Chapter 10

The atmosphere in the living room changed again and again.

As soon as Lin Feng said "I won't treat him", the atmosphere suddenly became cold.

It was depressing.

It was gloomy.

Kong Dexuan's heart could not help but skip a beat. He knew Ye Tiannan and the kind of person he was.

He had been a street gangster before he became a powerful figure in business now. He had extraordinary means, vicious and ruthless.

In the face of such a person, no one dared to say no.

The reason why Kong Dexuan was willing to treat Ye Tiannan was partly because of Ye Tiannan's power. After all, his disciple was still practicing medicine in Tianhai.

The most important thing was that he had the attitude of a doctor who would treat people no matter who they were.

Because of this, he could become a highly respected miracle-working doctor.

Kong Dexuan knew that Lin Feng's direct refusal might lead to a disaster.

He immediately tried to dissuade him. "Lin Feng, it's not a trivial matter to treat and save people. If you don't have the absolute confidence, you can tell me."

"Mind your words!"

14:06 

He was giving Lin Feng a way out, as well as reminding Ye Tiannan.

Lin Feng might not be sure if he would be able to cure the patient.

Ye Tiannan's expression softened and he said faintly, "Lin Feng, how confident are you?"

Kong Dexuan immediately reminded him, "Lin Feng, just tell me how confident you are. Don't force yourself!"

Lin Feng could sense Ye Tiannan's imposing manner, but this could not be a reason to threaten him.

Lin Feng replied honestly, "A hundred percent!"

Kong Dexuan was shocked and his lips moved, but he didn't say anything.

He could already see the coldness on Ye Tiannan's face.

"Okay!"

Ye Tiannan sneered and continued to ask, "How much? Name a price."

"Name a price?"

Lin Feng smiled and looked straight into Ye Tiannan's eyes. "You have your own principles as a businessman, and I have my own principles as a doctor."

"I won't save those who are blinded by greed!"

"And I won't save those who bring disaster to the country!"

"Neither will I save those who harm the people!"

Lin Feng still remembered the old voice in his mind.

"Take the right path and help people!"

Hearing Lin Feng's words, Kong Dexuan suddenly felt a little confused.

A doctor should save people.

14:06 

It was not wrong to practice medicine to save people, but saving the body and not saving the mindset would not only make it in vain, but also harm others.

At this moment, he seemed to understand something...

"Oh?"

Ye Tiannan narrowed his eyes and said coldly, "Which one do you think I am?"

Lin Feng was not afraid of Ye Tiannan's scrutiny or threat at all. He said lightly, "You're not powerful enough to harm the people."

"And you don't have the strength to bring disaster to the country."

"However, you're blinded by greed, more ambitious than anyone else!"

"I'll tell you honestly..."

Lin Feng didn't intend to hide it. He said bluntly, "The reason why you are sick is that you have too much violent Qi."

"This stream of Qi has affected the circulation of your Qi and blood. As time past, you'll die because of sickness!"

"You can see how much blood your hands are stained with."

He stared at Ye Tiannan and said word by word, "This is your retribution."

As soon as he finished speaking, the living room instantly quieted down.

It was so quiet that it was terrifying!

The word retribution stabbed into Ye Tiannan's heart like a thorn.

As an old man, it was inevitable for him to yearn for the happiness of family.

Although Ye Tiannan didn't lack women, he didn't have a child.

No one could inherit such a large family business, and the Ye family bloodline would not continue.

This was his lifelong regret.

"Not bad!"

After a long while, Ye Tiannan muttered to himself. Instead of being angry, he laughed. "It's the first time I've heard such a voice in the past thirty years."

"It's true that true words don't sound nice!"

He stared at Lin Feng with a hint of ridicule in his eyes. "Do you know that sometimes, people can't help themselves?"

Kong Dexuan widened his eyes. This was a warning and a threat!

It was not up to Lin Feng to decide whether he should be treated or not.

He began to regret bringing Lin Feng to see Ye Tiannan.

According to Ye Tiannan's character, Lin Feng would only be safe if he cured him.

He hurriedly tried to dissuade him. "Mr. Ye, you've been in business for many years. Don't you know that as a businessman, peace is the most important thing?"

"Lin Feng doesn't want to treat you. He must have his reasons. Why don't you look for the reason on your own?"

He looked at the two of them and said meaningfully, "Everything can be discussed, right, Mr. Ye?"

Mr. Ye!

Ye Tiannan's expression changed slightly. It was obvious that Dr. Kong was on Lin Feng's side.

He could easily do anything to Lin Feng, but he couldn't offend Dr. Kong,

the authoritative figure in the Fecrait medicine industry.

There were countless people who had received the kindness of Dr. Kong, including many rich and powerful people.

He had to give Dr. Kong some face.

He, Ye Tiannan, was a big shot in Tianhai, but outside Tianhai, he was just a successful businessman.

After a while, Ye Tiannan laughed heartily. "Hahaha, not bad, not bad!"

"Mr. Kong, you're right!"

"My bad!"

Then, his expression changed, and he sighed. "When I was young, I did many wrong things."

"Now that I have such retribution, I deserve it!"

His tone and expression were sad. He looked as if he had been honestly regretful.

Lin Feng couldn't help sneering in his heart. "Yeah, right, continue with your act," he thought.

Ye Tiannan sighed and shook his head helplessly. "I brought this upon myself. Lin Feng has his own medical ethics, so I won't force you."

Then, he took out two checks and placed them on the tea table. "This is your pay. Thank you for coming."

To retreat as an advantage, he was indeed cunning!

Kong Dexuan looked at Lin Feng and felt deeply apologetic. He felt that he was the one who dragged Lin Feng into this.

Now, Ye Tiannan did not allow Lin Feng to treat him, but Lin Feng had no choice but to treat him. Once Lin Feng left, he would either be a friend or an enemy.

On the surface, Ye Tiannan seemed to be sincerely regretful, but he was still threatening in secret.

Whether he would be safe or not, it depended on Lin Feng's choice.

Lin Feng looked at the check in front of him, which was written "one million".

He sighed and said helplessly, "Since Mr. Ye is sincerely repenting, I will be embarrassed if I refuse again."

As he spoke, Lin Feng took the check from the table.

Kong Dexuan was secretly surprised. Did Lin Feng change?

Ye Tiannan showed an approving smile, but he sneered in his heart.

So in the end, Lin Feng was bribed by money!

Ye Tiannan dispelled his wariness and hostility towards Lin Feng.

Things that could be solved with money were not a problem.

After Lin Feng put away the check, he looked at Ye Tiannan and said seriously, "Mr. Ye, I promised to treat you, but I'll do it 20 days later."

Ye Tiannan's eyes narrowed and his face was full of displeasure. "How dare you play tricks on me, trying to stall for time when you've received the money?" he thought.

Seeing this, Kong Dexuan hurriedly asked, "Why?"

He urged Lin Feng to explain quickly.

Lin Feng smiled and said lightly, "It's very simple. Although I'm 100% confident, it's the first time for me to treat such a stubborn disease."

"To ensure a one-time success and to reduce the suffering and pain of Ye Tiannan, I need 20 days to prepare."

With such an explanation, the two of them were relieved.

"That's right. We do need to prepare for this. Just in case." Kong Dexuan

14:07 

nodded at Ye Tiannan.

After Lin Feng had gotten the approval of Dr. Kong, Ye Tiannan said cheerfully, "Hahaha, it doesn't matter. I've been waiting for so many years. I don't mind waiting for another 20 days."

"Lin Feng, just prepare whatever you need. If you need anything, just ask me."

Lin Feng nodded and suddenly became serious. "During this period of time, I hope that Ye Tiannan will do a lot of good deeds and make a good relationship with others to improve your karma."

"Otherwise, I can't save you."

Ye Tiannan was slightly stunned and answered casually, "Lin Feng, don't worry. I won't let you down!"

Lin Feng smiled and said, "That's good!"

Kong Dexuan's heart skipped a beat when he saw the smile on Lin Feng's face.

Lin Feng was really a smart guy!

He easily resolved Ye Tiannan's threat and made Ye Tiannan think that he had decided to treat him because he wanted the money.

Not only did he dispel Ye Tiannan's hostility, but he also had 20 more days to turn the tide.

What a smart guy!

In fact, Lin Feng had already seen that Ye Tiannan only had one month to live.

Twenty days later, Ye Tiannan would be bedridden and would not even be able to speak.

He wanted to see whether Ye Tiannan would be sincerely regretful or unscrupulous in the face of life and death in 20 days.

14:07 

At ten o'clock in the morning, Lin Feng left Ye Tiannan's place and refused for Kong Dexuan and Ye Tiannan to send him off.

Because he received a text message on his phone.

Qin Ruoxian texted him, "Send me your location. I'll pick you up."

He decided to give her a chance to apologize.

At the same time, in the house.

When Ye Tiannan learned that his illness could be treated, he was extremely excited, as if he had suddenly become several years younger.

He cheerfully hummed the song of the olden era, feeling extremely comfortable!

At this time, a phone call came. "Mr. Ye, the item you wanted has been auctioned by others at a high price."

Ye Tiannan's whole body shook, and his fierce eyes were filled with fierceness.

Fifteen minutes later, a red BMW stopped in front of Lin Feng.

The window of the car rolled down, revealing Qin Ruoxian's cold and pretty face. "Get in the car, we're going to buy a birthday gift for grandma."

Lin Feng got into the passenger seat and waited for Qin Ruoxian's apology.

As the car drove out of Rowan Street, Qin Ruoxian asked coldly, "What did you and Mr. Kong do?"

Qin Ruoxian saw the house from a distance and had a guess in her heart.

She added, "Those who can live here are definitely not ordinary people."

Lin Feng said lightly, "To see a patient."

14:08 

It was indeed like this!

Couldn't this guy be more at ease?

Did he really think he was a peerless miracle-working doctor?

Qin Ruoxian took a deep breath and suppressed her anger. She said, "What's the result?"

Lin Feng thought for a moment and said truthfully, "I didn't treat him!"

The coldness on Qin Ruoxian's pretty face lessened. "If you know that you don't have the ability, don't promise anyone else in the future."

"Mr. Kong is very busy. He has no time to hang out with you for nothing."

At the same time, there was a faint sense of loss in her heart.

As expected, Lin Feng was still an unchanging piece of trash.

How could a miracle happen to him?

Sheng Wenxuan had made great achievements in his career after returning from abroad.

However, her man still hadn't had a proper job up to now.

Although she did not have a good impression of Sheng Wenxuan, in all fairness, Sheng Wenxuan was indeed better than Lin Feng.

He was more than a little stronger.

"Whoosh!"

Just as Qin Ruoxian was angry at Lin Feng's incompetence, Lin Feng suddenly saw a familiar figure and sat up straight.

"Stop the car!"

Staring at the figure, he was anxious and angry. "Stop the car!"

"What's wrong with you?"

14:08 

Qin Ruoxian was startled by Lin Feng's exclamation. She felt both disgust and anger in her heart, but she still stepped on the brakes in a hurry.

The next moment, Lin Feng opened the car door and rushed toward the figure.

Qin Ruoxian looked in the direction where Lin Feng was running. In an instant, her beautiful face was full of shock and anger.

She was so angry that her whole body was trembling.

Then, she took out her mobile phone and dialed a number.

At the entrance of Ruyi Hotel, a young man in a suit, who looked like a leader, was repetitively slapping a woman's face.

And that woman was Lin Feng's mother, Su Biyun!
