Chapter 14

At six o'clock in the evening, Lin Feng and Qin Ruoxian came out of the police station.

Because Qin Ruoxian was one of the witnesses of a car accident. In order to give a reasonable and fair explanation to the injured, she did not hesitate to spend a few hours in the traffic police force.

The final result of the investigation was exactly the same as what she had said.

The tires of the heavy truck were getting old. Because it was too fast, a sudden brake damaged the tires and caused the car accident.

Lin Feng, on the other hand, had some doubts. The sense of danger that he had felt at that time was definitely not groundless.

However, he did not say it out loud, lest Qin Ruoxian tease him.

As soon as he got into the BMW, Lin Feng said to Qin Ruoxian in a soft voice, "Thank you."

Previously, Qin Ruoxian had ignored everything and helped him block the robust man. This made Lin Feng's heart soften.

No matter how much this woman used to look down on him, she still protected him from the bottom of her heart.

Qin Ruoxian sneered and said, "There's no need. You're so lucky that you can cure the wounded with just a few moves. I'm just extra."

"Even if someone wants to hit you, you can rely on your good luck to escape."

"Maybe that person will fall down before he can hit you."

09:05 

She sneered and said, "You're so lucky and capable. In the future, even if someone dies because of your false medical skills, you won't be imprisoned."

"Maybe you'll be released without guilt, and be given a reward for your courage to help."

Lin Feng could hear the blame in her words, and he felt a hint of self-blame. "I know what you mean. I won't be so impulsive next time."

Although Qin Ruoxian did not believe in his medical skills, she still cared about him. Otherwise, why would she waste so much effort?

At the same time, Lin Feng also decided to treat and save people in the future without Qin Ruoxian knowing.

Then, he gently stroked the black box in his hand.

The box fell out of the BMW. Xia Chuqing specially called and asked the traffic police to give the box to Lin Feng.

She even told Lin Feng that he had to take it.

Lin Feng was not too bashful. The girl's life was worth a gift.

Thinking of Xia Chuqing's sister, Lin Feng's eyes were full of worry. Although the Innate True Qi protected her internal organs, it was not enough to cure all her injuries. She was still in danger.

Lin Feng thought about it and decided to visit her tomorrow.

Hearing Lin Feng's words, Qin Ruoxian took a deep breath, turned the steering wheel and left. "Be more considerate to your mother."

Lin Feng suddenly remembered and quickly dialed Su Biyun's number to tell her that he was safe.

He was also relieved when he learned that Su Biyun was safe and sound at home.

However, the name "Ye Tiannan" weighed down on his heart.

09:05 

After all, Ye Tiannan had learned about his mother's residence from the job application information.

Although he hadn't do anything yet, if Lin Feng didn't treat him in 20 days, this time bomb would definitely harm his mother.

This matter had to be solved as soon as possible!

"Screech!" Half an hour later, the BMW stopped in front of the Junhao Hotel.

As soon as he got out of the car, Lin Feng suddenly remembered something. He slapped his head and said, "Umm, I forgot to buy a gift."

Having been delayed by the previous events, Lin Feng had also forgotten about attending the birthday party today.

Qin Ruoxian sighed. "There's no need. I've bought one!"

"Although my cousin is still in the hospital, both my brother-in-law and cousin are here. You'd better not talk later, lest you embarrass yourself."

Lin Feng was slightly surprised. "Has Qin Ziwei been released?"

Three years ago, Qin Ziwei defiled a young girl and was sentenced to three years of imprisonment. Lin Feng had also heard a little about this.

Qin Ruoxian did not answer. She opened the trunk of the car and took out a gift box. Then, she walked into the hotel without looking back.

Lin Feng thought for a moment and went in with the black box that Xia Chuqing had given him.

Although he hadn't opened it yet, since Xia Chuqing gave it to him as a gift for saving her sister, it shouldn't be too cheap. He figured he could give it to the old lady.

Soon, Lin Feng followed Qin Ruoxian to the birthday banquet hall and found that the Qin family had invited many relatives tonight.

There were nearly fifty people. Five big round tables were set up. The

place was very lively.

Xiaohui was watching TV on the side, constantly changing channels. No matter who it was, he would pretend that he didn't see them.

Lin Feng brother-in-law, Shen Hanwei, and Qin Hongling's younger brother, Qin Ziwei, were also present.

He was dressed in a famous brand, and his long hair was thin. There was always a trace of cruelty in his eyes. It seemed that he was complaining about the fact that Old Master Qin did not save him at that time.

However, Lin Feng father-in-law Qin Changkun and his mother-in-law Liu Meifeng had not arrived yet. Qin Ziwei's parents were dealing with business outside the country while his sister was studying abroad and would not come back for the time being.

To Lin Feng's surprise, there was a faint black mist on Qin Ziwei's face.

"Ruoxian, you're finally here."

"Today is Grandma's 60th birthday. Why are you here so late?"

"Although you are the president of the Qin family, in front of Grandma, you are still a junior."

Seeing the appearance of Qin Ruoxian and Lin Feng, Qin Ziwei and the rest gathered around them with a smile and chatted with Ruoxian.

They didn't even look at Lin Feng.

But Lin Feng didn't care.

However, his brother-in-law, Shen Hanwei, was making things difficult as usual. "Lin Feng, today is Grandma's 60th birthday. What gift did you bring?"

"Don't tell me you don't have enough money to buy one."

"Although you don't have a job, Ruoxian gives you eight thousand for

09:06 

living expenses every month."

"You didn't come empty-handed, did you?"

He looked at Lin Feng with a fake smile, and there was a trace of resentment in his eyes.

Although Lin Feng saved Qin Hongling, he also remembered the shame of kneeling to a good-for-nothing in order to save her.

Lin Feng replied calmly, "I brought a gift."

Qin Ruoxian was stunned.

She remembered that Lin Feng had no time to buy a gift.

"Hahaha, did you?"

Qin Ziwei laughed and said, "Let me see what you bought."

Without waiting for Qin Ruoxian's response, Qin Ziwei rushed forward and snatched the black box from Lin Feng's hand.

He opened it.

A large strange, blood-red object in the shape of a ganoderma lucidum appeared in everyone's sight.

"As a gift?"

"Is this ganoderma lucidum?"

"The package is so shabby and the appearance is so scary. It's absolutely a fake."

"Yeah, it's so red and terrible-looking. Maybe it's poisonous. It could cause death."

"A good-for-nothing is indeed a good-for-nothing. You really plan on giving such a d*mn thing to Grandma on her birthday?"

"Couldn't you find a normal gift? This kind of scary thing is obviously a

fake product. It's a artificial one."

"You don't care about Grandma's birthday, but you still have the nerve to be her son-in-law?"

"Get divorced and get out of here."

Qin Ziwei and the relatives of the Qin family laughed out loud, their eyes full of disdain and disdain.

Qin Ruoxian's pretty face was very stiff. She did not expect that Lin Feng would make her lose face again.

She muttered resentfully, "Useless thing!"

Lin Feng did not respond, but just looked at the thing in the box in shock.

He never thought that Xia Chuqing would give him such an expensive gift.

Seeing that Lin Feng was motionless, the crowd thought that he was ashamed of being exposed, and they burst into laughter again.

"Fool, take a look at what I bought for Grandma."

Qin Ziwei took out the gift in his hand, opened it, and said proudly, "A white jade Buddha!"

"I spent a lot of effort to get this, and it cost me 300,000."

"As for its real market price, it's more than ten times higher."

It was obvious that Qin Ziwei wanted to show off his gift in front of his relatives and cover his previous shame.

However, he didn't want to show off directly, so he used Lin Feng's as an excuse. "Lin Feng, remember, if you want to give a gift to Grandma, you have to give her such an exquisite one."

"Don't just buy fake ones."

09:06 

The relatives of the Qin family were amazed. A gift of hundreds of thousands was really an expensive gift.

The white jade Buddha was crystal clear and pretty. It must be a genuine one.

"Qin Ziwei is so filial!" While the relatives were amazed, they looked at Qin Ziwei with appreciation.

Compared to Lin Feng's strange ganoderma lucidum, there was a huge difference.

"Qin Ziwei, I admit that your gift is very good."

Qin Ruoxian braced herself to help Lin Feng out of the predicament.

"But the price doesn't matter. It's enough as long as you give it sincerely."

She really regretted not noticing the box in Lin Feng's hand. Otherwise, she would have thrown this shameful gift into the trash can.

She tried her best to explain, "And, we really didn't have time today..."

"You are sincere but you don't have time?"

Qin Ziwei sneered. "Qin Ruoxian, who are you fooling?"

"It's obvious that you don't care about it."

Shen Hanwei smiled and said, "Ziwei, forget it. It's not easy for Ruoxian. She still has to support Lin Feng's living."

The crowd burst into laughter again, as if they were watching a good show.

Qin Ruoxian's face and ears turned red. "You guys..."

Although she was in charge of Qinyu Company and earned millions a year, the money was taken away by her grandmother, so she had very little money in her hands that she could use.

09:07 

She really couldn't afford a gift that could cost hundreds of thousands.

"Ruoxian, don't be angry. Although our gift is ordinary, it's expensive because it's real."

At this moment, Lin Feng said lightly, "It's better than Qin Ziwei giving an evil thing to celebrate Grandma's birthday."

There was a dead silence in an instant.
