

Bank of the Universe

Chapter 591: One Month!

Unnamed Person used ten True Celestial Laws at once while Li Xiandao looked on. He was totally immersed in it.

He was sensing, observing and comprehending...

The all knowing talent was on full display. Li Xiandao who was now at True Celestial Realm had a really amazing all knowing talent.

Just one look and he would learn something.

So these ten True Celestial Laws weren't too hard for him. He was able to comprehend them instantly.

Hong long long!

Li Xiandao attacked Unnamed Person with those ten True Celestial Laws.

This time, the two similar laws clashed and gave out huge waves. It also caused an explosion of a really bright light that flashed in the air.

Unnamed Person looked at Li Xiandao in shock. He slowly got more and more excited and he started to believe in Li Xiandao's terrifying talent.

"Again, I have a total of 18000 True Celestial Laws let's see how long it will take you to learn them all." Unnamed Person said excitedly.

He was even more excited than Li Xiandao. That was surprising for Li Xiandao.

"Okay." Li Xiandao agreed. Why wouldn't he?

"Look at my move." Unnamed Person continued to attack. He used all sorts of True Celestial Laws. He didn't explain how he comprehended them, he just used them for Li Xiandao to look.

Fortunately, Li Xiandao's talent was really strong. After a look, he learned it right away. Moreover, he could use it instantly.

Just like that, one taught and one learned. They were really busy.

...

In the Bank of the Universe, everyone was working hard to improve themselves.

Heaven Heart was comprehending the Buddha Demon Body.

Lucifer was comprehending the Light and Darkness Space, to merge with his divinity and improve.

Moon Angel merged totally with the divinity and it was hard to differentiate them from one another...

Blood Dragon and Chaos Dragon Crocodile started to raise their bloodline and break through.

Each person improved themselves, absorbing Celestial Energy. That included the ten thousand Flame Kings who under the leadership of Book of War, occupied a mountain range to improve themselves.

In the Bank of the Universe, even Tian Ya and Li Qing'er started to cultivate.

Probably the only person who didn't need to cultivate was Seven.

She didn't head out so cultivation was useless. So she helped Li Xiandao manage the contracts.

There were so many Celestial World contracts that it could be stacked into a mountain. Each one of them was a sum. Seven started to arrange them while all of them were cultivating.

As she did that, she suddenly noticed that there was one about North Nether Region's Jin Family.

This was one signed 50 thousand years ago. The host was still alive in this world.

He had broken the contract. He could have paid after 50 thousand years but he thought that Bank of the Universe had disappeared so he didn't pay up.

I borrowed things with my own ability so why do I have to return them?

His reasoning was really direct. He had become much stronger than before and he didn't need to worry about the Bank of the Universe's contract.

He signed it 50 thousand years ago, it wasn't the previous one but the one before that.

This was a lousy debt so Seven didn't want to take it out but when she saw the surname of the host.

Jin!

This was North Nether Region, a host with the surname Jin.

There weren't many with that surname and North Nether Region only had one.

Just because of that, Seven took out that contract.

"This is the contract that Jin Family Jin Ping signed. Once Li Xiandao returns, he can go investigate whether or not this Jin Ping is still around." Seven took the contract and muttered.

She felt like that name was a little off.

This name had no standard at all.

She placed the contract at the side and waited for Li Xiandao to finish cultivating. He continued to handle the other contracts.

...

Black Water Island, Tian Guangming recovered once more and was beaten up once again.

Along with his cultivation speeding up, people on Black Water Island started to know about Tian Guangming. He couldn't be beaten to death, he would recover quickly and after each recovery, he would become slightly stronger.

So he started his self-torturing style. Under many people's help, he improved himself.

Black Water Island which others felt was really dangerous had become a place where Tian Guangming increased his cultivation.

When Black Water Island's fierce prisoners met Tian Guangming, they started to beat him up. Tian Guangming didn't fight back at first but slowly after he could. Then he could reach the same standard as them...

A month later, Tian Guangming's cultivation reached stage nine!

This month was tough for Tian Guangming. He didn't know how many times he was beaten up. Each time was extremely painful but he recovered. Each improvement was the reason that supported him being beaten up.

So after this month, he improved from stage one to stage nine.

Many people wanted to study his body. Some sliced him open but they didn't notice anything.

Tian Guangming was unique, others weren't able to be like that at all.

Another morning. Tian Guangming woke up from his coffin and all his pain had already recovered.

Tian Guangming took in a deep breath, "I am improving quickly but it is too painful and too dangerous."

He was beaten up to his dying breath each time. Many times he was walking on the edge of death.

Tian Guangming had no way to fight back, if someone chopped his head off, he couldn't fight back too.

If that happens, Tian Guangming would be dead. He hadn't reached the stage where he could revive from one drop of blood.

So he sighed. This was too dangerous.

"I am already at stage nine, I am able to preserve myself. I must leave this place and return to Bank of the Universe and then take revenge on Jin Zhengyang." Tian Guangming thought about it.

He wanted to flee.

He was improving too quickly in Black Water Island and many people were targetting him to try to recruit him.

Tian Guangming wouldn't agree. He would only have one Master in his life.

"How should I leave?" Tian Guangming started to think.

He thought for a long time but still had no idea. Tian Guangming wanted to ask Master.

Bank of the Universe, Legacy Hall, Li Xiandao spent the month with Unnamed Person.

Unnamed Person had 18000 True Celestial Laws. In this month, Li Xiandao absorbed it all.

Each True Celestial Law was huge nourishment for Li Xiandao and helped him improve.

So Li Xiandao's improvement was no weaker than Tian Guangming. On the contrary, Li Xiandao had reached the edge of Heaven Celestial.

Chapter 592: Tian Guangming's Worry!

Unnamed Person used ten True Celestial Laws at once while Li Xiandao looked on. He was totally immersed in it.

He was sensing, observing and comprehending...

The all knowing talent was on full display. Li Xiandao who was now at True Celestial Realm had a really amazing all knowing talent.

Just one look and he would learn something.

So these ten True Celestial Laws weren't too hard for him. He was able to comprehend them instantly.

Hong long long!

Li Xiandao attacked Unnamed Person with those ten True Celestial Laws.

This time, the two similar laws clashed and gave out huge waves. It also caused an explosion of a really bright light that flashed in the air.

Unnamed Person looked at Li Xiandao in shock. He slowly got more and more excited and he started to believe in Li Xiandao's terrifying talent.

"Again, I have a total of 18000 True Celestial Laws let's see how long it will take you to learn them all." Unnamed Person said excitedly.

He was even more excited than Li Xiandao. That was surprising for Li Xiandao.

"Okay." Li Xiandao agreed. Why wouldn't he?

"Look at my move." Unnamed Person continued to attack. He used all sorts of True Celestial Laws. He didn't explain how he comprehended them, he just used them for Li Xiandao to look.

Fortunately, Li Xiandao's talent was really strong. After a look, he learned it right away. Moreover, he could use it instantly.

He was improving too quickly in Black Water Island and many people were targetting him to try to recruit him.

Tian Guangming wouldn't agree. He would only have one Master in his life.

"How should I leave?" Tian Guangming started to think.

He thought for a long time but still had no idea. Tian Guangming wanted to ask Master.

Bank of the Universe, Legacy Hall, Li Xiandao spent the month with Unnamed Person.

Unnamed Person had 18000 True Celestial Laws. In this month, Li Xiandao absorbed it all.

Each True Celestial Law was huge nourishment for Li Xiandao and helped him improve.

So Li Xiandao's improvement was no weaker than Tian Guangming. On the contrary, Li Xiandao had reached the edge of Heaven Celestial.

Chapter 593: Heading Out To Train!

Yun Tianxia was a handsome middle aged man. He was a roamer when he was young and went true all sorts of wild flowers. But after he met Yun Tianxia's mother, he was taken down and he ended up living here.

Yun Tianxia heard the servants talk about this but he had never heard his parents mention anything about it.

Yun Tianxia didn't fear his father because his father was a reasonable person. He wouldn't beat him or scold him for no reason. Instead he would just silently support him.

So he directly came to find his father.

"Father, do you know how to save someone from Black Water Island?" Yun Tianxia asked.

Yun Manor Lord looked at his son and said, "Why are you asking this question?"

"A friend of mine got captured and he became a troop trainer. I want to save him." Yun Tianxia said.

"If your cultivation increases by 100 times, maybe you can save him." Yun Manor Lord said calmly and saw through Yun Tianxia's cultivation right away.

True Celestial Stage Nine!

This was the level of a genius. For one to reach this realm at 30, in other factions he was a genius.

But for it to appear on Yun Tianxia's body, that was weird.

A month ago he was still trash. He was looked down on by his fiancée who personally came to cancel the marriage.

A month later he turned into a genius and reached True Celestial Stage Nine.

This cultivation speed shocked Yun Manor Lord. He knew his own son. His rubbish talent was really worthless and it was impossible for any miracles to happen.

How did such changes occur?

Yun Tianxia really wanted to know but Yun Tianxia didn't tell him so he wouldn't ask either. That was because this was Yun Tianxia's privacy.

As long as Yun Tianxia's aura wasn't evil and he didn't behave arrogantly, he could accept everything.

Yun Tianxia was an adult and he could decide his own matters.

Yun Tianxia was troubled, "I don't have enough time to do so."

Yun Tianxia looked at Yun Tianxia and asked, "You are in a rush?"

"Yes, I really want to save my friend." Yun Tianxia said firmly.

This was what Li Xiandao asked him to do. As his subordinate, Yun Tianxia wanted to express his loyalty and let Li Xiandao remember him.

"Then go and save him." Yun Manor Lord didn't care.

"Isn't my cultivation low?" Yun Tianxia said.

"Then why did you come and find me?" Yun Manor Lord looked at his own son and said calmly.

"Father aren't you really strong, can you help me save him?" Yun Tianxia said.

"I can help you because you are my son. But I don't want to save others." Yun Manor Lord shook his head.

"Father, tell me what I must do so that you go." Yun Tianxia asked.

"One news in exchange for me helping." Yun Manor Lord raised one finger.

"Ask, I will see whether or not I can tell you about it." Yun Tianxia thought about it and said.

If it was something he couldn't tell his father then he wouldn't be able to do so.

"What happened to your talent?" Yun Manor Lord asked curiously.

He was really curious. He knew about his son's talent. It was already fixed and he wouldn't be able to reach Celestial Realm in his life.

But now within a month Yun Tianxia not only entered True Celestial Realm, he even reached stage nine. That shocked him.

Yun Manor Lord didn't use his status as his father to force Yun Tianxia as that was his own secret.

He asked it in the form of a trade. If you reply me then I will help you save him.

Yun Tianxia was naturally willing to reply, "I met an expert who helped me change my talent. It came from a supreme god from the god race, called Ocean God."

"God Race, last eon, Ocean God..." Yun Manor Lord was in deep thought.

"Right, Ocean God's primordial divinity, it includes everything of the Ocean God apart from its memory. I merged with everything else. So I have the same talent as the Ocean God and aren't that piece of trash anymore." Yun Tianxia said.

Yun Manor Lord was happy, "I am happy to see you like that. Okay I asked you something, you replied me and I shall help you solve a problem."

Yun Tianxia was surprised, "You are helping me to save that person from Black Water Island?"

Yun Manor Lord asked, "Do I need to go there to save someone?"

"Then if not how will you do so?" Yun Tianxia didn't understand.

"Celestial Dynasty's North Nether Region in charge is Emperor Beiqiu but the one in charge of Black Water Island is Heaven Spirit Celestial. I am close to him so I can get him to send the person over." Yun Manor Lord said.

"So simple?" Yun Tianxia was stunned. Something he felt was so difficult was just a single sentence to his father.

Maybe it was because of his status.

"Once your strength rises you will notice that many things will become much easier." Yun Manor Lord smiled.

"I will remember that." Yun Tianxia nodded and listened intently.

"Who do you want to save?" Yun Manor Lord asked.

"Tian Guangming, a troop trainer sent to Black Water Island a month ago." Yun Tianxia said right away.

"Understood, I will bring this person to you." Yun Manor Lord promised.

"Thank you father." Yun Tianxia said emotionally.

“Kid, the person that changed your talent has to be strong. I can’t do that but you actually had such good luck. I won’t ask you anything more. You are old already so you can consider your own matters.” Yun Manor Lord said seriously.

Yun Tianxia was touched. When he was trash, his father didn’t abandon him and pushed all sorts of resources to him. Now that he had such a good chance, father didn’t ask him and instead let him make his own decisions.

“Father, I will make mother and you proud.” Yun Tianxia said with certainty.

Yun Manor Lord smiled and said, “I believe you.”

...

In Bank of the Universe, Li Xiandao saw all of it. The huge stone in his heart landed. Yun Manor Lord agreed to save Tian Guangming which meant that he didn’t need to take the risk.

“I am still too weak and need to improve myself.” Li Xiandao shook his head. He felt a huge sense of urgency.

True Celestial was too weak. He had to reach Heaven Celestial to barely gain a footing.

Li Xiandao got up. He wanted to head to Legacy Hall to find people to cultivate.

But at this time, Heaven Heart, Lucifer, Moon Angel and old priest all found him.

They all wanted to head out to train and get stronger. Remaining in Bank of the Universe didn’t give them a large room of improvement.

Li Xiandao agreed. Anyway, the Bank of the Universe didn’t have much to do so he just let them head out to improve. Whether or not they could get their own lucky break depended on themselves. This was also a good choice.

Chapter 594: Tian Guangming Gets Out Of Trouble!

Heaven Heart, Lucifer, Moon Angel, Old priest, Blood Dragon, Chaos Dragon Crocodile, Northern Region Lord... etc all went out.

All of Li Xiandao’s subordinates who could go out all went including Tian Guangming’s disciple Li Wuya. He carried the Overlord Blade that Li Xiandao gave him out to train.

Bank of the Universe became much quieter. Li Xiandao only had Mo Qian beside him. He was Li Xiandao’s shadow and followed Li Xiandao.

Standing in the ice cold and large hall, Li Xiandao asked, "Why didn't you head out?"

Mo Qian shook his head, "I shall just follow Master, Master is my good luck."

"I told you to choose a technique in Ten Thousand Country Book Depository, did you choose one?" Li Xiandao asked.

"I am cultivating an ancient technique, the Hidden Shadow Assassination Technique!" Mo Qian replied.

"The techniques you choose are all the same, do you really want to be my shadow for the rest of your life?" Li Xiandao asked.

"That would be my honor, I will treat you as my faith for the rest of my life." Mo Qian replied.

Li Xiandao was satisfied, "Since that is the case then it is up to you. I am learning True Celestial Laws so you can come with me too."

"My learning speed isn't as quick as Master but I will remember everything and slowly comprehend." Mo Qian replied.

Li Xiandao stopped asking. Mo Qian was in his shadow and no one would know that Li Xiandao had a top expert. It was okay if he didn't attack, if he did it would cause a huge roar.

He walked to the Legacy Hall and found a new tomb. In this was a monk.

A thin monk with a gentle aura. His cultivation was really strong and even with a bit of his soul left, Li Xiandao was terrified.

Strong.

"Grandmaster, I would like to learn True Celestial Laws." Li Xiandao said out his request.

"Bank Master, I have 18000 True Celestial Laws. I will use them one by one and how much you learn is up to you." The thin monk said.

"I love what you just said." Li Xiandao's eyes lit up and he discussed the dao with the monk.

The thin monk spoke on and on and many streaks of True Celestial Laws spat out and suppressed all around Li Xiandao. They were really strong and spread out in many directions.

Li Xiandao was surrounded by all the True Celestial Laws. A large portion of them were similar to what Unnamed Person comprehended so Li Xiandao didn't need to repeat again. He passed the basic ones and started to comprehend those deeper ones.

...

When Li Xiandao was comprehending the True Celestial Laws, True Celestial Laws had undergone huge change in Black Water Island.

He had been laying in the coffin and he didn't want to head out.

He had been beaten up too much during the month so no one came to disturb him. At least he didn't need to worry about being knocked unconscious and dissected.

"Why hasn't there been any news from Master." Tian Guangming thought about it.

His cultivation had reached True Celestial Stage Nine and with his cultivation speed, in a short time he had a chance of reaching Heaven Celestial.

But he didn't dare to continue like that.

In Celestial World, others worked hard to improve. They challenged themselves day after day, month after month and waited to break through.

To become stronger like Tian Guangming by being beaten up was unheard of. It was barely acceptable at True Celestial Realm but if Tian Guangming used this method to break through to Heaven Celestial Realm, it would shock everyone and incur their jealousy.

Humans were ill natured, even celestials were the same.

So Tian Guangming didn't want to do anything and waited for Master to save him.

But he didn't get Master, what he got was Black Water Island's leader.

Heaven Spirit Celestial.

The actual in charge of Black Water Island. Although he was under Emperor Beiqiu but he didn't listen to him and acted alone.

He came to find Tian Guangming.

Dong dong dong!

Heaven Spirit Celestial knocked Tian Guangming's coffin and it gave out a crisp sound.

“Who are you?” Tian Guangming pushed the lid open. He shouldn’t be asked to be a troop trainer now.

“I am Heaven Spirit.” Heaven Spirit Celestial said solemnly.

Tian Guangming climbed out and looked at Heaven Spirit Celestial. He blinked, “The person in charge of Black Water Island, Heaven Spirit Celestial?”

He had spent a month in Black Water Island and heard many bits of information like the highest leader here was Heaven Celestial who was stage nine of Heaven Celestial Realm. Some said that he had broken through but no one knew the truth.

But it was undoubted that Heaven Spirit Celestial was strong.

So Tian Guangming was curious why Heaven Spirit Celestial came to find him?

“Are you going to dissect me?” Tian Guangming suddenly had a terrifying thought.

But Heaven Spirit Celestial didn’t have the time nor effort to let him think nonsensical thoughts. He saw Tian Guangming come out and ordered, “Follow me.”

Tian Guangming was shocked, what did he mean?

“I will bring you out?” Heaven Spirit Celestial’s words made Tian Guangming delighted. His worries disappeared.

“You came to save me?” Tian Guangming followed and asked curiously.

“Someone asked me to, it is someone I am close to.” Heaven Spirit Celestial said.

Tian Guangming immediately thought about Master.

Only Master could save him. As expected Master loved him the most and contacted the in charge of Black Water Island to bring him out.

Heaven Spirit Celestial brought him unopposed and Tian Guangming finally left Black Water Island.

On Black Water Island, Tian Guangming lived a scared life. Now that he was out, he was like a fish in the ocean, he was totally free.

Heaven Spirit Celestial brought him quickly to Yun Manor.

In Yun Manor, Yun Manor Lord was waiting long ago. When he saw Heaven Spirit Celestial, he immediately invited him in to chat.

As for Tian Guangming, Yun Tianxia took him in.

Tian Guangming was confused, didn't Master come to save him?

Why did he end up in such a place?

He followed Yun Tianxia to the guest room and asked, "Who are you? Why did you save me?"

"Master told me to." Yun Tianxia smiled.

"Master!" Tian Guangming's eyes lit up. he was really careful before but now he felt extremely close to Yun Tianxia.

"You are Master's subordinate?" Tian Guangming asked.

"Right I am. You are considered my senior so you can stay here." Yun Tianxia smiled.

"Where is Master?" Tian Guangming asked curiously.

"He is in secluded meditation." Yun Tianxia said.

"Then I shall disturb you." Tian Guangming finally relaxed. He was free of Black Water Island so no one would dissect him now right?

"Right, didn't you want to take revenge on Jin Zhengyang?" Yun Tianxia asked.

Tian Guangming's eyes lit up and he said emotionally, "You have information about that bastard?"

Because of Jin Zhengyang, Tian Guangming was sent to Black Water Island and lived a terrifying life.

Tian Guangming swore to kill that guy.

"Master instructed me to investigate him. I found a lot of information." Yun Tianxia said.

"Great." Tian Guangming said excitedly.

Chapter 595: North River!

Jin Zhengyang definitely didn't expect for Tian Guangming to break free like that.

Maybe he had forgotten Tian Guangming but Tian Guangming definitely didn't forget about him.

They were not enemies and when they met for the first time, he sent him to Black Water Island. Tian Guangming wouldn't forget this thing for his entire life.

He said that he would definitely take revenge on Jin Zhengyang.

Ten years isn't too late for a gentleman to take revenge!

For Tian Guangming, even a day was too late!

He was out of Black Water Island and his cultivation was far above Jin Zhengyang. When he heard Yun Tianxia talk about Jin Zhengyang, his thoughts started to run wild.

Jin Zhengyang was at stage seven and Tian Guangming had passed him.

Now Tian Guangming was confident in killing him so he had to understand everything.

Yun Tianxia said, "After Master ordered me, I sent people to investigate everything about Jin Zhengyang."

Tian Guangming was all ears.

"Jin Zhengyang is Jin Family's direct descended. His cultivation is decent and is considered a basic child there."

"Jin Zhengyang has entered the Celestial Dynasty Guards Army and is a captain. He has ten men and seems like he has a good life." Yun Tianxia said.

"Where is he now?" Tian Guangming asked. He didn't ask anything else.

He shall know where he is and directly charge at him.

"He is at North River, not far away from us." Yun Tianxia said.

"North River is a river?" Tian Guangming asked.

"North River is a branch of the milky way, although it wasn't so vast and beautiful, but in North Nether Region, it is a nice scenery." Yun Tianxia said.

"Since that is the case then let's go there to kill him now." Tian Guangming was excited.

"Jin Zhengyang is with the Jin Family now." Yun Tianxia reminded Tian Guangming.

"What experts do Jin Family have?" Tian Guangming asked.

“Jin Yu, she is the genius of Jin Family in this generation. Jin Zhengyang has been close to Jin Yu recently and it seems like he wants her to take care of him.” Yun Tianxia said.

“Let’s not find trouble with this Jin Yu, we will kill Jin Zhengyang and then flee.” Tian Guangming said.

Yun Tianxia laughed bitterly, “Even if we don’t find trouble with her, she will find trouble with us. Once we appear there.”

“What?” Tian Guangming was confused.

“Jin Yu is my Fiancee...” Yun Tianxia told him about their grievances.

“So that is the case.” Tian Guangming understood. Since that was the case, Jin Yu would definitely attack.

“Since Jin Zhengyang and Jin Yu are together we can’t attack now.” Tian Guangming said regretfully.

He really wanted to kill Jin Zhengyang but since these things couldn’t be rushed, he had to just wait for the next chance.

Yun Tianxia thought about it and said, “You really want to kill Jin Zhengyang?”

“Of course.” Tian Guangming said.

“Since that is the case then let’s make a trip to North River. Go openly. I will distract Jin Yu and you will kill Jin Zhengyang.” Yun Tianxia suggested.

“Won’t you be in danger?” Tian Guangming was worried.

“No worries. On the surface she doesn’t dare to kill me. She is my fiancee and if she kills me it would affect her reputation. of course, even if she doesn’t care about her reputation, she has to care about my father so she wouldn’t dare to kill me.” Yun Tianxia said.

“That’s good. Once we attack, I ensure I will kill him quickly.” Tian Guangming said confidently.

“Eh, then let’s head to North River now.” Yun Tianxia stood up.

“Okay, let’s go.” Tian Guangming was eager/.

The two of them said goodbye to Yun Manor Lord, leaving Yun Manor and heading to North River.

...

At the same time, in the Bank of the Universe, Li Xiandao was still discussing the dao with the thin monk.

They chose the perfect time. Li Xiandao was sitting crossed legged and he was surrounded in bright light. It was a beautiful sight.

All of these were the daos that Li Xiandao had to comprehend.

He closed his eyes shut and he had a calm expression. It was as if he had seen true the laws of the world and also like he was looking coldly at all the changes around.

He didn't open his eyes but he could sense everything. He was seeing even clearer than when he used his eyes.

The buddhist explanations reached his heart.

Li Xiandao had comprehended things.

When the monk was with him, they entered a realm where silence was better than voices being made.

True Celestial was right in front of him. Li Xiandao 'saw' it and remembered it before starting to comprehend.

His True Celestial Laws reached a terrifying level.

But Li Xiandao felt like it wasn't enough.

He could do better.

"I can use a million True Celestial Laws to reach Heaven Celestial Realm." Li Xiandao set a goal for himself.

To get a million True Celestial Laws before breaking through to Heaven Celestial.

Unnamed Person's 180 thousand True Celestial Laws, monk's 180 thousand. Apart from the basic True Celestial Laws, Li Xiandao had comprehended 200 thousand.

Unnamed Person and the monk had many repeating basic laws. Or rather, everyone had to comprehend those laws.

For example drinking water. Everyone had to drink water as that was the basics.

Like eating, everyone had to eat rice to replenish nutrients.

Those were things that everyone needed.

To comprehend other laws on top of these basic True Celestial Laws depended on one's ability.

As he comprehended more, Li Xiandao's absorption speed was much quicker than previously.

Many things were stuff he picked up instantly. It spread quickly such that Li Xiandao didn't need to think too hard.

Right when Li Xiandao was immersed in it all, Tian Guangming and Yun Tianxia came to North River.

North River, a stream from the Milky Way. It was wide and split the ground into two. The river water was clean and it gave off a dazzling light. This was water from the Milky Way and it wasn't normal water.

Tian Guangming looked at it and was in shock, "The Celestial Energy this contains is huge?"

Yun Tianxia said, "It is normal. Think about how wide the Milky Way is and how much Celestial Energy it has. This is just a branch and it is already so beautiful."

"If I have a chance I must head there to tour." Tian Guangming swore.

"Milky Way is occupied by Celestial Dynasty and a large half is theirs. You need their permission to enter if not you wouldn't be able to." Yun Tianxia said helplessly.

Tian Guangming looked at the celestial artifact ships on the river. There were also people stepping on small boats. There were others who flew using swords, roaming the North River.

This was a beautiful sight, making one reluctant to shift their eyes away.

"North River is most beautiful at night. It is nice now but at night, you can see a portion of Milky Way's beauty." Yun Tianxia smiled.

"Then let's stay here. There is a place near North River that we can perfectly see the scenery." Tian Guangming was looking forwards to it.

"Okay." Yun Tianxia agreed right away.

Chapter 596: Bei Kunming!

North River at night was lit up by flames and lamps and it was really bright.

But these human lights were nothing as compared to the North River.

North River's beauty came from the Milky Way. Milky Way was huge and in it large amounts of celestial energy flowed. One couldn't see the huge stars as Celestial Dynasty guarded them. Only the branch of North River could be seen.

Through the North River, one could see how huge the milky way was. At night, the North River glittered. It reflected the sky full of stars and they were in sync with one another.

Tian Guangming was shocked, "The North River is already so beautiful so how much better is the Milky Way?"

Yun Tianxia smiled, "Milky Way's beauty covers all the stars. That is because it is right above all of us."

"Above us?" Tian Guangming raised his head and looked on in shock.

"Celestial Dynasty has thirty three regions and milky way is above all of them. You can't see it but it is truly above our heads." Yun Tianxia explained.

"One day I will definitely go and take a look." Tian Guangming confirmed his target.

Yun Tianxia nodded, "I want to take a look too."

The two of them strolled along North River. They looked at the dozen nearby cities. There were many people and it was really dense.

Suddenly, a huge boat appeared on the surface. It was silver in color and really eye catching.

Tian Guangming saw it right away and asked curiously "This ships seems decent."

"Cloud Dream Ship, it is Emperor Beiqiu's celestial artifact and is a top quality one." Yun Tianxia recognised it right away.

"So Emperor Beiqiu is here?" Tian Guangming had a weird expression. He knew the deep grievances between Emperor Beiqiu and Li Xiandao.

Or rather that Emperor Beiqiu hated Li Xiandao a lot because he had suffered many times under Li Xiandao's hands.

"He isn't. His son is using this ship." Yun Tianxia shook his head.

“Then is his son strong?” Tian Guangming asked.

“He is slightly stronger than I was in the past. He just broke through into True Celestial Realm.” Yun Tianxia thought about it and said.

“Hey, isn’t that Jin Zhengyang?” Tian Guangming’s eyes were really sharp. He saw a really familiar person on the ship.

A person he had only met once but would never forget.

He asked Yun Tianxia to confirm. He was afraid that because he wanted to kill Jin Zhengyang too much which resulted in him hallucinating.

But Yun Tianxia took a look and was also shocked, “It is him, Jin Zhengyang is here. So Jin Yu should be here too.”

Yun Tianxia’s expression turned ugly.

For his fiancée to appear on someone else’s ship and also with Jin Zhengyang, what did that mean?

Was it because the temperature had turned cold and she wanted to put a hat on his head?

It was also green?

Yun Tianxia was furious. He warned Jin Yu. The two of them were still related and she shouldn’t do something out of hand.

But Jin Yu didn’t listen to Yun Tianxia words and did whatever she wanted. She appeared on the ship.

“Calm down, calm down, what if they are just talking, girls meet up to do their hair.” Tian Guangming persuaded.

“Scoff, she is out. I really want to see what she wants to do in front of everyone?” Yun Tianxia saw Jin Yu walk out. He scoffed coldly and suppressed his rage.

Tian Guangming looked on silently.

Jin Yu’s long dress hugged her body. She was like a fairy as she appeared on the deck. She instantly attracted looks of admiration and doting. She was proud and didn’t bother about them. She looked towards a guy.

“Bei Kunming why did you call me out here?” Jin Yu asked.

This guy was Bei Kunming, Emperor Beiqiu's son. In North Nether Region, although he wasn't strong, like Yun Tianxia, he had a strong father so he had a good life.

Although he wasn't strong, he broke through to True Celestial Realm and was a celestial.

So he was confident in inviting Jin Yu out.

"I heard that you went to Yun Manor to cancel the marriage a month ago but failed?" Kunming asked curiously.

When she heard that her face turned ugly and her brows furrowed. She was really annoyed, "What do you want to say? I don't want to talk about that trash."

"He is trash but he is your fiancé and your future husband." Bei Kunming said calmly.

Jin Yu said coldly, "I am so talented, I will definitely reach the peak. How can I give myself to a piece of trash? If not for Yun Manor Lord being strong, I would have cancelled the wedding. But who cares, in my heart that trash is gone."

Bei Kunming clapped, "Nice, I like your confidence. Since you don't like him and I don't like him either, why not we work together to kill him?"

Jin Yu looked at Bei Kunming and said coldly, "If your father is the one talking to me, maybe I am interested."

She obviously looked down on Bei Kunming. He gritted his teeth and suppressed it. He knew that Jin Yu was talented and that she didn't care about him.

"I am representing my father. My father wants to work with your Jin Family. First is to kill Yun Tianxia and then wipe out Yun Manor." Bei Kunming smiled confidently and said.

"Wipe out Yun Manor?" Jin Yu was stunned. She shook her head, "Yun Manor Lord is strong, your father can't do anything about him."

"Moreover, your father just finished the 30 thousand guards army in his hands and they were all buried in Nine Skies and Ten Lands. That was so embarrassing, do you think he can keep his position?" Jin Yu didn't hold back.

Bei Kunming felt the pain and gritted his teeth but he still said confidently, "My father messed up in Nine Skies and Ten Lands but that is because a terrifying person appeared there. He kills celestials as easy as dogs there. So the leaders didn't blame my father. He also sent an expert to assist my father."

When Jin Yu heard that, her expression changed and she was in deep thought.

“Your Jin Family’s Jin Pingmei, my father and this mysterious person working together. Even if Yun Manor Lord is strong, can he do anything?” Bei Kunming said confidently.

“Yun Manor Lord is friends with Heaven Spirit Celestial or rather is an alliance of interests.” Jin Yu frowned.

“Of course, I know that but do you know who is supporting my father?” Bei Kunming was delighted and asked.

“Who?” Jin Yu looked at Bei Kunming.

“Come closer.” Bei Kunming waved.

Jin Yu wanted to know so she walked closer.

Many people saw that and they cheered. Some cried as their goddess wasn’t clean anymore.

Yun Tianxia slowly reached out and touched his head. He felt like it was green.

Chapter 597: Charge!

Yun Tianxia was furious deep down. His expression was ice cold. He saw Yun Tianxia and Jin Yu so close together and for some reason rage rose up in his heart.

Jin Yu was his fiancée and that was something that everyone knew about. For Jin Yu and Bei Kunming to be so close like that, no matter if something happened or not, Yun Tianxia would be the one who lost face.

How could Yun Tianxia bear with that?

Your father was the one who suggested marrying and let both sides get closer.

At that time Jin Yu’s father wasn’t the family head and the gap to Yun Manor Lord was huge but Yun Manor Lord thought about it and agreed.

At that time, Jin Yu was really polite and wasn’t so cold. She was shy but still agreed.

But...

Jin Yu’s father used Yun Manor Lord’s aura to become the family head and immediately turned his back on them. He purposely distanced the two families.

Jin Yu also became cold and heartless. That sister Jin Yu from young was gone and now was just a strong genius.

Yun Tianxia understood that this father and daughter pair were just schemers. They planned from the start to play him and his father.

To cancel the marriage, wishful thinking. Yun Tianxia definitely wouldn't agree to that.

He wouldn't marry her at all, he would waste her time and let her grow old.

So now when Jin Yu seemed to have hooked up with Bei Kunming, Yun Tianxia couldn't take it. He really wanted to charge up and beat Bei Kunming up.

He wanted Jin Yu to grow old alone. But he actually dared to touch his fiancée?

When Tian Guangming saw that, he looked at the angry Yun Tianxia and said, "Do you want to take revenge?"

Yun Tianxia was stunned. He looked at Tian Guangming and didn't know what he meant.

"This Bei Kunming and Jin Zhengyang aren't strong. What about we each take one and kill them both?" Tian Guangming gave a mysterious smile and said.

"One person take one?" Yun Tianxia looked at Tian Guangming in shock.

"Bei Kunming's father was Emperor Beiqiu and is in charge of North Nether Region. He is really powerful. My father told me not to offend him and now you want me to kill Bei Kunming?" Yun Tianxia frowned.

He obviously wanted to kill Bei Kunming. Just like how others had to think about his father Yun Manor Lord when they wanted to kill him, they would just think about it and those thoughts would disappear.

Bei Kunming was the same. His father Emperor Beiqiu was a famous person in North Nether Region. Before killing him, one had to consider his father. After thinking about it, they would give up on such thoughts.

But Tian Guangming didn't care about that. In his heart, Emperor Beiqiu offended Master so Master will definitely deal with him. So he didn't feel any pressure killing Emperor Beiqiu's son.

"Let me tell you a story." Tian Guangming said to Yun Tianxia.

"I am all ears." Yun Tianxia nodded.

“Master has conflicts with Emperor Beiqiu in Nine Skies and Ten Lands...” Tian Guangming started to tell him about the conflict between Emperor Beiqiu and Li Xiandao.

Yun Tianxia listened and was shocked, “So Master and Emperor Beiqiu have such deep grievances.”

Tian Guangming nodded, “so if anything happens, it can all be solved. Things we can’t deal with are all simple to Master.”

Yun Tianxia got emotional and said, “So we can attack now?”

“Right, crush him.” Tian Guangming said confidently.

“Let’s wait for Jin Yu to leave. If Jin Yu doesn’t go, it would be a problem. She is a Heaven Celestial and reached stage one.” Yun Tianxia calmed down his furious head and told Tian Guangming about it.

Tian Guangming nodded too. Although he could survive against a Heaven Celestial and wouldn’t die, he didn’t like being beaten up, he wasn’t a masochist.

“Continue to pay attention. Once the chance comes, we will charge over and kill the enemy.” Yun Tianxia said. He was planning to kill so he didn’t want to leave until they killed him.

“Okay.” Tian Guangming got excited. He was like a giant python waiting for its prey. Once he noticed it, he would wrap around it and squish it.

The two of them just quietly enjoyed North River’s scenery.

But this scenery didn’t last for long.

On the ship, Jin Yu got close to Bei Kunming. She was uncomfortable but did so to listen to the name.

Someone Jin Yu was familiar with, she didn’t expect the person to be him.

“If it is him, the three of them working together will be more than enough to deal with Yun Manor Lord.” Jin Yu nodded.

“So I will take it that you agree, unless you have objections.” Bei Kunming asked.

“Of course. If it is really like what you said then let’s kill Yun Manor Lord together.” A fierce glow appeared in Jin Yu’s eyes. She thought of a great method.

Kill Yun Manor Lord!

Once Yun Tianxia's biggest support was killed, then he wouldn't be anything to worry about. Jin Yu could do anything she wanted to the marriage, she could even kill Yun Tianxia easily.

What could Yun Tianxia without any support do to compete with her?

When the time comes, Yun Tianxia would have to destroy his own reputation to end the marriage.

Thinking about it, Jin Yu felt like she had to kill Yun Manor Lord. Once Yun Manor Lord died, she would have one less thing to worry about.

"Contact your side. I will invite my old ancestor. Without them, the others can't deal with Yun Manor Lord." Jin Yu thought about it and said.

She left right after. But before that, she placed Jin Zhengyang who followed her around on the ship.

"Okay, we will wait for you to return." Bei Kunming waved and looked on as Jin Yu left. He smiled confidently.

"I promised so many benefits and you still aren't baited?" Bei Kunming mocked deep down.

Although he didn't talk about money or power, he gave her hope. A hope to break free from Yun Manor Lord and this marriage.

Although the hope was small, Jin Yu still wanted to try,

That was because she realized that Yun Manor Lord's lifespan was really long and it seemed pointless to try to outlive him.

So killing him was the best solution.

Bei Kunming was daydreaming and thinking about all the good things. Maybe he would have a chance to taste Jin Yu...

Emperor Beiqiu's son Bei Kunming was a famous pervert. He used his father's strength to marry eight, one wife, two side wives, and five concubines.

"If I can take Jin Yu in, even if die from exhaustion, I would be glad." Bei Kunming smiled and immersed himself in his own world. He was fantasizing about pressing Jin Yu down below him.

What he didn't know was that two people had snuck up the sides of the boat.

“Charge!” Yun Tianxia said decisively.

Chapter 598: Kill!

Cloud Dream Boat sailed on the North River and attracted a lot of attention. So Bei Kunming and Jin Yu didn't pay attention to the gazes.

This gave Tian Guangming and Yun Tianxia a chance to sneak over.

North River was huge and the two of them were quick. They shot forth at their clear target.

Tian Guangming's target was Jin Zhengyang while Yun Tianxia targetted Bei Kunming.

Charge!

The two of them communicated and without hesitation, they attacked.

Now that Jin Yu was gone to ask the Jin Family Old Ancestor, only Bei Kunming and his subordinates were left.

Hong!

Tian Guangming crossed a large distance. Light shone around his body, blinding the lights of others. He charged on the boat and found Jin Zhengyang. A fierce light flashed in his eyes.

“Die for your grandfather.” Tian Guangming shouted. He didn't hold back. His stage nine strength exploded. The 100 thousand True Celestial Laws he comprehended surged out like a river and drowned the area.

The boat was huge and Jin Zhengyang was in the middle. Tian Guangming had locked onto him. His attacks were really scary and it landed like thunder.

His aura was really shocking so naturally, Jin Zhengyang noticed. His body shook and he looked on in terror. He said in disbelief, “Who are you, why do you want to kill me?”

Tian Guangming who was covered in white light was like a sun. He was eye-catching and he made it hard for one to see.

So Jin Zhengyang didn't recognize Tian Guangming right away.

“I am your grandfather!”

Tian Guangming shouted in rage and exploded. He instantly sent Jin Zhengyang flying.

Jin Zhengyang tried to block. He was stage seven and the gap with Tian Guangming was huge. He only at ten thousand True Celestial Laws and that was a huge gap with Tian Guangming's 100 thousand.

The key problem was that Tian Guangming comprehended all of them within a month. Walking on the edge of death allowed him to instantly comprehend things.

Hong long long!

Cloud Dream Ship took a heavy blow and it started to shake intensely. It was damaged and was just shaking.

But Jin Zhengyang who was on it didn't feel good. Tian Guangming made him spit out blood. Those 100 thousand True Celestial Laws were like flames surging around his body, causing him heavy injuries.

A stage seven True Celestial had no way to defend himself in front of Tian Guangming and lost too quickly.

At the head of the boat, when Bei Kunming sensed it, his expression changed and he scolded, "How bold. You actually dare to kill people on my territory, don't you know who I am?"

Bei Kunming immediately wanted to activate the Cloud Dream Ship and show off the strength of the celestial artifact.

But in an instance, a cold voice rang out.

"Do you have a problem if I kill you on your territory?"

This cold voice made Bei Kunming tremble. He turned around in disbelief and he saw a familiar person.

Yun Tianxia!

His face was ice-cold as he stared at Bei Kunming. His eyes were filled with killing intent.

"You know it all?" Bei Kunming was shocked. He thought that Yun Tianxia found out about Jin Yu and his plan.

But his words to her were a secret, no one could hear it unless Jin Yu revealed it.

But Jin Yu wanted Yun Tianxia to die more than him so it was impossible for anyone to know.

Yun Tianxia looked at Bei Kunming in rage. He thought that he was talking about that flirty action between them. He said coldly, "Of course I know everything so I came to kill you."

Although they weren't talking about the same thing, they actually ended up on the same page. Both sides thought that the other knew about the same thing.

"So what if you know, you are trash and can't even compare to me. You want to fight back?" Bei Kunming's expression changed and killing intent appeared in his eyes. Since he knew that he had to be killed and couldn't be left alive.

"That was me in the past. You can't compare to me now." Yun Tianxia said coldly. He stepped out and his aura was really majestic.

"Oh, you broke through to True Celestial Realm, how many resources have you consumed? They really are a waste on you." Bei Kunming sensed Yun Tianxia's aura and thought that he was at stage one so he instantly mocked him.

He was now stage three so it would be too easy to kill Yun Tianxia.

"Open your eyes and look, am I just in True Celestial Realm?" Yun Tianxia's aura burnt like a flame and a ten thousand feet flame blazed around him.

Hong long long!

The energy waves surged forth, forcing Bei Kunming back. He looked on in shock, "Stage nine, how do you have such terrifying cultivation?"

They had an agreement to be trash together. You were the bigger trash while he was slightly better.

But you became so terrifying now, didn't that make him the bigger trash?

Bei Kunming looked at Yun Tianxia in terror. This wasn't normal, how did Yun Tianxia who was trash for decades suddenly become so terrifying?

"I told you that time will change me. I don't care about you at all now. I came to kill you today." Yun Tianxia said coldly.

"You really want to kill me? You aren't afraid of my father?" Bei Kunming was shocked. He started to feel afraid.

True Celestial Stage Nine, no matter how Yun Tianxia improved himself, he was terrifying and he couldn't compare to him.

Moreover, Yun Tianxia's fierce gaze showed that he really wanted to kill him. That was something that couldn't be faked.

"I don't fear your father. You have a father and so do I." Yun Tianxia smiled coldly. Not only did he have a father, but he also had a Master. Moreover, your father suffered so many times under my Master's hands, so what did I have to fear?

Hong!

Yun Tianxia attacked. Clouds gathered together and caused huge waves. It spread and swept all around, directly sweeping Bei Kunming up.

"No, put me down." Bei Kunming shouted in terror. His cultivation couldn't even compare to Jin Zhengyang so how could he deal with Yun Tianxia?

Yun Tianxia ate who knew how many resources in his life which all sunk and accumulated in his body. After he got Ocean God's talent, he started to improve himself. He exploded right away, pushing his cultivation from Destiny Realm to True Celestial stage nine.

Rich accumulations exploded!

His body was filled with huge energy. It merged with the True Celestial Laws from the primordial divinity which helped him reach the current realm.

So now that he attacked, 100 thousand True Celestial Laws, the power of ten thousand Ancient Dragon Elephant Powers exploded. Such a terrifying strength swept Bei Kunming up.

Bei Kunming was in front of Yun Tianxia, he had no way to fight back at all.

On the other side, Tian Guangming was prepared to kill Jin Zhengyang.

Chapter 599: Killing And Fleeing!

Jin Zhengyang was sent flying by Tian Guangming's 100 thousand True Celestial Laws. He coughed out large mouthfuls of blood and his body started to shake. He spat out large pieces of his organs and looked at Tian Guangming with both fear and terror.

Tian Guangming who was covered in light looked like a god. In the eyes of a True Celestial like Jin Zhengyang, he seemed really mysterious.

“Cough cough, who are you? I didn’t offend you, right?” Jin Zhengyang felt really wronged. He was even a little sad and furious. He felt that he himself was really pitiful.

He felt like he hadn’t offended anyone recently. He often gave in to others with higher cultivation than him and never offended them.

Why was there such a strong person coming to kill him?

Those 100 thousand True Celestial Laws stunned Jin Zhengyang. Only a top genius could reach that amount.

Even Jin Yu only had 100 thousand when she broke through to True Celestial Realm.

100 thousand was a step up.

50 thousand was the basic number. To break through to Heaven Celestial, one had to have 50 thousand. But to reach 100 thousand, that was a huge gap.

The closer one was to 100 thousand, that meant that one had more potential. Jin Yu had over 90 thousand, really close to 100 thousand which was why people said that she was a genius with limitless potential.

As for breaking through 100 thousand, anyone who did that would be a top genius. All factions would chase them. As long as they didn’t die halfway, they would become central pillars of their factions.

So when Tian Guangming used 100 thousand True Celestial Laws at once, Jin Zhengyang was stunned. He felt like he hadn’t offended such a strong person.

“You didn’t offend me?” When Tian Guangming heard that, he mocked. He stepped out and lowered his head in front of Jin Zhengyang.

“Take a good look. Who am I?” Tian Guangming said coldly.

The light scattered and Tian Guangming’s face appeared in front of Jin Zhengyang.

“You...” The moment Jin Zhengyang saw Tian Guangming, his eyes opened wide in disbelief. It was as if he had seen something terrifying.

“No... Impossible...” Jin Zhengyang shook his head. He didn’t believe his eyes. He blinked and wished that what he saw was an illusion.

But the truth was there. No matter how many times Jin Zhengyang blinked, it was the same outcome.

Tian Guangming's face was right there and it was so clear and cold. That gaze that seemed like it was about to pierce through his heart, that filled Jin Zhengyang with despair.

"Do you find it unbelievable?" Tian Guangming laughed coldly.

"How did this happen. A month ago, it was just a month, you only came here for a month." Jin Zhengyang's opinions and thoughts of the world were all shattered. These things exceeded what he could understand.

"Moreover... Moreover, I sent you to Black Water Island and you actually didn't die?" Jin Zhengyang trembled and said.

There were too many things that he couldn't understand.

Shouldn't people that were sent to Black Water Island get beaten to death?

Even if they didn't die, it was impossible for them to come out in a month.

What happened?

"Speaking of which, I need to thank you for sending me there, only then did I have a chance to improve myself." Tian Guangming said coldly.

For him to have his current cultivation, he needed to thank Jin Zhengyang. If not for Jin Zhengyang sending him to Black Water Island, he definitely wouldn't have such cultivation.

So Tian Guangming would definitely thank Jin Zhengyang well.

"Do you know how I spent the month at Black Water Island?" Tian Guangming grabbed his collar and raged.

"One month, this month was like years for me. Although my cultivation increased, do you know how tough that one month was?" Tian Guangming was filled with rage.

Rage was about to burn Jin Zhengyang.

"Let me off, it was my fault. I was ignorant and arrogant, please let me live. I am from Jin Family and can compensate you." Jin Zhengyang trembled and said.

"You can tell Lord Yama about that." Tian Guangming said coldly.

"No... No..." Jin Zhengyang looked at Tian Guangming in terror.

Kacha!

Tian Guangming coldly snapped his tech. 90 degree twist. True energy entered his soul and killed it.

Jin Zhengyang's corpse turned soft and fell down.

Only then did Tian Guangming relax and stand up. With revenge taken, the rage in his heart scattered.

"Let's go, we caused too much of a commotion and many people saw us." Yun Tianxia flew over and said solemnly.

"Okay." Tian Guangming didn't say anything and flew away instantly.

Yun Tianxia followed closely behind and chased up.

On the boat, two corpses just laid there under the shocked eyes of everyone.

Especially those that Bei Kunming brought. All of them cried that their young master was dead while they were still alive. Emperor Beiqiu would definitely bury them along with him.

"Chase, chase them." Someone shouted in anger.

On the shore, many people were discussing.

"I know that person, it is Yun Tianxia, Yun Manor Lord's son." Someone shouted.

"Yun Tianxia, that famous trash, how can it be him?" Someone was shocked.

"Jin Yu and Bei Kunming were so close, immediately Jin Yu's fiancée Yun Tianxia charged up to kill Bei Kunming. That was karma." Someone laughed out loud and clapped.

"This time Emperor Beiqiu and Yun Manor Lord would have a conflict, that would be interesting." Someone gloated.

"What good show, two elders clashing will end up affecting innocent people like us." Someone was annoyed.

...

Everyone discussed but everyone felt that it was being Bei Kunming and Jin Yu who were flirting and Yun Tianxia caught them which was why he killed Bei Kunming.

As for Jin Zhengyang, no one cared about him. How could Jin Zhengyang compare to Bei Kunming?

But these discussions couldn't disturb Tian Guangming and Yun Tianxia. After killing, they flew away and didn't waste any time at all.

They ran for half the night and were far from the North River before stopping. They stopped to rest in front of a huge mountain.

The moonlight scattered and it was really beautiful, casting a long shadow. Tian Guangming stood in front of a piece of stone and looked at the stars, "Now that I have taken revenge, I need to cultivate and settle down myself and break through to Heaven Celestial Realm, what about you?"

"I probably need to start fleeing." Yun Tianxia said helplessly. He stood below Tian Guangming and rested on the stone.

"Will Emperor Beiqiu chase you?" Tian Guangming guessed.

"Right, I killed his only son, do you think he won't chase me?" Yun Tianxia said.

"No need to be afraid, I will hide from him along with you. If not we will just fight back and kill the people sent. If we can't then let's just ask for Master to help." Tian Guangming said solemnly.

"That is the only thing we can do. This is also our test. North River is far from Yun Manor, we need to be careful when we go back." Yun Tianxia nodded.

Chapter 600: Furious Emperor Beiqiu!

News of Yun Tianxia and Tian Guangming killing Bei Kunming and Jin Zhengyang in front of everyone's eyes quickly spread out.

Of course, the reason why this thing could be spread was because it was between Yun Tianxia and Bei Kunming.

Tian Guangming and Jin Zhengyang weren't important, anyways not many knew them.

Yun Tianxia had Yun Manor Lord behind him, the most famous genius in North Nether Region of the last generation. He didn't die along the way and reached an unfallable position.

Behind Bei Kunming was Emperor Beiqiu. He was someone from Celestial Dynasty and managed Celestial Dynasty in North Nether Region.

North Nether Region was a small place, it was one relatively small region out of the three thousand regions of Celestial World. It wasn't that famous.

The only reason why people knew about it was because the entrance from the Nine Skies and Ten Lands was here.

But after the celestial gate closed 30 thousand years ago, the fame of Nine Skies and Ten Lands fell by a large amount.

The people born during these 30 thousand years didn't know where the North Nether Region was.

But even if this was a small place, there were still many people. So Celestial Dynasty sent Emperor Beiqiu over to manage this place.

Now that Emperor Beiqiu's son was killed by Yun Tianxia in public, everyone started to guess how Emperor Beiqiu was going to deal with Yun Manor Lord and his son.

15 minutes after Bei Kunming was killed, Emperor Beiqiu sensed it.

Emperor Beiqiu was injured by Li Xiandao in Nine Skies and Ten Lands and spent the last month healing up. He recovered in his room and didn't care much about the outside world unless it was news regarding Li Xiandao. If not no one could disturb him.

But his son was killed, blood was thicker than water. Emperor Beiqiu immediately spat out blood and he felt heartpained. He shouted, "My son..."

His only son was killed. Emperor Beiqiu went mad. He didn't care about his injuries and charged out. He shouted in rage, "Where is Bei Kunming? Where is my son?"

Emperor Beiqiu Manor's bulter walked over and said, "Old Master, young master he..."

"Speak, who did it?" Emperor Beiqiu's eyes flushed red. He stared at the butler and raged.

"Old Master, it was Yun Tianxia, Yun Manor Lord's son." The butler trembled.

"Yun Manor Lord!" Emperor Beiqiu's eyes flushed red and he was in a fury. "Damn, I didn't deal with you and you actually let your son kill mine. Damn, I will wipe out your whole family."

Emperor Beiqiu told Bei Kunming to contact Jin Family to deal with Yun Manor Lord and Heaven Spirit Celestial. Who knew that Yun Manor Lord told his son to kill his son first, catching him off guard. That was preposterous.

He was provoking him.

Emperor Beiqiu was furious, he felt like the mastermind was Yun Manor Lord.

The butler opened his mouth and wanted to say that Yun Tianxia attacked because of Jin Yu. But he saw that Emperor Beiqiu was furious and couldn't listen, his face was filled with killing intent.

"Did the people from Heaven River come yet?" Emperor Beiqiu asked coldly.

"In 10 days, they will come to North Nether Region." The butler said.

"Right, ten days later I will declare war against Yun Manor Lord. This time I will wipe him out and let North Nether Region fall totally under my control. Everyone will have to listen to me." North Nether Region said coldly.

"Jin Family hasn't agreed." The butler said carefully.

"They will, if they don't then we will wipe them out together." Emperor Beiqiu had a terrifying gaze. Rage had already reached his heart.

First, he was badly injured by Li Xiandao. His 30 thousand troops were killed too. Now his son was dead. The series of blows were too much for Emperor Beiqiu. He decided to wipe out Yun Manor Lord's family first and control North Nether Region before capturing Li Xiandao.

"I will definitely shatter you all one by one." Emperor Beiqiu thought about it coldly.

"How do we deal with Yun Tianxia?" The butler asked coldly.

A fierce glow flashed in Emperor Beiqiu's eyes, "Capture him. Send out the best in guards army. I don't believe that he can flee from us in this small North Nether Region?"

The butler said coldly, "I will personally lead the team to capture him."

"You are already at Heaven Celestial and are strong. Go, I want to kill his son in front of Yun Manor Lord. I want him to feel the pain of losing his son just like I did." Emperor Beiqiu gritted his teeth.

The butler nodded. He turned around and left. He took big strides, gathering people to capture Yun Tianxia.

Emperor Beiqiu looked on coldly with an ice-cold gaze.

...

In the Bank of the Universe, Li Xiandao had walked to the third teacher when he received news that Tian Guangming and Yun Tianxia worked together to kill Jin Zhengyang and Emperor Beiqiu's son Bei Kunming.

The two of them were fleeing because Emperor Beiqiu had sent people to capture them.

Li Xiandao thought about it coldly, "I am quite fated with this Emperor Beiqiu. Your son even died to my subordinate"

Tian Guangming and Yun Tianxia weren't in danger so Li Xiandao didn't have to save them. He confirmed that they could deal with the problem themselves so he closed his eyes and started to comprehend True Celestial Laws.

He absorbed the laws from Unnamed Person and the thin monk and had over 200 thousand True Celestial Laws. But this was far from his goal of a million so he started to comprehend different ones from the new teacher.

This teacher was a scholar. Li Xiandao found him and brought him to a far place. There were five tombs here of five brothers. Their souls all entered Bank of the Universe when they died and they were buried together.

"Let's discuss the dao together. My comprehension ability has risen and one on one is not enough." Li Xiandao crossed his legs. There were six around him, all were strong celestials.

When they heard Li Xiandao's words, they started to talk about the dao. Each spoke about their own and no one stopped each other. All of them spoke loudly, True Celestial Laws spat out from their mouths. They were colorful and beautiful.

But at the same time, it was really complicated. They talked about their own dao and ignored the others. True Celestial Laws squeezed together. When normal people looked at it they would feel giddy but Li Xiandao was able to absorb them all.

When Mo Qian who was Li Xiandao's shadow saw that, his head felt number. He felt like it was tough to even remember it but Li Xiandao could actually comprehend it all. As expected from his Master.

Just like that, Li Xiandao started to proceed towards his million True Celestial Laws.

These six people could provide Li Xiandao with more than 100 thousand True Celestial Laws. When he comprehended all of them, Li Xiandao could break through to Heaven Celestial with a million True Celestial Laws.
