## Chapter 13

When Lin Feng squeezed into the crowd and saw the scene of the car accident, he was instantly stunned.

It was a pile-up.

More than a dozen wounded people were lying on the ground, wailing. Either their hands or feet were broken.

The scene was messy with broken pieces, and the ground was covered with blood.

A lot of people had gone to help rescue the wounded trapped in the car.

Lin Feng's eyes searched frantically. Finally, he found Qin Ruoxian in front of a heavy truck that had fallen to the ground.

At this moment, Qin Ruoxian was rescuing the injured with the others.

He didn't think too much about it and immediately rushed over.

"Ruoxian, how are you feeling?"

"Where's my mom?"

Lin Feng grabbed Qin Ruoxian's arms and scanned her from head to toe. He was extremely anxious and very concerned.

Her hands and feet were unharmed, and there was no blood on her body. Even her clothes were not torn.

"Lin Feng!"

Seeing Lin Feng suddenly appear in front of her, Qin Ruoxian was slightly stunned. "Your mother is at home!"

Upon hearing this, Lin Feng's heart relaxed.

09:00 

It seemed that the car accident had nothing to do with them.

"My sister, my sister."

At this time, a shrill cry sounded, attracting everyone's attention in an instant.

A woman in red crawled out of a bulletproof BMW. She was extremely beautiful and covered in blood.

Ignoring everything, she just shouted at the collapsed backseat.

Her sister was sitting there.

But at this moment, it was crushed by a Hummer.

The woman in red was full of tears, pushing the Hummer desperately.

"Thud!"

A square black box fell out of the seats.

But the woman in red completely ignored it and continued to push the Hummer.

Qin Ruoxian shook off Lin Feng's hand and rushed over. "Everyone, come here and save the wounded together."

More than a dozen people ran over and tried their best to lift the Hummer.

Lin Feng also wanted to go over, but as soon as he took a step, his whole body stiffened, and he suddenly had a feeling of being targeted.

It was as if he was being watched.

He turned his head subconsciously.

At the same time, on the top floor of a tall building, a man in black, who was leaning against the wall, quickly put down the black object in his hand and hid his whole body.

09:00 

"Move."

A strong man ran over and saw that Lin Feng was standing there motionlessly. He shouted angrily at Lin Feng, "If you don't want to help, then get lost. Why are you blocking the way?"

Then, the strong man pushed Lin Feng away with his right hand.

"Could it be my illusion?" Lin Feng thought.

Lin Feng looked at the tall building and was stunned for two seconds. He also felt that it was impossible, so he joined in the rescue.

"Come on, let's try our best to open the door."

The strong man put his hand on the window and commanded everyone to exert their strength together.

"1, 2..."

At this time, Lin Feng pulled the car door with both hands and exerted force.

"3!"

Everyone roared at the same time!

"Bang!"

The stuck door was directly pulled off, and the door opened.

The wounded woman's body could be seen. It was a young girl of 17 or 18 years old, with a tender face.

However, her face was as pale as paper and her whole body was covered in blood. The sight was heart-wrenching.

Lin Feng wanted to see the young girl's injury, but was pushed away by the strong man's b\*tt. "Get out of my way. Don't get in my way!"

"Thank you!"

09:00 

The woman in red took a grateful look at the strong man and immediately went to check on the girl's injury.

At this time, the girl was unconscious and her breathing was weak.

"Wake up, wake up!"

"Your elder sister is here. Open your eyes and look at me!"

However, no matter how the woman in red called out, the girl remained motionless, as if she had fallen asleep.

Lin Feng wanted to peep at the girl's injury, but he was deliberately blocked by the strong man.

At this time, the ambulance drove over, and the doctors and nurses quickly rushed to the BMW.

A doctor checked the girl's eyes and tried to feel her pulse and heartbeat.

Then he shook his head helplessly.

Seeing the doctor's apologetic expression, the woman in red collapsed on the ground and cried, "Save my sister. Please, please save my sister."

"Who can save my sister? I, Xia Chuqing, will do anything for him for the rest of my life."

She was overwhelmed with grief.

Qin Ruoxian also shed tears. It was really painful for a beautiful young girl to leave like this.

Other people were also shocked by the identity of the woman in red.

Xia Chuqing was the founder of the Thousand Fates Group. She was one of the few capable women in Eskya and had a net worth of 10 billion.

After getting Xia Chuqing's favor, anyone would be rich for the rest of

09:01 

their lives.

It was a pity that the girl's injury was so serious that no one had the power to save her.

"Wait a minute!"

Just as the medical staff was about to carry the young girl away, Qin Ruoxian suddenly heard a familiar voice. "She can still be saved!"

Lin Feng pushed the strong man away and ran to the little girl on the ground, pressing her forehead.

The Xuantian Sutra spun, and a piece of information poured into Lin Feng's mind.

Her internal organs were damaged. Three of her ribs were broken and bleeding. She had to be treated within five minutes, or she would die.

The treatment method was to use the Six-sided Saint Needle technique. Only with the help of the Innate True Qi can cure it.

Six-sided Saint Needle technique?

But he had no needle in his hands right now!

Lin Feng was very anxious. There were only five minutes left. Even if she was sent to the hospital, she would only be a cold corpse by then.

Since that was the case, he had to pour his Innate True Qi into her to protect her internal organs.

Then, Lin Feng's right hand tapped on the girl's Kong Zui, Er Bai, and other blood pressure points to stop the bleeding.

"Lin Feng, stop!"

At this moment, Qin Ruoxian reacted and shouted angrily, "Don't mess around!"

She knew that Lin Feng wanted to use the massage technique he

learned from TV to help the injured again.

She stretched out her hand to pull Lin Feng, but he did not move at all.

"Young man, what are you doing?"

The doctor on the side was also very surprised by Lin Feng's action.

"The injured is dead, she can't be saved."

"Is he crazy? The doctor said that there was no cure. What is he doing there?"

"Is he showing off?"

"This kid just came out to watch the show. He must be trying to cause hype."

"In a car accident? Is he still human?"

Behind him, a group of onlookers also shouted at Lin Feng, their faces full of disdain and disdain.

Xia Chuqing was even angrier. "Don't touch my sister."

She gave him a slap in the face.

With a crisp snap, a red handprint appeared on Lin Feng's face.

But he still didn't give up.

"B\*stard, are you still a man?"

At this time, the strong man couldn't stand it anymore. He grabbed Lin Feng's shoulder with his big hand and said, "Get lost!"

He tried his best to pull Lin Feng away, but Lin Feng didn't move at all, as if his feet were rooted in the ground.

It was almost five minutes, so Lin Feng didn't have time to talk nonsense with them.

He grabbed the big hand on his shoulder with his left hand, twisted it

09:01 

hard, and swung it. "Get out of my way!"

"Bang!"

The burly man's huge body was thrown three meters away by Lin Feng.

Everyone was stunned!

Then, Lin Feng's right palm patted the girl's chest, and the Innate True Qi rushed in crazily.

A sense of powerlessness swept over his whole body in an instant.

"Get lost!"

Xia Chuqing saw Lin Feng pat her sister's chest and suddenly lost her mind. "Get out of my way. Don't hit my sister!"

She pushed Lin Feng away crazily and held the girl in her arms.

It was extremely miserable and pitiful.

Lin Feng was pushed to the ground, and his arms were trembling. It was a very ugly sight.

"F\*ck, I can't stand it anymore!"

The strong man roared, kicked aside the black box beside his feet, and slapped Lin Feng's face with his wide palm.

At this moment, Lin Feng made people as angry as how miserable the woman in red was.

Therefore, no one stopped the strong man's actions.

Someone even shouted, "Kill him!"

"Kill this beast!"

Seeing Lin Feng's cowardly look, Qin Ruoxian gritted her teeth and stood in front of him. "Stop. He didn't mean to hurt people. He just wanted to help the injured."

She tried her best to explain for Lin Feng, although she knew that this explanation was very weak.

"Blargh!"

At this moment, under the nourishment of the Innate True Qi, the young girl straightened her chest and spat out a mouthful of blood.

"Quick, quick."

Lin Feng took a few deep breaths and shouted, "Hurry up and save her!"

The doctor and the others were completely stunned.

They had never expected that the young girl, who had been declared dead by the doctor, would come back to life.

After a pause of a second, the medical staff rushed to the rescue. When the situation was slightly stabilized, they immediately contacted the hospital for surgery.

Xia Chuqing was stunned at first, and then she was overjoyed.

She kowtowed three times to Lin Feng and went to the hospital with the ambulance.

How was this possible?

The people were all stunned. The robust man's mouth was wide open, and he stood there in a daze.

A miracle again!

Qin Ruoxian looked at Lin Feng, her beautiful face full of disbelief. She was once again shocked by the miracle that Lin Feng had created.

Could a pat save a person?
