Chapter 81: The Bank of the Universe's Important Matter

A contract was placed right in front of Long Mixu!

The contract was filled with words and it looked really neat. In her eyes, it left a really deep impression!

Each word was like a knife!

It sliced her heart into many pieces!

As Long Mixu read it, her breathing became more and more hurried. Li Xiandao's contract messed up her thoughts and emotions.

It said that the Bank of the Universe would help Long Mixu become the first Empress of the Ten Thousand Dragon Empire and it would help her remain in that position.

But the price she had to pay was her soul!

She had to give her soul to Li Xiandao, and from now on, Li Xiando would decid her life and death!

Moreover, the Ten Thousand Dragon Empire would be located in the Bank of the Universe. With that the Bank of the Universe as its foundation, it would spread across the Nine Skies and Ten Lands!

As long as Mixu listened to him, she would continue to be the Empress!

She could decide on most things, but anything that had to do with the Bank of the Universe had to be reported!

The contract stated this clearly; it was really obvious and it was really cruel!

It was so cruel that Long Mixu found it hard to breathe.

How could she agree to that?

If she gave her soul to Li Xiandao and to the Bank of the Universe, and if Li Xiandao turned on his words, then he could kill her right away.

Li Xiandao knocked on the table and said, "The Bank of the Universe has existed in the world for a long time. Over many years, numerous people have entered this place and signed many contracts. We have followed these contracts and as long as you follow it, nothing will happen to you!"

Li Xiandao was calming her down!

But, she was still unable to sign!

The pen was lying right next to the contract.

It was a really basic pen!

In Long Mixu's eyes, there was nothing in the world that was tougher to pick up.

If she picked it up and wrote her name, it would be the same as paying her life away!

Long Mixu took in a deep breath and her entire body was shivering.

Li Xiandao smiled, "Maybe, you can also leave this place and forget everything. This would be like a dream, and in the dream, you meet me and the fairy!"

Long Mixu raised her head, saw Li Xiandao's deep eyes, and her body shook.

Return!

Return back to the original spot!

Wouldn't she have to face that dumb brother?

Now, she was still injured, and if she returned, even if she didn't die, she would be forced to drink that magic potion.

"Can I change the conditions!" Long Mixu raised a request.

Li Xiandao shook his head coldly. He stood up and said, "10 minutes. You have 10 minutes to think about it and if you don't sign in 10 minutes, then leave."

Li Xiandao and Seven instantly disappeared from the large hall and Long Mixu was left alone to think.

She stood up and she was in a mess. Her aura and energy surged, causing her hair to dance all about. Her eyes were filled with uncertainty as she stared right at the contract.

...

Li Xiandao and Seven stood outside the Bank of the Universe and enjoyed the scenery.

The thousands of mountains were really beautiful, but unfortunately, they were covered in mist.

Seven told Li Xiandao that this whole place used to belong to the Bank of the Universe. It was extremely huge, but now all of them had been pawned.

Li Xiandao needed to work hard to earn more things to redeem them.

“You want to control the Ten Thousand Dragon Empire?” Seven asked.

Li Xiandao asked, “The Bank of the Universe has loaned too many things and we don’t have the ability to travel between worlds. If we don’t craft a large-sized teleportation formation, then in a short time, we won’t be able to leave Dali Land.”

Seven nodded her head. This was a cruel problem.

They were restricted in Dali Land!

In the past, the Bank of the Universe could casually move amongst the Nine Skies and Ten Lands and even the Celestial World; they would come and go as they pleased.

But as the mountains were pawned, the Bank of the Universe lost such ability and was trapped in Dali Land like someone stuck in quicksand, unable to break free.

This was why Li Xiandao thought about using the Ten Thousand Dragon Empire to collect the blueprints for making a world grade teleportation formation!

Even if they couldn’t find it, then by controlling the Ten Thousand Dragon Empire, they could expand outwards or find other blueprints.

This was Li Xiandao’s method to break free!

When Seven heard this, she was satisfied and nodded her head. She praised, “You are now a passable Master!”

“I have always been!” Li Xiandao stood with his hands behind his back and looked at the clouds.

Seven covered her mouth and giggled. She didn't say anything and continued to look at the clouds together with Li Xiandao.

As for whether or not Long Mixu signed, Li Xiandao and Seven weren't worried at all.

The moment one's desires were open, it was a really terrifying thing.

It was impossible for one to shove them back, to return to the past!

Long Mixu had to sign the contract!

...

As expected, 10 minutes later when they returned to the hall, Long Mixu had already signed.

Before signing, she was really conflicted, but after signing it, she calmed down.

"How will you all help me?" Long Mixu asked.

"Have you heard of something called a world grade teleportation formation?" Li Xiandao asked.

Long Mixu frowned and said, "Yes, but it consumes a lot of resources."

Li Xiandao's lips curled. As he had guessed, there was news in the Ancient Desolate Land regarding the teleportation formation.

"I will send a few people to enter Ancient Desolate Land along with you to find the teleportation formation and build it." Li Xiandao said.

"Why do you need to build that? Any teleportation formation can be used." Long Mixu was filled with many questions.

"Although I am the daughter of the Emperor, he doesn't care much about me and I don't have many resources, so I can't build it." Long Mixu said solemnly as she looked at Li Xiandao. She felt like Li Xiandao wasn't treating her truthfully.

"It is okay, as long as you find the blueprints. My men will solve it all for you. Moreover, once it is built, I will personally head over to wipe out all the enemies for you." Li Xiandao said confidently.

It would be a disaster for those people when he crossed into their world!

Long Mixu's eyes lit up like she saw hope, "Okay, I will do it."

Li Xiandao smiled in satisfaction and clapped his hands, "All of you, come!"

Shua shua shua!

Battle Angel Michael, Archangel Gabriel, White Emperor Tian Guangming, Heaven Heart, and Nine Tailed Sky Fox Wu Xian'er.

Currently, these were all the men Li Xiandao had and he was going to send them all.

This was really important and if they really built up the world grade teleportation formation, then Li Xiandao could cross worlds and bring the Bank of the Universe into the Ancient Desolate Land. He could develop the Bank of the Universe to a larger extent.

"You will follow Long Mixu into the Ancient Desolate Land and the first thing you will do is find the blueprints and build it, so I can bring the Bank of the Universe over. If you face any problems, Heaven Heart will decide. If you all can't decide, then ask me." Li Xiandao instructed.

All of them agreed solemnly.

"Long Mixu is one of us. When you head out with her, you need to help her solve her problems." Li Xiandao said solemnly.

This would be a huge matter for the Bank of the Universe over the next period of time.

The few of them all agreed.

Li Xiandao looked at Long Mixu as he had to collect something that belonged to him.

"Come over and hand over your soul!" Li Xiandao reached out toward Li Xiandao.

Chapter 82: Imprisoning Long Baichuan

Li Xiandao first took out Long Mixu's Soul Flame. This was the source of a person; once the flame was broken, then the Life Flame would slowly wither and they would die!

Long Mixu looked at her Soul Flame that had been removed and she felt really empty like she had lost something really important.

She personally saw Li Xiandao place it into a jade box.

"Place this in storage and take care of it. As long Mixu doesn't go against the contract, then don't take it out." Li Xiandao said calmly.

Seven nodded her head in a well-behaved manner and left with the jade box.

Long Mixu felt more at ease. As long as she didn't go against the contract, then she would be fine.

"You can leave now. Enter the Heaven and Earth Battlefield and then head toward the Ancient Desolate Land." Li Xiandao instructed.

Heaven Heart nodded. "We will definitely complete the mission!"

He was the strongest out of all of them and the calmest one too. Although he looked like a monk, a demon lived inside his heart.

Li Xiandao waved his sleeves and swept all of them out.

...

Heaven and Earth Battlefield!

Long Baichuan and his man had been guarding this place for a while. More than 30 of them were scouring the area, but they didn't notice Long Mixu.

At the start, Long Baichuan was furious and uneasy.

Now, he was only filled with terror and silence.

He was certain about how scheming his sister was and how vicious her plans were.

He might have been her brother, but this 'brother' had tried to force her to drink a magic potion.

Long Baichuan's eyes turned vicious as he said, "Guard here. I don't believe that she could have just left without any sign at all."

If he didn't manage to take down Long Mixu now, something really cruel would await him over at the Ancient Desolate Land.

The 30 warriors stayed silent as they guarded the place.

Long Baichuan had no idea what was going on at all.

What was that red watch?

How could it cause a person to disappear right away?

His plan was bulletproof and even if he fell for the Crown Prince's plan, as long as he took down Long Mixu, it would be worth it.

But now, he fell into the trap and also hadn't taken Long Mixu down. It was a double whammy.

Long Baichuan was so depressed that he was about to vomit blood.

Just as Long Baichuan was feeling depressed, several people appeared right at the spot where Long Mixu had disappeared.

Long Mixu, Battle Angel Michael, Archangel Gabriel, White Emperor Tian Guangming, Heaven Heart, and Nine Tailed Sky Fox Wu Xian'er!

Long Baichuan jumped up right away and waved his hand. "Take them down."

The 30 warriors moved right away and like beasts hunting their prey, they struck forwards.

Long Mixu had an ugly expression on his face. "This is my brother Long Baichuan. He wants to control me."

Archangel Gabriel stepped forwards and said, "Let me do it. It isn't even worth mentioning 30 Heaven Essence Realm zombie warriors!"

Archangel Gabriel had reached Saint Realm a while ago and after merging with the God Race Archangel, he had been improving. He was the second strongest person here behind Heaven Heart.

A snow-white long sword appeared. The patterns on the blade were really beautiful.

This was Gabriel's Celestial Artifact!

Angel Sword Technique!

Gabriel's body was like a white light as he flew forwards with the Celestial Artifact. With it in hand, he was invincible; any defense wouldn't hold up against this weapon.

Explosion!

Sword energy surged in all directions. Gabriel's body returned to his original spot. The whole process took less than a second and all the 30 zombie warriors stood rooted to the spot.

Long Baichuan was frightened and hollered, "What are you all doing? Why aren't you attacking?"

Gabriel kept his Celestial Artifact. The armor he wore was clanging as he walked around. "Stop shouting at them. They are all dead."

Peng peng peng!

As Gabriel said this, the 30 of them all fell to the ground. If one checked carefully, one would have noticed that the sword marks on the corpses were all the same size and depth as one another.

Long Baichuan stood rooted to the spot. He gulped like he had seen a monster.

"Who are you? Where did you all come from?" Long Baichuan asked in terror.

"My dumb brother." Long Mixu smiled elegantly and confidently as she slowly walked out.

"Long Mixu, where did you go?" Long Baichuan asked in disbelief.

"My poor child, did you really think you were definitely going to win? I was just a little careless and so you succeeded. But, you were never good enough and you will never be. With just this bit of skill, you want to fight for the throne?" Long Mixu laughed coldly.

"Long Mixu, let me tell you, Damei Holy Land is supporting me." Long Baichuan said fiercely.

"So what if you have Damei Holy Land? You shouldn't have come here alone because if I kill you here who will know?" Long Baichuan smiled and used her thin fingers to raise up Long Baichuan's chin. She looked really elegant but also very fierce.

Long Baichuan shivered in fear. "Sister, you are my sister, you can't kill me."

"Now, you know I am your sister?" Long Mixu's expression was terrifyingly cold.

"I was wrong. I am really wrong. Since we are family, since we have the same mother, you know that mother treats me as her treasure and that I am her hope in life. If I die, she would be really sad." Long Baichuan knelt on the ground and begged.

Mucus and saliva flowed down his face.

"That's right, mother loves you the most. Father also loves all you boys. No matter how strong I am, I will never be good enough because I am not a man!!" Long Mixu gritted her teeth and said.

She hated the sexist views!

In the past, she had no choice and could only suppress it, but now she wanted to fight back and break such fixed thoughts.

“Don’t worry, I won’t kill you.” Long Mixu said calmly.

“Really?” Long Baichuan looked at his sister in surprise.

“Of course, I won’t kill you, but I am going to imprison you for the rest of your life. From now on just stay by my side. If you dare to run, then I will kill you.” Long Mixu said coldly.

“You want to lock me up?!” Long Baichuan said with rage.

“Do you want me to kill you now or put you under house arrest?” Long Mixu stared at Long Baichuan.

“You can choose one and I will make it happen!” Long Mixu’s tone stabbed deeper into his bones than the cold wind.

Long Baichuan shuddered. He didn’t dare to look at her eyes and said, “I prefer to be by your side.”

Long Mixu scoffed coldly and said, “I will do as I have said. If you dare to leave the specified region I demarcate for you, the first time I will break your legs. The second time, I will trash your cultivation and the third time I will kill you.”

Long Baichuan was furious, but he didn’t dare say anything. He acted as if he listened, but deep down he didn’t care.

When he returned to Ancient Desolate Land and back to Ten Thousand Dragon Empire, what could a daughter of no importance do to a prince?

Long Mixu looked at him coldly. He had given him a chance and if he didn’t cherish it, then she would have to kill him for the sake of her Empress dream.

Bank of The Universe #Chapter 83: Ancient Desolate Land - Read Bank of The Universe Chapter 83: Ancient Desolate Land

Chapter 83: Ancient Desolate Land

Ancient Desolate Land was one of the lands in the Nine Skies and Ten Lands!

Ancient Desolate Land and Dali Land were different. In the Ten Lands, Ancient Desolate Land could be ranked in the top five and it was a huge world.

After Long Mixu tied up Long Baichuan, he directly brought him back to Ancient Desolate Land!

Battle Angel Michael and the others followed her, entering Ancient Desolate Land through the teleportation formation.

There were just a few top powers in Ancient Desolate Land.

Ten Thousand Dragon Empire occupied a bit more than half of the rich land and was the undisputed top power!

North Alliance Dynasty was formed when seven countries joined hands to go against the Ten Thousand Dragon Empire!

The many ocean islands, sects, aristocratic families, and colleges were all under the jurisdiction of these two powers!

Of course, most of them seemed like they were subservient to the two powers on the surface, but in reality, they ruled themselves, didn't pay taxes, didn't give any payments, and also didn't rebel.

As the princess and the prince of the Ten Thousand Dragon Empire, many parties paid attention to their return.

They didn't stay, instead leaving the secluded teleportation hall to head back to the capital of the Ten Thousand Dragon Empire!

Along the way, Long Baichuan, whose cultivation was locked up, followed beside Long Mixu. As long as he dared to leave her sight, Long Baichuan would beat him up. This left Long Baichuan with psychological trauma such that he didn't dare to leave his sister's sight.

It was night!

A bonfire was raised and the few of them huddled together.

Long Mixu, Heaven Heart, Michael, Gabriel, Tian Guangming, and Wu Xian'er were all together.

Long Baichuan laid crestfallen on the carriage not far from them, a teardrop flowed down his face.

Shortly after, more and more teardrops flowed down, slowly gathering into a puddle!

However, no one took notice of him.

“Now that we are in Ancient Desolate Land, Long Mixu, where is the world grade teleportation formation?” Heaven Heart asked.

Long Mixu thought about it. “I heard people speak about it before, but I don’t know about the specifics. When we reach the capital, there will definitely be people who know.”

Shengjing was the capital of the Ten Thousand Dragon Empire. It was a huge city with tens of millions of people and was really prosperous. The area was filled with the aura of cultivators.

“We have to get the blueprints quickly so we will know what materials and treasures we need to gather. Once the formation is built, Master will bring the Bank of the Universe to cross worlds. At that time, your dream of being Emperor will be easily reached.” Heaven Heart reminded Long Mixu so that she wouldn’t slack or go against her word.

Long Mixu nodded her head, “I have already handed my Soul Flame over, so I will definitely try my best. We are on the same boat, your master is mine too!”

“That’s good!” Heaven Heart was satisfied.

“Then, how many more days will it take us before we enter the capital?” Tian Guangming asked.

“Based on our current speed, we will definitely reach Shengjing within 10 days. At that time, we can find someone I am familiar with to get some news.” Long Mixu said.

“How about this, Wu Xian’er and Tian Guangming will follow you. One is your maid and one is your bodyguard. Although Tian Guangming’s cultivation isn’t high, his aura is more than enough to be a bodyguard!” Heaven Heart dished out the orders.

Wu Xian’er had nothing to say. She was alluring and attractive and nodded her head when she heard these words.

Tian Guangming stared at Heaven Heart with a deathly gaze.

“What nonsense are you saying, you bald camel?” Tian Guangming cursed.

You are the weak one, you are the one without high cultivation, you are the one with the aura to be a bodyguard.

“Why? Do you have a problem?” Heaven Heart noticed that the gaze that Tian Guangming gave him was a little off and he asked right away.

“No, I will listen to your orders!” Tian Guangming faked a smile.

Okay, he was weak!

Probably the only person he could defeat here was Wu Xian'er!

But how old was Wu Xian'er?

If Wu Xian'er was given two months, Tian Guangming wouldn't be able to beat her.

As time went on, Tian Guangming wouldn't be able to for the rest of his life.

Thinking about this made Tian Guangming really anxious.

Unknowingly, he had actually become the weakest under Li Xiandao.

If this continued, he would get eliminated.

“No, I have to change this. I am the White Emperor, I will be able to be so strong I can look down on everyone!” Tian Guangming swore to himself.

But how could he do that?

Tian Guangming had no idea!

Heaven Heart didn't bother about Tian Guangming and continued, “The few of us will remain in the shadows and will help if you all face things you can't solve. But remember, the world grade teleportation formation is the priority.”

Everyone nodded their heads. This was Li Xiandao's orders and no one dared to go against it.

After all, he decided everyone's lives and if they did not do well and made him angry, then the outcome would be catastrophic.

...

In the next few days, the few of them rushed towards Shengjing. They weren't fast, nor slow, they just maintained a decent pace.

Along the way, everyone overheard news of Long Baichuan and Long Mixu.

Some people found it weird. Shouldn't they have been killing one another in the Heaven and Earth Battlefield? Why did they return so peacefully?

Peaceful?

Long Baichuan wanted to spit at those people. Have you ever seen peace come from one person threatening to break the legs of the other?

Have you seen peace come from sealing someone's cultivation?

Have you seen peace come from one person being beaten up when he left her field of sight?

Are you blind???

Unfortunately, no one knew that Long Baichuan was in pain. Everyone thought that the siblings had made up and returned together.

...

Shengjing was a majestic looking residence that occupied 10 miles. Within, there were fake mountains, small lakes, and bamboo forests.

In this mansion, a young man was looking at the moon and listening to the reports from his men.

"So, Long Baichuan, that piece of trash, didn't kill his smart sister?" The young man laughed coldly.

"I said long ago that Long Mixu is smart and really scheming. If she was a man, she would be your greatest foe." A scholar said.

"After all, she supports me; if I do that, won't I be burning the bridge?" The Crown Prince said casually.

He was the one who told Long Baichuan about Long Mixu heading to Heaven and Earth Battlefield to break through, which caused them to turn on one another and kill each other. Now that he asked whether or not he was being too cruel, that was just so fake.

"No, Crown Prince, you are removing problems. Seventh Prince is not smart, he isn't brave, nor does he have plans, and he isn't your opponent. If he deals with Long Mixu, he can help make your position more stable." The scholar smiled.

"Since it is not too much, then I shall do more. The siblings have made peace with one another?" The Crown Prince asked with a weird expression.

"That seems to be the case. Based on the spies, they eat and live together. They never split from one another and their relationship seems really good." The scholar reported.

"Their relationship is good?" The Crown Prince laughed coldly.

“There are people in the royal family who are close to one another?”

“That is just an illusion. One of them is definitely in pain, but this is what I expected. Tell the people not to let them return to Shengjing. I hate the two of them!”

Chapter 84: Shengjing

For a few consecutive days, Long Mixu and the group had been rushing!

As the teleportation formation to enter the Heaven and Earth Battlefield was very far away from Shengjing, the people of the Ten Thousand Dragon Empire were at ease and didn't have to worry about people from the Heaven and Earth Battlefield suddenly charging into Shengjing!

As a result, they had to cover a large distance.

But after nine days, they were just a few hundred miles away from Shengjing.

A few hundred miles was just 15 minutes to them.

Especially Saints, one step could cover 100 miles right away.

However, they didn't continue to rush and stopped instead.

...

Late in the night, there was another bonfire!

Everyone huddled together and discussed something.

Long Baichuan was alone on the carriage and looking at the sky in sadness.

He had no more tears!

During these few days, his tears had dried up. Long Baichuan felt like he was a mourning wife; after being locked up, no matter how much he cried and called out, there was no one to reply to him!

Luckily, they were about to return to Shengjing!

“All of you, watch out! Once we return to Shengjing, even if I work with the Crown Prince and join his side, I won't let all of you off.” Long Baichuan hated his sister, Long Mixu, to death as well as the group of them with Heaven Heart at the helm.

“Let's bear with it and very quickly I will be able to break free. Once we reach Shengjing, I will teach you all a lesson.” Long Baichuan swore in his heart.

No one regarded him as a decent human.

Heaven Heart looked around and smiled, "This is our first time entering Shengjing and there are actually people coming to welcome up. I feel really honored."

Long Mixu's expression changed, "The Crown Prince is definitely the one who sent them."

"Princess and Seventh Prince, you all shouldn't have returned. This time, we will send you off." A dark voice rang out from all directions and one couldn't tell where it came from at all.

Long Mixu's expression was really ugly.

But Heaven Heart shook his head, "What kind of hero is so sneaky. Gabriel, go invite them out."

Archangel Gabriel stood up and walked over expressionlessly.

He pulled out his sword and slashed.

A white glow exploded out in the darkness and shone the wilderness. At that moment, a dozen people with decent cultivations looked on in fear.

When the white light disappeared, Archangel Gabriel walked out expressionlessly. He sat back to his position and barbecued a chicken wing.

Putong! Putong! Putong!

A dozen corpses fell to the ground. One more strike and all of them died!

Long Mixu was stunned and her heart felt numb. How strong was this person?

Was he a Great Saint?

One must know that among the men under the Crown Prince, there were many at peak Heaven Essence Realm.

The person who spoke was definitely at the first stage of Small Saint.

But under Gabriel's hands, he wasn't even able to block a single move.

What was worse was the fact that Gabriel had to listen to Heaven Heart.

How strong was this bald camel?

Long Mixu didn't want to ask.

Heaven Heart sighed, "I wanted to ask who sent them, but you killed them all. Next time, can you give me a chance?"

Gabriel stared at his chicken wing and said, "I already gave you a chance."

“How is that you giving me a chance?” Heaven Heart reached out and pointed at the dozen fresh corpses.

“They are too weak. I already tried my best to control my strength.” Gabriel felt a little wronged.

How was this his fault?

He suppressed a large portion of his strength and just casually slashed out. They were unable to block and died!

What did it have to do with him?

Long Mixu stopped them from quarreling. “Obviously they were sent by the Crown Prince. That person who spoke mentioned it right away; he is one of the people under the Crown Prince and he is a Saint.”

“You are insulting Saints!” Gabriel said expressionlessly.

Heaven Heart nodded, “I agree!”

The two of them were Saints.

When they saw such a weak Saint, they felt speechless.

Tian Guangming looked at the two of them speak in unison and cursed in his heart, “You two are just overpowered!”

Long Baichuan on the carriage also cursed, “You two sick people!”

...

The next morning when the first bit of sunlight shone down, Long Mixu took out her royal family token in front of the entrance before she entered.

Shengjing was huge and took up a large area. The city was split into a few regions.

Inner City, Central City, Outer City, and suburbs!

The inner city was really huge and all the higherups in the empire lived there. It included the palace, Long Baichuan, and Long Mixu’s residences.

Long Mixu’s residence wasn’t too bad, but compared to Long Baichuan, it was really poor and cheap.

The bunch of them looked at her residence and were speechless. They chose to stay in Long Baichuan’s one instead.

“This is my residence, you should go to my sister’s. I promise I will stay at home and reflect and I won’t go out.” Long Baichuan struggled.

Pa!

Long Baichuan was not in a good mood and slapped him.

“If you don’t agree, then why did you hit me?” Long Baichuan teared up and felt really wronged.

“If you try anything, it won’t be a slap next time. This is my first warning.” Long Mixu said coldly.

Long Baichuan kept silent and didn’t dare to say a word.

“All of you, rest up and help me take care of Long Baichuan. I will go to meet a friend to find out some news.” Long Mixu said towards Heaven Heart.

“No worries. Do you need us to follow you? The others will stay here to guard Long Baichuan.” Heaven Heart asked.

“No, my friend doesn’t like strangers. She is well informed and definitely knows where it is so wait for the good news.” Long Mixu rejected.

Heaven Heart didn’t force her and watched on as she left. He then turned his eyes to Long Baichuan.

His friendly eyes scared him, “I will head to my room to reflect. Send in my three meals and I won’t go out at all.”

Heaven Heart nodded, “That’s good.”

...

In Shengjing within the Crown Prince residence, the Crown Prince had a really dark and sunken expression as he asked, “They all died?”

“Yes, all of them died. Their throats were slashed with one sword.” The subordinate reported.

“When did Long Mixu have such experts by her side?” The Crown Prince frowned and was furious.

“Crown Prince, what should we do now?” The subordinate asked.

“Keep the corpses and bury them. As for the people Long Mixu brought back, investigate them. Don’t do anything and once the investigation is complete, then welcome them well.” The Crown Prince had an ice-cold gaze.

“Understood, I will go investigate now.” That subordinate wanted to back down right away.

“Wait, go and investigate what happened too. She definitely changed. In the past, we didn’t have to fear her, but now, I don’t like anything getting out of my control.” The Crown Prince said with a serious expression.

“Investigate it, find out everything!” The Crown Prince waved his sleeves and said coldly.

Bank of The Universe #Chapter 85: Founder Demon Sect - Read Bank of The Universe Chapter 85: Founder Demon Sect

Chapter 85: Founder Demon Sect

Shengjing!

In one of the areas with dense foot traffic, there was an extremely beautiful building.

This was a place that specifically sold secret intel. The master was a woman who was also Long Mixu’s good friend.

In the building, a really heroic looking girl welcomed Long Mixu.

“Didn’t you say that you went to the Heaven and Earth Battlefield to break through to Saint Realm?” The girl asked.

“Let’s not talk about it. I was able to return purely by luck. Sister Min, I came to ask for your help.” Long Mixu said warmly.

“We are so close to one another, so just say it. If I know I will definitely tell you.” Sister Min smiled.

Long Mixu asked, “Does Sister Min know where in Ancient Desolate Land the blueprints for a world grade teleportation formation are?”

Sister Min frowned and tried to recall, “The blueprints aren’t a necessity, so only top sects will build them to allow their members cross worlds so they don’t have to face the World Thunder. Why are you asking about this?”

Long Mixu smiled, “I want to get one.”

Sister Min looked at her and knew that she didn’t want to say the reason so she didn’t continue asking, “The blueprints are really precious, but normal people don’t need them.

Even the Ten Thousand Dragon Empire wanted to get one, but couldn't since they're in the hands of the Demon Sect."

Long Mixu frowned, "In the hands of the Demon Sect?"

"Right, the 18 Demon Path Sects in Ancient Desolate Land are against the Ten Thousand Dragon Empire and they collude with the North Alliance Dynasty. One of the sects is called Founder Demon Sect and they have the blueprints. It would be extremely hard for you to acquire them." Sister Min said.

"Founder Demon Sect isn't really that strong among the 18." Long Mixu recalled.

"Actually, they aren't that strong and are even at the bottom. But since they are one of the 18, their sect is at Peak Heaven Saint." Sister Min said solemnly.

Peak Heaven Saint!

This wasn't one of the three stages of Small Saint, nor was it Initial Great Saint. It was the peak of the third stage of Great Saint.

Saints were split into Into Emptiness, Out of Emptiness, and Extreme Emptiness.

Great Saint split into five levels, Yin Saint, Yang Saint, Heaven Saint, Earth Saint and Dao Saint.

Small Saints absorbed the laws of Heaven and Earth into their bodies to use them.

Great Saints controlled the laws to form their domain. In their own domains, they were the gods!

Each level of Great Saint was a huge gap from another.

A Heaven Saint was considered really decent even in Ten Thousand Dragon Empire.

This was why Sister Min would warn Long Mixu not to offend them.

However, Long Mixu didn't care at all and took in a deep breath. So what if he was Heaven Saint? Compared to Master, he wasn't worth mentioning at all.

"Sister Min, give me a map of where Founder Demon Sect is and also information about their Heaven Saint. I have to get the blueprints!" Long Mixu said firmly.

Looking at her determined face, Sister Min sighed helplessly, "You don't have any experts under you, so how would you deal with them?"

Long Mixu smiled, "Let me tell sister some news; I am not alone now and have experts beside me."

Archangel Gabriel and Heaven Heart were definitely experts, but the only thing was that she didn't know what realm they were in.

Sister Min said in an annoyed tone, "Even if you do have experts, you must know that you are heading into North Alliance Dynasty territory. Even if you get it you might not take it out."

Long Mixu gritted her teeth, "No matter what, I have to try."

If she couldn't get the blueprints, then Master wouldn't be able to cross worlds and her Empress dreams would be shattered.

Just thinking about it filled her with reluctance!

She had to get the blueprints and build them. Once the extremely strong Master crossed the worlds, he would sweep aside all enemies!

"Okay. Although I don't know why you are so firm, if you get the blueprints and pass them to your father, your status will be raised." Sister Min said helplessly.

She instructed her men to prepare all information about Founder Demon Sect, North Alliance Dynasty, and even all the 18 Demon Sects.

In just a short moment, her men came with a bunch of information.

"This is all I can do to help, so be careful. If you really can't do it, then you can choose to give up." Sister Min persuaded.

Long Mixu was touched, "Thank you, Sister Min. I will remember your help in my heart."

"We have known each other for so long, so is there a need to be so polite?" Sister Min was a little unhappy.

"It is my fault. Sister Min, don't blame me." Long Mixu immediately acted cute and pulled her wrist, smiling sweetly.

"You are really determined. It would be so much better if you were a guy." Sister Min exclaimed.

Long Mixu didn't say anything. She just rested in Sister Min's arms and her eyes shone brightly.

“I am feeling fortunate that I am a female. When I become an Empress and suppress all the men, that will be the greatest achievement.” Long Mixu’s desires grew crazily.

...

Long Mixu returned to Long Baichuan’s manor with a lot of information.

The bunch of them studied it in the main hall.

“North Alliance Dynasty is a coalition of seven countries. These seven privately recruited the 18 Demon Sects and are the strongest force against the Ten Thousand Dragon Empire.” Long Mixu introduced.

“Out of the 18, Founder Demon Sect is the weakest and they are the ones with the blueprints. They are within Great Xia Dynasty and have a Peak Heaven Saint expert.” Long Mixu said solemnly.

Heaven Heart said, “Then, we just need to head to this Great Xia Dynasty, find Founder Demon Sect, and acquire the blueprints.”

Long Mixu looked at Heaven Heart, “You make it sound so simple. They have a Heaven Saint; he is the third level of Great Saint and has immense power.”

“Is he really strong?” Heaven Heart looked at Gabriel and asked.

“So-so.” Gabriel thought about it and answered seriously.

The others looked at the two acting cool and were speechless.

“Since you all say that, then head out through the night to Great Xia Dynasty. Wipe out Founder Demon Sect and get the blueprints. At the same time, bring their treasury back too.” Long Mixu said.

“Sure. If we bring their treasury back, they would have definitely amassed some resources for the formation, so it would be able to help us.” Heaven Heart nodded.

“Bring the map and set off.” Long Mixu took out the map and passed it to Heaven Heart.

...

In the Bank of the Universe, Li Xiandao and Seven looked at those scenes.

As the Bank of the Universe was unable to cross worlds, Li Xiandao and Seven often paid attention to them.

When they saw that they found news of the blueprints so quickly, Li Xiandao was really satisfied.

“Right, who was the person who borrowed the blueprints from us?” Li Xiandao asked Seven.

Chapter 86: Actually So Strong

Seven took out a contract and passed it to Li Xiandao.

Li Xiandao took a look and saw the name of the person who made the loan...

Tian Yuwen!

He was a thin, middle-aged man with a dark gaze and a tanned face. Just one look and one knew that he wasn't a good person.

“This is the Heaven Saint who started Founder Demon Sect?” Li Xiandao asked.

“It should be him, otherwise, the blueprints wouldn't have ended up in their hands either.” Seven nodded her head.

“He borrowed our blueprint and the price was actually only to build one formation for us?” Li Xiandao found it weird.

“Right, which was why he broke the contract.” Seven nodded her head.

“There was no price for breaking the contract either?” Li Xiandao flipped the contract and frowned in displeasure.

A contract without any price to pay was just an irresponsible one.

Seven looked at Li Xiandao helplessly and didn't want to say anything.

Li Xiandao sighed helplessly with a dark gaze in his eyes, “Tell Heaven Heart to kill Tian Yuwen!”

You were allowed to borrow the Bank of the Universe's world grade teleportation formation blueprints without any compensation price. You were still not satisfied and even went against the contract?

Li Xiandao hated such dishonest people and if he didn't kill him, he wouldn't be able to vent the rage in his heart.

Seven nodded her head, “I understand.”

...

In Ancient Desolate Land, Heaven Heart and Archangel Gabriel headed out to Shengjing in the night and headed towards Great Xia Dynasty.

The two of them were Saints and had strong cultivation, so they were able to cover a huge distance in a short time.

While they were rushing, Heaven Heart suddenly stopped.

“What?” Gabriel asked.

“Master just sent us news.” Heaven Heart said solemnly.

“What did Master say?” Gabriel asked right away.

“Master said that he wants us to kill the Founder Demon Sect’s Heaven Saint!” Heaven Heart said.

“Okay.” Gabriel didn’t say anything and didn’t question it either. Since Li Xiandao told him to kill him, then he would do it.

“Anyway, since we are doing the job, then let’s just kill him too then.” Heaven Heart didn’t care.

“Then, let’s go.” Gabriel jumped in the air and charged into the sky. The six pairs of wings on his back were huge and brought him swiftly flying forwards.

Lotuses appeared beneath Heaven Heart’s feet as he stepped forwards.

As for that Heaven Saint, the two of them didn’t care about him at all.

Three days later, the two of them arrived at the area north of the city walls.

Great Xia Dynasty had a Celestial Artifact, the Great Xia Dragonfinch, which was a strong killing blade.

This was why Great Xia was able to establish a country north of the city walls, experiencing great development.

Within Great Xia, most of the people were nomads and the plains were their life. With the huge mountains in the north as a barrier between them and the Ten Thousand Dragon Empire, the people were really safe.

Founder Demon Sect was located in this long mountain range.

Heaven Heart and Gabriel followed the map that Long Mixu provided and rushed to Big River Mountain Range.

Big River Mountain Range was huge. Looking from afar, it looked like a serpent-like, giant river had landed from the sky and sliced apart the path from the Ten Thousand Dragon Empire to Great Xia Dynasty.

The mountain range looked really majestic with mountain peaks rising high in the sky. Some of the mountains were twisted and curved, some had really weird shapes, some were like giant swords piercing through the clouds...

Founder Demon Sect was above Five Finger Mountain, which consisted of five giant mountain peaks together. It was easy to differentiate it from afar; it just looked like a hand.

Heaven Heart and Gabriel stood beneath the mountain range. They looked into the distance and then exchanged glances with one another.

“We are just charging up there just like that?” Gabriel asked Heaven Heart.

“It is too problematic!” Heaven Heart shook his head.

“?” Gabriel looked at Heaven Heart curiously.

“We shall invite him out!” Heaven Heart reached out with his hand and slapped it forwards.

Explosion!

Five fingers appeared in the sky and a giant hand appeared. Golden light shone like it was about to cleanse all life there.

The giant hand caused the cloud layer to rumble. These scenes were like that of the apocalypse and the people of Founder Demon Sect freaked out.

“Who dares to behave so arrogantly in Founder Demon Sect?” An elder who just entered Small Saint Realm hollered in rage.

He flew out, demonic energy exuded out from his body and it turned into a giant demon blade.

Slash!

The Founder Demon Sect elder wanted to slice off the hand. He couldn't allow it to destroy Five Finger Mountain.

But the hand just flicked at the giant blade.

Kacha!

The blade that was formed from large amounts of demonic energy broke apart, splitting into several pieces and dissipated in the air.

Pui!

The Small Saint Realm elder's organs were heavily damaged and he spat out mouthfuls of blood. He fell to the ground and broke many buildings.

The hand was still there and after smashing the demonic blade, it pressed down without any hesitation at all.

“Scoff, you are also Heaven Saint Realm and dare to behave so arrogantly in my Founder Demon Sect?” There was a cold scoff before a black lotus bloomed in the sky, smashing down on the hand.

Explosion!

The black lotus and buddha hand were on the same level, forming a huge aura in the air which spread all around.

The wind swept and stirred up everyone’s hearts.

“Tian Yuwen, bring the world grade teleportation formation blueprints out, otherwise, I will destroy your Founder Demon Sect.” Heaven Heart said.

Tian Yuwen’s body shook and recalled something, “It is you!”

“You remember us?” Heaven Heart’s voice turned slightly cold.

“Didn’t you all disappear?” Tian Yuwen was slightly bitter, his heart started to panic a little.

“We are back now. I will give you 10 seconds. If you don’t come out, then we will go in.” The moment he said this, the hand exploded, turning into a bright Buddhist light and clearing out the black lotus that Tian Yuwen sent.

Dong!

Tian Yuwen’s expression changed and he said in shock, “This isn’t something a Heaven Saint can do.”

If he wasn’t Heaven Saint, then it meant that no one in Founder Demon Sect could stop him.

He looked into the distance and gritted his teeth, “I will delay them. Go report to Great Xia Dynasty and say that people from the Ten Thousand Dragon Empire are here and they want to steal our blueprints.”

The disciple beside nodded in acknowledgment and swiftly left to report it.

Tian Yuwen took in a deep breath. He had to buy time, so he flew out slowly.

Heaven Heart and Gabriel sat quietly beneath the foot of the mountain.

“Leave this place to me. You head to Founder Demon Sect and take all of their treasures; don’t leave anything for them.” Heaven Heart said.

Gabriel walked right away, listening to his orders fully.

As for whether or not Heaven Heart could win, that wasn't something he should have been worrying about.

Gabriel walked in and Tian Yuwen walked out, but the two of them didn't see each other.

When Tian Yuwen came out, he realized that there was only Heaven Heart. His heart shuddered. "Where is your partner?"

Just now, Heaven Heart said that he was not alone!

But now, he was the only one!

Tian Yuwen instantly thought of his sect. He turned his head and felt really uneasy, wanting to fly back right away.

Dong!

However, 100,000 mountains of pressure pressed down on him, making it tough for him to breathe and he was unable to move.

"You... You actually... have such cultivation!" Tian Yuwen looked at Heaven Heart in shock.

He was at the third level of Great Saint and was actually suppressed so much that he spat out blood and couldn't move.

This... This was just too terrifying!

Bank of The Universe #Chapter 87: Saint Domain - Read Bank of The Universe Chapter 87: Saint Domain

Chapter 87: Saint Domain

Heaven Heart slowly walked forward. He was very far away from Tian Yuwen and walked really slowly but the invisible pressure he gave off made Tian Yuwen cough.

"Cough cough... This... This is actually..." Tian Yuwen looked at Heaven Heart in shock.

"Domain!" He said these words with much difficulty.

Saint Domain!

The final level in the Saint Realm... Only by reaching Dao Saint could one give birth to a Domain!

Of course, Tian Yuwen was shocked.

The monk in front of him was actually someone at the fifth level of Great Saint, Dao Saint Realm.

Only Dao Saints had Domains which could make him unable to move and find it tough to breathe.

“You borrowed the world grade teleportation formation blueprints from my Bank of the Universe. Is it time for you to return it?” Heaven Heart asked calmly.

This was the first time he showed off all of his strength!

Great Saint Level Five, Dao Saint Realm!

Li Xiandao previously mentioned that Heaven Heart was in the top three in Dali Land and his words were totally true.

Li Xiandao might have been even a little humble too.

Not counting Li Xiandao, Heaven Heart was definitely the best.

To be able to cultivate to level five of Great Saint in such a place like Dali Land was really unbelievable.

After all, Small Saints were elders in Dali Land and there were so few Great Saints. As for level five Great Saints with domains...

Tian Yuwen trembled, “I will take it out, please show me mercy. I will return the blueprints to you.”

Heaven Heart shook his head, “Monks do not like to lie, so I won’t do that. I have to take your life.”

Tian Yuwen was furious, “Monks do not lie but monks can’t kill either!”

“I am sorry, I am not a monk now.” Heaven Heart sighed.

Tian Yuwen stared at Heaven Heart in shock and rage. “As long as you let me live, I will hand the blueprints over to you. I will also hand over all the things I have amassed over the years.”

“The person who came with me is already at your Founder Demon Sect, so your treasures aren’t your’s anymore and they all belong to the Bank of the Universe.” Heaven Heart explained.

Hong hong hong!

The Domain continued to shake. Everything within 100 miles was locked in Heaven Heart's Domain.

In this Domain, he could control everything.

"You fake monk, you all say that you don't kill people. If you kill, you will break the rules and the Buddhist ancestors will punish you." Tian Yuwen scolded.

"Kneel!" Heaven Heart ordered.

Putong!

Tian Yuwen didn't hesitate as he knelt down on the ground. His knees gave out a loud pop and it was extremely painful.

His expression was filled with pain and extreme reluctance as he stared at Heaven Heart with vengeful eyes.

"Stop looking at me like that. You were the one who went against the contract. You signed it and chose to do so yourself, so don't blame me for killing you." Heaven Heart said calmly.

"I went against the contract, so do you have to kill me?" Tian Yuwen stared at Heaven Heart in disbelief.

Wasn't it just a dumb contract? So what if I went against it? You were going to kill me because of that?

Tian Yuwen felt like Heaven Heart had gone mad.

"Yes, I have to kill you because you broke the contract. No matter how angry, unhappy, and annoyed you are, it is useless." Heaven Heart said coldly.

"No one can go against my Bank of the Universe's contract. No matter if you are a mortal or a celestial king, whoever goes against the contract will be punished!" Heaven Heart stretched out his white palm. It was even whiter and even smoother than a girl's.

He pressed down softly onto Tian Yuwen's head!

It was like the Nine Yin Bone Claw!

Pui!

Rumbling True Qi was like a stick as it smashed viciously into Tian Yuwen's mind.

Tian Yuwen fell down, and his eyes were filled with reluctance. All the bones in his body cracked and he died from the extreme pain.

“Haiz!”

Heaven Heart sighed and retracted his Domain. He took out the world grade teleportation formation blueprints from Tian Yuwen’s corpse and stepped out, leaving the place.

The sky had no border, the wilderness was wide and livestock were in the bushes!

Beside the livestock was a person!

One’s soul belonged to Heaven and Earth!

...

Heaven Heart didn’t stay there after getting the blueprints and he left right away.

He studied them and walked at the same time. He wanted to understand how to build the world grade teleportation formation.

Getting the blueprints was just the first step, finding materials was the second, and building it would be the third.

After studying it for a while, Heaven Heart admitted that it was really complicated. One blueprint had thousands of changes and mechanisms, and one slight mistake would cause all the hard work to go to waste.

In just a short moment, Gabriel rushed over.

He chased after Heaven Heart while holding nothing in his hands.

“Do you have the items?” Heaven Heart asked.

“I’ve got them. I used the Celestial Artifact as storage space and emptied their entire treasury.” Gabriel said.

“Take a look.” Heaven Heart passed the blueprints to Gabriel.

Gabriel didn’t reject and took a close look. After reading it, he said, “As expected, during these few years he has been collecting material to build one. He has 99% of the materials here.”

“What about the remaining 1%?” Heaven Heart asked the crucial question.

Gabriel replied, "There are three things."

"What three?" Heaven Heart looked at Gabriel.

"World Coordinates, Star Guidance Map, and World Breaking Blade!" Gabriel said solemnly.

Heaven Heart frowned as he had never heard of any of them before.

"It doesn't matter that we don't know. Let's just ask Long Mixu. I only know of the World Coordinates and Star Guidance Map. As for the World Breaking Blade, I am not sure either." Gabriel shook his head.

"Then, let's rush back." Heaven Heart said firmly.

...

Over at the Bank of the Universe, Li Xiandao and Seven frowned.

"I have seen the World Coordinates in books before. As for the Star Guidance Map and World Breaking Blade, I have never seen them before." Li Xiandao asked Seven.

"World Breaking Blade as its name suggests allows you to rip apart a world. It is a really strong and terrifying treasure. It is also the Demon Sect's treasure." Seven thought about it and replied.

"Where is it?" Li Xiandao asked.

"I don't know. Anyway, Dali Land doesn't have one. As for whether Ancient Desolate Land has it, our Bank of the Universe can't enter, so we don't know." Seven shook her head.

"Let's hope that there is. We just need to gather these three things and we can build a world grade teleportation formation." Li Xiandao sighed.

Now, he and Seven had nothing to do in the Bank of the Universe and they were just waiting for guests to arrive. When there were no guests, they just observed Heaven Heart and the rest.

As for Dali Land, Li Xiandao could easily sweep everyone in it, so there was no sense of achievement at all.

"Master, there is a guest." Seven reminded him.

Li Xiandao came back to his senses and said, "Finally. This time the 100 watches really had strict conditions."

Seven smiled. "In the future, we have to be strict. Normal people don't have the right to enter the Bank of the Universe."

Li Xiandao nodded. Normal people did in fact not have the right to trade here.

"Would it be another acquaintance this time?" Li Xiandao joked.

Seven smiled. "This is a new guest. I don't know the person and neither does Master."

Chapter 88: Darkness Body

Every day, numerous people would enter, numerous people would leave, and numerous people would die in the Heaven and Earth Battlefield.

In this place, life was the least valuable. Corpses could be found all over and treasures were hidden in every corner.

This was why many people would come over in search of chances, to break through, to live forever.

However, these people would become the fortuitous encounters of others, what others used to break through. They became the corpses in the growth of others.

The old slowly left and the new charged in excitedly. The cycle rinsed and repeated.

This was the charm of Heaven and Earth Battlefield.

In the past, White Heaven had thought like this, but he stopped thinking like that now.

He entered the Heaven and Earth Battlefield with his sect seniors. He had always listened to them, not fighting for treasures, handing over all cultivation techniques. He trusted his senior brothers and senior sisters.

The past 15 years had been tough on White Heaven. When he was young, a plague swept through his hometown and the place was left strewn with corpses. His entire family was killed and he had to eat tree bark to survive. He was found to have top talent and was allowed to enter Ten Thousand Ancient Celestial Sect.

An old man in Ten Thousand Ancient Celestial Sect took him in. He had three Senior Sisters and four Senior Brothers. Everyone treated him well and it made up for the tough previous half of his life.

This was why White Heaven was willing to give everything he had to them.

He was really sincere and willing to do so.

A year after entering the sect, Master brought all the Senior Brothers, Senior Sisters, and him into Heaven and Earth Battlefield to break through.

White Heaven followed.

What he didn't know was that Master needed his talent to break through.

White Emperor didn't expect that the kind Master would actually show such a vicious and terrifying face.

His Senior Sister, who was always beautiful and noble, would actually do such intimate things with Master in front of him...

His Senior Brother, who was always righteous, would actually suck up to Master so much like a dog...

White Heaven, whose views of the world had all but collapsed, was now tied up by his Master.

"Your talent is something that is rare... darkness in purity. These two totally different things wrap up with one another, forming true perfection. However, you have kept on suppressing the dark side and only cultivated the light. Even then, you improved so quickly. In just a year, you were able to do what we did in decades. This talent is such a waste on you." Master stared at White Heaven greedily like he wanted to swallow him up.

White Heaven looked at Master in despair and then he turned to his Senior Brother and Senior Sister.

He had treated them so sincerely but ended up like that.

White Heaven, who had nothing to his name, had his head sliced by Master's sharp blade. His talent, a mix of black and white, was dug out from his soul.

Master faced the sky and laughed in delight before turning around and leaving.

Senior Sister looked at White Heaven with disdain. She shouted for Master as she chased him.

Senior Brother abandoned White Heaven, looking at Senior Sister's body with greed and rushing over to her too.

The snow was really cold and White Emperor was on the verge of death. He looked towards the white sky and land as his eyes were filled with death.

His talent was removed. It had been dug out so cruelly. He didn't have much time to live anymore.

White Heaven was half a step into hell.

"If I have another life, I will walk this path alone!" The 16-year old White Heaven actually reminisced the past when he spent time alone in the plague-stricken region.

The plague was vicious and claimed the lives of millions!

But humans were more terrifying than the plague.

White Heaven saw through all this. He was stupid and longed for his family, so he didn't notice all these details.

At that moment, a blood-red watch appeared in the air and fell in his hand.

A voice rang in his ear.

"Crush it and you can have a new life!"

Everything in front of White Heaven turned red, and in that blood-red, he saw a really majestic palace.

Two people stood in front of it, a guy and a girl. The guy had a domineering demeanor and the girl was beautiful.

Unfortunately, he couldn't see their faces clearly.

"I have nothing left, so I don't care about losing anything now." White Heaven mocked himself.

Using his last bit of strength, he crushed the red watch.

...

The Bank of the Universe!

In the Trading Hall, Li Xiandao wore the golden mask and asked, "Pass me his information."

Seven would be the first to learn of the information and then she would tell Li Xiandao.

Some of the previous masters would take back this ability. People who loved to micromanage didn't like Seven to interfere.

Li Xiandao didn't care about all of this, and to date, he allowed Seven to control these abilities.

"White Heaven, an orphan in Ancient Desolate Land; he doesn't have any treasures or money."

"Someone who is about to die... If he didn't crush the watch, he would have died in a minute."

"Also, someone dug away his talent."

Seven reported one by one.

Li Xiandao frowned, "So based on what you said, he has no value at all, so how did he come in?"

He had no treasures, no money, and was about to die. Even his talent was taken from him.

What worthy thing did such a person have to trade?

Seven was slightly stunned as he did in fact have nothing good to trade.

But in the next second, she closed her eyes and carefully searched the pros of White Heaven.

"Master, he has a really rare Light and Darkness Body!" Seven exclaimed.

"What?" Li Xiandao looked towards her with a weird expression.

Light and Darkness Body!

Li Xiandao had seen many books introduce it before.

Light and darkness had always been eternal enemies, like two extremes never to be together.

But things in the world were never absolute!

Just like Li Xiandao's all-knowing talent, which had long disappeared in history, suddenly appearing in this era.

The Light and Darkness Body appeared many times in history too.

All of the people with them were top experts, invincible people who stood at the peak.

“Right, isn’t Fallen Angel Lucifer a Light and Darkness Body?” Light and Darkness Body recalled.

The watch helped him find someone to take over Fallen Angel Lucifer.

“Fallen Angel Lucifer wasn’t born with it but changed into the Light and Darkness Body.” Seven shook her head.

“Does that mean that White Heaven is more suitable to be a Fallen Angel than the original?” Li Xiandao was shocked.

“That should be the case. A natural Light and Darkness Body along with Lucifer’s primordial divinity. The combination is the perfect Fallen Angel!” Seven clapped in excitement.

Li Xiandao’s eyes lit up. A perfect Fallen Angel excited him.

“Quick, invite him in.” Li Xiandao said.

Seven and Li Xiandao waited together.

A person suddenly appeared in the Trading Hall. He was covered in blood and looked really young. However, he was really tall and polite.

The only thing was that his aura was really weak and his face was ashen white. He looked like he could faint at any moment.

He was in a really bad state.

This wasn’t good. Li Xiandao couldn’t let such a good seedling die in front of him.

He took a contract and passed it over, “Kid, sign your name and I will save you right away.”

Chapter 89: Third Angel

White Heaven was still in a blur. After hearing what Li Xiandao said and looking at the contract, he didn’t even use a pen. He directly used the blood on his hand to leave his imprint on the contract.

Then, he fainted.

Li Xiandao looked at the palm stain on the contract and asked, “Does this count?”

Seven nodded, “Yes. He was the one who chose to do so and we didn’t force him to do so.”

“That’s good. Go bring the Fallen Angel’s primordial divinity over and I will save him.” Li Xiandao instructed.

Seven nodded. She kept the contract and went to collect the primordial divinity right away.

Li Xiandao lifted White Heaven up and placed him on the table. When he saw the blood on his body, he frowned.

This young man was so tragic; he had his talent removed from his body.

Whenever Li Xiandao took someone’s talent, it didn’t hurt at all and it just felt like a dream.

However, for White Heaven, he felt a bone-deep pain and he just wanted to kill himself.

“However, you’ve gained an opportunity from this. The most important thing is that you have your body. It is okay if you’ve lost your talent as long as you still have your body.” Li Xiandao muttered.

White Heaven’s talent required really strict conditions and needed a special body to contain it.

White Heaven’s body was a perfect vessel.

If his Master used the talent on his own body, he would be killing himself.

The talent of the Light and Darkness Body would destroy his master.

Seven returned really quickly with the primordial divinity in her hand. It was a mix of black and white and it looked like a trigram.

“Come, I will help you merge with the talent.” Li Xiandao started to merge the primordial divinity into White Heaven’s body.

Scoff!

White Heaven couldn’t help but cry out. His head had been sliced open before this and now Li Xiandao was doing the same thing.

Li Xiandao pitied this kid who had to suffer so much pain at just 16 years old.

“Seal off his senses. I will complete the merger in the fastest time.” Li Xiandao said solemnly.

Seven walked over and sealed White Heaven’s senses, blocking out all the pain.

When Li Xiandao saw this, he quickly started the merging process.

...

White Heaven slowly opened his eyes and saw a whole new world.

A simple room, clean blanket, warm bed.

His head didn't hurt anymore either.

It was like White Heaven was in a dream as he touched his brain.

He wasn't feeling pain anymore!

That heart-wrenching pain from before no longer existed.

However, White Heaven remembered that it was real and it did happen.

His master removed his talent.

The moment he was about to die, White Heaven appeared in a mysterious place and seemed to have signed a contract.

White Heaven, after slowly standing up, blacked out and fell to the ground.

He fell into endless darkness and in that darkness was a majestic figure.

12 pairs of wings spread out from his back. They were a mix of black and white and looked really terrifying.

However, in White Heaven's eyes, it was the most beautiful color in the world.

"Who are you?" White Heaven asked.

"I am you!" The 12-winged angel said.

"Then, who am I?" White Heaven frowned and said.

"You are Lucifer, the Fallen Angel. You are from the God Race and you are also the king of hell. You are me and I am you." The 12-winged angel walked over slowly.

White Heaven was shocked.

"Now we are one!" The 12-winged angel's body and White Heaven's body merged together.

Hong!

Many new memories appeared in White Heaven's mind.

He hadn't gone through those things before but it felt really familiar to him.

The God Race Angel Lucifer became the Fallen Angel Lucifer, then came the Epoch War and then death.

The clear memories told White Heaven that he and Lucifer had merged.

In the future, he would be Lucifer!

“There is no White Heaven, there is only Lucifer.” Lucifer said solemnly.

Li Xiandao pushed open the door and walked in with Seven.

“How is the merger process?” Li Xiandao looked at Lucifer, who was wrapped in both white and black energy, and asked.

“Master!” Lucifer dissipated the energy and knelt down respectfully in front of Li Xiandao.

“Do you want to take a look at the contract you signed?” Li Xiandao asked.

“No need. I will be Master’s sharpness sword; wherever the sword points, no one can stop us!” Lucifer shook his head.

“Not bad. Get familiar with it, Lucifer’s power is indeed really strong. After all, it alone absorbed the power of an angel and a demon. You also have the Light and Darkness Body, so once you have perfectly merged with it, you will exceed that bald man.” Light and Darkness Body reminded.

Lucifer said coldly, “I will work hard!”

Lucifer didn’t ask who the bald man was. He had been through betrayal and his personality was really cold now. The only person he listened to was Li Xiandao.

“Rest well and go take revenge on your own. I won’t stop you and won’t give you missions during this period of time.” Li Xiandao said with satisfaction.

This Lucifer had limitless potential. He was still in the merging stage but his strength was already comparable to Tian Guangming’s.

Tian Guangming would become the weakest under Li Xiandao.

...

Ancient Desolate Land, Heaven Heart, and Gabriel were rushing back.

They didn’t stop at all since getting the world grade teleportation formation. They wanted to return and collect those three materials.

They came and went extremely quickly.

As for Great Xia Dynasty, did they have the ability to prevent two Great Saints from leaving?

Even if their experts tried to rush over to Big River Mountain Range, Heaven Heart and Archangel left long ago.

It was totally empty now!

Great Xia Dynasty could only publish a wanted notice.

In truth, they didn't even know what Heaven Heart and Gabriel looked like. They only knew that out of the two, there was a monk who was really strong and had about level four or five Great Saint strength.

The news only started to spread after Heaven Heart and Gabriel returned to Shengjing.

It was totally useless for Heaven Heart.

A bunch of people gathered in Long Baichuan's residence.

For a total of six days, the six of them remained in the residence and waited quietly for the good news.

"We have gotten the world grade teleportation formation." Heaven Heart announced the first piece of good news.

Long Mixu instantly smiled as that was great.

"We have wiped out Founder Demon Sect's treasury and obtained many treasures and materials. Now, we are just lacking three things to build a world grade teleportation formation." Gabriel said the second piece of good news.

"What three things?" Long Mixu asked eagerly.

"World Coordinates, Star Guidance Map, and World Breaking Blade!" Heaven Heart said.

He didn't know about any of these items.

Heaven Heart spent his whole life in Dali Land and had never come out before. This was his first time, so of course, he had no idea about those three things.

"I know the use of World Coordinates and Star Guidance Map, but I don't know whether or not there is any in Ancient Desolate Land." Gabriel said.

"What about World Breaking Blade?" Everyone asked in unison.

Chapter 90: World Breaking Blade

Gabriel shook his head and said, "I don't know!"

Tian Guangming found it weird. "You are from the God Race, so how would you not know?"

"Although I am from the God Race, it was the God Race of the last era. An era had passed and so many new things have appeared. Many new things have appeared since then, so isn't it normal that I don't recognize it?" Gabriel asked.

Tian Guangming thought about it and felt that it made sense!

"Great, since everyone doesn't know that, I shall go ask my good friend. Maybe she knows," Long Mixu stood up and said.

"We have gotten the world grade teleportation formation blueprints and also the materials amassed by Founder Demon Sect. We lack three things before we can summon master over. This is a huge improvement, so we don't have to rush." Heaven Heart smiled.

"Help me take care of Long Baichuan while I go out to ask." Long Baichuan got up and left.

Tian Guangming and Wu Xian'er followed right away.

One of them was the bodyguard and one was the maid. They had to follow beside Long Mixu to ensure her safety.

...

Shengjing was a huge place with many people and carriages traveling about.

Long Mixu came alone to the same majestic building to look for the heroic Sister Min. Long Mixu came alone to find her.

Tian Guangming was talking casually with people outside while Wu Xian'er stood coldly at a corner.

"Good Sister, tell me whether or not you were the one who did that to Founder Demon Sect?" The moment Sister Min saw Long Mixu, she grabbed her and asked softly.

"Sister found out?" Long Mixu was shocked. Heaven Heart and Gabriel had just returned to Shengjing.

“My intel is much better than you’d expect, otherwise, I wouldn’t dare to sell intel here.” Sister Min said proudly.

“Yes, my men did it.” Long Mixu admitted without any hesitation. This could be considered her way of flexing her muscles too.

Sister Min looked towards Long Mixu in shock, “That Founder Demon Sect has someone of level three Great Saint. Although he isn’t a top expert, he should be top class. How would you, who has often been alone in the past, have such an amazing helper?”

Long Mixu smiled and didn’t say a word. She just drank a cup of tea to express that she wasn’t going to explain.

Only by being mysterious could she cause others to fear her!

Sister Min was a little annoyed. “You are also starting to hide things from Sister?”

Long Mixu softened up to her, “Aiyo my good Sister, I am not doing so on purpose. It’s just that it isn’t the right time for me to reveal it.”

“Then, when is the right time?” Sister Min didn’t force Long Mixu and asked.

“Roughly when I am able to build the world grade teleportation formation.” Long Mixu thought about it and said.

“You want to build it so bad... Is it because you recruited experts from other worlds?” Sister Min was really smart and immediately thought about some things.

Long Mixu smiled and didn’t say a word.

“Okay, I won’t force you to answer, but you have always been smart and have had a mind of your own. This time I would really like to see what you can do.” Sister Min said.

“Good Sister, just wait and see. However, before this, there are still things I need your help with.” Long Mixu sucked up to her.

“What?” Sister Min asked.

“Do you know about World Coordinates, Star Guidance Map, and World Breaking Blade?” Long Mixu asked.

Sister Min’s face sunk and she started to think, “Are these items needed to build the world grade teleportation formation?”

Long Mixu nodded her head, "I have the other things already except for these three items. If you know about them, you have to tell me."

"No matter what, no matter whose hands they are in, I have to get them." Long Mixu added. Her tone was firm and she was really determined.

She was just three items away from her dream of becoming the Empress.

Even if Long Mixu risked her life she had to get them.

Sister Min nodded and she knew how determined Long Mixu was. "I know where they are but it would be a little difficult to gather them all."

"That's okay, Sister just needs to tell me and I will solve it on my own!" Long Mixu hugged her excitedly, and she couldn't help herself and kissed her.

Sister Min smacked her and said with disdain, "You just know how to take advantage of me."

Long Mixu laughed and hugged her sister, unwilling to let go.

"The World Coordinates are in Shengjing, in the hands of your elder brother." Sister Min looked at Long Mixu.

Long Mixu frowned and guessed, "The Crown Prince?"

"Right, it is in his hands. Three years ago, a general in the desert obtained one of them and since he had no use for it, he gave it to the Crown Prince. The Crown Prince placed it in his own treasury." Sister Min nodded.

"Why would it be in his hands?" Long Mixu's brows were locked. The Crown Prince had just schemed against her and she didn't have many experts under her. This World Coordinates would be really tough to acquire.

"This might just be fate. Sooner or later, I will have to face him." Sister Min said helplessly.

"What about the Star Guidance Map?" Long Mixu asked.

"Within Ten Thousand Ancient Celestial Sect." Sister Min said.

"Ten Thousand Ancient Celestial Sect, one of the top 10 orthodox sects." Long Mixu's mouth felt a little bitter.

They were an even harder nut to crack than the Crown Prince.

“Now, you know the difficulty?” Sister Min looked at Long Mixu and felt heartpained.

“Sister, continue. I want to know where the World Breaking Blade is.” Long Mixu said.

“Outer Fortress Dragon Sect has seven blades. They are the Blood Letting Blade, Bloodthirst Blade, Demon Descending Blade, Solemn Murder Blade, Soul Slaying Blade, Blade of Destruction, and Spirit Breaking Blade.”

“The seven blades are all top Dao Artifacts and are held by Saints. Each faction has one and once you gather all seven of them, you can merge them to form a Celestial Artifact, the World Breaking Blade!” Sister Min explained.

Long Mixu’s eyes blackened. This was actually a Celestial Artifact and it was all split among the many factions of Outer Fortress Dragon Sect.

This would be even tougher than dealing with the Crown Prince or going against Ten Thousand Ancient Celestial Sect.

After all, they would have to challenge the different factions of Outer Fortress Dragon Sect to take the seven blades.

“I think you should give up. Even if you have a peak Saint you will be no match for those people.” Sister Min persuaded.

“Ten Thousand Ancient Celestial Sect alone has a few peak Saints. They are all their older generation members who still haven’t died.”

“As for the Crown Prince’s residence, he has a peak Saint there too protecting him.”

“As for Outer Fortress Dragon Sect, they have the title of Seven Towering Saints. Seven invincible saints support the dragon sect, so how are you going to take away their seven blades?” Sister Min asked Long Mixu.

Long Mixu stayed silent for a moment before she released Sister Min. She smiled and said firmly, “Sister, you know how I am as a person. I won’t turn around unless I hit a wall and I won’t give up unless I am about to die. Even if the situation is tough, I fear nothing as I have to reach my goals.”

Sister Min couldn’t help but say, “Your goal is too difficult. You will be made use of and mocked by many.”

Long Mixu squinted her eyes and said, “Would people standing at the peak of a mountain care about what ants say? Without any courage, I wouldn’t dare to have such a dream!”

“Sister, I will definitely succeed. Just you wait for my good news.” Long Mixu smiled. She was probably only able to be truly happy in front of this sister.
