

Bank of the Universe

Chapter 601: Corpse Chasing Faction!

Li Xiandao was comprehending True Celestial Laws while Tian Guangming and Yun Tianxia were carefully fleeing.

But unfortunately, the net pounced towards them and covered the area towards Yun Manor.

In this range, Tian Guangming and Yun Tianxia's escape route was easily found by them.

Emperor Beiqiu used Celestial Dynasty's strength and quickly found their path. They surrounded them and placed them in a dangerous spot.

During this period, Jin Family who Jin Yu represented had joined in. With Jin Yu leading the way, she led the Jin Family people to chase Yun Tianxia and Tian Guangming.

This added even more trouble to the two of them.

A broken cliff. Tian Guangming and Yun Tianxia both hid here. Their bodies were covered in blood, those were the blood of the enemies they just bumped into. The two of them joined hands to kill over a dozen True Celestial troops but also exposed their own position. Then Jin Yu brought the Jin Family people over and started to chase them.

They were just able to break free from the Jin Family and hid here. They weren't in a good spot.

"Damn you bitch, you really want me to die so much." Yun Tianxia scolded. He was furious. They were unwed but she actually treated him so coldly.

"What do we do now?" Tian Guangming frowned. He had just fought Jin Yu once and she was really strong, making him feel huge pressure.

"The path to Yun Manor has to be blocked. Moreover Emperor Beiqiu is the one blocking us. We can't go back. There are people in front and people chasing us behind. We only have one path." Yun Tianxia gritted his teeth.

Tian Guangming said right away, "Rise from the ashes."

“Right, since our path forwards is blocked, we can only take a gamble.” Yun Tianxia said viciously.

“Turn around and kill them.” Yun Tianxia gritted his teeth.

Tian Guangming frowned and said, “The people chasing us from the back are from Emperor Beiqiu and Jin Family. Just one Jin Yu is enough for us, she is at Heaven Celestial Realm.”

Heaven Celestial and True Celestials were different. True Celestial was the first step in the celestial journey. To Destiny Realm people, True Celestials were really strong.

With the same logic, Heaven Celestials were really strong to True Celestials.

Even if there were two of them, one had the Goddess of Light’s primordial divinity and the other had the ocean god’s, it was hard for them to defeat Jin Yu.

Much less other True Celestials. In front of Heaven Celestials, they had no way to fight back at all.

In North Nether Region, if a faction had Heaven Celestials, it was the same as having a trump card. If they didn’t offend people, they would be able to last and pass down.

For True Celestials to get into Heaven Celestial Realm, that was a really tough thing. Many stage nine True Celestials were stuck there and unable to break through.

Yun Tianxia laughed coldly, “I know that Jin Yu is strong but we just need to bait her. If we lay out a formation, we will definitely be able to kill them.”

Tian Guangming’s eyes lit up. Wasn’t this the same as what Old Man Tianchi did in Nine Skies and Ten Lands, he then led celestials in and killed them.

“Good idea, but where should we lay that formation at?” Tian Guangming asked.

If the formation wasn’t laid out well, it would be easily found. Jin Yu was also at Heaven Celestial Realm and her observation skills were stronger than them.

Tian Guangming had no understanding of North Nether Region at all, so he could only rely on Yun Tianxia.

Yun Tianxia thought about it and had an idea. He said emotionally, “I know a place, I will bring you there.”

“What place?” Tian Guangming was shocked.

"The place where Corpse Chasing Faction lived at, Yellow Fountain Road." Yun Tianxia said.

"Corpse Chasing Faction?" Tian Guangming looked at Yun Tianxia in shock.

"Right, there was a strong organization in the past before Celestial Dynasty was here. North Nether Region was ruled by Corpse Chasing Faction. They collected strong corpses and used them to develop and refine to form Corpse Kings. They couldn't be injured and had no feelings. They were true killing weapons." Yun Tianxia explained.

"So strong?" Tian Guangming was amazed.

"They were indeed so strong." Yun Tianxia said confidently.

"Then how were they wiped out?" Tian Guangming asked curiously.

"They were too arrogant. Their strengths were celestial corpses. Stronger celestials became stronger corpses when they died. To get those corpses, they did many infuriating things. They often dug tombs and even some celestials who died hundred thousand years ago or millions of years ago were dug out. This was the reason why Celestial Dynasty hunted them down." Yun Tianxia added.

"They did offend many people. No one wanted their seniors and elders to have their corpses stolen and taken to turn into zombies." Tian Guangming nodded.

"So after Celestial Dynasty wiped them out, they took over North Nether Region without any opposition. Now the old address is abandoned as that place has too much Yin Energy. Moreover, no one knew how many corpses were buried there." Yun Tianxia said.

"This seems like a great location." Tian Guangming's eyes lit up.

"Right, the Yin Energy can cover our formation." Yun Tianxia nodded his head.

"Then have you thought about what formation to lay out?" Tian Guangming asked.

"I did, have you heard of the Great Destruction Formation?" Yun Tianxia laughed coldly and asked.

"No." Tian Guangming shook his head and asked, "Is it strong?"

"Of course, Great Destruction Formation is a famous formation here in Celestial World. It was created by Emperor Gouchen. When Emperor Gouchen and Celestial Dynasty fought with one another and he disappeared, his subordinates used this to block Celestial Dynasty's attacks and then a thousand regions turned on them." Yun Tianxia explained.

“One definitely needs materials for this huge formation. Where are you getting them from?” Tian Guangming asked.

“We don’t need such a large one. We are dealing with Heaven Celestials so we can shrink it by a thousand times. Also, I lack everything except resources.” Yun Tianxia smiled in delight. His words were filled with pride.

“Then, let’s go. I will help you lay this formation out. We are going to do a big one and kill a bunch.” Tian Guangming said emotionally.

Since Yun Tianxia said that, then everything was prepared. They were chased so much and it was time for them to take revenge.

“Go, I will bring you to lay out the formations. At that time, we will kill more bastards.” Yun Tianxia said coldly.

Chapter 602: Sending You To Hell

Tian Guangming followed Yun Tianxia over to Chasing Corpse Faction’s Yellow Fountain Road.

Along the way, Yun Tianxia told Tian Guangming, “The reason why it is called Yellow Fountain Road was because it is the road towards where they refined their corpses. It is dark and terrifying and it is said that many terrifying corpses are buried there.”

“Then, we are still going there?” Tian Guangming stopped and was worried.

“There is no need to be afraid, we are just laying out a formation outside and we won’t head deep in.” Yun Tianxia ensured.

“Moreover, we are in danger now. Once we get noticed, there are low chances of us living. Moreover, only a few people can save us and if we need Master to help us, then won’t it show that we are trash?” Yun Tianxia said.

Tian Guangming thought about it and said, “You are right, if we can solve them ourselves, why should we disturb Master?”

“So let’s go.” Yun Tianxia pulled Tian Guangming towards the Yellow Fountain Road.

It was a huge piece of land that was dyed yellow in color. Along the way were many white cherry blossom trees. The wind blew the flowers and they scattered all around.

This place was really silent. It was raining when they arrived so the soil was damp and the Yin Energy around was heavy. Even if one was at True Celestial Realm, one could sense the energy. It was really high like something huge was about to happen.

Moreover, what was worse was that the rain would wash the dirt and reveal some of the corpses buried under.

One could see hands, half a face, or a leg...

Those scenes made one panic. Some of the places started to seep blood. It was really terrifying like they were at a murder scene.

Tian Guangming's tongue was dry, "We are at the outer parts of it?"

Even the outer areas are so terrifying?

"Right, you don't need to be afraid. They are all dead people. Moreover, people from the faction are gone close to 50 thousand years ago. If things would happen they would have happened long ago." Yun Tianxia started to feel nervous but on the surface he still showed confidence. He did his own things and was really occupied."

Since they were here then did they have to scare themselves because of such things and leave?

"Great Destruction Formation was something that I saw from my father so I have a really deep impression of it. Till now I still haven't forgotten it. Let me tell you what to do. Let's start, we mustn't waste any time." Yun Tianxia started to arrange everything.

"Okay." Tian Guangming nodded.

The two of them got busy. They outlined the place, carved restrictions, attracted the meridians, laid out flags, moving the energy etc...

These things were really problematic and for a full seven days, the two of them were busy.

After seven days, the Great Destruction Formation that was a thousand times smaller was finally formed.

In their eyes, this formation was filled with killing strength. But because it was on Yellow Fountain Road and was covered by the Yin Energy, it wasn't so easily noticed.

During the seven days, the two of them got used to the surroundings. When they saw the corpses on the ground, they buried it.

As for the other things, they weren't a problem. Apart from the Yin Energy and it being scary at night.

"The Great Destruction Formation is laid out, time for us to draw the guests in." Yun Tianxia looked at the formation he laid out and laughed.

"Right, we have been busy for these seven days, it is time for them to taste it." Tian Guangming laughed coldly.

"I think they must be searching for us." Yun Tianxia guessed.

"Of course, this is the only path out. It must be all blocked up outside. Even a fly won't be able to fly into Yun Manor." Tian Guangming said.

"It is okay, this formation is really strong. We should split up and draw people over. The more we draw here the higher our chances of winning." Yun Tianxia said.

"Okay, I will head to the east." Tian Guangming nodded.

"I will head to the west." Yun Tianxia pointed.

"In half a day let's gather here." Tian Guangming said.

"Okay." Yun Tianxia agreed right away.

...

North River to Yun Manor was a large distance. Jin Family and Celestial Dynasty's guards army had surrounded it.

People from the guards army and Jin Family all started to push in and search. For a full seven days they were really busy and reduced the range by half.

But the remaining half was still huge.

Jin Family people reported to Jin Yu, "Little Miss we have searched for seven days and still haven't found anything. Should we continue?"

"Yes." Jin Yu said coldly.

"Have they ran out?" Someone said out their worries.

"Impossible. They are just hiding inside. With the way we are searching, it is impossible for them to flee." Jin Yu shook her head right away and disagreed with those thoughts.

“Continue searching. Us giving up is what Yun Tianxia wants to see. I must capture him. Yun Family shouldn’t exist and should be wiped out.” Jin Yu said coldly. She was firm in her thoughts and her gaze was ice cold.

Just at that moment, a sword light shot forth from the distance.

Hong!

The air around exploded. The sword light was really strong and there was also a voice.

“Jin Yu you bitch, you actually hunting down your fiancée, you are venomous.” Yun Tianxia scolded. His words caused Jin Yu’s expression to turn ugly.

“You are asking for death!” Jin Yu gritted her silver teeth. Her face was ice cold and she attacked.

Hong!

That sword energy was directly shattered by Jin Yu. She looked into the distance coldly, “You aren’t hiding and actually came to provoke me. Let’s see where you can run to this time?”

Xiu!

Jin Yu was really quick. She crossed a huge distance to hunt Yun Tianxia down.

When the Jin Family members saw that, they followed closely behind. They went all out to reduce the distance.

After Yun Tianxia used that attack, he turned around to flee. He was really quick but even then he could sense that Jin Yu was catching up.

“That crazy woman. She really is strong and she is fast too. If I wasn’t prepared, she would definitely catch up.” Yun Tianxia cursed before drawing a teleportation restriction.

He learnt it from Tian Guangming. He crossed a large distance and broke free from Jin Yu.

She laughed coldly, “Where can you run to?”

“I will definitely capture you today and torture you.” A fierce glow flashed in her eyes and she sped up.

Hong long long!

The few hundred experts from Jin Family followed closely behind.

On the other side, Tian Guangming baited the Guards Army. The leader was the Emperor Beiqiu's butler.

He was fleeing. His target was the same as Yun Tianxia, the Corpse Chasing Factions, Yellow Fountain Road.

Send all of you to hell!

Chapter 603: Do You Know What Is Instant Explosion?

"Die!" A furious shout along with fierce celestial energy strikes exploded, smashing onto Tian Guangming's body.

This came from the hateful strike of Emperor Beiqiu.

He intercepted Tian Guangming. Unfortunately it wasn't Yun Tianxia but he could still vent some frustration by killing Tian Guangming.

As long as he didn't kill Yun Tianxia and brought him back to Emperor Beiqiu, then everything was okay.

"I am already so old and it should be time for me to retire. But because of your nonsense, I have to chase all of you outside. Do you bear to see an old man running about?" The butler sighed. he said that he was old but his attacks were so sharp. His palms slapped onto Tian Guangming's chest.

Kacha!

Tian Guangming's chest caved in and he spat out blood. He flew backwards at an unimaginable speed.

"To kill you so easily is too good to you." The butler laughed coldly and he felt that Tian Guangming was definitely dead.

To get struck by him in the chest with his cultivation and sustaining the attack head on, how could Tian Guangming not die??

But in truth, Tian Guangming really wouldn't die.

He purposely took that blow. After being cut off, he thought of this method of escaping.

To take that strike head on. To others, that was a Heaven Celestial attack and if one couldn't handle it, one would definitely die.

But to Tian Guangming, it was child's play.

During that month in Black Water Island, Tian Guangming had suffered so many of such attacks and was already used to it.

Even if he was hit in the chest and all his ribs broke and his body was close to collapsing, but he still escaped. He drew a space crossing restriction to disappear from the spot. All he left was a weak voice.

"If you are afraid to die then just stay in the river and be a turtle. Stop chasing me, thank you for letting me go. Old bastard will live a few more years. Once I get stronger I will come and kill you."

Tian Guangming's words were infuriating, causing the butler to shiver and open his eyes wide in rage. He looked at the people around and rage rose up in his heart with nowhere to vent. It was because he was the one that sent Tian Guangming flying out.

Who knew that Tian Guangming could actually continue to flee after suffering from such a strike. Shouldn't he have just fallen down?

"Chase, I want to see how many lives you have. You can take one strike from me so I shall strike a few more times." The butler said coldly. He waved his hands and chased.

The others from the Guards Army followed.

Just like that, Tian Guangming and Yun Tianxia both brought a bunch of people to Yellow Fountain Road.

When they entered Corpse Chasing Faction's range, the Yin energy got thicker. Jin Yu stopped and when she saw that Yun Tianxia had disappeared, she was furious.

"Continue to chase." Jin Yu decided to follow. She waved her hands.

"Little Miss, this is Corpse Chasing Faction's land, it is really sinister." A subordinate said.

"He can enter but we can't?" Jin Yu laughed coldly and didn't fear anything. She might be a woman but she was more manly than guys when she did things.

Hong!

Jin Yu charged in with no fear at all.

Her subordinates looked at one another and followed helplessly.

On the other side, Tian Guangming also brought the Guards Army troops and butler here.

The butler didn't even think and charged in with the soldiers.

There were thousands of people so why would they be afraid of such things?

...

Yellow Fountain Road, Tian Guangming, and Yun Tianxia met up.

Yun Tianxia was panting. Apart from consuming some energy, he was fine.

Tian Guangming was much worse. He was still spitting out blood and his chest had given in. He looked like he could die at any moment.

"What happened to you?" Yun Tianxia was terrified and asked nervously.

"Nothing, I just suffered from some small injuries." Tian Guangming said simply.

Yun Tianxia was speechless, you were about to die and this is called small injury?

"Can you wipe the blood off the corner of your lips when you say such things?" Yun Tianxia dissed.

"I am fine, I will just sleep for a while. I have led them over, kill them all. I will be fine when I wake up, you don't have to worry." Tian Guangming said with a weak voice. The moment he said that he fell to the ground and all that one could hear was the weak breathing.

If one didn't look carefully, he was like a corpse with no lifeforce at all.

Yun Tianxia blinked his eyes and was speechless, "You really could fall asleep instantly."

Instantly, many people appeared all around.

Some were from Jin Family and were led by Jin Yu.

There was also the Guards Army led by Emperor Beiqiu's butler. They surrounded the two of them.

"Run, why aren't you running?" Jin Yu laughed coldly.

“That person finally died. He took my strongest blow and could still run so far, that is the first time I have seen something like this.” The butler saw Tian Guangming who was laying on the ground and smiled in delight. He thought that Tian Guangming was dead.

In truth, his face was ashen white and was covered in blood. His aura was so weak like it could go out at any moment. It was the same as someone who was on the verge of death.

Jin Yu didn't even look at Tian Guangming. In her eyes, there was only Yun Tianxia.

The butler was the same. Tian Guangming just laid on the ground and was on the verge of death, there was nothing to care about.

Moreover, his goal was to capture Yun Tianxia alive.

Yun Tianxia who was being stared at wasn't afraid at all. Instead, he gave a mysterious smile, “Aren't you curious why I drew all of you here?”

When Jin Yu and the butler heard that, they frowned. Thinking about it, they were both shocked.

It seemed like they had fallen for something.

But they didn't retreat. Instead, they walked forwards and got close.

“Who cares what you planned. I will kill you and everything will end.” Jin Yu said coldly.

“You can't kill him, Emperor Beiqiu wants him alive and then to kill him in front of Yun Manor Lord.” The butler stopped Jin Yu.

Light flashed in her eyes, “Then we won't kill him. But we can break his legs right?”

The butler didn't care, “I just want him alive. As for how alive he is, that doesn't matter.”

“Okay, I will destroy him and then break his limbs.” Jin Yu said coldly. Her eyes were filled with an ice-cold glow.

Yun Tianxia looked at the people getting close. They were from Jin Family and the Guards Army and they all entered the formation he laid out. He asked. “Do you know what is an instant explosion?”

Jin Yu frowned and said coldly, “I don't but I know that you are about to die.”

“Right, you are about to die. taste the explosion feast that I have prepared for all of you.” Yun Tianxia smiled happily and activated the formation.

Hong long long!

Chapter 604: I Liked You Before!

Yun Tianxia's Great Destruction Formation was hidden under the sinister and dark Yellow Fountain River. If the people who entered didn't pay attention to it, they definitely wouldn't be able to notice.

Did Jin Yu and the others pay attention?

No!

Their goal was always Yun Tianxia. All of their attention was attracted by all of them.

They didn't even notice when the Great Destruction Formation was activated. until it exploded did they look around in terror.

"We fell for his trap." Jin Yu's expression changed. A cold glow flashed in her eyes as she stared at Yun Tianxia coldly.

"Let's go!" The butler's first reaction was to retreat.

But Jin Yu charged instead of retreating. She scolded, "Why are you running? Kill Yun Tianxia. Without someone activating this formation, how strong can it be?"

Jin Yu was really decisive and charged. Even if she was badly injured, she wanted to kill Yun Tianxia.

When the butler saw this, he gritted his teeth and charged too. He didn't care about Emperor Beiqiu's words about getting Yun Tianxia alive.

Now their priority was to kill Yun Tianxia and get out of this danger.

Thew few thousand of them stood on the Great Destruction Formation. Along with it exploding, each one of them felt terror. Even a stage nine True Celestial felt like they were in danger.

So at that moment, everyone fled outside. No one wanted to die.

Jin Yu and the butler both charged towards Yun Tianxia while the others wanted to flee. It became really chaotic.

The Great Destruction Formation surged all about. The thic aura exploded and killed those who wanted to flee.

Yun Tianxia looked at Jin Yu and the butler and smiled coldly, "I laid out this formation, spending so many resources. Do you think that it only has such strength?"

Hong!

Jin Yu didn't reply. She pulled out her long sword. A cold gaze flashed in her eyes. All her energy and faith surged into that sword.

Die!

Jin Yu gathered all her focus and belief together to kill Yun Tianxia.

The butler didn't hold back, slapping with his dry palm. The giant palm smashed down and covered Yun Tianxia's body, not giving him a chance to flee.

"Die!" The butler scolded. It was like he had appeared from hell, it sent chills down one's spine.

The attacks all were really majestic. Celestial energy surged around, like hundred meter waves appearing on the ocean.

But Yun Tianxia didn't care. Who cared about your shocking waves and killing energy, I still wouldn't move.

Yun Tianxia just laughed coldly and said, "All your attacks are useless. Do you know what is the extreme form of terror?"

Hong long long!

At that instance, beneath the Yellow Fountain Road, endless amounts of death energy surged out.

Destructive Formation!

The strength of the formation was that it was able to gather destructive energy.

Destruction, energy that could slay anything. The destructive energy that exploded out swept Jin Yu and the butler right away.

Peng peng!

The two of them panicked. Without an exception, they were swept and their attacks were shattered.

Pu!

Jin Yu and the butler spat out fresh blood and fell to the ground. Their bodies shook and they were covered in wounds and were barely breathing.

Destruction Energy, one strike at it badly injured Jin Yu and the butler. They were on the verge of death and were spitting out blood.

The butler was old, he couldn't take it anymore and stopped breathing.

Jin Yu laid on the ground and spat out fresh blood, dying her snow white neck. Her face turned white and she looked around in despair.

Jin Family, Guards Army troops, all of them were killed.

The destruction energy have exploded, it swept everything around and made everyone terrified.

Many people were getting killed. Some were sliced at the waist and fresh blood gathered to form a river. It dyed Yellow Fountain Road, causing the Yin Energy around to get much thicker.

Jin Yu closed her eyes in despair and knew that she had failed. her plan and her ambitions were all gone.

Da da da!

Yun Tianxia walked over and stood in front of Jin Yu. She bent down and looked at her.

Jin Yu opened her eyes and coughed. Fresh blood seeped out. She was like a fresh flower that was quickly withering.

"You win..." Jin Yu said powerlessly.

Yun Tianxia looked at her, she was now close to death. Hatred and everything else slowly turned dull. He said, "If you recognised me from the start, we should be living blissfully now."

Jin Yu looked at Yun Tianxia and regret appeared in her eyes.

"I liked you. When I was trash, your family head said about marrying. Even if my father told me that you have impure goals, but I still agreed. It was because I liked you then." Yun Tianxia said with a complicated expression.

He liked her in the past, who knew that it would end up like this.

"Then can you let me live?" Jin Yu begged.

“No!” Yun Tianxia denied.

Jin Yu looked at him in despair.

“You didn’t like me from the start and have only been using me. Now you want to kill me. Once I release you, you will still want to kill me.” Yun Tianxia said coldly.

“I liked you but that was in the past. I realised that you got colder and more unfamiliar. I liked the past you, you faked it and drew me in. The actual you are so cold that you make me afraid.” Yun Tianxia sighed.

“I can turn into what you like, I can also become your wife and give birth to children for you. I will never betray you.” Jin Yu begged.

“No need. I am not the past me. What I liked when I was young is already gone, it is time we said goodbye.” Yun Tianxia said coldly. He got up and left without looking at Jin Yu at all.

“No... Don’t... Don’t give up on me...” Jin Yu begged.

But Yun Tianxia was really cold. He didn’t turn his head and left right away.

He walked out of Great Destruction Formation’s range and activated it right away.

Instant explosion!

Hong!

In that range, a few thousand celestials all died together. Fresh blood dyed the ground.

At that moment, Yun Tianxia heaved a sigh of relief. The chasing troops were finally solved.

He saw Tian Guangming who was sleeping on the floor. He brought him and left the Yellow Fountain Road.

...

After Yun Tianxia brought Tian Guangming away, Yellow Fountain Road calmed back down.

The sinister energy was really thick. When the wind blew, there were howls of ghosts and it was really terrifying.

Where the Great Destruction Formation was at, blood started to seep down.

At the depths of the ground, a corpse came into contact with all the blood. Once the blood entered his body, the corpse started to wake up.

“Who am I?”

“Where am I?”

“I am already dead, how did I come back alive?”

Voices reverberated all around. This corpse woke up from below and charged out onto the Yellow Fountain Road.

Chapter 605: Demon Heart!

A muscular body struggled out on Yellow Fountain Road.

His body was really tough and rigid at first. After he started to move about, it slowly got better.

This was a really solemn looking person. He was buried deep in the ground and his corpse didn't decompose. Now that he woke up, he lived once more.

But he didn't remember anything.

“I should... Find my memories!” The male frowned. he looked around, the land was huge and he had no place to go.

Weng weng weng!

A red watch appeared in front of him.

“In the Bank of the Universe, anything can be traded, as long as you can pay the price!”

The red watch gave out information. The guy held it. He was lost and didn't shatter it. He just took it and left

...

Yun Tianxia and Tian Guangming worked together to lay out the Great Destruction Formation to wipe out Jin Family and Guards Army. They killed a few thousand people. This result shocked everyone in North Nether Region.

Everyone thought that Tian Guangming and Yun Tianxia were dead. Even if they didn't die they would be captured.

No one expected them to actually kill all the enemies who chased them.

This news was like thunder which spread into everyone's ears. Especially Emperor Beiqiu. After he heard that news, he spat out blood and shouted in rage, "I will kill you, I will massacre the Yun Family."

He had lost 30,000 troops in Nine Skies and Ten Lands and was under huge pressure. If not for people above protecting him, he would have been punished and investigated.

Now that he lost a few thousand more, this blow was huge too. Emperor Beiqiu really hated Yun Tianxia.

His hate for him was only below that of Li Xiandao!

"Let's wait a few more days. Once the people from Heaven River come, we shall work with Jin Family to wipe out everyone in Yun Manor." Emperor Beiqiu said coldly.

He was waiting for one person!

The person from Heaven River!

The butler said that the person would come in 10 days. Now that seven days had past, three days were left.

Emperor Beiqiu just had to wait for three days. They will then work together to attack. Yun Manor only had one Yun Manor Lord. He also had Heaven Spirit Celestial helping but they couldn't block the attacks of their three families.

"Three days later is when Yun Manor would be wiped out." Emperor Beiqiu swallowed his anger. He was like an injured tiger licking his wounds and staring at the enemy fiercely. Once the time is right, he would pounce and kill the enemy in one strike.

At this moment, Tian Guangming and Yun Tianxia were resting in an inn beside a river.

After killing the people that were chasing them, Yun Tianxia's journey home was unopposed. However, he didn't return right away. He brought Tian Guangming to the nearby town to rest.

On that night, Tian Guangming healed his wounds. Yun Tianxia personally witnessed him went from his dying breath, to one brimming with life. All of that occurred in just one night.

The sun rose up on the next day and Tian Guangming opened his eyes. He saw Yun Tianxia and stretched. He stood up and asked, "What happened, was the Great Destruction Formation effective?"

Yun Tianxia said, "Of course, all those chasing us were killed."

"Well done, I feel like I am going to break through." Tian Guangming sensed his body and said in satisfaction.

Yun Tianxia asked in shock, "How sick are you? You were so badly injured and you recovered in one night?"

Tian Guangming said in delight, "This is my ability. As long as the person who beat me didn't exceed me too much, then I can heal from all injuries really quickly."

"Damn!" Yun Tianxia raised a thumb and from deep within he was envious.

"What should we do now?" Tian Guangming asked.

"Return, no one is hunting us down now. Emperor Beiqiu didn't personally come so no one will stop us when we go back. My father is at Yun Manor so we can peacefully break through to Heaven Celestial Realm." Yun Tianxia said.

"Okay then let's go." Tian Guangming nodded. Although he didn't break through to Heaven Celestial Realm, he had reached a limit. If he went into secluded meditation, he would definitely be able to break through.

The two of them checked out and left the small town.

On their way, they bumped into a solemn-looking guy.

...

In the Bank of the Universe, Li Xiandao opened his eyes. The six experts around him were quiet.

Their True Celestial Laws were all said out and Li Xiandao totally absorbed them.

In seven days, Li Xiandao absorbed all of their True Celestial Laws. His body had gathered a million True Celestial Laws.

The thick True Celestial Laws filled up Li Xiandao's Nine Skies and Ten Lands. They were really dense and took up an enormous space.

"I should break through to Heaven Celestial." Li Xiandao exclaimed.

A million True Celestial Laws. Once he reached Heaven Celestial and turned them into a million Heaven Celestial Laws, Li Xiandao's strength would increase indefinitely to a terrifying level.

Two months had passed since he entered Celestial World. Li Xiandao had been accumulating until now. Only then did he have some confidence.

He said goodbye to the six experts before leaving Legacy Hall and returning to the Trading Hall.

He hadn't seen Seven in a long time. Luckily there was no one in Bank of the Universe so Li Xiandao grabbed her hand and hugged her.

Seven's face turned red from his hug and struggled free, "During this period of time, I organized the Celestial World contracts and noticed some interesting things. Also, our new guest is quite special."

Li Xiandao was stunned and asked, "What contract is interesting?"

"And also, how is the new guest special?" Li Xiandao looked towards Seven.

"Let's speak one after another. The contract is interesting because it is from Jin Family, he is the Jin Family Old Ancestor called Jin Pingmei." Seven said.

"Jin Pingmei..." Li Xiandao blinked.

"Why?" Seven looked at him curiously.

"Nothing, I just find the name quite good, it is quite special." Li Xiandao said seriously.

"This name is not good, I find it hard to pronounce." Seven shook her head.

"Change two words and it won't be." Li Xiandao muttered.

Seven didn't want to talk to Li Xiandao about this and said, "He borrowed a Demon Heart from us to return in ten thousand years. Now that he broke the contract, he doesn't want to return the heart."

"What did he use to borrow it?" Li Xiandao asked.

To borrow the Demon God Heart for ten thousand years, he would definitely have to pay a high price. Li Xiandao wanted to know what he paid.

Seven said, "He placed his soul in the Bank of the Universe."

Li Xiandao's eyes lit up, "So where is his soul now?"

Chapter 606: Preposterous Story!

Jin Pingmei pawned his soul source in the Bank of the Universe. Once one controlled it, then his life and death was under Li Xiandao's control.

Jin Pingmei was the Jin Family old ancestor so he had to be really strong. He might not be higher than Heaven Celestial Realm but he was definitely at the peak.

By controlling his soul source, Li Xiandao could control his life and death.

Seven said, "Jin Pingmei's soul source is in my hands. He isn't able to get past Heaven Celestial Realm because it is within the Bank of the Universe. Once he gets it then he would definitely be able to break through."

Li Xiandao smiled, "So would he be willing to be my dog his soul source?"

Seven nodded seriously, "Definitely!"

"Pass his soul source to me. I will deal with him. He didn't pay up and his children even nearly killed Tian Guangming, he really doesn't respect Bank of the Universe." Li Xiandao laughed coldly.

Seven passed the soul source in her hands to Li Xiandao.

This soul source was white in color and it looked really beautiful. It was the purest and nicest thing in one's soul.

So without this bit, Jin Pingmei was unable to break through past Heaven Celestial Realm and enter the next realm.

Li Xiandao sized it up before keeping it, "You also said that the new guest is special?"

Seven pointed to her head, "This new guest is dead!"

Li Xiandao was stunned and looked at her curiously, "Dead?"

"Right, dead!" Seven nodded.

"How does a dead person enter Bank of the Universe, don't lie to me." Li Xiandao said.

"This new guest hasn't entered, he just took our watch and didn't shatter it." Seven explained.

"Then my beautiful Miss Seven, how did a dead person get our watch?" Li Xiandao asked Seven.

“The dead person came back to life.” Seven smiled.

“Then he isn’t dead anymore.” Li Xiandao was annoyed.

“No, he is still dead.” Seven shook her head solemnly.

Li Xiandao looked at Seven and was interested, “So beautiful Miss Seven please tell me what is going on with him?”

“Since you are sincere, I will force myself to tell you.” Seven coughed and then turned serious.

Li Xiandao saw the cute girl who now looked like a teacher, he had a doting gaze.

“Do you know what happens when a celestial dies?” Seven asked Li Xiandao.

“I don’t. Teacher Seven please tell me.” Li Xiandao shook his head.

“When a celestial dies, these few changes would occur.” Seven seemed like a teacher and started to teach Li Xiandao.

“Firstly, he would naturally die and his soul would go silent and return to the land. But his body wouldn’t decompose and would be buried deep underground. Within 100 thousand years, it wouldn’t decompose. The stronger he was, the longer this time would last.’

“Second, if this celestial was killed, either his body shattered or his soul get crushed, then no traces would be left. But if his body was in perfect condition and only the soul was gone, then this would be the best choice to turn into a zombie.”

“Thirdly, before this celestial died, he was prepared to reincarnate and he planned to have a second life.”

Seven added.

Li Xiandao was ‘enlightened, “Thank you Teacher Seven fr your teachings. But till now I still don’t understand how this has anything to do with our guest.”

Seven rolled her eyes at Li Xiandao and said, “I am not done, are you going to listen?”

“Yes yes yes!” Li Xiandao nodded.

“If you want to listen then pay attention, stop fooling around.” Seven scolded Li Xiandao.

Li Xiandao behaved himself now.

“Our guest is the third situation. He is already dead and buried himself underground to try to comprehend life in death.” Seven said.

“Damn!” Li Xiandao raised a thumb. People who could accept death were all top geniuses.

“But he met people from Corpse Chasing Faction and they pulled him out from underground.” Seven panted.

“And then?” Li Xiandao asked.

“He became the best material for a King Zombie and they started to refine him. All sorts of things and formations were placed on him to refine him into an invincible Zombie King.” Seven shook her head and pitied this person.

“This...” Li Xiandao was speechless. Someone who accepted death was treated so badly and refined into a Zombie King, was that something a human could do?

How could someone who accepted death not be stronger than a Zombie King?

“What happened after?” Li Xiandao asked Seven. He was really interested in this new guest now.

“Before the Zombie King appeared, they were wiped out by Celestial Dynasty. This Zombie King was buried deep underground and didn’t see the light of day.” Seven said.

“They deserved to be wiped out.” Li Xiandao supported Celestial Dynasty for that.

To use other corpses, the seniors and elders of others to refine into zombies. They deserved to get wiped out.

Although Li Xiandao had conflicts with Celestial Dynasty, he had to praise them for this.

“And then?” Li Xiandao wanted to know more about this person.

“Then?” Seven smiled, “After 50 thousand years, this person was in a dead state until a day ago.”

“What happened a day ago?” Li Xiandao couldn’t help but ask.

“Your two subordinates Tian Guangming and Yun Tianxia laid out a formation on Yellow Fountain Road which was where Corpse Chasing Faction was at. They killed a few thousand Celestials and their bodies were all shattered. The blood then flowed underground and he absorbed it.” Seven said.

“Then, it came back alive?” Li Xiandao was surprised.

“No!” Seven said directly.

“But he woke up and lost his memories. His body is filled with death energy. So he is not alive and is considered dead.” Seven added.

“So weird?” Li Xiandao was shocked.

“Right preposterous right. When I came into contact with this guest I was really shocked.” Seven said.

“Is this guest strong now?” Li Xiandao asked.

“I don’t know. He hasn’t shattered the watch so this is all I know now.” Seven shook her head.

“Shatter it quickly, I want to see a dead person that is alive.” Li Xiandao looked forwards to it.

Chapter 607: Heaven Celestial Realm!

Li Xiandao wanted to see the guest but since he didn’t shatter the red watch, Li Xiandao couldn’t force him to.

So after understanding more about him, Li Xiandao and Seven separated. He entered the Legacy Hall once more.

Li Xiandao wanted to break through to Heaven Celestial Realm.

He comprehended a million True Celestial Laws and was really strong. This strength allowed him to sweep everyone in True Celestial Realm.

But Li Xiandao was not satisfied.

North Nether Region True Celestials were just the first step. Heaven Celestials were the true strength of North Nether Region.

Once Li Xiandao broke through to Heaven Celestial Realm, he could open up and start doing business in North Nether Region.

He had entered Celestial World for close to two months and had been in hiding. Now he was just one step away from letting the Bank of the Universe reappear in Celestial World.

So Li Xiandao had to break through to Heaven Celestial Realm.

Li Xiandao called the few people who taught him True Celestial Laws all at once. Also there were other souls in the other tombs, a total of 49 people.

49 of them formed a formation which surrounded Li Xiandao. Each one of them were talking about their comprehensions when breaking through. It was really messy and one couldn't hear anything clearly.

But Li Xiandao could comprehend what each of them comprehended.

His talent automatically ordered those thoughts and corrected those chaotic voices. It turned them into language that Li Xiandao could understand and placed them into his soul.

Just like that, Li Xiandao mashed together the dao of all 49 of them, making his first step towards Heaven Celestial Realm.

True Celestial the first step in the celestial path. It represented that the cultivator had reached a slightly higher realm and could break free from the body of a mortal.

But Heaven Celestial was true strength.

Heaven Celestial had a long lifespan and could live for a few hundred thousand years, witnessing several eras.

Heaven Celestials had souls that couldn't be wiped out, bodies that couldn't be destroyed and power that could smash heaven and earth.

Heaven Celestials were the second step in the celestial path and where Celestials started to get strong.

People who were strong in Heaven Celestial Realm would continue to get stronger and crush everyone.

So Heaven Celestial was a strong starting point. If one did well in this realm, one could even reach those higher supreme realms.

Normal people broke through with tens of thousands of True Celestial Laws, Some talents would have close to 100 thousand, top geniuses will have hundreds of thousands...

Since ancient times, there were very few people who broke through with million like Li Xiandao. Those people all reached the max of their lifespan and used their life's comprehension to break through.

But Li Xiandao was different. In two months he comprehended a million True Celestial Laws and reached the extreme before breaking through.

If Li Xiandao had ten years, he might even comprehend ten million.

But that was pointless to Li Xiandao. He had the 19 worlds and if he developed them, they would be Li Xiandao's strong shield.

He didn't need to comprehend ten million True Celestial Laws.

At that moment, Li Xiandao was like a phoenix rising from the ashes. True energy blazed. Li Xiandao absorbed the thick celestial energy and all of it surged into his body.

His pores opened and his meridians expanded. The thick celestial energy surged into his dantian and entered the 19 worlds. They nourished these 19 worlds.

All of these were Li Xiandao's preparations before he broke through.

He wasn't in a rush. He accumulated for three days. Bank of the Universe's celestial energy was nearly finished by him. Fortunately the celestial energy dragon meridian was really strong and was enough for Li Xiandao.

Hong long long!

The rumbling celestial energy was sucked dry. After he accumulated enough, he started to charge at Heaven Celestial Realm.

Peng!

Under Li Xiandao's attempts, the Heaven Celestial Gate started to shake and creak. It was like cracks were appearing on it which gave Li Xiandao hope.

Peng peng peng!

Under Li Xiandao's fierce attempts, the Heaven Celestial Gate started to break down.

Hong long long!

A terrifying power rose up within Li Xiandao's body. His soul had ascended.

Heaven Celestial Realm, Li Xiandao had reached it.

...

On this side, Li Xiandao entered Heaven Celestial. On the other side, Emperor Beiqiu finally waited for the arrival of North River.

North River had the same cultivation as him, maybe even higher. He was the best general of Emperor Beiqiu's superior. He was covered in huge muscles, he didn't look like a cultivator, rather like a metal worker.

"You finally came." When Emperor Beiqiu saw Heaven River, it was like he had seen someone he was really close to. He grabbed his hand and trembled.

This tremble was the release of his pent up rage.

His son was killed by Yun Tianxia and his guards army was conned. But he couldn't do anything and had to wait for Heaven River to arrive.

Now that he was here, then he could take revenge and kill the enemy. He could wipe out the entire Yun Family.

This debt was something that he had to make them pay in blood.

"Why are you crying so badly?" Heaven River frowned and asked.

"My... My life is so tough..." Emperor Beiqiu thought about what he had faced during this period of time. He couldn't help but cry out loud.

He headed to the Nine Skies and Ten Lands and was intercepted by Li Xiandao. He was badly injured and his army totally collapsed.

In Celestial World North Nether Region, his son was killed. The butler and troops he sent were also killed by Yun Tianxia.

The series of blows made his head hurt from rage. Now that Heaven River asked him, he really wanted to cry.

"Don't be afraid, I will help you take revenge. We will wipe out that Yun Family, they actually dare to attack Celestial Dynasty people." Heaven River was confident and patted his chest.

"I contacted the Jin Family old ancestor. With us three working together, nothing will go wrong." Emperor Beiqiu said right away.

"You contacted an outsider?" Heaven River frowned.

"Jin Family and Yun Family are related but because the Jin Family Little Miss was killed by Yun Family's trash young master, they are like fire and water. We should recruit them better than them going to their deaths." Emperor Beiqiu said coldly.

Heaven River thought about it and nodded his head, "Your words make sense. Let them lead the way, if someone dies it will be them."

“So we head to Jin Family to meet with their old ancestor?” Emperor Beiqiu suggested.

“Where are they?” Heaven River asked.

“They are near Yun Manor. After Jin Family’s Little Miss was killed, they were furious and surrounded Yun Manor. They want them all to be buried.” Emperor Beiqiu said.

“Great, we shall head to meet that Jin Family old ancestor, what is his name?” Heaven River asked.

“Jin Pingmei!” Emperor Beiqiu said.

“What a dumb name!” Heaven River frowned.

Chapter 608: Let Me Ask Master!

North Nether Region, Jin Family.

Jin Family ancestral land was on a lake. There were boats all around and they were very free people.

Jin Family’s Jin Pingmei was such an old man.

He either fished or sun tanned. The old him hadn’t cultivated in a long time.

Currently he was at peak Heaven Celestial Realm.

Actually ten thousand years ago he was already at peak Heaven Celestial. Over these ten thousand years, no matter how hard he work, he was unable to do so. So Jin Pingmei gave up.

he chose not to cultivate. He spent time with the moon and sun, became friends with the ocean and rivers.

Although Jin Pingmei’s name wasn’t good, he went through a lot. He had seen many things and learned how not to be shocked by things.

His celestial laws, realms, thoughts, all of them exceeded Heaven Celestial Realm.

But he was just unable to break through.

He himself knew the reason, his purest source of his soul wasn’t on him,

He took it to trade and left it at Bank of the Universe.

So he stopped cultivating. If Bank of the Universe didn't give it to him, he would be unable to break through. No one would be able to help him.

"Why did I have to break the contract?" Jin Pingmei recalled his actions and regretted it. He felt like he was young and arrogant. After getting the Demon God's heart, he didn't think of returning it. He tasted huge gains and wasn't willing to back down. Now it seemed like he was just too stupid.

"Only after taking a lot of losses will one know how dumb one was." Jin Pingmei exclaimed.

He sat on a small boat himself and drank while looking at the moon and wind. He waited for Emperor Beiqiu and Heaven River to come.

"Since I am still alive, I can help Jin Family to do some things. Once this ends, I will head out to see the Celestial World. I can't just live in such a small North Nether Region until I die." Jin Pingmei sighed.

The last thing he would do for Jin Family was to wipe out Yun Manor and brought them close to Celestial Dynasty. How they develop in the future depended solely on themselves.

In just a moment, two terrifying auras surged forth and swept the land. Jin Pingmei didn't know that Emperor Beiqiu and Heaven River were here.

"Go, wipe out Yun Manor!" Emperor Beiqiu didn't stop. His cold voice rang out before disappearing.

Jin Pingmei stood up right away. He flew into the sky and chased the two of them.

The three peak Heaven Celestial experts charged near Yun Manor.

Hong long long!

The terrifying aura swept, causing many people along the way to raise their heads in shock.

"What happened?"

"That is Emperor Beiqiu and also Jin Family's old ancestor Jin Pingmei!"

"That foreign aura is no weaker than them. he is really strong, who is he?"

"The three of them are heading to Yun Manor."

Numerous people looked towards Yun Manor.

A war was about to begin.

...

Yun Manor Lord held his hands behind his back and stood in front of Yun Manor. He looked on solemnly.

Heaven Spirit Celestial stood behind him. There was also Tian Guangming, Yun Tianxia, and also a beautiful lady which was Yun Tianxia's mother.

The people from Yun Manor were all told to leave. This battle would affect the innocent and no matter whether they won or not, it would cause huge ripples. So Lady Yun sent them all away.

She looked at her husband and believed that her husband could do it.

Heaven Spirit Celestial frowned, "Emperor Beiqiu is using his son's death to clear out you and I."

Heaven Spirit Celestial didn't run because he had brotherhood but because he was calm and rational. He knew that if he ran and Yun Manor Lord was killed, he would definitely die.

North Nether Region and he didn't like one another. In North Nether Region he was under Emperor Beiqiu but he didn't listen to any orders. He often acted like he listened but deep down he didn't. Moreover, Black Water Island was under him and he was close to Yun Manor Lord. He had enough confidence to not listen to Emperor Beiqiu.

Once Yun Manor Lord was killed, he would be alone. Under Emperor Beiqiu's pressure, he would definitely die.

So he didn't leave.

"He had planned this long ago. Even without his son's matter, he would also come." Yun Manor Lord said coldly.

"Father what now?" Yun Tianxia frowned and asked. He blamed himself. He killed Bei Kunming which gave Emperor Beiqiu an excuse to bring the army over to surround Yun Manor. The three experts all rushed here and wanted to kill his whole family.

All of this was because of him being rash.

"Don't blame yourself. I am happy that you have this skill. Emperor Beiqiu and I have deep hatred so this battle is unavoidable." Yun Manor Lord smiled calmly.

"Father, can you beat him?" Yun Tianxia asked and said with a worried expression.

"I don't know..." Yun Manor Lord gave an answer and frowned.

"I can deal with Emperor Beiqiu the key is Heaven River and Jin Pingmei. These two of them are experts. Jin Pingmei reached peak Heaven Celestial ten thousand years ago. I don't know how strong he is now. If those two attack, your father might not be able to handle them." Heaven Spirit Celestial was worried.

Jin Pingmei was really strong, that was something that everyone in North Nether Region knew.

Yun Manor Lord hesitated, "Wait... I shall fight with them, bring your mother away."

Yun Tianxia looked at his father in shock and shook his head, "No!"

"Listen and bring your mother away. Only then will I not need to worry about anything." Yun Manor Lord said solemnly.

"I don't agree." Yun Tianxia shook his head stubbornly.

"I caused this. I can't leave it to you to handle like before. I have grown up." Yun Tianxia said firmly.

Yun Manor Lord and Lady Yun looked at their son and they were filled with emotions.

"Why are you all acting like you are going to die?" Tian Guangming looked at the few of them in confusion.

Yun Tianxia looked at Tian Guangming and asked, "Do you have an idea?"

Tian Guangming shook his head, "What idea do I have. They are peak Heaven Celestial, I haven't broken through yet."

"If you have no plan then why are you speaking?" Heaven Spirit Celestial said coldly.

Tian Guangming glanced at him, "I don't but it doesn't mean the person behind me doesn't. Who cares about this Emperor Beiqiu, in front of my Master, he is a failure."

Yun Tianxia's eyes lit up and he was so emotional that he wanted to jump up, "Right right right, there is still Master. Master is there."

"What Master?" Heaven Spirit Celestial frowned and asked.

"My Master, a supreme expert. We have no idea but Master definitely has. Let me ask Master now." Tian Guangming said proudly.

"I want to see who exactly your Master is." Heaven Spirit Celestial said coldly. he was unhappy with how proud Tian Guangming was.

Chapter 609: Kneel!

Within the Bank of the Universe, Li Xiandao had just broke through to Heaven Celestial Realm and was changing his True Celestial Laws.

Even a top genius who just broke through to Heaven Celestial Realm only changed a few hundred thousand True Celestial Laws.

But Li Xiandao had a million. It would take probably a hundred years for him to do so.

Fortunately, Li Xiandao had the Bank of the Universe and there was the Time Hall. In it, Li Xiandao burnt 500 years of lifespan to transform the million True Celestial Laws to Heaven Celestial Laws.

The moment he walked out of Time Hall, Li Xiandao received Tian Guangming's call request.

"What happened?" Li Xiandao asked.

"Master, save me!" Tian Guangming shouted.

Li Xiandao said calmly, "Tell me carefully what happened."

Tian Guangming immediately told Li Xiandao what he knew.

Li Xiandao was enlightened. So Emperor Beiqiu was the one causing trouble.

"Emperor Beiqiu and my grievances should end now." Li Xiandao muttered.

Now that he broke through to Heaven Celestial Realm and controlled a million Heaven Celestial Laws, Li Xiandao didn't fear Emperor Beiqiu.

Even if he wasn't as strong as Emperor Beiqiu, but his Heaven Celestial Laws weren't useless.

"Is there someone of the three called Jin Pingmei?" Li Xiandao asked.

"Right, Jin Family's old ancestor. Based on what they said, he is really strong." Tian Guangming nodded.

“He isn’t really strong, he is invincible. He should be the strongest out of the three of them.” Heaven Spirit Celestial said coldly.

When Li Xiandao heard that, “Hand this Jin Pingmei to me. Let them two deal with the other two. Tian Guangming I allow you to represent me and deal with that Jin Pingmei.”

“I deal with Jin Pingmei?” Tian Guangming was stunned.

When the others heard that, they were disappointed. This so-called Master didn’t dare to come out himself and actually let Tian Guangming who hadn’t broken through to Heaven Celestial Realm to deal with Jin Pingmei?

Preposterous!

Yun Manor Lord and Lady Yun both frowned and found this Master preposterous.

Yun Tianxia blinked and was confused. He felt like Master shouldn’t be such a person. Why did he tell Tian Guangming to deal with Jin Pingmei, was he sending him to his death?

Heaven Spirit Celestial who felt like Tian Guangming’s Master was acting mysterious and wasn’t strong at all laughed coldly, “Your Master wants you to die. What a good master. He doesn’t dare to appear and actually let someone like you who didn’t reach Heaven Celestial Realm to deal with Jin Pingmei. What a joke.”

When Li Xiandao heard him mocking, he frowned, “Tian Guangming, you deal with Jin Pingmei. Don’t say anything, just take out the red watch and make him kneel and listen to you.”

Tian Guangming was stunned, “Can that work? This Jin Pingmei is an old ancestor level expert, would he kneel in front of me?”

“If he doesn’t then he has no chance to live anymore.” Li Xiandao said coldly. He ended the call after he said that.

This was the last chance Li Xiandao was giving Jin Pingmei. If he did and listened, then the matter of him breaking the contract was still up for discussion.

If he didn’t, Li Xiandao would personally deal with him.

Bank of the Universe’s contract didn’t allow one to break it. If he gave you a chance and you didn’t grab it, you were only left with death.

In front of Yun Manor, everyone looked towards Tian Guangming.

“What did Master say?” Yun Tianxia asked anxiously.

“What else could he say, he is just a coward and doesn’t dare to come. He wants you to solve it yourself.” Heaven Spirit Celestial mocked.

Tian Guangming looked at him coldly and scoffed, “You will see it soon. Shut up now.”

“You..” Heaven Spirit Celestial stared at Tian Guangming.

But before he got mad, three people flew from the distance. They were like three demons crossing words, sending a chill down their spines.

* Hong long long!*

This aura swept the surroundings, causing the air to set ablaze. The flames spread and covered them.

The middle-aged man with a solemn expression was Emperor Beiqiu. The ugly and ferocious person was Heaven River, and the old man was Jin Pingmei.

The three of them looked towards Yun Manor Lord and then at Heaven Spirit Celestial. As for Lady Yun, Yun Tianxia, and Tian Guangming, they didn’t care.

Only Emperor Beiqiu glanced at Yun Tianxia with killing intent. He made Yun Tianxia feel like he had fallen into an ice cavern and he felt really uncomfortable.

“Yun Manor Lord, Heaven Spirit Celestial, come out and die.” Emperor Beiqiu said coldly.

From hundred meters away, both sides were at a standstill. They were using their auras to suppress one another.

This was really terrifying. It should be Yun Manor Lord and Heaven Spirit Celestial starting the fight but Tian Guangming was the one who walked out.

Him walking out spoiled the atmosphere. Emperor Beiqiu, Heaven River, and Jin Pingmei frowned.

“A kid that hadn’t broken through to Heaven Celestial Realm actually dares to come out to be a hero?” Emperor Beiqiu said coldly. His eyes were filled with killing intent, his expression didn’t change and he didn’t care about Tian Guangming at all.

Who knew that Tian Guangming ignored him and said, “You shut up, I am not here to find you. Scram to the side, I am here to find Jin Pingmei.”

Emperor Beiqiu was infuriated and stared at Tian Guangming in anger. He wanted to kill Tian Guangming.

But Jin Pingmei walked out. Although he was old he was neatly dressed in a humble cloth shirt and shoes. His hair was also neatly done.

“You are looking for me?” Jin Pingmei looked at Tian Guangming calmly. He wasn’t angry, he didn’t want to kill...

He was just calm. This calmness represented the fact that he didn’t hold Tian Guangming in regard at all.

Tian Guangming didn’t care. He saw Jin Pingmei walk out and took in a deep breath, “You are Jin Pingmei. Very good. Now I will give you a chance, kneel down!”

Silence!

The moment Tian Guangming said that it was totally silent.

Emperor Beiqiu was originally filled with killing intent but now it was all gone. To him, Tian Guangming was a fool.

Heaven River looked at Tian Guangming like he was looking at a fool, he shook his head regretfully.

Yun Manor Lord looked on awkwardly, they didn’t expect Tian Guangming to really say that.

Heaven Spirit Celestial laughed in disdain. For him to say that, he was just asking for death.

Jin Pingmei blinked. Even if he was calm, he couldn’t help but feel something. But he didn’t kill him and just burst into a laugh, “Why should I kneel for you?”

Everyone looked at Tian Guangming and wanted to know what gave him the confidence to say that.

After all, Tian Guangming didn’t seem like a fool.

“Because of this. Let me ask you one last time, are you going to kneel?” Tian Guangming took out a red watch and asked calmly.

Putong!

Jin Pingmei knelt down right away. Under the disbelieving gazes of everyone, he knelt down in front of Tian Guangming.

Chapter 610: My Master Is Li Xiandao!

Since Jin Pingmei knew that he couldn't break through, he felt deep regret. He shouldn't have broken his contract with Bank of the Universe.

If he had a chance to give up everything, he would follow the contract.

But unfortunately, ten thousand years passed and he was unable to pay back the contract and he was also not able to contact the Bank of the Universe.

So he was in despair, the Bank of the Universe wouldn't appear in front of him.

But now he saw the red watch in Tian Guangming's hands.

The red light poked Jin Pingmei and changed his expression. he was really emotional and he started to tremble.

He had thought about it day and night, the thing that he couldn't forget had appeared.

Even if Tian Guangming was only at stage nine of True Celestial Realm.

Even if Tian Guangming told him to kneel!

He did so without hesitation. What honor, what face. In front of the Bank of the Universe, those weren't worth mentioning.

So at that moment, Jin Pingmei knelt down in front of Tian Guangming.

...

In front of Yun Manor, everyone was stunned. What was going on?

Jin Family old ancestor, Jin Pingmei whose name had spread for ten thousand years was actually kneeling down for Tian Guangming.

He did it so decisively, it was unbelievable.

Heaven Spirit Celestial who was mocking Tian Guangming opened his eyes wide in disbelief.

Was it all real?

Emperor Beiqiu and Heaven River were both in even more disbelief, their expressions were really ugly.

"What are you doing?" Emperor Beiqiu scolded Jin Pingmei.

“You knelt down even before we fought, you even knelt to a stage nine True Celestial, where is your dignity?” Human Celestial scoffed coldly.

The two of them were furious, especially Heaven River. He didn’t want Jin Pingmei to interfere but he realized that he was strong so he agreed. But now Jin Pingmei knelt down, igniting his unhappiness.

Emperor Beiqiu was also really angry. He called him here to wipe out Yun Manor. He was so strong and was overlord in North Nether Region for so long. Why was he kneeling for a stage nine True Celestial?

He was throwing his face and also throwing away their morale!

Emperor Beiqiu stared at Jin Pingmei angrily and he really wanted to personally kill Jin Pingmei.

But their rage didn’t affect Jin Pingmei at all.

Jin Pingmei only had the red watch in his eyes, he didn’t care about anything else.

What partners, what Celestial Dynasty people, what Jin Family future...

He didn’t care about all that at all. In his eyes, there was only Bank of the Universe. The joy of getting something you thought you lost made him think about making Tian Guangming like him. He wanted to ask him about the Bank of the Universe.

So he knelt towards Tian Guangming and asked, “Where did you get this watch from?”

“My Master gave it to me!” Tian Guangming saw Jin Pingmei kneel down and was filled with confidence. He worshipped his master so much and he felt really proud when he said that.

“Your Master...” Jin Pingmei’s eyes lit up and he looked at Tian Guangming emotionally.

“Right, it is exactly what you think. My Master told you to kneel down.” Tian Guangming nodded, he used the watch as a token.

“I knelt. I am very well behaved, Master please don’t be angry, I am wrong. I am willing to be punished, please forgive me.” Jin Pingmei said anxiously. He lowered himself and recognized Li Xiandao as his Master.

The people around were all confused.

Especially Heaven Spirit Celestial. He thought Tian Guangming’s Master was acting mysterious and didn’t dare to come out. But now he was stunned.

This mysterious Master didn't appear and only just said one sentence and one watch. he made Jin Pingmei kneel in front of Tian Guangming and made him willing to be a slave and beg for forgiveness.

How strong did the person have to be?

From who knew how far away. One name, one watch, and that stunned a peak Heaven Celestial expert.

Thinking about it, Heaven Spirit Celestial trembled and found it unbelievable.

That was just too terrifying.

Emperor Beiqiu and Heaven River didn't know about all that. They were all furious. He surrendered before they even started. Weren't you really strong? Why were you such a coward?

"Jin Pingmei think about your family. The huge Jin Family will feel ashamed for your actions." Emperor Beiqiu despised him.

"You wanted to get close to Celestial Dynasty but now you are slicing off your connection with Celestial Dynasty." Human Celestial laughed coldly and threatened Jin Pingmei.

Facing their threats, Jin Pingmei didn't move. he continued to kneel down. Without Tian Guangming talking, he wasn't going to get up.

"I have protected Jin Family for tens of thousands of years. It is time they have their own strength. I can't protect them for the rest of my life." Jin Pingmei said coldly. He was planning to leave Jin Family after this so now he was just doing so a little sooner.

"You... What drugs are you on? Who is this kid's Master that can deal with our Celestial Dynasty?" Human Celestial was furious.

"Right, who is this kid's master? What ability does he have to be enemies with the Celestial Dynasty. You need to think about it. Once Celestial Dynasty moves, we can crush everyone who opposes us. This kid's Master is no exception." Emperor Beiqiu was furious.

Those words made Tian Guangming frown. He looked towards Emperor Beiqiu and said coldly, "My Master isn't afraid of your Celestial Dynasty."

"Is that so? Who is your Master? Call him out!" Emperor Beiqiu looked at Tian Guangming angrily. He was like lightning that was exploding out loud.

He was extremely angry, if not for him worrying that Jin Pingmei would attack them, they would have attacked to kill Tian Guangming.

“My Master doesn’t need to come and he can anger all of you to death. If I say his name, you should know.” Tian Guangming laughed coldly and looked at Emperor Beiqiu in disdain.

“Who is your Master? I want to see who is so strong to make me die from anger.” Emperor Beiqiu’s rage blazed. He stared at Tian Guangming like his eyes were about to swallow him up. He was like an injured beast that could kill at any moment.

Everyone looked at Tian Guangming and wanted to know who his Master was.

Yun Tianxia’s eyes lit up and he felt proud. Master seemed strong and mysterious. He didn’t come and he already caused such a storm.

“Emperor Beiqiu, my Master is called Li Xiandao!” Tian Guangming looked at Emperor Beiqiu proudly and smiled coldly.

Hong long long!

Emperor Beiqiu was furious, he was like dynamite being ignited. His aura surged into the skies and caused a huge storm.

“It is Li Xiandao, he deserves to die! You deserve to die! ! You deserve to die! ! !” Emperor Beiqiu shouted in rage and he roared towards the sky. He went berserk and killing intent surged all around.

Like what Tian Guangming said, a name was able to anger Emperor Beiqiu to death!

Emperor Beiqiu had gone mad. His rationality was covered by the flames of war and he seemed a lot more vicious and violent.
