Chapter 16

Everyone was dumbfounded for a moment.

No one had expected that the white jade Buddha was fake, let alone that there was a wisp of woven black hair hidden in the fake white jade Buddha.

Lin Feng was even more shocked, because he recognized the function of the black hair. The roots were tied up. It would not stop until one was dead.

It was a curse!

Qin Ziwei's face was burning. He wanted to hit Lin Feng and laugh at him, but he was shamed by Lin Feng.

Not only that, but he also lost 300,000 in vain.

In addition to shame and indignation, he was also a little frightened.

In the past, he had offended many people, so he was naturally worried that this was someone else's revenge against him.

Old Madam Qin's face was also cold and extremely gloomy.

Although Lin Feng had exposed the jade and she had not accepted this thing that might be an evil thing, at the same time, Qin Ziwei was shamed.

This made it even more unacceptable to her.

Who the h*ll was Lin Feng?

What right did he have to shame her beloved grandson?

Old Madam Qin began to defend Qin Ziwei. "Ziwei was deceived by others, and it's understandable. Considering his love for his family

elders, I won't do anything to him."

The relatives naturally knew that the old lady was defending Qin Ziwei.

"That's right. The man who lied to Ziwei is too hateful."

"Ziwei has been deceived because of his filial piety. This filial piety is priceless!"

"That's right, that's right. Giving a gift depends on one's sincerity. It's more powerful than anything else."

The relatives forced themselves to change their words, causing Qin Ruoxian to smile bitterly.

"But..."

At this time, Old Madam Qin's eyes turned to Lin Feng, and a hint of banter flashed in her cold eyes. "Lin Feng disturbed the venue and broke Ziwei's things without permission. He is really presumptuous."

"In that case, Lin Feng will be the one to compensate for Ziwei's 300,000 yuan."

She looked at the disappointing Qin Ruoxian and said coldly, "Ruoxian, prepare 300,000 tomorrow and give it to Ziwei."

If it wasn't for the fact that Qin Ruoxian didn't agree to a divorce with Lin Feng, how could the Qin family have such a rebellious member here?

She once again pressured Qin Ruoxian. She wanted to make use of this to get rid of the relationship between Qin Ruoxian and Lin Feng.

"Grandma, Qin Ziwei bought the wrong thing. Why should I pay the bill for him?"

Qin Ruoxian was originally gratified that Lin Feng had exposed the fake jade. Although Lin Feng was reckless, he was right.

However, she did not expect the old lady to blame her for Qin Ziwei's loss.

16:37 

This was too unfair!

She tried to soften her tone. "Besides, I don't have that much money!"

Most of the company's profit was in Old Madam Qin's hands, and the other part of it was taken by her mother.

She really didn't have enough money to pay 300,000.

"You don't have money?"

Shen Hanwei sneered and took advantage of the situation. "If you don't have money, why did you spend 500,000 to cure this good-for-nothing's mother?"

"If you don't have money, why'd you give this good-for-nothing a few thousand as his living expenses every month?"

"If you don't have money, why can you drive a high-end BMW?"

"Qin Ruoxian, don't play dumb with me. We're not blind!"

Qin Ziwei was even more complacent. "That's right. As the president of the Qin family, you can't even take out 300,000?"

"Do you mean that the Qin family doesn't even have 300,000? Or is it that you, Qin Ruoxian, don't know how to run the company at all?"

With the support of Old Madam Qin, he didn't even respect her. Instead, he called her by her full name.

Old Madam Qin took advantage of the situation and said, "It doesn't matter if you don't have money. If you give 10% of the company's shares to Ziwei, this matter will be settled."

10%?

Qin Ruoxian's face turned pale with fright. The shares that Old Master Qin had given her were 40%.

And her father and uncle had 20% each.

16:37 

Because Qin Hongling had given birth to a son, the grandson of the Qin family, her husband received 10% of shares, and the remaining 10% was in the hands of the old lady.

If 10% of shares was given to Qin Ziwei, coupled with the fact that the old lady was partial to him and his father having 10% too, wouldn't that make them a powerful party?

Everyone could smell the gunpowder in the venue and felt nervous and angry. They subconsciously chose to remain silent.

Liu Meifeng was finally nervous. "Mom, this matter was caused by Lin Feng. It has nothing to do with Ruoxian!"

"Lin Feng should pay for it!"

Then, she glared at Lin Feng and shouted, "Lin Feng, take responsibility for what you've done."

"Don't let Ruoxian carry everything for you. Are you still a man or not?"

"You have to pay 300,000 yourself!"

The crowd looked at Lin Feng again. He lowered his head and looked at the ground, where the broken pieces were. They thought that he was extremely regretful.

Qin Ruoxian also sighed feebly. It was too late to regret it now!

Unexpectedly, at this time, Old Madam Qin spoke again, "It doesn't matter if he pays for it. As long as Ruoxian divorces Lin Feng, I can still forgive him!"

She seemed to retreat step by step, but she was pressing forward.

Once Qin Ruoxian and Lin Feng divorced, Qin Ruoxian would return to being single and be able to marry into a wealthy and powerful family.

Not only could she find a backer for the Qin family, but could also get her to hand over all the shares in her hands.

16:37 

After all, not everyone could stand the eyes of the world and was willing to be a live-in.

"Mom, that's a good idea!"

Liu Meifeng's eyes lit up. The old lady threatened Lin Feng with three million. Lin Feng, a poor man, would have no choice but to get a divorce.

"There's no need. I'll pay!"

Just when everyone thought that Lin Feng was forced to divorce, they saw Lin Feng smile faintly and say, "I'll get you 300,000 in 7 days."

"What nonsense are you talking about?"

Qin Ruoxian pulled Lin Feng away and scolded him with cold eyes, "How are you going to get the money?"

Lin Feng gave her a mysterious smile and said, "Don't worry. Within seven days, someone will give me 300,000, nothing less."

The roots of the hair were tied together, it would not stop until one was dead!

It was obvious that Qin Ziwei had already been cursed.

Although Lin Feng didn't know did it, he was sure that that person hated Qin Ziwei very much.

Qin Ziwei would spend these seven days suffering from illness.

Once seven days had passed, he would be dead!

Looking at the confidence in Lin Feng's eyes, Qin Ruoxian was a little dazed, but she did not stop him.

She didn't know if she should trust Lin Feng, but she could raise money in seven days.

The people present were not the only ones who did not believe it.

Everyone did not believe that Lin Feng could raise 300,000 in seven days.

"Good, good, good."

Old Madam Qin's eyes narrowed. She looked at Lin Feng and Qin Ruoxian and set the rules. "In seven days, Lin Feng will return 300,000 to Qin Ziwei."

"No member of the Qin Family can be of any help. Otherwise, get out of the Qin family!"

This was a warning to Qin Ruoxian.

Qin Ruoxian's expression changed and her face was filled with helplessness.

How could it be possible for Lin Feng to accumulate 300,000 in seven days?

It seemed that they were really going to divorce this time.

She didn't know why. She didn't like Lin Feng and wanted to divorce him, but when it was really going to happen, she didn't feel happy.

Lin Feng smiled faintly and said, "That's a deal!"

Seeing that the situation had been decided, everyone stopped making things difficult for Lin Feng. After all, in their hearts, after seven days, Lin Feng would leave the Qin family.

Why should they be angry with an outsider?

Shen Hanwei cleared his throat and drew everyone's attention.

"Grandma, I'm here to celebrate your birthday."

"The gift I brought may not be worth much money, but it's a rare item."

He first kept them guessing, which made them very curious.

Old Madam Qin nodded with relief. "Well, it's understandable that you

are tired of dealing with this because of Hongling's matter."

"Thank you for your understanding, grandma!"

Then, Shen Hanwei took out a red sachet from his pocket. It was inlaid with gold threads and was small but precious.

He smiled and looked at the crowd. "This is a paper talisman that I asked my friend to ask for from the famous Tianhua Temple for my grandmother-in-law."

"This paper talisman has been blessed by a upper-class monk. It can protect Grandma's health and protect her from all kinds of evil."

Upon hearing that it was the Tianhua Temple, the crowd immediately burst into an uproar.

"Tianhua Temple? It's said that a saint once passed by there and stayed overnight!"

"Yes, there is great spiritual energy there."

"Hanwei is so considerate. He even brought such a rare gift. His filial piety is really admirable!"

After Qin Ziwei's strange birthday gift, this talisman came at the right time.

Even Qin Ziwei, who had never believed in these things, looked at Shen Hanwei with admiration.

Shen Hanwei was really amazing. A piece of yellow paper could fool people.

However, when Lin Feng saw the red sachet, he couldn't help but tremble. The black aura emanating from the sachet made Lin Feng feel a little familiar.

"Well, Hanwei, you are so considerate!"

Old Madam Qin nodded with satisfaction and said, "I like this gift very

16:38 

much!"

Who didn't want to live for a hundred years?

Who didn't want to have more spiritual energy?

When people reached the old age, they always hoped to live longer, so they had a sense of dependence on gods.

Qin Ruoxian shook her head weakly. It was okay for them to give her anything because she liked them.

"Cough, cough!"

Just as Qin Ruoxian was about to hand the gift in her hand, Lin Feng suddenly said, "This is not a protective talisman at all. It is an evil talisman that has been cursed."

Qin Ruoxian was so scared that she shivered and quickly stopped him.

"Lin Feng, don't talk anymore!"

She felt very helpless. So what if Lin Feng was right? No one cared. But once Lin Feng was wrong, he would be the blamed by all, provoking their anger.

At the same time, she blamed Lin Feng for being short-sighted.

"Lin Feng, what nonsense are you spouting?"

Shen Hanwei immediately retorted, "Previously, you said that Ziwei's gift was evil, and now this talisman I have worked so hard to get is an evil item too? Do you have any evidence?"

"If you don't have any evidence, then shut up!"

He was very confident that the talisman was different from other items. Who knew if it was real or fake?

Lin Feng smiled faintly and said, "Of course I have evidence!"

Everyone was stunned!

No one understood how Lin Feng would be able to prove that this talisman was an evil one.

Looking at Lin Feng's calm smile, Shen Hanwei felt a little guilty. "Does he really have evidence?" he wondered.

"But I found this talisman in the hospital. Did he see it at that time?" Shen Hanwei thought.

Shen Hanwei still didn't believe it. "Humph, if you have evidence, take it out and have a look."

"Otherwise, you have to kneel down and apologize to me today!"

He still wanted to take revenge on Lin Feng's humiliation from before.

"You want evidence? It's very simple!"

With a mysterious smile, Lin Feng took a pen and a piece of paper. After a while, a he drew symbols on the paper, making it another paper talisman.

Lin Feng held the talisman he drew and said to Shen Hanwei with a smile, "The talisman in your hand is exactly the same as the one I drew. Do you dare to open the sachet and show it to everyone?"

At that time, when Lin Feng was studying the talisman he took from his mother's body, he had inadvertently memorized the symbols and was able to draw all of it.

But it didn't have effects.

Looking at the talisman that Lin Feng had personally drawn, Shen Hanwei's heart trembled. It was exactly the same!

The sachet fell from his hand.

"I don't believe that you, Lin Feng, are always right!"

Qin Ziwei shouted and stepped forward. Before Shen Hanwei could react, he opened the sachet, took out a yellow talisman, and looked at

16:39 

it.

His face froze in an instant.

It was exactly like the one Lin Feng drew!

Everyone looked at each other in shock.
