Chapter 7

After the car left the hospital, Qin Ruoxian suddenly said, "Do you still remember what day tomorrow is?"

All of a sudden, Lin Feng smelled a sense of danger.

When a woman asked this question, it would most likely be a birthday or an anniversary. If he forgot, he would be in trouble.

However, tomorrow was neither Qin Ruoxian's birthday nor their wedding anniversary.

Lin Feng thought for a moment, confused.

"Humph, I knew you wouldn't remember."

However, Qin Ruoxian was not angry. "Tomorrow is Grandma's 70th birthday."

"Oh, that's right!" Lin Feng slapped his forehead. He had really forgotten about the old lady.

Ever since Qin Yunlong's death, Old Madam Qin became the authoritative figure in the Qin family.

Apart from taking away Qin Ruoxian's position as president and driving Lin Feng out of the Qin family, Old Madam Qin's words could decide everything else.

Therefore, her birthday was also a happy event for the Qin family.

None of Qin family members were allowed to be absent.

At this moment, Lin Feng suddenly thought of something. He looked at Qin Ruoxian and said, "So you want me to go back to the Qin family to attend her birthday party?"

13:48 

Qin Ruoxian said subconsciously. "What else do you think?"

That was right!

Since Qin Ruoxian hated him so much, why would she take him home for other reasons?

Lin Feng shook his head in disappointment. "Nothing!"

He had thought that he had won Qin Ruoxian's attention, but he did not expect that it was just wishful thinking.

Qin Ruoxian glanced at Lin Feng. Seeing that he was very disappointed, she suddenly felt a sense of accomplishment in her heart.

Hmph, so what if Dr. Kong and the others respected him?

So what if he was lucky enough to achieve something amazing?

In her place, he could only be bullied!

In her heart, she enjoyed this sense of accomplishment and deliberately provoked Lin Feng. "It's not easy for me to have peace of mind in the past three days."

"If it weren't for Grandma's birthday party, do you think I would personally taken you home?"

A cold smile appeared on Qin Ruoxian's pretty face and she said in a strong tone, "Also, now that your mother has recovered, I don't need to give you any money for your living expenses."

"After Grandma's birthday party, go get a job!"

She asked sternly, "Do you understand?"

Lin Feng nodded and took out his phone to send a message to Su Biyun.

Qin Ruoxian continued, "Also, when we get home in a while, my mother will definitely talk to you because you have been missing for three days."

13:48 

"Don't talk back, do you understand?"

Lin Feng remained silent.

When they arrived at the Qin family's villa, it was already ten minutes past seven o'clock in the evening. The couple opened the door together very tacitly.

Seeing Lin Feng and Qin Ruoxian showing up together, Liu Meifeng, who was eating, was stunned.

Soon, she put on a straight face and said flatly, "Did you solve Hongling's problem?"

"Yes!"

Qin Ruoxian nodded and walked to the dining table to sit down. "Mom, where's Dad?"

"With your grandma. She said that she wanted to discuss about the birthday party."

Liu Meifeng responded, but she glared at Lin Feng and said, "After all, not everyone is always lazy and doing nothing."

Lin Feng smiled faintly and said nothing.

Hearing Lin Feng get accused for no reason, Qin Ruoxian explained helplessly, "Mom, Lin Feng went to the hospital with me. Qin Hongling doesn't need to be transferred anymore!"

There was no need for her to be transferred!

"Didn't you just say that things were settled?"

Liu Meifeng's face froze, and her eyes were full of horror. "Is Hongling already... dead?"

The main culprit of Qin Hongling's death was Lin Feng, so the old lady who doted on Qin Hongling would naturally blame him.

13:48 

As Lin Feng's mother-in-law, she would naturally be implicated.

"Mom, what are you thinking?"

Qin Ruoxian thought for a moment and said, "It was Mr. Kong, the great doctor from Jingdu. He arrived in time to cure her."

"Mr. Kong said that it won't take more than three days for her to get out of bed."

When Liu Meifeng heard that Qin Hongling was safe and sound, she also breathed a sigh of relief. "Fortunately, Dr. Kong arrived in time, otherwise, there would be tragedy!"

Qin Ruoxian looked at Lin Feng and said softly, "This time, Lin Feng has also helped a lot."

She never believed in Lin Feng's medical skills, but she still decided to put in a good word for him and strive for her mother's forgiveness.

"Him?"

Liu Meifeng rolled her eyes at Lin Feng and sneered, "Haha, it's better if he doesn't help."

"Who do you think the highly skilled doctor, Dr. Kong is? Why would he need the help of a good-for-nothing like him?"

She suddenly remembered something and looked stern. "By the way, didn't you have the guts to leave the Qin family?"

"Why are you back again?"

"Did you spend all the money Ruoxian gave you?"

"Mom."

Qin Ruoxian stopped Liu Meifeng in time and said softly, "I asked Lin Feng to come back."

"Tomorrow is Grandma's 70th birthday. No matter what, Lin Feng was

13:48 

still a member of the Qin family."

She looked at Lin Feng with a hint of hesitation in her eyes. "I think Lin Feng should also go to celebrate Grandma's birthday."

Qin Ruoxian sighed softly at the thought of the birthday party tomorrow night because some relatives would definitely take the opportunity to tease Lin Feng.

"It's okay for him to go, but he'd better shut up."

Liu Meifeng glared at Lin Feng and warned him, "No matter what our relatives or friends say about you, you are not allowed to make a sound. Endure it."

Although Liu Meifeng did not want Lin Feng to attend the birthday party tomorrow night, if she did not allow him to attend, she was afraid that the old lady would say that her descendants were unfilial.

Ever since Lin Feng married into the family, Liu Meifeng had lost a lot of face in front of her relatives and friends.

She could even imagine what kind of mockery she would have to face at the birthday party tomorrow night.

It was all thanks to Lin Feng.

She glared at Lin Feng fiercely and said, "If you dare to talk nonsense, I won't spare you."

Lin Feng wanted to say that he would not go, but he did not say anything when he saw Qin Ruoxian.

"Mom, don't worry. I'll watch him tomorrow."

Qin Ruoxian was also very distressed about this. Fortunately, although Lin Feng was a good-for-nothing, he would still listen to her.

She looked at Lin Feng and reminded him, "Lin Feng, let's eat first. Remember to prepare a birthday gift tomorrow."

13:49 

As soon as she finished speaking, Liu Meifeng rolled her eyes at Lin Feng with disgust. "Go to the kitchen. There's no place for you to eat here."

In fact, before Liu Meifeng spoke, Lin Feng had already walked towards the kitchen.

Since the death of Old Master Qin, Lin Feng had been driven out of the dining table, cooking noodles in the kitchen alone.

Half an hour later, Lin Feng washed all the bowls and silverware and returned to his room.

There was a thin wall in the room. The door was half-open. Qin Ruoxian was wearing pajamas and leaning against the bed head. She was video chatting with her best friend.

Her legs were crossed, white and fair, and her pajamas was just enough to cover her private part, making her look very attractive.

Lin Feng couldn't help but take a few more glances.

"Ruoxian, I have good news for you!"

"My brother will come back from abroad tomorrow morning, so your time tomorrow morning is reserved, okay?"

The girl had cheerful laughter, but her tone was domineering. She was the same type of girl as Qin Ruoxian.

It was not difficult for Lin Feng to judge from her voice that the girl was Qin Ruoxian's best friend, Sheng Lingyun.

Sheng Lingyun's older brother was the young master of the Sheng family, Sheng Wenxuan, who had once pursued Qin Ruoxian.

"Okay!"

Qin Ruoxian smiled helplessly and said, "But let's make it clear first. I'm going to attend my grandmother's birthday party tomorrow night, so

13:49 

don't get me drunk when we meet your brother!"

Although she didn't want to meet Sheng Wenxuan, she had to go because the two families had business dealings and they were friends.

As soon as she finished speaking, she caught a glimpse of a burning gaze from the corner of her eye, and then slammed the door shut.

The two of them were separated.

Lin Feng retracted his gaze, but he held his breath in his heart.

Qin Ruoxian knew that Sheng Wenxuan was pursuing her, but she still planned to welcome him. Did she mean to annoy Lin Feng?

After a while, the door opened again. Qin Ruoxian stood at the door and asked coldly, "I'm going to welcome Sheng Wenxuan tomorrow. Do you want to go with me?"

Of course Qin Ruoxian understood what Sheng Wenxuan wanted, but she could do nothing about him. After all, the Qin family had a business relationship with the Sheng family. It was not good to fall out with each other.

Therefore, she decided to let Lin Feng go with her. At least she could gesture Sheng Wenxuan, telling him that she was already a married woman.

In addition, with Lin Feng present, Sheng Wenxuan would mind his words, and it could save her a lot of trouble.

"I..."

Lin Feng was naturally happy to hear that Qin Ruoxian had invited him to go with her. At the very least, she still had him in her heart.

All of a sudden, all the depression in his heart was gone!

However, when he thought that he would meet someone with Dr. Kong tomorrow, Lin Feng could only shake his head and say, "I'm not going!"

13:49 

"Fine!"

Qin Ruoxian's pretty face turned cold and she slammed the door shut.

She thought that Lin Feng was afraid and didn't dare to attend, so she was extremely angry.

"Your wife is going to meet a suitor, but you are indifferent?" she thought.

Other than being useless and cowardly, Qin Ruoxian really did not know how to describe Lin Feng's decision.

Lin Feng knew that she had misunderstood. He shook his head and sighed. When he tidied up his dirty clothes, he suddenly found that there was something missing in his pocket.

His mother's amulet was gone!

Lin Feng hadn't find out who gave the amulet to his mother yet, so he didn't destroy it in time.

Moreover, the amulet was cursed, so he didn't dare to keep it at home. Instead, he carried it with him.

And the two places he went to today were the hospital and the Qin family's villa.

Then, he suddenly remembered the strange behavior of Shen Hanwei at the door of the ward when he was in the hospital today.

"Could it be that he picked it up?"
