### Chapter 51: I Want To Go Down

Heaven and Earth Flame was also known as the Void Flame, flames that came from the void!

The void referred to the deepest areas in the world, flames that had no source at all!

The Heaven and Earth Flames came out from there!

The flames in the huge cracks in the ground were exactly those!

The Heaven and Earth Flame were really strong; even someone at the Saint Realm wouldn't be able to totally ignore them!

Moreover, apart from Long Haishou, the other three of them weren't at the Saint Realm!

Of course, Battle Angel Michael was fine as he was really knowledgeable and he had many ways to block it!

But he still said that he wouldn't go!

This was because of the fact that the cracks alone had so many flames. It was definitely a flame ocean below!

An ocean of flames was burning and the Ancient Dragon Tomb was below all of this; this was just too dangerous!

Long Haishou admitted, "It is dangerous but this is also the reason why it hasn't been noticed till now. If not for my Ancient Bloodline, I wouldn't have been able to find this place."

"Grandfather, are you really going down?" Long Xun said with worry.

The area around was brown, dark black, scorching black, it was really terrifying.

The Heaven and Earth Flame jumped, each flame had a life of its own and seemed really terrifying and vicious.

This was only the tip of the iceberg; below this, there were even more terrifying things.

The moment Long Xun had such a thought, he stopped and didn't want to think more.

Long Haishou said softly, "If you don't go, then help us guard from above."  
He would definitely go down but he wouldn't force his granddaughter to do so.  
Tian Guangming and Michael exchanged glances. Michael frowned, this was just too dangerous.

"Please ask the Master!" Tian Guangming said.

"Heaven and Earth Battlefield and Dali Land are so far away, can you contact Master like this?" Michael said in shock.

Tian Guangming was gleeful, "Just this and I know that you didn't study the Sword Energy that Master gave!"

Michael blinked, he really didn't analyze and study the Sword Energy.

He just treated it as a way to make Li Xiandao feel happy.

He kept the Sword Energy and placed it around his chest, not studying it at all.

Tian Guangming was different, he wasn't directly under Li Xiandao but he really wanted to be.

What did that mean?

He wanted to be like Battle Angel Michael and Archangel Gabriel to serve by Li Xiandao forever.

This was why Tian Guangming paid a lot of attention to Li Xiandao's Sword Energy. When they rushed, when they were resting, even when they were having meals, he was studying them.

He really analyzed something.

The Sword Energy contained Li Xiandao's aura, he could use the Sword Energy to contact Li Xiandao.

Michael heard what Tian Guangming said and he was shocked, he actually didn't know that Tian Guangming was so sharp, to actually trust Master so much.

After reflecting on himself, Michael used this Sword Energy to contact Li Xiandao.

...

In the Bank of the Universe, Li Xiandao, Seven, and Heaven Heart were discussing how to build the bank.

They suddenly received Michael's voice. Li Xiandao waved his sleeves and scenes appeared in the air. Michael and Tian Guangming appeared on it.

"Greetings Master!" The two of them said respectfully.

Li Xiandao wore a gold mask and nodded, "Why are you all looking for me?"

Seven and Heaven Heart looked on quietly from the side.

"Master look, this is the place of the Ancient Dragon Tomb. Beneath this sea of flames, there are too many dangerous elements." Michael transmitted the scenes over and what was revealed were scenes of the end of the world.

Seven and Heaven Heart looked on in shock.

Those scenes were really terrifying!

Who knew how much distance it covered? There were cracks and flames all over, there were no signs of life, and there were only flames wiping out everything.

"Mater, there is definitely a treasure here. The Ancient Dragon Tomb is really too important to us now." Seven expressed her opinion.

She felt like the Bank of the Universe had nothing now.

They had to get this Ancient Dragon Tomb and things would accelerate. They would obtain many tradeable things and they could develop more swiftly.

When that happened, they didn't need to be too slow and careful in Dali Land.

Heaven Heart nodded, "Sir, to us now, any Ancient Treasure is just too precious."

Li Xiandao said to Michael, "Each one of you has the Sword Energy that I gave, so there is no need to be afraid of the flames. If you face any danger, then activate it and I will help you!"

When Michael got the order, he said firmly, "Yes Master!"

"Remember, this Dragon Tomb is extremely important for our future development, and we have to take it down." Li Xiandao said solemnly.

Michael remembered that and insured, "Don't worry Master, I will bring the Ancient Dragon Tomb back."

Li Xiandao nodded his head in satisfaction and waved his sleeves, the communication ended.

...

Tian Guangming said towards Michael, "Since Master spoke, then let's go down."

Michael, who was still hesitating before this, nodded his head firmly and said towards Long Haishou, "You know how to get down?"

Long Haishou said, "I know, it is also quite convenient. Just land in the largest valley and go against the flames and walk to the depths."

Michael said right away, "Then, let's not waste time and hurry down."

"You two are not going?" Long Haishou hesitated and looked towards Tian Guangming.

Tian Guangming was annoyed, "What does that mean? You are looking down on me?"

These words weren't to doubt Michael, then it meant that they were doubting Tian Guangming!

Right, I am weak, I have just entered Heaven Essence Realm, but I am not totally useless.

I have Sword Energy that Master gave me, so don't treat me like trash, okay?

I am much more useful than trash!

Tian Guangming thought about it in rage.

Long Haishou apologized right away, "It isn't that I am looking down on you, it is just that this is really dangerous. You should just wait up here with my granddaughter!"

Tian Guangming shook his head and said casually, "Only girls will wait up there!"

Shua!

Long Xun stared viciously at Tian Guangming, "Uncle, who are you referring to?"

Tian Guangming waved his hand and said, "I am not talking about you, I was just casually saying. You helping us keep a lookout above, not bad, we will be safe."

Long Xun smiled and looked towards Tian Guangming unhappily, "So, you are saying that I am afraid of dying and that I don't dare to take risks?"

Tian Guangming was stunned. He felt like he was right, so how could he offend Long Xun, "It is safe above."

Without Li Xiandao's Sword Energy, Tian Guangming wouldn't dare to go too.

But Long Xun felt like Tian Guangming was dissing her, so she said angrily, "You dare to go down with such little cultivation. I am much stronger than you, so why won't I dare to head down?"

Tian Guangming was annoyed. She said he had low cultivation once more... Was his lower than her's?

## **Chapter 52: The Flame King**

Long Haishou said solemnly, "This Heaven and Earth Flame is not a joke, even I won't be able to protect you. You stay above."

Long Xun hesitated, but in the end, she was still afraid of dying.

Battle Angel Michael said, "It is okay, I have Master's Sword Energy, so there is no need to be afraid. Master just said that I needed to activate the Sword Energy."

Long Xun looked on curiously, "Even if the Sword Energy is strong and has great killing ability, it can't protect us from the Heaven and Earth Flames right?"

Tian Guangming said with disdain, "What do you know? Since Master said that, then it definitely can."

"Hehe!" Long Xun laughed but didn't say anything.

She believed that Li Xiandao's Sword Energy was strong, but it seemed impossible to protect them in this flame world.

Tian Guangming was infuriated. He took out the Sword Energy and activated it right away!

Keng keng keng!

The Sword Energy was like threads that spread about, and many people felt a cold sensation on their skin, like it was going to be sliced apart in the next moment.

Long Haishou said solemnly, "This Sword Energy is really terrifying. Even I am unable to sense how strong it is!"

Tian Guangming said gleefully, "Of course, this is my Master!"

Long Xun looked on in shock but he didn't change his thoughts.

The Sword Energy formed a human in front of them, Li Xiandao!

This image was different from an actual body. After all, it was formed from Sword Energy, but it was still extremely strong.

“Greetings Master!” Michael and Tian Guangming knelt down and spoke respectfully.

Even the Li Xiandao that was formed from Sword Energy wore a mask. His eyes were deep and he waved his hands, “Stand up, is this the place that the Ancient Dragon Tomb is buried?”

Li Xiandao turned around and looked at the many cracks. Flames blazed here and seemed really terrifying.

Although he had seen it once, the scenes from the broadcast were totally different from actually seeing it for himself!

Long Haishou walked up and said respectfully, “Ancient Dragon Tomb is inside. No one has found it as it is too dangerous, there are no one signs of people here at all.”

Li Xiandao nodded his head in satisfaction, “Since that is the case, then go in as soon as possible and take the tomb. This Sword Energy won’t be able to last for many days,”

“It is really dangerous below!” Long Haishou said right away.

Li Xiandao didn’t mind, “With me here, there is no danger at all.”

Long Haishou was shocked. He looked at the domineering Li Xiandao and didn’t say a word.

Li Xiandao waved his sleeves, a Sword Energy wrapped up the four of them and he directly headed towards the depths of the flames.

Putong!

Like one jumping into an ocean, all the flames turned into magma and the bunch of them followed.

Li Xiandao took the lead, like a sharp sword he slashed apart the magma. In his eyes, the rumbling magma was nothing much.

Long Haishou and Long Xun behind him were truly shocked.

The Heaven and Earth Flames were so terrifying and even Saints didn’t dare to charge like that. Li Xiandao used his own strength and led the four of them to advance in such a place.

Long Xun’s body was wrapped in Sword Energy, the moment the magma touched it, it would be slashed.

Right, slashed!

The magma was slashed, why did it sound so weird?

But Long Xun witnessed personally that the magma was being slashed in front of her eyes.

Such that the magma just avoided them and didn't dare to come close.

Explosion!

The magma world was extremely terrifying, the rumbling magma was like a thunder world, giving off a loud sound.

But Li Xiandao and the others weren't affected at all.

Long Haishou helped lead the way for Li Xiandao, following his Ancient Bloodline to sense the exact position of the Ancient Dragon Tomb.

"Close, we are getting close to the core." Long Haishou said joyfully.

He thought that this would be the most dangerous stretch, but who knew that it would be the easiest for them?

They faced no obstructions at all, the flames and magma weren't able to take a single blow from Li Xiandao.

His strength truly shocked Long Haishou, who thought it was really unbelievable.

Maybe this was how strong he was!

Suddenly!

Li Xiandao, who was dashing non-stop, suddenly stopped in his tracks.

The four behind him stopped too.

"Bank Owner, why did you stop? It is not far away and will take a few minutes!" Long Haishou asked.

Li Xiandao looked forwards with his arms behind his back. The Sword Energy around him forced the flames to retreat, not allowing them to get close at all.

"There is something in front!" Li Xiandao said calmly.

\* Something?\*

Michael, Tian Guangming, Long Haishou, and Long Xun stared directly ahead.

Apart from flames and magma, there was nothing.

“Master, there are only flames!” Tian Guangming said with a weird expression.

“There are living beings in the flames and magma that are waiting to ambush us.” Li Xiandao said. He pointed forward like he was holding out a sword.

\* Keng!\*

Sword Energy shot out along the flames. It was really terrifying.

This Sword Energy sliced into a ball of flames.

\* Aang!\*

A scream reverberated in this flame world.

“Human, you actually sensed my disguise. I hid so well, so how did you find me?” A rumbling voice rang out and a giant flame giant appeared in front of them.

So the flames and magma were all fake; they were all a portion of the Flame Giant.

Once they headed in, then what awaited them was a trap.

Thinking about this, Michael and Tian Guangming were terrified.

Luckily, Li Xiandao saw through it.

“Flame Giant, why didn’t I guess that? Anyway, a Flame Baby is quite cute.” Li Xiandao laughed.

“Damn human, you actually dare to insult the King of Flames, I will burn you all into ashes!” King of Flames raged, he stepped forwards and punched down.

His fist was like that of a mountain, it was huge and brought down with it numerous pieces of magma. It was just like rain that was a mixture of flames and magma.

Li Xiandao pulled with his arms and Sword Energy appeared in both. He crossed them and slashed down.

“Cross Sword!” Li Xiandao said coldly.

This was a move from Big River Sword Energy. In the hands of normal people, it was an average attack, but in Li Xiandao’s hands, it was extremely strong.

Cross Swords, intersecting one another and exploding forwards. It directly slashed King of Flames’s fist.

No...

The Flame Giant roared out in rage but the roar was filled with passiveness. It was frightened by Li Xiandao.

Such that after its roar, its body exploded, turning into numerous flames which scattered all about to avoid Li Xiandao.

But Li Xiandao laughed coldly, "You sneak attacked me and still want to flee?" Keng!

A thread of Sword Energy pointed at the core of the Flame Giant. It ignored the other flames, stabbing right to the ground and pinning the King of Flames to the spot.

### **Chapter 53: Flame Pallbearer**

King of Flames was pinned to the ground and didn't move at all. The magma splattered all around and all the flames gathered over and stuck to the core.

The true King of Flames appeared.

Li Xiandao looked on calmly and said, "You are a little special, able to turn to nothing and as long as your core escapes, you will be able to revive. This place doesn't lack flames at all, so you are pretty much immortal!"

King of Flames said in a dejected manner, "Even like this, you were still able to find me, how did you know where my core was?"

"This is because I am stronger than you, you are too weak!" Li Xiandao said truthfully.

King of Flames opened his mouth and he didn't know what to say.

"Why did you all enter this Flame World?" King of Flames asked.

"Ancient Dragon Tomb!" Li Xiandao said right away.

"So you came for the Ancient Dragon Race tomb, you should have said that. It is in front, you can just head over, release me." King of Flames begged.

“In this Flame World, apart from you, are there other living beings?” Li Xiandao asked curiously.

Tian Guangming and the others were really curious. Under the protection of the Sword Energy, they looked on quietly.

“No, just me. I am born from this place, nurtured after numerous years. In this world, no flames will be able to harm me. Instead, they are my most delicious food. I have been eating and drinking here and have slowly become stronger.” King of Flames said truthfully.

Although it was strong, because it had always been stuck here and had little contact with the outside world, it called itself the King of Flames and was the ruler of this land.

“Have you seen other humans?” Li Xiandao asked.

“Yes, they were just unlucky or came here to try to absorb the Heaven and Earth Flames. Without exception, they all died. The flames here are really strong. Those people were asking to die and after entering they couldn’t hold on for even a moment. I absorbed their memories of death and understood this world.” King of Flames said truthfully. There was still one of Li Xiandao’s Sword Energy at his core area, so he didn’t dare to have other thoughts.

“Since you know that there is an Ancient Dragon Tomb here, have you investigated it before?” Long Haishou was curious and asked.

Li Xiandao also wanted to know.

King of Flames could only be honest, “A Dragon Soul is guarding it, so I can’t enter.”

If he could, then he would have entered long ago; why would he have waited till now?

“Dragon Soul, is it really strong?” Li Xiandao asked solemnly.

It wasn’t his main body but just a bit of his Sword Energy.

“It is still okay and isn’t too strong. That Ancient Dragon Tomb has the Dragon Souls of many Hellfire Dragons and when they worked together to suppress me, there is nothing I can do!” King of Flames was quite depressed when he talked about this.

“Since that is the case, then you lead the way, let’s go together. After we take over the Ancient Dragon Tomb, we will release you.” Li Xiandao thought about it.

King of Flames was unwilling but his life was in Li Xiandao’s hands, so he had no choice. He could only rush over unhappily and occasionally he would accelerate to ditch Li Xiandao.

But no matter how fast it was, in front of Li Xiandao, it was still really slow and Li Xiandao just casually chased after it.

King of Flames took a look and realized it was unable to ditch Li Xiandao. It was dejected; this was the first time it took a loss in its Flame World.

Shortly after, Li Xiandao saw a giant tomb!

There was not much difference between Hellfire Dragon Race tombs and humans'; the only thing was that it was huge!

The Hellfire Dragon Race used flames as a coffin, which wrapped around their corpses. The Hellfire Dragon Race, itself, used fire as its foundations. In this Flame World, the flames would burn their corpses constantly such that they wouldn't rot and would exist eternally.

Their remaining souls would absorb the power of the Flame World and maintain their remaining aura.

This was the reason why the King of Flames couldn't enter.

Long Haishou looked at the many giant tombs and exclaimed, "This Dragon Tomb is huge."

Hellfire Dragon Race is one of the branches of the Ancient Dragon Race. It is really strong and has flames that can wipe out heaven and earth. Their bodies were huge, scales were like magma and they looked really vicious and terrifying. Their combat strength was really strong too.

The strength of the Hellfire Dragon Race was in their desire to fight; when they fought, they didn't rest until they won.

Maybe it was the Fire Dragon personality, so the Hellfire Dragon Race was really hot-tempered and also loved to keep treasures. This was why their reputation was so bad among the Ancient Dragon Race.

Battle Angel Michael said, "These Dragon Tombs are huge, and even after many years passed they are still really majestic."

"There are definitely many treasures within." Tian Guangming's eyes shone.

Many tombs were placed in the Flame World and there were Dragon Souls wrapped around. Li Xiandao got close and heard the sound of dragon roars that were filled with rage and impulsiveness.

It was as if they were warning Li Xiandao not to get close.

But Li Xiandao scoffed coldly and stepped out. He ignored the dragon aura, coming to the front of the tomb and opened one of the coffins.

An overbearing dragon corpse that was brimming with life laid within.

Around it was a giant God Spirit Meridian that was around the size of the corpse.

This was a Fire element God Spirit Meridian. After many years, it absorbed the essence of the world. Not only did it not lose its main source, but it even evolved and became an elite Spirit Meridian.

This God Spirit Meridian was as good as 10 Dali Land's God Spirit Meridians.

Not only that, but there were other treasures around the corpse. Dragon Race loved to collect treasures and after death, they would bury them together with the bodies.

Magical Treasures, precious treasures, supreme treasures... When Li Xiandao saw all these, his first thought was...

\* Rich!\*

The Bank of the Universe had little to nothing that they could trade. If they followed his current development speed, it would just be too slow. But with all this, they could increase their trade to a large extent.

Just one tomb had all these. There were 30 here, so that was just a huge treasure trove!

The Dragon Tomb was so huge, so how are we going to move them away? Li Xiandao thought about it.

His main body didn't come and this was only Sword Energy; he couldn't shift the 30 tombs away.

For some reason, he looked at the King of Flames!

King of Flames was huge and in the Flame World, it could randomly change its size.

"Why are you looking at me?" King of Flames looked at Li Xiandao in rage.

"Help me move the tombs and send it to the ground. I will give you a fortuitous encounter!" Li Xiandao smiled.

King of Flames shook his head without thinking, "No, I am the King of Flames, not a worker!"

Li Xiandao smiled, "Your core does have a Sword Energy of mine!"

King of Flames stared at Li Xiandao in rage, "Are you threatening me?"

"Move these tombs and I will take the Sword Energy away!" Li Xiandao smiled.

\*Scoff\* "I agree!" King of Flames nodded his head viciously.

## **Chapter 54: Soul-Locking Tree!**

King of Flames used the unlimited flames to carry all the Dragon Tombs out.

It wasn't tough for it, and if not for the Dragon Soul suppressing, it would have done so long ago.

Now, the Dragon Souls were suppressed by Li Xiandao. Alone, they weren't as strong as the King of Flames, but together, they could suppress it.

It was useless against Li Xiandao and he easily suppressed them.

Li Xiandao kept 30 Dragon Souls and suppressed them together on Michael's body. He told him to bring it back to the Bank of the Universe.

Explosion!

30 Dragon tombs moved together, making a loud commotion. With King of Flames's help, it became much simpler.

Otherwise, with just Long Haishou and the three of them, it would have been a huge problem carrying it up, much less shipping it out.

Within the Heaven and Earth Battlefield, the area above the flames started to shake.

\* Dong dong dong!\*

The rumbling magma exploded out like a volcano. It spat out large amounts of flames, which caused the ground to burn.

Then, the 30 tombs were all lifted out!

Each tomb was 1,000 meters long, and the main one was 10,000 meters.

The Dragon Tomb was so huge; Battle Angel Michael was baffled about how to move it out.

“I have a treasure that can store many things.” Long Haishou took out a mirror-like treasure.

The mirror shone and the Dragon Tombs were kept in the treasure.

The tombs which had no Dragon Souls interrupting posed no threat at all and were kept quickly.

When Li Xiandao saw these scenes, he nodded his head with satisfaction. He looked at the King of Flames, “I will help you clear that Sword Energy and I will give you something. If you are lonely and don’t want to stay in the Flame World, then shatter it. You will come to see me!”

Li Xiandao passed King of Flames a red watch which was the same as giving it a chance.

Would it grab that chance?

It depended on it. If it was used to being in that world and didn’t want to come out, then forget it.

The Li Xiandao that was formed from Sword Energy slowly scattered. Tian Guangming’s Sword Energy had used up all its energy.

King of Flames took the red watch and who knew what it recalled? It was stunned and slowly headed back into the Flame World.

Battle Angel Michael didn’t worry about it and said, “Now, that we have it, we need to leave this place and head back to Dali Land.”

Long Haishou and the others had nothing to say and immediately headed back.

It was another month-long journey. Li Xiandao was too lazy to care and didn't observe them.

...

Dali Land, within the Bank of the Universe, Li Xiandao was elated. "The Ancient Dragon Tomb has many treasures. I also found God Spirit Meridians within. That one is so unbelievably thick; if we get it, I will be able to redeem the Ten Thousand Country Book Depository."

Ten Thousand Country Book Depository, it was said to have collected the books of 10,000 empires. There was a huge variety of books which would be of great help to Li Xiandao.

He wanted to redeem it but didn't succeed as he had no God Spirit Meridians.

Now, with what Tian Guangming and Michael took from the Ancient Dragon Tomb, Li Xiandao had a chance.

As long as they brought the tomb back, Li Xiandao could open the Ten Thousand Country Book Depository.

Seven smiled, "Congratulations Master, if Ten Thousand Country Book Depository is opened, then Bank of the Universe's permission level will recover a little. If this goes on, we will be able to develop not only in Dali Land, but also on the outside."

Li Xiandao laid comfortably on the chair and said, "This Long Haishou is decent; at least he really brought me an Ancient Dragon Tomb."

Seven said, "Master, once we get the many treasures from the tomb, we can expand outwards. Before that, we need to clear some debts in Dali Land."

Li Xiandao nodded his head, "Bring over all the large scale debts in Dali Land."

When he cleared the contracts, he cleared many related to Dali Land.

He passed the trash contracts to Archangel Gabriel, doing a good job, and was on the way back now.

Now, a large portion of the debtors weren't in this world.

,000 years of time was a really long time, many people would fall on this path and as such the contracts they signed wouldn't be in effect.

It was the same as all the things he gave them being for nothing.

Of course, Li Xiandao could understand all of that. It was impossible to not have any risk at all when signing contracts.

This was why although he felt heartpained, Li Xiandao tore all these contracts.

Cultivation was like rowing a boat against the current. If one was not careful, one could fall into the ocean and be eaten by the sharks.

Once Li Xiandao and Seven dealt with all of them, he realized that there were only five contracts that could be collected.

In the huge Dali Land, only five remained. One could see how many people had died during the 10,000 years.

Seven sighed, "It has been like that since ancient times. Cultivation has always been the newbies laughing and the old people crying. Walking would be like becoming emperor, there would only be one winner."

Li Xiandao nodded but he was unable to relate.

That was because in 500 years he finished things that people would never be able to do in their whole lives.

"In these five contracts, they all borrowed things from us and didn't return them." Li Xiandao said calmly.

“Based on the strength of them, from Ten Thousand Monster Valley to Hundred Flower Holy Land, Mingde College, Ten Thousand Buddha Temple, Diandao Sect!” Seven read them one by one.

“Wait, Hundred Flower Holy Land!” Li Xiandao frowned and felt interested. He had come into contact with Hundred Flower Holy Land before.

He took that contract and he realized that 10,000 years ago, the Sect Leader of Hundred Flower Holy Land borrowed a treasure, Soul Locking Tree!

The agreement was that they would return 10,000 years later, but the Hundred Flower Holy Land Sect Leader didn’t reveal any information, so it was obvious he wasn’t planning to pay it back.

“What kind of treasure is that Soul Locking Tree?” Li Xiandao asked.

Li Xiandao had not seen anything from 10,000 years ago.

But he guessed something.

“Soul Locking Tree, as the name suggests, is a tree that locks souls. Once you lock onto it, then you won’t be able to take it away for the rest of your life.” Seven explained.

“But I don’t understand; why would one lock a complete soul?”

“One must know that once the Soul Locking Tree locks the soul, then the soul won’t be complete.” Seven said in confusion.

“Can one decide to only lock a certain aspect of one’s soul?” Li Xiandao asked.

“Yes, but there is no point. A complete soul is the best; if it is incomplete, then it won’t be perfect.” Seven emphasized.

“I think I know why they do that.” Li Xiandao nodded and smiled.

## **Chapter 55: Feelings Wrapping Around Soul-Locking Tree**

What is Hundred Flower Holy Land famous for?

A bunch of women who didn't care about worldly desires!

The moment they entered, they were destined to not have any men in their lives!

None of Hundred Flower Holy Land's disciples married. They entered Hundred Flower Holy Land, and to improve, they had to cut off desires. The only thing in their hearts would be their cultivation, and they would only think about the Holy Land.

But how could one restrict all the female disciples?

,000 years ago, the Hundred Flower Holy Land Sect Leader entered the Bank of the Universe. He didn't want anything but the Soul Locking Tree.

The price she paid was all the treasures in the Hundred Flower Holy Land's vault, so that he could buy the Soul Locking Tree.

But in the period of time after she signed the contract, the Bank of the Universe faced a huge problem; their last Master had died and their funding was cut off. Most things were placed as collateral and were sealed until now.

Hundred Flower Holy Land's Sect Leader saw that the Bank of the Universe faced trouble and was tempted. She backed out and after getting the tree, she wasn't willing to give away all the treasures in their vault.

This delay lasted 10,000 years!

,000 years later, Hundred Flower Holy Land still stood tall in Dali Land and was termed the Goddess Sect.

This meant that the disciples in Hundred Flower Holy Land were all so beautiful that they looked like goddesses. Moreover, their core disciples wouldn't concern themselves with men at all.

This was also why Hundred Flower Holy Land's current Goddess and the fox's relationship resulted in them being chased by the Hundred Flower Holy Land Elders.

This was because, during these 10,000 years, Hundred Flower Holy Land established a good reputation for itself. All of this was ruined by the current Goddess.

Li Xiandao spoke his conjecture aloud.

Seven nodded her head, "That is right, it must be the case. Soul Locking Tree does have the ability and the more souls it locks, the stronger it becomes. In the past, the tree was just half a meter, but now it is a tree that almost covers the sky."

Li Xiandao laughed coldly, "Taking the Bank of the Universe's Soul Locking Tree and setting rules for their own disciples to not let them date... How preposterous."

If the Hundred Flower Holy Land gave them all the treasures in the treasury, then the Soul Locking Tree would be hers. But now, she broke the contract, so Li Xiandao would follow the rules.

Li Xiandao would take everything in the vault and the Soul Locking Tree still belonged to the Bank of the Universe.

"I don't understand. Hundred Flower Holy Land didn't have the rule before that disciples had to cut themselves off from love, but why did they suddenly set that rule up 10,000 years ago?" Seven shook her head.

"I don't know too, but it is okay. Let Heaven Heart take a trip and deal with this debt." Li Xiandao clapped his hands and called the monk.

"Sir, why are you looking for me?" A handsome young monk said.

Li Xiandao passed the Hundred Flower Holy Land contract to him and said, "You are in charge of this."

"Soul Locking Tree?" Heaven Heart frowned. Although he was a monk and wouldn't have any feelings, he still knew that it was normal for girls and guys to love one another. Even monks volunteered to shelve such feelings and it wasn't forced.

"Take it back and also take all their treasures in their vault." Li Xiandao said calmly.

Heaven Heart nodded, "I will go right away."

Li Xiandao waved his hand and Heaven Heart disappeared from the Bank of the Universe.

...

Spirit Illusion Holy Land's 10,000 mountains were still totally silent. Since Li Xiandao started killing here and disbanded the Spirit Illusion Holy Land, this area became empty and no one dared to stick around.

The outside world spread a rumor that on the ruins of Spirit Illusion Holy Land there lived a terrifying demon who had a Celestial Artifact. He was invincible and killed without blinking.

Those rumors strengthened his name and so many people didn't dare to enter this place.

Maybe people would walk around the outside but they didn't dare to go deep in.

\* Shua!\*

Heaven Heart appeared here and looked around. After confirming the direction, he rose up into the air.

There was still a distance from Hundred Flower Holy Land from Spirit Illusion Holy Land.

Of course with his speed, it wasn't far. He was one of the top few experts on Dali Land.

...

Hundred Flower Holy Land was located in a region with many blooming flowers. There was extremely beautiful scenery there, top beauties, and goddesses who fell from the heavens. Even if emperors entered Hundred Flower Holy Land, they would be tempted by all the girls.

But unfortunately, no one succeeded.

Hundred Flower Holy Land had been quite unstable recently. Their Goddess, their Goddess of this generation fell in love with someone from the Fox Race and betrayed the Holy Land. She did those things that she shouldn't have done and even had a kid...

They married just like that!

This infuriated all the Elders in Hundred Flower Holy Land who had cut off their desires.

The Goddess who they had their hopes on!

The Goddess who they nurtured and developed!

The Goddess who they all thought was perfect!

The fairy-like Goddess, who had the highest talent, and was also the most beautiful. The Goddess, who didn't care about guys since young, actually married a disciple of the Fox Race!

This was a huge slap to their faces.

The moment they found out, the Sect Leader furiously smacked her own chest in hatred.

They thought that the Goddess was well behaved and that if they took away her feelings they would end up wasting a lot of potential.

This was why they decided to take her feelings and relationship away after she broke through.

Who knew that during that period of time, calamity struck. On one trip out, she met Wu Tianyu and went through a series of things. She fell in love with Wu Tianyu.

After she broke through, Hundred Flower Holy Land wanted to cut off her feelings but she rejected it. She also used an excuse to escape from Hundred Flower Holy Land.

Just like that, a year passed. Their Goddess gave birth to a child and she was the Nine-Tailed Sky Fox of the Fox Race. That angered even more Hundred Flower Holy Land people.

Last time, Bai Hua Cao was killed and that infuriated them. They went around searching for her but they didn't gain anything.

During these few days, Hundred Flower Holy Land gathered all their inner sect disciples.

To avoid such things from happening again, they cut off the feelings of all their disciples to prevent such insulting things from happening once more.

A giant black tree bloomed in the core area of Hundred Flower Holy Land. On this tree, the leaves and branches were soft and smooth, its black trunk had many threads of feelings imprinted on it and the dirt that the tree was rooted in was unusually white and pure.

This was the Soul Locking Tree. The small seedling was now a giant tree. After 10,000 years, who knew how many female feelings it absorbed?

Added together, they became nutrients that allowed the Soul Locking Tree to grow. This was the supreme treasure of Hundred Flower Holy Land.

On this day, hundreds of disciples stood within Hundred Flower Holy Land. Hundreds of elders and 3,000 disciples were lined up all around.

All of them were female!

There were no males at all!

The Yin Energy was too heavy, and when Heaven Heart, who just arrived at the entrance, looked into the sky, there was a black sinister patch that looked really terrifying.

“This Yin Energy is too thick, something will happen.” Heaven Heart muttered.

### **Chapter 56: Bit Of Green Among Bunch Of Flowers!**

The current Heads of the Hundred Flower Holy Land was a mature woman, her body was alluring and really proportionate. She was a top specimen!

Hua Qiluo was the Head of this generation for Hundred Flower Holy Land, her cultivation was really strong, and she was at Holy Lord level of strength!

In the past, she didn't appear often, but this was a huge matter, so she had to attend.

At this moment, her face was really cold.

Maybe, she was really angry about the betrayal!

The Hundred Flower Holy Land Goddess was her disciple, her personal disciple, and her only disciple. If she just continued on her path, she would definitely become the next Head.

This was already something set in stone. Hua Qiluo took over Hundred Flower Holy Land from her Master and it was natural that her disciple would take over from her.

But, the Goddess chose to give up.

Not only that, but she also betrayed the sect, causing her Master to lose face and be chided by others. So, obviously the expression on her face wasn't good.

Hua Qiluo looked down at the 3,000 inner sect disciples looking at her, and among them, there were hundreds of new ones, who hadn't had their feelings taken from them.

“You all should know about what happened to your Senior Sister, who is my disciple.” Hua Qiluo said coldly. She was really beautiful and her body was really nice; she should have been in her prime as a woman, but now she was just ice cold and her feelings had been dulled down.

Hua Qiluo too had her feelings taken away.

No wonder the entire Hundred Flower Holy Land couldn't understand what the Goddess was thinking.

In their eyes, her choice was just so embarrassing!

For a guy who had no relation to her at all, and also someone who was a fox to give up such a great future.

The few hundred beautiful female disciples looked at Hua Qiluo with solemn expressions.

"I called you all here to tell you that for a woman, it is a tough life. It is even tougher to get some results and gain some pride!"

"Men are the greatest problem for women!"

"Even a genius like your Senior Sister fell to such a sorry state for a guy. I want all of you to remember that in your hearts!"

"No men are good; all of them are fake!"

"Since we are all females from Hundred Flower Holy Land, we must help one another to live in this world, so we must cut off emotions and love. Today, you will all remove your feelings, otherwise, you will be treated as a traitor!" Hua Qiluo's voice was ice cold and it reverberated in the ears of each and every disciple, causing all these young disciples' expressions to change.

Which teen didn't like their youth?

Which teen didn't like a hero?

Which teen was willing for their love to wither before it even had a chance to bloom?

But since they entered Hundred Flower Holy Land, they knew their rules and at this moment they couldn't react too much.

They objected to it in their hearts!

But was it useful?

They were just too weak and they could only follow orders.

Hua Qiluo looked on coldly. She was the same at that age; from her memory, she was quite unwilling then too.

But after her feelings were sucked out, didn't she continue her life as normal? From then on she stopped having all those random thoughts and focused on cultivation.

This was why to Hua Qiluo, it was just them taking out their feelings; it wouldn't hurt them and would instead help prevent themselves from being hurt by men.

The 3,000 inner sect disciples looked on calmly. They too did so in the past and had seen this many times, so they got used to it.

The few hundred female disciples looked at one another. Many of them hugged one another and they had worried expressions on their faces.

"Senior Sister, I don't want to."

"Sister, I don't want to do so too, I have a guy I like."

"I don't have a guy I like, but I also don't want to take it out. I want to experience everything in life, even if love is harmful I want to see how badly it hurts me."

"Then sister, what should we do?"

"I don't know..." The sister was in despair. This was Hundred Flower Holy Land and their resistance was futile.

Hua Qiluo watched their discussion and was totally unsurprised. However, she didn't care much about them.

Once their feelings were pulled out, they would be quiet and wouldn't mutter and chatter so much.

"Do it, one by one!" Hua Qiluo waved her hands and said expressionlessly.

Immediately, an old woman walked up and pointed at a teen, "Come, you are the first!"

She was stunned as she didn't expect that she would be the first. She just said that she wanted to experience everything in life, but who knew that in the blink of an eye she would be the first?

She subconsciously shook her head and objected, she didn't want to.

The old woman's face turned black, "I am not asking for your opinion, I am informing you that you are first. Just walk below the Saint Tree and let it take away your feelings. Otherwise, don't blame me for not giving you face and dragging you under it."

Her face turned white and her legs turned soft.

She was strong but she was just a teen. Facing her threats, she felt total despair.

At that moment, everyone's eyes landed on her.

Her body trembled. She bit her red lips, her eyes were filled with determination, "I won't do it!"

The old woman's face turned ice-cold as she looked at the teen, "I gave you face but you didn't want it. I have taken away the feelings of a few thousand girls in my life, many of them were unwilling. It is okay, if you are unwilling, then I will help you."

The moment she said this, she grabbed her. It was really terrifying as her cultivation was only a little lower than the Sect Leader's level.

The teen screamed in terror. She knelt down and said loudly, "No, you old woman, you don't want feelings, so why take away mine. I want to experience them!"

The teen's words infuriated her. She stepped out and slapped her.

"This is not up to you little girl. You think too much. How can you have relationships in my Hundred Flower Holy Land?" She laughed coldly. This time, she directly sealed up the area around the girl.

In the next second, she would be able to grab her and toss her under the tree.

But at that moment, someone sighed.

"Amitabha, why must you change a girl's own will?" Heaven Heart suddenly appeared. He raised his hand and placed it on the old woman's wrist.

\* Peng!\*

She flew backward and her body was like a wall that smashed into the ground with a loud thud.

On the platform, Hua Qiluo stood up right away and chided, "Monk, who are you? You actually dare to head into my Hundred Flower Holy Land, you are asking to die!"

Not only was Hua Qiluo furious, but all the Hundred Flower Holy Land Elders and inner sect disciples looked on in fear and rage.

Hundred Flower Holy Land didn't allow any guys to enter!

Under everyone's gaze, Heaven Heart didn't worry about Hua Qiluo. He helped the girl up and then looked towards Hua Qiluo.

His shining bald head gave off a bright light under the weak sunlight, making him look like a saint.

Heaven Heart said calmly, "I came to collect debts. Once I collect the debts, then you all are free to settle your own problems."

Hua Qiluo's face was green as she looked at Heaven Heart. The position he was at was great. There were girls all around and they were all top beauties; it was like a bit of green among a bunch of flowers, making that handsome face of Heaven Heart's stand out!

## **Bank of The Universe #Chapter 57: Hua Mingyue - Read Bank of The Universe Chapter 57: Hua Mingyue**

### **Chapter 57: Hua Mingyue**

Heaven Heart's bald head was really eye-catching and infuriated everyone from Hundred Flower Holy Land.

Especially Hua Qiluo who hollered, "Bald camel, you are asking to die. Hundred Flower Holy Land doesn't allow men to enter, that is something everyone knows about. Since you actually dare to charge in, I have to kill you today!"

\* \*Explosion!

Along with her rage, the skies were covered in dark clouds. Lightning and wind gathered. She flew up into the air, and her five fingers were like sharp claws.

"Death!"

Hua Qiluo shouted in rage, there seem to be flames burning in her eyes. She was originally already annoyed because of her disciple's matter and became triggered when she saw men. Heaven Heart's appearance directly provoked her nerves.

\* \*Explosion!

After all, Hua Qiluo was at the late stages of Heaven Essence Realm and was not far from Saint Realm. Her attacks brought about many different phenomenons, 1,000 streaks of rainbows appeared and many fresh flowers bloomed in the sky.

Hundred Flower Holy Land's technique, White Lotus Technique!

This move was really strong and all the Hundred Flower Holy Land disciples looked on in awe.

Although Hundred Flower Holy Land had strict conditions, this White Lotus Technique was really strong and once one learned it, one would easily kill someone of the same grade.

This was a terrifying move!

All of them wanted to learn it and get good at it.

But in Heaven Heart's eyes, this move was just so-so.

He didn't even move much; he just raised his hand and slapped gently.

Peng!

Like one swatting a fly, Heaven Heart's move directly smacked Hua Qiluo away.

The so-called White Lotus Technique, the so-called flowers blooming, were all turned to dust after that simple slap from Heaven Heart.

The fresh flowers that bloomed from nothing in the sky all withered. The petals of the lotuses dropped and then disappeared.

Hua Qiluo fell on the platform and retreated. Her face flushed red and green as she spat out blood, looking forwards in disbelief.

“Saint!!!”

Hua Qiluo couldn't believe her eyes. Such a young monk was actually a Saint who exceeded her strength?

What was going on in the world?

Had she been in seclusion for so long that she lost touch with the world?

Hua Qiluo pressed down on her chest and stared at Heaven Heart fiercely.

The entire Hundred Flower Holy Land was riled up by Hua Qiluo's words.

Shua shua shua!

Numerous gazes fell on the monk, exclaiming that he was actually a Saint!

Those people who had their feelings removed only exclaimed about his strength and were shocked that he was actually a Saint.

There weren't many Saints in Dali Land.

Those who hadn't had their feelings removed looked in awe at his handsome face. As they looked, their faces turned red and their legs went soft.

Heaven Heart didn't care and said calmly, "Now, can I continue?"

"Monk, you are a Saint and you should know that my Hundred Flower Holy Land passed on for hundreds of thousands of years and didn't fall. It is not something that will allow you to behave arrogantly." Hua Qiluo scoffed coldly. She was not afraid because Heaven Heart was a Saint and didn't dare to attack.

But just because she didn't dare to attack didn't mean that she would hold back her words. She continued to stare at him in rage.

"Hundred Flower Holy Land is a Holy Land that lasted for hundreds of thousands of years. I don't want to behave arrogantly, I came here because of a past matter." Hundred Flower Holy Land said calmly.

He had no desires, he didn't even look at the beautiful disciples around. He stared at Hua Qiluo only with a calm gaze and nothing more.

"What?" Hua Qiluo asked solemnly, her brow furrowed in unhappiness.

If she could beat Heaven Heart, she would have chopped him into pieces. He was actually looking at her like that...

"10,000 years ago, your Head purchased a Soul Locking Tree from us, the price was all the treasures in your vault!" Hundred Flower Holy Land took out the contract.  
Nôv(e)B\\jnn

"Preposterous!" Hua Qiluo chided without any hesitation.

"Soul Locking Tree is our Hundred Flower Holy Land's Saint Tree and you actually said that it is yours. That is such a joke. Don't think that just because you are a Saint you can talk so much nonsense." Hua Qiluo laughed coldly.

Heaven Heart said calmly, "It is okay that you don't believe me as you aren't the person involved. I will call her out."

Hua Qiluo's expression changed and chided, "Monk what do you want?"

Heaven Heart was too lazy to bother about her. He stepped out onto the ground.

Dong dong dong!

Within 100 miles, the ground shook. Each person felt it; it was like an earthquake.

“Hua Mingyue, you hid for 10,000 years, do you think you can continue hiding?” Heaven Heart scoffed coldly.

The moment he entered Hundred Flower Holy Land, he sensed that there was an old lady hiding in the depths. Her breathing was heavy as if she was waiting to die.

Hua Qiluo chided, “Monk, my Master is on the verge of dying, are you trying to kill her?”

Heaven Heart frowned, “You are too impulsive, like a wild chicken just chirping nonstop. Just shut up!”

The monk opened his hands. It was like the sun high up above, like an entire land pressing down, causing Hua Qiluo to fall flat onto the floor. Her face was covered in dust and she was in a bad state.

“Why hide, I came with the contract today, so do you think you can continue to hide from me?” Heaven Heart said right away.

“Cough, cough!” A coughing sound broke out. A person appeared beside Hua Qiluo; it was an old woman.

Hua Mingyue!

The Hundred Flower Holy Land Head from 10,000 years ago.

She was the one who signed the contract with Bank of the Universe and after the effective period ended she went against the contract.

The Bank of the Universe was unlucky then and couldn't even fend for themselves, so they didn't come to find trouble with her, allowing her to pass another 10,000 years.

After 10,000 years, Heaven Heart found Hua Mingyue.

“Do you recognize this?” Heaven Heart held up a contract and said.

Hua Mingyue squinted and looked. She didn't say a word and just stood there quietly.

Heaven Heart didn't mind, “You went against this contract, so I came today to take the Soul Locking Tree and also everything in your vault!”

The moment he said this, Hua Mingyue's face was filled with rage, and she laughed coldly, “Do you think that just with your Saint Realm cultivation you can act so arrogantly here?”

Heaven Heart didn't care, "That is not my intention; I am just telling you that you are in the wrong. I have to take away the Soul Locking Tree and I know all about your vicious thoughts."

"What do you know!" Hua Mingyue scolded.

"Do I really have to reveal your messed up past?" Heaven Heart laughed coldly and his gaze became unfriendly.

"Hua Mingyue, Hundred Flower Holy Land 10,000 years ago didn't have any rules about not dating and taking away one's feelings!"

"All this happened after she took power. You were stingy and had no foresight. Then, you set this rule and harmed generation after generation of disciples. Now, you have the audacity to debate with me?" Heaven Heart laughed coldly.

Hua Mingyue's expression changed, "How do you know about this?"

### **Chapter 58: Thing That Happened 10,000 Years Ago**

Heaven Heart was 10,000 years old this year and he was even older than Hua Mingyue.

That year, he also picked up on the things that happened in Hundred Flower Holy Land. He just didn't expect that after those things, Hua Mingyue would be so extreme, to take the Soul Locking Tree from the Bank of the Universe and harm the Hundred Flower Holy Land disciples so badly.

Hua Mingyue looked at Heaven Heart in shock and rage, "What nonsense are you saying?"

Heaven Heart said calmly, "Is it really nonsense?"

Hua Mingyue looked at Heaven Heart solemnly; along with her old face, she seemed really terrifying. She looked like an evil demon that had climbed out from hell.

Even her disciple Hua Qiluo couldn't help but feel petrified.

Her Master was too terrifying.

"Who are you?" Hua Mingyue asked once more. She remembered clearly and knew that those people who knew about it had all died silently, that she had already changed Hundred Flower Holy Land's nature.

Hundred Flower Holy Land was open before, warm, and accepted everyone. Although they were all females, they were all really talented, not losing to any guys!

But now, their girls became fairies; they were high above and didn't bother about things of the mortal world. They didn't care about guys, breaking away from the mortal world; they were neither human nor celestial.

This situation had been caused by Hua Mingyue!

Heaven Heart said calmly, "Who I am isn't important. What is important is that I know everything about you and that Hundred Flower Holy Land was once a big topic in the cultivation world; a sect formed by girls, helping one another, each one of them had their own special charm. But since you took over as Head, it started to change and even fall!"

"Falling to the abyss!" Heaven Heart stared at Hua Mingyue's frowning face.

"Nonsense, I did that for Hundred Flower Holy Land. Hundred Flower Holy Land only has females and females are the weakest in the world. Only by taking away feelings can one focus on cultivation, to focus on protecting the sect, and to focus on improving!" Hua Mingyue screamed and she finally believed that Heaven Heart knew some things.

"You are the one talking nonsense!" Heaven Heart's face was filled with rage and he cursed, something that was rare for him. He was extremely furious.

"You liked a guy and gave up everything for him but because he felt that your personality was too extreme, he broke off with you. You lost your love and were scolded by your Master. So, you were filled with hatred and felt like all guys were heartless, which was why you were willing to use all of Hundred Flower Holy Land's treasures in exchange for a Soul Locking Tree, to take away all the disciple's feelings!" Hundred Flower Holy Land scolded.

"Your thoughts are twisted and really vicious. Since you couldn't get it yourself, you took away the chance for our girls, their chance to enjoy love and happiness."

"Maybe I can also say that you are jealous, jealous of the other people in the sect that they can get happiness but you are alone. This was why you slowly plotted for power, to take away the role as Head!" Heaven Heart laughed coldly and said out everything that he knew.

Uproar!

The disciples, elders, and even the Head looked at Hua Mingyue in shock!

Was that true?

Everyone chose to believe it. They saw Hua Mingyue was so furious that her body trembled. Her eyes were vicious as she hollered, "All guys are heartless, they are all not loyal. They only like outer appearances; once they get a girl, they will abandon her and

not take a second look. What rights do such dirty guys have to make us, girls, love them?”

Hua Mingyue’s feelings had been taken away.

Her grievances twisted her mentality; she designed a jail for herself that she wasn’t willing to walk out of.

She hated guys; she hated all guys in the world, which was why after her, all the females in Hundred Flower Holy Land had to remove their feelings.

Heaven Heart looked at the trembling Hua Mingyue and said, “Since you said that there are no nice guys, then why did you give birth to his kid and let her become the Sect Leader of Hundred Flower Holy Land. You also personally took away her feelings and deprived her of happiness?”

“What!!!!” Hua Qiluo’s eyes turned black as she fell to the ground and looked at Hua Mingyue in shock.

She was her mother?

From a young age, she was really strict. She would beat her if she did anything wrong and scold her if she disagreed. She never praised her, and occasionally, Hua Qiluo felt like her Master hated her.

But in the end, she still passed the position of Head over to her, such that she felt like Master was only strict, but she still cared about her.

All the elders, deacons, and disciples were stunned. Something like this actually happened?

“How could you know that?” Hua Mingyue’s body trembled. She took a few steps back and was filled with disbelief.

No one could have known that!

After she broke up and realized she was pregnant, her first thought was abortion. But the only thing the hateful Mingyue thought about was to take revenge on that guy, so she gave birth to her.

Then, she passed her to a farming family for them to raise her till the age of six before she took her into the sect.

At that time, Hua Mingyue’s punishment should have ended. She could openly accept a disciple. She ran, took power, and became the Head of Hundred Flower Holy Land.

Apart from her Master helping to cover for her, no other people knew about this.

Her Master had died long ago.

How did Heaven Heart know?

Heaven Heart sighed, "Your Master was my best friend, so we would write letters to one another. Your mother told me about it!"

Hua Mingyue laughed, "Master, you really messed me up!"

"You are a lunatic, dating someone but you wanted to control everything; you wanted to treat him like your subordinate, your puppet. You are the reason why you broke up!" Heaven Heart chided.

"Hahaha, nonsense. He liked other girls and abandoned me. I was pregnant and he didn't appear. How could you say that it is my fault?" Hua Mingyue hollered. She was already close to going insane.

"What do you know? You were in seclusion when you were locked up, so he couldn't even see you if he wanted to. You wrote a letter and said that you aborted the kid, so he believed you and didn't find you from then on." Heaven Heart chided. Looking at the stubborn Hua Mingyue, he was enraged.

His old friend, his best friend, Hua Mingyue's Master really cared a lot about her.

But in the end, she was still really extreme!

"Do you know that since you broke up he didn't marry anyone and has been alone till death. While you have continued to hate him until now, you have also harmed your only daughter. You really are twisted." Heaven Heart scolded.

## **Chapter 59: Extreme Hua Mingyue**

When Hua Mingyue heard that he grew old and died alone, her expression froze. She laughed coldly, "He deserved to die. He tortured me for my whole life before dying. He was let off easy; I should open his tomb and whip his corpse for failing me."

All of Hundred Flower Holy Land looked stunned. Hua Mingyue was mad; she had gone mad from torturing herself.

"I didn't come today to make you repent, in truth you can't. I came because of this contract." Heaven Heart sighed and said.

Only then did her expression change and she chided, "Soul Locking Tree belongs to Hundred Flower Holy Land, I won't allow you to take it away."

Heaven Heart's face turned cold. He stepped out and said coldly, "I didn't come to discuss with you, I am informing you that the Soul Locking Tree and all the treasures in the treasury are mine!"

"You are a Saint and I am a Saint, so do you think that I would be afraid of you?" Hua Mingyue hollered. Her old body suddenly brimmed with life.

Her realm jumped to Saint Realm all of a sudden.

\* \*Explosion!

Many black lotuses bloomed on her back; they looked really devilish and gave off a blood-red color. It seemed really weird and sinister.

This was totally different from Hua Qiluo's White Lotus Technique.

Hua Qiluo's White Lotus Technique was proper and righteous; once it bloomed there was a fragrance. Thousands of lotuses bloomed and it seemed really beautiful.

But Hua Mingyue's one was different. Her White Lotus Technique mutated and completely fell, turning into a Black Lotus Technique. It was even more devilish and terrifying.

This was also the reason why Hua Mingyue was so stubborn and her thoughts were so twisted.

She forced herself onto the dark path, using the energy to enter the Saint Realm.

Her body became young, recovering to her past age. Her white hair turned black, the creases on her face disappeared, and her clear white skin now had a tinge of coldness.

"Dumb baldy, Soul Locking Tree belongs to Hundred Flower Holy Land. It isn't something you can taint!" Hua Mingyue laughed coldly.

She activated the peak her, not hiding the fact that she had fallen to the demonic path and became a demon.

For love, she tortured herself her whole life, she tortured Hundred Flower Holy Land for 10,000 years, and also destroyed her own daughter!

For love, she turned evil, obtaining great strength, but her heart also became twisted because of it.

Heaven Heart saw all of this and sighed helplessly. He looked at the devilish black lotuses and said, "Actually, there is a difference between Saints. You have just entered, you are a Small Saint, still not worth mentioning!"

Saint Realm was split into three levels of Small Saint: Emptiness, Out of Emptiness, and Extreme Emptiness.

Great Saint had five levels, Ying Saint, Yang Saint, Heaven Saint, Earth Saint, and Dao Saint.

This was the overall structure of the Saint Realm. Heaven Heart had crossed many steps but Hua Mingyue didn't. She just used the power of evil, letting darkness take over her heart to enter the first level of Small Saint, Into Emptiness!

"Whether or not I can beat you will be known when we fight. No matter what, you aren't taking the Soul Locking Tree away!" Hua Mingyue's long palm opened and five bright lights shot out right at Heaven Heart's brow, throat, heart, and dantian!

\* Pu pu pu!\*

The sharp light flew forwards quickly and arrived in just an instant.

But at that moment, Heaven Heart scoffed coldly and stepped out. He didn't try to defend at all.

"Buddha is merciful!" Heaven Heart shouted a chant that reverberated throughout Hundred Flower Holy Land.

Clang!

A huge Buddha apparition appeared outside of his body. It was dozens of meters tall. It raised its golden and shining hand, and it seemed real.

This was the ability of the Buddhist Sect, Golden Bell!

When one cultivated Golden Bell to a high level, a giant Buddha would appear and protect around Heaven Heart.

"I wanted to give you a chance as I don't want to kill, but since you have betrayed my wishes and also betrayed the contract, then I have to attack. I hope that in the next life you will be a girl who knows how to cherish herself and not someone whose life is affected by relationships and feelings!" Heaven Heart said calmly.

He didn't want to kill Hua Mingyue because he had a deep relationship with Hua Mingyue's Master, that girl with huge talent.

But now, he had no choice but to kill her.

Hua Mingyue was too much and touched his bottom line. She also affected the interests of the Bank of the Universe. No matter what, she had no chance of living.

“Dumb bald camel, you only know how to say the same things as my Master. Let me tell you, I don’t need your pity or your empathy, I have a good life. I have obtained strength and become a Saint. Even my Master wasn’t a Saint. Today, I will kill you and let you meet my Master!” Hua Mingyue had a vicious-looking expression, she was infuriated and struck once more.

Explosion!

Heaven Heart looked on coldly. He raised his palm to block and then he pressed down.

Country in a Palm!

This was a Buddhist Sect technique. Along with the 10-meter huge golden Buddha body, Hua Mingyue was instantly suppressed.

\* Dong!!!\*

The Buddha’s hand covered the entire area, such that no matter how hard Hua Mingyue tried, she couldn’t break free. She looked on as she fell to the ground.

“We are both Saints, but why is your cultivation so high?” Hua Mingyue’s eyes opened wide in disbelief.

She lost in just one move and was no match for Heaven Heart at all.

This was too terrifying!

Hua Mingyue couldn’t understand how someone could be so strong in Dali Land.

Heaven Heart looked at Hua Mingyue, who was trapped in his Country in a Palm, and sighed. “What is the point in you asking, today I will help you break free from this life!”

“Monk, you are a monk, you can’t kill!” Hua Mingyue exclaimed. She didn’t want to die. She had been tortured for so many years and her mind was filled with taking revenge, taking revenge on the feelings between guys and girls; all couples had to die, she wanted to punish all those who displayed their love.

But she was going to die first, she just broke into Saint Realm, and was suppressed by Heaven Heart.

Within Country in a Palm, Hua Mingyue’s mind went wild, but she was still unable to save herself.

“Stop trying, a monk kills by asking one’s inner heart, not by asking the Buddha. Today, you are going to die. The Soul Locking Tree and all your treasures will also be mine!” Heaven Heart reached out with a finger and tapped lightly.

\* Weng weng weng!\*

The Country in a Palm instantly collapsed, like that of the sky breaking down. In Hua Mingyue's eyes, it was the end of the world, all things were collapsing.

"No!!!"

"Hua Qiluo save me, I am your mother!!"

"Hundred Flower Holy Land disciples listen to my orders, kill this monk!!"

"Elders in seclusion, come out to kill this monk and save our Hundred Flower Holy Land!"

Hua Mingyue shouted out loud, her voice reverberated throughout Hundred Flower Holy Land. Nôv(e)B\jnn

But, no one helped her.

Even her daughter, Hua Qiluo, just teared up and was heartbroken. Her sad life had been given to her by her own mother!

At that moment, Hua Mingyue was filled with despair!

## **Bank of The Universe #Chapter 60: Facing Trouble - Read Bank of The Universe Chapter 60: Facing Trouble**

### **Chapter 60: Facing Trouble**

Country in a Palm totally collapsed as Hua Mingyue looked on in despair!

Explosion!

Like a world being wiped out, along with it, it also took out a useless character like Hua Mingyue.

In the eyes of the entire Hundred Flower Holy Land, Heaven Heart killed Hua Mingyue cleanly!

At that moment, no one dared to step out!

Heaven Heart was too terrifying!

Hundred Flower Holy Land's Saint was pressed on the ground and was eating dust. She was about to collapse, so naturally, she couldn't fight back at all.

“I am taking the Soul Locking Tree away and also the treasures in your treasury. As for the others, I won’t take anything, so please don’t try to stop me!” Heaven Heart said with a nice tone.

Seeing Heaven Heart being so polite, someone said right away, “If you take the Soul Locking Tree away, then how will my disciples remove their feelings in the future?”

Heaven Heart asked, “I have killed the main culprit and you all are free. Why do you want to remove your feelings?”

His question stunned everyone in Hundred Flower Holy Land!

Right, the culprit Hua Mingyue had already been killed, so no one would set such rules anymore. This was why the future disciples didn’t need to have their feelings taken out, right?

Some people said unhappily, “Our feelings have already been removed and we are unable to understand love. But for the future disciples to be able to, is that fair?”

Heaven Heart felt that it was unfair to compare.

These Hundred Flower Holy Land disciples, elders, deacons didn’t do anything wrong and their feelings had been removed. In the end, they became puppets who couldn’t express love.

Hua Mingyue was the one who caused their tragedy.

“Heaven Heart, tell them that the feelings that Soul Locking Tree absorbed will return after a period of time.” Li Xiandao’s voice rang out in Heaven Heart’s ear, stunning him. He smiled right away and repeated Li Xiandao’s words so that everyone could hear.

The entire Hundred Flower Holy Land was buzzing, and they looked towards Heaven Heart like they were looking at a treasure.

Even Hua Qiluo, who was being suppressed, couldn’t help but raise her head.

Her feelings were removed too; they were taken away from her when she was young and dumb. After all this, she too wanted to get them back.

“Monk, are your words real?” Hua Qiluo asked.

“Of course, Soul Locking Tree belongs to us, so naturally, we have a way to return your feelings to you.” Heaven Heart nodded his head and said.

“If you can return them to us, then take the Soul Locking Tree and we will give you all the treasures in the vault.” Hua Qiluo thought about it and said.

Seeing that, Heaven Heart released her. It felt really unbearable to lay head first on the ground; her chests had even become flat from this.

Heaven Heart said, "Please lead the way!"

Hua Qiluo stretched a little and looked at the mess around. The giant tree in the distance was still shaking like everything that happened had nothing to do with it.

But in truth, all this happened because of it, which resulted in those preposterous things 10,000 years ago.

"Let's go, I will bring you to the vault!" Hua Qiluo sighed, she adjusted her emotions and said.

Heaven Heart followed.

...

The Bank of the Universe, Li Xiandao, and Seven looked at the situation.

Li Xiandao was tongue-tied, "This woman is so extreme. Even if she doesn't love, she didn't need to torture herself for 10,000 years. Even if she did, she shouldn't hurt her own daughter. That girl was born from her own womb... Isn't that too vicious?"

Seven sighed, "Maybe that is one's stubbornness, she was too stubborn. Her personality was bad but emotions really hurt one the most and are hard to get away from."

Li Xiandao looked at Seven and asked curiously, "Looking at you now, did you love someone before?"

Seven rolled her eyes, "How is that possible? I have stayed in the Bank of the Universe since the beginning and can't go anywhere, so how can I love anyone?"

"Weren't there eight Masters?" Li Xiandao's brow rose.

"Out of the eight, there were a few who chased me, but I didn't agree." Seven said proudly.

"Why not, aren't you the Bank's artifact spirit? You already belong to them." Li Xiandao asked.

"I only work for them for my entire life. As for accepting them, that is just so far away, so I don't think about it." Seven shook her head.

"Out of the eight, you didn't even like one?" Li Xiandao asked.

“I had such thoughts before but nothing happened of it, you won’t understand. When you bring the Bank of the Universe into the Celestial World, you will also distance yourself from me. Once you become a true expert, you won’t need me to guide you, you also won’t ask me for my views. You will treat me as a canary that you raise, for me to listen to you and make you happy.” Seven said with sadness.

This was something she had gone through before!

Among the eight Masters, there was a weak teen like Li Xiandao who started off by listening to her and asking her for her opinions.

But along with his desires expanding, he excluded Seven. In the end, he no longer cared about Seven and sometimes even forced her to do what he wanted!

But Seven was the Bank of the Universe’s Artifact Spirit and if she wasn’t willing, then no one would be able to force her.

Such that once each Master grew up, Seven would slowly go into seclusion and not care anymore.

That was because Seven was too smart and knew too much.

Li Xiandao was enlightened when he heard Seven say that. This was what they call beauties and legacy, the past owners wanted both of them, which annoyed Seven.

Li Xiandao nodded his head, “Seems like I must learn from that, otherwise, you will go into seclusion and I need to handle so many things. Won’t I be tired to death?”

Seven said with an annoyed tone, “I will remember your current words, and when you regret it, then watch as I mock you.”

Li Xiandao laughed out loud, “You can go ahead and try.”

“Okay, let’s not talk about this. Where is Battle Angel Michael?” Seven changed the topic and asked.

Li Xiandao waved his sleeves and the space in front of him rippled like water. The scenes that appeared were those of the Heaven and Earth Battlefield.

Battle Angel Michael, White Emperor Tian Guangming, Long Haishou, and Long Xun were engaged in a battle.

They wanted to head to the ancient city and teleport out, but by accident, they realized that the city sieging battle in Heaven and Earth Battlefield had started.

Such that they couldn't escape; tens of thousands of miles around were locked down and split into three camps.

Order! Chaos! Neutral!

...

Li Xiandao looked at those scenes and was stunned. What was going on?

\* Team fight?\*

\* Form teams to battle?\*

\* You all just go and fight, don't block Battle Angel Michael and the others!\*

Li Xiandao was still waiting for them to return, to bring back the God Spirit Meridian, and to redeem the Ten Thousand Country Book Depository.

"How long will the fight last for?" Li Xiandao immediately asked Seven.

"How would I know? There wasn't such a thing in the past. Was it added during these 10,000 years?" Seven frowned as her exquisite face was deep in thought.
