten Thousand Country Book Depository. When the time comes, I will tell Tian Guangming and Feng Jiuer to send you over.” Li Xiandao waved his hands.

## **Chapter 344: Flood Dragon Leaving**

Mr. Mule and the others walked out of the Trading Hall and went their separate ways.

The Giant Titan grabbed the Juntian Rod and headed back to refine this Celestial Artifact into his own artifact. After he activated it, he could use the rod to smash the Nine Skies.

Mr. Mule headed to Ten Thousand Country Book Depository. Li Xiandao allowed him to find a transformation technique.

He didn’t think about it in the past and he always thought that it was good to stay as a mule. But since he was going to Gold Family to ask them for her hand in marriage, Mr. Mule felt like it was better to turn into a human.

Feng Longque silently followed Mr. Mule. She held the Coral Ocean Map. When Mr. Mule was about to leave, he said, “You can take the Celestial Artifact.”

Mr. Mule was stunned, “It is for you.”

Feng Longque said impatiently, “We are not engaged yet. This Celestial Artifact is too precious. I can’t take it.”

Mr. Mule smiled, “Anyway, I am going to head to your family to ask for you to marry me. Just refine this Celestial Artifact first and treat it as my gift to you.”

After saying that, Mr. Mule didn't even turn his head and just headed for the Ten Thousand Country Book Depository.

Feng Longque looked at Mr. Mule's back view and scoffed, "If you want me to marry you, then keep dreaming. The Gold Family will not agree because of their honor and my parents won't agree either."

After Feng Longque got Li Xiandao's promise, she felt like she couldn't kill Mr. Mule to anger Li Xiandao. This was why her goal was to head back to the Gold Family and let her parents object to the marriage. Once that happened, she would be free.

Li Xiandao was the Master of Bank of the Universe and would keep his promise which was why she didn't need to take Mr. Mule's Celestial Artifact in case she needed to return it awkwardly after her parents objected to the marriage.

But Mr. Mule didn't agree which made Feng Longque helpless. She could only keep it and return to her room to cultivate.

The spiritual energy in the Bank of the Universe was quite heavy and much thicker than the outside world. As such, it was much quicker for one to cultivate here.

Mr. Mule started to cultivate the form transformation technique in the Ten Thousand Country Book Depository.

With his current cultivation, he was extremely ordinary and he familiarised himself with it after seeing it once. After trying it a few times, he totally grasped it.

A few minutes later, Mr. Mule turned into a young man.

His skin was white and his hair was black and curly. His five features were clean and the only giveaway was his eyes.

He had a pair of peach shaped eyes.

But after changing, Mr. Mule was quite satisfied.

He wore a pink outer coat and along with his curly hair and peach eyes, he looked extremely handsome.

Mr. Mule was satisfied with his looks and constantly looked at the mirror before leaving.

"Mr. Mule looks so flirty." Qiu Bai muttered from a corner of the Ten Thousand Country Book Depository.

"I think so too. The curly hair and peach eyes were already quite flirty, but now he even wears a pink shirt." Northern Region Lord said.

"I heard that he is heading to the Gold Family to ask for marriage." Qiu Bai gossiped.

"Who told you that?" Northern Region Lord asked curiously.

"Tian Guangming told all of us. Master told him to head to the Gold Family along with Feng Jiuer to protect them." Qiu Bai said helplessly.

"This is a good thing. Who knows when I can get married?" Northern Region Lord said regretfully. He had never treated his marriage as a marriage.

Qiu Bai acted like she didn't hear it. Her face turned slightly red and she didn't reply to Northern Region Lord.

....

After Mr. Mule turned into a human, he came to say goodbye to Li Xiandao.

"Master, I am prepared to set off." Mr. Mule knelt down in front of Li Xiandao and said.

"Rise. This time apart from asking for marriage, there is another thing I need all of you to do." Li Xiandao said calmly.

Mr. Mule said right away, "Master, please instruct. I will go all out and do it even if my brain and organs end up all over the ground."

Seven took several contracts over and said, "There is no need for that. There are four contracts here. They are some debts of the Bank of the Universe in Cold Moon Sky."

They all broke the contract and are around the Gold Family's region. The Gold Family also has a contract, so once the marriage requesting is done, go handle all these contracts."

Mr. Mule took it and said firmly, "Master and Seven, don't worry. I will solve the contracts."

"This time, Tian Guangming and Feng Jiuer will head out together with you. They are unhappy with one another and have conflicts, so I will give the contracts to you. I hope that you can lead them, so don't disappoint me." Li Xiandao instructed Mr. Mule.

"Master, don't worry. I will handle this matter well." Mr. Mule ensured.

"Eh, Seven and I prepared a big gift. Bring it over to ask for marriage." Li Xiandao was satisfied.

Seven passed a storage bracelet to Mr. Mule.

Mr. Mule took it and was instantly shocked. He said, "Master, this is too precious."

Mr. Mule looked at the space in the jade pendant. There were 1,000 spiritual energy dragon veins within it.

Take these over to ask for her hand in marriage. To anyone, all of these material items were just luxuries.

Feng Longque was one of the Gold Family's three flowers. Unless she spent her whole life cultivating and didn't get married she wouldn't leave any descendants.

No faction would be able to take out 1,000 top quality spiritual energy dragon veins for Feng Longque.

"Okay, if you two succeed, that would be a joyous matter for the Bank of the Universe. Since I took over the Bank of the Universe, nothing good has happened here. You two are the first and is a great start. 1,000 spiritual energy dragon veins isn't much." Li Xiandao waved his hands to tell Mr. Mule to stop talking and to just follow his instructions.

Li Xiandao, who had taken over Heaven Mountain, started to become much more generous.

Mr. Mule was so touched that he knelt down on both knees and kowtowed to Li Xiandao. His eyes flashed red, "Master, Mr. Mule will not forget your kindness towards me. I will never leave you in my life."

Li Xiandao smiled, "Okay, head out. You are my subordinate and your life is mine. Naturally, I will be responsible for all of you."

Mr. Mule nodded and said goodbye to Li Xiandao. He took the gift and the contracts and headed out.

30 seconds after Mr. Mule left, the flood dragon was here.

The dragon was totally different now. His horns stood upright and the scale armor didn't look as ugly as in the past. The scales turned into dragon scales and the claws looked more like dragon claws.

After he got the blood pearl, his bloodline was being constantly purified. With Li Xiandao's Dragontooth Rice, the flood dragon's bloodline purification hadn't stopped.

After these few days of work, the flood dragon reached an unprecedented peak.

He begged Li Xiandao to head out to do something important.

“Master, I want to leave the Bank of the Universe for a period of time.” Flood Dragon flew in and turned into a human. He was a cold teen covered in scale armor. He knelt down on one knee and lowered his head.

## Chapter 345: Jumping Through The Dragon Gate

Li Xiandao looked towards the Flood Dragon with a weird expression, “You can change your form?”

Li Xiandao hadn’t seen the Flood Dragon change his form in the past. He usually just used his meaty main body.

Now that he had seen him change his form, Li Xiandao was shocked.

“Master, I was unable to do so because my bloodline purity was too low. During this period of time, I used the bloodline pearl to purify it. Now, I have improved a lot and removed the impure bloodline.” The Flood Dragon explained.

Li Xiandao understood and then asked, “Why are you heading out?”

The flood dragon kept silent for a moment and then said, “I am jumping through the dragon gate.”

Li Xiandao asked curiously, “Jumping the dragon gate?”

“Right!” The Flood Dragon raised his head and said firmly.

“You are from the Flood Dragon bloodline, so what is the use of that?” Li Xiandao didn’t understand.

In the wide main hall, Li Xiandao stood with his arms behind his back.

In front of him, the Flood Dragon knelt down on one knee and lowered his head, “I am not a Flood Dragon...”

Li Xiandao looked at him and asked curiously, “It seems like you have a story. Tell it to me.”

The Flood Dragon reminisced and gritted his teeth, “I am not a Flood Dragon. My Father is one of the eight top chiefs and I am his direct child, a pure descendant of the dragon race.”

“Then, how did you end up in the Ten Lands?” Li Xiandao asked.

Now, he was interested in the Flood Dragon's past.

The Flood Dragon didn't look like he was a direct descendant of the dragon race at all. At that time in the Ten Lands, he looked like a normal flood dragon.

Li Xiandao didn't expect his past to be so amazing. He changed right after entering the Nine Skies and became a descendant of the dragon race's direct bloodline.

The flood dragon lowered his head and gritted his teeth, "Someone smacked me down."

Li Xiandao looked at him. That was interesting.

"My Father is one of the eight chiefs of the dragon race and I was his tenth child. I got his direct bloodline but my mother wasn't from the dragon race." The flood dragon looked at Li Xiandao with a bitter expression and told him everything.

Li Xiandao stood there silently and listened.

Li Xiandao was quite happy that the Flood Dragon was telling him these things.

As the Master of the Bank of the Universe, the subordinates could tell him anything and he would help them solve things that he could.

*After solving your problems, you will work hard for me.*

Li Xiandao firmly believed that a subordinate with no worries would work the hardest and be the most loyal.

This was why he wanted the Flood Dragon to continue.

"My mother is the monster race's seven-colored Heaven Swallowing Serpent." Flood Dragon said with a gentle tone.

"A Heaven Swallowing Serpent and the dragon race chief gave birth to me. I have the direct bloodline but most of it is hidden which is why I look like a weird Flood Dragon." The Flood Dragon said bitterly.

Li Xiandao understood, "Because of that your father chased you out of the Nine Skies?"

"He chased me out but my nine brothers forced me down to the Ten Lands such that I would never have a way back." The Flood Dragon's face was ice cold and he gritted his teeth.

Li Xiandao reached out, "Stand up first and we can talk about this slowly."

"Understood!" The Flood Dragon respectfully stood up behind Li Xiandao.

Li Xiandao walked out of the Trading Hall while the Flood Dragon followed.

“Then, after you got thrown into the Ten Lands you didn’t think about entering the Nine Skies?” Li Xiandao asked.

After stepping out of the hall. The sunlight outside was bright and the scenery was fantastic. It filled Li Xiandao with warmth.

The Flood Dragon sighed, “Of course, I did. When I was smacked down to the Ten Lands I was on my dying breaths. Boss Demon Frog and Mr. Mule saved me.” From then on I followed the two of them, slowly cultivating and improving myself. Then, I met the other brothers and during this period I have been wanting to activate the hidden bloodline but I failed.”

“Demon Frog and Mr. Mule know about these things?” Li Xiandao walked onto the square. He looked at the rising sun and asked firmly.

Flood Dragon stood behind Li Xiandao and shook his head, “They don’t know. I didn’t tell anyone. Moreover, the dragon race is too strong and this has nothing to do with them. I don’t want them dragged in and hurt.”

Li Xiandao smiled, “So, why are you heading to jump through the dragon gate?”

Li Xiandao knew about it but that was just limited to legends. The dragon gate was above the ocean and numerous beings with dragon blood tried to jump across it. When that happened, their bloodline would be activated and its purity would be greatly increased.

After all, those were just legends of a long foregone era. Li Xiandao didn’t see many stories about this in the Ten Thousand Country Book Depository.

Flood Dragon’s eyes lit up, “My mother told me about this once.”

Li Xiandao listened.

“Mother said that 10,000 years ago a dragon gate rose up in Cold Moon Sky’s endless oceans. Numerous dragon race bloodline beings would come here and try jump every 10,000 years.” Flood Dragon said.

“This dragon gate is set to appear once every 10,000 years?” Li Xiandao asked.

“No, the location is not fixed and neither is the time.” The Flood Dragon shook his head.

“The last time it appeared was 30,000 years ago. At that time, my father crossed the first layer and became the chief.”

“The news my mother told me is probably from him. My father chased me out and the last thing he told me was not to return unless I awakened my bloodline.” The Flood Dragon said coldly.

“If you awaken it, then are you heading back to the dragon race?” Li Xiandao asked calmly.

“Master, I called you Master, so I will do so for the rest of my life. I want to awaken it only to prove that my bloodline is pure. I also want to serve Master better.” The Flood Dragon knelt down on both knees and said firmly.

“Stand up, I definitely believe you.” Li Xiandao told him to stand up.

The flood dragon got up, “I just want to try leaping across and becoming a real dragon to help Master sweep all enemies.”

Li Xiandao asked, “Is this dragon gate tough?”

“Very.” The Flood Dragon nodded, “It is split into nine layers and they are extremely huge. Each layer is more terrifying than the last and no matter who it was, you would only have one chance in your life. If you didn’t head in with ample preparation, you would be wasting the chance.”

“You will head to the ocean to search for it?” Li Xiandao asked.

“Right, it is not far from the time that my mother told me; there is only one month left. I have to search for it.” The Flood Dragon nodded.

“Okay, I shall allow you to go.” Li Xiandao agreed.

“Thank you, Master. Thank you, Master!” Flood Dragon said gratefully.

“Remember to protect yourself.” Li Xiandao instructed.

## **Chapter 346: Daughter-In-Law And Father-In-Law**

Flood Dragon left to search for the dragon gate. Li Xiandao left a mark on him, so he could pay attention to him at any moment. When it was appropriate, he would try to help him.

After all, he was his Master.

The Flood Dragon wasn’t a solo cultivator who needed to cultivate alone.

Since he recognized Li Xiandao as his Master, then as the Master, he had to be responsible for his subordinates.

He had to raise his strength so that they could serve him which would kill two birds with one stone!

....

Li Xiandao was paying attention to the Flood Dragon. On the other side, Mr. Mule, Feng Jiuer, and Tian Guangming had set off.

Li Xiandao didn't pay attention to this bunch because he knew that Mr. Mule's trip was perfectly safe.

As for Tian Guangming, he felt really uneasy as he was going out with Feng Jiuer to protect Mr. Mule. He felt really anxious for no reason.

After all, Feng Jiuer had just beaten him up badly and Tian Guangming remembered it all which was why he pulled his disciple along with him.

Li Wuya was pulled by his Master and he had to go. He passed his sister over to La Mo and followed his Master to protect Mr. Mule.

With the disciple by his side, Tian Guangming was confident. Now, when he looked at Feng Jiuer, he wasn't afraid anymore.

Feng Jiuer looked at Tian Guangming and smiled in disdain. She couldn't be bothered with him.

"Disciple, does this woman look down on me?" Tian Guangming had such a bad temper, so how could he accept that?

"It seems like it." Li Wuya said helplessly.

"Then, let's work together to beat this woman up. Your Master was beaten up badly by her before." Tian Guangming suggested.

Li Wuya asked his Master, "This time you called me along because you planned on attacking her together?"

Tian Guangming nodded his head, "Of course. I will always take revenge. This woman beat me up until I nearly died. I have to take revenge."

"Master, this time Master Li gave us this mission." Li Wuya said helplessly.

Tian Guangming was stunned. Since this matter affected Li Xiandao, he didn't dare to do whatever he wanted.

"Moreover, this woman doesn't have a strong ability to recover like you. If we join hands and beat her up badly, it will take a long time for her to recover and Master will definitely be angry. Worse still, Master might even take your Celestial Artifact." Li Wuya reminded Tian Guangming.

"You are right!" Tian Guangming sucked in a deep cold breath. This was something he hadn't thought about. If Li Xiandao got mad and took back the Celestial Artifact, he wouldn't even have time to regret it.

"Then, let's let this girl go." Tian Guangming said regretfully.

At that moment, Feng Jiuer swept her eyes toward Tian Guangming. Tian Guangming was terrified of her.

"Coward!" Feng Jiuer muttered. Although she muttered to herself, everyone present heard it.

Tian Guangming was angry; he wanted to attack her.

"Think about your Celestial Artifact." Li Wuya pulled Tian Guangming and said softly.

Tian Guangming was furious, "This mission is important, so I won't lower myself to your level. Next time, I will totally show you how amazing I am."

Feng Jiuer smiled in disdain and didn't say anything. She provoked Tian Guangming and he looked like he was about to explode.

Mr. Mule and Feng Jiuer watched the show all the way through. The two of them were the protagonists this time, but along the way, it was Feng Jiuer and Tian Guangming who were bickering.

"We are about to reach the Gold Family, so stop quarreling. This concerns my life's happiness. If you mess it up, I will hate you for the rest of my life." Mr. Mule warned.

"Don't worry brother, I will definitely settle it for you." Tian Guangming said confidently.

"Don't worry, with my understanding of the Gold Family chief, there is no problem regarding this matter at all." Feng Jiuer said calmly.

Mr. Mule heard this and smiled. With his pink shirt along and peach eyes, he looked very handsome and seemed very flirtatious.

Like the rising sun shining on flower petals, the essence shone onto the petal and a bit was left on the outside.

Feng Jiuer wasn't happy. She was using this whole marriage to leave the Bank of the Universe. She just needed her father to reject Mr. Mule and she could leave him. Feng Jiuer's words annoyed her.

"Do you know my father?"

"How do you know that he would agree?"

Feng Longque questioned.

Feng Jiuer's lips curled and she said very coolly, "Whether or not you believe it is up to you. If you don't, then let's make a bet?"

"What should we bet?" Feng Longque said unhappily.

"We bet that your father, the chief of the Gold Family, will allow Mr. Mule to be your husband?" Feng Jiuer smiled confidently.

"What should we wager?" Feng Longque was confident too and didn't want to lose.

In front of this person from the same race, Feng Longque didn't want to lose.

Although her cultivation was lower, she was just too confident.

"The person who loses has to respectfully acknowledge the other big sister when she sees her." Feng Jiuer grinned and said.

"Just that?" Feng Longque was stunned and didn't expect this to be the wager.

But thinking about it, Feng Jiuer tried her best to suppress her in all areas. If she lost and had to call her big sister, Feng Longque would feel really bad.

She was jealous of her in the past and now she had to call her big sister?

"No, I have not lost yet!" Feng Longque woke up and looked firmly at Feng Jiuer, "Deal."

Feng Jiuer said calmly, "Don't worry, you will call me big sister soon."

"Scoff, my father loves me, I can chase cultivation and not marry anyone. I can choose to just serve the Gold Family for my future." Feng Longque said firmly.

“There is no point in talking so much; we are about to arrive there. Let’s just hand the invitation over first.” Feng Jiuer didn’t want to argue with Feng Longque. Instead, she took out Li Xiandao’s invitation.

Mr. Mule was Li Xiandao’s subordinate and since he came over to ask for her hand in marriage, he obviously did so in Li Xiandao’s name. He couldn’t use his own name to write it on the invitation.

*Hong!*

Li Xiandao’s invitation wasn’t special; it was just a streak of sword energy that could be held in the hand.

Once the sword energy invitation was sent out, many terrifying auras instantly rose up.

All the Gold Family experts sensed Li Xiandao’s invitation and woke up. They were all really solemn.

*Hong!*

*Hong!*

*Hong!*

Many terrifying auras swept the sky.

This whole giant mountain range was the Gold Family’s territory and there were many seniors and elders hidden within.

Now, all of them walked out along with the Gold Family chief.

Mr. Mule and the others waited at the entrance of the mountain range but they didn’t enter. After all, they were greeting them and also had Li Xiandao’s invitation, so they couldn’t disrespect Li Xiandao.

“Hahaha, a happy magpie was chirping in the morning and I knew that something good was going to happen. As expected, my son-in-law is here to ask for marriage.” A loud laughter spread forth first before the person arrived.

This laughter delighted Mr. Mule.

He was a son-in-law just like that?

Feng Longque’s body went soft and she nearly collapsed. It was as if she had been struck by lightning and she looked at her father in disbelief.

Feng Jiuer was not surprised and said calmly, "Call me big sister!"

Feng Longque felt like she had been stabbed in the heart with a sword!

"Father-in-law!!!!" In the next second, Mr. Mule shouted and caused Feng Longque to black out.

## **Chapter 347: Dragon Crocodile**

When Feng Longque woke up, she was already inside the Gold Family.

There was only one other girl in her room.

Feng Longque's mother.

"Mother." Feng Longque shouted and ran into her arms. She suspected that what happened before was a dream and that the dream was too terrifying.

"You are already a girl who is about to be married, so why are you acting cute?" Her mother's words caused her body to freeze.

What happened before was real and it wasn't a dream.

"Marry!!!!"

This was the worst news for Feng Longque. She looked at her own mother in disbelief.

"My daughter is growing and she is going to get married. I have seen the son-in-law. He is really good and very warm. He called me mother-in-law right after he saw me. Moreover, his background is well respected and he is worthy of our family. Your father and all the elders agreed. They even set a date three months from now to help the two of you complete the marriage." Mother smiled.

Feng Longque's heart sunk to the bottom of her stomach.

"Can I go against it?" Feng Longque asked.

"What are you saying? Your father accepted the gift, 1,000 top quality spiritual energy dragon veins. He is also preparing a dowry for you. Just wait peacefully to become a bride." Mother found what she said quite weird.

At that moment, Feng Longque gave up.

The door was pushed open and Mr. Mule walked in.

“Mother-in-law, I am here to see whether Longque has woken up?” Mr. Mule put on a wide smile and shouted warmly.

“She just woke up. The two of you can talk while I will head out first.” Feng Longque’s mother was really happy. She liked this warm son in law the more she saw him. When she left she closed the door in case people saw things that they shouldn’t see.

Feng Longque’s mother was young once, and of course, she knew what the youth did...

Mr. Mule and Feng Longque didn’t plan on doing such a thing at all.

Feng Longque sat on the bed and her face dimmed.

In this era, parent’s instructions and family decisions couldn’t be disrespected.

Mr. Mule looked calmly at Feng Longque and didn’t know how to console her.

“Can you promise me something?” After Feng Longque kept silent for 10 minutes, she opened her mouth.

“What?” Mr. Mule’s eyes lit up. It was good that she was willing to communicate with him.

“After you marry me, you aren’t allowed to have concubines and raise other women.” Feng Longque stared coldly at Mr. Mule.

She couldn’t object to her parents and family. Since that was the case, Feng Longque started to restrict Mr. Mule.

She wouldn’t nitpick. Since things couldn’t be changed, then she just had to do what she could do to the best of her ability.

“Okay, I will be pure.” Mr. Mule was delighted.

“After marrying, I will decide family matters and you decide outsider matters.” Feng Longque continued.

“No worries, I only serve Master and don’t have anything outside.” Mr. Mule nodded.

Feng Longque saw him agree and heaved a sigh of relief. Although he was a mule and although there were grievances between them, it seemed like he was a good choice for a husband.

After Feng Longque accepted her fate, she noticed Mr. Mule’s strengths for the first time.

Slowly, the resistance in her heart faded away.

“Wife, can I hug you?” Mr. Mule’s face turned red.

Feng Longque felt shy and she looked at his fervent and passionate gaze before scolding him, “We are only getting married in three months, so what is the rush?”

Mr. Mule muttered, “I will just wait three months then.”

....

Flood Dragon flew out of the Bank of the Universe towards the endless ocean. On Cold Moon Sky, the ocean factions were huge too.

Numerous beasts lived underwater and there were many islands offshore. Some islands were so huge like entire continents. There were many people there and they developed their own cultures and cultivation paths.

On the endless ocean, the Flood Dragon headed towards the bottom of the ocean and transformed into his main body.

In truth, the 100-foot Flood Dragon had totally gotten rid of his impure bloodline and only dragon blood was left. There were also many hidden veins and if they were opened, the Flood Dragon could return to how he should have looked.

He currently had strong scaly armor that was like cold iron. His claws were really sharp and he was really muscular. He roamed the ocean and flew extremely quickly.

The Flood Dragon’s improvement was visible. He was also filled with confidence now. Under Master’s leadership, he would be able to return to what he was supposed to look like.

“My Mother is the Heaven Swallowing Serpent and my father is a true dragon. They are both top bloodlines, so how can I be a mixed bloodline flood dragon?” Flood Dragon was furious. He was furious with himself, with the dragon race, with his father, and his nine brothers.

Just because he had many hidden veins his father chased him out of the dragon race.

The other nine brothers suppressed him together.

The Flood Dragon would definitely take revenge for this in the future.

The ocean was endless and he didn’t know where the dragon gate was. But because it was just a month away, the ocean was not calm anymore.

Just as the Flood Dragon was flying quickly at the bottom of the ocean, he saw many others like him.

They were people with dragon race bloodline but they weren't pure. They came here to try to jump across the dragon gate.

The Flood Dragon traveled in the ocean, going deep as he headed in a particular direction.

No one knew where the dragon gate was.

But the Flood Dragon heard his mother say that the location of the dragon gate had been deduced by the dragon race 10,000 years ago.

The rough area wouldn't be wrong.

But it was within a 10,000-mile range.

In the ocean, 10,000 miles was a short distance for the Boundless Realm Flood Dragon.

This was why he headed right for that ocean region and turned into his human form.

This region wasn't as calm as the flood dragon thought. Instead, there were many dragon race bloodline descendants.

Dragons were lustful!

Out of all the sorts of dragon bloodlines, the worst one was actually a lizard that he had seen.

It was a descendant of a lizard and a dragon!

"It could even do that! Respect, respect!" Flood Dragon respected people in the dragon race with such heavy tastes.

"Brother, which world did you come from?" A voice spread from the ocean surface. Flood Dragon was stunned and lowered his head to see a dragon crocodile.

Its 1,000-foot body looked really huge and his aura was enormous and terrifying.

It was a cross between an ancient crocodile and a dragon.

"I am from Cold Moon Sky. Where are you from?" Flood Dragon asked.

"I am from Great Sky." The dragon crocodile asked.

“Most of the people here came from the nine skies so as to cross the dragon gate.” The dragon crocodile opened his mouth and said.

## Chapter 348: Zu Long And Ye Feng

Flood Dragon stood on the ocean surface and started to communicate with the dragon crocodile.

“How long have you been in Cold Moon Sky?” Flood Dragon asked.

“A year. I have been here for a year and spent my time exploring the ocean. Although Cold Moon Sky is similar to other worlds, I feel that there are no true experts here.” The dragon crocodile said.

“Cold Moon Sky is one of the weakest in the Nine Skies and is only better than Hell Sky. For it to have so many experts is already not bad.” Flood Dragon said.

“Right, anyway, the moment one reaches a certain realm, one will think about heading to the big worlds. In the end, they will just move to the top few worlds.” Dragon crocodile nodded his head and his body shook. He surrounded the flood dragon and looked on in envy.

“What kind of form transformation technique did you cultivate?” The dragon crocodile asked.

“I didn’t cultivate anything. Once my bloodline reaches a certain thickness, I can transform naturally.” Flood Dragon said.

“Then, your bloodline must be higher than mine. I tried to transform for many years but to no avail.” The dragon crocodile said regretfully.

The dragon crocodile could cultivate body transformation techniques but he couldn’t transform.

This was because he had dragon race blood.

Mr. Mule was okay as he had no bloodline and was just a normal mule. He was accidentally on the path of cultivation and used his own skill to search for treasures. Only then did he reach his current level and was about to marry Feng Longque.

One could say that Mr. Mule relied on his own hard work to reach the peak of his mule life and marry such a beauty.

Dragon crocodile and Flood Dragon couldn't do that because of their bloodlines unless their bloodlines reached a certain density.

The Flood Dragon was also relying on the blood vein pearl that Li Xiandao gave him. Dragon crocodile didn't have that and it was tough since he could only rely on himself.

"Right brother, you found this place yourself?" The dragon crocodile asked softly.

"What do you mean?" The flood dragon didn't understand.

"This ocean region." Dragon crocodile asked softly.

"Oh, I understand." Flood Dragon understood that this ocean region referred to where the dragon gate was.

"I've received some news." Flood Dragon replied quickly.

"Brother, how many spiritual energy dragon veins did you use?" Dragon crocodile continued to ask.

Flood Dragon was stunned. *You could buy them?*

"A relative told me. Why? Can you buy them?" Flood Dragon asked with a weird expression.

"Your relative treated you so well. In other worlds, the various dragon race disciples are selling information. I bought it from Long Younan in exchange for 1,000 spiritual energy dragon veins." Dragon crocodile's heart hurt.

"Long Younan!" Flood Dragon's eyes shrunk.

"Right, Long Younan, direct dragon descendant. He's a really greedy dragon." The dragon crocodile was really unhappy.

"He is really greedy." Flood Dragon smiled coldly.

"I just went to ask for the price and he said 1,000 right away. I didn't want to pay and actually I could have paid 500 at other places. But he said that I would be teasing him if I asked and didn't pay. So, he forced me to pay." Dragon crocodile was really unhappy.

"An old trick. Such methods are pretty standard." Flood Dragon said in disdain.

"Why brother? Have you suffered in his hands before?" Dragon crocodile asked.

"Yes, a long time ago I was badly conned. I will never forget it for the rest of my life." Flood Dragon nodded and gritted his teeth.

Long Younan, Flood Dragon's ninth brother, the one who led those who banished him to the Ten Lands, was really greedy and loved riches. He would do anything for money.

Long Younan's had an extremely bad reputation.

"Haiz, it seems like we are the same. I will definitely leap across it and awaken the bloodline. When it happens, I will crush those greedy and perverted dragons." Dragon crocodile said firmly.

"How many hidden veins do you have?" Flood Dragon asked.

"I can't count the hidden veins." Dragon crocodile said honestly.

"That is good. The more there are, once you leap over, the chances of transforming increase. When the time comes you will be unstoppable." Flood Dragon explained.

"What about you brother?" Dragon crocodile asked in delight.

"Mine can't be counted either." Flood Dragon smiled. Indeed, his could not be counted. They were like stars in the sky. They were all weaved together and really dense.

If he cultivated by himself, he wouldn't have been able to activate them.

He had to use the power of the dragon gate.

"Since we are the same, should we be friends?" Dragon crocodile invited.

"Sure, do you mind me landing on your body?" Flood Dragon asked.

"That's okay." Dragon crocodile didn't care.

Flood Dragon landed on the dragon crocodile's back and sat crossed-legged. He started to talk to him as he looked around.

*Hong!*

The waves rippled and water splattered everywhere. A huge, pitch-black, flood dragon emerged. It looked extremely enormous and when it fought, it was definitely very cumbersome.

"Brother, that one isn't as strong as you. It can't transform." Dragon crocodile said.

Flood Dragon thought about it and said, "Let's head to that unnamed island. Once we occupy it, we can observe the surrounding area."

Explosion!

The dragon crocodile's huge body shook and waves splattered. Along with the flood dragon, he flew towards the small island.

Coincidentally, the black flood dragon also wanted to occupy it. Facing the dragon crocodile, he angrily smashed his tail into the water.

Explosion!

The water surged.

He was warning the dragon crocodile not to come over.

But could the dragon crocodile and flood dragon allow him to do that?

"Scram!" The dragon crocodile hollered in rage. His voice was like thunder as he slashed the waves. Then, he struck the black flood dragon.

*Peng!*

He struck its thick body and it raged, "I will rip you apart..."

What it saw next was a terrifying mouth.

Barbaric biting and ripping!

Dragon crocodile's teeth were sharp and crushed through the black flood dragon's armor. He bit its tail and swung it.

The black flood dragon flew and smashed into the surface of the ocean. It was nearly ripped apart and it felt so much pain that it wanted to die.

"Scram!" The dragon crocodile hollered arrogantly. He stood on the small island. The primitive giant crocodile looked fierce and ferocious.

It was extremely terrifying!

The black flood dragon stared at the dragon crocodile and then headed back to the bottom of the ocean to flee.

"You dare to fight for territory with me, you are asking to die." The dragon crocodile said in an overbearing manner.

The flood dragon praised, "Even if you bit a true dragon, it wouldn't be able to handle it."

"That's right, that is my special skill. Oh right, what is your name?" Dragon crocodile asked.

Flood Dragon was stunned. What was his name?

Since he left the dragon race, his name had never been mentioned.

He always called himself Flood Dragon.

Name!

Flood Dragon thought about it and said, "My name is Zu Long!"

Dragon crocodile laughed out loud, "Brother, you are really ambitious. The ancestor dragon is supreme. I do have high hopes for you."

The flood dragon changed his own name and smiled, "Right, no matter what we do, we must have a dream. My name is Zu Long!"

"That's nice, my name is Ye Feng!" The huge dragon crocodile gave himself a nice name.

## **Chapter 349: Dragon Valley**

Zu Long and Ye Feng chased the black flood dragon away and settled on the small island to wait for an opportunity.

Zu Long turned into a human and cultivated every day. He absorbed spiritual energy into his body and then refined it to strengthen his body.

Ye Feng didn't stop either. His cultivation method was special. He didn't take the essence of the sun and moon. Instead, he summoned lightning. He would then charge in to wash its body.

Ye Feng's body was 1,000 feet long but he wasn't meaty like the black flood dragon.

The dragon crocodile's body was really tough. People of the same grade could forget about breaking his body apart. Even people of higher cultivation wouldn't be able to do so easily. He used lightning to refine himself and normal people would avoid him. However, he was willing to enter the lightning to train himself. He seemed really relaxed like how ordinary people took baths.

The lightning washed the impurities in his body and all that was left was the essence. This huge dragon crocodile and Zu Long were the same. They just lacked on step which was leaping through the dragon gate.

Once they jumped across and activated their hidden veins, no one would know how terrifying it would be.

During this period of time, the two of them communicated and would often have fights. Of course, they fought with their main bodies. A red flood dragon and a mountain dragon crocodile fought head to head.

As they fought, the two of them got closer. Their personalities were really direct and weren't nit-picky. They had a good relationship with one another.

....

Within the Gold Family, Mr. Mule was making a move.

With his marriage settled and due to be finalized in three months, Feng Longque also agreed to marry him. Mr. Mule was satisfied and handed over the gifts. Once the time arrived, he would marry her which was why he spent all his effort on Li Xiandao's matter.

When he came, Li Xiandao passed him four contracts.

These four were people who broke their contracts. Mr. Mule, Tian Guangming, and Feng Jiuer were in charge of collecting them.

Thus, Mr. Mule gathered all of them.

In Mr. Mule's courtyard, Tian Guangming, Li Wuya, and Feng Jiuer were all here.

"When we left, Master gave me four contracts. These four were of people who broke it and didn't repay anything. They owe the Bank of the Universe and Master wants us to end these contracts." Mr. Mule said.

When the three of them heard this, their expressions became solemn. They didn't dare to delay Li Xiandao's matter and they took a look at the contract.

Of the four contracts, one of them was from one of the gold dragons in the Gold Family.

Mr Mule said, "Let me handle this contract. After all, I am the Gold Family's son in law."

The Gold Dragon Race and the Phoenix Race merged to form the Gold Family. Mr. Mule went directly to get the contract settled.

"Then, this one that is the furthest away is mine." Li Wuya opened his mouth and took the one that was furthest away.

3,000 miles away in a spirit mountain vein, there was a temple and in it, someone had gone against the contract.

For the two remaining ones, there was one male and one female for Tian Guangming and Feng Jiuer.

“Good, collect them soon. If we can’t collect anything, then just kill them!” Mr. Mule said coldly.

“Don’t worry, they took items from our Bank of the Universe and don’t want to give them back now. Is there something that is so good?” Tian Guangming smiled coldly.

“I’ll be leaving. If you need help just ask.” Feng Jiuer turned around and left. She seemed really alluring and just left with the contract in her hands.

“I will go now, I will definitely be faster than Feng Jiuer.” Tian Guangming took the contract and left quickly too.

Li Wuya and Mr. Mule looked at one another and felt helpless.

....

The Gold Family’s mountain range was huge and two tribes lived there. One was those of the phoenix bloodline and one was the gold dragon’s dragon valley.

The golden dragon was strong and it was a huge branch of the dragon race. But the golden dragon race only merged with the phoenix in Cold Moon Sky.

There were roughly 30 of them. Although their cultivations were high, there were too few. The golden dragons needed the phoenix bloodline family to protect them. Otherwise, those strong people would have hunted them down.

Mr. Mule didn’t head to the golden dragon’s dragon valley right away. Instead, he went to find his fiancée Feng Longque.

In a garden, Feng Longque and her sisters were talking. When they talked about her marriage, her face became red and her heart started beating quickly. She was really shy.

Mr. Mule found his way over.

“Why are you here?” Feng Longque’s face turned red and she stood up. She was shocked.

Her sisters looked at Mr. Mule and giggled.

"I have a matter. It is regarding Master." Mr. Mule said.

Feng Longque said solemnly, "What matter?"

"Lend me the Celestial Artifact. I will head to the dragon valley to settle a contract." Mr. Mule said solemnly.

"You are going to deal with the golden dragons?" Feng Longque was shocked.

"It is not that I want to but they broke the contract, so I have no choice." Mr. Mule explained.

Although Feng Longque didn't know what the exact situation was, she still passed the coral ocean map to Mr. Mule.

"I refined it. Do I need to remove the binding?" Feng Longque asked.

After confirming her relationship with Mr. Mule, Feng Longque refined the coral ocean map.

"No need, just continue chatting here, I will be back soon." Mr. Mule took the Celestial Artifact and said goodbye to Feng Longque's sisters.

The sisters surrounded Feng Longque and chattered.

"Sister Longque, what treasure was it that you took out?"

"Right, that treasure has such a strong aura. The coral patterns are so beautiful too."

"Right, does this treasure belong to sister or brother-in-law?"

Feng Longque grinned and said casually, "That one is a Celestial Artifact. Your brother-in-law gave it to me, and now he needs it to do something."

The sisters were stunned. A Celestial Artifact...

Feng Longque looked at how shocked they were and for the first time felt like marrying Mr. Mule was a good thing.

....

30 golden dragons were coiled up in Dragon Valley.

Dragon Valley was a giant hole. There were around 30 tunnels and each one had a giant golden valley coiled up within.

Some were old, some were young, some were decades old, or a few hundred years...

Mr. Mule noticed a golden dragon that was tanning straighten itself. It looked down on Mr. Mule with its dragon beard dancing in the wind. He asked solemnly, "Who are you? What are you doing in my Dragon Valley?"

Mr. Mule raised the contract and said, "I am here to find Jin Wudi."

The dragon asked with a weird expression, "Why are you looking for my grandfather?"

"Go inform him and he will know who we are." Mr. Mule smiled confidently. He blinked his peach eyes and said.

## **Chapter 350: Jin Wudi**

This golden dragon had a long body and it looked at Mr. Mule curiously, asking, "You are someone who knows my grandfather?"

"No, but if your grandfather knows that I am here, he will definitely come to receive me." Mr Mule said confidently.

The golden dragon thought about it and said, "My granddaughter has been in deep sleep for 5,000 years. If it is not something huge, I don't want to wake him up."

Mr Mule was stunned. Deep sleep for 5,000 years... he really could sleep.

"Has he forgotten about the contract because he was sleeping?" Mr Mule guessed.

"Take this contract. Once he sees it, he will come and find me. This was something he signed in the past." Mr Mule said.

The golden dragon looked at it but didn't pick it up. He still wasn't willing to do so.

"I am the son in law of this generation's gold family chief, so we are family. This is important for your grandfather. If you delay this, your grandfather will suffer." Mr Mule said angrily.

If he offended his master and master got mad, dragon valley would suffer as a result.

Golden dragon was terrified of Mr. Mule. The key was that Mr. Mule said that he was the Gold Family's son-in-law. Only then did he nod, "I will inform my grandfather. Wait here."

Mr. Mule waved his hands, "Go, don't waste time."

*Hong!*

The golden dragon flew into the air and entered the dragon valley before disappearing into the darkness.

Mr. Mule muttered, "Why does this race look like a random slacking bunch? They are really amazing, able to sleep for 5,000 years at once."

Over 5,000 years, so many beautiful things have occurred. To normal people, 5,000 years was the equivalent of 50 lifetimes.

Jin Wudi slept and it was gone.

Of course, the dragon race had a long lifespan and were descendants of the god race. Their lifespan weren't comparable to the god turtle but they were able to live for tens of thousands of years.

They exceeded the lifespan of humans of the same race.

But even so, 5,000 years were a lot.

Mr. Mule waited quietly.

*Kong!*

A few minutes later there was a loud roar which resounded throughout the entire dragon valley. This voice was like thunder. It was thick and sounded immense.

Explosion!

Then, he saw a 1,000-foot long golden dragon flying out. Compared to that one previously, this was much bigger. Its aura was really terrifying and with one gaze, Mr. Mule felt like his body had frozen up.

"That old dragon is actually so strong?" Mr Mule was terrified. He couldn't beat him at all.

"You are here for the debt!" The old dragon glew over. He clawed at the ground with his talons. His enormous body swept up a storm, blowing up the dust all around as he looked down from above.

Mr. Mule represented Li Xiandao and he couldn't lose his Master's respect.

"Not bad, you are Jin Wudi?" Mr Mule nodded his head and asked.

"I am." The old golden dragon asked.

“Then, you should know why I am here.” Mr. Mule raised the contract which the golden dragon hadn’t brought in.

“I know, I think I broke it.” Jin Wudi’s stared at the contract in Mr Mule’s hands with his lantern-like eyes.

“You don’t need to think, you did break it. You broke it for over 3,000 years ago.” Mr Mule pointed at it.

“I entered deep sleep and forgot about it.” Jin Wudi shook his head and said regretfully.

“Since you know that, then you have to pay the price.” Mr Mule said firmly.

“What is the price?” Jin Wudi asked solemnly. It just woke up and was still groggy.

Mr Mule was speechless. He didn’t even remember the compensation.

“You borrowed the Great Ancient Fallen Star from the Bank of the Universe, so you have to repay it. Also, the price is that you have to be the Bank of the Universe’s mount.” Mr. Mule read the contents of the contract.

“Moreover, there is your lifespan!” Mr Mule added.

“Mount?” Jin Wudi stared. A terrifying aura pressed down which Mr Mule couldn’t block at all.

He stumbled and looked really funny.

“You signed it yourself. If you dare to attack me, you won’t be able to live either. Everyone in this dragon valley will be wiped out.” Mr. Mule raged. He was unhappy that Jin Wudi was suppressing him with his aura.

“Sorry!” Jin Wudi apologized and took a step back.

Mr. Mule saw that it was sincere and said, “I am okay but you have to take out the Great Ancient Fallen Star. Also, you have to pay the compensation. Otherwise, you will definitely die. My Master is really strong and if you anger him, he will definitely kill you.”

Jin Wudi said solemnly, “Naturally, I know that the Master of the Bank of the Universe is amazing. I can be a mount and be a slave for the rest of my life. After all, I did break the contract.”

“Since that is the case, then this problem is solved.” Mr Mule was satisfied. He was prepared to use the Celestial Artifact, but now, it seemed like it didn’t need to be used.

“Great Ancient Fallen Star isn’t with me.” Jin Wudi’s words made Mr. Mule frown.

“What do you mean?” Mr. Mule asked in confusion.

“Did you lose it or did someone snatch it?” Mr. Mule asked solemnly. Without it, if Li Xiandao got mad, Jin Wudi would have to die in the end.

Mr. Mule didn’t believe that Jin Wudi could compare to Li Xiandao.

Right, Jin Wudi was terrifying and Mr. Mule suspected he was at Emperor Realm.

But so what?

Li Xiandao was on Heaven Mountain and he killed an emperor with some snow. That person didn’t even see Li Xiandao’s face and died.

So what if Jin Wudi was an emperor?

In front of his Master, he still couldn’t take a blow.

“Great Ancient Fallen Star isn’t with me. It is on dragon island.” Jin Wudi said regretfully.

“Where is dragon island?” Mr Mule asked.

“In Great Sky!” Jin Wudi sighed.

“Can you get it back?” Mr Mule asked.

“If you can, then I can delay for a week. You will get Great Ancient Fallen Star back and return it to Master before you become a mount. I will treat it like nothing has happened.” Mr. Mule thought of an idea.

Jin Wudi lowered his head and said softly, “My golden dragon race left dragon island and drew a line with them. We are like water and fire and they won’t return Great Ancient Fallen Star back to me.”

Mr. Mule blinked. What was he going to do now?

“My Master will beat you to death.” Mr. Mule said in a serious tone.

Jin Wudi panicked. His dragon beard was dancing as he thought carefully, “Can you introduce me to your Master. I am willing to pay any price in exchange for his forgiveness.”

Mr. Mule was confused, “What can you pay to make up for the loss of Great Ancient Fallen Star?”

“My golden dragon race’s allegiance as well as many treasures.” Jin Wudi said solemnly.

## Chapter 351: Receiving Jin Wudi

Mr. Mule looked at Jin Wudi with a troubled expression.

Should he inform Master?

But Master did say that if he faced someone who couldn’t return the item, he should kill them right away.

Mr. Mule was in a pickle.

Jin Wudi asked, “What trouble are you in?”

Mr. Mule replied, “How are you going to solve it?”

Jin Wudi laughed, “It’s simple.”

Mr. Mule looked at him in shock, “Simple?”

“Right, let me ask you a question.” Jin Wudi said slowly.

“Ask me.” Mr Mule was annoyed. He wanted to see what idea Jin Wudi had to solve this problem.

“Can you beat me?” Jin Wudi moved his head towards Mr. Mule and asked an unexpected question.

Maybe... er... probably...

Okay, he couldn’t beat Jin Wudi.

The problem Mr. Mule was worrying about had been solved just like that.

Jin Wudi couldn’t return the Great Ancient Fallen Star and based on Li Xiandao’s rule, even if he was willing to be the mount, he had to be killed.

It was a Celestial Artifact!

Since it was a Celestial Artifact loaned out from the Bank of the Universe, it definitely wasn’t ordinary which was why Mr. Mule had to kill Jin Wudi.

The problem was that even if Mr. Mule sacrificed his life, he couldn't beat Jin Wudi.

"5,000 years ago, I stepped into Emperor Realm. Now that I've cultivated for another 5,000 years, how strong do you think I am?" Jin Wudi continued.

Mr. Mule raised a thumb, "You are amazing. I will inform Master now that I am no match for you."

Jin Wudi smiled and retracted his head. He had a huge body and was at the highest point of dragon valley. The sunlight shone on his body and the golden light that was reflected colored an entire section of the sky. It was as if some treasure had appeared.

Gold Family members rushed over to see if that was the case.

But the moment they got close, a giant dragon roar reverberated.

*Kong!*

This dragon roar terrified those of the Gold Family.

Jin Wudi was at Emperor Realm, so who would dare to offend him?

....

Within the Bank of the Universe, Li Xiandao and Seven were looking at those scenes.

Mr. Mule thought that Li Xiandao didn't know but in truth, their actions didn't go unnoticed.

Even if he didn't see, Li Xiandao could sense it. After all, he could decide whether they lived or died.

He projected these images just because he wanted to sit together with Seven.

Seven looked at Jin Wudi and said, "This is an Emperor Realm dragon. He seems quite strong."

Li Xiandao nodded, "He seems to have reached peak Emperor Realm."

"Can you beat him?" Seven asked.

"I have transformed the Ten Lands into Grotto-Heavens and placed them in my body. 10 worlds are providing me with energy at any moment. The speed of my improvement is not something that Jin Wudi can even come close to." Li Xiandao said confidently.

"How are you planning to handle it?" Seven asked.

Li Xiandao thought about it.

Jin Wudi was strong and if he entered the Bank of the Universe, he would be his strongest subordinate.

But Li Xiandao's subordinates were all talented and if they were given time, naturally they would improve.

Taking in Jin Wudi wouldn't be of much benefit.

Li Xiandao would teleport when he went out, so he didn't really need a mount.

Seven saw that Li Xiandao wasn't willing to recruit him, so she said, "I suggest you do that."

"Why?" Li Xiandao wanted to listen to her suggestion.

"You are the master of the Bank of the Universe and you will often head out. How can you go out just by yourself?" Seven said.

Li Xiandao asked curiously, "I can't?"

"Obviously it's fine right now as this is the second weakest Cold Moon Sky. It is okay at the moment, but the higher we go, the more your aura will matter. Let me give you an example." Seven said.

"Eh, go ahead." Li Xiandao nodded.

"In front of a supreme faction, you think that it is good to appear alone, or is it better if you have 30 unparalleled golden dragons pulling a carriage with you inside looking down on them?" Seven gave an example.

Li Xiandao closed his eyes and thought about it. 30 golden dragons pulling one carriage... that seemed really amazing.

"Mr. Mule, bring Jin Wudi into the Bank of the Universe. I will meet him." Li Xiandao was interested and decisively informed Mr. Mule.

Seven smiled.

"The only regret is that you can't appear inside." Li Xiandao sighed.

Seven couldn't head out of the Bank of the Universe and this filled Li Xiandao with regret. If it was possible, he would bring Seven out along with him.

Seven's eyes shone brightly and she opened up her mouth as if she was going to say something. But in the end, she didn't say that.

Li Xiandao didn't notice.

....

Above dragon valley, Mr. Mule got Li Xiandao's attention. He jumped up and said excitedly, "My Master agreed and told me to bring you to the Bank of the Universe."

Jin Wudi was surprised, "Really?"

"Of course, my Master wouldn't lie. Now, we will enter the Bank of the Universe together." Mr. Mule said.

"Okay, I will tell my grandson." Jin Wudi nodded and used his soul to send a message to his grandson.

After informing him, Jin Wudi said, "Get on my back, I will fly over."

Mr. Mule didn't hold back and flew to his neck. He grabbed one strand of hair on his neck. This hair was thicker than his arm but it was just one strand.

*Hong!*

Jin Wudi moved and instantly sped through space. A second ago, he was in dragon valley, but in the next moment, he was in the clouds. They sped like lightning and one couldn't see anything clearly.

Fast!

Too fast!

Mr. Mule felt like he was even faster than his space crossing seal.

Mr. Mule and the others took a day to get from Heaven Mountain to Gold Family Race. That was also with the help of the space crossing seal.

Jin Wudi took a minute!

He took just a minute!

He landed on Heaven Mountain with Mr Mule.

This speed awed Mr Mule. Emperors were just too terrifying.

After entering Heaven Mountain, Mr. Mule used a space crossing seal to bring Jin Wudi into the Bank of the Universe.

Here, Li Xiandao stood on the square dressed in white and waited quietly.

Jin Wudi looked at the familiar yet foreign Bank of the Universe. He had entered this place 10,000 years ago and the memories were coming back.

But 10,000 years later, it was much different from his memory.

It looked the same but something felt different.

It looked much simpler. In the past, there were all sorts of items and the place looked rich and dazzling.

Now, it was really simple. It seemed calmer and reminded him of the simplified Dao.

Jin Wudi looked at Li Xiandao.

He was shocked. The Bank of the Universe had a different Master.

Li Xiandao's aura was totally different from the last Master. As long as one wasn't blind, one definitely wouldn't think that they were the same person.

## **Chapter 352: What A Coincidence**

In the square in front of the Trading Hall, Li Xiandao stood with his arms behind his back.

After Mr. Mule and Jin Wudi entered, they gave off a strong aura, especially Jin Wudi whose body was too enormous.

He knew that his body was too huge, so he shrunk to 100 feet and landed on the square.

Jin Wudi was from the dragon race and was also a golden dragon. He didn't like to turn into a human. To him, the dragon race's body was the most overbearing.

"Master, I brought Jin Wudi here." Mr. Mule walked over and knelt down on one knee. He said respectfully.

Li Xiandao nodded and looked towards Jin Wudi without saying a word.

Jin Wudi looked at Li Xiandao's mask. He couldn't see his face and he was standing straight there like a wall that couldn't be crossed. At peak Emperor Realm, Jin Wudi could tell that he was no match for Li Xiandao.

He didn't even have the ability to see through Li Xiandao's cultivation, so how could he beat him?

So, he yielded. He clawed the ground with his talons and lowered his head, "Greetings, Master of the Bank!"

Li Xiandao was satisfied with his attitude. *So what if you are an emperor?*

Even after entering the Bank of the Universe, dragons had to coil up and tigers had to lay down. No one could act arrogantly.

"You can't get the Great Ancient Fallen Star back?" Li Xiandao asked.

Jin Wudi lowered his head, "I can't as it is not in my hands."

"Where is it?" Li Xiandao asked coldly.

"It is on the dragon island in Great Sky. They took it and I can't get it back." Jin Wudi said regretfully.

"You broke the contract you signed. Do you know that?" Li Xiandao wasn't happy.

Jin Wudi nodded and said sincerely, "I know. I am willing to pay the price and be your mount for the rest of your life."

"You are indeed sincere." Li Xiandao scoffed coldly and said to Jin Wudi, "If you weren't so sincere, I would have wiped you and your dragon valley out."

Jin Wudi was shocked and said right away, "Master, I am willing to pay any price. Please don't be mad."

Li Xiandao didn't care whether he was lying and asked, "How many golden dragons are there in dragon valley?"

Jin Wudi said truthfully, "Including me, there are 30. I am the oldest and the others are younger than me."

"Not bad." Li Xiandao nodded in satisfaction and looked at Jin Wudi.

"You should have died but I am giving you a chance now." Li Xiandao said slowly.

Jin Wudi said right away, "Thank you, Master."

“Your golden dragon race will yield to me and pull my war carriage. All your treasures will belong to the Bank of the Universe.” Li Xiandao looked at Jin Wudi and announced.

This wasn’t a discussion!

This wasn’t an order!

It was an announcement!

Jin Wudi guessed that that would be the case and was already mentally prepared. But when he heard Li Xiandao’s announcement, he was still stunned.

The golden dragon race had become a bunch of carriage pullers.

That sounded sad!

But if he didn’t agree, then their race would be wiped out. Jin Wudi ignored the reluctance in his heart and said firmly, “Yes, Master!”

Li Xiandao calmly nodded. Now that his eyes had been opened, he wouldn’t be so excited just by acquiring one subordinate.

So what if he was an emperor?

So what if they were from the dragon race?

Li Xiandao was going to let Emperor Realm golden dragons pull carriages for him.

30 of them would be pulling carriages at once.

Li Xiandao was calm.

When the time came they would be calm but sometimes what had to be done had to be done.

“Rise and tell me about the dragon race in Great Sky.” Li Xiandao asked.

Jin Wudi and Mr. Mule stood up and looked towards Li Xiandao.

“Master, you want to enter Great Sky and take back the Great Ancient Fallen Star?” Mr. Mule guessed.

Li Xiandao nodded and said coldly, “Great Ancient Fallen Star is mine and they can’t take it. It doesn’t make sense for them not to return it to me. I want to reason with them.”

Jin Wudi's eyes lit up but he was a little worried, "Master, Great Sky is several levels higher than Cold Moon Sky and they are much stronger. The old dragons are really terrifying and I don't think it is good to ask for the Great Ancient Fallen Star back."

Li Xiandao laughed coldly, "They are terrifying and I am not?"

"Since ancient times, repaying what is owed is the natural law. Great Ancient Fallen Star is mine, so it should be returned. If they don't, then I will make them go extinct!" Li Xiandao said. His aura turned cold and he became mad.

*You took something of mine, used it for so long, and you don't want to return it?!*

*What logic is that?*

Li Xiandao was a logical person and when situations called for logic, he was a man of reason.

But if they didn't listen, then he would use his fists.

Li Xiandao had never been afraid of anyone. He had killed a celestial before, so why would he be afraid of some bugs?

Great Sky's Dragon Island, he was going there!

When Jin Wudi saw this, he stopped and said, "Great Sky's Dragon Island has eight dragon races. My golden dragon race was one of them and there were nine. 10,000 years ago, we quarreled with them and left. I brought these bloodlines to Cold Moon Sky to settle down."

Li Xiandao listened quietly.

"There are 1,000 giant dragons in those eight races and some of them can awaken the ancient bloodline. Then, they can become the leaders of the race. But without the bloodline, they will be chased out." Jin Wudi sighed.

Li Xiandao had a thought. It seemed like the flood dragon was chased out of Dragon Island.

"Dragon Island has a strict hierarchy and with a bit of bloodline advantage, you can be crushed. My golden dragon race didn't like that environment but they weren't willing to change it. Instead, they wanted to chase the few chiefs who spoke up for us." Jin Wudi reminisced.

"So, in anger, my entire race left Dragon Island, making them suffer heavy losses. As for us and them, the conflicts deepened and we seem like enemies now." Jin Wudi explained.

Li Xiandao understood. This Dragon Island focused on bloodline. If you had a strong bloodline, then you would be huge and without it you were trash.

This was the law of the jungle; there were pros and cons.

To Li Xiandao, both were obvious.

The golden dragon race left Dragon Island because of the cons.

“Who is in control of the Great Ancient Fallen Star?” Li Xiandao asked.

“Fire Dragon Chief.” Jin Wudi said.

“Introduce him to him.” Li Xiandao said.

“Fire Dragon Chief leaped over the dragon gate 30,000 years ago and awakened the fire dragon bloodline. After breaking through to Emperor Realm, he became the chief. He married many women and also married a Heaven Swallowing Serpent. But he had a bad temper. He had 10 children. The first nine inherited his bloodline and only the tenth kid actually became a flood dragon...” Jin Wudi said everything he knew.

“Wait...” Li Xiandao interrupted and exclaimed. What a coincidence!

## **Chapter 353: Great Sun Furnace**

**Translator:** Exodus Tales **Editor:** Exodus Tales

Dragon Race Chief had 10 children. The first nine were all extremely talented while the tenth one was a flood dragon with an impure bloodline who was chased out of Dragon Island...

All things considered, Li Xiandao was sure that the flood dragon under him was the chief's tenth child.

Now, the Flood Dragon wanted to leap over the dragon gate to awaken the bloodline so that he could take revenge.

This fire dragon chief also took Li Xiandao's Great Ancient Fallen Star and didn't want to return it.

Li Xiandao muttered, “I wanted to let Flood Dragon deal with his own problems but it seems like I can't stand still and do nothing.”

Jin Wudi asked curiously, "Was that flood dragon who was exiled Master's subordinate?"

Li Xiandao nodded and said, "He is indeed my subordinate."

Jin Wudi said regretfully, "Unfortunately, his bloodline didn't appear and he has too many hidden veins. If his bloodline is revealed, he can use cultivation to improve it and change his own fate."

Li Xiandao shook his head, "He already has a chance to change himself."

Jin Wudi asked curiously, "What chance?"

"Leap over the dragon gate!" Li Xiandao said.

Jin Wudi's eyes lit up and he said emotionally, "The dragon gate appeared again?"

Li Xiandao nodded and asked curiously, "You don't know?"

"I am not sure. After I left Dragon Island, I had absolutely no knowledge of such matters." Jin Wudi shook his head.

"Where did it appear?" Jin Wudi asked curiously.

"Cold Moon Sky!" Li Xiandao pointed.

"Really?" Jin Wudi was surprised.

"Why? Do any of your descendants plan on leaping?" Li Xiandao asked.

"Of course. Dragon Valley only has 30 golden dragons and also some descendants who have impure bloodlines. We didn't chase them away and let them choose themselves. Most of them left but some who had potential stayed. This is a chance for them." Jin Wudi was really excited and felt happy for his descendants.

"Then, you must use this chance. In a month, the Dragon Gate will appear in the endless oceans. Many dragon race bloodline members will take this chance to transform into dragons. If you rush over now, you might arrive in time." Li Xiandao reminded.

"Master, I will send my descendants over. Please allow me to do so." Jin Wudi begged.

"Sure. I will give you time. But you have to hand over your soul seal first as well as those of everyone in Dragon Valley." The first thing Li Xiandao did was collect the soul seals. Once they were in hand, if they dared to betray him, he would crush it. Those whose cultivations weren't as high as Li Xiandao's would die right away. Those higher

than Li Xiandao would be badly injured. It would also be a permanent injury that would be hard to heal.

Jin Wudi lowered his huge dragon head. His brow shone brightly. This was his soul seal.

Li Xiandao placed his hand there right on his brow.

*Hong!*

At that moment, Li Xiandao took his soul seal out.

Li Xiandao was satisfied, "Not bad. You can return with Mr. Mule and hand all the treasures in Dragon Valley to him. He will bring them back."

After Jin Wudi lost the soul seal, he felt a little conflicted but still nodded his head, "No problem."

"Then, Master I will take my leave now." Mr Mule said.

Li Xiandao waved his hands and said, "Go and remember to collect the other contracts too."

Mr Mule remembered that in his heart and brought Jin Wudi out of the Bank of the Universe.

After heading out, Jin Wudi was the one bringing Mr. Mule to fly back to Dragon Valley.

In just a moment, they arrived at the mountain range where the Gold Family was.

Mr. Mule collected the treasures while Jin Wudi gathered his descendants to announce a huge matter.

The two of them were extremely busy.

....

Mr. Mule's contract was solved while on the other side, Li Wuya was also handling his contract.

He chose the furthest one.

A mountain with a temple 3,000 miles away...

This temple was also a strong faction but because the Gold Family was nearby, they developed quietly. There weren't many disciples; there were just over 1,000 of them.

Legend Realm didn't say any nonsense and just activated his aura. During this period of time, he absorbed a lot of the demonic energy in his body and had long broken through to Legend Realm. His body was resounding with the Legendary Song and his aura seemed unbeatable.

Along with the Overlord Blade in hand, Li Wuya shocked all the experts.

The old ancestor of the temple woke up from his secluded meditation and ran out. Right away, he saw Li Wuya who was standing at the center of the hall.

There was also the contract in his hands!

The old ancestor's expression changed. His pupils constricted and it was like waves were raging in his heart.

He didn't think that the Bank of the Universe would appear!

He was reluctant to return the treasure!

He thought that he was just a small fry and it was okay for him to renege on the contract!

Over these 10,000 years, from the worry at the start to his lack of care now, he had slowly forgotten about his obligations.

He really thought that the Bank of the Universe had forgotten him, or that the Bank of the Universe didn't exist anymore.

But today!!!!

Li Wuya had come with the contract. He pointed the Overlord Blade forward coldly, "I am here to claim your life."

Compared to how gentle Mr. Mule was, Li Wuya was more violent. He didn't give the person a chance. *You didn't even pay back the contract and want a chance?*

The old ancestor was furious and gritted his teeth, "You have disappeared for so long, so why appear now?"

"We shouldn't appear?" Li Wuya said coldly.

"The contract ended so long ago. I exchanged my resources for the Great Sun Furnace, so did you really think that I was only going to use it for a period of time?" The old ancestor gritted his teeth.

Li Wuya laughed coldly, "So when you signed the contract you didn't plan on returning it."

"I exchange my treasury for it, so why must I return it?" The old ancestor was annoyed.

"Did you sign the contract yourself?" Li Wuya asked coldly.

"What if I did? It is just a piece of useless paper, so what is the use?" The old ancestor wasn't happy.

"Now, let me tell you what the use of that contract is!" Li Wuya's eyes flashed fiercely and he pulled the overlord blade out. He stepped forwards and sliced across the sky.

Explosion!

Thunder reverberated around and bright light exploded, causing people from the temple to scatter.

Li Wuya, who was at Legend Realm, had the Legendary Song playing all around him. He seemed extremely terrifying and strong.

Great Sun Furnace.

The old ancestor didn't hesitate and just took out the Celestial Artifact that he had refined for over 10,000 years to try to kill Li Wuya.

Great Sun Furnance was majestic and had an unparalleled aura. When it covered the area, it was scary.

But Li Wuya didn't fear it at all and smiled in disdain, "Do you know why we wanted you to sign the contract?"

"Why?" He was shocked and felt that something was off.

"When you signed it, the thing that we gave you would forever belong to the Bank of the Universe." Li Wuya smiled and pinched the contract.

"Here!" Li Wuya shouted.

The Great Sun Furnace, whose aura was unparalleled and celestial seals were being activated, just froze and fell into Li Wuya's hands.

The old ancestor was stunned.

This was the Celestial Artifact he had refined for 10,000 years!

The Celestial Artifact he had raised like a goddess!

Li Wuya took it just like that.

Slice!

In the next second, before he could retaliate, Li Wuya just sliced down and beheaded him.

“This is the importance of the contract to the Bank of the Universe. It is logical for me to kill you. As for whether or not you understand, that has nothing to do with me.” Li Wuya said coldly.

## **Chapter 354: Fire Dragon**

**Translator:** Exodus Tales **Editor:** Exodus Tales

Li Wuya slashed the old ancestor with one blade before he turned around and went down the mountain. No one dared to stop him.

The Overlord Blade was so huge. Who would dare to stop him?

Li Wuya killed the old ancestor and took the Great Sun Furnace back to the Gold Family.

At the same time, Tian Guangming and Feng Jiuer were dealing with their own opponents.

Feng Jiuer faced a violent rhino beast and just disregarded the contract entirely. After Feng Jiuer took out the contract, it charged up ferociously and wanted to rip Feng Jiuer up.

“Animal!” Feng Jiuer shouted coldly. Red light wrapped around her body, activating her bloodline. The strong aura of the primitive phoenix exploded.

The rhino beast’s cultivation wasn’t high and was only at Boundless Realm. It was the king of the area but when it faced Feng Jiuer, it was no match for her at all.

It couldn’t even rely on its thick skin.

Feng Jiuer’s blood-red power was even sharper than a blade, breaking down its defence. She then left it in a pool of blood.

Under Feng Jiuer’s attacks, the Boundless Realm beast had no way to fight back.

This was the primitive phoenix's bloodline; she was improving every moment. Now, she had entered Legend Realm.

After killing the rhino, Feng Jiuer wiped out its treasury and took a neidan that belonged to the Bank of the Universe back to the Gold Family.

Tian Guangming was left.

The host of the contract he took was really strong.

Legend Realm!

Fortunately, after Tian Guangming was beaten up twice, he transformed. Each fist and kick of his was filled with power. Also, with the Celestial Artifact Heaven Emperor Brush, no one could restrict him.

After tangling with Tian Guangming for a full day, he was killed by the Heaven Emperor Brush.

Tian Guangming returned with the compensation.

A day later, Gold Family, Mr. Mule's courtyard.

Mr. Mule was drinking tea. Li Wuya was silent and Feng Jiuer was expressionless.

"All of you are so fast?" After Tian Guangming entered, he frowned. He was actually the last which made him lose a lot of face.

"I think it is better to be fast." Mr. Mule said.

"Once you get married, you will know that guys cannot be too fast." Tian Guangming was annoyed, tossing what he had over to Mr. Mule.

"This contract is over. Take it back to Master. I won't head back. I will find a place to train and break through to Legend Realm." Tian Guangming said.

"Your disciple has entered Legend Realm. As a Master, you actually haven't broken through?" Feng Jiuer mocked.

"What do you know? He is good because his master is good. If he is not strong, then why would I take him in as my disciple?" Tian Guangming was delighted.

"Master has taught me well." Li Wuya said.

"You heard that." Tian Guangming looked at Feng Jiuer in delight.

Feng Jiuer was too lazy to speak to Tian Guangming.

When Mr. Mule saw this, he told what he knew to Tian Guangming and the others.

“Dragon Gate is about to appear in the ocean. Do you all want to head over?” Mr. Mule asked.

“The Dragon Gate of legends where the carp leaped over?” Tian Guangming’s eyes lit up.

Mr. Mule nodded.

“I have to see that. I want to see whether or not someone really can leap over it and transform into a dragon.” Tian Guangming decided to go.

“I also want to take a look.” Feng Jiuer followed.

“Then, I will go too.” Li Wuya looked at his own Master and felt like if he didn’t go, what if Feng Jiuer and him fought again. He would be beaten up to death once more.

“Let’s all go take a look. Master’s flood dragon went to. There is also the golden dragon race that Master has just taken in. Some from the race want to try too.” Mr. Mule said.

Dragon Gate would appear a month later and they would return just in time for the marriage.

So efficient.

....

In the endless ocean, there was a lone island where a giant dragon crocodile lived.

There was also a blood-red flood dragon.

Zu Long and Ye Feng!

They had spent over 10 days here and were waiting for the Dragon Gate to appear.

But it didn’t appear.

The two of them weren’t anxious. Anyway, it hasn’t been a month yet.

During this period of time, Zu Long’s bloodline became purer and his hidden veins were expanding like something was about to burst out. His body was changing and he had red patterns that looked like fresh blood flowing on the outside.

Ye Feng asked whether something had gone wrong with his cultivation.

But Zu Long shook his head, "I feel very good. I'm feeling better than I've ever felt. There's no need to worry about me."

The two of them sparred. Zu Long didn't transform into human form and just remained in his main body to defend this island along with Ye Feng.

This small island was the only island within hundreds of miles. Many of them eyed it but Ye Feng and Zu Long were strong, so those people didn't dare to come close.

Of course, there were some who weren't afraid of dying and wanted to occupy this place. Ye Feng ripped them to pieces and dyed the ocean water with their blood.

After a few times, the others knew how terrifying Ye Feng and Zu Long were.

This island was occupied by them.

The 1,000-foot large dragon crocodile laid on the island and took up half the space. Flood Dragon Zu Long was much smaller at only 300 feet. Compared to the crocodile, he was thin and long.

"During this time, many dragon bloodline people have come here." Ye Feng laid on the ground and said.

"The Dragon Gate is about to appear and news has been leaked. Who knows how much information those greedy people have leaked." Zu Long said in disdain.

"That is true. I thought that when I bought it they would keep it a secret but that was no true." Ye Feng was a little depressed as he looked at the ocean. Numerous beasts with dragon bloodlines wanted to change their lives by leaping over the dragon gate.

"Over these few days, I have seen many descendants from other worlds. Some have even been accompanied by true dragons. Compared to them, we are like two beggars, coming here alone and waiting quietly." Ye Feng exclaimed.

"Look, another true dragon is sending a bunch of people over." Flood Dragon noticed that a bunch of flood dragons were flying over. They were quick and a red dragon landed behind them.

The red dragon was landing right where Ye Feng and Zu Long were.

"Damn!" Flood Dragon Zu Long was furious.

"You want to steal our territory?" Ye Feng raised his attention and stood up slowly.

*Hong!*

A ball of flames smashed down. After it landed, a terrifying roar accompanied it.

“Scram out of this island. Give up this space.” The fire dragon chased Zu Long and Ye Feng away.

Ye Feng and Zu Long looked at one another. Could they agree to that?

“Damn you!!!!” Ye Feng hollered. His voice was really thick and loud

## **Chapter 355: Mixed Blood Battle Pure Blood**

**Translator:** Exodus Tales **Editor:** Exodus Tales

The fire dragon was interested in the only island within a few hundred miles. He saw that there were only two people of the mixed-blood dragon race on the island, so it looked down on them. He spat out flames as he wanted to burn the two of them alive.

In the eyes of a pure-blood dragon race, those with mixed blood weren't worth mentioning at all and were just useless. They were just secondary to them which was why needless to say, they should have been thrown away.

But he didn't expect the two of them to fight back.

Not only that, but their strengths scared the pureblood fire dragon.

Ye Feng headbutted the fire and caused it to scatter. Some of the flames landed on the surface of the ocean but were quickly extinguished. Some landed on the island and lit up the trees and the ground. Some landed on the dragon crocodile's body but he was unharmed. It didn't even scorch its armor.

Dragon crocodile wasn't injured but he became more and more hot-tempered. His eyes turned red. After all, he was the dragon crocodile, an impulsive and angry dragon crocodile. Although he seemed gentle and calm, that would change depending on the person he was facing.

*So what if you are a pureblood fire dragon?*

“Brother, attack him together!” Ye Feng hollered in rage and he smashed the ground with his limbs. He jumped up into the sky and smashed down with his tail like a hammer.

*Dong!*

The air shook. This strike was really terrifying. Dragon crocodile's bloodline purity couldn't compare to the fire dragon, but in terms of power and strength, he didn't have anything to fear.

You are amazing just because you are pureblood?

Flood Dragon looked at the fire dragon coldly. It was a fire dragon!

A pureblood fire dragon!

Within the Nine Skies, pureblood fire dragons only came from one place:

Great Sky's Dragon Island, one of the eight dragon races, the fire dragon race.

This was the race that his father controlled.

When Zu Long thought about it, his eyes turned cold.

*Kong!*

He didn't say much more, surging into the air. His body was like a blood colored light which shot forwards to clash with the dragon.

"Today, I will prove that even if I am not pureblood, I can still kill a pureblood." Zu Long hollered in rage and spat out a dazzling attack.

He had followed Li Xiandao for a long time and cultivated in the Ten Thousand Country Book Depository. Until now, he was still impressed with it.

The dazzling attack he spat out was a technique from within the Ten Thousand Country Book Depository.

Ancient Landscape.

This was one of the techniques he learned. It was an ancient technique that was really strong and terrifying.

When one spat out, tens of thousands of miles of mountains and rivers would smash the enemy.

The pureblood fire dragon was stunned. He didn't expect that two mixed-blood dragon descendants would dare to attack him.

He was infuriated!

In the pureblood dragon's traditional view, the lowly people would respect the higher-ups.

*You are mixed blood, so you should be played by the purebloods.*

*You dare to fight back?*

*You will be beaten to death right away!*

The pureblood fire dragon was furious and flames exploded from within his body. He stepped onto clouds of flames, grabbing the sun and moons as he exerted all of his True Qi. He directly smashed the landscape that shot out.

He turned his head and viciously swung his tail, wacking directly into the dragon crocodile's tail.

Explosion!

In the sky above the ocean, there was a huge storm. The wind surged and waves swept about. Lightning also started to shoot down from above.

Dragon crocodile's tail was blocked by the pureblood dragon. He was not afraid. Anyway, he wasn't injured at all. He had thick skin and could even bathe in lightning. How would he be afraid of this Legend Realm fire dragon baby?

Right, this pureblood fire dragon was really young. Zu Long estimated that he wouldn't be over 100. It was not bad that he was at Legend Realm. One must know that dragons were usually thousands or tens of thousands of years old.

A 100-year-old dragon was like a 14-15-year-old kid.

A 14-15-year-old kid with Legend Realm cultivation was just terrifying.

*Hong!*

The pureblood fire dragon's tail was struck.

He shook vigorously. The dragon crocodile's skin was thick and although he was perfectly fine he felt immense pain. He roared in rage and immediately swung his claws. True Qi exploded and flames surged.

"Die." The pureblood dragon shouted in rage and charged towards the dragon crocodile.

"Your pureblood dragon race is so arrogant. So what if I am mixed blood? I didn't steal or snatch anything from you and you even dare to kill me like that. Today, I will skin you

alive to show you how amazing I am.” Ye Feng laughed coldly and charged into the flames. He didn’t care about this pure blood fire dragon at all.

Normal people couldn’t handle such flames at all and once one touched it, they would be turned to ashes.

But the dragon crocodile was different. His defense was really strong and he was pretty much invincible. He charged into the flames and bit down with its giant mouth.

*Kacha!*

A portion of the pureblood dragon’s tail was instantly bitten off. The bone broke and flesh and meat were separated. This was a demonstration of the dragon crocodile’s terrifying jaw power.

The body of the pureblood fire dragon couldn’t block that bite at all.

The pureblood fire dragon cried out in pain. His tail had actually been bitten off just like that.

“My tail...” The pureblood fire dragon screamed and looked at the dragon crocodile in disbelief like he was a demon from hell.

That bite strength!

That was just overpowered!

“Pui!” The dragon crocodile spat out the tail and his mouth was dyed red. He seemed more vicious and terrifying.

The fire dragon was terrified and wanted to flee.

But Zu Long’s attack arrived.

“Mountain River Seal!”

Zu Long’s body coiled up and pressed down, turning into a seal. The seal was an endless mountain, like a full world pressing down on it.

*Dong!*

The fire dragon’s body shook and he spat out a mouthful of blood. He couldn’t flee, his head was spinning, and he was constantly spitting out blood.

“Die!” The dragon crocodile’s eyes shone fiercely as he bit down on the pureblood fire dragon.

“Barbaric bite!”

In the ocean, his body spun out like a flame wheel that instantly ripped the fire dragon’s body into more than 10 pieces.

The fire dragon was dead!

Ye Feng and Zu Long looked at each other and both of them seemed really happy.

*So what if you were a pureblood fire dragon?*

*If you were killed, you would still have to die.*

The flood dragons that the dragon brought panicked and started to flee.

“What are you running for? Two bastards dare to kill my pureblood; they must want to die.” A large shout spread from the sky, along with a furious energy that spread over 3,000 miles.

Ye Feng and Zu Long’s expressions changed.

“Emperor!”

The two of them frowned and looked on with solemn expressions.

## **Chapter 356: Overbearing Jin Wu Di**

**Translator:** Exodus Tales **Editor:** Exodus Tales

3,000 miles out, it was a patch of fire like flames had burned the clouds. It was an amazing sight to behold.

This aura spread quickly and like lightning landing, it shocked the ocean region.

Many mixed blood dragon race members couldn’t dodge and dozens of them died. The aura landed in the ocean.

It crossed 3,000 miles in almost an instant.

Explosion!

This was a giant fire dragon with a vicious fierce. The thick beard and sharp scales made one look at him in fear and not dare to get close. He was just too terrifying.

Fire Dragon!

Pure Blood Fire Dragon!

He was also at Emperor Realm and he immediately stunned Ye Feng and Zu Long.

The two of them were only at Legend Realm and were a huge distance from Emperor Realm.

Also, after Legend Realm were the nine stages of Grandmaster!

Only after crossing that would one reach Emperor.

“Two mixed bloods, you dare to kill my pure blood dragon race?” This Emperor Realm fire dragon looked at them coldly, his eyes filled with killing intent. His aura froze the surrounding space.

Flood Dragon wanted to teleport but he didn’t have the opportunity.

“He tried to kill us first.” Ye Feng was unhappy,

“If he kills you, then it is your fate. You are born mixed blood and deserve to die.” The Emperor Realm fire dragon scoffed coldly in disdain. His voice reverberated throughout the region.

Ye Feng gritted his teeth. Flames appeared in his eyes and he felt frustrated.

So was Zu Long. He felt frustrated too and stared in rage at the Emperor Realm fire dragon. He gritted his teeth, “No matter what you say, the two of us have killed him.”

Emperor Realm fire dragon looked at Zu Long coldly. He recognized the flood dragons on Dragon Island, but now he was totally different from before, so he didn’t recognize him.

The old fire dragon said coldly, “I will destroy your bodies and capture your souls to burn in the dragon flames for 30,000 years. Mixed blood should act like mixed blood and not threaten the position of pure blood.”

“Damn, today I will challenge it, what is so amazing about pure blood. Your grandfather dragon crocodile even bit one to death just now.” Dragon crocodile had a temper and couldn’t take it anymore. Since that was the case, he scolded.

Since he was going to die, then why not die happily?

Zu Long cursed too, "Focusing on bloodline is the right thing to do, but looking down on those of mixed blood makes all of you fools. So what if you are mixed blood? Let me tell you that the heavens don't decide my life."

"Two bastards, today I will smash you and show you how cruel the heavens are." The Emperor Realm Fire Dragon raged. He reached out with his giant dragon claw and with one grab, the space exploded.

*Ka ka ka!*

Zu Long and Ye Feng found it hard to breathe and they couldn't move their bodies. The squeezing and suppression filled them with pain.

"Brother, to die with you today is an honor." Ye Feng cried out in pain.

"Don't worry, we might not die." Zu Long consoled.

"Might not die?" The Emperor Realm old fire dragon laughed coldly and started to increase the strength. He looked at them changing shape and smiled in delight.

"Who will save you?" The old fire dragon laughed coldly.

Ye Feng's body was huge, so naturally, he felt bad from all the squeezing. His strong outer shell couldn't block the suppression of an emperor as he was far weaker.

"Brother, let's meet again in hell. Today, I killed a pure blood dragon. At most, you can only kill and torture me. Anyway, I am a mixed blood and my death means nothing. To exchange for the life of a pure blood is worth it. You bastard, I hope that all your children are mixed blood. You bastard, you bastard!!!!" Dragon crocodile scolded.

He was furious.

"You are asking to die!" The Emperor Realm old dragon was infuriated and he pressed down heavily.

He was planning to capture their souls but now it seemed like there was no need to. He wanted to destroy their souls.

....

Within the Bank of the Universe, Li Xiandao looked at these scenes expressionlessly.

Seven said, "Are you going to save him?"

Li Xiandao shook his head, "Someone went, I don't need to. This person is a weak emperor; if Flood Dragon can leap across the Dragon Gate, he will kill him easily."

“Who?” Seven asked curiously.

Li Xiandao reached out and pointed, “He is here!”

Explosion!

Just as Zu Long and Ye Feng were being squeezed to the verge of collapse, a golden light shot out from afar. It was really quick and reached an unbelievable speed, smashing right into the old fire dragon.

*Hong!*

A bloody hole appeared in the Emperor Realm fire dragon’s body. Blood surged out as he roared out in pain. The power squeezing Zu Long and Ye Feng also dissipated.

*Peng!*

Zu Long and Ye Feng fell into the ocean, sending up waves dozens of meters high. They gritted their teeth in pain but no one cared about them now.

In the air, the golden light transformed into a 1,000-foot body. It was a golden dragon that was no weaker than the old fire dragon. Its arrival totally suppressed the old fire dragon right away.

“You are a golden dragon!!!!” The old fire dragon was filled with disbelief. He covered his wounds and tried to quickly recover. He was filled with shock and rage.

“You can’t kill these two dragon race descendants.” The golden dragon’s voice was powerful and overbearing.

It was Jin Wudi who rushed over. He received Li Xiandao’s order to save the flood dragon.

“Why did you save them?” The old fire dragon shouted, an ugly expression on his face. He knew that he wasn’t his match, so he gave up.

“I can’t stand the way you all do things, so why can’t I save them?” Jin Wudi said in disdain.

“You...” The old fire dragon stared at Jin Wudi in rage.

“Scram, if you dare to say something, I will kill you right away and show you my strength.” Jin Wudi stared, its eyes were filled with killing intent. The fire dragon looked on in frustration and it really wanted to speak up.

But the golden dragon stared at him aggressively.

*Say one more sentence!*

*Say one more word!*

*Death!*

Jin Wudi was just so overbearing, scaring the fire dragon so much that he didn't dare to say a word. He just fled.

"Scoff, what a bully." Jin Wudi was filled with disdain. He landed on the small island and hollered in rage.

*Kong!*

His holler was a warning to the people to scatter.

## **Bank of the Universe - Chapter 357 - Rewarding Celestial Artifact**

### **Chapter 357: Rewarding Celestial Artifact**

Jin Wudi directly scared off the old fire dragon and landed on the small island.

He exchanged glances with the dragon crocodile and Zu Long.

"Brother, do you know that expert?" Dragon crocodile asked.

"I don't. Is that your friend?" Zu Long asked.

"If I had such a friend, then would I still have been conned by Long Younan?" Dragon crocodile was annoyed.

"Then, why did he save us?" Zu Long asked curiously.

"Maybe... he pities us?" Dragon crocodile guessed.

The two of them were totally confused. None of them knew Jin Wudi and they didn't dare to disturb him, so they just soaked in the ocean.

At this moment, a few people came down from Jin Wudi's body.

Tian Guangming, Li Wuya, Mr Mule, Feng Jiuer, and Feng Longque.

Zu Long took a look and became emotional. He flew into the sky and laughed out loud, "Why are all of you here?"

Dragon crocodile was confused, "Didn't you say that you didn't know him?"

He swam over leisurely and followed Zu Long.

"Brother, are you okay?" Mr Mule hurried over and asked with concern.

Mr. Mule and them were really close. After learning that Zu Long was in trouble, he told Jin Wudi to rush over right away.

"I am okay but I just need to rest for a night. Why did all of you come?" Zu Long turned into his human form and hugged Mr. Mule.

"Master informed us that you were in trouble and told us to come and save you." Mr. Mule explained.

Zu Long knelt down towards Heaven Mountain and said gratefully, "Thank you, Master."

"You also need to thank brother Jin Wudi." Mr. Mule introduced Zu Long.

"Jin Wudi!" Zu Long was shocked when he heard this and he looked at Jin Wudi.

He knew him!

It happened many years ago. At that time, Zu Long was still in Dragon Island and didn't have many friends. He was mocked and often kept to himself.

As a golden race elder, Jin Wudi was really strong. He wasn't someone who Zu Long could get close to.

The only interaction between them was when Zu Long was chased out of Dragon Island. Jin Wudi couldn't take it and helped speak up for him. It made Zu Long's father unhappy and he slapped Zu Long out.

Jin Wudi looked at Zu Long and laughed, "Long time no see. That small pitiful thing has grown up."

Zu Long's face turned red. He was indeed really pitiful then. Thinking about it, that was black history.

But he still respectfully greeted Jin Wudi and said, "Thank you senior for saving my life."

Dragon crocodile said too, "Thank you senior for saving my life."

“There is no need to thank me. I’m just following orders. As for you, dragon crocodiles are rare.” Jin Wudi sized dragon crocodile up and said in shock.

“Right, I am indeed rare. Over these 1,000 years, I have not even seen a single individual like me. I am the only dragon crocodile.” Dragon crocodile nodded.

“You are also the only one I have seen. Are your parents still around?” Jin Wudi was interested.

Dragon crocodile shook his head, “I have no parents. I hatched from an egg. I’ve never seen my parents and I grew up in a place with few people.”

Dragon crocodile was a determined person. He reached this level all by himself. This was an incredibly tough thing to do.

Jin Wudi said regretfully, “That is such a waste. You have huge potential. Even if you don’t cross the Dragon Gate you will still have a great future.”

Dragon crocodile laughed, “Thank you senior for your praise.”

Jin Wudi nodded, “Were you confused as to why I didn’t kill the fire dragon?”

Dragon crocodile and Zu Long shook their heads.

“Senior definitely has his reasons for doing so.” Dragon crocodile said right away.

Zu Long nodded too.

“Master ordered me to not kill them. He wanted me to leave it to you. Once you leap across the Dragon Gate, you can go kill him. Personally taking revenge will feel much better than me helping you.” Jin Wudi said slowly.

“Right, I will personally kill him.” Zu Long said firmly.

“Master?” Dragon crocodile noticed this point. He looked at Jin Wudi and also Zu Long.

“We are all the subordinates of the same Master. My Master is supreme and invincible.” Zu Long said proudly.

“Then, he must be a top expert. I hope that I will have a chance to meet him.” Dragon crocodile looked forwards.

“If there is a chance, you will.” Zu Long was deep in thought. If dragon crocodile was lucky and acquired a red watch, he would have been able to see Li Xiandao.

“Okay, since you are injured, then cultivate a little. Also, when is the Dragon Gate appearing?” Jin Wudi asked.

“In roughly 10 days.” Zu Long said immediately.

“Then, let’s just wait here.” Jin Wudi said.

Zu Long and Dragon crocodile started to heal.

Feng Longque and Mr. Mule, who were prepared to get closer, received Li Xiandao’s orders.

“Master!” Mr. Mule stood up and said solemnly.

Feng Longque looked with a weird expression.

“Pass the Great Sun Furnace to Zu Long and tell it to refine it. This is a strong Celestial Artifact and can strengthen bloodline and body strength. It’ll help them to improve. It’ll also help Jin Wudi’s descendants.” Li Xiandao instructed over from the Bank of the Universe.

Great Sun Furnace was a strong Celestial Artifact.

It had powerful attack capabilities and its defence was not comparable to anything of the same grade. It could also refine pills and strengthen bodies.

Li Xiandao didn’t have much use for it, so he just took it out for Zu Long.

Mr. Mule nodded, “Understood. I will pass it to Zu Long.”

Li Xiandao ended the call.

Mr. Mule walked towards Zu Long.

“Master passed the Great Sun Furnace to Zu Long?” Feng Longque asked in shock. She was impressed.

*This Master is so generous, handing out Celestial Artifacts without feeling any pain.*

“Right, this is why Master is the master; he really is generous. You must be respectful towards him. Our kids need to be taught by him.” Mr Mule said.

Feng Longque’s face turned red and she scoffed, “You are talking nonsense again.”

“What do you mean? In three months, I will impregnate you and our kid will be born in a year’s time.” Mr. Mule smiled in joy. He turned around and left Feng Longque alone on the spot.

“Originally, I didn’t feel like this life was for me, but now, it feels so close and I actually don’t hate it anymore.” Feng Longque smiled. She actually started to look forward to the future.

...

Mr. Mule passed the Great Sun Furnace to Zu Long. Zu Long was touched and his loyalty towards Li Xiandao reached the peak.

After he refined the Great Sun Furnace, he started to stew the Dragon crocodile and then Jin Wudi’s descendants...

## Chapter 358: Dragon Gate Appears

There was a huge furnace with three legs planted firmly in the ground. Many flying birds were carved on it and it seemed like it was quite ancient. One could look at it and immediately see the marks of time.

Great Sun Furnace.

No one knew where this Celestial Artifact had come from. Li Xiandao asked Seven and Seven couldn’t reply. She just remembered that someone took it to trade a long time ago and then the last master had loaned it out.

Seven didn’t come into contact with the Great Sun Furnace much.

Now that the Great Sun Furnace had been loaned to Zu Long, he could perfectly show off its strength.

The first step: stew itself.

The second step: activate the Great Sun Furnace and inject True Qi. Then, Zu Long would transform back to his main body and enter the Great Sun Furnace.

*Ah ah ah!!*

In the furnace, it cried out. The Great Sun Furnace was really strong and it activated its flesh and blood, clearing out the impurities within. It was really obvious and the only weakness was that it hurt too much.

It was an unbearable pain that cut deep right through one's soul.

Zu Long cried out for 2 hours before he gave up and crawled out.

"Is it so exaggerated?" Dragon crocodile suspected.

"You can go try." Zu Long was really weak.

Dragon crocodile said proudly, "I didn't make a sound when lightning hacked me. This is a small thing. I will enter and take a look."

Zu Long smiled calmly and didn't say anything.

A 1,000-foot dragon crocodile entered Great Sun Furnace. It wasn't that the furnace expanded nor shrunk, but it was because the Great Sun Furnace had its own space and could fit huge beings.

"How is this even difficult... Ah ah ah!" At the start, dragon crocodile was filled with disdain. But as Jin Wudi injected True Qi, he started to scream.

Tian Guangming frowned, "Why does it sound like a pig is being killed?"

Feng Jiuer agreed with Tian Guangming for the first time, "There is even a tempo."

Dragon crocodile terrible huge torture in the Great Sun Furnace. It was 10 times worse than what Zu Long endured. He felt such great pain all throughout his body and deep into his soul.

But he didn't flee. He continued to scream and hold on.

This was because the dragon crocodile could sense that its body's weaknesses were being noticed.

Behind his indestructible exterior, he had many hidden injuries. He didn't have a systematic body purification technique and used the most violent techniques to improve strength.

But this method just accelerated his original advantage but left many injuries.

This 1,000-foot body was one of them. All of his fresh new flesh and meat became tough.

Now, the Great Sun Furnace was healing it, filling this body with life. He maintained his strong defense but he was still alive. One couldn't pierce through and he wouldn't hurt himself either.

So, the screams continued but he persisted for close to four hours, two more than Zu Long.

When he entered he was 1,000 feet but when he came out he was only 500 feet.

His stamina and strength had greatly increased.

“Brother, this is a good thing.” Dragon crocodile and Zu Long laid together devoid of energy and he spoke with a hoarse throat.

He had shouted for such a long time and it was expected that his voice would become hoarse.

“Master gave it to me. We still have 10 more days, so let’s improve together. When the time comes, we will leap across the Dragon Gate and transform.” Zu Long smiled.

Dragon crocodile was impressed, “It was worth it to make friends with you.”

Zu Long laughed out loud.

...

In the remaining 10 days, Zu Long, dragon crocodile, and Jin Wudi’s descendants took turns to bathe in the Great Sun Furnace.

Everyone improved by a lot but Zu Long and dragon crocodile still improved by the most.

Their cultivations reached the peak of Legend Realm.

Dragon crocodile’s body had shrunk to just 100 feet.

When he stood up, he could easily bite an enemy to death.

During these 10 days, the others were looking around.

Mr. Mule and Feng Longque were getting closer.

He improved really quickly. As least now, Feng Longque wouldn’t object to some actions. If no one saw, she would even willingly do some affectionate acts.

Mr. Mule was a delighted mule. He flirted with Feng Longque all day and also patrolled the area.

On this day, the calm ocean surface started to surge with giant waves that swept all around.

*Hong long long!*

Mr. Mule, who hid in the corner, was shocked, "Is the Dragon Gate about to appear?"

Feng Longque immediately adjusted her clothing, especially the garment covering her chest. Her face was red, "Dragon Gate is about to appear?"

Mr. Mule nodded and said solemnly, "Maybe, let's go take a look."

The two of them held hands and walked over to the others.

Everyone was at the edge of the island. They looked at the violent weather and the huge waves.

"Is the Dragon Gate about to appear?" Mr. Mule rushed over and asked.

Zu Long nodded, "It should be appearing."

"So many dragon race descendants... Are they all mixed blood?" Tian Guangming was shocked.

In this ocean region, numerous descendants appeared. Some flew, some ran on land, some swam in water. There were tens of thousands that surrounded the area 100 miles in each direction.

They were sure that this was the place.

Jin Wudi looked around, "Not only did the mixed-blood dragons come, but even some purebloods came."

"That old fire dragon is here." Dragon crocodile saw that old fire dragon that had scolded him.

From 100 miles away, the old fire dragon also noticed it. His gaze was ice cold.

Zu Long said, "He brought many of the mixed-bloods who paid resources to him to come leap over the dragon gate."

"I was wondering why he still came here even though he hated mixed bloods. One must know that this place is filled with mixed bloods." Dragon crocodile smiled in disdain.

Tian Guangming muttered, "He looks down on mixed-bloods but also wants to earn mixed-blood God Source. What a two-faced person..."

"That's right." Dragon crocodile nodded and said viciously.

“Great, the Dragon Gate is about to appear. Don’t worry about them. You only need to worry about them.” Jin Wudi shook his head. He sensed that under the ocean, a terrifying thing was about to appear.

*Hong long long!*

At that moment, a huge whirlpool appeared in the ocean. It had huge suction and those mixed-bloods underwater couldn’t avoid it and were swept up and ripped to pieces.

Those scenes made one stunned and everyone retreated far away.

*Hong long long!*

In the center of the whirlpool, a giant dragon gate slowly appeared.

Dragon crocodile and Zu Long were so emotional that they couldn’t describe it with words.

This was their opportunity.

## **Chapter 359: Nine Stage Dragon Gate**

There was a giant whirlpool that covered 100 miles. It gave off a majestic aura and anything around, be it fish or dragon race descendants, were all swept in.

In the middle, a Dragon Gate rose up, the size of which shocked everyone.

There were a total of 10 ancestral dragons surrounding it. All of them were different but their auras were huge. Even if they had died for tens of thousands of years but the aura was still terrifyingly shocking.

This was enough to stun everyone.

The size of the Dragon Gate attracted everyone’s gazes.

Seeing it rise up, some people couldn’t take it and wanted to be the first to enter.

But with a loud explosion, once they got close, a terrifying aura pressed down and turned them to dust.

Zu Long said in disdain, “The Dragon Gate hasn’t even totally appeared, so what is the rush?”

Dragon Gate rose into the sky and was 300 meters from the ground. With a loud explosion, a huge domain appeared below it. In the Dragon Gate Domain, the ocean continued to surge. That huge whirlpool was just unforgettable.

“What?” Dragon crocodile was stunned. He looked at the whirlpool and at the Dragon Gate, and a bitter expression appeared on his face.

“We have to enter the whirlpool and then leap over the Dragon Gate. Only by jumping across does it count.” Zu Long’s expression became solemn.

Everyone saw the whirlpool just now. Those who were weak were easily ripped to pieces.

Even if one’s cultivation was high, one couldn’t block it either. But since the whirlpool gave such huge pressure, how could they leap across it?

The Dragon Gate continued to show off its might. The 10 dragons around it were true bodies of dragon ancestors. They were huge. The Dragon Gate gathered 10 ancestral dragons and was unbelievably huge.

Nine worlds appeared behind it.

The worlds were blurry and one couldn’t see them completely from the outside. But one could sense that there were huge benefits inside.

“What is that?” Tian Guangming asked curiously.

The others didn’t know.

Jin Wudi said, “Those are the nine Dragon Gates. Once you jump across, you still need to continue. If you lack strength, you can only get buffed by one world. Although you will transform, the potential won’t reach a peak level.”

Zu Long nodded, “The fire dragon chief leaped across and crossed two worlds to become the chief.”

The fire dragon chief was his Father.

However, Zu Long wouldn’t admit that.

“That is really terrifying. Are there people who can cross all nine?” Tian Guangming asked.

“Yes but very little. One can say that once you cross all nine, you will become the top expert.” Jin Wudi added.

“The Dragon Gate seems to have stabilized.” Feng Jiuer suddenly said.

Everyone took a look. As expected after the nine worlds appeared, the Dragon Gate stabilized.

Everyone was tempted to make a move.

Zu Long and dragon crocodile weren't anxious. Anyway, the Dragon Gate was just there and it wouldn't disappear. They continued to observe it.

A dragon lizard couldn't take it. Its cultivation was not low and was at Boundless Realm. He charged into the whirlpool.

The ripping power of it was strong but someone at Boundless Realm could block it. But what happened next was unexpected.

The Boundless Realm dragon lizard leaped up after it stabilized its body in the whirlpool.

*Hong!*

After flying out for less than 10 meters, it fell down and smashed into the whirlpool, causing waves to splatter.

Everyone was stunned.

He was Boundless Realm!

That dragon lizard was Boundless Realm and it only jumped 10 meters up before falling?

“There is gravity. You can choose to give up on cultivation, solely relying on your body to block it. Then, jump over the gate and begin transforming your body.” Jin Wudi saw through it all and said.

“Rely on your body!” Zu Long and Dragon crocodile looked at one another. They were confident.

Jin Wudi said, “You can go try. I don't need you to leap across all nine stages. One is enough.”

Jin Wudi said that to five of his talented, well-behaved descendants.

After hearing Jin Wudi's words, they charged in. After stabilizing their bodies in the whirlpool, they started to leap.

As expected, one could only rely on their own body. There was a huge obstruction and one couldn't use cultivation at all. If one used it, one would be mercilessly shot down.

The first one leaped 100 meters before falling.

The second one jumped 200 meters before falling.

The third jumped 200 meters before falling.

The forth...

The fifth...

The outcome was the same. The highest one was only 200 meters and they didn't reach 300.

"Is it so difficult?" Tian Guangming was shocked.

These descendants of Jin Wudi were at Boundless Realm and had trained themselves for days in the Great Sun Furnace.

But they weren't good enough and hadn't reached the standard for even the first stage.

Jin Wudi sighed, "Leaping across the Dragon Gate will change one's life. How can one succeed so easily?"

Tian Guangming thought about it and felt that it made sense.

If it was so easy, then it wouldn't be worth it at all. A large number of people would succeed each time. How could so many people's destinies be changed by the Dragon Gate?

"The few who reached 200 meters can try again. Maybe you will succeed. As for that one at 100, you don't stand a chance." Jin Wudi said regretfully.

The difference between him and the other dragons was evident here.

His descendant's first jump was only 100 meters which meant that he would definitely not be able to succeed.

If Zu Long's father came, he would be furious. He would stare at him coldly and sweep him out of the family. He would say that Dragon Island didn't keep trash.

Jin Wudi was different. He didn't get angry and didn't think of exiling him. He just felt pity for him.

Such a chance was missed. It would be difficult to find other ways to change their lives.

But the one whose first jump was 100 meters wasn't willing to give up. He stubbornly gritted his teeth and tried.

He failed time after time!

His other brothers couldn't bear to look. It felt really terrible each time one smashed into the whirlpool after jumping.

But they didn't persuade him as they themselves were trying.

"There aren't many chances to change one's destiny. If you don't take the opportunity, it might not come again." Jin Wudi said. He told dragon crocodile and Zu Long to try too.

Dragon crocodile and Zu Long took in a deep breath and firmly walked down.

Not only them, but many other dragon race descendants headed down. They transformed into their main bodies in an attempt to leap across.

But currently, no one succeeded at all.

Dragon crocodile's body was 100 feet. The moment he jumped in, the huge ripping power had little to no effect on him.

Dragon crocodile was prepared to try because he saw Jin Wudi's descendants, who failed time and time again but still kept on trying.

### **Chapter 360: Can I Let You Leave?**

Hong!

Each time one fell down, there was a huge commotion, making one grit one's teeth from pain. The muscles on one's body twitched in an unnatural manner.

But he still didn't give up and persisted. He gritted his teeth and tried his best to jump.

Dragon Crocodile didn't know what he was called. He was a flood dragon. He relied on his stubbornness and resilience.

The first time he jumped 100 meters.

This was the 20th time and he finally reached 200 meters. He was really determined and even though he had injuries all over his body, he was still persisting.

On the 21st jump, his body started to bleed and he broke many bones, but he still wasn't going to give up.

"You will die if you continue." Dragon Crocodile got close and said.

"Death can change one's fate. I am not willing to be a flood dragon for my whole life." This flood dragon gritted his teeth and leaped with all his strength.

This time, he jumped really high.

It was indeed high.

250 meters.

It was just 50 meters from the end.

50 meters... This distance filled him with despair. He knew that he couldn't jump so high.

He slowly landed. When he reached the peak, he looked at the Dragon Gate and hollered sadly. He really wasn't willing!

When Dragon Crocodile saw this, he suddenly recalled the days of his youth. He fought alone and was really stubborn.

Wasn't he similar to the flood dragon who was trying to jump through the Dragon Gate.

The other four brothers were amassing strength and waiting for their final jumps. Only he found it impossible to succeed by amassing strength. He could only rely on his determination

That determination dissipated and he didn't have much time left.

He was now covered in both internal and external injuries. Within the Dragon Gate domain, one couldn't use True Qi at all and only used one's physical body. But when one's body had been smashed so many times, of course, he had many injuries.

"Kong!" Dragon Crocodile roared in rage. He swung his tail and flew up.

"Come, I will bring you in." Along the way, Dragon Crocodile grabbed Flood Dragon's tail, bringing him across the final 50 meters.

Everyone was stunned.

Right, this 300 meters was an unsurpassable obstacle for many. But to Dragon Crocodile, he could easily jump 300 meters without much effort.

He even brought Flood Dragon together with him along the way.

One could say that Dragon Crocodile sent Flood Dragon into the first stage.

Flood Dragon looked at Dragon Crocodile. He was both shocked and grateful and didn't know what to say.

"Strengthen yourself. Your injuries are quite heavy." That was all Dragon Crocodile said. He didn't even turn his head and continued forwards.

The first stage wasn't his goal.

Dragon Crocodile's goal was the ninth stage.

Many of the mixed-blood dragon descendants below were envious. This was just too lucky. He jumped across the Dragon Gate just like that?

Envy, hate, jealousy!

Most of their eyes turned purple but they had no choice and could only leap across themselves.

Zu Long smiled, "Since you have already crossed it, then I can't fall behind."

Zu Long looked at Jin Wudi's four descendants and asked, "Do you need my help?"

The four of them were confident and rejected Zu Long, telling him that they would rely on their own strengths.

Zu Long saw this and didn't say anything else. He leaped!

Hong long long!

300 meters couldn't be crossed by many.

Most people jumped extremely slowly but Zu Long was like lightning. With the sound of an arrow, he immediately crossed 300 meters.

Zu Long didn't stay in the first stage. His goal was similar to Dragon Gate, the ninth stage.

Hong long long!

When one crossed the Dragon Gate worlds, the pressure became heavier and heavier, not only on the body but also on the soul. Various demons, desires, and souls came to tempt them which caused the people to slow down.

Fortunately, Zu Long and Dragon Crocodile's goal was firm and they weren't affected at all. They proceeded forwards one after another.

Things continued.

Many of them succeeded but most of them were only at the first stage.

For example, Flood Dragon, who Dragon crocodile brought in. He activated his hidden bloodline and transformed into a golden dragon. He roared and was extremely excited. He was even bragging, attracting looks of envy from many around.

He transformed into a golden dragon from a flood dragon.

Everyone personally witnessed it and was tempted to leap across. But most of them weren't able to.

A large portion of them couldn't and only a few succeeded.

Tens of thousands of people came from the various worlds. They got news and bought maps, using world grade teleportation formations to come here.

But this chance was even harder to get than they thought.

Apart from Dragon Crocodile and Zu Long who proceeded forwards, the next highest person reached stage three before stopping.

Stage three... If he was lucky, he could become a chief.

One could imagine how much attention Dragon Crocodile and Zu Long attracted.

One of them was at stage seven and one was at stage six.

They continued forwards, maintaining a steady speed. The pressure was like a mountain but they gritted their teeth and persisted on.

When the Emperor Realm fire dragon saw this, he couldn't believe his own eyes. He said in disbelief, "How did this happen? How can those two mixed blood things get so deep?"

He was enemies with the two of them.

Even if they didn't continue and came out from stage six and seven, they were still terrifying.

At that moment, the old fire dragon wanted to flee.

An Emperor Realm old fire dragon was actually terrified by the two mixed bloods. He felt embarrassed.

But he had no choice. Zu Long and Dragon crocodile were just too strong. They suppressed all the other mixed bloods and continued forwards.

The old fire dragon took a look and his heart jumped.

Dragon Crocodile actually entered stage eight.

Moreover, Zu Long entered stage seven.

The two of them continued at a stable speed, not fast nor slow. In everyone's eyes, they were like gods.

At that moment, no one else leaped. All of them paid attention to Zu Long and Dragon Crocodile. Which stage could they enter?

Could they both reach stage nine?

When Tian Guangming saw this, he said emotionally, "Are they going to transform?"

Mr. Mule and the others cheered Zu Long and Dragon Crocodile on. They looked on nervously.

Jin Wudi nodded and laughed out loud, "Not bad, they did it. Stage nine is not easy to get to and now two of them appeared at once. Really amazing."

Jin Wudi laughed out loud as he looked at someone in particular from the corner of his eye.

That old Emperor Realm fire dragon...

He was retreating. He actually wanted to flee.

Jin Wudi laughed coldly, "Do you think I will let you go?"
